Chapter 126: kill!

Tian Jia originally had three recommended places, plus three of Tian Zhen's inspections, that is, six. However, this does not mean that Tian Jia only has six people, because other people can also participate in the knockout.

The reason why I use the recommended places is not to make people gossip.

If Tian Ming is going to participate in the knockout round, there will definitely be a lot of people chewing on the tongue.

At this time, not far from Ye Xuan, there are two young people wearing Tianjia costumes. They are holding a Tianlei gun in their hands and seem to be ready to put another one.

"Look at this, they seem to want to attract other people to come over, then rob the points, and join the other Tian family's children."

Ye Xuan saw through the intentions of the two men.

However, when he went out, there were three figures that converge toward the two Tian family, so he stopped again.

"Hey, did you attract three people?"

The two Tianjia children suddenly jumped out of the tree.

"Tian family?"

After seeing the costumes of the two men, the three warriors were also surprised. They immediately turned around and ran.

"Want to go? Leave me!"

The two Tian family quickly smashed out and quickly killed the three and then transferred their points to their identity token.

"Cut, a total of one thousand points."

A Tianjiazi spit a spit and said disdainfully.

"This is not bad. A Thunderbolt is less than one or two gold. One thousand points, but one thousand two gold. As long as we finally pass the points to Tian Ming, then we will make a big profit."

Another Tianjiazi said.

"That's right, but our clothes are really good. They will run directly when they see us, and they won't even return."

"That is, we are surnamed Tian, although we can kill people here, but who dare to really start with us?"

"Haha, it seems that I can make a fortune. After this time, we may be able to break through to the tenth peak of the martial arts."

Just as the two disciples were chatting, suddenly there were two broken sounds.

"Sneak attack?"

The two just reacted, but in the next moment, their hearts were filled with a sigh of relief.

Ye Xuan came out from afar.

After catching the oriole, it is obvious that he is the oriole.

"Hey, I still wear two treasures of the top-quality goods. Is this person so afraid of death?"

Ye Xuan opened the clothes of one person and said something strange.

Fortunately, he was attacked by him. Otherwise, he would only be able to break the two treasures.

However, this is also cheaper for him, which is an unexpected income.

Both of them are the martial artists in the mid-tenth of the martial arts. They are also the elites of the Tian family. Their points add up to about 30,000.

As for the other things, they were all swallowed up by Ye Xuan.

"I don't know if my behavior is mapped on the open mirror."

After cleaning the battlefield, Ye Xuan couldn't help but think of it, but he was not afraid.

In the Imperial Capital Competition, murder is allowed, and there are so many people here that the probability of appearing on the sub-mirror is very small.

Moreover, after this contest, he must be appreciated by a big man. Is it afraid that there is only one Tianjia who is inspecting?

Then, Ye Xuan left directly.

This time, he got 30,000 points, equivalent to 300,000 gold, this emperor contest is really very profitable. However, if you want to convert points into gold, you must squeeze into the top 100.

Ye Xuan had seen the ranking stone before, he has already rushed into the hundred, and now with these 30,000, there are already nearly 200,000 points, he estimated that he is ranked around 70.

However, this is only the first day. As we get to the back, the fewer people will be left and the points will be higher and higher.

This evening, Ye Xuan was walking around, and this empty mirror was not much different from the outside. He was busy for one night and then hid in a cave.

At this time, his points have reached more than 300,000, most of which are robbed, and some are obtained by smashing or killing monsters.

However, the biggest gain is to devour a lot of things, he estimated, at least two swords.

At the same time, after a night's time, the rankings of the standings have also changed.

Jiang Xian, the son of the general of the National Defense Army, has reached 1.8 million points.

The other five true spiritual realms have only changed in order, and the points are about 1.5 million.

However, to everyone's surprise, the seventh to tenth, there is a strange name.

Zhao Pan!

Originally from the seventh to the tenth, they are all children of the Emperor's Zhongda family. Everyone knows. But now this one is Zhao, so that everyone can't figure it out.

He is ranked tenth with a score of five thousand.

When Ye Xuan saw the name, he was shocked, but he thought that there were nearly 10,000 people who participated in the Imperial Capital Competition. The same name and the same name went. He also found several Ye Xuan's, and called Ye Zhang's, so I didn't care too much.

Although it has not yet squeezed into the top ten, Ye Xuan does not feel that it is the first day. Moreover, most of today's big ones are picking up the treasures of heaven and earth, occasionally encountering talents to rob, and the strength of the people they encounter is particularly bad. There is no tens of martial arts peaks.

He rested in the cave for two hours, and the sky was bright, then he left and continued hunting.

However, he had just left, and he met a young man, a seemingly ordinary youth. However, Ye Xuan can feel that the other party is playing pigs and eating tigers.

"It feels like the tenth peak of the martial arts. It seems that there are quite a few points."

Ye Xuanchao relied on the past.

"Ok?"

The young man's senses were also very strong. He found Ye Xuan. When he saw Ye Xuan's face, he subconsciously said, "So young?"

He is indeed the tenth peak of the martial arts, but it is already twenty-five years old, just in line with the requirements of the Imperial Capital.

"How about young?" Ye Xuan stopped and smiled.

"I don't think it is easy for you to practice. You leave the score card. I will let you go." The young man sighed.

"Oh? If I don't stay?" Ye Xuan's mouth tilted slightly, and he liked someone to despise him.

It was said that this young man's face changed immediately. "If that is the case, then I can only do it myself."

When his voice fell, his figure was a flash, and the whole person swooped toward Ye Xuan like a cheetah.

"It's still a trainer, and it's good."

Ye Xuan instantly saw that this person had been refining the body. However, in front of the blood of his beasts, any refining exercises were slag.

"Hey!"

The two men clashed, and the young man flew out and slammed into a big tree.
