

Super D. S 1321

Chapter 1321: Hu family

"Hey, the host breaks through, and the current is the second place!"

"Hey, Megatron breakthrough, the current is the second place!"

Ye Xuan himself did not expect that his breakthrough speed even surpassed the fall and the old tree.

"Oh, I had to spend half a day. Now the realm of the young master is beyond me. I guess it only takes half an hour..."

The tree in the planting space is old and laughs.

At this time, there were only seven left in Yuan Xuan's body, and the life of the eighth Yuan Yuan, which was just broken, was merged with his physique.

"Who are you, why kill Hulai?" Ye Xuan said to the four killers.

"We are in the north of the city to pick up the task, kill Hulai, you can get 100,000 broken Dan." One of the killers replied.

"100,000 broken Dan, it is really a big deal." Ye Xuan heart trembled and turned to look at Hu Lai: "Do you know who is going to kill you?"

Hu Lai heard this and thought for a moment, saying: "It should be my people. My family is now fighting for power, so they may not want me to be the son-in-law of the wind and sand city..."

"It turns out!"

Ye Xuan can understand.

If Hu Lai smashed the daughter of the Lord of the Winds, then the Windsand City stood on his side.

However, the family's internal struggle for power and the fact that it is actually launched against its own people is really hot.

"In this case, go directly to your family!"

Ye Xuan said, then, it is a sword, killing the remaining four killers.

"Yes, master!"

Hu Gongzi nodded and followed Ye Xuan directly.

Originally, Ye Xuan wanted to pass through the main city of Fengsha City, breaking through to the broken environment, but now suddenly inserted a song, let him break ahead, so there is no need to go to Fengsha City, because he heard that this sand city The city owner is not bad.

At the moment, Ye Xuan is taking Hulai directly to the Windy City and heading to the Fox Family in the west of Fengsha City.

On the way, the old and the fallen trees also broke through to the broken environment, letting Ye Xuan have the potential to sneak into the Humei family.

There was a shadow step with Hulai, and after half a day, he came to this Hu family.

This Hu family is built in a valley with a cluster of meditation, which is a good place to practice.

"Master, I will take you in!" Hu Lai said to Ye Xuan.

Ye Xuan took a look and then nodded slightly.

This time, he is going to help the fall to get the charm of the practice, while investigating Hu Tai's whereabouts.

Just entering, Ye Xuan saw a fox family passing by.

"You Hu family, it is a lot of genius." Ye Xuan could not help but sigh.

"That is because my ancestors of the armor have noble blood and snow foxes. They used to be the six masters of the broken world, so I can grow up in Hu Jiakai." Hu Lai replied.

"Wind Snow Fox..."

Ye Xuan's eyes glimpsed. He remembered that the Hu Xinlan that Hu Lai had said before, not only cultivated a charm, but also the body of the snow fox.

Moreover, she is still the focus of Hu's training. She is much younger than Hulai, only 18 years old. It is said that she is about to break through to the broken environment.

However, Ye Xuan does not care about this.

After entering the Hu family, Hu Lai took Ye Xuan back to his residence to see if his father was at home.

However, this Hulai is notorious, and many people along the way looked at him with that contemptuous look, as well as Ye Xuan and Fall.

The ancestors of the Hu family were white foxes. However, after the blood of the blizzard fox was activated, blue hair grew, and his wife was a golden fox, so there were foxes of any color in Hu's family.

However, like the fall in the white with gold, still have not seen, so Ye Xuan let fall to cover those golden hair.

"Master, please wait a moment here!" Hu Lai came to a residence with Ye Xuan and said one.

"it is good!"

Ye Xuan nodded, then looked at Hu Lai to leave.

That Xuan Ming's eyes were also allowed to let Hu Lei's father Hu Tai search for him and fall, so when he came in, he changed his face and even put on a mask.

Soon, Hu Lai came out.

"My mother said, my father hasn't come back yet, but I have taken a token into the Fox King Hall." Hu Lai handed the token to Ye Xuan.

"I am not your Hu family, I am afraid that you will reveal the stuffing?" asked the falling frown.

"No, I have thousands of people in Hu family..." Hu Lai shook his head.

"But, the fall is the second thing..." Ye Xuan suddenly reminded me.

The broken environment is double!

In fact, there is nothing. There are hundreds of masters in Hu's homes, but the age of the fall is two years younger than Hu's first day, Hu Xinlan.

"The caretaker is one of my brothers, and the two are broken. Just say that the little master is an illegitimate daughter of my father, no problem." Hulai said.

"If that's the case, then go, if it doesn't work, it will be hard."

Ye Xuan's light flashes.

As long as you can get the practice of practicing the charm of the charm, even the Longtan Tiger Cave should be awkward.

Then, Hu Lai took the two to the Fox King Hall.

The Fox King Hall is considered to be a heavy place in the Hu family, but since the Hu family has not had anything happened, the guards here have been removed a lot.

Hu Lai and Ye Xuan came to the Fox King Hall, then ran around and whispered a few words at the guard at the door.

"What, illegitimate daughter?"

The guard was shocked. He was the first to hear that Hu Tai had an illegitimate daughter.

"Oh, this is not to be said, my mother already knows."

Hu Lai whispered, handing a pass to the past.

"This....."

The guards were hesitant, and they took over the Qiankun Ring. There were two thousand broken Dans in this ring.

"Well, don't make trouble after you go in, or I won't end up." The guards finally made a decision. After all, two thousand broken Dans have been a great asset for him.

"Thank you brother!"

Hu Lai thanks.

"That said, how is your breath going, how does it fall back to the broken ground?" The guard asked strangely.

"Cough, cultivated the scorpion, it will be better to recover for a while." Hu Lai rushed to find a reason to fill in the past, and then quickly ran down the steps, will tell Ye Xuan at this time.

This guard is a two-folder, and it is almost condensed and enchanted, so Ye Xuan may not be able to control him.

Fortunately, the other party chose to close one eye with one eye.

"Let's fall, you go in with Hu Lai." Ye Xuan said to the fall.

Hu Lai's mother is the elder of Hu's family. She has a token that holds Hulai's mother, so she can go in.

As for Hu Lai, he could have entered the Fox King Hall, naturally no problem.

Ye Xuan is a human being. He can't enter the Fox Temple anyway, so he can only wait outside.

Chapter 1322: Spike

"Ok!"

Nodded and then followed Hu Lai into the Temple of the Fox.

Although it is Ye Xuan who has a super-phagocytic system, as long as the practice is pronounced by voice, Ye Xuan can copy it.

After a while, the fall is to report to Ye Xuan verbatim.

"Hey, the transcription is successful!"

In less than a minute, there is a system that prompts to sound.

This Fox King Hall has a formation, and those who come out will forget this practice unless they have already practiced or practiced half.

"Okay, come out, it's time to do business."

Ye Xuan passed the voice channel.

Since the practice has been transcribed, then the fall can be cultivated in the planting space until the cultivation of two charms.

"Boom!"

At this time, in the Fox King Hall, suddenly there was a booming sound.

"what?"

Ye Xuan and the guard of the Fox King Hall were shocked.

This is, someone shot in the Fox King Hall.

"Let's fall, what's the matter?"

Ye Xuan hurriedly asked.

"Hulai, Hulai, dead!"

This sentence, but scared Ye Xuan, good end, how can it die?

"Who killed him?" Ye Xuan asked again.

"It was called Hu Xinlan. She quarreled with Hu Lai and accidentally killed Hu Lai. Well, he should think that Hu Lai is still in a broken position, so he lost his hand."

Falling down said, but also left the Fox King Hall, appeared in front of Ye Xuan.

At the same time, the guard also rushed in.

When such a thing happened, Ye Xuan quickly called the fall back into the planting space.

"This Hulai has nothing to do with people quarreling about what to do..."

Ye Xuan is very helpless, but then again, if he did not take Hu Lai's charm and crystallization, the realm of Hu Lai will not fall, and will not be killed by that Hu Xinlan.

"Hulai's wound has been restored, but the realm has not recovered. Now that he is dead, Hu's master may find out that the charm has been lost..."

Ye Xuan thought about it.

At this time, the fall asked: "Young master, then what do we do now, is it straight away?"

"Hua's father, Hu Tai, still doesn't know where it is, so he still needs to investigate. Let's wait and see if it changes. If it is not right, then Ye Xuan blinks."

The strength of this Hu family is still quite strong. The two camps that compete for power and strength also have four masters who are in a state of brokenness. However, with Ye Xuan's current realm, there is no need to fear the fourfold.

If he wants to go, no one can leave it!

Soon, the Hule's brother-in-law was hurriedly lifting Hull's body. At the same time, many people quickly left and reported to Hu's high-level officials.

The two camps of the Hu family are headed by the first and third families.

Hu Lai and his father Hu Tai are standing on the old side of the third family, and Hu Xinlan, who killed Hu Lai's first day, is the first old family.

Hu Xinlan has now killed Hu Lai, and the two parties may have to fight because Hu Lai is Hu Tai's relative son. The golden armor Hu Tai is one of the top powerhouses of the Hu family.

However, before watching this good show, Ye Xuan must complete an action.

"call out!"

At the moment, he turned into a black streamer, keeping up with the footsteps of the fox guard.

"Hello, please wait!"

Ye Xuan whispered.

The Hule's brother-in-law's footsteps turned and looked around. He recognized Ye Xuan, because Ye Xuan was also brought by Hu Lai.

"I still... what do you do..."

This broken family of Hu family, has not finished, Ye Xuan is instantly caught in front of him.

"puff!"

Ye Xuan poked out a claw and directly penetrated the other's chest, taking out the enchanting crystal that had not yet condensed in his body.

Then he is the eye of the soul.

"Hey, take control of success!"

This Hulai's brother Hu Ce was controlled by Ye Xuan, and the realm also fell to a broken territory.

Ye Xuan quickly lost a blood bottle and let him recover the injury.

"Later, don't say that I have seen us!" Ye Xuan said to Hu Ce.

"Yes, master!"

Huze nodded and immediately left.

Hu Lai is a romantic, but he is also an elite in the Hu family. Now he is killed by his own people. This is not a small matter.

Ye Xuan, just waiting to watch the show, if the two sides fight, he still wants to help the third family, after all, Hu Lai was his man before his death.

Soon, Hu Lai's death was passed to the high-level ears of all Hu's family.

"not good!"

The people of the first camp of the first group have changed their faces after hearing this news. Is this going to break the deadlock?

At the moment, the two sides quickly gathered to the Fox King Hall.

Hu family has a total of four major families, all of which are four-folded. The first and second families are old and live in the East, the third and the fourth are all living in the West.

At the same time, Hu Lai's father, Hu Tai, is the grandson of the third family. In other words, the dead Hulai is the great grandson of the third family.

Both sides gathered a large number of masters, just in front of the Fox King Hall.

"Hulai..."

After a middle-aged woman saw Hull's body, she burst into tears.

At this point, Hulai had a wound in his chest and his heart was pierced.

When the third tribe saw the body of his great grandson, he was also furious and violently said: "Hu Xinlan, how dare you dare to harm the same people?"

Hu Xinlan, an 18-year-old fox girl, has grown three tails and is twofold.

She did not expect that she actually killed Hu Lai. How is this possible?

You know, she also fought with Hu Lai last month, and Hu Lai's strength is not so bad.

However, today's Hulai is indeed a bit strange, weak, and looks like it is hurt.

"I....."

Hu Xinlan is only an 18-year-old girl. She only wants to abuse Hu Lai. Now she has become a sinner of the whole family. She does not know what to do.

"Xinlan, what is going on here, why are you shooting?" The second family came out.

"Too grandpa, I..."

Hu Xinlan looked at Hull's body and couldn't speak.

At this time, several people in the Temple of the Fox King stood up and told the truth about the day.

At that time, after seeing Hu Lai, Hu Xinlan wanted to show off his talents in the past, and at the same time hit Hulai, so he started a dispute and then played against it.

However, everyone did not expect that Hu Lai could not even pick up Hu Xinlan's sword and was directly killed.

Jianqi runs through Hulai's body and hits the pillars of the Fox King Hall, which collapses the pillars. This is the movement that Ye Xuan heard at the time.

"A sword has not been blocked, was spiked, how is this possible?" The third tribe was shocked, and Hu Lai's strength is still clear, although he can't beat Hu Xinlan, but it is not too bad to be spiked.

This thing, there is a trick!

Chapter 1323: Torn the skin

The third family used to check the body of Hu Lai. Fortunately, Ye Xuan's blood treatment was good, so there was no scar.

However, don't forget that the masters of Vientiane and above have spiritual knowledge.

"What, Hu Lai's charm is gone!" The third family is different.

When the words came out, all the people present were shocked.

Charm and crystal, disappeared?

In the presence of people, almost all have charms and crystals, but there are big and small.

Most people don't condense a complete charm, but that doesn't mean they don't.

And Hu Lai's body, there is no charm and crystallization, is it difficult to be taken away?

Still, before he died, there was no more?

The third family suddenly got up and asked: "Who took the charm of Hu Lai?"

No one was buzzing at the scene.

"It was the Huze brother who carried Hull's body outside and the rest did not touch it."

Someone said that he was in the Fox King Hall.

"Yes, after Hu Lai was killed by Hu Xinlan, the Huze brothers used the power of Vientiane to carry the body to the outside of the Fox King."

"Yes, I was there at the time, no one touched the body of Hu Lai!"

Suddenly, everyone's eyes were gathered in Hu Ce.

This Hu Ce is the guardian of the Fox King Temple controlled by Ye Xuan.

"Yes, Hu Lai was carried out by me, but I have not touched the body myself?"

Hu Ce suddenly stood up and said: "And, the Hulai brothers told me that on the way back to the family, he was attacked by the land killer, and he was seriously injured, causing the realm to fall into a broken territory, so the breath was so weak."

"The land killer?"

The people around were shocked.

"Yes, I didn't get it wrong." Huze nodded: "The old people can go and check out the younger brother's ring!"

Upon hearing this, the third family's old dawn immediately flashed, and Hulai's Qiang Kun was charged. Then, a reward order was taken from the Qiankun ring.

"Hu Lai, the grandson of the third family of the Humei family, the fiancé of the daughter of the wind and sand city, the two sides of the broken, rewarding 100,000 broken Dan!"

The third family said old, his face changed greatly, and then suddenly looked at the first and second families.

Generally killing a double-minded person, 10,000 is enough, how can it be 100,000?

Those who can take out 100,000 broken Dans are certainly not general.

The third group is old, the first reaction is the first family of the old and the second family.

"The third family is old. You see what we do. Do you think that this reward is released by us?" asked the second old man's face with a gloomy face.

"You are so embarrassed."

The third family is full of anger.

"What is this for you?"

The first family is cold and cold.

Although the third tribe did not say it clearly, the people around it also thought that it was made by the first-class old and the second-class old people.

The killer did not complete the task, but also seriously injured Hu Lai, and then Hu Xinlan himself, and finally used the reason for the accidental killing to force the past. After all, Hu Xinlan is now the first genius of Hu, and is expected to break through to the sixfold in the future.

This Hu Lai, who was a good brother of Ye Xuan during his lifetime, his death, Ye Xuan can not ignore it.

At this time, the third family suddenly felt that something was wrong. He turned and asked: "Hu Ze, how is your breath weakened?"

"The Hui people are old, they don't care. When I left the family a few days ago, I was also chased by the land killer. Although I was lucky enough to escape, I was seriously injured. The realm was high and low." Hu Ce replied.

"What, you have been assassinated? Then why don't you say it earlier?" The third-born old man's eyes widened.

"I thought it was the mission of the enemy that I had experienced before." Hu Ce said.

"Humph!"

The third family screamed coldly, then turned to look at the other end.

At this time, Ye Xuan's dawn flashed a few more times.

This Hu family has charms and crystals in the body. There are big and small, but before they can condense a complete one, they will not grow into three tails.

Ye Xuan's eyes of the soul may not be useful for Hu Xinlan's two broken grounds, but it's not a problem for the broken environment.

Therefore, at this time he controlled several Fox people behind the first family.

"Hey, Hu Ce, the task of killing you is what I posted!"

Suddenly one person stood up and said something that shocked the audience.

The pursuit of Hu Ce's reward mission was actually released by him?

"Gao Xiang, what do you say?"

The third family can't believe it.

The fox man who came out at this time, named Hu Gaoxiang, is the brother of Hu Xinlan, but the strength is only a heavy one.

"Gao Xiang, don't talk nonsense!"

Someone immediately shouted.

"Father, things are exposed, why bother to cover up? Grandpa, my Hu family passed down to this day, if it is divided into two factions, it will certainly go downhill, it is better to divide it today!" Hu Gaoxiang uses the cold language Said.

When the people around him heard it, they felt that he was crazy, but no one would have thought that Hu Gaoxiang, who had condensed most of the charm and crystals, was already controlled by Ye Xuan.

At the beginning, Ye Xuan did not know that Hu Gaoxiang was Hu Xinlan's brother. The former only saw that he seemed to have some status in the first camp of the first family, and it happened to be a broken place, so he controlled it.

Unexpectedly, I actually controlled a person with weight.

"Yes, don't hide it, those tasks are what we released, how?"

"Hu family, we must unite to be able to last forever. If we continue to fight for it, we must be declining. Today we will be divided and the losers will leave!"

"Good idea, the loser takes people away!"

Someone should be right now.

These people are the servants who are controlled by Ye Xuan. Through the eyes of the soul, Ye Xuan can directly give them orders.

Now, let's see what the party in the East Court is doing.

The first family and the old people did not know what medicine these people had taken, and they even admitted that they had issued those tasks. Although it was not the order that he personally issued, the people in the East Court would inevitably have some embarrassing things.

In short, Hu Ce is indeed a killer, but at the time he killed the other side and was not seriously injured.

The reason why he is seriously injured is to make an excuse for his own realm to fall into the broken territory.

Both sides, silent for a few seconds.

After thinking for a moment, the first family is also slowly saying: "Since this is the case, then we are both finished today."

"Okay, it's over!"

The fourth family is cold and cold.

The East House and the West House of the Hu family must have a high score today. The losing party will leave with all the members. Otherwise, if the fight continues, the ghost knows what will happen.

The worst thing is Hu Lai, because he became the * of both sides.

Chapter 1324: Gambling

"If we both start the war, it is definitely a two-game defeat. It is better to gamble. Five games, from the nine-fold to the four-fold, five wins in three games, the loser immediately left!" The first family suddenly proposed.

This proposal is very fair.

"Okay, three wins in five games, but with one condition, the second and the second are not more than forty."

The third family immediately agreed.

Although Hu Xinlan is the first talent of Hu family, she is only 18 years old. Even if she is about to break through to the trivial situation, the West Academy is sure to defeat her.

Since both sides have agreed, it is necessary to decide who to play.

If the conception is nine-fold, the broken territory is heavy, the broken environment is double, the broken environment is triple, and the broken environment is fourfold. These five realms are one for each side and three for each of the five games.

However, before the war, the West Court had already won half of it, because Ye Xuan was secretly helping.

"If the mood is nine-fold and the situation is broken, the two battles, the East Court will be defeated regardless of who sent it."

Ye Xuan's light flashes.

In these two wars, the West Court cannot be lost. In the next three wars, the West Academy will win if it wins another.

At the same time, the order of the five realms is not certain.

Finally, it is concluded that the first battle is a contest between the two sides of the broken environment, and then the three sides of the broken environment, the nine-fold conception, the four-folded situation and the broken environment.

"Xie Ming, this battle is on you!"

The first family is famous.

Hu Xiangming is his great grandson. Although his qualifications are not high, he is already 30 years old this year, but his strength is much stronger than Hu Xinlan.

"Hu Gaofei!"

After the third family of old and the fourth family had been discussing for a while, they also decided one person.

Originally, the two sides wanted to write the name of the person who played the war on the note, but the first family was very confident in their great grandchildren, so they lost some money.

Hu Xiangming is the near-invincible existence of the Hu family. The age of Hu Gaofei is still three years old, but his strength is weaker than Hu Xiangming.

However, only Hu Gaofei has fought in this battle, because the two-level fighters in the broken territory must not exceed 40 years.

Hu Gaofei, who is only thirty-three years old, is the strongest of the two in the West.

Hu Xiangming and Hu Gaofei came out one after another. The two men had handed over, but that was three months ago. I don't know if Hu Xiangming is still more powerful.

"These five gambling battles are very important. You must take it when you fly high!" the third family whispered.

"Yes, even if Gao Fei is dead, he must win the victory of this battle!" Hu Gaofei firmly said.

After hearing this, Hu Xiangming said with a disappointment: "Oh, big words!"

At this time, the first family thought of a question and asked: "Is this gambling war, is it divided into life and death?"

"Only watching the outcome, regardless of life and death!"

The third family replied.

Simply put, you can kill.

"let's start!"

Under the order of the first family, Hu Xiangming and Hu Gaofei were flashing in shape, and they were fighting in the blink of an eye.

Both of them are elites of the Fox family, but because they are the same people, the mental attack has no effect on the other side. They are fighting.

Off the court, everyone was holding their breath and watching the battle.

This battle is very important, because if you take the lead in taking one, you will increase your morale and help the next battle.

At this time, Ye Xuan also looked carefully, and he wanted to show some means to Hu Xiangming, such as the eye of the soul.

Ordinary soul attacks are hard to hurt the foxes, but Ye Xuan's eyes are so powerful that although they cannot be controlled, they are enough to affect Hu Xiangming's mind.

"But it, still not intervening!"

After thinking for a moment, Ye Xuan decided to give up, because there are two games to win, he should not need to worry.

Besides, even if the West Hospital loses, it will be fine, because it does not affect his investigation. After all, Hu Lai's father Hu Tai is a member of the Western Academy.

The battle continues, and the sound of the battlefield continues.

The discerning eye can see that the East Court now has the upper hand, and Hu Gaofei of the West Hospital has been suppressed and defeated.

"No, this battle is very important. If I am dead, I have to win it!" Hu Gaofei's face is gloomy, and he is ready to die.

Although the strength is a little worse than the other party, but he can still hurt the other side, not long after, the two are all bruises, every time you move the blood will be chic, terrible.

However, neither party has stopped it.

Everyone knows the importance of this gambling war.

The Eastern Court has already issued a rewarding task. If there is no victory or defeat today, then the next step is to fight all the people, with more deaths and injuries.

"Oh!"

At this moment, suddenly a crisp sound spread, a skull was thrown up.

who is it?

Everyone stared at it and found that the head of the hospital was Hu Gaofei.

West Court, the first battle failed!

At the same time, Hu Gaofei was also killed by Hu Xiangming.

"Gofei..."

A fox woman burst into tears. She is the mother of Hu Gaofei. Now she can see that her son has been killed. Naturally, she cannot calm down.

"This battle, our East Court wins!" The first family always smiled and emphasized one sentence.

Next, as long as the East Court wins two more games, then the West Court is getting out.

The face of the West Side is gloomy, and the next one is a three-fold battle.

"Xingping Shu, you can go on this battle!" The third tribe said.

"it is good!"

An old man came out.

Hu Xingping is the strongest one in the Western Academy. He is over 100 years old, and his age is still above the third family. This life is expected to break through to the fourfold.

At the same time, he has also condensed a complete charm and crystal, and has grown into three tails.

Before the two sides ruled, the two sides of the broken environment, the broken environment and the nine-fold battle, the age of the three battles must not exceed 40, but this battle is threefold, so there is no limit.

"Sure enough, he, Hu Jiashi, you come!" The first family also shouted out a person.

The second battle began very soon.

Both of them are over 100 years old, and their strengths are the triple peaks of the broken land, so the battle is very intense.

The first battle was won by the East Court, so the morale of the East Side was soaring. Although the West House was defeated, they felt that they must win the next game, so the morale was not weak.

Originally, Ye Xuan felt that it didn't matter if he didn't help. After all, it didn't have much to do with him, but Hu Lei was his men before he died, so he thought it would be easy to help.

"The Eye of the Mind!"

Ye Xuan, who was off the court, showed a soul attack against the master of the East Court.

Chapter 1325: Spike!

There are three effects of the Eye of the Mind.

One is to directly damage the soul, similar to the burning eye. One is a illusion attack like the Eye of the Illusion, which puts the other party in a illusion.

The third is to control the eyes and control each other.

However, the other party has condensed a charm and crystal, and the realm is higher than Ye Xuan, so it can only be attacked by soul attack or illusion.

"what?"

The Hu Jiashi of the East Court, his heart trembled, and his heart said: "The soul attack of this old guy can affect me?"

He thought that Hu Xingping of the Western Academy had exerted a soul attack on him, because if it was someone else, the people in the East Court would find it and then stop it.

But what he didn't know was that the opponent's soul attack was not the player of the West Academy, but Ye Xuan outside the court.

Fortunately, Ye Xuan is only a two-folder, and he also has a charm and crystal in his body. He has a weak immunity to the soul attack.

Only, over time, he will be in a state of affairs.

"The Eye of the Mind!"

"The Eye of the Mind!"

When Ye Xuan used the fifth eye of the soul, the movement of this Hu Jiashi was obviously slowed down.

"good chance!"

Hu Xingping's eyes lit up, capturing a flaw in the other side, and then directly attacked the past.

"puff!"

Although Hu Jiashi escaped a deadly sword, the other's sword was biased between his chest.

"Hey!"

I only heard a crisp sound spread, and the charm of Hu Jiashi's body was broken.

The realm of Hu Jiashi also fell instantly, and the body also shrank.

"not good!"

The first family of old people changed their face, just want to speak, but they heard another burst of sound.

A head, throw it up!

dead!

"Good, good job!"

The third group of old Dalian even praised.

The first battle, the East Court won.

The second battle, the West Court won.

It is now flat!

"Damn!"

The first family is old and roaring.

If it is a heavy one, the double is even the case, now the dead is the three masters of the broken territory, which is a heavy blow to the East Court.

However, people are dead, and it is useless to care.

The next third game is the battle between the nine players.

Hu's family, there are thousands of people in the nine-fold situation. This war is naturally to choose those older ones. After all, their fighting power will be stronger than those of young people.

Soon, the two sides once again sent the strongest of this rank.

Unfortunately, there is no suspense in this battle.

"The Eye of the Mind!"

"Hey, take control of success!"

The player in the East Court was instantly controlled by Ye Xuan.

Within three seconds, his head was smashed by the Westerners.

The West Court won two games in a row. As long as you win another game, the East Court will have to get out of the Hu family and stand on its own.

The next battle is a four-folded situation, and among the people present, there are four broken four-fold, that is, these four old people.

"I am going!"

In the camp of the West, the fourth family whispered to the third tribe.

"Okay, be careful!"

The third family nodded, this battle is very important, as long as it can win, then the outcome will be fixed.

As for the East Side, the second family is old.

Both of them are four-folded. Because they are all family members, they rarely fight people, so they don't know each other's depth.

Then, the two major families are playing, and at the same time, the people around them have all retreated a long distance to avoid being affected.

The four battles in the broken territory, almost none of the people present have seen it. I don't know, is the second family old and powerful, or is the fourth family old?

"kill!"

Suddenly, the two people in the field shot together, and that was the contact between them.

"Hey!" "Hey!" "Hey!"

The sound in the battlefield is constant, showing how fierce the battle is.

The second family of the East Court used a sword, while the fourth group was a long sword. If it was hard, it was obviously the fourth family.

However, the fourth family is always good at the body, much faster than the second family, and is more flexible.

None of the people present were able to see his movements.

But the second family is not vegetarian. The sword in his hands can not only be used for attack, but also proficient in defense. The fourth family can't help him in the short time.

"There is a triple battle in the broken ground. The eyes of my heart are effective, but for this scene, the effect of the eye of the soul is minimal..."

Ye Xuan looked at the battle in the field while thinking in his heart.

If the general situation is four, the eyes of his heart are still effective, but the two people in the field have condensed the charm and the crystal, and they have resistance to the soul attack, so Ye Xuan still thinks it.

Anyway, the West Court has won two battles, this battle is lost, there is a battle of a broken battle.

As long as it is a serious situation, Ye Xuan can easily control and then win the third victory.

In just a few seconds, the two people on the battlefield have already been beaten. Although there is no injury on both of them, they are all instinctual and physical. But it's always the fourth family of the West. Take the upper hand.

"Hey!"

At this time, suddenly a collision of metal spread, everyone stared at it, and the battle of the second family was suddenly shaken off.

"good chance!"

The second family did not expect that a sword would have flew the other's weapons, and immediately went up, ready to kill the second old man, and then won the third victory.

But at this time.

"Old guy, you counted!" The old man's mouth was slightly tilted, revealing a fascinating smile.

The weapon was dismissed, and he deliberately waited, and the fourth family was close.

"what?"

The fourth family had a hard time, and suddenly smelled a dangerous atmosphere, but the victory was in front of him, and he did not have time to think so much.

But when his sword was about to pierce the second heart of the second family, the latter's body suddenly flashed and disappeared.

"Oh!"

A crisp sound spread, and then a head flew into the sky, the owner of this head, not the second family, but the fourth family.

how is this possible?

The people in the audience did not react, even the third family.

It is obvious that the fourth family has the upper hand. Now, how is the fourth family being smashed?

However, some people still saw the clues on the scene.

"That trick seems to be the demon fox that was used before the fall!" Ye Xuan frowned.

"The demon fox flashes, although this secret magical power is easy to use, but it is also relatively low-level, can be practiced as nothing." Fall in the mind and said.

The demon fox flash is a weak blow to her. After all, she has learned it when she has not been to Vientiane. Now, she has become the third flash in the reincarnation.

Chapter 1326: Go back

"The demon fox flashes, this is the secret of my fox family, and the second family is actually practiced!"

The third tribe was shocked.

This move, even the Hu family ancestors did not learn, this third family was actually practiced.

Otherwise, this battle is definitely the victory of the West Academy!

This time, it was really a heavy loss. Not only did this lose the battle, but it also killed a broken four-fold. It really lost the wife and lost the soldiers.

If the two sides start the war at the moment, the West Court's end will probably be very miserable.

The West Court originally had three broken four-fold. The third person was Hu Lei's father Hu Tai, but Hu Tai was not in Hu Jiazhong, so at this moment, only the third family was left in the West Court camp.

"Haha, it's two to two now!"

After the first family saw the old face of the third family, they couldn't help but laugh a few times.

Although the dead fourth family is also a bit blood-related, but the two have reached this point, what about the death?

In fact, the first family is very eager to go straight to war at this time, but if you do this, I am afraid that I will lose a lot of people and lose more.

Why not look at the fifth game first.

The fifth game is a battle between the two sides. If the East Court wins, then things will end.

If it is defeated, say it again!

"Old family, let me come!"

On the side of the West Court, suddenly a young man came out.

After the third tribe saw him, he nodded slightly.

This man is not a Hu family, but he married the Hu family's wife as a wife. This time he took his wife to visit relatives. He did not expect to encounter life and death.

"Wenxuan, you are on!"

The first family turned around and said.

Hu Wenxuan, a genius of Hu Jiazhong, has already condensed a complete charm and crystallization. The strength is also top in the crushing environment, and will soon break through to the broken environment.

This fifth battle is crucial to the fate of both sides.

Everyone was holding their breath and watching Hu Wenxuan and the human youth go out.

Although this human youth is not a Hu family, it has some relations with the Hu family. Therefore, the East Court has defaulted and has not stopped it.

"Human, you will die under my sword!"

Hu Wenxuan said with a cold eye.

"The big words don't go wrong!" The human youth did not say anything, and rushed straight out of the sword.

At the same time, Ye Xuan outside the field is also the eye of the soul.

"Hey, take control of success!"

At that time, Hu Wenxuan was controlled by Ye Xuan, and then sent the head to the human youth.

"Oh!"

A crisp sound fell into everyone's ears.

Tightly one face, that Hu Wenxuan was cut off by the human youth.

The whole audience is dead.

"How can this be?"

The first family can't believe it.

Hu Wenxuan is already the pinnacle of the broken territory. Even if the other party is also, it is impossible to be spiked.

He must have read it wrong!

However, this scene has fallen into the eyes of thousands of people and there will be no leave.

Even the people in the West Court did not think that the young humans actually killed each other and won the victory in Game 5.

Before counting, the West Court has won three wins, which is the ultimate winner of this gambling war.

When I saw it, the first family was also quick to react. He didn't think about why the young people killed each other. Instead, he said directly: "Now, I won three wins in the West House. The first family is old. Should you leave? "

"you....."

The first face of the old face changed dramatically, and he couldn't speak.

Even he didn't know how Hu Wenxuan died. This time the gambling war was unclear, so the people in the East Court were unwilling.

"The first family is old, what should I do?" asked the second-generation old man who had fought a battle.

Before the two sides had an agreement, the five games three wins, the losing party left the Hu family to stand on its own, and now the East Court lost, then the East Court left.

However, the first family did not want to leave this way. He did his best for Hu Jiatun for so many years. Can he just leave?

Seeing the other person's hesitation, the third family's old heart suddenly had an unpredictable hunch.

The gambling war, although they won, but if the first family and the second family repent, then the West Court is in trouble.

The other side is the two majors, and the West Court has only one of his four. If he fights, he must lose the West.

"The first family is old, can't you afford to lose?"

When the third family was sounded, everyone in the room was a sinking face. For a time, the atmosphere became strange.

"For the tribe, I have to be a villain."

The first group of old people slowly finished, it is a big drink: "All the broken martial arts, ready to fight!"

Suddenly, the hundreds of broken masters behind him, after squatting, all sacrificed weapons.

At the same time, the same group of masters in the West Hospital are the same, all starting to guard.

"The first family is old, you really can't let go!"

The third family is cold and cold.

Although he won the gambling war, he lost the manpower. At this time, the third family's old heart is also asking himself, this battle will not fight.

If you fight, you may be overwhelmed by the whole army. If you don't fight, they will have to leave the Hu family to stand on their own.

"Let's go!" The first family replied, and he didn't want to fight with each other to kill you. After all, it was the same.

The people on the side of the West Court suddenly became silent. When they were old and dead in the fourth family, they guessed that there might be such an ending.

Now, it really appears!

The third family is still hesitating. He does not want to fight with each other, but he is not angry. It is obvious that they won the gambling war, but they left.

"What about the old family?"

An elder walked in front and whispered.

"Go to the crowd!"

The third family was old and finally decided.

When I heard this, the people in the East Court were relieved. It seems that there is no need for a big fight.

"Family old, this..."

In the camp of the West Court, many people are also dissatisfied, but they also know what the consequences of the two sides' wars are. They will only suffer from both losses. At the same time, they may be completely annihilated.

In desperation, the people in the West House also went back to pack up and then organized to leave.

They are all very busy and have no time to pay attention to Ye Xuan.

"Sure enough, this ending..."

Ye Xuan is thinking about a problem at this time, thinking about whether or not to take a shot, because his strength is not weaker than the three major groups. When the big move is opened, the East Court is expected to be killed.

However, just as he hesitated, suddenly a strong breath swept near Hu.

"Broken four?"

Only the remaining three tribes are old and their faces change.

The third family is even brighter, whispering: "Is Hutai back?"

Hu Tai, the father who died to Hulai, was fourfold.

If he returns, then the West Court may not have the power of a battle.

But is it really Hu Tai who came back?

Chapter 1327: Eclipse

"No, no, this is not the breath of Hu Tai!" The third family suddenly reacted. Hu Tai is his grandson. He is very familiar with it, and this four-fold atmosphere is very strange.

Not Hu Tai!

who is it?

Everyone turned their heads and found a black figure plucking.

This is a long-haired youth, wearing a black suit, seemingly ordinary, but has the strength of the four sides.

"Hello, dare ask you..."

The first family is a step forward, holding a fist.

The black-haired youth did not say anything. He took a piece of sheepskin from the ring of Qiankun and spread it out.

"This little fox, is it your Hu family?" asked the black youth.

The people present were all staring at each other and shaking their heads one after another.

On this sheepskin roll, I painted a few figures, a human, a little fox girl, a tree, a sword, very strange.

However, after seeing this painting, Ye Xuan, who was hidden in the crowd, immediately became a tiger.

"Find me?"

Ye Xuan and his sister-in-law, immediately swept the eye with insight, and found that there was no belief in crystal in the head of the black youth. However, in the arms of the young man in black, there was a two-finger scorpion.

"It's hard to be a killer of the land, come to us in the order of Xuan Ming's eyes," Ye Xuan thought again.

But the next moment, he is reacting, and Xuan Ming's eyes don't seem to know about the Magic Tree Warrior.

So where does this black youth come from?

The first group of old people glanced around in a circle and found that everyone around them looked like a blank face. "Your, this portrait in your hand, we have never seen it."

"This little fox is the realm of the two sides of the broken environment. You call out all the women who are in the same situation." The young man in black said in a tone of command.

This tone makes the people present very unhappy, not a broken four, what?

"Hello, you can't help but see yourself too much?" The first family was cold.

"If that's the case, then send you a meeting!" The youth in black light flashed, and the right hand waved, and it was a black light.

This black light is extremely fast and directly broke into the Eastern Court camp.

Then there was a scream.

"what?"

Everyone was shocked. They only saw a black shadow passing by and did not see what it was.

However, Ye Xuan is clearly seeing it.

"that is....."

Ye Xuan's eyes widened. He saw the black man's scorpion in his arms, but he also saw the black scorpion with a texture he was very familiar with.

"Swallow the beast, that black scorpion, is to devour the beast!"

Ye Xuan was shocked.

After so long, he finally met another swallowing beast, which is worth a little bit of swallowing.

At the same time, he also guessed the identity of the young man in black.

This black youth is probably the leader of the evil gods.

Originally, Ye Xuan thought that the cult of the evil spirits was at the top of the three, but did not expect it to be four-fold. However, this is nothing. After all, Ye Xuan has now broken through.

Compared with this cult leader, Ye Xuan wants to catch the devourer.

At this time, this only swallowed the beast, and was constantly moving through the group of warriors in the Eastern Court camp.

"Puff puff!"

A muffled sound spread, this black little scorpion, can easily break the defense of this group of broken powers, smashing in the body, swallowing flesh and blood.

"Fast, spread out quickly." The first family was hurried.

In the blink of an eye, there are three or four people who fall down, and they are all two warriors in the broken territory. Among them, there is a trivial situation.

At this time, the shadows once again plucked from one person and rushed to the nearest person.

"not good!"

The first face of the old face changed, because the goal of this shadow is actually his son.

"Humph!"

The black youth in the air was finally shot. This little scorpion was hard to tame. It was for this little scorpion that he returned to the evil spirits late.

"Hello, you dare to scatter in my Hu family and find death!"

The second group of old clenched the sword and greeted him.

He has been trained as a demon fox, and his strength is the most powerful of all Hu family members, so he does not put eclipse in the eyes.

However, what everyone expected was.

"call out!"

The eclipse of the nine yin instantly turned into a streamer and wiped the old body of the second family. Then the second family was smashed into two halves, and the two bodies fell from the sky.

Spike!

"How can this be?"

Everyone was shocked, including Ye Xuan.

This eclipse of the strength of the nine yin, it is too horrible, even kill the same level opponent?

In this case, is it not the ability to have a leapfrog challenge?

"Not very good, this cult leader is so powerful, if I don't need big tricks, I guess I can't beat him!"

Ye Xuan couldn't help but swallow, but he is not alone, there are three helpers in the planting space.

Thinking of this, he quietly left, and then leaned towards the East Court camp.

"Puff puff!"

The East Court camp has set off a storm of turmoil. When the second family died, more than a dozen people died.

"Hands!"

The first family did not dare to neglect, hurriedly screamed.

The strength of this black youth has already exceeded their expectations. If you don't go all out, the Hu family will probably die today.

The third family of the Western Court camp is also hesitant in his heart. He wants to help.

However, he thought of what he had done before the first family.

The first family has lost the old, but it is the account to drive them away. Now that they are in trouble, why should they help?

Some people, gloating, look at this, this is karma.

At this time, Ye Xuan has quietly sneaked into the Eastern Court camp.

The black little scorpion is murdered by drilling into the human body to devour the organs. It is difficult for ordinary people to find them. Even if they find them, they can't keep up with the speed.

However, Ye Xuan has an eye for insight, he can accurately find the location of this black little dice.

"puff!"

At this time, the black scorpion suddenly flew out of one's body, and the next target was exactly Ye Xuan.

"Haha, you are self-investing in the net!"

Ye Xuan laughed aloud.

Others may not respond, but he can, as he grabs his right hand, he instantly grabs the black scorpion in his palm.

"Swallow the beast, see how you still run?"

Ye Xuan's eyes lit up.

At the same time, when he grabbed the black scorpion, there was also a system to prompt the sound.

"Hey, the host captures the swallowing beast, does it put the swallowing beast into the planting space, and devours the beast culture?"

The system prompts.

"what?"

Ye Xuan was shocked.

Can this devour the beast, can it be cultivated?

Chapter 1328: Goodbye, swallowing beast

At the moment, Ye Xuan is looking at the benefits of this devourer culture.

The general devour of the beast, worth a little swallowing point, but if the devourer is cultivated to the second order, then it is the value of two points of phagocytosis.

In addition, this swallowing beast can also breed, but this has the premise that it must be a male and a female swallowing beast, and it must be the same kind, one for the snake and one for the donkey, although there is a beast called Snake.

"This swallowing beast in my hands is already 80% of the first-order experience. If it grows to the second order, then it is the two-point swallowing point..."

Ye Xuan thought in mind, it is agreed to cultivate.

This devour of the animal culture function also appeared after the emergence of the planting space.

At the moment, this mini black scorpion is sent to a cage in a corner of the planting space. This cage is specially designed to devour the beast.

As for the growth of the swallowing beast, it is quite simple, that is, to absorb the strength of the world, of course, if there are a large number of bodies to give it, the growth rate will be faster.

This time, Ye Xuan is also making a big profit. When this mini black scorpion grows to the second-order devourer, he can get two points to swallow.

"Still!"

The black youth eclipsed the nine yin and immediately screamed.

The mini black sable was hard to tame. Now he is not told by Ye Xuan where he is going. He is naturally angry.

At the same time, he did not expect that the mini-black scorpion, which could not capture the figure, could be caught by Ye Xuan.

"Give me death!"

The eclipse of the nine yin was turned into a black light and plunged into Ye Xuan.

"Oh!" "Oh!" "Oh!"

A series of crisp sounds spread, and the three trivial people who rushed together with the first group of old people all died in an instant, even the first family was old and not spared.

With the eye of insight, Ye Xuan saw what was killing so many people, but a black fine whip.

"This cult of the gods is indeed a sect of the sect, but it is just cutting off its tail and making weapons."

Ye Xuan suddenly wanted to understand.

But for now, let's deal with this eclipse.

"It seems that if you don't take out some real skills, I am afraid that you will die directly under your hand!"

Ye Xuan's flash of light flashed directly to Megatron and Tree.

"Night Sky!"

"Sharp storm!"

In the meantime, Megatron is a thousand people, attacking the eclipse.

At the same time, Ye Xuan is also a flash of light, in the eclipse of the yin under a death killing order, and he himself broke into the dark.

"Give me death!"

The black long whip in the hands of the eclipse is madly waved. Each shot can accurately cut the head of the person, but after he cleans up, he finds that Ye Xuan has disappeared.

Around, it was dark.

The third family of the Western Academy saw the old man and hurriedly took the tribe back, fearing that it would be affected.

"Kid, it turned out to be you, give me a death!" Eclipse nine Yin side against the blade storm, while violently drinking.

Megatron and the old tree have already exposed the identity of Ye Xuan, so the eclipse knows that Ye Xuan is the murderer who killed his father and destroyed the evil gods he established.

It seems that he is looking for the right place!

At this time, Ye Xuan, who broke into the darkness, has already applied the shadow step and plunged to the other end.

Here, there are several bodies.

"I accept!"

Ye Xuan said nothing, that is, the body of the first family, the second family and several broken three-armed people were collected.

"Hey, Megatron's breakthrough, the current is a triple!"

"Hey, the host breaks through, and the current is a triple!"

Two system prompts, let Ye Xuan have the confidence to kill this eclipse.

"The killings broke out!"

"Yanlong is unparalleled!"

Ye Xuan's world is against the back of the eclipse, and he has a sword.

"Huh!"

The golden dragon screamed out and illuminated all around.

"Got you!"

In the blade storm, the eclipse suddenly turned around, and the long whip in his hand suddenly turned into a long gun.

"Broken magic thorn!"

The eclipse of the nine yin condenses the infuriating, with a thorn in the right hand, a sigh of enthusiasm swept out, and hardly scored the golden spurs into two heads.

However, this move is only the bait of Ye Xuan.

"The eye of assassination!"

At the moment when the eclipse was eclipsed, Ye Xuan's eyes suddenly flashed twice, and the whole person disappeared instantly, appearing behind the eclipse.

"The killings broke out!"

"Broken magic thorn!"

In the hands of Ye Xuan, the red Yanjian poked directly into the head of the eclipse, and the infuriating anger smashed his brain.

"Hey, the host's killing value is improved!"

This eclipse is a cult of the evil gods, but he is so arrogant that he did not put Ye Xuan in his eyes, so that he was killed by Ye Xuan with a card.

In fact, Ye Xuan does not need to use the death killing order and the assassination of the eye, only after the breakthrough of Megatron, the display of the blade storm is enough to eclipse the nine Yin to drink a pot.

However, Ye Xuan only made a hole in order to prevent it.

Now, the evil spirits are completely destroyed.

The eclipse of the nine yin seconds killed the two major families, and Ye Xuan spiked the eclipse of the nine yin, this strength can not say.

Even if the whole Hu family unites, I am afraid it is not the opponent of the blade storm, so Ye Xuan does not have to fear other people.

"Let me see first, what do you have in this cult!"

Ye Xuan took the eclipse of the eclipse of Jiuyin and took it and checked it.

There are a lot of faith crystals and treasures in heaven, and there is also a mysterious record.

This evil mysterious record is probably the inheritance of the evil spirits. It records how to build the altar of evil spirits and the statue of evil spirits, as well as the crystal of faith.

In addition, this is still a practice method. Anyone who practices the mysterious record of evil and evil will become the most loyal apostle of the evil spirit. Therefore, there is no belief crystal in this eclipse.

"The crystal of faith in the evil spirits was originally formed by the infuriating nature of the cult god."

Ye Xuan suddenly understood, because this cultist taught the evil mysterious record, only he can use the true spirit to condense the belief crystal, others can't.

In general, this time, the evil spirits taught the eclipse of the nine yin, which is to give Ye Xuan the benefits.

Not only did he send a devouring beast, but he also had a lot of faith crystals. As for the evil mystery, Ye Xuan only copied it into the super-phagocytic system, and did not intend to practice.

After all, if you cultivated, you will be controlled by the evil spirits.

At this time, the surrounding area suddenly turned on. It was originally in the daytime. However, after Ye Xuan used the dark night sky, it was dark. Now, all the Hu family have ordered special lanterns. The whole Hu family is like the daytime.

Chapter 1329: Breakthrough

"This....."

The West Court camp and others, after seeing the blood on the ground, were also shocked.

"So, what about the black man?"

The third family couldn't help but ask.

"I was killed by me, and the body was taken over by me." Ye Xuan answered with a mouthful.

The three-fold, four-fold corpse in the broken environment can be thrown to the Tongtianbao tree, or it can be thrown to the mini black scorpion to let it grow, so Ye Xuan will not waste.

"killed?"

The third family swallowed the old man, but the black youth even killed two big and broken four, but now, it is in the hands of Ye Xuan, then Ye Xuan's strength is not stronger?

Although Ye Xuan only exudes a three-fold atmosphere of the broken territory, but the third family and others believe that Ye Xuan is certainly not a trifold, it may be a broken five or even a broken six.

Otherwise, how could it be so powerful?

"Gate, sir, you are..." the third family asked.

"I and Hu Lai are friends." Ye Xuan just replied casually.

"Hulai?"

Hearing this, the third family couldn't help but look down on the body that had begun to gradually become cold.

Hu Lai, even knowing such a super strong, is simply unbelievable.

He only had some concerns, and he would not be affected by his own West. Now, he did not expect to have solved it.

On the other side of the East Court, the two major families and several broken places are dead, and they are no longer able to compete with the West House. Then, they can merge the East House into the West House. In the future, the Hu family is still Hu, but only a few died. The leader is gone.

"Hulai took me to his father." Ye Xuan added.

"This... Hu Tai is not at Hu's house now. It has been going out for a while and has not returned yet. It seems to be going to the Wanbao Alliance in the east." The third family frowned.

Originally, he would not inform other people about his grandson's whereabouts, but Ye Xuan resolved the crisis of Hu's family. There should be no problem.

"Okay, thank you!"

Ye Xuan took a fist to the third family, and then took a book from the Qiankun ring and lost it.

"I was on the way to the experience, I got a charm of my heart, and I will give it to you today!"

When I heard the words of Ye Xuan, the audience was shocked.

Charm heart!

It turned out to be a fascinating heart!

"This....."

The third family is already shocked and can't speak.

Charm and enchantment, charm, and charm, as long as all three of these are successfully cultivated, then you can grow nine tails.

Every change has the potential to stimulate the blood in the body. This is the key.

The Hu family was originally two, and now has the third lost, and the Hu family will be stronger in the future.

"Thank you, sir!" the third family hurriedly thanked.

"No thanks, if you meet your grandson, you might kill!"

After Ye Xuan said a word in his heart, he quietly left.

Now, he has mastered the whereabouts of Hu Tai, that is, the Wanbao Alliance, so he has to rush to see.

The Wanbao Alliance, in the map he got, is said to have been an ancient battlefield in the area of the Wanbao Alliance, so some people set up a treasure hunt here, and over time, they became a force.

Falling has already got the cultivation method of charm, now just give her time, you can cultivate the charm of charm.

This enchanting charm can not only enhance the ability of charm, but also enhance the effect of the eyes of charm.

In addition, it can also make the fall into a long-lost violation, stimulate the blood of her body, and increase the blood concentration.

Of course, the blood of the beasts in Ye Xuan's body may also be advanced.

I just don't know when the charm can be practiced.

Just after Ye Xuan left the Hu family and rushed to the Wanbao Alliance, the news finally came.

"Young master, let me go!"

Falling down quickly.

"Ok?"

Ye Xuan listened and quickly released the fall.

At this time, he is in a deep mountain, ready to cross this mountain.

"Young Master, I am already tempted to the final level, and I can practice it right away, but I have to do it outside."

Although there is also heaven and earth in the planting space, it is an independent space created by the super-phagocytic system. There is still a fundamental difference between this and the world, so Ye Xuan did not think much.

"Okay, then you can continue, I will help you protect the law!"

Ye Xuan nodded, and put the Megatron and the tree old out, and let them protect the law.

Due to the improvement of Ye Xuan's realm, the old tree soon broke through to the threefold.

There is a patrol around him and Megatron, and with Ye Xuan, this bodyguard is not dangerous.

However, this place is already a site belonging to the Wanbao Alliance, and some people may come over for treasure hunt.

Although Ye Xuan left Hu Jiakai one day, his shadow step is extremely fast, equivalent to four or five days of other people.

The fall began to continue to cultivate, and the surrounding area has also changed. The surrounding world and the vitality of the world are madly coming to the mountain. The effect is not weaker than the gathering of the spirits.

"After this breakthrough, you can evolve to nine tails. At that time, my beastly blood may be changed!"

Ye Xuan is very curious.

I just don't know how long it will take to change this time.

Ye Xuan stayed by the side and observed the changes in her body.

About half an hour later, the falling left eye turned into pink, which is not that she is showing charm, but the cultivation of charm is successful.

Next, it is the right eye.

However, at this time, a group of people not far away noticed the change here.

There are three people in this pedestrian, they are dressed in the same way, and there is a 'Bao' word embroidered on the back.

The one headed by is the realm of the four worlds, and the other two are also threefold and have good strength.

"Senior brother, do you feel the strength of the world here, some weird?" said a young man with a small eye.

"Well, the strength of the heavens and the earth here seems to move westward." The young man nodded.

"There may be some treasures that have been born. Last month I heard that this area has unearthed a fifth-order device of the heavens. Although it is only a remnant, it is much stronger than the fourth-order device." Another eye One bright.

The fifth-order instrument of the heavens is a treasure of the nirvana level. This kind of thing is almost nothing here.

"Go, look at the past!"

The headed youth took the two to go in the direction of the gathering of heaven and earth.

But at this moment, suddenly there was a figure rushing towards them quickly.

"Who?"

Head for the young man and drink a low.

The person who came here was a bald-headed man in dark green clothes. He was the old man patrolling here.

"Young people, this road is nowhere!"

Chapter 1330: This road is nowhere!

"Young people, this road is nowhere!"

The old tree said straight to the door.

When the three people heard this, their brows wrinkled one after another, and the headed youth directly said: "Who are you, why let us bypass the road?"

"Let you make a detour around the road, not too many young people."

"Old guys, don't know where it came from, speed off, otherwise don't blame me, you are welcome." The young man with a small eye screamed.

"Well, you kid, don't cover your mouth, look for a fight!"

The tree's old temper was instantly revealed, and it was shot directly.

"court death!"

This young girl with a small eye is also very angry and greets him.

However, what shocked the other two was that the young man with a small eye had a slap in the face of the bald old man.

"Lin Shidi!"

The young man's eyes widened and he directly sacrificed the sword: "The old guy is your first mover, then the three of us are ruthless!"

The two men also rushed out instantly.

A broken four-fold, two broken three-fold, the strength of this team is not bad.

Although the tree is now only a three-fold realm of broken territory, he is not an ordinary person.

The crushing environment mainly relies on physical fitness. Under the same level, the body of Tongtian beast will be much stronger than human beings. Coupled with the increase of blood of the beast god, the old tree is not afraid of these three people.

What happened to World War III?

"Boom!" "Boom!" "Boom!"

At that time, the four people were tweaking together, and the old man used the hard iron fist to fight with the three, but he still had the upper hand.

"Three little sons, I would like to advise you one more time, and quickly give the old man a shot, otherwise don't blame me!" The old tree was full of vicissitudes and fell into the ears of three people.

"Go your mom!"

The young man with a small eye that was shot by a fist rushed into the sky and began to marry her.

"You are looking for death, then don't blame me!" The old light of the tree suddenly flashed.

If it was before in the woods market, if someone dared to provoke him, he would naturally shoot.

But at this time Ye Xuan is his master, it is best to ask Ye Xuan.

However, just before the moment, Ye Xuan had already agreed, and this matter allowed the tree to solve itself.

After getting the consent of Ye Xuan, the old figure of the tree suddenly grew, and the whole person skyrocketed several times, directly invading the Demon Tree Warrior.

"The demon?"

The three men suddenly reacted and were shocked.

The tree in the human form is old, and they are pressed against them. Now they are turned into the body. Can they be beaten into a bolognese by punch?

"Call people!"

The young man knew that it was troublesome and hurriedly drank a sentence.

The little-eyed youth heard this and quickly took out an iron rod from the Qiankun ring and then slammed it underneath.

"call out!"

A golden light rose from the sky and burst open.

Although the tree is the first time I saw this thing, I know that the other party is asking for support.

However, he has already made the three people dead, because the sky has swept a figure, this is a green dragon.

Megatron!

The tree that has become the ontology is already 100% confident to solve these three people. Now Megatron has come to support, and the other side is even more difficult to fly.

At this time, Ye Xuan, who was standing beside the falling body, also looked into the distance.

"Since it is a brother, it should be a treasure hunt in the Wanbao Alliance..."

Ye Xuan thought in his heart.

The Wanbao Alliance consists of two major forces, one called Wanbao City and the other called Treasure Hunter.

The two forces are rushing around all the year round to find out where the area is not right, because there may be treasures unearthed.

However, now that it is at a critical time, it can't be disturbed. Whether it's daring or not, it's going to die!

With the eye of insight, Ye Xuan can watch the battle all the time. In less than three seconds, the disciples of the three treasure seekers were killed by Shu Lao and Megatron.

However, the signal of the genius is not intercepted, I am afraid that many people will gather soon.

"Who is here, who is dead!"

Ye Xuan's light flashes.

After the fall of the three disciples of the treasure hunt, Megatron returned with the body.

Ye Xuan checked the three-person Qiang Kun ring, and sure enough, the three were all disciples of Bao Zong.

"Is this the treasure hunter of the treasure hunter?"

At this time, Ye Xuan suddenly took out a strange thing, this thing, is something that the Wanbao Alliance specializes in treasure hunt.

Ye Xuan took it out and found that the arrow of the treasure hunter was turning wildly. This means that this place is the place where the treasure was unearthed.

"There is such a situation that it is similar to the treasures unearthed..."

Ye Xuan did not think much, and directly collected the treasure hunt.

"Tree old, Megatron, continue to patrol, maybe someone will come over!" Ye Xuan said in his mind.

"it is good!"

.....

The signal of Fangcai is not really large, but there are people around Baozhizong and Wanbaocheng, so they all gathered.

There are eight in the four-fold situation, and the remaining 30 people are at least three.

This is not the point, the point is that there are two masters who are five-fold.

At this point, they have gathered outside the retreat of the landing.

"Young master, a lot of people gathered outside!"

Tree Laohui reports.

Taking advantage of this time, he has already formed a giant wood guardian enchantment. With the resilience of the life tree, the defensive ability of this giant wood guardian enchantment is super strong, not the average person can break open, as long as the two are broken. The five strong players do not shoot, blocking other people is not a problem.

At this time, in addition to the giant wood guardian enchantment, two large teams were gathered. These two brigades have exactly one strong and five strong players.

"Captain Chen Da, I didn't expect you to be there too." A black old man looked to the other side not far away.

On the other hand, the head of the strong man opened his mouth and smiled and said: "Zhuo Lao, you are also!"

"Not welcome."

The old man in black waved his hand: "This guardianship, what do you think?"

"I also saw it for the first time, but this guardianship method is growing. We can attack it directly!" the strong man replied.

"Then what do you think is there?" The old man in black continued to ask.

At this moment, someone suddenly interrupted: "I have been here this hour, I didn't have this thing."

"So, it just happened." The strong man slammed his head: "Is the signalling person there?"

The voice fell, but no one answered.

"Is it in before this formation?" The strong man murmured, turning his head and said: "Zhuo Lao, take a shot together, divide afterwards!"

"no problem!"

The old man in black agreed to it.

He is a treasure seeker, and this brawny is Wanbao City. The two sides often have cooperation, and it is no stranger.

However, at this time, the giant wood guardian enchantment suddenly broke through a passage, and a white youth slowly walked out from inside.
