Chapter 1231: Ice fire double dragon sword array

Nalan Bing was so close by the singularity of Mo Xueyi, even if he did not die, he would be seriously injured.

In the anticipation of Ye Xuan, Nalan Bing will die under this attack, but this Nalan ice is a reincarnation, and it must not be taken lightly.

However, Nalan's death is not important. It's no longer important. Anyway, Yan Long has bitten her and plunged into the distance.

Ye Xuan's real purpose at this time is not her, but the knife and the killer and the other eight masters.

"Killing feast!"

Ye Xuan's light flashes.

At the same time, the light here is getting less and less, and in the sky, there are a group of dense animals.

This time, Ye Xuan has already prepared for the death of the fish, so he almost summoned all the aliens, the purpose is to cover his body shape.

"not good!"

After the knife and murderer saw Ye Xuan, who was close at hand, his face was wide.

"Knife, you also give me death!"

Ye Xuan condensed infuriating, and slammed into the knife and killer.

"The killings broke out!"

"Yanlong is unparalleled!"

Another yan dragon rolled out and swallowed the knives and killers.

However, the Knife Killer is the second target, so he has already prepared for defense.

Now, there are only eight warriors left in the world.

But at this time, there are not only these people, but also one.

"Transformed!"

I don't know when it's behind the eight, and the hair has turned into gold.

"The demon fox flashes!"

Falling into a golden lightning, immediately, there is a continuous burst of crisp sound.

"Oh!" "Oh!" "Oh!"

One kill!

Second kill!

Three kills!

The growth of Ye Xuan is getting higher and higher, and the atmosphere is getting stronger and stronger.

The eight masters who were both fascinating and unconcerned did not respond, and they were all cut off by the fall.

octakill!

The growth of Ye Xuan has reached an unprecedented height.

Double!

At the same time, his killing value is also the highest point.

However, it can still be higher.

"Young Master, give it to you!"

Falling off the eight pieces of the ring in his hand to Ye Xuan, Ye Xuan took over the Qiankun ring, swallowed all the things inside, the strength once again improved.

After being prepared, Ye Xuan's mouth could not help but reveal a demon smile.

Everything is ready!

Now, it is time for him to kill!

"Come on, let you see, the power of the blade storm!"

Ye Xuan's eyes are discolored and cold, and he throws the Zhentian sword in his hand. In the blink of an eye, the Zhentian sword is a thousand.

Not only that, but these earthquake swords are covered by a strange energy, and they are all turned into a **** sword.

"Megatron, tear them!"

Ye Xuan hearted and shouted.

After saving for so long, I can finally see the power of the Bladestorm.

At this time, Ye Xuan's mood was extremely exciting.

Although Nalan Bing and Nalanjie met together, both of them were seriously injured. Although the two are reincarnations, can they survive in the storm of this **** sword?

Looking at the thousands of blood swords, the faces of the two brothers and sisters have already sunk to the bottom of the valley, it is difficult, they will be damaged here this time?

Both of them are old monsters who have lived for thousands of years. There are also many reincarnations in the souls of the swords.

Reincarnation, do not say whether you can successfully wake up, even if you wake up, you just have memories. It is not so easy to grow up.

In this world, there are always reincarnations.

It's hard to be done, they have to be one of them?

"No, we can't die here, sister, knot!"

Nalanjie panicked.

The seriously injured Nalan ice suddenly nodded, and the long sword in his hand suddenly condensed a layer of ice crystals.

Xuan Ming's eyes are also very famous in the local government, and the task completion rate of the two is very high.

Their individual combat strength is actually not strong, not more than blood, but the cooperation between the two is simply seamless.

However, what they are afraid of is that the two are good at a super sword array.

"The Royal Wind Dragon Shadow!"

"Ice and Fire Dragon Swords!"

Naranger and Nalan Bing moved quickly, and they used the power of Vientiane to condense into a virtual shadow of an dragon and an ice dragon.

Two different instincts merged together, and there was a wonderful defensive formation around them.

"Ok?"

Ye Xuan in the distance saw this scene, but also could not help but scream.

"Hey, the copy of Yufeng Feilong has been successful!"

"Hey, the Shuanglong Swordsman has been successfully copied!"

Two consecutive system prompts to sound.

What makes Ye Xuan strange is that these two magical powers are the same as Yanlong's unparalleled scorpion.

If you want to learn the ice fire double dragon sword array, you must first learn the royal wind dragon shadow, but Ye Xuan has the eye of insight, directly copied it.

"I have to look at it, it is the ice fire double dragon sword array is very powerful, or my blade storm is amazing!"

Ye Xuan's light flashed and directly controlled Megatron to attack the two.

Suddenly, thousands of blood swords were turned into blood mansions to the mysterious eyes.

The Bladestorm is a new skill after the integration of Scarlet Storm and Wanjian, and its power is much greater than that of Wanjian.

However, at this time, Megatron only passed through the secluded space. However, in Ye Xuan's estimation, this mysterious pair will definitely die in the blade storm.

As for Ye Xuan, it is also directly applied to the magical dragon shadow of the body, and it hits the nearest knife killer.

This knife and killer was also injured. Now Ye Xuan has got a body magical ability to grow up. It is not too difficult to kill him.

"Damn!"

The knives and murderers looked at Ye Xuan, who was rushing toward him. His face changed greatly and he hurriedly shouted: "Crazy Dragon, save me!"

What he said is to save me, not to help me.

This is enough to see how strong Ye Xuan's momentum is at this time.

The mad dragon in the distance saw it and attacked Ye Xuan.

In fact, he already has the meaning of running away, but the knife is his good friend from small to big, the other side is difficult, still have to help.

At this time, he did not care about Nalan Bing and Nalanjie, because he felt that the two brothers and sisters would die.

"As long as you kill you, the increase in the feast of the killing will be raised again. At that time, the mysterious eyes will die!"

Ye Xuan's light flashed and suddenly split.

After the double blood has been promoted many times, he rarely fights, because the fit can improve the strength of 50%.

But this time, he has to give it a try.

"Let me see, the power of the ice fire double dragon sword array!"

Ye Xuan's deity holds a scent of the scent of nature, and the avatar is the one that holds the ice attribute.

The two men successively displayed the Yufeng Feilong Shadow, and like Nalanjie and Nalan Bing, they became the dragon and the ice dragon, and they attacked the knife and the savage dragon.

Nalanjie and Nalan Bing in the distance saw this scene, and it was already shocked to say nothing.

Chapter 1232: Ssangyongwei

This ice-fired double dragon sword array is hard to get by Nalanjie and Nalan Bing. Now, it has been stolen by Ye Xuan. How is this possible?

Ice and fire double dragon sword array, need two very tacit talents can be trained.

Nalanjie and Nalan Bing are brothers and sisters, and with the tacit understanding of the millennium, it is not easy to practice.

And Ye Xuan, suddenly turned into two, also showed out.

This is already beyond their understanding.

However, they don't have time to think so much. What they have to face next is thousands of blood swords.

"Icing and blending!"

"Ice and Fire Double Dragon!"

"Hey..."

Yanlong and the ice dragon suddenly merged into one, sending out a terrifying roar.

The blood swords that are not yet close are all smashed by this roar.

"what?"

Ye Xuan in the distance heard this voice, Ye Xuan's body shape trembled, he did not expect the ice fire double dragon sword array and this move.

Unfortunately, he only missed it and could not transcribe it.

At this point, Xuan Ming Shuangyu used the trick to retreat a thousand blood swords, and then quickly turned around and left.

The red-blue dragon shadow formed by the combination of Yanlong and Ice Dragon is extremely fast. In the blink of an eye, Ye Xuan's sensing range is crossed.

"They have to run!"

Ye Xuan's face changed greatly.

This time, he managed to stop the two men and prepare them for a net. Can they let the two escape?

"Nalan is seriously injured, Nalanjie loses one arm, and I have a death killing order, you can't escape!"

Ye Xuan quickly calmed down.

Death killing orders, even if the other party is at the ends of the earth, he can feel his position.

Since Nalan Bing and Nalanjie meet, then they will not be separated. As long as Ye Xuan solves the knife and the mad dragon, the killing feast has a second increase, and it can quickly catch up with the mysterious eyes.

"Let me see, the power of the ice fire double dragon sword array!"

Ye Xuan's deity and avatar, one ice and one fire, went to the knife and the mad dragon.

"Kid, don't underestimate us!"

Knife and mad dragons are also beginning to join forces.

Two masters who are both artistic and artistic, even joined hands to deal with Ye Xuan, a singular eight-pointed kid. If it is passed out, I am afraid that he will be laughed at.

However, in the current situation, can you survive is a problem, and what face?

The ice and fire double dragon sword array is a very high tacit understanding. Nalan Bing and Nalanjie also spent many years before they succeeded in cultivation.

Although there is no proficiency in this ice-fired Ssangyong sword array, the power exerted by Ye Xuan is still a certain gap with Xuan Ming's eyes.

The two people of Xuan Ming can probably play the power of 80%, which is the result of their practice for countless times.

However, Ye Xuan's deity and avatar have a 100% tacit understanding. As long as he gives him some time, he can certainly use the ice and fire double dragon sword array to exert the power of 10%.

In the blink of an eye, Ye Xuan's deity and avatar are against the knife and the mad dragon.

Although there is a 50% increase in strength after the fit, but after Ye Xuan's separation, the strength exerted by the ice-fired Ssangyong Swordsmanship is already beyond that of the fit.

"Boom!" "Boom!" "Boom!"

Ye Xuan's deity and avatar are constantly attacking.

At first, the knives and the mad dragons were able to withstand one or two, but they became very difficult over time.

The knife was seriously injured, and the mad dragon was seriously injured. If the blade storm swept over, they would be torn into pieces in an instant.

However, Ye Xuan wants to use his own strength to kill two people. Therefore, he just let the blade storm surround the battlefield.

Seeing, the knife and killer and the mad dragon face are already gloomy to the limit. In the face of so many blood swords, they estimate that there is no possibility of survival, but they still feel that there is a chance.

These blood swords are controlled by Ye Xuan, as long as they kill Ye Xuan, then these blood swords are no one to control.

"kill!"

Among the slasher and the dragon's eyes, only the killing is left.

At the same time, Ye Xuan is also using these two masters who are both artistic and artistic, and hone their own ice and fire double dragon sword array.

"This ice fire double dragon sword array, even better than the blood dragon's Yanlong Wushuang, just like I have a twin blood, this skill is simply prepared for me."

Ye Xuan is very satisfied, and it is precisely because of this that he let the Xuan Ming doubles leave, did not immediately pursue.

"Boom!" "Boom!" "Boom!"

The sound is constant, Ye Xuan has his own power, and the two masters of the mood, and also has the upper hand.

This record is enough to make any genius in this area snarled.

As the battle continues, Ye Xuan's deity and avatar are becoming more and more tacit.

That Xuan Ming's eyes are brothers and sisters, but after all, they are two people, so they can only exert the power of the 80-inch sword.

But Ye Xuan is a person. The deity and the avatar have an idea and can fully exert the power of 10%.

Soon, Ye Xuan has reached this point!

"Almost, let's die!"

Just thirty seconds after the two sides engaged in the battle, Ye Xuan finally could not help but directly kill.

At this time, the effect of the killing feast has long passed.

"Icing and blending!"

"Ice and Fire Double Dragon!"

"Hey!"

Ye Xuan's deity and the two dragon shadows that were transformed into avatars suddenly merged into one, and issued a dragon's dragon.

This trick, which was used by Xuan Ming Shuangyu, is a sonic attack. They use this to shake thousands of blood swords and then flee.

Fang Caixuan did not transcribe successfully, but after half a minute of tempering, he actually realized it.

Yes, it is comprehended!

"boom!"

The knives and the mad dragons only felt their ears hurt, and even their heads were faint. Their bodies were attacked by the sound waves and they vomited a few mouthfuls of blood on the way.

"A strong attack, if I am a nine-pointer, this knife and mad dragon may die directly under this attack!"

Ye Xuan is also shocked.

However, the smoldering of this icy double dragon is too much, and only one time can be used in his realm.

"Okay, it's time to harvest your life!"

Ye Xuan has no intention of playing anymore. With his qualifications, it has already been to the point where this ice-fired Ssangyong sword formation has been perfected in a short period of time, and it has surpassed the mysterious doubles and played the power of 10%.

In the meantime, the two dragons that the deity and the avatar have turned into are the swords and the dragons.

"Hey!"

One ice and two fire dragons will engulf the knife and the mad dragon.

The former was frozen into ice corpses by the extremely cold chill of the dragon in the body, while the latter was burnt to the bones by the extremely hot air.

Two big killers like the mood, die!

After they died, Ye Xuan also got a huge killing value.

Chapter 1233: Brother and sister double repair

Ye Xuan said that he was very satisfied with the fact that he has killed two masters who are both artistic and artistic.

Although Xuan Ming Shuangyu ran, but he learned that this door is even stronger than Yanlong Musou, it is really big.

"This ice fire double dragon sword array, with the power of the deity of the sword seems to be more powerful, it is difficult to learn the reason of Yan Long Wushuang?"

At this time, Ye Xuan's heart flashed such a doubt.

Now, the power of Yanlong Wushuang is surpassed by the Shuanglongjian. However, if Yanlong Wushuang grows up to the true dragon, it is estimated that it will be able to open the ice fire double dragon sword array.

I don't know, this ice fire double dragon sword array can grow to what extent.

However, these issues will be left in the future.

It is imperative to chase the injured Xuan Ming Shuangyu and say, after all, the task of killing Nalanjie is limited by one day.

At this time, Megatron was restored to its original state, and some helplessly swept to Ye Xuan.

"Don't blame you, my realm has not broken, so you are stuck in the secluded environment!"

Ye Xuan said comfortably.

He is only a clear-minded, if he does not break through to the mood, Megatron can not break through.

If Fang Zhentian is already a third-order device, I am afraid that even if you use the ice and fire, you will die.

"The blade storm is a waste, but compared with the ice fire double dragon sword array, what is it?"

Thinking of this, Ye Xuan turned to look into the distance.

At this time, Nalanjie and Nalan Bing fled, and it has been more than half a minute.

These two reincarnations are peerless killers, good at tracking, so they naturally will not leave any traces, half a minute, enough for them to run for a long time.

Unfortunately, Ye Xuan had a death killing order on Nalan Bing. Even if Nalan Bing went to another holy place, Ye Xuan could feel her position.

"Come on, let you feel, the taste of being chased!"

Ye Xuan directly fits and displays the shadow of the dragon and the dragon, catching up.

If you want to practice the Shuanglong sword array, you must first practice the magical dragon shadow.

At the same time, this Yufeng Feilong Shadow is still a body of air flight, very easy to use.

However, Ye Xuan has agile advanced movement speed bonus on land, so he decided to play on land, it will be faster.

"Well? Nalan ice stopped?"

Just after he chased for three seconds, he found that Nalan was not moving, and the distance between him and Nalan Bing was rapidly shortening.

"It's hard to be hurt, is it too heavy, is it dead?"

Ye Xuan frowned, if this is the case, then it is a tragedy, because Nalanjie can directly collect the body of Nalan Bing, so that the death chase will be refreshed, he also lost the trace of Nalanjie.

However, the mark of the death killing order is still there, which means that Nalan Bing is not dead.

Ye Xuan continued to catch up. After the distance was very close, he was slowing down and slowly approaching.

Nalan Bing and Nalanjie were both injured.

Naranger is okay, just broke the left arm, but Nalan Bing was hit by the Yanlong Wushuang, and it was a miracle not to be burned.

At this time, they have no threat to Ye Xuan.

However, Ye Xuan is curious if the two will awaken some secrets after they wake up.

For example, who is entrusting the local government to find them?

Will it be related to the Yin and Yang Temple?

Therefore, Ye Xuan used the assassination state to hide the breath and quietly approached.

This Nalan Bing and Nalanjie thought that there was no clue, so they just found a mountain and hid in a cave.

Ye Xuan leaned over to see if he could hear something useful, and the time was still sufficient.

However, after he approached, he heard some extraordinary voices with his extraordinary ability to perceive.

"Well... uh... um..."

This is the voice of Nalan Bing, it sounds a bit wrong.

Since the opening of the eye of perception, Ye Xuan, in fact, has been eccentric, after all, he can hear this sound every time he enters the city.

"I wipe, these two brothers and sisters, actually..."

Ye Xuan was shocked.

With his powerful perception, he not only heard it, but also felt it.

The two figures in the cave are intertwined and do some kind of exercise that is not suitable for children.

This, but I was shocked by Ye Xuan.

You know, Nalan Bing and Nalanjie are brothers and sisters.

In the past, Xuan Ming's eyes and eyes, Ye Xuan did not know if it was a brother and sister, but Nalan Bing and Nalanjie of this world are the children of Nalanhao, the dean of Bei Cang Academy. This will not be fake.

However, the brothers and sisters who have blood relationship have actually done this kind of exercise. Isn't this a mess?

"They are just running away, avoiding my pursuit, can't just do this kind of thing..."

Ye Xuan suddenly reacted.

At this time, the distance was only a battle, but in a minute, the two brothers and sisters could not relax their vigilance.

Of course, this is not necessarily the case. After all, both of them have lived for twenty years before they wake up, and they can't help it.

At this moment, Ye Xuan's perception of the extraordinary people felt that Nalanjie's broken arm actually began to repair.

Sure enough, they are not simply lingering!

"Double repair! They are in double repair! Use double repair to recover the injury and infuriating!"

Ye Xuan suddenly reacted.

Unexpectedly, Xuan Ming's eyes have been cultivated in this way. It's no wonder that within a thousand years, they can catch up with the **** clothes that have been cultivated for thousands of years.

The mysterious sorrows of the past lives, the males are not married, the women are not married, and they are always together.

The world thinks that they are constantly pursuing martial arts, so this is the case.

However, who knows that they are chaotic x!

"It's terrible, it's terrible."

Ye Xuan couldn't help but hit a spirit.

Even in order to improve the speed of cultivation, it is too abnormal for the brothers and sisters to do this kind of thing.

However, at this time, Ye Xuan did not want to manage so much, he was prepared to seriously hurt the two, and then forced to ask things and supernatural.

At the moment, he rushed into the cave while the two men in the cave were lingering.

"Oh... um... ah..."

The sound of Nalan Bing echoed in the cave, but at the moment when Ye Xuan stepped into the cave, the sound was heard.

Nalan Bing and Nalanjie in the depths of the cave, huddled and swayed, and quickly separated from the fit.

"Someone!"

Nalan Bing and Naranger suddenly reacted.

Although Ye Xuan has concealed the breath, Xuan Ming Shuangyu is a peerless killer, or directly found Ye Xuan.

At this point they are guessing, who is the comer?

Is Ye Xuan, or a knife killer or a mad dragon?

They are very confident and have not left any traces on their way to escape, even the infuriating fluctuations.

Even if it is a master of the two minds, it is estimated that it can not be found in a short time.

Chapter 1234: Ssangyong vs Shuanglong

The plan of Xuan Ming's eyes is to use the double repair to quickly recover the injury and infuriating, and then back to it.

However, what has to be said is that when this kind of thing is done, it is suddenly disturbed, even if the average person will be angry.

The two also refused to wear clothes, and directly sacrificed the long sword to look at the front.

After this period of double repair, Nalanjie's broken arm has been repaired, and Nalan Bing's injury has also recovered a lot.

Not only that, but even the realm has broken through, reaching the nine-pointed.

Ye Xuan, who felt the change of this atmosphere, could not help but stop.

"This Xuan Ming Shuangyu has a special double-practice method. It took less than a minute to get through. Nalan Bing broke through to the secluded space. If you didn't kill them this time, wouldn't you be able to break through soon? What about the mood?"

Ye Xuan of the hole, could not help but think in his heart.

There is only one person in Mo Xueyi, so he has to rely on the medicinal herbs to recover. However, Xuan Ming's eyes can be restored by double-practice, and the speed is much faster than Mo Xueyi.

If this time is unsuccessful, then Xuan Ming's eyes will quickly open a distance with Ye Xuan.

At this point, Ye Xuan regretted a little, and knew that he had solved the problem of Xuan Ming.

However, it is not too late.

"Even if you recover from the injury, what if you breakthrough to the Nine Kingdoms?"

Ye Xuan's current confidence has skyrocketed, and even if he is lower than the other side, he is not afraid.

In this case, then he is no longer scornful.

When you are late, you will be able to solve this problem.

"kill!"

Suddenly, Ye Xuan was one-two, and rushed directly into the cave.

This cave is also quite spacious, but this level of fighting will break down when you start playing!

Soon, Ye Xuan met with Nalan Bing and Nalanjie.

Xuan Ming's two brothers and sisters were afraid of Ye Xuan, so they didn't even wear clothes, and they were exposed to the air.

Fortunately, the cave is relatively dark, and even if they don't wear clothes, they can't be seen by ordinary people.

However, Ye Xuan is capable of night vision. He directly ignored Nalanjie and finally fell on Nalan Bing.

If the scholars of the North Cang Academy saw the blood on their thighs on both sides of their talents, would they go away directly?

Ye Xuan looked at it and suddenly remembered that his nutrition couldn't keep up, so he hurriedly opened his eyes.

"who are you?"

After Ye Xuan appeared, Nalan Bing could not help but ask.

On that day, she awakened in the midst of a thousand miles, and then chased Mo's blood coat. Later, Mo blood clothes were killed by a certain killer of the dragon.

This killer is Ye Xuan!

Nalan Bing has not understood, why Ye Xuan is going to kill him.

"Sister, you are really forgetful."

At this time, Ye Xuan suddenly changed back to the real face, cold and cold smile.

This voice is half-boiled for Nalan Bing. She only feels that she has heard it, but she can't remember it.

However, Ye Xuan's address to her has exposed a lot of news.

Nalan Bing is a talented woman of Bei Cang Academy. She can call her sister, and she is also a scholar at Bei Cang Academy.

However, the scholars of Bei Cang Academy, why should they chase her?

You know, even the local government is not ready to kill her, why is Ye Xuan?

"It seems that the sister has forgotten that we had seen one side before the worship of the moon and the local government attacking the North Temple."

Ye Xuan said slowly.

This tip is already very obvious.

After listening to it, Nalan Bing suddenly remembered a person.

That, Ye Xuan who made a quiet night thinking!

"It's you?"

Nalan ice exclaimed.

She did not expect that the killer who was struggling to kill her turned out to be Ye Xuan!

How can this be?

You must know that Ye Xuan of the day, the realm of the border is only five times.

It took only a long time to break through to the octopus, and it was possible to fight the reincarnation of them, forcing them to escape.

"Sister, do you know him?"

Nalanjie asked suddenly.

Nalan Bing naturally knows Ye Xuan. On that day, she saw Ye Xuan's famous poem, and she was afraid of overshadowing Nalanjie's talent. Therefore, she wanted to frame Ye Xuan and kill him on the spot, but she was killed by the leaves. Xuan saw it and then fled.

However, these are not important.

What is important is why Ye Xuan is going to chase them and the dragons that will be bloodless.

"You, why should we chase us?" Nalan Bing could not help but ask.

After hearing this question, Ye Xuan did not want to answer: "Because, I promised to wear a **** coat, to kill you for his funeral!"

Mo blood clothes!

Sure enough, because of the **** clothes!

Nalan Bing was guessing before.

However, she originally thought that Ye Xuan was the apprentice of Mo Xueyi, and that it would be unparalleled. It seems that Mo Xueyi used Yan Long's unparalleled and his own life to entrust Ye Xuan to kill them.

Things have finally come to the fore!

"In this case, then I have to see if you still have the ability to kill us!"

Nalan snorted coldly, and when she was talking about the conversation, she quickly took out a set of robes. Although it is a crucial time, it is always strange to fight with other people.

Narangje is already ready for a dead battle.

Although Ye Xuan's realm is lower than the two of them, they are shocked by the means.

Not only can we separate the same avatars, but also the eye of the void, etc., but also can instantly learn how they have trained hard for many years.

If Ye Xuan does not remove, they will sleep hard!

The two sides looked so quietly, there was no sound in the cave.

One second!

Two seconds!

Three seconds!

After a full three seconds, the wind was heard.

"Nalanjie, Nalan Bing, today is your death!"

Ye Xuan heart angered a word, directly formed into an ice fire double dragon sword array, attacked Xuan Ming double eyes.

"Ice and Fire Dragon Swords!"

On the other side, the same is true of Xuan Ming's eyes.

This time, it was the ice fire double dragon sword array vs the ice fire double dragon sword array, one party learned for countless years, one party learned for a minute, do not know, who is stronger.

In order to make the ice fire double dragon sword array more powerful, Ye Xuan deliberately exchanged two handles of the third-order Tongtian, called the red Yan sword and the blue ice sword from the super swallowing system.

These two third-order devices, one of which is a fire attribute, is capable of increasing the power of the Shuanglong sword array.

Ye Xuan deity is holding a red sword, which condenses the shadow of the dragon.

Ye Xuan is armed with a blue ice sword, condensing the ice dragon virtual shadow.

And Xuan Ming's two sides are the second-class weapon of the upper class. In terms of weapons, Ye Xuan is superior to them.

As for Megatron and Lei Mingzhu, it is to assist Ye Xuan attack.

In the blink of an eye, double convenience is a fight.

Yanlong on the dragon, ice dragon on the ice dragon, such a battle, still see for the first time.

In addition to the realm, Ye Xuan surpassed Xuan Ming in any way.

This time, Xuan Ming's eyes will die!

Chapter 1235: Mysterious strong

"Hey!" "Hey!" "Hey!"

In the cave, there was a loud bang, and the sound was loud. The whole cave was shaking, and the stone wall at the top of the head began to shatter and drop the stones.

People like Ye Xuan's realm, even if the billions of stones are smashed down, they will be crushed by them, so they directly ignore the terrain.

Two Yanlong, two ice dragons are fighting, at this moment, Ye Xuan did not display the killings, and did not show the eyes of glory.

His current plan is to test the mysterious eyes and see if there are other uses.

The waves in the caves rolled, and soon the entire cave began to collapse.

Ye Xuan and Xuan Ming's eyes are also breaking the stone wall from the ground and going into the air.

"Boy, why do you have a double-dragon sword array, who are you?"

Seeing that the ice-fired Ssangyong swordsman of Ye Xuan's exhibition is not weaker than them, Nalanjie couldn't help but ask.

Ye Xuan is too surprised, so Nalanjie guess is also a reincarnation, perhaps, or someone they have known in previous lives.

In fact, Ye Xuan also guessed that the other party thought he was a reincarnation, so he directly replied: "I am not a reincarnation, just a person who has gone the fortune!"

The reason why he answered this question is also purposeful.

Still waiting for the opening of Xuan Ming's eyes, he asked directly: "Do you both have a relationship with the Yin and Yang Temple?"

"Yin and Yang Temple?"

Nalanjie and Nalan Bing both stunned and quickly searched their memories, but did not find relevant content.

"Hey, if you want to know, beat us!" Nalan chilled.

"Mom, really shameless!"

Ye Xuan screamed in his heart.

In this case, he did not talk nonsense with the other party.

"Icing and blending!"

"Ice and Fire Double Dragon!"

The two dragons who are condensed by Ye Xuan's deity and avatar suddenly merge into one.

"what?"

Nalan Bing and Nalanjie were shocked. I didn't expect Ye Xuan to learn this trick. This is too fake.

The power of this trick, they are naturally clear, so they dare not neglect.

"Icing and blending!"

"Ice and Fire Double Dragon!"

"boom!"

The two sound waves spread out, and the cockroaches collided together. The resulting air waves directly shattered the trees around tens of thousands of miles, and the birds and beasts died without exception.

This trick requires a lot of infuriating, and Ye Xuan has the blood of the **** of life, but it can be recovered.

But what about Xuan Ming?

They used it once a minute ago to attack the blade storm.

Later, although they recovered a lot of infuriating after double repairs, but after this time, their infuriating consumption has consumed a lot.

However, this move is even more powerful in Xuan Ming's eyes. Ye Xuan was directly smashed and squirted a blood.

"It's a mystery!"

Ye Xuan couldn't help but secretly say a word, but in general, he still earned.

This injury can be recovered in the blink of an eye. He is a small strong who can't die!

At this moment, Nalan Bing and Nalanjie suddenly looked at each other, and then, the two dragons suddenly had a big mouth.

"Shuanglong growls!"

"boom!"

The infuriating nature of the ice and the infuriating infuriating atmosphere form a more horrible dragon's breath.

This dragon's interest, straight to Ye Xuan.

If Ye Xuan did not escape, he would definitely die under this attack, but Ye Xuan did not need to hide.

"It seems that I don't want to take some of the skill, I can't kill you!"

The two Ye Xuan's eyes are big, and the next moment, they are the incarnation of the Super Saiyan.

blond!

Kim Min!

Gold armor!

Two sets of brilliant gold armor, wrapped in two leaves.

At the same time, the shadows of the two dragons also changed color, one turned into gold and one turned into white gold.

"The killings broke out!"

"Shuanglong growls!"

Two dragons have a big mouth and a big mouth.

"boom!"

Another energy collision.

After the use of Xuan Ming Shuangyu, Ye Xuan accurately transcribed the Ssangyong Roar and learned it now.

This time, his attack completely crushed the double dragon roar of Xuan Ming's eyes.

"What, how is this possible?"

Nalan Bing and Nalan Jay widened their eyes.

This move is already the strongest attack they can currently use.

However, it was easily defeated by Ye Xuan.

"Haha, die!"

Ye Xuan showed a demon smile.

It seems that this time you can complete the commissioning and random tasks of Mo Xueyi.

Ye Xuan's Ssangyong roaring, Xuan Ming Shuangyu has no ability to block, and has no ability to escape.

However, Ye Xuan's luck is not very good.

Just as the Ssangyong roar was about to engulf the mysterious scorpion, the sky suddenly swept a figure, bravely blocked in front of the Xuan Ming double scorpion, and then, with one hand, blocked the leaf dragon's double dragon roar.

"Booming!"

Ssangyong roared, was blocked by this mysterious master with one hand, and immediately annihilated.

Ye Xuan lived.

Even the mysterious eyes that have already shown a desperate look are the same. They did not expect that there will be people intervening on the way, and it is beyond the reaction of Ye Xuan.

Who, who?

When the infuriating collapse, Ye Xuan saw that this is a one-eyed old man. However, the breath that the one-eyed old man showed was powerful enough to make him feel guilty.

Ye Xuan speculated that the realm of this one-eyed old man is at least fourfold, even five, six or even seven.

Because the gap is too big, Ye Xuan could not accurately sense it, but he knew that this time it was a tragedy.

"Fortunately, catch up!"

This one-eyed old man breathed a sigh of relief.

"who are you?"

Ye Xuan's nerves were tense and he hurriedly asked.

"Old man, one-eyed road work!"

The one-eyed old man replied.

This name, not only Ye Xuan has not heard of it, even Xuan Ming did not.

However, Nalanjie and Nalan Bing knew that this one-eyed old man came to save them.

"Let him, I am greatly rewarded!"

Nalan Bing said quickly.

What she wants is not Ye Xuan, but the eye of charm and the fall of six fox tails.

However, the relationship between Fall and Ye Xuan is not normal, and there is no trace of it, so only when you catch Ye Xuan can you know where the fall is.

"Yes, adults!"

This one-eyed old man's eyes are bright and ready to be shot.

In his realm, it is too easy to squat under the yoke of Ye Xuan.

After hearing the words of this one-eyed old man, Ye Xuan knew that he would not be able to go this time.

When he reacted, the one-eyed old man had turned into a streamer and swept over him.

So fast!

The one-eyed old man has a dry right hand and squats toward the neck of Ye Xuan.

At this time of the millennium, Ye Xuan's deity suddenly disappeared.

Chapter 1236: Eye of Vientiane

"Disappeared?"

The one-eyed old man was shocked.

Although he wears a blindfold, he does not look at it.

Ye Xuan, it really disappeared.

When he turned around and saw that Ye Xuan's avatar disappeared directly.

Yes, it is out of thin air!

However, this time the one-eyed old man discovered that the breath had reached another place.

When he turned around, he found that Ye Xuan had already fit and then attacked Nalan Bing's back.

"The killings broke out!"

"Yanlong is unparalleled!"

After the fit, Ye Xuan directly launched a killing move against Nalan Bing, which was enough to kill Nalan Bing.

"Hey, killing under my eyes, it's not that easy!"

The one-eyed old man snorted in his heart. The next moment, his left eye mask was turned into ashes, revealing his left eye.

It turned out that he was not a one-eyed dragon, but because the left eye was special, it was covered with an eye mask.

The pupil of this eyeball is very strange, but Ye Xuan did not see it.

At this time, the left eye of the one-eyed old man suddenly flashed.

Outside of Nalan Bing's body, there was a Vientiane force that protected it.

"Boom!"

Ye Xuan's Yanlong Wushuang was directly blocked by this powerful Vientiane force, and did not hurt Nalan Bing.

Nalan Bing remembered at this moment, Ye Xuan had the mysterious ability that suddenly flashed behind her. Ye Xuan relied on this trick to escape the one-eyed old man.

"what?"

Ye Xuan was shocked. What kind of means did the one-eyed old man use? He even condensed a force of Vientiane around Nalan Bing.

However, at this time he did not care much.

If you can't hit it, look at it immediately!

At the moment, he broke through the void and drilled in.

"Want to go?"

Nalan Bing suddenly turned around and took a sword against Ye Xuan.

Three days to kill the soul sword!

This move, but Nalan ice in addition to the ice fire double dragon sword outside the strongest attack.

"puff!"

Ye Xuan did not catch the flash, and was directly worn by the sword in the chest, but did not hurt the heart, but there was a violent sword in the body.

"Kid, in front of me, still want to go?"

The left eye of the one-eyed old man flashed again. The next moment, Ye Xuan's body was a stiff, the lower body was fixed, and there was no entry into the void.

"Not good, close the door!"

Ye Xuan's face changed greatly.

"Hey!"

The door of the Void is closed, and Ye Xuan's upper body and lower body are directly cut off by the students. Only the lower body is left here.

However, this lower body was quickly withered and turned into fly ash.

"Escape?"

Nalan ice suddenly rose into a fire, and turned angrily: "Do you have the eyes of Vientiane, let him escape?"

"This....."

The one-eyed old man's face was awkward and shouted: "The younger generation is careless..."

He was the first to see Ye Xuan, I don't know if Ye Xuan had such means, so Ye Xuan escaped from birth.

"Humph!"

Nalan Bing is very unhappy.

If she has this strength now, she will directly kill this one-eyed veteran and use it to vent her anger.

Unfortunately, her current state is not enough.

If the reaction of the one-eyed old man is a little faster, Ye Xuan will be pulled out of the void door in an instant. At that time, he will become the fish on the knife board, and he will be slaughtered.

At this time, somewhere in the graveyard.

Ye Xuan had been positioned once in the graveyard, so this time he broke the void directly and returned to the graveyard.

In fact, he also has a position in Tianyuan City, but Tianyuan City is too close to the battlefield of Fangcai. In order to prevent it, he still runs farther.

"Where, scare me!"

Ye Xuan, who only had half of his body, breathed a sigh of relief. At this time, the blood of his life tree was also beginning to repair the wound.

With the eternal eye, Ye Xuan, as long as the two eyeballs are not destroyed, then he will not die.

However, if it is caught by the one-eyed old man, life and death estimates are not for him.

Of course, there is still a sword in his body, so he immediately slams his head and then recovers his body except the head, just in case.

"The old man, it is not a one-eyed, but another eye is special, hiding strength."

Ye Xuan's head thinks that when the body is restored, he will put on a set of clothes and put it on.

The average person, Vientiane's power is also to move like instinct, but the old man's Vientiane power can be used separately, which is really rare.

Fortunately, Ye Xuan took the opportunity to stand off, otherwise this time will be miserable.

"It's a pity. I knew that I would start early, but it was a late change!"

Ye Xuan is very remorseful.

The old man, it should be that other local governments came to accept Lan Bing and Nalanjie, and then they were handed over.

Now, Xuan Ming Shuangyu was saved by the one-eyed old man. If Ye Xuan could not grow to the realm of confrontation in recent days, it is estimated that there is no way to kill Xuan Ming.

"When this one-eyed old man escorted the mysterious scorpion to a certain place, there will be a stronger person to serve as a escort. At that time, there may be a master of the broken, nibble, long-lived and even reincarnation."

Ye Xuan sighed in his heart.

It seems that the random task of killing Naranger has failed.

After eating a long and wise, this time, fortunately, it was just a surprise, which made Ye Xuan give himself a wake up.

If you treat the enemy in the future, you must not talk too much!

Are the bad guys in those movies not all dying?

"Ugh!"

Ye Xuan sighed again.

This time, although I did not kill Nalanjie, I also learned to learn two growth powers. This is not a loss.

At this time, Ye Xuan suddenly felt that the goal of the death killing order was getting farther and farther away from himself, and the speed was fast.

It seems that the one-eyed old man has left with the mysterious eyes.

"The one-eyed old man has already remembered me, but I have the state of assassination and the eye of control. As long as I change my face and breath, I will calculate that they are in front of them, and I am not necessarily able to recognize me!"

In the heart of Ye Xuan's heart, he immediately used * to become a stranger.

Then he chased in the direction of Nalan Bing.

He does not give up, because the reward is to open a **** killing skill.

Shadow step, this is a fugitive skill.

If that is the case, Ye Xuan can use the shadow step to open the distance and then use the eye of the void.

For this skill, Ye Xuan decided to pursue the one-eyed old man and Xuan Ming's eyes, at least, the time for random tasks.

However, the speed of the one-eyed old man is extremely fast, and he is farther and farther away from Ye Xuan.

One day later, Ye Xuan was already smashed.

"Young master, I broke through to the ambiguous eight!"

There was news in the planting space.

It is a pity that unless it breaks through to the mood, it will not help the current situation.

"Well, keep working hard."

Ye Xuan encouraged one sentence.

Planting space is a good thing, as long as you upgrade to the next level, then you can install the heavenly beast.

By then, the speed of cultivation will be greatly accelerated.

Although the realm of the different animals is low, it is still very useful at a critical time.

Therefore, Ye Xuan is thinking, looking for an opportunity to upgrade the planting space.

Chapter 1237: Road home

Soon, the time of the past day.

At this time, Ye Xuan from the Xuan Ming double 煞 and the one-eyed old man, has been Chad Ye Xuan 100,000 streets.

If Ye Xuan is on the road day and night, it will take at least ten days to catch up.

"Well, chasing can not catch up, it is better to give up."

Ye Xuan stopped and explored the gas.

Nalanan ice has an attempt to fall, so he estimates that Nalan Bing will definitely send a master to investigate.

Therefore, he must leave this area.

"Take another day, wait until the blade storm cools down and say."

Ye Xuan made a decision.

Soon, it's another day.

At this time, Ye Xuan has left the area, and the one-eyed old man is carrying Xuan Ming's eyes, farther and farther away from him, estimated to have a half-month journey.

No, the speed of this one-eyed old man in the middle suddenly is a lot faster. Perhaps the mysterious eyes are already brought by other people.

"But let it go!"

This time, Ye Xuan really gave up, but he did not erase the death killing order, anyway, he did not encounter a difficult enemy.

He looked at the map and found himself in a territory called Qingyang Jianpai.

The Twilight Holy Land and the Penglai Holy Land, the mainstream is the sect, and there are countless forces. There are more than a dozen small sects in the Qingyang Jianpai site.

Moreover, these small sects are all at the level of Bei Cang Academy.

As for the Qingyang Sword School, it is naturally more than ten times stronger than the Bei Cang Academy.

In this regard, Ye Xuan has long been eccentric.

This world is inherently unfair. Some people are only martial arts in their lives. Some people are supreme at birth.

In the three days of the road, Ye Xuan has also taken innumerable forces comparable to the North Cang Academy, and many of them are stronger than the Bei Cang Academy.

But the strongest is still this Qingyang sword pie.

"This Qingyang sword faction has nothing to do with me. I still find a place to check the one-eyed old man Lu Tiangong!"

Ye Xuan's heart is a dark sentence.

The speed at which Xuan Ming's eyes left suddenly suddenly skyrocketed, so Ye Xuan guessed that their bodyguards had been replaced.

This Tiangong is estimated to have completed his mission and is estimated to return to his family or sect.

Ye Xuan, I want to investigate and see if the other party knows where to go.

Although the random task has already exceeded the time limit, but promised Mo Xueyi's promise, Ye Xuan has not forgotten.

Of course, he can also take the opportunity to inquire about the yin and yang temple.

However, just as Ye Xuan was preparing to rush to the nearest city, the sky suddenly swept a group of warriors. Looking at this number, there are hundreds of people.

"So large, is it going?"

Ye Xuan is somewhat curious to avoid.

This group of warriors wore uniforms, and at least they were the masters of the nine-pointed environment. Among them, there were more than 30 of them, but they were shocked by Ye Xuan.

However, it is at this time.

"Ok?"

Ye Xuan, suddenly found that this group of people had a word on the left chest.

road!

This means that they are the people of the road family.

"The road home, is it related to the Tiangong?"

Ye Xuan's brow was picked, and the mind that he wanted to leave was suddenly left behind.

Lu Tiangong is the one-eyed old man of the day. Maybe it is related to this road.

"It's really an innocent place to break through the iron shoes. It's not a waste of time. Regardless of whether this road and the road Tiangong have a relationship, let's see."

Ye Xuan's light flashes.

Seeing that this road is coming to the forefront, it seems that it is going to dry.

Although he and Lu Tiangong only had one side, but Lu Tiangong almost killed him, this hatred naturally reported.

Soon, this branch of the road team is close to Ye Xuan.

Ye Xuan is not a clear-minded eight-pointer, and the worst of this team is the nine-pointer, so he is naturally inconspicuous, and even, not many people look at him.

"That flying in the village is really deceiving, even the blockade of the entrance to the wood fine market, this time we must make him look good!"

"That is, this time there are four elders who are dispatched, and they will be able to find them to find their teeth."

"My Qingyang swordsman has also been trained to the third place. This time I must fight a battle."

At the time when the road family passed by, Ye Xuan also heard some news with his strong sense.

"Fei Yuzhai, Mujing Market, Qingyang Sword?"

Ye Xuan guessed it.

He did not know what it was, but the Qingyang swordsman caught his attention.

Qingyang Jianyan, Qingyang Jianpai, this group of road family, is it a disciple of Qingyang Jianpai?

The current sects are almost all passed down to the millennium. It is normal for some families to appear.

"That Xuan Ming Shuangyu seems to have stayed in this neighborhood for a while, and then the speed of the hurry has suddenly skyrocketed. Perhaps, the Tiangong is the Qingyang Swordsman, and then the Xunming Shuangyu is handed over to other escorts. ""

Ye Xuan's heart guessed.

He originally wanted to investigate, and now there is a clue, so he decided to follow this group of road family to see.

This group of road family members, some of the former strong players with the power of Vientiane bless the road, flying fast.

However, since Ye Xuan learned the Yufeng Feilong Shadow, the speed of the road has also skyrocketed, so he can catch up.

"Elders, someone follows, do you want to..."

Suddenly, someone reminded.

"There is a singularity in the area, which can catch up with our speed. It is also a talent. It is estimated that we want to see what we are going to do, leave him alone."

A white-haired elder who was headed did not agree and continued on his way.

Ye Xuan followed the family behind this group of roads and rushed for a long time.

Soon, he felt a spirit of breath, this breath came from the front of the road family.

Ye Xuan took a look at the eye of insight and found that there was a secret entrance in front of the road team.

The entrance to the secret is also a cross-border transmission array that appears randomly.

This secret entrance may be connected to a corner of the Twilight Holy Land, or it may be connected to the holy land of Penglai or other holy places and the mainland.

Next to the entrance to this secret, there are several brawny men in purple and black clothes.

After seeing the road team, they changed their faces and rushed to prepare to rush into the secret.

"Hey, just a few of you, and want to escape from my hand?"

The white-haired elder, who was headed, snorted and suddenly broke out.

At the same time, the group of road masters behind him also used the power of Vientiane to bless him.

Speed, it's almost explosion!

In the blink of an eye, the white-haired elders plundered a few people, and then waved a few swords in their hands, killing several of them, leaving only one.

"You dare to fly the big courage, dare to kill my Qingyang Jianpai exploration team!"

Chapter 1238: Mujing market

"You dare to fly the big courage, dare to kill my Qingyang Jianpai exploration team!"

The white-haired elder squatted in the throat of the last man and yelled.

"To kill, kill!"

The man in this flying village is also hard-tempered, but he did not expect a point.

"Oh!"

The white-haired elders waved in the hands of the sword, and the blue light flashed. The man's head in this flying village was thrown up.

Although the Qingyang Jianpai is the right way, it does not mean that they do not kill.

At this time, the road team was also rushed to Qiqi.

"Elders, are we going straight in now?"

Someone asked.

"This Feiyi Village wants to monopolize the wood market, it is really delusional."

The white-haired elders snorted and said: "You guys are the elites of my road family. You have to go through the wood-cutting world to practice. Be careful. Anyone who sees other people and beasts will be killed. Remember not to. main idea."

"Yes!"

Everyone should sing.

This team of roads is at least nine times heavy, and some geniuses have broken through to a certain degree.

This time, they came to the wood boutique market.

"I also said before, the most precious thing in this wood market is the wood essence. This wood essence is usually obtained after killing the tree monster. It also has the distinction of the year, which can greatly enhance the cultivation of the heavenly treasure. The effect, if you get it, you can come to me to exchange your heart or Dane."

When the white-haired elders finished speaking, they turned their heads to look at the wood-decoration market and said, "You, go ahead."

"Yes!"

The disciples of the Qingyang Jianpai nodded, even if they were two or three teams, they entered the entrance of this secret.

After a while, there are only a few elders of the Qingyang Sword School left.

"Three elders, do we care for this secret entrance?" asked a middle-aged old man.

"No, very soon, the people of the door will come. Let's go in and clear the people who fly in the village." The white-haired elder shook his head.

"it is good!"

Then, these elders, who are both triple-minded and artistic, have also entered the world of wood fines.

As for Ye Xuan, who came here with the team of roads, he was thinking outside for a moment.

"The wood in this wood market is very useful for my planting space. It seems that I have to go in and see."

Ye Xuan eyes a glimpse.

First, he is going to investigate whether there is a person named Lu Tiangong in this road.

Second, this wood fine market is also a good place for him to experience. Those wood can improve the planting effect of Tiandi Dibao, and may also improve the level of Tongtianbao, or even the level of planting space.

Therefore, Ye Xuan must go in.

However, the team in front of the road had just entered, so Ye Xuan waited for a while, and after about ten minutes, he quietly dive.

"This secret entrance is a bit unstable. Don't let me disappear in the middle..."

Ye Xuan looked and found that the entrance to this secret was somewhat fluctuating.

This wood fine market does not know which corner of the world, Ye Xuan is not easy to mix to this point, in case the secret entrance disappears, it will be miserable.

After Ye Xuan prepared himself, he stepped in.

In fact, before he stepped in, he already felt a strong world.

After Ye Xuan passed through the entrance to the secret, he found himself in the middle of a forest.

The trees in this fine wood market are tall and majestic, all of them are like high-rise buildings, and they are all level of Tongtianbao.

However, it is enough to have a Tongtianbao tree in the planting space. If there is more, it will only grab nutrients.

"This kind of big forest, the most common crisis is Tongtian beast and tree demon, etc., but I have such a strong sense of insight and insight, my safety is not as low as the artistic conception."

In the heart of Ye Xuan's thought, it was a circle of insightful eyes and no danger was found.

Now, he also has the ability to track, although not comparable to Mo Xueyi and Xuan Ming, but still can see which people who entered before, in which direction to leave.

At the moment, he just chose the front and started running.

After entering the wood-decker world, he had a hunch. This time, at least he could break through to the secluded space, and there will be big opportunities. Maybe, the planting space can be upgraded to the third level.

Once the planting space has been upgraded to the third level, then the Tongtian beast will be able to settle in the future.

Although the beast is good, but the combat power is still not comparable to the Tongtian beast.

Ye Xuan is imagining that in the future, he will cultivate 10,000 powerful and powerful beasts.

"The Royal Wind Dragon Shadow, Chong!"

Ye Xuan Shizhan just learned a magical way to start catching up quickly.

Those who are through the nine-fold martial arts, he can control it, first inquire about the things of Lu Tiangong.

Because the team is too large, he is not close, and can not use the eyes of control, but the people who pass through the secluded space will not travel too fast, so Ye Xuan will soon be able to catch up with one.

After he chased it for a minute, he saw three figures with his insight.

These three people are the elites of the road family.

At the moment, Ye Xuan is chasing the past at full speed.

"Be careful, somebody!"

The first of the three men played a spirit.

Ye Xuan did not hide the breath with the assassination state, but this can be discovered. This is a bit tolerant for the young man.

"Who? Give me out!" The young man headed suddenly turned around and looked at the back and sighed.

Soon, there was a figure that caught his eye.

When Ye Xuan pulled out from the bushes, the three figures were also trembled.

"Is it a ghostly place, is it a person who flies to the village?"

The three have some doubts.

However, only the white-haired elders said that if there are other people in the wood-decker world, then there is only one word, kill!

However, the three people saw Ye Xuan but they were in a secluded manner, so they wanted to kneel down and ask about things.

However, Ye Xuan did not mean to talk nonsense with them, directly to show the burning **** and the eyes of control.

"Hey, take control of success!"

"Hey, take control of success!"

"Hey, take control of success!"

Three consecutive system prompts to sound, Ye Xuan successfully controlled the three.

Then, Ye Xuan said nothing, directly asked: "Who are you?"

After listening to the first man, he did not want to answer: "My door is the child of Qingyang Jianpai Road."

"There is a person in your family called Lu Tiangong? His left eye is wearing a blindfold." Ye Xuan asked again.

"Lu Tiangong?"

After hearing the name, the three people also looked at each other and said: "The word generation is all ancestor level, but we have not heard of this name."

They are just juniors of the road family, and they have not even arrived in the mood, so there are not many things to know.

Chapter 1239: Great fungus empire

"If there is a generation of words, then there should be no mistakes."

Ye Xuan's eyes are a glimpse, but no one knows the three people who are connected to Tiangong. Naturally, they don't know the whereabouts of Lu Tiangong.

"Then tell me about this wood fine world." Ye Xuan asked again.

"The wood fine market is a secret that has recently emerged. No one knows where in the world. On that day, I found out that this wood fair is the person of my Qingyang sword school, but then the people who fly the village. I found it, so we both negotiated and explored together."

"However, this group of thieves in Feiyuzhai has gone out of their way and annihilated the expedition team sent by our Qingyang Swords. If no one is desperate to send back the news, we don't know about it."

The young man is talking there.

"Speak the key."

Ye Xuan reminded me.

"According to the news from the previous report, there are many plants in this wood-like market that grow wood essence. This wood has many advantages, which can accelerate the growth of Tiandidibao, fertile soil, and can also be used for refining. and many more."

After finishing the young man, it was a pause. He said: "However, I heard that there is a strange Tongtian beast in the wood art market. The combat power is no less than that of human beings. Their bodies are worth more than wood."

"What is the strange Tongtian beast?" Ye Xuan asked curiously.

"It seems to be a kind of bacteria, this is a portrait!" The young man took a picture from the Qiankun ring and handed it to Ye Xuan.

Ye Xuan saw it and was taken aback. This Nima is a mushroom.

However, this mushroom has hands and feet and holds two swords. It looks very illegal.

"This should be a different animal?" Ye Xuan could not help but say.

"We don't know. In short, this thing is very powerful. The ordinary bacteria soldiers are comparable to our human beings. In addition, there are more powerful captains, bacteria and kings..."

After Ye Xuan listened, it was also unbelievable.

Bacterial soldiers, captains, bacteria, and kings, is this a mushroom empire?

However, the most common bacteria soldiers are comparable to human beings, and it seems that there are big opportunities here.

"okay, I get it."

Ye Xuan nodded slightly, took the three-person squadron directly, and dumped the things inside and gave them back.

The three were also coming for the first time, only got some news.

Ye Xuan did not kill them, and turned around and left.

Whether the mushroom is a beast or a beast, their body can be swallowed by Ye Xuan.

This wood exquisite world is simply an upgraded treasure, so Ye Xuan wants to break through to the secluded space as soon as possible, even in the mood.

However, shortly after Ye Xuan left, he felt that the three Qingyang Jianpai disciples he had just controlled were dead.

"In this wood-exquisite world, it is hostile to the Feiyuzhai and Qingyang swords. These three people are in the hands of the warriors who died in Feiyu Village, or..."

Ye Xuan's eyes slammed and turned around immediately.

In any case, the three people are his men, and now they are killed. He is the master, and naturally he is going to take revenge.

Soon, Ye Xuan came to the vicinity of the three fallen places, using the eye of insight, he saw three umbrella-shaped figures in front.

"Mushroom people?"

Ye Xuan brows a pick, it turns out that his three men were killed by the mushroom man mentioned by the party.

These three mushroom people, two short, one relatively tall, about one meter seven tall.

"There is a captain of the bacteria..."

Ye Xuan immediately guessed.

The captain of the bacteria is a level of humanity, and it is no wonder that three Qingyang Jianpai disciples can be killed.

However, this strength is not worth mentioning in Ye Xuan's eyes.

"Assassination!"

At the moment, Ye Xuan broke into the shadows and then quietly dive into the past.

"Captain, what about the bodies of these three humans?"

A germ line spit out people's words.

"First bury it, wait until everyone has solved it, then dig it out and send it back."

The relatively tall captain of the bacteria replied.

Their conversation also shocked Ye Xuan, who was hidden in the shadows.

This mushroom man will still speak?

After hearing this conversation, Ye Xuan's first reaction was whether they were demon.

The Yaozu can also speak.

No matter what, kill it first.

"The killings broke out!"

"Yanlong is unparalleled!"

Suddenly, the wind blew.

Ye Xuan's attack, if the sneak attack is successful, is enough to kill the captain of the bacteria.

This mushroom man mainly relies on physical combat. They are not infuriating, but the attack of full-scale slashing is not weak.

Although Ye Xuan quietly dive into the past, his sneak attack was discovered by the captain of the bacteria team for the first time.

"Hey!"

Yanlong engulfed the captain of the bacteria and then slammed into a Tongtianbao tree.

However, the captain of the bacteria wore an unknown armor and blocked a fatal blow.

"Humanity?"

The other two murderers saw their captain being blasted and immediately opened their eyes.

But at this time, Ye Xuan's eyes flickered twice.

"Searing Hell!"

"The eye of control!"

As long as it is a creature with eyes, Ye Xuan can almost control it. These two mushroom people are no exception.

"Hey, take control of success!"

"Hey, take control of success!"

Two consecutive system prompts, let Ye Xuan control the two mushroom people.

However, the captain of the bacteria has not died yet.

"Ice fire double dragon sword array, kill!"

Ye Xuan instantly split into two, one left and one right to kill the captain of this bacteria.

"Human, I want you to die!"

The captain of the bacteria shouted in human language.

Unfortunately, Ye Xuan is now trying to show his talents.

"Shuanglong grows!"

"boom!"

One ice and one fire, the two energies instantly drowned the captain of the bacteria. At that time, the captain's breath disappeared and was directly smashed into powder by this blow.

Not only that, but even the one of the Tongtianbao trees behind him was blasted out of a big hole, and the entire trunk began to burn, and the fire was shining.

One shot, killing the captain of the bacteria level, the power of this move, so that Ye Xuan is very satisfied.

After the death of this captain, Ye Xuan also got a huge killing value.

Just let Ye Xuan helplessly, he forgot to leave the body, and now the captain of the bacteria was bombed, what did he swallow?

"But, let's talk again next time!"

Ye Xuan shook his head helplessly and turned and went back.

"You, what is it?"

He smashed the three human corpses on the ground and asked about the two controlled bacterins.

"Back to the master, we are the people of the big blast empire!" one of the bacteriosts replied respectfully.

"Big empire?"

Ye Xuan's brow was picked.

In the Holy Land, the empire is very rare.

However, this wood fine market may not be in the Holy Land, so it is nothing.

Chapter 1240: Collecting wood essence

"Why are you killing these human beings, why should you bring their bodies back?"

Ye Xuan asked again.

"Because human flesh and blood is a tonic for us, it can enhance our strength."

"Yes, we have never seen humans in the world of wood."

The answer of the two germ soldiers, let Ye Xuan silence, this mushroom man, actually still carnivorous.

"The creatures that you are, are the beasts, or the beasts?" Ye Xuan continued to ask.

"We don't know, but we are not like the Yaozu. They can be turned into human figures. We can also use the instinct and the Qiang Kun ring. We can't do it." One of the propaganda soldiers carrying the parcel replied.

"Show me the package behind you."

After Ye Xuan finished, the bacterin was to unpack the bag behind him and put it on the ground.

Inside, there are three big green stones with fists.

"Is this the so-called wood essence?" asked Ye Xuan frowning.

"Back to the master, this is the wood essence, can also be used to enhance our strength, while we are looking for humans, while looking for the tree demon that grows wood," the murderer replied.

Ye Xuan walked over and collected the three pieces of wood, and then analyzed it directly with the super swallowing system.

"This wood essence is really a good thing, it can be used to treat injuries, and it can improve self-healing ability after refining..."

Ye Xuan's eyes lit up. Now, he used a special method of engulfing and swallowed a piece of wood essence.

However, the benefits of this devour are few, and he originally had the blood of the **** of life, so this wood essence is of no use to him.

As for the remaining two pieces of wood, Ye Xuan was thrown into the planting space.

"Mu Ling Wang, use a piece of wood on the Tongtianbao tree."

Ye Xuan immediately gave orders to Muling Wang in the planting space.

Muling Wang is also very interested in Mujing, but it is the first to complete Ye Xuan's order to put the wood in the tree hole of Tongtianbao.

In the blink of an eye, Tongtianbao tree absorbs this piece of wood.

"Sure enough, it is a good thing, and the effect on Tongtianbao is better than my blood."

Ye Xuan's eyes lit up.

These days, Tongtianbao tree has been cultivated with his blood, and has grown to a height of 10,000 meters.

It may also be feeding too much, and then the effect is getting worse and worse, but this wood is very fresh for Tongtianbao, a piece of wood, which directly makes the Tongtianbao tree grow ten meters.

"If you collect a little more, you can upgrade without having to plant space."

Ye Xuan mouth can not help but lifted.

Then he inquired about the other two things.

It turns out that there is not only a large mushroom empire in the wood fine world, but also a force called the Tree Demon Alliance.

This tree demon alliance, hostile to the big mushroom empire, is a combination of various creatures.

In the wood-decker world, in addition to the mushroom people, there are all kinds of scorpions and beasts. These creatures are afraid of being killed by the big blast empire, so they have united together and have been fighting for hundreds of years.

Among them, the leader of the Tree Demon Alliance is a flower spirit.

This flower spirit is a higher level beast than Muling. For hundreds of years, she is leading the Treefolk Alliance to fight the Big Mushroom Empire.

"It's really complicated, but I don't belong to the big mushroom empire, nor belong to the tree demon league. What I want is just wood!"

Ye Xuan's light flashed, and the shaking sword in his hand flashed. The two bacteria soldiers were killed by the mushroom umbrella cover and instantly fell.

Then, Ye Xuan tried to devour the body of the bacteria soldier and found that it could not be swallowed, which made him feel a pity.

However, the body of this bacterium can also be thrown into the planting space, as a fertilizer, it is not useless.

"This big empire has special tracking methods and marking methods. Now I have mastered..."

Ye Xuan thought about it, it was a look around.

However, there are no signs left by these germs around. Otherwise, Ye Xuan can catch up with another group by virtue of the mark.

"You three, it is my men, I will bury you."

Ye Xuan whispered, and collected the bodies of three Qingyang Jianpai disciples.

Then he quickly left the place and began to wander around the big forest.

According to the two bacteriologists of the genius, the big blast empire is in the west at the entrance to the wood fine market, while the tree squad is in the east.

What Ye Xuan needs is Mu Jing, so he needs to enter the Tree Demon League.

“As long as you have a lot of wood essence, the planting space may be upgraded, and the growth rate of falling and exotic animals will also rise, and the space will be bigger and the effect will be more.”

Thinking of this, Ye Xuan can not help but speed up the pace.

"Huh!"

As he was on his way, suddenly there were several broken sounds and they quickly approached.

"Sneak attack!"

Ye Xuan's figure flashed and instantly left the place.

"Puff puff!"

More than a dozen sharp branches were deeply inserted into the ground. If Ye Xuan Fang flashed slowly, it is estimated to have become a sieve.

"Tree demon!"

At this time, Ye Xuan came to react, attacking him, is a kind of alien beast, tree demon.

According to the attack speed, this tree demon should be regarded as the level of the mood, then the wood essence in it should be better than the three.

"The eye of insight!"

At the moment, Ye Xuan took a sweep and found the tree demon along the sharp branches.

"Mu Jing, in the body of this tree demon!"

With the eye of insight, Ye Xuan saw that there was a green stone in the body of this tree demon. It was a woody one, and it was much bigger than the three pieces he got.

"Dare to attack me, find death!"

Ye Xuan still does not wait for this tree demon to continue to attack, it is direct shot.

Yanlong is unparalleled!

"Calling!"

This dragon screamed and slammed into the tree.

The tree demon is a very difficult creature, which is difficult for ordinary people to distinguish.

However, Ye Xuan has an eye for insight and can see the wood essence in the tree demon. Moreover, his ability to perceive is very powerful and can be found along the branches.

"I haven't met humans for a long time, I want to kill you, **** your blood!"

This tree demon suddenly spit out words, and then used countless branches to block this record of the dragon.

"It's still a bit of a skill, then you can try this trick again!"

Ye Xuan suddenly split into two.

"Icing and blending!"

"Shuanglong growls!"

Ice Dragon and Yan Long opened their mouths and spewed two opposite energies.

Here the two opposing energies merge to create a tremendous power.

This blow directly blasted the branch defense and then slammed it on the tree demon trunk.

There is also a tree demon in the body of the tree demon, this is their key, now the heart of this tree demon is directly shattered, so this tree demon directly fell.

Ye Xuan swiftly swept past, then broke the bark defense and took the piece of wood out.
