Chapter 1201: Chasing

In the sky, suddenly a dark big word appeared, kill!

"What, killing the word, isn't this lost?"

The knives and murderers were shocked and quickly exploded.

Killing the word, ranking first in the masterpiece list, is written by the founder of the North Cang Academy.

This word can not only suppress the people in the magic, but as long as it has murderousness, it will be suppressed.

When the painting came out, all the people on the killer were boring in the chest, and some people squirted blood and fell from the air.

In the camp of the killer, there are the killers of the local government, and the worshippers who worship the moon. The murderousness of these people is not weak, and they are directly suppressed by this killing.

Not only that, but Ye Xuan is the same.

At this time, he was not allowed to move to the town by this piece of killing.

"Hey, let me go!"

Ye Xuan wants to cry without tears. This killing word is a miserable one. What if someone is trying to misbehave him?

Fortunately, the scholars around are too lazy to pay attention to his six-pointed ambiguity. After the emergence of the killing plaque, it is a slam dunk, ready to kill all the enemies.

Killing the word, the suppression is that there are murderous people on the body, and the scholars of the inner courts of the Bei Cang Academy are studying in the Bei Cang Academy before the opening of the Bei Cang Academy. Therefore, no one has killed anyone, and there are not many murderous. So the killing of the word has little effect on them.

"No, this killing word is just a fake, not a real thing, hey, let's go!"

The knife and murderer suddenly reacted. If it is a real killer, he will probably be scared.

However, the impact of this killing on him is not as much as expected, so it must be fake.

"Leave me!"

Naranhao was furious and chased the past.

However, the knife man is a killer, eating by speed, if he wants to go, even Nalanhao can not stop.

In the blink of an eye, the knife killer is to grab Nalanjie again and take him away.

Naranhao could only roar in the back and watched his son be taken away.

If this is the case, then he will take these killers and the people who worship the moon to vent their anger!

"I want you to die!"

Naranhao screamed and began to kill.

"The mission is complete, let's go!"

Those masters of the local government and the cults have withdrawn, and after the event, they can all get great rewards, and even break through to the mood.

The two sides broke out in a flash, but Ye Xuan was very helpless because he was suppressed by the killing of the word and could not move.

Fortunately, after the other side evacuated a section of the road, Nalanhao collected the killings and then pursued them.

As a result, Ye Xuan is recovering his actions.

"Huh, finally can move."

Ye Xuan couldn't help but breathe a sigh of relief. He was really afraid that someone would poison him. Fortunately, he would be miserable.

However, Nalanhao is chasing the killer of the land, and then he will be able to sacrifice the killings again, so Ye Xuan can not be with Nalanhao.

"I don't know where the **** clothes went, no matter what, first raise the realm and say."

Ye Xuan was too lazy to manage so much. Mo Xueyi disappeared shortly after entering the inner court. Therefore, Ye Xuan was too lazy to find it. The upgrade was the king.

Now he is a six-passenger, and if he shows his cards, he is estimated to have no rivals in the glory. He wants to take advantage of this situation, first break through to the seven-pointed environment, and then follow Nalanjie and Nalan Bing.

"It's all you guys!"

Ye Xuan took a look at the front. There were a few voices there, and the breath was not strong. It was just a sneak peek.

Naranghao, the dean of the North Cang Academy, went after the knife and killed the killer. As for the others, it was a glimpse.

If all these people are killed, it will not be a problem to break through to the seven-pointed environment.

At that time, when you encounter Mo blood clothes, you can kill them with impunity and complete the revenge mission.

"Good boy, the district is six times in awesome circumstances, so I dare to come to our troubles, see if I don't kill you!"

A strong man does not look too far, looking at Ye Xuan and shouting.

These few people are the only remaining members of the group who worship the moon, so they are not the same as the direction of the evacuation of the local government.

These people were stared at by Ye Xuan.

"Just by you?"

Ye Xuan directly took out Megatron and Lei Mingzhu. Now these two magic weapons are all in the realm of eight-pointed ambience, and they can be singled out with the eight-strong martial arts.

"Hey, next door, give me a roll!"

The brawny made a footstep and went to Ye Xuan to kill him.

The other three also ignored him and continued on his way.

However, what they all wouldn't think is that Ye Xuan's strength can't be calculated by the realm.

"Yanlong is unparalleled!"

Ye Xuan casually took out a weapon and squatted at the strong man.

An flaming dragon condensed by the power of infuriating and Vientiane whispers, and instantly engulfs the strong man.

"Good!"

The brawny's face changed a lot, and at this time he realized what kind of enemy he had provoked, but it was too late.

I have to say that this one of Mo Xueyi's tricks is very powerful. In the future, Ye Xuan can temporarily not learn other magical powers. It can be eaten all over the world by Yan Long Wushuang.

"Calling!"

Yanlong engulfed the strong man, and the brawny was burned in an instant.

"Ok?"

The three masters of the martial arts that rushed forward quickly felt what they were, and they turned around and looked at each other.

The eight-strong brave man who passed through the secluded environment was actually killed by Ye Xuan, who was in a six-pointed environment. Are they blinded?

At this time, Ye Xuan swiftly swept past, and took over the brawny, and then pursued.

"The scholars of the North Cang Academy, really different, joined hands to kill him!"

One of the men shouted.

The three passspaces are eightfold, and it is very rare to deal with Ye Xuan, a six-passenger.

It is even rarer for a six-passenger to smash three octopuses.

After the death of the strong man, Lei Mingzhu and Megatron were already in the middle of the three men. The three people certainly did not know the effect of Lei Mingzhu, so they only used the power of Vientiane to shake open.

However, when Lei Mingzhu plunged into the center of the three people, suddenly the breath soared, and the inside of Lei Mingzhu broke out with a strong force of lightning. In the blink of an eye, the thunder was swift, and the three were wrapped in the moment.

Countless electric snakes plunged into the body of three people, and the power of the overbearing thunderbolt directly turned the three into charred bodies.

Not only that, but the entire area has been turned into a barren land, the grass is not born, the air is full of pungent burning smell.

A card, killing three major masters of the eight-pointed, can be considered earned.

At the moment, Ye Xuan is swiftly rushing over and will retreat the three people.

However, due to the improvement of the realm, the experience of upgrading has also increased, and it has doubled. Ye Xuan has not been so easy to break through to the seven times.

Chapter 1202: Two levels

"carry on!"

Ye Xuan said nothing, immediately chasing the rest of the people.

However, at this time, his sensory range suddenly flashed a breath, making him very familiar with the atmosphere.

"Mo blood clothes?"

Ye Xuan brows a pick.

He didn't see Mo's blood-coating. It turned out to be hidden. Now it's appearing again. It seems that it's going to be shot.

"In this direction, it is really going to chase Nalanjie and Nalan Bing."

Ye Xuan's heart whispered a word, and then he chased it up.

However, what he does not understand is how does this Moxie suit keep up with the footsteps of those who are strong?

This Moxie, currently only five times in the clearing, is even lower than Ye Xuan, if Ye Xuan is now shot, it will be able to intercept Mo blood clothes.

However, he had no way to block the escape of the **** clothes, so he decided to take a look.

If Mo Xueyi can make a two-game injury with the other side, it must be excellent. When he is, he can rob the fire and kill Mo.

"I have the eye of perception, and the realm is higher than Mo's blood. If I follow him, he can't find it!"

Ye Xuan's heart is a dark sentence.

Mo blood clothing is the killer of the reincarnation. The tracking method is definitely beyond the average killer. Follow him, you can find Nalanjie and Nalan Bing.

At this point, the front of the Mo blood clothing, is rushing in one direction, but the direction he is facing is not the direction of the knife killer and Naranger.

"No, he is not going to catch Lanjie, but the previous Nalan ice!"

Ye Xuan suddenly reacted.

This Nalan Bing and Naranger were escorted by two people and the route of the **** was different.

"I just don't know, how can this reincarnation wake up, do you have to kill it once?"

Ye Xuan is very puzzled.

On the same day, Mo Xueyi awakened, he was killed by Ye Xuan once, but if this is the case, why not directly kill Nalan Bing and Nalanjie, then, you can wake up.

However, those people did not, it seems that they have other plans.

"What if you want to catch Nalan Bing and Nalanjie is to plot them..."

Ye Xuan heart guessed.

Anyway, Ye Xuan decided to take a look.

This Mo blood coat did not know what method to use, and traced to the singer who took Nalan Bing, followed by Ye Xuan behind Mo Xueyi. After half a day, he actually saw two fast moving people.

No, there is only one, one of them is being dragged away.

"It's Nalan Bing, this is not a killer for thousands of years. It seems that he wants to get rid of one more!"

Ye Xuan is behind the dark road.

At this time, it is already dark, and the hiding method of Mo Xueyi is good. If Ye Xuan has an eye for insight, I am afraid I can't find him.

"Xuan Ming double eyes, I did not expect you to reincarnate, it seems that today is the day of my revenge."

After the dark blood in the heart, it was turned into a streamer and killed to the killer who was in the mood.

"I finally got it!"

Ye Xuan's light flashed and his footsteps were a meal.

On the same day, when Mo Wenyi was in the seventh place of Vientiane, it was the thunder of the thundering city of Leiguang.

Today, Mo Xueyi has a five-pointed environment and is able to rival a killer like a hero.

However, Ye Xuan is a long-term experience, this Mo blood coat actually hides the strength.

No, it is not hiding the strength, but the breakthrough on the spot!

"The six places in the clearing?"

Ye Xuan at the back was shocked. When Mo Xueyi rushed out, his breath was upgraded from a five-point pass to a six-point pass.

No, it's not a six-point pass, but a seven-point pass!

"I rub, what kind of ghost means, even jump two levels?"

Ye Xuan almost swallowed the throat, even if he is, it is not an easy thing to break through twice, unless there is a lot of natural treasures.

The reincarnation is not a reincarnation, and it breaks through twice in a row. From the five times of the secluded to the seven times of the secluded environment, now, the **** clothes are only three different from those of the strong.

Ye Xuan couldn't help but shudder, but fortunately he did not immediately shoot, otherwise it would be miserable.

Even if he is one level higher than Mo Xueyi, he is not sure to kill him. Now Mo Xueyi is a higher level than him. If he plays it, he is absolutely dead.

"When you are a mouse, you dare to stop me?"

A thick voice sounded, the one-of-a-kind killer put down Nalan Bing, who was stunned, and killed him in the blood.

If the general ambience is seven heavy, he can slap his soul away, but he feels that Mo Xueyi is not so simple, so be sure to go all out, otherwise it will die very badly.

"You, get out!"

Mo **** clothes drink a low.

"You are going to get out!"

The brawny man took a shot and prepared to take the Mo blood coat to fly, but he did not do it. This palm was actually broken up by Mo Blood.

"There are two things, try this trick again!"

There is an extraordinary infuriating spirit in the body of the strong man. This infuriating, once again condensed into a palm and rushed toward the blood.

This strong man is the master of the real estate, and the body has already opened up the Yuanfu, which has condensed the life of the life.

The magical power of this life is not something that ordinary people can take.

"Great sadness kills the palm!"

"Yanlong is unparalleled!"

Mo blood coat is also a sword, it is his strongest attack.

"boom!"

One palm and one dragon slammed into the air and stirred up a thousand waves.

Such as the intention of the real life, but not the general instinct can resist, but Mo blood clothes is not a simple thing, this time, although he is weak, but it has escaped the attack of the other side.

"Yanlong is unparalleled!"

Mo blood clothing once again pulled out a sword, and another Yanlong appeared, but this time the goal is not a strong man, but the fainting past Nalan ice.

"You are not here to save people?"

The brawny was shocked.

Mo Xueyi is a scholar, so the strong man thought he was to save people, but Mo Xueyi actually attacked Nalan Bing, why?

"What I want is that she is dead!"

Mo blood clothes do not say anything, but also a record of Yan Long unparalleled.

"Good guy, this girl is the person who the big man wants, you dare to move her, find death!"

The brawny was furious and once again used the instinct of the life to blast the two dragons.

Reincarnation, some will actively awaken the inheritance of memory, and some people will die after death, before the **** clothes are awakened after being pierced by the heart.

However, if the entire person of Nalan Bing is burned, then she will not be able to wake up.

However, if you want to kill Nalan Bing, you have to cross the brawny.

In the distance, Ye Xuan looked at the Mo Xueyi who had a good fight with the strong players. My heart was very surprised.

Chapter 1203: Last transaction

Ye Xuan is thinking, first use this strong person like the mood, consume the Mo blood coat, and then shoot, kill the Mo blood coat.

He had a wishful thinking and he was OK, but he thought of another way.

"This Nalan ice is the person who wants the big man in the land. If I hold her, this brawny might be desperate..."

Ye Xuan thought in his heart.

Threatened by hostages, this is a bit despicable, but this Nalan Bing has trapped him in a trap, so Ye Xuan has no guilt.

However, he is now hiding. If he goes out and holds Nalan Bing, what if the brawny suddenly shifts his target and kills him?

In this way, it is a bit of a surprise.

"But, let's take a look here, let Mo Xueyi and the strong players of the mood to play for a while, see the situation again."

In the end, Ye Xuan decided to give up. After all, this is related to his revenge mission. He has waited for a long time today.

If things go well, then he can complete the revenge mission and get three points to swallow.

In this way, he can use these three points to swallow the point, buy the expansion bar of the battle blood, and open the second battle blood.

At the thought of the blood of the battle to be purchased, Ye Xuan was excited. He held his breath and quietly observed the battle ahead with the eye of insight.

"Great sadness kills the palm!"

"Yanlong is unparalleled!"

Mo blood clothing and the strong man can not be played, under the current circumstances, although the **** clothes slightly prevail, but in the long run, the strong man is weak.

Because his life is really fast, if there is no support for his life, Mo blood clothing may instantly gain the upper hand.

With the eye of insight, Ye Xuan can see the true instinct of the Yuanfu in the strong man, which is not much.

When the heroic life is about to be exhausted, it is when he shot.

"Come on, fast, and play for a while, that is the best time for me to shoot!"

Ye Xuan's emotions are a little excited. He is not only looking at the instinct of the brawny, but also constantly calculating the infuriating of the blood.

The two are actually half a catty.

"Great sadness kills the palm!"

"Yanlong is unparalleled!"

"Booming!"

The air waves are rolling.

The entire battlefield has been played by the two people beyond recognition.

At this time, Ye Xuan, who was hidden in the middle of the night, was dispatched.

"Mo blood clothes, you are dead!"

Ye Xuan both screamed and killed.

However, just as he was ready to take the shot, Nalan Bing, who was fainting in the past, suddenly woke up.

Nalan Bing is the daughter of Nalanhao, the dean of Bei Cang Academy, and the goddess in the minds of the entire scholars.

However, this goddess, at this time, revealed a very sinister smile.

"Yanlong has no match, no blood, you are a self-investment!"

Nalan Bing looked at the dragon and said in a cold voice.

boom!

This sentence, but the Ye Xuan and Mo blood clothes were scared, the latter turned around and found that Nalan Bing actually broke free from the shackles.

Passing the secluded eight!

Nalan Bing, even in this millennium, she was awakened.

Otherwise, how would she recognize Yan Long's unparalleled and uncorrupted clothes?

"not good!"

Mo **** coat was gloomy and quickly receded.

He did not expect that God would play with him so much. When he was about to avenge his revenge, Nalan Bing suddenly awakened.

Not only that, but Ye Xuan is the same, he originally wanted to shoot, but this Nalan ice suddenly awakened, but also got rid of the shackles.

This is troublesome.

Mo blood clothes are now seven times in the clearing, and this Nalan ice is a secluded eight-pointed, higher than a **** coat.

If Nalan Bing is not awakened, Mo Huangyi can kill Nalan Ice, which is full of secluded occult, but now Nalan Bing wakes up, so who will be stronger?

At this time, Nalan Bing, who was awakened, suddenly looked at her and fell on Ye Xuan.

"I rub!"

Ye Xuan was so shocked that he did not come out of the darkness. This Nalan ice found him, and he was also a reincarnation.

Mo blood coat looked down at her eyes, but also found Ye Xuan hidden in the dark.

Only when he was fighting the strong man, he did not pay attention. I did not expect that there was another crisis lurking around him.

"go!"

Ye Xuan did not dare to neglect, hurriedly turned around and left, this time, he is afraid of losing his hand again.

Not only did he have to escape, but even after seeing Nalan Bing awakened, Mo Xueyi immediately turned into a **** stream and fled the scene.

"It's really a narrow road, no blood, where to escape?"

After Nalan's scorn was scorned, it was also chased up, and its speed was not slower than the **** blood coat.

In the blink of an eye, the two disappeared into the sky, leaving a sluggish brawny and Ye Xuan.

The brawny stunned Ye Xuan, but he did not want to say it at this time.

His task is to send Nalan ice to a hidden place, while ensuring the safety and trapping of Nalan Bing.

Now, Nalan Bing actually got rid of the shackles, and the strength broke out, and he was shocked by his strength. He must report to him as soon as possible.

Therefore, he directly ignored Ye Xuan and left in another direction.

"Mom, this is miserable. Not only did the revenge mission not finish, but Nalan Bing was awakened. If I met her again, I would definitely die without a place to die."

Ye Xuan wants to cry without tears. This can only blame him for his bad life. Nalan Bing awakened at this time and disrupted all plans.

This Nalan ice wants to kill Mo blood coat, Mo blood coat is dead, then Nalan Bing is coming to chase him.

He was not sure to kill with the blood of the class. This Nalan ice is also a reincarnation, and he is also two realms. He is even less likely to be hostile.

So, you can only run!

"It's a tragedy, go!"

Ye Xuan also said nothing, turned around and left, but he did not choose to give up, because he still has a little chance.

As long as you break through again, you may be able to grab the **** coat from the Nalan icebreaker and then leave with the eye of the void.

However, this probability is a bit low because he does not know the whereabouts of Mo Xueyi and Nalan Bing.

However, he did not know whether it was a falling pie in the sky. Soon after he left, there was a breath to catch up with him.

"Mo blood clothes?"

Ye Xuan was shocked.

Why is this **** coat suddenly folded back?

He took a closer look and found that Mo's **** clothing was very unstable and seemed to have been seriously injured.

good chance!

Ye Xuan's eyes lit up, it seems that his life is still very good, even the injured lamb was delivered to the door.

Soon, this Moxie was caught up with him, and as expected, he did not expect him to be seriously injured, a dying look.

"Kid, let's make another deal."

After the appearance of Mo Xueyi, there was no shot and said directly.

Chapter 1204: Revenge mission, complete!

"Nanalan ice is still chasing you, do you want me to save you?" Ye Xuan eyes stunned and asked.

"You should have guessed it too. Nalan Bing and Nalanjie are indeed a pair of reincarnations. I had a big fight with them in the past life. I finally had to reincarnate. They were also seriously injured by me and then reincarnation."

Mo Xueyi said: "Now, I only have one request, that is to kill the mysterious eyes for me. As for the reward, you can just open it."

"Sure enough, I want to join hands, but I want your life!"

Ye Xuan said nothing at all.

"Life?"

Mo Xueyi's eyes are also flashing twice. "I'm in the middle of the day's three-day life-seeking chasing sword. The person who was injured by this attack will die within three days, and I can't reincarnate again now. It is already powerless to return to heaven."

"So, I promise you!"

"what?"

Hearing this, Ye Xuan also stunned. Happiness came too fast. He chased Mo Xueyi for so long. Today, Mo Xueyi actually sent it to the door. Is it really a falling pie in the sky?

"Kid, use my life, change your promise, as long as you kill Nalanjie and Nalan Bing, this deal, you dare not dare?" Mo Xueyi asked with a dignified face.

"What are you afraid of?"

Ye Xuan immediately replied.

Just kidding, if you kill the **** coat and complete the revenge mission, he can dream of laughing.

"Okay, then come on, there are not many times, and the girls are expected to arrive soon." Mo blood clothes are very simple.

I have to say that this Moxie is a man, which makes Ye Xuan very admire.

At the same time, Ye Xuan does not need to agree to it, he can directly do it, because this Mo blood coat is already the end of the strong, the strength is better than the only one, I am afraid that even half will not.

If Ye Xuan does not talk nonsense after seeing Mo Xueyi, he will not be able to live without it.

However, in order to be safe, Ye Xuan decided to promise it. After all, Mo Xueyi is a reincarnation. It is not so easy to kill him.

"Mo blood clothes, since I promised you, I will complete this wish for you, you go with peace of mind!"

Ye Xuan said slowly.

Then, his dawn was flashing, and a silver sniper broke away.

In the face of this silence, Mo blood clothing does not prevent or flash this time, so quietly standing there, waiting for the advent of death.

Ye Xuan is actually a bit embarrassed in the heart, because he is afraid that this is a trap of Mo Xueyi, but he is more worried.

"Oh!"

A crisp sound spread, and the whole head of Mo Xueyi was thrown up and bloody.

The human head is shackled, but it will not die immediately, and consciousness will remain for a while.

Ye Xuan looked at it so quietly, and the emotion was a little excited.

Mo blood clothes, really dead?

Now, still not sure!

However, after hearing the system sound in his mind, he can be sure that Mo Xueyi is really dead.

"Hey, the host successfully kills the **** coat, completes the revenge mission, and rewards the three-point swallowing point!"

The system is not going to lie.

This system sounds that it is really dead.

Revenge mission, finished!

"It's finally finished, three points to swallow, get to the hand!"

Ye Xuan's eyes are bright, and I don't forget to take off the Qiang Kun ring in the past. There are quite a few things here.

Although Mo Xueyi is a reincarnation, the most valuable thing is actually his memory. Ye Xuan can actually let Mo Xueyi write some peerless magical powers, but Ye Xuan can't wait, so he shot, because Mo Xueyi said, The Nalan ice that chased him soon arrived soon.

This thing in the Qiankun ring, for Ye Xuan, just improved some repairs.

However, he now has three points to swallow.

"Come on, the new battle blood!"

Ye Xuan does not say anything, directly use these three points to swallow the point, used to buy the expansion column of the battle blood.

Blood, in fact, not expensive, expensive is the extension bar.

Originally, Ye Xuan's super-phagocytic crystallization was not enough to buy the battle blood extension bar, but now he is not spending super-phagocytic crystals, but swallowing spots.

Moreover, it is still a three-point swallowing point.

"Hey, the battle blood extension bar was purchased successfully!"

After a system prompt, Ye Xuan finally can buy a second battle blood.

This second battle blood, he had chosen a lot before, but with the upgrade of the super swallow system, he finally selected a bloodline after the upgrade.

This blood, called killing blood!

"Hey, killing the blood of the gods is successful, is it a fusion?"

"Yes!"

"Hey, killing the blood of the gods is successful!"

After the blood of the gods was merged into the body, Ye Xuan felt that he had undergone earth-shaking changes.

Killing the blood of the gods is the new bloodline after the upgrade of the super-phagocytic system. Naturally, it is not much better.

This killing blood is to kill people. Every time you kill one person, you will save the value of killing. This killing value will increase with the realm of the person you kill. If you have enough killing value, you can use some killing. God's bloodline skills.

At this time, Ye Xuan was just blending the blood of killing the gods, and the skill of killing the blood of the gods was not fully opened.

"Spike outbreak: Integrate the killing value into the attack and increase the attack power!"

"Killer instinct: Let the host have a keen sense of extraordinary."

"Assassination status: Convergence, let others unpredictable, can improve combat power in the dark."

"Death chase order: Mark an enemy, you can know the direction of the enemy, and while fighting the enemy, passively enhance the strength!"

"The feast of killing: After opening, killing people in a certain period of time can increase the strength. The higher the realm of the people killed, the greater the number, the greater the increase!"

These five skills are the new skills that Ye Xuan has developed after the blood of the gods.

The killing outbreak is an active skill. As long as there is a killing value, it can be used to improve the attack power.

The killer instinct does not need to say much, this is a passive skill similar to the spirit, the size and the same level of knowledge, which makes Ye Xuan's range of perceptions expand again.

The state of assassination is also a passive skill, so that Ye Xuan has the ability to hide and sneak, and can play pigs and eat tigers. At the same time, under the night, you can also passively increase the attack power and speed, which is simply a magical skill.

The next two are the highlights.

The death killing order is the killing mark. Those who have been ordered to kill and kill will always reveal their whereabouts. Even if Ye Xuan and his are separated by millions, Ye Xuan can also know the direction of the other party.

The most important thing is that Ye Xuan and the target of the death killing order can also improve their strength.

As for the last killing feast, it is a very powerful skill, very suitable for group battles.

Chapter 1205: Eye of reincarnation

After consuming the killing value to start the killing feast, Ye Xuan will not have any strength increase, but after killing people, his strength will become stronger. In short, it is to kill more and more in the prescribed time.

This kills the blood, it is worthy of the **** veins of Ye Xuan after the update of the super swallowing system. It is too powerful.

These six skills are just the initial skills.

In the future, Ye Xuan can also use the swallowing point to open new skills.

For example, let the night into the dark night sky, as well as the strong escape skills shadow ratio, as well as scarlet storms, assassination eyes and so on.

However, the most letting Ye Xuan feel the power of killing the blood of the gods is a passive skill called a hit.

As long as you learn this passive skill, in the future, there will be a chance to trigger a hit.

As long as it triggers, then his attack has a spike effect. Even if it is the last realm of Tongtianjiujing, the master of Tongtianjing may have to fall.

"It's amazing, it's too powerful. It's too much to eat at three o'clock!"

Ye Xuan couldn't help but swallow his mouth. He was still far from buying the battle blood extension bar. Now, he finally got six blood.

"In the future, I can also use the swallowing point to fuse the death killing order with the eye of the void. The combined assassination eye skills allow me to instantly deliver the assassination behind the death killing target!"

"And, the unopened skills Scarlet Storm can also be combined with Wan Jian, the new skill blade storm, estimated to be powerful to the explosion..."

Ye Xuan screamed, can't wait to swallow a lot of points now, and then turn all these skills on.

Unfortunately, he doesn't have it now!

"Hey, the host has already got six blood levels above the virtual level, and the blood fusion system is turned on!"

The system prompts again.

The five blood vessels that Ye Xuan merged before were all virtual gods, very inferior, and now the blood of killing God is through the heavens.

But in general, the blood fusion system is finally open.

Just as Ye Xuan is ready to sink into the mind and see what the blood fusion system is all about, in the sky, suddenly it has changed.

"Ok?"

What Ye Xuan felt, turned his head and found a huge eyeball staring at himself.

"The Eye of Death?"

Ye Xuan was scared by this eyeball. The first reaction was the eye of death.

However, this time the eyeball is not the eye of death. This time there is no death, but a very strange energy spreads.

Then, Ye Xuan saw the body of Mo Xueyi, a white air floated, and then absorbed by this huge eye.

At this time, Ye Xuan suddenly remembered the mini-Dragon.

The mini-Dragon was saved on the same day, but he did not kill Mo Blood, because he was jealous of something.

Could it be that this huge eye similar to the eye of death?

"Hey!"

Suddenly, this huge eyeball turned and fell on Ye Xuan.

Ye Xuan was so stunned, and almost the soul was scared to fly. On that day, he was almost killed by the eyes of death.

Now, come again?

"Young people, thank you very much."

Suddenly a strange voice fell into Ye Xuan's ear.

"Who, who is talking?"

Ye Xuan hit a spirit, asked subconsciously, and looked around.

But the next moment, he gathered his eyes on the huge eye.

Is it a huge eyeball to talk?

"I am reincarnation of the city owner, thank you for killing a reincarnation, let me absorb this reincarnation will. In return for you, I can tell you something."

"You, no reincarnation!"

After this sentence fell into Ye Xuan's ear, it made him tremble.

What does it mean if there is no reincarnation?

Everyone has a causal reincarnation. If this world dies, you can reincarnate.

"This round of return to the city, can actually see that I have no reincarnation?"

Ye Xuan brows a pick.

What kind of talent does not have a reincarnation?

A person who has been beaten up, or a ghost!

In other words, in the future, Ye Xuan's end is not being beaten by people, but turned into a ghost.

"What is this reincarnation is beyond my understanding, but can this reincarnation really see my reincarnation?"

Ye Xuan does not believe.

Because he is a traversal, it is from the earth, if this reincarnation can really see the past and the future, then it is the unlucky Ye Xuan, or he?

Or, his past life is the unlucky Ye Xuan?

No, there is another possibility!

"Of course, your future achievements may also be above me, so my eyes of reincarnation cannot be seen."

This mysterious reincarnation once again said.

Hearing this, Ye Xuan's eyes lit up.

Yes, how could he not have a reincarnation? After all, he still has a avatar in the **** rock continent to be king.

His future achievements will certainly surpass this reincarnation, so the reincarnation of the city can not see his reincarnation.

However, just as he thought about it, this huge reincarnation eye was turned into a bubble, as if it had not appeared.

"Before the eyes of death and death, now is the eye of reincarnation and reincarnation. What level of power is this?"

Ye Xuan couldn't understand.

However, this round of returning to the city owner appeared after the death of Mo Xueyi, and absorbed the reincarnation will in the body of Mo Xueyi. Maybe this round of returning to the city will strengthen the will by absorbing the reincarnation?

"Mo blood clothing is a strong reincarnation. At his level, there are many estimates of the reincarnation. This reincarnation may be based on the reincarnation of willpower to enhance strength..."

Ye Xuan guessed in his heart, but it was just a curious speculation. After all, he was too far away from the reincarnation.

Fortunately, this round of returning to the city is not the same as the eye of death, otherwise he may not escape.

However, he is too lazy to think so much, because he has already felt a strong breath that flies toward him.

Perceptual eye, killer instinct, and spiritual knowledge make Ye Xuan's induction much stronger than the average person.

The passive assassination of the passive skills that I just learned has made him and the darkness merge into one, and the combat effectiveness has also improved a lot. Even if a good-looking person appears around, I am afraid it is difficult to find him.

However, this powerful atmosphere is followed by Mo's blood.

Come, it is Nalan Bing!

"coming!"

Ye Xuan in the distance, looking at the white figure in front, the light flashing.

"Death chase!"

Ye Xuan directly applied the skills he had just learned, on Nalan Bing.

The next moment, there was a scarlet killing on the top of Nalan Bing, and Nalan Bing could not see it, nor could it feel it.

In the future, even if she ran to the ends of the earth, Ye Xuan could feel her position and then assassinate.

Chapter 1206: Battle of Nalan

"In the battle against the goal of the death killing order, you can passively improve my strength, coupled with the assassination of passively improving the strength under the night, I may not have the ability to fight this Nalan ice!"

Ye Xuan's heart is dark.

At this time, Nalan ice fell on the headless body of Mo Xueyi. She looked at the headless body and frowned.

"There is a reincarnation eye, I don't know who it is..."

Nalan Bing thought.

She used to be a peerless strongman with Mo Xueyi. Naturally, she knows what the eye of this reincarnation is. However, it is not only one person who has the eye of reincarnation, so she is not sure who it is.

However, this is not important. What is important is who killed Mo Blood?

"The wounds are rushing and neat. It seems to have been sneaked to death. Who is capable of killing Mo blood clothes? Is it a strong person?"

Nalan Bing began to be alert.

Since she was awakened, she has been chasing Mo's blood-stained clothes, and she also used her three-day soul-hunting sword to injure the blood-stained clothes, leaving a life-threatening sword in the body of Mo.

This killing sword will kill the **** coat within three days.

In the last life, Mo blood clothing was also in the middle of this move, and then forced to reincarnate. However, this world, Mo blood clothing is not enough, so the fall is inevitable.

Of course, if there is a master to help, Mo blood clothes can escape a catastrophe, in order to prevent this accident, Nalan Bing is chasing after, to ensure the death of Mo blood.

Now, Mo Xueyi is dead, but he is not killed by Nalan Bing, which makes Nalan Bing very angry.

"The life of Mo Xueyi is my mysterious and mysterious, only I can kill, who dares to move, find death!"

Nalan was furious and roared: "Who killed him, give it to me!"

She didn't sense anyone now, but she had an intuition that the person who killed Mo's blood coat was nearby.

Indeed, as he expected, Ye Xuan was lurking around, ready to kill this Nalan ice.

"Hey, trigger a random mission, kill Nalan Bing, and reward a little swallow!"

Just when Ye Xuan wanted to shoot, the system suddenly showed up.

The random task finally appeared again!

This time, the reward is actually a little swallowing point, it is really rich.

"Haha, with this point of engulfing, I can start a skill that kills the blood of the gods."

Ye Xuan smiled in his heart.

However, this Nalan ice is a secluded eight-pointer, or a reincarnation, and he is only six times in the clearing, and there is only one card left. It is not an easy thing to kill this Nalan ice. .

The most important thing is that this random task is only one day, and Nalan Ice is not killed in one day, and the task is invalid.

"Must be successful!"

Ye Xuan easily accommodated it and became a strange face for Nalan Ice, while the assassination status concealed his true level.

This time, he is a killer!

"kill!"

Ye Xuan broke out quickly.

Ye Xuan, hidden in the darkness, turned into a ghost, and attacked Nalan Bing.

"The sword is returned to the sect, the sword is!"

Ye Xuan directly applied the last card to try to trap Nalan Ice.

Although Nalan Bing is a secluded eight-pointer, Megatron is also a secluded eight-pointer. As long as it can be trapped, three seconds is no problem.

However, Nalan Bing is also a reincarnation. It is also a killer of countless killers. Is it so easy to be trapped?

"Oh, sure enough, I want you to die!"

Nalan Bing held a female sword and even greeted him directly.

"Hey!" "Hey!" "Hey!"

The giant swords of the Earth are constantly falling, but they are all lightly escaped by Nalan Bing.

However, Ye Xuan is not a good provoke. The speed of Nalan Bing is fast, but Ye Xuan, who has an eye for insight, can still capture his figure.

"Yanlong is unparalleled!"

Ye Xuan took out a sword, an inflammatory dragon appeared, and screamed toward Nalan Ice.

"What, Yan Long is unparalleled?"

Nalan ice is slightly surprised.

This move is not the stunt of Mo Xueyi, and Mo Xueyi is dead, who else?

"It turned out to be."

At this time, an idea in Nalan's mind was flashing.

This person who used to display Yan Long's unparalleled smashed the **** clothing. Perhaps, this person is the apprentice of Mo Xueyi?

In the **** coat, he was killed for three days, and he would die within three days, so he asked the disciples to kill him and set an ambush.

Thinking of this, Nalan's mouth is slightly tilted.

In the past, she and her brother Nalanjie also called Xuan Ming's eyes, killing many people, sometimes knowing that it is a trap, and they are still taking the enemy's first rank among the army.

Now a person in the district, dare to call ambush?

"Desperate to chase souls!"

Nalan's sword in the hand of a wave, a sword out of the air, did not enter the Yanlong.

In the next moment, Yanlong was violently turbulent and disappeared.

"It's a magical power that can't be copied!"

Ye Xuan's face is gloomy, and the heart is dark.

Before the blood of the dragon, Wu Long was unparalleled, and he could not transcribe with the insightful eye. This is because his realm is not enough.

This Nalan ice is also a reincarnation, and the use of the magical power that cannot be copied can be justified.

However, after this infuriating collision, Ye Xuan also understood the gap between himself and Nalan Bing.

The other side can easily break his Yanlong unparalleled sword, which is the gap.

You know, Nalan Bing was ordered by him to kill and kill, and he also had an increase in assassination.

"Let's fall!"

In desperation, Ye Xuan can only be released.

The current fall is a six-passenger, and her enchanting eye can greatly enhance Ye Xuan's soul strength and make Ye Xuan's Vientiane power stronger.

The power of Vientiane will increase, then Ye Xuan's attack power will also increase.

Falling also knows that Ye Xuan is fighting, and when it appears, it is the eye of charm.

"The Eye of Charm!"

A pink eyeball appears, and with its glimpse, Ye Xuan's soul strength is greatly enhanced.

"Come back!"

Ye Xuan's strength suddenly rose sharply, and once again, he took a sword toward Nalan Bing.

Yanlong is unparalleled!

Nalan Bing, after seeing the eye of charm, was also a footstep, and his body trembled.

"How is it possible that this place can actually create the eyes of the eyes of the charm?" Nalan Bing was shocked.

She is very familiar with the eyes of charm, because she is the person of the fox family in the last world, she will also be the eyes of charm.

Before the see-up of the blood-stained clothing, it was revealed that it was because of the enchanting eyes of Nalan Bing.

"I am a human body now, very unaccustomed..."

Nalan Bing's heart is a dark passage, and the look at the falling eyes is also different.

However, let's deal with this singular dragon.

"Desperate to chase souls!"

Nalan Bing once again scolded a sword. This sword is only twice as powerful.

Chapter 1207: Chasing

"Hey!"

Two different infuriating collisions provoked a thousand layers of air waves. This time, it was still a close match.

However, as a peerless killer, Nalan Bing, the shot speed is extremely fast.

"This sword, want your life!"

Nalan Bing suddenly offered a fine dagger and swept it quickly.

Three days to kill the soul sword!

This trick is her card.

"not good!"

Ye Xuan's face changed greatly, looking at this lightning-like attack, his mind was moving.

"Boom!" "Boom!" "Boom!"

A large sword fell from the sky and blocked in front of Ye Xuan.

"Hey!" "Hey!" "Hey!"

The sword of Nalan Bing will crush a huge sword, and in the blink of an eye, it will break dozens.

Fortunately, Megatron's realm is high, and the three-day quest for soul-hunting swords did not hurt Ye Xuan.

"Dare to move the young master, find death!"

Falling into the slender hand, the seven demon fires merged into one, then she turned this seven-color lotus to Nalan Bing.

"Seven colors of demon fire, seven bursts!"

"what?"

Nalan Bing was once again shocked, because this trick she had before, is the singularity of the fox family, not everyone.

"It seems that this little girl may be the reincarnation of a master in the family..."

Nalan's heart is in the dark.

She speculated that the fall is also the reincarnation of the masters of the fox family, but the age of the fall will be a little older than her, so she does not know who is the reincarnation.

After all, she has to reincarnate before she falls.

Of course, it is also possible that the fall is not a reincarnation, but it only awakens the blood.

However, what about the same people?

Nalan Bing and Nalanjie have long since left the fox family!

"Three days to kill the soul sword!"

Nalan Bing once again exerted a trick, and it collided with the seven-color demon fire, and the air wave swept away again.

Nalan Bing was also a member of the fox family. Now she has become a human being, so she is not used to it. After all, there are many skills that cannot be used.

Therefore, she now has a plan, that is to kill Ye Xuan first, and then fall.

Then, she used the secret method to erase the fallen soul and make it fall into a body. And she will replace the fall.

At the age of his teens, he realized the eyes of enchantment. Even the genius of the fox family at that time was too much.

This is a super genius!

"I must get it!"

Nalan's eyes were stunned, revealing a greedy look.

This expression was captured by Ye Xuan.

"This Nalan ice, have an attempt to fall?"

Ye Xuan was shocked.

The dragon has a counter-scale, and it will be angry!

Although Ye Xuan is not a dragon, if someone dares to move his reverse scale, he will die if he is dead.

"Death!"

Ye Xuan was furious and began to attack wildly.

The infuriating energy of Yanlong Wushuang is very expensive, but Ye Xuan has the blood of the **** of life, and with the return of Wan Jiangui and Lei Mingzhu and the falling, it can be recovered.

For a time, the two sides became a tie.

Before Ye Xuan and the level of Mo blood clothes, they can't cope with it. Now it can be evenly matched with Nalan Bing, who is two levels higher. This is not bad.

However, Nalan Bing was just awakened soon, still not suitable, plus she and her brother Nalanjie also said that Xuan Ming double eyes, if not joined, the single combat power is much weaker than Mo blood.

It is precisely because of these two factors that Ye Xuan has not lost, but has a slight advantage.

"No, it's not enough!"

Nalan's face is getting more and more ugly.

She had already played a game with Mo Xueyi, and she had been chasing Mo Xueyi for quite a while, and then used several times to kill the soul sword for three days, so only one-fifth of the infuriating.

Looking at Ye Xuan, Ye Xuan reasonably said that the infuriating spirit should have long been exhausted, but it is a peak, and there is nothing wrong with it.

This is not in line with common sense!

You must know that Nalan Bing is a secluded eight-pointer, and Ye Xuan is only a six-passenger, and the same is true. It is too fake.

"What is this kid, what is it?"

Nalan Bing couldn't help thinking in her heart.

Ye Xuan is easy to tolerate, and there is the ability to assassinate the state, so the smell that Nalan Bing feels is not the same as that of Ye Xuan on the same day, so naturally it will not combine the two.

But for now, she is not spending so much time.

"Hey, if he let me see you again, it will take your life!"

Nalan Bingxin was cold-spoken. At the same time, she also deeply recorded the breath of Ye Xuan. If she meets again in the future, she will be able to recognize it.

Unfortunately, she did not know that Ye Xuan was the person she wanted to frame on that day.

"call out!"

At the moment, Nalan Bing is turned into a white flash and plunges into the distance.

"Good guy, the reincarnation, it turned out to be a stockpile, don't go!"

Ye Xuan immediately chased it up.

This Nalan Bing is about to end the battle, as long as the body is exhausted, then there is no fighting power, it is a good time to kill her.

As long as you kill Nalan Bing, then Ye Xuan can complete random tasks, reward a little swallowing point, and can also be used to open the skills of killing blood.

For Nalan Bing, Ye Xuan has the determination to kill, and must not let Nalan Bing escape.

Otherwise, it is more trouble!

However, this Nalan ice is extremely fast, and in the blink of an eye is a distance from Ye Xuan.

Fortunately, Nalan Bing had a death killing order. Even if she was separated by a planet, Ye Xuan could clearly sense her direction until she died.

Death killing orders, but ignoring the distance, this is really terrible place.

"Young Master, I don't know how, this Nalan Bing has a feeling that makes me familiar."

On the way to chase Nalan Bing, the fall suddenly said one.

"What makes you feel familiar?"

Ye Xuan brows a pick, could not help but ask.

"I don't know, the smell of her body after she wakes up makes me feel familiar. Perhaps, her past life is also a fox family."

"Cream family?"

Upon hearing this, Ye Xuan suddenly reacted.

If this Nalan ice was a fox-like family, now reincarnation of an adult may be to restore the body of the fox people.

It's no wonder that Nalan Bing looked at it with that kind of look. It turned out to be this!

"In this case, then you are damn!"

Ye Xuan looked at the back of Nalan Bing and killed him.

Although the blood of the gods has been merged, the initial skills, except for the death killing order, can not be used.

Killing feasts, you need to use the kill value to open, but since the integration of blood, Ye Xuan has not killed a person, so there is no killing value.

Moreover, the killing feast is the more killing and brave, and now the enemy in front of it is Nalan Bing, even if it is turned on, it is useless.

Chapter 1208: Seven mysterious sword array

Fortunately, the assassination of Ye Xuan in the dark can also improve the speed of movement and combat power, so Ye Xuan is not so fast opened by Nalan.

As long as Nalan Bing is exhausted, it is the time of her death.

However, things are not as simple as Ye Xuan imagined.

When Nalan Bing was about to leave Ye Xuan's range of perception, he suddenly breathed in and sneaked in.

"Is it a strong person?"

Ye Xuan was shocked. This time suddenly appeared. Is it a person from Bei Cang Academy, or is it a land government or a moon worship?

If it is the local government or worship the moon, he still has the possibility of killing Nalan Bing. If he is an academician of the North Cang Academy, then there is no chance.

"Binger, I finally found you for my father!"

A familiar voice fell into Ye Xuan's ear.

Upon hearing this, Ye Xuan's body trembled.

He originally hoped to be the master of the local government or the worship of the moon, but did not expect to come to Nalan Bing's father, Nalan Hao.

This Nalan Howe is a master of the two minds. At this time, the breath is a little weak and should be injured. Therefore, Ye Xuan has considered him to be a serious one.

"Trouble!"

Ye Xuan's face was gloomy. He had to say that his luck was starting to get worse. At this time, Nalan Bing was found. It was a dog.

"Father, someone is killing me!"

Although Nalan Bing is a reincarnation, she still pretends to be a frightened bird.

"Where are the rats, give me out!"

Naranhao was furious and raised his hand.

"Huh!"

This giant palm is directly rubbed by Ye Xuan. If Ye Xuan is hit by this palm, it must be broken.

"It's not as if you are injured, it's not that I can beat the enemy."

Ye Xuan was shocked. Fortunately, he was assassinated and hidden in the darkness, otherwise he would be discovered.

But for now, he seems to be leaving, because he is not sure to kill Nalan Bing under Nalanhao's eyes.

"go!"

Ye Xuan took the initiative and broke away from the void.

This random task of killing Nalan Bing seems to be impossible.

After Ye Xuan left, Nalan Bing was relieved. With her extraordinary intuition, she knew that Ye Xuan should give up.

From the beginning to the end, she did not know who Ye Xuan was.

However, it is easier to investigate the fox-like family who can use the eye of charm, as long as the little fox appears, then she can find out who is chasing her.

"Ice, are you okay?"

Nalanhao hurriedly asked.

"Nothing."

Nalan ice shook her head.

To be honest, if it is not the point where there is no way, she will not reincarnate.

Because she had parents in her last life, it is a bit strange to have another parent in this world.

Fortunately, she is a man who has lived for thousands of years, and Nalanhao has not even been in a hundred years, so she is too lazy to care too much.

"Binger, how did you escape?"

Naranhao couldn't help but ask.

"There was a passing passer who saved me." Nalan Bing made a reason to sing.

She does not want to disclose the reincarnation, even though she is the father of her life.

If Nalan Howe knows, if they accidentally leak out, then they will be miserable. The enemies of the last generation will probably get together and get rid of them.

"such....."

Naranhao nodded slightly and said: "This is not a place to talk. Let's go back and then start investigating where your brother is going."

Only then did he chase the knife and killer, but he did not catch up, so he immediately turned around and really found him Nalan Bing.

"Ok!"

Nalan nodded, and now she wants to find Naranger as soon as possible, and then let Naranjie awaken.

At the same time, she also knows that it is their enemy to order them.

When they haven't risen yet, grab it first and then think about how to play it.

.....

After leaving the void, Ye Xuan was once again showing the eye of the void and returned to the North Cang Academy.

But this time, he has already recovered his true colors.

If you stand in front of Nalan Ice, I am afraid that Nalan Bing will not recognize him.

"Nalan Bing, one of the mysterious eyes, wants to kill me before I wake up, but now I am awakened. She is also a thousand-year-old monster. She should not let go of her body to kill me..."

Ye Xuan thought secretly in his heart.

Although I don't know why Nalan Bing had to kill him before the awakening, Nalan Bing, after awakening, has a thousand years of memory and is very proud. It should not continue to murder Ye Xuan.

Of course, this is not certain. Maybe Nalan Bing's heart is abnormal. If you see handsome, you want to kill it?

At the same time, as long as Ye Xuan does not expose Yanlong Wushuang, Wan Jianguizong, etc., Nalan Bing will not know that he is the killer of the talent.

As for why he still wants to go back to Bei Cang Academy, it is also because there is something in the Bei Cang Academy that makes him jealous.

"Incorporating the blood of killing God, in addition to killing people can get the value of killing, you can also devour some treasures and get the killing value..."

Ye Xuan looked at the peak of Bei Cang and fell into meditation.

What he is jealous of is the killing word.

This killing word is the work of the founder of the North Cang Academy. If you devour this treasure, you can get a lot of killing value.

At that time, he can use the killing outbreak to increase the attack power.

Ye Xuan re-entered the North Cang Academy.

At this time, the corpse of the outer court was everywhere, and the smell of blood came from the nose.

However, the vast majority are the bodies of the moon demon and the land killer.

Ye Xuan quickly passed through the outer courtyard and came to the inner courtyard.

There are also a large number of corpses here, but at this moment, the scholars of the North Cang Academy are gathering in front of a stone wall.

Ye Xuan rushed to the past and saw that an old man was nailed to the stone wall, and he had a full six-handed sword.

However, this old man is still not dead, and still has a hint of breath.

On the ground, there are two bodies, all of whom are academicians of the North Cang Academy.

The academicians of the North Cang Academy are all masters of the mood. I did not expect this time to have fallen two.

At this time, there were two academicians who were beside the dying old man, constantly checking the old man's injury with spiritual knowledge.

"Hey, this is troublesome. Someone in the moon magic teaching has been trained into a seven-sword magic sword array. Although Liu Lao did not have the seventh sword, the six swords have already made the two academicians look bad."

"The seven mysterious swords, if you are in the seventh sword, no one can save, but fortunately, Liu Lao only got six swords, as long as the dean returns, Liu Lao must be saved!"

"Unfortunately, the dean went to pursue the master of the land, and has not returned yet."

"This is really awkward to worship the moon, and when we go out to attack the academicians of the North Cang Academy, if the old dean is there, they will definitely have to go back!"

"Hey, don't bother the two academicians to treat Liu Lao!"

Chapter 1209: I'll try

The old scholars of the North Cang Academy were whispering.

The old man in their mouth is the old man with six long swords on his body. His breath is very weak. I am afraid that after a while, I will die.

"Two, don't waste your efforts, the old man is no longer able to go back to heaven, you still have to arm, to prevent the worship of the moon and the masters of the land..."

Liu Lao coughed out a blood, and said with a weak voice.

"Liu Lao, don't talk, we can suppress your injury and wait for the dean to return!"

A middle-aged academician said.

This Liu Lao is a master of the two artistic conception. He has opened two Yuanfu. In this battle, he killed several enemies like the artistic conception. However, in the end, he was taught by a moon worship. The master sneak attack.

These seven mysterious swords, these two artisan academicians are helpless, so they are waiting for Nalanhao to return to the master of the two.

However, Ye Xuan knows that this Liu Lao is estimated to be unable to wait for Nalanhao to return.

Even if Naranhao quickly brought back Nalan Bing, it would take at least two hours.

And this Liu Lao, it is estimated that even for half an hour can not continue.

"Pity."

Ye Xuan shook his head helplessly,

The people of the Bei Cang Academy that he has seen so far, except the Nalan ice, are all good.

However, at this time, Ye Xuan Yu Guang swept away and saw the task system, there is actually a task to treat Liu Lao.

"Rescue Liu Lao, pull out six long swords in order. If Liu Lao survives, the host rewards two million demons!"

This is the mission!

Under normal circumstances, Ye Xuan rarely takes the task in the task system, which is time-consuming and laborious.

However, the reward for this task is quite rich. If the treatment is successful, then Liu Lao owes him a favor.

"Since this task is available, it means that I am likely to complete this task. However, will the two academicians let me treat Liu Lao?"

Ye Xuan was puzzled.

The two academicians wanted to suppress Liu Lao's injury and wait for Nalanhao to return.

However, Ye Xuan knows that Nalanhao is unlikely to come back before this.

"If I can't save, I am afraid I will become a sinner."

Ye Xuan has some hesitation in his heart.

He only observed it. With the eye of insight, he can see some clues. If he is to ponder one or two, he might be able to cure success.

"Two teachers, let me try it?"

At this time, Ye Xuan suddenly step forward, holding a fist.

When this was said, it immediately caught the attention of hundreds of scholars around the North Cang Academy, and at the same time, the attention of the two academicians.

"you?"

The middle-aged academician looked at Ye Xuan, and some were awkward.

However, another academician is recognized by Ye Xuan.

"Ye Xuan, are you?"

The white-haired old man turned around and found that after Ye Xuan, he couldn't help but exclaim.

"Ok?"

Until this time, Ye Xuan discovered that one of the two academicians in front of him was familiar.

This white-haired old man is the one who gave him the assessment.

"The two teachers, Liu Lao's injury is getting heavier and heavier. If it is not treated as soon as possible, I am afraid... However, the kid just has some means, maybe it can break the seven mysterious swords."

Ye Xuan said slowly.

Everyone's eyes gathered on him.

The attention of the people around the party is in Liu Laina, worried about the injury of Liu Lao, but no one found that Ye Xuan, who has a lot of killing power on his body, is close.

Now he is actively exposed, causing a lot of people's attention.

"Do you have a way?"

The white-haired old man recognized Ye Xuan and asked.

"Now the infuriating body of Liu Lao is blocked by six swords into more than ten paragraphs. If you don't pull out the six swords, then the instinct of the outsiders can't go deep and suppress the injury. What is your solution?" The academician asked.

"Well, the younger generation knows, so I have to ponder one or two."

Ye Xuan nodded.

Vientiane began to have spiritual knowledge, but spiritual knowledge is not omnipotent, and the seven mysterious swords array blocked the spiritual exploration.

The spirit of the middle-aged academician and the white-haired old man were blocked in the first magic sword, so it is difficult to suppress the injury. Only when they say it, can Liu Yan feel hopeful.

"While Liu Lao only has six swords in the seven mysterious swords, but the seven mysterious swords are the martyrdom of the moon, and if the sword in the man is taken out, it will lead to The injured person's body is counter-current, and then the body is destroyed, so it is necessary to push the flow direction of the true gas after the sword is drawn. Otherwise, the first sword may have the life of Liu Lao." The middle-aged academician once again reminded him.

To put it simply, it is necessary to have the correct order of swords, otherwise Liu Lao will be killed in an instant.

"Hey, the host triggers a random mission, treats Liu Lao, completes the reward, and the eye of the illusion and the burning eye will merge. If it fails, the eye of the ban will not continue to be used. Does the host accept the random task?"

Just then, the system suddenly prompted.

This random task came too suddenly and shocked Ye Xuan.

Success, the Eye of the Illusion will merge with the Burning Eyes and a new skill will emerge.

If it fails, the eyes of the ban will not be used in the future.

This random task can be accepted or rejected.

Ye Xuan once again fell into meditation.

Although he has the blood of the masters in the body, but the blood is too low-level, and the seven mysterious swords are the school of the moon, so the blood of the master is not useful.

However, Ye Xuan has another thing.

Super swallow system!

Ye Xuan did not remember to accept the random task, but to display the eye of insight, to observe the flow of true gas in Liu Lao.

Super swallowing system, there are many features that can not be called the system, such as maps.

This kind of function, Ye Xuan rarely used, but today he remembered it.

"Record the direction of the true gas flow in the old body of Liu, and began to deduct the situation after the six magic swords were pulled out!"

Ye Xuan began to use the super swallow system.

These six magic swords were stabbed in the two shoulders of Liu Lao, the right chest, the left abdomen, the right abdomen, and the right thigh.

Now Ye Xuan began to deduct the situation after pulling out one of the swords.

Liu Lao, is it alive, or is it dead?

"Kid, my injury is the clearest. Even if the dean returns, I am afraid that it will not be saved for a while. I can't hold it for so long. If you have a way, let me come, I will die, I will. I won't blame you."

The dying Liu Lao, said in a weak voice.

"I don't worry about Liu Lao, I am still pushing, so soon."

Ye Xuan said with a dignified face.

The people around him saw him like this, and they all speculated that Ye Xuan really had a way to save Liu Lao.

Chapter 1210: Deduction order

The seven mysterious swords array, although not as good as the magical powers, but the degree of the trick, even the strong players are discouraged.

"The seven mysterious swords, even we have no way, this kid can really push the show?"

The white-haired old man can't believe it, but at the moment they have no choice, and Ye Xuan is only in the process of deduction, and he did not start, so he will look at it first.

The super swallowing system can also be regarded as a super computer, and its computing speed is simply a burst.

In order to deduct the order of the swordsmanship of the seven mysterious swords, Ye Xuan spent a lot of super-phagocytic crystals.

In the beginning, the super swallowing system was the demon sword that first pulled the left shoulder.

After careful calculation, this magic sword on the left shoulder is the first order of the sword. After the pull out, the infuriating will not flow backwards, and Liu Lao will not die.

Then, the system began to deduct the order of the second magic sword, which is on the right shoulder.

However, this order was wrong, and Liu Lao died directly in the process of deduction.

Then the next step is to first the left shoulder, then the right chest, and the result is that Liu Lao is still exploding.

Left shoulder, left abdomen!

burst!

Left shoulder, right abdomen!

burst!

Left shoulder, right thigh!

success!

This calculation method is actually no different from the math problem, but it is innumerable than the math problem, because not everyone can push the flow of infuriating.

However, the super swallow system can!

After a while.

"Hey, the deduction is successful!"

The system prompts.

Hearing this, Ye Xuan's eyes lit up, and this super-phagocytic system did not disappoint him.

"All right!"

Ye Xuan exclaimed.

"what?"

The people around are shocked.

Deduction, finished?

"Ye Xuan, have you figured it out?" The white-haired old man could not believe it.

These seven mysterious swords, even he is helpless, and Ye Xuan is only six times in the clearing, there is a way?

Another middle-aged academician is not too convinced, not only that, but also hundreds of old scholars around him.

"Yes, I have already figured it out."

Ye Xuan nodded: "The seven mysterious sword array, I saw it for the first time, but if I calculate it well, the seventh handle sword should be in the left thigh position."

"Yes, the seven mysterious swords are the shoulders, the thighs on both sides, the two handles on the abdomen and the right chest." The white-haired old man nodded strangely.

Ye Xuan was the first time to see the Seven-Sword Magic Sword, but he was able to figure out the position of the seventh Magic Sword. It does have some skill.

This sentence has been affirmed by many people.

Liu Lao only had six swords in his body. The seventh sword was not in the middle, otherwise he was estimated to have died.

However, Ye Xuan was able to figure out the position of the seventh magic sword, and maybe it was really calculated the order of the sword.

"The seven mysterious swords, the order of the swords of the seven magic swords can be changed, resulting in countless kinds of swordsmanship, you really figured out?"

The middle-aged academician could not believe it and asked again.

At that time, when the North Cang Academy and the worship of the Moon Demon, there were seven mythical swords in the academicians. At that time, there was a master's deduction, and a sort of sword-drawing sequence was calculated, which allowed the academician to survive.

However, at that time, the injured person was only five swords, but now it is six swords.

"The kid has a ninety-ninth grasp!"

Ye Xuan solemnly replied.

In fact, he is 100% sure, but if he is too confident, it will make people around him doubt.

However, nine out of ten, it is also very powerful.

"Nine out of nine?"

The white-haired old man stunned and was shocked to say nothing.

At this time, the incomparably Liu Lao said: "If that is the case, then come, even if it is dead, I will not blame you."

He is already the end of the strong, and after another ten minutes, it is estimated that he will die, so he can no longer drag.

The longer you drag, the harder it is to cure, so it must be as soon as possible.

Upon hearing this, Ye Xuan also turned to look at the white-haired old man and the middle-aged academician, trying to get their permission.

"Liu Lao can't hold it for so long, well, come on, if you dare to fail, I will kill you!" The white-haired old man nodded.

"Come on, if you can save Liu Lao, the Dean will definitely have a reward!"

The middle-aged academician also nodded.

They estimated that Liu Lao only had ten minutes left, and even in the ten minutes, even if Naranghao, the dean of Bei Cang Academy, returned, I am afraid I could not save it.

Now, you can only treat a dead horse as a living doctor!

The scholars around me heard this and held their breath, not to bother.

"it is good!"

Ye Xuan got the consent of the three people, and immediately nodded. When the voice fell, there was a magic sword that wrapped the left shoulder of Liu Lao.

"Oh!"

This magic sword was pulled out by Ye Xuan with the power of Vientiane.

The first sword is pulled out!

As long as the super swallowing system does not push the wrong, Liu Lao's infuriating will not flow backwards, and will not explode and die.

"Hey!"

The magic sword fell to the ground and made a crisp sound.

At this moment, the place is quiet and silent, no one dares to breathe loudly.

"puff!"

With this magic sword being pulled out, Liu Lao coughed up another blood, but the infuriating body in his body did not flow backwards.

"It became a reality, and there is no countercurrent to the infuriating. This order is correct."

"It's amazing, the younger brother really pushed the show, and Liu Lao was saved!"

"Haha, Liu Lao's body is tough, will he die in the hands of the moon?"

The disciples around them showed their hopes.

The white-haired old man saw the order and the eyes were bright.

The first magic sword, with a probability of one-sixth, Ye Xuan pulled out correctly, and did not know whether it was really pushing the order, or was it right.

If the second magic sword is also successfully pulled out, it is the probability of one-thirtieth.

The third magic sword, that is the probability of one hundred and twenty-one.

"Give me shut up, quiet!"

The middle-aged academician hurriedly sipped a sentence.

The surroundings suddenly calmed down.

"Kid, a little bit tolerant, come on!"

Liu Lao felt that the instinct of his left shoulder had returned to normal and hurriedly suppressed the left shoulder injury.

"it is good!"

Ye Xuan nodded, and immediately with the power of Vientiane, wrapped the handle of a magic sword.

"Oh!"

The magic sword inserted in the right thigh of Liu Lao was pulled out.

Everyone breathed and looked at Liu Lao.

Infuriating, no countercurrent!

Liu Lao is safe and sound.

The first magic sword is a one-sixth probability, but the probability that the second magic sword is correctly pulled out is one-thirtieth.

Ye Xuan, I am afraid I really pushed the order of the sword.

"There is a rescue, Liu Lao has been saved!"

The hearts of the people boiled up.

Ye Xuan is very convinced of the super-phagocytic system. Since the super-phagocytic system says that the deduction is successful, then it must be successful!

Since there is 100% certainty, the action will be fast, otherwise Liu Lao will be weaker, and there may be variables.
