Chapter 1371: Ice seal

However, at this time, the yin and yang temple suddenly plucked three people, and these three people successfully attracted Ye Xuan's attention.

"A good and powerful atmosphere, at least the five-fold nirvana, even the six spheres of Nirvana..."

Ye Xuan's brow was picked and stared at him. After he saw the man and a woman behind the head, the figure could not help but tremble.

"Xuan Ming's eyes?"

Ye Xuan's eyes widened and he felt incredible.

How can he find the Xuan Ming double eyes in the yin and yang temple?

Before he thought that Xuan Ming's eyes had died in the door of the earth, he later learned that Xu Yang, the elder of the earthen door, took them through the ice-free waters, but did not know where it was.

Now, Xuan Ming's eyes have appeared here. It's hard to be done. Some people in the Yin and Yang Temple have got the paper of charm and willing to **** them to leave?

No, not like this!

Ye Xuan suddenly reacted because he saw Nalan Bing and Nalanjie, and there was a shackle that blocked the infuriating.

This means that they are being shackled!

"Right, they are also brothers and sisters, the Yin and Yang Temple is interested in them..."

Ye Xuan suddenly thought of this problem.

I have to say that this fate is really clever, and even the Xuan Ming Shuangyu and the Yin and Yang Temple are connected together.

The mysterious sacred scorpion is the reincarnation. The past life is the strongman of the reincarnation, while the yin and yang ancestors are strong, but at the very end, they are also long-lived.

After the long habitat, it is the reincarnation, which is a big difference.

If the person who meets the mysterious shackles knows that the sinister scorpion is shackled, the yin and yang temple will surely suffer a devastating blow, or even demise.

Thinking of this, Ye Xuan's face is a change, because the Song Dynasty and the Song ruling, but now in the hands of the yin and yang ancestors.

What should I do if the Song Dynasty and the Song ruling are implicated in the event of a failure?

"Who is that?"

Ye Xuan hurriedly focused on the middle-aged man who left with Xuan Ming's eyes.

"That is the main hall." Nie Rong replied.

"Where is he going?" Ye Xuan continued to ask.

"This, I am not sure."

Nie Rong shook his head.

Suddenly, Ye Xuan had a premonition that was not like it. It's hard to make it. This is the main hall of the temple, is it to send Xuan Ming to the main hall?

At the moment, Ye Xuan is directly using the death killing order, marking Nalan Bing.

However, this is the main hall of the main hall, the breath is very powerful, it is estimated that it is the six masters of Nirvana. In addition, there are several elders who are four or five in the back.

Therefore, Ye Xuan is not a chance!

"If this mysterious scorpion is really taken to the main hall, then I don't need to inquire about the position of the main hall. I can find it directly along the death killing order..."

Ye Xuan thought in his heart, but he did not have the strength to go to the main hall now.

All he has to do now is to upgrade quickly, and if he wants to upgrade, then he needs to be frozen.

"Hope, the ice is still there, not completely refining!" Ye Xuan prayed in his heart.

In his planting space, there is also an eternal heart fire, and perhaps it is the same fire that Nirvana has broken through to the four places of Nirvana.

Then, as long as he gets the ice seal, he can quickly break through to the nirvana of the Nirvana, and then rely on the devour to break through the triple peak of Nirvana.

Then specially devour the eternal heart fire, then you can instantly break through to the Nirvana.

At that time, he can catch up with the prince of the yin and yang temple and kill everyone including Xuan Ming.

One can avenge the **** coat.

Second, the things that Xuan Ming's eyes are being desecrated may be concealed, and the yin and yang temple will not be devastated. The Song Dynasty and the Song ruling will not be a problem.

Ye Xuan looked at the figure of Nalan Bing, and the shadows of the people were getting farther and farther, and the light flashed, and then directly broke through the void. With the 30 Nirvana, the two yin and yang people came to the temple of the Yin and Yang Temple. There is a certain distance in a certain mountain range.

Those of you, the yin temple stood up.

Then, eight women stood up, the five niches were twofold, and the three niches were triple.

The people in the Yin Hall are the combination of the sister and the younger brother, so they are keeping their sisters.

"Who knows the deputy master of the Yin Hall?" Ye Xuan immediately asked.

When this was said, everyone was looking at a woman with a good face.

This woman seems normal, but it is yin and yang, which means that she has her younger brother in the body. Most people think of this, and the stomach can't help but roll.

But Ye Xuan also put aside prejudice at this time and asked directly: "Do you know the deputy master of the Yin Hall?"

"Master, my name is Chang Ling, and the deputy master of the Yin Temple is my master!"

The woman nodded.

"Do you know what the ice is?" Ye Xuan asked again.

"know!"

The woman continued to nod and then explained: "The master has been frozen for some years, but the ice is a water, she does not dare to merge into the body, because it will lead to yin and yang disorders, she is afraid of disintegration. Therefore, she has been in recent years I've been looking for anger and eternal fire, I hope I can reconcile."

"So, she didn't integrate ice?"

Hearing this, Ye Xuan's eyes could not help but shine.

The property of anger is just a fire, and the ranking is similar to that of the frozen 焱. In addition, eternal heart fire is also possible.

"No, just practice by the ice." The woman shook her head and replied.

"it is good!"

Ye Xuan suddenly revealed the look of hope, and thought in his heart: "Since the deputy master of this yin temple needs eternal heart fire, then I can use the eternal heart fire to lead her out..."

However, the deputy priest of this yin temple is a six-fold nirvana, and wants to deal with her, Ye Xuan's strength is not enough.

At the moment, Ye Xuan is to accept everyone's glory.

These yin and yang people are the elite geniuses of the yin and yang temples. The masters are almost all elders, so they are not lacking in cultivation resources. The things inside are enough to create a five-strong powerhouse.

"Wei Zhentian is now a five-fold nirvana. The fall and the old trees are all three in the nirvana. Because of my problems, the old trees are more difficult to upgrade now, so they can only pile up the piles first..."

Ye Xuan thought about it, the female avenue of the deputy priest of the Yin Dian: "Changling, you go back to the yin and yang temple to exchange these heavenly treasures into ore, and half of them are replaced by cultivation medicinal herbs."

These things have nothing to do with Ye Xuan, so Ye Xuan decided to upgrade Megatron to the six-fold nirvana, but this may not be able to compete with the deputy, so he still needs the help of the fall.

If the fall breaks through the four dimensions of Nirvana, then he is sure!

"Yes!"

The woman named Chang Ling nodded, and then passed through the eye of the emptiness opened by Ye Xuan and went back to the yin and yang temple.

Although it is not too late, in order to be on the safe side, Ye Xuan must let the first breakthrough and ensure that nothing is lost.

Chapter 1372: Lure

Soon, Chang Ling came back with a lot of ore and cultivation of medicinal herbs.

Although it is also good to say that Tiancaibao is good, but the cultivation of medicinal herbs is easier to absorb, the refining and refining ability of the fall is already strong, and with the help of the eternal heart, she can break through to Nirvana within half a day to one day. Fourfold.

As for Megatron...

"Hey, Megatron breaks through, and it is currently six in Nirvana!"

After Ye Xuan swallowed up all the ore, Megatron broke through.

Ye Xuan card is in the second place of Nirvana. These ores are swallowed up. He will only have the benefit of super-phagocytic crystallization. As for repairing, there will be no slight improvement.

This is indeed a waste, but it is helpless.

Next, Ye Xuan is trying to test something.

"You, come out..."

Ye Xuan said to a man with a double nirvana.

The man said nothing and stood up.

Then, Ye Xuan was a flash of light, and he used the charm of learning from Beiyang's wife Beilin's tomb.

The next moment, the man's face began to redden, and saw some pictures.

Everyone looked at them and suddenly had an unpredictable feeling.

"brother....."

"younger sister....."

In the man's throat, two different voices were suddenly heard, one was his own voice, and the other was the voice of his younger sister.

This is just an appetizer. Below, Ye Xuan is really moving.

"Lovely!"

The next moment, everyone was stunned.

The man's clothes were suddenly torn apart by a fierce instinct. Then his body changed, and the back grew as fast as a tumor, like a man standing back to back.

No, this human-like tumor is the man's sister.

At this point, my sister's organs have grown, and even the hair has been born.

Finally, the skin of the two broke open and split into two.

The younger sister stood naked, widened her eyes, and her face was red, and she felt incredible.

She and her brother have been together for many years, and now they have disintegrated?

She is a disciple of the Yin and Yang Temple. Knowing that once the Yin and Yang people are disintegrated, the success rate of re-integration is not one percent.

However, Ye Xuan is now their master, they can't say anything.

When ordinary people see this scene, they will certainly be mad and vomiting, but Ye Xuan looks at this scene, but it is shining with strange eyes.

Successful!

Feel the heart, succeeded in disintegrating a yin and yang person into two.

"The combination of this yin and yang is also convergent. Generally, it is a fusion of 30%. The higher the degree of integration, the stronger the fighting. After the disintegration of this man and his sister, the sister's realm fell to the nirvana, and the man fell to the broken ground. Nine heavy..."

Ye Xuan is a little excited.

This kind of fascinating, it really is the nemesis of Yin and Yang people, but this success rate is affected by the fusion of Yin and Yang people and the strength of his soul, and he is now only a double nirvana, so it is somewhat reluctant to use.

At this time, he also found a problem.

Originally, he controlled the man and only spent a quota of eye control. Now, after the man disintegrated, even his sister was controlled by him. However, the quota only occupies one.

As for the two people after the disintegration, they were left to give a relaxed charm, and then let them stay away from here and live well.

The yin and yang temple is extremely overbearing. As long as there are brothers and sisters or sisters who meet the requirements, they must be sent, so this is not something they can choose.

These are also poor people.

Of course, there is another reason why Ye Xuan chose to let them go.

"You two, after leaving, spread this magical power out!"

Ye Xuan suddenly took out the book from the swallowing space, it is a charming heart.

"Yes, master!"

The two put on their robes and then left with a heart.

This yin and yang temple has harmed many families. If the surrounding forces have this kind of fascinating words, then the yin and yang temple will not be so arrogant.

"Who is Ninety and the integration is 40%?"

Ye Xuan suddenly turned and asked.

Then, there were three yin and yang people from the Yang Temple coming out.

Ye Xuan does not say anything, directly use his feelings.

Soon, the three men were all disintegrated, and the bodies of the six red strips were exposed to the air, causing everyone in the room to tremble.

"You also leave with a hearty look."

Ye Xuan also gave them six people to let them spread.

This group of controlled yin and yang people, in the Nirvana environment, the highest degree of integration is up to 60%. In the end, all the Nirvana is completely disintegrated by Ye Xuan. .

As for the remaining eight nirvana yin and yang people, Ye Xuan still needs them.

"Changling, now there are several elders in the yin and yang temple?" Ye Xuan asked.

"The eight niches of the four niches, two elders with five niches." Chan Ling replied.

"Well, you go and call them one by one."

Ye Xuan nodded and said.

"Yes!"

At the moment, Chang Ling is leaving again.

The four spheres of Nirvana and the five spheres of Nirvana are higher than the realm of Ye Xuan, but now Megatron has broken through to the six spheres of Nirvana, and it is enough for one person to clean up.

As for the fall, it is cultivated in the planting space, and it is expected that it will soon be able to break through the four dimensions of Nirvana.

"Right, there is also the eye of charm, you should be able to be a four-time elders, as long as you accept these eight people, then there are only two elders in the yin and yang temple, and two The deputy master."

At this time, Ye Xuan suddenly remembered a little.

The effect of the eye of charm is not worse than the eye of his heart.

Soon, Chang Ling brought a four-year-old elder, the former is the apprentice of the deputy, and it is not difficult to lead one.

"Chang Ling, what do you bring me here?"

An old man who was behind Changling asked.

"I will take you to see someone." Chang Ling replied honestly.

"people?"

The old man murmured, did not guess who is in the mouth of Changling.

Soon, Chang Ling came with him to Ye Xuan.

"What are you doing here, don't you go back to practice?" The old man asked very strangely.

But at this moment, a small figure appeared in front of her, it was falling.

However, when using the enchantment, Ye Xuan first came to the eyes of the soul. Suddenly, the old man's brow was a pick and the soul was wounded.

Not only that, but she was attacked by Chang Ling.

The body and soul are seriously injured at the same time.

"Charm!"

The fall finally uses the charm, just a glance, the old man will be conquered.

"Chang Ling, continue to lead!"

Ye Xuan said to Chang Ling.

"Yes!"

Chang Ling should have a sentence, turned and left.

Chapter 1373: Vice-president

It takes only a few minutes to lead an elder. At this time, Ye Xuan still can afford it.

Next, a group of elders with a four-dimensional niche is led out, and then one by one is given to the charm control.

"The eight niches of the four niches, plus Megatron, are enough to kill the two niches of the five niches." Ye Xuan thought.

Falling down is still only a three-fold nirvana, and it has not yet broken through to the four dimensions of Nirvana. Without using the eye of charm, the more two realms of charm are still somewhat difficult.

After all, the yin and yang people's soul strength is stronger than the average person.

So Ye Xuan decided that the two elders of the five nirvana, kill!

They are a group of people, ambush here, waiting quietly.

Soon, Chang Ling came back with the old man of a yang dynasty. This old man is a five-fold nirvana.

"Chang Ling, what do you bring me here?" The old man asked inexplicably.

The next moment, he is the emergence of eight familiar faces, the eight ninja elders who were only charmed by the fall.

"How are you here?"

This old man is very surprised.

But his voice has just fallen, that is, there is a figure breaking through the ground.

"Oh!"

A crisp sound fell into everyone's ears. I saw that the old man's calf had been cut off.

"what?"

The old man was shocked.

But what he is about to face next is the attack of the eight masters of the eight major niches.

"Boom!" "Boom!" "Boom!"

The old man was directly bombarded.

Because the surrounding people are their own people, the veteran's vigilance is not high. Moreover, Megatron is still the six realm of Nirvana.

"Oh!"

It was a crisp sound, and the old man was pierced directly into the heart and fell.

His body was soft and on the ground, looking at the body, Ye Xuan shook his head helplessly.

The realm of Nirvana is not his home. He may have to rely on Megatron and a few of them. However, after he completes these nine specific upgrade tasks, his strength may be strong.

At the moment, Ye Xuan is swiftly swept away, and the body of this elder and the Qiang Kun ring will be put away.

"There is another one, continue to attract!" Ye Xuan said to Chang Ling.

"Yes!"

Chang Ling should have a sentence and continue to leave.

Not long after, another elder with a five-fold nirvana was also attracted. He was also killed in the same way as the previous one.

"Now, two elders with five niches are dead, then next..."

Ye Xuan's eyes glimpsed and took out a thing from the phagocytic space. This is a little flame, it is eternal, and then he is to Changling Road: "You use this eternal flame of fire, put Your master leads you out!"

The master of Changling is the deputy priest of the Yin Dian, the six realm of Nirvana. She is looking for anger or eternal fire to reconcile her icy scorpion, so Ye Xuan is sure to introduce the master of Changling. come out.

"Yes!"

Chang Ling had some accidents. She did not expect that Ye Xuan had an eternal heart, but she did not dare to have a distraction. She hurriedly took over the flames of the eternal heart fire and then went back to the yin and yang temple.

This time, Ye Xuan has to deal with the six masters of Nirvana, but also has a different fire, the strength is not the same.

Although Megatron is also a six-fold nirvana, there are eight masters of Nirvana, but there is no absolute, or insurance.

Soon after Changling left, Ye Xuan heard another system sound.

"Oh, the breakthrough is broken, and the current is a four-fold nirvana!"

The system prompts.

Originally, he estimated that it would take half a day to one day to break through, but he ignored one factor, that is, the fire of the beast that had just been obtained.

Falling this time is to completely refine the fire of the beasts before breaking through in advance. Otherwise, Ye Xuan is expected to wait a little longer before going to the Yindian Temple.

"Wei Zhentian ambushed well, even if you can't kill it once, you must hit each other!" Ye Xuan said to Megatron.

Megatron nodded and then broke into the ground. It was the best for ambush, because it was just a tool for heaven, no human and heavenly beast, as long as it does not move, it will not Someone found it on the ground.

Around, in addition to the eight Nirvana elders, Ye Xuan is also one.

As for the others, all were driven away by Ye Xuan.

In the face of the six strong players in Nirvana, these groups of people can not play a role at all, but it will hinder their feet.

After a while, Chang Ling came back, this time she brought a middle-aged woman back.

This young woman is not very old, it seems to be about thirty-five, her face is good, her skin is white and tender.

However, her breath is much stronger than the two elders who are half-baked in the world. It must be the master of Changling, that is, the vice-president of the Yin Dian, Guo Yurong.

Of course, some strong people like the old look, some strong people like young, just look at the face can not see the real age.

"Apprentice, are you sure you are eternal?"

On the way, Guo Yurong asked strangely.

"Yes, Master!"

A man's voice sounded. He was the younger brother of Chang Lingyi's body, named Chang Kun.

"Haha, this is good, with eternal heart fire, my sister can blend ice, I will integrate the eternal heart, so the yin and yang will not be out of tune, we can even break through to the Nirvana!"

Guo Yurong opened his mouth. This time it is still a man's voice. He is Guo Yurong's younger brother.

"Yes, we have been looking for so long, I did not expect that there will be eternal heart fire nearby. You have done a good job this time. After returning, you have a great reward!" Guo Yurong nodded with satisfaction.

"Master, there is a place where the eternal heart is unearthed..."

At this time, Chang Ling suddenly pointed to the hill in front of him.

"It is good!"

At the moment, Guo Yurong quickly swept past.

But she just crossed Changling, the latter is suddenly shot, directly with a sword on the back of Guo Yurong.

"Hey!"

Guo Yurong was hit hard, and the whole person couldn't stop flying. She couldn't understand why her favorite petitioner would attack him.

"Smelly girl, what are you doing?"

Guo Yurong's younger brother yelled, but fortunately they were three different realms, otherwise they were seriously injured this time.

Still waiting for Changling to answer, the left and right sides are killing eight people, that is, the eight niches of the four niches.

Guo Yurong and her brother were shocked. It turned out that this time there was an ambush.

However, they are the six strong players in Nirvana, even if they come to the top eight nirvana masters, as long as she wants to run, no one can catch up.

However, these eight niche elders are only responsible for attracting her attention.

The real killing trick is on the ground!

Chapter 1374: Successfully killed!

"call out!"

Suddenly a slender figure broke through the ground and turned directly into a streamer, passing through Guo Yurong's calf.

Just heard Guo Yurong's calf was easily cut off.

"what?"

Guo Yurong and her brother in the body were shocked.

They are six in the world, and their physical strength is extremely strong. How can they be cut off by a sword?

But what they don't know is that Megatron is also a six-fold nirvana, and this time is also tempered by the eternal heart, sharp.

Guo Yurong, who was burned in anger, blasted a palm and directly flew Megatron.

"Master, let's take it!" Chang Ling suddenly reminded him.

"You are a gangster, I killed you!"

Guo Yurong's younger brother screamed and slapped toward Changling's fan. If the latter was hit, it would be a broken bone.

At this time, suddenly a petite shadow appeared, it is already broken through the four-fold fall of Nirvana.

"Lovely!"

Falling into the eyes, facing Guo Yurong, using the illusion magical power created by Beiyang.

This trick is specifically used to deal with Yin and Yang people.

After Guo Yurong's move, the scene in front of him was changed. At this moment, her brother is standing in front of her eyes.

However, her younger brother is actually naked.

"not good!"

Guo Yurong suddenly reacted.

There is a flaw in the practice of yin and yang sacredness, that is, you must not think about these things. Otherwise, there is a danger of disintegration.

"sister....."

The younger brother in Guo Yurong's body suddenly made a strange voice.

Guo Yurong responded, but her younger brother fell into it.

"Good opportunity, Megatron killed her!"

In the distance, Ye Xuan's eyes lit up and immediately gave orders to Megatron.

That is, Megatron is transformed into a green dragon, and a paw sweeps into the throat of Guo Yurong.

"Hey!"

Guo Yurong reacted, and his left hand became a palm-shock dragon claw, but her right hand was on her chest.

"Brother, wake up!"

Guo Yurong was angry in his heart.

In this body, but with two souls, she broke the illusion, but her brother did not.

This is trouble!

If her brother breaks the ring, then it will disintegrate.

If it is disintegrated, then the realm of the two will fall, the four spheres of Nirvana and the three spheres of Nirvana are possible!

"sister....."

Guo Yurong's younger brother is still in the illusion, influenced by him, Guo Yurong's cheeks can not help but become red.

Taking advantage of this opportunity, Megatron continued to attack.

At the same time, there is no idleness.

"Charm!"

"Lovely!"

Not only that, but Ye Xuan is not idle, using the eyes of the soul.

Although it is said that there is a difference between the two spheres of Nirvana and the six spheres of Nirvana, it is always good to be able to hurt a little more.

As long as the disintegration, then this Guo Yurong is to become the fish on the knife board, let Ye Xuan slaughter.

The eight elders who were in the middle of the world were also swiftly swept away, but they did not directly participate in the war, but they used the power of Vientiane to bless Megatron.

Suddenly, the speed of Megatron is skyrocketing.

As a result, Guo Yurong's pressure is even greater.

"No, you must go!"

Guo Yurong took the opportunity to make a decision. She estimated that in a few seconds, she would disintegrate with her brother.

Even if she can't survive the disintegration, she will be killed by Megatron.

At the moment, she took out a blue flame from the Qiankun ring. This is the ice.

The ice is frozen, and the fire list is ranked 95th.

Because the realm is sufficient, Guo Yurong does not need a fire lantern.

At the same time that Guo Yurong took out the ice seal, Ye Xuan's eyes were also bright, which is the key to his breakthrough into the nirvana.

However, this Guo Yurong now takes out the ice seal, but it is not to show it.

"Ice a thousand miles!"

Guo Yurong transported the infuriating spirit, combined with the power of Vientiane, directly exerted a magical power that she created.

This magical dragon, which is called a frozen mile, needs ice to be used for display, and this is the first time she has used this trick to fight.

Suddenly, the power of an extremely ice spread, and the body of Megatron, who was sweeping toward Guo Yurong, was stiff, and the entire body was covered with a layer of ice crystals. In the blink of an eye, an ice sculpture was formed.

“Hey!” “Hey!” “Hey!”

There was a crisp sound in the distance. Ye Xuan turned around and saw that the eight elders of the Nirvana were even frozen into an ice sculpture. Even the Nirvana fire in their bodies was It has been frozen.

This shows how powerful the power of this trick is.

Fortunately, Ye Xuan is far away, otherwise he does not know what will happen.

After freezing the troublesome person, Guo Yurong immediately turned around and ran.

"Megatron, quickly break away, chase me!"

Ye Xuan shouted at Megatron and released the fall again.

Falling only used illusion and charm in the distance, so when the power of the ice spread, she was remotely received by Ye Xuan in the planting space.

"Hey, she can't run!"

The slamming slammed into a golden stream.

"The reincarnation is nine flashes, the first flash!"

"The cycle is nine flashes, the second flash!"

"The cycle is nine flashes, the third flash!"

After three times, the fall has already looted behind Guo Yurong.

"what?"

Guo Yurong did not think that after a few thousand miles of ice, someone could catch up with her in such a fast pace. After shocking her heart, she turned and took a shot.

No matter what, the speed of falling is faster than her, and it is much faster.

This palm was successfully shot.

But before this, the fall was already wiped by Guo Yurong's body. Guo Yurong's throat had a blood line and then expanded rapidly.

"This is impossible....."

Guo Yurong widened his eyes and spit out a few words. Immediately, the head was ruthlessly dropped and embedded in the mud.

Her body, also fell on the front, blood mad, flowing into the ground.

"Hey, the host's killing value is improved!"

After Guo Yurong's death, Ye Xuan's mind sounded a system sound.

This is probably the first time he has killed the enemy in four realms.

Although he did not kill it by himself, the killing value was counted on his head.

"The trough, a lot..."

Ye Xuan screams, at this moment, his killing value is almost reaching the upper limit.

"This yin and yang person, can't it be two?" At this time, Ye Xuan remembered this question.

Yin and Yang people are a combination of men and women.

This Guo Yurong also has her younger brother in the body, then Guo Yurong died, the killing value may be doubled, after all, there are two souls in one body.

Chapter 1375: Kill in!

At this time, Ye Xuan is thinking, if the prince of the Yangdian Temple in the yin and yang temple is also given, then you can reach the upper limit. At that time, you can use it to exchange the swallowing point.

"Megatron, falling, beautiful!"

Ye Xuan praised one sentence and quickly swept the past, and put Guo Yurong's Qiang Kun ring away.

There are a lot of things inside, but Ye Xuan's attention is on the ice.

"Ice is frozen, I finally got it. With it, I can immediately break through the triple peak of Nirvana!"

Ye Xuan's eyes lit up, but he resisted not immediately swallowing, because he might still earn some swallowing points.

"Young master, why don't you break through?" asked curiously.

"No hurry, maybe there is a fight next..."

Ye Xuan's mouth is slightly tilted.

The eight elders who are four-folded in the territory of Nirvana are already killed by Guo Yurong's squad, and it's a pity that the eight nirvanas are worth four kills.

I have to say that the fire of the fire is very powerful, until this time, Megatron genius out of trouble.

Ye Xuan's move, Ye Xuan has actually copied it, but he will soon devour the ice, so it's useless to learn. After all, it's only necessary to cooperate with the ice seal.

"Young Master, there is also a deputy in the Yang Temple. Are you going to kill him?"

Asked with a big eyes.

"Well, after killing him, dismantle everyone and destroy the yin and yang temple!"

Ye Xuan nodded.

At the moment, he broke the void directly and came to the door of the yin and yang temple.

This time, he is playing really.

The deputy priest of the yin and yang sanctuary, called Ma Deyu, was heard by Ye Xuan from Chang Ling.

After coming to the entrance of the yin and yang temple hall, Ye Xuan was carrying a piece of infuriating and shouting loudly: "Ma Dian, the deputy director of the Yang Dian Temple, let me out!"

The sound is deafening, and it must be heard by all the people in the yin and yang temple.

The yin and yang temple disciples who heard this sentence all raised their heads and showed a strange look.

If it is only Ma Deyu, they may not know who it is, but after adding five words to the main hall of the Yang Dian, they are even fools and know who they are talking about.

Some people even dared to pick up the deputy head of the Yangdian Temple. Isn't this a death?

If it is normal, there will be many elders who will be out, but now there is no elder in this sub-district, and there are only a few nirvana guards.

These methods of protection were first rushed out.

"A big courage, even the name of the deputy master?"

An old man with a yin and yang screamed out, but his voice has not yet fallen. Megatron has already cut a sword from his first class and brought the ring to Ye Xuan.

"The old tree, the falling, the Megatron, all the nirvana level, all kill!"

Ye Xuan directly issued an order.

Before, he did let go of some Yin and Yang people, but those who were his men after all, were controlled by him.

For his own men, Ye Xuan is relatively kind, and sometimes it will still be released.

However, these yin and yang people who are irrelevant to him can't escape death!

"it is good!"

The three people who fell down one after another, and immediately killed.

The entire yin and yang temple directly became a Senlu hell, countless screams, even Ye Xuan himself, could not help but kill.

In the yin and yang temple, there are hundreds of nirvana levels. These people are all double-killing values, killing one top two. In order to swallow the point, Ye Xuan must squat once.

"Hey, the host's killing value is improved!"

"Hey, the host's killing value is improved!"

"Hey, the host's killing value is improved!"

A systematic reminder sounds.

Many of these people were forced to be arrested from an early age, but after accepting the inhuman training of the yin and yang temple, their character will be distorted, and they will be more terrifying after the combination.

If only the yin and yang temples are destroyed and these people flee, it may bring disaster to the surrounding forces.

Therefore, Ye Xuan has a killing order, one can not stay!

As for those Yin and Yang people who did not reach Nirvana, Ye Xuan directly used the fascinating heart to let them disintegrate.

Soon, the corpse of the yin and yang temples were everywhere, and the blood flowed into the river.

Ma Deyu, the deputy prince of the Nayang Temple, went out after hearing the snoring of Ye Xuan. After he came out, he saw a disciple who slaughtered the yin and yang temple.

"Hugh to be relieved!"

A thick roar, fell into Ye Xuan's ear.

Ye Xuan turned to look at it and found that the breath of the coming is strong, at least the six spheres of Nirvana.

"Ma Deyu, finally found you!"

Ye Xuan's eyes slammed and gave an order to Megatron.

kill!

Suddenly, Megatron was turned into a streamer to kill and intercepted Ma Deyu.

Megatron, which has an undead attribute, can fight even if it is a seven-in-one. If you give it time, you can kill each other.

"What a ghost thing, give me a roll!" Ma Deyu was furious and punched on Megatron.

"Hey!"

Megatron was hit by a few cracks in this punch, and at the same time, he turned to be a dragon tail.

"Hey!"

Ma Deyu's waist was drawn and flew out.

Just kidding, how strong is the body, can it be compared with the device of Tongtian?

After all, Megatron is just an undead weapon. In the same situation, the combat power is actually worse than the old tree.

However, its powerful place is that it can be changed at will.

When Ma Deyu flew out, Megatron quickly changed his body shape and became a serial arrow tower.

"Hey!" "Hey!" "Hey!"

A Dawley arrow shot.

Ma Deyu's face is gloomy, and he will endure these sharp arrows.

On the other side, the landing has already arrived, and then directly exerted charm and charm on Ma Deyu.

This move made another person in Ma Deyu feel the same.

"not good!"

Ma Deyu also broke the illusion in an instant, but Ma Ling in his body did not. Like Guo Yurong, he would definitely disintegrate after playing.

However, if he escaped, wouldn't the disciples in the yin and yang temple die in vain?

"kill!"

Ma Deyu did not care anymore. He had already made a decision. Even if he died in battle, he would have to marry Ye Xuan.

"Ice and fire swords, hey!"

Ma Deyu condensed the flame in his left hand and condensed the ice crystal in his right hand. At the moment when his hands were in ten, the flame and ice crystal suddenly rose and condensed into a huge sword of ice and fire, and immediately squatted.

Megatron did not catch up and was directly hit.

This trick is a high-level Nirvana in the temple of yin and yang. In the temple of the entire yin and yang temple, only he can learn alone.

You must know that even the main hall of the temple is not there, but he has learned enough to see his qualifications.

But what about this?

Chapter 1376: Blood sharing

"Hey, Megatron died!"

"Hey, Megatron is resurrected!"

After the two system prompts, Ye Xuan once again released Megatron.

"What, how is this possible?"

Ma Deyu was shocked. He clearly saw that Megatron was turned into a fly ash and died. But the next moment, how did Megatron reappear?

"If this is the case, then I will marry you again, and the two swords!"

Ma Deyu once again condensed a big sword of ice and fire, and quickly fell.

This time, Megatron did not evade.

It was not able to escape the last time, but this time it was intentional.

"Hey!"

Megatron was once again killed, and Ye Xuan's mind re-emerged two system prompts.

However, this time Megatron is just a bait, in order to attract Ma Deyu's attention. The real crisis has quietly come to the back of Ma Deyu.

"The cycle is nine flashes, the fourth flash!"

"Oh!"

The crisp sound spread.

Ma Deyu's head flew up, and the blood sprayed to a height of three meters, like a fountain.

Ma Deyu, dead!

"Hey, the host's killing value is improved!"

After the death of Ma Deyu, Ye Xuan also raised a lot of killing intentions, followed by another system prompt.

"Hey, the host's killing value reaches the upper limit, is it possible to convert the killing value into a little swallowing point?"

"Yes!"

Ye Xuan said nothing, directly answer.

"Hey, the kill value is clear and successful!"

"Hey, the host gets a little swallowing point!"

Finally, it is the third time to convert the killing value into a swallowing point.

At the same time, Ye Xuan also suddenly thought of a quick way to get the point of swallowing, that is, the rapid increase of Megatron to Nirvana, and then to kill the nine strong players in Nirvana.

Don't say that the nirvana is nine-fold. As long as you kill the eight or seven heavy niches, you may reach the upper limit.

However, nowadays it is still necessary to upgrade his own realm. Although the swallowing point can make him stronger, the strength increase will certainly not exceed the improvement brought by the realm breakthrough.

Since the swallowing point has already been obtained, then the next step is to break through.

"Hey, the host swallowed the ice!"

"Hey, the host breaks through, and it is currently a triple of Nirvana!"

"Hey, the host completes a specific upgrade mission, and the mission rewards the blood of the gods and the pets!"

A series of three system prompts to sound, Ye Xuan is now in place.

Can not share the blood of the gods, can you share with pets?

Before he and the old tree contract, the old tree has the resilience of the blood of the **** of life, but now he has the ability to detoxify and resist fire.

Not only that, but even the fall and Megatron are the same, and there is no need to worry about the consumption of infuriating in the future.

Of course, after Megatron has the blood of the undead, the future damage can be repaired immediately. In addition, it also improves the resistance to fire.

Before Megatron was killed twice by the ice and fire sword, but after it was smashed, it did not die, but because it could not be repaired, it blew itself.

If there is a bloodline that does not die, there is a flame resistance of the blood of the undead, and the damage of the two swords is not so strong.

Moreover, even if it is split in two, it can be repaired quickly, without blasting, and then resurrected to fight.

This reduces the time.

"Not bad, this reward is also very good!"

Ye Xuan is satisfied with the nod.

Then, he quickly swallowed up the things he had collected before.

"Hey, the host has reached the peak of Nirvana!"

Every time I reach the peak of the realm, Ye Xuan will know what is needed next time.

really!

After he saw the breakthrough requirements of the triple peak of Nirvana, the corner of his mouth could not help but cock.

The triple peak of Nirvana has broken through to the four different fires in Nirvana, and it is an eternal heart!

"It's really helping me!"

Ye Xuan Yang Tian laughed.

On the edge of Megatron, I couldn't help but think: "Mom, mentally retarded!"

.....

"Oh, the host has swallowed the eternal heart!"

"Hey, the host breaks through, and the current is a four-fold nirvana!"

"Hey, the host completes a specific upgrade mission and rewards a bottle of blessing oil!"

After hearing this, Ye Xuan was shocked again.

Blessing oil?

Isn't that something that can boost your luck?

At the moment, he glanced at it and found that there was already a golden bottle in the swallowing space.

Blessing oil!

"Wei Zhentian, you have been with me for so long, I will give it to you!" Ye Xuan said nothing, took the blessing oil out and poured the whole bottle to Megatron.

This blessing oil fell on Megatron and was immediately absorbed by Megatron. It seems that there was no change, but Ye Xuan heard the system prompt.

"Hey, the lucky value of Megatron is improving, it is a bit!"

The lucky value of the host is the sum of the lucky values of all the equipment, that is to say, Ye Xuan itself has a little lucky value.

Ye Xuan's equipment is actually three pieces, one is Megatron, then the old wood of the tree, and finally the brilliant suit.

Now, Megatron has the highest realm, so he will be given to him naturally.

If the weapon's lucky value is increased, then the attack may have a crit effect, which is to make this attack stronger.

Ye Xuan will bless the oil to Megatron for another reason, that is, Megatron can be used as a weapon or as a shield, killing two birds with one stone.

As for the lucky value of Ye Xuan, that is also very useful.

For example, when redeeming something, there is a redemption crit, and the price of a treasure is exchanged for two pieces.

When forging equipment, there is a forged crit, using a piece of material to create two pieces of equipment.

At the same time, it can also increase the odds of winning the lottery, although the system that uses the swallowing point lottery has never been used.

In the end, it is to increase the chances of killing the blood of the gods.

In general, there are many benefits to improving your luck.

"Yeah, your young man's realm has improved so fast." Falling can not help but said.

"Yeah, it is rare to break through twice in a row." Ye Xuan smiled.

"The young master is really powerful, admirable." The old tree is also complimented.

Previously, because Ye Xuan's realm was stuck in the nirvana, he improved slowly. Now Ye Xuan has overtaken him. He is expected to break through to the Nirvana in a short time.

If it is other Tongtian beasts, it will not necessarily break through once in a few years, but for the old tree, it usually breaks through once in a few days.

This master is absolutely not wrong!

After the breakthrough is completed, then the killing continues!

The temple of the yin and yang temples must be destroyed today.

The screams continued, but there were still some Yin and Yang people fleeing. Soon, there was no living person in this yin and yang temple.

Chapter 1377: Goodbye

"Almost all of the nirvana level has been killed, and the combination of the broken level has also disintegrated them. The collection of more than 2,000 pieces has been collected."

Ye Xuan began to count the spoils.

Although he does not kill the yin and yang people at the broken level, it does not mean that he does not take the ring.

The two thousand pieces of the Qiankun ring were all in his pocket.

"Hey, the host has reached the top of the Nirvana!"

The system prompts.

Ye Xuan glanced at the subconsciously and found that he wanted to break through the four dimensions of Nirvana and the five-fold nirvana. What he needed was the 90th-ranked Haixinyan.

Haixinyan was born in the deep sea, but here is the land, where is the sea?

"Right, the ice-free sea is the sea."

Ye Xuan suddenly thought of this.

However, at the moment he has no time to go back to the ice-free waters to find Haixinyan. He has a more important thing to do.

He came to the entrance to the yin and yang temple and then looked at the north.

"Xuan Ming double eyes, ready to die!"

Ye Xuan's eyes bloom with unprecedented confidence.

When Xuan Ming's eyes were escorted away, but the Nirvana was fourfold, and the escorts were the main hall of the yin and yang temple, and the three elders of the five niches.

Now Ye Xuan has broken through to the top of the Nirvana, and it is a breeze to deal with them.

Not to mention, the six-fold nirvana and the blade storm are useless.

"go!"

At the moment, Ye Xuan is directly applying the shadow step and plunging to the north.

It was only two hours away from Xuan Ming's eyes, but Ye Xuan's speed was no slower than that of the main hall. With the effect of the shadow step, he was confident to catch up with him in an hour.

His plan is to intercept this mysterious scorpion on the way. Otherwise, if it is known to the singer of the Xuan Ming, then the yin and yang temple may be destroyed.

The yin and yang temple is not extinguished, Ye Xuan does not care, he is afraid that the Song Dynasty and the Song ruling will be affected.

Xuan Ming double eyes, must die!

Ye Xuan, who is using the shadow step, is really fast enough to explode. With the help of the goal of killing and killing, Ye Xuan will not find the wrong direction.

He can accurately sense that the distance between him and the other is rapidly approaching.

An hour later, he finally saw the goal of the death chase, Nalan Bing!

"Finally I find you!"

Ye Xuan's mouth was slightly tilted and his eyes flickered.

This time, he must kill the Xuan Ming double-claw, complete the commitment to Mo Xueyi, and resolve the crisis of the Yin and Yang Temple.

The sacred sacred priest is the main hall of the yin and yang temple, in addition to three five-year-old elders.

These are very powerful for the previous Ye Xuan.

After he broke through, it was nothing.

"Megatron, this time, let you kill the Quartet!"

Ye Xuan's heart is a dark sentence.

In order to insure, he is prepared to use the blade storm directly, killing all six people in front, one is not left.

However, it is at this time.

The lord of the branch of the temple, who was escorted to the front of the temple, suddenly turned and looked.

"Who?"

The main hall of the temple was angry and shouted.

From the beginning, his heart was a bit embarrassing. It seems that something big will happen, so he is very vigilant.

Ye Xuan did not expect that he was clearly separated by such a distance, but it was discovered by the main hall of the temple. It seems that the main hall of the temple should be the six peaks of Nirvana.

"Hey."

Ye Xuan snorted twice and shone.

"The Eye of the Mind!"

"Hey, take control of success!"

"Hey, take control of success!"

"Hey, take control of success!"

A series of three system prompts to sound, these three ninja elders, directly controlled by Ye Xuan.

"Hey!" "Hey!" "Hey!"

The three men suddenly shot, the goal is the two people.

Xuan Ming's eyes are now locked, and they can't use the infuriating. They still rely on the temple to fly.

They simply can't escape the sneak attack of these three people!

"Three elders, what are you doing?"

The main hall of the temple was shocked and hurriedly blocked in front of Xuan Ming's double scorpion, and then all the sneak attacks were defeated.

"Booming!"

The sneak attacks of the three elders all failed.

In fact, Ye Xuan is anxious. If he and the main hall of the branch are singled out, let the three elders attack, this is 100% successful.

"It's you?"

Nalan Bing and Nalanjie also discovered Ye Xuan and widened his eyes.

They think about going back to the recipients, and then sending the strongest of the Habitat to search for Ye Xuan.

I did not expect that Ye Xuan sent it to the door!

The key point is that when they saw Ye Xuan before, Ye Xuan was not broken.

In such a short period of time, Ye Xuan even broke through to the Nirvana, and there seems to be the ability to fight with the six peaks of the Nirvana.

These three elders, I am afraid, have been controlled by Ye Xuan.

Although their sneak attacks failed, but failed, how?

"Three elders, I didn't expect you to betrayed, die!"

At this time, the main hall of the temple immediately reacted and directly shot.

"Oh!"

A sword, three heads.

The strength of the main hall of this temple is also superb. He is indeed the six peaks of Nirvana, and will soon break through to the seven-fold nirvana.

Spike three people, not difficult!

"Kid, who are you?" The diaspora also turned his attention to the blonde's Ye Xuan, questioning.

There is a problem in his mind that he can't figure out.

If the three elders who have died have been rebellious and want to set their minds to death, why wait until now?

They have been on the road for three hours, and they can do it on the way. In that case, he is absolutely unable to come over.

But now, the three elders have to wait for him to turn around.

It's hard to be controlled, is it controlled by Ye Xuan in an instant?

"You don't need to know, I want to kill, just two of them!"

Ye Xuan said coldly, it is direct shot.

"The killings broke out!"

"Yanlong is unparalleled!"

A golden dragon swept away.

The main hall of the temple felt the power of this attack, but he still dismissed his mouth: "Glyphs!"

"Ice and Fire Two Swords!"

A large sword of ice and fire is condensed and squatted.

Before that, the deputy prince of the Yangdian Temple thought that this trick was only practiced by him. In fact, the main hall of the temple was practiced earlier than him, but it was never used. Therefore, the deputy master Ma Deyu would think so.

"Hey!"

Ice and fire sword, the golden dragon will be defeated.

But at this time, Ye Xuan had already swept past the main hall of the temple.

"Hey, look for death!"

The main hall of the temple has a low drink, and after ensuring that there are no other people around, it is welcoming.

However, how could he know that Ye Xuan had three helpers and waited in the planting space.

"The killings broke out!"

"Yanlong is unparalleled!"

"Ice and Fire Two Swords!"

Ye Xuan and the main hall of this branch were hard-pressed.

Chapter 1378: Ye Xuan committed suicide!

However, it is at this time.

"Megatron, I went to smash the mysterious eyes!"

Ye Xuan said in the heart of the dark, the next moment, Megatron is suddenly appearing, plundering the mysterious eyes.

"what?"

The main hall of the temple was shocked. He did not figure out how the sword appeared. After all, this weapon was not thrown by Ye Xuan, but suddenly appeared.

However, he has been wrapped up by Ye Xuan and it is impossible to catch up with Megatron.

"Damn, this is to be dedicated to the main hall, you can't move!"

"I want to dedicate to whom, die!"

Ye Xuan's light flashes.

Megatron has already plunged into the front of Xuan Ming's eyes, and the next moment, he will be able to squat the head of Xuan Ming.

Xuan Ming's eyes are also wide-eyed, and they certainly won't think that they will die here.

However, it is at this time.

"call out!"

I don't know where it was blowing a gust of wind. Megatron was blocked by this wind and could not move.

"what?"

Ye Xuan was shocked and stared at it. He found that this was not a gust of wind, but a person.

However, this person's speed is coming to his reaction.

This is a white old man, his right hand will be stunned by Megatron, only to let Megatron move.

The realm of this white old man, even Ye Xuan can not see through, but, Ye Xuan has a feeling, this white old man, I am afraid to be powerful to the explosion.

Even the yin and yang ancestors, I am afraid it is not the opponent of this white old man!

This is the feeling of Ye Xuan!

"The escort?"

Ye Xuan suddenly reacted.

"Hey!"

The white man's right hand suddenly caught fire, and then Megatron was burned in an instant.

"Hey, Megatron died!"

"Hey, Megatron is resurrected!"

Two system prompts sounded, but Ye Xuan was still in the same place.

Such a strong opponent, at least Nirvana is eight or Nirvana.

Even, it is a long habitat.

"Long live, won't you?"

Ye Xuan can't believe that if the other party is a long-lived person, he has no chance of winning.

Not to mention the long habitat, if it is a nirvana, he can not win.

"Mom, just in front of me, I was disturbed by people!"

Ye Xuan's heart is also in the mother-in-law, how the luck of this mysterious mantra is so good, it has been several times, and everyone has saved.

"Two seniors, are you all right?"

The white man said reverently.

"Nothing, leave these two people!" Nalan Bing said nothing, directly told him.

"it is good!"

The old man in white nodded.

Upon hearing this, Ye Xuan's face changed greatly, ready to break away from the void.

However, he suddenly found that his body could not move, not only that, but also the neighbors of the temple.

"The Eye of Vientiane?"

Ye Xuan's eyes widened.

The use of Vientiane in the air, this is the effect of the eyes of Vientiane, I did not expect that this white old man actually has.

This is trouble!

"It seems that it can only be suspended!"

Ye Xuan immediately summoned Megatron and then directly stabbed himself to his chest.

"Oh!"

The earthquake sword pierced his heart.

This scene is also to make the white-haired old man surprised.

"Death also!"

At this time, Nalan ice shouted.

Ye Xuan's life and death, it does not matter to her now, because she can already use the soul search, even if it is a dead person, can also search.

At that time, she will know where the fall is!

Originally, Ye Xuan wanted to avoid this robbery, but did not expect Nalan Bing to be so embarrassed.

This is really troublesome!

"It's not good, it's not moving now, and the old man in white has vigilance. Even if he breaks the void, I am afraid I can't let the tree help me to enter the door of the void!"

Ye Xuan's face changed greatly.

Anyway, this method has to be tried.

"The Eye of Void!"

A door to the void opens up.

"Ok?"

The old man in white reacted very quickly, and suddenly used the eyes of Vientiane to pull Ye Xuan.

In the blink of an eye, Ye Xuan was pulled to his face.

Although Nalan Bing said that he is dead, is it better to live than to die?

Now, Ye Xuan is completely restrained and can't move.

I can't get hurt, I can't escape, his fate is probably over!

"I know, this Nalan ice is for my memory, she wants to search my memory!"

Ye Xuan suddenly understood.

However, he has an eternal eye. If the two eyeballs are not destroyed, they will not die.

Sudden death, I am afraid that this white old man will not be able to pass.

"It seems that this time we must break the avatar!"

Ye Xuan suddenly made a decision.

This decision is a decision he has never made, that is, suicide!

This time, it is really suicide!

"Xuan Ming Shuang Yu, this time I am a leaf planter!"

Ye Xuan's light flashed, and the pair of golden cymbals suddenly became red.

"Ok?"

The white old man and the Xuan Ming double sister felt that they were wrong. The next moment they responded.

However, Xuan Ming's eyes have not stopped.

In their view, Ye Xuan's eyes are nothing, even if he is dead, it's fine.

"Hey!"

Ye Xuan's eyes were smashed by his own instinct.

This time, even if you have the eternal eye, Ye Xuan is dead!

After Ye Xuan's eyes burst, his body suddenly turned into fly ash and was blown away by the wind.

"What, what happened?"

Nalan Bing was shocked, but his eyes were smashed. How could it be like this?

It's hard to be true, what is Ye Xuan in front of them?

"Two predecessors, this..."

The white-haired old man is also confused.

Live to see people, die to see the body.

However, Ye Xuan died without even the body, leaving only that set of clothing.

How can this be?

"Under your spiritual knowledge, no one else?" Nalanjie asked.

"The younger generation can be sure that there are no other people!" The old man in white shook his head and turned his head and glanced at the main hall of the temple.

"Hey, this kid has a lot of means, it is estimated that it is just a flaw." Nalan Bing answered unpleasantly, she thought she could catch the fall, but she did not expect to fail again.

Naranger also glanced at the temple owner and said, "That yin and yang temple..."

"Destroyed, a branch can not stay!" Nalan chilled cold and replied.

"Yes, two seniors!"

The white old man nodded respectfully.

For the level of power to destroy the yin and yang temple, he can really do it.

"In addition, I want the inheritance of the yin and yang temple!" Nalan Bing suddenly reminded.

This yin and yang temple is too low for them, but it may be able to inspire them to improve the yin and yang.

.....

"Hey, the host's avatar died!"

"Hey, the host's avatar died!"

The deity and the first avatar are in a state of fit, so it is a corpse and two lives.

At this time, the second detachment far from the East China is also the eyes that suddenly opened.

"Xuan Ming double this hatred I Ye Xuan will definitely report!"

Ye Xuan gnashed his teeth and said.

Chapter 1379: Resurrection

This time, Ye Xuan is certified.

There are no ways for his two suicides to commit suicide. After all, if he is shackled, his infuriating can no longer be used. If he is controlled again, he will never be able to leave.

By then, only the second detachment of the Eastern Continent will be able to act.

In this case, what does the deity and the first avatar still have to do?

Therefore, he resolutely made the decision to blow his eyes!

Now that he has merged with the blood of the undead, he just feels a pity for the two undead fallen, but this is inevitable.

"Don't die, the blood of the gods, you can use the swallowing point to resurrect the undead, but I am a little bit now..."

Ye Xuan thought about it and finally decided to recycle some skills.

"The tree is old, I can't help it..."

Ye Xuan will tell the story through the old tree.

"No, isn't it a trick? You have taken me to raise so many realms, and I still don't die. If you die, am I also dead?"

The tree is always disapproving and readily accepts this fact.

"it is good!"

Ye Xuan said nothing, that is, the old mania of the tree was swept away and recycled.

"Hey, arrogant sweeping and recycling is successful!"

"Hey, the host gets two points to swallow!"

It's not bad to scream for this skill, but since the old realm of the tree can't keep up, Ye Xuan decided to recycle it first.

Recycling maniac has got two points to swallow, and the upper limit of the killing value has also been exchanged a little, so Ye Xuan has a total of three points to swallow.

"Hey, the host consumes a little swallowing point and starts to resurrect and die!"

"In the unrequited resurrection, it is currently one percent!"

"Hey, the host consumes a little swallowing point and starts to resurrect and die!"

"In the unrequited resurrection, it is currently one percent!"

The four-channel system prompts the sound, and Ye Xuan has only a little swallowing point left.

Helpless, the resurrection still takes a day.

"what happened to you?"

Just when Ye Xuan thought about it, Guan Lan, who was next to him, suddenly got up.

It's been more than two years since the Song Dynasty and the robbed. In the past two years, both Ye Xuan and Guan Yulan were in the same bed, but at most they fell asleep and did nothing.

When I saw Guan Lan, I woke up. Ye Xuan also smiled slightly and smacked the hair of Fuguan Lan. He said: "Nothing, the two avatars were killed and are being repaired."

"Willed?"

Guan Lan's body shape is trembled. Doesn't that mean that Ye Xuan has one life left?

"Don't worry, I will not leave the Eastern Continent in this second avatar." Ye Xuan explained in a hurry.

In addition to the city of Lianyungang, there is no such thing as the Vientiane in the blood-rock continent. Except for the celestial being who lived in the wilderness, the rest of the people did not threaten him.

Although Guan Lan did not leave the blood rock continent, but Ye Xuan's previous Tiancai Dibao, also brought back through the second body.

At this time, Guan Lan and others are also at the level of the broken state, and some people have already reached the Nirvana.

In this **** rocky continent, they are overlords!

"Who was your two avatars killed?" Guan Lan asked curiously.

She knows that Ye Xuan is already the four peaks of Nirvana, and Megatron is a six-fold nirvana. Who can kill him?

"It's that Xuan Ming's eyes, I didn't expect a super strong person who was suspected of being born for a long time..."

Ye Xuan shook his head helplessly.

"The land of longevity?"

Guan Lan was surprised.

The strongest of the long-lived world can live for at least a thousand years, which is much longer than the history of some sects.

"Do not worry, I will be careful this time." Ye Xuan smiled.

"Ok."

Guan Lan nodded slightly, leaning on the arms of Ye Xuan.

Over the past two years, there have been some changes in the **** rock continent. For example, Ye Xuan built a floating island with the power of Vientiane. Zhao Pan gave birth to a small fat man. The six emperors unified the main mainland, and the wind and dust have no trace. Brothers companionship in Penglai Holy Land and so on...

However, Ye Xuan has not cared about the matter here. What he is worried about is that Xuan Ming's eyes are on the Yin and Yang Temple.

Soon, the time of day has passed.

"Oh, unrequited and resurrected successfully!"

"Oh, unrequited and resurrected successfully!"

The two systems prompted to sound, and Ye Xuan became three more lives.

Then he immediately called out.

"Young Master, be careful this time."

On the floating island, he said to the deity of Ye Xuan.

Since there is still a detachment here in the Eastern Continent, after the fall, the old tree and the Megatron retreat, you can play with other people here.

"it is good!"

Ye Xuan nodded, even if it turned into a stream of light to leave.

At his speed, he arrived at the entrance to the holy land of Penglai almost in the blink of an eye, and then began to hurry.

The Blood Rock continent is in line with the Penglai Holy Land, so he must arrive at the land of the dead as soon as possible, and transmit it to the Twilight Holy Land through the cross-border transmission array of the eight major families.

A few seconds later, Ye Xuan came to the cross-border transmission array.

On that day, he and the mini-Dragon were transferred from here to the Twilight Holy Land, and then parted ways with the mini-Dragon. He was still spinning in the Twilight Holy Land, and the Mini-Dragon was looking for the next cross-border transmission array to be transmitted to the Holy Land.

Before using the cross-border transmission array, Ye Xuan also strengthened the cross-border transmission array and arranged some defensive arrays so as not to be accidentally destroyed, so that he could not go.

"Hey!"

The cross-border transmission array started, and in the blink of an eye, Ye Xuan returned to the streamer holy place.

"I have a vanity position in the beasts of the beasts. This distance is enough."

Next, he did not go straight, but broke the void.

Through the door of the void, Ye Xuan returned to the Wan Zongzong, where the temple of the Yin and Yang Temple was separated. At his speed, it only took more than an hour.

"It's been a day now, and the old man in white may have been looking around for four weeks, but I'm still careful!"

Ye Xuan frowned, turned into a person who had been controlled, and concealed.

Then he began to hurry again.

after an hour.

Ye Xuan cautiously came to the temple of the Yin and Yang Temple, and found that it has become a ruin.

"Damn, it seems that the mysterious eyes really let the white-haired old man get started, and the cut is dangerous!"

Ye Xuan's face changed greatly and looked into the distance.

The death killing order was not lifted, but Nalan Bing was far from him.

Perhaps, the yin and yang temple has not been destroyed!

At the moment, he began to hurry and rushed to the place where he blew himself that day.

But there is nothing to be nostalgic here, so he continues to go north.

What surprised him was that after he pursued a certain road, he found that he came to the beach.

“This is, no ice sea?”

Chapter 1380: True ice-free waters

“This is, no ice sea?”

Ye Xuan brows a pick.

The island is in an ice-free sea area, but the sea area is not large, it is the inner sea.

This piece of water seems to be larger than the ice-free sea area on the island.

"That Xuan Ming's eyes are too far away from me, but they should also pass through this ice-free sea..."

Ye Xuan paused.

He recalled the route of the branch of the temple that day, and seemed to enter this ice-free sea, so he thought about it for a while and decided to enter the ice-free waters directly.

“The ice-free waters cannot fly, and they will not be able to condense into ice. They can only use the power of Vientiane to propel the ships. At the same time, pay attention to those whirlpools...”

Ye Xuan took out a small boat and entered the ice-free waters.

With the eye of the void, Ye Xuan is not afraid of life danger. If he is accidentally caught in the whirlpool, he can also escape.

In this ice-free sea area, there are still a lot of whirlpools, but Ye Xuan's three eyes of the perception of the eye, the spirit, the killer instinct, so that he can easily find a way out.

However, this is not 100% able to avoid.

Just as Ye Xuan entered the ice-free waters for the second hour, there were some changes in the sea.

"Tragic, these swirling beasts have begun to change..." Ye Xuan's heart trembled, but fortunately he was on the way to position the void, otherwise he would be very empty.

The swirling beast underneath changes its position every once in a while, then creates a whirlpool again, engulfing the food that was accidentally caught in the whirlpool.

Every time he changes, Ye Xuan is likely to overturn.

"It's a waste of my time to overturn the ship." Ye Xuan has some headaches and speeds up directly. Just leave this area.

However, the world is unpredictable.

"Calling!"

Suddenly, the water near him began to roll up, and the intuition told Ye Xuan that there was a vortex underneath.

"The trough, big!"

The water in the area of Ye Xuan's perception is all rolling, how big is this vortex?

Just as he was about to break away from the void, the whirlpool suddenly appeared, and the whole man fell into it. This scene suddenly came, and even he was killed and caught off guard.

"Hey!"

Ye Xuan was dragged into the whirlpool and began to rotate around.

"Megatron, protect me!"

Ye Xuan hurriedly summoned Megatron to make it a set of armor covered in brilliant gold armor.

Megatron now has a little luck, and its defense ability is stronger than before. Although crit defense is not always present, it may not be able to save lives at critical moments.

This whirlpool is extremely fast, and even the Ye Xuan, who is in the middle of the Nirvana, can't resist it. Fortunately, his master of this level can almost survive without relying on the air. It can be replaced with the real gas, so even stay in the sea. There will be no problems for a hundred years.

However, with the whirlpool, the sea in this ice-free sea area is getting heavier and heavier. Ye Xuan only feels that his speed has dropped by at least 20%, and it is still rising.

He estimated that this time he would be swallowed by the whirlpool beast, but like his small creature, the whirlwind beast would certainly not bite him and would swallow it directly into his stomach.

At that time, he can stop the whirlwind beast by the way.

Such a large vortex, at least Nirvana, or even a nirvana vortex beast can be made, which is a huge fortune.

At the same time, as long as you lick this vortex beast, then he can return to the water again, no need to re-drive, save time.

"Let me see, the true face of your swirling beast!"

Ye Xuan's light flashes and he is ready to zoom in.

He followed the whirlpool, and soon he felt his speed dropped by at least 30%.

Not only that, he also felt a touch of warmth.

"Strange, the more down the sea, the hotter the sea?" Ye Xuan was a bit strange.

Because there is no danger, Ye Xuan directly directs Megatron to sneak a look.

"call out!"

Megatron turned into a fine needle and broke down.

After a while, there was news.

"What, you said there is a glowing big beast underneath?" Ye Xuan brows a pick.

The snails that make the whirlpool are called whirlpool beasts by people around them, but no one can live after seeing this vortex beast.

However, if you want to come, the mouth is strong and the suction is strong. The seawater within the scope of Ye Xuan's perception is agitating. It seems that this vortex beast is not good.

However, what Ye Xuan does not understand is why the whirlpool beast shines?

Is it a lantern fish?

"I will go down and see..."

Ye Xuan, wearing a brilliant gold armor, transported the infuriating water and broke the sea. After a while, it was really a source of light.

At the moment, he immediately used the eye of insight, and found that this source of light was actually what he was looking for.

"That is, Haixinyan?"

Ye Xuan eyes are the boss.

He is now the four peaks of Nirvana. If he wants to break through to the top five in Nirvana, what he needs is the 90th of the fire list.

This sea heart flame is generally born in the deep sea, but the deep sea has always been a dangerous place. It is not so simple to find the sea heart flame.

Before Ye Xuan was guessing whether there was a sea heart flame in the ice-free sea area. He originally wanted to confirm the situation of the main hall of the yin and yang temple and then went back to look for it. I did not expect to encounter it now.

However, at this time, the sea heart flame is not exposed to the sea, but in a large body.

This big man is the sacred beast known as the whirlwind beast.

"It's so big, it's a little trouble to kill!"

Ye Xuan brows a pick.

However, it is not good, because if you inhale something bad, it is very deadly.

For example, Ye Xuan!

"Megatron, let's go in!"

Ye Xuan immediately gave orders to Megatron. At the moment, Megatron is directly behind Ye Xuan and is directly inhaled into the body of this whirlwind beast.

At this time, Ye Xuan's speed is estimated to be only about 60% outside. This sea water is too heavy. If it is a general Nirvana, I am afraid it has been suppressed.

The whirlwind beast inhaled Ye Xuan, and after being passed through the esophagus and other places, it was inhaled into the stomach.

The stomach of this whirlwind beast is also very large, and the things that can be digested will be left here. As for the sea water, it will be directly excreted. After the food is eaten almost, the whirlwind beast will stop eating.

This whirlwind beast has obviously not eaten enough, so it is constantly entering the water.

Ye Xuan came to this huge stomach and glanced at it. He found that Haixinyan was next to the heart of this swirling beast, and at the same time, it was just on top of his head.

"Megatron, right above, break it open!"

Ye Xuan commanded.
