

Super D. S 1161

Chapter 1161: Variance

Soon, two hours passed, and Ling Qiang, who was riding the Thunder Eagle, came to a prison.

This is the forbidden land, the black-painted inside, surrounded by the array of the Temple of Heaven and Thunder.

Elder Ling Qiang let the Thunder Eagle land outside the forbidden land, and then said: "Okay, everything is clear, there are three days to enter the forbidden land. If it does not come out after three days, you will use this broken stone." Go back and go back."

In other words, he is distributing the broken stone, which can break the defensive array of the forbidden land, but can only be used once.

Then, Elder Ling Qiang is breaking the law of the forbidden land and letting everyone in.

Ye Xuan also mixed in and entered the forbidden land.

He just entered, it is a feeling of violent world, there will be lightning in the air from time to time.

This place is very scary, but for the Xuan Shui Thunder, it is a good place to live.

"Okay, everyone is careful!"

When the curtain was screaming, it was the crowd and left.

The thundering points in the forbidden land of the Tianlei are all the number of thunderings. If they are gathered together, it is impossible to quench them in three days, so they have to find them separately.

"Ye Xuan, let's join us."

At this time, Ling Xiao took a look at Jiao Chong, said to Ye Xuan.

He was afraid that Jiao Chong had a premeditated plan, and he was a Ling family. With him, Jiao Chong could not shoot Ye Xuan.

"Your kindness is my heart, and I am not in the eye. I will not leave it in your eyes. Let's go first."

Ye Xuan directly rejected the invitation of Ling Xiao and Ling Xiao.

Indeed, his strength among the group is already top-notch. If the coke is sent to the door, he does not mind cleaning it up.

Moreover, he is also prepared to let the fall also accept the tempering of this day, Ling Xiao and Ling Xiao follow, inconvenient.

Yesterday he also went to buy a piece of cold steel, and then secretly let the drop test.

The body of the fallen body is also eight and a half stars, but her soul strength is almost the same as that of the current Ye Xuan. That is to say, she can also try nine heavenly thunder.

"Well, then let's go first." After Ling Xiao took a look at Jiao Chong, he left with Ling Xiao.

At this point, the people who passed the assessment into the forbidden land of Tianlei have already left almost, and Gu Han and Xu Liang are also leaving.

Now, there are only Jiao Chong and another child of the Xuan Shui Thunder family, and Ye Xuan.

"Kid, it is best not to let me meet you inside, or you will die very badly."

After Jiao Chong dropped a swearword, he left with another person.

Here is the entrance to the forbidden land of Tianlei. There is also an elder of Tianlei Temple behind him. Jiao Chong is afraid to do it.

However, if it is encountered inside, it is another matter.

Kill Ye Xuan, and then feed Ye Xuan's body to the beast, even if there is no doubt that there is no evidence, after all, many people have died in the forbidden land, including the Ling family.

Now, only Ye Xuan left without leaving, but before he left Jiao Chong, he controlled the follower next to him.

"First of all, no matter what the focus is, let's find a point of mine."

Ye Xuan is too lazy to take care of the other, and leave directly.

Although there are dangers in the forbidden land in this day, because the Thunder Hall will send people in every year, the beasts inside will maintain a balance.

Ye Xuan ran for ten minutes in front of the front, but did not see a thunder, as if it was the silence before the storm.

Finally, half an hour after he entered the forbidden land.

"Boom!"

There was a roar of sound from the horizon, and Ye Xuan turned around and immediately rushed over.

Soon, he saw a place that was scorched by lightning.

"The sky is condensing the thunder, and luck is good."

Ye Xuan's eyes lit up and hurried into the thunder point.

"Boom!"

The sky flashed a white light, and Ye Xuan looked up and found an electric snake to lay down.

At the moment, he used the power of Vientiane to lead this thunder.

"Zizi!"

Thunder hit him, stimulating every cell and soul in him.

"This is what Tianlei is tempering, but it is not bad. If you absorb all the power of the thunder in the body, you can improve my strength."

Ye Xuan felt that this time it was worth it.

The number of thunderstorms at a mine point is not necessarily the same, so Ye Xuan directly called out the fall.

"Let's fall, you finish it first!"

Ye Xuan gave the landing point to the landing, let the fall finish first.

It is a pity that this one is only three times, only once, Ye Xuan took it once, so the landing was only received once.

"Young Master, if I let me pick up nine miles, it will almost make me break through to the clearing."

Said the fall.

"Okay, let's continue on our way."

Ye Xuan nodded.

Listening to Ling Xiao said that the closer to the depths of the forbidden land, the denser the lightning point.

Soon, he found the second point of lightning, and accepted the quenching of the two thunders.

However, he did not encounter a Tongtian beast. Why?

"Isn't that all going to hibernate?"

Ye Xuan brows a pick, he originally wanted to make a profit here, when he goes out, maybe he can break through to the three times.

However, it was a bit weird that none of the heavenly beasts were encountered.

"But let's let the fall finish and finish!"

Ye Xuan said nothing, continue to hurry in the depths.

This thunder point is as clear as Ling Xiao said, the closer it is to the depths, the denser it is.

Only half a day's time, the fall is to accept the baptism of nine heavenly thunder, both physical and soul strength, greatly improved.

Ye Xuan estimates that the strength of the fallen soul has exceeded that of Jiao Chong, even the Lingjiao of Lingjia.

Then, next, it is him.

However, after he accepted the baptism of the thunder, there was a sudden change in the forbidden land.

At this time, it was a day after he entered the forbidden land.

"Booming!"

"Booming!"

"Booming!"

In the distant sky, suddenly thunder and lightning, and the other heavens and thunders fell. In the blink of an eye, there were more than 20 heavenly thunders on the ground.

"There seems to be something going on there."

Ye Xuan's eyes, curious, decided to go there to have a look.

But when he ran halfway through, a burst of screams spread like a dragon, but it wasn't.

"It turned out to be a powerful beast."

Ye Xuan immediately responded, but there seemed to be a battle there and I didn't know who it was.

After Ye Xuan approached, it was discovered that there was a wave of animals here, and countless Tongtian beasts rushed out in all directions like ripples.

He rushed to the sky and found a place where the thunder and lightning were added. There was a huge body.

Chapter 1162: Hualong success

It was a blue dragon body with lightning and lightning up all over the body, but there were several figures in the body of this dragon.

These people, Ye Xuan knows.

"Jiao Chong, Ling Mian Tian, Gu Han, Xu Liang..."

Ye Xuan glanced at it and found that there were so many three masters in the clearing environment, there are six.

At this time.

"Roar!"

Jiao Chong suddenly snarled in the sky and suddenly turned into a blue dragon.

Then he swooped down and then bite into the neck of the dragon's body and began to smoke the blood.

"That dragon, it seems to be a relatively rare Lei Xiaolong, is this Jiaochong want to use its blood and dragon?"

Ye Xuan reacted at once.

He estimated that Jiao Chong has reached an agreement with other people, as long as the focus of the fight to kill this Lei Xiaolong, will get paid.

I am afraid that they have had this plan from the beginning, so they came here earlier than Ye Xuan.

Those who go to heaven are to protect themselves.

But after the death of Lei Xiaolong, these Tongtian beasts are scattered.

"This Lingjia is actually helping Jiaojia. If it is known by the lord, will the Lord vomit blood?"

Ye Xuan couldn't help but think.

Tianlei Hall, it is also suspected that the Xuan Shui Thunder is relatively strong, and I am afraid that the Xuan Shui Thunder will be the mainstay in the future.

But now, Ling Tiantian and others have helped Jiao Chong, do not know if they say they are ignorant, or see money.

However, Ye Xuan is too lazy to manage so much.

The thundering dragon is a heavenly beast that is full of secluded circumstances. If it is taken out, it is 12,500 hearts and devils.

These demons, although they can't let Ye Xuan break through, can improve his strength.

At the same time, Megatron can at least break through to the triple or even four.

"Hey, grab the body!"

Ye Xuanyi opened his mouth and smiled. Anyway, he and the Xuanshui Thunder family have already set up a beam. It is better to make things bigger.

"Zuo Qinglong explores the claws!"

Ye Xuan directly summoned a few dragons to open the way for him. Those who were killed by him on the way, all without exception, entered his engulfing space.

"Ok?"

At this time, in the distance, the curtains and other people, the brows are a pick.

They did not find Ye Xuan, but saw that the body of Jiao Chong has changed.

"The blood of this thundering dragon is actually very effective. It seems that this Jiaochong can indeed turn the dragon."

Said in the curtain day.

"Ling brother, if we do this, will the Lord be unhappy?" Gu Han asked.

"No matter, even if this Jiaochong Hualong is successful, it is estimated that it will not threaten my Tianlei Hall." Lingmu shook his head.

Xuan Shui Thunder, even if it turned into Xuan Shui Lei Long, it is only Jiao Chong this only, although the offspring may also be dragons, but there is a long period of space.

Tianlei Hall will not let Xuanshui Thunder rise so much, and some measures will be taken at that time.

At this point, the body of Jiao Chong is undergoing a visible change.

His scales began to fall, and then new scales grew, and the flesh and blood became more solid. The entire dragon body was constantly thundered and fleas, and a pair of huge wings grew.

Most importantly, his breath is skyrocketing.

"This trend, he is going to break through to the four times!"

The eyes of the curtain are bright.

This time, he also came for a breakthrough, but in order to help Jiao Chong, he has not yet accepted the quenching of a thunder.

If the coke conflict breaks and the dragon is successful, one of them will not have a problem.

Jiao Chong's breath is still skyrocketing, and the dragon has not ended, but at this time, some movements have attracted the attention of Lingmentian and others.

Turning the curtain, I saw that the person turned out to be Ye Xuan.

"It's this kid."

At the beginning of the curtain, there was no movement, but when I saw Ye Xuan's rushing toward Jiaochong, I also reacted: "No, this kid wants to interrupt the dragon and stop him."

When I heard this, Gu Han and Xu Liang's face changed, and they all shot.

Their task is to help the powerful thundering dragon to kill this. Although it has been completed, but the Jiaolong's chemical dragon is interrupted, what should they do?

"Kid, I know that you have a contradiction with Jiao Chong, but this is how many of us are killed by Lei Xiaolong. You still have to leave."

Gu Han shouted at Ye Xuan.

"There are people who have a share. If you don't do it, you will fly!"

Ye Xuan said nothing, directly greeted him, behind him, there are seven golden dragons.

"Zuo Qinglong explores the eighth potential of the Eight Forces, and the dragons have no head!"

Ye Xuan showed his last claw and the eighth dragon appeared.

"Since you don't have long eyes, then I don't mind cleaning up you." Gu Han is full of light.

At the same time, Xu Liang is also shot.

Both of them are three-way, and it is a bit shameful to deal with a two-way environment, but in order to prevent them, they are still ready to unite.

However, after they and Ye Xuan played against each other, they found that there was a big difference between themselves and Ye Xuan.

After all, Ye Xuan has already accepted the tempering of Tianlei, and they have a few talents, and Ye Xuan's soul strength has exceeded two.

"Hey!"

Just one cover, Gu Han and Xu Liang are two major gateways, and both are shocked.

"Good!"

The curtain in the sky is trembled, and the two Lingjia geniuses who are in the same position behind the scenes, said: "You are also on!"

"Yes!"

The two men nodded and greeted them.

Now, it's four dozen.

The four passspaces are triple, and the Ye Xuan is a double-passenger. It is sure to give people a laugh.

But in front of this situation, even if it is four, it is estimated that Ye Xuan's opponent is not.

"Boom!" "Boom!" "Boom!"

The four major gateways tripled together, but they couldn't help Ye Xuan, and even they were defeated by Ye Xuan.

"The four wastes can't beat him."

In the sky of the curtain, the heart muttered, and then directly rushed down.

If you don't take Ye Xuan, if you have a problem with Jiao Chong, then it is not good. After all, Jiao Chong promised to give him 20,000 hearts.

Now, it is the combination of the five geniuses.

Seeing the curtain days, Ye Xuan's face is also a change. The strength of this curtain day is not a strong point compared to the previous Jiao Chong.

Although he was the first to see the curtain day, but listening to Ling Xiao boasted, just do not know, is it true.

"Good to come!"

Ye Xuan shouted.

Now, he has to go all out.

However, his purpose is not to kill the five people in the curtain day, but to collect the body of the thundering dragon, so just hold the five people.

"You taste this trick!"

Ye Xuan's light flashed, suddenly calling the power of infuriating and Vientiane, and condensing a spear.

"Trenque war?"

Everyone was shocked.

at this moment.

"The field of thunder is giving me paralysis!"

Chapter 1163: Forcible breakthrough!

"The field of thunder is giving me paralysis!"

Ye Xuan suddenly slammed the thunder in his hand to the ground.

"Zizizi!"

At that time, the thunder and lightning, numerous electric snakes did not enter the body of the five people in the curtain.

Five people have not received many times of Tianlei quenching, the resistance to lightning strikes is extremely low, and they are instantly paralyzed and unable to move.

Taking advantage of this opportunity, Ye Xuan quickly swept out.

"not good!"

The curtain was gloomy, but at this time he was paralyzed and unable to move. Naturally, he could not intercept Ye Xuan.

At the time when Ye Xuan broke through the five days of the curtain.

"Roar!"

A blast of giants spreads, and it is thunderous, and the snoring is Jiao Chong, he just succeeded in turning dragons.

"I rub, slow down!"

Ye Xuan brows a pick, but his goal is the body of a thundering dragon.

When he was approaching, the body of Lei Xiaolong was sent to the Qiankun Ring by Jiao Chong.

"Boy, you are a self-investment!"

Jiao Chong's body spit, and the pair of longan glared at Ye Xuan.

"Awesome four-way?"

Ye Xuan couldn't help but scream. At this time, the breath of Jiao Chong has reached the level of the four times, and it is the state of the body. The strength may be different.

If it is a one-on-one, Ye Xuan does not put him in the eyes, but don't forget, there are three major gateways behind the curtain.

If you are besieged, I am afraid that it will be a life of nine deaths.

go!

Ye Xuan took the initiative and immediately turned around and left.

"Kid, since you are here, leave it for me!"

The body of Jiao Chong screamed loudly, and the body flashed. These are the heavenly thunders that are condensed by the power of Vientiane. They go straight to Ye Xuan.

"Boom!" "Boom!" "Boom!"

Ye Xuan had to display Lei Mingjia, because this has an inexplicable resistance to lightning strikes. What he wants now is to rush this focus. If the five people do not follow the curtain, then he can take this focus. Crushed to dry.

At this point, after the curtain and other people looked at the success of the dragon, the pursuit of Ye Xuan's Jiao Chong, they all showed a trace of regret.

Ye Xuan's qualifications are indeed good, and they can shock the five of them with their own strength. If they grow up in the future, they will be a big force in the Tianlei Hall.

Unfortunately, what does this have to do with them?

"The focal conflict has broken into a four-pointed environment, and the dragon has succeeded. This kid is dead, let's go, let's accept the Tianlei quenching body."

The curtain sky shook his head, and then he left in the opposite direction. In his heart, Ye Xuan was already a mortal person.

"it is good!"

The crowd also nodded and then left.

There is still one day left, and this time is enough for them.

.....

While escaping from the thunder and attack, Ye Xuan used the sensory eye to sense that Ling Tiantian and others did not catch up. This is what he meant.

At the same time, he also knows that this Xuan Shui Lei Long behind him is "playing" him.

"Boy, aren't you very crazy? I dare to interrupt my dragon ritual. You run, you run again!"

Jiao Chong's voice continued to come. He had already suffered from the thunder and tempered, but he did not succeed in the dragon. Fortunately, he had heard that there was a thundering dragon in the forbidden land, so he wanted to use the blood to stimulate the body. The blood of the dragon.

Dragons and dragons, the body actually has the blood of the dragon, but it is very thin.

Just right, the relationship between Lei Xiaolong and Xuan Shui Thunder is similar. After smoking the blood of Lei Xiaolong, Jiao Chong is the success of Hualong.

If he completely refines the blood that he has taken, the strength will be raised again.

This qualification is already beyond the genius of the Tianlei Temple over the years.

"Cut, wait a while, cut you into a dragon!"

Ye Xuan's light flashes.

The Jiao Chong behind him is still adapting to his strength, so he constantly drives Ye Xuan with Tianlei. He enjoys this moment very much.

When he had enough to play, it was the death of Ye Xuan.

The two quickly left the area where they were.

"Zuo Qinglong explores the claws!"

Ye Xuan ran while using Golden Dragon to try to block Jiao Chong. Of course, he didn't think that this would hurt Jiao Chong, but he was consuming the other side's infuriating.

"Kid, useless, you and I are very different, you will die today!"

Jiao Chong smiled coldly and his voice was extremely confident.

If the average person sees it, it is estimated to be the same as the five people in the curtain.

Ye Xuan, dead.

However, Ye Xuan does not think so, this Jiao Chong is stepping into his trap a little bit.

Behind him, Jiao Chong was chasing, and the breath exploded. So Ye Xuan Road did not meet the Tongtian beast that blocked the road.

Soon, Jiao Chong is adapting to his own ability, and the play is also satisfied, then the next is Ye Xuan's death.

"Okay, boy, accept the sanctions of Tianlei!"

Jiao Chong suddenly screamed in the sky, a force of infuriating and the power of Vientiane condensed in the mouth, and then spurted a bit of spurt against Ye Xuanyuan.

This dragon's breath is not the same as that of other dragons. This dragon's breath is completely thunderous, and the power even catches up with the intermediate level.

"Since you want to die, then I will fulfill you!"

Ye Xuan's light suddenly flickered, his head did not return, and he opened a door to the void directly in front.

Then he himself tried his best to escape.

"boom!"

The dragon breathed through the door of the void and appeared from another place.

"what?"

Jiao Chong is shocked. I wonder what it means to absorb the attack.

No, not absorption!

At this time, he suddenly felt that the back of his head was cold, and a breath suddenly appeared.

"boom!"

A force of thunder and lightning hit the back of Jiao Chong, and the power of this thunder was just his own eruption.

As early as on the road, Ye Xuan was constantly positioning the void, so that after the dragon's breath was sprayed into the door of the void, it appeared behind Jiao Chong.

"This is impossible....."

Jiao Chonglong was shocked and couldn't believe it. Fortunately, he was Xuanshui Leilong, who was resistant to Tianlei, let alone his own attack.

Even so, he was seriously injured by his own attack, and his breath fell instantly.

Taking advantage of this opportunity, Ye Xuan quickly condensed the thunder of the thunder and slammed into the belly of Jiao Chong.

"call out!"

Han Mang flashed, directly into the body of Jiao Chong, and pierced it.

"Ha ha ha, do you think this trick is useful to me?"

Jiao Chong immunized most of the lightning, and the injury was only a hole in the body.

This can only be blamed for the low level of Ye Xuan, the power of Vientiane is not strong, otherwise it will definitely be able to kill the coke.

"It's not easy to deal with you?"

Ye Xuan's mouth tilted slightly, this time, he is going to enlarge it.

"The sword is returned to the sect!"

In the blink of an eye, there are thousands of giant swords in the sky, and they are rushing to Jiao Chong.

Chapter 1164: Dragon Ball

"what?"

Jiao Chong was scared by this scene. Before that, he felt that the earthquake was extraordinary. He wanted to kill Ye Xuan to win the treasure. Now, after seeing so many great swords, his heart has risen a sense of crisis.

"Give me out!"

Jiao Chong broke out numerous lightnings and shattered the surrounding giant swords. However, due to the large number, he was still bombarded to the ground by the earthquake sword.

"Hey!" "Hey!" "Hey!"

Jiao Chong's body is much larger than the giant sword of the earthquake, but fortunately, the number of giant swords in the earthquake is quite large. When Jiao Chong is photographed on the ground, the giant sword of the earthquake is a falling stone.

"Oh!" "Oh!" "Oh!"

A stabbing giant sword stabbed into Jiao Chong's body, and it hurts to scream and scream: "Bad boy, I must kill you!"

However, the blockade ability of the giant sword is very strong. In the blink of an eye, Jiao Chong has only one faucet left.

"Hey, I wanted to spare you a life, who made you die?"

Ye Xuan, a pair of human and animal harmless appearance, went over.

"Don't fake it, kill it and kill it. My Xuan Shui Thunder family will not let you go!"

Jiao angered and shouted.

"Well, since you are so anxious to get on the road, then I am naturally..."

Ye Xuan has not finished, Jiao Chong is a big mouth, but also a thunderbolt breath.

"I haven't figured out the situation yet? I won't be in the first time. Will I still be in the second time?"

Ye Xuan once again opened up a door to the void, and this bit of dragon's breath was absorbed by Jiao Chong himself.

"Hey!"

Jiao Chong snarls and screams.

But at the moment he opened his mouth, a silver sniper fell into his **** mouth.

Silence!

"Oh!"

I only heard a series of crisp sounds, and the entire head of Jiao Chong was cut down and instantly fell.

Because this Jiaochong is a Yaozu, the body is of some use to Ye Xuan, so Ye Xuan directly received it in the planting space.

With the current level of planting space, living people can't get in, but dead people can.

Ye Xuan wants to use this rushing body as a fertilizer for Tongtianbao to promote the growth of Tongtianbao.

As for the body of the thundering dragon, Ye Xuan decided to swallow the beast, and then the body also gave the Tongtianbao tree fertilizer.

The five people in the curtain day know that the body of Lei Xiaolong is in Jiaochong. If he takes out the body of Lei Xiaolong to change his heart, isn't he not arrogant, is he killing Jiao Chong?

"There is nothing in the Qiankun martial arts. You are still the young master of the Xuan Shui Thunder family."

Ye Xuan sighed.

However, he also knows that the rich is only the Xuan Shui Thunder family, not this Jiao Chong.

Now, Jiao Chong is dead, he also accepted the quenching of nine Tianlei, then the next step is to start making money.

The target is the heavenly beast in the forbidden land of the thunder.

However, just when he was ready to leave.

"Young master, there is a dragon ball in the body of the thundering dragon."

Suddenly there was a sound of falling in my mind.

"Dragon Ball?"

Ye Xuan is slightly different, and Dragon Ball is rare.

He sinks his mind into the planting space and sees a blue electric ball in his hand. Presumably, this is the Dragon Ball.

"Hey, Dragon Ball can be used as a magic weapon!"

The system suddenly reminded me carefully.

"magic weapon?"

Hearing this, Ye Xuan's brow was picked.

He remembers that the refining magic weapon requires the spirit and the artifact, and the spirit is the conscious thing, but since the system prompts this, the dragon ball can be used as a spirit.

As long as you find another carrier, you can refine a magic weapon.

He quickly looked at the magic weapon system and found that the Thunder Dragon Ball could be made into a magic weapon called Lei Mingzhu.

The effect is very simple, it is throwing out and exploding.

"This magic weapon refining is simple, but my realm is improving fast, so we must sign a common growth contract..."

Ye Xuan also sinks his mind into the redemption system.

Megatron has signed a joint growth contract with him. As long as he swallows ore or weapons, Megatron will also upgrade.

The co-growth contract requires a little swallowing point to be redeemed, and now Ye Xuan does not have a swallowing point, so he can only put one.

"This thunder bead is not bad, as long as it is made into a magic weapon, then you can use it countless times, and then it will become a card for me."

Ye Xuan thought in his heart.

Refining the magic weapon of Lei Baozhu, as long as you ask the people in the Temple of Heaven to refine one, so he decided to refine a magic weapon and then sign the contract.

Forging the heavens is a matter of money, so Ye Xuan will start to make money, and then let people create a second-order medium-sized machine.

With his current strength, no one or beast can threaten him in the forbidden land, so he is directly a two-pronged approach, and the deity and the avatar are killed together.

Tianlei Temple gives a genius to the forbidden land of Tianlei a welfare, that is, the body of the Tongtian beast is exchanged for the demon.

When Ye Xuan was preparing to return to the entrance, it was already collecting the body of the Tongtian beast with a price of 10,000 hearts.

Then he left.

"Hey, Ye Xuan."

When Ye Xuan rushed back to the entrance to the forbidden land, he found that many people had already come out.

After seeing Ye Xuan, Ling Xiao also hurriedly said hello.

However, among these people, there are also those who helped Jiao Jiao to kill Lei Xiaolong on the same day.

"How is it possible that this kid is not dead?"

Ling Tiantian and others were shocked.

They all thought that Ye Xuan had been killed by Jiao Hong, who was surrounded by the four times, but now Ye Xuan has appeared in front of them.

Could it be that Ye Xuan pleaded for mercy, and then Jiao Chong spared him?

In their hearts, Ye Xuan, who is a double-dark environment, is impossible to fight through the four-pointed Jiao Chong.

Or, is Ye Xuan attached to the Xuan Shui Thunder family?

This is possible!

However, Lingmentian and others will never think that Ye Xuan has already rushed the Jiao to kill.

"This kid is a big life."

Ling Tiantian and others did not care, because among them, three of them broke through to the four times.

In addition to the curtain sky, there are Gu Han and Xu Liang, as for the other two in Lingjia, there is no breakthrough.

"Ling Xiao, congratulations to breakthrough!"

After Ye Xuan took a look at the curtain day, he was holding a fist.

With this trip to the forbidden land, Ling Xiao successfully broke through to the three-way gateway, but Ling Xiao did not, but it is estimated to be faster.

"Haha, luckily."

Ling Xiao opened his mouth and smiled.

When Mr. Ling Qiang saw Ye Xuan took it out, he was relieved. He was afraid that Ye Xuan was killed by Jiao Chong. It seems that he is worried.

"After an hour, it will be time. After an hour, we will return to the Temple of Heaven."

Elder Ling Qiang said, it is also to Ye Xuan: "Ye Xuan, do you have a corpse of Tongtian beast to redeem?"

Chapter 1165: New magic weapon

"Have!"

Ye Xuan nodded and immediately went.

The Tongtian beasts in the forbidden land of the Tianlei are all with lightning properties, and the species are rare.

Ye Xuan will hand over the preparations for the past, and the elder Ling Ling took a look and was surprised: "It's not bad, there are two bodies that pass through the three-way heavenly beast, a total of 13,000 hearts."

He is also nonsense, directly taking out the quantitative heart of the magic to Dan Xuan.

"Thank you for the elders!"

Ye Xuan thanked him and took the heart of the demon.

When he returns to Tianlei Hall, he uses this magical demon to let the forging masters of Tianlei Hall create a heavenly device, and then collect the materials to create a magic weapon of Lei Mingzhu.

Soon, an hour passed.

In this hour, several people came out, but what made Ling Tiantian and others wonder was that Jiao Chong was late.

Before the success of Hualong, Jiao Chong was already undergoing the quenching of Tianlei. It should be said that it would not be late, but now, why not?

"This Jiao Chong is constantly killing the beasts of the heavens, and then redeeming the heart of the demon as a reward to us? Now, when I am late, Elder Ling Qiang will not let him exchange!"

Think of the curtain in the heart.

"Well, when the time has arrived, there are still six people who have not come out, let them return to Tianlei Hall on their own."

Elder Ling Qiang sipped a sentence and then jumped on the back of the Thunder Eagle. The people did not dare to drag and follow.

The Thunder Eagle took off and plunged into the Temple of Heaven. Before leaving the forbidden land, the Jiaochong still did not appear.

This Lingqiang elders are also a bit strange, constantly looking at Ye Xuan, but did not find clues.

"Jiao Yang, why did Jiao Chong not come out?" Ling Qiang suddenly asked.

This Jiaoyang is also a genius in the Xuanshui Thunder family. It is also the demon family except for Jiao Chong in the forbidden land team. Ling Qiang saw that Jiao Yang left with Jiao Chong at that time.

"I met Jiao Chong in the early hours of the morning. He has succeeded in the dragon, and he has broken through to the four levels of peace and is consolidating the realm."

Jiao Yang said 'true.'

"Is it really successful for him to turn the dragon into a dragon?"

Ling Qiang's eyes glimpsed and nodded slightly.

What he didn't know was that this Jiaoyang was already controlled by Ye Xuan. All he said was fake. He was excusing Ye Xuan.

Yesterday Jiaochong chased Ye Xuan, Ye Xuan did not die.

Now Jiaoyang met Jiao Chong in the early hours of the morning, which proves that Jiao Chong is not dead.

When Ling Yutian and others heard this sentence, it was also confirmed that Ye Xuan was really begging for mercy, otherwise how could he survive?

Now, they wait for the coke to rush back to the Temple of Heaven and then give them the promised reward.

Soon, everyone returned to the Temple of Heaven.

"Come back, finally come back!"

Outside the Temple of Heaven, a group of people are waiting.

The Thunder Eagle landed and everyone greeted them.

"Well? Jiao Chong?"

The gray-haired old man of the Xuan Shui Thunder family swept a circle, but he did not find the figure of Jiao Chong, and hurried.

"The elders, he has succeeded in the dragon, and broke through to the four times of peace, and now consolidate the realm in the forbidden land." Jiao Yang replied again.

He is also a member of the Xuan Shui Thunder family, so his words, these people of the Xuan Shui Thunder family naturally believe.

"Hualong success? Well, it is so good. In the future, our Xuanshui Thunder family can be called the Xuanshui Leilong family." The gray-clothed old man is very happy.

At this time, he suddenly swept to Ye Xuan, and his heart was a bit strange. According to the habit of Jiao Chong, if he touched Ye Xuan, Ye Xuan could not die.

But whether Ye Xuan is alive or not, it doesn't matter, it doesn't matter to them.

On the other hand, after hearing the news of the success of Jiao Chonghua, the people of Lingjia also frowned slightly, but did not say much.

"Well, everyone will go back to rest, take advantage of this opportunity to quickly retreat and fight for further progress." Ling Qiang said.

"Yes!"

The people nod and left.

Ye Xuan also returned to his place of residence, but soon left, he went directly to the refining hall of Tianlei Hall.

Tianlei Hall also has a hand on the refiner. The forged device is better than other places, and it also contains lightning properties, and the attack power is stronger.

Ye Xuan entered the refining hall and then said to a disciple: "This brother, I want to build a second-order medium-sized device."

"Second-order Chinese products?"

The disciple of Tianlei Temple looked up and looked at it. "Elder Ling Yao is now free."

He feels that Ye Xuan is quite strange, but he can create a second-order medium-sized product, and his family must be very rich.

After all, the average person buys directly, not to customize.

"Okay, thank you brother!"

Ye Xuan thanked one sentence and immediately walked toward the residence of Elder Ling Yao.

Forging, although he can, but it is too expensive to buy a forged drawing, so I came to Tianlei Temple.

He only wants to build an ordinary device, it is not very complicated, and an elder can estimate it.

Soon, Ye Xuan found this Ling Yao elder.

"Oh? Is it you?"

This Lingyao elder is building a heavenly device. After seeing Ye Xuan, he is also stunned.

On the day of the assessment, he was also present, so he knew Ye Xuan.

"I have seen the elders."

Ye Xuan hurriedly said hello.

"It seems that you have returned from the forbidden land, why, want to build a weapon?" asked Ling Yao.

"Yes, but my request is very simple."

Ye Xuan nodded and then submitted a drawing in the past.

Elder Ling Yao glanced at it and raised his brow and said, "Just like this?"

"Yes."

Ye Xuan answered.

This drawing is the simplest one since Ling Yao has seen it. The drawing is just a ball, and then it can be stretched out around the spike, like a sea urchin.

As for the others, no more!

"On this kind of thing, you have to come and let me build it?" Ling Yao elders are somewhat unhappy, this is a bit of a big use.

"This thing is very important to the kid, but also ask the elders to help, the material I have prepared." Ye Xuan said.

"Since you bring your own materials, you will receive five thousand hearts and demon." Although Ling Yao elders feel a little unreliable, he will not be able to pass the money.

"it is good!"

Ye Xuan nodded and took out five thousand hearts and demon, and handed it over with the materials.

"Like this kind of thing, you can build it in two days. Come and take it tomorrow." said Ling Yao.

"Ok."

Ye Xuan should have a sentence, even if it is left directly.

As long as this artifact is done, Ye Xuan can build his own magic weapon.

After all, this is the second-class medium-sized product, so it still takes some time. If it is only the next product, Ling Yao can make it out for a long time.

Chapter 1166: Lei Mingzhu

After entrusting Ling Yao elders, Ye Xuan also returned to his place of residence.

Soon, the two days passed, and Ye Xuan once again went to the Tianlei Temple.

"Kid, your things have been forged, take it." Elder Ling Yao saw Ye Xuan return, but also lost a Qiang Kun ring.

There is a blue-violet ball inside, half the size of the basketball, with strange lines on it.

Ye Xuan took it out and then driven it with the power of Vientiane. The next moment, the ball was a bang, and it stretched out numerous spikes.

This spike is what Ye Xuan used to confuse others, and let the other party think that this heavenly device is very common.

"Thank you for the elders!"

Ye Xuan thanked a sentence, even if it is a quick step to leave.

Ling Yao looked at the back of his departure and shook his head helplessly. Before Ye Xuan said that this thing was very important to him, Ling Yao did not take this seriously.

In Ling Yao's opinion, this thing has no use at all.

Ye Xuan left the refining hall, and even if he was sinking his mind into the magic weapon system.

"Hey, is the host starting to refine the magic weapon?"

"Yes!"

"Hey, the magic weapon Lei Mingzhu refining success!"

The system prompts to sound.

After hearing this sound, Ye Xuan also took out the thunder beads in the swallowing space.

The look of this magic weapon, there is no change, but Ye Xuan used the insight of the eye to see that the Thunder Dragon Ball ran inside the Lei Mingzhu.

At the same time, this Thunder Pearl has two skills.

"Thunderbolt growls, cool down for a day!"

"The thunder is dead, the cooling time is one day!"

Ye Xuan did not expect that even more than a description of the skills, that is, Thunder Dragon grows.

At the same time, this thunder bead is equivalent to a triple pass, a level higher than Megatron.

"This Lingyao elder is really, gave five thousand hearts to the devil, but it is not good to refine..."

Ye Xuan is slightly helpless, a little crying and laughing.

The three-pointed environment is the second-order middle class. As long as it reaches the four-level level, it is the second-order Chinese product.

Therefore, Elder Ling Yao is lazy!

Fortunately, this thunderbolt grows more than Megatron.

Megatron can rely on weapons and ore to upgrade. This thunderbolt can also be used. At the same time, this thunderbolt can also be upgraded by the properties of the mine, which is easier than Megatron.

However, what Ye Xuan wants to do most now is to find a place to try the power of the two skills of Thunder Dragon Howling and Thunder.

At the moment, he is leaving, ready to go outside and try.

But at this moment, suddenly someone came over to him.

"You are Ye Xuan?"

A strange voice sounded, Ye Xuan looked up, he found that he had seen this person.

He remembers that this middle-aged man had been in the team of Xuan Shui Thunder before, and he must have been a member of the Jiao family.

"Is there something?"

Ye Xuan frowned.

"Before the Tianlei banned the land, have you seen Jiao Chong?" The middle-aged man did not talk nonsense, and asked at the door.

"I have seen it. At that time, I angered the brother of Jiao Chong. After Jiao Tong's brother taught me a lesson, he forgave me and let me go." Ye Xuan nodded and replied.

"Let you let me go?"

Middle-aged people don't believe it.

With his understanding of the focus, Jiao Chong is impossible to let go of Ye Xuan, unless at that time, Ling family is present.

Ye Xuan looked at this middle-aged man, thinking that the Xuan Shui Thunder family must be suspicious, because Jiao Chong has not returned yet.

"If the predecessors are fine, the kid will leave first!" Ye Xuan clenched the middle-aged man, even if he left.

The middle-aged man frowned, Jiao Chong just didn't come back now, so he guessed that Jiao Chong is still consolidating the realm.

However, he always felt that things were a bit strange.

Before he went to find Lingtian and other people, he also learned that Ye Xuan was the place where the sunrise was now. He also knew that Ye Xuan had broken through the encirclement of the five people in the curtain day.

In the end, Jiao Chonghua successfully succeeded in chasing Ye Xuan. Later, Ling Guantian and others did not know, because they believed that Ye Xuan would be killed by Jiao Chong.

"This kid, weird!"

The middle-aged man thought in his heart that he saw Ye Xuan's meaning of going out, so he wanted to keep up.

With his strength, tracking one person is still not a problem. After all, he is a four-passenger.

Soon, Ye Xuan left the Tianlei Hall and headed for a mountain near the Tianlei Hall. There are many wild animals in this mountain range, which can be used for experimental skills.

However, shortly after he left, he sensed a breath.

"Is the master of the Xuan Shui Thunder, he followed me?"

Ye Xuan's eyes glimpsed, and the heart whispered.

The two kept a very subtle distance. Ye Xuan's spiritual knowledge could not find this middle-aged person, but the middle-aged people's spiritual knowledge covered Ye Xuan.

Therefore, in the eyes of middle-aged people, he is the perfect track.

What he didn't know was that Ye Xuan's perception of the eye was three times that of the spirit.

"Is it impossible to find Jiao Chong, guessing that Jiao Chong was killed by me?"

Ye Xuan's eyes flashed a chilly color, and he killed his heart. He decided to start after entering the mountains.

Just right, this middle-aged man can experiment with his thunder beads.

After half a day.

"Almost, there is no one here, leave this kid!"

The middle-aged man widened his eyes and began to secretly gather the power of infuriating and Vientiane.

His purpose is to leave Ye Xuan, but once he kneels, he does not intend to leave Ye Xuan to leave, after all, things can not be leaked.

However, when he started, Ye Xuan in front suddenly stopped.

"Stop?"

The middle-aged man trembled and thought that Ye Xuan had discovered him, but he thought that he was two higher than Ye Xuan, and should not.

In this case, it is better to approach it and use the reason for asking for a sneak attack.

Before the curtain days, Ye Xuan broke through the encirclement of five people. The strength is not so simple, so he has to be careful.

"Little brother, wait a minute!"

The middle-aged man shouted.

Ye Xuan heard the sound and turned around and asked: "It turned out to be a senior, is there something?"

"I have some things here, I have to ask them carefully." The middle-aged man said as he approached.

"Okay, let's go over there."

Ye Xuan nodded and looked no doubt at all, then turned around.

"good chance!"

The middle-aged man's eyes brightened and he shot directly.

"Tear the claws!"

A black paw appeared, ready to catch Ye Xuan, but before that, Ye Xuan was a flash, avoiding the past.

"what?"

The middle-aged man was a little surprised because he was attacking.

"Predecessors, what do you do?"

Ye Xuan asked a horrified look.

It is said that middle-aged people are too lazy to explain and shoot again.

Chapter 1167: Great power

"Hey, I want to put me to death, it's not that easy!"

Ye Xuan snorted and put on a brilliant gold armor.

At the same time, there is a sword and a ball to the middle-aged.

"This kid optics some sideways, give me a roll!" Middle-aged people do not care, in his view, the skills such as Yu Jian are side-by-side.

However, when he was ready to use the power of Vientiane to fly the thunderbolt, Lei Mingzhu suddenly stretched out numerous spikes and pierced the power of Vientiane.

In the forging aspect, Elder Ling Yao did put some water, but he strengthened the Lei Mingzhu in other aspects. For example, these spikes can effectively remove the power of Vientiane.

Lei Mingzhu smashed the power of Vientiane and attacked the middle-aged.

"interesting."

The middle-aged man did not agree, and he was really careless. This time, the power of Vientiane he used was more.

At this time, Ye Xuan's light flashed in the distance.

"Thunderbolt growls!"

His mind was moved. The next moment, Lei Mingzhu was the power of a thunderbolt, and then condensed into a blue dragon.

"Hey!"

A blue dragon has a big mouth and a dangerous breath is erupted.

"what?"

The middle-aged man was shocked, and it was only then that the bead was not as simple as he had imagined.

"boom!"

The dragon snarls and the middle-aged man's Vientiane force collide and easily defeat it. The thick electric snake wraps the middle-aged man, and a burning smell spreads.

The middle-aged man's face was gloomy, and he thundered the thunder and the power of Vientiane and Vientiane.

However, Lei Long's roaring power is extremely strong, and numerous electric snakes have entered the middle-aged body and paralyzed his body.

Fortunately, the middle-aged man is a Xuan Shui Thunder, and he is naturally resistant to the Ray attribute.

"Bad boy, I want to kill you!"

In the middle-aged people, many skins were burnt, and the body was even more affected. After he screamed, he turned back to the body with a snarling of the dragon.

"Hey!"

A roar like a dragonfly spreads. At the moment when the middle-aged man changes back to the body, the thunder of the dragon is also erupted.

After the transformation of the middle-aged people, there are still many injuries on the body, many dragon scales disappeared, and some places are flesh and blood, these are caused by the trick.

If it is a four-person human being, it is probably already under the blow. But the middle-aged man is a demon, and it is a mysterious water, so he survives.

At this time, the middle-aged man was a flash, directly grabbed Lei Mingzhu and held it in his claws.

This thunderbolt made him bruises, so he wanted to pinch it.

"too naive."

In the distance, Ye Xuan shook his head.

"Tianlei is dead!"

At the moment when the middle-aged man grabbed the Lei Mingzhu with his dragon claws, Lei Mingzhu was once again experiencing countless lightning, and then it was a boom.

"Boom!"

A force that was stronger than the snarling of the Thunder Dragon broke out. The middle-aged man screamed and the whole dragon's claw was blown to break. The dragon's body was blown out of a big hole, almost disconnected from the lower body.

The middle-aged man has fallen into the trap of Ye Xuan, and his anger has already risen to the extreme.

However, Ye Xuan has already tested the power of two new skills. Now, the middle-aged man should be on the road.

"The power of the magic weapon is really good."

Ye Xuan was very satisfied. He looked at the horror, and seriously injured the sinister water thunder, and gathered out the battle of the thunder.

"call out!"

The thunder of the thunder broke away, and the sound of the air was sharp and sharp.

"Do not!"

Xuan Shui Thunder screamed in the sky, how could he think that he actually died in Ye Xuan's hands?

"puff!"

The Thunderbolt did not enter the body of the Xuan Shui Thunder, but did not cause a fatal blow.

However, after the thunder of the day, there was a silver sniper.

"Oh!"

The head of Xuan Shui Thunder was squatted and the headless body fell from the sky.

Ye Xuan hurried to the past and collected the body together with the Qiankun Ring.

"Hey, Megatron breaks through!"

The system prompts.

Now, Megatron and Lei Mingzhu are the same as the three.

However, Ye Xuan is still a double-passenger, and the distance from the gateway is still a little worse.

With this thundering pearl, Ye Xuan's strength has also improved a lot. If this thundering pearl cooperates with the spirit sword array, the effect is definitely a lever.

After testing the power of Lei Mingzhu, Ye Xuan also returned to Tianlei Hall, and then carefully plan.

On the way back, the fall also broke through to the secluded environment in the planting space.

Now they can all fight against the glory of the four times. If they join hands, they will be almost invincible and even have a five-fold battle.

However, when he returned to the Temple of Thunder, he found that Ling Xiao was waiting outside his residence.

"Ye Xuan, you are back, I have something to tell you." Ling Xiao greeted him.

"what's up?"

Ye Xuan asked a little strangely.

"It's about what I and my sister were chased before."

Ling Xiaodao: "Before my father sent people to go out to investigate, this investigation found a big conspiracy. It turned out that there were many tasks on the mission list of the government. The goal was to close the brothers and sisters, or the sisters. younger brother."

"Ok?"

Ye Xuan brows a pick, suddenly felt a taste of deja vu.

Brother and sister?

At this time, Ye Xuan could not help but think of the yin and yang ancestors, this matter may be related to the yin and yang ancestors.

"And then?" Ye Xuan continued to ask.

"There are also a few brothers and sisters missing in the Temple of Heavenly Thunder, and there is also a grandson and granddaughter of an elder. They are estimated to have been taken away, so this time, my Ling family is going to send someone to investigate." Ling Xiao said.

"I am very interested in this matter, but I can help." Ye Xuan squinted and asked: "Where to investigate?"

"This task seems to have appeared in the black chaos at the earliest, so I have sent people to Lingjia. If someone can find out the black hand behind the release of these tasks, reward 100,000 hearts!" Ling Xiao replied.

100,000 hearts and devils, this is not a small number, if you give Ye Xuan, at least you can break through to the four times.

However, Ye Xuan's focus is not on this reward, but on the behind-the-scenes of the release task.

This matter may be related to the ancestors of Yin and Yang.

"Well, then I will go to the black corner to see, 100,000 hearts and devils, very exciting." Ye Xuan opened his mouth and smiled, let Ling Xiao think that he went for the reward.

"I originally wanted to go, but because I went to the list of the killers of the local government, I went to the net, and I can only stay in Tianlei Hall during this time."

Ling Xiao reluctantly sighed, he just returned from the black chaos, that place is very suitable for his appetite, but unfortunately can not go again in the near future.

"When things are resolved, you can go out."

Ye Xuan's mouth was slightly tilted, and he was still in trouble, because it was a clue for him.

Chapter 1168: Entrusted to the government

In Ye Xuan's estimation, the yin and yang ancestors are at least the existence of Nirvana, but he is not only a secluded place, but also has a mood and a broken environment. The difference between the realm is too big, so he feels that it is unlikely that the yin and yang ancestors .

However, as long as there is a suspicious clue, even if the probability is only one percent, he will continue to trace it.

As a matter of urgency, Ye Xuan asked Ling Xiao about some black chaos. After all, Ling Xiao had practiced in the black chaos before.

At the same time, somewhere in the Temple of Heaven.

A group of masters of the Xuan Shui Thunder family gathered together.

"I have asked the elders of Ling Hongsheng who are close to my Xuan Shui Thunder family to go to the forbidden land to check the ground, but it is the shadow of Jiao Chong that has not been discovered."

The old man in gray said.

"Isn't Jiao Chong already leaving Tianlei forbidden? I remember that people who entered the forbidden land have a broken stone. Even if they missed the time of return, they can leave on their own," said a white-haired old man.

"No, according to the elders of Hong Hongsheng, Jiao Chong may have died!" The gray-haired old man shook his head.

"What, dead?"

When the words came out, the audience was shocked.

"Elder Ling Hongsheng, in the depths of the forbidden land, that is, the place where Lei Xiaolong was killed, found another battle point. There are dragon blood and traces of the dragon falling, I am afraid it is Jiao Chong." The old man in gray continues.

"But, Jiao Yang said that he had seen Jiao Chong in the early hours of the day he left the forbidden land."

Someone sent a question.

"Yes, so I guess, Jiaoyang has been bought." The gray-clothed old man nodded.

"This....."

Everyone feels incredible.

The Xuan Shui Thunder family is very united, but now there are traitors, and everyone can't believe it.

"In order to prove, I found a person who is proficient in the soul and is ready to search for him." The old man in gray continued.

"What, memory search?"

Everyone was shocked.

"Memory search, lightly reinvents the soul, but the soul is shattered, but in order to find out the ins and outs, Jiao Yang must sacrifice." The gray-clothed old man continued.

"Great elders, we are no longer waiting?"

Someone suggested.

"Well, instead of focusing on the memory search, it is better to show the kid, so Elder Jiao Kangtai has already tracked the kid, ready to squat the kid." The gray-haired old man nodded.

But when his voice fell, suddenly one person came in and was defeated by Ye Xuan in the hands of Ye Xuan.

"The big elder, that kid is back!" Jiao Li hurried.

"what?"

The audience was shocked.

Not to say that the elders of Jiao Kangtai went to catch Ye Xuan, how did Ye Xuan suddenly come back?

It's hard to be done, the elders of Jiao Kangtai have lost their hands?

"Elder Jiao Kangtai is a four-passenger. The kid is a double-minded. If he misses his hand, perhaps he will meet the core disciple of Tianlei Hall on the road, if he is dead..."

The gray-haired old man muttered and looked very dignified.

"died?"

When everyone heard it, they couldn't help but shudder.

If Elder Jiao Kangtai was killed, then Ye Xuan had the power to kill Jiao Chong.

"The elders, the kid is now ready to go out, and is going to go to the black corner to investigate the case of the brother and sister who have recently disappeared." Jiao Li continued.

"Going out again..."

The gray-haired old man fell into meditation.

"Great elders, let me go this time."

An elder got up and he was the master of the five-pointed glory. He was against the hand of Ye Xuan.

"No, I am afraid that it will be discovered by Lingjia, and we can't do it by ourselves." The gray-clothed old man shook his head.

"Who is that?"

"Hell!"

The old man in the gray coat replied: "The people in the local government have recently changed their lives, and the most talented person in the history of the Tianlei Hall is not assassinated by the people of

the local government. Elder Jiao Kanghai, you immediately release the task and let the people of the land government Kneeling this kid."

"good idea!"

The elder who got up nodded and immediately took the door.

The prefecture is a super-power, spread all over the world, down to the Vientiane, and there are killers in the Nirvana. Of course, this area is only the killer of the Vientiane and the secluded.

When Xuanshui Thunder family discussed, Ye Xuan had already left the Tianlei Hall and went to the black chariot.

According to Ling Xiao, this black chaos is a place where Crouching Tiger, Hidden Dragon, and it is said that there are still strong people like the mood.

At the same time, the black chaos is like a place, it is a mixed place, there are many gang forces.

From Tianlei Hall to the black chaos, there is still a certain distance. It is estimated that it takes two days to use Ye Xuan's current speed.

However, before going to the black chaos, Ye Xuan wanted to raise the realm to a three-way environment. After all, there were a lot of people, and there were countless people. If you were not careful, you would fall into a land of nowhere.

Just on the way to the black chaos, there is a poisonous snake valley, where a lot of poisons are entrenched, and Ye Xuan happens to have the blood of life, so it is a good place for him.

"The strange beasts in my planting space have already passed through the moisturizing of Tongtianbao trees, and they have already broken through to the secluded environment, and they have also proliferated a lot. After passing through the treasures of Tongtianbao and my blood, they will grow soon. If all these beasts are released, it is a strange plug!"

Ye Xuan's eyes lit up.

The exotic animals in the planting space have reached more than 10,000 in a secluded environment. This is a very terrifying army. Even if it sweeps across the Viper Valley, it is estimated that it is not a problem.

At the moment, Ye Xuan is going toward the Viper Valley. He is going to break through to the three corners of the secluded space, and then go to the black chaos. It will delay a day or two, but it will give him a great guarantee. .

One day later, he came to this gloomy viper valley, where there were no birds, no beasts, and only a lot of poisonous fog.

"Hey, the host is immune to the toxin!"

Ye Xuan is just getting close, the system is a reminder.

There are too many poisons in this viper valley. These poisonous mists will also emit toxic mist, so the entrant must take detoxification, and have to prepare a lot.

But this detoxification is not a cheap thing, and the Venom Valley is more dangerous than the average place, so no one dares to come to this Viper Valley, or no one wants to come.

Ye Xuanlian Jiedu Dan does not need to take it, and directly stepped into this viper valley.

At the moment of perception, there are many poisons waiting for the opportunity to move, and have been eyeing Ye Xuan.

"Megatron, Lei Mingzhu, go on!"

Ye Xuan directly took out two pieces of magic weapons.

Megatron has his own consciousness, Lei Mingzhu does not, so it must be controlled by him.

This thunderbolt is quite easy to use, can release the thunder attack, the most important thing is that you can attack the group, and don't worry about death, it is the appetite of Ye Xuan.

"It's time for you to show your talents!"

Chapter 1169: Killer

"It's time for you to show your talents!"

Ye Xuan will also be released, and it has not been fighting for a long time. It has already been unable to hold back.

"Hundreds of monsters and foxes!"

When the fall appeared, it took a superior detoxification, and then divided out hundreds of avatars.

Among the hundreds of avatars, the infuriating avatar reached 60, only forty phantoms, very terrifying.

With her help, Ye Xuan's upgrade speed has greatly improved.

As for the exotic animals in the planting space, Ye Xuan did not release it, because this is also a killer, and it will be more horrible than the Wanjian Guizong.

In this way, he launched a killing, and the Viper Valley directly set off a storm.

However, just as he was upgrading in the Viper Valley, there were a few figures that quietly followed.

These are the three killers in black, who took over a mission just released in the government.

"I really don't understand, this kid's mission star has reached four stars, and the district has a two-way gateway. How can he have the strength of a four-way gateway?"

A black killer said disdainfully.

"Don't say the mission star, this kid can be worth the money. As long as he gave birth to him, there would be 30,000 hearts, and the three of us just split."

"This task was discovered by the three of us first, but it is not the only one but you have nothing. Others will see it and then pick it up. Our actions must be fast."

"Looking in this direction, this kid seems to be going to the Viper Valley to practice, hurry, don't let him die in the Viper Valley."

The three killers, while talking, swept to the Viper Valley.

Soon, they arrived at the Viper Valley.

One of the killers groped on the ground and said: "It's only about ten minutes, it should be not far, look for it!"

The three of them are all three-passenger. After being dispersed, the spirit is even bigger than the four-pointed. It is not a problem to find someone.

However, at this time, Ye Xuan, somewhere in the Viper Valley, did not know that the danger was approaching.

No, this is not dangerous for him. After all, it is only three killers with a three-pointed environment.

As long as the three killers step into his perception, he will know the first time and then fight back.

The three killers, looking for the traces of the battle, then heard the sound.

"It must be him, together!"

The three killers have already cooperated with a lot of tasks, even if the opponent is only a double-passenger, they also have to shoot together, just in case.

However, after they approached, they discovered that this was not a human being, but a long sword that flew.

"What kind of ghost thing, the sword will fly in the air?"

A killer couldn't help but say.

The sword in their mouth was Megatron. At this time, Megatron had already noticed them, and then hurriedly told Ye Xuan.

Another place.

"What, Xiaotian, have you seen three killers?"

Ye Xuan brows a pick.

Killer, come to Viper Valley?

Suddenly, he reacted.

"It is the Xuan Shui Thunder family. Have you asked the killer of the local government?"

Ye Xuan's light flashed, and suddenly a killing came up. These three killers, 99% of them came to him!

"If that's the case, then I'm welcome!"

After licking his lips, Ye Xuan rushed in the direction of Megatron.

He estimated that the killer who came to him for trouble, at least the three times of the glory, if you kill the three, you may be able to break through the three times.

Soon, he sensed the breath of the three, but the three did not feel him.

"No matter what this thing is, it is important to find someone first!"

A killer took his attention back from Megatron. He felt that Megatron was harmless and looked at them for two seconds.

"go!"

The other two also think so.

However, it is at this time.

"Hey!"

Megatron suddenly turned into a **** of war at the moment they turned around, and waved a big sword in his hand, ready to smash the heads of the three men in one fell swoop.

"Huh!"

No matter what, the sound of the air was exposed.

"Be careful!"

One of the black killers snorted and hurriedly bowed.

However, not everyone has reacted.

"Oh!"

Megatron swept the big sword in his hand, and a head was thrown up. A killer couldn't respond and was directly beheaded.

Now, there are only two people left in the trio!

These three killers are also the first to see a sword that will be deformed, but they are anxious to find Ye Xuan, so they are too lazy to entangle with Megatron.

Unexpectedly, I ate a big loss!

"Kill him!"

The black-handed killer who had just reacted to him screamed and smashed the past.

At this time, suddenly a black shadow came out from the side.

"what?"

The black-handed killer didn't expect to lurk around the people, so why didn't his spirit be sensed?

In this way, this figure is directly across his spiritual distance.

Fast speed!

"Dead!"

With the hidden air of Ye Xuan, he directly killed it, and the thunder of the thunder in his hand directly penetrated the chest of the black killer.

"Zizi!"

The chest of the black-handed killer was pierced, and the day the thunder was turned into a coke, and it died in an instant.

The thunder of the thunder is the best of the best in the middle of the world. Even if the master of the four-passenger is a master, it is possible to be killed, not to mention the black killer.

In the blink of an eye, there is only one left of the three killers.

"Zizi!"

When Ye Xuan killed the man, the thunder of the thunder was a dazzling thunder, and the electric snake flew into the body of the last person, directly paralyzing it.

"The Eye of Burning!"

"The Eye of the Illusion!"

"The eye of control!"

The killer was frightened, full of sense of crisis, and even smelled the atmosphere of death, so there were too many flaws in his heart, which was directly controlled by Ye Xuan.

"Hey, take control of success!"

The system prompts.

The three killers, two dead, one live catch, this is just what happened in the blink of an eye, this is the end of the opposite of Ye Xuan!

Ye Xuan directly took the three-person Qiang Kun ring and then swallowed the things inside. Unfortunately, he could not let him break through.

Then he found the task sheepskin roll inside.

"Catch me and reward 30,000 hearts?"

Ye Xuan's eyes lit up, so many rewards, he wanted to grab himself to change, but did not expect, even worth so much money.

However, it is impossible for the mission of the local government to write who issued it.

However, he also provoked a party here, that is, the Xuanshui Thunder family, the middle-aged people have already shot him, so this reward task must be released by the Xuanshui Thunder family, this is beyond doubt.

"Is there any other killer to take this task?"

Ye Xuan turned and asked.

Chapter 1170: See also old acquaintances

"We were the first to discover this task, but this task is not unique. We took it, and everyone else can take it." The black killer replied.

For the goal of becoming a reward for the task, Ye Xuan does not have much emotional fluctuations. Since the Xuan Shui Thunder family wants to arrest him, when he returns from the black chaos, it is the time when the Xuan Shui Thunder family is destroyed.

But before that, there are still a lot of things that Ye Xuan wants to inquire about.

"Where did the tasks of arresting the brothers and sisters go to where they are after they finished?" Ye Xuan asked again.

"It will be sent to the black chaos." The black killer answered the truth.

Black chaos!

Sure enough, it is a black chaos!

Ye Xuan paused. Before Ling Xiao said, the people sent by Tian Leidian to investigate said that these tasks first appeared in the black chaos. Now it seems that the black hands behind the release of these tasks should be in the black chaos. bingo.

"Okay, there is one more thing."

Ye Xuan nodded slightly and said: "Do you have a killer called Mo Xueyi?"

"Mo blood clothes?"

The black-handed killer browsed and carefully thought about it for a while, but also shook his head: "The name has not been heard, because we don't know each other, unless there is a private relationship, at least I have not heard of it."

Hearing this, Ye Xuan is also helpless and shaking his head. This is how long it took him to break through from the Vientiane to the second place, and the harder the realm is, the harder it is. The Moxie is even a reincarnation. It is not so fast. ?

"but....."

At this time, the black killer suddenly remembered something, said: "There is a new **** killing recently, the task completion rate is 100%, the efficiency is extremely high, but I just heard the name, I don't know if it is What the owner is looking for."

"what?"

Ye Xuan was shocked, and suddenly there was an impulse to fan this guy.

Blood kill!

Bloody killer, is it, is the blood coat?

"Mo blood clothing is the real name, and the killers are generally code-named, this blood kill, perhaps the code name of Mo Xueyi!"

Thinking of this, Ye Xuan's eyes not only burst out of two fine mans, he thought he had lost the whereabouts of Mo Xueyi, now it seems that it is not necessarily.

"This blood kill, the last time in which city's prefecture branch?" Ye Xuan asked again.

"in....."

The black killer just wanted to answer, and Ye Xuan's tiger body was a shock. He felt that a very fast person leaned against him.

"This breath..."

If it is the average person, Ye Xuan will not pay attention to it, but this breath is very familiar to him.

"Kid, I know you found me, don't come innocent!"

A familiar voice fell into Ye Xuan's ear.

"Mo blood clothes!"

Ye Xuan could not help but exclaimed.

It is true that Cao Cao, Cao Cao will arrive.

He did not expect that the mission of Xuan Shui Thunder was also seen by Mo Xueyi, and he learned his whereabouts.

"Yes, it's me!"

A black shadow slowly emerged from the forest, almost to be integrated with the darkness. This hidden means, even the black-handed killer beside Ye Xuan felt horror.

If Ye Xuan has the eye of perception and the eye of insight, he can never find this black shadow. This is the power and horror of the reincarnation.

"The gateway is double, just like me now!"

Ye Xuan's face changed and it didn't feel very good.

On that day, he suppressed the realm of Mo's blood-stained clothing, and Mo Wenyi also fought a battle with Leiguang City, and consumed a lot.

Today, he and Mo Xueyi are in the same realm. The other party is coming to him, so this battle may not be easy.

"I didn't expect that in such a short period of time, you will break through to the secluded environment. Your qualifications are already top-notch in this area."

Mo blood clothing has not yet meant to start, slowly said: "I am a reincarnation, with thousands of years of memory, so far is not only a double-church, you can get my attention."

In his previous life, he has seen the genius of a hundred times, one thousand times or even ten thousand times better than Ye Xuan's qualifications. However, don't forget the geographical difference.

This place under the foot is a barren to the extreme for the reincarnation of Mo Xueyi. The place where he lived in the past life, the strength of heaven and earth is countless times here. Even if he goes to the restaurant to spend money, he can easily create a nirvana. Strong.

Even smokers like the Yihongyuan are long-lived.

"Get your attention? Should I thank you?"

Ye Xuan did not feel any glory, but instead smelled a dangerous atmosphere that was targeted by the wolf.

"I am a reincarnation of the blood-shirt wheel. It is your pleasure to meet me. Although I don't want to kill you, it will be a lot less fun, but I will go all out."

When Mo Wenyi finished, he raised his dagger and said: "The last time you and I fought a battle, I couldn't kill you, but I was embarrassed to escape. Today, as long as you pick me up, if you can live, this I will let you go."

"Great tone!"

Ye Xuan is very dissatisfied to say that he is also a realm of Mo Xueyi, and can also be challenged by the level. Now, this Moxie even threatened to shoot only once, which is too small to look at him.

He has an eternal eye. As long as the two eyes are destroyed at the same time, you can use the blood of the **** of life to recover.

However, this Mo Xueyi tried various killing methods on the same day, but failed to succeed, so he also knew that Ye Xuan had to be blasted into fly ash.

"are you ready?"

The body of Mo blood was so angry that the breath of the whole person became very dangerous. Even Megatron couldn't help but shake it a few times. The black killer was scared back.

"Young Master, I am coming!"

At this time, the fall is also felt in time, and then directly cast the eyes of charm, and add the soul strength to Ye Xuan.

"This little girl is tricky, but you pick me up!"

Mo blood clothes suddenly shot, with the beheading in his hands, a smoldering of the infuriating and the power of Vientiane, and rushing to Ye Xuan.

Ye Xuan's eyes widened, and he had been using the eye of insight to observe Mo's blood. He could not transcribe this martial art.

Therefore, this move is extraordinary!

"Megatron!"

Ye Xuan hurriedly made Megatron a hard shield. At the same time, he also wore a brilliant gold armor and applied thunder.

Not only that, but Lei Mingzhu directly turned into a brontosaurus, opened the mouth of the blood basin, and erupted a huge electric column.

"Thunderbolt growls!"

"Yanlong is unparalleled!"

"Booming!"

One thunder and one inflammatory, the two kinds of different attributes of the true gas collide with each other, the air wave instantly shocked hundreds of thousands of meters away, the trees on the way, the heavenly beast and the heavenly treasure, were instantly smashed.
