Chapter 13: Trouble to find

"The host swallowed a black scorpion concentrate and gained five points of phagocytosis!"

"Hey, the host broke through to the fifth middle of the martial arts!"

At that time, Ye Xuan's breath is a little stronger, and the strength of the body is also skyrocketing.

"Hey!"

When he saw his own things, Ye Xuan gave it to him. He immediately opened his mouth and bit his head toward Ye Xuan's head. He seemed to want to swallow Ye Xuan directly.

"The wind is raging!"

Ye Xuan took a long sword in his hand, and a more fierce sword smashed out than before, and instantly crossed the body of the white scales.

"Oh!"

A muffled sound spread, the head of the white scales flew over, and the body was separated!

Spike!

Looking at the moving snake head and snake body on the ground, Ye Xuan also wiped a cold sweat. It seems that he is gambling, and the black stone is really a good thing.

Five points devour the points, which means that the price of black stones is around five million and two silver.

"It's a disgusting animal. The head is smashed, and the body and the snake's head will move. If you are not careful, you will be bitten."

Ye Xuan also shook his head helplessly.

The snake is a peculiar creature. If the body is partially separated from the whole, it can maintain its original motor function for a period of time. Therefore, the tongue of the behead can also be conditioned, open mouth or spit out the snake.

Now, Ye Xuan already has five points of devouring points. He directly spent three points to swallow points in exchange for a skill called devouring.

In the future, as long as you touch with his hand, you can swallow it, which is very convenient.

Moreover, this swallow can be upgraded to swallow an area.

Not only that, the swallowing points can also be used to change the space, which is similar to the Qiankun ring, but it is much safer than the Qiankun ring.

Ye Xuan put his hand on the snake that is still swinging, then swallowed it, and then another sword pierced the snake head and swallowed the snake head.

"Sure enough, it is a fifth-order monster, which has improved a lot."

Ye Xuan nodded with satisfaction.

Originally, he only needed about 500,000 yuan of silver to break through. Now he has got five million two black glutinous concentrates, which allowed him to directly break through to the fifth middle of the martial arts.

Moreover, at this time, he is far from the fifth peak of the martial arts. I am afraid it is not far away.

Devouring the system, it really is a good thing!

However, the resources required for this upgrade are too large. Five million yuan and two silvers are enough to train an ordinary person to the sixth place in martial arts.

After finishing the mess, Ye Xuan also turned around, but nothing was discovered.

Then he left the cave and found a tree to rest in the forest outside.

Nothing happened overnight. The next day, Ye Xuan got up early and continued to hunt.

Now he broke through to the fifth middle of the martial arts, and almost broke through to the fifth peak of the martial arts, so he wanted to go back to Yuncheng after the breakthrough.

After the hand of devouring, Ye Xuan has also been able to kill the monster.

However, things are not that simple.

"Big brother, when I went out for convenience, I found a kid killing an armored cow. However, the next moment, the armored cow disappeared."

In a forest in the 18th Lianyun Mountains, a skinny man ran to a knife and said.

"Is it gone? Are you looking at the flowers?" The knife was awkward and asked a little strangely.

"No, the armored cow is a third-order monster, much bigger than the two of us. I won't be wrong..." The skinny man said seriously.

"Suddenly disappeared, if you are not mistaken, then there is only one possibility!" Knife male eyes suddenly lit up, said: "Qin Kun ring!"

The skinny man also hurriedly nodded: "Yes, that's right, only the Qiankun ring can do it, big brother, this time we hit the treasure, and even someone has a ring!"

Qiankun Ring, but a very precious thing, the world has basically heard of it, but never seen it.

Before Tian Yuanzong's protection of the law, there was one in the hands of Yu Jin, but the origin of this person is extremely mysterious. It is also true to have a Qiang Kun ring.

Moreover, even a sectarian sect may not have a ring, but it appears to be a little kid who has come to Lien 18 in the mountains. This is a little unlikely.

"Are you sure that the kid has lost an armored cow?" The knife man couldn't help but ask again.

"I take the guarantee of the head, I am absolutely not mistaken, and, big brother, we still do less of that kind of thing, anyway, there is no one here, it is not as good as..." The thin man browsed and picked.

"Okay, do him!"

The knife man is also impressed, and a piece of Qiang Kun is worth the price. If they are really won by them, they can definitely become a strong.

As for the kid in the thin man's mouth, it is actually Ye Xuan, and he was accidentally seen by the skinny man when he swallowed the body of the monster.

Immediately, the two of them took up the weapon and chased the past.

However, at this time, Ye Xuan is still looking for the next monster to hunt, but I don't know if the danger is already approaching him.

"Well, footsteps?"

Ye Xuan, who was looking for prey, suddenly felt that it was not right. Immediately, his brow wrinkled, then turned his head and saw that two figures were following him out of the forest.

These two people are the thin man and the knife man.

"Little brother, please stay." Seeing Ye Xuan found that the thin man was also shouting, and then ran all the way.

Ye Xuan's brow was tight. He looked at the two and found that their age was around forty years old. As for the strength, they could not see it.

"stop!"

Ye Xuan suddenly reached out and gestured to stop the skinny man to stop. Although he had not come to the world for a long time, after the memory of the unlucky one, he was not the burdock who had just debuted.

In this wilderness, there are often some discordant things happening, such as killing people and winning treasures.

"Do you have anything?" Ye Xuan looked at the skinny man stopped 20 meters in front of him and asked aloud.

The skinny man showed a harmless look of humans and animals, and then said: "Little brother, this is the case, our map was accidentally lost, so I would like to ask the little brother, do you have any extra Lianyun 18 mountains? map?"

"map?"

Upon hearing this question, Ye Xuan's brow was also loose. Then he took a piece of sheepskin from his arms and threw it to his feet. He said, "Two big brothers, going out, helping each other is right, the map I put This, you can wait for me to come back and take it!"

When he finished, he just turned around and left.

If the two men really asked him for help because they lost the map, he would be happy to help because he still has an alternate map.

But if the two people want to be unwilling to him, it is still far from being good.
