

Super D. S 1241

Chapter 1241: Tree demon alliance territory

"This piece of wood is good for the two pieces above, but the bigger the piece, the higher the value. Its value can be much higher than the two pieces of wood, at least ten pieces!"

Ye Xuan thought in mind, directly throwing this piece of wood into the planting space, let the wooden spirit king absorb the Tongtianbao tree.

"You can rest assured that I will continue to make it, don't worry."

Facing the urgent wooden spirit in the planting space, Ye Xuan also hurriedly said.

This Muling King is also a different animal, Mu Jing is very useful for it, maybe it can make him evolve into Hua Ling.

If Muling Wang grows up, then it will take care of the planting space and it will be even better.

Thinking of this, Ye Xuan immediately began to hurry.

Soon, he came to the site of the Treefolk Alliance.

"I was in the place between the big mushroom empire and the tree demon alliance. There are not many tree demons. Now I have to enter the tree demon league. I must be careful!"

Ye Xuan gave himself a wake up.

The Tree Demon Alliance can fight with the Big Mushroom Empire for hundreds of years, and its strength is certainly not weak. For example, the Tree Demon, which is both artistic and artistic, is definitely there.

If you encounter a tree monster with a double mind, if you encounter a tree monster with a three-fold mood, then Ye Xuan is tricky.

"Roar!"

Just half a minute after Ye Xuan stepped into the tree demon league site, there was suddenly a beast that caught his attention.

"Is it a heavenly beast? It seems that someone is fighting it!"

Ye Xuan paused and immediately rushed in the direction of the beast.

I don't know, it is the mushroom man of the big mushroom empire, or the human being who just entered the wood art world.

After Ye Xuan approached, I looked at it.

The Heavenly Beast is a giant wolf, and the three burly men who fight it.

"Look at the costumes of these three people, it seems that it is not Qingyang Jianpai, but Feifeizhai."

Ye Xuan's heart is a dark sentence.

Feiyuzhai is a force that has no evils and no evils. Many of the fierce people have no choice but to join the Feiyu Village. Therefore, the strength of this flying village is not weaker than the Qingyang sword.

These three men are all in a good mood, and the giant wolf is as artistic as the second.

"This time, make a big profit!"

Ye Xuan's eyes lit up.

Since human beings and Tongtian beasts are his enemies, he did not immediately kill them, but looked at them from a distance, waiting for the other party to fight for a loss.

"No, I have already integrated the blood of killing God. Killing can increase my killing value. No matter who is dead, it is a loss!"

At this time, Ye Xuan suddenly remembered such a thing.

On one side is the monk of Feiyu Village, and on the other hand is the Heavenly Beast, so he does not need to be merciful.

"Let's fall, get together!"

Ye Xuan suddenly summoned the fall that had broken through to the octopus.

kill!

At that time, Ye Xuan and the fall are all out.

The three men and the giant wolf also noticed Ye Xuan, and they were careful to watch out.

"who?"

A man from Feiyu Village gave a low drink.

At this point, Ye Xuan just took out from it.

"Icing and blending!"

"Ice and Fire Double Dragon!"

"Seven-color demon fire, a thousand layers of explosion!"

Ye Xuan and Luo Luo directly let go of the attack.

"Boom!" "Boom!" "Boom!"

Suddenly, there was a loud noise from the place, and all the surrounding Tianbao trees were blown up, and some were burned out.

The masters of the three flying villages and the giant wolf were directly wounded and wounded, and even one person fell directly.

"Come once again, Ssangyong growls!"

The two Ye Xuan once again showed their big moves, and the goal was the one who was as big as the two.

"boom!"

Ssangyong roared in the body of the giant wolf, and that ice and inflammation swallowed it, and it was seriously injured.

"The wolf's defense is high."

Ye Xuan's heart is a secret sentence.

However, he did not attack at all, because it was not necessary.

"The Eye of Brilliance!"

"Ice and Fire Double Dragon!"

Ye Xuan once again exerted a big move, and it was a powerful sonic attack.

This time, the two masters of Feiyu Village did not survive. Not only that, but even the giant wolf, which was as artistic as the second, was shaken.

In the blink of an eye, both humans and the beasts of the heavens and the beasts were all killed by Ye Xuan.

Ye Xuan, instantly surged a lot of killing values.

"Young master, you are so violent now." Falling can not help but said.

Hearing this, Ye Xuan couldn't help but open his mouth and smile.

Now his skills are indeed too violent, all of which are powerful tricks.

Blade storm, ice fire double dragon, double dragon roar, killing outburst, brilliant eye, Yanlong unparalleled and so on.

However, only the three high-flying masters of the Yizhai Village, because they have been fighting the giant wolf for a period of time, the life is not much, so it was only by Xu Xuan.

At the moment, Ye Xuan is quickly passing, and the three bodies and the Qiang Kun are put away.

"There are a lot of things, there are more than a dozen pieces of wood, not bad."

Ye Xuan satisfactorily nodded, swallowed things directly, and then threw the wood into the planting space. The fall was also sent to the planting space again.

There is no blood of the **** of life, and her infuriating will be exhausted, but in the planting space, her recovery speed is also very fast.

As for the corpse of the giant wolf, which is like a double-minded, Ye Xuan naturally settled.

The body was thrown into the planting space. As for the beast, Ye Xuan was swallowed by himself.

"Quick, I will soon be able to break through to the Nine Kingdoms!"

Ye Xuan suddenly floated a feeling of waiting for him, as long as he broke through, then in this wood fine world, it is estimated that no one can stop him.

He counted it, and probably devours a beast that is as artistic as the second, and he can break through.

Thinking of this, Ye Xuan is once again leaving the place to find the next target.

However, he hadn't run for a long time, but there was a loud noise that fell into his ears.

"Hey!"

This noisy sound is approaching quickly.

Ye Xuan turned around and saw a large group of creatures rushing toward him.

It looks like a bee!

"A strong breath, although each breath is not strong, it is only a nine-point pass, but the number is full!"

Ye Xuan looks swaying and decides to take a look.

However, after the group of bees approached, Ye Xuan realized that they came towards themselves.

"There is also a sacred beast community in the tree demon league. It seems that these bees are coming to support the giant wolf!"

Ye Xuan suddenly reacted.

In this wood-decker world, only the Treefolk Alliance and the Big Mushroom Empire are hostile. The entire Treemon League is naturally to help each other.

"These seem to be different animals, but it is estimated that they can't be tamed. If so, then they will all kill!"

Ye Xuan thought about it and immediately made a decision.

Chapter 1242: Bacteria

These beasts, although the proceeds after devouring are more than the Tongtian beast, but so many different animals, if all killed, the income should be very considerable.

The key is that Ye Xuan is about to break through!

"Let's fall, kill them together!"

Ye Xuan also called out the fall.

Group attack, but Ye Xuan and the fallen masterpiece.

Just as the effect of the brilliant eye has not passed, Ye Xuan has also saved some power.

"Icing and blending!"

"Ice and Fire Double Dragon!"

"Seven-color demon fire, a thousand layers of explosion!"

After the two beasts approached, the two men shot together.

Although they are all eight-passenger, their destructive power is not as weak as the two masters of artistic conception.

"All turned into my killing value!"

Ye Xuan's eyes widened.

A wave of violent waves swept away, and the animals in the air instantly fell more than half.

Then, it was the horrible explosion attack.

"Hey!" "Hey!" "Hey!"

This thousand different beasts were instantly killed by Ye Xuan and falling to the massacre. This is still the power of Ye Xuan not to exert the killing.

In the blink of an eye, there is no bee in the air.

"Give me all over!"

Ye Xuan directly used the power of Vientiane to gather the bodies of these alien animals and then swallow them all.

"Hey, the host breaks through, and it's currently a nine-point pass!"

Finally, I heard the long-lost breakthrough sound.

Now, Ye Xuan has reached the nine-pointed glory, even if it is against the previous Qingyang Swords team, he may be able to kill the other side.

"Breakthrough, we must break through again, maybe I can still catch up with the mysterious eyes!"

Ye Xuan said to himself secretly.

Killing Naranje's random mission, the time has passed, but Ye Xuan is still chasing after.

In fact, he is not eager to revenge for the blood, but to give himself a goal.

From the blood rock continent to the Penglai holy land, to the Twilight Holy Land, in fact, there is also a year. In this year, Ye Xuan went to the wall and did not hear the news of the Yin and Yang Temple.

Therefore, he feels that he has some slack, and it is precisely because of this that he must give himself another motivation, a motivation to upgrade as soon as possible.

There is no doubt that Xuan Ming's eyes are his current motivation!

"Yin and Yang ancestors, Xuan Ming Shuangyu, you are all my Ye Xuan will kill people, I will find you!"

Ye Xuan said firmly, looking into the distance.

Although it is a fine wood market, he can clearly sense the position of the death killer to kill the target Nalan Bing.

At this time, the distance between the two people is too different, and Ye Xuan has been unable to accurately calculate it, only to sense the general direction.

"But no, don't want to, go deep into the tree demon league site!"

Ye Xuan shook his head and threw all the extra bodies of the beasts into the planting space as fertilizer.

Then he began to go deeper.

Although he did not break through to the mood, but with all kinds of big moves and blood, if the firepower is fully open, it is estimated that it can be compared with the master of the three-fold situation.

Of course, this is only his estimate.

Such as the three masters of the artistic conception, the body opened up three Yuanfu, such as the artistic concept of each master breakthrough, the condensed life of the instinct, both strength and quantity, have a qualitative improvement.

Before he was able to defeat the combination of Knife and Dragon, it was also because both of them were already seriously injured.

Moreover, Qingyang Jianpai and Feiyu Village are not small forces. I am afraid that there are many Ruyi Shentong, so it is not so easy to deal with.

"The tree demon alliance site has wood essence here. The bacteria body of the big mushroom empire is also a good refining material. I don't know, Qingyang Jianpai and Feiyuzhai are where to go."

Ye Xuan guessed and looked around with an insightful eye.

After a while, he discovered other creatures.

"The mushroom man of the big mushroom empire?"

Ye Xuan brows a pick, looking at the more than a dozen figures in front, the heart secretly said.

In front, there are more than a dozen mushroom empire mushroom people, ten bacteria captains, and one more bacteria than the bacteria captain.

"The captain of the fungus is a heavy one, and the bacteria are as important as the two. However, their physical fitness is far more than our human beings, perhaps stronger than the Tongtian beasts of the same level, and they do not know how to make them."

Ye Xuan is very curious.

It's hard to imagine that it is incredible that a mushroom has hands and feet and kills people.

At this time, the mushroom people of the eleven big empire are whispering something.

"Ok?"

Ye Xuan's eye was swept away and suddenly found another place to be different.

"Tree demon!"

Ye Xuan saw a tree in the sky, a tree demon, and a large wood. However, this piece of wood is the biggest piece he has ever seen.

"Is it a three-year-old tree demon?"

Ye Xuan's heart guessed.

There is no standard for the level of this Tianbao tree, which is difficult to estimate.

However, if it is a human being who is a three-person human being, Ye Xuan may be jealous, but this is just a tree-like demon with a triple conception.

"This tree demon, even if it does not reach the humanity's three-fold situation, it is estimated that it is the second peak of the situation. If you let me take this wood, it may make me grow into a king!"

This will be the bacteria, eyes looking at the tree demon in front.

In the big blast empire, the king bacterium has the supreme status, and one hundred will not necessarily have a king bacterium in the bacteria.

"Adult, we are afraid, not its opponent!"

A captain of the bacteria said awkwardly.

The captain of the bacteria is considered to be a heavy level of humanity. The combination of ten bacteria captains is also a strong force.

However, they are not infuriating and can only fight with special weapons in their hands.

The tree demon has countless branches, so in the case of the same level, the tree demon is stronger than the mushroom, but the tree demon also has a fatal wound, that is, it cannot move. Once exposed, then there is only the fate of being besieged.

"Hey, you are the soldier under my command. You can be so greedy and fearful of death. As long as I become a king, you will naturally rise in the future. This tree demon has already been exposed. Maybe it has already started to rescue. If we are slower, then we will not Opportunity!" The bacteria said very unpleasantly.

Indeed, as long as the bacteria are promoted to the king of the king, then they are the captain of the ten bacteria, and in the future, they will be born.

They thought for a moment and finally nodded resolutely.

"Okay, adults, we fight!"

"Very good, when it is time, attack according to the training, be sure to quickly remove all its branches!" Satisfied with the bacteria.

They rectified a bit, and even if it was quickly rushed over.

This group of mushroom people, not separated, rushed against the attack of the tree demon.

Chapter 1243: Asked about the origin?

"Oh!" "Oh!" "Oh!"

The double knives in the hands of the bacteria are very sharp, cut branches and cut vegetables, and in the blink of an eye, they ran half way.

"Abominable mushroom man, you have turned away from the will of nature, and you will die!"

The tree demon spit out and started calling all the branches for attack.

"Shut up, we are the master of this forest!" The anger was drunk, suddenly a big mouth, a purple venom sprayed toward the tree demon.

"Zizi!"

This purple venom was sprayed onto the trunk of the tree demon. The bark was melted and a tree hole appeared, and it was still expanding rapidly.

"Despicable mushrooms, I want to take your body as a fertilizer!"

The tree demon is furious.

In fact, that purple venom is the blood of the bacteria.

However, their blood has a huge damage to the tree demon.

This tree demon is indeed not as trivial as the mood, but it has also reached the peak of the two.

In the face of the mushroom giants of the eleven giant empire, the tree demon is already ready to kill the four sides.

Fortunately, each tree demon has some extremely tough branches, and the repair speed is extremely fast, otherwise eleven mushroom people are estimated to be close to the tree demon.

At this time, what the two sides do not know is that there is another crisis around.

"Ten captains, one will be a mushroom, a tree demon, if all are thrown into the planting space, you can fertilize the soil and increase the production of those treasures!"

Ye Xuan thought secretly in his heart.

The planting space is his back garden. He planted a lot of heaven and earth treasures inside. He always has the natural treasure and matures, and then he is swallowed up by him.

Simply put, this planting space is a place to hang up and can improve his experience all the time.

Although it is slow, as long as the planting space level is raised, the production of Tiandi Dibao will also increase.

This kind of harvest feels, Ye Xuan is very fond of it.

"When they are both hurt, it is a good way, but now I have integrated the blood of killing God. Killing, killing monsters and even swallowing weapons can increase the killing value..."

Ye Xuan thought about it and finally decided to go out.

Suddenly, he is divided into two.

The ice fire double dragon sword array needs to consume a lot of infuriating, but Ye Xuan has the blood of the life **** tree, which can be recovered completely. Therefore, this trick has become his common skill.

"Icing and blending!"

"Shuanglong growls!"

Ye Xuan is in the distance, letting Ice Dragon and Yan Long spurt two dragons.

The two dragons are combined into one, and the bacteria will be blasted toward that one.

The tree demon is actually the most difficult, but the tree demon will not move, so Ye Xuan decided to keep the last kill.

As long as the bacteria are solved, then the rest is simple, and the tree demon is a target.

"what?"

The bacteria that are avoiding the attack of the branches suddenly felt a strong pressure. When he turned his head and looked at it, his eyes were about to come out.

Sneak attack!

"boom!"

The bacteria did not catch up and was slammed.

"Hey!"

Fortunately, he wore armor made of Tongtian beast bones, so he survived, but he was also spurted out with a few blood.

"who is it?"

The other captains of the bacteria, seeing their boss was bombarded, hurriedly turned around and looked.

At this time, Ye Xuan also just took out from inside.

"Ice and Fire Double Dragon!"

"boom!"

A sound wave attack spread quickly. The ten captains of the bacteria team were directly smashed and smashed and flew out.

When they flew out, a white figure suddenly appeared on the side. This white figure was extremely fast. Every time he passed over a captain, he was able to cover the captain's mushroom umbrella. Flying.

In the blink of an eye, this dexterous white figure is the killing of all ten captains.

And this white figure is the display of the devil's flash.

"Young master, finish!"

When the captain of the tenth captain fell, the landing was also reported directly, and then threw things to Ye Xuan.

Among the parcels of these captains, there are wood essences, and there are also humans who have been killed by them.

However, because they are not infuriating, they can't use the Qiang Kun ring, they can only take it back, let the human captives help out the things.

Now, all cheap Ye Xuan!

Ye Xuan took these packages and dumped them into the devour space or planting space.

His cultivation has been refined.

"The bacteria will fall on you now!"

Ye Xuan's double-eyed cockroaches turned into two dragons and attacked the seriously injured one.

"No, go!"

Change the face of the bacteria and rush to turn around.

Although Ye Xuan is not only a nine-pointer, but his strength is even more powerful than this tree demon.

In the face of Ye Xuan, there will be no suspense in the bacteria!

However, just as he turned around, suddenly a golden man appeared, and one hit the stomach of the bacteria.

"Hey!"

I only heard a muffled sound, the whole person was bombarded, and the purple blood was chic.

"what?"

Ye Xuan was taken aback and hurriedly avoided the poisonous purple blood and looked at the front.

This suddenly appeared ghost thing, even hit a second killing the two bacteria, what is this?

He immediately glanced at it and found that it was a tiger with golden hair, and that the golden 眸瞪叶轩汗汗。。。。。。。。。。

"If you want to be a three-way Tongtian beast, Goldeneye Tiger King?"

Ye Xuan suddenly reacted.

Only if the mood is triple, can it kill the bacteria that are both artistic and artistic.

"Roar!"

This golden-eyed tiger king will stop after the bacteria are killed.

The wisdom of the Heavenly Beast is not lower than that of human beings. The reason why this Goldeneye Tiger King did not attack is also looking at Ye Xuan.

On the side of the tree demon alliance, in addition to the tree demon, there are also beasts, beasts, etc. They are a group, so the tree demon did not continue to attack.

"Human, you are dead!"

This tree demon said something gloating.

"Shut up, you old wood!"

Ye Xuan drinks a low sentence.

A plant in the district, dare to laugh at him, really do not know how to live.

If the encounter is the Qingyang Jianpai's imaginary three-time elders, Ye Xuan may be jealous, but the golden-eyed tiger king in front of him is just as good as the three.

Tongtian beast, he is not afraid!

"Roar!"

At this time, the Golden Eye Tiger King made another embarrassment.

"Young master, it asks your origins!" suddenly said.

"what?"

This sentence, but said Ye Xuan.

This golden-eyed tiger king, even asked his origins, shouldn't it be played directly?

As for why the fall knows the animal language, it is natural to say nothing, because the fall is originally the fox family in the orc family. This is the product of the combination of the beast and the human, so it is said that there is nothing in the fall.

Chapter 1244: Tree demon league leader

"Big Tiger, what do you want to do?" Ye Xuan could not help but ask.

"Roar!"

The Golden Eye Tiger King cried again.

"It said, I want to find human cooperation!" Fall is also a bit unbelievable.

"Cooperation?"

Ye Xuan is very surprised and said: "What cooperation, why are you looking for me?"

"Because I am a fox family, and second, because your young master has a strong fighting power, you should be a super genius in the human sect, and have the right to speak!"

"Fox, super genius?"

Ye Xuan frowned.

This golden-eyed tiger king is seeing him and falling together.

Falling is an orc between humans and beasts, so relative to humans, Tongtian beasts will be more confident in falling.

However, this Golden Eye Tiger King has not said anything to cooperate with.

Just as Ye Xuan was preparing to ask questions, the sky suddenly fell into a figure, this is a big bird with white hair, and on its head, there is a mini green figure.

"Ok?"

Ye Xuan stared at it and found that this green figure is only the size of a fist. Except for the pair of small wings behind it, it is a miniature version of human beings.

This little man is a girl who looks very cute and cute.

"what?"

Ye Xuan's brain did not respond.

"Hello, human!"

A light voice fell into Ye Xuan's ear.

"Is you talking?"

Ye Xuan looked at the little thing and said with a sigh.

"Yes, it is me. I will introduce myself first. I am called Huashi, the leader of the tree-devil alliance in this wood-clear world!"

This little girl should answer.

Until this time, Ye Xuan reacted.

The leader of the Tree Demon Alliance is a flower spirit, which is the little thing in front of him that is called pity.

What makes Ye Xuan wonder is why the leader of this tree demon alliance appears here?

"My name is Ye Xuan!"

Since the other party has introduced himself, Ye Xuan also wants.

"Human, I appeared this time, I want to cooperate with you." Hua Pei said straight to the door.

"You talk directly, what cooperation?" Ye Xuan asked directly.

"I don't know if you know. In this wood-decker world, there is a big mushroom empire and my tree demon alliance. We are hostile to each other and have been in existence for hundreds of years."

Hua Li began to say: "But, in recent years, the big mushroom empire has developed rapidly, and my tree demon alliance is a little powerless. In a few decades, it is estimated that it will be destroyed by the big blast empire. Therefore, I want to cooperate with you human beings. Kill the big blast empire together!"

After listening to it, Ye Xuan was also a brow and said: "Destroy the big blast empire?"

"Hey, the host triggers a random mission, destroys the big blast empire, and completes the reward to open the night sky skills of killing the blood!"

This sound suddenly sounded.

Mission time is seven days.

The task was not punished, so Ye Xuan did not want to accept it.

Killing the dark night sky in the blood of the gods, you need to spend a little swallowing point to open, after using the night sky, the surrounding will fall into the dark.

This skill is very easy to use with the assassination status and the insightful eye.

The enemy is in the Ming, Ye Xuan is in the dark, which can make Ye Xuan's assassination success rate greatly improved.

"Not bad!"

Huadi nodded and said: "I just patrolled the site and stumbled upon you. I remember that you are killing the captain and the bacteria. I remember that human beings have a saying that the enemy of the enemy is a friend, so I want to talk to your high-level humans."

"Do you think that I have a good qualification and think that I am from a big school?" Ye Xuan suddenly understood, and asked again.

"Correct!"

Flower pity: "As long as we join forces to destroy the big mushroom empire, then I can take a lot of wood essence as a reward, even all the bodies!"

The value of wood is very high, and the bodies of those mushroom people are the same. Under normal circumstances, no one will refuse.

Even Qingyang Jianpai and Feiyu Village, it is estimated that there is no courage to refuse, because the big mushroom empire is a huge wealth.

"But, when we came in, we also killed a lot of tree demon, we are also your enemy!" Ye Xuan asked again.

"No, you should not be!"

Huari shook his head and carefully looked at Ye Xuan's next eye and said: "Your body has an affinity, you are different from other human beings!"

"Affinity!"

Hearing this word, Ye Xuan couldn't help but stunned, and suddenly remembered that there was still a blood of life in his body.

It seems that it is because of this blood, the flower pity appears.

"It turned out, I know!" Ye Xuan nodded slightly, after thinking for a moment, decided to tell the truth, "Sorry, I have no door, no fear, I can't help you!"

"You have no door to send?"

This time, it was a turn of time to be shocked.

No door, no pie, this is impossible!

Huapi feels that Ye Xuan's age is not big, but he has the ability to have two levels of challenges. Is this strength developed by himself?

Just when the other party was surprised, Ye Xuan suddenly said: "However, I have the ability to leapfrog, you can talk about the strength of the big blast empire."

"In the big bacterium empire, the bacterior soldiers are comparable to your human beings. The captain of the bacterium is a heavy one, and the bacterium is the same as the two. In addition, there are three kings of the king, and the four kings. The king of the bacterium," Huai replied casually.

"On top of the kings, there is something called the king of kings?"

Ye Xuan is a bit stunned.

That is the enemy of the four elements.

The strength of the mushroom man is stronger than that of the Tongtian beast at the same level. It is a bit difficult for Ye Xuan to face a king of the king of the four kings.

However, if he is allowed to break through to the mood, open up the Yuanfu, and condense his life, what is the big mushroom empire?

"You can't even get into the mood, even if you can overcome the challenge, it doesn't matter. Let's go, don't step into the land of my tree demon league!" Huadi said with a disappointment.

"and many more!"

Seeing the pity to go, Ye Xuan also hurriedly shouted: "That may not be, as long as I give me enough cultivation resources, I can break through to the mood in a short time!"

"There is not much in the land of my Tree Monster Alliance, and the entrance to the secret is estimated to last only ten days."

Flower pity said.

Although she did not say it, but Ye Xuan knew that Hua Li felt that he was unlikely to break through and was unlikely to help her to kill the big blast empire.

"Slow!"

Ye Xuan suddenly stopped the flower and said: "Do you believe in my strength?"

"Even if you can challenge two levels, it will kill more bacteria at the top, and above the bacteria, there are also kings and kings of kings, they can easily kill you."

Flowers prayed: "You still have to go."

"If this is the case, then you might as well let this Golden Eye Tiger King play with me and see if it is powerful or I am powerful!" Ye Xuan suddenly said.

Chapter 1245: Heads-up

"Are you sure? Xiaojin is a three-legged Tongtian beast, and it is estimated that you will be able to knock you into pieces."

"Oh, then it depends on whether it knocked me into a broken bone, or I pulled out its skin to make clothes!" Ye Xuan suddenly revealed an unprecedented confidence.

What about the three heavenly beasts?

"Roar!"

After hearing the words of Ye Xuan, the Golden Eye Tigers snarled with great dissatisfaction.

It is a member of the Tree Monster League. Now it has been underestimated by a kid who has not even reached the mood. It can't stand it!

"Well, since it is your own request, come on!"

Pity that little head, just stand on the snow white bird.

One is a nine-heavy human being, and the other is a three-day-old beast.

Although it is said that the Tongtian beast is also fighting by the body, it will be weaker than the same level human beings who will use the supernatural powers. However, in dealing with the human beings who are lower in their three levels, the Goldeneye Tiger King estimates that only one paw is needed.

"Golden bug, let's go!"

Ye Xuan's deity and avatars respectively held the Red Yan Sword and the Blue Ice Sword, and watched the Golden Eye Tiger King.

"Big bug?"

The Golden Eye Tiger King heard this and immediately became angry.

The golden eyes of the tiger king, even a human being gave a small shackle, can not bear, this can not bear!

"Roar!"

The Golden Eye Tiger King roared, two powerful and powerful hind legs smashed, and the huge body directly turned into a streamer, rushing to Ye Xuan.

"You big tiger is eating at speed. If so, try this trick!"

Ye Xuan's glimmer of light flashed into two gold armor goddess.

"Icing and blending!"

"Ice and Fire Double Dragon!"

"boom!"

A very strong air wave, sweeping away.

The Golden Eye Tiger King, who was ready to kill Ye Xuan, was shocked. He was unable to stop, and was directly shocked by this sound wave. He flew out.

The powerful place of mankind is the use of weapons, the use of infuriating and magical powers.

Ice and fire Ssangyong sword array, but learned from the reincarnation of Nalan Bing and Nalanjie, used to deal with a Tongtian beast, is already a bit overkill.

After seeing the golden eye tiger king ate a loss, the tree demon alliance leader is also a bit strange, she directly squatted on the top of the snow white bird, with two slender hands dragging the chin, an interest Look at it.

"Big Tiger, try this trick again!"

Taking advantage of the opportunity of the Golden Eye Tiger King being smashed, Ye Xuan's drink is constant.

"Shuanglong growls!"

"Calling!"

Ssangyong's breath swept away.

If it is in the real battle, Ye Xuan control will use the killing outbreak, but this time, he is not really to kill the Goldeneye Tiger King.

This flower is the evolution of Muling, there is no fighting power, but the snow-white bird under her body, Ye Xuan initially estimated that it is a level with the king of the king.

That is, as the mood is four!

Moreover, there may be other four places around the world, so if Ye Xuan missed the Golden Eye Tiger King, it is estimated that he will not be able to eat.

Fortunately, this Goldeneye Tiger King is not too weak. When the Ssangyong roar is about to slam on it, it suddenly grows a pair of golden wings, cleverly avoiding it.

"The trough, there is a pair of wings!"

Ye Xuan was shocked.

I am afraid that this Golden Eye Tiger King has also undergone a change, otherwise how can it become a winged tiger?

However, the golden-eyed tiger king who grew up on the golden wings grew faster.

"It's a bit tricky, but I don't believe that I can't kill you!"

Ye Xuan's self-confidence is still bursting.

If it is a master of the humanity's three-fold conception, there is no way to take this golden-eyed tiger king in a short time, and even it will be killed by the Golden Eye Tiger King.

But who is Ye Xuan?

"Icing and blending!"

"Ice and Fire Double Dragon!"

Ye Xuan looked at the golden-eyed tiger king who flew toward him again, and once again showed a big move.

"boom!"

Another wave of voice attacks spread out, and once again, the Golden Eye Tiger King was shaken.

Fortunately, the Golden Eye Tiger King is a Tongtian beast. It depends on physical fitness, so it can be unscathed under the two ice and fire dragons.

Of course, this is also because Ye Xuan did not display the killings.

"Come on, big tiger!"

Two Ye Xuan suddenly appeared to the golden-eyed tiger king with a provocative smile.

His speed is indeed unable to catch up with the Golden Eye Tiger King, but the Golden Eye Tiger King is not close to him?

Ye Xuan, who has the blood of the **** of life, can recover. As long as it is more than a few times, even if the Golden Eye Tiger is a three-day-old beast, he does not believe that the other party can not concussion.

"Roar!"

The Goldeneye Tiger King was not willing to show weakness, and once again turned into a lightning bolt to Ye Xuan. This time, he must have Ye Xuan smashed into pieces.

However, Ye Xuan is already not wanting to play anymore, because his time is precious.

"fit!"

At the time when the Goldeneye Tiger Dynasty plucked himself, Ye Xuan's deity and avatar suddenly merged into one, and the breath suddenly rose by 50%.

"Big Tiger, come on, see what you can knock me into!"

Ye Xuan was gloomy and looked at the Golden Eye Tiger King.

It was very strange to see that Ye Xuan did not flash out. I must know that this golden-eyed tiger king has a good hobby and likes to hit people.

Ye Xuan District has a nine-pointed environment. If it is hit once, the body is estimated to be blown up.

However, after spending a pity on Ye Xuan's confident expression, he did not stop.

"Roar!"

The Golden Eye Tiger King sipped and slammed into the arms of Ye Xuan.

"Hey!"

I heard only a few crisp sounds, and the bones and internal organs in Ye Xuan's body were instantly blasted and burst open.

Not only that, but even the back was hit by a big East, flesh and blood.

The average person, with this heavy blow, the heart may suddenly stop suddenly.

However, even if Ye Xuan's heart is broken into slag, he will not die.

"Big Tiger, this battle is that I won!"

At the moment when Ye Xuan flew out, his eyes flickered.

The eye of silence!

"call out!"

A cold mangling flashed, and the Goldeneye Tiger King also flew out.

The eye of silence is a big killing of Ye Xuan, very sinister, Ye Xuan thinks it has been useless for a long time, so just try it.

Look at this effect, still very good!

"Ok?"

The flower pity on the back of the big white bird suddenly widened his eyes and thought: "Dead?"

The impact of the Golden Eye Tiger King is not the same, even if it is the one behind the tree demon, it is estimated that it has to be knocked out of a big hole.

If the human body of Ye Xuan District is not dead, it would be too inconspicuous.

However, Ye Xuan is not dead!

"Tread!"

Ye Xuan, who flew out, quickly used his instinct and the power of Vientiane to drag himself, and then stabilized his figure.

The wound on his body is recovering at a speed visible to the naked eye.

Chapter 1246: Headquarters

In the blink of an eye, Ye Xuan's back is restored. If it is not damaged clothing and chic blood, he is like no injuries.

The fur of the Golden Eye Tiger King is also very tough, and has not been hurt by the eyes of the silence.

Of course, if Ye Xuan's fusion of the killings breaks out, the Goldeneye Tiger King will at least be cut off a piece of meat.

"Roar!"

The Goldeneye Tiger King also stabilized his body shape. After seeing Ye Xuan's peace, he couldn't believe it.

Wherein, gets here from you!

Ye Xuan's mouth is slightly tilted.

The Eye of Eternity has always been his secret. How can this Golden Eye Tiger King know that his key is two eyeballs?

"Roar!"

The Golden Eye Tiger King did not believe it, and he was encouraged to attack again.

At this moment, Hua Li suddenly said: "Xiao Jin, stop!"

The golden-eyed tiger Wang Wensheng stopped, but although she was only a flower spirit, she had no fighting power, but her words, Goldeneye Tiger King did not dare to defy.

"Ye Xuan, your strength is very strong, even Xiaojin can't help you. I estimate that your strength has been able to fight against the king."

Flower pity praised.

"Now you believe that if I break through to the mood, open up the Yuanfu, and condense my life, still have the opportunity to destroy the strength of the big blast empire?" Ye Xuan asked.

After spending a lot of time, he said: "If you break through, you really have this strength. But the big empire is more than a king of kings, not to mention, in legend, they also have a royal king!"

"Imperial Kings?"

After Ye Xuan heard the name, she couldn't help but pick her eyebrows and secretly counted it.

The bacteria soldiers, the captains of the bacteria, the bacteria, the kings, the kings and the kings of the kings, these correspond to the nine times of the privilege, and the mood is one to four.

Then, the king of the king is more than the king of the king of the king, is not the five-fold situation?

"Then you have a tree demon alliance, is there no power in this realm?" Ye Xuan asked again.

"No!"

Huami shook his head and said: "My tree demon league, only a few white is a four-level level. In fact, on the strength, my tree demon league is slightly better, but we have a fatal injury."

Ye Xuan suddenly reacted and said: "Fatal injury, you mean the tree monster that can't move?"

"Yes, they can't move, and the soldiers of the big blast empire can, so we have a lot of flying beasts every night to patrol, because the growth cycle of the stag demon is too long, every dead one, my tree demon alliance will speed up Destroy the footsteps."

Huadi nodded and said: "I estimate that if we continue this way, one month later, we will be killed by the big blast empire."

"Now the entrance to the secret is not there. Why don't you leave?" asked Ye Xuan.

"We have lived here for hundreds of years, and naturally we are not willing to leave. The most important thing is that we can't let go of this breath. If the big mushroom empire is not destroyed, even if this forest withers, we will not go!" Suddenly a gesture of indignation came out.

"I have a good place to go." Ye Xuan said.

"what?"

I prayed subconsciously.

"Forget it, don't say this for the time being. If the big mushroom empire is not destroyed, you will not go."

Ye Xuan shook his head and thought it was the first time.

He originally wanted to invite this kind of flower into the planting space. In this case, the production of those Tiandi treasures can be estimated to increase a lot.

After all, Hua Ling has evolved from Mu Ling, which is much more powerful than Muling Wang.

"Your strength has been recognized by us, but now you only have a sneak peek, and there are not many things that you humans can use in my tree demon league territory."

Pity once again reminded once.

"Impossible, such a large forest, the world is still so much, how can it not?"

Ye Xuan felt incredible.

His request is very simple, that is, let him break through to the mood, and then he can help the tree demon alliance to destroy the big blast empire.

However, if the breakthrough is not as good as the mood, he has to go and do it himself.

"There are some, but I have used them to cultivate Xiaobai and Xiaojin. The most is the wood essence, and it is still retrieved from the mushroom people of the big mushroom empire." Huari replied.

"such....."

Ye Xuan brows a pick, after thinking for a while, said: "If this is the case, then I want those wood fine, but I want a lot."

"no problem!"

After spending a circle in the air, he agreed to it.

This wood market has been formed for hundreds of years. In the hundreds of years, countless tree demons have died in the hands of the mushroom people of the big blast empire.

At the same time, many mushroom people were killed by the celestial beast and the tree demon. In this case, those wood essences returned to the tree demon alliance.

These wood essences are of no use for the Tongtian beast or even the tree demon, so the number is much.

"Go!"

Hua Li said, directly riding the snow white bird turned around and left, and the Golden Eye Tiger Wang Xiaojin also immediately followed.

"Let's fall, we will keep up."

Ye Xuan followed closely.

This time, it may be possible to directly raise the planting space to the third level. In this case, the drop may be the first to break through to the nine-pointed, even the Italian.

By then, the success rate of destroying the big blast empire will be greatly improved.

There are a few flowers to lead the way, Ye Xuan's next road, very smooth, half a day later, they are deep into the tree demon alliance, came to the headquarters of the Tree Demon Alliance.

At this time, in front of Ye Xuan, there is a huge Tongtianbao tree, which is twice as large as the one in the planting space.

Under this tree, there are a large number of sacred beasts and exotic animals, and their breath is very strong.

"Thousands of people are three in the mood, and there are a few in the same place!"

Ye Xuan initially calculated it.

In addition to the snow-white big bird under the pity, there are several Tongtian beasts that have reached the level of the four-pointed kingdom, which is the king of the king of the genus.

"Roar!"

"Hey!"

A group of passers-by, after seeing the return of the flowers, can not help but growl.

There is a translation of this translation, Ye Xuan understands their words, nothing more than asking why a human being will come back.

"This human being is now our ally."

Huai flies directly to the middle of this group of heavenly beasts, with a light voice: "His realm is not high, but he is able to fight with Xiaojin, if he let him break again, it will be a big The help."

When I heard this, the surrounding beasts were very upset.

The district is surrounded by a secluded environment, and it is able to compete with the golden eyed tiger king who is in the same situation. What kind of racial joke?

However, this statement was made from the mouth of the flower, and there were a lot of Tongtian beasts.

Chapter 1247: Enter the guide

"Little White can also testify."

In order to make the remaining Tongtian beast believe, Huali also reminded him again.

Xiaobai is the snow-white bird that spends his life. It is a wind and snow demon sculpture. Although it is only a young age, it is one of the few trees in the tree demon alliance camp.

"Hey!"

This snow white bird also screamed and personally proved.

Now, all the Heavenly Beasts believe.

"This human potential is endless, but there are not many things in our tree demon league, so we can only pay for wood."

Huari said, suddenly facing a mountain road in the distance: "Hill, take out one-fifth of the wood essence!"

"Booming!"

Upon hearing this, the mountain suddenly had a fierce tremor, and then the hill was transformed into a giant.

This is the mountain giant, which is a four-fold fighting force in the tree demon league.

At the same time, it is also the treasure house of the Tree Fair.

Soon, the mountain giants spit out a lot of wood essence from their stomachs and piled them up into mountains.

From the beginning, Ye Xuan knew that the mountain in front was not an ordinary mountain, but a heavenly beast. Because of his insightful eyes, he could not see the mountain.

Unexpectedly, this mountain giant has a lot of wood essence in his stomach.

One-fifth of the wood, how much?

After the mountain giants spit out the wood essence, Ye Xuan's throat is also swaying up and down. These piles of wood are stacked in the mountains, at least tens of thousands.

This means that there are three or four thousand pieces of wood essence in the body of the mountain giant.

"Ye Xuan, this is the deposit for you. If you can destroy the big blast empire, the rest will be given to you."

Hua Yu flew to Ye Xuan's shoulder and said.

"Complete!"

Ye Xuan immediately agreed.

These wood essences are enough to raise the planting space to the third level.

At the moment, he is the past, all the wood is collected, and then all thrown into the planting space, and then located at the headquarters of the Tree Fair Alliance.

As long as the Tongtianbao tree absorbs all the wood essence and then exudes the heaven and earth vitality, it is estimated that the planting space can be upgraded to the third level.

"The realm of your present situation is still nine times. Can you break through to the ideal situation within half a month?"

Asked pity.

"As far as I know, there are two forces that enter the world of wood fines. One is called Feiyuzhai, and the other is called Qingyang Jianpai. If you let me solve them, it is estimated!"

Ye Xuan honestly replied.

"These two forces, I have also been in contact, but they refused to cooperate, so I killed them all. In addition, I also let the tree demons sneak into the phantom array, and lead these humans to the big empire. On the other hand, if you are looking for them, you are estimated to go to the big blast empire."

Huari said that he also found a few 乾 戒 戒 from the snow white bird and threw it to Ye Xuan.

"Is it guided to the big blast empire with the puzzle?"

Ye Xuan's eyes glimpsed and took over the ring.

Regrettably, the poor things in these Qiang Kun ring are just a drop in the bucket.

However, if you rob all the people of Feiyanzhai and Qingyang Jianpai, it is estimated to be almost the same. Moreover, the Qingyang Sword School seems to have a follow-up team to enter the wood fine market.

"If that's the case, then take a map for me."

Ye Xuan said.

"The map doesn't, let Xiaojin send you in the past." Huara shook his head.

"also!"

Ye Xuan did not refuse.

Although very reluctant, but the Golden Eye Tiger King did not defy the order, directly led the rush into the forest.

Ye Xuan followed closely and left immediately.

Looking at his back, the pity is also immersed in contemplation.

"Hey!"

The wind and snow demon eagle suddenly whispered.

"You ask me why I trust this human being so much?"

After spending a lot of time, he replied: "Our first release line and second line of defense have been defeated by the big blast empire after these years of annihilation. The third line of defense is about to

collapse. If no one is assisting, I estimate that another month is the moment of our demise. The most important thing is that I feel this human being is very unusual."

To put it simply, the pity is to rely on intuition and choose to trust Ye Xuan.

.....

At this time, Ye Xuan has followed the Golden Eye Tiger King and went to the puzzle.

During this hurry, Ye Xuan also saw some soldiers of the big blast empire. Of course, all these mushroom people were solved by him, and all the corpses were thrown into the planting space.

After about two disappearances, Ye Xuan finally came to this puzzle.

"Roar!"

The Goldeneye Tiger King roared.

After the translation, Ye Xuan understood what he meant.

"Go yourself, if I want to, I can leave this puzzle with ease!"

Ye Xuan replied.

The Golden Eye Tiger is only asking if he should continue to take him, but Ye Xuan has the eye of insight and the eye of perception, and will not be lost in it.

Even if you are not careful, you can also go back to the headquarters of the Tree Demon Alliance.

"Roar!"

The Goldeneye Tigers roared dissatisfiedly and then turned around and left.

As for Ye Xuan, he also stepped into this lost forest.

maze?

It is a small meaning to him.

"Even if there is no eye, I have a death killing order. With this accurate orientation, I can't be lost!"

Ye Xuan's heart is a dark sentence.

Nalan Bing, the target of the death killing order, does not know how far it is from here, so her position is even moving, and Ye Xuan does not seem to be much.

However, Ye Xuan is now going to follow this lost forest to the territory of the big bacteria empire.

"Well? There are signs of human activity!"

Not long after Ye Xuan entered the forest, he swept a set of footprints, and it was still left recently, about half an hour.

At the moment, Ye Xuan is chasing the past.

This fascinating forest is actually a place composed of a large number of tree monsters, and then moved through it, making people lost.

These tree demons, no one else can find them as long as they are not exposed.

Ye Xuan Road has indeed encountered a lot of tree demon, because he has an insightful eye, but he is now allied with the tree demon alliance, so he still has to be merciful.

What's more, the 10,000 pieces of wood in the planting space have not been used up, and it is estimated that it will take half a day.

After half a day, the planting space can be upgraded to level 3, and by then, the beast will enter the planting space.

Ye Xuan can actually stay in the tree demon headquarters for a long time, and then load a large number of Tongtian beast into the planting space, directly to the big bacteria empire.

However, he does not want to waste this half-day.

Without the tree demon blocking his footsteps, Ye Xuan soon caught up with the human team in front.

According to the footprints, there are five of these people. I don't know if they are flying in the village, or the Qingyang swords.

At the same time, he also felt that the five people in front were all masters of the same mood.

Chapter 1248: Killing people

"Big Brother, we have been away for more than an hour. If we haven't gone out, it's better to use violence."

"It seems that it can only be like this, but the infuriating can't consume too much, otherwise it will be dangerous to encounter the enemy."

Suddenly, the former convenience was a rumbling sound.

Because these people could not walk out of the forest, they began to attack the surrounding trees and tried to blast a correct road.

However, at this time, Ye Xuan suddenly broke out from the forest.

"Ice and Fire Dragon Swords!"

"Icing and blending!"

"Shuanglong growls!"

Ye Xuan directly launched a sneak attack, and it also merged with the attack of the killing.

"what?"

The five people were shocked and quickly escaped.

However, there are still two people who have not been able to escape and are instantly bombarded.

The reason why Ye Xuan took the shot directly was because of the fact that three of the five people used the sword as a weapon.

And according to the walking posture, Ye Xuan estimated that they are the people of Feiyu Village.

In the Feiyu Village, there are thieves like robbers, and naturally they don't need to be merciful.

"Three brothers, four brothers!"

The head of the bald-headed man was banging because he saw his two brothers die.

Suddenly, he was glaring at Ye Xuan and killed Ye Xuan.

"If the distance is closer, you can kill at least three!"

Ye Xuan's eyes slammed and suddenly greeted him.

It is said that the killing value earned by this double dragon roar exceeds the killing value of consumption, but the killing value is a little less, and the province can be saved.

In the blink of an eye, the strong players of these three flying villages are fighting with Ye Xuan.

These three people, among the same level, are also few rivals.

Unfortunately, they met Ye Xuan.

"Ice and Fire Dragon Swords!"

"Ice and Fire Double Dragon!"

"boom!"

After Ye Xuan approached, he directly applied a big move, and a powerful sound wave attack shook open, and the three men bleed blood.

Whether it is the double-dragon or the double-dragon roar, the infuriating consumption is amazing. Fortunately, Ye Xuan has the blood of the **** of life and can completely follow the speed.

In order to solve it as soon as possible, Ye Xuan decided to display the Ssangyong Roar again.

"You have a life, I have a secret..."

The head-headed bunny suddenly shouted.

"secret?"

Hearing this, Ye Xuan's brow picks up and seems to be interested.

Seeing that Ye Xuan suddenly stopped, the bald-headed man shimmered and said: "This secret is... I am over the day..."

When his words were not finished, there was a flash of light that cut his head.

"Hey, dare to disrespect the younger relatives, find death!"

With a slap in the face, the singer of the bald-headed man will be taken off and thrown to Ye Xuan.

"escape!"

The other two knew that they could not be opponents and immediately turned around.

It is a pity that it is still impossible to escape.

Two seconds later, the two were solved by Ye Xuan and Fall.

Fighting, but now it is only five seconds, Ye Xuan has solved five warriors who are as important as the ones. This strength is already strong and explosive.

"When the environment is nine-fold, I can easily kill five of the two worlds, and even fight with the three-day-old beast. If you let me break through to the mood, open up the Yuanfu, and condense the life, even if it is It is estimated that there is no problem with the king of the king."

The self-confidence in Ye Xuan's heart suddenly burst into shed.

The king of the king, but the four-fold fighting power of the mood, and it is said that the four-day beast of the four-day beast is stronger.

However, what Ye Xuan thinks most now is to directly kill the inside of the big blast empire, and then cast a blade storm.

Killing out!

Killing feast!

Bladestorm!

If these three measures are combined, they will definitely be strong in the sky.

In the Qiankun martial ring of these five people, there are some cultivation resources and Ruyi Dan. Ye Xuan is directly handed over to the land, leaving some wishful Dan spare.

Because he predicts that he will be able to use the peak when he is at the peak of the glory.

"Young Master, give me another half day, I can break through to the secluded space!"

Fall back to the planting space and say to Ye Xuan.

"well!"

Ye Xuan is satisfied with the nod.

A treasure land in the planting space is occupied by the land, where it is very close to the Tongtianbao tree, and it is also arranged with a gathering of spirits to gather the strength of the heavens and the earth.

These heavens and earths gather together, and then they are absorbed by the fallen body. The speed of cultivation is at least a hundred times higher than that of ordinary people. Together with Tiandi Dibao, they can even reach other people for one year.

Of course, this is also the credit of those wood essences, but in a few hours, the strength of the heavens and the earth in the planting space has doubled.

If Mu Jing is all absorbed by Tong Tian Bao, Ye Xuan is estimated to be at least three times the previous one.

"Continue to hurry, it is best to break through to the mood in one day, so that I can kill the big blast empire alone!"

Thinking of this, Ye Xuan is also a flashing figure, leaving the place.

This wood fine world has been around for a while, at least five days.

Feiyanzhai also sent a lot of people to explore, but almost all of them fell into the forest.

This is of course a pity, and the plan of spending pity is to let these people consume the mushroom people of the big mushroom empire and weaken the big blast empire.

Now, all of these people have become the target of Ye Xuan. Ye Xuan will use the cultivation resources of these people to break through to the mood.

"I found it again, about ten minutes ago, three people!"

Ye Xuan's eyes lit up and immediately rushed over.

Soon, he met three more people, or the master of Feiyanzhai.

After this period of recovery, his infuriating state has reached its peak state. At the moment, he is quietly approaching and then zooming in.

"Ice and Fire Dragon Swords!"

"Shuanglong growls!"

After a few seconds, the battle is over, and the masters of these three flying villages are killed by Ye Xuan.

"carry on!"

Ye Xuan swallowed things and then hurried.

There are many crises in this wood market, so whether it is Feiyanzhai or Qingyang Jianpai, at least three people act together.

Half an hour later, Ye Xuan found another third group.

However, this time, it was the most difficult one he had ever encountered, because these three are actually the same as the two.

"It seems to be the master of Qingyang Jianpai!"

Ye Xuan recognized the breath of these three people, in the Qingyang sword faction team.

However, this does not affect his plan.

"This Qingyang sword faction, although it is the right way, but the white-haired elders said before, let his disciples meet other people in the wood essence market, kill innocent!"

Thinking of this, Ye Xuan is revealing the killing.

Killing people and winning treasures, it's just right!

"kill!"

Ye Xuan said nothing, directly killed.

With the assassination, he stepped into the spiritual range of the three, but the three still did not find him.

Chapter 1249: The perfect fusion, Ssangyong sword clock!

"The Eye of Brilliance!"

"The killings broke out!"

"Ice and Fire Double Dragon!"

Ye Xuan directly casts a big move.

An invisible attack slammed into the three.

"what?"

The elders of the three Qingyang swordsmen trembled and hurriedly defended with the power of the life and the power of Vientiane.

They are both as artistic and artistic, and they have opened up two Yuanfu. The intensity of this life is also as strong as the artistic conception.

The bombardment was on them, and they were suddenly disarmed by half, but they were still bombarded.

Ye Xuan had never thought that he could kill three masters who were both artistic and artistic. After all, this Feizhai Village was much stronger than the Bei Cang Academy.

If it is a comparison, one of the three people is better than the mad dragon who wins the heart of the city.

The three people can join hands and even fight against the mighty three-powerful!

"The killings broke out!"

"Shuanglong growls!"

Ye Xuan once again showed a big move and rushed to one of them.

It's just that the ice-fired double dragons are just to separate the three, because if the three are joined together, they can easily break his attack.

"Calling!"

One ice and one fire and two dragons blend together to form a strong attack.

"Qingyang Jianzhong!"

Ye Xuan's target is gloomy. He knows that he is hiding from this attack, so he has all the infuriating power and the power of Vientiane. He has gathered a cyan bell outside his body.

"boom!"

Ssangyong roared on the cyan giant clock, and another sound wave attack spread, shaking the surrounding trees to break.

"Oh? Defensive magic?"

Ye Xuan is a little bit strange, and the light is shining.

"Hey, Qingyang Jianzhong copied successfully!"

"Hey, Qingyang Jianzhong can be perfectly integrated with the Shuanglongjian array of ice and fire, is it going?"

"Ok?"

At the same time that Ssangyong Roar and Qingyang Jianzhong collided, Ye Xuan's mind suddenly sounded a system sound.

This kind of tone has also appeared in the relics of the Qianshupai.

Last time, Ye Xuan was fighting with Mo Xueyi. The Qinglong claws of Mo's **** clothes were copied by him and then merged with the dragons.

After the fusion of the product, it is Zuo Qinglong's claws!

"Yes!"

At the moment, Ye Xuan immediately replied.

This perfect martial arts fusion, only need to spend super-phagocytic crystallization, if it comes to a skill, it will make a big profit.

"Hey, the fusion is successful!"

"Hey, the host learned the Ssangyong sword!"

Two systems prompt to sound.

"Double Dragon Sword Clock? Is it the same defense power as this Qingyang Jianzhong?"

Ye Xuan's eyes are picking up.

This move, it is estimated that even Xuan Ming will not.

He did not expect that this kind of supernatural power can be perfectly integrated with the growth of the ice and fire double dragon sword array, it is a big profit.

"Come on, let me see the defensive capabilities of this double dragon sword!"

Ye Xuan sneered.

"Kid, I want to kill you!"

At this point, the three men also launched an attack.

"Qingyang is broken!"

The three men, all of them are calling the life of the instinct, and exerted the strongest attack against Ye Xuan.

Three blue-colored swords, rushing toward Ye Xuan.

"Shuanglong Jianzhong!"

In the face of this attack from three directions, Ye Xuan's light flashed. The next moment, the Ice Dragon and the Yanlong are rising and condensing a golden giant clock.

The ice dragon and the dragon are hovering over the golden giant clock.

If Ye Xuan does not use the eye of glory, it is estimated that this sword clock should not be golden.

However, this does not matter.

"Boom!" "Boom!" "Boom!"

Three blue-colored swords, all on the golden sword clock, suddenly a wave of attacks spread.

The three elders of Qingyang Jianpai, who were both artistically and artistically, looked blank and were attacked by this sound wave.

"A strong defense, and after being attacked, there are even the effects of ice and fire double dragons, magical skills, magical skills!"

Ye Xuan is overjoyed.

Unexpectedly, this time he went to great luck and got a skill that couldn't even be seen by Xuan Ming.

"Haha, you are sick, you want to die!"

Ye Xuan laughed and once again let the two dragons merge.

"Shuanglong growls!"

The goal of this time is the same as that of the party.

The elder of Qingyang Jianpai, who is the only one who is in the same position, has already blocked the double dragon roar with a lot of life, and used the strongest attack. The life of the body is not much.

He is already unable to stop this blow!

"Calling!"

In the meantime, this elder of Qingyang Jianpai, who is both artistically and bizarre, was swallowed by Ssangyong, extremely ice and extremely intense force, and instantly turned his body into fly ash.

Spike!

"What, the water elders were spiked?"

The other two are amazed.

The strength of the water elders, but the strongest of the three of them.

However, it was spiked by a junior who was a nine-pointer.

"Who, who is this kid, is it so enchanting?"

The two couldn't help but guess.

Even the most enchanting genius of the Qingyang Swordsmen, when they are in a secluded environment, they can only fight with the martial artists who are as important as the Italians. Don't mention defeat, let alone spike.

And Ye Xuan, ten times more than the first day of Qingyang Jianpai!

"Kill him and avenge the elders of the water!"

One of the elders shouted, and then rushed toward Ye Xuan again.

"Hey, just because of you, I want to kill me?"

Ye Xuan sneered.

Ice and fire double dragons!

"boom!"

The elders of the two Qingyang swords were blasted out.

If the mood is double, after all, it is only as beautiful as the mood.

Even if you can join forces with the situation, you can fight against the three warriors who are in the same situation. There are also many people who choose to face the three situations at the same time, instead of being a triple.

"Your life is infuriating, it is estimated that it is almost consumed, it is time to close!"

Ye Xuan's light flashes.

With the eye of insight, he can see the instinct of the two people in Yuanfu, which is not much.

Of course, his own instinct is only one-third left, but he still has the blood of life, don't worry about it.

At the moment, Ye Xuan's deity and avatar are flushed out.

"Hey!" "Hey!" "Hey!"

This time, Ye Xuan did not use the big move, but used the ice fire double dragon sword array to fight the two remaining.

Even so, the two men can't help but Ye Xuan, but they are still in the disadvantage.

As the two people continued to consume their instinct, their faces were getting more and more gloomy. The two wanted to run, but Ye Xuan was so tight that they could not leave.

"My Qingyang swordsmanship will definitely not let you go!"

In the middle of the forest, a violent drink spread.

Then there are two crisp sounds.

"Oh!"

"Oh!"

In two crisp sounds, the two heads fell to the ground and rolled a few laps.

The three elders of Qingyang Jianpai, who are both artistic and artistic, were killed by Ye Xuan.

Chapter 1250: King

"Let me see, your net worth!"

Ye Xuan used to pick up the three people's Qiang Kun and check it out.

There are quite a few things in Qiankun's ring, and there are more than 2,000 pieces of Ruyi Dan and more than 100 pieces of wood.

Mu Jing, all were thrown into the planting space by Ye Xuan, as for Ruyi Dan, all were swallowed.

Every time he upgrades, he needs a lot of experience. The two thousand pieces of Ruyi Dan just let him reach the nine-pointed.

"Hey, the host has reached the ambiguity of the pass, and the breakthrough requires a thousand pieces of wishful Dan!"

The system prompts.

"Sure enough, I need to be able to upgrade if I want to, but my strength has improved a lot, get a thousand pieces of Ruyi Dan, no words!"

Thinking of this, Ye Xuan immediately left the place to see, and the breakthrough is just around the corner, he is already a little waiting.

Soon, he went to the site of the big blast empire through the lost forest.

"A lot of traces of fighting!"

Ye Xuan sensed it and then chased it in one direction.

He guessed that there was a battle here about a dozen minutes ago, and there were probably three people.

And the three people fighting, is the mushroom man.

The footprints of the mushroom people are very special.

Moreover, they are still the winners. The three mushroom people directly killed the people and dragged the bodies away.

At the moment, Ye Xuan is chasing in that direction.

He hopes in his heart that it is best to kill three human martial artists who are both artistic and artistic.

In this case, he may be able to break through!

This wood fine art world can't fly, and the mushroom people can't fly, so Ye Xuan follows the footprints and can surely catch up.

His speed is very fast. After ten minutes, he has sensed three figures.

"Catch up!"

Ye Xuan's light flashed.

But the next moment, his footsteps are a meal.

The three mushroom people he pursued are indeed the bacteria, but one of them is taller and stronger than the two.

"Why, is this the emperor in the mouth?" Ye Xuan exclaimed in his heart.

The king of the genus is one level higher than the bacterium, which is comparable to the human being.

"I have the strength to kill the Golden Eye Tiger King, but I heard that the King's bacteria is stronger than the general Heavenly Beast..."

Ye Xuan thought in his heart.

If it is a one-on-one, Ye Xuan is not afraid, but there are two bacteria around, which is tricky.

"The two corpses are carrying three human corpses, which can be carried back. The realm of life is not low. If I can get their ring, maybe I can break through. When is the time of the king?"

Ye Xuan thought for a moment and decided to shoot.

Even if he can't beat it, he can run it too. If so, what are you afraid of?

"on!"

At the moment, Ye Xuan is hiding in the air and body shape, breaking into the darkness, and then quietly sneaking in the past.

At this time, the soldiers of these three large empire are resting.

"Adult, we have been wandering around for a few hours, killing a lot of people, if you can't get out, these bodies are useless."

"What are you in a hurry, anyway, we will not starve to death, and we will not cut the entire woods!"

The tall emperor said that his height was two meters, and the two swords held were covered with blood.

Just as his voice was in love, the emperor suddenly shook his body and angered: "Who?"

It's not a king, but it's found!

Ye Xuan, who was hidden in the shadows, was shocked. The next moment, there was a knife attack.

"call out!"

Ye Xuan quickly avoided it.

This knives, directly to the back of the tree under his back to the sky to cut off the waist.

Although the kings are not infuriating, their physical fitness is stronger than that of the Tongtian beast. With the help of a knife, the resulting strength can also kill the one-of-a-kind beast.

Since it has already been exposed, Ye Xuan can only go out on his own.

"Humanity?"

Seeing Ye Xuan out, the king of the king is also very strange, of course, he is surprised, is the realm of Ye Xuan.

Passing through the environment is nine!

"Hey, I didn't expect to encounter a king of bacteria here." Ye Xuan sneered out.

"Cut, I thought I had a big prey. It turned out to be a little rabbit."

This monarch is very disdainful. After a pause, he said, "But you can escape me and you are a bit of a skill."

"Oh, my ability is not small, I can even kill you, do you believe?"

Ye Xuan has a calm look.

If the other pass-throughs are nine-fold, seeing that the bacteria are estimated to be scared to death, and Ye Xuan, seeing the kings are still so calm.

"This kid is not easy!"

There is a secret sentence in the heart of the king, but he has already shot it once, and Ye Xuan has not died under that blow.

Therefore, he does not want to shoot.

"You, kill him!"

The king of the bacterium is talking to the vacant bacteria.

"Yes, adults!"

This will see the opponents only pass through the secluded space, do not take it for granted, and directly pull out the double knife and walked out.

"Kid, do you have any last words?" said the bacterium that looked at Dingxuan.

"There is no last word, but there is a problem!"

Ye Xuan shook his head and said.

"Since it is the last question before death, ask." The bacteria clenched the double knife in the hand.

Wen Yan, Ye Xuan paused, and then slowly asked: "In fact, I want to ask is, how do you breed?"

This is his problem.

Mushrooms are fungi. How can these mushrooms be transformed into different animals? How do you breed them?

Can't it be done, is it through ooxx?

Ye Xuan is very puzzled.

Of course, it is not clear how he even breeds ordinary mushrooms.

However, his problem is to anger this bacteria.

"Kid, you are looking for death!"

This will be furious and killed directly toward Ye Xuan.

"Dead is not necessarily me!"

Ye Xuan is no longer funny, and instantly splits into two, one left and one right greeted.

"Ice and Fire Dragon Swords!"

The bacteria are as important as the artistic conception, and perhaps even stronger than humans.

However, Ye Xuan was able to fight with three sectarian elders who were both artistically and at the same time. Now he has broken through to the peak of the glory. How is his opponent?

Suddenly, the two sides are fighting.

In the heart of the king, Ye Xuan is already a dead person, he just does not want to take it.

However, after he saw the battle ahead, he was taken aback.

His subordinates were actually suppressed by Ye Xuan, and they were at a disadvantage, and it seemed that life would soon be in danger.

"You, help in the past!"

The king of bacteria turned his head and said to the other one.

"Yes, adults!"

The bacteria threw the three human corpses on his shoulders to the ground, and dropped the parcels on his body. Then he pulled out the double-knife support.
