Chapter 128: Forced to go up the mountain

"Under the hearing of Tian Xiong's name, you can win the beast with your strength, so let's say goodbye." The Fengwu warrior is obviously extremely afraid of Tian Xiong. After holding the boxing fist, he wants to turn and leave. .

"Stand up!" Tian Xiong shouted: "If you want to come, you want to go and leave. When you are Tianxiong, who is left, or you will die!"

"You don't want to bully too much, I am a child of Zou's family." The Fengwu martial artist said with a sullen face.

He thought that he would be jealous if he reported his family, but he overestimated himself.

"Hey, the family that even the emperor can't enter, what qualifications make me Tianxiong fearful, nonsense talk, let you open the road, or die!" Tian Xiong suddenly pulled out the big knife behind.

The face of this Zou family has already sunk to the bottom of the valley. In desperation, he can only nod. He knows that if he assists Tian Xiong Tian Chao in killing the spirit beast, the other party will definitely reverse the water and remove everyone.

Therefore, he wants to survive, and only flees when he fights with the spirit beast.

As for the other four warriors, they are even more desperate. Although they are only one level lower than Tian Xiong, Tian Xiong's strength is likely to kill them in an instant, so they can only honestly open the way.

Looking at the five people to go up the mountain, Tian Xiong also fell to the eyes of Ye Xuan, said: "You, keep up!"

Ye Xuan did not speak, but just followed up silently.

He is not afraid of this Tian Xiong, but he will face the beast, but he is also unsure, so I want to see it first.

Eight people began to go up the mountain.

However, just as they went to the general, suddenly one person jumped out and was ready to flee.

"Want to go, give me death!"

Tian Xiong also expected this possibility, and his right hand lifted and fell, and a knife ran toward the man.

"Oh!"

The eleventh heavy medium of the escaped martial art was instantly split into two halves, just like cutting tofu.

"It's so strong, that knife can be avoided, even if I can't hide it." The Fengwu martial artist was shaking.

"Who else wants to go, stand up!" Tian Xiong looked at him with a big eye.

In fact, the other three martial arts tenth-year-old warriors also had the meaning of running away, but they immediately swallowed after seeing the horrible situation of the unlucky one.

Now, it is not the best time to escape.

"Very good, if this trip is smooth, I might consider dividing some of your points." Tian Xiong satisfactorily nodded.

When I heard this, other people's faces were gloomy. They knew that they were nine dead lives. If they were not killed by the powerful beast, they would definitely be killed by Tian Xiong.

Consider a little bit of points, what kind of jokes, after killing, will you kill?

They are very angry, but what can they do in the face of absolute strength?

"Hey..."

Just ten minutes after they climbed, suddenly there was a roar that fell into everyone's ears. Then they found a corpse, a warrior who had gone up the mountain.

"This is the sound, this scar, it turned out to be a bear-like beast."

Tian Xiong checked these bodies and found that these people were not killed by the throat, or the sternum was interrupted.

Seeing the situation, the atmosphere of the team is even more gloomy.

Bear spirit beasts are generally known for their strength and defense. Tian Xiong is confident to break the defense, but others have no confidence.

"call out!"

Taking advantage of Tian Xiong's examination of the empty body of the body, suddenly another figure quickly left the team and ran towards the woods on the side. However, there was a cold mangling, and he was instantly split into two halves.

"Humph."

This cold man was taken out by Tian Xiong. He snorted and didn't even look at it.

"You guys, even want to escape from me, really do not know how to live and die, who dare to have this idea, I will first cut off his legs, and then go to feed the beast."

Tian Xiong said slowly, from the beginning, he did not intend to leave Ye Xuan to leave. The points that I just said are only casually talked about.

The remaining two martial arts, the tenth and medium-term warriors, are desperate. With their strength, it is impossible to escape under the eyes of Tian Xiong, but if they do not escape, I am afraid that they will be killed by the beast.

How to do?

"Roar....."

There was a huge bang in the mountains, and they went by little by little, and the voice was getting closer. In a short while, a black bear with at least three meters in height appeared in their eyes.

"Hey."

The three people in front of Ye Xuan swallowed their swallows. It seems that there is a hard battle to fight.

"It turned out to be a violent black bear. Although it is powerful, but it is not moving fast. With the help of my Tian family, plus a few of them, it is not a problem to kill this violent black bear. If I let me learn a spiritual body. Wuxue, I can do it by myself."

Tian Xiong's heart is dark.

Although Tian Jia is a big family, but there is no spiritual martial arts, there is only a royal family in the entire empire with spiritual martial arts.

On the other side, Tian Chao also pulled out the long sword. The violent black bear's fur is extremely strong. He does not guarantee that his attack can break the defensive power of this violent black bear.

However, he believes that Tian Xiong must be able to use it, but Tian Xiong used the knife, and he learned all the martial arts, which is extremely powerful.

At the same time, he also knows that if he succeeds in killing this beast, Nei Dan will definitely be taken away by Tian Xiong, but he can at least get a share.

Tian Xiong eats meat, he drinks soup!

Moreover, Tian Xiong will never be ill-treated to him because his father is Tian Zhen, the imperial inspection ambassador.

"Several of you, if you dare to run when fighting, I will kill him first." Tian Xiong said to Ye Xuan.

When I saw a few people did not speak, Tian Xiong was also a cold-sounding man. After swapping a look with Tian Tian, he shouted: "Up!"

At that time, he immediately rushed out and reached a point, a huge knife man went to the violent black bear.

At the same time, other people rushed out and attacked the violent black bear.

As for Tian Chao, he stayed in the same place, and only Tian Xiong gave him a wink and let him stay here to prevent someone from running away.

"Hey!"

Knife Man first plundered in front of the violent black bear, but was slapped by the violent black bear.

"Sure enough, try this trick."

Tian Xiong shouted and suddenly plunged behind the violent black bear. The big knife was heavily slashed and cut directly on the fur of the raging black bear.

"Oh!"

The big knife is embedded behind the violent black bear, which is expected by Tian Xiong. After all, the big knife in his hand is a sword.

As for other people, there is no spirit, so their attack is very difficult to cause damage to the violent black bear, only the peak of the military is slightly useful.
