

Super D. S 1271

Chapter 1271: Dark night sky

If the two sides compare the strength, the road family is currently as good as the five-fold, plus the old one, in addition, there are more than three hundred.

The strength of the Wu family is actually similar, but they also have hundreds of killers, as well as two owners of the Feizhai Village.

The war has not yet started, and the road family has already known their ending.

At this time, Ye Xuan, who was mixed in the disciple group, shimmered.

The two just didn't agree, but they made a point of life and death.

This is a world dominated by the strong, and anything can be done for the sake of profit.

However, he does not intend to stand by and prepare for a big fight.

The old tree has already got a lot of benefits. If you give those things to him, then he can break through to the triple.

At that time, it is estimated that few of the people present can stop him.

He may be the biggest beneficiary today, not the two owners who fly in the village.

"The road is now my own. Although Lu Tiangong and I have hatred, I am standing on the roadside side today. After all, Lu Tiangong will be killed by me!"

Ye Xuan thought in his heart.

Nalan Ice was furious when Momo was dead in his hands.

This is everyone's temper, and those who have their own enemies, they want to kill by themselves, so that they can vent their anger.

If you die in the hands of other people, then this gas will always be backlogged, not good for the mood.

Ye Xuan's plan is very simple, that is to help the road home to win this battle, and then find Lu Tiangong to settle accounts, ask Xuan Ming's double-minded things.

At this moment, the atmosphere of the two sides is very tense, and the disciples of the Qingyang Jianpai are also far away, for fear of being affected.

No one would have thought that there would be such a big war in Qingyang Jianpai, and it was still his own, and there was a master of Feiyanzhai.

However, in their hearts, they believe that the defeat must be the road home.

Ye Xuan saw that no one had shot yet, and quickly rushed toward the tree, and when he started the war, he immediately broke through to the three-fold situation and killed the Quartet.

"All Wu family listened to orders and killed!"

After a few seconds of silence, Wu Junying was a big drink.

Suddenly, all Wu family members rushed to the road home. At the same time, the group of killers also saw the action.

"Flying, poisonous, you two stopped Lu Tiangong and Lu Heng!"

At the beginning of the war, Wu's ancestor Wu Qianshan screamed and rushed in another direction.

This direction is the tree's old giant wood guardian enchantment.

Wu Qianshan is the end of the oil, and after this war, the life will be damaged, so he must get the best.

"Qingyang is broken!"

Wu Qianshan, who is five in the mood, immediately called the life of the instinct and aimed at the giant wood guardian enchantment to launch an attack.

"boom!"

Sword Mang broke away and landed on the giant wood guardian enchantment, breaking a lot of tough branches.

However, after the branches were broken, they quickly recovered.

"Good resilience!" Wu Qianshan's face sank.

At this time, another figure plucked.

"Big Brother, I will help you!"

Wu Qianshan's younger brother, Wu Qianshui, came to help.

There are only two roads in the road, such as the five-fold, and the two owners of the Feizhai Village are enough to block.

Therefore, Wu Qianshan wants to kill the tree first, and then the situation is almost stable.

In their hearts, the old fighting power of the tree may not be as good as the road, so the priority is to kill.

However, they are wrong.

"Ha ha ha, old tree, my giant wood guardian enchantment, but not the average person can break!"

In the huge tree nest, there was a loud laugh from the tree.

At the same time, Ye Xuan has already swept over, and then the tree hurriedly broke open a hole and let Ye Xuan come in.

"Little Master, something for you, kill the Quartet!"

All the things that the tree veteran got from Lu Tiangong were thrown to Ye Xuan.

"Okay, the tree is old, you are careful!"

Ye Xuan nodded and directly swallowed the things worth 100,000 Ruyi Dan.

"Hey, the host breaks through, and the current situation is triple!"

A system prompts to sound, so that Ye Xuan's strength has changed dramatically.

If he is a triple-minded person, it should not be a problem to deal with a five-fold situation. But don't forget, he also has a variety of cards for killing feasts.

"Hey, the host triggers random missions, killing Wu Jiaru's artistic masters by a single person, the number is one hundred, and that the death of the road home is not more than one hundred. The mission completes the reward and rewards all pets to break through once!"

Another system prompts to sound, let Ye Xuan smash.

He was the first to see this random task.

However, the reward is really tempting. All pets can break through once. That is to say, after the mission is completed, the tree can break through to the six-fold situation.

"I have to kill a hundred masters of the Wu family alone, and then we must ensure that the death of the road masters is no more than one hundred..."

Ye Xuan thought about it quickly.

The task is prompted by the Wu family, which means that the killer is not included. Therefore, he must concentrate on the Wu family.

As long as he kills Wu Jiabai people alone, in fact, the battle is almost the same, and the road family is estimated to die and will not die to one hundred.

"Megatron, don't use a blade storm this time!"

Ye Xuan said in his heart.

Megatron's Bladestorm is a big move. This task seems a bit cumbersome, but it's actually very simple.

Don't forget, there are still falling!

At the moment, Ye Xuan is directly away from the giant wood guardian enchantment.

Now, it is time for him to show his talents.

"Come on, night sky!"

Ye Xuan's light flashed, and the next moment, the sky began to darken.

The night sky curtain is a reward for destroying the random task of the big mushroom empire in the wood fine market. It can turn the sky into the night and cool down for one day.

In this way, Ye Xuan has the passive boost effect of assassination.

"what happened?"

"How is it dark?"

"Everyone is careful!"

All the people around were shocked.

The end of the sky, how suddenly it became dark clouds, and it was very dark, not a trace of light.

Fortunately, the war is a master of the mood, with knowledge, so they can still play.

"Killing feast!"

Ye Xuan is hidden in the night, and the passive state of assassination exerts its effect.

Fighting power and speed have all been significantly improved.

"kill!"

After he screamed in his heart, he also directly killed.

At the same time, the fall is also directly appearing, and then the eyes of charm.

This pink big eyeball appeared under the night, causing everyone's attention.

Although it is still only a matter of conception, it will soon break through to the second level of enlightenment. Her move directly controls nearly fifty Wujia masters who are both heavy and double.

Chapter 1272: Recognized

"kill!"

Drop directly to these people and give orders.

Suddenly, inside the Wu family, there was a sneak attack.

"Hey!" "Hey!" "Hey!"

Along with the swordsmanship, the masters of the Wu family who were controlled began to attack their own people. In the case of sneak attacks, fifty people killed more than 20 people in an instant.

At this moment, Ye Xuan, who is hidden in the darkness, has already launched a killing. His goal is to be a master of the Wu family who is one, two or three.

"Sure enough, although the task is only a single kill, but the fall is my pet, the object she controlled kills the Wu family, it is also on my head."

In the heart of Ye Xuan's heart, it seems that this random task is very simple.

In the blink of an eye, fifty were completed.

The first wave of charge from Lu Jia and Wu Jia and the killer side only degraded more than a dozen people.

"what happened?"

Wu Junying, the head of Qingyang Jianpai, and others are confused.

Why are the people of Wu family suddenly shooting for themselves?

Can't it be done, bought by the road family in advance?

"No, it's the pink eyeball, it controls them!"

Wu Qianshan and others immediately responded, but unfortunately, the fall has already been shot.

"Hundreds of monsters and foxes!"

"Seven-color demon fire, a thousand layers of explosion!"

Falling down and taking out the best skills, directly bombing the Wu family.

"Hey!" "Hey!" "Hey!" "Hey!"

In the air, there was a wave of waves, and the roar continued.

Although the fall is only as important as the mood, but her strength can also be challenged by level, and the group attack ability is strong, but in a round of bombing, there are more than a dozen warriors who are artistically degraded, among them, there is a Wu family with a blue background. Master.

"thirty!"

"forty!"

"fifty!"

The number of kills in Ye Xuan's mind has been constantly increasing.

Breaking through to the triple of the artistic conception, he can almost kill the master of the three-level mood, even the ice fire double dragon sword array does not need to use.

"Yanlong is unparalleled!"

"The Eye of Silence!"

Ye Xuan hidden in the darkness, crazy killing the master of Wu family.

"Second brother!"

When Wu Qianshan saw it, he immediately sipped a sentence and quickly rushed out.

The eyes of the charm and the fall must be solved as soon as possible, otherwise things will be troublesome.

At the same time, he also discovered that there is a suspected killer who is killing the master of the Wu family.

"yes, Sir!"

Wu Qianshui nodded and immediately plunged and fell.

The two ancestors of the original Wu family, the goal is to be old, but now they have to leave.

"Haha, have been playing for so long, want to go now?"

The tree in the giant wood guardian enchantment suddenly laughed. Then, this giant wood guardian enchantment grew rapidly, directly blocking Wu Qianshan and Wu Qianshui.

"Godwood prison, give me the honesty!"

The old voice of the tree fell into Wu Qianshan and Wu Qianshui's ears. At this time, they found themselves trapped in a jail wrapped in branches.

"breakthrough!"

Wu Qianshan drank a low sentence and joined forces with Wu Qianshui to attack a little.

The defense of this Shenmu prison will be weaker than the giant wood guardian enchantment, but the tree is not ready to trap them for too long, three seconds is enough.

Three seconds, it seems to be very short, but now the battle is the master of the mood, three seconds for them, very long.

If Wu Qianshan and Wu Qianshui are trapped for three seconds, this battle will probably be a winner!

At this time, in the distance and high altitude.

"Tragic, the two ancestors of the Wu family were trapped!"

The flying cockroaches and the poisonous cockroaches changed their face.

The task of the two of them is to stop Lu Tiangong and Lu Heng.

But now, things are not as easy as Wu's and their imagination. Wu's family still has a few difficult tasks, so this victory is hard to say.

Falling, Ye Xuan, and the old tree, these three people shot, in the blink of an eye, let the road home in the downwind, stepping down the Wu family with an overwhelming trend.

The situation suddenly became horrified.

"Big Brother, what do we do?"

After seeing this scene, the drug lord quickly swept away and asked for it.

"Not too optimistic!"

The flying scorpion shook his head and said: "I didn't expect that there are so many masters hidden in the road, no wonder so calm!"

"Then we..."

Poisonous frowning.

"Look again, if the situation is not right, leave immediately!" Fei Yan sipped a low sentence and rushed to Lu Tiangong again.

The emergence of Ye Xuan and the fall, disrupted the Wu family's position, even the road family, do not know where Ye Xuan and the fall came from.

It's hard to be true.

What a joke!

"Wait, that little girl..."

At this time, Lu Tiangong flashed a light, seems to think of something.

Before he escorted the mysterious scorpion, before going to the next location, Xuan Ming Shuangyu once took a portrait to him.

The person on the portrait is a fox girl, that is, falling.

Unexpectedly, I have encountered it here!

"The two predecessors said that this fox girl is a group with the young man who left that day. It is difficult, the young man is also?"

Lu Tiangong suddenly remembered Ye Xuan who had left the void on the same day.

However, he did not have time to let him think, because the flying dragonfly had already been killed.

Right now, let's solve the battle between the two families first!

"Hida, you dare to intervene, I want you to go back!" Lu Tiangong suddenly screamed, the next moment, his left eye mask is turned into nothingness.

The eye of Vientiane!

The average person uses the power of Vientiane, but also needs to move, but the road Tiangong, who has the eyes of Vientiane, can be displayed separately.

Suddenly, the flying dragonfly felt that there was more power in Vientiane.

"Is this the ability of Vientiane's Eye, but this can't help me!"

Flying in the heart of the cold road.

At the same time, he is also fortunate. Fortunately, there is only one Vientiane eye in this road. If it is two, then it will be troublesome.

As for the other Vientiane eye of Lu Tiangong, no one knows where it is.

At that time, the two began to fight.

At the same time, the battle between Wu Jia and Lu Jia has entered a stage of white heat.

"Hey, the host reached the first request for a random mission!"

Ye Xuan, who is hiding in the darkness, suddenly sounds a systematic sound in his mind.

The first requirement of the random task is to kill the master of the Wu family to reach 100 people.

"It's so fast..."

Ye Xuan did not expect that after all, the battle began three seconds.

There are more than 300 people in Wu's family. Now that one hundred have died, there are still two hundred left. Fortunately, there are also killers from the local government.

However, the fallen people of the road family, but only died more than 30.

There is still a big gap between the 30 and 100. After all, the number of Wu family camps exceeded the road home.

Chapter 1273: Old ancestors, dead!

"When the mission is completed, then the next step is to keep the master of the road!"

Ye Xuan thought in his heart, that is, directly killing the four-armed warrior.

Lu Jia and Wu Jia, each have more than a dozen elders who are four-minded, as long as the Wu family is a master of this level, then this battle can almost be divided.

However, at this time, in the distant Shenmu cage, suddenly two figures were taken.

"Little Master, I underestimated them, only trapped for more than a second!"

The tree is a little embarrassing.

"No problem, one person!"

Ye Xuan does not care, the district is as artistic as the five-fold, small meaning.

After all, he has already controlled the new batch of masters with the eyes of control, all of which are three-fold.

These people are all killers, still hidden, not yet exposed.

"Wu's ancestors are, I dare to beat my best idea of not being old, really looking for death!"

Ye Xuan's eyes shone and greeted him directly.

"Peace!"

"The Eye of Brilliance!"

"The killings broke out!"

"Ice and Fire Dragon Swords!"

Ye Xuan's card was layered and killed to Wu Qianshan.

"It's you!"

Wu Qianshan's eyes were red, and he recognized Ye Xuan.

Only then was he trapped in the prison of the gods, and Ye Xuan was hidden under the night, and even he could not find out.

Now, Ye Xuan himself exposed, as long as he killed Ye Xuan, then things have a turn.

However, he thought too naive.

"You, start!"

Ye Xuan gave orders to more than 20 masters who were in control of the situation.

Suddenly, they began to attack the Wu masters around.

In the roar of the road, the masters of Wu's family fell and were caught unprepared.

"what?"

The people around are shocked.

Why did the killers who were hired suddenly become rebellious?

Is it because of the pink eyeball?

"Kill, all who are right with my Wu family, all killed!"

Wu Junying, the head of Qingyang Jianpai, screamed loudly.

The Wu family had rebelled more than 30. Now even the killers have been rebellious, and this is troublesome.

"Second brother, let's go!"

After seeing this scene, Fei Fei did not dare to stay again and left.

"go!"

The drug lord is also leaving directly.

Of course, the main reason for the departure of Feifei is because the road is too powerful. If it is ten seconds, the flying dragonfly will probably be killed by Lu Tiangong.

The situation has actually been settled, and the Wu family has lost!

"Flying, poisonous, you two dog days!"

Seeing the flying cockroaches and the poisonous cockroaches leaving, the Qingyang Jianpai head Wu Junying couldn't help but anger.

He spent 350,000 Ruyi Dan as a deposit. However, he did not expect that this flying dragonfly and the drug lord had not been in battle for five seconds and became a deserter.

The key is, who can stop the road and the road when they leave?

Lu Tiangong looked at the flying cockroaches and the poisonous cockroaches, and the light shimmered. Although he wanted to kill the cockroaches and the poisonous cockroaches, there is no such time.

At this time, he turned his eyes and swept to a battlefield.

There are five figures in the fight.

The tree is old and Wu Qianshui, and Wu Qianshan is entangled by a pair of twins.

This is not the point. The point is that Wu Qianshan has actually fallen to the bottom.

"That kid..."

Lu Tiangong has a trembling shape.

really!

Falling is the person who Xuan Ming has to find, Lu Tiangong has confirmed, and now he also saw Ye Xuan, can be more certain about this.

However, he was surprised that he saw Ye Xuan who fled and left like a mouse on the same day, but he was only a ghost.

However, it took only a long time for Ye Xuan to grow to the point where he could compete with Wu Qianshan.

This is not a representative, can Ye Xuan fight with him?

Thinking of the rewards of Xuan Ming's eyes, Lu Tiangong also hesitated.

As long as you catch the fall, then he can make a huge reward, breaking the magic!

However, Ye Xuan and Luo are now helping them. If they don't have these two people, they must be suppressed.

At this point, if he is shooting against the falling, it should be too bad!

"First solve the Wu family and say it again!"

Lu Tiangong immediately made a decision.

This is the right decision. After all, once he has shot down, Ye Xuan is likely to turn to the Wu family. When it is time, the road is broken.

At the moment, he is along with the road, sweeping Wu Qianshan and Wu Qianshui.

Originally, the Wu family had four masters with five meanings. Now, with the departure of the scorpion and the drug lord, there are only two left.

At the same time, those who were invited to the local government to kill, after seeing the situation is wrong, they also left.

The Wu family camp has dropped rapidly from the original 400 people to more than 100 people.

And the road home is twice as much as them!

The battle is over!

However, Wu Qianshan and Wu Qianshui are both five-fold existences. For Ye Xuan, it is a huge killing value, so you can't miss it.

"Ok?"

Ye Xuan, who is attacking Wu Qianshan, suddenly felt two breaths. He turned his head and saw that it was Lu Tiangong and Lu Heng.

"Do these two people have to deal with me, or do they want to join hands?"

Ye Xuan eyes a glimpse.

At this time, although he was easy to pass, the breath changed a bit. However, the Luolong and the Shuanglongjian array had exposed him. Therefore, he suspected that Lu Tiangong should have recognized him.

Ye Xuan thought in his heart, if Lu Tiangong shot him, then he immediately turned to the Wu family and directly killed Lu Tiangong.

However, he felt that Lu Tiangong should not be so stupid. After all, the words were wrong and all were lost.

If Lu Tiangong dares to shoot him, then this road home may still be a winner, but will be slaughtered by Ye Xuan later!

"I will help you!"

Lu Tiangong screamed and killed Wu Qianshan.

In fact, when the flying cockroaches and the poisonous cockroaches left, Wu Qianshan and Wu Qianshui knew that they were dead today.

"Lu Tiangong, remember the agreement of the party!"

Wu Qianshan drank a word.

They only had an agreement before the battle, and the winner should not shoot the other person who is below the ideal, that is, don't kill it.

Now that Wu's family has been defeated, Wu Qianshan naturally wants to preserve his own people.

"it is good!"

Lu Tiangong immediately responded.

As long as the masters of Wu Jiaru's artistic level are all degraded, then they will not be threatened, and there is no need to kill them.

"Big brother!"

Wu Qianshui, who was fighting with the old tree nearby, suddenly drank a word, and he suddenly thought of something.

At this time, Wu Qianshan drank a sentence, directly to the neck of his hand with a long sword in his hand.

When I saw this scene, everyone was shocked.

Wu Qianshan, the ancestor of the Wu family, actually committed suicide?

"I rub?"

Ye Xuan was shocked. This is a big killing value. Can you let it go?

However, he is still a slow step.

"Oh!"

In a crisp sound, a skull was thrown up.

Wu Qian ancestor Wu Qianshan, dead!

Chapter 1274: End!

Ye Xuan stayed, thinking that this road will come together to make fun of it. If he let himself do it, he will be able to kill Wu Qianshan within five seconds.

It's a pity that his speed is faster than that of Wu Qianshan's suicide!

At this time, Ye Xuan quickly fell on Wu Qianshan's younger brother Wu Qianshui.

"Oh!"

Another crisp spread, Wu Qianshui also committed suicide.

The overall situation has been set!

Now, the Wu family is already a master of the five-fold situation.

"Old ancestors!"

After Wu Junying and others saw the two heads, they immediately sipped a sentence.

The two ancestors have fallen, which means that these people will also die.

After all, the road home can't let them leave this group of threats, and all the level of the situation will die!

"Follow the ancestors!"

Suddenly someone violently sighed, and a master of Wu's family also committed suicide by wielding a sword.

"Road, follow the agreement!"

"Oh, my father will take a step first!"

"Goodbye in the afterlife!"

One of the masters of the Wu family, who committed suicide, fell from the air with a body, and the blood was like a downpour.

In the Qingyang sword faction, the blood flows into the river!

In the blink of an eye, there are only more than 30 levels of the Wu family left, and almost all of them are young geniuses. They fear death, so they don't do it.

In addition, there are the group of land killers controlled by Ye Xuan, and some of the Wu family.

The road family did not win the battle, just surrounded them.

As for the group of killers, it has already escaped far.

"Catch, the group of killers can't let go!"

The road cross responded and immediately violently shouted.

Although the group of killers came from being hired, they also killed some road family members more or less, so the road family would not let them go.

At the moment, the four masters of the road in the home, all chased out.

Fight, end!

However, before Ye Xuan, it was already taking the exit of Wu Qianshan and Wu Qianshui, earning more than 100,000 Ruyi Dan.

At this point, the audience was silent.

The group of Qingyang Jianpai disciples around the group, all holding their breath.

In Qingyang Jianpai, all the disciples were surrounded and there were more than 20,000 people.

They all know that there will be no Wu family in the Qingyang sword faction in the future, only the road family, and the future head will also be the road family.

Although a large number of Wu family members committed suicide, there are still a few high-ranking Wu family members, including Wu Junying, the head of Qingyang Jianpai.

"The king is defeated, today, my Wu family is defeated!"

Wu Junying was on the ground and said to Lu Tiangong: "Lu Tiangong, the ancestors and your promises, remember?"

"You can rest assured that my home will not kill you!" Lu Tiangong nodded.

"Okay, then I am relieved!"

Wu Junying nodded: "Just, I don't understand a bit, my Wu family, why is it lost today?"

When he finished, he also set his sights on the three Ye Xuan. If there was no such battle, the Wu family would not lose.

Looking in the direction of Wu Junying, Ye Xuan suddenly gathered more than 20,000 people's eyes.

Among them, Ye Xuan is also wearing the clothes of the children of the road family.

"Oh, I am not a road family, I just came in to find someone." Ye Xuan opened his mouth and smiled.

When the words came out, the people around them were all shocked.

Find someone?

Then just happened to meet this battle?

This should say that Wu Jiayun is in a bad mood, or is it that the road home is lucky?

There are many people who guess in their hearts. Who is Ye Xuan looking for?

At this time, Lu Tiangong said: "You kid, come to me to take revenge!"

From the falling, ice and fire double dragon sword array, he already knows that Ye Xuan was the one who fled the day.

"Not bad!"

Ye Xuan nodded and directly removed *, revealing the true face, said: "You almost killed me on the same day, I am here to find you revenge, but I do not want you to die in the hands of others, so I helped a little A little busy."

"boom!"

Hearing this sentence, Wu Junying and others couldn't help but spurt a blood.

Although Ye Xuan is looking for someone who is Lu Tiangong, there is a grudge between them. Ye Xuan wants to kill Lu Tiangong personally, so he helped the road home.

It seems that God is really going to destroy the Wu family, otherwise how could it be just right?

"Then you have to do it now?" Lu Tiangong eyes a glimpse.

"For the time being, you can deal with your family's affairs first." Ye Xuan shook his head.

"It is good!"

Lu Tiangong also ignored Ye Xuan and turned to look at Wu Junying.

Wu family, there are still some warriors who are not in the mood, so they must be solved, otherwise it will be endless.

At this time, Wu Junying also suddenly stood up, and then turned to look at the group of Wu family youth genius.

"Door, no, don't..."

"I don't want to die, uncle, let me go..."

"Hey, what do you want to do, eh?"

Among these young people, there are Wu Junying's own sons, but the road family will not keep them.

"I am sorry for you, go on the road!"

Wu Junying sighed and swept out with a sword.

"Oh!" "Oh!" "Oh!"

With Wu Junying's four realms of realism, he has a sword, and he has smashed the heads of more than 20 people, and then he is a sword, killing everyone.

"Let's go too!"

Wu Yong, who is next to Wu Junying, saw his hand and wiped his neck directly.

Wu Junying also said nothing and directly committed suicide.

Now, apart from the group of Wu family members who have been controlled by the fall, the road home has not been at the level of the mood.

However, the sound has not stopped yet.

"Oh!" "Oh!" "Oh!"

After getting the instructions of Ye Xuan, the fall was also to let the group of enchanted Wu family commit suicide.

Ye Xuan, need to test the same thing.

Sure enough, these suicidal Wu family members also have the value of killing, because they are left to control, and the fall is Ye Xuan's pet.

The people they killed, Ye Xuan had a killing value, they committed suicide, and Ye Xuan also had a killing value.

Now, there is no such thing as a Wu family in the Qingyang Jianpai. Of course, there are still outside.

Ye Xuan uses the power of Vientiane to concentrate these people's sorrows and sorrows. This is not a small amount.

300,000!

In this battle, Ye Xuan got a total of 300,000 Ruyi Dan, which is not the 100,000 that Tian Tiangong gave to the old tree.

"Uncle, this little fox is my goal..."

At this time, Lu Tiangong suddenly whispered.

Before the road Tiangong received an order, went out to save the Xuan Ming double eyes, and then escorted a paragraph.

This thing, Lu Heng also knows, because the order is given to Lu Tiangong, it is also a road family.

"As long as you leave her, you can exchange for a broken magical power?" Road whispered.

Broken magical power!

That little fox, but the value of a broken magic!

Broken magical powers are the supernatural powers of the broken level. If they can get it, even if they can only display it once in a short time, it is enough to sweep.

Chapter 1275: Battle on the road

If the mood is five?

If the mood is six?

If the mood is seven?

As long as you learn to break the magical powers, even if you are in a state of mind, I am afraid that they will be hanged.

However, all this must be done after catching the fall.

"Hey, the host completes random tasks and all pets are elevated!"

"Hey, Megatron breaks through!"

"Hey, break through!"

"Hey, the Demon Warrior breaks through!"

A series of four system sounds, let Ye Xuan smile.

Megatron broke through very fast, and the original was about to break through to the three-fold situation. Now, it is ahead of schedule.

Not only that, but this promotion is a direct upgrade.

For example, the original drop is the experience of 80% of the mood, and now it is upgraded to the experience of three hundred and eighty percent of the mood, rather than the first three.

It is directly elevated to the first level, rather than breaking through to the three-fold situation!

Wherein, gets the best of commonly seen from Yapeng.

"Little Master, what have you done, I feel that I have broken through!"

The old voice of the tree sounded in Ye Xuan's mind.

"Nothing, just use a secret law." Ye Xuan replied casually.

The old tree knew that he didn't want to say it, so he didn't ask.

The thing that super devouring the system discovered, Ye Xuan did not say to anyone, even the fall did not know.

At this time, no one found the old changes in the tree, but instead focused on Lu Tiangong and Ye Xuan.

"Young people, I am here to thank you for your help." Lu Tiangong said.

"Thanks, even if it is, then, let's calculate our old account!"

Ye Xuan waved: "You almost killed me that day, then today, I am coming to report this hatred. Do you want to join the two together, or single out?"

As soon as this was said, all the disciples around the road and the disciples of the Qingyang Jianpai were shocked.

Ye Xuan is nothing but a three-fold situation. It is really terrible to even single out the road and even pick one.

However, the strength of Fang Caixuan is obvious to all.

Even Wu Qianshan was beaten in front of Ye Xuan, and he was beaten without temper. Ye Xuan did have the strength to single-handedly.

These, Lu Tiangong and Lu Heng are also clear.

"Since it is the grudge between you and me, then don't involve other people, you and I will have a life and death battle!" Lu Tiangong said very calmly.

"Okay, life and death!"

Ye Xuan immediately responded.

In fact, whether it is Lu Tiangong alone or in conjunction with Lu Heng, Ye Xuan is not afraid. After all, he still has the blade storm.

Lu Tiangong only consumed a lot of infuriating, and Ye Xuan has the blood of the **** of life, and has already recovered to the peak.

Although Lu Tiangong has the eyes of Vientiane, Ye Xuan is sure to kill Lu Tiangong.

At this time, Ye Xuan suddenly fell to the ground, and then separated, suddenly, two Tianlong virtual shadow appeared, an ice and inflammation.

"Amazing magical powers, is this infuriating, or is it true?"

"It should be infuriating, it is really impossible!"

"He is not even afraid of the Wu family ancestors, the battle of the elders, it is difficult to say!"

The surrounding road family and the disciples of Qingyang Jianpai have discussed.

Lu Tiangong also followed Ye Xuan to the ground. At this time, the people around him have already retreated.

If the battle between the five meanings is not fun, if it is affected, it is not serious injury or death!

Ye Xuan stood on the land and looked at Lu Tiangong.

Although he has a certainty to win, he still has to be cautious. On land, he has nine agile advanced movement speed bonuses.

"Kid, come on!"

Lu Tiangong said to Ye Xuan.

"No hurry, I will ask a few questions first!" Ye Xuan suddenly said.

"I know what you have to ask, wait until you beat me!"

Lu Tiangong refused to answer.

"Okay, then beat you first!"

Ye Xuan nodded.

The next moment, he shot directly.

"The Eye of Brilliance!"

"The killings broke out!"

"Ice and Fire Dragon Swords!"

Ye Xuan directly attacked at the same time. At the same time, he broke through to Megatron, which is full of artistic significance, and has already gone out from the side.

"The Eye of Vientiane!"

After the war, Lu Tiangong's left eye was a flash, and Megatron was given to Zhenfei.

The eyes of Vientiane can exert the power of Vientiane across the air, and the speed is much faster than the average person.

It is a pity that Megatron is now in a four-level level, hard and hard, but it can be destroyed without difficulty.

After Megatron was attacked by the earthquake, it was once again turned into a streamer.

"Shuanglong grows!"

"Huh!"

Suddenly a dangerous atmosphere spread, and Lu Tiangong stared at it and found a dragon to hit.

"Good!"

In other cases, he will choose to avoid it.

However, there are countless other children around the road watching. If he is hiding, isn't he acknowledging it?

"Qingyang Jianzhong!"

Lu Tiangong directly applied the strongest defense power in Qingyang Jianpai.

Suddenly, a blue giant clock surrounded him.

The eye of Vientiane, in addition to being used in isolation, can also enhance the power of Vientiane.

To put it simply, Lu Tiangong's Vientiane power is stronger than the average person.

"boom!"

Ssangyong roared on the Qingyang Jianzhong, and suddenly there was a bell that spread out. Fortunately, those disciples were far away, otherwise someone would be shocked.

Lu Tiangong is five-fold, and the repair is not low. Ye Xuan is three-fold, and the difference is two realms. Therefore, this time, no one has the upper hand.

However, this double dragon roar, Ye Xuan can not use the killing of the outbreak, the power is only half, the reason he did this is to reduce the defense of the road.

"Lu Tiangong, try this trick again!"

At this time, Ye Xuan once again gathered infuriating and launched an attack.

"The killings broke out!"

"Shuanglong growls!"

"Calling!"

Another burst of eruption came out.

Lu Tiangong looked condensed and once again applied Qingyang Jianzhong, but as the dragon's breath approached, his face suddenly changed.

This time, the atmosphere is like to be doubled!

"not good!"

Lu Tiangong's face changed greatly, leaving Qingyang Jianzhong to leave, but because of the slow running, Yu Wei, who was directly snarled by Ssangyong, couldn't help but spurt a blood.

The elders of the Tangyang Qingyang Swordsmen were spurted by a junior who was as beautiful as the three. This was a fool to the people around.

"The strength of this kid has risen so fast, even if it is the top genius in my school, it is not one tenth of him!"

Lu Tiangong rushed to stabilize the injury, and he said in the heart.

When he was surprised, Ye Xuan had already turned into two streams of light, killing him one by one.

This time, Lu Tiangong is no longer defending and directly kills.

"Shuanglong Jianzhong!"

Two Ye Xuan, while applying new skills.

Chapter 1276: Kneeling in an instant!

Two golden giant clocks fell, one fell short, and one succeeded in trapping Lu Tiangong and Ye Xuan.

"This is Qingyang Jianzhong?"

Lu Tiangong looks a little.

Qingyang Jianzhong is a wishful mind of Qingyang Jianpai. Not everyone can learn.

Now, Ye Xuan has used a similar magical power.

Is it coincidence?

Lu Tiangong couldn't understand it. At the same time, he didn't understand why Ye Xuan used this skill.

Qingyang Jianzhong is only used for defense.

However, he has not launched an attack yet, Ye Xuan used it. Why?

The next moment, he understood.

"Lu Tiangong, see the move?"

Ye Xuan's mouth is slightly tilted.

"Icing and blending!"

"Ice and Fire Double Dragon!"

Two Tianlong virtual shadows are combined into one, and roaring in the sky.

"boom!"

A sonic attack quickly spread.

"what?"

Lu Tiangong was eclipsed and hurriedly protected the whole body with the power of Vientiane, while constantly shooting, trying to weaken this sonic attack.

This time, he understands Ye Xuan's means.

Just use the echo!

Echo from all directions!

"Give me broken!"

Lu Tiangong stepped back while attacking, and then suddenly turned around, ready to break the Ssangyong sword.

At this time, two Ye Xuan suddenly killed one by one.

Yufeng Feilong Shadow!

Ice and fire double dragon sword array!

Lu Tiangong was suddenly pinched.

"A good boy!"

Lu Tiangong had some regrets. On that day, he was escaped by Ye Xuan because of his intention.

I knew that the day I directly smothered Ye Xuan!

However, what he forgot was that if Ye Xuan was killed on the same day, the road home would have to be destroyed.

"Lu Tiangong, I have a lot of means, you are trying this trick!"

When the sound started, Lu Tiangong felt that the environment around him had changed.

The people around him disappeared, replaced by countless fires, and at his feet, there was a hot magma.

"Imaginary? Spiritual attack?"

Lu Tiangong suddenly reacted.

Sure enough, Ye Xuan's means are really quite a lot, it's terrible.

However, the more exciting is still behind.

"The eye of control!"

Ye Xuan's light flashes.

"What, want to control me?"

Lu Tiangong was shocked.

A master of the five-fold conception, the elders of the Qingyang Jianpai, can you be a slave to others?

No!

Lu Tiangong constantly resisted.

"This old guy, who lived more than a hundred years old, has a powerful soul and is not so easy to control. Fortunately, I have the blood of my life, let me spend his instinct first..."

Ye Xuan's heart is dark.

Even if it is five-fold, as long as there is no infuriating, then it is a piece of fish on the knife board, and it will be slaughtered.

At this time, another of the road family's five-way masters, but quietly leaned toward the past.

As long as you can get a broken magical power, everything can be done.

After all, as long as there is a broken magical power, then the strength of Qingyang Jianpai will skyrocket several times.

Ye Xuan, who has the eye of perception and the eye of insight, naturally knows that this road is rampant.

"Too naive, I want to move, it's not that easy!"

Ye Xuan's heart is a dark sentence.

In the side of the fall, but the tree is old, and if the road is dare to shoot, the old tree will directly pinch him.

Lu Heng saw that Lu Tiangong was suppressed by Ye Xuan, and there was still a point to be defeated. Immediately, his face was condensed and he shot directly at the landing.

Ye Xuan is a three-folder, but has the ability to fight with Wu Qianshui and Lu Tiangong. It is very enchanting.

Although the fall is also the same as the three-fold conception, but Lu Heng does not believe in the fall and has this strength, he wants to be jealous, but the tree is old.

A human being, can't you still beat a tree?

However, he is thinking wrong.

This tree is not easy!

"Small things, dare to move the little fox, find death!"

The tree has long received the voice of Ye Xuan, and has always pretended to pay attention to the appearance of the battle. Now seeing the road to cross the hand, his big hand is also a catch.

"Snapped!"

"Hey!"

When the tree master grasped it, he directly grabbed the road and grabbed it in his hand. He just shook it easily and crushed the bones of the road.

"what....."

Lu Heng couldn't help but scream, how could he not think that he was easily caught, how could this be?

"Hey, young man, do you think that the old age is just five?"

The tree suddenly began to force it.

"what?"

This sentence, but the road is scared.

This old tree, is it not the five-fold conception, but the six-fold conception?

"Dare to move a little fox, sin should die, but it is not me who decides that you are born or dead, but my young master!"

The tree suddenly turned his head and looked at Ye Xuan.

Looking at the old eyes of the tree, Lu Heng knew the young master in the old mouth of the tree, referring to Ye Xuan.

A trivial concept, there is actually a six-day servant of the heavenly animal, how is this possible?

Not only that, but even the people around you feel that it is not possible.

"Before the elders of the elders were caught by the moment, they couldn't move, it must be six in the mood!"

"That old tree is actually six?"

"Why did the former elders want to shoot?"

This group of road family and the disciples of the Qingyang swords did not understand.

This battle is obviously only between Ye Xuan and Lu Tiangong. Lu Tiangong also said that it is singled out.

But now, Lu Heng actually played a sneak attack, what is going on?

"Lu Tiangong, you really want to catch the fall!"

Ye Xuan suddenly stopped.

"No way, just grab her, I can get a broken magic!" Lu Tiangong sighed.

"Now, I will give you a chance to surrender to me. If not, he will be killed by life, and you will naturally be destroyed by me, even the entire Qingyang sword pie!" Ye Xuan directly It is said in a threatening tone.

"Ugh!"

Lu Tiangong sighed again.

If the old tree is just five, then they may still be fighting Ye Xuan.

But now, the old tree is actually six-fold, and he and the road add up, I am afraid that it is not an old opponent of the tree, not to mention Ye Xuan alone.

Moreover, he also felt that Ye Xuan did not make any effort to fight.

This time, they are completely defeated!

"Subject to you, not not, but I have a request!" Lu Tiangong said.

Originally, he was not qualified to talk about the conditions, but Ye Xuan wanted to hear what the conditions were.

"You said!"

Ye Xuandao.

"You also saw that Wu Qianshan and Wu Qianshui are already dead. I have only two left in the Qingyang Sword School, so my condition is to ask you to destroy Feifei Village!" Lu Tiangong opened the door to the mountains. Say.

Chapter 1277: The eye of Vientiane!

After the reminder of Lu Tiangong, Ye Xuan also responded.

The current Qingyang sword faction, the strength is probably similar to the Feiyan village, and even weaker.

"This is a small matter, I can promise you, but I said good in advance, I will take away your eyes of Vientiane!" Ye Xuan nodded directly.

"it is good!"

Lu Tiangong did not want to answer.

The eye of Vientiane is indeed a good thing, but there is only one, the power can not be maximized. Compared with the whole road, the eyes of Vientiane are actually nothing.

"If this is the case, then don't resist!"

After Ye Xuan finished, he directly directed the eyes of Lu Tiangong.

"Hey, take control of success!"

Lu Tiangong is voluntary, so it is easily controlled by Ye Xuan. Now, Qingyang Jianpai's Taishang Elder Road Tiangong is the servant of Ye Xuan.

However, this is not over yet.

"See the host!"

Lu Tiangong knelt down on one knee and shouted respectfully.

This scene, but scared the people around.

The strongest of the Lujia and Qingyang sword factions was actually controlled by Ye Xuan.

The road that was caught by the old tree was also shocked, because the strength of Lu Tiangong was still above him.

However, whether it is Ye Xuan or the old tree, it is not a general generation.

The most horrible thing, I am afraid that the little fox is falling, because she is worth a broken magical power, there must be something against the sky.

"Road, he has surrendered to me, to you!"

Ye Xuan suddenly turned his head and said to Lu Heng.

The tree that was like the six-fold old man was given the road in his hand, and he did not even have the ability to resist. As long as the tree was old, he estimated that he had to be broken.

Therefore, he can only choose to surrender.

"Hey, take control of success!"

Another system prompts to sound, immediately, the tree is also directly to the road to let go.

Now, Ye Xuan controls the entire Qingyang Sword School. As long as he thinks, he can directly serve as the head of the Qingyang Sword School.

However, this Qingyang sword faction is not in his eyes.

"Lu Tiangong, give me the eyes of Vientiane!"

After controlling the road, Ye Xuan said to Lu Tiangong.

"Yes!"

Lu Tiangong did not dare to neglect, directly put his hand into his left eye, and then slightly pulled it, that is, took the eyes of Vientiane.

The last time, Ye Xuan did not find the same, he thought that Lu Tiangong had an eye.

This time, he accurately saw that this Vientiane eye only had a true connection with Lu Tiangong, not in his eyes.

In order to install this Vientiane eye, Lu Tiangong personally dug his left eye.

Ye Xuan used the power of Vientiane to hold up the eyes of Vientiane and looked at it carefully.

He wants this Vientiane eye, naturally not to replace his left eye, but to prepare for special devouring.

"Hey, the host has swallowed a Vientiane eye!"

"Hey, the power of the host's Vientiane is improved!"

The system prompts sounds in succession.

Sure enough, after the special swallowing of this Vientiane eye, Ye Xuan's Vientiane power was improved, and he also gained the ability to display the power of Vientiane.

Of course, this is limited by distance.

The original force of Vientiane was enhanced with the increase of the strength of the soul. Ye Xuan's soul strength was stronger than others. Now, after the special swallowing of this Vientiane eye, it is even stronger.

"I don't know, if I let another swallow a Vientiane eye, will the effect multiply!"

Ye Xuan blinked and felt very curious. He took a look at Tian Tiangong and exchanged a fake eye from the super swallowing system. He said: "This fake eye, you first put it on, almost the same as your original eyes."

Seeing this, Lu Tiangong's one-eyed light was eager to thank: "Thank you for your master!"

"Road, you clean up the battlefield, these spoils are collected for me!"

Ye Xuan turned his head and said to Lu Heng, and then to Lu Tiangong: "You come with me!"

This time he came to Qingyang Jianpai, just to find this way, he has to ask more things.

Soon, Ye Xuan came to the giant wood guardian enchantment.

"That Xuan Ming double eyes, where did you go?" Ye Xuan opened the door and asked.

"I don't know this. I only escorted them to Feisha City and handed them to my ex-wife!" Lu Tiangong shook his head.

"Feisha City, ex-wife?"

Ye Xuan brows his head and he has been in this world for ten years. He is the first to hear the word of his ex-wife.

"You talk about it!"

"This is the case. My ex-wife left me a few decades ago and married the owner of the city of Feisha. But we still have contact. This time, she got the news, so I sent a letter and asked me to pick up the mystery."
""

"I escorted mysterious scorpion to Feisha City, and then she escorted it to other places!"

Lu Tiangong said honestly.

"Is there anything else?" Ye Xuan continued to ask.

"No, that Xuan Ming has been asking me to find the owner and the whereabouts of the girl. I have sent it, but there is no news." Lu Tiangong shook his head.

"Have you heard of the yin and yang temple?"

"No!"

Lu Tiangong shook his head again.

Ye Xuan was silent.

Although this Qingyang sword faction is good, it is only the power of the third world, such as the mood of the world. It is far from the Nirvana. I don't know it is normal.

"Well, then the eyes of Vientiane, how did you come?" Ye Xuan said.

"The eyes of Vientiane are my and my ex-wife in the experience, killing a Tongtian beast. At that time we divided the eyes of Vientiane, I am one, my ex-wife!"

Lu Tiangong replied.

"A Tongtian beast? What kind of?" Ye Xuan frowned, and suddenly came to interest.

"This... I can't remember!" Lu Tiangong said subconsciously.

"Can't remember? What do you mean!"

Ye Xuan did not understand that a strong person like a mood, memory is superb, how can you forget such an important thing?

And this road has been controlled by him, so it is impossible to lie.

"I don't know, this is only the shape of the beast. I don't have any memories. I can't even remember the sound." Lu Tiangong shook his head.

"It seems that there should be something special about that one."

Ye Xuan did not ask again, took out a map and looked at it.

Feisha City, three days away from Qingyang Jianpai, but at the current speed of Ye Xuan, it is estimated that it only takes two days.

Next, Ye Xuan asked some questions about Lu Tiangong. Soon after, Lu Heng came in.

"Master, these are the road homes and the spoils of the killers!" Lu Heng submitted a bag, and all the inside was filled with Qiang Kun.

"well!"

Ye Xuan's mouth slightly tilted up, grabbed a handful of ring and began to madly swallow.

"Hey, Megatron's breakthrough, the current five-fold situation!"

"Hey, the host breaks through, and the current situation is fourfold!"

Chapter 1278: Feiyanzhai

"Hey, Megatron's breakthrough, the current five-fold situation!"

"Hey, the host breaks through, and the current situation is fourfold!"

Ye Xuan's mind sounded two system sounds. As for the remaining Tiancai treasures, it was left to fall.

"Young Master, where are we going now?"

The fall also came in and asked.

"You go to practice, the old tree stayed in the Qingyang Jianpai town, I took them out to chase the two villagers of Feiyu Village!"

After Ye Xuan finished, he left with Lu Tiangong and Lu Heng.

Both of them are five-fold, and Ye Xuan is on the road. It is called the Fengxue demon spirit carving. If there is a strong force of Vientiane, the flying speed of the Fengxue demon spirit carving will be accelerated.

The forehead and the drug lord's forefoot have just left, and it is estimated that they will be able to catch up soon, as long as they are returning to the Feizhai Village.

Since he promised Lu Tiangong, then Ye Xuan will fulfill the promise of destroying Feiyu Village.

Ye Xuan three people took the wind and snow demon spirit carving, left the Qingyang sword faction, there are three masters to support the power of Vientiane, the speed of the wind and snow demon spirit carving, approaching the six elements.

In just two minutes, Ye Xuan found the cockroach and the drug lord.

It turned out that the two men were not prepared to fly back to the village, but wandered around the Qingyang Jianpai, ready to take another one.

Unfortunately, they met Ye Xuan.

"Lu Tiangong, Lu Heng?"

After seeing the three people on the wind and snow demon spirit, the flying dragonfly and the drug lord were shocked, and hurriedly turned around and ran.

Before, Lu Tiangong singled out the flying dragonfly, as long as it was given a few seconds, the flying dragonfly would be killed by Lu Tiangong.

Now with Ye Xuan and Lu Heng, Fei Fei has no spare hand.

Unfortunately, their speed is not a little bit slower than the wind and snow demon.

"on!"

Under Ye Xuan's order, Lu Tiangong and Lu Heng directly killed him. At the same time, he himself was riding a snow-covered demon spirit and was cut in front of the two villagers.

"Shuanglong Jianzhong!"

Two Ye Xuan directly exerted the skills of the trapped people. In the blink of an eye, the flying dragonfly and the poisonous cockroach were trapped inside.

"Ice and Fire Double Dragon!"

The ice dragon and the dragon suddenly merged, making a terrible roar, and the dragon screams spread quickly.

"Fast block!"

Fly and drink, directly join the drug lord, ready to block the sound wave attack.

As for Lu Tiangong and Lu Heng, there are Ye Xuan's instinct and Vientiane power, so this attack has no effect on them.

"Qingyang is broken!"

The two men played together the most powerful attack in the Qingyang sword faction.

“Hey!” “Hey!”

Two crisp sounds spread, and the flying dragonfly and the drug lord both flew out.

"Shuanglong growls!"

This dragon will engulf the two.

Ye Xuan, who is in the mood, is already four-fold, but he did not use the killings this time because he did not want to kill the two owners.

"Searing Hell!"

"The eye of control!"

The two villagers were seriously injured, and Ye Xuan took control.

"Hey, control failed!"

"Hey, control failed!"

"Hey, take control of success!"

"Hey, take control of success!"

In the end, these two villagers did not escape this fate and were controlled by Ye Xuan.

"See the host!"

The flying dragonfly and the drug scorpion kneel down on one knee and respectfully hold the fist.

"These two blood bottles are for you." Ye Xuan lost two blood bottles in the past, and at the same time, summoned the fall.

Falling is also the same as the three-way concept, Ye Xuan wants her to charm the two villagers, so that when Ye Xuan's eyes are not enough, the two owners will not be released.

"Hey, the fly is out of control!"

"Hey, the drug lords are out of control!"

There are also two system prompts.

In this way, the flying dragonfly and the drug lord were handed over to Ye Xuan.

Then, Ye Xuan went over and took off their Qiang Kun ring.

Before Wu Junying first paid them a deposit of 350,000 Ruyi Dan, plus the wealth brought out by the two, about 600,000 in the two Qiankun Rings.

"You two, I will join the Qingyang Swords in the future. As for your Feiyan Village, I will go straight to destroy!" Ye Xuan said to the two.

"Yes, the master is still hands-on!"

The two villagers nodded respectfully.

Feiyanzhai is built by them, and there are countless masters in it, which can be compared with the current Qingyang swords.

Although it is a pity to say that it is extinguished, Ye Xuan, as the master of their master, ordered to listen.

Then, the Fengxue demon spirit carving is to take the Ye Xuan five people and fly to the Feizhai Village.

There are four masters of the five-fold mood, and the power of Vientiane, the speed of the snow and the demon spirit is fast, and half a day has arrived in the Feiyu village.

"Zhaizhu and Erzhai Lord are back!"

"Well? Who are the three people?"

"It should be the person who joined me to fly in the village, the atmosphere is strong, at least it is four!"

When Ye Xuan arrived at Feizhai Village, the people in the Feiyu Village were greeted with joy.

However, the next thing waiting for them is the sharpness of blood.

"In the Feiyu village, there are a group of monks who have no evils to do. It is not a pity to kill them, go up!"

Ye Xuan directly gave orders to the four people of Lu Tiangong.

Lu Tiangong four people are all masters of the five-fold conception, and they will be razed to the ground.

What's more, there is Ye Xuan, a super genius who can overcome challenges.

"Shuanglong Jianzhong!"

"Ice and Fire Double Dragon!"

Ye Xuan condenses a golden giant clock, but this time, others are not inside, but outside.

The Feiyu Village is built in a valley, just in time, the sound of the dragon can reverberate around.

"Ah, my head is going to burst..."

"What is going on here, why did the owner of the villager do it to us?"

"I remembered, the two men, dressed in clothes from Qingyang Jianpai!"

"The owner of the village is teaming up with the Qingyang Swords. Are you ready to remove us?"

"Flee!"

The warriors in the Feiyu Village fled around.

"Hey!"

Another is a dragon spread.

Anyone who is as good as the one who is the same as the following, is directly soft on the ground.

"Try this trick again!"

Ye Xuan's light flashed.

"The Eye of Brilliance!"

"The killings broke out!"

"Ice and Fire Double Dragon!"

I used to use the ordinary ice-fired double dragons. The power of this time is at least twice that of the previous one.

Suddenly, it is the master of the double-mindedness.

In addition to flying locusts and drug lords, there are eight masters who are four-minded in the Feiyu village. However, these eight people were directly solved by Lu Tiangong.

Since they are all servants of Ye Xuan, the killing value of the people they killed was all added to Ye Xuan.

Although the killing value has been almost inexhaustible, but there are still a few skills to kill the blood of the gods did not open, maybe there are a lot of skills to consume the value of killing?

Therefore, this thing is not too much!

There are tens of thousands of people in Feiyu Village, and there are more than 9,000 people who died under Ye Xuan's bell.

As for the rest, all were controlled by the fall, or were killed by four people.

Chapter 1279: Magic Tip

The whole blood of the Feizhai Village became a river, and the **** smell spread to a dozen miles away. The village was screaming again and again.

A few minutes later, in the Feiyu village, only a few living people left Ye Xuan.

Feiyanzhai often does a lot of house-breaking, but also a lot of beautiful girls and women, there are thousands of people, some people have to be played dozens of times a day.

Fortunately, these people were released by Feifei and others early in the morning, and then they were covered with Ye Xuan, so they were not injured.

"This....."

"Scorpio, all dead!"

"Thank you, thank you adults!"

These girls have given Ye Xuan their heads, even if the ground is full of blood, and the broken limbs are not scrupulous.

"You, take some of the entanglement and leave, where to go back and forth." Ye Xuan waved and threw a bag for each person, the money inside, enough for them to spend the rest of their lives.

"Thank you, adults!"

After the group of women thanked them again and again, they left directly.

Feiyu Village is one of the local snakes in this area. Now they are destroyed. They usually do nothing.

Then, Ye Xuan is to let those who are controlled by the fall collect the spoils.

"You go too!"

Ye Xuan said to a few people in Lu Tiangong.

"Yes!"

Lu Tiangong nodded and smashed.

However, it is at this time.

"Hey, the host's kill value reaches the upper limit of the current level. If you choose to clear it, you can get a little swallowing point!"

The system suddenly prompts.

"What, if you choose to clear the kill value, you can get a little swallowing point?"

Ye Xuan was shocked.

This is the first time he has encountered this kind of thing.

Thinking of this, Ye Xuan can not help but secretly say that killing the blood of the gods is to kill the blood of the gods, and even can use such a method to get the point of swallowing.

This time, it is estimated that it was because of the massacre of the smuggling value.

If you choose to clear it, you can get a little swallowing point, so you have to slow down for a while, you can't use some skills to kill the blood, such as killings and blade storms.

If you don't clear it, you can't get a little swallowing point.

What is the killing value compared to the swallowing point?

"Clear!"

At the moment, Ye Xuan made the decision.

"Oh, the kill value is cleared, the host gets a little swallow!"

The system prompts again.

Looking at the point on the panel to swallow, Ye Xuan also swallowed, which is really good.

If the super-phagocytic system is a monk, then he is estimated to kill all the surrounding forces, so that the killing value can reach the upper limit of the current level, and then choose to clear.

However, Ye Xuan will not do this.

Although he will kill and kill a lot, but not even innocent people will kill.

He used blade storms several times before, but he did not use it to the innocent people around him. For example, in Tianyuan City, he could use the blade storm to kill the dragon.

Now, the system has cleared the killing value, not only the outbreak of the killing and the blade storm can not be used, even the night sky can not be done.

Fortunately, his spoils are still being collected. As long as he swallows those killing weapons, he can get a lot of killing value, but don't worry too much.

"Master, things are collected!"

After a while, Lu Tiangong gave the thing to Ye Xuan.

There are only a handful of people who have escaped from the entire flight, and their spoils are concentrated here.

Ye Xuan unknowingly dumped everything into the devour space, and then calculated it. There are about a million subordinates like Rudan.

"Hey, Megatron's breakthrough, the current situation is six!"

The system sounds, just one.

Unfortunately, after each breakthrough, Ye Xuan's upgrade experience has greatly improved, and this time he did not let him break through.

But those who are inside the sky give him a lot of killing value, and he can use the killing and the blade storm.

"Ok?"

Just when Ye Xuan checked the strange things, he found an interesting all-weather device. This is a wooden coffin with a dragon on it.

Before he swallowed the sword weapons, this thing was a bit strange, so he stayed.

"Hey, this thing can be used as a magic weapon!"

The system beep sounds again.

"magic weapon?"

Ye Xuan brows a pick, quickly looked at it and found that there is a magic weapon that can be refining at present, the name is Shenmu!

The magic of the magic weapon is the old tree.

"The tree is old, do you want to die?"

Ye Xuan said in his mind.

The old tree in Qingyang Jianpai heard this and paused. "Who doesn't want to?"

"Well, I have a way to help you become immortal. As long as my three avatars don't die, you won't fall. Megatron is now in this state." Ye Xuan said again.

The other end, it was paused again.

"Little Master, you are really a means to go through the sky, come on, I want to survive in the old tree." The old tree came to answer.

"Then I will go back immediately!"

Ye Xuan nodded.

Immediately, it is to break open the void directly, with a few people from the road to return to the Qingyang sword sect.

At this time, in the giant wood guardian enchantment, the tree always looked forward to seeing Ye Xuan.

"Hey, refining the **** wood stamp will consume a little swallowing point, is it going?"

The system prompts.

Ye Xuan remembers that when he refining the first magic weapon, that is, the earthquake sword, he did not consume the swallowing point.

However, at that time, the super swallow system was just upgraded, and the magic weapon system was just opened, so it rewarded a free refining magic weapon.

As for the second thunder bead, it may be because the quality of the magic weapon is not strong or the dragon ball is rare, so it does not consume the swallowing point.

Now this ***** woodprint needs a little swallowing point, Ye Xuan also got a little swallowing point, and he feels value for money.

The skill of Fabao Shenmu Printing will change with the spirit of the instrument. At least, the skill of using the tree as the spirit is very good.

"Yes!"

At the moment, Ye Xuan is the old tree that receives the pet space and replies in his mind.

"Hey, start to refine the magic!"

"Hey, the magical treasure wood painting system is successful!"

Finally, Ye Xuan refines the third magic weapon - Shenmu Yin.

After the success of the Fabao Shenmu printing system, Ye Xuan immediately summoned the tree.

"Now I am not dead, I feel no different!"

The old tree touched his dead wood body and asked strangely.

"No, there are more changes. Now you can still become a human figure!" Ye Xuan smiled.

"Human shape? Really?"

The tree is old and unbelievers. Close your eyes and feel it carefully. Indeed, he feels that his body has undergone some unpredictable changes.

Chapter 1280: God wood

After a long while, the old body of the tree began to shrink, the bark also changed, turned into human skin, and finally, turned into a burly old bald old man.

"Oh, the old man turned out to be a human being." The tree was too old to believe, touched by hand.

However, he only has the appearance of human beings, and all the plants under the skin are organized.

However, now the old tree is already indestructible.

"Grandpa, how are you feeling?"

Falling down and rushing to pick up, relatives holding the old arm of the tree, to fall the height of one meter six five, not the old shoulders of the tree.

Taking advantage of this opportunity, Ye Xuan is also the skill to view the **** wood seal.

After the tree was refining into a magic weapon, it was coexisting with Ye Xuan. In addition to being able to become a human figure, there were three more skills.

The first skill is called Shenmu Prison, which is the one used before the tree, but the effect is greatly improved, and the cooling time is one day.

The second is called arrogant sweeping, which is to spread out numerous sharp branches to attack, the cooling time is three days.

From this cooling time, the power of this move is not small.

As for the third skill, it is called breeding, which can speed up the growth of Tiandi Dibao and cool down the day.

A limited skill, an attack skill, and an auxiliary skill, this is the **** wood print.

At the moment, Ye Xuan is the old tree that receives the planting space, and then let him cast a breeding ground.

Suddenly, the tree is rooted in the planting space. A mysterious energy passes through the roots to the ground. Those immature natural treasures, some of which are directly flowering, even the seedlings that have just been planted have begun to grow rapidly. .

Breeding skills, can be used once a day, and once the effect, even topped these natural treasures for a month.

Almost all of the heavens and earth treasures can be matured once, that is to say, Ye Xuan can harvest a large part of the day, which is really cool.

"Not bad, it's a good skill!"

Ye Xuan is very satisfied.

A harvest of Tiancai Dibao, about 50,000 worth of Ruyi, this is a steady income, even if Ye Xuan sleeps his day, there are income.

Moreover, if the future of the old tree is raised, or the level of planting space is raised, then a higher level of heaven and earth can be planted. One day's harvest is 100,000 Ruyi Dan, 200,000 Ruyi Dan, and even millions of wishful Dan.

In short, you can have a steady stream of income!

At this point, what he wants most is to try the gods and prisoners, but the former needs a day of cooling, the latter needs three days of cooling, so you can't use it, or wait until necessary.

"Little Master, come, crush my heart of the magic tree!"

The tree suddenly said to Ye Xuan with some excitement. He wanted to see if he really was not dead.

"it is good!"

Ye Xuan is also nonsense, directly to the sword, and then to the heart of the old tree of the tree is a glimpse.

Qingyang broken!

The tree is always the realm of the six-fold conception. The bark defense is very tough. Ye Xuan's attack may not be so easy to penetrate his defense.

However, the old tree is free to control his body, so he broke the defense and exposed the heart of the tree to the air.

"Hey!"

"Hey!"

Only heard a crisp sound, the heart of the tree's old magic tree collapsed directly and turned into nothingness.

Originally, the tree always did not expose the heart of the magic tree, but it is different now.

The heart of the devil tree was destroyed, he did not die, it was a miracle!

"Haha, the old ruin is really not dead!"

The old tree couldn't help but laughed and turned into a human form again.

He also knows that Ye Xuan has a third avatar on a low-level continent. As long as Ye Xuan's three avatars are not dead, then he will not die, and he can survive forever and improve.

In the future, you can even upgrade to Tongtian!

Through the heavens, it is the means to have a day, even the old wood that he has lived for a thousand years can't think.

Don't talk about heaven and earth. Before, he didn't even dare to look forward to the broken environment.

Now, not necessarily!

"Young master, what are we going to do next?"

Fall and ask again.

"You are about to break through, continue to practice. I am going to fly to Shacheng this time to find another one in Vientiane." Ye Xuan replied.

"Right, in my memory, there is something about the eyes of Vientiane." What suddenly happened.

Hearing this, Ye Xuan's eyes lit up and asked: "What?"

The fall began to explain: "In this world, there are many eyelids with special abilities, such as my enchanting eyes, the eye of death and the eye of reincarnation that the young master encountered before. This Vientiane eye is one of them."

"The eyes of Vientiane can be born in life, such as human beings and the heavenly beasts. My orcs can also be born. If the realm is raised to a certain extent, the eyes of Vientiane can be displayed across the sky and put people to death."

After listening to it, Ye Xuan also nodded slightly, it seems that he encountered a good thing.

However, this eye was originally a pair, he only has one, so you must get another one.

"Okay, I am going to fly to Shacheng now!"

Ye Xuan said.

With the help of the death killing order, he felt that Xuan Ming's eyes had stopped, perhaps resting, or 'dry' other things.

Therefore, if he takes the opportunity to work hard now, he may be able to catch up.

At the moment, he rushed directly to Feisha City.

Now Megatron has reached the six-fold conception, so it directly turns into a dragon flying fast, faster than the wind and snow demon carving.

In addition, Ye Xuan took the flying scorpion and the drug scorpion, which are both five-fold, and continue to use the power of Vientiane to bless. In just one day, he came to this flying sand city.

Feisha City is built in an oasis of desert. After this flying sand city, it is a desperate desert. I heard that no one can come out from it.

Ye Xuan landed outside the city of Feisha, and then broke open the void to send the flying dragonfly and the poisonous cockroaches to leave. They themselves fell into the city of Feisha with the fallen and old trees.

"Wow, this flying sand city is not the same as other cities!"

After falling into the city of Feisha, I couldn't help but widen my eyes.

In the other human city pools, the Orcs were rarely seen before, but in this flying sand city, the orcs were everywhere.

"Snake Meizu, Tigers, Giants, and Dais..."

Ye Xuan glanced at and found many orcs.

This Feisha City, is it a gathering place for orcs?

Not only that, the style of this flying sand city is not the same as other places, a bit like the Western Region in ancient times.

"You can go around and go to the city hall!"

Ye Xuan said to the land and the old tree.
