

## Super D. S 1251

Chapter 1251: Break through, such as the mood!

Seeing this scene, Ye Xuan's eyes glimpsed, everything, according to his plan.

"Icing and blending!"

"Ice and Fire Double Dragon!"

"boom!"

The rolling air wave directly shook the two bacteria, and the two spit out a purple venom blood.

"Good boy, let me come to meet you!"

Seeing that his two subordinates are not Ye Xuan's opponents, the king of the king is also cold-sounding and slowly coming out.

"Oh, come?"

Ye Xuan sneered.

When the king's bacteria rushed toward him, not far away, suddenly there was a shadow.

Fall!

After the fall appeared, I quickly rushed to collect the body and the parcel containing the wood essence and the Qiang Kun ring.

"what?"

The king and two bacteria were shocked.

They clearly did not see other people, but now, why suddenly one more?

"This kid, a lot of means!"

In the heart of the king's fungus, a sentence is made, and a knife is directly drawn toward the land.

This squad is extremely fierce, and if it does not escape, it must be cut in half.

However, there is no need to hide.

"Receive!"

Ye Xuan's light flashed, and the fall disappeared instantly. The knife was also empty.

"Young master, get it!"

The sound of the fall sounded in Ye Xuan's mind.

"it is good!"

Ye Xuan's mouth is slightly tilted.

Things have been taken away by the fall, and then the fall is to pour things into the planting space, and finally was taken away by Ye Xuan.

These three bodies are all two-handed warriors, but they are not the elders of Qingyang Jianpai, but the masters of Feiyanzhai.

Although they have less than a thousand Ruyi Dan in the ring, the monarch has collected a few Qiankun Rings before.

Ruyi Dan added up, exactly one thousand and fifty!

enough!

"Hey, the host breaks through, and the current situation is a big one!"

"Hey, the host opened up a yuan house!"

After the two system prompts, Ye Xuan's breath suddenly surged at least twice.

Through the glory to the mood, this is a big realm. At that time, Ye Xuan's body and infuriating strength have a qualitative leap.

But the most important change is that the body has opened up a yuan house.

At this time, the tree of life is also playing a role, and begins to condense the life of the life.

"What, how did this kid suddenly break through?"

The emperor in front of him was shocked and broke through in the battle. He was the first to see it.

Suddenly, he felt a crisis, and it was mixed with a trace of death.

"Impossible, I am comparable to human beings, how can I be scared by this kid who has just broken through to the mood?"

This king can not believe it, but he did feel a crisis. If it is a big deal, I am afraid it will fall into a land of eternal loss.

"You, go!"

At this time, the king of the king suddenly gave orders to the other two bacteria.

"Adult, this..."

The two looked at the bacteria and panicked.

When the space is nine, Ye Xuan can shake them both.

Now, Ye Xuan has broken through to the mood, opened up the Yuanfu, condensed the life of the instinct, can not kill them?

However, the orders of the kings, they dare not defy, if they have objections, I am afraid that they will be killed by the king.

"Fight!"

These two bacteria, knowing that they were treated as cannon fodder, rushed straight toward Ye Xuan.

"Hit the stone with an egg, die!"

Ye Xuan's light flashed and suddenly turned into two lightnings, which attacked the two bacteria.

I only heard two crisp sounds, these two will be directly killed by Ye Xuan.

One was burned and one was frozen into an ice corpse.

Spike!

"This is the life of the life, it is twice as powerful as the ordinary one!"

Ye Xuan couldn't help but swallow.

The life of others is infuriating, difficult to condense, and difficult to recover.

However, with the blood of the \*\*\*\* of life, he recovered and played like it. It seems that the recovery speed is not as good as ordinary instinct, but it is enough for Ye Xuan to squander.

Passing through the secluded space, if the mood is a heavy one, it only differs from one realm, but the combat power is at least three times higher.

At this point, the king of the king saw his two men under the Ye Xuan second killer, actually began to tremble.

He is not angry, but really feels the crisis of death.

"go?"

Think of the king's heart.

His physique is stronger than the average Tongtian beast. If it escapes, Ye Xuan should not be able to catch up.

Thinking of Ye Xuan's strength, he has a snack.

At the moment, he immediately turned around and left.

"Where, I am a king of the king, I saw that I actually escaped?"

Ye Xuan was shocked by the behavior of this king.

Just kidding, like the three kings of Italian kings, the body is at least worth a thousand pieces of wood, Ye Xuan will let him go?

"fit!"

"The Royal Wind Dragon Shadow!"

At the moment, Ye Xuan is beginning to pursue.

It is a pity that the death killing order can only mark one person, and Ye Xuan used to mark Nalan ice.

Otherwise, he can mark the king's bacteria and then directly apply the assassination eye.

However, his speed at this time is no slower than that of the king.

"This life is infuriating!"

"The Royal Wind Dragon Shadow!"

Ye Xuan's speed is already approaching like a gust of wind, he easily pulls close, and then raises his hand is a blow.

"Yanlong is unparalleled!"

"Huh!"

An yan dragon roared out and hit the back of the king.

"not good!"

The king of the king did not think that the speed of Ye Xuan was so fast, it was immediately avoided.

But the next moment, there are two figures, one left and one right to him.

"The Eye of Brilliance!"

"Ice and Fire Dragon Swords!"

"Shuanglong Jianzhong!"

A golden sword clock fell, trapping the king of the king, and Ye Xuan was inside.

Now, the king of bacteria can't run.

"Human, I admit that you are strong, but you think, you can kill me? I am a king!"

The king of the king saw nowhere to go, so he had to hold the double knife in his hand and said in a threatening tone.

"How about the king of the king, even if it is the king of the king, the old man is still killing!"

Ye Xuan could not talk nonsense with him, and immediately rushed to the emperor.

"Since you are looking for death, then I will accompany you!"

The king of the genus angered and greeted him.

At this time, Ye Xuan suddenly combined the two Tianlong virtual shadows into one.

"Icing and blending!"

"Ice and Fire Double Dragon!"

"boom!"

A wave of violent waves swept open and blew on the king's bacteria.

However, this time it is not that simple.

In addition to Ye Xuan and the king of the king, there is also a double dragon sword clock condensed by the power of the life and the power of Vientiane.

This double dragon sword clock also has the effect of ice and fire double dragons.

When the sound wave attack hit the top, Ssangyong Jianzhong also issued a sound wave attack.

"Hey!"

"Hey!"

"Hey!"

"Hey!"

Chapter 1252: Military camp!

In the meantime, in the entire sword bell, it was attacked by this stock of sound waves. The king of bacteria is constantly suffering from these attacks, he only feels that his head is about to explode.

Fortunately, this is Ye Xuan's own display, his infuriating immunity to these sonic attacks.

"It's terrible to display the ice and fire in this double dragon sword clock!"

Ye Xuan looked at the suffering of the emperor, and he couldn't help but say a word.

If it were him, I am afraid that the ears will burst.

"Haha, it seems that killing you will not be too difficult!"

Ye Xuan couldn't help but laugh at the sky. The next moment, another dragonfly spread.

"Hey!" "Hey!" "Hey!"

Long Hao, echoed in the double dragon sword clock.

The king of the genus was stunned by the dragons of this burst, and the umbrella cover on the top of the head was cracked.

Taking advantage of this opportunity, Ye Xuan once again condensed a life of instinct, launched an attack against this king of bacteria.

"The killings broke out!"

"Shuanglong growls!"

The instinct of the life, the outbreak of the killing, the eye of glory, these factors add up, let Ye Xuan's attack, has the power of the second killing.

And this king of bacteria was shaken by the dragon's resounding shock, coupled with the burning hell, his fighting power is not six, and he has not been able to escape this blow.

"Calling!"

Two dragons, instantly drowning this king of bacteria.

At this time, Ye Xuan thought of a problem, the body of this king of bacteria, useful to him.

"damn!"

Ye Xuan roared and blamed himself for forgetting. Now he can only pray in his heart. The body of this king is so strong that it will not be burned to ashes.

"boom!"

Another wave of turmoil swept away.

What makes Ye Xuan gratified is that the body of this king mushroom is still quite strong, and it has not been smashed into \*\*\*\* by Ssangyong.

"The breath is gone, dead!"

Ye Xuan felt a bit, it was gone.

At this point, the king of the bacterium has been smashed, and the entire body is fragmented and unbearable.

Ye Xuan went straight and passed it into the planting space as a fertilizer for Tongtianbao.

Now, Ye Xuan has already broken through to the mood, and the fighting power is superior. As long as he thinks, he can completely kill the territory of the big blast empire.

However, just in case, he decided to rest in this lost forest for a long time and continue to hunt.

After half a day.

“Hey, the planting space level has increased, and it is currently at the third level!”

This system sounds so that Ye Xuan’s footsteps can’t hold back.

In fact, an hour ago, the Tongtianbao tree in the planting space had already absorbed all the wood essence, and after this hour, the heaven and earth vitality in the planting space finally reached the standard.

Now, the planting space is three levels!

Ye Xuan felt it and found that the planting space was doubled, and the concentration of heaven and earth was also doubled.

This means that the speed of cultivation has also doubled!

"Young Master, I also broke through immediately!"

The sound of the fall sounded in Ye Xuan's mind.

"well!"

Ye Xuan is very satisfied.

after a little while.

"Young master, broke through, according to this speed, give me two more days, you can break through to the glory!"

There was news from the fall, and she finally broke through to the privilege.

"If this is the case, then you will practice well. This time, I will show my talents!"

"Ok!"

Resting for a long time, Ye Xuan felt almost the same.

This time, he has to go directly to the site of the big blast empire, and it is going deeper.

Although there is a more powerful king of the king of the genus in the bacterium empire, but with his strength, can't you beat it?

However, the legend of the emperor of the emperor, which I have said, is not true.

The emperor king mushroom is the first mushroom man, the ancestor of the big mushroom empire.

This is the super-powerfulness of the five-fold conception. It is impossible to be enemies with Ye Xuan's current realm.

However, Ye Xuan has an eternal eye, and the mushroom man has no infuriating and Vientiane power, so his safety is still very high.

At the moment, he began to leave the lost forest with the eye of insight.

On the way, he encountered some humans and mushroom people trapped in the lost forest. These people all beat his idea and then were all killed by him.

About two hours later, Ye Xuan finally came out of the lost forest.

At this point, he is already in the middle of the site of the big empire.

Ye Xuan identified the direction and then rushed to the depths of the big bacterium empire.

This time, he wants to kill the ring. If it is smooth, it may make the world of planting space rise to another level.

Even, you can break through to the second place!

Ye Xuan began to hurry again. He felt that he could spend up to two hours in the depths of the big blast empire.

With extraordinary perception, all the bad guys on the road were killed by him, and the deeper they were, the more mushrooms there were.

Just ten minutes after Ye Xuan left the lost forest.

“Well? Is there a large number of mushrooms in front?”

Ye Xuan stepped in.

He sensed that there were hundreds of mushroom people in front, the bacteria soldiers, the captains of the bacteria, the bacteria, and even the kings.

"Is it right, this is a military camp of the big blast empire?"

He thought of such an idea in his mind.

In the big blast empire, everyone is a warrior, so the number is huge, and there are 100,000 people.

In front of this military camp, there are more than one hundred people, even the kings have bacteria, which makes Ye Xuan's eyes shine.

"So many fertilizers, make a big profit!"

Ye Xuan's mouth is slightly tilted.

Although he can't directly devour the bodies of these mushroom people, it can be used to fertilize the soil of the planting space and increase the planting space, so the speed of cultivation will also increase.

Of course, the most important thing is to kill these mushroom people. There are many killing values.

"kill!"

At the moment, Ye Xuan is quietly diving in the past.

The military camp of the big bacterium empire is very simple, and it is some tree holes.

At this point, the hundred people just gathered together and listened to the lead of the king.

Ye Xuan dive in the past and then split into two.

In the next moment, two Ye Xuan will be stabbed with swords.

"Shuanglong Jianzhong!"

The shadows of the two dragons hovered in the air and condensed into a golden sword clock, covering them.

"what?"

The king, and other bacteria were shocked.

What is this ghost?

Not waiting for them to react, the two Ye Xuan were quickly swept out, and the golden sword clock was already on the ground.

"Mushrooms, trembling!"

Ye Xuan said nothing, directly to show big moves.

"The killings broke out!"

"Ice and Fire Double Dragon!"

"boom!"

This time, Ye Xuan used the killing outbreak, and the power was much bigger than before.

This dragon scorpion instantly blasted the bacteria soldiers, and even the captain of the bacterium died a lot.

In a blink of an eye, there are only twenty living creatures left in the golden sword clock.

However, this is not over yet.

Chapter 1253: King of kings

"Hey!"

The dragon slammed into the golden sword clock and began to reverberate.

After a few dragons smashed down, there was only one king of the genus, and the four stations were all unstable.

This move is much better than the blade storm. After all, there is no cooling time, and it is completely performed with infuriating.

"Hey, if you didn't use your life, you would have killed so much. If you use your life, will you only have one king?"

Ye Xuan is also very satisfied with this power.

"who are you?"

At this time, the king can not help but ask.

A blow has killed him so many subordinates. This can't be done by a man of great importance.

In Ye Xuan's heart, this king mushroom is already dead, so he does not need to talk nonsense with the other party.

"Try this trick!"

Ye Xuan's light flashes.

"Ice and Fire Double Dragon!"

This time, he used his life to be insane, and his power was more than doubled.

This time, in the golden sword bell, there is no other enemy except this king.

At the same time, this king mushroom also spewed out a few purple poisonous blood, looking at Ye Xuan with a blank face.

His head is about to blow up!

"Give you back to the West!"

Ye Xuan said coldly in his heart.

This time, it is the strongest move in the Shuanglong sword array.

Ssangyong roar!

"boom!"

Long interest, engulf this king of bacteria.

It is also a three-fold fighting power, and is killed by Ye Xuan!

In this double dragon sword clock, Ye Xuan's combat power has greatly improved, and he even has the courage to do the king of the king.

Of course, this double dragon sword clock must have a condition, that is, to trap the enemy, if it is not trapped, the effect will be greatly reduced.

But then again, this time Ye Xuan easily killed a large army empire warrior in a military camp, including a king of bacteria, which made Ye Xuanyuan earn a killing value.

If the entire bacterium is destroyed, can these corpses raise the planting space to level 4?

"No matter, kill it first!"

Ye Xuan does not want to be so much. After all, sometimes thinking too much is not good, only looking for troubles.

At the moment, he started to search quickly.

After breaking through to the mood, the skills of perception, spirituality, or killer instinct have improved a lot.

He estimates that his perception has surpassed the human beings who are as artistic as possible.

At this time, what he hopes most is to encounter some military camps. In this case, he will be cool.

After five minutes of driving, Ye Xuan finally found a second military camp.

This military camp, similar to the previous one, has a king of bacteria.

The king of the genus, in fact, is equivalent to the marshal in the human empire, and the king of the king is the equivalent of the royal family.

Ye Xuan still used the old method to sneak past the assassination state, and then used the double dragon sword clock to trap each other.

"who?"

The reaction of this king is faster than the previous one, but it is useless, he is still trapped inside.

In order to save time, Ye Xuan directly shot.

"The killings broke out!"

"The Eye of Brilliance!"

"Ice and Fire Double Dragon!"

This time, he used the life of the direct use.

At that time, the mushroom man in Shuanglongjianzhong's bell was dumped in large pieces. After several rounds of shocks, only one of the kings was left.

"Shuanglong growls!"

It is also a big kill to recruit, Ye Xuan will solve this king of bacteria.

Generally, the three human beings, such as the three human beings, are difficult to solve even one king, but this is easy for Ye Xuan.

"It's a big killing value!"

Ye Xuan used to collect all the bodies of the mushroom people.

Then he is ready to leave and continue.

His movements are very fast, and he is very ugly, a battle, no use for five seconds, and the time of the road is much longer than the battle time.

One by one, the military camp was annihilated by Ye Xuan, and the number of troops in the big blast empire was rapidly reduced.

However, the paper could not hold the fire, and soon the news was passed to the high-level ears of the big empire.

At the moment, the big blast empire is sending top combat power.

King of the king!

According to Hua Li, there are five kings of kings, which is still a conservative estimate.

However, Ye Xuan is not afraid of this king of kings, he is still in the military camp of the big bacteria empire.

Finally, after Ye Xuan slaughtered a full eight military camps, he finally met a master who could pay attention to him.

At this point, he just slaughtered the ninth military camp. He looked at the hundred bodies on the ground, and his body suddenly trembled. He felt a touch of movement.

"call out!"

The battlefield, which had already quieted down, suddenly burst into the air.

"So fast!"

Ye Xuan chrysanthemum tightened and suddenly turned.

"Oh!"

Only heard a crisp sound spread, a column of things thrown into the sky.

A painful sensation was transmitted to the brain, and Ye Xuan flashed away and quickly opened the distance.

It was his left arm that only threw the sky. If his reaction slowed down, it would be his head to fly.

This sneak attacker is a king of the bacterium empire, and is also good at hiding, sneak attack, that is, an assassin.

Ye Xuan stared at it and found that he was a thin mushroom man, his height was similar to him, but unlike other mushroom people, his skin was not brown, but disgusting black.

On the huge umbrella cover, there is a big king!

"Wang king emperor?"

Ye Xuan suddenly reacted.

At this point, even if he is a fool, it is estimated that he can guess.

The ability to sneak attack on one of his arm is also the ability of the king of the king.

"The strong stealing ability, even my perception has not been found."

Ye Xuan couldn't help but swallow the mouth. At this time, his arm also grew again, as if it had not happened.

"The kid, is you, destroying several military camps of my big blast?"

A cold voice came and fell into Ye Xuan's ear. It was the black king of the king.

"Yes, it is me!"

Ye Xuan nodded, no trace of concealment.

"It's a big courage, a human being in the district, and dare to move my big blast empire?"

This king of the king of the king said with a high-profile gesture.

"District humans? Then how do you speak the human language? Where do you feel superior?" Ye Xuan could not help but spit.

"court death!"

The king of the king of the king heard this, and the second thing is to turn into a streamer to kill Ye Xuan.

"Come on, let me see the king of the king of the four kings, what can be done!"

Ye Xuan is also trying his best to solve the problem.

"Shuanglong Jianzhong!"

A golden giant clock suddenly fell, directly trapping Ye Xuan and the king of the king of the king.

Chapter 1254: trap!

"Oh, it's too slow!"

The king of the king of the king thought that Ye Xuan was to use this pair of dragon swords to defend, could not help but sigh.

"Is it?"

Ye Xuan's mouth is slightly tilted.

"Ice and Fire Double Dragon!"

"boom!"

A wave of violent waves swept away and echoed in the Ssangyong Jianzhong.

The king's emperor's face is condensed and moves quickly. At the same time, the two daggers in the hands are constantly smashing.

Seeing the ice fire Shuanglong 没有 has no effect on the king of the king of the king, Ye Xuan heart is also a dark road: "I don't want to be the king of the king, there are two brushes!"

The king of the genus is just as trivial as it is, and Ye Xuan can easily kill it. The king of the king is like a quadruple, and its strength is several times stronger than that of the king.

Moreover, the cultivation resources that the big bacterium empire got, I am afraid that they all hit the kings of the king, and the power is a matter of course.

However, Ye Xuan did not come up with the true ability.

"The killings broke out!"

"This life is infuriating!"

"Ice and Fire Double Dragon!"

This time, Ye Xuan used the strongest attack in Shuanglong Jianzhong.

"Hey!"

A sound wave attack that is only three times stronger than it is spread.

This king of the king of the king's eyes widened his eyes and quickly swept to the double dragon sword clock, and then spurred all his strength.

"Hey!"

Shuanglong Jianzhong was poked out of a hole, and the king's king's fungus swiftly flashed out.

"Hey!"

The sound wave attack echoes in the Ssangyong sword clock, but it has no effect.

"Pity."

Ye Xuan shook his head helplessly.

If the king of the king has not escaped, the outcome of this battle is estimated to be split.

However, anyway, Ye Xuan can continue to use the Ssangyong sword clock. If the king of the king is attacked, it will be trapped inside.

But the king of the king is not stupid, after seeing Ye Xuan's tricks, it is a slap in the distance.

"call out!"

"call out!"

"call out!"

Along the way, I came to Ye Xuan.

Although the king of the king is not invigorating and the power of Vientiane, his physique is several times stronger than Ye Xuan. With a single blow, the power is not as weak as the attack of the three-dimensional warrior.

"Ice and Fire Dragon Swords!"

Ye Xuan is also starting to fight back.

At this point, he was thinking about \*\*\*\* the king of the king.

The body is strong, so the physical strength is not so fast to consume light, and Ye Xuan has the blood of the life \*\*\*\* tree, but can not continue to use the big move, after all, it will still use light.

In this way, he has to think of other methods.

"Well, just do it!"

Ye Xuan's mind suddenly flashed a method, and it is very likely to succeed.

Although he wants to play a game with great enthusiasm, he wants to improve his strength, so this battle does not hit!

"Hey!"

"Hey!"

"Hey!"

The two Ye Xuan and the king of the king of the kings played against each other, the battle is very intense.

However, the king of the king is extremely fast, and Ye Xuan is hard to hurt him.

"fit!"

At this time, Ye Xuan suddenly merged into one, and then broke through the door of a void, and directly drilled in.

"Well? Want to escape?"

This king of the king of the king saw the intention of Ye Xuan and hurriedly chased the past.

However, after he entered the door of this void, he directly regretted it.

"Hey!"

He wanted to turn back directly, but the door of the void was closed before him.

"Wang king emperor, you are miserable!"

Ye Xuan sneered.

This wood exquisite market, Ye Xuan only positioned twice, one is the entrance to the wood fine market, while the other is the headquarters of the Tree Demon Alliance.

At this time, the king of the king is directly brought here by Ye Xuan.

At the moment he crossed the door of the void, he felt a strong breath.

Around this, there are a large number of Tongtian beasts, which are all three levels of artistic conception, and there are several, which are as artistic as four.

"Ye Xuan, how come you are back?"

Seeing that Ye Xuan suddenly appeared, the flower pity also asked strangely.

"Oh, I brought you a gift back." Ye Xuan head did not turn.

This gift, everyone has seen it, is this one of the four kings of the king of the king.

After the emergence of the king of the king of the king, the birds of the heavens are also surrounded.

"You actually brought a king of kings to come over, it's great!"

Hua Li also reacted and said: "Dajin, Dashan, Xiaobai, he is yours!"

Daikin is also a golden-eyed tiger king. It is one of the few in the tree demon league.

The mountain is the mountain giant. As for the white, it is the wind and snow demon carving.

These three are all four-fold.

Together with Ye Xuan, the solution to the king of the king is already doomed.

"go!"

The king's king's reaction to the king is also extremely fast, and he hurriedly turned around and left.

However, Daikin has been turned into a streamer, blocking him.

In the blink of an eye, double convenience is the beginning of the fight.

This king-shaped king is also eaten by speed, just as big as Daikin.

Not only that, but the wind and snow demon spirit is also the same.

If they are there, Ye Xuan does not need to shoot. If these three beautiful four-day beasts, even the king of the king can not beat, then it is better to die.

This is Ye Xuan's plan to kill people with a knife!

"How did you get back?"

At this time, Huai flies over and can't help but ask.

"I have my own way, first solve this king of kings and then say it!"

Ye Xuan said slowly.

Then, the attention of the two was placed in the battlefield ahead.

Dajin, Dashan, Xiaobai, the three big-eyed Tongtian beasts besieged the king of the king, the latter instantly fell to the disadvantage.

The mountain giant blocked the retreat, while Daikin and Xiaobai were responsible for the attack. There were no more than ten rounds. The king of the king was scarred.

"Tree demon alliance, I am dead, you have to follow the funeral!"

This king of the king is roaring loudly.

"Hey, dead to the end, still nonsense, kill him!" Huadi said very unpleasantly.

When this is the case, the three major heavenly beasts are full of firepower.

"Hey!"

Although the speed of the king's king is fast, but the giant of the mountain is big, the former is bombarded, the whole flies out, the purple blood spurts out, and it is terrible.

Then, Daikin is fully smashed and turned into a golden lightning.

"Oh!"

A crisp sound spread, this king of the king of the king, directly cut into two halves, and instantly fell.

The strength of a king-shaped king mushroom, such as the four-day beast of the four-day beast, is strong, but the three major peers of the Tongtian beast, he still has no resistance.

After the death of the king of the king, the flower pity is also relieved, and in a blink of an eye it is exclaimed: "My tree demon alliance and the big mushroom empire have been hostile for hundreds of years, this is the first time to kill the king of the king !"

Chapter 1255: Private space

"How, no regrets to cooperate with me?"

Ye Xuan smiled.

"No, I really didn't look at the wrong person!"

Hua Li also laughed and landed on Ye Xuan's shoulder.

"In this case, I will accept this corpse!" Ye Xuan was also polite, directly using the power of Vientiane to collect the body of the king of the king, and put it into the planting space as a fertilizer. .

"Can you continue to attract it?"

Hua Li asked a little excitedly.

If Ye Xuan can continue to attract the king of the king, then the big bacteria empire will sooner or later be consumed by them.

"It can be, but this king of the king is somewhat brainless, so it will come. If someone does not follow, there is no way." Ye Xuan paused, said: "However, I have another One way, faster!"

"any solution?"

I am very curious to spend my eyes on my eyes.

"I have a private space, maybe I can hide you directly. If I encounter the king of kings in the territory of the big blast empire, I can let them fight directly."

Ye Xuan directly replied.

"Private space? How is this possible?" Huai can't believe it.

"When I was a mortal, I felt that flying was impossible, but now I can not only go to heaven, but also squat, move mountains and reclamation, etc. There is nothing impossible in this world."

Ye Xuan said, but also a hand wave, the next moment, the fall is appearing in front.

"She has been staying in that space, and the strength of the heavens and the earth in that space is only weaker than the world of wood. If you don't believe, you can go in and see."

Ye Xuan continued.

This time, the flower is silent.

If Ye Xuan really has this ability, then they may be able to easily destroy the big blast empire. As long as Ye Xuan is in danger, then these tongtian beasts can directly rush out and kill the enemy.

Just, can it really be like this?

"Hey!"

At this time, suddenly a figure came out of the group, is the golden eye tiger Wang Xiaojin.

After the translation, Ye Xuan understood the meaning of Xiao Jin.

"Well, you have to go ahead and see, yes, no problem."

Ye Xuan nodded.

After all, he is a human being, and Hua Li is the leader of the Tree Demon Alliance, so Xiao Jin is not at ease.

Non-my family, its heart must be different!

In this sentence, Ye Xuan has never heard of it.

"Afterwards, if you don't resist, you can enter my space!" Ye Xuan said to Xiao Jin, that is, using the storage function of the planting space, the Xiaojin was taken in.

This planting space can only be accessed if the other party agrees.

In the next moment, Xiaojin disappeared, and at the same time, there was still a fall.

Xiaojin, already in the planting space.

Xiaojin's foothold is next to the Tongtianbao tree. It is shocked by the hopeless sea of flowers.

It has lived in the wood market for so many years, and is very familiar with the wood art world, but now it appears in another place, it is incredible.

At this time, several figures appeared, and those who volunteered to come out.

"Hey..."

"Hey..."

"Hey..."

One only came in through the beast, and shouted excitedly.

This place is also very suitable for them.

"Okay, come out after reading!"

Ye Xuan directly put these Tongtian beasts out.

"How about Xiaojin?"

After seeing Xiao Jin, who had reappeared again, he couldn't help but ask.

"Hey!"

Xiaojin couldn't hide the color of excitement and began to say what he saw in the planting space.

After listening to it, the surrounding beasts were shocked. Is there really a private space?

Ye Xuan, how did it do it?

"really have?"

Hua Li is also not convinced that she has lived for hundreds of years, and it is the first time I have heard that human beings have such means.

Private space, even if it is a long-lived, reincarnation of the peerless power, it is estimated that it can not be done?

"This private space, called planting space, is the place where I used to plant heavenly treasures and cultivate exotic animals. Before I asked if you would like to leave the wood market, you are interested in getting here." Said.

At this time, Hua Li also remembered this one thing.

This place is not weaker than the wood fine market, and the owner is Ye Xuan, don't worry about any enemies.

"Let me go in and see!"

I can't wait to say it.

"no problem!"

Ye Xuan said nothing, let Huai pity into the planting space, not only that, but also Dajin, Xiaobai, Dashan and other four heavenly beasts.

The planting space is currently at the third level, and it is already able to accommodate the Tongtian beast, and the level can be three days higher than Ye Xuan.

Soon, this large group of heavenly beasts, all of which were received by Ye Xuan in the planting space, are hundreds of them, and all of them are Tongtian beasts with more than two levels.

The pity that went into the planting space was also looked at with both eyes.

"On a tree, you can create such a rich world of heaven and earth, this is impossible!" Hua Li could not believe it.

The reason why the heaven and earth vitality of the wood fine market is so abundant is that there are a large number of Tongtianbao trees, and in the planting space, there is a strange sky in the sky.

"My space can't be calculated according to the outside world."

Ye Xuan's voice rang in the planting space.

Indeed, it is impossible for a Tongtianbao tree to make such a huge amount of heaven and earth, but don't forget that the planting space is graded. Moreover, this one-day treasure tree grew up from the blood of Ye Xuan.

"How, is this place good?"

Ye Xuan made a projection in the planting space and smiled: "You will consume a lot of heaven and earth when you move in so many animals. However, as long as you help plant, I can open up a forest for you."

Before the planting space, only one Tongtianbao tree was allowed. Now, after upgrading to the third level, there is no such restriction. It is possible to create a wooden excavation in the planting space.

"It can be, but the big mushroom empire is not dead!"

The flowers were pitiful.

"This is not easy!"

Ye Xuan thought of a move.

The next moment, these Tongtian beasts are once again appearing in the headquarters of the Tree Fair.

"I just borrowed these few heavenly beasts that are as artistic as you are. When I meet someone, I will release them. The big bacteria empire will be destroyed within one day!"

Ye Xuan continued.

According to this, this is actually a mobile military camp. If you think about it, you will feel horrible.

"But, if you accidentally fall down..."

Huari said with some worry.

The planting space is the site of Ye Xuan. If Ye Xuan falls, then will they not come out?

Chapter 1256: Place of rest

"Don't be afraid, look at it again!"

Ye Xuan then sent these Tongtian beasts to the planting space and then released them.

This time, it is not in the headquarters of the Tree Fairy in the wood art market, but in the East Continent of the Blood Rock continent.

"Where is this?"

Huari looked at the surrounding with a shocked look, feeling that the strength of the heavens and the earth here was too scarce, and there was not even one of the thousands of woods.

"Here is the blood rock continent, it is my hometown. There is no strong person in Vientiane. I have a avatar here, and the other two avatars are in the wood market. As long as I don't fall, then I It won't die!"

Ye Xuan's second replied.

"You actually have three?" Hua Li is very upset.

"Yes, those two are outside, this is life at home, is this safe?"

Ye Xuan's second avatar nodded, and at the same time sent all the flowers and pity to the planting space.

Now, there is no worries.

Hua Li has been convinced by Ye Xuan. This human means is really too much.

"Well, as long as the big mushroom empire is destroyed, I can move the entire tree demon alliance to your space and help you build it!" Pity agreed.

"Complete!"

Ye Xuan's eyes lit up.

His purpose is this.

Hua Li is the leader of the Tree Demon Alliance. There are thousands of sacred beasts in the majesty, and countless tree demons. If all the space is planted, then it will be cattle.

Through the heavenly beast, you can call out to fight.

The tree demon can also constantly generate the strength of the world.

The most important thing is that there is a lot of wood spirit under the mercy, and she is still a higher level of Hua Ling, the ability to plant Tiandi treasure, much stronger than Muling Wang.

Simply put, Ye Xuan is making a big profit!

However, the premise of allowing the Tree Fair Alliance to migrate to the planting space is to destroy the big blast empire.

"Flower pity, there are a few of the four heavenly beasts in your tree demon league?" asked Ye Xuan.

"In addition to Daikin, Dashan and Xiaobai, there are old trees, big bears, a total of five!"

After spending the pity, there was a big movement behind Ye Xuan.

That huge Tongtianbao tree began to twist.

The old tree is this tree-like demon that is as artistic as the four.

As for the big bear, it is a seemingly ordinary black bear, but its strength and fur defense are powerful to the explosion. If you just slap, I am afraid I can shoot Ye Xuan's Ssangyong Jianzhong.

On the side of the Tree Demon Alliance, there are a total of five combative powers, but only four are available. After all, the old trees cannot move.

"Four, enough, next time I meet the king of the king of the king, you can directly kill it!"

Ye Xuan is satisfied with the nod.

"In this case, Xiaobai, Daijin, Big Bear, three of you will help Ye Xuan."

Hua Li immediately gave orders to three of the four heavenly beasts.

These three heavenly beasts, although only listening to the orders of pity, but for the tree demon alliance, listening to Ye Xuan's orders is also no way.

At the moment, Ye Xuan is receiving the three heavenly beasts that are as artistic as possible.

"Dashan, leave a quarter of the wood fine, and the rest will be given to Ye Xuan."

Hua Li said again.

Mu Jing, not so important for the Tree Demon Alliance, because it is the body of the Tree Demon.

Mujing can only be used on ordinary Tongtianbao trees, leaving a quarter of the money, but also for future development.

"Haha, thank you!"

Ye Xuan laughed a few times, and unceremoniously collected all the wood essences that the mountain giants had vacated, and then let the Tongtianbao trees swallow them one by one.

Tongtianbao tree absorbs these tens of thousands of wood essences. It is estimated that it will take a day or two to take advantage of this opportunity. Ye Xuan once again broke the void and returned to the previous place.

"If I met the king of the king, let you three out, a few times, the big blast empire has no top fighting power!"

Ye Xuan made a projection in the planting space, and said to the three three-day-old Tongtian beasts.

These three heavenly beasts are the top fighting power of the Treefolk Alliance. If they join hands, unless they are the legendary Emperor King of the Big Mushroom Empire, no one can stand them.

At the moment, Ye Xuan is continuing to act.

This large blast empire has a hundred thousand army. If it is all called annihilation, the planting space may really be upgraded to level five. At that time, it can accommodate the five-day sacred beast.

.....

Ye Xuan shuttled through the site of the big blast empire.

Since the previous news has been leaked, many military camps have begun to move and gather.

However, this is only a busy day for Ye Xuan.

No, these military camps are together, it is a foolish action.

Such a large team action completely exposed their position. Even without the help of the three major beasts, Ye Xuan could easily kill them.

In order to speed up the movement, Ye Xuan directly rides the wind and snow demon spirit carving, and his speed of rushing directly doubles up.

One, two, five, ten...

One by one, the military camp was annihilated by Ye Xuan.

However, in an hour, there were 20 military camps, which were annihilated by Ye Xuan, with more than 2,000 people.

At this rate, one day you can destroy the army of the big blast empire.

For two days, the big blast empire was left with only those light pole commanders.

Before the battle between the Tree Fairy Alliance and the Big Mushroom Empire, it was the attack of the big blast empire, and the Tree Monster Alliance defense. It is because of this that the big mushroom empire was caught by Ye Xuan by surprise.

After being wiped out by dozens of military camps, the big blast empire still did not figure out the measures that could stop Ye Xuan, just sent the king of the king.

Finally, after Ye Xuan slaughtered nearly 10,000 people, there was another breath that caught his attention.

"No, not one, but two!"

Ye Xuan's body shape trembled, and he hurriedly received the wind and snow demon spirit carving into the planting space, and then fell to the ground.

Two kings of kings, this time earned a lot!

"Tread on step!"

Soon, there were two figures, which were reflected in Ye Xuan's eyes.

Sure enough, this is the two kings of the king, the words on their umbrellas, revealing their identity.

"Human, is you, killing so many soldiers in the big blast empire?"

Asked a fat-like king-like king of the king.

"Yes, it is me!"

Ye Xuan is also not planning to install innocent, directly nod.

"After going out of the night, there is no more news. Is it dead in your hands?"

Another thinner Wang Ziwang asked.

"Who is Junjun?"

Ye Xuan brows a pick.

But the next moment, he responded, the night of the other party's mouth, it should be the king of the king who is good at assassination.

Of course, he can't be exposed. What if the two kings are scared away?

Chapter 1257: wake?

"Oh, whether it is you or not, today is your death!"

The fat king of the king is angry and screams, and the big knife in his hand falls.

Another thin king-shaped king of the king, also pulled out a long sword.

Two mushrooms, actually holding two weapons, this picture does not say how much violation.

Although Ye Xuan is just as important as the mood, but the two kings of the king of the king, but there is no meaning of slack, their eyes gathered in Ye Xuan, ready for a combined attack, will Ye Xuan killed.

"on!"

The fat king of the king was angered, and suddenly they both rushed out.

"Ice and Fire Dragon Swords!"

"Shuanglong Jianzhong!"

Ye Xuan is also nonsense, divided into two.

It is a pity that this double dragon sword clock was easily blasted by two people.

"Dajin, Xiaobai, Big Bear, your prey is here!"

Ye Xuan hand waved, and suddenly there were three figures in the battlefield.

"what?"

The two kings of the kings were shocked. Here, Ye Xuan is clearly one. How come suddenly there are three Tongtian beasts?

The fate is that it is still the four heavenly beasts!

"Imaginary?"

The first reaction of the two is this.

However, after they heard the whistling wind, they realized that this was not an illusion. This is true.

"Big bear, Xiaobai, you deal with that fat, Daikin and I join forces!"

Ye Xuan immediately issued an order.

Among the three beasts, the strength of Dajinyanhu is the strongest, and both Dajin and Xiaobai are speed-type. Naturally, they must be separated, so that the strength is evenly distributed and the success rate is higher.

"Roar!"

The big golden eyed Tiger King snarled and rushed to the king of the king with the sword.

These two kings, the king of the king, scared the urine, and hurriedly turned around.

"Want to go, it's not so easy, Ssangyong growls!"

Ye Xuan picked up his life and launched an attack.

"boom!"

This double dragon roared, although did not hit the two kings of the king, but successfully intercepted them.

At that time, they were entangled in the three heavenly beasts.

At the moment, Ye Xuan is also quickly rushing out and joining the battle.

However, the strength of these two kings of kings is much stronger than that of the previous night. In the case of two-on-one, they can still cope with it.

"Two can't, then add one more!"

Ye Xuan doubles and screams, the next moment, another figure appears.

Fall!

"Hundreds of monsters and foxes!"

"Hundreds of shackles!"

After the fall appears, directly exert powerful control skills.

Hundreds of long whip headed toward the fat king of the king, the speed of the latter is relatively slow, so it became the primary goal of Ye Xuan.

"what?"

The fat king of the king, which was entangled by the big bear and the little white, was shocked. He wanted to avoid it, but it was a crystal wall that was condensed by the white ice and condensed into a retreat.

"Hey!" "Hey!" "Hey!"

Hundreds of shackles, blockade success!

"Seven-color demon fire, a thousand layers of explosion!"

Don't say anything, just show the cards.

Suddenly, the fat king word king is surrounded by a blossoming seven-color demon fire.

"Boom!" "Boom!" "Boom!"

The explosion of the road spread.

Although the defensive power of the fat king of the king is good, it can not withstand the fall of such a bomb, immediately spurt a blood, ready to force the shack to break free.

Available at this time.

"Huh!"

Another sound broke out.

The wind and snow demon spirits suddenly have a big mouth, sprayed a thick icicle of fingers, directly through the belly of the fat king of the king, and at the same time, the breath of the extreme ice, is also the belly of the fat king of the king Condensed and began to spread quickly.

"not good!"

The fat king's emperor's face changed greatly.

In the blink of an eye, he has two powerful restrictive skills. Next, how can he escape the attack of the bear?

Really said Cao Cao, Cao Cao will arrive!

He just thought about it, the big bear has already stepped on him in front of him, the bear's paw bigger than the washbasin, and fell unrelentingly.

"boom!"

The fat king of the king, the pavilion like a pavilion, was slammed.

Suddenly, the fat king of the king of the king will feel that his head is about to burst open, but fortunately his skin is thick and thick, not dead under this palm.

However, at this time.

"The killings broke out!"

"Shuanglong grows!"

Suddenly there was a violent whistling sound on the side. The fat king of the king of the king turned his head and saw that Ye Xuan had shot him.

Just kidding, the killing value of a king-shaped king mushroom is amazing.

It was only after he had forgotten the night. This time, he can no longer give it to others, so he must harvest it himself.

The fat king of the king was restricted, and he was not able to escape the attack. He was immediately swallowed by this blow.

"Hey, the host's killing value is improved!"

After a system prompt, Ye Xuan's killing value has skyrocketed.

Fat king word king bacteria, fallen!

Then, the next one is that thin.

"Don't dare to kill him, my emperor will never let you go!"

The thin king of the king was angered.

"My emperor?"

Upon hearing this, Ye Xuan's brow was picking up and couldn't help but ask: "I am the emperor, referring to the emperor king?"

"My emperor has already awakened, you are waiting to die!" The thin emperor is snarling.

This sentence revealed a lot of things.

It turns out that the legend of the Emperor's King is true. The Emperor's King is not dead, just sleeping.

Now, wake up!

However, Ye Xuan did not agree, sneer: "Wake up, how about?"

As long as this thin mushroom is also dead, then the big mushroom empire is the loss of three kings of the king.

At that time, the tree demon alliance party has an advantage in the number of people, even if it is the king of the king of the king, how is it?

"Roar!"

After the death of the king of fat king, Big Bear and Xiaobai came directly to support.

Soon, this thin mushroom was hit to the end of the strong.

"You, you will die in the hands of my emperor, my emperor will take revenge for us!"

This skinny mushroom is still roaring in the sky.

But the voice has not yet fallen, that is, by the Xuan Xuan, a double dragon roared to the bombing, and died in an instant.

"Hey, the host's killing value is improved!"

The system prompts.

This prompt, Ye Xuan is generally ignored, but still useful at critical times.

There is a prompt tone, which means that the king of the king is really dead, and there is no sneak attack.

At the moment, Ye Xuan quickly swept over and collected the body.

"Hey!"

Seeing the death of two kings of kings, the three big bears are extremely excited.

"Don't be too happy, you have heard it. The emperor has been awakened, or go back and talk to your leader!"

Ye Xuan directly broke through the door of the void, and then drilled in. In the blink of an eye, they returned to the headquarters of the Tree Demon Alliance.

Chapter 1258: Magic Tree Warrior

"You are back? How is the harvest?"

I have been waiting in the tree demon league headquarters to greet me and asked.

"There are thousands of troops, and two kings of kings!" Ye Xuan said directly.

"Wang king emperor?"

With a pity, the eyes suddenly lit up.

As long as the king of the king is dead, then the big empire is half dead.

At this time, Ye Xuan continued: "However, before the death of the two kings, the king of the king has been awakened, what do you think?"

"What, the king of the king?"

I was amazed and said: "Is this old mushroom really dead?"

"This is what the other party said, and the authenticity is yet to be verified." Ye Xuandao.

The flower is silent.

If the king of the king is still alive, then things are not that simple.

"The big bacterium empire is the descendant of the old mushroom. Perhaps it is only after it has given birth to so many offspring that it falls into a deep sleep. It needs to rely on the heavens and treasures to sustain life. Now, perhaps the Tiandi treasure is enough, so wake up. ""

Flower pity slowly said, this is her guess.

However, since it is a battle between the two sides, it is necessary to do the worst.

The worst plan is that the emperor is still alive!

"The old mushroom is alive, it is just one. We have so many helpers here, even if we meet, can't beat it, can't we still run?" Hua Li continued.

"Yes, so I was thinking, do you want to come in and take the initiative!" Ye Xuan nodded.

"All?"

The pity is a bit stunned.

"Yes, all, this is also insurance!"

Ye Xuan nodded.

On the side of the Tree Demon Alliance, there are a total of five Tongtian beasts with four artistic meanings, and a hundred unique ones. As for the artistic conception, the one-of-a-kind beast, thousands of people.

If these are gathered together, it will be a terrible army!

You know, the defense of the big blast empire is very fragile, because they were attacking before, and now they are counterattacked and immediately collapse.

"Well, I will bring them up immediately!"

Huai nodded, and then used a special method to call all the heavenly beasts around the headquarters.

It took about two hours to gather.

In these two hours, Ye Xuan also took the time to destroy a number of military camps of the big bacteria empire.

Two hours later, he received all of these heavenly beasts in the planting space, with more than 6,000.

More than six thousand, such as the mood of the heavens.

"Booming!"

At this time, the headquarters of the Tree Demon Alliance suddenly made a roar.

Ye Xuan turned around and saw that the sound was coming from the huge Tongtianbao tree.

"Oh, the tree is coming out!"

Flower pity muttered.

"Is it coming out?"

Ye Xuan shocked, did not understand what this means.

This Tongtianbao tree is actually a tree demon, but it is a four-fold fighting force.

Before Ye Xuan was not enough because of the realm, he couldn't see him, but now Ye Xuan has broken through to the mood.

"That is....."

Ye Xuan brows a pick, he saw the trunk with a radius of 100 meters, suddenly cracked a big mouth.

Then, a big man with a height of ten meters came out from inside.

"The old tree is no longer a tree demon, it is a magic tree warrior!" Hua Li explained.

"Devil Warrior, so to say, this tree demon has changed..."

Ye Xuan suddenly understood.

Originally, this tree was just an ordinary Tongtianbao tree. After the change, it became a tree demon. Once again, it was the magic tree warrior.

"Don't look at the old tree, it's not big, its power, but it's still above the big bear and the big mountain."  
Hua Li continued.

This sentence, but scared Ye Xuan.

The big bear is a black bear in the battlefield. It is full of two slaps, but the king of the king is seriously injured.

The mountain is the mountain giant as big as the mountain, and his strength is not small.

The power of this magic tree warrior is better than that of the big bear. Is it bigger than the mountain giant?

"Young people, don't underestimate me, but I have sucked a lot of human blood!"

This Demon Warrior suddenly came over and looked very clumsy, but Ye Xuan knew that his explosive power was estimated to be very amazing, and its speed may not be slower than Daikin.

"Tree predecessors, I have a lot of dead bodies here before, if you want, just take it!" Ye Xuan said directly.

"Haha, thank you very much. If you come more, you may be able to change again!" said the Tree Warrior with an old voice.

"Change again?"

Hearing this, Ye Xuan's dawn suddenly flashed.

The blood of his beast \*\*\*\* has been advanced several times, that is to say, he can also sign a contract with some Tongtian beasts.

At that time, if this magic tree warrior changes, the blood of the beast will not follow the advanced.

"Predecessors, you try this!"

Ye Xuan suddenly took out some of his own blood bottles from the swallowing space and threw them to the Demon Warrior.

"Oh, let me try!"

This magic tree warrior did not think much, directly crushing the blood bottle, and then thrown into the huge mouth.

The blood that is full of vitality is absorbed by the Demon Warrior. Suddenly, the Demon Warrior is making a comfortable voice.

"The tree is old, what's wrong with you?" Huari couldn't help but ask.

"Shuang, it's so cool!"

The Magic Tree Warrior exclaimed: "What blood is this, I have grown a lot. I have lived for 50 years, but now I feel that my life has improved for at least five years!"

"This, there is a blood in the body of the kid. Those blood bottles are actually my blood. If you need the tree, you can provide it infinitely..." Ye Xuan said quickly.

"Unlimited offer?"

When the Demon Warrior heard it, he strode directly to Ye Xuan. He just wanted to speak, and he seemed to think of something. He asked: "Boy, what are your conditions?"

He feels that Ye Xuan is definitely not providing blood bottles for free. After all, human beings are embarrassed.

"Predecessors are really eye-catching."

Ye Xuan laughed and said: "I want to sign a contract with my predecessors and become my help!"

"Haha, human beings are really embarrassed, would you like to tame me?" The Magic Tree Warrior suddenly laughed.

"No, it is a contract of mutual benefit and win-win."

Ye Xuan shook his head and said: "My blood can be provided in unlimited quantities. At the same time, I have some strange means. As long as you sign the contract, your combat power will increase by 50% in an instant. At the same time, the growth rate will increase by 50%. "

"Fighting strength and growth rate, increase by 50%?"

The Demon Warrior felt incredible, and this means, even the tree he had lived for nearly a thousand years, had never heard of it.

Perhaps it is because there are not many human beings he has seen. After all, the entrance to the secret world will not necessarily appear once in a hundred years.

However, every time the entrance to the secret is opened, he can make him feel good.

Chapter 1259: Third pet

"Yes, don't believe you ask her!"

Ye Xuan nodded, the next moment, the fall appeared beside him.

"Tree grandfather, the young master said yes, you can guess how old I am this year?" Falling and suddenly laughed.

"I can feel that your age is no more than twenty!" The Magic Tree Warrior replied honestly.

"Yes, I really don't exceed twenty. To be precise, I am less than sixteen!" Nod and nodded.

The Demon Warrior and the beasts around him were also surprised.

The sixteen-year-old pass-through is nine-fold, and this qualification has already smashed them into one hundred and eighty streets.

"You guess again, what is the realm I had a year and a half ago?" asked again and again.

"The gateway is nine!"

"Amazing atmosphere!"

"Amazing atmosphere!"

The surrounding beasts are talking in the animal language, and these words can be understood.

"Hey, a year and a half ago, I haven't met the young master. At that time, I was just a supreme!"

Falling down suddenly quite a small chest, a proud look.

"What, this is impossible!"

The surrounding beasts are incredible.

In a year and a half, how can it be possible to break through to the privilege?

"This is true. Before I met the young master, I was only supreme. Then, my cultivation speed was skyrocketing. I was supreme, the Supreme Three Difficult, the Vientiane, the Passive, and gave me two days, I can Break through to the mood!"

After the truth was finished, he added: "Oh, yes, before the encounter with me, the realm of the young master is almost the same as me."

In a year and a half, it has broken through so many realms, which is really scaring the dead.

If it is an average, it is ten days, breaking through once!

Moreover, Ye Xuan is also like this!

They did not expect that Ye Xuan actually climbed up step by step.

Hua Li suddenly remembered that before Ye Xuan said that he had no door and no faction, it turned out that this is true.

"This....."

The Magic Tree Warrior hesitated.

If the fall is true, then the potential of Ye Xuan is really endless.

"The tree is old, you can try it. If you are not satisfied, then you can cancel the contract. So many beasts look, I will not pit you!" said Ye Xuan.

"Okay, try it!"

The Magic Tree Warrior nodded.

"Complete!"

Ye Xuan directly redeemed a contract from the super-phagocytic system, and then laid it down.

"Hey!"

A huge contract of law was unfolded, wrapping Ye Xuan and the Demon Warrior.

Immediately afterwards, the Demon Warrior was inductive. Since it had already been discussed in advance, the Demon Warrior did not refuse.

"Hey, the host and the Demon Warrior have a successful contract!"

The system prompts.

Now, this Demon Warrior is Ye Xuan's third pet.

The first pet is Megatron, the second pet is the fall, and the third is the Magic Tree Warrior.

"Hey, the blood of the host's life tree has changed, and each advanced route has been upgraded once!"

Just after the contract prompt, another system prompts the sound.

Hearing this, Ye Xuanle opened the flower.

His vision, really good, this magic tree warrior really is a bit tolerant, even let his life \*\*\*\* tree bloodline advanced once, the ability to restore and detoxification has greatly improved.

"Hey, the blood of the \*\*\*\* of life, shared with the magic tree warrior!"

The third system prompts the sound, and kills Ye Xuan a surprise.

"I rub, share with the Magic Tree Warrior?"

Ye Xuan was shocked.

This means that the tree will be very tenacious in the future. As long as the heart of the tree in the body is not destroyed, it can be restored indefinitely.

"You are right, I feel that my strength has improved a lot."

The Demon Warrior was also shocked and turned to the bears: "Come, hit me!"

The big bear said nothing, stepped on the big step, and slapped it on the thigh of the Demon Warrior.

"Snapped!"

A crisp sound spread.

However, the Magic Tree Warrior is not moving.

"Roar!"

The big bear can't believe that he and the Demon Warrior are both in the same level. The strength of the Demon Warrior is bigger than him, but his slap can still give the Demon Warrior a retreat.

But now, there is no point at all.

When the bears took back the bear's paw, they only saw the place where they were photographed and collapsed, and they quickly recovered.

"Kid, the blood of this life tree in your body, it is really amazing, I feel that my absorption capacity has also improved a lot. Fast, get more blood bottles for me!" The Magic Tree Warrior said a little excited.

"no problem!"

Ye Xuan directly squandered the blood bottle to the Demon Warrior, the latter directly a big mouth, one by one swallowed.

Although the Demon Warrior has the blood of the life tree, he only has more resilience, because there is no blood in his body, and Ye Xuan's blood is a big tonic for it.

"Hey, the Demon Warrior breaks through, and the current is five-fold!"

The system suddenly prompts.

After swallowing hundreds of blood bottles, the shape of the Demon Warrior has also grown a point, and even broke through to five.

"Haha, I broke through, I thought I couldn't break through in my lifetime!"

The Demon Warrior laughed wildly and his voice was a lot younger. He felt that this time he was right, he really made a big profit.

"Congratulations to the old breakthrough!"

When I saw it, I said it quickly.

"Hey!"

"Roar!"

A group of Tongtian beasts are also excited to scream, as if they were their own breakthrough.

At the same time, there are also a lot of Tongtian beasts looking at the envy, but some are looking straight at Ye Xuan, hoping to tame them.

However, no special skills, Ye Xuan is not.

"Well, some blood in the body has accumulated, so slowly absorb it, come on, kill directly to the big mushroom empire, even if the old mushroom is still there, I am not afraid!"

The Magic Tree Warrior said loudly.

The old mushroom in his mouth is the emperor of the big mushroom empire, such as the five artistic conception.

He is also five-year-old, and there is such a strong resilience. Can you still beat the old mushroom?

"Roar!"

Upon hearing this, all the beasts of the heavens boiled up, and then they were taken into the planting space by Ye Xuan.

"The war will start, now directly into the depths of the big blast empire!"

Ye Xuan's mouth is slightly tilted.

Before he was still a little afraid of the king of the king, it seems that it is no longer needed.

Today, perhaps the day of the demise of the big blast!

At the moment, all the beasts and beasts, including Hua Pi, were all received by Ye Xuan in the planting space.

This is a terrible army. Now, Ye Xuan is their commander!

"The Eye of Void!"

Ye Xuan broke open the void and came to the territory of the big blast empire.

Since the old tree has already broken through to the five-fold conception, then he does not need to fear the king of the king, so he rode directly from the air on the road.

Chapter 1260: Emperor king

This time, Ye Xuan is going to airborne, landing directly in the depths of the big mushroom empire, killing each other is caught off guard.

Of course, those living things on the way are all killed by him, and they are treated as extravagant.

After half an hour.

Xiaobai came to the sky above the big blast empire.

"Wind and snow demon spirit carving, you are so courageous, dare to come to the site of my big blast empire, you are self-investment."

A violent bang sounded, and there were already thousands of masters of the big blast empire, including three kings of the king.

Ye Xuan felt a bit and found that in addition to these three breaths, there is a mysterious atmosphere, stronger than the three kings of the king.

It seems that this is the king of the king!

"The emperor king mushroom seems to be in that big mushroom!"

Ye Xuan's projection in the planting space said.

"Well, let us go out and kill them."

The Demon Warrior is already starting to gear up.

"No hurry, let me cool first!"

Ye Xuan sneered, directly let Xiaobai land quickly, and at the same time, there was a streamer from his hand.

"Sharp storm!"

This move is the real killing of Ye Xuan. The last time it was a light enemy, it was only shook by the Xuan Ming Shuangyu with the ice and fire, so it was wasted.

This time, there are thousands of soldiers of the big blast empire, and there are still far-reaching people coming, so Ye Xuan wants to kill a happy.

"Killing feast!"

At the time when Zhen Tianjian incarnates a thousand blood swords, Ye Xuan also opened this magical skill.

Killing feasts, every time you kill one person, Ye Xuan's strength will improve.

Now, with so many large-scale empire soldiers, if he is completely killed, his strength can at least double or even double.

At that time, thousands of blood swords were turned into a stream of light, and there were thousands of large-scale empire soldiers around.

Zhentianjian has his own consciousness, so Ye Xuan does not need to control, but the killing speed of Zhentianjian is very fast. He is quick to get started, and the time of blinking is that there are more than 2,000 mushroom people.

Ye Xuan's strength has doubled directly!

"Haha, your three opponents are me!"

After seeing the three kings of the kings, they were ready to smash all the Megatron days, but at this time Ye Xuan suddenly laughed and rushed toward the three kings.

Before him, it was a bit tricky to deal with a king-like king of the king.

Now his killing feast continues to improve, and dealing with three should not be a problem.

If those mushroom people are all fallen, then Ye Xuan is estimated to kill the three kings of the king.

However, it is at this time.

"District humans, dare to let go in my place, you are so bold!"

An old voice came out. I saw that in the mushroom of the height of the front, a purple-black tall mushroom was drilled, and it was full of nanometers.

"The emperor king, you finally appeared!"

Ye Xuan's light flashes.

For this king of the king, Ye Xuan does not want to be an enemy of him, but this time he has received a new pet, enough to fight the king of the king.

"The tree is old, this king of the king is given to you!"

Ye Xuan's light flashed, and the next moment, there was a figure around him, it was the Demon Warrior.

"no problem!"

After the tree appeared, it exploded all the breath, and the three kings of the king were trembled.

"This old dead wood, even broke through to the five-fold conception?"

The three kings of the king's bacteria are gloomy.

This is trouble!

Their father, the emperor's king, is just five elements.

But now, the Demon Warrior has even broken through to the top five, and their advantages are gone.

"Oh it's you!"

The Emperor King of the Emperor recognized the old tree and said: "Five hundred years ago, we fought a battle. After that World War I fell asleep, and you were seriously injured. I didn't expect you to live to this day!" "

Five hundred years ago, he was already five in the mood, but because of the proliferation of too many children, he and the old-fashioned tree were tied.

For five hundred years, the tree has recovered from the body of the sacred beast and the body of human beings, and it has only recovered to the peak some time ago.

"The old age is not so easy to die!"

The Demon Warrior sipped, clenching his fists directly, and then squatting toward the ground.

The double fists broke into the ground, and the next moment, the whole area was stretched out with countless vine branches.

"Oh!" "Oh!" "Oh!"

A burst of sound spread.

These sharp branches stick out from the ground and directly pierce the influential large-scale empire soldiers around the ground, opening up a channel for the old tree and the emperor.

"Old dead wood, die!"

The emperor's king was furious and pulled out a huge bone knife and rushed toward the tree.

"It's you who died!"

The tree grows up and greets them.

In the blink of an eye, the two are fighting.

"Hey!"

The big bone knife of more than three meters in the hands of the emperor's king of the genus, squatting, but was taken by the old tree.

"impossible!"

The Emperor King of the Kings felt incredible.

At that time, due to excessive reproduction, his strength dropped greatly. In recent years, he recovered with a large amount of natural materials. Now even if the tree is old, it becomes a magic tree warrior. If it breaks into the five-fold situation, it is impossible to take him.

"Haha, do you think I was the strength of that year?"

The tree laughed and slammed a punch.

"Hey!"

The blow was fast and fierce, and it was directly on the head of the emperor's king. The emperor's king's fungus flew out and the knife was gone.

Just one cover is the difference.

The Magic Tree Warrior who recognizes Ye Xuan is not only broken into the five-fold conception, but also has increased the strength of 50%. The strength has surpassed the emperor.

"No, this is impossible!"

The emperor king is still the shocked look.

"Nothing is impossible. Today is the day when your big blast empire is dead, die!"

The tree did not say anything, and directly held the big knife in his hand and rushed toward the emperor.

This battle, it is estimated that three seconds can be divided.

At this time, on the other side.

Ye Xuan's opponent is three kings of the king of the four kings, but as time goes by, his breath is getting stronger and stronger.

Up to now, there have been 3,000 soldiers who have died in the storm.

The killing feast will increase with the number and rank of the people killed, not only that, but this increase has even a blade storm.

After a second, a full five thousand troops were turned into corpses.

Ye Xuan's strength has tripled.

"Shuanglong Jianzhong!"

Ye Xuan's light flashed and a huge golden bell fell.
