

## Super D. S 1171

Chapter 1171: Black chaos

The power of Vientiane, all-encompassing, and the integration of the true gas can form lightning, flames, etc., the effect is very much.

The two kinds of thunder and fire itself are very overbearing attributes, but Mo Xueyi has such confidence, because this trick is the magical power he once liked most.

Later, he continued to improve this move, and has been promoted to the reincarnation, the name is Zhenyanlong Wushuang, who once burned a piece of ocean to dry.

Although it is not the real fire dragon, it is only the original supernatural powers, but even if it is a strong five-way powerhouse, I am afraid that it will die under this trick.

Even with the glamorous eye blessing, the Thunder Dragon Howler did not block the blow, but at the moment Raymond was about to be destroyed, another burst of energy broke out.

"Tianlei is dead!"

"Boom!"

A wave of sweeping waves from all the way, shaking the body of the dragon, but this power, but failed to destroy the dragon.

"Calling!"

"Hey!"

Lei Mingzhu was swallowed by the dragon and broke into powder.

Yanlong swept away, and Ye Xuan was immediately engulfed by Yanlong. This hot breath instantly ignited Megatron, and it was easy to defeat Ye Xuan's thunder, even the brilliant gold armor. melted.

Fortunately, this dragon was weakened by the roaring of Thunder Dragon and the death of the thunder. According to most of the power, plus Megatron is a three-way, very hard.

Ye Xuan survived, but he lost more than a decade of life.

In order to resist the Yanlong attack, he used the power of infuriating and Vientiane, and the best of the old springs to form a protective cover, which blocked the attack.

Yan Long has no double shackles, just arrogant, but it is by the water grams, Ye Xuan thought of this method when he was in the millennium, so he could survive.

"You actually stopped it!"

The sound sounded, Ye Xuan looked forward, I saw, Mo blood clothes looked at him blankly.

Mo blood clothes did not think that, now his strongest blow, actually did not kill Ye Xuan.

He did not expect that Ye Xuan actually had the best of the old springs, which had a fatal temptation for the warriors below the long habitat.

"Just by you, want to kill me?"

Ye Xuan's burning wound began to warm up, and the brilliant gold armor reappeared. Megatron and Leimingzhu were also resurrected because they were magic weapons.

"I said, you can take this shot, it is your ability, let's go." Mo Xueyi said with a big sense of sorrow.

"Oh, is that..."

Ye Xuan's mouth tilted slightly and said: "Don't think that I don't know, it's just a trick that almost exhausts all your infuriating. Can you still fight with me?"

The eye of insight, seeing everything.

It is true that after the use of Yanlong Wushuang, the infuriating body of Mo blood-shirts is not much left, only one-fifth.

This time, but Ye Xuan shot a good opportunity.

After hearing the words of Ye Xuan, the face of the strong blood-stained clothes was changed, and the scene was turned into a streamer.

"Kid, the next time you meet, it's your death!"

Hearing this, Ye Xuan also screamed in his heart: "Day, this is another trick!"

This Mo blood suit is really difficult to entangle. If you can't strike it immediately, can you kill him and complete the revenge mission?

Mo Xueyi knows that Ye Xuan has a hollow eye, so it is going deep in the Viper Valley. Ye Xuan is also rushing to catch up, because he knows that Mo Xueyi's escape method is definitely flawed.

No matter what, this means of escape, the speed is simply exploding.

At that time, Ye Xuan was a higher level than Momo's blood coat. Now he only has the same level as Mo Xueyi, and it is impossible to catch up.

"This is not a \*\*\*\* clothes, it must be a successful refining of the blood and gold, and he is a reincarnation. If you don't kill, you will endless trouble!"

Ye Xuan thought secretly.

What is the most terrible enemy?

It's the enemies that you hide, you don't find, and Mo's \*\*\*\* clothes are the old-fashioned killers who have lived for thousands of years. It's not a fun thing to be stared at him.

Ye Xuan knows that this Mo blood coat is a stepping stone for him. Only when he loses again and again, the realm will rise faster.

Anyway, this time is in vain, not only consumes the two skills of Lei Mingzhu, but also spends more than ten years of the best of the old spring, it is a loss.

"There is no time limit for the revenge mission. It really is not so easy to accomplish. It is really difficult to get the three-point swallowing point. Hey, next time I meet, I must make you look good!"

Ye Xuan was not willing to say a word.

He was only able to use the sword to return to the sect, and it was too late to use the sword to return to the sect of the blood, because the \*\*\*\* speed of Mo Xueyi was too fast, and it was simply unstoppable.

And he was worried that Mo Wenyi would recover after he recovered, so he must leave a hole card.

However, the best card is the realm.

"Hurry to break through, every time the Mo blood coat appears, the realm can keep up with me. If it is pulled too much, I will die!"

Ye Xuan continued to hunt the Tongtian beast regardless of the three seven twenty-one.

After the war, Mo blood clothes did not appear again, because an hour is not enough for him to recover.

After an hour.

"Hey, the host breaks through, and the current is a three-way gateway!"

The system prompts to sound.

Immediately, Ye Xuan's breath is skyrocketing.

"Even if it breaks through, I don't know how to deal with Mo's blood. If he recovers, I can't stop the trick without a card, and quickly withdraw..."

Ye Xuan thought of a move and immediately left the Viper Valley.

Fang Cai, he used a lot of cards, the eyes of the charm of the fall, the roar of the dragon, the death of the thunder and the best of the old spring, if the blood is coming again, he will only leave the void immediately.

Next, he did not dare to travel on land again, only flying in the air.

I don't know if the blood coat is folded back, or because there is no trace of Ye Xuan, Ye Xuan no longer touches the blood coat.

Two days later, Ye Xuan successfully arrived at the black chariot.

Black chaos, fish and dragon mixed, inside the gang is popular.

Among them, there are three top gangs, the first mad dragon gang, the second phantom gang, the third Zhengyang gang, and the remaining three sects, all belong to the three gangs.

The three parties are mutually restrained, but it stabilizes the situation in the black chaos. Otherwise, the black chaos will be dead.

Ye Xuan entered the main city of the black chaos, and at the sight of perception, he discovered that there are many powerful masters.

These people, at least for the sake of a secluded environment, even have a master of triple or even four.

However, this is not worth mentioning compared to those who have come to the forefront.

Chapter 1172: Start investigation

This time, Ye Xuan came to the black chaos, one is to find out the brother and sister case, and the other is to see if the black hand behind this scene is related to the yin and yang ancestors.

There are many disciples in Tianlei Hall who have been practicing here. This time, a lot of disciples have been sent to investigate, all for the reward of the 100,000 hearts.

Therefore, this task is almost always an independent investigation, and rarely tells others about the clues.

Ye Xuan also does not need clues because he is more convenient to investigate.

The division of the prefecture is spread all over the world, but the location of this branch is still not found.

In the black chaos, there are countless monks, and the killing atmosphere of each person is not weak. It is difficult to tell which person is the killer.

The black killer before, not a black chaos, he did not know where the black chaotic division is.

But don't forget, Ye Xuan has the eye of control.

"Hey, take control of success!"

Ye Xuan entered the city and glanced at it, which was to control a passerby who was a double passer.

"the host!"

This is a bad luck controlled by Ye Xuan, respectfully say hello.

"Do you know where the government branch in the black chaos is?" Ye Xuan asked.

"I don't know, but I know one person, he should be able to take the owner!"

This unlucky passerby shook his head.

"Okay, lead the way!"

Ye Xuan should be.

Then, this unlucky passerby led Ye Xuan to find someone. On the way, Ye Xuan knew that the person he was looking for was a guardian of the phantom gang.

Soon, Ye Xuan came to a house.

"Well, let's go."

Ye Xuan said to this unlucky passerby.

There are quite a few people in the mansion, and there are also one or two in the world. But the strongest one is the four-way.

In this black chaos, Ye Xuan still dare not directly hit the door, so he can only visit.

"Hello, is there something?"

After Ye Xuan approached, a gatekeeper's one-passenger was asked.

"I have some things to look for in Yao Huo, please let me know." Ye Xuan said straight to the point.

"Yao Huo Law is taking a break, not seeing guests!"

The warrior replied that he knew that Yao Hufa had been injured in a fight and was being healed.

Although he felt that Ye Xuan was not a small man, but he was tempted to disturb Yao's law, if Yao's law was furious, he would be in trouble.

"That can't be you!"

Ye Xuan's light flashed and he was directly controlled.

"Master, please!"

After being controlled, the warrior's suffocation was instantly dissipated, and Ye Xuan was respectfully brought into Yao.

Immediately, this warrior led Ye Xuan and found Yao Hufa.

"Zhou Huarong, who is this?"

A burly man suddenly stopped Ye Xuan.

"There are three levels of glory, but these phantom gangs are good at soul attack and defense. My eye of control is not necessarily successful immediately. If it fails, I am afraid I will get the whole phantom help..."

After thinking about it in the heart, Ye Xuan decided to give up and said: "I want to find Yao Huofa to ask about the location of the local government branch."

"It turned out to be like this. I know that, you give me a thousand hearts, I tell you." The burly man said.

"it is good!"

Ye Xuan said nothing, directly took out a thousand hearts of the magic Dan, lost the past.

"Slow, black and sloppy land is divided into doors, just under the drunk Yang Restaurant, enter the door, kill!"

The burly man said.

"The secret number, kill?"

Ye Xuan muttered in his heart, and even if he turned around and left, he thought that this Nima money was too good to earn, and in one sentence, he had a thousand hearts.

However, the things he got from the two controllers alone are more than a thousand hearts, and it doesn't matter.

"Zhou Huarong, after sending this friend away, come to me." The burly man shouted.

"Yes!"

The warrior named Zhou Huarong nodded.

Ye Xuan left the house of Yao Hufa, and then walked straight to the drunken Yang Restaurant.

After Huarong sent Ye Xuan to leave that week, he also turned around again and went to find the burly man.

"Yao Hufa has told me that no one can bring in it. You dare to violate the order. Are you a traitor?"

After seeing Zhou Huarong, the burly man was rushing up and slamming Zhou Huarong's throat.

"No, no..."

Zhou Huarong opened his mouth in a difficult way, revealing the faint color.

"Yao Huo Law was seriously injured in the past few days. I suspected that there were traitors in the government. You brought people in this time. Could you just want to attack Yao's law again?" The burly man screamed, his eyes widened, and he wanted to eat. Look like that.

"No....."

Zhou Huarong is still shaking his head.

"Give you three seconds, say the same party, otherwise, die!" The burly man ignored the other party's answer and yelled.

"I do not have....."

"Oh!"

A crisp sound spread, a skull was thrown up, and blood sprinkled on the wall.

A burly man with a hand knife is to kill Zhou Huarong without any feelings.

"Even if you don't say it, I can find it!"

The burly man is cold.

Just after Zhou Huarong's death, a door behind the burly man was opened, and a slightly weak old man came out from inside.

"Yao Huo Fa!"

The burly man hurriedly said hello.

"The traitor finally couldn't sit still, but it was a tough guy." Yao Hufa said as he walked over and set off Zhou Huarong's shackles.

He estimated that this Qiankun ring inside, maybe there are any clues to see who wants to put him to death.

After checking it for a while, he was helpless and shook his head: "There is no clue. Do you send someone to follow the kid?"

"It has already gone!" The burly man nodded.

"Very good, report it to me if there is a clue."

Yao Hufa nodded and turned to prepare to return to the house to resume his injury, but at the moment he turned, the wind blew.

"Huh!"

The burly man suddenly shot, a hand knife, directly into the left chest of Yao Hufa.

"puff!"

The big hand did not enter the body of Yao Hufa, and touched the beating heart of Yao Hufa.

"you....."

Yao Hufa's eyes widened, but the voice had not yet fallen. He heard a '噗' and his heart had been pinched.

He couldn't think of it. He was killed by the most trusted person. You must know that the burly man was raised by his own hands. Although the two had no blood relationship, he was also a father.

Unexpectedly, the other party turned out to be a traitor, just to make a show for him to show his flaws.

"Yao Huofa, sorry, your head is worth 30,000 hearts, and with these, I will be able to break through to the four times!"

The burly man opened his mouth and smiled, and hurriedly collected the bodies of Yao Hufa and Zhou Huarong, and then packed up the scene.

The death of Yao Hufa can be pushed to the young man.

This young man is Ye Xuan!

At this time, Ye Xuan, who was heading to the drunken Yang Restaurant, suddenly frowned.

Chapter 1173: Prefecture branch

"Uh huh? Dead?"

Ye Xuan is a bit strange, his brows are wrinkled.

He felt that the man who took him into Yao's house was killed.

How long has this been?

Less than a minute!

Ye Xuan's light flashed, and suddenly he felt that two people were following him.

It seems that he is being stared!

"Although it is in the city, on the street of the main city of the black chariot, there is no killing, or be careful, lest it be overcast."

Ye Xuan just reminded himself, and then suddenly jumped into the sky.

"Hey, take control of success!"

"Hey, take control of success!"

The two systems prompted to sound, and the two people who followed him were instantly controlled by him.

"You two, Yao Yaofu, let me follow what I do?" Ye Xuan frowned.

"In the past few days, Yao Hufa was seriously attacked by people, so Xiong Daren sent us to follow the master, and the main person also came to attack Yao Huo." One of them replied.

"Bear adult, is that strong man just now?" Ye Xuan brows a pick, it turned out that he was misunderstood.

That being the case, then he is too lazy to go back to revenge, or go to the drunken Yang Restaurant to investigate.

After he took away the things in the ring of the two people, he continued on his way.

Soon, he found the drunken Yang Restaurant.

This drunk Yang Restaurant looks very ordinary, but Ye Xuan feels it with the eye of perception. He found that Crouching Tiger, Hidden Dragon, and many masters are eating inside.

At the same time, there is a hidden array in one corner, leading to the underground.

"It seems that the bears are not talking about it. This drunk Yang Restaurant is indeed a branch of the government."

In the heart of Ye Xuan's heart, he stepped into the drunken Yang Restaurant. At the moment, there is a Vientiane, the nine-small second welcoming.

"Guest, do you want to tip or stay?"

Xiao Er asked with a smile.

"kill!"

Ye Xuan whispers a sentence.

Xiao Er immediately understood, "Guest, here please!"

Then, the second child came with Ye Xuan to the corner where there was a battle.

Xiao Er thought that Ye Xuan often came, so he did not ask much, let Ye Xuan go straight.

Under the drunken Yang Restaurant, it is a branch of the government, where you can pick up tasks or post tasks.

Because of the clever array of methods, the atmosphere underneath was not felt before Ye Xuan came in.

After Ye Xuan went down, I discovered that it was Crouching Tiger, Hidden Dragon.

"There are several five-passenger gateways, and even six gateways..."

Ye Xuan brows a pick, the heart can not help but tremble.

With his current strength, it is not a problem to deal with the five-point situation. However, several joint efforts will not work, let alone the six-point environment.

But he is not worried because he is only investigating.

"Hello, I think you are a little bit pregnant, is it the first time?"

A waiter from the local government greeted him.

"Correct!"

Ye Xuan turned his head and glanced at it, directly controlling the waiter who was in the same position.

Ordinary people enter the local government, whether they are picking up tasks or publishing tasks, they must hide their identity.

Ye Xuan is good, directly to the human face.

Of course, it may be easy to accommodate.

"Do you want to release the task, or be a killer, take the task?"

Although the waiter was controlled, but in order not to be exposed, so pretend to say.

"Show me the list of tasks." Ye Xuandao.

Then, the waiter took out a booklet and handed it to Ye Xuan.

I have to say that the task of this black chaotic branch is almost a blast, with tens of thousands.

You must know that the land government was almost always a murder task, which means that there are tens of thousands of people on the list of rewards.

Ye Xuan copied the entire booklet into the super-phagocytic system and then took a cursory look.

"There are more than two hundred tasks for catching brothers and sisters?"

Ye Xuan hit a chill.

The goal of these two hundred tasks is to be brothers and sisters, and the age difference is less than one year old, at least the distance is nine.

Originally there was a huge situation in Vientiane, but this task was too easy to complete and has been robbed.

"This task is not released by the same person, but it has the information of these brothers and sisters. As long as the local killer finds someone, it will be completed if arrested."

Ye Xuan noticed this.

Need so many pairs of brothers and sisters, there must be a bit tricky, which anyone can guess.

These rewards add up to more than four million demons, which is enough to create a seven-powered warrior.

Before Ye Xuan guessed, this is the yin and yang temple people arrested brothers and sisters, and then brought back to cultivate.

It seems that it should not be like now.

Because the yin and yang temples are personally sent down, the strength can be swept. If you have this information, you can do it yourself. Why bother?

Of course, there is no other possibility.

Perhaps, the yin and yang temples have a large demand, so they are released in layers, and after arresting people, they are submitted one by one.

In this case, it will be an astronomical number.

Just don't know, which is the situation.

But no matter which one, Ye Xuan must investigate clearly, because this is his purpose to visit the Holy Land.

"This task list, can I take it?" Ye Xuan turned and asked.

"Yes, the above are all tasks of killing and arresting people. As long as they are completed, it is good to bring the 'letter' to hand in the task." The waiter nodded.

The task list, how much is there, as for the tokens in his mouth, if it is killing, it is the body, etc. If it is arresting, it is natural to bring people.

However, Ye Xuan's purpose here is not to pick up tasks and post tasks, but to investigate.

At this time, the land government branch suddenly came in three figures.

The three men, one of them dressed in black, with a bandit and a face towel, hide their identity.

In his hand, he held two chains, which trapped a man and a woman behind him.

"Someone is going to complete the task!"

Ye Xuan's eyes lit up.

He felt that the killer who came to complete the mission was a three-way secluded, while the man and the woman behind him were all one-of-a-kind.

"No, don't, don't give us to the land!"

"I beg you, that 15,000 hearts will be we will get together, I beg you to let us go."

The brothers and sisters were asking for mercy behind them, but the black-handed killers who took them were unshakable.

joke!

Killer, will you be a pity?

"Man, hand in the task."

The black killer said with a low voice.

A local waiter greeted him and looked up the task list. He said: "The 173th mission, Zhu Xingqiang, Zhu Xinglin's brother and sister, rewards 15,000 hearts. But the identity has yet to be verified."

"no problem!"

The black-handed killer nodded and handed the chain in his hand to the waiter. Then the waiter took the two to the back of the government branch and asked the special person to verify the identity of the two brothers and sisters.

Chapter 1174: know me?

The face can be easy to accommodate, but some can't be changed. There are still many ways to verify the identity, such as the cockroaches on the buttocks.

However, before the two were taken away, Ye Xuan took control of it and controlled it.

In this way, between him and the two brothers and sisters who are controlled, there is an induction, and then he can know who the two brothers and sisters were transferred to.

"Good luck!"

Ye Xuanyi opened his mouth and smiled, and pretended to look at the task list in the local government branch.

Soon, the waiter came out, and then brought out the reward of 15,000 hearts to the black killer.

"Your, your mission is complete, have some new tasks recently, do you need a task list?"

The waiter asked.

"Get one!"

The black killer nodded.

Then he left the local government branch with a new task list.

"Catch a pair of brothers and sisters who are in a secluded environment, rewarding 15,000 hearts and minds, which is too good to earn. It is no wonder that the killers have changed to be traffickers."

Ye Xuan licked his lips.

If this is known by Ling Xiao and Ling Xiao, they are expected to be very sad, because they are also a double-passenger, and the two people add up to the reward of 20,000 hearts and devils. You know, they are the core of Tianlei Hall. disciple.

It is estimated that the local government of this area does not want to provoke the Tianlei Hall, so deliberately swallowed some of the rewards.

"Well? The two brothers and sisters started moving."

At this time, Ye Xuan's brow suddenly picked.

In this branch of the government, there is also a back door, but it is used by the people inside the government. The brothers and sisters who were arrested were sent away from the back door.

When Ye Xuan left the local government branch, he began to follow the feelings of the brother and sister.

The brothers and sisters were put into a carriage, and Ye Xuan followed behind the carriage.

After more than ten minutes, the carriage stopped and was in front of a big house.

"Yufu?"

Ye Xuan brows a pick.

He heard that, Yufu is a sinister gang to help the lord, it is difficult, the task is to release the task is to help the lord?

At this time, the two men on the carriage were taken down and sent to the palace.

"This sci-fi help the Lord, at least the six-passenger, and the innumerable masters, it is very unwise to go into the investigation."

Ye Xuan shook his head, ready to go back to the government, and so on, to see if the master had a new brother and sister caught.

He felt that this was not so simple, because the carriage was too swayed, it is not a secret.

However, at this time, suddenly one person walked toward Ye Xuan.

"Five clear five?"

Ye Xuan's heart trembled and was ready to go around.

"stop!"

A violent drink, let Ye Xuan step by step.

An old man in black came over and said, "What are you doing outside the House?"

Upon hearing this, Ye Xuan was gloomy and wanted to use the previous method to escape the robbery. Or, he could cover up the past with the identity of the core disciple of Tianlei Temple.

He turned and looked at the strange old man in black and said: "I am the core disciple of the Tianlei Hall. I came here to investigate the brothers and sisters in the government."

"It's Tianlei Hall again. When did Tianlei Temple manage so much?"

The old man in black is very unhappy, ready to drive Ye Xuan to leave, but at this time, his brow suddenly picked, and his eyes flashed a touch of surprise.

"This kid, isn't that the Xuan Shui Thunder family let me pay attention?" The old man in black was surprised.

He received the news that Xuan Shui Thunder family let him pay attention to a person, this person is Ye Xuan.

"I heard that the son of the first dragon of the Xuan Shui Thunder family was killed, and then let me search for memories to confirm whether there is such a thing. Hey, this kid is really coming to the door."

The black man opened his mouth and smiled. He was the man who was proficient in the soul of the Xuan Shui Thunder family elders.

The original thing of arresting people was done by the killer of the local government, but since he met, he will do it for a while, and then he will knock it again.

However, the eyes of the old man in black are captured by Ye Xuan.

"This old guy, know me?"

Ye Xuan's heart trembled, he had an intuition, and the old man in black was not good.

"Boy, I know one or two elders of the Temple of Heaven, this is the case, let's go." The old man in black suddenly said.

"Let me go?"

Ye Xuan is very surprised.

Although the phantom gang is one of the three major forces of the black chaos, this black old man as a phantom help elder, there will be no problem in the city, but the Xuan Shui Thunder family asks the black man to do things, not too I have to sway, so I must sneak in.

"Yes, let's go, don't come again, this is not something you can manage." The old man in black nodded.

"If that's the case, then leave..."

Ye Xuan clenched his fist and prepared to turn and leave.

But when he hadn't finished talking, suddenly one person exclaimed: "It's him!"

"Ok?"

Ye Xuan and the old man in black turned his head and found three people coming towards him.

These three people are wearing costumes of the phantom.

"You three, recognize him?" The old man in black was flashing and asked.

"He Changlao, Yao Hufa was assassinated in his house, and the great man asked me to spread the portrait!"

For the first person to take a picture from the Qiankun ring, this portrait is exactly Ye Xuan.

This is the case, but I was scared of Ye Xuan.

Yao Hufa is dead, what is it about him?

However, he reacted in an instant, and he was framed, and the person who framed him was probably the great man.

"not good!"

Ye Xuan's face changed greatly and turned around immediately.

"Good boy, I dare to kill my phantom help law, find death!" The old man in black shouted.

He was still looking for an opportunity to leave Ye Xuan. Now, he has an excuse for being justified.

At the moment when Ye Xuan turned around, the eyes of the old man in black were bursting out of two fine mans, and the two men were not in the eyes of Ye Xuan.

"Soul attack?"

Ye Xuan Hu body shocked.

The phantom gang, who is good at soul attack and soul defense, is extremely difficult.

"Hey, using a soul attack in front of me, you are not qualified enough!"

Ye Xuan Shuangyu is also a golden mans.

The eye of glory!

As long as you cover your eyes, the other party can't cast a soul attack.

However, even if Ye Xuan closes his eyes, there will be no slight decline in combat effectiveness.

"Try me!"

Ye Xuan's mouth is slightly tilted.

Burning eyes!

Eye of the illusion!

"What, this kid will?"

The old man in black was a little surprised, and his face twitched a bit, because Ye Xuan was indifferent under the attack of Fang Cai.

This soul strength is not ordinary!

However, he was influenced by the attack of two souls of Ye Xuan.

"I didn't want to make a big noise. Now, don't blame me!"

Chapter 1175: Forced to do it

"I didn't want to make a big noise. Now, don't blame me!"

Ye Xuan's face suddenly became gloomy, and the hand of the Tianjian sword clenched, directly condensing a golden sword.

"Overlord Promise Sword!"

"boom!"

Jin Jian landed, the old man's shoulders and hair burst out, but fortunately he was prepared, otherwise the hit was seriously injured.

However, the three phantom gangs behind him were not so lucky. They all had broken bones and died on the spot.

"Kid, dare to kill my phantom help, find death!"

The old man in black can't sit still. Since the soul attack has no effect, then it will come hard.

"Megatron, Lei Mingzhu, give it to me!"

Ye Xuan directly took out two magic weapons, and at the same time, it condensed a battle of the thunder.

"Hey, Yu Jian is useless to me!"

The old man in black is cold and cold, and directly shakes Megatron and Lei Mingzhu with the power of Vientiane.

"Thunderfield!"

Ye Xuan put the thunder in his hand into the ground, suddenly, thunder and lightning, countless electric snakes burst out, but it was blocked by the old man in black.

If it is about combat effectiveness, Ye Xuan is definitely stronger than this black old man, but he is now at the door of the phantom gang, so be sure to speed up.

When the old man in black was dragged down, Megatron and Lei Mingzhu quickly changed shape.

Megatron turned into a \*\*\*\* of war, and the big sword fell to the old man in black.

Lei Mingzhu also stretched out numerous spikes, ready to shoot the old man in black.

"The way you kidnap is quite a lot, give me a roll!"

The black man's body trembled, and a powerful Vientiane force once again made both Megatron and Lei Mingzhu fly.

It is at this time.

"You are finished!"

Ye Xuan's mouth tilted slightly, and in the meantime, Lei Mingzhu was the power of a thunder, which became a thundering dragon.

"Thunderbolt growls!"

The Lei Fei Feilong opened his mouth and opened his mouth with a large mouth.

"what?"

The old man in black did not think that Lei Mingzhu had such a change. He was negligent. Then he would pay for his own ideas.

"Zizi!"

"boom!"

The huge pillar of Tianlei fell, and the body of the old man in black was drowned. This Thunder Dragon roar was a card of Ye Xuan, and its power was extraordinary.

Ye Xuan estimates that the old man in black is dead.

"Still, stop!"

"Don't dare to kill Ho Chang, find death!"

"Block him!"

Suddenly, the road rushed and spread, and in the range of Ye Xuan's induction, the masters of the phantom help rushed toward him.

These three people are all five in awesome!

"Since I have sent so many masters, I can't let you disappoint!"

Ye Xuan became a claw in his left hand and began to sweep out quickly.

Zuo Qinglong explores the claws!

At the same time, there was a figure behind him.

Fall!

There is a good place for planting space, and the fall has already broken through to the triple of the secluded environment. When she sees a battle, she also laughs and then plays a hundred foxes.

"Hold them!"

Ye Xuan said to the fall.

"No problem, young master."

Falling said with great confidence.

The old man in black is still a bit tolerant. In the face of the roaring of the dragon, he can still insist, but in the roar of the dragon, he can't do anything but resist.

Can Ye Xuan, but can!

"This blow, send you back to the West!"

A silver sniper broke through the air, and the old man in black who resisted the roar of Thunder Dragon was instantly smashed his head, and then was snarled by Thunder Dragon to become a coke.

Five strong people in the clearing, dead!

Although it was said that the card was used, it was quick because it was making trouble at the door of the house.

After the death of the old man in black, Ye Xuan quickly swept past and took it away.

There are many things in the Qiankun ring, many of which are to enhance the soul, which is cheaper Ye Xuan.

"Hey, Megatron breaks through!"

A system prompts to sound.

After Ye Xuan swallowed the ore and weapons in the Qiankun ring, Megatron was upgraded and reached the four-point gateway.

The old man in black died, then Ye Xuan again set his sights on the three elders who came out from the illusion.

The three gateways are fivefold, what about it?

"Come on!"

Ye Xuan shouted loudly, this time, he is going to break through to the four times.

In addition to these three elders, there are a lot of masters who are three-way and fascinating. They are just right, Ye Xuan and Luo can use them to drag the situation.

"The eye of control!"

Ye Xuan began to control, let these controlled people sneak into the phantom help of the four sides.

"Young Master, let me come!"

At this time, the fall suddenly said in his mind, the next moment, Ye Xuan is to see the top of the fallen head, a pink eyeball.

Eye of charm!

Before falling, she used the enchanting eye to give Ye Xuan the strength of her soul. Today she is the first time to deal with other people.

"What is this ghost thing?"

"Fox, that little fox is a fox, be careful of her charm..."

"Hey!"

"No, some people are charmed!"

In the blink of an eye, dozens of people are controlled by the eyes of charm, and then attack the savvy savvy helpers around.

"I rub, group charm?"

Ye Xuan is shocked, this enchanting eye is really powerful, a trick has charmed so many people.

"Kill the little fox!"

One of the phantoms helped the elders to anger.

All three of them were killed.

"Hey, just rely on you, dare to move the young master?"

The fall was very disdainful, and the six tails were unfolding behind her. She waved her hand and there were seven flames floating on her chest.

Then, the seven flames suddenly merged into one, and a seven-color lotus flower was born.

Falling out of the seven-color fire lotus in his hand, squatting to the middle of the phantom to help the elders.

This phantom gangster is gloomy and difficult to escape. He feels that this seven-color fire lotus contains great energy. If it is bombarded, I am afraid that there is no bone.

Available at this time.

When the seven-colored demon fire was passing over the shoulder of this phantom to help the elders, it suddenly bloomed.

"Seven colors of demon fire, seven bursts!"

A strong breath spread out instantly, and everyone was trembled.

"Boom!" "Boom!" "Boom!" "Boom!" "Boom!" "Boom!" "Boom!"

After seven full explosions, the sound was connected almost instantly.

The warriors who watched in the distance couldn't help but tremble. This trick, the girls are cool.

This trick is a new skill that falls, looks cool, and power is beyond imagination.

After the seven explosions, the phantom elder was blown up without bones and the broken limbs were numerous.

Not only that, but the other two elders were also affected and seriously injured.

"Young Master, it's up to you."

At this time, the falling suddenly suddenly laughed, but the blow was a card, she consumed too much, so she could only hand it to Ye Xuan.

Chapter 1176: Ling Yao Elder

Ye Xuan also came back from the hustle and bustle, his mouth slightly tilted.

At the same time that he was shocked by the power of the move, he was not looking at it. The Thunderbolt had already sneaked away.

"Oh, let's have another big bang!"

Ye Xuan's face sank and his eyes flickered.

Lei Mingzhu, Tianlei is dead!

Lei Mingzhu also burst into a dazzling brilliance, and the electric light shines directly, so that those who are lower in the surrounding realm are temporarily blind.

But Lei Mingzhu is not a flash bomb, its power is not weaker than the one that fell.

"Boom!"

There was another loud bang in the sky, and the two sorrowful elders who were seriously injured were both fallen.

"Haha, what a phantom help, weak to die!"

Ye Xuan's heart is very disdainful, and quickly plunges toward the bodies of the three people. This is the three ring-ups of the five strongest people. If everything is put together, it may be possible for him to break through to the four. It's heavy.

At that time, who else is his opponent?

However, it is at this time.

"Kid, dare to kill my illusory person, find death!"

Suddenly, the screaming screamed around and fell into Ye Xuan's ear.

Fantasy help the Lord, illusory!

When entering the black chaos, Ye Xuan has heard of this phantom helper. This person is proficient in soul attack. The best one is illusion. If he is glanced at him, even if his limbs are cut off, he may not be able to Woke up.

Therefore, this phantom helper can be said to be the most difficult one among the three gang leaders.

However, this does not have any effect on Ye Xuan.

"Fantasy eyes, give me through!"

The phantom help the master to flash, even through the brilliant face of Ye Xuan, let Ye Xuan fall into the illusion, this strength, for example, the black old man is several times stronger.

At that time, Ye Xuan was surrounded by earth-shaking changes. At this time, he was on an isolated island. This island is very small, and you can see the other one at a glance.

In the ocean next to the island, there are huge horrible sea beasts, all of which have the ability to swallow this island.

This soul attack is also the most powerful one I have ever encountered, but don't forget, Ye Xuan has blood.

"Cut, I have a nickname, called the illusionist!"

Ye Xuan snorted and instantly broke the surrounding illusion. The huge sea beast that opened the \*\*\*\* basin and was ready to engulf the island was also instantly destroyed.

"What, one will break my illusion? This is impossible!"

Fantasy can't believe it, even if the mad dragon helps the main iron dragon, or the gang of the Zhengyang gang is a fascinating scholar, can't break the illusion in such a short period of time, let alone Ye Xuan, the gateway to the triple playboy?

At the time of the illusion, Ye Xuan had already thrown three bodies into the planting space, and at the same time, everything in the ring was swallowed up by him.

"Hey, Lei Mingzhu breaks through!"

The system prompts.

It is a pity that Ye Xuan himself was not able to break through. He knew that he was still a little worse, so he used those ore and \*\*\*\* soldiers on Lei Mingzhu.

Lei Mingzhu and he did not grow a contract together, so Ye Xuan did not use engulfing, but used those ore and \*\*\*\* soldiers on the Lei Mingzhu, and spent a lot of super swallowing crystals.

The ore and the gods have spent a lot of money. If they are swallowed up by Ye Xuan, they will go further.

However, Lei Mingzhu's triple breakthrough from the secluded boundary to the four-passenger, its power will be greatly enhanced.

You know, it is not dead!

In this case, strengthening the Lei Mingzhu is much more than using it to improve your strength.

"Fantasy help the Lord, as long as you are married, I can break through to the four times!"

Ye Xuan's war was awkward and the whole person was boiling.

Who is the phantom helper?

One of the three big gangsters of the black chaos, the power is enormous, and the tens of thousands of people under the hand are all masters of the secluded world.

However, Ye Xuan is not afraid of him!

At this time, Ye Xuan, there is also a hole card, which is Wanjian Guizong.

"Megatron, come on!"

Ye Xuan has already prepared for this singular battle.

But at this time, the sky suddenly killed another figure.

"Boy, I will help you!"

A familiar voice sounded and fell into Ye Xuan's ear. He turned his head and saw that he had found a powerful acquaintance and swept toward him.

"Ling Yao elder?"

Ye Xuan could not help but exclaimed.

This Lingyao elder is the forging master who helped him build the thunderbolt. He wondered why the elder Ling Yao appeared in the black chaos.

"Fantasy, you are so courageous, dare to catch the grandson and granddaughter of Laozi, and come to life!"

Ling Yao's elders screamed and screamed at the illusion.

Upon hearing this, Ye Xuan finally understood why Elder Ling Yao was here. It turned out that he was the elder of the Tianlei Temple who was taken away from his granddaughter.

The reward of 100,000 hearts and devils is what he opened!

With the glory of this fascinating five-day Tianlei Temple elders help, Ye Xuan's confidence suddenly burst into shed, he suddenly changed his mind, do not have to return to the sword.

"Megatron, Lei Mingzhu to me!"

Ye Xuan immediately let Megatron lock the illusion.

Wan Jian is a card, because there are still a few people in the city who can threaten him, such as the tyrannical dragon to help the main iron dragon, Zhengyang help the frivolous scholars, and the gatekeeper of the local government.

Of course, what makes him the most taboo is that it will go without a trace, and every time you can escape the \*\*\*\* clothes!

"The district is in a three-way environment, and dare to do anything in front of me, die!"

The illusion directly ignores the Zhentianjian and Leimingzhu, and suddenly turns into a streamer to rush to Ye Xuan.

Although Ye Xuan has killed several elders who have passed through the five wonders, but the fantasy knows that Ye Xuan is using the cards.

Since it is a card, it should not be so easy to use!

However, when he plunged into Ye Xuan, suddenly a seven-color lotus flower floated.

"Seven colors of demon fire, seven bursts!"

"Boom!" "Boom!" "Boom!"

Another seven explosions spread, but fortunately, the illusion has long been prepared, coupled with his relatively high realm, is the six peaks of the clearing, will soon break through to the glory.

After the fall of this shot, he was unscathed!

At this time, there was a broken air on the side.

"The thunder and the thunder, the thunder burst!"

"Boom!"

Another explosion spread.

The entire black chaotic corner of the main city has been boiling up, gathered around tens of thousands of people, and the illusion is in front of so many people, was blasted to death by the thunder.

"It's so powerful, the strength of the glory of the elders of Ling Yao is estimated to be few rivals in the five-point environment. It is much stronger than the one I killed just now."

Ye Xuan could not help but sigh.

Tianlei Temple is not an ordinary force. Lingyao elders can become elders, not because he is Ling family, but because of his strength.

Ye Xuan and Ling Yao elders teamed up to be sure to kill this illusion.

Chapter 1177: Gentle scholar

"Old guy, you are looking for death!"

A glimpse of the faint eyes, ready to use the illusion of the elder Ling Yao, but before that, the elder Ling Yao suddenly closed his eyes.

Soul attacks usually require passing through the eyes. As long as you close your eyes, it is difficult to recruit.

Fortunately, after the warrior reaches the Vientiane, he has the spiritual knowledge. Although the speed of acceptance of the spirit is slower than the eyes, it can still fight.

"Hey, what about closing your eyes?"

The phantom chills and screams at the people behind Ling Yao's elders.

In the meantime, there were several warriors who attacked the back of Ling Yao's elders.

Fantasy, let these people have illusion, and Ling Yao elders are their enemies.

"Oh, it's a bit tolerant, give me a roll!"

Elder Ling Yao's cold voice, waving, these people are flying backwards.

Just kidding, he is a five-pointer in the secluded world. Is it the enemy of these two or three martial arts?

However, this illusion reminds Ye Xuan and reminds him of the fall.

"Fantasy lord, you taste this!"

Suddenly, I laughed and laughed. The next moment, the gang of helpers around the phantom gang was attacking it.

"Hey, a bunch of waste, give me to die!"

The illusion of disregarding these people used to be his men, even the number of palms, is to beat these people.

"Good guy, even killing yourself!"

Ye Xuan is a bit stunned.

However, these people have been controlled by the fall, and if they do not kill, they will only be more troublesome.

At this time, he thought in his heart, let himself and Ling Yao elders to contain the illusion, and then let the fall to collect the Qiang Kun ring.

As long as you collect a certain ring, you can break through to the four levels of peace, and it is easy to clean up the illusion.

However, at this time, suddenly there is a breath that is not weaker than the illusion, appearing here.

As he emerged, he was ready to attack the illusory Elder Ling Yao, and he could not help but stop.

"The mad dragon helps the Lord, Tielong?"

Ling Yao's elders were condensed and muttered.

The illusion is also very strange, said: "Iron, what are you doing?"

The visitor is a bald man. This person is one of the three gangs of the black chaos.

His realm is also the peak of the six-passenger, and the strength is not much weaker than the fantasy.

"You have had such a big movement, how can I not come to see?" Iron Dragon opened his mouth and smiled.

Having said that, the illusion is that the Iron Dragon is not good, and it is very likely that it is looting.

In the illusion of his own house, four elders who passed through the five secluded borders were killed. The phantom helped the strength to drop. If the mad dragons attacked at this time, the phantom help would be dangerous.

"Tielong, don't think I don't know what you are thinking. Do you think that I am fascinating and bullying? If I die, you will not be better!"

The phantom uses a threatening tone to remind the Tielong not to act rashly. As for Ye Xuan and Ling Yao, he can clean up himself.

"Hey, you have known that, I have long known that I didn't want to say it, but now that people are coming to the door, if I don't beat the dog, wouldn't I be sorry for those brothers who were killed by you?"

Iron Dragon suddenly took out a wide-back machete.

This time, the phantom gang found an accident, so he wanted to come down the stone.

As long as it can be used to eradicate the phantom gang, then there will be only two major forces left in the future.

In the three-point world, it becomes a double-legged, then those sites and people who are fascinating will be divided by the mad dragon and Zhengyang.

"The mad dragon, it seems that you are ironic to come and squat, so if you do, then come!"

The illusion is also ready for the death of the fish, glaring at everyone.

"Not too far, just in case, I found a helper." Tielong put his wide back machete on his shoulder and said slowly.

helper?

When I heard this, the fascinating face changed, and my heart suddenly remembered a figure.

"Helper, is it..."

The illusion exclaimed, but he had not said the name, and one person swept over.

This is a young man dressed in white and with a crown on his head, but his appearance is to make the fascinating heart tremble, and the action of the face twitching falls into the eyes of everyone.

Because, this appeared the Confucian youth, is the helper of Zhengyang Gang, one of the three gangs of the black chaos, frivolous scholar!

"Crazy scholar, you are late." Tielong said to the young man.

The young man of this Confucian smiled a little and said: "Sorry, I just wrote a couplet for the little sister next door to my house, a step later..."

It is hard to imagine that this age-old Wenru Youth, who is a few years older than Ye Xuan, is a savvy scholar of Zhengyang Gang.

Black chaos, mixed with fish and dragons, countless people.

But in this black chaotic city, there is also a well-respected person, that is, this frivolous scholar.

Zhengyang Gang is not the same as the other two gangs. This gang will not be deceiving. The gang is also a group of high-ranking warriors. There are few things that kill people and win treasures.

To put it simply, the black chaos is precisely because of the existence of the Zhengyang gang.

If there is no Zhengyang Gang, it is estimated that people can be seen from time to time on the street, and the black chaos is not expected to form such a good order.

"Crazy scholars, it really is you, you cooperate with Tielong?" Fantasy can't believe it.

Since the formation of the black chaotic order, the frivolous scholars have remained neutral, and only the phantom gang and the mad dragon have been able to fight.

But now, frivolous scholars have to intervene?

"You are the lord, you spend millions of demons, arresting so many pairs of brothers and sisters, you have done so, has inadvertently caused a lot of people." The frivolous scholar said to the illusion.

"Those tasks are not released by me. I am only entrusted by people to imprison these people."

The whimsy hurriedly answered, and he knew that this was the reason why the frivolous scholars came forward.

Now everyone around you knows that after the task of catching the brothers and sisters is completed, the brothers and sisters will be sent to the House of Sorrows, so naturally, the illusion is the behind-the-scenes of the task.

If you think deeply, this illusion has so many hearts and devils, why not practice it?

In this case, the illusory estimate has long since broken through to the glory of the seven times?

"Don't explain it, you must be practicing magic, or will you use so many hearts to arrest people?"

The iron dragon on the side is cold.

When the words came out, the people around them also had their eyes bright.

Yes, it is to cultivate magic power!

Otherwise, catching so many people to do, but also brothers and sisters.

When it comes to magic power, people around you will think of frivolous scholars, because this frivolous scholar is the most hated person who cultivates magic.

It is no wonder that the neutral frivolous scholars will come forward and cooperate with Tielong. This is the case.

Chapter 1178: Two words

"I do not have!"

The phantom face is gloomy, and he argues: "These people are all living well. Every half a month, there will be masters taking them away, not that I will take them to practice magic."

"Master? Who?"

The frivolous book is frowning.

If the illusion is true, then the black hand behind the scenes is practicing magic.

"I don't know, they all have clever camouflage, and their strength is much stronger than mine." Fantasy shook his head.

"Oh, this is just your lie. The strength is stronger than yours. Besides the Temple of Heaven, will there be a master to come to us?" Iron Dragon said coldly, and he did not believe it.

However, he has forgotten that there has been a strong man who has been in the mood, and although this place is a backcountry, it still appears to be strong.

There is no substantial evidence in the illusion, but everyone knows that he accepted those brothers and sisters.

As for whether those brothers and sisters are still alive, this is not known. Of course, even if they are alive, it may be that the magical cultivation of magical skills has reached the bottleneck and will not be used for the time being.

All in all, what the phantom says today, but also to die!

"Crazy scholars, we don't talk nonsense, the phantom help is in the black chaos, notoriously, today we will abolish him and say it again!"

The iron dragon shook hands in the wide back and said, turning his head to the frivolous scholar.

"it is good!"

The frivolous scholars also felt that they had come up with a three-footed Qingfeng from the Qiankun ring.

"No, you have to believe me, those brothers and sisters are locked in a prison in the depths of the House."

The phantom panicked and hurriedly defended himself.

In the face of two masters, he has no confidence.

If there is only Tielong, he can handle it, but now even the frivolous scholars are coming, he will be finished, because the frivolous scholars are strong, his phantom eyes have no effect on the frivolous scholars.

Originally frivolous scholars thought that the magical practice of magic, and now suddenly changed the idea, the reputation of the phantom help is the most stinky in the three major gangs, it is necessary to reorganize the black chaos.

"kill!"

Tielong is iron-hearted to destroy the phantom gang, naturally will not let the phantom escape, directly plunged to the back, blocking the fascinating retreat.

Now, the illusion is that the wings are difficult to fly, there are wolves in front, there are tigers in the back, and there are two venomous snakes in the left and right sides, Ye Xuan and Ling Yao.

"Dare to move me, you are dead!"

The illusion is a little angry and ruined. He knows that he is finished, but he does not want to die, so he can only use threats, hoping to make the frivolous scholars and the iron dragons retreat.

Iron Dragon may be afraid of it, but it is impossible to be a literary scholar.

"No matter what kind of backstage you have, today is the day when you are fascinated!"

When the frivolous scholars finish speaking, they are directly shot.

On the other side, the same is true for the Iron Dragon.

Looking at the three figures in front, Ye Xuan showed a helpless look. Originally, this illusion was his goal. Now he suddenly killed two passes.

He was actually robbed!

Intuition tells him that it is best not to intervene in this battle, he still go to find some phantom help, the elders trouble.

"Ye Xuan, let's not let go, go!"

At this time, Elder Ling Yao suddenly said.

The purpose of his coming to the black chastity was to find the grandson and granddaughter he had been arrested. Only then was the illusion that those people were locked in a prison in the depths of the House, so he immediately rushed over.

Ye Xuan also silently nodded. After scolding the three people in the air battle, they collected the spoils all the way and sneaked into the palace.

At this time, on a tall tower in the distance, a man in black looked at him.

"Damn, this illusory real waste!"

The man drank a low sentence.

"Door, are we going to take the shot?"

Suddenly a middle-aged man flashed to his side and asked.

"If it is a frivolous scholar who has not shot, it can help, but this frivolous scholar..."

The man in black showed a taboo look.

"The doorkeeper, why are you so jealous of this frivolous scholar?" The middle-aged man asked inexplicably.

"Humph!"

The man in black snorted and said: "Do you know that the person who had come to the black corner before him was related to this frivolous book?"

"what?"

The middle-aged man was shocked.

A fascinating scholar, is it related to a strong person?

Now, he finally understands why even the doorkeepers of the black and chaotic quarters are afraid of this frivolous book.

That's right, this black man is the door of the door of the black chaotic corner.

It is also him, released the task of catching brothers and sisters!

However, the heart of the devil is not what he spent, the task of picking up, but also others.

The two quietly looked at the sky above the house, the three figures of the battle, and finally decided to give up support.

This broken tooth can only be swallowed by yourself!

.....

Over the Yufu.

"Tielong, frivolous scholars, stop working, people have come out!"

The illusion hurriedly shouted.

He saw that Elder Ling Yao had already saved people, so that he should be able to prove his innocence, but the iron dragon and the frivolous scholars still did not stop.

"Fantasy, today we are ironic to destroy your phantom help, give up resistance."

While attacking, Tielong shouted: "You can rest assured that I will not hurt your life. You can find a place to spend your old age."

"Iron, I am your mother!"

When I heard this, I couldn't help but roar.

How could he not know that Tielong wanted to abolish his cultivation?

A warrior is a second life. If it is abandoned, what does it mean to live?

What is the military practice?

Isn't it just to pursue a higher realm?

If the illusion is to be abolished, he is not as good as himself!

"Wow, I am fighting with you!"

The whole person of the illusion suddenly became gloomy, and the black infuriating body was surrounded by his body.

The brothers and sisters who arrested him did not touch him. However, he said before that he did not practice magic, which is actually a lie.

The magical cultivation method is not the same as ordinary ones. Some need to \*\*\*\* blood, some need to eat human flesh or even the brain, bone marrow, etc., which is extremely ferocious.

Therefore, before the people around who knew that the brothers and sisters who had been arrested were sent to the Yufu, they all speculated that the magical cultivation of magic power.

"Fantasy, you really have magic skills."

The frivolous scholar's gaze became cold and cold, and after the illusion was not finished, he gathered his instinct in his throat and then drank.

"broken!"

A sonic attack spread, but there was no reaction from the people around it, because this trick was specifically for those who practiced magic.

"Hey!"

After hearing this word, the phantom trembled, and the body's infuriating air suddenly reversed. The black infuriating around him was suddenly disappeared.

Chapter 1179: Fantasy help, destroy!

"No, this is impossible..."

Fantasy shocked.

He has been practicing magic for decades, and he has been broken by a frivolous book. How is this possible?

After seeing this scene, Tielong was also shocked. He was thinking that this frivolous book student is not an ordinary person.

What is the sacredness of frivolous scholars?

"Fantasy, now, I will shatter your magic pulse!"

The frivolous book voice fell, and another sound wave fell into the phantom body.

Then, a slight muffled sound spread, and the meridians in the fantasy body began to break.

The real gas in the phantom body leaked, and the realm began to fall.

Five times in the clearing!

The gateway is four!

Passing through the three times!

Passing through the environment is double!

In the blink of an eye, the illusion is only the balance of the two. In the past, he was the sixth peak of the clearing, and he was about to break through to the seven.

The gap is that he has acquired the magical powers. Now the magic pulse is crushed, so the realm will fall.

"No, it's impossible, frivolous scholar, who are you?" Fantasy can't believe it.

The frivolous scholar only opened the mouth twice, and shattered all the magical veins in his body. Those who possess this ability can't just pass through the six wonders.

"Who I am not important, the important thing is that the magic veins in your body have all been shattered. You can still smash it with your hands." The frivolous scholar did not answer the illusory question, but took up the long sword and said faintly.

At this time, the illusion is only a two-way secluded environment. Even if it is a phantom help method that is full of secluded circumstances, I am afraid that it will kill him.

At the moment, the Iron Dragon is turned into a streamer, and the illusion is instantly smashed down.

"I am not willing, I am not willing, my illusion has fallen so much, I am not willing!"

The phantom screams in the sky.

Passing through the secluded environment, the distance from the six places is only four different levels, but some people can not cultivate for a lifetime.

But fortunately, his meridians are not all scrapped, so compared to the other, he will re-cultivate, and the speed is far more than the average person.

As long as he gives him time, he can still re-cultivate to the six-pointed environment!

At this time, the depths of the house.

Ye Xuan and Ling Yao took advantage of the phantom and the iron dragon, the frivolous scholars to fight, and killed them. Then, under a house, they found the imprisoned hundred brothers and sisters.

"That frivolous scholar, the word breaks the magic vein, it is terrible, what is it?" Ye Xuan is also shocked.

However, he can see that if the illusion is not exposed, the frivolous scholars may not be able to do this.

In short, the illusion is that you are dead!

However, Elder Ling Yao is also in the jail underneath, still found his grandson and granddaughter.

In this jail, a hundred pairs of brothers and sisters were closed, adding up to more than two hundred people. Moreover, this is still caught in the near future.

"Adult, adults, save us."

Suddenly someone shouted.

"Adult, save us, we will definitely be taken away again."

"Right, adults, let us enter the Temple of Heaven."

A group of people pleaded with grief.

These people have no background, and it is not easy to cultivate to such a point.

The Tianlei Temple happens to be a life-saving straw, so they want to follow the Temple of Heaven.

"This....."

Ling Yao elders frowned, some embarrassed.

Because so many people go to Tianlei Temple, but a lot of expenses, but these people are not bad, so carefully calculated, it should be no loss.

"Well, you are waiting here. When the matter is over, I will \*\*\*\* you back."

Elder Ling Yao finally agreed, after all, his grandson and granddaughter, this time also involved.

Before catching these brothers and sisters, the strength will be two times in the secluded environment, and the three times in the secluded environment. Now there is Ling Yao, the eternal \*\*\*\* of the Tianlei Temple that even dazzles the battle, who dares to come to trouble?

"Thank you, thank you adults!"

A group of people gratefully thanked.

At this time, the three people in the distance glanced at it, and then the Iron Dragon asked: "Fantasy, how many pairs of brothers and sisters did you kill before you practiced such a magical work?"

"My magical power is not that I need a brother and sister like them. I just simply squandered the essence of blood and practiced. There are not so many demands." The sly face answered palely.

"Well? So, what did you say before?" Tielong couldn't believe it.

"Yes, what I said is true. In three days, those big men will come to the black chaos and take these brothers and sisters away. Now if you dare to let them go, they are enemies with them." It reveals the look of gloating.

What he said before, there is no half-say, so this iron dragon and frivolous scholars are a big event.

After hearing the phantom confirmation, Tielong's face changed greatly.

The illusion is the six peaks of the secluded environment, and the breath is stronger than him. And the illusion means that there is more than one pass to the seven.

The strength of Tielong is weaker than the illusion, so he said that he has caused a lot of trouble.

"Oh, this is the end of the matter. There is no room for it. The soldiers will block the water and cover it. I am not playing with iron dragons."

Tielong's big knife shines and screams coldly.

"Not bad."

The frivolous scholar on the side nodded, but he did not put the other person in his eyes, not afraid at all.

Next, things are coming to an end.

"If you become a king, you will be defeated. Since the black corner is in the future, it will be your world."

The illusion is very frank, but this is already a no-brainer. It's hard to make a pass.

What a joke!

Therefore, he can only look at the fraternal gang brothers and the site, and is divided by the mad dragon and Zhengyang.

Not only that, but also a phantom ring.

"Two, this is a ring, you are here!"

At this time, the frivolous scholar suddenly threw the phantom ring to Ye Xuan.

This, but the sorrow to help the Lord's 戒 戒 戒!

The illusory nature is suspicious, so things are not hidden, and they are always in his ring.

Seeing this, Ye Xuan's eyes are also bright, and he hastened to catch the ring.

During this period of time, I tried to break through the seven-pointed space. There is not much in the ring, but this is enough for Ye Xuan to break through.

At the moment when Ye Xuan received the Qiankun Ring, he dumped the good things inside to swallow the space, and then threw it to the elder Ling Yao.

On the surface, he didn't move anything, but he was already fishing.

Elder Ling Yao took over the Qiankun ring and explored it. However, he lost the Qiankun ring back to Ye Xuan. He said: "Although this battle has not been played, if this is not without you, things will not succeed. It's worth the 100,000 hearts."

## Chapter 1180: Bei Cang Academy?

"Thank you for your glory!"

Upon hearing this, Ye Xuan also thanked him.

However, he did not know the wishful thinking of Ling Yao's elders.

He was famous for his battle, and he was able to kill four singular elders who were fascinated by the three levels of the secluded environment. This strength is not something that ordinary people can have.

If he grows up in the future, he will become the first strongest person in the Tianlei Hall, so the elder Ling Yao is ahead of Ba Jie Ye Xuan.

"Elder Ling Yao, I will send some people to \*\*\*\* you back." The frivolous scholar suddenly said.

"Okay, thank you very much."

Thanks to Elder Ling Yao.

There are more than two hundred people here, and it is still a little troublesome for him alone.

This Zhengyang help the lord to be arrogant and honest, but it is trustworthy.

"I will help too."

Ye Xuan said.

This time, he also got a lot of benefits. As long as he swallowed up the things he got from the Phantom of the Rings, it is absolutely no problem to break through to the four times.

At that time, even if you don't have a card, you can do it with the phantom. It is not a problem to \*\*\*\* this group of people back to Tianlei Hall.

"it is good!"

Ling Yao elder nodded.

Suddenly he had a desire to let Ye Xuan return to Tianlei Hall to see the expressions of the masters who heard Ye Xuan's record.

Next, Zhengyang Bang and the Dragon Dragon Gang are also giving the phantom help on the spot. From today, there is no phantom help in the black chaos.

"Elder Ling Yao, my three brothers are all six-passenger, and they will \*\*\*\* you back to Tianlei Hall."

At this time, the frivolous scholar suddenly said to Ling Yao.

"Three passspaces six?"

When I heard this, everyone present was surprised.

How is the strength of Zhengyang Gang so strong?

You must know that the illusion itself is only a six-passenger. In the phantom gang, only he is a six-passenger.

However, why did Zhengyang help three times?

If you add a frivolous scholar, isn't that four?

"Crazy scholar, you..."

When Tielong heard this, he could not believe it.

There are four Zhengyang gangs with six secluded borders. Why not directly annex the mad dragon gang and then unify the black chaos?

"Haha, don't worry, my ambition is not big, I pay attention to balance!"

The frivolous bookman laughed happily.

At this time, three figures were swept over, all of them were scholars in white.

"So young?"

Everyone was shocked.

Not only that, but Ye Xuan is the same. He didn't feel anything before. Now, after the appearance of these three people, they immediately spread their breath, and they are all six.

The most important thing is that these three people are all in their early twenties, and one of them may not be twenty.

"This is too young, how is this practiced in a six-point environment?"

"It won't be from Tianlei Hall? Only Tianlei Hall has such a strong person."

"No, it must not be. The breath of these three people is very similar to that of a frivolous scholar. It should be the same as the teacher."

The people around have speculated.

Elder Ling Yao is also very upset. He thought that the Tianlei Hall was very powerful. Now it is unbelievable that there are three masters who have more than a dozen disciples in the Tianlei Temple.

"Bei Cang Academy, frivolous scholar, are you a disciple of Beicang Academy?" Elder Ling Yao exclaimed.

"Oh, I didn't expect Elder Ling Yao to know the North Cang Academy." The frivolous book student was slightly surprised and did not deny it.

"Bei Cang Academy, I have only heard of it, because there have been no disciples of the North Cang Academy, and outsiders do not know its position." Elder Ling Yao said slowly.

The frivolous scholar nodded: "Yes, I have been concealed in the North Cang Academy before, and I studied hard. Now the college is open, but the news has not been passed."

Now, the elder Ling Yao understands it. It is no wonder that the frivolous scholars do not put the illusory background in their eyes. It turned out that the frivolous scholar is a native of the North Cang Academy.

"The scholars of Bei Cang Academy are just as good as the nemesis of the evil demon. It is no wonder that you can easily break ..." Ling Yao elders have a helpless look.

Don't look at him as the elder of the Tianlei Hall. There are five places in the clearing, but there are four disciples of the North Cang Academy, all of whom are stronger than him.

"I don't care, my qualifications are already bad. My three younger brothers are far more than me." The frivolous scholars sighed slightly.

He has already been more than twenty and thirty, and he has passed through six different places. The three younger brothers behind him are all around twenty years old, and they have reached the six-passenger level. This is totally incomparable.

Upon hearing this, one of the scholars hurriedly said: "You are too modest in the brothers, but you have already cultivated the Zhengyang scriptures to the third level. Even if you are a ghostly evil demon, I am afraid you can also blast. kill."

When the words came out, the people in the audience were shocked.

"I am a rub, the six-point smashing through the secluded space to the secluded nine?" Ye Xuan was shocked.

He only felt that this frivolous book was not too small, and now it is, then, in the North Cang Academy, it is estimated that there is a strong man of the mood!

"The younger brother has won the prize. Since you came to me, then I will pass on what I have learned to you. I can guarantee that within three years you will be able to cultivate the Zhengyang scriptures to the third place." Haha laughed.

"Thank you brother!"

When the three scholars heard this, they also had a bright eye.

Even if you look at the North Cang Academy, you can cultivate the Zhengyang scriptures to the third place. There are not many people. The realm of the frivolous scholars is the worst, but it has the deepest understanding of this Zhengyang scripture.

"Well, the three of you escorted them to Tianlei Hall." The frivolous scholar said.

"Yes!"

The three scholars nodded.

Elder Ling Yao is also relieved, and he also has the idea of having a good relationship with the three.

After all, the background of the other party is the Bei Cang Academy. They have escorts. Who dares to come?

"Thank you, let's go!"

Elder Ling Yao is holding a fist to the frivolous scholar, and even if it is vacated, he will leave.

The group of brothers and sisters who were arrested saw him and hurriedly followed. This time they were also lucky, not only have nothing to do but also joined the Tianlei Hall, which is a blessing in disguise.

And Ye Xuan, after looking at the frivolous scholars, followed the big forces.

Soon, this huge team left the black chaos.

Looking at the back of their departure, the illusion does not know what to say.

This time, he was defeated very thoroughly, he did not expect the frivolous book to come so big.

Even those who have entrusted people to be imprisoned here are not expected to be unaware of frivolous scholars.

"Fantasy, let's go."

The frivolous scholar said to the illusion.

"Farewell!"

Fantasy is also a matter of saying nothing, turning around and leaving.
