

## Super D. S 1221

Chapter 1221: One pick

On the same day, in the black chaos, the fall is not only a double pass, but a fascinating eye has charmed dozens of people, let the phantom help each other.

This time, her role is also very big!

The eyes of the group of killers were all concentrated on this pink big eye.

In this way, the middle of the mind!

"Charm!"

Falling to control the eyes of the charm, centralized control of ten people, these ten, all are the masters of the nine-pointed.

Not only that, but Ye Xuan is also showing his new skills.

"Searing Hell!"

This burning is the skill of the fusion of the Eye of the Illusion and the Burning Eye. It is both an illusion and a mental attack.

Instead, the effect is stronger than both.

In the blink of an eye, more than a dozen people are caught in illusion.

"Ah, the fire demon... the fire..."

Many people exclaimed and then launched an attack directly toward the people around them.

In the blink of an eye, this killer unit was turned by Ye Xuan and two people.

"These two guys are good at it."

Nalan Bing's heart is a secret sentence.

Ye Xuan, she wants to kill!

As for the fall, it is to kneel down.

Ye Xuan Yu Guang swept and fell to Nalan Bing's body. Then, he let the fall control the ten masters who were secluded and attacked.

"Received, young master!"

Fall and do it immediately.

"Calling!"

The ten masters of the nine-passenger were attacked directly against Nalan Bing.

The man in the back of the knife was heavy and shouted: "No, help!"

Nalan Bing is his mission goal, so be sure to escorted to Tianyuan City safely and wait for the master to come.

If Nalan ice has something wrong, then he is estimated to have to find a place to hide, because he is not good at doing things, only to die.

In the blink of an eye, the knives and killers and several other killers, such as the ones who are in the mood, are rushing out.

Although they hope to get fewer rewards, if Nalan Bing is dead, their rewards will not only be lost, but they will also have life and worry.

Therefore, they must fully protect Nalan Bing.

However, despite their quick response, they were slower.

The attack of the ten singular nine masters is already in front of Nalan Bing.

"Hey, the insects are tricky!"

Nalan Bing scorned, and the power of the body and the power of Vientiane surged directly into a layer of ice armor outside the body.

"Hey!" "Hey!" "Hey!"

A series of crisp sounds spread, these attacks fell on the ice arm without exception, no one can pass the ice armor, hurt Nalan ice.

"It's not a reincarnation, try this trick!"

Ye Xuan's light flashed and suddenly he pulled out a sword.

Another Yanlong, who combined the killings, rushed toward Nalan Ice.

This blow is stronger than before, because Ye Xuan has displayed a feast of killing at the beginning.

His current strength is 30% stronger than before. This is the increase that has been achieved after killing so many killers.

After feeling the extraordinary smell of this atmosphere, Nalan Bing's face is also becoming more gloomy, this blow is extremely powerful, even if she has to fight with all her strength.

But before that, the knife killer was the first to arrive.

The knives and murderers are the mainstays of the Tianyuan City Government. If the mood is double, there are two Yuanfu in the body.

He took out a sword with his hand, which was to defeat Ye Xuan's Yanlong unparalleled.

"It's really a problem!"

Ye Xuan's face is gloomy.

Fortunately, his strength is still rising, because the person who kills and kills is also his.

"Megatron, Lei Mingzhu, you go too!"

Ye Xuan will take a look at the shaking sword in his hand.

Zhen Tianjian and Lei Mingzhu have all been upgraded to the Nine Kingdoms. Although Lei Mingzhu has no skills, it is still very useful. It is no problem to kill the general octopus.

On the other hand, the eight killers who are arrogant are the ones who solve the 'rebellious' killers, and at the same time they are also staring at the fall.

"If anyone is a little fox, I am greatly rewarded!"

At this time, Nalan Bing shouted loudly.

"what?"

Hearing this, these eight Ruyi killers trembled.

Who is Nalan Bing, a person who is a big man, and she is now a word.

Originally these eight people were preparing to kill and fall. Now, when they hear this, they are all surrounded.

"Hey, just because of you, I want to catch this girl?"

Falling face and disdain, suddenly turned into a hundred, and then, these avatars are all condensed out of seven demon fires.

"Seven-color demon fire, a thousand layers of explosion!"

All of them are shot in a row, and a strong atmosphere makes the eight masters of the moody cold sweat.

"This fight is not the same, it is all against!"

A savage killer shouted.

Among these hundred avatars, there are more than 70 infuriating avatars, and only more than twenty are fake.

These more than 70 innocent firepower are all open, even if it is a knife man, I am afraid it is difficult to resist, this is why Ye Xuan always throws the heavenly treasure to the fall.

Although the fall is not a reincarnation, she awakens the blood of the sky, and it is very bad.

If she grows up, she is the right arm of Ye Xuan. Those who use Tianxu are much better than those used in Ye Xuan. After all, Ye Xuan's upgrade experience is terrible.

"Boom!" "Boom!" "Boom!" "Boom!"

A roar of sounds rang, and the entire battlefield set off a huge wave. The killers in the explosion range were directly blown up and broken.

Not only that, but the eight ruthless killers were actually shaken back by this blow.

Fortunately, they joined forces, otherwise they will be injured this time.

"It's terrible. It's such a destructive power when it comes to the Seventh Heaven. What is this little girl?"

These killers in the mood are thinking this way.

The same is true of the knife and the killer. Guess what the fall is.

"This little fox, I am afraid that I am awakened by what blood, and the grade is not low, her body, I must get it!"

Nalan's eyes showed an unprecedented look.

Compared with Ye Xuan, she hopes to catch the fall. In this way, she can use the secret technique to capture the fallen body.

Nalan Bing looked at the drop and continued to remind: "Be careful, don't kill it by mistake, otherwise I want him to die!"

Hearing this, the eight ruthless killers were trembled, and they seemed to have to deal with it carefully.

"on!"

The people once again greeted them.

"Hey, you guys, don't bully, try this trick!"

There was a scorn, and the long white tail behind him suddenly split five.

"Six tails now!"

"Seven-color demon fire, a thousand layers of explosion!"

Falling again, the power of this time is much stronger than before.

"Six tails!"

Nalan's ice looks condensed, and the greed in his eyes is getting stronger.

The tail is a symbol for the Fox family.

Chapter 1222: Broken magical power?

In the ethnic group before Nalan Bing, even if the Fox people who have lived for hundreds of years, they may not be able to grow three tails.

Even the fox people of the millennium do not necessarily have six tails.

Nalan Bing at the peak of the time, it is just this level.

However, the fall of the seven-fold life, but also the life expectancy of Nalan Bing, the estimated age of the fall is still only twenty.

Less than twenty years old, there are six tails, this is the first genius in the history of the Fox family!

"Must get it, I have to get her body!"

Nalan's eyes widened and her eyes fell on her body.

After Ye Xuan saw Nalan Bing's seemingly crazy expression, his heart was also trembled.

"This Nalan ice has been falling, and she must not let her succeed!"

In the heart of Ye Xuan's heart, he rushed to attack.

However, it was blocked by a knife and a killer.

"Kid, you are not the person I am recruiting, who are you?"

The knife killer couldn't help but ask.

"guess who I am?"

Ye Xuan snorted and continued to attack.

He is now dragging his time, the longer he is, the stronger his strength will be, because there are people who are falling.

"Since you don't say it, then I will do it myself!"

The knives and murderers flashed and they were ready to kill Ye Xuan.

At this moment, Nalan Bing suddenly said: "Knife, you go, grab the little girl, I pass you a broken magic!"

what?

When the voice fell, the knife and the killer were all stunned.

"Broken, broken magical power?"

The knife killer swallowed the swallow.

He was just as creative as he was, and he managed to learn a subordinate.

But now, Nalan Bing actually said that he would pass him a broken magical power. If he practiced, wouldn't he be invincible?

"You, are you really?"

The knife killer couldn't help but ask.

He wondered if he had got it wrong.

Broken magical power!

However, the supernatural powers of the crushing powers, even if they are the nine-powered warriors, they are not necessarily.

And Nalan Bing, but the gateway is eight, why?

"Is it..."

Knife killer guessed: "This Nalan ice, is the reincarnation?"

Before he heard that Nalan Bing himself broke free from the shackles and then broke out with powerful strength.

Now I want to come, Nalan Bing is really likely to be a reincarnation.

The reincarnation, he actually climbed a reincarnation, and then it will be in the future.

"Yes, broken magic, as long as you can catch the hoe." Nalan Bing Zheng focused.

Hearing this, the knife and killer is hesitant.

Among the people present, he has the highest realm and has reached the same level.

If he is shot, it is estimated that he will be taken down by him in an instant.

However, if he is gone, Nalan Bing will not be able to beat Ye Xuan, then he will not only get broken and magical, but he may also have life and worry.

Therefore, he decided to kill Ye Xuan first, and then drop it.

However, just as he was ready to take the shot, Nalan Bing continued: "Don't go too far, grab the girl, I have to kill this kid."

When the words fell into the murderer's ear, his movements could not help but stop. After the pause, it was plundering.

"Let's fall, this knife is going to you."

Ye Xuan hurriedly reminded.

"Don't worry about the young master, you didn't hear it, they want to catch me. If I get caught, can you not save me immediately?"

The sound of the fall sounded in Ye Xuan's mind.

Indeed, as long as Ye Xuan's sensing range, the fall will be instantly received in the pet space or planting space.

Therefore, Ye Xuan can concentrate on this Nalan ice.

"Is it you, killing the blood coat?"

After the knife killer left, Nalan Bing was also slightly frowning and couldn't help but ask.

"Not bad!"

Ye Xuan should have a sentence.

"The life of Mo Xueyi is mine, you dare to do more things, find death!"

Nalan Bing said nothing, directly shot.

A cold man attacked Ye Xuan, and he was desperately chasing the soul.

"Cut, if you want to kill me, you have to look at your skills!"

Ye Xuan looked like a disdain, and also took out a sword.

Although he and Nalan Bing are in a different realm, there are skills such as assassination, feasting and killing, and he may not be weaker than Nalan.

Before he was waiting, he was waiting to kill the value.

As long as the killing value reaches the consumption standard of the blade storm, then he can kill the Quartet.

However, he used the fall as a bait to lead the enemy, so he had to kill Nalan Ice during this time.

Otherwise, once the fall is caught, then these people will immediately turn to attack him, and he will fall into a land of eternal annihilation.

"Young Master, I can only hold for two seconds!"

Reminder reminded.

"Two seconds, it should be enough!"

Ye Xuan's light flashed and burst into two golden awns.

The eye of glory!

A set of gold armor will cover Ye Xuan's body.

Although the Emperor's Promise Sword has been recycled by the system, Ye Xuan has also got a little swallowing point, but the eye of glory can continue to use.

In the meantime, Ye Xuan's infuriating power has turned into gold.

"Yanlong is unparalleled!"

Ye Xuan, who opened the eyes of glory, once again took out a sword.

The power of this sword is much stronger than before.

The reason why Ye Xuan did not come out early is also waiting for this opportunity, a chance to kill Nalan Bing.

This golden dragon, whistling, hit the Nalan ice.

Nalan's face was already sinking to the bottom of the valley. She didn't expect Ye Xuan, who was in a seven-pointed environment, to attack.

The blood of the sword god, the eye of glory, the outbreak of killing, and the order of death and killing, these factors are superimposed together, so that this dragon is unparalleled, and it has the power to threaten the strong people. If Nalan Bing is not capable, Will definitely die under this attack.

Nalan Bing did not dare to neglect, nor dare to display the desperate pursuit of souls, but to come up with their own tricks.

Three days to kill the soul sword!

"call out!"

This sword smashed away and collided with the golden dragon.

Ye Xuan is a seven-passenger, and Nalan Bing is a secluded eight-pointer, and is still a reincarnation.

However, the combination of Ye Xuan after killing the blood of the gods, the strength is extraordinary.

This time the collision, Ye Xuan has the upper hand!

"Two seconds, enough to show three times, the dragon is unparalleled!"

Ye Xuan looked at the big bang in front of him, and he said in his heart.

However, Nalan Bing estimates that he can also use the three-day three-day battle to chase soul sword.

Therefore, if he does not come up with a card, I am afraid that Nalan Bing can't help.

The ten secluded Jiuwu martial artists who had previously lost control have all been solved by the killer of Ruyi, so Ye Xuan is in the middle of the single-handed Nalan Bing.

However, Ye Xuan also has the last card, a card he has barely used.

"Take a soldier for a thousand days, use the soldiers for a while, come out!"

Chapter 1223: Wind and cloud

"Take a soldier for a thousand days, use the soldiers for a while, come out!"

Ye Xuan's mouth tilted slightly, his hands waved, and the next moment, there was a dense black shadow outside his body.

Before, he had a large number of exotic animals, allowing them to multiply in the planting space.

These exotic beasts have grown to the level of at least four levels of peace through the abundance of heaven and earth, and some have reached the five-point boundary.

Don't look at the difference between this realm and Nalan ice, but the number of them is enough to make Nalan ice change.

The green silk snake, the hundred butterfly, the lightning knife are all good, but the two kings of the poisonous king bee and the bloodthirsty mosquito have very strong breeding ability.

Before Ye Xuan was released, they had already hoarded 100,000 troops in the inside.

Before Ye Xuan also worried about the number of these strange animals, because the size of the planting space is not enough, so he wants to consume some.

Now, it finally comes in handy.

In the blink of an eye, there are tens of thousands of poisonous king bee and bloodthirsty mosquitoes, which scared everyone.

In addition, lightning knives, flowers and blue silk snakes have also dispatched thousands.

"This, what is this?"

Everyone was shocked, including the masters of the mood.

Not only that, but Nalan Bing.

With so many different beasts coming up, even the strongest of the Italians must temporarily avoid the edge.

"on!"

Under Ye Xuan's orders, these tens of thousands of strange animals are sweeping over Nalan Ice.

At the same time, Ye Xuan himself once again launched an attack.

"The killings broke out!"

"Yanlong is unparalleled!"

An Yanlong, directly killed with the army of the beasts.

"not good!"

Knife killer and other people changed their faces, hurriedly turned around and prepared to protect Nalan Bing.

When Nalan Bing died, their rewards were not lost. They had to flee from this place. Anyone can die. Nalan Bing must not die.

In Ye Xuan's prediction, Nalan Bing could not resist the army of the beast, but Nalan Bing was also a reincarnation, not so easy to die.

She immediately called a lot of infuriating and Vientiane power, and gathered a layer of ice armor outside her body. In the blink of an eye, an ice crystal cage appeared and she was protected.

"Boom!"

Yanlong Wushuang smashed into this ice crystal cage, but only broke a few layers of ice crystal defense, and even half did not.

Then, tens of thousands of different animals were also surrounded by Nalan Ice Group and began to attack.

Ye Xuan did not expect that Nalan Bing had such a powerful defense power, it seems that this is tricky.

"Hey!" "Hey!" "Hey!"

The sharp-pointed mouth of the blood-sucking mosquito constantly stabbed the ice crystal cage, but the gap between the realms was too great, and they failed to break their defense.

Upon seeing it, Ye Xuan immediately gave them other orders.

Transfer target!

At that time, these tens of thousands of different beasts rushed toward other killers.

"Hey, I just learned a good idea some time ago, just right today."

The knives and murderers saw Nalan's ice and nothing, and immediately snorted.

“Ruyi, the wind is cruel!”

The dagger in his hand suddenly swept away, and a very ordinary sword smuggled into the beast.

However, this blow is not that simple.

"Calling!"

In the swordsman into the group of strange animals, there was a sudden gust of wind blowing in the inside, countless swords and light, and the surrounding animals were swept away.

In the meantime, more than 20,000 blood-thirsty mosquitoes and poisonous king bees were shredded, and the broken limbs fell from the sky.

The entire group of different animals was directly reduced by half.

This move is also beyond the expectations of Ye Xuan.

“Hey, Ruyi God’s ventilation coils have been copied successfully!”

Ye Xuan blinked and listened to the system prompt.

With his current realm, it can be used.

"Take his own way to rule the people, go!"

Ye Xuan said nothing, directly pulled out a sword.

Ruyi magic, wind and clouds!

"call out!"

This sword is gone, but its goal is not Nalan Bing, but a few killers who are as good as the ones.

"what?"

This sword is beyond everyone's expectations.

Isn't this the only one used by the killer?

"No, go!"

Those who are dealing with the fall of the mood, after seeing this sword, immediately retreat.

This trick, but the wishful mind, even if the exhibitor is only a seven-pointed boy, can not be underestimated.

However, there are still three people who are motivated to be slow, and the swords that have been swept away by the swordsman have been wounded into serious injuries.

This wind and cloud is a combination of a lot of infuriating and then erupting.

However, this move is easy to accidentally hurt his own people, so Ye Xuan quickly called the fall back.

Then, the fall again appeared again.

"Young Master, give it to you."

Drop and take out a ring, and hand it to Ye Xuan.

Only when she was using the people who were enchanted to collect the Qiang Kun ring, these add up to a total of fifty.

"it is good!"

Ye Xuan does not say anything, and these devotees are swallowed up.

However, these local killers are out to perform tasks, so things will not be too much, and Ye Xuan cannot be broken.

"Damn, it's still a little!"

Ye Xuan screamed in his heart.

The difference in his mouth is referring to the realm and the value of killing. These things have not only failed to make him break through to the octagonal eight, but also did not let his killing value reach the blade storm.

This time, the potholes!

In the eyes of Ye Xuanzhen, the knife-killer has once again made a sniper.

This blow is also the wish of the gods to ventilate the residual cloud, directly to the remaining beasts, torn away.

Now, Ye Xuan and the fall have become the shackles.

"Young master, what should I do?"

I couldn't help but ask.

At this time, Ye Xuan is also hesitating. The next one, is he going to continue fighting or fleeing?

In fact, he still has a hole card not used, that is the eye of assassination.

However, the killing value consumed by this assassination eye is very large at present. Once used, the blade storm is estimated to be useless.

"A reincarnation is really not so easy to kill."

Ye Xuan is very helpless.

Before he and Mo Xueyi were in the same class, but he couldn't help him. Now he is lower than Nalan Bing, and if he let him break through, Nalan Bing will die.

He is bad, just luck.

"Hey, let me go first, go!"

Ye Xuan glanced at the masters who had swept toward him and broke open the void.

"what?"

The knife and the killer and others were shocked, so they watched the door of the void close.

"Hey!"

At this time, the ice crystal cage was suddenly broken, and immediately, Nalan Bing came out of it.

She also couldn't figure out how Ye Xuan left.

"Look, be sure to find them!" Nalan Bing immediately ordered.

She believes that Ye Xuan is nearby.

Chapter 1224: Tianyuan City

Of course, the goal of Nalan Bing is not Ye Xuan, but it is falling, but now, Ye Xuan has long been running far.

At the moment, in another place in the graveyard.

"Young master, what a pity." Falling can not help but said.

"Yeah, it's a little worse."

Ye Xuan is also helpless.

The reason why he fled, there is actually another reason, that is, the duration of the feast of the killing is about to pass.

So many people who died before, so that the increase in the killing feast increased to 50%, so he was able to fight Nalan Bing.

If the time of killing the feast is over, then his strength will fall, but he can't play against Nalan Bing.

Therefore, you can only give up this action.

However, there is no random task anyway, and he is about to break through. As long as the death killing order is still there, there are still many opportunities in the future.

"These people are going to go to Tianyuan City, that is to say, Nalan Bing's brother, Nalanjie, is probably in Tianyuan City."

Ye Xuan said in the heart.

He estimated that Naranger had not yet awakened, and the latter should be his brother.

However, he has promised Mo blood clothes, so this Nalanjie, he will kill.

If he is also awakened, when he meets with Nalan Bing and joins hands, then it is not so easy to kill Nalan Bing.

Therefore, he must rush to Tianyuan City before the knife killer and Nalan Bing.

"go!"

At the moment, Ye Xuan is running out and starting to hurry.

The knives and murderers are the gatekeepers of Tianyuan City, which means that at this time, Tianyuan City is divided into gates, there are not many masters, and his success rate is very large, as long as he is in front of the other party.

.....

On the other hand, Nalan Bing ordered a search around and spent a lot of time, and during their search, Ye Xuan had already surpassed them and headed for Tianyuan City.

This group of killer search has no results, so it can only be suspended. First, \*\*\*\* Nalan Bing to Tianyuan City to say.

Along the way, Ye Xuan constantly pays attention to the \*\*\*\* killing of the sky. With this death killing order, he can clearly feel that Nalan ice is behind his ass.

"From the graveyard to Tianyuan City, if you are on the road at full speed, it will take a day, and I don't need to rest on the road. I can definitely arrive before them..."

Ye Xuan said to himself in his heart.

The group of killers are rushing, and they all need to use their magical powers, and their infuriating spirit is not inexhaustible, so the speed will be slower than Ye Xuan.

Soon, one day later, Ye Xuan came to this Tianyuan City.

The city owner of this distant city is a strong man who is as artistic as possible.

However, with Ye Xuan's current strength, it is already possible to compete with the masters of the mood.

Therefore, he went directly into Tianyuan City and felt it.

Perceptual eye, spiritual knowledge, killer instinct, let his range of perception, such as the strong one of the artistic conception is even bigger.

Now he is looking for a master who is a nine-pointer.

"With!"

Ye Xuan glimmered and immediately went forward.

This nine-point master of the secluded space is eating in a restaurant, and Ye Xuan is looking for his purpose. There is nothing else. Naturally, he asks where the Tianyuan City House is located.

Ye Xuan directly plunged into the restaurant and then cast his eyes far away.

Searing hell!

This new trick is very easy to use. In the blink of an eye, this singularly old man is in a illusion.

Around this illusion, there are hot magma everywhere, and the rising flames make the old man feel hot and stuffy.

"what happened?"

The old man was a little surprised and immediately stood up and found himself on a big stone pillar.

At the foot, it is a magma ocean, and it is endless.

The strongest illusion is not only to blind the eyes of the enemy, but also to "deceive" the enemy's spiritual knowledge and memory, so that they feel that they are really in reality.

Taking advantage of this opportunity, Ye Xuan's light flashed again.

"Hey, take control of success!"

The system prompts.

This nine-strong old man, who has lived for a long time, has lived for most of his life, but he has just just broken through. He has no resistance to Ye Xuan's eye-eye attack.

After the old man was controlled, Ye Xuan also revoked the fantasy. Then, the old man left a few hearts and demon, and then swept out of the restaurant.

"See the host!"

The old man came to Ye Xuan and said respectfully.

"Do you know where Tianyuan City House is?" Ye Xuan said nothing, directly asked.

"know!"

The old man nodded.

In fact, he is also a killer in the government. He has taken several tasks and issued several tasks, so he knows where the land is.

"Good, take me there!"

Ye Xuan said with great satisfaction.

The purpose of his coming to Tianyuan City is to find a place to divide the land. If Nalanjie is inside, he is better able to control Naranger.

Because Nalan Bing is his murderer, if he kills Nalan Bing, Nalanjie will definitely take revenge in the future.

"Nalanger has not awakened, but he is also a reincarnation. It is not so easy to control. If the control fails, then it can only be killed!"

Ye Xuan followed the old man and thought in his heart.

At this time, he is about to break through, but it is not a few of them who can make up for it. Unless the city of the city is done.

So Ye Xuan decided to kill the land directly, kill Nalanjie, and then break through, waiting for Nalan Bing.

Two birds in one fell swoop!

After a while, the old man who was controlled, came with Ye Xuan to a seemingly ordinary mansion.

This place is very cheap, few pedestrians pass by, but Ye Xuan feels an unusual atmosphere.

Around this mansion, there are more than a dozen high-key and eight-point masters.

It seems that I have found the right place!

"Hey!"

"Hey!"

Before the old man came to the house, he knocked a few times, three long and two short.

Then there is a middle-aged man to open the door.

"Do you want to stay at the top?"

The middle-aged man with a nine-pointed mind asked.

This is professional, and it is meant to eat in other restaurants, but here is the meaning of the task.

As for the store, it is to accept the task.

"Tip!"

The old man replied directly.

However, when the voice fell, Ye Xuan behind the old man, the dawn was flashed.

"Searing Hell!"

"The eye of control!"

"Hey, control failed!"

The system prompts.

This middle-aged man has actually broken through to the nine-pointed environment, so his soul strength is much stronger than the old man Ye Xuan currently controls.

However, Ye Xuan is only seven times in the secluded world, and he is in a different position from the two worlds. Therefore, the first time he controlled the eyes, he did not succeed.

Chapter 1225: Offensive land

"Ok?"

The middle-aged man began to fall into the illusion, and then he was attacked by the eye of the eye, and suddenly reacted.

However, he has not yet opened, and Ye Xuan is once again performing a round.

"Hey, take control of success!"

This middle-aged man was directly controlled by Ye Xuan.

"walk into!"

Ye Xuan gave the middle-aged man an order in his mind.

Then, the middle-aged man led Ye Xuan and entered the house. Behind the bookshelf in this room, there is a passage hidden, which is the entrance to the gate of Tianyuan City.

However, they did not go on immediately.

"I ask you if there is a person named Nalanjie from the North Cang Academy, who was robbed." Ye Xuan asked.

At the same time, he also took out the portrait of Nalanjie from the ring of Qiankun.

"Yes, the adults took him with him a few days ago, but I don't know if he is still below." The middle-aged man shook his head.

The local government has multiple entrances and multiple exits. This middle-aged man is only guarding an entrance.

"it is good!"

Ye Xuan did not ask much, went straight through the array, and came to the land.

The bottom is very spacious, and even Ye Xuan's perception can't completely cover it.

At this time, there are still some killers and staff in the land.

"Twenty-two pass-bys are nine-fold, and seven are as important as one!"

Ye Xuan roughly calculated it.

There are still some secret rooms in the division, and I don't know where Naranger is.

"This day, the land of the city, I did not expect to have so many masters, were they originally here, or transferred from other places?"

Ye Xuan heart guessed.

However, Ye Xuan is too lazy to manage so much. Now he lacks Tianmudibao, so he decided to first control the twenty-two passspaces.

At that time, if they fight, these people can also resist a few high-level players.

At the moment, he is starting to act. If he drags on, the knife killer and Nalan Bing will come.

With the death killing order, Ye Xuan can clearly sense the distance between himself and Nalan Bing.

He estimated that as long as half an hour, the knife killer and Nalan Bing could get back.

"Searing Hell!"

"The eye of control!"

"Hey, take control of success!"

Along the system prompts to sound, Ye Xuan's servants are also more than one.

He first looked for those who were weaker, and such people were better at controlling them than others.

Then he just let them go outside and take all their belongings.

Ye Xuan estimates that as long as all these people's things are put together, they can certainly break through to the octopus.

At that time, I am afraid that I will not be able to fight with the strong players.

However, at this time, there was a breath in the land of the government, and Ye Xuan's heart trembled.

"What, if the mood is double?"

Ye Xuan was shocked.

In Tianyuan City, how come a master with a double mind?

At the moment, Ye Xuan asked the middle-aged man who received him.

"Master, this is the lord of the door of the city, and he was invited to protect Naranger." The middle-aged replied.

"what?"

Ye Xuan's eyes widened.

He only inquired about Nalanjie's affairs, but he was careless and forgot to find out how many masters there are in the government.

After the arrival of the winner of the city, the landlord came directly to the depths of the land, like his own home.

"There is a message from the knife, saying that Tianyuan City may have tricky characters, so let me protect Naranger."

This heart-breaking city is divided into the door of the main mad dragon heart is very disdain.

How difficult can a tricky figure be in front of his master like a double mind?

However, he did not care about it, but went directly to a secret room protected by the formation.

At the same time, it is also ordered to let the few masters of the city of the city to be careful.

Their every move has fallen into the ears of Ye Xuan. Now, Ye Xuan is a bit difficult.

"It seems that the inside of the secret room is where Naranger is, and it is troublesome."

Ye Xuan said secretly.

Now that Naranger is still not awakened, it is a good time to kill him. However, the unawaken Nalanjie has many masters beside him. It is not so easy to kill Naranger under the protection of so many masters.

The reincarnation of the reincarnation was not so easy. On the same day, Ye Xuan also misunderstood and made the \*\*\*\* clothes awaken.

However, after Nalan Bing and Nalanjie met, Naranger estimated that he could wake up.

By the time, Ye Xuan will lose the best time.

"Dry!"

Ye Xuan felt the position of Nalan Bing and made a decision immediately.

Soon, Nalan Bing is coming, he must act now.

At the moment, he left the local government directly, and then exhausted all the controlled masters.

"Hey, the host breaks through, and it's currently awesome!"

After a system prompts the sound, Ye Xuan's strength is skyrocketing.

If he was a secluded occupant on the same day, I am afraid that Nalan Bing has become a cold body.

Unfortunately, he has only broken through now.

"You, after a minute, attack the local government!"

Ye Xuan gave orders to these nine ghosts.

"Yes!"

All of this group should be vocal.

This time, Ye Xuan's plan is to smack the West and use these people as bait to attack the land and take over the masters of the mood.

Then, he pretended to be a sneak attack on Naranger by pretending to be a person from the local government.

With his realm, sneak attack on an unawakening Nalanjie, as long as the mad dragon does not shoot, it must be 100% successful.

Ye Xuan returned to the land and waited quietly.

After a minute.

"Booming!"

Suddenly there was a roar of sound on the top, which caught the attention of everyone.

"what happened?"

The people in the gates of Tianyuan City were all raised their heads.

Is it an earthquake?

Many people have flashed such an idea.

However, they think it is wrong to change their minds.

This is an earthquake. It is clearly a way of arranging people to attack the local government.

"The mad dragon boss, let me go out and see!"

A master of the mood immediately said.

He wants to see which \*\*\*\* has such a courage to dare to attack the local government.

Even if it is the owner of Tianyuan City, I am afraid that there is no such qualification!

Wherein the "smart-going" team has left the squad. When the team comes over, we have found that there are more than two vacant squads.

"You are so bold!"

This is a strong anger, and directly killed the past.

These more than 20 people are all controlled by Ye Xuan, and their strength is not weak.

Chapter 1226: substitute?

The main thing is that these people have a captain who is a fox girl with a tail.

Fall!

"But all the power of Vientiane on me!"

Drop the order immediately.

"Yes!"

In the meantime, these more than 20 masters of the nine-pointed glory are the blessings of all the forces of Vientiane, and the speed of the fall suddenly rises.

"The demon fox flashes!"

The fall directly turned into a white lightning, passing by the side of the wishful person.

"Oh!"

I only heard a crisp sound spread, this master of the artful situation, was directly dropped to the head.

Yesterday, the fall of one person blocked eight outstanding masters, her strength is not simple.

Today, there are so many people helping her, killing a skilled person, is also expected in Ye Xuan.

Of course, the real reason for this fallen master is because he cares about it. He seems to be in a state of sorrow, so he is not in the eye.

The land is divided into doors.

The heart of the city's main gate, the mad dragon, saw that the movement on the top did not stop, but also to other people: "Go, go and see."

He estimated that the person who is arrogant must have been dragged.

"Yes, mad dragon!"

There are two strong people who are in the mood to leave the local government again.

However, they still did not return.

At this time, Ye Xuan, who is hiding in the corner, has been staring at the mad dragon with insightful eyes. There is a secret room behind the mad dragon.

The array of this secret room is very clever, and Ye Xuan's insightful eye can't penetrate, but at the moment he just came out of the mad dragon, he felt that there was still a nine-fold atmosphere in the sky.

Ye Xuan estimates that the person in the secret room must be Nalanjie.

At this point, he is waiting, waiting for the mad dragon to go out and see.

At that time, he can directly kill the secret room and kill the Nalanjie inside.

The two ruthless people who were sent out still did not return.

Now, in the gates of Tianyuan City, there are only four strong people who are in the mood of the world, and the mad dragon is as artistic as it is.

"What about the mad dragon?"

Asked a master of the mood.

"Hey, you four are guarding here, I will go out and see for myself!"

The mad dragon snorted and walked straight toward the entrance.

With his realm, can't he still pick up people outside?

Seeing the mad dragon, Ye Xuan's eyes were also bright, and immediately broke into the shadow and swept toward the secret room.

The three masters who were only going out, were all thrown to kill.

At the same time, before the fall to kill them, Ye Xuan has already consumed the killing value and opened the feast of killing.

The life of the three Italian masters has caused Ye Xuan to soar up the value of killing, and at the same time, the growth rate of the killing feast has soared.

Falling is his pet, the person killed by the fall, the default is counted as killing.

At this time, the increase in the feast of the feast was more than that of Nalan Bing yesterday.

"You four, be prepared to die!"

Ye Xuan quietly dive into the past.

Although there is no assassination of the attack and speed bonus, but he also has a sense of killing and brilliant eyes.

Coupled with the sneak attack, at least two solutions can be solved.

"come on!"

After Ye Xuan approached, the two smashed, and two golden spurts burst out.

"The Eye of Brilliance!"

"The killings broke out!"

"Yanlong is unparalleled!"

A burning scent spread in the gates of the prefecture. This sudden Yanlong directly engulfs two of them.

"what?"

The remaining two masters of the mood were surprised, but when they reacted, the other two were already burned to ashes and died in an instant.

Spike!

And it is still two masters who are as important as the mood.

Ye Xuan's strength is already ok.

"You two, let me die too!"

Ye Xuan's light flashes and he is ready to display the Yanlong Wushuang.

At this time, suddenly a breath appeared in his perception.

If the mood is double!

This breath made Ye Xuan feel trembled, and before he turned, there was a knife attack.

"Oh!"

This set of knives, directly cut Ye Xuan diagonally cut into two halves.

However, Ye Xuan, who has an eternal eye, will not die. The blood of his life is in his body, and at the moment he is injured, he has played a useful role in starting treatment.

"It's the mad dragon!"

Ye Xuan suddenly reacted.

"Boy, are you the tricky figure in the news, not so much..."

The sound of the mad dragon sounded behind Ye Xuan.

It turned out that the mad dragon had long guessed that Ye Xuan had sneaked in. Only then did he not go out to see the situation, but used the hidden means to avoid Ye Xuan's perception.

After Ye Xuan shot, he also directly shot, leaving Ye Xuan to death.

However, how could he think that Ye Xuan would not be dead even if he was split in two?

"Yanlong is unparalleled!"

Ye Xuan, who was split in two, was still shot, and another Yanlong attacked.

what?

This time, the mad dragon and the two masters who are both artistically astounded.

The dead, what special can you shoot?

You know, Ye Xuan's heart has been split in two.

This scene is extremely embarrassing.

At the time when the mad dragon was shocked, Yanlong had already engulfed two other martial artists.

In the blink of an eye, there are two masters of the mood, and Ye Xuan's killings have skyrocketed.

Now, all four watchdogs are dead, then the rest is Nalanjie.

"Snapped!"

Ye Xuan directly ignored the sacred ring of the four bodies, and directly shot it on the ground and broke into the secret room.

"Naranger, die!"

Ye Xuan did not say anything, directly stabbed a sword.

"puff!"

Jianmang did not enter the secret room of the master of the nine-pointed secret, and his heart was pierced.

However, when Ye Xuan stared at it, he discovered that the person inside was not a jade face student Nalanjie, but a person who did not know.

"What, substitute?"

Ye Xuan is very sorrowful.

He did not expect that the person who personally protected the mad dragon would not be Nalanjie.

"Haha, it's a bad idea."

The laughter of the mad dragon came, but in this laughter, there was a lot of anger.

Because these corpses on the ground are the people who have won the heart of the city, that is, the mad dragon.

Now Ye Xuan killed them, how can the mad dragon not be angry?

"No, go!"

Ye Xuan changed his face and hurriedly broke open the void and returned to the land.

At the moment when the door of the Void is closed, the mad dragon is also rushing into the Chamber of Secrets, ready to make Ye Xuan a thousand.

However, after he came in, he discovered that Ye Xuan had disappeared. There was only one warm body and some blood in the entire secret room.

Ye Xuan, what about people?

"how is this possible?"

Chapter 1227: War mad dragon

"how is this possible?"

The mad dragon can't believe it.

He is a master of the two worlds, and he was escaped by a singular eight-boy kid, and it is under his eyes. How is this possible?

At the moment, he just found the entire secret room, but did not find the trace of Ye Xuan.

What about people?

What about people?

The mad dragon is stunned.

.....

At this time, on land.

"Young Master, you are out."

After seeing Ye Xuan who came out of the eye of the void, he also hurriedly asked.

"It's gone, Nalanjie is not below, it is estimated that it has been hidden elsewhere."

Ye Xuan shook his head helplessly, and at the same time, the blood of the life \*\*\*\* tree has restored his injury to the thigh, and the eye is restored to the original.

After seeing the demon form of Ye Xuan's lower body, the falling face was also red, and hurriedly did not go over, Jiao said: "Young master, you are going to wear clothes."

At this time, Ye Xuan was able to react, and he was only smashed into two halves by the horn of the mad dragon. However, the blood of the \*\*\*\* of life could not restore the clothes, so he is now streaking.

He quickly took out a robes and said: "You hide first, wait for the mad dragon to come out, I will go in and collect things..."

"it is good."

Nodded and dropped, even if it was hidden by Ye Xuan in the planting space.

At the moment, Ye Xuan is engulfing the three heroes who are eager to be strong.

The mad dragon is a double-passenger, and the strength is probably even stronger than the knife-killer. If Ye Xuan and the landing team now, maybe it can be a battle.

However, Ye Xuan waited for a while, but he did not see the mad dragon.

"What's going on, if the mad dragon finishes the ring, it should come out and see."

Ye Xuan frowned.

At this time, his mind flashed in his mind.

"It's hard to be done. Nalanjie is still in the local government, and is not in other places?"

Ye Xuan suddenly thought.

Nalanjie, maybe in the door of the government, but not the secret room guarded by the mad dragon, should be in other secret rooms.

Therefore, the mad dragon did not dare to come out.

Thinking of this, Ye Xuan also hesitated for a moment.

At this time, the people he controlled are still attacking Tianyuan City and the government, and I believe that the city guards and the city owners will be attracted soon.

"You, don't attack, kill it!"

Ye Xuan said to these killers.

"Yes, master!"

The ten pass-by masters nodded and walked in from behind the bookshelves in the house.

As for Ye Xuan, it is also going to the rear and going in from the back door.

When he re-entered the government, he felt that several servants were killed.

"The district is in a secluded environment, and I dare to challenge me and find death!"

The sound of the mad dragon echoed in the entire house.

Ye Xuan began to perceive and found that the mad dragon was killing in front of a secret room in the corner.

In the blink of an eye, all the nine killers who passed through the secluded space were all killed.

"Kid, I know you are here, give me out!"

The sound of the mad dragon continues to echo.

At this moment, Tianyuan City is divided into two gates, Ye Xuan and the mad dragon.

No, there is one, that is the detainee in the secret room behind the mad dragon.

However, due to the confinement of the door of this Chamber of Secrets and the protection of the outside, Ye Xuan can't see if there is anyone inside. Even if there is someone, I don't know if it is a jade face student Nalanjie.

But as a matter of urgency, it is best to solve the mad dragon first, otherwise the knife killer and Nalan Bing will be chased.

"Assassination!"

Ye Xuan squatted into the shadow of the corner, hiding the breath with the state of assassination, even if the singularity of the mad dragon swept him, he might not be able to find it.

Killing the blood of the gods, is it so easy to be discovered?

"My killing feast, after killing three skilled players, the increase has reached 50%, but time will soon pass, it is necessary to kill the dragon before this."

Ye Xuan thought as he approached the mad dragon.

The lighting system of the local government was destroyed. It was very dark at the moment, and Ye Xuan's assassination status was not only effective in the dark. In simple terms, he was also hidden in the darkness.

Unfortunately, the death killing order can only be marked one at a time, otherwise Ye Xuan can mark the mad dragon again, which will increase the strength.

The mad dragon who was in front of the secret room was very careful and alert. He felt that Ye Xuan was not easy.

He was split in half but he would not die, and he was able to escape from birth under the eyes of his eyes.

Now, his spiritual knowledge is not able to find Ye Xuan, and these means are too clever.

With the scene of the previous killing of four strong players, the mad dragon does not dare to neglect. After all, he is also a killer. He understands that if he is lax in the battle, he may ruin his life.

Although the spiritual knowledge could not be swept, the instinct of the mad dragon told him that Ye Xuan was nearby. Plus he must guard this secret room, so he can't leave, and lived to become the target of Ye Xuan's assassination.

"If there is an opportunity in the future, you must put the killing \*\*\*\* out of the package, which will improve the level of all the blood-killing skills..."

Ye Xuan thought while he was talking about the fall in his mind: "Let's fall, I will drag this mad dragon later, you will enter the secret room, and Nalanjie will be righteous!"

"okay!"

Falling is already on standby, just waiting for Ye Xuan's signal.

After getting the answer to the fall, Ye Xuan's body was also trembled, and the two eruptions broke out two golden awns.

"The Eye of Brilliance!"

"The killings broke out!"

"Yanlong is unparalleled!"

At that time, the murder that Ye Xuan deliberately concealed was all revealed.

"Huh!"

The dimly-stricken land was divided into doors, and suddenly it was illuminated by fire. A mad dance dragon rushed toward the mad dragon.

"You are still there!"

The mad dragons are equally ambitious, and it seems that they are about to come out. He has a wave of swords in his hand and pulls out a fierce and sturdy knife.

"Hey!"

The two infuriating collisions provoked a thousand layers of turbulence, and instantly swept the entire division.

Taking advantage of this opportunity to lose sight of the other side, Ye Xuan's light flashed.

Searing hell!

Although it is said that there are three realms, this trick is a new skill after integration. It should not be a problem across three realms.

"Spiritual attack?"

The mad dragon saw a change in the environment around him and suddenly responded.

The burning \*\*\*\* made him fall into the illusion, but he could not block his memory and spiritual knowledge. Everything he saw was true, but after the sweep of the knowledge, it was nothing.

No, there is something!

"Calling!"

A few flaming demons in the whole body killed the mad dragon.

These flaming devils are not Ye Xuan, but the lightning knife that Ye Xuan summoned.

Chapter 1228: Naranger, awakened?

"Give me death!"

There is a sigh of gas in the body of the mad dragon, which is combined with the power of Vientiane, and instantly shakes these smolders into pieces.

However, at this time, it was another wind.

"Ruyi, the wind is cruel!"

"call out!"

A broken air attack, the mad dragon has a low profile and avoided this attack, but he did not know that this move has a backhand.

"Calling!"

That sword mang suddenly split a number of wind blades, and instantly hit the back of the dragon.

"What? Winds and clouds?"

The mad dragon was shocked.

This trick, he has seen, after all, this is the trick of his friend's knife, when they played against them the other day, the knife was used.

Unexpectedly, Ye Xuan would have!

"This is a wishfulness that the knife has accidentally obtained. Why is this kid, and the hidden means of this kid is all over the sky, it is hard to be..."

The mad dragon hurriedly transported the infuriating and the power of Vientiane to resist, while the thoughts were numerous.

He guessed in his heart, is Ye Xuan the enchanting disciple who received the knife?

Otherwise, Ye Xuan District has a secluded atmosphere, how can he fight with him?

Anyway, he can't fall!

Just as the mad dragon resisted countless wind blades, Ye Xuan had quietly broken into the darkness and then circled behind the knife.

"The killings broke out!"

"Yanlong is unparalleled!"

"Huh!"

Another big kill is coming out.

If it is the ability to attack the group, the dragons of the dragons may not be as good as the clouds.

However, on the single attack power, Yanlong has no choice but to explode.

"Hey!"

This time, in order to resist the wind and the cloud, the mad dragon was slow to defend, and was smashed by the dragon.

"not good!"

The face of the mad dragon changed, because he was slammed and flew out, so that Ye Xuan was closest to the secret room.

"Let's fall!"

Seeing that the mad dragon was bitten by Yanlong and blasting into the distance, Ye Xuan also hurriedly summoned the fall.

"Hundreds of monsters and foxes!"

When the fall appears, it immediately turns into a hundred, and then there are seven lotuses in each hand.

"Seven-color demon fire, a thousand layers of explosion!"

Numerous seven-color demon fires were born, and they rushed to the mad dragon.

If the mad dragon is all in the middle, it is estimated that it will be killed suddenly.

However, as a matter of urgency, Ye Xuan is going to break into the secret room and kill Naranger.

When Ye Xuan plunged into the door of the secret room, he discovered that the secret room was locked, that is, there was a law of protection. If there was no special seal, it could not be opened.

Since it can't be opened, then it will blow!

"The killings broke out!"

"Yanlong is unparalleled!"

Ye Xuan directly went to Yanlong Wushuang to go out and blasted on this formation.

However, he underestimated the power of this defensive array.

This secret room is where Narangje is being held. It is safer to replace the one, so the formation is not so easy to break.

"Hey, if you can't attack, use this!"

Ye Xuan's light flashed, and suddenly two explosions were shot out, hitting the guardian array.

Decomposed eyes, Ye Xuan is rarely used to fight, but sometimes it is very easy to use.

At the beginning, he used this decomposing eye to break the King Kong corpse of King Kong's corpse, otherwise he would be killed by King Kong's corpse on the same day.

"Zizizi!"

The two decomposed ray points are above the defensive array. The next moment, the defensive array is broken, from a fingernail size to a fist size, then a large washbasin.

At the same time, the drop directly hits the powder boxing, and through this method, the door of the chamber is opened.

Ye Xuan's perception of the eye spread in and found that there is indeed a nine-heavy warrior in the distance, and this breath he has encountered.

Yu face scholar, Nalanjie!

Before Ye Xuan's plan was to control Naranger, if he could not control, he would choose to kill.

At the moment, Ye Xuan directly drilled in before he recovered from the guardian array.

"not good!"

The mad dragon's face changed greatly, and he was still delaying the time. Unexpectedly, he still failed.

Not only that, but he was seriously wounded by two juniors, which is a shame.

Unfortunately, he took a slow step!

Ye Xuan entered the secret room and his eyes glimpsed. Now he can be sure that the person in the secret room is Nalanjie.

At this time, Nalanjie was soft in the corner and closed his eyes.

"Give me a wink!"

Ye Xuan said nothing, directly using the power of Vientiane, trying to provoke Nalanjie's eyelids, and then use the eyes of control.

Although Naranger is also a reincarnation, he is not awakened after all, and he is still in a coma. In addition, Ye Xuan and him are only one realm, and they may be able to control.

As long as you can control a reincarnation, then Ye Xuan will not lack magical powers in the future, but also has a way to quickly improve his strength.

However, what Ye Xuan did not find was that Nalanjie did not block the shackles of infuriating flow.

At the same time, at the moment when Vientiane's power was close to Naranger, Nalanjie's eyes were opened by himself, and two fierce killings shot from it.

"what?"

Ye Xuan was shocked and hurriedly exerted the eyes of burning \*\*\*\* and control.

"Hey, control failed!"

"Hey, control failed!"

A series of two system prompts to sound, Ye Xuan control failed.

At the same time, he felt a familiar atmosphere.

Naranger, already awakened!

"Not good, kill!"

Ye Xuan said nothing, the shaking sword in the tight handshake, directly against the corner of Nalanjie launched the strongest attack.

"The killings broke out!"

"Yanlong is unparalleled!"

At the same time, Naranger also sacrificed his own weapons.

"Three days to kill the soul sword!"

"call out!"

The two attacks collided with each other, and the entire chamber was filled with a powerful air wave.

This shot, because Ye Xuan shot too fast, so the power is not very strong.

However, from the beginning, Nalanjie was already condensing infuriating, so he and Ye Xuan worked together to find a close match.

"Three days of killing the soul of the sword, this Nalanjie, really awakened, how is it possible?"

Ye Xuan couldn't believe it. He didn't think that Nalanjie was awakened at the crucial moment.

It is important to know that the reincarnation is not so easy to wake up. After death, it is not 100% probability awakening. If you use special methods, you can improve the success rate.

However, what he did not know was that the mad dragon had already used that special method to forcibly let Nalanjie awaken when he re-entered the land.

Fortunately, Nalanjie really awakened successfully.

"Hey, how do you wake up, kill you as usual!"

Ye Xuan's face sank and once again took out a record of Yanlong's unparalleled encounter.

He is now a secluded eight-pointer. Naranger is a nine-passenger. Although the latter is a reincarnation, he is just awakened and his combat power will not be so strong.

Chapter 1229: Random task

Unfortunately, Ye Xuan guessed wrong. Before he sent out the sword, Nalanjie swept to his side like a ghost, and then swept out his right side and his right leg.

Break the soul!

"Hey!"

"Hey!"

This foot, directly broke through the brilliant gold armor, kicked on the belly of Ye Xuan, that infuriating moment through the flesh and blood of Ye Xuan, the organs in the body were blasted.

"puff!"

Ye Xuan spit out a blood, and flew out of the secret room.

At this time, he felt that this Naranger was not so easy to deal with. The single combat power was much stronger than Nalan Bing, second only to Mo Xueyi.

This is trouble!

"Hey, the host triggers a random mission, kills Naranger, completes the reward and turns on the Shadow Step!"

The system prompts.

This random task is also to make Ye Xuan's eyes shine.

Shadow step, but the skill that is not open in the blood of the gods is a powerful means of escape. If it is normally turned on, it will take a little bit of swallowing.

However, as long as you complete this random task, you can open it directly. This reward is not as good as the reward point, but it is not bad.

"Let's fall, trap him!"

Ye Xuan will drop it out again.

Not to mention the fall, directly throwing the long whip in the hand, a long whip to Nalanjie lock, but was quickly avoided by Nalanjie.

After Narangjie's awakening, the fighting power was super strong. If Naganjie awakened on the same day, I would not have been able to turn to Ye Xuan.

"Fox family blood? Six tails?"

When Naranger saw the six tails behind him, he also widened his eyes.

His past life is also a fox family, naturally understand what the six tails represent.

"So young six-tailed fox, I must catch her, and then let my sister win."

Naranger's light flashed.

Ye Xuan noticed his eyes, hurriedly stabilized his body shape and shot with him.

"The killings broke out!"

"Yanlong is unparalleled!"

"Seven-color demon fire, a thousand layers of explosion!"

However, this Nalanjie's look is impermanent, and it is easy to avoid two attacks, and it is falling.

"Oh, the goal is falling again, not so easy!"

Ye Xuan glimmered and slammed a sword directly at the landing.

"Yanlong is unparalleled!"

This one dragon is going straight to the ground, and the landing is standing in the same place, ready to go.

"what?"

Naranger was taken aback, but Ye Xuan's people, but Ye Xuan actually turned to her, why?

"Hey, this girl is my sister, I want to hurt him!"

Although I don't know why Ye Xuan did this, Nalanjie couldn't help but shoot.

Three days to kill the soul sword!

"Hey!"

Another wave of turmoil swept away.

In the smoke, the fall is finally shot, she directly turned into a white light, and quickly attacked Nalanjie.

The demon fox flashes!

"what?"

Naranger was shocked again, and did not expect that there would be so many skills in the fox family.

It seems that the fall is not the opening of blood, it is the reincarnation!

"In any case, I will take you down!"

Nalanjie looked dignified and turned into a ghost again, avoiding the falling attack.

"call out!"

Falling down by his side, but at this time, Nalanjie suddenly left his hand and locked directly on the white neck.

"Haha, little girl, fight with me, you are still tender!"

Nalanjie was overjoyed and prepared to limit the landing first, and then executed Ye Xuan, an annoying guy.

It is at this time.

"Hey!"

Nalanjie's left hand was falling and suddenly disappeared.

Yes, it just disappeared in front of him!

"what happened?"

Narangjah widened his eyes and couldn't understand how the fall escaped from under his nose.

It's hard to be done, just infuriating?

Just as he was surprised, the fall suddenly appeared behind him, and then it was a demon fox flash.

What Nalanjie felt and turned around.

"Oh!"

Only heard a crisp sound spread, Nalanjie's left hand was thrown up, blood arrogant.

Fortunately, Naranger avoided a deadly attack on the occasion of a thousand miles, otherwise his head was flying.

"Dare to lick my arm and find death!"

This time, Nalanjie was angry, and he took a sword directly at the front.

Three days to kill the soul sword!

If the person who has made this trick does not fall directly, he will be killed by the remaining swordsmanship within three days.

However, as a person who created this supernatural power, Naranger naturally has a way to lift it.

However, when the sword of the soul-hunting soul hit the front of the body in the third day, the fall suddenly disappeared.

"What about people?"

Nalanjie shook hands in the long sword and looked at it with contempt.

From the beginning, Ye Xuan has disappeared, and even his spiritual knowledge has not been discovered.

At this time, Ye Xuan has been hiding in the dark corner, waiting for a sneak attack.

Suddenly, the fall reappeared, and the location is still behind Narangje.

"call out!"

Naranger reacted and avoided the past.

However, he just showed his back.

"This hit, kill you!"

Ye Xuan's eyes widened, condensing a lot of infuriating, and smashing a sword at the back of Nalanjie.

"The killings broke out!"

"Yanlong is unparalleled!"

This sword, the combination of killing and exploding reached the upper limit, is the most powerful single attack of Ye Xuan.

At this moment, a figure suddenly appeared on the side.

"Kid, don't ignore me!"

A familiar voice came and fell into Ye Xuan's ear.

It is a mad dragon!

Although the mad dragon was seriously injured by the squadron, he was able to fight.

At the moment Ye Xuan shot, he also shot.

"Hey!"

Knife Mang and Yan Long hit, although not able to eliminate Yan Long, but weakened a lot of power.

The power of Yanlong Wushuang was greatly reduced. When he was in front of Nalanjie, he was easily avoided.

"This is trouble!"

Ye Xuan's face is gloomy.

Naranger's awakening has already exceeded his expectations. Now, with this eccentric dragon, he is in crisis.

I knew that he would not enter the secret room, killing the mad dragon directly, and killing the mad dragon.

Unfortunately, his order is wrong!

"It's just that my killing value is enough to use a blade storm, but it's not enough to use so many killings."

Ye Xuan thought quickly in his heart.

The reason why he does not use the blade storm directly is because there are still many innocent residents around him. If he uses it, his life is at least hundreds, so he can't help it.

If you want to use the blade storm now, you must kill the mad dragon, and you have to run out of Tianyuan City.

"go!"

Ye Xuan took the initiative and immediately broke into the darkness, and then broke through the void.

"Want to go, leave me!"

The mad dragon shouted and smashed dozens of knives in succession, illuminating the dark corners.

Chapter 1230: Brother and sister meeting

The light just happened to shine on Ye Xuan, who was in the door of the void. At this time, the mad dragon knew how Ye Xuan left.

"Hey!"

In the shock of the mad dragon and Nalanjie, Ye Xuan left the local government and returned to the land.

Upon seeing it, Naranger is also whispering: "Catch, I want to catch the girl!"

Although the fall has been hidden in the planting space by Ye Xuan, Nalanjie knows that as long as he leaves Ye Xuan, it is equivalent to catching the fall.

"it is good!"

The mad dragon nodded and immediately rushed out of the local government.

Nalanjie is like this. It is awakening success at first glance, otherwise how to fight Ye Xuan?

If he helps Naranger catch the fall, it is a great achievement, and may be rewarded with broken power.

At the moment, the two are on the land.

On the land is the daytime, Ye Xuan has nowhere to shape, but he did not think about hiding this time, but swayed to the southeast.

"chase!"

Nalanjie did not say anything, and immediately chased the past.

The mad dragon keeps up.

If Ye Xuan wants to run, he will leave Tianyuan City directly, but this time he does not, which means he still has a chance.

At this time, the direction he escaped was the direction of Nalan Bing and the knife killer.

In front of him, there is a \*\*\*\* killing word, which is the death killing order of Nalan Bing.

"This Nalan ice, the footsteps are suddenly a lot faster, it is estimated that a few minutes will be able to arrive."

Ye Xuan's light flashes.

Originally, he estimated that Nalan Bing could only arrive half an hour later. He did not expect the other party to suddenly step up.

This is also the right thing, he can take Nalan Bing and Nalanjie, the mysterious eyes, to the net.

But before that, we must weaken the infuriating of Nalanjie and the mad dragon.

"Yanlong is unparalleled!"

Ye Xuan, who fled outside Chaotianyuan, suddenly turned and took a sword against Nalanjie.

Another Yanlong appeared and swept away.

This move did not merge with the killing, because Ye Xuan is just consuming.

"Humph!"

Naranger snorted and fought.

Desperate to chase souls!

"Hey!"

Two infuriating collisions, then annihilated.

Ye Xuan has the blood of the life \*\*\*\* tree, the speed of restoring infuriating is too horrible, but Nalanjie and the mad dragon do not, so the advantage of Ye Xuan is gradually enlarged.

Of course, this is only before the meeting between Naranj and Nalan Bing.

Nalanjie and Nalan Bing two brothers and sisters, the last generation and called the Xuan Ming double shackles, the two joined forces, even if it is Mo blood clothes have to escape.

If they let them meet, Ye Xuan's chances of winning will be lower.

However, this is also a good opportunity to get rid of them all, because behind the knives and killers, there are eight other martial artists.

Whether Ye Xuan's plan is successful or not depends on whether or not the eight people can be killed.

"Yanlong is unparalleled!"

"Desperate to chase souls!"

Along the way, Ye Xuan constantly consumes Nalanjie's instinct. At the same time, the infuriating in his own body is also controlled, not too low, otherwise it will not recover.

The \*\*\*\* killing word in front is fast approaching.

Soon, Ye Xuan sensed a few breaths.

These breaths are the knife killer and Nalan Bing.

"brother?"

Nalan Bing in the distance, I felt a familiar atmosphere, and my eyebrows were also a pick.

"younger sister!"

Naranger is also a trembling figure.

Even if they are not brothers and sisters, they have been together for thousands of years and are naturally familiar.

The eyes of the other party, they are all in mind.

Two people, instantly understand that the other side is awakened!

The eyes of the two men met, only for a moment, and immediately they fell in the same place to focus on Ye Xuan.

Suddenly, Ye Xuan's hatred rose!

"The success or failure, here is one!"

Ye Xuan breathed his heart and thought deeply.

At this point, the knife killer also noticed the pursued Ye Xuan, and he was amazed when he saw the mad dragon who was seriously injured.

"The mad dragon, was severely wounded?"

Knife felt incredible.

The strength of the mad dragon is still above him, but it was actually injured by Ye Xuan. Is this Ye Xuan also a reincarnation?

"Everyone takes the shot together, kneels down him, and has a great reward!"

At this time, Nalan Bing suddenly violently shouted.

She wants to fall, and Naranger also wants to catch the fall and give her a choice.

And when it falls, it sometimes appears, and sometimes it disappears. All of this is related to Ye Xuan.

At that time, Ye Xuan was surrounded by two sides.

At this moment, there is a hungry wolf in front, and there is a tiger in the back. Ye Xuan is in a dilemma.

"Try it, come on!"

Ye Xuan is already ready to break the fish net. This time, he must kill Nalan Bing and Nalanjie.

One is to complete the promise of promised blood, and the other is to complete the random task.

"kill!"

Ye Xuan's face sank and directly released a large number of strange animals. These strange animals directly covered the sky.

Assassination status, passive effect is on!

Ye Xuan is hidden in the shadow and attacks Nalan Bing.

So many different beasts not only masked Ye Xuan's figure, but also covered the atmosphere that Ye Xuan had been difficult to capture. Be sure to clean it up.

"Hey, I am coming!"

The knives and murderers rose in anger and smashed a sword against the beasts.

Ruyi magic, wind and clouds!

But at this time, suddenly a figure came out of the beast group, it was Ye Xuan.

"The Eye of Void!"

The air suddenly opened a door to the void, and the sword of the knife and the killer swept in.

The exit of this empty door is just in the vicinity of Nalanjie and the mad dragon behind him.

"what?"

Naranger and the mad dragon were shocked and streaked.

"Calling!"

When they were surprised, the wind blade was crazy.

No one expected this scene.

This move, Ye Xuan does not know that it is called a grass boat to borrow arrows, or to drive the tiger to swallow the wolf, anyway, it is easy to use.

Attacking Nalanjie and the mad dragon with a knife and a killer is perfect.

When Nalan Bing and the Knife Killer reacted, they found Ye Xuan's figure and suddenly disappeared.

And behind them, there was a familiar atmosphere.

"Behind!"

Nalan Bing was so shocked that she turned her head.

"The eye of assassination!"

"The killings broke out!"

"Yanlong is unparalleled!"

With the eye of assassination, Ye Xuan directly crossed a large distance and came behind Nalan Bing.

However, Nalan Bing is also a killer who has lived for a thousand years. At the moment of turning around, he is showing his life-saving power.

At that time, her body was surrounded by a hard layer of ice crystals.

Nalan Bing had a death killing order before, and Ye Xuan had an increase in her shot.

"Hey!"

When the ice crystal layer has not been condensed, the dragon has already hit it.

At that time, the hot temperature melted the ice crystal layer and broke open, biting the body of Nalan Bing.

"Calling!"

Nalan ice was swallowed up by the dragon.

"younger sister?"

In the distance, Nalanjie was still shocked by the wind and the clouds.
