

## Super D. S 1151

### Chapter 1151: Start of assessment

The middle-aged old man of Tianlei Hall jumped into the huge platform in the middle, and then put a huge stone tablet from the Qiankun ring. He said: "The physical examination begins, and all the groups are tested!"

Then, there were fifteen people jumping up, including a young man with a mysterious water thunder.

"Do not use the power of infuriating and Vientiane to attack the stone tablet. Let's start testing on the 1st."

A group of No. 1 luck is good, can get the first, but does not mean that his test scores are also the first.

This is a burly man, a disciple of the Tianlei Temple. His skin is dark and his body looks strong and powerful.

He screamed and ran towards the stone, and then slammed a punch.

"Hey!"

I only heard a muffled sound, this person did not enter the stone monument.

"Exactly three inches, six stars!"

The older middle-aged glanced at the old man and then recorded the results.

Three inches is ten centimeters.

Every strong enthusiasm has the strength to break through the mountains. Even if you do not use the power of infuriating and Vientiane, you can use the boxing wind to blow through a mountain.

However, this stone monument is not simple, this is cold steel, is the material to create the second-order heaven.

Being able to leave a three-inch punch on this, this brawny is also a leader in the glory.

Next, it is a set of No. 2 tests.

"Two inches and nine, unqualified!"

The old man shook his head.

Three inches is the standard of six stars. Although two inches and nine are a little worse, they will not be accommodating and can only wait for the next time.

A group of No. 2 shook his head helplessly, and secretly squandered his own time at the front end. If it was a bitter repair, it would definitely pass.

The assessment continues, and the people around are also looking impatiently. They want to see the strength of the young master of Jiaojia.

Soon, it was finally the turn of Jiaozuo, a Xuan Shui Thunder youth.

"Come here, finally it is his turn!"

"Although it's just a double pass, it's not as good as Jiaochong, but at least it can reach eight stars?"

"I remember that in the history of the Thunder Hall, the most enchanting genius hit a nine-star in a double pass."

The disciples around Tianlei Temple began to whisper.

Not only that, but Ye Xuan is also wide-eyed, but he wants to see, this Xuan Shui Thunder is so powerful.

"No. 10, start testing!"

The middle-aged and old are also somewhat curious.

"Yes!"

The young man named Jiao Heng nodded, even if he condensed the whole body, and then punched out the punch.

"Hey!"

The fist fell into the cold steel stone monument.

"Four inches, eight stars!"

The middle-aged old eyes lit up and announced.

"Hey!"

There was a buzz in the audience.

They are not surprised by the eight stars, but this Jiao Heng is now a human form. If it is a Xuan Shui Thunder, it must be at least eight and a half stars or even nine stars.

Xuan Shui Thunder, really amazing!

"Xuanshui Thunder family, it really is a big hidden danger..."

Many elders of the Tianlei Hall thought in their hearts.

The Xuanshui Thunder family joined the Tianlei Hall but only a few years ago, it became the first under the Ling family, and had to be prevented.

This Jiao Heng played an eight-star evaluation, and it was very proud. After the nose looked around the world, it was the downfall.

Soon, the results of a group are all recorded, and all six stars are eligible to participate in the second round of testing.

The next test, Ye Xuan did not pay much attention, just looked at it.

The two testers who pass through the secluded environment can at least score seven stars, and the strong ones can reach seven and a half stars or even eight stars, but none of them reach eight and a half stars.

Finally, when I am in the third group.

"That is the Gu Han of Gu Jia, it has already broken through to the three-way gateway, I don't know how many stars can be played."

"At least eight and a half stars, or nine stars?"

"In any case, it is better than the Xuan Shui Thunder."

The disciples of Tianlei Temple are quietly talking about it.

Although he said that the first day of the history of the Tianlei Hall, he played a nine-star when he was in the second place, but he was only twenty years old.

The most suitable entry into the forbidden land is twenty-five years old. Of course, this enchanting did not go in, just to test it.

It is a pity that shortly after the test was completed, it was a poisoned hand in the experience and it fell.

Na Guhan walked in front of the cold steel stone monument, and then slammed a punch.

"Four inches and seven, nine stars!"

The middle and old are satisfied with the nod and announced.

"Sure enough, just a little, you can reach nine and a half stars, a little pity."

"This is just a physical test, and there is no reward. It is impossible for Gu Han to retain his strength."

"makes sense!"

Gu Han tested, and then walked down the ring.

At the bottom of the leaf, Xuan Xuan looked at the pair and found that Gu Hanfang had some reservations, otherwise the nine-and-a-half-star is no problem.

The test continued. Among the testers in the fourth group, there was also a child of the Xuan Shui Thunder family. He also played an eight-star evaluation with a double boundary.

"I estimate that the other four of the Xuan Shui Thunder family can play an eight-star rating."

Ling Xiao whispered, turned his head and looked at Ye Xuan, said: "Ye Xuan, are you sure to play a few stars?"

"At least seven stars!"

Ye Xuan replied.

However, he is modest. He feels that if he is full of punches, he is at least eight stars. If he uses the Beastmaster violent, the nine stars are no problem.

However, there is no reward for this test, and he does not need to expose his strength.

The use of Beastmaster violently requires a large number of corpses, and it is only used to enhance the power after use. For him who has the power of Vientiane, the skill of Beastmaster Fury is eliminated again, so he does not need to collect the body of Tongtian beast, and there is no need to use it.

"Yes, you have just broken through to the glory. If you practice for a while, the seven and a half stars are no problem."

Ling Xiao didn't think much, just nodded and continued to watch the test.

The next test of Xu Jia Xu Liang, also played a nine-star evaluation, and Gu Han.

Finally, it is the turn of the seven groups of Ye Xuan.

Under the old command of the middle age, all the fifteen people in the seven groups jumped into the ring.

And Ye Xuan in the same group, there is also a child of the Xuan Shui Thunder family, and just in front of Ye Xuan.

The first thirteen people, some people tested qualified, some failed, and soon it was the Yanxuan Thunder youth in front of Ye Xuan.

"drink!"

The young man of the Xuan Shui Thunder family rushed out and hit the cold steel stone monument.

"Four inches and three, eight and a half stars!"

The middle and old are a little surprised to announce.

Eight and a half stars, this is the highest score among the two testers in the clearing environment, second only to Gu Han and Xu Liang.

"It's terrible. It's even eight and a half stars, second only to the first day of my thunder!"

"If this arrogance changes back to the body, can it be at least nine stars?"

"Hey, this Jiaolie is a Yaozu, live for a hundred years, where is the genius of our Tianlei Hall?"

"Also, although the Yaozu has a long life, but it is difficult to cultivate, it takes time to precipitate, and the ability to breed is poor. We human beings are favored by heaven and cultivate much faster than them."

The words fell to the ear of the arrogant Xuanshui Thunder family youth. He couldn't help but scream, and the disciple of Tian Leidian, who was only talking, immediately shrank his neck and swallowed.

Chapter 1152: Break the record?

"When the test is over, let it open."

The middle-aged old drive drove.

"Whether hanging, if I am a dragon, I must step on all the geniuses of your Ling family!" Jiao Li's heart was very unhappy, but he retired.

Now, it is Ye Xuan's turn.

Because he is only a passerby, so many people pay attention, they are talking in their own.

"This test has no hairy rewards, and it's better to make a six-star."

Ye Xuan didn't want to be too swaying, it was a punch.

He regretted when the fist did not enter the cold steel stone monument.

"not good!"

Ye Xuan's face changed greatly.

Because he wanted to hide his strength, he left a hand. This punch, Nima did not even hit three inches, only two inches eight.

Three inches is the standard of six stars. If it is not six stars, it will be eliminated.

"Two inches and eight, Amoy..."

The middle-aged old man felt a bit and opened his mouth, but he hadn't finished it yet, and Ye Xuan was suddenly shot.

"what are you doing?"

In the middle and old age, everyone is only tested once, and Ye Xuan dares to punch two punches. Is this ignoring him?

"Hey!"

Another fist appeared, and the audience suddenly fell silent.

"This kid is miserable, even ignoring the rules, thinking that you can pass the punch again?"

"Ling Qiang elders are very old-fashioned. This kid ignores the rules, even if it is a core disciple, he will not be spared a reprimand."

"Oh, sympathize with him!"

Some of the disciples around them showed a sympathetic look, and some showed the look of gloating, a look of good looks.

Under the ring, Ling Xiao and Ling Xiao face a big change, ready to jump on the ring.

"Waste is waste, do you think you can get rid of waste after testing again?"

That Jiao Lie looked disdainful, muttering, but after he swept the second punch of Ye Xuan, his face was also ugly.

"What, four inches and three, eight and a half stars!"

Elder Ling Qiang also noticed that the brow immediately rose.

What is the situation of Nima, Ye Xuan's first punch hit two inches and eight, even the six stars are not evaluated.

But his second punch actually hit four inches and three, reaching eight and a half stars.

"Elder, sorry, the first punch is wrong." Ye Xuan smiled.

"This....."

Ling Qiang elders froze.

It's possible to pass the eccentricity and score an eight-and-a-half rating. Is this possible?

You should know that the first person in the history of Tianlei Hall played a nine-star evaluation when passing through the secluded environment.

However, Ye Xuan, actually shot another record?

Fang Caixuan made a mistake and hurriedly made a punch. Although the second punch did not use the Beastmaster violent, but did its best.

Eight and a half stars, exactly the same as the previous test.

However, Jiao Li is a higher realm than Ye Xuan, but it is a double pass.

"How is it possible? He must be cheating!"

That Jiao Lie suddenly felt wrong, immediately jumped out and pointed at Ye Xuan nose and shouted.

He is a Xuan Shui Thunder, a Yaozu.

The Yaozu is good at refining, although it has not changed back to the body, but it is stronger than the average human being. After all, he has lived for a hundred years.

But now, Ye Xuan, a man of about twenty-five years old, has a lower realm than him. It is impossible to evaluate him like him.

Not only did he not believe it, but even the disciples of the Tianlei Temple around him.

Ling Qiang elders had a brow, and there was some unbelief in his heart. He said to Ye Xuan: "Do you try another punch?"

"Yes!"

Ye Xuan wiped a cold sweat, and hit a punch against the cold steel stone monument.

"Four inches, eight stars evaluation!"

Old and old frowning.

This time, Ye Xuan's score actually fell.

"Sorry, elders, I just broke through to the glory, I have not adapted to the power, so I accidentally used the infuriating..." Ye Xuan explained in a hurry.

After such a reminder, the people around him also dared to open their eyes.

Infuriating, it must be infuriating!

"It turned out to be."

Ling Qiang nodded slightly, just before the scene suddenly, perhaps he was inductive error, did not sense that Ye Xuan used the infuriating, so he had an eight-and-a-half-star evaluation.

However, this time he definitely felt that Ye Xuan did not use infuriating, so the four-star rating was effective.

"I just said, how could it be more than me?"

The side of Jiao Li cold shouted.

Elder Ling Qiang glanced at him and said, "Okay, you have tested it again. It was not counted, but you have a good grade, but this is all."

Even if it is the children of Lingjia, when the passspace is heavy, it is at most seven and a half stars. Ye Xuan can actually play eight stars, which is still refreshing the record.

"Thank you for the elders!"

Ye Xuan thanked him for holding a fist, and he breathed a sigh of relief, then walked down the ring.

"Ye Xuan, I really have you, just like me."

When Ling Xiao saw Ye Xuan down, he couldn't help but say.

As a disciple of the Ling family, he is a double-minded, but only an eight-star evaluation.

Ye Xuan just joined the Tianlei Hall and became a core disciple. It is only a one themselves, but it is an eight-star evaluation. This is much more powerful than him.

However, at this time in the corner of the assessment market.

"Father, what's wrong with you?"

The middle-aged man asked strangely.

"Do you know that kid?" asked the white-haired old man.

"It doesn't seem to be the child of my Ling family, but it seems to be a friend with Ling Xiao." The middle-aged man glanced and shook his head.

"With my spiritual knowledge, he is not infuriating, and the four-inch three is true." The white-haired old man muttered.

"What, is it true?"

The middle-aged people are very surprised.

Passing through the secluded environment, playing an eight-and-a-half-star evaluation, the entire Ling family can not find one.

"He estimates that he does not want to provoke the Xuan Shui Thunder family, so he hides his strength. This kid is a plastic talent. You should investigate the roots. If you have some net, you can cultivate it."

The old white-haired man told me.

"Yes!"

.....

The test continues.

Originally, everyone thought that Tian Lei Hall had another enchanting. I didn't expect it to be used with infuriating, so I didn't feel relieved.

Physical fitness test to achieve eight stars is nothing, after all, it is only a test, the third round is actual combat, with Ye Xuan Tong's secluded realm, it is estimated that it can't enter the top 30.

All four of the Xuan Shui Thunder family have been tested, of which Jiao Lie is eight and a half stars, and the other three are eight stars.

As for the three-pointed Jiao Chong, it is in the tenth group, the last group.

Finally, the body test is coming to an end.

The Jiao Chong of the Xuan Shui Thunder family finally reached the ring.

Everyone is wide-eyed and look at the first day of the young generation of the Xuan Shui Thunder family. How much can it be.

How many stars can you play with a three-way gateway?

Soon, it was the turn of this turn.

"Start testing."

Elder Ling Qiang said.

Chapter 1153: Soul test

"Start testing."

Ling Qiang elders are also concentrated, to see how much power this Jiaochong has, whether it hides strength.

After all, he is a Lingjia person, and the Xuanshui Thunder family is about to threaten Lingjia, so he has to look at the first day of cultivation of this Xuanshui Thunder, which is more than the first day of Lingjia, or slightly Poor?

This Jiao Chong does not say anything, directly clenched the fist.

"Hey!"

The cold steel stone tablet was shot with a punch.

"Four inches and eight, nine stars and half evaluation!"

Ling Qiang elders flashed a touch of fine mans.

A little more, then it is the ten-star evaluation, which is a little bit different from the first day of the Ling family.

After all, Ling's first day of the battle was in the three times when the gateway was three times, but it was five inches and exceeded ten stars.

But don't forget, Jiao Chong is just a human form, and has not changed back to the body.

"This Xuan Shui Thunder family, the threat is really big enough!"

The surrounding Lingjia strongmen are all shining, and the heart secretly said.

The strong people of the Xuan Shui Thunder family at the bottom are also sighing in their hearts.

"This kid has lived for a hundred years, and he still doesn't know how to bear it. If we become the eye of Lingjia, we will definitely be taken first, or suppressed..."

A demon strongman who led the team was very annoyed, but Jiao Chong was the son of the Xuan Shui Thunder family. He dared not reprimand.

"Okay, the test continues!"

Ling Qiang called out.

Soon, the physical testing was completed, more than 150 people, only qualified more than 70.

Next, it is the soul strength test.

This soul strength test is simple and can be tested in one go.

Everyone jumped into the ring and stood in a circle. Even if there were no qualified people, it was just a test.

Of course, the actual assessment is that you need to be qualified in both body and soul before you can participate.

Then, Ling Qiang took out a golden clock from the Qiankun ring.

"Is this the sound of my soul in the Temple of Heaven?"

"Definitely not, this is just a copy."

"Even if it is imitation, it is also a very powerful device. It is said that it can directly attack people's souls. The soul strength test is to support 12 clocks. If it falls before this, then it will be assessed. failure."

Some disciples around recognize this golden clock.

At this time, Elder Ling Qiang said: "Everyone stands up, then the soul strength test, I ring the bell every three breaths, each time a bell, plus half star evaluation, only 12 times The talent of the sound is passed. In addition, this test should not be resisted by the infuriating and the power of Vientiane."

The testers around nodded and said they understood.

Ye Xuan mixed in the crowd, standing quietly, he did not know how long his soul strength can last.

"Okay, the test starts!"

Ling Qiang elder looked around in a circle, and then punched the ring of the soul.

"Hey!"

A long bell rang, although it sounds ordinary, but the bell is a breath.

If a person in Vientiane hears this bell, I am afraid that it will immediately be shaken away and become a bodyless body.

Fortunately, this downfall is big enough, and those who have not tested are far away and will not affect them.

This first bell is only a half-star evaluation, and the six stars are considered to pass, so the people around them have no symptoms of discomfort.

"Hey!"

After three breaths, Elder Ling Qiang fired another punch and the bell spread again.

The second ring!

"Hey!"

The third ring!

The first ones are just appetizers, but when the tenth bell is heard, some people start to feel dizzy.

Without the power of infuriating and Vientiane, this bell directly attacks the souls of all people, and some people have begun to shake.

"Hey!"

The eleventh bell rang, followed by someone with a white eye and a backwards.

Upon seeing it, immediately outside the platform, the master of the Tianlei Hall swept in and lifted the fallen person away. If these fallen people continue to stay in the ring, then the soul will be hit hard, and even the soul will be destroyed.

After a disciple of Tian Leidian who was carried out, he also slowed down. He looked around and sighed helplessly.

The eleventh bell didn't support, so it was still a five-star evaluation. Only after 11 bells, it was a five-and-a-half-star evaluation.

It seems that he must pay attention to the cultivation of the soul.

"Hey!"

The twelfth bell rang, and many people fell. As long as the bell was sustained, the soul assessment would pass.

Among the people who participated in the test, some paid attention to physical cultivation, and some paid attention to spiritual cultivation. Of course, those who cultivated the soul still accounted for the majority. After all, the soul was linked to the power of Vientiane.

Therefore, the number of people who have supported this round is much more than the number of qualified people.

But then, the people who fell into pieces became fallen.

"Hey!"

The thirteenth bell rang, and more than a dozen people turned their eyes and fell on the platform.

At this time, there were more than 50 people standing, almost all of them were in the same level of secluded space, and there were several pass-throughs that were persistent and swaying.

"Oh? Yes, there are still a few passers-by."

Elder Ling Qiang is slightly surprised.

In fact, the passspace can support ten bells, and it is a petite in the same class, but here is the standard for entering the forbidden land, and the requirement is naturally higher.

One breath.

Two breaths.

After the two breaths of the thirteen bells, another person fell on the ring. At the moment, Ling Qiang used the power of Vientiane to directly pull this person out of the ring.

The test continues.

"Hey!"

The fourteenth bell spread.

As long as you have three breaths, then it is a seven-star rating.

The outsiders are guessing in their hearts. I don't know if there are a few passers-by testers to achieve this evaluation?

One breathed in the past.

Someone fell down, one.

The two breathed in the past and fell two.

In the third breath, all the people who pass through the secluded world fall down.

No, there is one!

"I wipe, that person is still not falling."

"He is not a talented person to test, to test the eight-star evaluation of the realm of the environment?"

"It's so powerful, the strength of the body and the soul are so high, the combat power must not be weak?"

The people around the disciples of Tianlei Temple are Ye Xuan.

In the fourteenth district, the sound of the bells of the soul, Ye Xuan is still not in the eyes, heard that now, he has no problem.

"Hey!"

The fifteenth bell rang and Ye Xuan still insisted.

However, at this time, those who have a double-passenger have already had some symptoms, dizziness, chest nausea, and some even have hallucinations.

Chapter 1154: Just don't fall!

Only when I breathe two times, I fell down a few core disciples of the Tianlei Hall.

"The man is so strong, and the two who have passed through the secluded environment have fallen. He is still standing there."

"The strength of the soul is comparable to that of the secluded environment, and the body has reached eight stars. How have I never heard of this person?"

"I only saw him and Ling Xiao brother together, is it only recently joined?"

The people around me began to speculate.

A genius like Ye Xuan should not be obscured.

The fifteenth bell smashed the core disciples of the six heavenly thunder halls.

"Hey!"

The sixteenth bell rang.

As long as you have three breaths, you can reach an eight-star rating.

"It's almost, if it's too high, it's a bit of a stare. I just came in and accepted the tempering of Tianlei."

In the heart of Ye Xuan's heart, he was prepared to fall down in the second breath.

However, it is at this time.

"Everyone listens, all the disciples who have reached the eight-star rating, rewarding three thousand hearts and devils, the other one is increased by three thousand, and so on!"

Suddenly a strange voice fell into the ears of everyone.

When everyone heard this, they all followed the sound and found that the speaker was a gray-haired middle-aged man. Some people may not know him, but Ling Qiang and other high-level temples cannot be disrespected.

"I have seen the Lord!"

The crowd shouted in unison.

The person who opened this award is the current owner of the Tianlei Hall, Ling Xinglong.

"What, eight-star evaluation rewards three thousand hearts and devils?"

After hearing this, both the person on the field and the disciple outside, the eyes are bright.

Ye Xuan is also true.

"Where is it not to say that there is no reward?"

Ye Xuan was a bit puzzled, and he quickly thought about it in his heart.

Three thousand hearts and devils, for him is not a small amount, it is a huge wealth for others.

This 16th bell, is it still not supported?

"Cut, don't make money, don't make a bastard, fight!"

Ye Xuan immediately made a decision.

support!

After the three breaths, there were only a dozen people left in the ring.

These dozens of people all reached the eight-star evaluation, and several of them were stimulated by the heart of the magic, and then they were supported, otherwise they may have fallen.

Among them, only Ye Xuan is a one-of-a-kind, and the rest are at least two.

"How is it possible that the soul strength of this kid has reached an eight-star rating?"

"Where is the trough, is it because of the words of the lord, that his mind has strengthened a lot, and has it supported?"

"It's really rich to make the ghosts push, this kid is really fighting for the heart of the devil!"

"No, you see that he seems to have more strength."

Everyone's sight is concentrated on Ye Xuan.

Indeed, after the 16th bell, Ye Xuan still has some spare capacity.

"Good boy, try the seventeenth bell!"

Ling Qiang's eyes were also bright, and then a punch hit the clock of the soul.

"Hey!"

The seventeenth sound of the soul bells, lingering.

Some people in the field heard the sound and immediately went soft and could not hold down.

“噗通!” “噗通!”

Just one breath, that is, three people fell.

When the second breath, three people fell.

At this moment, there are only eight people left in the test.

In the third breath, there were only six people left in the test.

Jiao Chong, Gu Han, Xu Liang, the three geniuses of the three gateways are still good. The children of Jiao Heng and Jiao Li, two of the Xuan Shui Thunder, have lived for a hundred years because of the Yaozu, so the soul strength is stronger than the average person. .

However, it is a miracle that Ye Xuan's one-way glory can be sustained.

Unbelievable!

It's incredible!

However, Ye Xuan is actually the end of the strong, the seventeen bells is his limit, even if he is lying down now, it is also an eight-and-a-half-star evaluation, there are 6,000 hearts.

If you hold a bell again, then it is nine thousand hearts and devils, enough to make him break through to the two.

"Impossible, why is this kid still not lying down?"

That Jiaolie couldn't believe it. There was still a pass-through environment that didn't lie down, and he was already at the end of the strong, but if he fell down than Ye Xuan, wouldn't he be laughed at?

"If you are a god, you can't fall down before you!"

Jiao Lie bit his teeth and prepared to continue.

Ling Qiang looked around in a circle and finally fell on Ye Xuan.

"Hey!"

He did not forget his duty, and punched him on the clock of the soul.

"Hey!"

The eighteenth long bells spread.

Suddenly, Jiao Lie and Jiao Heng could not support each other.

Ye Xuan did not fall down, just wobbled there.

"impossible....."

Jiao Lie can't believe that he has lost himself in the hands of a human being, and he is still a human being whose age is lower than himself and he is seventy years younger than himself.

At this time, if he is awake, he will definitely hit the wall.

The whole audience held his breath and saw if Ye Xuan could survive the 18th bell.

"It's terrible. It's terrible. Ye Xuan's soul strength is even stronger than mine. If you pass this bell, then he is a nine-star rating."

Ling Xiao, who was off the court, was shocked. He didn't expect to bring such a enchanting to Tian Lei Hall.

The area is awesome, and it is comparable to the triple soul strength of the gateway. This combat power is not expected to be weak. The leapfrog challenge is definitely appropriate.

The eldest elders in the field fell on Ye Xuan and said: "This kid said that he has just broken through the secluded world, and the strength of the soul is so strong. If the general ambience is heavy, it is impossible to refine so many demons. Dan, on the contrary, will go to the devil, how is this kid practicing?"

At this time, Ye Xuan has already maintained a breath, and he has also become the focus of attention.

Jiao Chong, Gu Han, and Xu Liang are also looking at Ye Xuan. They especially hope that Ye Xuan will fall down now, so that they can get back to face.

However, Ye Xuan is not down.

"Ghosts, I knew that I would let the eyes of the charms appear, so that I can at least reach the 19th bell, even the twentieth bell, but unfortunately..."

Ye Xuan thought of it with the last remaining consciousness.

The nineteenth bell is the evaluation of nine and a half stars. There are a total of 12,000 hearts and devils. Not only can he break through, but Megatron can also greatly improve.

"But let it go."

Ye Xuan walked a few steps, his feet suddenly slammed, and the whole person jumped out of the ring.

At this point, there are two breaths.

The audience was silent.

Ye Xuan has already supported two breaths. Why don't you support it anymore, maybe it's over?

Chapter 1155: Actual test

However, Ye Xuan still knows that he has a few pounds or two. After the sound of the soul bell rings, he will continue to have a residual sound to attack his soul. He is absolutely unable to support the 19th bell.

After moving away from the soul-sounding clock, his soul is also stable, no longer subject to attacks, and then begins to recover.

Compared to other people, he has a very good image, at least not falling, but standing.

"Where, still did not support, only eight and a half stars, but there are also six thousand hearts of the magic of the reward, not bad."

Ye Xuan wiped a pair of cold sweat on the forehead, and the whole person was vain and faltering.

I have to say that this soul clock is very powerful, because Ling Qiang elders only use ordinary attacks.

If Ling Qiang elders use the power of infuriating and Vientiane, the sound of the soul of the clock will be able to smash the souls of thousands of people in an instant.

"Wow, Ye Xuan, you are so amazing, you are my idol!"

Ling Xiao looked at her face with a face of love and loved it.

Ling Xiao is also quickly approaching, said: "Ye Xuan, I did not expect you to be hidden, whether it is physical strength or soul strength, you are already more than me, you really just broke through to the secluded?"

"cough....."

Ye Xuanyi smiled and said: "When I break through, you are not there."

When he broke through on the same day, Ling Xiao and Ling Xiao two brothers and sisters were detoxifying, but now it is only five days.

Now, Ling Xiong can be sure that Ling Xiao did not lie on the day, and Ye Xuan's strength is indeed catching up with Ling Xiao.

"Ye Xuan is not a clear-minded place, but the comprehensive score is squeezed into the top ten, then the number of places in the forbidden land may be able to take one." Ling Xiong said to Ye Xuan.

Ye Xuan nodded silently and immediately looked at the Lord of the Temple.

He is now, but he is thinking about the six thousand hearts of the demon, as long as the special devour of these six thousand hearts, then his strength will be able to improve a lot, to win a quota is not a problem.

"This kid, if it is clean, will become a big force in my Tianlei Hall in the future."

Tian Xingdian Temple owner Ling Xinglong secretly said a word, while he also noticed Ye Xuan's eyes, smiled: "The soul strength test is completed, everyone rests half an hour, half an hour after the actual combat assessment, compete for quota."

"In addition, this is your reward."

Ling Xinglong did not say anything, but began to distribute the heart of the magic, and then to the core disciples who have reached the eight-star evaluation of the soul strength test.

"coming!"

After seeing the cloth bag that was plucked by himself, Ye Xuan's eyes also burst into two fine awns, which contained six thousand hearts.

At this point, he has recovered a little, and the action is no problem.

He caught the bag and directly swallowed up the six thousand hearts of the demon.

Instinct strength, physical fitness, and soul strength all surged a lot in the meantime.

If there are two or three thousand hearts, then he will probably be able to break through to the clearing environment.

Before Ling Xinglong, the leader of the Tianlei Temple, the soul assessment on the stage was over.

Jiao Chong, Gu Han, Xu Liang, the three geniuses of the three major gateways, are all nine-star evaluations, better than Ye Xuan, and got nine thousand hearts and devils.

At this point, Ye Xuan thought in his heart, if the next actual combat assessment can grab something.

Unfortunately, this is only an assessment. Estimates are not allowed.

Next, it is to give everyone a time to rest, let the soul recover, otherwise it will not be able to cope with the next actual assessment.

After two rounds of testing, the body and soul strength reached six stars, with more than 60 people.

Of the more than 60 people, only ten can enter the forbidden land and accept the quenching of the thunder.

Ye Xuan's physique test score is eight stars, and the soul strength test is eight and a half stars, but this is just a test.

I don't know if there are any rewards for the top ten in the actual assessment.

Thinking of this, Ye Xuan couldn't help but look at the deputy head of the thunder hall.

Over the years, the evaluation of the forbidden places in the forbidden places has almost no rewards. This year, there is definitely something that must have caused the deputy of the Tianlei Hall.

"Is it me?"

Ye Xuan eyes a glimpse.

It is really possible to think like this.

In this case, then he is in this actual battle, and the blockbuster is good.

Soon, the time of half an hour is the past. After this hour of recovery, the participants almost recovered to the peak.

It's just a test, so the soul recovers quickly, and if the soul is hit hard, it's not so easy to recover.

Ye Xuan, the 76ers, started to draw again. Ye Xuan was on the 25th. It was a good number, the same as his age.

Seventy-six people, after the first round of the two-two match, only thirty-eight.

Then two or two battles, it is nineteen.

In the end, there will be one person in the round and nine people will be decided, so it is exactly ten.

To put it simply, in addition to the third round of the round, everyone has to play three games.

"Tai Jiaochong is on the sixty-sixth, Gu Han is on the 73rd, Xu Liang is on the 27th..."

Ye Xuan quietly wrote down the number of the three people, because only these three geniuses with a three-pointed environment pose a threat to him.

As for the rest of the people, it is a double pass and a double pass, which is nothing to him.

Due to the large number of people, the first round of fighting was carried out on the platform.

The elders of Lingqiang in the middle of Fujian and Taiwan, the dawn of the flash, the next time the entire market has changed.

"Hey!"

The huge downfall suddenly fell, and the floor was merged into one. At the same time, there were thirty-eight small platforms rising around.

"I rub, lift?"

Ye Xuan was shocked. I didn't expect this market to be so high-tech.

However, he quickly responded. This market should be an organ that can be triggered by the power of Vientiane, and even he can do it.

"Ye Xuan, your opponent is Gu Xin on the 23rd."

At this time, Ling Xiao suddenly said.

"Gu Xin, that is the family."

Ye Xuan brows a pick, for this name, he has some impressions, because it is the first round and his group of testers, is a clear pass.

It seems that this first game can be easily won.

"The order of the battles has been announced, and all the testers have collapsed!"

Ling Qiang elders floated in the air and shouted loudly.

Upon hearing this, Ye Xuan and Gu Xin also jumped to the designated platform.

This Gu Xin is a one-of-a-kind, and the age is two years younger than Ye Xuan, only twenty-three.

After seeing his opponent is Ye Xuan, his face is extremely ugly, but he is only twenty-three years old. This year is just to try his hand, so it doesn't matter who the opponent is.

No, to be precise, Ye Xuan is more suitable for his opponents because they are the same.

Chapter 1156: Leapfrog challenge

"How is your soul strength raised to this point?" Gu Xin could not help but ask.

"Just before I got an adventure by chance, normal cultivation to this point is not easy." Ye Xuan said modestly.

"It turns out that, let's get started!"

Gu Xin offered a long sword.

"it is good!"

Ye Xuan is also nodding.

Thirty-eight downfalls, each fighting.

However, the fall of Ye Xuan is a win-win situation in the blink of an eye.

"The eye of control!"

In just one moment, this Gu Xin was controlled by Ye Xuan.

Then, Ye Xuan is a direct punch, this punch is very ordinary, no use of infuriating, not even the power of Vientiane, only the style of the fist

The boxing wind blew in Gu Xin and directly flew it.

"噗通!"

Gu Xin fell outside the ring.

Lost!

"What happened, why didn't Gu Xin not fight back?"

"It's too fake, is this intentional?"

"No, no, that Ye Xuan used illusion!"

"Imaginary? Yes, this Gu Xin's soul has not recovered, it is very easy to illusion, so it is defeated."

Although it is divided into thirty-eight downfalls, most people focus on a few downfalls. Ye Xuan is one of them.

At the same time, there are still a few downfalls that are also instantly separated, that is, Jiao Chong, Gu Han and Xu Liang.

"This kid, there is actually a soul-like magical power, but it is amazing."

Watching the eyes of the Lord of the Temple of Heaven in the side.

He also believes that Ye Xuan is using illusion, confusing Gu Xin, and then slamming it out.

Then, he also glanced at it, and finally fell on the Jiao Heng and Gu Han of the Xuan Shui Thunder.

Elder Ling Qiang noticed his eyes and expressed his slightest nod.

The meaning of the Lord of the Thunder Temple is to let Jiao Heng and Gu Han play the next game.

Jiao Heng is the genius of Xuan Shui Thunder, and the gateway is two, while Gu Han is a human being, but it is a three-way gateway, which is higher than Jiao Heng.

The two played against each other, Gu Han has a winning percentage of 90%, because there is a rule in the battle for the number of places in the forbidden land, that is, the Yaozu must not become a body, and must fight in human form.

If Gu Han wins, then there are only four people left in Xuan Shui Thunder.

At that time, the third round will eliminate one more, then it is exactly three people.

Ten places, Xuan Shui Thunder accounted for three, this amount is already good. If the Xuan Shui Thunder family accounts for five, then half of it will definitely cause dissatisfaction among other families.

"Ye Xuan, congratulations to the first battle victory!"

Ling Xiao smiled and looked at Ye Xuan back. He said: "I didn't expect you to have a soul attack. It is really hidden."

"Ha ha."

Ye Xuan opened his mouth and smiled. "I am going to take a moment."

Anyway, there are more than twenty downfalls that haven't ended yet, so he wants to take advantage of this opportunity to do something.

Just in the moment, it is already using the eyes of control, and has controlled a lot of core disciples of Tianlei Hall.

Unfortunately, none of these core disciples have reached an eight-star rating in the Soul Strength Test, so there is no reward for those three thousand hearts.

However, it is also very expensive to bring their wealth together.

Ye Xuan gave orders to these people, took the time to leave the market, and then passed through their ring.

"Mom, add up to two thousand or so hearts, and still a little worse."

Ye Xuan is very helpless. He is also prepared to break through to the double-level environment and give Tianlei Temple a surprise.

"But go back."

Ye Xuan continued to give orders.

Now, he has reached the peak of a clearing of the secluded world, and then come back to some heavenly treasures or demons, you can break through to the secluded environment.

When he returned to the market, he found that the battle was over, and those who triumphed began to recover. Ten minutes later, the second round of combat began.

"Ye Xuan, your opponent in the second round is Xu Qiang of Xu's family, and the gateway is two." Ling Xiao saw Ye Xuan return, also said.

"Do you have a double pass?"

Ye Xuan heard the words, and the dawn flashed.

The tester who passed through the environment was almost eliminated in the first round. There were very few people entering the second round, so he had to overcome the challenge. This is inevitable.

"This Xu Qiangdong strength is good, but he does not seem to have learned the thunder of the thunder, Ye Xuan, you do not have to worry." Ling Xiao said.

"Ok."

Ye Xuan nodded.

In fact, it doesn't matter whether the strength is strong or not. As long as it is a double pass, he is not afraid.

After a while, the second round is about to begin.

Elder Ling Qiang once again started the organ, and thirty-eight downfalls suddenly fell into nineteen.

"On the stage!"

With the order of Ling Qiang elders, Ye Xuan and Xu Qiangdong also jumped directly to the designated platform.

This Xu Qiangdong was dissatisfied with Ye Xuan from the beginning. He used the double boundary of his secluded environment to have eight stars and the soul strength was eight stars. This is already the same as Ling Xiao.

However, Ye Xuan's one-of-a-kind body is like him, and his soul strength is eight and a half stars, which makes him very unhappy.

"The kid, the body and soul strength test does not mean anything, the gap in the realm, you can't win me, and you can go on your own."

Xu Qiangdong looked at Ye Xuan with a scornful look.

In the face of his own level of opponents, Ye Xuan has a cloud-like appearance. After hearing the words of Xu Qiangdong, he also subconsciously said: "You give me 100,000 hearts, I will go down!"

"100,000 hearts, Dan, what are you kidding?"

Xu Qiangdong was furious. He knew that Ye Xuan was obviously looking at him, so he said nothing.

"Since you want to fall down so quickly, then I will be yours!"

Ye Xuan's light flashed and his left hand suddenly became a claw.

"Zuo Qinglong explores the claws!"

"The Eye of the Illusion!"

"The Eye of Burning!"

To deal with this level of people, Ye Xuan does not need to use the brilliant eye.

Although the distance assessment has been more than an hour in the past, Xu Qiangdong has not recovered since the support of the 16th bell.

However, if he is in a mirage, he can use the spirit to fight.

"Calling!"

On the ring, there was a gust of wind.

A few innocent dragons rushed toward Xu Qiangdong.

"Destroy the Cross!"

Xu Qiangdong relied on spiritual knowledge to attack these few tyrannical dragons. A cross-smashed sniper broke through the air and hit the real gas dragon, but it was caught by the real gas dragon's claws.

"how is this possible?"

Xu Qiangdong felt his attack was defeated and exclaimed.

"It's really no eyesight, this is a pass-through!"

Ye Xuan snorted and shot again.

"Zuo Qinglong explores the sixth potential of the Eight Forces, and the Six Dragons revolve!"

Chapter 1157: Jiao Jiaolie

"Zuo Qinglong explores the sixth potential of the Eight Forces, and the Six Dragons revolve!"

The six innocent dragons rushed to the ground, and Xu Qiangdong insisted on it.

However, when Ye Xuan grabbed the seventh clawed dragon and swayed the tail, Xu Qiangdong, who had been caught in the illusion, was directly pulled out by a dragon tail.

Ye Xuan, win!

"Good guy, just relying on one product to pass through the secret, even the challenge is successful."

Ling Qiang's eyes lit up and muttered.

"It's not that simple. His illusion, even I didn't see how it was displayed. I guess it's also a sacred magical power. After Xu Qiangdong's move, I have never broken the illusion."

On the edge of the Tianlei Temple, Ling Xinglong whispered.

"You can't even see the owner?"

Ling Qiang is a bit strange, saying: "I also have a soul class in the Temple of Heaven and Thunder, but it is not like this. This may be a good idea."

"I don't know, but the soul of Xu Qiangdong has not recovered to the peak, so I planted it."

Ling Xinglong did not care. After looking at the white-haired old man in the corner, he also whispered: "The next game, let this kid fight with Jiao Li."

"Jiao Lie?"

Ling Qiang elders trembled, Jiao Lie, but the Xuan Shui Thunder family this time, the second of the five, the strength is second only to Jiao Chong.

This arrogant strength is still strong, even if it is invariable, it is more powerful than Xu Qiangdong. It is estimated that it will be able to compete with the peak of the double peak.

Ye Xuan, can you cope with it?

"This is the meaning of the father. He feels that this kid has not done his best. Try it. If it fails, it will not come back next year." Ling Xinglong whispered.

Entering the forbidden land, the 25-year-old is the best, and the 26-year-old and the 24-year-old are actually not much worse.

However, when Ye Xuan is twenty-six years old, he may break through to the secluded environment. At that time, he will be able to bear more thunder and the effect will be better than the privilege.

"understood!"

Ling Qiang nodded.

On the other hand, there were several bad disciples of the Tianleidian core disciples who met Jiao Chong three people and were quickly defeated. One of them was Jiao Heng.

Through the double focus of Jiao Heng, he met Gu Han, who was in a secluded environment. This made the people of the Xuan Shui Thunder family gnash their teeth. They knew that this was the arrangement of the Temple of Heaven, but they did not dare to scream.

After a while, the battle was all over, leaving 19 people.

"That kid won, is this going to be in the top ten?"

"It's so powerful. In the last game, he used a pass to the sacred magical power. The gas is not very expensive. If you encounter a weaker person, you may be able to reach the top ten."

"Hey, look at his luck, maybe it's still empty!"

Soon, the rest time is over.

Elder Ling Qiang has already drawn out a wheeler, and the remaining 18 will decide nine.

I have to say that the luck of this round of people is very good, because he does not need to fight again, and directly wins a quota.

"Booming!"

The pattern of the market has changed again, with only nine of the nineteen downfalls.

Next, Elder Ling Qiang began to announce the order of the battle.

Jiao Chong, Gu Han, and Xu Liang each had their own two-passenger duality. As for Ye Xuan, the confrontation turned out to be the Jiao Lie of the Xuan Shui Thunder family.

After the announcement of this battle order, the audience was also boiling.

Ye Xuan, it seems that he has to be killed in the cradle, only to wait until next year to enter the forbidden land.

Of course, there are a few people who think that Ye Xuan may be able to create miracles. Among them are Ling Xiao and Ling Xiao two brothers and sisters.

Although it is said that even Ling Xiao does not have the confidence of 10% to overcome the anxiety of human form.

"It turned out to be your kid, it seems that your luck is over!"

Jiao Li looked away from the distance and fell on Ye Xuan's body.

However, he would never have thought that Ye Xuan had a certain victory.

"This is a two-way battle. It is a double pass, and it consumes a lot of money. It is only when my previous breath is down. The soul is not the peak. It is not too difficult to solve him."

Ye Xuan thought in his heart.

At this time, even if he is on the Jiaochong, I am afraid he can beat it, let alone the two-pointed Jiao Jinglie.

"On the stage!"

At this time, Ling Qiang's elders shouted.

Eighteen testers jumped to the ring.

"Kid, you admit defeat, if you let me start, you will definitely have fewer parts." Jiao Lie, a high-profile gesture, said to Ye Xuan.

This number of battles is not allowed to kill, as long as it does not hurt your life, as for the lack of arms and legs, it often happens.

"Then you will try it."

Ye Xuan's mouth tilted slightly and the light shone.

"Well, since you are looking for death, then I will naturally fulfill you!" Jiao Li shouted and rushed toward Ye Xuan with a straight hand.

"The district is in a double-dark environment, and dares to yell in front of me and find death!"

Ye Xuan's left hand immediately poked out.

Zuo Qinglong explores the claws!

At the same time, he also showed the eyes of the ban and the eyes of burning against Jiao Li. The soul of the latter did not recover, but it was also a hundred years of living. Under the suppression of the realm, the effect was not as good as before.

"Use the claw method in front of me, you are looking down on me!"

Jiao Lie was furious and grabbed his hands.

"Huh!"

Two black claws, one left and one right, were caught, and the infuriating dragon was instantly exploded.

Jiao Lie is a Xuan Shui Thunder. He is born with a unique insight into the claw method. Ye Xuan actually applied the claw method in front of him, which is to provoke him.

"It seems that I don't want to take some of the skill, I can't kill you."

Ye Xuan has a lot of sorrows, brilliant Jin Jiazhao, and the atmosphere of the whole person has become different.

"Zuo Qinglong explores the claws!"

The left hand swiftly waved, and only one golden dragon appeared, rushing to Jiao Lie.

At the same time, Megatron did not know when it was around the glory.

"Thunder A!"

Jiao Li feels that Ye Xuan's means is a bit complicated, so it is necessary to ensure the defensive ability. With the infuriating force and the power of Vientiane, the body of Jiao Lie is covered by a layer of lightning.

The Megatron genius just stabbed in, and it was cracked by electricity. Now Megatron is only a heavy one, and this Leiming A is a pass.

However, Megatron was at the moment of fragmentation, and it was divided into countless sharp blades to sway to Jiao Lie.

Although it can't hurt Jiao Lie, it can consume the instinct and the power of Vientiane on the thunder.

"Kid, I want your hands!"

Jiao Li did not care, and his hands were all out, and they were two black claws, ready to tear off Ye Xuan's hands.

Available at this time.

"Is it?"

Ye Xuan's mouth tilted slightly, calling the power of infuriating and Vientiane, and also condensed a layer of defense outside the brilliant gold armor.

Chapter 1158: Sneak attack!

"Zizi!"

Thunder A!

"What? This is impossible!"

Jiao Li was shocked.

Lei Mingjia, but the magical power of their Xuan Shui Thunder family, why is this Ye Xuan?

"What is impossible, I will still do this!"

Ye Xuan smiled again, his left hand showed Zuo Qinglong's claws and the right hand, and the right hand was the torn hand used by Fang Cai.

"Hey!"

On the platform, the waves are rolling.

Ye Xuan and Jiao Lie blew a round and it was difficult to distinguish.

"Impossible, thunder and tearing hands, how could he possibly?"

Under the stage, the masters of the Xuan Shui Thunder family were shocked.

Not only are they so, even the Temple of Heaven and Thunder is the same, the most weird is Ling Xiao, Ling Xiao and Ling Xiong.

They know that Ye Xuan is the Tianlei Hall that he just joined, how can he get the magical power of Xuan Shui Thunder?

"Kid, dare to steal the magical power of my Xuan Shui Thunder, to die!"

Jiao Lie also ignored the three seven twenty-one, and directly attacked.

However, Ye Xuan, who has learned these two magical powers, is already in an invincible position.

Jiao Lie played two games before, and the soul did not return to the peak. For Ye Xuan, he can solve him within three seconds.

Now, it's only a second.

"Zuo Qinglong explores the claws!"

Ye Xuan began to summon the golden dragon in a hurry.

Zuo Qinglong's claws and eight obstacles, and the torn claws are all subordinates. The power of the first four will be worse than the claws, but when using the sixth potential, the power is twice as powerful as the claws. It is.

If there is no head to the last group dragon, at least twice the tear claws!

Ye Xuan uses the tearing claws, just to delay the time, but only.

"Zuo Qinglong explores the sixth potential of the Eight Forces, and the Six Dragons revolve!"

In the end, this move was cast to the sixth potential by Ye Xuan. Now the six dragons on the field have already surpassed the claws.

Not only that, but the strong amount of cold sweat on the forehead is also painful, because he is always tortured by the burning eyes.

"No, it's impossible, I can't even pick up a single pass, I don't believe it!"

Jiao Lie sipped and began to madly tear the claws, but without exception, Ye Xuan gave it a lighter stop.

"Zuo Qinglong explores the seventh potential of the Eight Forces, and the dragon is swaying!"

A golden dragon was turned around, and the dragon tail was drawn to Jiao Lie.

The power of this move is more than double that of the claws, and Jiao Li can't stop it. He was directly slammed and flew out.

However, he did not fly out of the ring, and he was holding a thunder.

"It's a bit tolerant, try this trick again!"

Ye Xuan's light flashed and his left hand once again explored.

"Zuo Qinglong explores the eighth potential of the Eight Forces, and the dragons have no head!"

This time, eight golden dragons attacked, and there were also tearing claws and Megatron assisted attacks.

Although Jiao Lie was very unwilling, he really couldn't stop this trick. In the sound of '嘭', he was smashed out of the ring, his clothes were broken and could not be seen, almost stunned the people around him. s eyes.

Jiao Lie, defeated!

The audience was silent.

Ye Xuan defeated Xu Qiangdong, but now even the Xuan Shui Thunder family's Jiao Lie defeated, this strength is a bit scary.

"Look, his feet have never been moved."

"The trough, really, has been standing in the same place, but also defeated Jiao Lie?"

"This kid should not be a reincarnation, or how could it be so strong?"

The people around me said with amazement.

The strength of Ye Xuan is indeed strong enough to be doubtful, but it has not yet reached the point of returning to the reincarnation.

The reincarnation is not a simple item, just like Mo blood clothes, Mo blood clothes in the realm of Vientiane, killing the strong people, this can be three realms.

Moreover, he is still unable to perform because of the low realm.

Ye Xuan was able to run him, which is already a very good record.

"This kid, it really is hidden, and there is still room for it. The real combat power is probably equal to the triple of the gateway..."

Ling Xinglong, the master of the Temple of Thunder, thought in his heart.

Now, Ye Xuan has passed three rounds, among ten places, he has one.

"impossible....."

Jiao Ye, who was smashed down by Ye Xuan, climbed up from the ground and pointed at Ye Xuan unbelievably.

Ye Xuan glanced at him, revealing a very disdainful appearance.

A defeat is not a real failure. Only a person who does not recognize is a true failure.

Such a person, he will not look at it more.

"Big brother, take revenge for me!"

The sound of Jiao Li suddenly sounded from behind, and then it was a series of roaring winds.

"what?"

Within the scope of Ye Xuan's perception of the eye, someone shot him.

This position is that Jiao Chong!

"stop!"

Those of the Xuan Shui Thunder family rushed to drink.

Just kidding, the Temple of Heavenly Thunder Temple is present, Jiao Chong dare to shoot and hurt, this is not arrogant, but stupid.

However, Jiao Chong shot too fast, even if the elder Ling Ling did not respond.

The Lord of the Thunder Temple responded. With his strength, he could take the shot, but he didn't, because he wanted to see the true strength of Ye Xuan.

At this time, Ye Xuan did not turn around, directly condensing the power of infuriating and Vientiane.

"Shentian A!"

"Brilliant gold armor!"

"Thunder A!"

The three defenses are in the body, and Ye Xuan is not so easy to be killed.

"Hey!"

The punch of Jiao Chong fell directly on the back of Ye Xuan, directly smashing Lei Mingjia, and smashing the armor of Megatron.

However, when it fell on the brilliant gold armor, there was no more power, just let Ye Xuan fly forward for a while.

"Hey!"

Ye Xuan stabilized his body shape, and then sprayed a blood out of the mold, and turned and glared at Jiao Chong.

"Why are you attacking me?" Ye Xuan angered.

This scene, suddenly, everyone in the room stayed.

This Xuan Shui Thunder family went so far to this point, in front of the Lord of the Thunder Temple, shot the core disciples of the Tianlei Hall.

The most important thing is that the three-pointed Jiao Chong, the sneak attack, was blocked by Ye Xuan, who was a heavy one.

"This is impossible!"

Originally, Jiao Li thought that Ye Xuan was dead, but now, seeing Ye Xuan not only did not die, but also turned and angered Jiao Chong, this Jiao Li has nothing to say.

The masters of the Xuan Shui Thunder family are also stunned, and then rushed toward the Jiao Chong, and now even if Jiao Chong continues to shoot, they can also block it.

However, it's only a blow that can't be considered as not happening.

"Sure enough, I can bear it!"

In the heart of the Temple of Heavenly Thunder, Ling Xinglong's heart whispered a word, then glared at Jiao Chong, saying: "Whoever gave you the courage to dare to attack in front of me?"

"The Lord's sin is atonement, and the Lord's sin is atonement. Jiao Chong sees that his younger brother has been wounded, and the following consciousness has been handed."

The gray-coated old man led by the Xuan Shui Thunder family hurriedly said.

Chapter 1159: What?

"Unconscious? If it is not Ye Xuan a little strength, or is it not under the blow?" Ling Xinglong glared at the gray old man.

"This....."

The old man in gray is said to be speechless. He can see that Fang Chong Chong is trying to set Ye Xuan to death. If Ye Xuan has no strength, I am afraid it has been killed.

There are a lot of masters present, they all look out, what should I do next?

"One person is doing things alone!"

At this time, Jiao Chong suddenly shouted.

This sentence, but the gray old man was scared, and quickly turned a blind eye, whispered: "Stop!"

This Jiao Chong is a person who was carefully cultivated by Xuan Shui Thunder, and is also the son of the Xuan Shui Thunder family. Now he shot and attacked Ye Xuan, and the prince of Lei Dian Temple was so angry that he was forbidden to enter the forbidden land. Then it is a big loss.

At this time, the old man in the gray coat is also screaming and screaming. He has lived for a hundred years, and he is so unruly. Are you a Jiao family on the same day?

"Well, one person is a person, there is timidity!"

Ling Xinglong, the owner of the Temple of Heavenly Thunder, has a bright eye. In this way, he has reason to punish this Jiao Chong.

Available at this time.

"The lord, this is the fault of our Xuan Shui Thunder family. We also ask the master of the temple to show mercy. We are willing to come up with compensation." The old man in gray clothes hurriedly said.

"Compensation, you think..."

The voice of Ling Xinglong, the main hall of the Temple of Thunder, has not yet fallen, but there is another sound.

"Good, compensation!"

This voice fell into everyone's ears. When they looked at the sound, they found it was Ye Xuan.

"Yes, we are willing to take out compensation, little brother, this thing is wrong, how much do you need?" The old man in gray clothing saw something turning, and said quickly.

"Two thousand hearts of Dan!"

Ye Xuan directly opened the road.

He just spit a little blood, and still pretend, now his internal injuries have been restored, two thousand hearts, Dan, almost.

However, he stood up, but it was that Ling Xinglong, the owner of Tianlei Temple, couldn't understand it.

"This kid, I really see the money open, now I am giving him justice, he is actually stunned?"

Ling Xinglong brows a pick.

He thinks that Ye Xuan does not want to provoke the big family of Xuan Shui Thunder, so he chose to compromise, but he did not know that Ye Xuan was originally trying to compensate for this, deliberately not fighting back.

Two thousand hearts and devils, enough Ye Xuan to break through to the secluded double, as long as he breaks through the secluded double, then the benefits of the time, not just two thousand hearts and devils are so simple.

"Is this kid a fool, even choose to compromise?"

"Now the main lord is obviously taking the lead for him. He is actually stunned. I really don't understand."

"That is."

People around can't figure it out.

"Two thousand hearts of Dan!"

After hearing the number, the gray-haired old man murmured again and immediately smiled.

Two thousand hearts and devils are really nothing to him. As long as they can keep the focus, even five thousand and ten thousand are worth it.

At the moment, the old man in the gray coat took out two thousand hearts and demon, and then threw it to Ye Xuan.

Ye Xuan took over the heart of the magic Dan, and the two smashes shot two brilliant mans, as long as he broke through to the secluded double, one hand can pinch this Jiao Chong.

"Two thousand hearts have been given to you, and this is a dead end."

The old man in the gray coat emphasized that at the same time, he took a look at the Lord of Heavenly Temple.

"Okay, that's it."

Ye Xuan slightly revealed a smile, his purpose was reached.

At this time, Ling Xinglong, the head of the Temple of Heavenly Thunder, suddenly said: "Jiao Chong can be exempted from death and can not escape. I wanted to limit Jiao Chong into the forbidden land. Now, you Xuan Shui Thunder family will eliminate one person."

When Jiao Chong attacked Ye Xuan, the other two also won, so Xuan Shui Thunder won three places.

Now, you have to eliminate one.

"This....."

The old man in gray is a little embarrassed. He understands that this is the anger of Ling Xinglong, he has to.

Fortunately, it's just to get rid of one person. It's up to him to decide, and he won't be able to come back next year.

"Well, Jiao Yue, you are coming next year."

The old man in gray finally fell on one person.

"Yes!"

This is called Jiao Yue's Xuan Shui Thunder youth nod. He knows that he is the ghost of Jiao Chong, but Jiao Chong is the young master of the Xuan Shui Thunder family. After he returns, he will still be compensated, but it is one year. Time is all, he can afford it.

Now, there are only two places left in Xuanshui Thunder.

"If this is the case, then this is the case, and the next is not an example." Ling Xinglong snorted.

Originally, he wanted to prohibit Jiao Chong from entering the forbidden land, but later he thought that if Jiao Chong was restricted, the Xuan Shui Thunder family would definitely come to the trouble, so it was still forgotten.

However, he captured the look of Ye Xuan after getting the two thousand hearts.

"This kid is definitely not a generation."

Ling Xinglong thought in his heart.

However, in general, even if this matter is over, the Jiao Lie did not expect that the matter actually got this kind of situation. He regretted it and almost ruined Jiao Chong's future road.

If this matter is really big, he will definitely be killed.

Jiao Chong is carefully cultivated by the Xuan Shui Thunder family. After entering the Tianlei forbidden land, after suffering the thunderstorm, it may be possible to change from Xuanshui Thunder to a dragon. At that time, Jiao Chong is also a flying sky.

"Well, the number of places in the nine forbidden places has been selected, and they are all scattered. I will enter the forbidden area with the team of my Ling family tomorrow."

Ling Xinglong saw that the assessment had ended and he said aloud.

Soon, the people who assessed the market were leaving.

"Ye Xuan, you are too bullish, and you have blocked the blow of Jiao Chong. After you enter the forbidden land, the body and soul receive the baptism of the thunder, I guess it will soon break through to the double." Ling Wei immediately greeted him and shocked.

Ye Xuan heard this, and smiled in the heart.

No need for Tianlei baptism, he can now break through to the secluded double, but if there are so many masters around him, if he suddenly breaks through, it will definitely cause a big uproar, so he thinks he will go back and say.

Anyway, his things have already arrived, and when will he break through when he wants to break through.

However, after he left, Na Jiaochong and Jiao Lie also looked at their backs, revealing the look of resentment.

"Big brother, how can this kid be so strong?"

Jiao Li is very unwilling to say.

"The sword of this kid is a good thing..." Jiao Chong muttered.

He felt that it was Ye Xuan who could change the thousands of Zhentian swords before he saved Ye Xuan. Otherwise, Lei Mingjia and brilliant gold armor could not stop his punch.

"Big brother, is that all right? I am not willing, I should have entered the forbidden land this year."

Jiao Li looked like a resentful look.

Chapter 1160: Forbidden land

Originally, Jiao Lie was sure to win a quota, but now he has killed a Ye Xuan out of thin air and kicked him out of ten.

This means that he will have to wait another year before he can enter. This is nothing for the Yaozu, but where does the fire vent?

"No hurry, it is only the quota for the forbidden land. It does not mean that he will not encounter danger in the forbidden land. If I enter the forbidden land, I will be able to become a body. he."

Jiao Chong did not take it for granted.

Although it was said that he had sneaked on Ye Xuan, but Ye Xuan kicked Jiao Lie out, this feud can not be reported.

.....

The battle for the forbidden places in the Tianlei has passed, and Ye Xuan has returned to his place of residence.

Breaking through to the secluded double, only need a thousand or so of the heart of the magic, but Ye Xuan went to the refining hall of the Tianlei Hall, and replaced all the two thousand hearts and demons into forging materials.

"Hey, the host breaks through, and the current is a two-way gateway!"

"Hey, Megatron breaks through!"

Two system prompts sounded one after another.

After the breakthrough, Ye Xuan's strength soared, and he was confident to defeat that Jiao Chong, even if the latter became a body.

Even, it is a pair of three!

At the same time, the three great geniuses of Jiao Chong, Gu Han and Xu Liang.

"Tomorrow is about to enter the forbidden land, I heard that there are some thunder properties in the forbidden place, that is, the beasts..."

Ye Xuan thought in his heart, this is what Ling Cai told him.

However, with his strength, there is no problem in the sky and thunder.

Soon, the time of day is the past.

When the next day came, Ye Xuan also went to meet Ling Xiao and Ling Xiao. This time, there were more than ten people in Lingjia who entered the forbidden land.

"Ye Xuan, you are here."

Ling Xiao, who was waiting outside the Temple of Heaven, saw Ye Xuan coming out and shouted.

Although it is now said that Ye Xuan has broken through to the double-church environment, he can control this Ling Xiao, but the latter regards him as a friend, so he thinks it is still.

At this time, there are already many people gathered outside the Temple of Thunder, and there are sixteen in Lingjia. The other families add up to nine, that is, Ye Xuan, nine people, exactly twenty-five.

This time, the leader is Ling Qiang elder.

"This kid, dare to let so many people wait?" Jiao Chong flashes.

Ye Xuan directly ignored this Jiaochong seems to be eating people's eyes, glanced at the other side of the Ling family.

Lingjia also has three masters who are connected to the three majors. The one who is headed is called Lingmutian. It is the younger brother of Ling's first day of the battle. This time, he wants to use the Tianlei forbidden ground to break through to the four. weight.

On the same day, although some of them were not present, but Ye Xuan's affairs spread throughout the Tianlei Hall in one day, but it was directly famous.

"This is Ye Xuan, it doesn't look very good."

"I heard that I took a shot from Jiao Chong, cut, and the strength of Jiao Chong is in front of the screen brother, it is simply not worth mentioning."

"It's not bad. After all, he's just a glimpse of the glory... Hey, the gateway is double?"

When the words came out, the rest of the people were shocked.

They feel that Ye Xuan has already broken through to the double pass, how is this possible?

Yesterday, Ye Xuan also won the quota of a forbidden land with a clear boundary. Now it is too clever that Ye Xuan has broken through to the second level.

"Ye Xuan, have you broken through?"

Ling Xiao also noticed something wrong, and asked.

"Yes, this is also thanks to the punch of Jiao Chong's brother." Ye Xuan opened his mouth and smiled.

In just a few days, he has broken through from a secluded environment to a double pass, which is incredible.

"Your previous fighting power, I am afraid it is no less than me, now breaks through the secluded double, then..."

Ling Xiao said, but also suddenly shut up, subconsciously took a look at the Jiao.

I saw that Jiao Chong looked gloomily at them in this direction. His eyes seemed to say: "Hey, even if it breaks through to the secluded environment, I can pinch you with one hand!"

"Okay, although the time has not arrived, but the people have arrived and are on the road."

Elder Ling Qiang took his eyes back from Ye Xuan. After sending a signal to the sky, there was a figure falling from the sky.

This is a big eagle with a thundering body, enough to carry fifty people.

"Well, everyone is on the back of the Thunder Eagle, ready to go." Elder Ling Qiang took the lead to jump on the back of the Thunder Eagle.

Ye Xuan and others are the same.

This day, the forbidden land is not in the Temple of Heaven, but in another place, about one day away from the Temple of Heaven.

This flashing eagle is a four-day-old beast that is comparable to the secluded environment. It only takes an hour or two to reach the forbidden land.

Ye Xuan, the twenty-six people set off.

On the way to the forbidden land, the elder Ling Qiang also said: "I already know that everyone is not in danger. There are some beasts. If you kill these beasts, you can come to me. In exchange for the heart of the devil."

"A hundred hearts of the heavenly beast that pass through the secluded world, five hundred hearts of the demon in the secluded environment, two thousand five hundred hearts of the fascinating three, and so on."

When I heard this, Ye Xuan's eyes lit up. I didn't expect this channel to make money. Ling Xiao had forgotten to tell him.

With his strength, it is not a problem to kill the three monsters in the secluded environment. This is all money.

Through the corpse of the triple-throwing beast, even if it is counted as a beast, it is impossible to reach 2,500 hearts, which can be regarded as the welfare of Tianlei Temple.

Ling Qiang elders paused and continued:

"In addition, there are some lightning points in the forbidden land of Tianlei. This lightning point will change every day. You must stand in the lightning point and use the power of Vientiane to pick up the thunder, so that you can quench your body and soul strength."

"According to the past calculations of my Tianlei Hall, the body and soul strength are the smaller ones. If there are six or seven stars in the body and soul strength, then you can pick up six Tianlei quenching bodies."

"If it is six and a half stars and seven stars, then you can try seven heavenly thunders according to your own situation, just use the power of Vientiane to resist for a while."

After Ye Xuan listened, he couldn't help but think of his achievements.

Although his body is only eight stars, but this is his hidden strength, the real test can reach eight and a half stars, the soul strength is also eight and a half stars, that is, at least eight lightning.

However, don't forget, he has already broken through. If he is allowed to test it again, the two nine stars will not be a problem. Therefore, the guarantee is nine miles.

He also did not know how much physical strength and soul strength would be improved after nine days of tempering.

However, what makes him even more curious is that can Jiaochong succeed in the dragon?
