Chapter 1181: escort

Although it is said that the illusory realm has fallen to the same level of ambiguity, even if there are three people who are three-way, four-fold or even five-fold, it is not so easy to win him.

However, he still has to be careful. After all, there are a lot of things before the phantom help. There are a lot of enemies. Now there is no shelter. He has two fists and four hands.

After the phantom left, the mad dragon helped the main iron dragon also stunned: "Crazy scholars, then we..."

"You can rest assured that I am a scholar, and my ambition is not big, as long as you don't become the second illusion."

The frivolous book returned a sentence, and then said: "You, now my Bei Cang Academy has been opened. If you have this intention, you can go to the Zhouhua City in the northeast of the black chaos, where there is the enrollment point of my Bei Cang Academy. I There is no realm requirement for admission to Bei Cang Academy. As long as the conduct is correct, of course, it is necessary to pass some assessments."

Before the North Cang Academy closed enrollment, so the influence was not great. Anyone who entered the North Cang Academy was persevering in the door. After thousands of years, some people have forgotten the Bei Cang Academy.

Now that the North Cang Academy is reopening, it is a good thing for some people, but it is a nightmare for those who practice magical powers and do everything they do.

.....

At this time, on the high tower in the distance.

"The doorkeeper, this frivolous scholar is actually a person of the North Cang Academy..." The middle-aged man said awkwardly.

"You don't have to worry, although you practice magic, but as long as you don't actively expose it, this frivolous scholar will not know."

The black man reminded.

Although this is the case, the middle-aged people are still very afraid, because the frivolous scholars can exist in the connection between the nine elites.

"The doorkeeper, what do we do now?"

The middle-aged person asked.

So many brothers and sisters were let go, but it lost millions of hearts and devils, too much.

"This loss, I can only recognize it, unless..." The man in black did not fall, but there was a figure rushing toward him.

"Cao Zhixing, what is going on here?"

Another black man appeared, but the breath of his body was nothing more than the black chaos of the doorkeeper Cao Zhixing.

"You came right. The brothers and sisters were let go. The people who saved them were the children of the North Cang Academy. What do you say now?"

The landlord's doorkeeper told the story of what he saw and heard.

"Hey, this illusion is not good, damn, you send someone to kill him." The black man said coldly, "I didn't expect there was a scholar in the black chaos, how about Bei Cang Academy?" Doing the right thing, there is no good end!"

"Then what do you want to do?" asked the main doorkeeper.

"Transfer, refresh these tasks!"

The black man replied coldly.

"Refresh these tasks?"

After the audience heard the door, the door was swallowed, but this is a million hearts.

Moreover, with so many brothers and sisters piled up together, I am afraid that it will cause quite a stir.

"What are you doing to catch these people?"

The landlord door can not help but ask.

"You are not qualified to know this. This time you are also doing things badly and will play with me."

The black man said to the landlord.

"Do we really want to be an enemy of Bei Cang Academy?" Cao Zhixing still asked.

"What Bei Cang Academy, in my local government, even the killers of the reincarnation, there is a North Cang Academy in the district, what is terrible." The black people are very disdainful.

Soon, the two started to act.

.....

At this time, Ye Xuan has followed the big army and left the elder Ling Yao.

Not only that, but there were many disciples in Tianlei Hall who came to the black chaos, so they also joined in and escorted the brigade back. Among them, there were Lingtian and others.

The curtain sky is a four-way gateway, but he can only barely deal with a five-passenger. After seeing that Ye Xuan has killed four passspaces five times in a row, he is afraid to face up to Ye Xuan. .

Ye Xuan's qualifications are already top-notch in Tianlei Hall. Even if Ling Zhantian is in the triple of the secluded environment, he can't do this.

On the way, the three scholars have been following, but they are whispering about academic issues.

"The world also has poetry and the like. If I move the poems of the last world, will it cause a sensation?"

Ye Xuan suddenly emerged such an idea.

But for now, it's not so much time, because he always feels that things are not that simple.

"The value of these brothers and sisters, at least a million hearts, if the task is refreshed in the land, it will certainly attract a lot of killers..."

Ye Xuan thought in his heart.

Before the frivolous scholars said their own background, but also to make the **** a little safer, but the artificial dead bird for the death, there will certainly be many people staring.

Although he can use the eye of the void to directly return these people to the Temple of Heaven, but the eye of the void is his escape, can he be exposed?

If it is exposed, someone in the future can set a trap, and then he will be miserable.

These brothers and sisters have a low realm, so their speed is very slow, and it takes three or four days to say less.

Soon, it was a day after, and there was no change in this day.

Ye Xuan's several skills also refreshed the cooling time, plus he has already broken through to the four levels of peace, even if the pass is seven, he can also fight, or even kill.

However, just when they rushed for two days.

Ye Xuan's face changed, he felt that someone was close, and the number was quite large.

"Ling Yao elders, there are hundreds of people close to us!"

Ye Xuan hurriedly reminded me.

As soon as this was said, the expression of Elder Ling Yao was also dignified. His realm was higher than that of Ye Xuan. Although he did not know how Ye Xuan discovered it, it was obviously true.

"Oh, it should be the killer of those local governments."

A scholar put away the books in his hand and offered a long sword.

The same is true of the other two.

Although they are scholars of the North Cang Academy, this does not mean that they do not kill people. Since these killers dare to come to them for trouble, it is to find death.

Seeing Ling Yao and Ye Xuan and others stopped, and the hundred pairs of brothers and sisters also showed a stunned color.

"Don't be afraid, the strength of the elders Ling Yao is strong, and there are three geniuses of the North Cang Academy. We will not have anything to do."

"Right, the North Cang Academy can be amazing, we must be safe."

"Oh, these killers arrest us, and it's best to die."

Those people are talking in a whisper.

Soon, there was a large group of people who appeared in the eyes of everyone.

This group of people, all dressed in black, must be killers. However, the strength of the first few people is to make Ye Xuan feel the heart.

Chapter 1182: Don't come innocent?

"Three passspaces are seven?"

Ye Xuan brows a pick, could not help but shudder.

Let's not say that the hundreds of killers who are all three or more powerful in the secluded level, just three of them are seven, so it is enough for him to drink a pot.

In addition to these three seven-point killers, there are six six-passenger and six more.

This time, but I was scared of Ye Xuan.

"It seems that this time, I have to fight a battle."

Ye Xuan is a bit helpless, but he is not afraid, even if he can't beat, can he still escape?

If this is a smooth one, maybe you can break through to the five times.

"Who is here?"

At this time, a scholar passed over and shouted.

"Who are we, don't you know?"

The black man headed by the killer held a dagger and sneered.

"A big courage, dare to come to us for trouble." The scholar was cold.

"I know that you are a scholar at Bei Cang Academy, but your Bei Cang Academy is not worth mentioning in the eyes of my local government. If you know each other, give us the brothers and sisters, so I can spare you three people. A life." The black man who is headed.

"Three people?"

The three scholars looked at each other.

That said, this black man did not intend to spare Ye Xuan, Ling Yao and the rest of the Tianleidian disciples, but this can be said to be true, after all, if not Ye Xuan and Ling Yao, how can this happen?

"Hey, let's just three of you?" The head of the book is a fearless look.

Who are they?

They are the elites of the North Cang Academy. Even if it is a leap-level challenge, it is not a problem. Once they start playing, the three of them will hold back three killers who are in the same situation. It is still not a problem.

"So, you really want to play with us. I want to talk about it first. Don't think that you are a scholar at Beiqing Academy. I will be merciful. In the eyes of my local government, Beiguan Academy is nothing. !"

The black man kindly reminded me.

"Ye Xuan, these three people can drag and drop, the rest of the people, you can only see you and the elder Ling Yao." The first scholar said to Ye Xuan.

"No problem, as long as you can drag the three people, the rest I can solve!" Ye Xuan said confidently.

Before he was still worried, these three people could only hold one or two passers-by to the seven-storied killer. Now they are so confident that they are relieved.

Don't forget, Ye Xuan himself has a lot of cards. Although the two sides are disparate in strength, they can still fight.

For a time, the two sides were deadlocked.

"You, do it, if someone dares to hurt those brothers and sisters, then blame me for being ruthless!" The black man who led the head shouted.

Among these brothers and sisters, there is no one who is looking for a high-ranking government. If it is hurt, it is not enough to give him 10,000 lives.

This group of killers was also hired. They were hired by their peers for the first time, but this time the task was extremely rewarding, and it seems that they are dominant, which is completely cheap.

Under the order of the first black man, the two sides finally fought.

"The two younger brothers, the knot three swords!"

The head of the scholar gave a big drink.

"Yes!"

The other two should be vocal.

The Sancai sword array is exactly the sword array used by three people. Even if it is a six-passenger, it can easily fight against the three gateways.

The task of these three people is to drag the three killers who are in the same state. As for the others, they are handed over to Ye Xuan.

Those who pass through the three-pointed environment and the four-pointed environment are good to say that the six-passenger six-fold and the more than ten-passenger five-fold are a trouble.

"The number of exotic animals in the planting space is not enough. If one wave is consumed now, the breeding speed will be greatly reduced."

Ye Xuan thought about it, and even if he put the fall out.

The fall of cultivation in the planting space, although it has not broken through to the four times, is not far away.

After Fang Cao Xuan sensed this killer force, he told the story.

"The Eye of Charm!"

When the fall appeared, it was a trick, and a pink eye appeared on the top of the head.

"Be careful, close your eyes!"

Someone on the killer immediately violently shouted.

However, there are still some people who have reacted slowly. Anyone who is in a three-way environment is fascinated, and there are also people who are connected to the four wonders.

At that time, the killer force was reduced by half, and guilt occurred directly.

"The fox family is really terrible!"

Everyone thinks this way.

In just one blink of an eye, half of the people rebelled, and the killer troops did not charge, and guilt occurred.

"The little fox got in the way and killed him!"

There are several six-killer killers who are eyeing the land, but there is a powerful flower ambassador.

"Those who want to move me, have you asked me?"

Ye Xuan was furious and sent Wei Zhentian and Lei Mingzhu directly.

There are still a lot of masters in front. If you take advantage of the big move, you will be blocked by these people, so you can't waste it.

However, at this time, he still has a trick to use.

"Brilliant gold armor!"

"Overlord Promise Sword!"

A huge golden sword appeared, squinting at the coming.

"too slow!"

Several killers quickly avoided, and they thought that the Golden Sword was only used to attack.

"Hey!"

Jin Jian landed, they jointly killed Ye Xuan.

At this moment, suddenly a top-down impact made them tremble.

"Hey!"

Some people condense the infuriating and the power of Vientiane on their feet, the speed is fast, but their defense is weak, and they are directly smashed by the Emperor's Promise Sword.

The five masters of the secluded environment were instantly smashed by six, and one of them was seriously injured by a six-passenger.

"Ha ha ha, don't think that I am still the same as the day!"

Ye Xuan laughed in the heart.

Breakthrough is hard for others, but for him, as long as there are resources.

On that day, he made a big fuss, even killing the four major masters of the five majors, and even playing with the illusion several times.

Today, he is a four-passenger, and his strength has skyrocketed several times. The killer news is not well-informed and he was caught by a surprise.

As long as they kill these killers, he may be able to break through to the five-pointed environment. At that time, he will unite the three scholars and kill the remaining three.

This is his plan!

On the other hand, the disciples of Tianlei Temple and the hundreds of brothers and sisters also fought with the power of Vientiane. Although their realm is low, the power of Vientiane is condensed together, and it is not a problem to counterbalance the five ambiguities.

However, Ye Xuan ignored a bit, this group of killers, mixed with his old acquaintance.

Only so many people were together, the atmosphere was too chaotic, so even Ye Xuan did not find it.

Soon, this person is close to Ye Xuan.

"Kid, don't you come innocent?"

Chapter 1183: Cooperation?

"Kid, don't you come innocent?"

A familiar voice fell into Ye Xuan's ear, and Ye Xuan turned his head and looked at his face.

Mo blood clothes!

This guy, even mixed in the team, launched an assassination on him!

Still not waiting for Mo blood clothes to shoot, Ye Xuan is a dead out, but was denied by Mo blood clothes.

At this time, the Mo blood coat is a four-passenger.

"Mom egg, not a reincarnation, I just kept up with my rank in just a few days!"

Ye Xuan roared in his heart, it seems that this time trouble.

Fortunately, he still has a few cards.

Since this **** coat is mixed in the killer team, then he will kill it.

But when he was about to make another shot, Mo Xueyi suddenly laughed and said: "Kid, don't rush, don't bother, I am looking for you to cooperate this time."

"Cooperation?"

This sentence, but scared Ye Xuan.

This Mo blood coat, not to assassinate him at this time, actually came to him to cooperate?

What international jokes!

"In this action, there may be a killer with a singularity. You can't stop it anyway. So before he comes, I will join you and kill everyone."

Mo blood clothes whispered.

"Is it really coming to me to cooperate?"

Ye Xuan is a little unbelievable. He has been fighting with Mo Xueyi several times. It is already an endless rhythm. However, today, Mo Xueyi actually came to him to cooperate, which is a little unbelievable.

However, if Mo Xueyi said it is true, then the consequences will be a bit serious.

No one can stand up to the eight-way master of the secluded space.

"Cooperation, what do you need?"

Ye Xuan asked subconsciously.

At this time, the wind whistling.

"Kid, die!"

A six-passenger killer passed over and attacked Ye Xuan.

"In the way!"

Not waiting for Ye Xuan to shoot, Mo blood clothes is the first to attack, he stabbed a sword, it is a dragon whistling and rushing toward the six-point killer.

"what?"

This six-passenger master of the secluded border was engulfed in the blink of an eye.

"Mom, it's so strong!"

Ye Xuan breathed a sigh of relief.

At this time, he estimated that if he faced Mo Xueyi, he would only have a winning rate of 30%.

After all, Mo Xueyi and his realm are all four-passenger, and the reason why Mo Moyi escaped because of the display of Yanlong Wushuang is not enough.

If the Mo blood coat is still hostile to him, let's not say whether the master of the eight-pointed ambiguity really came, and the situation in front of him is difficult to grasp, and it is likely to be completely destroyed!

"We cooperate, I will help you kill a seven-passenger. After the success, I only need these brothers and sisters!" Mo blood clothing directly opened the conditions.

But his voice has not yet fallen, Ye Xuan is a change of face, said: "No!"

"Reassured, I don't want everyone, I am lazy to collect the lives of these ants. As long as there are two people I want to find among them, I only need them!" Mo Xueyi hurriedly explained.

"The two you are looking for?"

Ye Xuan heart trembled.

The local government is looking for someone, Mo blood clothing is also looking for someone, who is looking for?

"Kid, do you still need to hesitate? I only give you three time, after the three interest, if you do not agree, you should be clear about the consequences!"

Mo blood coat urged the road.

Ye Xuan thought about it quickly. Who is looking for him? It doesn't matter to him. All he wants is the life of Mo Xueyi.

However, if the master of the eight-pointed ambiguity appears, then the elders Ling Yao and Tian Leidian are in danger.

No, that the master of the eight-pointed ambiguity does not appear, they are estimated to be difficult, after all, there is also a blood coat.

"Good, this cooperation!"

Ye Xuan promised it, although he said so, he will continue to guard against the **** clothes, after all, the other is also a killer.

Killer, but will not complete the task!

"readily!"

After Mo Wenyi drank a sentence, it was directly turned into a streamer, and then plunged toward the three masters who passed through the seven heavens.

The three masters of the seven-storied singularity were held back by the three scholars of Bei Cang Academy, and the strength of Mo Xueyi was strong. If he joined the battle, the situation would be one-sided.

"Yanlong is unparalleled!"

In the **** coat, the dagger glowed orange and smashed at one of them.

The man who was eyeing him was Cao Zhiping, the doorkeeper of the black chaotic corner. He thought that Mo Xueyi was here to help, but he did not expect to be a traitor.

"Booming!"

Yan Long immediately engulfed Cao Zhiping, but Cao Zhiping was also a seven-passenger, and he did not die, but he was seriously injured.

"A little bit tolerant."

Mo **** mouth corners slightly tilted, the more three realm challenges, think a little excited.

The other three scholars originally wanted to attack Mo Xueyi, but when they saw Mo Xueyi attacking Cao Zhiping, they suddenly resisted.

"What is the situation, what is guilty?"

The head of the scholar is very puzzled, but he immediately responded, this Mo Xueyi, is likely to be charmed by the little fox that suddenly appeared.

"The two younger brothers, add more strength and kill them!"

Speak for the first scholar.

"Yes!"

.....

At this time, Ye Xuan in the distance was watching and fighting with others.

Originally, he wanted to use the cards and killed everyone. But now, after hearing the words of Mo Xueyi, he held back.

If the master of the eight-pointed ambience arrives, he must have a hole to be able to fight against it.

Fortunately, this battle is not too difficult, because the landing directly charms dozens of people, plus he also has the eye of control, so the opponent's real combat power, only the five-pointed and the six-pointed Nothing.

"Zuo Qinglong explores the claws!"

"The thunderstorm!"

Ye Xuan constantly attacks, he has the blood of the **** of life, the infuriating can completely offset these consumption.

"Boom!"

Just then, a loud noise spread from the horizon.

Everyone stared at it and saw a headless body falling from the sky.

A seven-point master of the killer side was killed.

The situation has changed!

"Kid, look at your own next, these people, I have to check it again!"

Mo Xueyi used the secret method to say a word in Ye Xuan's ear, bursting to the hundred pairs of brothers and sisters.

"This Moxie is only a four-way, but the reincarnation, if he shot, these brothers and sisters will die in a flash..."

Ye Xuan's heart is also erratic, but he also promised to cooperate with Mo Xueyi.

As long as Mo Xueyi keeps his promise, he will not shoot this **** coat.

Fortunately, his fears were superfluous, and Mo's **** clothes swept into the crowd with lightning speed and then began to check.

His inspection is to pick up the girls' clothes and check the left chest.

Chapter 1184: Off the sword

"What is he doing?"

Ye Xuan frowned, he recalled the words before Mo Xueyi.

He knows that Mo Xueyi is looking for someone, but he doesn't know what kind of person he is looking for.

Just as he thought about it, Mo Xueyi actually checked it all over. Among the hundred brothers and sisters, there was no one he was looking for.

"Kid, happy cooperation, I am not in danger today, I will see you again next time, it is your death!"

After Mo Xueyi dropped such a sentence, he turned away directly.

From the beginning to the end, he killed two people, one is the unfortunate six-pointed passspace, and the other is a black chaotic corner of the doorkeeper Cao Zhiping.

"Mom got a bit of it, the old monsters that have lived for thousands of years are neurotic..."

Ye Xuan couldn't help but scream.

However, at this moment, he has no time to take care of the blood, and must be resolved as soon as possible.

The killer, the black man headed by him, was very gloomy after Cao Zhiping's death.

Originally, the three of them confronted three scholars and still had the upper hand. But after Cao Zhiping's death, they fell to the bottom.

This is not the point. The point is that their people have been rebellious. The killers who are five-passenger and six-passenger are not the opponents of Ye Xuan.

If you continue to fight, you must lose them!

"Damn, why not come!"

For the first black man roaring, in order to prevent it, he informed a super strong.

However, this super strong is late.

"go!"

The black man snorted and turned around and ran.

"The two younger brothers, stop him, remember not to let the tiger return to the mountains!" shouted for the first scholar.

"Hey, I want to escape, you can't stop it!"

The black man was very disdainful and quickly opened the distance with the three scholars.

However, another killer was entangled in by three scholars.

"Don't go, fight together!"

Another killer hurriedly shouted.

However, the black man did not pay attention to him and turned around.

I have to say that this person was sold by the black man who was headed, and became the bait for the other party to evacuate.

"I am doing your mother!"

This unfortunate killer roared in the sky.

Although his realm is higher than the three scholars, the three scholars are the elites of the North Cang Academy, and they also use the sword array. With only three strokes, he is defeated.

"Three talents!"

"Hey!" "Hey!" "Hey!"

Three cold awns flashed, three long swords fell into the body of this unlucky killer, the heart was pierced by three long swords, and died in an instant.

This battle is already a winner!

At this moment, the one who fled the name is the first black man, and there are only three passers-by and six passers-by.

As for other people, they are either controlled by the fall or killed.

The situation is already very obvious.

However, it is at this time.

"Bold!"

Suddenly there was a violent rush in the sky, falling into the ears of everyone.

The escaped black killer heard this and revealed the dawn of victory. His reinforcements finally came.

"not good!"

When I heard this, Ye Xuan's face was gloomy. I didn't expect that Mo Xueyi's octopus was really a big master. It really came.

This is trouble!

"It seems that I can only escape with the eye of the void!"

Ye Xuan thought in his heart.

He is only a four-way gateway. If you gather everything, you may be able to break through to the five places.

However, this octopus is too fast, and in the blink of an eye is the meeting with the black man, he has no time.

"Good powerful magic!"

For the first scholar, the dawn of light.

If the comers are evil demon who practice magic, then they still have the power to fight.

At the moment, the first scholar is taking a long painting from the Qiankun ring.

"Shanhe treasure map, give me the town!"

For the first scholar to use the power of instinct and Vientiane to motivate the long painting in his hand, the next moment, there is a floating shadow on his head, and the long painting in his hand is enlarged.

After the appearance of the floating image of the mountain river, the master of the eight-pointed ambience, the breath was weak.

"Damn Kita College, I want to kill you!"

This fascinating master of the eight-pointed glory, the magic veins in his body were suppressed by this pair of mountains and rivers, but it is not a problem to deal with the three scholars who are six-passenger.

When the mountain river treasure map came out, the three scholars also once again formed the three talent sword array and greeted them.

The black-handed killer who had originally run away was quietly swaying aside, preparing to destroy the mountain and river map suspended in the air.

Available at this time.

"Your opponent is me!"

Ye Xuan suddenly appeared and intercepted him.

"The kid, the district is surrounded by the four times, and dare to do it right with me, look for death!"
The black killer was very angry.

Fang Cai Mo blood clothing is also a four-pointed gateway, but killed the doorkeeper of the black chaotic corner of the house, and now there is a Ye Xuan, so he is ready to scatter this fire on Ye Xuan.

"Want to kill me, look at your skills!"

Ye Xuan mouth slightly tilted, Megatron and Lei Mingzhu have been left and right to the black killer.

"Kid, die!"

The black-handed killer ignored two magic weapons, a dagger in his hand, and a fierce swordsman shot at Ye Xuan.

However, Ye Xuan did not take it for granted, letting this swordsman fall into his chest.

"puff!"

Ye Xuan's heart was pierced, but he would not die.

"The thunderstorm!"

"Thunderfield!"

Ye Xuan's hands did not know when a glare spear came out and then slammed into the ground.

"Zizizi!"

Thunder and lightning!

The black killer was shocked.

The heart of Ye Xuan has been pierced, and the hair is still not dead?

Because of this, he was careless, and the speed of the electric snake in the field of thunder was broken into the body.

But the real killing trick is still behind.

"Calling!"

A gust of wind whistled.

The black-handed killer turned his head and saw a thunderbolt rushing toward him.

No matter who you are, as long as you see Lei Mingzhu, you will think that it is just an ordinary device.

However, the power of Lei Mingzhu is extremely powerful.

"boom!"

The black killer was swallowed up by lightning, and the whole person had no shadow, but he was three higher than Ye Xuan and would not be spiked like this.

"Try this trick again!"

Ye Xuan suddenly took all the infuriating in the body, and the left index finger stabbed.

Depart from the sky sword!

A red mans flashed and fell into the chest of the black killer.

This trick was learned by him. From the fallen black chaos, the doorkeeper Cao Zhiping was the top-selling spirit and the power was good.

Ye Xuan, who has an eye for insight, has actually copied a lot of martial arts.

The black-handed killer knew that he was away from the sword. He did not expect that Ye Xuan would have this move.

But now, he said that everything is late.

Chapter 1185: Return

The black-handed killer who was pierced by the heart, the real gas suddenly leaked out, and the power of Vientiane suddenly disappeared, and then the dragon was roared into a coke.

Ye Xuan rushed over and took off his ring, but there was not much in it and he could not break through.

"Hey, Megatron breaks through!"

"Hey, Lei Mingzhu breaks through!"

In this case, it will be used to strengthen Megatron and Lei Mingzhu. Now, these two treasures are all six.

"on!"

Ye Xuan rushed to drive two magic weapons, attacking the master of the eight-pointed.

As for the remaining killers, Luo Lan and Ling Yao can solve them, but don't forget, they are many people!

On the other side, the occupant of the occupant who had just arrived in the near future, after seeing the black killer, his face changed greatly.

"Damn, this North Cang Academy is really my nemesis, go!"

The master did not dare to neglect and immediately turned around.

"Want to go? Three talents!"

An angry scream for the first book, a long sword stabbed.

However, the other party is still a step faster than him. All three long swords are thrown empty. In the blink of an eye, they are separated by the other side.

Ye Xuan, who just arrived, looked at the back of his departure and prepared to cast a sword to return to the other side.

Of course, the opponent is too fast and may not stay.

However, as long as he stays, he will certainly be able to break through to the five times.

"Ye Xuan, don't chase, the three of us are not really angry..."

The first bookman hurriedly yelled.

When they were fighting, they were playing high-end swords, and the gas consumption was too high. Even if they added that mountain and river map, they couldn't beat the name.

"Oh, if the brothers are there, then the brothers will be able to kill them easily!"

The younger book sighed.

In this battle, they also played their full strength. Fortunately, the last occupant of the eight-point masters who practiced the magic power, they can fight with one, otherwise they will be in trouble.

Since the other side lost, the remaining killers were quickly killed by Ye Xuan.

"Win, we won!"

"Haha, I said that we will not have anything."

"But the killer, why did we take our clothes..."

A girl asked with a blush.

When they checked them, they picked up all the girls' left chest clothes and left, which made everyone think that Mo Xueyi was a flower thief.

However, they saw it with their own eyes. Mo Xueyi assisted the three scholars and killed a seven-passenger.

"Young Master, Qian Kun is inside."

He hurriedly collected the Qian Kun ring and threw it to Ye Xuan.

"Three, if this is not for you, the consequences are unimaginable. These are the rewards."

Ye Xuan threw the bag with the Qiankun ring to the first scholar.

"Okay, thank you Ye brothers."

The first scholar did not refuse, this time they almost fell, and it is also appropriate to get some reward.

Although there are not many things inside, it is enough for them to purchase Tianmudibao for a period of time.

As for Ye Xuan, naturally, I have left something for myself. These things can make him break through to the five-pointed environment, but at the moment, there is no need to break through.

This battle was fierce and degraded dozens of people, including several Tianleidian disciples.

Ye Xuan also assigned something to Elder Ling Yao and others, and then continued on his way.

There is still a day or two away from Tianlei Temple. They are better off rushing back. What if the killer organizes another wave of people?

However, Ye Xuan is not afraid now, because as long as he thinks, he can immediately break through to the five times.

If the killer dares to come again, he is looking for death!

The next road, as he expected, the killers did not come again, calm and calm along the way.

The killers who were enchanted by the fall also acted as escorts.

However, because of the charm of the enchanted eyes, they will be automatically released after one day, so they are all killed by Ye Xuan.

However, with the help of the Vientiane of this group of people, this huge team spent a day rushing back to Tianlei Hall.

"Ye Xuan, Elder Ling Yao, the three of us will leave!"

After seeing the Temple of Heaven, the first scholar was also holding a fist in Ye Xuan.

"Three, don't go in and sit?" Elder Ling Yao said quickly.

"No, the movement of this place is too big, we must go back immediately." Shouted the head of the book.

It is true that the local government is arresting people, and there must be something, so they must return to the North Cang Academy to report it.

"If this is the case, then I will not retain it, three take care!" Ling Yao elders are also holding fists.

Then, the scholars of the three North Cang Academy were leaving.

"You, come in with me."

Elder Ling Yao said to the hundred brothers and sisters.

Originally, even if he was the elder of the Tianlei Hall, he could not let so many people join, but don't forget, this time with him back Ye Xuan.

You must know that when he saw Ye Xuan on the same day, the latter was only a double pass.

However, now, Ye Xuan has already been a five-passenger, and it is already the first day of the Tianlei Hall.

The most important thing is that Ye Xuan has the ability to leapfrog, and it is still two levels. Even the third level is not necessarily successful.

Ye Xuan's strength is probably not weaker than the Tianlei Hall.

Elder Ling Yao took everyone into the Tianlei Hall, and then let Lingmen and others wait for the first time, and he himself left in a hurry.

Ye Xuan knows that he is going to the top of Lingjia.

"Xuanshui Thunder family, I am back, very soon, is the day of your demise!"

Ye Xuan's mouth tilted slightly and walked toward the head of Tianlei Temple.

"Is it..."

When Ling Xuan saw Ye Xuan leave, his heart was also slightly trembled, and he quickly rushed to ask:
"Ye Xuan, are you going to find Jiaojia?"

"Not bad!"

Ye Xuan turned and nodded directly: "This Xuan Shui Thunder, commissioned the local government to kill me, how can this hate not report?"

Upon hearing this, the curtain was trembled and asked: "So, is Jiao Chong also killing you?"

Now, he has been succumbed to the strength of Ye Xuan. The seven masters who are connected to the secluded environment have been killed by Ye Xuan. The focus of Jiao Chong is fourfold. What is it?

"Correct!"

Ye Xuan nodded and answered.

Anyway, Jiao Chong first wanted to kill him, and with his current realm, even if the Xuan Shui Thunder family was destroyed, there would be nothing.

Ling Xuan's answer to Ye Xuan's answer is that there is nothing to say. He has not yet received Jiao Chong's remuneration. It turned out that Jiao Chong is dead.

Fortunately, Ye Xuan did not care about his day, otherwise he would be in trouble.

The Xuan Shui Thunder family has a place in the Tianlei Hall. After Ye Xuan came back, he directly rushed over.

Chapter 1186: Hit the door

The great elders of the Xuan Shui Thunder family are the masters of the six-passenger, but this is not a big deal for Ye Xuan, who is a five-pointer.

Soon, Ye Xuan came to the residence of the Xuan Shui Thunder family.

At this point, just one person came out and ran into Ye Xuan.

"It's you?"

Jiao Li looked at Ye Xuan with a shocked look.

He did not expect that Ye Xuan had returned to Tianlei Hall. How could this be?

You must know that they have already entrusted the local people to arrest Ye Xuan, and then sent them to a strong person in the black chaos to search for memories.

However, now Ye Xuan actually appeared in the Tianlei Hall, which means the land has lost.

"Bad boy, you dare..."

This joke has not finished yet, and the figure is a trembling.

"Hey, take control of success!"

The system prompts.

After this prompt, Jiao Lie directly became Ye Xuan's efforts.

"Master, please here!"

Jiao Li said respectfully.

After seeing this in the curtain days behind Ye Xuan, the whole person was stunned. In the first second, Jiao Lie also had a look of eating people. After a second, he became a slave to Ye Xuan.

However, thinking that Ye Xuan could suddenly call out a small fox and control dozens of people, the curtain days were calm.

On that day, the four connected powers were all controlled, and the seven-passenger was also killed. What's more, Jiao Lie is a double-dark environment?

Ye Xuan was led by Jiao Lie to enter the residence of the Xuan Shui Thunder family. As early as before, Ye Xuan had already felt the breath of the inside.

One pass is sixfold, three passes five times, and more than ten passspaces are four. As for the triple and the following, Ye Xuan is too lazy to calculate.

"Xuanshui Thunder, give me out!"

Ye Xuan screamed and stunned, and the whole house seemed to tremble. This voice spread throughout the corner of the residence, and even the people nearby were alarmed.

"Who, who is there to us?"

"Go, go out and see."

"I really don't want to die, dare to come to my Xuan Shui Thunder family to make trouble, find death!"

A group of Yao masters came out angrily, but they saw a familiar face.

Ye Xuan!

"How could it be him?"

This group of masters are shocked.

They clearly went to the place to pay a reward, regardless of Ye Xuan's life and death, now, why Ye Xuan can still appear here?

The grand elder of Xuan Shui Thunder also heard the sound and came out. After seeing Ye Xuan, he was very angry and yelled: "Bastard, dare to yell at me, look for death?"

"You are so courageous, dare to reward my Ye Xuan people in the land, today is your death!"

Ye Xuan is a murderous look, he has always been a must report, since this Xuan Shui Thunder wants to kill him, then you must be ready to be destroyed.

"Just by you?"

Xuan Shui Thunder family elders flashed.

A junior, even dare to say hello to them, is really looking for death.

Available at this time.

"Big...big elders...he...he is a five-pointer..."

A distance from Ye Xuan is closer to the Yaozu, and suddenly said.

When the words came out, the audience quieted down.

"what?"

Everyone was shocked.

How is it possible to pass through the five times?

How many days has it been, how can Ye Xuan break through to the five times?

The Xuan Shui Thunder family elders could not believe it, and rushed forward for a while, and felt it.

Sure enough, the gateway is fivefold.

"No, this is impossible..."

The elders couldn't believe that Ye Xuan had broken through from the secluded boundary to the five times in the privilege within a few days. Is this Nyima a reincarnation?

"Now, I have the qualification to destroy you?" Ye Xuan's mouth tilted slightly.

At this time, suddenly there were several figures plundering.

"Ye Xuan, and slow!"

Elder Ling Yao hurried with a few people.

Ye Xuan turned his head and saw that behind the glory of Ling Yao, it was the owner of the Tianlei Temple, Ling Xinglong.

"Ye Xuan, what do you want to do?"

Ling Xinglong quickly asked.

After he heard the words of Elder Ling Yao, he was shocked and hurried over, but he did not know the grievances of Ye Xuan and Xuan Shui Thunder family.

"Lord, you are coming right."

Ye Xuan directly took a piece of sheepskin from the Qiankun ring and said: "There are 20,000 people in front of the land, and there are 20,000 hearts and devils. The person who released this task is the Xuanshui Thunder family, so today, It is to avenge."

"What, land?"

Ling Xinglong was shocked and took the sheepskin roll over and saw it. It was true. Now, he is a group of demon people who are glaring at him. "Gaojia, you are so bold!"

"Pollution, this must be filthy."

A five-pointed Yaozu stood up and said: "This must have been fabricated by him. How can I ruin the same door?"

The Xuan Shui Thunder family has joined the Thunder Hall in recent years, so it is also part of the Thunder Hall.

And the murder of the same door in the Temple of Heaven, but a very big crime, if this sin is determined, the Xuan Shui Thunder family will be finished.

"Is it?"

Ye Xuan's mouth is slightly tilted.

The next moment, the arrogance beside him is the loud voice: "The Lord, this is true, this is the idea of the elders."

boom!

When these words fall into the ears of all people, they make them tremble.

Jiao Lie, actually betrayed the Xuan Shui Thunder family?

Before Jiao Yang betrayed the Xuan Shui Thunder family, said Jiao Chong is still alive, suspected of Ye Xuan.

Now, even Jiao Jiaolie has betrayed, what has happened to the Xuanshui Thunder family that has always been united?

"Miscellaneous stuff, what do you say?"

Xuan Shui Thunder family elders roared, ready to fly Jiao Lifan.

At this time, someone opened it.

"This is true, I can also testify." A strong man loudly.

"Yes, this is true. I can also testify that the reward is released by the elders."

"Not only that, the elders also invited a strong man in the black chariot, ready to search for Ye Xuan's memory!"

The people around have said it.

"This... what is this about?"

The Xuan Shui Thunder family elders are already dumb, and this is a blink of an eye, he was sold by more than a dozen people?

"No, it is impossible, it is the means of this kid."

After thinking about it, the Xuanshui Thunder family elders suddenly reacted and yelled: "Bad boy, have you controlled them?"

"Yes, they are all controlled by me."

Ye Xuan opened his mouth and revealed a confident smile. "Not only they, but also these three!"

In a word, he turned his head and looked at the three masters of the five-pointed space in the Xuan Shui Thunder family.

"Hey, take control of success!"

"Hey, take control of success!"

"Hey, take control of success!"

Three system prompts sounded and sounded one after another.

Ye Xuan instantly controlled these three five-pointed Yao masters.

Chapter 1187: Extinguishing water thunder

"I can also testify that the elders have given me permission to go to the government to release the mission!"

"I can too!"

"Yes, it's the elder!"

These three people are also should be harmonious.

This time, Ling Yao and Tian Lei Temple Lord Ling Xinglong have been shocked to say nothing.

In the blink of an eye, Ye Xuan actually controlled three masters of the same level. Is this too strong?

"you you....."

The Xuan Shui Thunder family elders are already speechless. In the entire residence, I am afraid that he is left uncontrolled.

"You control them, the purpose is to smear me? Evidence?" Xuanshui Thunder family elders still do not recognize.

"Ha ha!"

Ye Xuan knew that the other party was killed and did not admit it. He did not want to produce evidence. However, since he came, he still needs evidence?

"I have no evidence. However, my words from Ye Xuan are evidence!"

Ye Xuan blinked and said coldly.

In this world where the strong is respected, the fist is evidence, as long as the fist is hard, it is innocent!

This is the unchanging truth!

"Okay, a good evidence, you..." Xuanshui Thunder family elders pointed to Ye Xuan's nose.

However, his words have not been finished, Ye Xuan is interrupted: "Dazhu, this Xuan Shui Thunder family wants to kill me, this hatred I can not fail to report, sorry!"

When the voice fell, Ye Xuan went out.

The Lord of the Thunder Temple just wanted to speak, but suddenly remembered the words of Ling Yao's elders.

Ye Xuan, but the strong seven connected to the secluded are killed, it is better to take advantage of this opportunity to weaken the Xuan Shui Thunder family?

"A big tone, look for death!"

The Xuan Shui Thunder family elders saw the Tianlei Temple owner, but they rushed directly toward Ye Xuan.

Ye Xuan is only five times in the clearing, and he is six in the clearing.

As long as Ye Xuan is killed, everyone will wake up.

Unfortunately, Ye Xuan is not the same as before.

"Take me a trick, if it is not dead, it is your skill!"

Ye Xuan sang low and suddenly stabbed his left hand.

Shangpintong secluded magical power, away from the sky sword!

"call out!"

"puff!"

This cold man, so fast and heart-throbing, instantly fell into the head of the Xuanshui Thunder family elders, piercing his brain.

"噗通!"

The body of the Xuan Shui Thunder family elders fell halfway, and the breath began to dissipate quickly.

The six-pointed demon master who passed through the secluded world was hit by a hit!

Behind Ye Xuan, the Temple of Heavenly Thunder, the elders of Ling Yao, the curtain of the sky, and the disciples of the Tianlei Temple, who are surrounded by them, are already speechless, and some people have fought a spirit.

"That kind of trick, even if I am afraid I can't take it..."

Ling Xinglong, the master of the Temple of Heavenly Thunder, shuddered and swallowed.

In just a few days, Ye Xuan grew to a point more powerful than him. Is this Ye Xuan a reincarnation?

The Tianlei Temple is not small. There are several masters in the temple who are six in the world. There are two ancestors who are seven in the world.

The Xuan Shui Thunder family, although there is no clear seven-fold, but there are two six-passenger, if it grows up, the threat is quite big.

But now, the threat is half-small!

No, it should be said that there is no threat.

What is the calculation of a six-year-old demon ancestor?

“Hey!” “Hey!” “Hey!”

At this time, Ye Xuan suddenly stabbed a few swords, and killed three other Yaozu masters who had passed through the five-pointed environment, once again weakening the power of the Xuanshui Thunder family.

"The lord, do not know where the Xuan Shui Thunder family is established?"

Ye Xuan walked over and slammed the four bodies of the body, then turned and asked.

"You want to destroy them?"

Ling Xinglong, the main hall of Tianlei Temple, frowned.

Ye Xuan thought for a moment, I think it is still.

Due to the addition of the Xuanshui Thunder family, Tianlei Temple has improved a lot of strength. If this family is destroyed, the strength of Tianlei Hall will be reversed.

"I don't want to get rid of it, I just want to pay for it." Ye Xuan shrugged his shoulders and decided to let them go.

"How many?"

Ling Xinglong, the owner of the Temple of Heavenly Thunder, asked with a sigh of relief.

"One million hearts!"

Ye Xuan directly opened.

When the words came out, the group of disciples behind them were shocked.

One million hearts?

I am going to go!

You know, a hundred hearts are a fortune for them.

One million, that is 10,000 times a hundred!

However, this can still be taken for a Xuan Shui Thunder family that has been inherited for hundreds of years.

After all, they have to come out of the box, otherwise they will face the disaster of being destroyed.

"Well, I can give them the first place here." Ling Xinglong, the owner of the Temple of Heavenly Thunder, suddenly said.

"Pay?"

Ye Xuan brows a pick.

He estimated that Ling Xinglong wanted to temporarily suppress his anger. Otherwise, if the Xuan Shui Thunder family was destroyed, the loss of Tianlei Hall would be great.

"That would thank the Lord. In addition, if it is convenient, please help me to replace these demons, half of them into ore, and half of them into heavenly treasures!"

Ye Xuan said.

"ore?"

Ling Xinglong and Ling Yao looked at each other.

It can be understood by replacing it with Tianmudibao. What do you do with the ore?

However, they did not ask much. After all, Ye Xuan is not a fool. The ore of 500,000 hearts and devils is definitely useful.

"Okay, you can get it to you within three days." Ling Xinglong nodded.

"If the lord has nothing to do, then I will go back to rest first."

Ye Xuan clung to Ling Xinglong, even if he turned and left.

At this moment, he became the focus of attention.

In just a few days, it has broken through from the gateway to the five-pointed gateway. It is also ten years younger than the first day of the Tianlei Hall.

Ye Xuan, definitely a reincarnation!

Everyone is so guessed.

There are quite a few female disciples of Tianlei Temple. They are afraid of Ye Xuan. If Ye Xuan can look at them, then they are just flying into the sky.

If you can linger with Ye Xuan for a night, even if you are ten years old, they are willing!

.....

After such a major event, the top of the Tianlei Hall was also gathered together.

However, in the past three days, Ye Xuan was closed behind, and Ling Jia estimated that Ye Xuan was practicing, so he did not bother.

Of course, the top of the Tianlei Temple is also discussing there, how to tie up with the frivolous scholars in the black chaos.

After all, behind the fascinating scholars is the Bei Cang Academy. If anyone can enter the Bei Cang Academy, then it will be a big hit.

.....

Soon, three days passed.

Three days later, Ling Xinglong also personally brought the ore worth 500,000 hearts and the 500,000 Tiancai Dibao to Ye Xuan's residence.

These things have a lot of temptation for Ling Xinglong himself, but for Ye Xuan, it is not necessarily able to let him break through.

"Thank you, Lord!"

Chapter 1188: Gentle scholar

"Thank you, Lord!"

After Ye Xuan sensed the breath outside the door, he quickly opened the door and thanked him.

"I still have a few things here..." Ling Xinglong gave something to Ye Xuan and said: "Have you ever had a relationship with the frivolous scholar?"

"No!"

Ye Xuan shook his head directly.

"I heard the elder Ling Yao said that the North Cang Academy is now enrolling students. You might as well go to see if you can enter the Bei Cang Academy, which is much better than the Tianlei Hall." Ling Xing Long Dao.

"Well, I am also thinking about going to Bei Cang Academy." Ye Xuan nodded.

However, he did not want to join the North Cang Academy, he just wanted to investigate some things.

The land government, Mo blood clothes, are looking for people.

This is even looking for someone, looking for a pair of brothers and sisters, so this caught his attention. So he wants to go to the North Cang Academy to see if there are any clues about these.

"Well, this is better, I am also preparing to send some learned disciples in the past." Ling Xinglong smiled with satisfaction.

Ye Xuan is qualified, and staying in Tianlei Hall is too bad, so Ling Xinglong feels that Bei Cang Academy is suitable for Ye Xuan.

Of course, Ling Xinglong came to him this time and there is another thing.

"Ye Xuan, in fact, I want to ask, is your cultivation so fast, is it because of the inheritance of memory?" Ling Xinglong asked.

This sentence is also a slap in the face of Ye Xuan, but in a blink of an eye he responded.

"You have misunderstood the Lord, I am not a reincarnation. Otherwise, I will definitely pass on the longevity and reincarnation to you."

Ye Xuan is also slightly helpless, but he took out a Qiang Kun ring from his arms and handed it to Ling Xinglong. He said: "This is some of the martial arts I got, including the door to the top of the heart."

Upon hearing this, Ling Xinglong's eyes lit up.

Among the Temple of Heaven and Thunder, the one that caught the hand was trembled with the thunder. This is the closest to the top of the product.

Now, he actually got a direct sales of the supernatural powers, it is really big.

After he thanked Ye Xuan again and again, he left directly and did not disturb Ye Xuan's cultivation.

Ye Xuan, also returned to his own house.

"Let's fall, your cultivation resources are here!"

Ye Xuan moved the Tiancai Dibao, which is worth 500,000 hearts and devils, to the planting space. With the fall of these heavenly treasures, it will break through to six or even seven in a short time.

As for the remaining ore worth 500,000 hearts, it was all swallowed by him.

"Hey, Megatron breaks through!"

"Hey, Lei Mingzhu breaks through!"

The two systems prompted the sound, and now Megatron and Lei Mingzhu are all seven-passenger.

Even if Ye Xuan does not shoot, they can also compete with the strong seven-powered.

However, because Lei Mingzhu and Ye Xuan did not have a joint growth contract, half of the ore was wasted.

Now that the strength has been upgraded, Ye Xuan will continue to move.

For the past three days, he has not stayed in his place of residence, but has used the eye of the void to go out.

He found that all the brothers and sisters who had been arrested had sent Zhou Huacheng. And this Pepsi City is also the one in the mouth of the frivolous scholar.

In Zhou Huacheng, there are also admission points for Bei Cang Academy.

At the moment, he broke the void directly, left the Tianlei Hall, and once again came to the black chariot. Then he went to the northeast of the black chaos.

He estimated that in about two days, he could rush to the Zhouhuacheng.

In these two days, the fall is also based on the rich natural world of heaven and earth and the planting space. It has broken through to the five times of the secluded environment. She and Ye Xuan have joined forces to fight against the octopus.

Two days later, Ye Xuan arrived at this Zhouhua City.

This week, the city owner of Huacheng is only a seven-passenger, but the local government here is very active.

Ye Xuan was just entering, and he saw a scholar in white dress posting a notice.

"Ok?"

Ye Xuan curiously walked over and glanced at it. It turned out to be looking for someone, but the price above it was enough to have a million hearts.

"Holy crap!"

After sighing in his heart, Ye Xuan gathered his eyes on the portrait.

"Tang Hanshan, age twenty-three, through the seven heavens!"

Ye Xuan is a bit stunned.

The twenty-three-year-old pass is a seven-pointer. This qualification is really terrifying, but it is said that in the past, it was the people of Beiqing Academy.

At this moment, the city suddenly came out with a figure. After feeling the breath, Ye Xuan also looked around and found that the person was an acquaintance.

"Crazy scholar?"

Ye Xuan couldn't help but exclaimed.

Unexpectedly, the frivolous scholars are also in this week.

"Well? Is it you?"

The frivolous scholar also recognized Ye Xuanlai, slightly surprised.

"Are you also coming to participate in the assessment of my Bei Cang Academy?" asked the frivolous scholar.

"I haven't decided yet, just come and see."

Ye Xuan shook his head, and then he discovered that the frivolous scholars had already broken through and reached the seven-pointed environment.

"It turns out!"

The frivolous scholar nodded and turned to look at the scholar, saying: "Is everything stuck?"

"Brother, okay!"

The scholar replied.

"Why, she is also..."

Ye Xuan suddenly remembered something and asked.

"Yes, she should have been taken away. Tang Hanshan is my cousin. Before that, my cousin was also arrested." The frivolous scholar nodded and hugged his fist: "Yes, my name is Tang Yuanlong. ""

"Ye Xuan!"

Ye Xuan is also a fist box.

"Ye brother, the same day of the war, I also listened to several of my younger brothers said, very powerful." The frivolous book students could not help but sigh.

"Tang brothers have won the prize, and I have only had an adventure." Ye Xuan answered modestly.

"Since Ye brother came, it is better to go and see, my Bei Cang Academy is now recruiting students. As long as Ye Xiong passes a small assessment, he can enter my Bei Cang Academy and worship a teacher." The frivolous scholars said intentionally.

"it is good!"

Ye Xuan nodded.

Originally he just wanted to investigate, but thought that if there is a disciple of the North Cang Academy, it might be easier to investigate, so I want to see it.

What's more, there are many high-quality products in the North Cang Academy, and even the wishful powers, this is enough to seduce.

"this way please!"

The frivolous scholar is very polite to lead the way.

After a while, Ye Xuan came to the front of a mansion. Outside the gate of the house, there are already several long teams. These people are all signing up.

These people have different strengths, some are only in Vientiane, and some have reached the five-pointed environment.

Bei Cang Academy is strong, and it is hard to start enrolling students. Even if it is a seven-eighth and eight-point master, you may come to see it.

Chapter 1189: Killing

Ye Xuan has a fascinating scholarship to lead the way, among the envious eyes of everyone, directly into this North Cangfu.

"I have seen Tang brothers!"

"Good brother Tang!"

Along the way, many disciples of the North Cang Academy said hello, and have to say that this frivolous book has a good relationship.

"This frivolous book is not strong, but the qualifications are not high, but his three disciples have said that he has cultivated the Zhengyang scriptures to the third place. This looks very powerful. It seems that the things inside If you are not qualified, you can learn."

Ye Xuan's heart whispered a word, then followed the frivolous scholar into a room.

"Teacher, this is my friend, he is coming to participate in the assessment." Tang Yuanlong said to a scholar who is a six-passenger.

"Okay, brother!"

The scholar nodded and stopped the action in his hand.

Ye Xuan's behavior is a cut-off, but the person who is still in the assessment does not dare to have any objections.

Being able to make friends with the scholars at Beicang College is sure to be capable, not the one he can afford.

Then, the scholar took out a piece of paper and handed it to Ye Xuan.

Ye Xuan took a look at the note and shouted in his heart: "I rub, guess the puzzle?"

Yes, the assessment of Bei Cang Academy is just a guessing puzzle, very simple.

However, this scholar is looking at the face of Tang Yuanlong and gave Ye Xuan a particularly simple anagram.

There are only two words on the note, one person!

"The answer is big characters!"

Ye Xuan blurted out, he felt a little embarrassed, and even gave him such a simple, this is doubting his IQ.

"Ye brothers don't want to be surprised, this guess is just playing, of course, if you can't even guess the riddle, can you enter my Bei Cang Academy?" Tang Yuanlong smiled.

However, the riddle is only the first link, and there is one below.

"Please also put your hand on this spar." The scholar of the assessment said to the transparent ball on the table.

"Oh."

Ye Xuan did not think much, put his hand directly on it.

Then, in this transparent ball, there was a black scent.

Upon seeing it, Tang Yuanlong and the student of the assessment book were frowning and their faces were not very good.

"Ye brother, your murderous, a little heavy!" Tang Yuanlong said slowly.

"Well, kill a lot of people!"

Ye Xuan nodded.

"This murderousness has exceeded the admission standard of my Bei Cang Academy. However, my Bei Cang Academy does not accept it. You can study in the outer court for a period of time. As long as you pass the assessment, you can enter the inner court." Tang Yuanlong continued.

"it is good!"

Ye Xuan has no opinions. Anyway, he just wants to go to Bei Cang Academy to see it.

What to see?

Look at those scholars who practice swords and the like, after all, he has an insightful eye. If you can learn a good idea, then you can make a big profit.

"This spar, in addition to testing murderous, can also test the magic pulse, Ye brother you have not practice magic, you can enter the outer court." Tang Yuanlong continued.

Then, the examiner gave a token and a letter of recommendation to Ye Xuan, saying: "You can enter the North Cang Academy at any time."

"Thank you!"

Ye Xuan took the token and the letter of recommendation and received it in the ring.

In this way, he passed the assessment and can go to Beiguan Academy for further study.

However, he also knows that the outer courtyard of the Bei Cang Academy is not expected to drop. After all, even those who are so murderous can enter. The outside school is estimated to be mixed, and may also be mixed into the killer of the government.

"Dang Xiong, I want to ask, where is the land of the Zhouhua City?" After leaving the house, Ye Xuan asked.

"The land is divided, you ask what to do?" Tang Yuanlong asked.

"I have two friends who have been arrested by the local government. I don't know where I moved. I have been tracing. If not, I will not fight with the fantasy one day." Ye Xuan said 'true.'

Tang Yuanlong recalled, indeed, he heard that Ye Xuan was in order to investigate this matter, and then conflicted with the phantom gang, which led to the destruction of the phantom.

"Zhou Huacheng's land government was divided. The other day was destroyed by the teacher of Beibei College. Some people were left and then brought back to Bei Cang Academy." Tang Yuanlong replied.

"Went out?"

Ye Xuan brows a pick, it seems that he can also drop the way to investigate things.

At the moment, he is a frivolous scholar and then leaves.

On the letter of recommendation, there is a map from Zhou Huacheng to Bei Cang Academy. It turned out that there was a magical array outside the North Cang Academy, so it was not discovered.

It's open now, so it's easy to find.

Next, Ye Xuan spent another two days, rushing through the days of others and coming to the North Cang Academy.

This Bei Cang Academy is built in the middle of the mountain, surrounded by clouds of smoke, looking from afar, like a fairyland.

Ye Xuan came to the foot of this mountain.

The outer courtyard of Bei Cang Academy is at the foot of the mountain. The scope is very large. There are already many people inside, from all over the country.

"This lord, is there anything?"

A scholar came over.

"I passed the assessment of Zhou Huacheng and came over to report." Ye Xuan said directly.

"Oh, the report is there, I will take you there." The scholar said very friendly.

"Thank you!"

Ye Xuan thanked a sentence.

Soon, he came to the point of reporting.

"The teacher of the report turned out to be a secluded occupant..."

Ye Xuan couldn't help but shudder, this Bei Cang Academy, really good.

"Let's report it, recommend me to me." The old man did not raise his hand.

Ye Xuan passed the recommendation letter, and the old man glanced at it and threw it aside.

But the next moment, he suddenly remembered something, took the recommendation letter and looked at it.

"This day, two days ago? How long did it take you to get here from Zhou Huacheng?"

The old man said something strange.

"Oh, the kid has a flying mount." Ye Xuan explained quickly.

If it is a general five-passenger, it will take at least five or six days from Zhou Huacheng. This is the speed of the night.

Ye Xuan actually only spent two days.

"Oh I got it."

The old man didn't think much, and took out a spar. He said, "Check again for murder."

He is a little unbelievable. Ye Xuan is such a young man who has such a strong murderousness.

Ye Xuan reached out and tested it again, and it was the same as before.

"Kids, less murder, more reading." The old man said with a heavy heart.

"Will do!"

Ye Xuan nodded.

The outer courtyard of the Bei Cang Academy is a place for people to cultivate their minds. Only the state of mind is improved, the murder is reduced, and the examination can only enter the inner court.

"But you are so murderous, much better than the **** clothes of the previous day. The kid, the murderous fire is so explosive that even the test spar burst." The old man couldn't help but shudder.

Chapter 1190: Mo blood clothes?

"What, Mo blood clothes?"

Hearing this, Ye Xuan's figure could not help but tremble.

He even heard this name in Bei Cang Academy. Is this to say that he is lucky, or is he bad luck?

Unexpectedly, Mo Xueyi actually entered the Bei Cang Academy, it is difficult to find out, is also investigating that thing?

"Mo blood clothing is a reincarnation. He lived for thousands of years in the last life, and he is a killer himself. The people killed in the millennium are estimated to be more than the rice I eat..."

Ye Xuan also played a spirit, and then received some things, it is leaving.

"Teacher, since you joined the North Cang Academy, we will be our own people in the future. No matter what you have done before, whoever you have killed, I hope that you will be able to cultivate and cultivate in the future, and condense your life for the sake of the future. Cultivation is very helpful."

The scholar who gave Ye Xuan led the way to remind him.

"Thank you brother."

Ye Xuan thanked a sentence.

Among the things he received, there is a thing called meditation, and if you want to enter the inner court, you have to take this quiet record.

"Right, if you have time, you can go to Jingxin Lake. Sometimes there will be some piano sounds, which is very helpful for you."

When the scholar finished, he turned and left.

"The sound of the piano?"

Ye Xuan brows a pick, but there is no interest.

His entry into the North Cang Academy has only one purpose, which is to investigate things.

But now, he has to go find the **** coat and see if there are clues. He really did not expect that Mo blood clothing even traced it here.

"Is this Mo-shirt mixed in, is it also for the investigation? Who is the person who is looking for?"

Ye Xuan has many questions in his heart.

He does not know, if he encounters a **** coat here, will he start a war.

After all, in this Bei Cang Academy, but the strong man who is as good as the mood, if he is so troublesome, he must not be able to take it.

The outer courtyard of Bei Cang Academy was just established. Around the whole mountain, in front of Ye Xuan, thousands of people have joined the Bei Cang Academy.

Ye Xuan did not go to his place of residence, but began to wander around, with the eyes of extraordinary perception, as long as Mo blood clothes appeared nearby, then he would immediately feel it.

The North Cang Academy has recruited students, almost anyone can come, up to 60 years old, down to six years old.

Of course, those younger books called book children were brought to other places by the teachers of Bei Cang Academy.

On the way to find Mo Xueyi, Ye Xuan met many people, and there were many people who seemed to be extremely vicious, but at the foot of Bei Cang Academy, they did not dare to make trouble.

Ye Xuan circled most of the foot of the mountain, but did not find Mo blood clothes.

"Is it out?"

Ye Xuan frowned, slightly confused.

In desperation, he also stopped at the edge of a lake, ready to look at the quiet record that he just got.

"This quiet recording is really a strange thing. With my memory, I only remembered a paragraph..."

Ye Xuan can't believe it.

Along the way, he heard a lot of things.

The average person enters the outer court. If you want to rise from the outer court to the inner court, then you have to take this quietly and thoroughly, that is, all of them.

Endorsement, this is very easy for people like Ye Xuan, even if it is a million words, you can just write it down with a single look.

However, this quiet record is very magical, Ye Xuan looked at it for a while, but only remembered a paragraph, about a hundred words.

The more murderous people, the less content they write down, and only when the heart is flattened can they be recorded.

Simply put, this is the cultivation of the state of mind.

"My murder is too strong, so remember that this quiet recording is too slow. Some people can record several pages as soon as they enter the outer court..."

Ye Xuan is very helpless.

This meditation book has a hundred pages of content, and there are at least five paragraphs in a page.

However, Ye Xuan only remembered a paragraph, which made him remember when.

"It's terrible. Even if I read it out, I forgot it in a blink of an eye. If I let it go, it's estimated that I can't finish it in a year."

Ye Xuan hit a chill.

If you want to rise from the outer court to the inner court, you have to recite the entire meditation record without a word. If you give Ye Xuan time, it will take at least five years.

However, he still has a cheat.

Super swallow system!

"Hey, meditation is successful!"

The system prompts.

Now, even if Ye Xuan can't remember, he can peek in his mind, so as long as he thinks, he can immediately enter the inner court.

However, this is not necessary yet.

At this time, suddenly there was a pleasant sound of the piano that fell into his ear.

"Ok?"

Ye Xuan brows a pick, suddenly felt that many people came in this direction, and then got to the lake.

"The sound of the piano is coming, the sound of the piano is coming!"

"Everyone is coming."

“This is a good opportunity to improve your mood.”

These people in the outer court are gathered together.

"The sound of the piano?"

After Ye Xuan heard the words, he also stunned and suddenly remembered what the scholar told him before.

If you have the opportunity, you can go to Jingxin Lake. If you encounter the sound of the piano, it is a good opportunity to quickly improve your mood.

Among the disciples of this group, some people are here every day, not returning all night, for this is the sound of this piano.

Ye Xuan turned his head and found that the sound came from the small island in the lake. In the small island in the lake, there was a certain array of methods that even blocked his spiritual knowledge and perception.

"Who is playing the piano?"

Ye Xuan is very puzzled.

However, he listened for a few seconds, but he felt that his mood was peaceful, and the sound of the piano did have a significant effect on the state of mind.

It seems that a powerful person is playing the piano, and then using the power of Vientiane to push out, calm the mood of the surrounding scholars, and improve the mood.

I have to say that after listening to this song, it really works. Ye Xuan feels that he has recorded another one or two lines of quiet recording. If you listen to it a few more times, you can record the contents of the next page.

However, this is not useful for Ye Xuan.

Soon, the song stopped and the song was finished.

"Oh, no more."

"But my mood has improved a lot. After a while, I will be able to reach thirty pages."

"Fast, my twenty-five pages have not been written yet."

A group of scholars shook their heads and looked very helpless.

The most helpless, it is Ye Xuan.

Among the scholars in these foreign colleges, I am afraid that he will kill him ten times more. However, his murderousness is ranked second, which makes him very puzzled.

"But, anyway, I just came to investigate. When the time is right, I will pass the assessment into the inner court, and then use the insightful eye to steal some magical powers..."

Ye Xuan thought in his heart.
