Chapter 139: Second floor

The second round of the Imperial Capital Competition has been seven days.

In these seven days, Ye Xuan ran west and got a lot of good things. However, apart from the 10,000 defective spar he got on the first day, he had never encountered a similar scene, generally Something worth millions.

From the second day to the seventh day, the things he got were similar to the first day.

But this is also very good. At this time, the real spirit is much stronger than before. If you work harder, you can get to the breakthrough level in the early days of the true spirit.

In these seven days, he encountered a lot of things. In addition to the contestants in this golden palace, there are also the spies, scorpions, and monsters of the enemy. The most boring thing is that there are no points in these dangers, only occasionally in the treasure chest. turn up.

Therefore, the speed of point acquisition is very slow.

However, Ye Xuan has a very high speed. He has encountered many people on the way, and his points have gone from one million to more than five million.

There is no stone standing in this golden palace, so he doesn't know that he is in the top, but he should be in the top ten.

It is estimated that after the end of the Imperial Capital, his points may reach 100 million, so that he has a thousand spars.

Now that he is in the early days of the true spirit, there are dozens of lower spars, and it is estimated that he can break through to the middle of the real spirit. If all the thousands of the next spar are swallowed by him, it will definitely allow him to break through to the peak of the true spirit.

Today is the eighth day of the second level of the Imperial Capital.

This golden palace is indeed very big. There are really too many roads, but Ye Xuan has sketches to avoid getting lost.

"I have almost turned half a palace. If there is no such thing, then it must be on the other side."

Ye Xuan thought about it.

However, just as he was about to turn around and go back, he suddenly found a staircase at the end.

"What, this golden palace has a second floor?"

Ye Xuan was shocked, but he did not hesitate, and went straight up.

However, when Ye Xuan had just reached the second floor, he met a person, a person he was very familiar with.

This person is himself!

"How can this be?"

Looking at the person who looks exactly the same as himself, Ye Xuan is also a shocking tiger. He quickly looked around and found himself in a small palace. Apart from the Ye Xuan in front of him, there was nothing.

"Beat me, you can find the exit!"

The 'False Leaf Xuan' standing in front of Ye Xuan slowly opened his mouth, and even the sound was exactly the same. The one he held in his hand was the broken water sword.

But now, Ye Xuan has understood that he is in a magical array. He has the blood of the master of the squad, so he can sense that this fake Ye Xuan is actually made up of real elements.

"As long as I defeat you, can I go out?" Ye Xuan slowly opened his mouth.

"Correct!"

Fake Ye Xuan nodded.

"it is good!"

Ye Xuan said, but also clenched the broken water sword, the heart said: "Good truth, even the weapons are the same, so that my swordsman blood is also copied by him."

The two are separated by a hundred meters and stand opposite each other.

At this time, Fake Ye Xuan suddenly raised his hand and pulled out a sniper.

Ye Xuan is also a glimpse.

The two snipers collided in an instant and produced a strong impact.

Even the power is the same!

"It's true and false, fake is true, I have to look at it, how much can you have this fake."

Ye Xuan's mouth was slightly tilted and rushed out.

False Ye Xuan also has this meaning, the legs force a glimpse, greeted up.

"Wanhua sword!"

"Wanhua sword!"

Both of them are the third heavyweight of the Wanhua sword, and the long sword is a thorn. The real spirit is instantly divided into seventy-two roads and rushes toward each other.

"Hey!"

"Hey!"

"Hey!"

A lot of sharp sides and the other side hit, and then burst open.

Although some of them have passed through the past, the two used the lotus treasure directly before they played.

"boom!"

"boom!"

"boom!"

The two men began to slam in an instant, but the defense of the Lotus Baojia is also extremely strong, and it takes three 10,000 swords to defeat.

In the meantime, this battle of true and false has become a war of attrition.

The appearances of the two are the same, the weapons are the same, the realm is the same, and even the martial arts is the same.

So, how does Ye Xuan beat this fake Ye Xuan?

The two men blew for half a minute, and the real spirit was quickly consumed. However, at this time, Ye Xuan suddenly changed out to become a medicinal herb. This is a remedy for quickly recovering the true spirit.

"what?"

The fake Ye Xuan was shocked. He was the illusion of Ye Xuan. When Ye Xuan stepped into the second floor, he formed.

However, what he did not understand was where the medicinal herbs in Ye Xuan's hands came from.

Seeing the other side's discoloration, Ye Xuan's mouth is also slightly tilted. He is really afraid that the other party will also copy the engulfing system. In this case, no matter what blood he exchanges, the other party will have it.

But now it seems that he is more concerned, although this magic array is powerful, but the phagocytic system is beyond the scope of this magical array.

The outcome is already very obvious!

Ye Xuan has the remedy to restore the true spirit, and the fake Ye Xuan does not. Soon, the true spirit of the fake Ye Xuan is to consume light.

Although the blood of the flowers and the Qinglian sword can be restored, but in the battle, how can the recovery speed of the fake Ye Xuan be faster than the true Ye Xuan?

A few minutes later, the true spirit of Fake Ye Xuan was exhausted, and then it was shot by Ye Xuan, a Wanhua sword, and finally turned into a bubble.

"The first time I slaughtered myself, I still have a flavor."

Looking at the fake Ye Xuan disappeared, Ye Xuan also laughed at himself.

This illusion does not have much effect for him because he cannot copy the phagocytic system.

However, he also understands that this illusion is that the step-in is required to break through in the battle. Otherwise, I am afraid it will not be defeated.

There are many breakthroughs, breaking through the realm, breaking through martial arts, and even fighting skills.

Ye Xuan, it is cheating!

After Ye Xuan defeated the fake himself, the door at the end of the palace was also opened, and Ye Xuan swept quickly.

"It's finally coming out, my speed is so fast, it should be the first place."

Ye Xuan couldn't help but stretch out, and looked around for a circle. He found himself on an empty table, while standing in front was a light mirror.

"You came out so soon?"

A strange voice in a tone fell into Ye Xuan's ear.

Ye Xuan turned his head and looked at it. I saw a purple man walking not far away. It was the guardian army of the Imperial City who led Yueshan.

"I have seen adults!" Ye Xuan said respectfully.

"I thought you would need half a month to get to the second floor. I didn't expect it to take half the time." Yueshan said very strangely.

If it is an average person, even if it takes 20 days, I am afraid it is difficult to find the stairs. Ye Xuan is not an ordinary person. His speed is far superior to that of ordinary people, so he first found it.
