Chapter 131: Fury Tian Zhen

There are thirty-six mirrors in the palace. Just now, one of them went to Beijing to map the picture of Ye Xuan. So everyone in the room saw this scene.

Some people may not know Tian Chao at the scene, but after the explanations from others, they also showed the look of watching the show.

They are all aware of the discord between the two inspections.

"Hey, Ouyang Ming and Tian Zhen are not in harmony. Now that Tian Zhen's son is dead, will he work directly with Ouyang Ming?"

"I don't think so. It's the palace here. Tian Zhen is bold and big, and he doesn't dare to swear."

"Haha, laugh at me, my son is dead, and I can't even put one."

"How can this be done? Although the emperor did not find it, but it is possible to observe it in the dark, and say that there are several royal family offerings here. If Tian Zhen dares to do it, it is absolutely dead, even if Tian Jia can't keep him."

Some ministers are whispering.

Their voice also fell into the ears of Tian Zhen.

At this time, if it is outside the Imperial City, he must definitely fight with Ouyang Ming to kill you, but it is a pity that this place is the Imperial Palace. Here is the place where the civil and military officials go up. Even if he has a hundred courage, he dare not do it here.

"Ouyang Ming, well, you are very good, let's walk, I hope you don't make a tortoise!"

After Tian Zhen put a few words, he left.

Now, can't he avenge his son and stay here to do something?

It was Ouyang Ming. He looked at Tian Zhen's impatience and looked like a big man. Before Tian Zhen saw him every time, he had to sneer and sneer. The grievances of these years can always be accumulated in his heart.

After a long time, he may be able to revenge.

"Ouyang Ming, the young man, are you recommended?"

After Tian Zhen left, there were also some people who came together.

"Yes, he is called Ye Xuan, a genius that I accidentally dig." Ouyang Ming said respectfully, although he is a patrol, but the officer is bigger than him, his strength is much stronger than him.

"Not bad, I saw it, remember to introduce it to me after this contest."

"Get it, you can't see the emperor."

"Oh, don't say it."

.....

In the open mirror.

This time, Ye Xuan can be regarded as a big profit, not only broke through the real spiritual environment, but also got a lot of swallowing points, but also raised the blood of the beasts and the blood of the chasing leopard to the intermediate level.

You should know that if you buy the blood of the intermediate-level beast directly, you need to take 5,000 points to swallow the points.

Not only that, but his loot also has game points.

Ye Xuan took a look at it. Those people add up to about two million points. The little violent black bear has a million points in the body.

What makes Ye Xuan most shocked is the big violent black bear. The token of his body is 10 million.

What is the concept of 10 million match points?

That is a hundred of the next product spar!

If Ye Xuan devours a hundred of the next spar, then he can get 10,000 swallowing points, but unfortunately, the game is not finished yet, he can't exchange.

He swallowed these points and then quickly ran to a leaderboard.

Sure enough, the first is already a replacement!

First place, Ye Xuan, 13 million points!

There are still some minors in the back, Ye Xuan did not care too much.

"Haha, I am the first. Any emperor has six geniuses. In front of me, it is a slag."

Ye Xuan was laughing in his heart. He turned his gaze down and found that Jiang Xian, the son of the second general of the National Defense Army, also rushed to three million points.

"It seems that I also killed a spirit beast. But, can you kill the spirit beast in the middle of the real spirit?"

Asked in the heart of Ye Xuan.

It is not difficult to defeat the genius of the same level like this genius who broke through to the true spirit in his early twenties. However, it is somewhat difficult to defeat the spirit beast.

At this time, Ye Xuan, I really want to find another spirit beast in the middle of the real spirit.

What?

Heads up!

Now, Ye Xuan has already broken through to the true spirit, and the points are as high as 10 million, so he directly finds a place to rest.

Before that, he spent a thousand points of devouring points and raised the blood of the chasing leopard to the intermediate level. Now he still has four thousand points, so he wants to get some blood again.

"Hundreds of flowers are cheaper, and then spend a thousand points to the intermediate level."

In a cave, Ye Xuan thought.

After the blood of the flower is promoted to the intermediate blood, not only can it immunize more poison, but also make his resilience stronger.

He personally tested it and cut his wrist. After a while, the blood solidified automatically, the wound began to heal, and finally the scar did not remain.

"Sure enough, it is a strong blood. If I am promoted to a higher level, I will be injured later. I am afraid I will not need to take the medicine."

At this time, Ye Xuan suddenly turned his attention to other blood.

"If the blood of the treasure-hunting deer is upgraded to the intermediate level, it can expand the sensing distance and collect the treasure of the heavenly material. The swordsman blood is raised to the middle-level swordsman blood, and it takes 5,000 points to swallow the points. I am not enough now, so I can only temporarily improve. The shooter's blood is good for finding other contestants."

Thinking of this, Ye Xuan decided to raise the blood of the shooter first.

However, this blood is really expensive, and it used to go to three thousand points to swallow the points. After the exchange, he became a poor man, and only ten points were swallowed.

"Hey, the arrows are successfully integrated!"

When the system prompts to sound, Ye Xuan can't help but look at it. After the shooter's blood has increased, his line of sight has exploded a lot, and the whole astronomical telescope.

"found it!"

Ye Xuan's eyes suddenly lit up and burst out. With a strong line of sight, he directly found a moving figure.

The mid-level beast blood, the middle-level chasing leopard blood, the spiritual martial arts Qinglian step, the true spirit of the early days, these factors, let Ye Xuan's speed has surpassed everyone in the lost mirror.

Later, he directly stopped the fast-moving warrior.

However, after he saw the face of the warrior, he was slightly surprised and an acquaintance.

The soldier in front of him is the son of Nanlin County, who is with him to participate in the Imperial Capital Competition, Deng Yang.

However, Ye Xuan is too lazy to talk nonsense directly with him. Now he has a minute of time, so it is direct: "Deng Yang, give you five seconds to consider, hand over the token and all the treasures."

This Deng Yang did not know how Ye Xuan appeared in front of him. Before him, he did have some jealousy against Ye Xuan, but now he is not afraid.

"Just by you?"

When Deng Yang snorted, when he came to the Imperial Capital, he was already on the verge of breakthrough. However, he had an adventure and he had a unique talent. Therefore, he has successfully broken through to the tenth peak of Wudao. It is.
