Chapter 129: Spike the beast

"Tian Chao!"

At this time, Tian Xiong suddenly shouted.

Tian Chao's eyes lit up and suddenly shot, but he was not attacking the violent black bear, but the three warriors and Ye Xuan.

Fang Cai Tianxiong is also uncertain whether he can kill the violent black bear, but now he is sure, so he told Tian Chao to kill a few people.

The two martial arts tenth-year-old warriors could not dodge, and they were directly smashed into two halves. As for the Zou family, they resisted it. Unfortunately, Tian Chao's hands were also spiritual, and his weapons were instantly cut off. Then flew out.

"Hey!"

Taking advantage of this opportunity, Tian Xiong once again took a trip and killed the Fengwu warrior.

Now, only Tian Xiong and Tian Chao are left in the audience.

"wrong!"

Suddenly, Tian Chao realized that there was something wrong with him. He had four snipers, but only three bodies.

Where is the fourth person?

"Is that cannon fodder, what about the cannon fodder?"

Tian Chao turned his head in a strange way. He remembered that he clearly bowed to Ye Xuan, but the other's body?

"Hey, count your life, let you escape." Tian Chao's heart snorted, he did not know Ye Xuan, so lazy to chase, directly joined the battle.

The two martial arts martial arts with the hand-held spirits of the martial arts, fighting a spirit beast, is still not a problem.

Both of them attacked the violent black bears, and the violent black bears were not as fast as they were, so they could only be beaten.

After a while, this violent black bear was bloody, and the screams echoed throughout the forest.

Tian Xiong did not notice the matter of Ye Xuan. He was attacking the violent black bear with full force. In less than half a minute, the violent black bear was cut off by one arm and the combat power dropped.

It is estimated that in the next ten seconds, he will be killed by Tian Xiong.

And Ye Xuan, who had already hid in the forest, and took out the Golden Eagle bow, waited for Tian Xiong to kill this violent black bear, that is, when he shot.

However, just as the violent black bear was about to be hacked, there was a loud roar in the mountains.

"Roar....."

"Ok?"

Tian Xiong is a bit strange, because this voice is coming from a distance.

They thought for a moment and their faces changed immediately.

"There is a second violent black bear!" Tian Xiong immediately responded.

It turned out that there are two spirit beasts on this mountain.

"Give me to die!"

Tian Xiong's eyes glanced at the scarred black bear that was scarred in front of him, and suddenly it was a full blow.

"Oh!"

Knife Mang will cut off one of the thighs of the raging black bear. This violent black bear has not much combat power.

But at this moment, the second violent black bear ran in the distance, and the body shape of this violent black bear was only one size larger than the ground, and the height was at least four meters.

"Not good, it is the middle of the real spirit!"

Tian Xiong sang loudly.

Tian Chao also understands that they have to go.

In the face of the violent black bears in the early days of the true spirits, the two of them could still kill them with the spirit of their hands. However, now this is obviously the spirit beast in the middle of the real spiritual environment. If they do not run, they will probably be smashed into meat.

"go!"

Tian Xiong and Tian Chao looked at each other and turned around instantly, ready to leave.

However, just as they turned around, they suddenly saw a series of cold awns that rushed toward them.

"boom!"

"boom!"

"boom!"

Tian Xiong and Tian Chao had two explosion star arrows in each of them, and they were instantly blasted out.

However, the direction in which they flew was very bad, just falling to the feet of the raging black bear in the middle of the real spiritual world.

"Roar....."

"It's over!"

Tian Xiong and Tian Chao, lying on the ground, looked at the violent black bear who seemed to be taller than the sky.

The next moment, they felt a pain in the chest and the sound of broken bones was very crisp. The two of them were directly killed by this violent black bear.

"It's terrible destructive power. If I got this punch, I'm afraid I'm going to die." Ye Xuan, who was hiding in the forest, had a cold sweat, but he shot a shot toward the raging black bear. The riots go out.

A cold man, instantly divided into nine, rushing toward the violent black bear.

"Hey!"

"Hey!"

"Hey!"

The nine consecutive explosions spread, but did not hurt the violent black bear.

"Good defense!" Ye Xuan was shocked.

At the same time, this violent black bear is also rushing toward Ye Xuan, the violent black bear on the floor, but its children.

And now, Ye Xuan is a living person, it does not find Ye Xuan revenge, who to take revenge?

"Hey, try this trick again."

Ye Xuan once again opened the Golden Eagle Bow. When his right hand was released, a spiritual arrow was already gone.

"Spiritual martial arts, wear Yang in hundred steps!"

"puff!"

This violent black bear blocked it by hand, but the hundred steps to wear Yang is spiritual martial arts, coupled with the increase of the golden eagle bow and the blood of the shooter, even if it is known for its defense, it can not block this blow.

The Spiritual Arrow instantly penetrated its palm and then shot directly at its heart.

"not dead?"

Ye Xuan was a little shocked and hurriedly made an arrow.

"puff!"

This time, the spiritual arrow directly shot the heart of the violent black bear.

A violent black bear in the middle of the real spirits, dead!

"噗通!"

The huge body, four meters tall, slammed on the floor and rolled up thick smoke.

Ye Xuan looked at the body of this violent black bear, relieved with relief, it seems that he is a small look at his strength.

Spirits plus spiritual martial arts, as well as the blood of the shooter, make his attack power more than ordinary people.

I am afraid that the entrants in the entire open-air mirror, only one of his talents has the strength to kill the spirits in the middle of the real spirit.

"It is said that the spiritual and spiritual martial arts can only exert their true power when they reach the true spiritual realm. Oh, I want to break through to the true spiritual realm immediately..."

Looking at the body of this place, Ye Xuan could not help but laugh.

Then, he ran quickly and took out the broken sword, killing the violent black bear who was scarred but not dead.

He takes out the token and then meditates.

"Devouring!"

Ye Xuan gave priority to the body of this 'small' violent black bear.

"Hey, the host swallowed a body of a beast and gained a hundred points of phagocytosis."

"Hey, the beast blood tank is raised a little."

"Hey, the host has swallowed a sacred beast and won five hundred points to devour points."

After hearing the system prompt, Ye Xuan was shocked. The body of this spirited beast actually gave him more than 600 points of engulfing points.

"I have mowed the grass. This little beast has so many points. Is that big?"
