Chapter 125: Tian family

"Oh oh, the emperor is also under the blood this time, but it has also increased the way the monsters get points. It seems that this time, the top ten points will have to reach a million."

"One million points, but the equivalent of ten pieces of spar, enough to buy a few pieces of the instrument."

"According to the regulations, the top 100 can convert points into gold. If this is calculated, it is estimated that thousands of pieces of spar will be needed, even tens of thousands."

"Hey, this time, who can rush into the top ten of the Imperial Competition? I really look forward to it."

"This is also used to say that nature is the son of the general of the National Defense Army."

"Hey, these real spiritual worlds are rushing into the top ten, and there is no problem. There are six true spiritual realms, and there are four places."

"It is said that Tian Jia's Tian Ming is good. He has already reached the tenth peak of the martial arts. This time, he may break through in the competition."

These ministers watched and discussed.

These ministers have civil servants and military commanders. Not only that, but the 16 patrols of the Xuanyang Empire are also among them, but the emperor of the Xuanyang Empire did not appear.

The thirty-six mirrors in the palace just now, one of them mapped the battle of Ye Xuan. When Ouyang Ming saw it, it was also a shock to the tiger.

"Ye Xuan, don't let me down."

Ouyang Ming sat quietly, and said secretly in his heart.

.....

It was already night, and there were big lanterns in the outside or in the open mirror. However, the people outside the Imperial City and the Imperial Palace did not decrease.

In the open mirror.

"A good rest, I should go hunting."

Ye Xuan jumped from a tree before he took a break and ate a meal. Then he was ready to go hunting.

With a hundred flowers, his resilience is amazing, as long as he can be full of energy for a while.

Although night falls, his vision is still better than others. He quickly moved a distance and discovered a warrior who was resting on the tree. At the moment, he just opened the bow and shot a starburst.

"call out!"

"boom!"

The Starburst shot on the trunk accurately and bombed the rest of the tree on the ground.

Later, Ye Xuan went up and took the broken sword in his hand to the other's neck.

"Do you want to integrate, or is it fat?"

The warrior had not reacted yet, and the neck felt a cold. When he heard the cold words of Ye Xuan, he also hurriedly took out the token.

"still got more."

Ye Xuan continued.

The warrior was so scared that he was half-dead, and he did not dare to hide it. He had to hand over some of the treasures he had picked.

"Farewell!"

After Ye Xuan transferred the points on this point token to himself, he returned the token to him.

This warrior is only the ninth peak of Wudao. In the face of Ye Xuan, he has no chance of winning.

If you are an ordinary person, I am afraid I will not hesitate to open the other's throat, and then take the points and all the belongings. However, Ye Xuan is still a ruthless person, as long as the other party does not move the murder, he will spare each other's life.

After all, the other party can continue to collect points, and the two may not meet again in the future.

The sky is very dark, and most people are already hiding and resting.

However, Ye Xuan did not.

"The sky still has some influence on me, but it will be another blood."

Ye Xuan thought of a move, directly exchanged two hundred phagocytic points for a blood called a shadow leopard, this shadow leopard has the ability of night vision, and after upgrading to the intermediate level, can also use the night color to hide, is also an upgradeable Blood.

With the blood effect of this shadow leopard, Ye Xuan is extremely efficient. In just half an hour, he picked a lot of good things. In addition, he also robbed dozens of people.

At this time, his points have reached 100,000. However, he did not even see a warrior of the tenth peak of the martial arts. Instead, he saw many bodies.

"It seems that these people are not merciless, can kill and kill."

Ye Xuan sighed in the heart, do not know, how many people will be able to leave the lost mirror after a month?

As he thought about it, while he was on the road, he unconsciously left the forest and came to a meadow.

"Well? Good aura, in that direction."

Just out of the forest, Ye Xuan's treasure hunting deer blood is playing a role, immediately, he just ran over.

After staying close to the aura of things, it was discovered that this is a big stone monument, and above the stone monument, it is actually a ranking of points, a total of five hundred rankings.

"First place, Jiang Xian, 1.21 million."

"Second place, Li Shaotian, 1.18 million."

"The third place, Lu Yu, one hundred and fifteen thousand."

"fourth place....."

Ye Xuan glanced at him and found that the top six were occupied by high-ranking children. These six were all strong in the real world.

"It seems that their speed is not fast, but this is only the first day. After the end, the points may be picked up in an instant."

Ye Xuan again focused on the seventh, which is a familiar name.

Tian Ming!

360,000 points!

"Oh, the speed of this Tianming is even faster than the six true spirits. It seems to be a good luck. I met two warriors of the tenth peak of the martial arts. Hey, it is best not to meet me, or to die." you."

Ye Xuan snorted.

For Tian family, Ye Xuan is also a little good.

Tian Jia also has some weight in the Imperial Capital. Tian Zhen's younger brother Tian Zhen is an imperial patrol ambassador. This has nothing to do with Ye Xuan.

However, Tian Zhen has a gambling battle with Ouyang Ming. If anyone loses, he will have to abolish the meridians. This means that in the future, he will become a waste person and even lose his position as a patrol.

Although I don't understand what Ouyang Ming and Tian Zhen have had a holiday, but Ye Xuan is also recommended by Ouyang Ming, naturally it is to help Ouyang Ming.

at this time.

"boom!"

Suddenly there was a ray of light in the distance, and then burst open in the air, and the ray of light immediately caught the attention of Ye Xuan.

"This is a thunderbolt. It should be something that some families use to meet."

Ye Xuan also reacted at once.

Nearly 10,000 people participated in the Imperial Capital Competition, most of them are family children. If they are assembled, they will be a weak force.

Although Ye Xuan did not know which family he was, he was able to use his thunderbolt to summon his companions, indicating that this family has come to many people. Since it is a big family, the strength will be relatively strong, and the more points will be.

However, when Ye Xuan quietly sneaked over, he discovered that he knew the family and he actually knew.

Tian Jia!
