

Super D. S 1361

Chapter 1361: Wan Zongzong

Thinking of this, Ye Xuan could only shake his head helplessly, but fortunately, he finally found the clues of the yin and yang temple, and no longer need to look blindly.

"I am still far from the ruling and ruling. The most urgent task is to break through to Nirvana first!"

At the moment, Ye Xuan is rushing directly toward the beast.

The average person breaks through from the broken environment to the nirvana, and does not need a different fire, but Ye Xuan, who has taken a special upgrade task, must get a fire of a beast.

The fire of this beast is born in the body of the Tongtian beast. As long as it is a beast of the Nirvana level, there may be a fire of the beasts in the body. Therefore, the strength of such a beast is stronger than that of the general beast.

At the same time, this fire of the beast is also the most common one.

Ye Xuan only hopes that there will be a fire of thousands of beasts in these beasts, otherwise he will be in trouble.

Half a day later, he came to a small town at the foot of the beast.

Because of his powerful perception, he has felt a lot of people to drive the Tongtian beast in the town.

There are even tens of thousands of beasts who have broken through to the nirvana.

"The strongest in the nirvana, say that there is a life span of three hundred years, as long as there is no dark disease, it is very common to live for two hundred years. It seems that this 10,000 beast is not good..."

Ye Xuan said secretly.

However, he is now a nine-folder, and it is not a problem to control the niche of the nirvana.

Therefore, he was thinking, directly controlling the elite of a nirvana, and the other party took him into the beast.

It is just right that there is a genius of the beasts of the Nirvana level in this town. The white-haired King Kong that he has left is also the Heavenly Beast of the Nirvana level.

"The Eye of the Mind!"

Ye Xuan went around them and then directly applied the eyes of the soul.

"Hey, take control of success!"

"Hey, take control of success!"

The two system prompts to sound, this person is a beast, directly controlled by Ye Xuan.

This person is only a niche in Nirvana. Although it is difficult to cross the realm, Ye Xuan is only one level away from them, so control is not a problem, but if the other party is a nirvana, I am afraid it will not work.

The young man rode on the shoulders of the white-haired King Kong and walked to Ye Xuan.

Ye Xuan saw that many people avoided him along the way. It seems that this young man has some heads.

However, it is simple. After all, this young man is a genius of Nirvana, and his age is only about 30. It is also rare to see the whole beast.

Ye Xuan first entered a restaurant and then opened a box. Then, the young man came in with his white hair.

"What is your name?" Ye Xuan asked at the door.

"Yellow Crane!"

The young man replied.

"Well, tell me, is there a fire in the beasts of the top 100 in the beasts?" Ye Xuan continued to ask.

The purpose of his coming to the beasts is to blaze the fire of the beasts. If the beasts of the beasts do not have the fire of the beasts, then they will be tragedy.

"Have!"

After Ye Xuan saw that the yellow crane nodded, his heart was relieved. It seems that he did not find the wrong place.

"Who is this fire of the beasts?" Ye Xuan asked again.

"The king of the waters of the old lord has a fire of thousands of beasts. The king of water is said to have been the four-day beast of the Nirvana. Secondly, a bloodthirsty sculpture that the master had caught last year, just born a while ago. The fire of the beasts is the three heavenly beasts of Nirvana." Huang He replied truthfully.

"There are two?"

Ye Xuan's eyes lit up.

The strength of the old lord is not weak, and the water king is still the four-day beast of Nirvana, not what he can now deal with.

However, the bloodthirsty carving of the master, he may be able to deal with it, because he has the eye of the soul, as well as the blood of the beast, and damage to the heavenly beast.

"In the beasts of the beasts, how many elite disciples have a lot of nirvana?"

Ye Xuan asked.

"Plus me, there are twenty-three. There are three in Nirvana, and the master is the strongest." Huang He replied.

"Twenty-three nirvana is a heavy one?" Ye Xuan's eyes sighed and said: "You are now returning to the beasts of the beasts, and all the disciples of Nirvana are called out. Don't let others discover them."

Huang He knew Ye Xuan's plan and immediately nodded.

Twenty-three nirvana is one of the most important, plus their Tongtian beast, enough to deal with the master.

Of course, some people are not in the beasts, but it does not matter, as long as they can come to fifteen.

This town is very close to the beasts of the beasts. At the speed of the yellow crane, it will return to the beasts in half a minute.

However, the informant also needs time.

As for how to call someone out, it is simple. He only needs to call a person every few minutes and tell Ye Xuan's position.

In this way, they are one by one controlled by Ye Xuan, and will not hit.

In less than an hour, fifteen people were controlled by Ye Xuan, including their Tongtian beast.

These fifteen are the elites of the beasts of the beasts, and their Tongtian beasts have also been cultivated into a nirvana. The strength is not weak, and they add up to thirty.

Together with the yellow crane, it is sixteen people, sixteen beasts.

At the same time, their Qiankun ring was all emptied by Ye Xuan. If he did not receive a specific upgrade task, he estimated that he could break through to Nirvana.

"Oh, regret it..."

Ye Xuan reluctantly sighed, if God can give him a chance, he definitely does not pick up that specific upgrade task.

However, the harder it is to upgrade the rewards, the more enriched, and maybe ten reward points.

These sixteen brothers were brought to the outside of the town by Ye Xuan.

"You sixteen, who is the best relationship with the master?" Ye Xuan asked.

When I heard this, everyone turned to look at the yellow crane.

This yellow crane and master Huang Long came from the same family Huang Jia, the latter is the brother of the former, the relationship is naturally good.

Huang Cai is still guessing what Ye Xuan wants to do, now, finally understand.

Ye Xuan originally wanted to start with the master brother Huang Long. No, accurately, it should be the bloodthirsty carving of the master brother Huang Long.

The purpose is to take the fire of the beast!

The fire of the beast is born in the body of the Tongtian beast. If it is forcibly taken out, the strength will fall backwards and the weight will fall.

But Ye Xuan does not care so much, the natural selection, the weak is the first to be eliminated.

"Yellow Crane, you go out and call your master brother, just in Tianqueshan." Ye Xuan said to the yellow crane.

The Tianque Mountains, just around the Wanshizong, can arrive in about half an hour.

The most important thing is that Ye Xuan is coming from this Tianque Mountain, where there are anchor points.

"Yes!"

The yellow crane was controlled by him, and he did not dare to have any scorn. After responding, he turned around and left.

At the moment, Ye Xuan is breaking the void, bringing the remaining fifteen people to the Tianque Mountains, and then ambushing.

Chapter 1362: Master, Huang Long!

After a while, the yellow crane riding on the white-haired King Kong came with a person.

This man is sitting on the back of a scarlet eagle and plunging into the Tianque Mountains.

"This is the master of the beasts of the beasts, Huang Long..."

With the eye of insight, Ye Xuan saw through the realm of Huanglong at a glance, and the two peaks of Nirvana.

However, it is not Huanglong, but the bloodthirsty carving at the foot of Huanglong.

This bloodthirsty eagle has indeed a beating flame. Presumably, this is the fire of the beast.

"The fire of the beasts, I must get it, so that I can break through to the nirvana..."

After Ye Xuan's heart paused, he let the yellow crane fall.

Followed by the yellow dragon behind Huanghun, Huanglong Qingyi jumped directly to the ground and asked: "Yellow crane, the Lingxiu cub that you said, has it appeared in this Tianque Mountain?"

"Senior brother, absolutely can't be wrong, I saw it with my own eyes." Huang He nodded.

The Lingxiang rhinoceros in Huanglongkou is a Tongtian beast, but it is a Nirvana level, but the quality of the Lingxiu rhinoceros is higher than that of the white-haired King Kong or even the bloodthirsty carving. If it grows into adulthood, at least It is a four-fold nirvana.

It is also the case that Huang Long went straight out and rushed.

Then, the two searched on land to see if there was a footprint of a sacred rhinoceros.

As for the bloodthirsty carving, it is hovering in the air.

At this time, Ye Xuan, who was hidden in the darkness, flashed a flash of light and displayed a death killing order.

The death time of the death killing order is one day. Generally, Ye Xuan will not use it, but this action is very important, so Ye Xuan is not embarrassed.

However, the goal of this death killing order is not for Huanglong, but for the bloodthirsty carving in the air.

Bloodthirsty carving is the real goal of Ye Xuan, because Ye Xuan needs the fire of the beasts in the bloodthirsty carving.

However, this bloodthirsty carving is a three-day beast of the Nirvana, and there is a fire of thousands of beasts in the body, so it is not so easy to deal with.

"Brother, I saw it!"

At this time, the yellow crane flashed, it seems that it was discovered, and hurriedly pointed to the front.

"what?"

Huang Long's eyes widened and immediately burst into the air.

However, just as he passed by, the yellow crane and the white-haired King of his Majesty suddenly shot it.

"Hundred beasts!"

The yellow crane hands into a fist and smashed out.

At the same time, the white-haired King Kong quickly swept past and punched.

"Ok?"

Huang Long's eyes widened and he couldn't understand why Huang He would shoot him.

This one change, beyond his expectations, although his realm is higher than the Yellow Crane, but did not respond.

"Hey!"

The yellow dragon was hit by the yellow crane, and was again smashed by the white-haired Donkey. The bone suddenly broke and the right arm was abolished.

"Yellow Crane, what are you doing?"

Huang Long roared.

As soon as this was said, the bloodthirsty carving in the air was also condensed by the eagle eye and swooped down.

However, at this time, the hidden beasts of the beasts of the beasts suddenly rushed out with those beasts, and there were thirty figures.

Their attack, directly intercepted the bloodthirsty carving.

"what?"

This time, Huang Long was shocked and had nothing to say.

There are still more than a dozen teachers and brothers around, is this going to kill him?

"Senior brother, you have been in the limelight recently, someone has spent money to buy your life!" A 10,000-born sorcerer angered.

This sentence is actually misleading Huanglong, let Huang Long think that these people are coming to him. However, Huang Long does not know that bloodthirsty carving is the real goal.

As for Ye Xuan, it is still hidden in the darkness, without the meaning of hands-on.

Huang Long's heart was cold, and a personal shadow flashed through his mind. These were the people who were right with him in the beast.

"Hey, just rely on your waste, but also want to kill me!" Huang Long coldly sighed, let the bloodthirsty carvings let go of killing, kill everyone.

"Hundred beasts!"

Sixteen million beasts, including the Yellow Crane, all attacked Huanglong.

In addition, there are sixteen niches in the world.

The blood-thirsty eagle in the air was eager to take the initiative and sustained this series of attacks. Fortunately, its realm is high and the fur is tough, otherwise it will die directly under this round of attack.

However, this beast is a boxing method, and it is also a serious injury to bloodthirsty carvings.

This bloodthirsty carving is also extremely powerful. When those who attacked the heavenly beast, they directly cut a few wild beasts with sharp wings.

But at this time, the sixteen elites of the beasts of the beasts launched a second round of attacks.

"Hundred beasts!"

In the face of this powerful boxing method, Huang Long did not dare to neglect, hurriedly climbed the back of the bloodthirsty carving, and shouted: "Come on!"

Although his realm is higher than the surrounding 16 people, the bloodthirsty carving is also the three-day beast of Nirvana.

However, after being attacked, their strength has fallen a lot. At this moment, he is best to escape and escape to the beasts.

At that time, let these people bear the anger of his master!

However, at this time, suddenly a figure appeared behind the bloodthirsty carving, which happened to be behind Huanglong.

This figure is Ye Xuan!

"Ice and Fire Dragon Swords!"

"Shuanglong Jianzhong!"

"Ice and Fire Double Dragon!"

This series of consecutive moves was completed almost in an instant, and a double dragon sword clock fell, covering him and Huang Long and bloodthirsty carvings.

"Hey!"

The dragon sings, Huang Long only feels a roar of his head, even the bloodthirsty carving is also a body shape, almost falling down.

Ye Xuan has the blood of the beast god, and his attack has a 70% increase in damage to the Tongtian beast.

This dragonfly echoed in the Ssangyong sword clock. If the realm of Huanglong and bloodthirsty carving is high, I am afraid it has already been mixed.

Taking advantage of this opportunity, Ye Xuan continued to attack.

"This trick, solve you!"

Two Ye Xuan glimmered and shot together.

"Shuanglong grows!"

An ice-fire dragon erupted out and instantly engulfed Huanglong and bloodthirsty carvings.

In order to be on the safe side, this time he also exchanged the burned Tiandan and the frozen Tiandan.

The power of this time, even if it is a master of Nirvana, I am afraid it will not be able to pick up.

"Hey, the host's killing value is improved!"

"Hey, the host's killing value is improved!"

The two system prompts to sound, and Ye Xuan's killing value has skyrocketed.

This proves that Huang Long and this bloodthirsty carving are dead.

After they died, Ye Xuan quickly swept the past and used the newly exchanged fire lanterns to collect the fire of the beast.

The fire of the beasts, get it!

However, he did not immediately break through, but was thinking about a problem.

"In this way, I can kill the masters of the elders of the beasts of the beasts. Maybe you can let the killing value reach the upper limit again, and then redeem the swallowing point..."

Ye Xuan is thinking about it.

Chapter 1363: Rich reward

The maximum value of the killing value increases with the increase of the realm and the number of times it is converted into a swallowing point.

However, according to the speed of this killing value, Ye Xuan estimates that a few more times, you can reach the upper limit of the killing value.

After thinking about it for a while, he decided to give up. As long as he swallowed the fire of this beast, he could break through to the nirvana, and then rely on the natural treasures he had obtained before swallowing, and directly went to the peak of Nirvana. .

His strength can be increased tenfold!

In the beasts of the beasts, there are only a handful of beasts in the world of Nirvana, so he decided to break through to Nirvana first, and then he will complete the maximum value of the killing value when he is in a niche.

Thinking of this, he directly swallowed the fire of this beating beast.

"Hey, the host has swallowed up the fire of the beasts and completed the specific upgrade mission of the first phase!"

"Hey, the host breaks through, and it's a nirvana!"

"Hey, the reward for a specific upgrade mission – the death killer tag is raised once!"

"Hey, the breakthrough is broken, the current is a nirvana!"

"Hey, Megatron breaks through, and it is a nirvana!"

"Hey, the Demon Warrior breaks through, and it is currently a nirvana!"

"Hey, the blood of the beast is advanced!"

A series of system prompts to sound, Ye Xuan is already in place.

Nirvana, he finally broke through to the nirvana!

At this moment, his strength has soared at least tenfold. The reason why he chose to break through is that he was stuck in the broken environment, causing three pets to be stuck in the broken environment.

Now that he breaks through, there will be no level limit for the three. If he does not break through to the Nirvana twice, he can quickly find the second upgrade with the help of these three pets.

"The reward for a specific upgrade mission is really rich. Once I complete it, I will reward it once and make a big profit!"

Ye Xuan's eyes lit up.

This first reward is to raise the upper limit of the death killing order once. Now he can mark two people. The cooling time is also a day, very good.

However, what he did not think was that the fire of the beasts had caused the blood of the beast to change, which is a good welfare.

Before that, he collected a lot of Qiankun Ring, and now he has the property of Huanglong. Now, he is directly consuming the things.

"Hey, the host has reached a peak in Nirvana!"

"Hey, specific upgrade mission requirements, wind and thunder roar!"

"Hey, Megatron breaks through, and it is currently a double nirvana!"

A series of three system prompts to sound, which leaves Ye Xuan in silence.

From the nine breakthroughs in the broken world to the one in the nirvana, what is needed is the fire of the hundredth beast in the list of different fires. Now that you want to break through the nirvana to the nirvana, you need to rank 90th. Eight winds and roars roared.

This wind and thunder roaring is said to have been born in some places of thunder and lightning, or in some people who practice the wind and thunder.

It's not that easy to find this wind and thunder!

"But go, take a step and take a step." Ye Xuan shook his head helplessly, then waved his hand.

"Hey!"

A flame suddenly condensed on top of his palm.

This flame is not the result of the infuriating and the power of Vientiane, but the nirvana fire that broke through to the nirvana.

"I have specially swallowed up the fire of the beasts. The Nirvana fire is probably more than the Nirvana. With the blood of the undead, the power of the dragon and the roar of the Ssangyong, I am afraid it is terrible."

Ye Xuan thought in his heart.

At this point, he is very eager to find a three-sided heads-up in Nirvana, just as the beast is a good place.

"My current strength, there is no problem in dealing with the nirvana of the Nirvana, but there are four masters of the Nirvana in the beasts of the beasts. Maybe there are still five nirvana, or a low-key point!"

Ye Xuan thought in his heart, it was to open the void directly, leaving with the yellow crane.

As for the other fifteen thousand beasts of the elite and the sacred beasts, they have already been handed over to the charm of the fall.

Soon, Ye Xuan returned to the town, and then changed a look, brought by the Yellow Crane into the beast.

"The two geniuses of the benevolent genius of Nirvana have a total of three. The Huanglong, who is headed, is dead. There is one out there, then there is one..."

With Ye Xuan's current realm, he can control the genius of the beasts of Nirvana. His current plan is to use the resources of ore to upgrade the three realms.

after a little while.

"Master, here is the residence of Yin brother!" Huang He said to Ye Xuan.

"Okay, call him out!"

Ye Xuan nodded.

Within his perception, there is only one elder with a nirvana, and still in the distance, 100% will not be discovered.

"Hey!"

Yellow crane began to knock on the door.

Soon, there was a young man who came out to open the door. After seeing the arrival of the Yellow Crane, he changed his face and shouted: "What are you doing?"

This Yin brother, the relationship with Huang Long is not very good, and Huang He, as the brother of Huanglong, is naturally a party of Huanglong. I am afraid that there is no good thing to come to him now.

Not to wait for the yellow crane to open, Ye Xuan is the direct use of the eyes of the soul.

"Hey, take control of success!"

The system prompts.

"Okay, give me a ring!"

Ye Xuan said unceremoniously, this Yin brother did not say anything, he handed the Qiankun ring to Ye Xuan.

Ye Xuan glanced at it and found that there were not many things inside. He said: "Are you still hiding?"

"No, this time, the wind has been cultivated to the nirvana, and spent a lot of heaven and earth!" Yin brother shook his head.

"Well, then you come to lead the way, I want to visit all the two forces in the Nirvana of the beasts!" Ye Xuan said to Yin brother.

"Yes, master!"

Yin Shixiong respectfully nodded.

"Yellow Crane, you go to investigate the three people I told you!" Ye Xuan turned his head and said to the yellow crane.

"Yes!"

The yellow crane is also a sentence.

On the way to the beasts of the beasts, Ye Xuan gave him three portraits, namely, Xuan Ming Shuangyu and the elders of the Dimension Gate Xu Yang.

Then, Master Yin is leaving with Ye Xuan.

The beasts of the beasts are good, and there are about ten or so in the nirvana of the beasts. So Ye Xuan estimates that when he controls the ten people, then Megatron can at least break through to the nirvana.

The second is to get the fall of Tiancaibao, and it should be able to break through to the nirvana in one day. After all, there is an eternal fire to assist refining.

Finally, the old tree, coupled with the effect of eternal heart fire, can also break through to Nirvana in a day or two.

At this stage of Nirvana, Ye Xuan is estimated to rely on his three small partners. At the same time, his own strength is not weak. If everyone adds up, it should be capable of four battles with Nirvana. It is.

Chapter 1364: Wind and thunder

Of course, Ye Xuan and several people have only joined forces to have a battle with the four strong players in Nirvana. It is still far from being defeated.

Under the leadership of Yin Shixiong, Ye Xuan visited these law-protection one by one and got a lot of wealth.

"Hey, Megatron breaks through, and it is currently a triple of Nirvana!"

After Ye Xuan made people change the Tiancaibao into ore, Megatron was broken as scheduled.

In the beasts of the beasts, there are many special Tongtian beasts, such as the mountain giants. They grow up by eating ore, so no one will notice the replacement of the Tiandi treasures into ore.

At the moment when Megatron broke through, Huang He returned, but he did not investigate anything.

"The escorts of Xuan Ming's eyes are controlled by the enchanting will from the North, and others are hard to know..."

Ye Xuan's eyes stunned and decided that regardless of this mysterious relationship, after all, he has now investigated the yin and yang temple, and first rescued the Song Dynasty.

If you want to save the Song Dynasty and the Song ruling, then you must first improve your strength. As for the promise of promised, you will talk about it in the future!

"People didn't investigate, what about the wind and thunder?" Ye Xuan turned and asked.

"The wind and the anger are rumored to be news. I heard that the lord clashed with people for the wind and thunder last year, but failed..." Huang He nodded, the news was heard from his master.

Upon hearing this, Ye Xuan's eyes lit up and immediately asked: "What are you fighting for?" And who?

"This my master did not say." Huang He shook his head.

Some things can't be rumored. Huang He was able to find out because he was a disciple of an elder.

However, it was finally a news of anger and anger, which is not bad.

"Last year, people competed for the wind and thunder, but they failed. I hope that the wind and thunder roars have not been merged..."

Ye Xuan's heart trembled, and immediately gave orders to those who were under control to investigate the wrath of the wind and thunder.

He is now a nirvana, and if he wants to break through to the nirvana, he will need this wind and thunder.

Otherwise, you have to get stuck in this realm.

After a while, there is a return of protection.

"Master, I have heard it!" said the guardian respectfully.

"Oh?"

Ye Xuan was a little surprised, Huang He did not understand, this law was actually heard?

"My father is an elder. He said that the lord was fighting for the wind and thunder with the great elders of the purple fog gods last year. In the end, the wind and thunder roared and was taken away by the elders of the purple fog god..." the defender replied.

"Purple fog **** religion?"

Ye Xuan pulled out a map from the swallowing space and saw that the purple fog **** was in the northwest of the beast, and at his speed, it only took more than a day.

In addition, the temple of the yin and yang temple is in the north of the beast.

"With my current strength, even if I found the branch of the yin and yang temple, it has no effect. Moreover, the ruling should be in the main hall, my strength is too weak, and looking for the past is to die!"

Ye Xuan eyes a glimpse, then put away the map, ready to go to the purple fog god.

This purple fog **** is about the same strength as the beastmaster. With his current realm, there is a chance to win the wind and thunder.

At the moment, he is getting up and ready to go to the Purple Fog.

However, at this time, suddenly there was a strong breath that entered his perception.

"Nie is threefold?"

Ye Xuan brows a pick, carefully felt it, and found that it is the peak of Nirvana.

Who?

"Master, is the lord!"

The guardian next to Ye Xuan hurriedly said a word.

metropolitan?

Hearing this, Ye Xuan's heart trembled. How could this sinister lord come here?

The ancestral lord of the beast is a middle-aged man. It has already broken through to the nirvana of the Nirvana. But last year, when the elders of the purple mist gods fought over the wind and thunder, they were poisoned by the purple mist gods. Come back.

"Yang Hufa, why are you investigating the wrath of the wind and thunder?"

The lord of the beasts of the beasts plunged over the residence of Yang Hufa, and asked.

"I have seen the sovereign!"

Yang Hufa and Ye Xuan hurriedly said hello. Then, the former replied: "The lord, when I was out, I met a predecessor who was inquiring about the wind and thunder, so..."

"Predecessors? What realm?" The beasts of the beasts of the beasts are different.

"I estimate that at least the triple peak of Nirvana, it is more likely to be a four-fold nirvana. He is practicing a wind and thunder, so he needs the wind and thunder to raise the power of the supernatural power!" Yang Hufa replied.

"At least the triple peak of Nirvana?"

Hearing this, the eyes of the beasts of the beasts of the beasts can not help but burst out two brilliant mantles, saying: "Yang Hufa, you come with me!"

In the courtyard of Yang Hufa, there is only one Ye Xuan. The next words of the 10,000 beasts obviously did not want Ye Xuan to hear it, so they called Yang Huofa alone.

Ye Xuan looked at the back of their departure, and there was some speculation in his heart.

This ancestor of the beasts once fought a battle with the elders of the Purple Mist. He was accidentally poisoned by the other party, causing the realm to fall back to the Nirvana. Therefore, he must be resentful in his heart.

Now that he knows that some people also need the wind and thunder to roar, maybe they can join forces to **** the wind and thunder.

In the end, the wind and thunder may not belong to him, but you can also get to know a master. This is two things.

Soon, this Yang protection method is back.

"What do your lords look for?" When Yang Jianfa came back, Ye Xuan asked.

"The lord knows the location of the purple fog **** elders retreat, but our relationship between the beasts and the purple fog gods is not good. If the master enters the boundary of the purple fog god, it will be discovered. So, the lord puts the purple fog **** Tell me about the location of the elders retreat, let me bring to the predecessor..." Yang Hufa replied.

After listening to it, Ye Xuan felt that he was helpless. He thought that the beastmaster would go to help. Now it seems that he still has to rely on himself.

"Right, the Sovereign also said that last year's war was a loss of both sides, and the purple fog **** elders were also seriously injured..." Yang Hufa added.

"Is it?"

Ye Xuan's mouth is slightly tilted. If it is in the case of a wounded, then the purple fog **** elders may be like the beasts of the beasts, and fall to the nirvana.

"Very good, where is the purple fog **** elders retreat?" Ye Xuan asked.

"It is in the poisonous abyss!"

After Yang Hufa's remarks, he began to explain: "There are countless poisons in this poisonous abyss, and they are still full of poisonous fog. Even if the three strong powers of Nirvana are in danger, it is dangerous. But this purple fog **** elder has always been Good at using drugs, this retreat is very beneficial for him."

The people of the Purple Fog are highly toxic, and the poisonous abyss is just poison, and most people will not choose this place to experience.

Chapter 1365: Poisonous abyss

The most dangerous place is the safest place. Ye Xuan also thinks that this poisonous abyss is well chosen.

Originally, he thought that he was going to teach the purple mist god, but he did not expect it. This poisonous abyss is on the west side of the beast, and it only takes half a day.

"Well, you are on standby in the beasts of the beasts, and you will need your help!"

Ye Xuan nodded.

"Yes, master!"

Yang Hufa nodded.

Plus Yin brother's words, then there are eleven nirvana battles, and a lot of Tongtian beasts.

The four people of Ye Xuan add up, and they have the strength to fight with the four strong players in Nirvana. Together with them, the big elders who deal with this purple fog **** should not be a problem.

At the moment, Ye Xuan is starting to hurry.

"Hey, the breakthrough is broken, the current is the two-fold situation!"

"Hey, the Demon Warrior breaks through, and it is currently a double nirvana!"

On the way to the poisonous abyss, Ye Xuan also heard two system prompts.

He had estimated that it would take a day for the land to fall and the tree to break through. I didn't expect it to break through in a half day.

"Right, my body is not the blood of the **** of life, but the blood of the more advanced undead, so the speed of the tree is faster!"

Ye Xuan suddenly remembered this one thing.

But then again, after a long day of travel, he has arrived at the poisonous abyss.

"This is a poisonous abyss. Most people don't dare to come in, but I have the blood of the undead, and the detoxification ability is stronger than the blood of the **** of life. It is really trivial!"

Ye Xuan thought, just stepped into the poisonous abyss.

This poisonous abyss is said to be an abyss. It is actually a dark cave. It is just that night is the effect of assassination, so his speed is faster.

Of course, even in the dark, in such a dark environment, the assassination state has an effect.

The great elder of the Purple Fog God retreats at a certain point in this poisonous abyss. With his extraordinary ability to perceive, Ye Xuan began to look for the position of this purple fog **** elder.

Of course, he also released the Megatron and the tree old search together.

There are indeed a lot of poisons in this poisonous abyss. They are also the Heavenly Beasts at the Nirvana level. Their bodies are also a fortune for Ye Xuan, but Ye Xuan is already a peak in Nirvana, and then it will only swallow. Get super-phagocytic crystals, there will be no improvement, so it is very wasteful.

Besides, if he shot and killed these scorpions, he might be stunned.

Therefore, these Tongtian beasts are all charmed by falling, and there are two poisons of the two levels of Nirvana, which are controlled by Ye Xuan's eyes.

Although this poisonous abyss is just a cave, it is very horrible.

Ye Xuan took more than an hour to find a strange place.

This is a narrow gap that can only be passed by one person sideways, but at the end of this small gap, there is a lineup.

If the feeling of non-Ye Xuan is strong, I am afraid I will not find this strange place.

"Finally found!"

Ye Xuan brows a pick, immediately called Megatron and the tree old, and then in his mind: "Wei Zhentian, turned into a blind man to go and see."

Megatron nodded, even if it turned into a green little scorpion, only the size of the index finger.

Then, it is a poke with a pliers, through the formation, into it, and then report to Ye Xuan at any time.

"Right, the super swallowing system can also redeem a skill and share the vision with the pet!"

At this time, Ye Xuan suddenly remembered one thing, and immediately exchanged this pet vision sharing skill with super swallowing crystal.

Good skills are to be purchased with swallowing points, but this pet vision sharing is nothing, so you can buy it with super swallowing crystals.

Then, Ye Xuan can see the things in the battle through the eyes of Megatron.

"There is no hole in the sky..."

Ye Xuan's eyes are bright. There is a huge space behind this array of law. It seems that it was hollowed out by the great elders of the Purple Fog.

In addition, there are a lot of poisons inside, it seems to be the poisonous array under the purple fog
**** elders.

When Megatron genius just entered, there was a black scorpion with a big palm that was drilled out of a small gap, and then it was a pliers attack against Megatron.

"Hey!"

Megatron suddenly zoomed in and cut the little black box directly into two halves.

The district's nirvana was a heavy drug lord, and dared to come to Megatron's troubles.

However, this crisp sound caused the attention of a black-faced old man in the depths of Dongfu.

"There is no one in the abyss of the poisonous abyss. Who is breaking into my cave?"

The black-faced old man thought in his heart that he was the grand elder of the Purple Fog, and Ye Xuan's goal.

At the moment, he is unfolding his knowledge and exploring it.

The size of this cave is just as big as his spiritual size, which is what he deliberately made.

Soon, he discovered Megatron, who broke into his poison.

"What is the double heaven of the Nirvana?"

The black-faced old man is a bit strange.

The defensive array method he arranged, in general, the two-day beast of the Nirvana can not enter, but he did not associate Megatron with the three-fold nirvana.

At this time, Megatron is killing the special killing, destroying the poisonous array, poisonous insects, poisonous grass and poisons, all of which are dispelled by it.

"Well, you are a beast, actually moving my poison!"

The purple fog **** elders sighed and slammed out, then slammed out.

"Boom!"

In Dongfu, there was a loud noise, and Megatron was shot by the great elders of the Purple Fog.

This scene, after sharing the vision, fell into the eyes of Ye Xuan.

"This purple fog **** teaches the elders, not to say that it is the triple peak of Nirvana, but the four spheres of Nirvana..."

Ye Xuan's face is a bit ugly.

Before the patriarch of the beasts said that they fought a battle last year, in order to compete for the wind and thunder roar, and finally the two loses, the purple fog **** elders slightly better, took the wind and thunder and left.

Now, the purple fog **** elders turned out to be a four-fold nirvana. Has it been restored?

"Wei Zhentian shared the vision, but I can't use the eye of insight. I can't see if there is any wind and thunder in his body..."

Ye Xuan's eyes glimpsed, then the light flashed, and the people were picked up by breaking the void.

There are ten double-protection methods in Nirvana, plus Yin brother is one, and there is a heavy fighting power in Nirvana with the Yellow Crane. In addition, there are fifteen small Tongtian beasts, and Ye Xuan's two poisons of the two nirvana controlled by the poisonous abyss.

Before Ye Xuan let them be on standby, now they took them directly with the eye of the void.

Chapter 1366: kill!

This array of methods, isolated the exploration of spiritual knowledge, so the elders of the purple fog gods do not know that there are a lot of masters ambushing outside.

If he passes through the formation, he will probably be attacked!

Ye Xuan is also kept outside, has been separated, not to take down Tiandan and frozen Tiandan.

As soon as the elders of the Purple Mist Church came out to check the situation, he immediately attacked.

Dongfu.

"It seems that I have to rearrange a battle and a poisonous array..."

The great elder of the Purple Mist Church muttered, that is, the grazing array. However, at the moment he passed through the formation, he suddenly felt a weak atmosphere.

"what?"

The elders of the purple mist gods stunned.

Outside, how can there be so many people?

At the time of his shock, the dawn of Ye Xuan and others was a flash.

Hands-on!

"Ice and Fire Dragon Swords!"

"Shuanglong growls!"

Two Ye Xuan Qi Qi hands, attacking the blink of an eye is the attack of the purple fog **** elders.

"not good!"

The purple fog **** elders face a big change, and the luck of luck and the power of Vientiane, Nirvana industry fire, formed a flame barrier.

At the same time, his figure quickly receded and passed through the protective array.

"boom!"

Ssangyong roared, the first to break the array, and then blasted on the flame barrier of the purple fog **** elders.

Then, it was the attack of everyone.

"Booming!"

Suddenly, there was a huge sound echoing in the poisonous abyss, which seemed to be about to collapse.

The joint attack of so many people, even if it is a master of Nirvana, is not so easy to block.

However, this purple fog **** teaches the elders, but it is not that simple.

On his flame barrier, there are also the effects of wind and lightning.

Wind and thunder roar!

Has been merged by him!

"day!"

Ye Xuan couldn't help but scream, and with the eye of insight, he saw the strange flame in the body of the purple fog **** elder, which is the wind and thunder roar.

This time, the tragedy!

He was afraid of this kind of thing before, so he rushed over without stopping, but he didn't expect it to be late.

"No, with the wind and thunder roaring, it has not been completely refining..."

At this time, Ye Xuan's eyes suddenly lit up, and suddenly swept into the Dongfu as if he saw hope.

The original purple fog **** elders could not stop this round of attacks, but he has merged with the wind and thunder, and his body has soared, coupled with the effect of the wind and thunder, let him stop.

However, now that the law has been broken, everyone has rushed into the cave.

The shape of the purple fog **** elders is still retreating. At this moment, a figure suddenly appeared in the soil, and then he cut it on his heel.

"Oh!"

A crisp sound spread, the big elders of the purple mist gods were cut directly by the heel, and the blood was straight.

The purple fog **** elders concentrated on resisting the attack in front, but they were attacked by Megatron.

However, this is not over yet.

When the purple elders learned the elders, a vine spread out of the soil and tied his legs.

"Give me off!"

He screamed, and there was a Nirvana fire in his body, which directly burned the vines to ashes.

Then he was angry and said: "Who are you?"

"Come on your life!"

Ye Xuan took a low drink and shot again.

"Shuanglong growls!"

"boom!"

The ice-fire dragon will engulf the body shape of the purple fog **** elders.

Undead phoenix blood, sword **** blood, burning Tiandan, frozen Tiandan, these increases, so that the attack of Ssangyong roaring is a lot stronger.

However, the purple fog **** elders are not vegetarian. With the effect of the wind and thunder in the body, he actually blocked this round of attacks.

Next, it was the attack of the group of helpers behind Ye Xuan.

"Boom!" "Boom!" "Boom!"

The flame barrier formed by the Nirvana industry fire was weakened a little. The purple elders and elders were gloomy. He did not expect that he was so arrogant that he was crushed into such a master.

"You are a group of people who want to kill me and accept the baptism of the wind and thunder!"

Suddenly, the purple fog **** elders roared in the sky, and the wind and thunder roared quickly and the breath became terrifying.

"The middle-aged Nirvana, the wind and thunder!"

"Boom!"

Numerous wind blades, electric light and confusing, the genius of the genius of the beasts and the celestial beings, not being tortured, or being burnt into a corpse.

This move instantly killed more than 20 nirvana creatures, showing the power.

If a group of people in Ye Xuan is suppressed, if the purple elders elders are united, the power can at least double.

Under this trick, there were very few survivors, and even the heavy yellow crane of Nirvana and his white-haired King Kong, who was known for his defense and strength, died.

Not to mention them, even the two-fold protection of Nirvana is dead.

However, Ye Xuan is living a good job.

"I didn't want to use it, it seems that there is no way!"

Ye Xuan hidden in the corner, the dawn suddenly flashed, and then, the purple fog **** elders had a scarlet killing on the head.

"Death chase!"

"The eye of assassination!"

At that time, Ye Xuan came to the back of the purple fog **** elders.

"what?"

The purple fog **** teaches the elders to tremble. Before his spiritual coverage, there is no one behind them. But now, why did one suddenly appear?

"The killings broke out!"

"Yanlong is unparalleled!"

A golden dragon suddenly burst out and once again engulfed the purple fog **** elders.

In order to avoid the big tricks of the purple fog **** elders, Ye Xuan was forced to lift the effect of the frozen Tiandan and then fit.

Now, after using the assassination eye, there is no time for him to use the Ssangyong Roar, so you can only use the Dragon.

In terms of power, Ssangyong Roar is a lot stronger, but if it is time for the purple fog **** to teach the elders, he can defend, and the sneak attack may not be successful.

Therefore, Ye Xuan chose to use Yanlong Wushuang, plus the trick of the eye of the shattered.

"boom!"

This golden dragon, still unable to kill the purple fog **** elders, even the eye of the shattered and hidden Megatron also failed.

This purple fog **** teaches the elders, and the strength is indeed strong.

However, if Ye Xuan is the second place in Nirvana, he is probably dead.

"Kid, die!"

At this time, the purple fog **** elders suddenly screamed and the breath soared.

The middle of the product Nirvana magic, the wind thunder!

But just in the midst of this millennium, a golden flash hit.

"The cycle is nine flashes, the fourth flash!"

"Oh!"

Only heard a crisp sound, the big fog of the purple fog **** elders was interrupted, he widened his eyes, his head rolled down from the neck.

He saw his own headless body!

Chapter 1367: Nirvana is double!

"Dry beautiful."

Ye Xuan could not help but praise.

This is the one who killed the purple fog **** elders. Naturally, it is a large trump card of Ye Xuan. Only then is it hidden outside, using three rounds of flashback acceleration, and then successfully killing the purple fog **** elders.

"Hey, the host's killing value is improved!"

When the system prompts the sound, the headless body of the purple fog **** elder is also suddenly falling.

Then, Megatron opened the chest of the purple elders.

Looking at the purple wind and the gods elders on the chest, the beating wind and thunder roared, Ye Xuan used the power of Vientiane to collect it.

This wind and thunder roared on the list of the ninety-eighth on the fire list. The power is much worse than the eternal heart. With Ye Xuan's physique, it can be close.

"This wind and thunder roar has been refining some, I don't know if it does not meet the requirements of the system..."

Ye Xuan is a bit embarrassed and has some hesitation.

In the realm of nirvana, he killed a master of the four spheres of Nirvana and got a lot of killing value.

Then, is he going to save the upper limit and then convert it into a swallowing point?

If you want to reach the upper limit, I am afraid that you will have to kill a few more masters of Nirvana. Maybe there will be more.

In the beasts of the beasts and the purple fog gods, there may be a master of the five-fold nirvana. If he is a hand, he will be killed by the group.

"But it, it's just a little bit of swallowing, it's important to improve the realm first!"

After Ye Xuan thought about it, he directly smothered the wind and thunder to a special swallow.

"Hey, the host swallowed the wind and thunder!"

"Hey, the host breaks through, and it's currently a nirvana!"

"Hey, the host has completed a specific upgrade task, rewarding pet attributes, pet expansion, pet growth speed, three advanced routes, and advanced!"

When the system prompts to sound, Fall, Megatron and Shu Lao only feel that their strength has suddenly skyrocketed.

"what happened?"

The three people fell in a glance at each other, a bit inexplicable.

This is the double reward for breaking through to Nirvana. Although Ye Xuan has not improved, it is not bad.

"Don't be surprised."

Ye Xuan said with a smile.

After hearing this sentence, the three people fell in love. The original reason was that they were here at Ye Xuan.

Although I don't know how Ye Xuan did it, they all got a 10% increase in combat effectiveness, which is a good thing.

"Hahaha, the old man did not follow the wrong person..." The old man laughed.

Originally, he was just as artistic as it was. After concluding the contract with Ye Xuan, it was incredible to grow all the way to the broken territory and the nirvana.

You know, this is only a few months.

In the future, he may not be able to become a tree at the long-lived level, or even a reincarnation, an indestruction or even a heavenly environment. It is not impossible.

After the death of the purple fog **** elders, Ye Xuan is also a good thing to take away his shackles and then swallow up the inside.

Regrettably, this Qiang Kun ring cannot let him break through the double peak of Nirvana.

"It seems that only by breaking through the double peak of Nirvana, I know the way to upgrade specifically..."

Ye Xuan sighed and then received the planting space and buried it in the body of the person who died.

Then, he received the Nirvana of the Nirvana in the planting space.

"Hey, the level of planting space has increased, and it is currently at level 4!"

At this time, the system suddenly prompted.

The planting space has actually improved!

"The original storage of the beast will also add experience, the stronger the beast of the heavens, the more experience, if I accept the whole beast of the beasts of the beasts..."

Ye Xuan's eyes glimpsed and suddenly thought of a plan.

"Let's fall, don't you want the fire of the beast?" he suddenly turned and asked.

"Of course, I am a Fox people. This fire of the beasts can also enhance my strength. The effect may be better than this wind and thunder."

Nod and nodded.

Ye Xuan smiled slightly and said: "Well, that young master will help you get it!"

"Young Master, you are..." The fall is a bit strange, because the fire of a beast has been swallowed up by Ye Xuan.

Can't it be, there is one?

Before Ye Xuan asked Huang He, the latter said that there were two fires of the beasts in the beasts of the beasts, one in the bloodthirsty carvings of Huanglong, and the other one in the water king of the ancestors of the beasts. 蟒蟒 body, so Ye Xuan's goal this time is this water king.

"The level of this planting space has been upgraded to four levels, the planting space is much larger, and the world is full of vitality. The land and the old tree are estimated to break through to the nirvana as soon as possible. However, now I am already Nirvana. Heavy, don't need to wait for them to break through in action..."

Ye Xuan thought in his heart, it was to break away from the void and return to the beast.

In the Beast Zongli, there are a total of five active elders, explaining the three dimensions of Nirvana.

With Ye Xuan's current realm, it is not a problem to control them all. In addition, the beasts of the beasts are also the three peaks of Nirvana.

As long as they control them, Ye Xuan has the courage to fight the old sovereign.

This old lord, who is already over 200 years old, has been in a state of retreat, and may have been a five-fold nirvana.

Therefore, Ye Xuan should be careful.

Ye Xuan returned to the beasts of the beasts. Then he visited the elders one by one.

"Hey, take control of success!"

"Hey, take control of success!"

"Hey, take control of success!"

He is the only one in Nirvana, and it is simply easy to control the three elders of Nirvana.

The helpless thing is that there is an elder who is out, so he can't control it, but with the words of the beasts of the beasts, it is exactly five.

Now, four elders have been controlled by Ye Xuan, and their net worth has been taken away by Ye Xuan. However, due to restrictions, he can only break through the double peak of Nirvana.

"If you want to break through the double peak of Nirvana and go to Nirvana, you need the icing of the 95th in the list of different fires. It seems that you have to find it..."

Ye Xuan shook his head in a sigh.

The ice seal is born in a place of extreme ice, but it is better to find something than the wind and thunder.

But for now, I still have to do something first.

Ye Xuan Yi Rong became an elder and entered the residence of the lord of the beast.

"Well? Thank you, elders, are you looking for me?"

The patriarch of the beast was asked a little strangely.

But the next moment, his brow was a wrinkle.

"The Eye of the Mind!"

"Hey, control failed!"

Ye Xuan has already failed for the first time, so he used it again quickly.

"Hey, control failed!"

This time, Ye Xuan was shocked.

The four elders who had only been controlled by the eyes of the mind twice, but this ancestor of the beasts, need three times?

"Xie elder, what are you doing?"

The beast of the ancestors of the beasts trembled, and immediately bowed and did not look at Ye Xuan, but what he did not know was that Ye Xuan's tricks did not need to be seen, but only need to see each other's eyes.

Chapter 1368: Old sovereign

"Hey, control failed!"

The eye of the soul, the third failure, why is this?

Until this time, Ye Xuan recalled that this patriarch of the beasts was once a master of the four spheres of Nirvana. Later, after fighting with the elders of the Purple Mist, they lost both of them, and the poison fell to the nirvana. restore.

His realm is indeed a three-fold nirvana, but his soul strength is still four-fold!

"You are not thanking elders!"

The sacred ancestor's face was so heavy that he finally found the clue.

However, at this time, Ye Xuan has suddenly shot.

"The killings broke out!"

"Yanlong is unparalleled!"

A golden dragon quickly smashed out and attacked the lord of the beast.

Since it has already been exposed, there is no need to cover up anything. As long as the 10,000 lords are seriously injured and their souls are damaged, they can be controlled.

This beastmaster is now only the triple peak of Nirvana. In the face of Ye Xuan's Yanlong Wushuang, he can't resist and was burned into a serious injury.

You must know that Ye Xuan's fire of the beasts and the roar of the wind and thunder have made his Nirvana industry fire, and with the improvement of the blood, he has the strength to fight with the four strong players in Nirvana. Not to mention the tens of thousands of beasts.

"The Eye of the Mind!"

"Hey, control failed!"

Ye Xuan exhibited the fourth eye of the soul, but still ended in failure.

"I don't believe it!"

Ye Xuan's light flashes and continues to display the eyes of the soul, but this time, it is not control, but the soul that attacks the beasts of the beasts.

At this moment, the lord of the beasts only felt a roar of his head, and the whole person was jealous, and the fighting power was not seven.

However, Ye Xuan's site is the beast of the beasts. Behind the residence of the lord of the beasts of the beasts, there is also a three-day beast of the Nirvana.

This one-day beast is called the six-armed ape monkey. It has six arms and is endless.

At the time of the injury of the patriarch of the beast, it also jumped out and waved six fists to greet Ye Xuan.

"The area is full of heavenly beasts, and dare to come to me for trouble!"

Ye Xuan's flash of light flashed again.

"The killings broke out!"

"Yanlong is unparalleled!"

The six-armed ape was thought to be able to blast the golden dragon, but did not expect to be swallowed in an instant, and then burned out.

Spike!

Ye Xuan hits the six-armed ape of the triple peak of Nirvana. This time, the dragon is unparalleled, but it is stronger than the dragon of the ancestor of the ancestors, because Ye Xuan has the blood of the beast.

The Beastmaster's deterrence in the blood of the beast **** can make Ye Xuan's damage to the Heavenly Beast increase by 80%, so it is possible to kill each other.

"Hey, the host's killing value is improved!"

A system prompts to sound.

Ye Xuan's eyes fell on the beasts of the beasts of the beasts, and once again the eyes of the soul.

Even if it was once the four-fold situation of Nirvana, is it not in front of him that he is not being beaten to fight back?

However, Ye Xuan must be resolved as soon as possible, otherwise the movement may attract the crowd around.

It doesn't matter. What matters is that if the old lord kills it?

"The Eye of the Mind!"

"boom!"

Ye Xuan attacked again.

However, the difference between the three spheres of nirvana and nirvana is quite large. Ye Xuan attacked several times with the eyes of the soul, and still could not control the lords of the beasts.

"who are you....."

The lord of the beast was asked to gnash his teeth. At this time, his combat power is estimated to be only 30%, but he can't help Ye Xuan.

"you do not need to know!"

Ye Xuan ignored him and directly turned it into a streamer to slay the patriarch of the beasts, ready to continue to weaken the soul of the other.

But at this moment, the rear suddenly killed a powerful figure.

"Kid, dare to let go of my beasts, find death!"

A violent drink fell into Ye Xuan's ear, Ye Xuan felt a bit, but Nirvana was four.

"This position should be the elders of the beasts of the beasts of the beasts.

Ye Xuan suddenly reacted.

However, he is not alone, he still has a helping hand.

"You four, stop him!"

Ye Xuan gave orders to four elders under his control.

When the control failed, he let the four elders come over, and now this elders appear, they can just be responsible for stopping.

"Four elders, what are you doing?"

The elders of these beasts were shocked and did not know why the four elders stopped him.

Can't it be done, rebellious?

The four elders are all three in the nirvana, and their Tongtian beasts are also three-fold in the nirvana, a total of eight.

Although it is said that a lower level is lower, but they are better than many people. If the eight teams join hands, it will not be a problem to drag on this elder.

At this time, Ye Xuan has already smashed several blood holes in the beasts of the beasts of the beasts to weaken the other side's injuries.

"The Eye of the Mind!"

"boom!"

The spirit of the patriarch of the beast is about to collapse, and his blood is flowing. He is insisting that there has been such a big movement here. As long as he arrives at his master, then Ye Xuan is dead.

His master is the old lord of the beasts!

However, he is not expected to survive.

"Hey, take control of success!"

A system prompts the sound, and the beastmaster of the beast has been controlled by Ye Xuan.

Then, the next step is to deal with the four-year-old elders of the Nirvana.

Before he heard that this is too old, so he didn't feel relieved. Now it seems that the other party is back.

However, at this time, another breath appeared.

This breath is very large, but it is not a human being, but a big python. The diameter is three meters thick, and the length is at least 100 meters.

"The universe is fourfold, the king of water!"

Ye Xuan's eyes are awkward. This water king's body is really a fire of a beast.

At the same time, it is also the purpose of his trip.

This water king appeared, so what about the ancestors of the beasts?

Ye Xuan quickly swept the eye with insight, but did not find any powerful master.

It's hard to be done, the old lord is not there?

Or at the retreat, after hearing the movement, just let the water king look at it?

"Since it is just a four-day beast of the Nirvana, it is much simpler!"

Ye Xuan's mouth is slightly tilted, and no matter how old the elder is, the direct alignment with the water king is a sign of Yanlong.

"Calling!"

The golden dragon screamed out, but the water king screamed at it, and a water column erupted from it, hitting the golden dragon.

"Boom!"

The water was in flames, and in a rumble, the golden dragon was destroyed.

"This trick can stop you, I have to look at it, can you stop this trick..."

Ye Xuan suddenly separated, and the deity and the avatar took both Shentiandan and Frozen Tiandan.

"Ice and Fire Dragon Swords!"

"Shuanglong growls!"

Chapter 1369: Threat

Ssangyong roaring is the strongest attack of Ye Xuan at present, and the attack power even exceeds the blade storm and the arrogance.

The water king smashed, and subconsciously spewed out another water column, but this time the power was extraordinary, and there was an extremely cold breath, which instantly condensed the water column into ice.

“Hey!” “Hey!” “Hey!”

A series of crisp sounds spread, the frozen water column was shaken by the ice fire, and the double dragon roar finally slammed into the head of the water king.

"Hey!"

Only heard a loud noise, the body shape of the water king stunned, and the whole body fell backwards.

The power of Ssangyong Roar is huge, coupled with the blood of the beast and other factors, this blow is enough to hit the water king.

"Below, want your life!"

Two Ye Xuan directly cast the Yufeng Feilong shadow to the upper sky and shot again.

"Shuanglong growls!"

"stop!"

When the Ssangyong roared out, a figure flew in the distance, but it was too late.

"boom!"

Ssangyong roared away and slammed into the head of the water king, and suddenly the head of the water king was bursting open.

"Hey, the host's killing value is improved!"

At the moment, Ye Xuan is swiftly swept away, taking away the fire of the beasts in the water king's body.

"Still!"

The old man in the distance has already plucked over, this dead water king, but he was hard to tame, and accompanied him for many years, now dead in the hands of Ye Xuan, this is more than dead son Still heartache.

"Give me death!"

The ancestors of the beasts were furious and took a picture.

"Shuanglong grows!"

Ye Xuan once again showed his talents.

The speed of recovery of the blood of the undead is so that he can use the double dragon roar almost infinitely.

In fact, the tens of thousands of beasts have not yet broken through to the five-fold nirvana, but they have already reached the peak of Nirvana.

However, in the face of Ye Xuan's powerful attack, his palm was instantly defeated.

"what?"

The old lord of the beast was shocked and quickly avoided the ice and fire. Otherwise, he would be seriously injured.

How can a double-armed warrior in Nirvana be able to display such a strong attack?

The old lord of the beasts can't believe it.

After the exposure, Ye Xuan recovered his true face. His face is very strange to the old beasts of the beasts.

"Where is this kid, is it the yin and yang temple?" The beast of the ancestors of the beasts guessed.

Ye Xuan's skin is whiter and quite handsome. Although he looks like a man, he is not allowed to be a yin and yang person in the Yin and Yang Temple. Because most people in Yin and Yang are men, it is difficult to distinguish them without exposing the woman's voice. .

This area can teach such a genius of power, it must be the yin and yang temple.

However, what he did not understand was why the disciples of the Yin and Yang Temple had come to the beasts to make trouble.

"who are you?"

The old lord of the beasts finally couldn't help but ask.

"I only need the fire of the beasts, take it and leave." Ye Xuan replied faintly.

Take it, just leave?

The lord of the beasts of the beasts suspected that they had misunderstood. Ye Xuan thought that the beast was a market, and if he wanted to come, would he like to leave?

"Today, no matter what you have, you must die!" The old lord of the beasts did not intend to talk nonsense.

The other party killed his Tongtian beast, this must be reported, even if Ye Xuan is from the yin and yang of the yin and yang temple, you must die!

Ye Xuan has already expected this point. If the ancestors of the beasts would let him turn and leave, it would be too embarrassing.

"Shuanglong growls!"

Another strong breath spewed out, but this time the ancestors of the beasts learned to smash, quickly avoid the attack, and then rushed to Ye Xuan.

In this case, Ye Xuan did not dare to continue to detach, hurriedly fit, and the combat power increased by 60%.

"The killings broke out!"

"Yanlong is unparalleled!"

A golden dragon screamed and attacked the lord of the beasts. This time, the old patriarch of the beasts saw that the attacking power had weakened a lot, and they raised their hands to resist.

But what he never expected was that this golden dragon was hidden.

"The Eye of the Burst!"

"Hey!"

The nirvana fire barrier of the old beasts of the beasts was broken, and then Megatron suddenly hit.

In the battle with the purple fog **** elders, Megatron is the three-fold nirvana. Now Ye Xuan has got so many good things, it has already broken through to the Nirvana.

This sword, very fast, directly penetrated the shoulders of the beasts of the beasts.

"Oh!"

At this time, Megatron suddenly extended a large number of spikes, and the shoulders of the old beasts of the beasts were directly stabbed into sieves.

This time, the lord of the beasts of the beasts knew that they had encountered a difficult person.

Ye Xuan was lower than him in two realms, but he was suppressed. Instead, he was injured first, and he was the top of the Nirvana. This made him faceless.

However, this also strengthened his heart to kill Ye Xuan!

However, at this time, another battlefield in the distance has undergone dramatic changes.

The elders who were both in the same place as the Nirvana were suddenly screaming, and then they were attacked by the elders.

"Hey, the host's killing value is improved!"

A system prompts to sound, Ye Xuan turned his head in a strange way, and found that the one who was too elder was fallen.

As for the elders of the beasts of the beasts, they were actually attacked by the lords of the beasts of the beasts, and then they were seriously injured.

"I don't want to do too much. To be honest, I am a robber. I only need money, I don't take my life. As long as you give me the opportunity, I will leave now."

Ye Xuan suddenly said to the old beast of the beast.

"you....."

The ancestors of the beasts of the beasts were almost suffocated by this statement. Ye Xuan clearly brazenly robbed him. Now he still wants to marry him. Can he let the other party do what he wants?

"Give you three seconds, three seconds later, he will die, then I will join forces with the rest of the people to besiege you, so your decision is related to the fate of the beast!"

Ye Xuan said slowly.

The old lord of the beasts thought about it and asked, "Are they controlled by you?"

Among the elders, one of them is his son. It is impossible to betray the sects, so Ye Xuan must be a ghost.

"Yes, after I leave, they will return to normal." Ye Xuan nodded.

At this moment, a second has passed. If the old beasts of the beasts do not make a decision, the elders will die. At that time, the elders and even the lords will fall.

"Okay, give it to you!"

The beasts of the beasts of the beasts were threatened to have no choice but to take down the ring and throw them to Ye Xuan.

After receiving the latter, he checked it and found a lot of things.

"Good, refreshing!"

Ye Xuan's mouth is slightly tilted, letting people take off the elders' ring, and then get into the bag.

The beastmaster of the beasts stared at Ye Xuan's every move, saying: "Can you let people go now?"

Chapter 1370: Yin and Yang Temple

"It can be, but I have to ask another question!" After Ye Xuan finished speaking, he also paused and said: "Do you know where there is the icing on the list of the fifteenth in the fire list?"

"Ice seal?"

Hearing this, the lord of the beasts of the beasts, the Ye Xuan Nima grabbed the things, and asked the things, did you make a mistake?

However, he still replied truthfully: "It is said that the deputy master of the Yin and Yang Temple has an ice seal."

"Yin and Yang Temple..."

Ye Xuan's eyes are bright. It seems that his luck is good. Of course, this may also be the old lord of the beasts. He wants to blame the water and let Ye Xuan commit suicide.

"OK, bye!"

Ye Xuan did not think much, and left the plane directly.

After that, the beasts of the beasts and the elders of the beasts also recovered their consciousness.

In this battle, no one died, only a few wild animals were killed. It also includes the water king of the ancestors of the beasts of the beasts, and even the fire of the beasts has been taken away.

Of course, they should be thankful, because if Ye Xuan is a murderer, then today is the day of the death of the beast.

Although the master of the beast of the beast, Huang Long, was killed by him, it will not affect the beasts of the beasts. But if the old lords, the lords, the elders, and the elders are killed by him, then the beasts will be chaotic. It is.

At that time, the purple mist **** will definitely shoot, destroy the beasts of the beasts and become the hegemon of this region.

In this way, Ye Xuan is indirectly destroying the beasts of the beasts, and he does not want to do anything.

After learning the news of the ice, he also went straight to the north.

The lord of the beasts said that the deputy priest of the yin and yang temple had an ice seal, and it was not true or false, but it did not matter. After all, the yin and yang temple was originally the next target of Ye Xuan.

At full speed, he only spent a day, that is, he rushed to the boundary of the yin and yang temple hall.

On this day, the fall and the old tree broke through, and they all reached the triple of Nirvana, but the fastest one is Megatron, which has broken through to the five-fold nirvana.

It is also because of it, Ye Xuan dare to confront the yin and yang temple.

"There are a lot of yin and yang people in the yin and yang temple. Seeing that I am distracting you with my heart!"

Ye Xuan eyes a glimpse.

Beiyang, the ancestor of the Wanbao Alliance North, was killed by him, but he learned the illusion of magic created by Beiyang. Next, he will use this illusion to let the Yin and Yang people of the Yin and Yang Temple live in a nightmare.

At this time, he was already in front of the yin and yang temple, watching people coming and going, his eyes glimpsed.

Before him, he did not have an eye for insight and could not see through the human body.

Now, he observes with an insightful eye and finds that the internal environment of Yin and Yang people is completely different from that of ordinary people.

There are actually two sets of organs in the Yin and Yang people, two hearts, two Dan Tian, two souls, and two groups of Nirvana.

This is completely a fusion of two people, no wonder it is called a fit, it turns out to be a forcible fusion.

The two sets of organs are combined in one body, which is too deformed. The key point is that both male and female iconic organs are available.

"It's disgusting..."

Ye Xuan couldn't help but shudder, and now he is making a decision. He wants to save these yin and yang people in the heat.

There are two ways.

One is to kill!

The second is to let them disintegrate!

Of course, Ye Xuan wants to use the second one. Killing them does not mean hate.

To blame, blame the yin and yang ancestors!

At the moment, he relied on the past, and then used the eyes of the soul to control a yin and yang person.

This yin and yang person is a three-fold nirvana, within the control of Ye Xuan.

This yin and yang man looks like a man, and it looks like twenty-seven. He rushed toward Ye Xuan, and he came to Ye Xuan in the blink of an eye.

"Introduce yourself."

Ye Xuan asked directly.

"Nie Rong, my sister is Nie Xin, we are all twenty-eight years old, entered the yin and yang temple 20 years ago, cultivated the yin and yang sacred, 12 years ago, the success of the combination..."

This Nie Rong began to introduce a little bit. After introducing himself, he introduced the Yin and Yang Temple.

"Then I ask you, who has the ice seal in the yin and yang temple?" Ye Xuan continued to ask.

"I heard that there is a deputy in the yin temple, but I don't know if there is a fusion..." Nie Rong replied.

He introduced him to the yin and yang temple hall. The temple of the yin and yang temple has a main hall and two deputy lords.

The two deputy lords, respectively, ruled the Yin Hall and the Yang Temple.

The so-called Yin Hall is generally a combination of a sister and a younger brother, while the Yang Dian is a brother and sister.

If it is better than the next, the Yang Temple will be much stronger than the Yin Temple.

Moreover, this yin and yang temple is very strange. It must be a younger sibling and a brother and sister. In addition, there must be no third brother or sister. If it is a sister and two younger brothers, it is said that this yin and yang are not balanced.

A body can't merge into three.

Then, Ye Xuan asked the Nie Rong some things, and then started planning.

First, he wants to get the ice seal, if not refining.

Second, it is necessary to investigate the location of the main hall of the yin and yang temple.

Third, we must divide this hall and destroy it!

Since Nie Rong has been given control by him, he can use * to disguise himself as Nie Rong, that is, he does not know if he will be dismantled.

In order to be on the safe side, he went to control a yin and yang man with a three-fold nirvana, and then pretended to be him, let Nie Rong take it in.

"It is a tragedy. If I have not received the specific upgrade task, I can directly use the eyes of the soul to destroy the temple of the yin and yang temple!"

Ye Xuan, who is behind Nie Rong, is very helpless. Now, even if he has the resources to cultivate, he can't break through. He can only use it for three.

However, the strength of this yin and yang temple is not weak, the disciples of Nirvana can be seen everywhere, and there are also disciples who have not yet succeeded in fitness, but they are generally at the level of the broken.

"First control some of the two disciples of Nirvana, then investigate and start again..."

Ye Xuan thought in his heart.

His plan is to use these disciples to investigate the icy things, and to improve the realm of falling and falling.

He himself is now the double peak of Nirvana, and he can only fight with Nirvana. If there are three, there should be no problem in dealing with Ninet.

However, in this temple of yin and yang, the elders alone have four masters of Nirvana and even five masters of Nirvana. Then the two deputy lords and the main lord may reach the six spheres of Nirvana.

Under the leadership of Nie Rong, Ye Xuan controlled a number of disciples who were both Nirvana and Nirvana, adding up to about thirty. Then he left the yin and yang temple directly.

He took the group of disciples of the Yin and Yang Temple and prepared to go through the door of the void to stay away from it.
