

## Super D. S 1381

### Chapter 1381: Sea heart flame

However, Ye Xuan has forgotten a bit. This time, Megatron was powerless because it was restricted and unable to fly.

There is also an air zone in the stomach, but anything in the ice-free waters cannot fly unless the realm is high.

"If that's the case, then I will break myself!"

Ye Xuan will hold Megatron in his hand and throw a sword against the top of his head.

"The killings broke out!"

"Yanlong is unparalleled!"

The golden dragon screamed out and blew a big hole directly on the stomach wall. Then, Ye Xuan took out a small boat and climbed up and then slammed it hard.

"puff!"

Ye Xuan entered the big hole that was smashed by the golden dragon, and then his dawn began to flash.

"The Eye of the Burst!"

"The Eye of the Burst!"

"The Eye of the Burst!"

Ye Xuan used the decomposition effect of this shattered eye to open a passage directly in the stomach of the whirlwind beast.

"Roar....."

The stomach of the whirlwind beast was hit by a hole in Ye Xuan, and the heart was sore, the big body trembled, but Ye Xuan was like a spider, and he caught the meat of the whirlwind beast. He will never fall back into his stomach.

Fortunately, the stomach position of the genius is relatively high, only to filter the sea water, so there is no stomach acid, otherwise I am afraid that even Megatron will be melted by stomach acid.

At this time, Ye Xuan had already arrived at the top of the stomach, and after several passes of the checkpoint, he finally saw the sea heart flame.

"In this ice-free sea area, there should be more than one sea heart flame, so the sea can't condense into ice, but it can't fly, I don't know."

Ye Xuan thought in his heart, it was a pair of feet, plunging directly toward the sea heart flame.

Haixinyan, the ranking of the fire list is the ninth. The fire Ye Xuan of this thing can bear it, so Ye Xuan's hand is all right.

"Hey, the host has swallowed the heart of the sea!"

"Hey, the host breaks through, and it's currently five in Nirvana!"

"Hey, the host completes a specific upgrade task, and rewards the killing outbreak to improve once!"

This award is not bad.

The killing of the killing is very practical for Ye Xuan, so it definitely enhances his combat effectiveness.

However, the most important thing is that he broke through the five-fold nirvana, which made his strength soar.

Haixinyan has been taken away by Ye Xuan. This whirlwind beast is also felt, but Ye Xuan is in its body. How did he get Ye Xuan?

"Dead!"

Ye Xuan holds the shaking sword and kneels.

"The killings broke out!"

"Yanlong is unparalleled!"

A golden dragon, plunging directly into the huge heart.

The vortex beast's defense is indeed strong, but the internal organs are not strong enough.

The heart of the whirlwind beast was instantly worn by the golden dragon, and the tons of blood poured out like a waterfall, and the pungent \*\*\*\* smell spread.

Under normal circumstances, the heart is the key, although the heart is not allowed to die immediately, but it will not last long.

The body of this whirlwind beast and immediately fell to the bottom of the sea.

"Hey, the host's killing value is improved!"

Ye Xuan has raised a lot of killing value, but the most precious thing is this corpse.

"This whirlwind beast is estimated to be an eight-level nirvana, and the strength is not bad. I don't know if there is a bigger whirlwind beast in this ice-free sea..."

Ye Xuan thought in his heart, returned along the original road, and then received the body of this whirlwind beast into the planting space.

Later, he returned to the sea and continued on his way.

The next road was very flat. Now he broke through to the five-fold nirvana, and the road was faster. After one day, he left the ice-free waters.

He estimated that the main hall of the yin and yang temple is near here.

"Go around!"

When Ye Xuan's eyes slammed, his body flashed and he swept in one direction.

Half an hour later, he found a small town.

This town is not big, but there are quite a few masters in it, and the strongest is the six-fold nirvana.

Moreover, this six-strong powerhouse in Nirvana is actually a yin and yang person.

It seems that a disciple of the Yin and Yang Temple was found.

"The Eye of the Mind!"

Breaking through the five-fold Ye Xuan in Nirvana, it is not a problem to control the six-plus yin and yang of this nirvana.

"Hey, take control of success!"

When the system prompts to sound, the disciple of this yin and yang temple is leaving the town and heading towards Ye Xuan.

"You are a disciple of the main hall of the yin and yang temple?" Ye Xuan asked directly.

"Yes!"

This yin and yang person nodded directly.

"Is there any change in your yin and yang temple?" Ye Xuan continued to ask.

"Yes!"

This yin and yang person nodded again.

This answer is also to let Ye Xuan's heart cool down, the Yin and Yang Temple really has an accident.

"What happened?" Ye Xuan hurriedly asked.

After the yin and yang man paused, he explained: "I don't know the specifics. I didn't live in the yin and yang temple that day. I also listened to other disciples."

"In the past few days, the yin and yang temple suddenly came to a super-strong super-strong man. After a single blow, the yin and yang temple was ruined. Countless disciples died and everything was taken away by the super strong."

boom!

Upon hearing this, Ye Xuan's heart trembled and hurriedly asked: "Who is the yin and yang ancestors, where is he?"

"Yin and Yang ancestors, the first main hall of my yin and yang temple, he established the yin and yang temple, but it is said that it does not retreat in the yin and yang temple..." The Yin and Yang people replied.

Life is really ups and downs.

Before Ye Xuan thought that the yin and yang ancestors also died, now after hearing this, suddenly like seeing hope, then ask: "Do you know the Song Dynasty and the Song ruling two people?"

"Song Dynasty, Song ruling?"

This yin and yang person paused and seemed to be thinking about something. At this time, the woman in his body suddenly said: "This seems to be two disciples collected by the ancestors three years ago, but the two seem to be from extremely remote places. I have been found by my ancestors, and I have heard that it has not been successful yet!"

"Oh yes, I think about it. It is said that the two people's physical fitness is perfect. If it is fit, the degree of integration should exceed 90% of the ancestors and reach 10%." The Yinyang brother also reacted.

"So, they are still not fit?" Ye Xuan's eyes lit up.

"It should be no, I heard that these two people have been repelling, the frequency of the soul is always not uniform, so..." Yin Yang's sister shook his head.

This time, Ye Xuan is rest assured.

The yin and yang ancestors probably did not retreat in the yin and yang temple, but chose other places to teach the Song Dynasty and the Song ruling.

"Hope is so..."

Ye Xuan still has some embarrassment in his heart. After all, this Yin and Yang people are only six in the world, and there are not many things to know.

In any case, he had to go to the yin and yang temple, he must see the situation with his own eyes.

Chapter 1382: Yin and yang ancestors

At the moment, Ye Xuan asked about the location of the yin and yang sanctuary, and then rushed alone.

Since the yin and yang temple was destroyed, due to the previous shackles, after the yin and yang temple was destroyed, the disciples were wanted and did not dare to appear again. If exposed, they would definitely be killed and then quickly.

When he came to the main hall of the yin and yang temple, he saw that it had become a ruin, and there was no life.

It seems that it was hit by a blow.

"It should be the old man in white on that day, and that person is really a super-master of long-lived."

Ye Xuan has a lingering fear. When he thinks about the situation of the day, he is ashamed.

Fortunately, he still has one avatar in the East, otherwise it will be really degraded.

You must know that he has survived in the face of Mo Xueyi, and now he is forced to blow two avatars in the face of Xuan Ming.

"This hate, I must report!"

Ye Xuan's eyes glimpsed, and the heart whispered.

But before that, you must first find the Song Dynasty and the Song ruling.

It has become a ruin, not even a dog, and the investigation is somewhat difficult.

The place where the yin and yang ancestors are located is not known to everyone. Even if you find some yin and yang people, I am afraid it will not help.

It is very troublesome to find!

However, just as Ye Xuan was at a loss, the sky suddenly swept a figure.

What Ye Xuan sensed, turned his head and saw that after he saw the coming, the whole person was shocked.

This person is that he has been looking for yin and yang ancestors for nearly three years!

"No, no, no..."

The yin and yang ancestors yelled as they flew, and his eyes fell on the ruins.

The yin and yang temple was built by him. However, now that he has been destroyed, can he calm down?

"No, who is it, who is it?"

The yin and yang ancestors seem to have lost heart and madness, yelling at that big scream.

At the same time, Ye Xuan also put away the seemingly murderous eyes and quickly retreated.

At the same time, another death killing order was placed on the yin and yang ancestors.

After completing a specific upgrade mission, the death killer order was upgraded once and it is now possible to tag two people.

One of the marks is Nalan Bing, which gave Xuan Ming's eyes.

The second is the yin and yang ancestors!

This time, he did not expect that the yin and yang ancestors would appear, so he could not lose the whereabouts of the yin and yang ancestors, and lay down a death killing order.

At the same time, he also knows the names of the two brothers and sisters of the Yin and Yang ancestors, his brother is Lu Wenxing and his sister is Lu Wenyue.

This yin and yang ancestor, before it was indeed not in the yin and yang temple, but with a few apprentices seclusion in another place.

If the surviving Yin and Yang people find his seclusion, he probably does not know that the Yin and Yang Temple has been destroyed.

After learning about this, he rushed over without a stop. Sure enough, the yin and yang temple that he had established was no longer there.

"This level of attack, people in the yin and yang temple can not live, who made this?" Lu Wenyue also asked with great pain.

"I don't know, I can't think of anyone who can strike a whole yin and yang temple, which is bound to be a long-lived double or even a triple master!" Lu Wenxing said with a grin.

"There must be people in the temple who have provoked a strong enemy and brought a devastating blow to the temple. Brother, there are not many forces around this level of power?" Lu Wenyue continued.

"In any case, we must find out the culprit, our millennium efforts, absolutely can not be wasted!"

Lu Wenxing said that he also turned around and left.

His speed is very fast, in the blink of an eye is flying away from Ye Xuan's vision, even the eye of insight can not be found.

"So fast!"

After seeing the speed of the yin and yang ancestors, Ye Xuan couldn't help but swallow.

He did not hear what the yin and yang ancestors were saying, but he saw the mouth shape of the yin and yang ancestors. After the analysis of the super swallowing system, he knew the dialogue of the genius.

However, the dialogue between the two brothers and sisters has no value.

He estimated that this yin and yang ancestor should also be the strongest in the longevity. Of course, their breath is not comparable to the white man in the day.

"Look at this, the ruling and the ruling should have nothing to do. This yin and yang ancestors may now return to the seclusion, chasing!"

At the moment, Ye Xuan is quickly following up.

Although the speed of the yin and yang ancestors is astonishingly fast, there is a killing and killing effect. Even if it is the end of the earth, Ye Xuan will not lose the target.

On the way to chase, Ye Xuan is constantly paying attention to the actions of the yin and yang ancestors to see if they stayed somewhere for a while.

Maybe that place is his retreat!

About half a day later, the yin and yang ancestors stopped, and the time was about five minutes. Immediately, they swept toward the north.

"There!"

Ye Xuan's eyes widened and he quickly wrote down the approximate location.

He estimated that it would take at least a day at his speed to reach the place where the yin and yang ancestors stayed for five minutes.

Hope, there is the place where the two men of the Bible and the ruling!

After staying for five minutes, the yin and yang ancestors continued to go north, and the road that had been rushing for a full day did not stop.

This direction is in line with the other goal of the death killing order, Nalan Bing.

"The direction of the yin and yang ancestors and Nalan Bing is the same, but the difference between the two is too far. Nalan Bing opened the yin and yang ancestors for several days, and the yin and yang ancestors could not catch up!"

Ye Xuan thought in his heart.

At this point, he was already on the road for a day, and finally came to the place where the yin and yang ancestors stayed for five minutes.

Here, there is a valley surrounded by a fascinating array of illusions and various defensive arrays.

It seems that Ye Xuan did not find the wrong place!

"Found, finally found, cut, ruling, wait for me!"

Ye Xuan's mood is a little excited.

After looking for nearly three years, he finally climbed from the Supreme Way to the Nirvana, and experienced countless times of life and death, finally finding someone!

"In this reclusive place of yin and yang ancestors, there may be some masters, you must first try it!"

Ye Xuan quietly approached and prepared.

Then, he made Megatron a dragon and attacked the valley.

Megatron is a six-fold nirvana, and its strength is not bad. But the array around the valley is made by the yin and yang ancestors, but not the average person can break open.

"Booming!"

The 100-meter dragon of Megatron's transformation, constantly attacking the defensive array of the valley, the sound is deafening, and naturally falls into the ears of people in the valley.

"A big courage, dare to attack the ancestral home of the ancestors, find death!"

Several Yin and Yang people screamed and killed directly.

Chapter 1383: Seclusion valley

These few people are all in the seven-level level of Nirvana, and the strength is not bad. However, this is not a big deal for Ye Xuan, who has broken through the five-fold nirvana.

"Young master, is it killing, or control?" asked Luo.

"To control these four people, I need to use them to enter the valley and display a glamorous eye." Ye Xuan replied.

"it is good!"

Nodded and fell, even if it appeared next to Ye Xuan.

After these few days of rushing, she has already broken through the five spheres of Nirvana to the six spheres of Nirvana. The four people do not need the eyes of charm, but think that the other is Yinyang, the soul strength is higher than ordinary people. In order to be on the safe side, still use the eye of charm.

These four people have already appeared in front of Megatron, and then they are all ready to take off.

But at this moment, the fall suddenly broke out.

"The Eye of Charm!"

A pink eyeball appeared, and almost instantly, the four yin and yang people were controlled.

Then, they pretended to kill Megatron and then began to investigate.

Ye Xuan swept around and called the four people after they found no other people or Tongtian beasts.

He did not say anything, took the four people's Qiang Kun ring, and then swallowed things unceremoniously.

"Hey, Megatron's breakthrough, the current Nirvana is seven!"

"Hey, the host has reached the top five peaks in Nirvana!"

After the two system prompts, Ye Xuan finally knows that he wants to break through to the six spheres of Nirvana. What kind of fire is needed.

Dragon and Phoenix, the eighty-eighth ranking of the fire list, is said to have been born in the dragon and phoenix.

This dragon and phoenix is the descendant of Tianlong and Phoenix.

However, this time there was still a substitute fire, the name is Long Huang.

Long Huang is also a descendant of Tianlong and Phoenix.

However, this dragon and phoenix, the former is public, the latter is the mother.

At the moment, Ye Xuan has no time to investigate this dragon and phoenix, and asks matters.

"Here is the reclusive place of the yin and yang ancestors. Is there a pair of brothers and sisters inside, called Song Congjing and Song ruling?" Ye Xuan opened the door and asked.

Before the Yin and Yang people knew the names of the Song Dynasty and the Song ruling, these four people could not understand.

"Know, after they were in the valley, they were locked up by their ancestors!"

"Yes, because they refused to fit, the ancestors shut them up and they have been intimidating and tempting."

"I heard that my ancestors also tried to erase the memories of both of them, but did not know what failed."

"The qualifications of the two of them are very strong. They have been in the yin and yang temple for less than three years. They have not yet fit together. They have even broken through to the seven-fold nirvana, and the qualifications are so enviable!"

The four yin and yang people answered one sentence.

Hearing this, Ye Xuan is also relieved, it seems that what he worried about did not happen.

"How many masters are there in the valley?" Ye Xuan asked again.

"There are still ten people in the seven-fold nirvana, three in the eight-fold nirvana, and one master in the nirvana, the first pair of apprentices of the ancestors!" one of them replied.

"Ten seven heavy, three eight heavy, one nine heavy, I can't deal with it now..."

Ye Xuan looks a bit ugly.

The Song Dynasty and the Song ruling were now locked in, but he did not have the strength to break into it.

However, it is not a method of no rescue.

"Several of you, tell me about the method of entering the market, and then take the nibble of Nirvana again." Ye Xuan said to the four people.

"Yes!"

These four Nirvana yin and yang people nod their heads, and even if they entered the valley, they told Ye Xuan.

Looking at the back of their departure, Ye Xuan thought for a moment.

There are still ten nirvana in the world, so that it can be charmed by the current realm.

At that time, the fourteen yin and yang people who are in the middle of the Nine Kingdoms will join hands, and dealing with the three nirvanas should not be a problem.

Of course, the nine-heavy yin and yang people in Nirvana are a big trouble.

Or, let the fall break through the seven-fold nirvana, so that you can stand alone against the nine-heavy yin and yang people in Nirvana.

However, this method is very insecure. After all, it takes two days to break through.

Is it not a tragedy if the yin and yang ancestors came back within two days?

Soon, the four yin and yang people who were in the seven niches were coming out with their companions and finally being left to control.

Ten of the seven niches of the Nirvana, all of which were given by Ye Xuan.

"Master, the dragon and phoenix you want to inquire, it seems that the ancestors' apprentices are there!"

A yin and yang person suddenly said.

"what?"

Hearing this, Ye Xuan's brow couldn't help but pick it up.

The dragon and the phoenix are the key to his breakthrough from the five-fold nirvana to the six-fold nirvana. If there is such a dragon and phoenix, he can immediately break through to the six spheres of Nirvana.

At that time, even if you kill directly, it is enough!

Unfortunately, this dragon and phoenix was actually in the hands of the yin and yang ancestors.

The apprentice of this yin and yang ancestor is the main hall of the yin and yang temple. It is the realm of the nirvana of Nirvana, not so good.

However, at this time Ye Xuan is thinking about another question.

Is this too coincidental?

"The fire of the beasts, the roar of the wind, the ice, the flames of the sea, the flames of the sea, the eternal heart, the dragon and the phoenix, are actually around me, which is too clever..."

Ye Xuan thought in a strange way.

However, he quickly calmed down, this super swallowing system, may be able to know the prophet, and know that Ye Xuan will find it here.

magical!

"No matter how much, getting the dragon and the phoenix is the main thing!"

Thinking of this, Ye Xuan turned around and asked: "Is this dragon and phoenix, is it important for the apprentice of the Yin and Yang ancestors?"

"Cui Dianshu has refining two kinds of different fires, and is trying to integrate this dragon and phoenix to break through the longevity!" one Yin and Yang people replied.

Being merged, this shows that Long Fengyi is very important to this Cui Dian!

It seems that I want to get it, it is not so easy!

"The three elders with eight ambitions can be led out separately?" Ye Xuan continued to ask.

"All right!"

Everyone should sing.

"Okay, then lead a relatively weaker strength." Ye Xuan nodded.

Immediately, these yin and yang people hurried back, in order to prevent the people inside from being suspicious, there are several of them in the valley.

The ancestor's disciple, Cui Dianshu, was the person who guarded the Song Dynasty and the Song ruling. Although Ye Xuan did not have the ability to compete with him, he could save the Song Dynasty and the Song ruling as long as he was removed.

It didn't take long for three yin and yang people to leave the valley with an eight-year-old elder.

"A group of wastes, you are still the elite of my yin and yang sanctuary, even a one-of-a-kind eight-day Tongtian beast can not solve, how to reinvigorate my yin and yang temple?"

Chapter 1384: one day

"A group of wastes, you are still the elite of my yin and yang sanctuary, even a one-of-a-kind eight-day Tongtian beast can not solve, how to reinvigorate my yin and yang temple?"

An old man slowly walked out, but his voice at this time was an old voice.

"Chen Elder, the Heavenly Beast seems to have the ability to break open the void, and the hole it left is there..."

A Yin and Yang person pointed to the front.

"Oh? Breaking the void?" The old man's eyes lit up and he immediately became interested.

Then, they came to the door of the void, this is the door of the void opened by Ye Xuan in advance, the purpose is to lead the elders through.

"It's amazing, this Heavenly Beast has such a means, how have I not heard of it?"

The old man was very surprised to go to the front of the void, and looked at it, but at this time, the three yin and yang people behind him were suddenly shot.

"Boom!" "Boom!" "Boom!"

The three men attacked and attacked the old man directly into the door of the void. At the same time, the door of the void was also closed instantly.

The old man was shocked and did not understand why he was attacked. And, where is this?

Still waiting for him to react, there was a golden figure on the side.

"The cycle is nine flashes, the fourth flash!"

"Oh!"

The old man's head was thrown up after a crisp sound. At the same time, Ye Xuan, not far away, also heard a system prompt.

"Hey, the host's killing value is improved!"

A nirvana killing value, Ye Xuan is very satisfied.

At the same level, Ye Xuan is not sure to overcome the fall, and now it is higher than him. It is natural to let the fall.

After receiving a specific upgrade mission, Ye Xuan knew that he had to rely on Megatron and fall.

At the moment, Ye Xuan is quickly rushing over, picking up the Qiankun ring and checking it out.

"There are still two fires of beasts..."

Ye Xuan is a bit strange, but the fire of this beast is not very useful for his realm.

The fall also incorporates a fire of a beast, and the fusion has no effect.

As for the old tree, it can be used, but I don't know if it works.

Ye Xuan gave the fire of one of the beasts to the old tree. As for the other one, it was kept first.

Then, Ye Xuan let those people continue to blame, let the fall settle.

The infuriating gas of the reincarnation is very expensive, but since Ye Xuan and Luo have shared the blood of the undead, the fall is just for use.

Soon, the two remaining elders were also taken out by the same method and then killed.

Now, in the valley, there are only the nine masters of Nirvana and the Song Dynasty.

As long as he leads this nirvana master, Ye Xuan can rescue the Song Dynasty and the Song ruling.

However, listening to these yin and yang people said that the Song Dynasty and the Song ruling tried to escape countless times, but did not succeed once, which is the strict guard of the Cui Dian.

"Go, take him out and see!"

Ye Xuan directly gave orders to these yin and yang people, and he waited quietly here.

After a while, there is a yin and yang person who has a seven-fold nirvana.

"Master, Master Cui has never left!"

This Yinyang person said to Ye Xuan.

Hearing this, Ye Xuan brows slightly wrinkled and said: "What reason do you use?"

"We went out with the three elders and have not returned yet. They are suspected of being swallowed up by the mighty Tongtian beast, but Cui Dianzhu did not agree and insisted on it." This Yinyang person replied.

"So?"

Ye Xuan is silent.

This master of Cui Dian is the pinnacle of Nirvana. It is only one step away from the longevity. It is estimated that it is in the refining of dragons and dragons, trying to break through to the longevity.

In addition, he is still guarding the Song Dynasty and the Song ruling. This is the command of his master. As long as the formation is not broken, he will not leave.

It seems that we must find other ways!

"This Cui Dian is the pinnacle of Nirvana. I don't have the ability to fight at the moment. Megatron is still almost able to break through to the nirvana..."

Ye Xuan thought, asking in his mind: "Let's fall, you use those treasures, when can you break through?"

"Now, it is estimated that it will take a day, unless there is a high-ranking fire..."

one day!

Then Ye Xuan waited for such a day.

As long as the fall breaks through the seven dimensions of Nirvana, then you can confront the strong players of Nirvana.

Although it is said that it has an advantage in the number of people, the four yin and yang people who are seven-fold in the world are far from the strength of Cui Dian.

Ye Xuan still remembers that Guo Yurong used the ice seal on the same day to kill those who were separated by the elders.

Nine-day peaks in Nirvana, can not be underestimated!

In order to find the Song Dynasty and the Song ruling, Ye Xuan has been looking for nearly three years, and now he has finally found it, and it is not bad.

However, it is not this that Ye Xuan is worried about, but the yin and yang ancestors.

"The yin and yang ancestors seem to be still far away, don't worry!"

Ye Xuan thought in his heart.

He is afraid that in the day of falling cultivation, the yin and yang ancestors suddenly turned back and killed one by one.

Fortunately, there is a good thing to kill and kill, so that Ye Xuan can accurately grasp the position of the yin and yang ancestors.

"Censor, ruling, wait another day, I will save you!" Ye Xuan said secretly in his heart.

Time, a little bit past.

However, just after half a day.

Ye Xuan, who was waiting quietly, suddenly flashed a bit, and shouted: "No, this yin and yang ancestors began to fold back!"

Fortunately, this yin and yang ancestor was turned back after half a day, which means that he still needs a day and a half to get back. After half a day, the fall has already broken through to the seven dimensions of Nirvana. As long as the ruling and ruling are saved, they immediately leave.

In general, the yin and yang ancestors are one day away.

Of course, as long as he leaves, he will not be worse than a day.

Ye Xuan prayed in his heart, only hope that this time can be rescued successfully, don't make any mistakes.

Soon, it was half a day passed.

"Oh, the breakthrough is broken, and the current nirvana is seven!"

The long-lost system prompt tone finally sounded.

The breakthrough has broken through to the seven-fold nirvana, and it has already had the strength to counter the niche of the Nirvana.

"Young master, I broke through!"

Ye Xuan's mind rang the sound of excitement.

The reason why Ye Xuan worked so hard is because of the Song Dynasty and the Song ruling. How can this be lost?

Speaking of it, she has not seen the Song Dynasty. After all, she was contracted with Ye Xuan after the Song Dynasty was taken away.

"The yin and yang ancestors probably have nearly a day to get there, go, act!"

## Chapter 1385: Nine peaks in Nirvana!

"The yin and yang ancestors probably have nearly a day to get there, go, act!"

Ye Xuan can't wait to say.

He has mastered the way to enter the valley, so he directly took the shocking sword and swayed in.

"Hey!"

The array broke open an entrance and Ye Xuan walked in.

The heavens and the earth in the valley are very abundant, very suitable for cultivation, and even exceed the planting space.

However, Ye Xuan's attention at this time has already fallen on the figure in the distance.

The valley is still big, but the master of Cui Dian is the strongest of Ninety, and his spiritual knowledge can cover the true valley.

Ye Xuan was just stepping in, was discovered by the master of Cui Dian, after all, Ye Xuan is a stranger. But the master of Cui did not act immediately because there were other people in the valley.

However, what he could not think of was that the fourteen yin and yang guards of Nirvana were indifferent, but instead they followed Ye Xuan and walked toward him.

"Betrayed?"

Cui Dianshu immediately responded.

At this time, he only remembered the three elders who were missing in the past, and I am afraid that the three are already fallen.

"No matter who, dare to step into the master's seclusion, it is a death sin!"

The master of Cui Dian blinked, and his eyes were full of murder.

He is the apprentice of the yin and yang ancestors, and the second lord of the yin and yang temple, the strength is second only to the yin and yang ancestors.

He and his sister were originally just a small village in the countryside. The strongest people in the village did not even have a Vientiane environment. Later, the yin and yang ancestors found them and said that they were perfect yin and yang physiques and brought them back to cultivation.

After hundreds of years, they finally broke through to the nine peaks of Nirvana. Their integration is still above the yin and yang ancestors, reaching 95%.

If it is about strength, he is much more powerful than the yin and yang ancestors.

When Xuan's breath spread, Ye Xuan was already in front of him.

"who are you?"

Cui Dianzhu looked at Ye Xuan, a stranger, could not help but ask.

"Your yin and yang temple has been destroyed. Yin and Yang people are like people crossing the street. Everyone is shouting. Who am I, heavy?"

Ye Xuan replied coldly.

Although the plan is to rescue the Song Dynasty and the Song ruling brothers and sisters, but always can not speak out to speak their own purposes, which will make the other side prepared.

"It turns out!"

The eyes of Cui Dian's eyes glimpsed, and the woman in the body suddenly said: "There are fourteen wastes in the area of Nirvana, plus you, can you still hurt me?"

"I can't do it, I know it when I hit it!"

Ye Xuan's dawn suddenly became a big sword, and raising his hand was a sword.

"The killings broke out!"

"Yanlong is unparalleled!"

A golden dragon screamed out.

At the same time, the fourteen yin and yang people who are in the seven-day nirvana are also full-powered.

"Waste is waste after all, give me death!"

The master of Cui Dian shouted, and did not even move his foot. He directly shot more than a dozen sharp points.

"Hey!" "Hey!" "Hey!"

This road is sharp, and it instantly penetrates the chest of this group of Yin and Yang people. Not only that, but also Ye Xuan.

Unfortunately, the heart of Ye Xuan is not the key, even if it is smashed into slag, he will not die.

Just when he shot, there was already a shadow in the air, it was falling.

"Return nine flashes!"

The fall turned into a streamer and swooped down.

"what?"

Cui Dianshu is somewhat surprised.

Under his spiritual knowledge, it is clear that only the 15 people of Ye Xuan have been discovered, but why is there one more now?

"call out!"

In a broken air, Cui Dian had to escape this fatal blow.

"The cycle is nine flashes, the second flash!"

When the falling feet landed, they again attacked the master of Cui Dian.

The reincarnation is nine flashes. One flash is faster than one flash. I don't know how many times Cui Dian can hide.

"call out!"

The master of Cui Dian is also a master of the nine peaks of Nirvana. He will not die under this second flash. After he has escaped this attack, he is a punch and shoots straight.

Although there is no blood in the death of the gods, she does not have an eternal eye. Even if there is, as long as it is hit by this boxing, the head will probably burst.

Fortunately, the fall also depends on speed to eat.

"The cycle is nine flashes, the third flash!"

The fall once again turned into a streamer, avoiding this punch.

When she fell to the face of Cui Dian, Ye Xuan reminded me of the fall and then set her sight on the front house.

Outside this residence, a defensive array was arranged, which not only isolated the exploration of the spirit, but also the eyes of Ye Xuan could not be seen. Presumably, it was from the hands of the yin and yang ancestors.

However, Ye Xuan has a special skill.

"The Eye of the Burst!"

"The Eye of the Burst!"

"The Eye of the Burst!"

Ye Xuan continued to smash three eyes of ruin, and blasted on this defensive array. Suddenly, the defensive array was broken by a small hole, but it was quickly repaired.

"effective!"

Ye Xuan's eyes are bright, and raising his hand is a combination of Yanlong's unparalleled scorpion and the eye of the shattered eye.

Now that his killings have erupted, he has advanced to the level once, and the outbreak of the killing has improved, which makes his attacking power very strong.

At the same time, his voice of attacking the defensive array was also in the ears of the two in the formation.

"Who, who is on the offensive lineup?"

The Song Dynasty and the Song ruling in the head looked at each other and it was very strange.

They have been arrested for nearly three years, and the realm has broken through to the seven-fold nirvana, but it is still the first time to encounter danger.

Of course, they did not know that the yin and yang temple had been destroyed, and they did not know that the yin and yang ancestors went out to investigate the annihilation of the yin and yang temple, but they did not know that it was Ye Xuan.

On the other side, seeing Ye Xuan not only did not die, but after the break, Cui Dianshu was also shocked.

Just as he raised his hand and prepared to smash Ye Xuan into a dregs, it was shot again.

But this time, it is not the fourth flash of reincarnation, but the eye of charm.

When this pink eyeball was condensed at the top of the falling head, the body shape of Cui Dian could not help but tremble.

Falling this time, I didn't use the charm of the charm to use charm, but another magical power.

Feel the heart!

This kind of fascination is specifically used to deal with yin and yang people.

When she was in the middle of the four-day situation, she used Mei Xinyi to influence Guo Yurong, who is a six-fold Nirvana. Now she is a seven-fold nirvana. Naturally, she is the master of Cui Dian who can influence the nine peaks of Nirvana.

What's more, this charming heart is still displayed by the eyes of charm, and the effect is greatly increased.

Master Cui Dian, when he was in a state of illusion.

"not good!"

After Cui Dianzhu saw this scene in front of his eyes, his face changed greatly.

Yin and Yang people, the general body of the soul will be stronger, Cui Dian is the brother, so he plundered some of the sister's soul strength. He resisted this fascination, but his sister did not.

After the fit, the Yin and Yang people, once they quit, then there is a danger of disintegration.

Chapter 1386: See you

"Sister, wake up!"

Master Cui Dian yelled.

But at this time, the fall has already been killed.

"The cycle is nine flashes, the fourth flash!"

Taking advantage of this time, the fall has already been looted in front of Cui Dian, but the latter's spiritual knowledge has an effect, he subconsciously raised his hand.

"Oh!"

A crisp sound spread, and the right hand of Cui Dianzhu was thrown away.

Seeing the other side, Ye Xuan immediately stopped the break, and then used the effect of the Vientiane force in the eyes of Vientiane, and quickly pulled the broken hand.

Qiankun Ring, he was included in the bag!

This Qiankun ring has a lot of heaven and earth treasures, but these are not very attractive to Ye Xuan. His attention is concentrated on a strange flame.

Dragon and Phoenix!

"Hey, the host has swallowed up the dragon and the phoenix!"

"Hey, the host has broken through to the six-fold nirvana!"

"Hey, the host completes a specific upgrade mission, and the dragon is unparalleled and the advancement is true."

A series of three system prompts, let Ye Xuan smash.

Yanlong has no doubles, but he has advanced.

Really, the dragon is unparalleled, and it is stronger than Yanlong.

At the same time, this trick is also a trick of the peak of Mo blood, is also a growth magic.

"Haha!"

Ye Xuan couldn't help but laugh three times and directly devour the ore weapons of the Cui Dian main 乾Kun ring.

"Hey, Megatron breaks through, and is currently a nirvana!"

"Hey, the host has reached the six peaks of Nirvana!"

Another two system prompts to sound.

However, at this moment, Ye Xuan has no time to take the opportunity to break through to the nirvana.

"Megatron, go help!"

Ye Xuan immediately gave orders to Megatron.

However, it was rejected by the fall.

"Young master, no need..."

Falling down suddenly said a word, let Ye Xuan a glimpse, the next moment, he saw the head of Cui Dianshuan thrown up.

"The cycle is nine flashes, the fifth flash!"

This time, after the six breakthroughs in Nirvana and the seven-foldness in Nirvana, it was already the fifth flash of the reincarnation, and Ye Xuan thought that it was falling and four flashes, so let Megatron help. .

I did not expect that the battle is over!

"Hey, the host's killing value is improved!"

This system prompts that Cui Dianshu has died.

Nirvana is the top of the nine peaks, dead!

"噗通!"

Cui Dian's eyes widened and Zhang mouth seemed to want to talk, but he could do nothing.

The skull and the body fell to the ground and made two sounds. There was no other sound in the place.

Ye Xuan looked at the body of the Cui Dian, and suddenly responded, and then turned around and attacked the array.

"The killings broke out!"

"Yanlong is unparalleled!"

"The Eye of the Burst!"

This time, the formation was directly broken into a big hole, and then, Ye Xuan quickly swept in.

After the two people saw the arrival, they were also a brow.

Blonde, Kim, who is this?

Looking at the ruins and vigilance of the Song Dynasty and the Song ruling, Ye Xuan's eyes could not help but wet, and directly restored the original face. "Tradition, I am coming!"

Before he was not wanted, he was always changing his face. Now, he finally recovered his true feelings.

"Ye Xuan?"

After seeing this familiar face, the Song Dynasty and the Song ruling were completely shocked.

Ye Xuan, what happened to Ye Xuan?

They thought it was the enemy of the yin and yang ancestors, but they did not expect it to be the old man!

It is no wonder that after Ye Xuan came in, they felt that Ye Xuan was somewhat familiar, but he could not say where he was familiar.

That's it!

"Ye Xuan..."

Song Congjing saved three years of tears, madly poured out, she directly into the arms of Ye Xuan.

"Sorry, it's late!"

Ye Xuan stroking the back of the Song Dynasty with one hand, caressing the hair with one hand, and said very embarrassedly.

"I know you will come..."

The Song Dynasty has been crying.

In three years, the two were separated for three years, and she was robbed by the yin and yang ancestors on the wedding day.

"Haha, I know that your kid will come."

The Song ruling also couldn't help but pass, and gave Ye Xuan a punch.

"Oh, lightly, my realm is still not high..."

Ye Xuan said with some pain.

It was not until this time that the Song Dynasty and the Song ruling were reacted. Ye Xuan was only six in Nirvana.

In addition to this array of methods, but there is a Nirvana peak of the Nine-Dragon King of the guardian, and the formation is still arranged by the Yin and Yang ancestors, how does Ye Xuan come in?

"Reassure, Cui Dianshu has been killed, come!"

Ye Xuan read the doubts on the faces of the two men, raising his hand is a sword, once again broke the hole into a hole.

This array of methods, he can not be completely destroyed, but with the eyes of the burst, he can temporarily open a hole, this is enough.

The Song Dynasty and the Song ruling, under the leadership of Ye Xuan, revisited the day.

They have been locked up in this house for more than half a year, and now they are finally out.

Then, a \*\*\*\* smell is floating.

The Song Dynasty and the Song ruling both turned around and found the headless body not far away, and the four Yin and Yang people who were killed by the heart.

Are these all killed by Ye Xuan?

No, there are people around!

They fixed their eyes and found that it was a petite and lovely little Fox girl. At this time, the latter looked at them with a smile, a human and animal harmless look.

They are absolutely not going to think that the Cui Dian, who is the pinnacle of the Nirvana, is the cute little girl who killed it!

"Less grandma is good..."

Falling down and laughing and screaming, say hello respectfully.

"Introduction, my sister, fell." Ye Xuan finished, but also turned his head: "The two people, you should not have to say more."

"Hmm."

Falling down and nodding.

She has been with Ye Xuan for nearly three years. How could she not know what Ye Xuan is looking for?

The Song Dynasty was also a bit worried, when Ye Xuan had a sister, and it was still a fox.

"There is no time to explain so much. This is not the place to talk. Let's go first!"

After Ye Xuan finished, the dawn was flashing a few times. The door of a void was also opened immediately, and then passed through the Song Dynasty and others who had just escaped.

Here, it is near the island of Dihao, a distance from the yin and yang temple, even if the yin and yang ancestors of the longevity want to come, at least three days.

What's more, the yin and yang ancestors were able to reach the valley one day later, and it will be discovered that the Song Dynasty and the Song ruling have been rescued.

The most important thing is that he can't find it!

Now that the Song Dynasty and the Song ruling have been successfully rescued, Ye Xuan has also directly opened up a Dongfu to let them and their family members in the East Chinaland 'speech video'.

Chapter 1387: Escape

The so-called "speech video", that is, some video spar converted by Ye Xuan in the super swallowing system, first recorded the picture, then put it into the swallowing space, and took it out by the second body in the East China.

If the family over there wants to talk, then record it and pass it through the swallowing space.

Although there is some trouble, there is no way, after all, the two holy places are far apart.

Last time, Ye Xuan's deity and avatar were able to return to the Eastern Continent, and because he committed suicide, he was able to return to the East Continent after two resurrections.

Now, with the Song Dynasty and the Song ruling, he is afraid that he will not be able to return to the East.

So next, they came to find a cross-border transmission array back to the Penglai Holy Land. As long as they can return to the Penglai Holy Land, it is much simpler to return to the East.

I haven't seen it in two or three years. Everyone has a lot to say. This chat is a whole day.

Falling and Guan Yulan, Ye Chong and others are also very familiar, and Ye Chong and his wife have long regarded the fall as their daughter.

After a chat on this day, the Song Dynasty and the Song ruling also met the fallen, the old tree and the Megatron, and learned how much danger Ye Xuan came from here from the East.

Soon, it was a day in the past.

工具 eager to see someone, squad, and two sires, I have no problem now, because people have already recovered.

However, the problem has not been completely solved!

If they were found by the yin and Woman ancestors to return to the Eastern Continent, even Yuncheng would have to bear a devastating blow. Therefore, Ye Xuan must kill the yin and yang ancestors in order to avoid the aftermath.

At the same time, the yin and yang ancestors are likely to master the position of the cross-border transmission array of the Penglai Holy Land. If you can, you can save a lot of things if you Panel.

However, Ye Xuan estimates that this yin and yang ancestor will not say it unless he is controlled. But the old monsters who want to control a long-lived situation, I am not afraid to go to Nirvana. I am afraid it will not work.

Ye Xuan wants to break through to the nirvana of the Nirvana, but it is not so easy. It is now a seven-fold nirvana. If you want to break through to the nirvana, it will take two days. As for Nirvana, there is no more advanced. It takes at least ten days for Tianbaodibao.

Fortunately, they don't need to be so rushed. Anyway, Yin and Yang's ancestors were killed by Ye Xuan. As long as they have been ten days, then this yin and yang ancestors will die.

Ten days later, they will return to the holy land of Penglai!

However, when Ye Xuan thought so, he suddenly found a point.

The yin and yang ancestors, after staying in the valley for a while, went straight to them!

"what?"

Ye Xuan was a little shocked. Is this yin and yang ancestors Mongolian?

They are in the southwest of the valley. It takes about two days for the yin and yang ancestors to arrive. However, the luck of the yin and yang ancestors is also a little better, just one point?

"what happened?"

The Song Dynasty, who nestled in Ye Xuan's arms, asked strangely that she heard Ye Xuan's heartbeat rush and seemed to have happened.

Somehow, Ye Xuan suddenly had an unpredictable hunch, so his heart beat faster.

After hearing the question of the Song Dynasty, I also replied: "Nothing, let's change places!"

"Change place?"

After hearing the Song ruling not far away, he said strangely.

"Well, let's go!"

Ye Xuan nodded, and immediately broke through the void, with the Song Dynasty and Song ruling drilled into it.

This time, they went directly to the foothold of the cross-border transmission array. Here, strictly speaking, it is the southeast of the valley, about three days away.

The Song Dynasty and the Song ruling looked at each other and suddenly felt something wrong, but they saw that Ye Xuan seemed to be thinking about something, so he did not bother.

after a little while.

Ye Xuan, who stood still, suddenly widened his eyes. He sensed that a target of the death chase was swept toward him.

"I have changed my position again, or I am here, this yin and yang ancestor can feel our position!"

Ye Xuan was shocked and immediately asked: "The yin and yang ancestors have been chasing us!"

When I heard this, the Song Dynasty and the Song ruling were also shocked. They were so hard to ask for a predicament. Could it be that they would be arrested?

Although I don't know how Ye Xuan knows, they are extremely trusting Ye Xuan, Ye Xuan said, it must be true.

"No, the old monster must have left a tracking mark in our body. Why can't I find it?"

The Song ruling reacted.

"I didn't feel anything, but he is a long-lived environment, and the means is not what we can imagine." Song Dianjing is also a wrinkling eyebrow, turning his head and looking at Ye Xuandao: "Ye Xuan, what do we do now?" "

"Don't be afraid, if I think, he can't catch up!"

Ye Xuan hurriedly appeased.

When the words came out, the Song Dynasty and the Song ruling also remembered that Ye Xuan had a supernatural power that could leave across the air.

The yin and yang ancestors want to catch up with them, it is simply a fantasy, unless Ye Xuan ignores the distance, but this kind of thing will never happen.

"The old monster is three days away from us. When the distance is shortened to two days, we will break through again. He will run white!"

Ye Xuan thought in his heart.

Unless the yin and yang ancestors set an ambush in the place where the void is located, it is absolutely impossible to catch him. Moreover, the void positioning will not leave traces. How do the yin and yang ancestors know the location of the void positioning?

Therefore, Yin and Yang ancestors have been doing useless work!

"This yin and yang ancestor did not know that I saved the mentoring and ruling. I just thought that it was the people who destroyed the yin and yang temple and held them!" Ye Xuan continued to think.

At this time, he suddenly felt that the yin and yang ancestors stopped, and then turned around and headed for the north.

"Don't chase?"

Ye Xuan brows a pick, if this is the case, he will be relieved.

However, the Song Dynasty and the Song ruling are perfect yin and yang physiques. If it is a fit, the degree of integration can reach 10%.

We must know that the yin and yang ancestors were only 90%, and their apprentice Cui Dian was only 90%.

The Song Dynasty and the Song ruling, but 10%, this is the real perfect!

Therefore, Ye Xuan guessed that this yin and yang ancestor would not give up the Song Dynasty and the Song ruling. After all, the old monsters were found for more than two hundred years before they found the East China.

At this time, Ye Xuan's spiritual light suddenly flashed, and he suddenly remembered the situation of his fall.

Nalan Bing wants his people, regardless of life or death, obviously has the ability to search for souls. Moreover, it seems that there is also such a means for the cult of the evil gods to eclipse the nine yin.

In case, the yin and yang ancestors also have it?

"It's not good. After I saw the menstruation and the ruling that day, I recovered my true face. If this yin and yang ancestor has a supernatural power to search for souls, I will remember that I am the dregs of the Eastern Continent, miserable!"

Chapter 1388: Fire cloud

"It's not good. After I saw the menstruation and the ruling that day, I recovered my true face. If this yin and yang ancestor has a supernatural power to search for souls, I will remember that I am the dregs of the Eastern Continent, miserable!"

Ye Xuan's body trembled and his face was terrified.

If this is the case, the yin and yang ancestors knew that he had saved the Song Dynasty and the Song ruling, not the enemy hijacking.

Then, the yin and yang ancestors may be ready to kill the East China, and seize all of Ye Xuan's relatives and friends.

Or, kill all!

Thinking of this, Ye Xuan is also panic, it seems that he can no longer hide, must drag this yin and yang ancestors.

At the moment, he is telling things to the Song Dynasty and the Song ruling and falling, and after listening to them, they are also beginning to make suggestions.

In two days, it will take two days for the landing to break through, so they have to hold on for two days!

Only when the breakthrough is broken, can the ability to kill the yin and yang ancestors.

"Let's fall, you break through as soon as possible, I will drag the old monster!"

When Ye Xuan finished talking about the fall, he broke the void again and returned to the valley.

The Song Dynasty and the Song ruling also followed.

This valley, only half a day away from the yin and yang ancestors, not long after they landed, the yin and yang ancestors really changed their way to them.

"Ye Xuan, the fire cloud you need, I have heard of it. There is a burning cloud in the west of the main hall of the yin and yang temple. There is a fire cloud in the hands of the lord. This is the son of the burning cloud. The top nine players."

At this time, the Song Dynasty suddenly reminded.

"Ok?"

Hearing this, Ye Xuan's eyes lit up.

The raging fire is a different fire that he needs. If he wants to break through the six peaks of Nirvana, he needs the fire.

Ye Xuan quickly took out the map and looked at it carefully. He found out that time was enough.

"Well, wait for this yin and yang ancestor to come, let us go!"

Ye Xuan nodded.

It is not an easy task to drag the yin and yang ancestors for two days, so he must face the yin and yang ancestors personally to prevent the yin and yang ancestors from returning to the Penglai Holy Land.

However, Ye Xuan suddenly remembered this point.

The yin and yang ancestors are now killing back to the Penglai Holy Land. It is estimated that the time is not enough, because Ye Xuan has a detached body in the East China, and the pet that falls as Ye Xuan can appear at any time.

When the ancestors of Yin and Yang came to the Eastern Continent, the fall had already broken through to the eight-fold nirvana.

However, it is easy to have a crisis in this case. If it falls to the yin and yang ancestors, or if the other party has any means, then it will be troublesome. Therefore, this section of the road is used as a buffer, Ye Xuan try not to let the yin and yang ancestors go to the Penglai Holy Land.

Soon, half a day is over.

Ye Xuan carefully felt the distance between the yin and yang ancestors. When the yin and yang ancestors were about to arrive in the valley, he also snarled in the sky: "Ha ha ha ha, you are an old monster, you certainly will not think that the second robbery of the day, has grown. When you get to kill your big apprentice, there is a kind to kill me!"

When the voice fell, the three people of Ye Xuan passed through the door of the void and came to the main hall of the yin and yang temple that had been turned into ruins.

Three seconds later, the yin and yang ancestors arrived at his retreat, and at the same time heard the sound that was still echoing.

"Sure enough, this waste!"

The yin and yang ancestors suddenly recognized it, and this voice was heard that year.

He did not expect that Ye Xuan would have been robbed from the two in three years, and all the way to the Nirvana, this is impossible!

You must know that when he broke through to Nirvana, he was nearly a hundred years old, and then he broke into the longevity after hundreds of years, and then he wanted to find a perfect yin and yang physique and fulfill his wish.

A perfect pair of yin and yang twins, as long as they can fit, then the degree of integration is 10%.

Ten percent of the degree of integration, the speed of cultivation of yin and yang will be several times his, so it is not impossible to break through the longevity in a lifetime.

In order to compromise the Song Dynasty and the Song ruling, he was also intimidated and tempted countless times, but the two brothers and sisters were determined to be determined, and they threatened to commit suicide if their yin and yang ancestors dared to move their loved ones.

Even if you successfully fit, you will commit suicide!

Therefore, the yin and yang ancestors did not move the people of the East.

Yin and Yang ancestors thought, he spent more than two hundred years looking for someone, but now more than two years, what is it?

He wanted to slowly wear off the patience of the Song Dynasty and the Song ruling, but did not expect that the yin and yang temple was devastated, and even the Song Dynasty and the Song ruling were rescued.

Of course, he will not involve the destruction of the yin and yang temple and Ye Xuan, because Ye Xuan is only a niche, and the people who destroy the yin and yang temples are at least two long-lived or even long-lived.

However, Ye Xuan now dared to save the Song Dynasty and the Song ruling, has successfully angered him.

"That waste, I must cramp my skin!"

"This position is in the yin and yang temple, chase!"

After Lu Wenxing and Lu Wenyue respectively screamed, the figure was flashing.

His valley is only half a day away from the yin and yang temple, but he is afraid that Ye Xuan will leave.

He did not know whether Ye Xuan's broken powers had restrictions. If there were any, then he could catch Ye Xuan.

If not, it would be tricky!

If there is any, he still has to look at it.

.....

When the yin and yang ancestors rushed to the yin and yang temple, Ye Xuan had already arrived at the yin and yang temple, about half a day away from the yin and yang ancestors.

However, half a day is not enough to rush from the yin and yang temple to the burning cloud, so Ye Xuan must split up.

The deity took the Song Dynasty and the Song ruling to avoid chasing. As for the avatar, he rushed to the burning cloud.

In this way, jump at most once more.

At the moment, they are acting. Ye Xuan's deity casts a shadow and flees in the other direction. As for the avatar, he also uses the shadow 遁 to go to the burning cloud.

Falling, still practicing in the planting space, as long as she breaks through, then this yin and yang ancestors will die.

Of course, if Ye Xuan breaks through the seven dimensions of Nirvana, he will have a little more control.

Since Ye Xuan's deity is also on the road with Song Dynasty and Song ruling, after half a day, the yin and yang ancestors still did not catch up with him.

Ye Xuan estimated the distance, and then broke away again and came to the side.

"fit!"

The deity and the avatar fit together, and the combat power has increased by 60%.

At this moment, he is far away from the yin and yang ancestors, probably half a day away.

However, it only takes an hour for him to arrive at the Burning Clouds.

"It's almost the same. When the ancestors of Yin and Yang look for the past, the fall is almost broken!"

Ye Xuan's mouth tilted slightly, as if victory was in sight.

After a lot of twists and turns, it is finally a big fight.

Chapter 1389: Burning cloud

However, Ye Xuan had to pray for the Emperor of the Clouds, and did not refine the fire.

The owner of the Burning Clouds is the nine-folder of Nirvana, and the master of the yin and yang ancestors, Cui Dian, is the peak of the Nirvana of the Nirvana. The former has a fire cloud, and the latter has a dragon and a dragon.

Even the master of Cui Dian did not refine the dragon and the phoenix, and the ranking of the fire cloud was still before the dragon and the phoenix, and the ruined Emperor of the Chong Dian, who was slightly weaker in the realm, should have no refining and chemical success.

after an hour.

Ye Xuan saw the burning cloud sect built in a flame valley.

This person who burned Yunzong, who is a master of flames, has a strong fighting power.

Ye Xuan is a six-fold nirvana. It can only be regarded as a good qualification. The burning cloud sects out of an elite, and the realm is higher than him.

However, Ye Xuan was so swayed with the Song Dynasty and the Song ruling that he came to the valley of the Burning Clouds.

"Who is here?"

The Shougu disciple of the Burning Clouds yelled.

Ye Xuan said nothing, control the two, and use Vientiane to take off their Qiang Kun ring, and then into the burning cloud.

"Someone is good at it!"

Seeing that there were unidentified people invading, burning Yun Zongli passed a ten, ten pass, and many disciples jumped out to stop the road. However, Ye Xuan, who has the eye of control, all controls these people and then plunders the property, even the elders who are seven in the world.

With the eyes of control, he quickly knew where the owner of the Burning Clouds was, and then rushed over.

"Ok?"

On the way, his eyes suddenly swept away and swept some special people.

"Yin and Yang people?"

Ye Xuan was a little surprised. He actually saw some Yin and Yang people in this burning Yunzong.

However, these yin and yang people have been caught and imprisoned, their bodies are scarred, some organs have been removed, and some people have whipped a Yin and Yang person in the distance.

After the yin and yang temple was destroyed, the yin and yang people who had once slandered Zhang became a street mouse. If the exposure was seized, they would be used to vent their anger.

Under the broad daylight, a sect of a righteous sect is so abusive, and this style of martial art is not a trick.

"Chongyun sects, give me out!"

Ye Xuan suddenly snarled in the sky.

He holds the celestial sword, although he is only the six peaks of Nirvana, but his current combat power is enough to fight the ninja of the Nirvana.

What's more, the Cui Dian, who has been at the top of the Nine Kingdoms, has died in the hands of the fallen. After these days of cultivation, the implementation is stronger.

Not long lived, it is estimated that no one can pick up a round of attacks!

Ye Xuan's roaring sound was deafening and echoed throughout the valley. Soon, several elders with eight-fold nibble jumped out and blew their beards to turn over Ye Xuan.

"Who is blocking me who is dead!"

Ye Xuan reminded me.

However, he was six in the area, but no one heard it.

"Kid, look for death!"

An elder of the Burning Clouds, a niche in the world, went to Ye Xuan.

"The arm is blocked, not self-reliant!"

Ye Xuan snorted and went straight out of the sword.

"The killings broke out!"

"The real fire dragon is unparalleled!"

This move is enough to kill the nine strong players in Nirvana.

A golden dragon that is more powerful than before is smashed out. In the blink of an eye, the elders of this nirvana are engulfed. The golden dragon whizzes past, leaving only a dragon and a weapon.

"Hey, the host's killing value is improved!"

A system prompts to sound.

An eight-year-old elder, who was instantly killed by Ye Xuan, fell into the ears of everyone, making them shocked and speechless.

In the burning cloud, there are geniuses with leapfrog challenges, but there are no more people who challenge the two levels, let alone kill the two realms of their own!

Ye Xuan, is it really only six in Nirvana?

However, Ye Xuan, who is a six-pronged player in Nirvana, has such strength. Then, the two Nirvana players behind Ye Xuan's strength are harder and stronger.

After seeing the rest of the elders, they also took a shot and then shot at the same time.

A full-fledged three-time elders attacked Ye Xuan.

"Hey, you are looking for death yourself, then don't blame me!" Ye Xuan blinked and shot again.

"The killings broke out!"

"The real fire dragon is unparalleled!"

Another golden dragon was attacked.

In addition, this time even the Song Dynasty and the Song ruling were also shot.

"Ice and fire swords, hey!"

"Ice and fire swords, hey!"

Although the two brothers and sisters are only seven in Nirvana, the yin and yang ancestors gave them a lot of good things. The more challenging, the more serious.

"Calling!"

"Oh!"

"Hey!"

These three niches, eight-year-old elders, have different deaths.

The two men who were killed by the Song Dynasty and the Song ruling were all cut into two pieces. Among them, half of the body was burned and burned, and the other half was frozen into ice sculptures, and the wounds were frozen. No blood flowed out.

The worst, the elders who had been burned by the Golden Dragon, had not left the body after death and turned directly into fly ash.

After they died, Ye Xuan quickly took over their shackles and at the same time began to plunder the people around them.

"Ah, my singularity!"

"No, that's all of my family."

"The lord, how can the lord not come out, and if we don't come out, we all will die!"

"The four elders have all fallen, and the emperor is estimated to have no play..."

One by one, the screams sounded. Because of the prestige of the genius, no one dared to disobey Ye Xuan. After all, even the elders who were eight-fold in the world were spiked. They dared to resist, and they were dead.

Although Ye Xuan is not lacking in cultivation resources, Megatron is lacking.

"Hey, Megatron breaks through, and is currently a nirvana!"

After he snatched it, Ye Xuan heard a system prompt, and Megatron finally broke through.

At the same time, the depths of the valley also plucked a white figure, a white middle-aged man.

"Who is in my burning Yunzong?"

The white-haired middle-aged man yelled, and he was the lord of the burning cloud.

"The Sovereign is here, the Sovereign is finally here!"

"Sovereign, please avenge us!"

"The sovereign, the four elders are dead, that is, the three of them killed!"

After seeing the middle-aged man in white, this group of disciples is also full of morale, as if to see the dawn of hope.

However, Ye Xuan does not mean that the brow is only a slight pick.

"This burned the sect of the sect of the cloud, the atmosphere is only weaker than the Cui Dian of the nine-fold peak of the Nirvana. It seems that it has also broken through the nine peaks of Nirvana..."

Ye Xuan's heart is a dark sentence.

However, he did not see the fire in the main body of the Zengyun Zongzong. Some of them were just ordinary Nirvana fires.

It seems that the other side does not refine the fire cloud, which is a good thing for Ye Xuan.

Chapter 1390: Yin and Yang ancestors, waiting for you for a long time!

"Hand over the fire, give you a life!"

Ye Xuan said coldly.

"Is this kid actually knowing that I have a cloud of fire?" The boss of the Burning Clouds trembled and angered: "Who are you, dare to kill me, the elder of the cloud?"

"Give you three seconds to consider the time, after three seconds, I will shoot!" Ye Xuan did not want to say anything, just standing here.

Even if he is three different from the other side, he is not a virtual one.

The Emperor of the Burning Clouds did not know where Ye Xuan came from, nor did he know where Ye Xuan came from, and dared to let him surrender the fire, it was really dead!

Even if you can kill four elders with eight ambitions, what about?

"Kid, you are looking for death!"

The owner of the Burning Clouds was making a decision. It took less than a second to get the shot.

"Since you are looking for death, it will be yours!"

Ye Xuan blinked and shot directly.

"The killings broke out!"

"The real fire dragon is unparalleled!"

"Ice and Fire Two Swords!"

"Ice and Fire Two Swords!"

Ye Xuan three people cooperate, the attack power is terrible.

Although this ruined ancestor was the culmination of Nirvana, he did not take the attack and was instantly shocked.

However, this is not over yet!

"call out!"

At the same time, Nie Zhentian, the nine-fold nirvana of Nirvana, suddenly vanished and instantly pierced the heart of the Sovereign Emperor.

What makes Ye Xuan strange is that the system prompt tone does not sound.

"The trough, the heart is on the right?"

Ye Xuan brows a pick, only then he swept his eyes with insight, but he actually saw this, but at that time he paid attention to the fire, so he did not respond for a while.

Unexpectedly, this Zongyun ancestor is also a different kind, and the heart is actually on the right.

But what about this?

Just as the murder of the Emperor Yunzong was shocked and revealed the look of fear, Megatron's blade suddenly grew a spike.

"Oh!"

This spiked hole pierced the heart of the main body of the Zengyun Zongzong on the right side, and even grew countless small thorns, which poked the heart into a sieve.

"Hey, the host's killing value is improved!"

This system prompts the sound and proves that the Emperor of the Burning Clouds has died.

At the moment, Ye Xuan is swiftly swept away, and will take away the body of the Emperor of the Burning Clouds and the Qiang Kun.

Everyone looked at Ye Xuan, and it was shocking to say nothing.

Not only the four elders were spiked, but even the sovereigns of Nirvana's peaks were spiked. Who are these three people?

Which of the surrounding forces can cultivate such a genius?

Even if the yin and yang temple is not destroyed, I am afraid I can't do it?

Under the gaze of these people's eyes, Ye Xuan found the fire cloud in the sacred sect of the Zengyun sect, and then swallowed it.

"Hey, the host has swallowed up the fire!"

"Hey, the host has broken through to the top of the Nirvana!"

"Hey, the host completes a specific upgrade mission and rewards the assassination of the eye for an advanced step!"

In an instant, Ye Xuan's breath is skyrocketing.

"The eye of the assassination only needs a lot of killing value, not limiting the number of times, what effect will it have after advanced?"

Ye Xuan is a bit strange, is it difficult to improve the use distance of the assassination eye after advanced?

In this case, it is too tasteless!

After he saw the effect of the assassination of the eye, the eyes could not help but shine.

The advanced assassination eye is not to increase the cast distance, but to increase the attack power of the first attack after using the assassination eye.

30%!

This time, Ye Xuan is also very satisfied, it seems that this specific upgrade task is not wrong.

Then, he is swallowing up the treasures of heaven that he has accumulated before.

"Hey, the host has reached the top of the Nirvana!"

Another system prompts to sound.

Ye Xuan also saw what he needed to break through to the eight-fold nirvana.

Nine secluded!

Ye Xuan just remembered the name and then ignored it.

The super-phagocytic system is superb, and the nine singular winds should be able to hear the news in the vicinity, but at the moment, it is not the time to find this.

"Chen Yunzong, disband today, give me a roll!"

Ye Xuan's voice fell into everyone's ears.

overbearing!

Extremely overbearing!

However, he has the power of hegemony. After all, he is the chief of the Burning Clouds who killed the nine peaks of Nirvana.

Even if the people present are added up, I am afraid it is not his opponent!

"In three seconds, who is still here, I will let him be a dead body!"

Ye Xuan said to the group of disciples who died in the cloud.

As soon as this was said, thousands of disciples of the Yun Yunzong were scattered and scattered all toward the outside.

However, those yin and yang people were unable to escape because they were being held.

"Megatron, let them free!"

Ye Xuan said to Megatron.

"call out!"

Megatron turned into a stream of light, and in a few crisp sounds, these yin and yang people were cut off their heads.

Next, Ye Xuan is in this burning Yunzong, quietly waiting for the arrival of the Yin and Yang ancestors.

Ye Xuan, is already ready for a big fight!

This yin and yang ancestor knows the Eastern Continent. If he does not kill him, the Eastern Continent must be baptized.

Therefore, he must die!

.....

"Hey, the breakthrough is broken, and the current is a nirvana!"

A system prompt tone interrupted Ye Xuan who was thinking about things.

Falling, it is finally a breakthrough to the Nirvana environment, so that they are more than a point to grasp the yin and yang ancestors.

Ye Xuan turned his head and looked at it. He found that the speed of the yin and yang ancestors also accelerated a lot. He estimated that he could arrive at the Burning Clouds in less than half a day.

Nie Zhentian's nine-fold Megatron, Nirvana's eight-fold fall, Nirvana's seven-fold Ye Xuan, and the same seven-year-old tree in Nirvana, this is Ye Xuan's current team.

Although the Song Dynasty and the Song ruling are also seven-fold in Nirvana, they do not have the ability to save their lives. In case the yin and yang ancestors are mad and ruined, and they are all ruined, it is a tragedy.

What's more, this Ye Ye Xuan has a 90% grasp, not for anything else, just because Megatron and the Bladestorm are not used.

If you use the blade storm, you can deal with the yin and yang ancestors.

At that time, the fall and Ye Xuan made another sneak attack, and the 90% grasp was already stable, even reaching 10%.

Soon, in less than half a day, Ye Xuan felt the strong breath.

Yin and Yang ancestors, finally killed!

"Ha ha ha, stinky boy, this time you have nowhere to escape?"

There was a sigh of yin and yang in the distance, followed by a young man in red and blue robes who appeared in front of Ye Xuan.

At this point, Ye Xuan is already ready.

"Yin and Yang ancestors, wait for you for a long time!"

Ye Xuan stood up slowly.

"Are you waiting for us?"

Lu Wenxing is very surprised.
