Chapter 1311: The teacher is not there?

Since this cult method has been killed by Ye Xuan, the fall has also focused on the second person.

"The second round of reincarnation!"

There was some distance between the two sides, but the fall directly used the second flash to drive, and that time, it came to the second evil **** to protect the law.

"not good!"

This person's face changed, but the speed of the third flash of the cycle is already beyond his reaction.

"Oh!"

Another head was thrown up, and the expression of this cult of the gods was so stunned that he would die in the hands of humans lower than himself.

Only a few seconds later, the evil spirits had three fallen guards, and the surrounding apostles were already shocked.

"Who is this human being, who dares to kill my evil gods?"

"The three guardians who died, the leader will be furious!"

"The leader is now going to the altar on the right, and has not returned yet."

"He is dead, such a big movement, the three elders sitting in the evil temple will certainly peel his skin."

The apostles of the evil gods shouted there.

Ye Xuan listened and enjoyed it.

"The teacher is not there? Then I have to make a big fight!"

His mouth was slightly tilted.

There are also several guardians and three elders in the evil temple. If they rush out, Ye Xuan will naturally escape. However, they can't always be guarded at all times?

"Right, there is a small altar here, ruined first!"

The elders in the evil temple have not yet been killed, and Ye Xuan turned around.

But at this moment, the system prompts suddenly sounds.

"Hey, the host triggers a chain of random missions, the first ring mission, destroying the statue of the evil spirit before the evil temple!"

Serial random missions!

Finally, there was a serial random task, which made Ye Xuan shocked.

"Haha, the reward for serial random missions, I am afraid that it is not worse than the random task before."

Ye Xuan laughed three times, and after taking the task, he attacked the statue of the evil spirit on the altar of the evil spirit.

"The killings broke out!"

"Ice and Fire Dragon Swords!"

"Shuanglong growls!"

A golden dragon whistling away toward the statue of the evil spirit, even if this statue of the **** of evil spirits is made up of faith crystals, but it can not withstand such a toss.

Well, this time is beyond the expectations of Ye Xuan.

"Booming!"

"Hey!"

The statue of the evil spirit made a crisp sound, but it turned out to be an attack.

You should know that under the increase of golden infuriating and killing, Ssangyong Roar is already the strongest attack that Ye Xuan can use.

However, this strongest attack did not even destroy the statue of the evil spirit. How is this possible?

"It's that strange energy!"

At this time, Ye Xuanhu was shocked, and he was discovered at the moment of insight.

Before the statue of the **** of evil spirits appeared outside the Ssangyong roaring, there was a strange energy. This strange energy was used by the apostles of the evil gods to save their lives.

"This energy is the so-called evil will?"

Ye Xuan's body trembled, but he did not see it in people other than the apostles of the evil gods, such as the many guards he killed.

It seems that only the apostle of the artistic conception can call the evil spirits in this belief crystal to save lives, and the level of the broken state can't.

"I don't believe it, I won't break you!"

Although the statue of this evil spirit is very hard, for Ye Xuan, destroying is only a matter of time.

"The killings broke out!"

"Shuanglong growls!"

It was also a double dragon roar, which was blasted on the statue of the evil spirit. It was suddenly cracked in the statue of the evil spirit. It is estimated that two or three more times, it can be destroyed.

As long as the statue of this evil **** is destroyed, the first ring task of the serial random task can be completed.

This ring mission is really simple!

But when Ye Xuan thought so, the evil temple finally rushed out a few people who were threatening him. These three are elders of evil spirits, and they are twofold.

"You are a useless waste, someone is destroying the statue of the evil spirits, are you not shooting?"

A black-haired old man yelled.

The people around me listened and looked at each other.

It's not that they don't go up, but because they can't beat it. Only three people's ruling laws have fallen one after another. These groups of people have also died in vain.

However, now these three elders have come out, enough to clean up Ye Xuan.

"finally come....."

Ye Xuan felt the three strong breaths, and his face suddenly sank.

Although he has already broken through to the top of the world, it is estimated that he will deal with a demon **** elder at most. If he is against the top three, I am afraid that he will only escape.

"Megatron, old trees, falling, and bombing together!"

Ye Xuan immediately shouted.

When the three of them joined together and bombarded once, the power was almost equal to the last double dragon roar.

"Booming!"

"Hey!"

Finally, before the three elders arrived, Ye Xuan successfully collapsed the statue of this evil god.

"Hey, the first ring task of the serial random task is completed!"

At the moment when the statue of the evil **** broke into countless pieces, there was a system prompting to sound.

After the completion of the original random task, it takes a little time to trigger the second ring task, but this time, the second ring task is given directly.

"Hey, the host triggers the second ring mission, killing the apostles of the evil spirits and reducing the number of people to less than 100. The current number is 767!"

The second ring random task appeared.

"Seven hundred and sixty-three people, cut to less than one hundred people, this means killing more than 600..."

Ye Xuan heart condensed, directly received the three people in the planting space, and then turned around and ran.

There are these three evil **** elders, and he can't complete this task anyway, so they must seduce them.

"Kid, leave me!"

The old man who was angry at the end of the anger was drunk with a big hand toward Ye Xuan, but was easily escaped by Ye Xuan.

"The **** and evil spirits, even the statues of evil spirits have been ruined by me. On the day of my return, I will dismantle your evil temple. You three kinds of evil dog legs have a kind to chase me!"

Ye Xuan couldn't help but yell at the road. The next moment, he directly broke the void. This position is not far from the evil temple.

Seeing that Ye Xuan got into the eye of the void, these three evil spirits guarded the law and decided to rush in.

This time, Ye Xuan did not immediately close the eyes of the void, but let the three of them enter.

"A good way to jump in space, the teacher will be interested, and try to seize this kid!"

After the black-haired old man rushed into the door of the void, he sighed.

At this moment, the empty door behind them suddenly closed. Then, Ye Xuan broke the door of a void again and drilled in.

Chapter 1312: Tune the tiger away from the mountain

"not good!"

The old man of the black-haired old man changed his face. At this time, he reacted. He was in the middle of adjusting the tiger to the mountain.

Ye Xuan, go back!

"Hey!"

The second door of the void was closed, and Ye Xuan returned to the evil temple.

Killing, start!

"Let's fall, you three abolish some of the apostles of the evil spirits, and then gather together!"

Ye Xuan immediately gave instructions to the three people.

"Young Master, what are you going to do?" said a curiosity.

"I want to save some people, then I use mystery again!" Ye Xuan replied.

The only three elders who were in the same situation were transferred from the mountains to the distance. It takes a little time to return to the evil temple. Taking advantage of this time, Ye Xuan must solve these people.

If the feast is to be opened now, then when the three elders return, the duration is estimated to have passed, so he can't open now.

After falling into the three secrets, I immediately understood and started to act.

"Little Master, this prison is almost there."

The old voice of the tree sounded in Ye Xuan's mind.

Ye Xuan turned his head and saw that the old tree had already built a prison with vines, but this is not a magic weapon.

"Remove those people's hands and feet and throw them in. If you can't get stuck, use the gods!"

Ye Xuan finished talking to the tree, and started directly.

Here, there are many evil apostles here. If you want to pile them all together, and when the three elders come back, Ye Xuan may get twice the increase in an instant.

Double the increase, which makes Ye Xuan have the strength to kill the two strong players.

At this time, the only two cult gods in the evil temple were rushed out.

"The three elders have decided to adjust the tiger to the mountains. It is necessary to hold the boy before they come back!"

When a guardian is finished, he rushes out.

"Let's fall, you three continue, I will solve these two!"

Ye Xuan hurriedly shouted.

The two men, he was not prepared to kill on the spot, but prepared to stay.

In the blink of an eye, he is handing over the two evil gods.

"Boom!" "Boom!" "Boom!"

A loud noise spread.

In the distance, the three elder **** elders rushed back in a gloomy face.

Fortunately, the eye of the void is near the evil temple, so they should be able to go back.

Just, if you can be on time, you don't know.

"Accelerate the pace, the assistant teacher is practicing, and must not let him disturb the assistant teacher!"

The black-haired elder yelled.

At this time, in front of the evil temple.

"The killings broke out!"

"Yanlong is unparalleled!"

A golden dragon, directly engulfing a cult of the gods, burned it.

These two people must die one, otherwise Ye Xuan is unable to make another oyster.

"Good!"

The other person was shocked and rushed back.

At this time, Ye Xuan's dawn suddenly flashed a bit, breaking a virtual door in front.

"You stepped on my trap!"

In the heart of Ye Xuan's heart, he directly shot at the door of the void.

"Oh!"

"Oh!"

In the two crisp sounds, this one-of-a-kind cult of the evil spirits was cut off by the eyes of Ye Xuan.

Then, Ye Xuan rushed directly into the door of the void, and came to the back of the evil gods to protect the law. He waved two times with the red Yan sword in his hand, which was to cut off the other's hands.

This time, he was abolished by Ye Xuan, but in order to prevent him from escaping, Ye Xuan directly exchanged a skeleton that blocked the infuriating and Vientiane power from the super swallowing system, and stabbed the evil spirits. Shoulder.

"what....."

The pain of this cult of the gods was screamed and then thrown into the prison of the old tree.

Then, Ye Xuan quickly rushed out to help kill.

Seven hundred and sixty-three people, there are only four hundred people left at this time. After a while, it is estimated that this second ring random task can be completed.

However, the speed of the three evil spirits was very fast, and it appeared in the eyes of Ye Xuan in the blink of an eye.

At the sight of insight, Ye Xuan saw them and couldn't help but condense.

"Accelerate the speed, it will take two seconds left!"

Ye Xuan reminded me in his mind.

He estimated that after two seconds, he had to display a killing feast, because the three kills would come.

At that time, he first casts, then falls and the three continue to kill the evil apostles, so that the increase will continue to increase.

Two seconds, it is fast, but in the two seconds, Ye Xuan has dropped more than 300 people, and now there are only a hundred evil gods.

In that prison, there are more than 500 apostles of evil spirits who are both imaginative and ecstasy. These people are all cut off, and some are stunned and thrown in.

Although some are cruel, but these people are apostles of evil spirits, then it is another matter.

At this time, Ye Xuan was stunned because he saw the elders of the three evil gods have entered his perception.

"Tree is old, action!"

Ye Xuan hurriedly finished talking to the tree, and directly opened the feast of killing.

"it is good!"

The tree nodded. Then, in that prison, there were countless sharp vines and holes in the enemy.

This trick is not a mad swindle. The power is probably not even comparable to the madness of the savage, but it is enough to deal with this group of cultists who have no power to fight back, and the fall and Megatron are also helping. In less than a second, the evil apostles in the prison were all killed.

Most of them are sucked up by the old trees.

The old scene of the tree to **** these blood, but also temporarily improve the combat power, so much blood, so that his combat power has also doubled.

It is a pity that he is stuck in the top nine, even if he doubles his combat power, he is not a double opponent. However, if he is teamed up with Megatron, he can try to encircle him.

"Young Master, we will help you share one person!"

Said the fall.

"First, don't solve the rest, come and help me!"

Ye Xuan reminded.

At this time, even the one-of-a-kind cult of the evil spirits has died, and with other people, he has more than doubled the increase.

More than double the increase, representing Ye Xuan's current strength, more than three times before.

Three times, enough to fight the three evil spirits, it will not be a problem to drag for a while. When the time falls to solve all the apostles, his increase will be even higher. Then he will help him to drag one person and let him take an enemy. Second, you may be able to kill.

"war!"

Ye Xuan said nothing, directly greeted him, but now he, but to an enemy three.

Chapter 1313: Associate teacher

"Good boy, dare to use the tiger to leave the mountain, look for death!"

The black-haired elder roared.

In an instant, the two sides are fighting.

"The killings broke out!"

"Yanlong is unparalleled!"

Ye Xuan drum began to attack with great strength, but his attack was stronger, and it was impossible to beat the combination of the three big two strong players. In the blink of an eye, he was defeated.

Fortunately, he still has a magical skill.

"Shadow Step!"

Ye Xuan stopped the attack directly and then began to escape.

"Good boy, this speed is already more than I am waiting for, the district is like the nine-fold conception, there is such a strength, waiting for me to wait for you, you must interrogate these magical powers, and then dedicated to the evil spirits!"

The black-haired elders drank a low sentence and joined the other two to meet.

As for the life and death of other evil apostles, it is not a matter of their own. As long as there is a crystal of faith, it is easier to catch a squatter than any other race.

When the elders of the three evil spirits were stopped by Ye Xuan, the three men settled and solved the rest.

Soon, the number of evil apostles was reduced to less than 100.

"Hey, the host completes the second ring task of the serial random task!"

A system prompts to sound.

"Finally finished!"

Ye Xuan sighed in a sigh of relief and hurriedly said in his mind: "Let's fall, you help me drag one!"

"it is good!"

After getting the instructions from Ye Xuan, the three people immediately turned around and then rushed to one.

At the same time, the black-haired elders also noticed the fall of three, said to an elder: "You go and solve them three!"

"no problem!"

An elder broke away from the ranks and fell to the ground.

Now, it has just become a one-on-two, three-to-one situation.

After the absence of one person, Ye Xuan's pressure is much smaller. His attack is already able to tie with the other side.

"How is this possible, is his attack even stronger than us?"

The black-haired elder was shocked.

Ye Xuan hit, they must join hands to be able to block, which proves that Ye Xuan's attack is stronger than their individual.

"In this case, then I have to plan well and **** you!"

Ye Xuan began to plan in the heart, the skill of the pit killing is naturally the eye of the void, so he must find a place to locate, and then use the eye of the void to sneak.

Although the three elders have already known the eye of the void before, they will not think that Ye Xuan will be used to attack them.

"Boom!" "Boom!" "Boom!"

A muffled sound spread, and Ye Xuan and the falling sides were both inseparable.

After the guidance, an elder stepped on the front point of Ye Xuan Fangcai, seeing the situation, Ye Xuan's eyes immediately burst into two fine mans.

"Okay, die!"

Ye Xuan's heart screamed and the light shone directly.

"The Eye of Void!"

"The killings broke out!"

"Yanlong is unparalleled!"

A golden dragon, straight through the door of the void, rushed out from behind an elder.

"what?"

This scene suddenly occurred, and the other party did not respond at all, and was swallowed up by the dragon.

However, this elder is also a double-minded, not so dead. However, Ye Xuan's attack is not that simple.

"The Eye of the Burst!"

A golden sniper broke through and directly fell into the back of the elder.

"Oh!"

The elder's heart was decomposed and killed directly by the waist, and the tail was broken.

"Hey, the host's killing value is improved!"

A system prompts the sound of disgusting, Ye Xuan has soared a lot of killing values, and at the same time, there is an increase in the feast of feasting.

"Three percent!"

Ye Xuan's eyes are bright, this one of the two masters of the broken environment has fully increased the growth rate of Ye Xuan by 30%.

Two people deal with Ye Xuan, and Ye Xuan also killed one, which is beyond the expectations of everyone.

When the black-haired elders reacted, Ye Xuan had already passed through the eyes of the void and came to his side.

"not good!"

The elders of the black hair suddenly changed their faces and suddenly turned around. I saw a golden dragon attacking him and engulf him.

Fortunately, he has already reacted and immediately called the whole body to resist.

"Calling!"

Yanlong dissipated, the black-haired elders' body clothes were nearly burned, the skin was burned in a large area, and many positions were bleeding. The whole portrait came out of the blood pool.

Taking advantage of this opportunity, Ye Xuan is again attacking.

"Kid, I want to kill you!"

The black-haired elders sipped, and in the next moment, his whole body's wound suddenly burst into blood, and he was condensed in his hands.

"Broken magic, smashing the king!"

A scarlet appendix appeared, directly hitting Ye Xuan's chest.

"Look at you die, or I die!"

Ye Xuan is wearing a scarlet tail, and the light flashes.

"Oh!"

"Oh!"

Two crisp sounds spread.

Ye Xuan's chest is pierced by the tail of the blood, but the eye of the shattered eye is also killing the black-haired elder.

"Hey, the host's killing value is improved!"

It is also a system prompt tone.

Ye Xuan felt it. This time, the increase in the feast of the killings increased by 20%.

He estimated that if the third elder was killed, the increase could even triple.

By then, he will be able to play four times the fighting power.

But before he goes to support, he has to do one thing.

乾坤戒!

Two Qiankun Rings have fallen into his hands. Then, he is swallowing up all the things inside and repairing them.

"Haha, come and fight me!"

Ye Xuan laughed and rushed toward the third elder.

"not good!"

The third elder saw the other two behind, and his face seemed to sink into the bottom of the valley, and hurriedly turned to escape to the evil temple.

Ye Xuan naturally will not let him go, directly chasing up.

"Associate teacher, save me!"

The elder suddenly shouted.

"Ok?"

Ye Xuan was shocked. The next moment, he felt a strong breath.

“Threefold in the broken environment?”

He swallowed his mouth, but after carefully feeling it, he felt that it was not. The other side should not be the triple of the broken land, but the double peak of the broken environment.

The middle-aged man who flew out of the evil temple, there are seven yuan houses in the body, only two broken, so it is still two.

However, the third yuan house is about to be broken successfully, that is to say, the other side is the double peak of the broken environment, and will soon break through to the threefold.

"I didn't feel this breath before. It seems that I was breaking through the retreat. Now I have made such a big move, he has to go out."

Ye Xuan suddenly understood.

What is the double peak of the broken environment, as long as it is still the scope of the broken environment, Ye Xuan will kill.

Chapter 1314: Complete suppression

This middle-aged man is the deceased cult leader of the evil spirits. He is afraid of being a good man. If he succeeds in killing, Ye Xuan may be able to reach the peak of the nine-fold situation.

If it goes well, it may be possible to break through to the broken ground. At that time, the combat power of his team is at least ten times higher.

"kill!"

Ye Xuan said nothing, rushing toward the third elder.

He must kill this third elder before he can play with the assistant.

"Hey, the third ring mission of the serial random mission is triggered, killing the cult of the cult of the cult of the evil spirits, and if the mission is successfully completed, the burning **** will merge with the eye of control!"

The third ring of the serial random task finally appeared.

"The combination of the burning **** and the eye of control, the power will definitely increase!"

Ye Xuan's eyes lit up.

Searing Hell was originally a new skill after the fusion of the Eye of the Illusion and the Eye of Burning. Now, with the eye of control, the three souls combine to synthesize a skill, which is much more convenient in the future.

Anyway, let's finish the task first.

"The killings broke out!"

"Yanlong is unparalleled!"

Another golden dragon was swept out.

"presumptuous!"

The cult of the cult of the evil spirits eclipsed the eclipse of Tiancheng and made a direct shot.

However, he is underestimating Ye Xuan.

"Hey!"

The golden dragon was attacked by the shadow of the cult of the cult of the cult of the cult of the cult of the eclipse, but the dissipating was the shadow of the shadow, not the golden dragon.

"Huh!"

The golden dragon stopped the way of the last elder.

"so close!"

The elder was relieved, but the crisis has not yet passed.

"The cycle is nine flashes, the third flash!"

The fall suddenly fell from the side and passed directly past the elder.

"Oh!"

A head is thrown up and blood is rising.

"Hey, the host's killing value is improved!"

Ye Xuan also immediately heard a system prompt.

Now, the elders of the three evil spirits have all fallen, and the increase in the feast of the killings is exactly three times. Ye Xuan can exert four times the combat power.

"Young master, Qian Kun ring!"

The sound of the fall sounded, and Ye Xuan took advantage of the lost ring.

Ye Xuan unknowingly swallowed up the things in the ring, and repaired it again.

"It's still a little bit, you can go to the top of the world!" Ye Xuan flashes.

As long as you kill this priest, then he can certainly break through to the broken territory!

Moreover, he swallowed the 乾戒 ring, which is equivalent to four times the amount of things he swallowed, because there is a killing feast at this time, although the income is only temporary, but it is enough.

"Apocalypse, let's die!"

Ye Xuan screamed and rushed to the cult leader.

"Ok?"

After the ecstasy of the evil spirits, the eclipse of the eclipse, after hearing the words of Ye Xuan, was also amazed. How could this human being know his name?

"This kid has amazing fighting power. If he is kneeling down to the evil spirit, the evil spirit can control him..."

I thought about it in the heart of the eclipse.

Although Ye Xuan is a human being, as long as he passes the statue of the evil spirit, he can instantly become the most faithful apostle of the evil spirit.

But then, he knew how much his thoughts were.

"Even if you are now a three-folder, I am not afraid, let's die!"

Ye Xuan said loudly.

"Big words!"

The eclipse was cold and greeted.

"Booming!"

The two men first played against each other, and the two statues at the entrance of the evil temple were directly shattered.

At this time, Ye Xuan suddenly exploded.

"I still want to run, look at the trick!"

The eclipse of the eclipse flashed, and a step went up.

"Too naive, do you think I am going to escape?"

Seeing it, Ye Xuan's mouth couldn't help but lift it up.

"The Eye of Void!"

"The Eye of the Burst!"

It is the same kind of trap, but this trick is very easy to use.

A door to the void is opened behind the ecstasy of the cult of the cult, and then a golden sniper appears.

"what?"

The response of the eclipse was fairly fast, and he rushed to the side and flashed him.

"I don't want to be an assistant teacher, but have you escaped the first day and escaped fifteen?"

Ye Xuan tightened the red Yan sword in his hand and shot again when the opponent was dodging.

"The killings broke out!"

"Yanlong is unparalleled!"

"Calling!"

This golden dragon is roaring out.

"Want to hit me, it's not so easy!" The cult of the cult of the evil spirits eclipsed the heart of Tian Cheng's heart, suddenly took out a thing from the Qiankun ring, and then blocked it in front of him.

This is a black scorpion, a black scorpion statue.

Upon seeing it, Ye Xuan's heart trembled. The thing in the hands of the cult of the cult of the cult is seemingly a figurine of the evil spirit.

"Calling!"

The golden dragon came, but the statue of the evil **** suddenly gave off a black light, and the golden dragon was divided into two.

"Sure enough, this effect!"

Ye Xuan brows wrinkled.

Although the other party has this life-saving artifact, Ye Xuan does not believe that this thing can be used indefinitely.

"Look at how many times you can block!"

Ye Xuan shot again.

"Yanlong is unparalleled!"

"Cold Frost Ghost Hand!"

"The Eye of the Burst!"

"Split mountain foot!"

There is no law in the attack of Ye Xuan. The ecstasy of the cult of the cult of the cult is temporarily suppressed, and the statue of the evil spirit is constantly resisted. The expression on his face is very bad.

"Hey!"

After the eclipse was blocked by the evil spirits statue for seven attacks, the statue of the evil spirit finally cracked.

"Haha, I think you can use it a few more times!"

Ye Xuan, the sharp-eyed eye, saw this change and immediately laughed.

"No, go!"

The eclipse of the heavens is blue and green, and it is retreating toward the evil temple.

He couldn't stop Ye Xuan's attack. If the statue of the evil spirit in his hand is broken, it is estimated that he is dead.

Fortunately, there is also a statue of a demon **** in the evil spirits palace. He can kill Ye Xuan with the statue of the evil spirit.

However, Ye Xuan's eye of perception is extremely wide. At the moment he stepped into the evil temple, he swept the statue of the evil **** of several meters high.

"I rub, there is a statue of evil spirits inside?"

Ye Xuan was shocked and hurriedly said to the fall: "The fall, the old tree, the Megatron, destroy the statue of the evil **** inside!"

"no problem!"

The old three trees were received the planting space and were summoned again.

"Oops!"

The eclipse of heaven has widened his eyes. Although he did not turn around, his spiritual knowledge has already swept to the three people.

If the statue of the evil **** is destroyed, he will die!

"Early yin yin, how can you not return to a mixed kid?" eclipse Tiancheng angered a word.

The eclipse of Jiuyin is his son and the leader of the evil gods.

However, before going to the right altar, I have not returned yet.

Taking advantage of his thoughts, Ye Xuan directly attacked the attack. In less than two seconds, the news was heard.

"Young master, okay!"

Shouted directly.

The sound fell into the ears of Ye Xuan and eclipse Tiancheng.

This is trouble!

Chapter 1315: Breakthrough, broken territory!

"Jiuyin, you will not come back again, the father will fall down..."

The eclipse is praying in the heart. He estimates that the statue of the evil **** in his hand can only be attacked three times. After three attacks, he will be seriously injured in an instant and then be killed by Ye Xuan.

Ye Xuan seems to have noticed something and rushed to speed up the attack.

"Yanlong is unparalleled!"

"The Eye of the Burst!"

The statue of the evil spirits also helped the eclipse to withstand two attacks. At this time, the statue of the evil spirit was covered with dense cracks.

Once again, there is no way to use it!

At this moment, suddenly a sound broke.

"call out!"

Megatron, who completed the mission, suddenly stabbed the statue of the evil spirit in the hands of the eclipse.

"Hey!"

The statue of the evil spirit was pierced and lost its effect.

"not good!"

The eclipse of the sky was so sullen, so I looked at Ye Xuan's sword.

"The killings broke out!"

"Yanlong is unparalleled!"

"The Eye of the Burst!"

This time, the eclipse has been unable to resist, and was directly destroyed by the broken eye.

"Jiuyin...will...for me...revenge..."

After leaving this sentence, the eclipse was on the ground.

"Hey, the host's killing value is improved!"

The system prompts.

At the same time, the increase in the feast of feasting is also increasing again. However, this increase is not of much use to Ye Xuan.

"Who is Jiuyin?"

Ye Xuan frowned, but did not think too much, and forgot in the blink of an eye.

"Hey, the serial ring task is completed in the third ring mission!"

"Hey, the burning **** and the eye of control!"

"Hey, the host learns the eye of the heart!"

A series of three system prompts, so that Ye Xuan's mouth can not help but slightly tilted.

New skills, the eye of the soul!

The eye of this soul is the soul attack, combined with the eyes of the illusion, the eye of burning and the eye of control, the effect is greatly improved.

Just don't know, how effective!

At the moment, Ye Xuan turned his head and looked at a few apostles who thought they were hiding well.

"The Eye of the Mind!"

"Hey, control failed!"

The system prompts.

"Forget it, this evil **** is the ancestor of the Yi people, and may have reached the immortality, not so simple."

Ye Xuan shook his head.

The apostle of the evil **** who was eyed by Ye Xuan, his heart trembled, and immediately turned around and ran.

Ye Xuan is too lazy to chase, and directly devours the things of the cult of the cult of the cult of the gods.

"Hey, the host has reached the peak of the ideal situation. If you want to break through, you need two thousand broken Dan!"

Two thousand broken Dan, Ye Xuan still has, because he has already expected this.

At the moment, he is the direct choice to break through.

"Hey, the host breaks through, and it's a big one!"

"Hey, Megatron breaks through, it's a big one!"

"Hey, the Demon Warrior breaks through, and it is currently a broken place!"

"Oh, the breakthrough is broken, and the current situation is a broken one!"

A series of four breakthrough system prompts to sound, Ye Xuan's mood at this time is already unable to explain in words.

After the system prompts to sound, Ye Xuan feels that his own Yuanfu suddenly broke, and then his life overflowed, and his muscles and flesh and blood, his physical fitness, soared at least three times.

"Good cool, breakthrough in the realm of the realm, the strength is improved!"

Ye Xuan couldn't help but send out a comfortable shackle - smashing, breaking the ground, and finally reaching the broken ground, then the next big realm is Nirvana.

"Ha ha ha, old age seems to be dreaming, how long before I leave, I broke through to the broken territory. If it is in the wood fine world, even if I give it another three thousand years, it is estimated that it can not be done." Tree aging is the appearance of the bald old man I said excitedly.

"The tree is not in a hurry. After my breakthrough, the life of the blood will skyrocket. In the past two days, you can break through." Ye Xuan said with a smile.

"That's the best." The old man opened his mouth and smiled.

In addition, the biggest benefit of this annihilation of evil spirits is that it has fallen. At this time, the crystal of faith in the ring of the Qiankun Ring is as high as one million. These are enough to support her to break through to the trifold or even the quadruple, so Ye Xuan does not have to worry. She is gone.

"Young Master, this seems to be only the assistant teacher, do we want to wait for their leader here?" Luo suddenly asked.

"The cult leader of this cult is supposed to have the inheritance of the evil spirits, so he can make these crystals of faith. There are probably many good things in him. However, we don't know his whereabouts now, so you are stationed by the tree. Here, I will go to the right altar. If there is a situation, I will immediately break open the void."

Ye Xuan said to the old tree.

"No problem, I will inform you whenever there is a situation." The tree nodded.

He and Ye Xuan can also voice through the air, even if there is no problem across a continent.

"Well, if that is the case, then I will leave." Ye Xuan nodded and then left the evil temple directly.

There are two altars in the evil spirits. The first one is on the left, and the one that Ye Xuan is going to is on the right.

After breaking through to the broken ground, his strength has increased by at least five times, and the shadow step is getting faster and faster. It is estimated that an hour can go to the right altar.

Falling in the planting space to treat, refining those belief crystals, Ye Xuan estimated that she can break through again within a day or two.

Soon, Ye Xuan came to this second altar of evil spirits.

At this time, the altar of the evil spirits was already built. The altars of the evil spirits worshipped a large number of evil apostles. They were covered with a strange energy gauze.

On the altar, countless blood came up and then gathered toward the statue of the evil spirit.

"There are a lot of apostles who are like the nine evil spirits. It seems that they have broken through the evil spirits and then broke through."

Ye Xuan is a condensed light.

These evil apostles are all ape, and they are the descendants of the evil spirits. It is very simple to become a faithful believer.

The more faithful the faith is, the greater the increase in cultivation that can be obtained, so many people have broken through to the nine-fold situation, and there are hundreds.

Ye Xuan swept through the eyes of the insight, and found that among the hundreds of people, there were several ruins and a sacred elder, but they did not see anyone suspected of being a leader.

"not here?"

Ye Xuan frowned and looked carefully. It was indeed a broken elder.

It seems that the cult leader of this cult is not here.

"The tree is old, is there a movement on the side of the evil temple?" Ye Xuan asked in his mind.

"No, nothing has happened for more than an hour."

The old tree replied.

This evil **** teaches the Lord, not on the right altar, nor in the evil temple, is it going to go to the left altar?

After thinking about it in Ye Xuan's mind, he directly plucked it out.

In any case, first destroy the altar of the evil **** on the right side, so as not to spread the cult.

Chapter 1316: Right altar

Since it has already started a killing feast, Ye Xuan can't open it this time, but it doesn't matter. After all, he has broken through to a broken position.

His current strength is not something that desperate desert evil spirits can deal with.

"Let, Megatron, you deal with the evil apostles, don't let go!"

Ye Xuan said to both Fall and Megatron.

"Okay."

Falling down and whispering a sentence, directly turned into a flash.

With her realm, it is already possible to use the demon fox flash indefinitely, and there are always heads thrown up and bloody.

And Megatron, also directly turned into a green dragon, one claw can catch a person's head, a whip can also kill four or five.

As for Ye Xuan, it is directly on the altar of evil spirits.

"The killings broke out!"

"Yanlong is unparalleled!"

Ye Xuan raised his hand is a sword.

The golden dragon screamed out and went straight to the statue of the evil spirit.

"Block him!"

The elder **** who was sitting on the altar of the evil spirits screamed, and the other three cultists greeted the law and directly greeted the past.

However, their attack was not able to defeat this golden dragon.

"Absolutely not let you meet the statue of the evil spirit!"

The elder **** of the evil spirits was in front of the statue of the evil spirit, and then punched out.

"Booming!"

The boxing shadow collided with the golden dragon, almost dissipating at the same time.

The two sides of the broken environment are one heavy, and the three sides of the broken environment are three heavy. The attack of the four of them actually broke off an attack by Ye Xuan, which is enough to see how strong Ye Xuan's attack is.

"Hey, I was afraid of being degraded before, now I am breaking through to the broken ground, I am afraid that you will not be?"

Ye Xuan sneered, directly split.

"Ice and Fire Dragon Swords!"

"Shuanglong growls!"

This blow is twice as strong as that of Yanlong Wushuang. Not to mention the one-of-a-kind evil spirits and the law of protection, even the elders of the evil spirits who are divided into two places are estimated to be unable to stop.

However, this statue of the **** of evil spirits has been built, and the elders of the evil gods directly call the will of the evil spirits on the statue of the evil spirit.

"Huh!"

This evil **** elder stood in front of the statue of the evil spirit. The energy he called, split the double dragon roar into two, and the evil spirit statue was unscathed.

"How about calling the evil spirits, I see how you can stop this trick!"

Ye Xuan's flash of light flashed, and the two double dragon swords suddenly condensed out.

"Ice and Fire Double Dragon!"

"boom!"

The power of the Shuanglong Roar is very fierce, but the straight-line attack, now this ice-fired double dragon is a powerful group attack skill, Ye Xuan does not believe, the other side can block the full range of sonic attacks.

The dragons spread, and the three cults of the evil spirits were directly shocked and vomited, and they flew out.

Fortunately, the elder **** of the evil spirits can use the will of the evil spirits to stop it.

However, he called the will on the statue of the evil spirit to represent the will to cut on the statue of the evil spirit.

"Hey!"

When this dragon was shocked on the statue of the evil spirit, it was heard a crisp sound, which is the sound of the broken statue of the evil spirit.

"not good!"

This evil **** elder's face changed greatly, although Ye Xuan was only a serious one, but at this moment he can accurately feel that Ye Xuan's strength is not something he can deal with.

When he was shocked, there were three crisp sounds on the side. He swept away and found that the three evil gods were already beheaded by Ye Xuan.

"Hey, the host's killing value is improved!"

"Hey, the host's killing value is improved!"

"Hey, the host's killing value is improved!"

After three consecutive system prompts, Ye Xuan's killing value increased.

The elder **** of this evil spirit was gloomy, and he knew that he had only the last way to go.

Do not kill Ye Xuan, they all have to die!

"The evil spirit, give me strength!"

At this time, the elders of the evil spirits suddenly screamed, and the next moment, he was to bless all the will of the evil **** on the statue of this evil god.

"Dead!"

The elders of the evil spirits were embarrassed, and they slammed a punch at Ye Xuan.

This blow is as fast as lightning, and the power is endless. Even if it is bombed in the triple, I am afraid it will be able to kill it.

Ye Xuan is only a heavy one, and it is absolutely impossible to stop it.

However, only the fool will pick up the hit.

"Let's give it a go, hey!"

Ye Xuan sneered, directly turned into a black streamer, avoiding this blow.

"Huh!"

The fist shadow whizzed past, not hitting Ye Xuan, but it killed more than a dozen apostles of evil spirits.

Upon seeing this, the ego **** elders also knew that they were dead, and now the evil **** will be used up by him, how can he block Ye Xuan.

"Tell me the position of the cult god, I will spare you a life!"

Ye Xuan directly plunged into the other's body and said.

"Teacher?"

This evil **** teaches the elders to glimpse, and Ye Xuan dares to find the troubles of the evil gods to teach the Lord. It is really looking for death.

However, he does not know!

"Double, I will die to accompany you to bury!" This ego **** elder squinted and rushed to Ye Xuan.

"Big words!"

Ye Xuan had no choice but to shake his head and a sword in his hand.

"Oh!"

The head of this evil **** elder, together with the half-tailed tail flew up, and immediately, Ye Xuan heard a system sound.

"Hey, the host's killing value is improved!"

Now, the master of the altar of the evil **** is also killed by Ye Xuan, and this altar is considered abolished.

"Let, Megatron, leave some people!"

Ye Xuan said in his mind that he would also find a cultist of the evil spirits. Maybe someone would know the whereabouts of the cult god.

"understand!"

Nodded.

After a while, these hundreds of cultists and apostles, there are only thirty left, they are all caught together, if there is any move, they will be killed instantly.

"I ask you, your lord?"

After Ye Xuan packed up the booty, he also asked directly.

"Teacher... The Lord has come half a day before, and after taking away some of the will of the evil spirits, he will leave."

An evil **** apostle said.

"Sure enough, there is still greed and fear of death." Ye Xuan nodded with satisfaction.

Before falling, the evil will is a sacred thought of the evil spirits. However, it seems that the evil will of the evil **** statue is just a smattering of power. There is no distraction at all. After all, what is the realm of evil spirits, what is their realm, and how Will it be separated to manage this?

In this twilight holy place, it is estimated that there are countless evil gods, even if the leader of this desperate desert evil spirit is Nirvana, in the eyes of evil spirits, I am afraid it is also a cockroach.

"You teach the Lord to absorb the will of the evil spirits, what are you going to do?" Ye Xuan asked again.

"The leader seems to have gained the inheritance of the evil spirits, and absorbs the will of the evil spirit. It should be used to cultivate."

Someone replied.

"Then your evil spirits have been revealed?"

Ye Xuan asked curiously.

Chapter 1317: The leader, eclipse nine yin!

"Then your evil spirits have been revealed?"

When the words came out, everyone shook their heads.

Since the evil spirits have not manifested spirits, it is not known whether the evil gods have received true inheritance, perhaps just a means of spreading evil spirits, such as how to cast the altar of evil spirits and the statue of evil spirits.

"Well, the last question, who can answer it, who can live!"

Ye Xuan swept the more than 30 people and said: "I only need the whereabouts of your leader. Who knows?"

The whereabouts of the cult gods, even the elders may not know. How can they know that they are not apostles?

"But let me go on the road!"

Ye Xuan also did not intend to ask again, directly using the power of Vientiane to break the neck of these thirty evil apostles.

"Hey!" "Hey!" "Hey!"

In a crisp sound, the bodies of these people were soft and dead, and there was no life.

"Young master, this evil **** teaches the Lord to hide and cultivate, and may also be on the way back to the evil temple, what do we do?" asked.

"I will go back to the altar on the left."

After Ye Xuan finished, he broke open the void and returned to the altar of evil spirits that was ruined by the golden armor on the same day.

However, there is still a ruined appearance, not a little angry.

"Right, in the serial random mission, I did not ask me to kill the evil gods. It seems that the super swallowing system is that I can't touch this evil god."

At this time, Ye Xuan suddenly remembered this question.

In the previous random task of the chain, the first ring was to destroy the statue of the evil spirit outside the evil spirits palace, the second ring was to kill the evil apostles to more than one hundred, and the third ring was to kill the demon gods.

"But it."

Ye Xuan no longer thinks about it, and directly removes the altar of the evil spirits on the right side. After all, this is a large amount of ore.

Under this altar of evil spirits, there are thousands of dried corpses, and their blood is all drawn to the altar of evil spirits to activate the statue of evil spirits.

After destroying this altar of evil spirits, Ye Xuan returned to the evil temple.

"I will wait a day here to see if this evil **** teaches the Lord to return."

Ye Xuan thought in his heart that he was staying in the evil temple.

He estimated that the cultist may have gone around other places, and may return soon.

Unfortunately, he guessed it wrong.

One day later.

"But, this evil **** teaches the Lord not to come back, I still leave the desperate desert to investigate the mysterious things."

In the evil temple, Ye Xuan, sitting cross-legged, stood up.

At this point, it is probably two days since the men of the Golden Armor took away the mysterious eyes.

The Jinjia man is a fox-like person, and it may be easier to investigate.

"Looking down, old trees, Megatron, we set off!"

After Ye Xuan said something in his mind, he left the evil temple and headed for the north.

There are still many tribes in this desperate desert, but the strongest ones are only as good as the top nine, and Ye Xuan is not interested.

With the shadow step, Ye Xuan estimates that as long as one day, he can leave the desperate desert.

After another day, Ye Xuan finally left the desperate desert. There is a Huangsha City near the exit of the desperate desert, so Ye Xuan wants to inquire about the news.

At the same time, when he left the desperate desert.

The sacred God Palace, which has been abandoned, ushered in his master.

This is a long-haired youth. He is called the eclipse, and he is the leader of the evil gods.

The cult of the cult of the evil spirits is the sect of the sect, and the eclipse of the nine yin is the son of the eclipse, and naturally it is also the sect.

However, behind the eclipse, there is no black tail that is unique to the Terran. This is because he cut it off. At this time, he is no different from human beings.

"what happened?"

After the return of Jiuyin, he was also shocked. He looked at the dilapidated appearance of the evil temple and suddenly rushed in.

In the evil temple, there is no one, but there is a lot of blood.

At the same time, he also found a blood trail similar to his blood.

"not good!"

The face of the eclipse is subconsciously changed.

At this time, suddenly there was a person in the evil temple, an apostle wearing a cult ***** costume.

"Teacher, leader, you are finally back!"

After the evil apostle saw the eclipse, he hurried over.

"what happened?"

Eclipse yin yin asked with a big eye.

"No, I don't know. There was a man who had killed a fox, a tree, and a sword. He even killed a few guardians and elders, and even the assistants died in their hands... .."

This evil **** apostle shook his head hard.

"Human, fox, tree, sword?" Eclipse yin yelled, and the next moment, his right hand was inserted into the head of this evil apostle.

"Soul hunting!"

The eclipse of the eclipse flashed, using the mystery, began to search for the memory of this evil apostle.

This evil **** apostle has a stiff body. He has experienced the survivors of the day's war, so after eclipsing his memory in the past three days, he understands the ins and outs.

"Who is it?"

Eclipse Jiuyin knew that his father was dead in the hands of Ye Xuan, and immediately it was a sigh of infuriating.

"Hey!"

The head of this evil apostle was suddenly blasted and flesh and blood flew.

The eclipse of Jiuyin was passed down by the evil spirits. If the evil spirits were not spread out, they were devastated.

Moreover, he still does not know who is killing his father, only knows the face.

"Right, the Fox people, desperate outside the desert, there is a Fox family!"

Eclipse nine yin suddenly remembered this matter.

Through the memory of this evil apostle, he saw the fall, so he felt that the fall may be the people in the Fox family.

In this case, he went to the Fox family to take a trip!

.....

On the other side, Ye Xuan has left the desperate desert and soon came to the sand city.

This time, he came to inquire about the news.

However, he has not entered the city yet, and one person has directly greeted him.

"Hello, I think you are very unfamiliar. It should be the first time to come to Sandy City. I have lived here for a long time. If there is any need, I can give you directions."

It was a human being, but Ye Xuan saw his disguise.

"What about the snake charm?"

Ye Xuan's eyes sighed and asked directly: "Do you know if there are foxes in this wind and sand city?"

"Fox people?"

The warrior of the snake charmed a brow and said: "There are indeed fox people in the wind and sand city, but not many. If you are looking for it, you can go to the west. There is a fox family."

Hearing this, Ye Xuan's eyes couldn't help but burst out with two fine mans.

So smart, there is a fox family here, so it seems that this fox family is probably the place he is looking for.

Chapter 1318: Hu Gongzi

"Then have you seen these three people?"

Ye Xuan said, three portraits were taken directly from the Qiankun ring.

Two of the portraits are Xuan Ming's eyes, and the third one is Ye Xuan's memory painting, which is the golden armor who took away the mysterious eyes.

"The two don't know each other, but this man is a bit familiar, let me think about it..."

The snake Meizu warrior frowned and thought for a while. After half a sigh, his eyes suddenly turned bright and said: "I remembered, this person and Hu Gongzi look like!"

"Who is Hu Gongzi?"

Ye Xuan could not help but ask.

"Hu Gongzi is the son-in-law of the master of the wind-sand city. It is the person of the Humei family who was the only one of us, but last year she married the daughter of the city owner." The warrior of the snake Meizu replied.

"This is the golden armor who took away the mysterious eyes. It is very similar to this Hu Gongzi, and this Hu Gongzi is a fox, perhaps the blood relationship between the two..."

Ye Xuan thought in his heart and continued to ask: "Where can I find this Hu Gongzi?"

"Oh, this Hu Gongzi is a romantic person, and after the engagement with the daughter of the city owner, he is still screaming outside. I guess he should enjoy it now in the 'demean style.'"

The snake Meizu warrior pointed to the wind sand city and said: "Oh, the location of the desert style will follow the Chengmen Avenue and walk to the city. There are girls in it, the Yi people, the tigers, the giant elephants, the human races, the foxes. The family, the snake Meizu, there are 13 ethnic girls, but the cost is high, not the average person can enter."

"okay, I get it!"

Ye Xuan nodded, and then took out ten broken Dan directly from the phagocytic space and threw it to the other party.

"Broken Dan?"

Seeing this, this is only a shock to the snakes of the Meizu, who are like the nine-folder.

He is specifically here to give directions, these ten broken Dan, at least his income for one year.

The people around them have cast their envious look.

At this time, Ye Xuan has already entered the wind and sand city. After entering the city, he came to the desert style along the guidance of the person.

This desert style is actually Yihongyuan. Even if others don't say it, Ye Xuan will understand it at first glance.

Which of the serious industry, the door will stand a few beautiful girls wearing **** costumes?

"Don't be a good boy, do you want to come in and play?"

"The son, the younger ones have broken through to the broken environment, the body must be very strong, do you want to come to the war for three hundred rounds?"

"The son, come in and play, don't charge you."

One girl, after seeing Ye Xuan's stop in the desert, immediately greeted him.

Catwoman, fox woman, human woman will be counted, Nima and the Tigers, the Bulls, etc., this is a fart.

Ye Xuan outside the desert, a left catwoman, and a right fox girl, was forced to pull in.

However, before he arrived, he swept it with the eye of perception and found that the dragon was lying in the desert.

Not to mention the hundreds of private rooms, the number of wandering outside, there are more than 20, there are three masters of the two.

In the desert style, in addition to the ability to do things, there are places to enjoy singing and dancing, so many people are drinking and chatting outside.

Ye Xuan's mouth was slightly tilted, and it seemed that he was rich.

"Take me to the third floor!"

Ye Xuan said to a charming fox girl next to her.

"The third floor?"

This imaginary fox girl was shocked and shook her head: "The third floor is now covered by Hu Gongzi. Do you know Hu Gongzi?"

"Hu Gongzi?"

Hearing this, Ye Xuan's eyes lit up and it seemed that he was looking for the right place.

These masters of the broken land are almost all gathered on the third floor, it seems that he is looking for the right place.

"Yes, I am a friend of Hu Gongzi!"

Ye Xuan nodded and his eyes flashed.

"Hey, take control of success!"

This fox girl was directly controlled by Ye Xuan's eyes.

The eye of the new skill mind, the effect is much stronger than the eye of control, and the power consumed is also less, it is really magical.

"Yes, I will take you up!"

The fox girl nodded and then went straight to Ye Xuan.

Upon seeing, all the women around the family have shown their envious look. Hu Gongzi is the future city owner of Fengsha City. Those who can get along with Hu Gongzi are not general.

In fact, the third floor of the desert style is also protected by the law. However, in addition to the perception of the eye, Ye Xuan also has the spiritual and killer instinct, so it goes through.

On the third floor of the desert, a group of singers and dancers danced there. At the same time, on the side close to the street, several young people were drinking and having fun, each with two naked women.

Soon, the fox woman came to the third floor with Ye Xuan.

"What are you doing here?"

A questioning voice came, Ye Xuan looked around and saw a young human woman guarding the entrance to the law.

"General manager, he is a friend of Hu Gongzi!" Fox woman replied.

"Why are you so troublesome?"

Ye Xuan's light flashed a bit, and then the young woman was controlled by Ye Xuan.

How can it block the eyes of his heart?

"See the host!"

The young woman said, took off the ring in his hand and handed it to Ye Xuan.

Ye Xuan Festival took over the Qiankun ring to see, there are many things inside, there are more than two thousand broken Dan.

"Don't say more, take me in!" Ye Xuan continued.

"Yes!"

The general manager of the desert nodded and then opened the circle with a special method.

Suddenly, the song came out.

At the same time, they also attracted the attention of the young people.

"General manager, who is this person?"

A young man with a position at the end asked strangely.

When I came in, Ye Xuan used the eyes of the soul continuously, and controlled the people on the third floor except those three.

Then, Ye Xuan was staring at it, and his attention fell on the fox youth who were surrounded by two naked girls.

"Sure enough, a bit like!"

Ye Xuan brows a pick, it seems that that is Hu Gongzi.

"who are you?"

Hu Gongzi looked at the people around and asked.

Ye Xuan's age is similar to that of them, and it has reached a broken ground. It seems that a young master of the Sandy City is right, but he is strange, why haven't you seen it?

For this question, Ye Xuan did not answer, and blinked twice again.

"Hey, take control of success!"

"Hey, take control of success!"

Two consecutive systems prompted the sound, and the two guards beside Hu Gongzi also became the servants of Ye Xuan.

These two guards, from the main house of the Sandy City, are sent by the city owners to protect Hu Gongzi.

"There are belief crystals in the apostles' heads. I can't control them. This fox family is also proficient in charm, but in the eyes of my heart, there should be no problem!"

Chapter 1319: Charm

Ye Xuan thought in his heart, that is, the use of the eyes of the soul of this Hu Gongzi.

However, the tone of his fantasy is indeed ringing, but the tone is wrong.

"Hey, control failed!"

The other two guards, Ye Xuan is instantaneously controlled, but Hu Gongzi, Ye Xuan actually failed to control.

"Ok?"

Hu Gongzi was attacked by the soul, and his brow immediately wrinkled and looked at Ye Xuan.

His first reaction was the ghost of Ye Xuan.

At this time, Ye Xuan also discovered why this Hu Gongzi blocked his mental attack.

This Hu Gongzi's body, there are actually more than half of the charm and crystal!

Charm and crystal, can greatly improve the soul strength and the ability of the fox people to charm.

After leaving the Blood Rock Continent, Ye Xuan was the first to see that someone had condensed the charm and crystal, although it was not completely condensed, but it was also very good.

As for the golden armor who left that day, Ye Xuan was too far away and the realm of the realm. He could not see whether the gold armor had charm and crystal.

"Falling, the charm of this kid's body is crystallized and condensed, is it useful for you?" Ye Xuan hurriedly asked in his mind.

"Charming and crystal?"

When I heard the words in the planting space, my eyes couldn't help but brighten. "Yes, as long as you give me, my charm will grow."

"Well, that young master will help you!"

Ye Xuan has a big blemish.

At this time, the Hu Gongzi knew that he had been attacked by Ye Xuan's soul, and he couldn't help but anger and shouted: "A big courage, dare to cast a soul attack on me, give me a catch!"

Unfortunately, when his voice fell, the two people behind him did not act.

"Ok?"

At the moment when Hu Gongzi turned his head, the two talents suddenly shot.

"Hey!"

One big hand was directly locked in the throat of Hu Gongzi, while the other one was a sword stabbed into the chest of Hu Gongzi.

"what?"

Hu Gongzi's eyes widened and he did not understand the two guards sent by his father-in-law. Why did he shoot himself?

Suddenly, what he felt, hurriedly shouted: "What are you doing?"

He felt that this hand had already caught the charm of his body.

This charm is not completely condensed. If it is forcibly removed, his realm will fall, even falling and falling into the mood.

"No, no..."

Hu Gongzi was shocked and hurriedly shot.

However, suddenly a figure was taken and the hand of the guard was given out.

"puff!"

Blood splashes.

Hu Gongzi's body charm and crystal were taken out, suddenly, Hu Gongzi's infuriating, blink of an eye fell to a broken territory.

"There is a charm and a crystal, I can't control you, now there is no charm and crystal, see how you..."

Ye Xuan's light flashes and uses the eye of the soul.

"Hey, take control of success!"

This time, Hu Gongzi was successfully charmed by Ye Xuan.

"See, see the master!"

Hu Gongzi, who was taken out of the charm and sympathy, said weakly.

"It's okay, it didn't fall to the mood."

Ye Xuan glanced and said slowly.

At this time, Hu Gongzi fell to a realm of broken territory, and there was no fighting power.

Then, the fall suddenly appeared, and the charm of Ye Xuan's hand was closed.

"Hey, thank you, Master!"

Falling and laughing.

Ye Xuan nodded slightly, and immediately took out the previous portrait and asked: "This person, you can know?"

This portrait in the hand is the golden armor who took away the mysterious eyes. When Hu Gongzi saw it, he also nodded directly: "Know, he is my father Hu Tai."

really!

Ye Xuan's brow was picked, and he had guessed it before, because the Hu Gongzi and the gold armor were too long.

"What is his realm now, where are the people?" Ye Xuan continued to ask.

"I saw my father last time. It was six months ago. At that time, he was a four-folder. I heard that I received a task last month. I don't know if I returned to the Humei family." Hu Gongzi said honestly.

"Where is the broken four..."

Ye Xuan swallowed swallowing water, and with his current realm, he could not deal with the four masters of the broken environment.

Moreover, this Hutai may have handed over the Xuan Ming Shuangyu to a more powerful **** and received a reward. The worst case is that he has broken through to the fivefold.

"Well, is there anyone in your fox family who has condensed the charm and crystal?" Ye Xuan continued to ask.

"Yes, there are some." Hu Gongzi nodded: "But the master, refining and enchanting must be the fox family, and there is the possibility of explosion."

"Nothing, I am refining these things is a small meaning." Falling know that Hu Gongzi is talking about her, hurriedly replied.

When Ye Xuan heard this, she was relieved. After all, she would not make a joke about her life, and she has refining one. This is nothing.

The most important thing is that the fall is a day of fox, this blood is so bad, can't it be even a charm and a crystal can not refine?

"You tell me about things in your family." Ye Xuan said.

Then, this Hu Gongzi did not conceal anything about his family, such as how many strong people in the family, how many geniuses.

When he talked about a person, he was shocked by Ye Xuan and the fall.

"Hu Xinlan, not only condensed the charm and crystal, but also cultivated a charm?"

Ye Xuan and Luo Yi looked at each other.

"What is the charm of charm?" asked in a curious way.

"Back to the little master, when someone condenses a complete charm and crystallization, you can have three tails. If you cultivate two charms, you will have six tails. Among the foxes, they use the tail. The number determines the quality and status of the qualifications." Hu Gongzi replied.

"Three tails, six tails."

Ye Xuan's brow wrinkled, he remembered that the fall was the first charm of the refining, and then it became three tails. At that time, the blood of the beast was changed once.

Then, the fall and practiced into a fascinating heart, and then grew into six tails, and the blood of the beasts changed accordingly.

It's hard to be done. This charm is the key to growing nine tails?

"Since there are three tails and six tails, is there still nine tails?" Ye Xuan asked again.

Although Hu Gongzi is already his own person, he is not allowed to leave the control. In order to prevent it, he still does not disclose the charm of the heart.

"Yes, there is a charm and crystal can grow into three tails, and you can grow into a six-tailed tail after practicing the charm. As for how to grow into nine tails, you must practice a technique called charm and charm." Hu Gongzi nodded.

Sure enough, it is the charm of the heart!

"Then there isn't you in your family?" Ye Xuan asked.

"No, my family has only a method of condensing charm and meditation, and the charm is lost." Hu Gongzi shook his head.

Chapter 1320: Land killer

Ye Xuan and the falling face looked at each other and said: "Is that Hu Xinlan growing six tails?"

"Not yet, only the second charm can be cultivated to grow six tails." Hu Gongzi shook his head.

"Young Master, the charm of the confession that I got before is only a ruin. I am cultivating it by inheriting the memory."

Now, Ye Xuan knows that the Jinjia man is the father of Hu Gongzi, and that there is a method of practicing charm and charm in the Fox family. It seems that he must go to the Fox family.

If it is smooth, the fall may be turned into a nine-tail again. At that time, Ye Xuan's beast will be advanced again.

"You can touch the practice of this enchanting charm?" Ye Xuan turned and asked.

"Yes, but this method can't be brought out, and the practitioner must go in. If the owner wants the little master to go in, I should be able to do it." Hu Gongzi replied.

"it is good."

Ye Xuan nodded.

But before leaving, Ye Xuan naturally wants to empty all the things around him.

In addition, this Hu Gongzi is also the son-in-law of the wind-sand city master, and the wind-sand city master is a three-folder. If it can be controlled, Ye Xuan can certainly break through to the broken environment.

Therefore, he wants to go to the city government first.

However, when he left the desert with Hu Gongzi, there was a team that stopped them.

"It is the guard of the city!"

Ye Xuan brows a pick.

This Guard, headed by a broken environment, the other four are also a broken.

"You looking for me?"

Hu Gongzi asked a little strangely.

"Small city owner, please come back with us, the city owner is in a hurry." Said the head of the Guard.

"what's up?"

Hu Gongzi asked again.

"You will know when you go back!" the Guard captain replied.

At this time, Hu Gongzi felt that something was wrong. Before this group of guards had a good attitude toward him, but now...

"Okay, go!"

Hu Gongzi didn't think much.

"Wait, the city owner did not ask the idlers to wait!" The captain of the guard suddenly said that he had finished his eyes and fell on Ye Xuan's body.

Anyone waiting?

Upon hearing this, Ye Xuan was somewhat unhappy, and the light flashed a few times, which was to control the guards.

"Hey, take control of success!"

"Hey, take control of success!"

"Hey, take control of success!"

A series of five system prompts to sound.

Although the captain of the Guard is a double-cut, he is still easily controlled by Ye Xuan.

"What is your city owner looking for him?" Ye Xuan asked politely.

"The city owner feels that the less the city's lord is extravagant*, and it's embarrassing, so I'm going to remarriage!"

The Guard Captain answered directly.

"Remarriage?"

Ye Xuan's eyes looked at Hu Gongzi.

"Retreat and retreat, this marriage is originally my promise, when I am Hu Lai?"

Hu Gongzi said coldly.

Ye Xuan does not feel that it does not matter, anyway, his purpose is to go to the city government to 'borrow' a sum of money to break through to the broken environment.

However, the name of this Hu Gongzi is a bit slippery, actually called Hu Lai.

Since the captain of this Guard is controlled, Ye Xuan can naturally follow.

Then, a few of them went to the city seat.

However, just as they rushed to the Windsor City, they suddenly caught the attention of several people.

These few people are both broken and they hide their breath and hide in the crowd.

“Well? There are four broken places, and there is even a broken three?”

Ye Xuan stepped in.

There are only one master in the sand-breaking city, and there is only one in the wind-sand city.

Then this master is just passing by, or is there a purpose?

Soon, Ye Xuan will know.

“Hey!” “Hey!” “Hey!”

Suddenly, the wind blew.

"what?"

The captain of the Guard and the two bodyguards of Hu Gongzi were shocked and directly attacked.

"Hey!"

"Hey!"

"Hey!"

The sneak attack was defeated.

"Who is the sneak attack?" The captain of the guards yelled.

But his voice has not yet fallen, and the group of masters hidden around him suddenly broke out.

The crushing environment is twofold, and the broken environment is three.

"Sure enough, we are the goal!"

Ye Xuan suddenly reacted.

No, to be precise, the goal is not for them, but for Hu Gongzi.

Someone, kill Hulai!

"It should be the killer of the land, hey, I want you to go back!" Ye Xuan gave a low voice and directly applied the eyes of the soul.

"Hey, take control of success!"

"Hey, take control of success!"

"Hey, take control of success!"

"Hey, take control of success!"

The four consecutive system prompts to sound, and the four broken killers are all controlled by Ye Xuan.

Then, Ye Xuan is gathering his eyes on the three-killed killer.

From a physical point of view, this should be a human being.

"This Hulai is still useful to me, can't you kill it!"

Ye Xuan's light flashes and the eyes of the soul are once again displayed.

This triple-killer's body shape trembled and thought: "Who is a powerful soul attack?"

Being able to influence his soul attack is at least a double.

However, what he still does not know is that the four masters who have also taken the task, have already turned their backs to Ye Xuan.

"Calling!"

The sound of the wind reappeared.

"what?"

This triple-killer was shocked, because the person who attacked him was his four companions.

"boom!"

A muffled sound spread, this three-person killer was smashed. He couldn't understand why his four companions attacked him.

At this point, there is already a black streamer, and it is behind him.

"I wanted to go to the city's main government, but killed you, it is estimated to be almost!"

Ye Xuan's mouth tilted slightly and a sword broke out.

"The killings broke out!"

"Yanlong is unparalleled!"

The golden dragon, engulfed the three-killed killer, but as a professional killer, his reaction was amazing.

"call out!"

Suddenly a golden sniper suddenly burst out in the body of the dragon.

"Oh!"

This triple-killed killer was directly cut off his head.

In the case of a one-on-one, Ye Xuan wants to kill him. It takes a few seconds to kill him, but this triple-killer has been attacked by himself, so he was killed.

"Hey, the host's killing value is improved!"

A system prompt sounds that the killer has died.

Ye Xuan quickly passed, and he accepted it. Although there are many things inside, it is not enough.

However, as long as the other four are added, it is almost the same.

When Ye Xuan took the other four people's Qiang Kun ring, it finally sounded two system sounds.

"Hey, the host breaks through, and the current is the second place!"

"Hey, Megatron breakthrough, the current is the second place!"
