Chapter 1301: Bottom layer

"The Royal Wind Dragon Shadow!"

Ye Xuan quickly swept the sky and took out a sword.

"The killings broke out!"

"Yanlong is unparalleled!"

An yan dragon roared out and attacked the old man.

"If the district is full of artistic conception, I dare to shoot at me, so big courage!"

This embarrassing old man once again glimpsed directly into the air, and then slammed his right fist, and directly hit the Yanlong.

"A strong body, it is a master of the broken world!"

Ye Xuan's face is a condensation.

The broken land can only exert 10% of its strength on land, but in the air, it is at most 80%.

The gap between these two is that Ye Xuan at this time has the grasp of killing each other.

Don't forget, Ye Xuan is not alone in the fight.

"Sharp storm!"

"Hurricane sweeping!"

The goal of these two big moves is that the old man.

It's okay to sneak up, because the old tree is just as arrogant as it is, but Megatron is as good as the nine, and the power is much stronger than the madness.

"蝎影whip!"

The old man gathers the power of infuriating and Vientiane, magnifies his own tail, and then twitches a few times, which is to cut off those sharp branches.

However, the Bladestorm has already surrounded him.

At this time, the power of the blade storm is no worse than a broken magical power. After being surrounded by the old man, it is also a ghost of a giant scorpion, but it is broken in almost an instant.

"Chong!"

The old man's face was gloomy and he slammed a punch and smashed a **** path in the blade storm.

However, he was injured as a result.

Seeing, Ye Xuan's eyes lit up.

What about the strong players? Under his two big moves, isn't he still bleeding?

"carry on!"

Ye Xuan said in his mind, and then, the old tree and Megatron continued to attack.

These two magic skills are not one-off, but are controlled by time, about ten seconds.

Ten seconds, enough to kill this broken power. Of course, this is under the premise that the old man does not rush out of the prison.

"Want to go, leave me!"

Suddenly, Ye Xuan's dawn flashed.

Before he pursued Nalan Bing, he had a death killing order on Nalan Bing. Now Nalan Bing is under this altar of evil spirits. As long as the altar of this evil **** is destroyed, it is the death of Nalan Bing.

Therefore, Ye Xuan does not need to hide.

"Death chase!"

Suddenly, Ye Xuan left a deadly mark on the old man, which made the blade storm and the arrogant attack more powerful.

The most important thing is that Ye Xuan also has the opportunity to quickly get close to the old man, that is the eye of assassination!

"This eye of assassination must be left at a critical time, so be sure to kill it!"

Ye Xuan thought about it.

Now there is a blade storm and arrogance, he must first consume it.

"Miscellaneous things, look at the trick!"

This embarrassing old man did not forget to attack Ye Xuan while avoiding the attack. Moreover, this blow is a broken magical power.

"Cold Frost Ghost Hand!"

A huge blue palm swept over Ye Xuan.

But at this time, Ye Xuan's dawn flashed.

"Hey, the frosty hand copied successfully!"

When the system prompts to sound, Ye Xuan immediately calls the infuriating body, and then shoots it.

"Cold Frost Ghost Hand!"

Two huge blue palms collided together, igniting a thousand waves and freezing the surrounding vine branches.

This blow is a broken power.

Although Ye Xuan has Yanlong Wushuang, this growth magical power, but he is only as good as the eight-pointed, so Yanlong Wushuang can only be regarded as superior superiority, power, or weaker than this frosty hand.

"What, how can this kid be?"

The deaf old man was shocked. This attack was his trick. It took him ten years to practice. How could Ye Xuan also be?

Fortunately, this confrontation still has the upper hand, and Ye Xuan's frosty ghost hand was defeated.

"Kid, fight with me, you are still tender!"

Although I don't know why Ye Xuan will also break this door, but the old man saw that Ye Xuan did not mean to hide, immediately began to gloat.

However, it is at this time.

"call out!"

Ye Xuan suddenly disappeared without a trace.

Yes, it disappeared in front of the old man, and with the strength of the broken territory, the old man did not know how Ye Xuan disappeared.

"What, man?"

The old man was shocked.

The next moment, he just felt cold in his back, and when he turned around, he saw a frosty hand shot him.

"Hey!"

The old man was too unresponsive, and was slammed, and the whole body suddenly formed ice crystals, such as an ice corpse.

"This is impossible!"

The old man did not die. He stared blankly at Ye Xuan. He couldn't understand why Ye Xuan could cross this distance and quietly came to his back and attacked him.

However, he has no time to think about it.

"Accept the baptism of the Bladestorm!"

Ye Xuan's light flashes and his mouth is slightly tilted.

This time, this old man is still not dead?

"Calling!"

First, the blade storm swept away, followed by countless branches and concentrated stabs. In the sound of the crisp sound, Ye Xuan finally heard the system prompt.

"Hey, the host's killing value is improved!"

This system sounds like the last words of this embarrassing old man.

Of course, this embarrassing old man is defeated and he has used a broken magical power.

The frosty ghost hand is an ice attribute attack with a frozen effect. The old man is hit by this bombardment, and the whole body is frozen up and down, so it is hit by the blade storm and the madness.

When the blade storm swept through, Ye Xuan quickly used the power of Vientiane to collect the old man's body.

There are a lot of things inside, there are only 100,000 pieces of faith crystals, and the block is not small, enough to fall into the cultivation of the nine.

However, Ye Xuan did not have time to carefully check. At this time, the other three elders also broke through a big hole and rushed in. It happened that they saw the scene where the old man's body was taken up by Ye Xuan.

"How is it possible that the law of Yang Yangming is dead?"

"Did in the hands of a human being who is as beautiful?"

"On, revenge for the protection of the law!"

These three cults of the cult of the evil spirits immediately rushed past.

The old man died, and the killing feast once again soared up by 50%. Ye Xuan's strength was 2.5 times before the use of the killing feast.

However, even so, he did not grasp the battle with the three major players.

"go!"

Ye Xuan quickly turned around and left.

Chapter 1302: Cthulhu statue

"chase!"

The three crushing strongs are not prepared to let go of Ye Xuan, rushing on the land, and catching up in the blink of an eye.

"Sure enough, I can't run..."

Ye Xuan smiled and broke into the void and drilled in.

"Block him!"

One of them was drunk, but it was still a slow one, and the eye of the void was closed.

Seeing the scent of Ye Xuan disappeared, the three almost vomited blood.

The splendid environment was actually killed by Ye Xuan, who was full of ambitions. The three of them even looked at Ye Xuan and ran away. This is a shame.

"Look, be sure to find out!"

At the moment, the three men are scattered and rushing out of the altar of evil spirits.

They think that Ye Xuan is nearby.

Indeed, Ye Xuan is still nearby, but he has already arrived on the other side of the altar of evil spirits.

At the time of the increase in the killing feast, Ye Xuan wanted to improve her strength.

The death of the old man, the construction time of the altar of the evil spirits increased by half a day, plus the apostles of the evil gods who died before, and now the countdown to the construction of the altar of evil spirits has reached two days.

You know, when you pick up a random mission, the countdown to the construction of the altar of the evil spirits is only one day and three hours.

"The construction time of the altar of the evil spirit has increased, but the reward time has passed an hour..."

Thinking of this, Ye Xuan is once again rushing into the altar of evil spirits and starting to kill.

In his current realm, even if he does not attack, he can kill the apostle of the evil spirits.

In the blink of an eye, there are more than a dozen evil **** apostles who have died in his hands, including three of them.

The increase in the killing feast has once again soared!

However, the movement of the genius has already attracted the attention of the central black man.

"It's a bunch of waste, it's not good!"

The black man sipped and slammed directly toward Ye Xuan.

"You finally got it!"

With the eye of insight, Ye Xuan saw that the suspected and broken master had swiftly rushed toward himself, at least three times his speed.

"go!"

Ye Xuan once again broke open the void and drilled in.

"Hey!"

The door of the void was closed, and the man in black rushed, but the next moment, he heard the movement again.

"Haha, there is a kind of catch me!"

Ye Xuan's arrogant voice fell into the black man's ear, causing the latter's face to change.

Even he did not see, Ye Xuan used what means to leave.

"Excuse me, I am sinful, you sin!"

The black man rushed out again.

But before he arrived, Ye Xuan had already killed a few people, and then broke open the void to another corner.

The man in the darkness of the two-folded black man was turned to the group by Ye Xuan.

"You three wastes, give me back!"

The black man yelled, his voice was deafening and passed to the distance.

The three ruins of the three ruins were still searching for Ye Xuan. When I heard this, I quickly turned around and turned back.

At the same time, after seeing Ye Xuan in another corner of the altar of evil spirits, his face could not help but become gloomy.

If these three broken guards come back, then he can no longer kill the apostles.

"Yanlong is unparalleled!"

"Cold Frost Ghost Hand!"

Ye Xuan also killed a few evil **** apostles, and then broke the void again. This time, he was leaving.

Soon, the three broken strong players are coming back, but Ye Xuan has already left.

"Yang Yangming is dead?"

The black man asked directly.

"Yes!"

The three faces changed and nodded in unison.

"Waste, it's really waste, it's actually killed by the human beings who are as good as eight, waste!"

The elders in black couldn't help but roar, but he ignored a little. He didn't catch Ye Xuan.

The term waste, he is also suitable!

"Everyone, a collection of evil spirits!"

The black elders continued to shout.

Soon, the three hundred evil **** apostles quickly gathered.

"Everyone, first cast the statue of the evil spirit, and wait for the will of the evil spirits to come, those who are troubled will inevitably die!"

The black elders immediately ordered.

"Yes!"

Everyone is in unison.

Originally, they opened the bow around and built the altar of evil spirits while casting the statue of the evil spirit.

Now, concentrating everyone to cast this statue of evil spirits is much faster than the black elders themselves.

At this time, Ye Xuan outside the altar of evil spirits is looking at this scene.

"They started to cast the statue of the evil spirit!"

Ye Xuan's face is not very good.

With so many people coming together, there is no way to kill him.

Moreover, the effect of the killing feast is now over, and even if he is courageous, he does not dare to go.

"Young Master, the statue of the **** of evil spirits, is made up of faith crystals!"

At this time, the fall next to Ye Xuan suddenly reminded.

"Oh?"

Wen Yan, Ye Xuan brows a pick, only when he specializes in killing, but ignores this.

He quickly swept away with the eye of insight and found that the statue of this evil spirit was really like the words of the fall, all of which were made up of faith crystals.

"Why use faith crystal?" Ye Xuan asked curiously.

"The will of the evil spirit is too strong, and human beings can't bear it, but this belief crystal can. I guess they cast the statue of this evil spirit first, and then used to carry the will of the evil spirit, but this is only a half-open state, only The sacrifices under the altar of the evil spirits are offered, and the statue of the evil spirit can be fully opened to carry more evil will."

These contents are beyond the knowledge of Ye Xuan, but Ye Xuan does not need to know so much. He only needs to know that if the statue of this evil spirit is cast, then he will be in trouble.

"So, you must prioritize the destruction of this statue of the **** of evil!"

Ye Xuan's light flashed and looked into the distance.

Now, he finally understands why this altar of evil spirits is so big, because this statue of the **** of evil spirits is worthy of a tall building.

If the altar of the evil spirit is small, then the sacrifice can not be carried out, so the altar of the evil **** must be bigger.

"Young Master, you can also destroy this altar first, so that you can delay the time, and there should be many sacrifices underneath, and you can save them."

Ye Xuan heard this and also nodded slightly.

The Xuan Ming Shuangyu is under the altar. Ye Xuan estimates that they were caught by the evil gods on the way and then used as sacrifices.

However, Fang Xuxuan's death killing order has already shifted his target, so he can no longer feel the exact position of Nalan Bing.

工具, death squad is only able to be disposed one day.

"This is nothing to do with the mysterious shackles. What matters is that the altar of evil spirits is destroyed first!"

Ye Xuan thought in his heart that he was attacking again.

This time, he is not going to kill, but to start destroying the altar.

Chapter 1303: Killing people by knife

"Megatron, let's blow!"

Ye Xuan directly plunged into the altar of evil spirits and said to Megatron.

As for the old and the fallen trees, they are cultivated in the planting space. If the two break through again, then Ye Xuan has the ability to fight against the broken power.

"The killings broke out!"

"Yanlong is unparalleled!"

Ye Xuan directly smashed a sword against the ground, and an yan dragon directly blasted to the altar of evil spirits.

This altar of evil spirits was built by special techniques, and its defensive ability was quite good. It only took a long time to slam, but it only made some cracks.

However, Ye Xuan's attack power is much stronger than the fall.

"Hey!"

The altar of evil spirits was broken into pieces, and then Megatron quickly swept down and swallowed the broken metal.

"Megatron, these are all yours!"

Ye Xuan shouted.

Although Megatron has broken through to the top of the world, it has not yet reached the peak of the nine-fold conception. Moreover, Megatron devours the metal ore, and Ye Xuan is equivalent to engulfing it.

The movement here is naturally the attention of the group of people in the middle of the altar of evil spirits.

"It's coming out again, three of you, go and kneel down!"

The black elders said coldly.

"Yes!"

The three strong players in the broken ground nodded and rushed out.

With Ye Xuan's current realm, it is not possible to fight against a broken powerhouse alone, let alone three.

"The Eye of Void!"

When I saw the three people coming over, Ye Xuan immediately broke away from the void and came to the opposite side.

"carry on!"

"Booming!"

At the other end, there was a roar, and the three strong players in the broken position looked at each other and left one. The other two turned around and rushed back.

"Hey, what about splitting up?"

Ye Xuan glanced at the corner of his mouth and tilted slightly.

When the two men rushed over, he broke open the void again and came to the other side.

This time, the two separated again, and one of them rushed toward Ye Xuan.

Ye Xuan's flash of light flashed, and he used the eye of the void to come to the fourth direction.

There are four guardianships in the original evil spirits, which can guard the four directions. With the fall of the Yangming, there is a gap in the altar of the evil spirits.

Fortunately, there is an elder in the altar of evil spirits.

"Kid, there is a kind of you don't go!"

The black elders shouted.

"The brain is broken, there is a kind of you don't chase!"

Ye Xuan glanced at the other side, and after he took out a few swords, he quietly left.

This time, he came to the altar of evil spirits.

"The eye of insight!"

When the door of the void was closed, Ye Xuan hurriedly swept through the eye of the insight, and found that the three guards and the elders did not move, it seems to be guarding.

"too naive!"

Ye Xuan's mouth tilted slightly and said to Megatron in his mind: "Small day, get some noise out of the outside!"

Megatron once heard it and immediately understood.

This time, Ye Xuan is also going to use the plan to hit the West.

Soon, Megatron was far from the altar and then made a loud noise outside.

"Ok?"

On the south side, the cult of the **** of the evil spirits wrinkled and rushed straight out.

However, Ye Xuan was approaching the altar of evil spirits from the heights when he left.

"idiot!"

Ye Xuan couldn't help but smile, then suddenly swooped down.

"Cold Frost Ghost Hand!"

A huge palm is covered.

"not good!"

The elder **** elder on the east side sank and quickly turned around, but he was still a little late.

"Hey!"

The attack of the Frostman's hand, the Evil God elders defeated some, but Yu Wei was still on the statue of the evil spirit.

"Hey!"

The left-claw of the evil **** statue has been smashed, and the mission of the evil **** apostle is even more arduous.

"Damn!"

The evil spirits elders screamed and slammed a punch at Ye Xuan.

"call out!"

Before this, Ye Xuan once again broke away from the void.

This huge boxing shadow was thrown empty.

This time, Ye Xuan's plan was successful because he left a void position near the middle.

At this time, he passed through the eye of the void and came to the east side of the evil gods.

"Hey!" "Hey!" "Hey!"

The road was crisp, and the elders in the middle of the clan were gnashing their teeth.

shame!

It's a shame!

A double-handed master of the broken environment, was actually turned by Ye Xuan, an eight-fold human being, to face the face.

"Kid, you will die very badly!"

The black elders gritted their teeth and suddenly took out something from the Qiankun ring and then slammed into the sky.

Ye Xuan, who has an eye for insight, stared at it and found that it was a messenger.

"It's not good, you have to shoot down, otherwise you will have a broken way to protect the law, then my random task is almost no way!"

Ye Xuan's face sank and he shot with lightning.

"call out!"

"Kid, don't be if I don't exist!"

Just after Ye Xuan's shot, the voice of the black elder suddenly came, and he banged out and hit Ye Xuan's chest.

"No, go!"

Ye Xuan immediately made a decision, broke the eye of the void, and turned around.

However, the black elder's attack speed was too fast and directly penetrated his chest.

"You are not dead yet?"

The elders in black are cold-hearted, and this stupid human has been entangled for so long, and he was finally killed by him.

His face is a recovery.

However, what he did not know is that the key to Ye Xuan is not the heart.

"Hey!"

The eye of the void suddenly closed, and behind the black elders, there was a booming sound.

"what?"

The elders in black turned and found that the body of the statue of the evil spirit was suddenly crushed.

"Haha, you are an idiot!"

Ye Xuan couldn't help but swear, and the injury on his chest was recovering quickly.

The black elder was shocked, and Ye Xuan's heart had been pierced. Why didn't he die?

why?

Fang Caixuan was slowed down in order to shoot down the messenger. The black elders just wanted to use this message to lead Ye Xuan.

Then, Ye Xuan did fall into the trap of the other party, but Ye Xuan is tempted, because the black elders absolutely do not know his secrets.

At the time when the statue of the evil **** caused by the faith crystal collapsed, Ye Xuan's dawn was also a flash, and suddenly found an entrance to the underground.

Before Ye Xuan let Megatron go, but there are arrays under the altar of evil spirits, so the sacrifices can not be released.

Now the entrance has appeared!

"Let me expand this entrance!"

Ye Xuan suddenly shot two fine mans, and then split into two.

"Shuanglong Jianzhong!"

"The killings broke out!"

"Ice and Fire Double Dragon!"

A double dragon sword clock just covered the entrance.

"Hey!"

"Booming!"

This sonic attack, like a shovel, opened the entrance to the ground.

"Again!"

When the elders in black did not arrive, Ye Xuan once again displayed the ice and fire dragons!

Chapter 1304: Completion, one hundred and twenty!

"Hey!"

The entrance was forced to double again.

"go!"

Ye Xuan did not dare to neglect, hurriedly broke away from the void, and then the elders in black rushed to angrily.

"Shou, give me this entrance, whoever dares to come and kill!"

The elders in black immediately rushed to the back to say that the two shattered guards.

"Yes!"

The two men nodded immediately, and as for the third person, they were wandering around to find Ye Xuan's position.

At this time, Ye Xuan once again came to the altar of evil spirits and broke into the darkness.

He glanced at the panel and found that the task was completed to 70%.

This, but he was shocked.

"I remember that my mission was only 30% complete, and after the collapse of the statue of evil spirits, it reached 80%..."

Ye Xuan swallowed it.

He estimated that the task of this sacred altar mission can reach 150%, one hundred is the altar of evil spirits, and the other fifty is the statue of this evil spirit.

"If I complete 150%, will the reward double?"

Ye Xuan suddenly thought curiously.

However, this is a bit difficult. After all, he is only 80%. Whether he can be 100% or not is a problem.

"No matter, continue to disassemble!"

Ye Xuan did not say anything, and once again rushed into the altar of evil spirits.

"Booming!"

The sound is constant, but this time, the people of the evil spirits are not moving.

"Don't worry about this human being, keep the entrance!"

The elders in black said, just watching Ye Xuan in the altar of the evil spirits.

This altar of evil spirits, they have only been built for five days, but if the group of sacrifices underneath ran, they must catch at least one month.

In a little while, the nearby cult gods and the elders will come, and by the time, Ye Xuan is in danger.

far away.

"It's amazing that people who are cultists of this cult have chosen to guard and not to catch me."

Ye Xuan's heart is a bit strange, but just right, Xuan Ming's eyes are also underneath, and the evil gods hold it.

Before he left, he swept his eyes with insight, and found that there were a lot of sacrifices at the bottom, at least 5,000, and at least they were all in the realm of seven.

Such a large number of sacrifices is more important than the altar of evil spirits.

As a result, it is cheaper.

"The task is completed at 85 percent!"

"The task is completed 90%!"

"The task is completed 95%!"

A systematic reminder sounded in Ye Xuan's ear, but no one else came except for the chasing of Ye Xuan.

"The mission is 100% complete!"

Finally, this random task, the task completion level reached 100%.

"Hey, the random task is 100% complete, the host can choose to return the task immediately, or you can choose to continue!"

Hearing this, Ye Xuan's eyes flashed a touch of color.

This random task is exactly the same as he thought.

If the task is 100% complete, you can choose to hand in the task. The highest value should be 150%. This kind of reward will definitely be higher than 100%.

"In any case, the other side can't help me, continue!"

Ye Xuan does not choose to hand in the task, but chooses to continue, because the higher the degree of completion, the better the task reward.

"The mission is 100% complete!"

"The task is completed at one hundred and ten percent!"

The system prompt tone continued to sound, but when the task completion reached 120%, the sky suddenly swept a few figures.

"Sure enough, it seems that you can't continue!"

Ye Xuan has some helplessness.

Although he stopped the communication of the black elders, the other three had already been issued, so it is inevitable that the evil spirits will support them.

"The Eye of Void!"

At the moment, he broke the void directly and left the altar of evil spirits.

At the same time, he also directly handed in the task, after all, the time passed by a little bit, the more behind, the reward will get worse.

"Hey!"

The door of the void was closed, and Ye Xuan came to an hour away from the altar of evil spirits.

"Hey, the random task is completed, the completion level is 120%, and the reward is calculated!"

The system prompts.

"Hey, the reward is calculated and the host can choose two rewards!"

"One, the host and all pets can be upgraded to the top of the world!"

"Second, the eye of glory becomes permanent!"

"Three, the eye of silence and the eye of decomposition!"

This random task, there are actually three kinds of rewards, which made Ye Xuan shocked. The most important thing is that this reward can choose two.

First look at the first reward, which allows him to instantly break through to the top of the world, in addition, the same as the old tree.

In this case, he has the qualification to dry the rack with the strong.

However, if you experience this thing, he can take it slowly. For the long-term, I will not choose this for the time being.

Look at the second reward, you can make the duration of the brilliant eye become permanent, that is to say, after he uses it once, the infuriating will be permanently turned into gold, that is, it will be upgraded for a permanent level, and it does not need to be opened every time. With a brilliant eye, you can save a lot of effort.

As for the fusion of the Eye of Silence and the Eye of Decomposition, this reward is also very good.

Seeing this, Ye Xuan has already decided to choose the second reward and the third reward.

"Hey, is it confirmed?"

"confirm!"

"Oh, the eye of silence and the eye of decomposition are successful!"

"Hey, the host learns to smash the eye!"

Several consecutive system prompts to sound.

Ye Xuan immediately checked it and found that the eye of glory has changed. It can be turned on or off, and it does not need to be exhausted.

As for the eye of the burst, Ye Xuan has to try.

At the moment, he turned his head and looked at the opposite stone wall.

"The Eye of the Burst!"

"call out!"

The attack is still a silver sniper, but it has the effect of disintegrating the eye.

The eye of decomposition can break down anything, even the infuriating, and now merge with the eyes of silence, no intention to improve the power.

Of course, there is a second attack method for the Eye of the Blast, that is, the invisible ray attack, both speed and power, is stronger than before.

"The eye of the burst, good!"

Ye Xuan is satisfied with the nod.

Now that the random task has been completed, then he does not need to hurry again. He can slow down a bit. When the fall and the old tree break through to the top of the world, he will go to the chaos.

No, maybe you don't have to wait!

Ye Xuan explored the things in the sacred sacred ring of the Yangyang Ming dynasty and found a map.

This map is bigger than the hurricane, and there are two altars of evil spirits.

Two!

The evil spirits are in the center of the two altars.

Chapter 1305: wait

"This evil spirit is to protect the law. The elders are two-folded. So the leader is at least the same, or even the three sides?"

Ye Xuan thought in his heart.

With his current realm, even the one who is in a broken position can't deal with it. He also relies on the eye of the void to be able to turn the ruined black elders into a group.

If you encounter a triple-minded leader, he estimates that he can't eat and walk, and will definitely be caught and then dedicated to the evil spirits.

"The evil spirits can't go for a while, and the other altar is far away, or it's counted now."

Ye Xuan suddenly dismissed this idea.

There is also a mysterious scorpion in this altar. Now the death killing order on Nalan Bing disappears, so Ye Xuan can't leave.

Since he promised a **** coat, he would kill the mysterious eyes.

However, he is not in a hurry now, first return to the altar and look at it with a hole in insight.

"There was only three ways to protect the broken land, plus the original three, that is six, in addition to the two elders who are broken..."

Ye Xuan calculated in my heart.

In his current realm, it is a bit reluctant to deal with a broken environment, not to mention other people.

"The fall and the old tree will soon break through. At that time, except for me, all three of them are as good as the nine, so you can deal with it. As long as you kill a few broken guards, I may be able to break through. It should be able to deal with the elder."

Ye Xuan thought, just asking in his mind: "The tree is old, falling, how long do you need to break through?"

"I will take about three hours, and purifying the crystal is too much trouble."

"It takes about five hours to get old!"

Falling for three hours, the tree is five hours old, so Ye Xuan still needs to wait five hours.

However, in the past five hours, Ye Xuan did not want to wait like this. He learned the eye of the burst, then he had to try the power.

"The tree is old, it falls, you practice first, and I and Megatron go to harass harassment."

Ye Xuan said, but also once again rushed to the altar of evil spirits.

It is still dark at night, so it is good for action. After another five hours, the sun in the desperate desert will rise. At that time, the passive effect of the assassination will disappear.

However, after six hours, those skills with a cooling time of one day can be reused, such as death killing orders, Shenmu prison, etc., because it is refreshed at midnight.

Although the task of destroying the altar of evil spirits has ended, Ye Xuan's instinct is almost infinite, and it is too uncomfortable for him to stay there for five hours.

At the moment, he rushed to the altar of evil spirits and smashed it.

"You are this human being, look for death!"

A middle-aged Yi nationality shouted and suddenly rushed toward Ye Xuan.

"The Eye of the Burst!"

"Yanlong is unparalleled!"

Ye Xuan directly shot, a sword pulled out.

"The light of the rice grain dares to compete with the moon?"

The middle-aged Yi people ridiculed the sentence, and the tail behind them suddenly magnified.

"蝎影 whip!"

"Hey!"

Two real gas hits and the air waves roll.

What the middle-aged people of this Yi did not expect was that his attack had even matched with Ye Xuan.

How can this be?

"The effect of this shattered eye is several times larger than before..."

Ye Xuan eyes a glimpse.

If the eye that is not shattered first hits the shadow whip, it is impossible for the dragon to be tied with the shadow of the shadow, because the eye of the destruction is the fusion skill of the eye of decomposition and the eye of silence, and there is an eye of decomposition in the attack. The effect can decompose the other party's infuriating.

"Come back!"

The middle-aged Yi people don't believe it, and they are taking a whip.

"Afraid of you?"

Ye Xuan snorted and was a set of tricks.

"The Eye of the Burst!"

"Yanlong is unparalleled!"

"Booming!"

This time, it is evenly matched.

The original Ye Xuan's attack was not able to get the other side, but there was a shattered eye, and he was tied with the other side.

"If the eye of the shattered eye becomes a destructive effect, every attack can be shattered..."

Ye Xuan thought a bit in anticipation.

The effect of shattering is only his fantasy, but the super-phagocytic system may appear.

"蝎影whip!"

"The Eye of the Burst!"

"Yanlong is unparalleled!"

Another strong wave of winds swept open and remained evenly matched.

In fact, Ye Xuan has already copied this shadow whip, which is quite easy to use. However, he does not have the tail of the Terran, is it difficult to fight with that?

However, in terms of infuriating, Ye Xuan is not worse than the middle-aged people of this ethnic group. However, the other party is a broken territory, and his constitution is much stronger than him. Therefore, once he is approached, he will be tragedy.

"Want to catch me, don't you know that I am muddy?"

Ye Xuan snorted and directly plunged into the door of the void, and the middle-aged Yi people rushed.

"Damn!"

The middle-aged Yi people roared, and they slammed their feet and stepped on a deep footprint on the ruined altar of evil spirits.

This altar of evil spirits has been destroyed by Ye Xuan, so it must be rebuilt, and does not care about this one.

At this time, Ye Xuan broke through the void and came to the other side, then madly removed the altar.

"It seems that the importance of this group of sacrifices far exceeds the altar of this evil spirit, otherwise they will not be as tight as they are."

Ye Xuan swept his eyes with insight, and thought in his heart.

He is planning to see if he can seduce others, and then go in and kill the mysterious eyes. But this is obviously a bit unrealistic, unless he breaks through to the top of the world.

However, the random task of destroying the altar of evil spirits has been completed, so his time is still very abundant.

He used the eye of the void and then fled and destroyed.

Half an hour...one hour...two hours...

With the eye of the void, Ye Xuan turned the group of evil spirits and the elders to play, and at the same time consumed the instinct of this group of people and reduced their combat effectiveness.

Soon, by the third hour, there was a system prompting to sound.

"Oh, the breakthrough is broken, and the current situation is nine-fold!"

Finally, the fall has broken through to the top of the world, and now her strength, I am afraid it is not worse than Ye Xuan.

But this is not enough.

"Wait for another two hours. When the old tree breaks through to the top of the world, we will go to the pit to kill the evil spirits and protect the law!"

Ye Xuan said in his mind.

"it is good!"

.....

Time, continue a little bit past, although the fall has broken through, but Ye Xuan did not release her.

Soon, it took another two hours.

"Hey, the Demon Warrior breaks through, and the current situation is nine-fold!"

Another system prompts to sound.

Now, in addition to Ye Xuan, the three pets are already in the same position.

It is a pity that if the master does not break through the broken territory, they will also be stuck in the mood.

But now, it's time to attack!

Chapter 1306: Fighting again

At the moment, Ye Xuan is plundering the altar of evil spirits. In the center of the altar of evil spirits, the statue of the evil spirit has been rebuilt to half. In a few hours, it can be cast.

"Mixed things, are you?"

The middle-aged man of the Yi nationality sighed.

"Long tail monster, dare not come to a battle?" Ye Xuan shouted with a voice that only two people could hear.

"Long tail monster?"

After hearing the name, the middle-aged people of the Yi people immediately rushed toward Ye Xuan.

"If you want a battle, just come with me. If there are other people to follow, I will leave!"

Ye Xuan said in a threatening tone.

"What is the trick for this kid?"

The middle-aged people of the Yi people suddenly reacted.

Before Ye Xuan did not dare to fight with him, every time is well controlled, every time he passed, Ye Xuan was able to leave first, and now, Ye Xuan actually invited him.

It's tricky!

However, he is also a good environment, and he will be afraid of Ye Xuan's artistic conception?

Since Ye Xuan wants a battle, he naturally has to do so.

As long as he is close to Ye Xuan, he is sure to kill Ye Xuan before he leaves.

It is this confidence, so he dares to keep up.

In the distance, another 蝎人族保法 noticed that, in preparation for keeping up, it was stopped by the middle-aged people of the Yi people.

"Don't follow, I will clean up!"

The middle-aged people of the Yi people are low.

The man stopped, only looking far away from the middle-aged people who followed Ye Xuan.

This time, Ye Xuan is determined to kill the middle-aged people of this ethnic group. In order to prevent others from interfering, it is farther away.

They rushed for a few minutes before they stopped.

"Kid, are you laying a trap here?" The middle-aged people of the Yi people couldn't help but ask.

"Do you want to fight the battle place? I don't care."

Ye Xuan said.

There are indeed traps, but Ye Xuan is carrying it, that is, falling three, so this trap will move.

"Hey, even if it's a trap, I have to look at it. What can you dare to seduce me!" This middle-aged man is confident in his face. After all, he is two higher than Ye Xuan.

"If that's the case, then come on!"

Ye Xuan blinked and shot directly.

"The killings broke out!"

"The Eye of the Burst!"

"Yanlong is unparalleled!"

A golden dragon whistling out and hitting the middle-aged people.

Since the completion of the random task, Ye Xuan has opened the eyes of glory infinitely, and the whole person's hair and eyelids have become golden and domineering.

Every time you open the eyes of glory, you need a lot of energy. Now, you don't need it anymore.

"蝎影 whip!"

This middle-aged man also took out the tricks that he is good at, and he took it.

"Hey!"

The two energy collided with each other. This time, it turned out that Ye Xuan had the upper hand. How is this possible?

The middle-aged people of the Yi people were shocked. The previous bangs were evenly matched, but now, why did Ye Xuan press him?

This point, only Ye Xuan understands, because the eyes of the previous shattered, he did not use the killing of the outbreak, only the Yan Long Wu can have.

The reason why he doesn't use it is to wait for this time.

"Huh!"

This golden dragon whizzed away, and the middle-aged people of the Yi people collapsed with a punch.

However, after this golden dragon, there is still an invisible attack.

"The killings broke out!"

"Breaking the light!"

Ye Xuan quickly made up a note, but this time the eye of the burst is the same invisible attack as the eye of decomposition.

"Zizi!"

The two rays of light were shot on the fists of the middle-aged people of the Yi people. In the blink of an eye, the fists of the middle-aged people of the Yi people were decomposed and bloody.

The middle-aged people of the Yi people felt the pain in their heads, and the tiger's body was shocked.

In the absence of a second of war, he ate a big loss, which was the result he did not expect.

His entire right fist, broken by the broken eye, left only the wrist, which means his right hand was scrapped.

"Kid, I want to tear you away!"

The middle-aged people of the Yi people were all red, and they rushed straight toward Ye Xuan.

When Xuan was not killed, Ye Xuan hurried back and attacked.

"The Eye of the Burst!"

"Yanlong is unparalleled!"

This combination has been smashed again, but this time, the middle-aged people of the Yi people did not intend to fight hard, but subtly escaped.

Under this circumstance, Ye Xuan can not be separated, because once the strength is divided, it will drop by 50%, and it will be broken one by one.

However, even if he is not separated, he can also deal with this middle-aged man.

"Tree is old, Megatron, falling!"

Ye Xuan's light flashed and he directly called out the three people.

All three of them have reached the top of the world, and the strength of the fall is the strongest.

Megatron and the tree are second, but they have one more advantage than falling, that is, they are not dead.

"Roar!"

After the emergence of Megatron, it became a chain of arrows and began to shoot insanely.

The old tree is also afraid to fight hard with this middle-aged middle-aged man, and can only continue to attack with sharp vine branches.

As for the fall, it is natural to use the sea tactics.

"Hundreds of monsters and foxes!"

"Seven-color demon fire, a thousand layers of explosion!"

Hundreds of fallen, began to squander the demon fire, and constantly burst in front of the middle-aged people.

"Hey, is this your trap? It's too small to look at me!"

The middle-aged people of the Yi people do not agree, the whole person is like a lightning bolt, and shuttles through these attacks.

On land, the strongest of the broken land can exert 10% of the strength, so Ye Xuan can not list the battlefield on land.

"God!"

Ye Xuan took off quickly and then took a shot.

"Cold Frost Ghost Hand!"

A golden giant palm appeared, like a meteorite.

The location of the attack happened to be the hiding place of the middle-aged people of the Terran, so he had to shoot.

"Split mountain foot!"

The middle-aged people of the Yi nationality took a step in the footsteps and magnified with the power of infuriating and Vientiane. Suddenly a big foot hit the sky and hit the cold frost.

"Boom!"

The loud noise spread and the dust was flying.

This time, the two sides put together a close match, but next time, it is not that simple.

"Come back!"

"Cold Frost Ghost Hand!"

Ye Xuan shot again, and it was covered with a golden hand.

"Split mountain foot!"

The middle-aged people of the Yi people regained their fighting.

However, he can only block twice. After all, he is now besieged by four people.

Megatron and the old tree have already launched an attack on it.

"Give me a roll!"

The middle-aged people have a huge amount of real life, and they will directly fly Megatron and the tree.

At the same time, Ye Xuan in the sky blasted the third palm, in addition, there is a trick to make this middle-aged people very familiar.

"Cold Frost Ghost Hand!"

"Split mountain foot!"

Chapter 1307: Mysterious strong

After seeing this scene, the middle-aged people were completely shocked. Ye Xuan learned that the cold-blooded ghost of Yang Yangming did not say, how can he even learn his cracked foot?

These two combos, he can not pick up, it should be said that can not be completely taken down, can only take one move, and then hide.

"Split mountain foot!"

The middle-aged man's right foot was once again stunned, and the frosty hand was on the brink.

But Ye Xuan's cracking foot, he had to hide.

Ye Xuan's foot fell, and he gave birth to a huge canyon out of the earth. Before that, the middle-aged man was already flashing.

However, just as he relaxed his vigilance, he suddenly felt a rapid approaching atmosphere.

"call out!"

A golden flash swept past his body, and in a crisp sound, one of his thighs suddenly separated from his body.

This is also due to the fact that he is a broken territory, and his body is strong. If he is slower, his body is separated from his body.

"What the hell?"

The middle-aged man was shocked. With his physique, he couldn't see what the golden flash was. This speed was already out of his perception. He was able to avoid this blow, which was completely conditioned.

At this moment, the golden flash suddenly broke, and then folded back.

"Oh!"

This time, the middle-aged people could not escape and were directly cut off their heads.

This golden flash is the demon fox flash that is displayed after the transformation.

"Let's fall, how did you turn your hair, it's too wasteful!"

In the air, Ye Xuan couldn't help but shook his head after hearing the system sound of the killing value.

Falling body hair becomes golden, isn't that the use of the golden tail hair?

"Hey, my young master, I can't use the golden tail hair. This is a skill I just learned, called the reincarnation nine flash!"

Falling and laughing.

"Useless?"

Ye Xuan brows a pick.

"Well, this round of nine flashes is better than the demon fox flash. I can use the third flash now. However, the instinct of this trick is too much, I have to recover for a while!"

Fang Caixuan thought that he had used the golden tail hair and then displayed the demon fox flash, but did not expect that the fall was a new learning skill.

The resounding nine flashes, it sounds very powerful.

"This round of nine flashes, the second flash is faster than the first flash. If you use nine flashes, maybe even the evil gods can't prevent it!"

Ye Xuan suddenly recalled the scene of Fang Cai.

But in general, this time is not bad, after all, it can successfully kill a deceased **** of the broken gods.

There is one, there are two, if they can successfully seduce them, then he may be able to successfully break through to the nine.

At the moment, Ye Xuan is the past, and the loot is put away.

There are many belief crystals in this Qiankun ring, and it is more than 100,000 pieces. After Ye Xuan got it, it was all thrown to the land.

Due to the lack of breakthrough in Ye Xuan's realm, she was stuck in the mood of the nine, but she can continue to cultivate to the top of the nine peaks, and then purify the crystal.

When Ye Xuan breaks through, she can also directly break through to the broken environment.

The same is true for Megatron and the old tree, because Ye Xuan's cultivation speed has always been the slowest.

"Go, go back and see if you can seduce one more."

Ye Xuan directly sent the fallen three people back to the planting space, and then went to the altar of evil spirits.

However, on the way, he encountered another evil spirits protection law, which was just the one who wanted to keep up, but was stopped by the middle-aged.

Seeing that Ye Xuan is safe and innocent, this evil spirit teaches the law to flash, and sighs low: "You killed him?"

"Do you think that I have the ability to kill a broken power?" Ye Xuan did not admit, but asked, he did not admit, but also afraid to scare away each other.

Since there is no ability to kill, then Ye Xuan should have laid a trap and trapped the other side.

This evil **** teaches the law to think so.

"Dare to destroy the altar of evil spirits, you sin and die!" This cult of the gods is a cold-spoken sentence, directly shot.

"Death your mother, have the ability to call you the evil **** to kill me!"

Ye Xuan roared and immediately returned.

"蝎影 whip!"

"Yanlong is unparalleled!"

"Booming!"

This time against the bomb, Ye Xuan is weaker because he feels that this place is not a place to fight.

"Want to go? Leave me!"

This cult of the gods immediately saw the intention of Ye Xuan, and went up and tried to squat Ye Xuan.

Ye Xuan has been chaotic for so long, the black elders hate him, so he wants to catch Ye Xuan to return to meritorious service.

However, it was at this time.

"Boom!"

In the distance, suddenly there was a loud noise, and the two men stepped forward and turned around.

"The trough, the entire altar was blasted?"

With the eye of insight, Ye Xuan can see the altar in the distance, directly to the ruins, and then the sacrifices under the altar are fleeing.

As for those who protect the law and the black elders, they are directly killed.

"what?"

Ye Xuan's cult of the gods is also shocked. Who is this, even the elders in black with the broken environment and the four evil gods to protect the law?

Ye Xuan, who has an eye for insight, saw the man who smashed the altar of evil spirits. It was a middle-aged man wearing a gold armor.

However, even if it is the eye of insight, Ye Xuan can't see through the cultivation of this golden armor. He estimates that the other side is at least the realm of the four sides, even the five-strong and six-fold super strong.

Who?

who is it?

Ye Xuan and the spirit of this evil spirit are in the same place guessing.

But at this time, the golden armor suddenly took two people to leave.

These two people, Ye Xuan is very familiar, because these two people are the Nalan Bing and Nalanjie that he pursued.

"It turned out to be an escort!"

Ye Xuan's flash of light flashed and suddenly understood.

Before Tian Tiangong escorted Xuan Ming Shuangyu to Feisha City, he was handed over to Lu Tiangong's wife, who was the white-haired old man who was killed by Ye Xuan on that day.

Then, the white-haired old man handed over the man to a master of the Yi people, but unexpectedly, the master of the aristocratic family became an apostle of the evil gods, so he regarded the Xuan Ming double as a sacrifice and prepared to present it to the evil spirit.

Since the time dragged on for too long, the next **** was coming back to see it, and it happened.

"gone....."

Ye Xuan looked at the mysterious eyes of the men who were taken away by the gold armor, and the heart was helpless.

Before he killed the evil gods and protects the law, Yang Yangming, converted the death killing order, but now the time of the death killing order has not passed, there is still half an hour, so he can only watch the gold armor The man took away the mysterious eyes.

But before that, his insightful eyes also saw the nine yuan houses in the Xuan Ming double shackles.

Chapter 1308: Maximum kill value

If the mood is nine!

Nalan Bing and Nalanjie are both as good as they are, even faster than Ye Xuan.

"This pair of brothers and sisters who have double repairs is really fast. If they lose their whereabouts today, they don't know when they can find them..."

Ye Xuan's heart is a dark sentence.

The death chase order could not be used. Once Nalan Bing and Naranger left, he could not find each other. However, Ye Xuan has clues.

This golden armor who took away the mysterious eyes, there is a fox tail behind it, which means that he is a person of the fox family.

"The fox tail, as long as you leave the desperate desert, you can easily investigate it. Now, if you have a chance, you will find this mysterious scorpion in the future, and revenge for the **** clothes!"

Ye Xuan decided to forget, anyway, this is not his random task, as long as his speed of promotion exceeds the double repair speed of Xuan Ming's eyes, then he can help revenge.

Right now, let's solve this evil **** teaching method first!

As the other side was shocked, Ye Xuan quickly shot.

"The killings broke out!"

"Yanlong is unparalleled!"

This attack is a sneak attack, swift and powerful.

"Kid, you are looking for death!"

The cult of the gods heard the wind and suddenly turned back and banded a punch.

"Boom!"

Yanlong Wushuang was defeated, but when the golden dragon dissipated, a golden sniper hit.

"The Eye of the Burst!"

"Oh!"

The evil spirit teaches the body to one side, but the right hand is still smashed and slammed to give it a sigh.

When he was angry, suddenly there were two figures approaching.

Megatron, old tree!

"After a blow!"

"puff!"

A thick branch passed through the body of the evil spirits, although the heart was not smashed, but the thick branches were in the blood of the cult gods.

"Young man, don't worry, there are!"

The old voice of the tree suddenly sounded, and then the vine suddenly burst open.

The chest of the evil spirits was directly broken into a big hole and instantly fell.

This war has not been shot, and Ye Xuan and Shu Lao will kill this evil god.

First, because the evil spirits were protected by the law, they were attracted by the golden armor.

Second, because he cares about it, I did not expect Ye Xuan to have such strength.

All in all, he is dead.

At the moment, Ye Xuan is quickly passing, and his body and Qiang Kun are put away.

There are a lot of ore and belief crystals inside, but now for Ye Xuan, it is a glass of water.

"Not enough, if those bodies are available to me..."

Ye Xuan suddenly looked around and found the black elders and the bodies of the other four, but their Qiang Kun ring, but it was already missing, was taken away by the golden armor.

"Damn!"

Ye Xuan screamed, breaking open the void and returning to the altar of evil spirits.

Although the Qiang Kun ring of the few broken powers was taken away, there are still hundreds of evil apostles.

The group of sacrifices, some mad to escape, but some people are greedy for money, staying to collect the ring.

The ruins of the altar of the evil spirits have already erupted a lot of battles.

"Humph!"

Ye Xuan was too lazy to pay attention to them, and began to collect those Qiang Kun ring directly.

"Kids, let go of those shackles!"

A discordant voice spread, Ye Xuan turned his head and saw that it was a stalwart of the Tigers.

"Dare to hit my mind, courage is not small!"

Ye Xuan said nothing, a golden burst of smashing out, instantly killing each other.

"Let's fall, see you!"

At this time, Ye Xuan suddenly put the fall out.

"understand!"

Falling down immediately, and directly condensed a glamorous eye on the top of the head. In the blink of an eye, dozens of people were controlled.

At the same time, Ye Xuan did not idle, while killing those who used his ideas, while controlling those sacrifices that were as purposeful.

In the blink of an eye, they have fifty servants.

These servants were quickly grouped into groups and then began to **** the ring.

However, due to the large number of sacrifices, reaching 5,000 people, it is still difficult to kill the light.

Although the servant ranks are powerful, there are thousands of people fighting at the moment, and it is easy to fall.

One person died, Ye Xuan will control one more person, and Ye Xuan's killing value is arrogant.

"You dare to stay here and prove that you want to make a fortune. If so, then all die!"

Ye Xuan plunged directly into the center and then separated.

"The killings broke out!"

"Shuanglong Jianzhong!"

"Ice and Fire Double Dragon!"

"Ice and Fire Double Dragon!"

"Ice and Fire Double Dragon!"

A dragon snoring spread like a wave, and those low-lying sacrifices instantly fell from the sky. Some of them were close to Ye Xuan, and their heads burst and died.

Thousands of people fell for a thousand.

Transformers Megatron, also directly into a green giant bell, will spread dragons.

As for the old and the fallen trees, nature is not idle.

A systematic reminder of the sound, Ye Xuan's killing value is like a rocket mad.

We must know that these people are at least seven-fold, and some people have reached the peak of the situation. If they kill all these people, they will be able to reach their peak and then reward a little swallow.

In the end, Ye Xuan suspected that he was slow to kill, and directly plunged into the sky, and then cast a broken power.

"Cold Frost Ghost Hand!"

Under the cover of a golden hand, a dozen hits can cause more than a dozen people to fall. Anyway, Ye Xuan's instinct is almost infinite. Even if you use the broken supernatural power continuously, you can recover.

This battle lasted for a few minutes. Three minutes later, there were at least three thousand bodies in the ruins.

As for the other two thousand people, they are all running out.

No way, there are Ye Xuan these four killing gods here, who can grab them?

At the same time, after Ye Xuan killed the servants he controlled, he finally heard a system prompt.

"Hey, the killing value reaches the upper limit, does the host convert the killing value into a little swallowing point?"

The system prompts.

"Yes!"

When I heard this, Ye Xuan naturally could not answer no.

"Hey, the host's killing value is zero!"

"Hey, the host gets a little swallowing point!"

Another two system prompts, Ye Xuan used the kill value to exchange the swallowing point.

Fortunately, he only stored some weapons before, and after the killing value was cleared, it was directly swallowed up, so that even the killing of the killings could not be used.

"How can I use this point?"

Ye Xuan suddenly hesitated.

He thought for a while and finally decided to use it to start a skill that kills the blood of the gods - the shadow step.

This shadow step is similar to the **** blood of the blood coat, which can be used to escape quickly. However, you can't attack on the way, you can only use the infuriating body and so on.

This skill, used to hurry, chase or escape, is very good.

Chapter 1309: Reincarnation

"Hey, the host learns the shadow step!"

The system prompts.

"Well, if you rush to the evil spirits or another altar of evil spirits, you don't have to spend much time."

Ye Xuan thought, even if it consumed some killing values and cast a shadow step, he turned into a black streamer and went in one direction.

Shadow step, open needs to kill the value, continuous use will continue to consume the infuriating, but Ye Xuan, who has the blood of the **** of life, can really recover in time, this is nothing.

The direction in which he left this time is the evil spirit.

The Xuan Ming Shuangyu has been taken away by the Golden Armor. If Ye Xuan catches up, once it is discovered, it is peeled and deboned, and the death chase has half an hour of cooling, so he decided to give up first. If you encounter Xuan Ming's eyes again in the future, then you will think about the revenge of Mo Xueyi.

"Now, the old trees, the old trees and the Megatron are stuck in the same situation. If I don't break through, they will always be stuck..."

Ye Xuan has some helplessness. Who makes his upgrade experience multiply?

Fortunately, after killing so many greedy sacrifices, he was not able to break through to the top of the world, but not far away.

He estimated that if he encounters one or two cults of the evil spirits, he can almost break through to the situation.

There must be some loss. Although Xuan Ming's eyes were taken away, Ye Xuan got a little swallowing point, and this is not over yet.

"Ok?"

Ye Xuan's footsteps suddenly changed, because the eyes of the insight swept the two figures.

"Cult of the evil spirits?"

Ye Xuan's light flashed.

He saw that the two figures each have eight Yuanfu, but this does not mean that the other party is a martial artist who is arrogant, and that it may be broken by a Yuanfu to strengthen the whole body.

With this speed, Ye Xuan can guess that this is a two-pronged cult method.

"Exactly, take your knife!"

Ye Xuan's light flashed and dive in the past.

These two sacred gods and gods have received a decree, so they go to the altar of evil spirits to see, they will not think that the crisis has already hit.

"The killings broke out!"

"The Eye of the Burst!"

"Yanlong is unparalleled!"

A golden dragon suddenly appeared in the night and hit the two.

"Someone sneaked!"

The two sacred gods who rushed on the land were shocked and immediately turned and shot.

"Hey!"

The Eye of the Blast and the Dragon of the Dragon were smashed.

However, stronger behind, in the air, a golden hand and golden big feet appeared.

"Cold Frost Ghost Hand!"

"Split mountain foot!"

These two moves are very familiar to the two people, they do not understand why it appears here.

However, it is not the time to think.

"Boom!" "Boom!"

Two waves of violent waves swept away, and the golden hands and golden feet were also blasted.

However, after this, there are two invisible attacks.

"Breaking the light!"

"Zizi!"

These two bursts of light, the decomposition shot on the shoulders of the two, and suddenly broke their shoulder bone into fly ash.

The two men lost one of their left arms and one lost their right arm.

"court death!"

One of them was drunk.

Although I don't know who is attacking them, but dare to do so, they will let the other party die without a place to die.

Ye Xuan saw two people attacking, hurriedly summoned the tree and Megatron, and then dragged one person.

As for the other person, he came by himself.

"Give me away!"

The old man and Megatron's opponents slammed out and directly smashed Megatron, but the next moment, Megatron once again appeared and attacked him.

"what?"

This person was shocked and punched again.

Megatron and the tree are old, but the two magic weapons are the immortal existence, which is very convenient for entanglement.

At this time, Ye Xuan also handed in another hand.

"Kid, who are you?"

The cult of the gods asked.

"I am your ancestor!"

Ye Xuan spoke aloud, using both hands and feet.

"The Eye of the Burst!"

"Cold Frost Ghost Hand!"

"Split mountain foot!"

This evil **** teaches the law to be gloomy. He did not expect that a child with a singularity in the district would have such a powerful destructive power.

"If you don't answer, then you will die!"

The evil spirits teach the law to drink and fight back.

"Booming!"

"Booming!"

"Booming!"

The roar of the road spread, the two are quickly consuming the infuriating, but the strongest of the broken strong is the close combat, so after a few hits, he is plundering Ye Xuan.

"No, the killing value is not enough!"

At this time, Ye Xuan suddenly reacted.

He had killed so many people before, but the killing value was all cleared to be used to exchange the swallowing point. Now he can use the killing outbreak, which is the weapon he swallowed before.

However, the killing value of these weapons is not much, and it is not enough after using the broken power.

This battle must be quick and fast!

"Let's fall, kill him!"

Ye Xuan looked at the evil gods and protects the law that he quickly killed, shouting in his mind.

This time, he estimated that he would sell blood once!

"Kid, die!"

This evil spirit teaches the law to clench the left fist and go to Ye Xuan's left chest. If this fist is hit, not to mention the heart, even the entire chest may be bombarded.

"Come on, afraid of you?"

The red Yan sword in the hands of Ye Xuan also stabbed.

"Hey!"

The evil spirits teach the law to punch Ye Xuan's chest, but Ye Xuan has not been able to use the red flame sword to stab each other because of the difference in body constitution.

The heart is smashed, the average person is dead, but who is Ye Xuan?

"Ha ha!"

In the confident eyes of the evil spirits, Ye Xuan's mouth was slightly tilted, and a sneer was made.

"What, not dead?"

The cult of the evil spirits was shocked.

"call out!"

At this time, the wind blew.

A golden light flashed over the side, and the evil spirits were still cut off in the left arm of Ye Xuan's chest.

"call out!"

The wind has not stopped and started again.

The second golden light flashed, and the evil spirits were not able to respond to the law. This time, the head was thrown up.

The cycle is nine flashes, one flash is faster than one flash, and this is the second flash, killing one person.

"Let's fall, dry beautiful!"

Ye Xuan praised her in her mind.

"Young master, not finished yet!"

Falling and laughing, once again turned into a golden light.

Another cult of the cult of the gods in the distance was intercepted by Shu Lao and Zhen Tianjian. Now that Jin Guangchao was killed by himself, immediately the tiger body was shaken and the chrysanthemum was tight.

"Ghost things, give me death!"

He shot the opponent, but the speed was too fast, and he directly attacked him.

"Oh!"

In a crisp sound, the head of this evil god's teaching method was also cut off.

The two great cults of the evil spirits have been degraded.

Chapter 1310: Cthulhu row house

"Hey, the host's killing value is improved!"

"Hey, the host's killing value is improved!"

Two systems prompt to sound.

Although the person did not kill him personally, but the fall is his pet, the killing value of the person killed will be counted on his head.

Ye Xuan's mouth is slightly tilted, and the two broken bodies have a heavy killing value, which is enough for him to use for a while.

Before he estimated that his strength and the fall are similar, but now it seems that the fall is much more powerful than him.

Although the reincarnation of the nine flashes can only use the third flash, it is enough to kill a master of the broken territory, this time, thanks to the fall.

At the moment, Ye Xuan is pulling the two bodies directly, and then swallowing their Qiang Kun ring.

"Hey, the host breaks through, and the current situation is nine-fold!"

In the end, it's a breakthrough.

When the system prompts to sound, Ye Xuan feels that his breath has skyrocketed several times. At this time, he is estimated to be able to easily kill a master of the broken territory.

"As long as I break through once again and reach the broken ground, then they can all break through to the broken ground in an instant."

Ye Xuan thought in his heart and continued to use the shadow step to hurry.

The same is true, but Ye Xuan's speed on land is already more than Megatron. If he uses the shadow step, his speed is at least three times that of Megatron.

Half a day later, he came to the evil **** of the two altars of the evil gods.

The headquarters of this cult of gods turned out to be a palace like a scorpion, which made Ye Xuan somewhat awkward.

At this time, the sun was already raised, so Ye Xuan did not dare to rely too close, and he observed it with a hole in the eye.

In front of the headquarters of this cult, a small altar has been built. In the center of this small altar, there is a statue of evil spirits.

"There are a lot of apostles with eight meanings and nine weights. There are also a lot of protection methods..."

Ye Xuan's light flashed, and he glanced at it and planned it in his heart.

His task this time is to annihilate the evil gods, but his strength is at best to kill the broken nature of the law, and to the elders, it is difficult to win the game in a short time.

And here is the base camp of the evil spirits. Once exposed, it is under siege.

Therefore, it must be considered from a long time.

"I used to control the people of the Yi people, but * can't make the tail, so I can't get into the evil spirits..."

Ye Xuan has some helplessness. Since it is not easy to accommodate, then he can only find other methods.

However, he thought for a long time, just did not expect ideas.

"But, anyway, I have broken through to the nine-fold situation, directly killing, except for those few elders who are broken, no one can stop me!"

Ye Xuan made a decision directly.

This time, it still has to be hard, even if it is under siege, he also has the shadow step and the eye of the void.

However, what he is afraid of is not the elders who are both broken, but the cult leader of the cult.

He only roughly swept his eyes with insight. In the first half of the evil spirits, there was only one elder and three guardians. As for the evil **** teaches the Lord, he does not know where.

Therefore, he has to be careful.

"kill!"

At the moment, he is directly transformed into a streamer, killing the evil gods.

There are a lot of apostles on the way, but in his current realm, even the broken territory is not in the eyes, but also afraid of them?

"Oh!" "Oh!" "Oh!"

A burst of crisp sound spread, where Ye Xuan passed, across the body, no one could stop him from a sword, and even could not do it.

One, two, five, ten, fifty...

Along the way, Ye Xuan directly killed dozens of apostles of the evil gods, and he was still selectively killed, and the goal was almost always a nine-apostle apostle, so earned.

In the blink of an eye, he was already at the entrance to the evil gods, in front of the huge palace.

"Who would dare to let me go to my evil spirits?"

A recent cult of the evil spirit found Ye Xuan, after a big bang, he rushed to Ye Xuan.

"The light of the rice grain dares to compete with the moon?"

Ye Xuan showed a very disdainful look. This sentence was learned from a cult of a cult of cult gods. He is now still given to the evil gods.

What about the broken environment?

Broken ground, still kill!

"The killings broke out!"

"Yanlong is unparalleled!"

"Breaking the light!"

A golden dragon ran out.

The cult of the cult of the gods screamed and slammed a punch.

"Boom!"

The golden dragon was broken, but after that, there were two rays of light.

"Zizi!"

The light was shattered and shot on the throat of this cult of the gods. In the blink of an eye, the throat of this cult is decomposed, together with the chin.

A skull fell to the ground like this.

dead!

A sacred **** of the broken spirit is directly killed by Ye Xuan. This scene is also shocking the people around them. They are so big, it is estimated that they are the first to see the scene of the broken scene.

"Join hands and kill him!"

The evil spirits also rushed out of the two guards.

"Do you want to bully, I have someone!"

Ye Xuan's light was cold, and he summoned two of Megatron's.

Megatron and the tree can fight against a cult of the gods, and Ye Xuan can also single out one.

As long as the evil **** teaches the elders not to come out, these two evil gods will be killed by them within three seconds.

"dead!"

And Ye Xuan angered the cult of the evil spirits, the scorpion spurs a thorn, a tail needle shot, hit Ye Xuan.

For this kind of attack, Ye Xuan is too lazy to use the light to destroy, but easily escape, and then a sword.

"The killings broke out!"

"Yanlong is unparalleled!"

Another golden dragon was attacking.

Nowadays, he has already broken through to the top of the world, and the power of the growth dragon has also improved. Compared with the broken dragons and cold feet, it is still better to use Yanlong.

"Hey!"

This golden dragon was once again blasted, but at this moment, the other side suddenly appeared a figure, and then quickly turned into a golden streamer.

"what?"

This ruined cult of the evil spirits was shocked, and his spiritual knowledge clearly did not sweep into this figure, but now, how can it suddenly appear?

When he turned around, the golden flash had already hit, but fortunately he reacted faster and escaped a fatal blow.

"Hide once, hide for the second time?"

Ye Xuan's mouth is slightly tilted.

"The Eye of the Burst!"

"Oh!"

The golden sniper directly fell into the body of the evil gods and protects the law. At the wound, the whole piece was turned into a fly ash and went with the wind.

dead!
