

Super D. S 1391

Chapter 1391: A shame before snow!

Lu Wenxing also thought that Ye Xuan's means of crossing the air could not be used, so he waited here to die, but did not expect that he was waiting for him.

"Not bad!"

Ye Xuan nodded.

Lu Wenxing was too lazy to manage so much, and his eyes fell on the Song Dynasty and the Song ruling behind Ye Xuan.

"Two white-eyed wolves, you have been training you for three years, and dare to betray me!" Lu Wenye yelled.

"You are an old demon, it is clear that you forcibly took our brothers and sisters away, but now we are betraying you?"

Song ruling the big foot forward and asked.

"Humph!"

Lu Wenxing just snorted and did not speak.

Before he tried to erase the memory of the two brothers and sisters of the Song Dynasty and the Song ruling, or sealed it, but I don't know why it always failed. If it succeeds, the Song Dynasty and the Song ruling may have broken through to Nirvana. It is.

"Kid, is the person who destroyed my yin and yang temple, is it related to you?" Lu Wenye asked.

"Have!"

Hearing this, Ye Xuan nodded directly and said: "Want to blame, you blame yourself for erroneous people. In the branch of the other side of the ice-free sea, you have robbed a couple of reincarnation brothers and sisters, and there is a long habitat on the way. The strong rescued them, and at the same time, they also ruined your yin and yang temple."

"what?"

As soon as this was said, Lu Wenxing and Lu Wen Yue's body trembled.

Wheel, reincarnation?

The reincarnation, the past life is at least the strongman of the reincarnation, this is the realm behind the longevity.

They have been practicing for more than 800 years, and so far they are only a long-lived one.

Not to mention the reincarnation, in the face of the long-lived triple and quadruple strong, they are ants.

Unexpectedly, it turned out to be the reincarnation, then the yin and yang temple was destroyed, and it is no wonder.

"Who are they?"

Although I can't afford it, Lu Wenxing couldn't help but ask.

"Nalan Bing, Nalanjie, and the two are also called Xuan Ming double eyes!" Ye Xuan slowly replied.

Xuan Ming double eyes!

Lu Wenyue and Lu Wenxing remember this name in their hearts. Although they say that the great hatred is not reported, they must use hatred to motivate themselves.

Maybe, before they came to the limit, what happened to the accident, all the way to the reincarnation?

"Well, although the yin and yang temple is not destroyed by you, you are sure to die today."

After Lu Wenxing finished, Lu Wenyue said again: "Boy, what are your last words?"

"There are no last words, I just want to ask a question!" Ye Xuan replied.

"ask!"

Lu Wenxing and Lu Wenyue sang together, and the voice was yin and yang.

"How did you get to the holy land of Penglai?"

Ye Xuan asked at the door.

Now that he has rescued the Song Dynasty and the Song ruling, he will return to the Penglai Holy Land as long as he kills the yin and yang ancestors. If this yin and yang ancestor tells the location of the cross-border transmission array, then it will save a lot of effort.

"It turns out that you still want to return to the holy land of Penglai?"

Lu Wenxing's eyes sighed and said: "It's no problem to tell you. In the north of my yin and yang temple, there is a Lu family. They control a one-way cross-border transmission array. I am from that cross-border transmission array before I come to Penglai. Holy land."

"Lu Jia..."

Ye Xuan eyes a glimpse.

He knows that the Yin and Yang ancestors are also surnamed Lu, his brother is Lu Wenxing, and his sister is Lu Wenyue.

So, is this yin and yang ancestor related to the Lu family?

Ye Xuan is not interested in this issue.

Now that we have learned the location of the cross-border transmission array, then the next step is to kill this yin and yang ancestor.

"Kid, look at your eyes, is it because you want to kill me with the realm of Nirvana?"

Lu Wenxing smiled coldly.

Nirvana is sevenfold, and in his eyes is a cockroach.

However, what he cares about is the fox girl, which does not seem to be nearby. The fox girl, but even his big apprentice can kill, know that the fox girl at that time is only a nirvana.

"Can you kill you? If you try, you will know!"

Ye Xuan's mouth is slightly tilted, and it is already ready for the battle.

As long as they smashed the yin and yang ancestors, they can go home.

"You two, now I will give you a chance, as long as you voluntarily fit, I will spare him a life, how?" Lu Wen Yue suddenly turned to the Song Dynasty and the Song ruling.

Unexpectedly, the Song ruling directly shouted: "Go to hell, you are an old witch, and you will feel better!"

"Great courage, good, when I kill this kid, I will let you know what is the respect of the teacher!"

Lu Wen Yue was furious.

However, at this time, the sky suddenly darkened.

"Night Sky!"

"call out!"

Megatron took the lead in launching the attack and turned it into a stream of light to plunder the yin and yang ancestors.

At the same time, Ye Xuan also exchanged a burnt Tiandan corresponding to the Nirvana of the Nirvana from the super swallowing system, and then specially swallowed it.

"come on!"

Ye Xuan holds a red sword and squats at the yin and yang ancestors.

"The killings broke out!"

"Yanlong is unparalleled!"

A golden dragon suddenly hit.

This time, Ye Xuan is not using the real fire dragon, but the ordinary Yanlong unparalleled.

He wants to create an illusion, pretending that he is weak, so that the yin and yang ancestors will be taken lightly, and they can grasp it more.

In this battle, there must be one person who is degraded. It is very important to grasp one more point.

"It's a bit tolerant, but you think it's too naive to be able to compete with us alone!"

Lu Wenxing snorted, and his hands suddenly appeared a group of Nirvana.

No, this is not a nirvana fire, but a different fire!

"Fire clouds?"

Ye Xuan was shocked.

Because of the suppression of the realm, his insightful eyes could not see through the body of the yin and yang ancestors.

This fire cloud is not the same as that obtained from the sect of the Burning Clouds. This fire cloud is no longer a fire, but a fire cloud that has been refining into a nirvana.

This means that the attack of the yin and yang ancestors will be very powerful.

The yin and yang ancestors used this fire cloud to directly lay down a flame barrier, and the golden dragon slammed into the head and instantly collapsed.

Not only that, but even Megatron can't pierce this fire cloud barrier.

"Not burned to ashes? This weapon is not bad..."

Lu Wenxing sneered a little and was a little surprised.

The fire cloud is already able to burn the fifth-order device to the ashes, but Megatron does not.

This is also an inevitable thing, because Megatron now has the blood of the undead, and the resistance to the flame is extremely high. Can it be burned by different fires?

However, it was not given to the yin and yang ancestors, who allowed it to attack.

"I will give you another chance. As long as you obey me, I will not kill him. I can even train him like you train." Lu Wenxing said.

The reason why he has not attacked is not to fear Ye Xuan, but to fear that after the death of Ye Xuan, the Song Dynasty and the Song ruling will hate him, so that there is no chance at all.

Chapter 1392: Life and death

Of course, Ye Xuan's qualifications are also very good, Nirvana is seven can actually play the nine-fold combat power of Nirvana. This is very rare, even if you look at Lu, it is also rare.

Unfortunately, he does not understand how many cards are Ye Xuan.

"Do you think that only you have a cloud of fire?"

Ye Xuan's mouth was slightly tilted, and his left hand was spread out. There was an orange cloud flame, which was the fire cloud.

"what?"

Lu Wenxing and Lu Wenyue were shocked.

Ye Xuan, why do you have the 88th fire in the fire list?

There is a cloud of fire in the burning cloud. They know it. After all, the lord of the Burning Clouds has a relationship with the Lu family. The fire cloud is given by Lu.

But why is Ye Xuan?

They can accurately feel that this cloud of fire has been refining, it is a nirvana fire, not a different fire.

They don't even know that Ye Xuan has already merged several different fires before this.

The ranking of different fires is also based on the rankings. If refining and refining the top-ranking fires, the fires that were previously refining will be covered up. Therefore, the effects of eternal fire, ice, and other fires have been concealed by the fire.

"Two old monsters, try this trick again!"

At this time, Ye Xuan suddenly shot.

"The killings broke out!"

"Yanlong is unparalleled!"

The last time Wulong Wushuang was just using the power of infuriating and Vientiane, this time, but with the addition of fire clouds.

In addition, there is the flame power of the blood of the undead phoenix, the power of this sniper is not weak, if it is bombarded in a nirvana, the body of the martial arts, it is enough to kill it.

However, this is not a big deal for the yin and yang ancestors of Changsheng.

"Booming!"

The golden dragon is still blasting on the fire and cloud barriers of the yin and yang ancestors.

In a booming sound, the golden dragon and the fire cloud barrier disappeared together.

Ye Xuan broke the defense of the yin and yang ancestors.

This scene, even the yin and yang ancestors were shocked.

This is really just the attack power that Nirvana has seven weapons to have?

"This kid..."

Lu Wenxing and Lu Wenyue were shocked and whispered in their hearts.

In less than three years, Ye Xuan broke through from the second robbery to the seven-fold nirvana. This is incredible.

The second robbery to the nine robbery supreme, after the supreme is the supreme three small difficulties, followed by the Vientiane, the secluded, the artistic conception, the broken environment, and finally the nirvana.

The Song Dynasty and the Song ruling have cultivated him in this long-lived environment, but they are only seven.

Ye Xuan himself has been arrogant, and it has been promoted to this realm within three years. This is impossible!

There must be a secret on this kid!

Lu Wenxing and Lu Wenyue thought, therefore, they did not want to kill Ye Xuan, ready to squat Ye Xuan, and then dig out the secret of Ye Xuan's quick breakthrough.

"Since this kid doesn't open up, let's do it."

Lu Wenxing said in his heart.

"Good brother!"

Lu Wenyue responded.

The next moment, they are a flash of body shape, turned into a stream of light to rush to Ye Xuan.

Next, but it is really moving.

"The time is right, come on!"

Ye Xuan saw it, and the eyes were also big.

Nie Zhentian, the nine-fold nirvana of Nirvana, suddenly turned his body into a **** sword and attacked the ancestors of Yin and Yang.

Not only that, but the fall also appeared at this time.

"The Eye of Charm!"

"Lovely!"

A pink eyeball appeared and stared at the yin and yang ancestors.

Falling down is a nirvana, only two lower than the yin and yang ancestors, she used the charm of the eyes, can still affect the yin and yang ancestors.

In addition, there is Ye Xuan's soul attack.

"what?"

The yin and yang ancestors who swooped down were very utterly divided.

In the long-term situation, they actually have illusion?

Moreover, it is still possible to let them break the illusion.

"No, wake up now!"

Lu Wenxing's eyes widened, and in the blink of an eye was the illusion of disillusionment. However, Lu Wen Yue, who has weaker soul, is still immersed in the illusion.

"This kid, even with such an idea, is killed!"

Lu Wenxing was furious.

Fortunately, they are two people sharing a body, although Lu Wen Yue is in a illusion, but Lu Wenxing does not.

Charlie, it is specifically to restrain the Yin and Yang people.

Lu Wenxing still wants to seize Ye Xuan, but now, in order to protect himself, he can only kill first and don't know when it will fall.

"Give me death!"

Lu Wenxing snarled in his heart, and his right hand smashed a flame.

This palm is a long-lived supernatural power, coupled with the effect of the fire cloud, even if it is a strong one in the long-lived environment, if it is accidental, it must be degraded, not to mention the only eight-fold fall of Nirvana.

However, when this palm is about to slam down, the fall is suddenly disappearing out of thin air!

"Hey!"

Although the flame palm did not hit the ground, but the eyes of the charm of the bombardment collapsed.

At the same time, behind Lu Wenxing, it is suddenly cool.

"The eye of assassination!"

"The killings broke out!"

"The real fire dragon is unparalleled!"

This time, Ye Xuan is also moving the real thing.

The assassination of the eye has advanced once, and after the exhibition, it can increase the power of the first attack by 30%. In addition, this time, the use of the real fire dragon is unparalleled, even if it is the yin and yang ancestors, I am afraid it can not be blocked.

Although the yin and yang ancestors are strong in the longevity, they don't know how Ye Xuan has gotten around him, but now he has no time to think about it, because the huge golden dragon has already taken him. Engulfed.

The true dragon is unparalleled, but it is the trick of Mo Xueyi. Originally, Ye Xuan could not comprehend it so quickly. This time, with the help of the super swallowing system, it was advanced.

Ye Xuan casts a real fire dragon without a pair of cockroaches, and the real gas consumes one-fifth. It is necessary to know that the ordinary Yanlong Wushuang is only one-twentieth.

The gas consumption is four times that of the dragon, but the power is probably more than four times.

"Calling!"

The yin and yang ancestors were engulfed by the Golden Dragon.

No, he was not engulfed, but cleverly stuck in the mouth of the golden dragon's blood basin, constantly retreating.

"The speed of the long-lived strong is really fast, Megatron!"

Ye Xuan quickly shouted in his mind.

Megatron has already been around the yin and yang ancestors, and the **** swords swept away like a storm.

"Kid, don't underestimate me!"

Lu Wenxing screamed, and then, suddenly, he broke out with a super strong instinct, and he suddenly gave the Zhenyan dragon unparalleled and the blade storm.

"this is....."

Ye Xuan's light flashes.

The strongest of the long-lived world has at least a thousand years of life, but some people are very short-lived.

why?

Because in the long habitat, you can burn your own life to fight, only Lu Wenxing is burning a few years of life, so that the strength of the infuriating sky.

However, in order to stop this trick, he has spent a full decade of life!

Chapter 1393: Dismantling

Ye Xuan has long heard of the power of the long-lived strong, the people in this realm, it is very difficult to kill, because all can burn life and battle.

If there is a life-and-death battle, both sides will almost burn life and battle. As time goes by, the life of the two will continue to decrease, and even if the winner wins, the life expectancy will be greatly reduced.

Therefore, the strong temper of the long-lived temper will be slightly better, they will try to converge, because once they start, they are likely to lose both.

There are almost no long-lived powers who can live to near the end of their lives. In the long habitat, they will burn their lives for more or less.

This is also why Ye Xuan is completely prepared!

"I think it is your life, or my infuriating!"

Ye Xuan's light flashed and he shot again.

"The killings broke out!"

"The real fire dragon is unparalleled!"

Another huge golden dragon was swept out.

"Give me away!"

Lu Wenxing was too late to have a painful life, and he punched again.

He was only sneak attacked, and he did not respond to the burning life to resist. This blow, he just tried his best.

"Booming!"

In the meantime, the golden dragon was blasted.

However, it is at this time.

Falling again appeared, and then used Lu Wenxing to use the charm, in addition, Ye Xuan is always using the eyes of the heart and charming.

Uninterrupted, Lu Wenyue finally had some problems.

"No, the body begins to repel, and it will be disintegrated after a while!"

Lu Wenxing's face changed dramatically.

He did not expect that he was actually made up of a few nirvana boys, which is incredible.

At this time, his spiritual knowledge swept away, and suddenly he thought of a way.

Hold the Song Dynasty or the Song ruling!

"Humph!"

Ye Xuan noticed his eyes and once again took out a sword.

"The killings broke out!"

"The real fire dragon is unparalleled!"

The yin and yang ancestors have not turned, the golden dragon has already hit, he has to raise his hand to defend.

"Booming!"

The golden dragon was defeated, but at the moment when the golden dragon dissipated, a golden sniper suddenly struck.

"Hey!"

The flame barriers on the yin and yang ancestors suddenly collapsed. On the other side, the blade storm also hit again.

"Annoying guy, give me a smog!"

The yin and yang ancestors drank, and once again, they shot a flame palm in the earthquake. This time, he burned his life and was powerful.

However, just as the flames of the giant palms slammed on the group of the earthquake, Ye Xuan's figure suddenly flashed again, and once again circumvented the yin and yang ancestors.

This time, Ye Xuan left and right hand to open the bow!

"The killings broke out!"

"The real fire dragon is unparalleled!"

"Fire cloud palm!"

Listening to the whistling wind behind him, the yin and yang ancestors were gloomy, this time, he could not hide!

"Booming!"

The yin and yang ancestors flew out, could not help but spurt a blood, pale.

In fact, Ye Xuan can suppress the yin and yang ancestors from the beginning, and do not give the opponent any chance of attack.

However, Ye Xuan did not!

why?

The Song Dynasty and the Song ruling were robbed for nearly three years. Now that they have been rescued, what is the interest for the three years?

Just killing the yin and yang ancestors, it is too cheap for him, so Ye Xuan wants to see how they disintegrated!

The yin and yang ancestors have been together for more than 800 years and have never disintegrated. I don't know, if they are disintegrated by Ye Xuan, will they collapse?

"Charm!"

"Lovely!"

On the other side, the fall continues to attack the soul, first weakening the soul of the other with charm, and then letting Lu Wenyue fall into the illusion with charm.

If she takes the shot, the yin and yang ancestors may be dead.

Lu Wenxing, who was smashed, finally understood Ye Xuan's plan. He felt the situation of his sister in the body. He finally panicked.

"No, you can't do this!"

Lu Wenxing exclaimed.

"You can take my wife away on my wedding day, why can't I do this?"

Ye Xuan sneered and shot again.

"The killings broke out!"

"The real fire dragon is unparalleled!"

"Fire cloud palm!"

The yin and yang ancestors could not escape, and were forced to burn their lives to block the attack. From now on, he has been burning for decades.

You know, he estimates that he has only a life span of at least two hundred years. Now, there are only a hundred years left.

Come back for a while, it's going to die!

However, he can not support the end of life, not necessarily!

Taking advantage of the yin and yang ancestors in the downwind, Ye Xuan immediately triumphed and pursued, attacking one by one, playing the yin and yang ancestors without any temper.

Due to the fascination of the heart, there have been some changes in the yin and yang ancestors. In addition to the slow flow of at least 30%, there has been a tendency to disintegrate.

"No, no!"

Lu Wenxing yelled.

However, Lu Wenyue is still in the illusion.

After the yin and yang people are combined, the person who is merged will greatly weaken the soul and add it to the subject.

Lu Wen Yue has never woke up since he was in a illusion. At this time, in her fantasy, she is already with Lu Wenxing...

"No, my sister is stopping..."

Lu Wenxing was drinking in his heart, but Lu Wen Yue was still caught in it and could not extricate himself.

At this time, Lu Wenxing's back has already grown a figure, and this is Lu Wen Yue, who is about to split up.

Taking advantage of this opportunity, Ye Xuan immediately increased the offensive. What he wanted was not to kill the yin and yang ancestors, but to look at the desperate expression of the yin and yang ancestors.

The life expectancy of the yin and yang ancestors is also less and less, and soon, it has dropped to less than a hundred years.

At this time, Ye Xuan suddenly showed the eyes of the assassination again, appeared behind the yin and yang ancestors, and then slammed out.

"Hey!"

The yin and yang ancestors were once again bombarded.

But this time, on the way he flew out, the clothes suddenly rip open.

disintegration!

"Cut up, fall, close your eyes and don't look!" Ye Xuan hurriedly reminded.

Even if he didn't say it, the two girls didn't want to see it. Fortunately, the yin and yang ancestors just rip apart the clothes behind them. The naked one is Lu Wen Yue, not Lu Wenxing.

When the yin and yang are disintegrated, the realm will fall.

At this moment, Lu Wenxing and Lu Wen Yue have already fallen to the niche level of Nirvana.

Now, Ye Xuan wants to kill them, it's easy!

"This is impossible, it is impossible..."

Lu Wenxing roared in the sky.

For more than 800 years, it has been disintegrated today, which stimulates him to bear.

On the other hand, Lu Wen Yue was soft on the ground. Although it had already disintegrated, she was still in the illusion. Her hands were constantly moving up and down in her body, and the sound of ... was from time to time.

Seeing the situation, Ye Xuan's dawn flashes.

These two, but the old monsters who have lived for hundreds of years, for their body, Ye Xuan naturally will not have any interest.

Chapter 1394: Eye of the soul

"Yin and Yang ancestors, you also have today!"

Ye Xuan slowly walked over.

"You, don't die!"

Lu Wenxing turned his head in anger and said with a grin.

"How do I die, I don't know, but I know that you will die soon!"

After Ye Xuan finished, the dawn was flashing twice.

"Hey, take control of success!"

"Hey, take control of success!"

Lu Wenxing and Lu Wenyue, whose two systems prompted the sound and whose soul strength dropped drastically, were directly controlled by Ye Xuan.

"See the host!"

Then, Lu Wenyue woke up, and then Lu Wenxing smashed his head and looked very respectful.

It's hard to imagine that they are still proud and proud, and they want Ye Xuan to surrender. Now they are kneeling on the ground and giving Ye Xuan a head.

This change is fast, the average person can't accept it!

"Haha, these two old monsters, there are also today!"

The Song ruling strode over and he knew that the two men were already controlled by Ye Xuan.

At the moment, he grabbed Lu Wenxing's collar, slaps a few slaps, and Lu Wenxing's face is flushed and his head roars.

He is also venting the anger of more than two years. After all, Ye Xuan's wedding day, he is also a daughter-in-law, they are together.

"Cutting, do you want to..."

Ye Xuan suddenly turned and asked.

"No, it will be enough to see you again."

Song Cong shook his head and disgustedly looked at Lu Wenye, who was naked.

"Ok."

Ye Xuan nodded slightly, and the light flashed, and Lu Wenxing's hands were taken away.

At the same time, I also asked some questions.

This battle is over. The final end of this yin and yang ancestor is definitely dead, but he still has some use value.

For example, do you know that the nine secluded winds.

It is true that the Lu family had a cross-border transmission array to the Penglai Holy Land.

In addition, there is one more interested in Ye Xuan.

Search for souls!

Ye Xuan asked the yin and yang ancestors to write this magical power, and then he copied it into the super-phagocytic system.

"Hey, the soul search transcript is successful!"

"Hey, the soul of the soul can be perfectly integrated with the eye of the soul, whether it is going on!"

This system sounds, which is beyond the expectations of Ye Xuan.

"Yes!"

At the moment, he is answering directly in his mind.

"Hey, the fusion is successful!"

"Hey, the host learns the eye of the soul!"

Ye Xuan did not expect that he could make the eyes of the soul advanced. Now, he is using the eyes of the soul against Lu Wenxing.

The power of searching for the soul is not as big as it is, and the blood of the gods will not recover quickly. Ye Xuan has not used it for a few seconds, and he feels sore eyes.

However, in these few seconds, he found an interesting thing.

He found a treasure map from the sacred ring of the yin and yang ancestors.

"Tong Tian Bao map?"

Ye Xuan murmured and turned to ask: "Where did this come from?"

"I got it by chance when I was in my fifties. I have been looking for it for hundreds of years! I still only find one!"

Lu Wenxing replied.

"But it."

Ye Xuan also ignored it and threw it into the swallowing space.

This Tongbao map, Yin and Yang ancestors have no clues for hundreds of years, and he can't see any clues.

However, this treasure map is actually called Tong Tian Bao map, but some are out of Ye Xuan's expectations, this is not an exaggeration, it is a real good thing.

"Just let them die, it is difficult to solve the hatred of my heart, cut the Bible, fall, you are far away."

At this time, Ye Xuan suddenly said.

Hearing this, the Song Dynasty and the falling face looked at each other. It seems that Ye Xuan has to do something that is not suitable for children, and the woman avoids it.

The two women left very neatly, followed by Megatron. As for the Song ruling, they wanted to see what Ye Xuan wanted to do here.

"Sister, what are you going to do?" Song decided curiously.

Ye Xuan's mouth showed an evil smile, and did not answer this question, his light flashed twice.

"Lovely!"

"Lovely!"

Only Lu Wenxing and Lu Wenyue, who are niche in Nirvana, suddenly fell into a illusion. The next scene, the Song ruling already knows.

"The trough, my brother-in-law, you taste really heavy, they add up to more than 1,600 years old..."
Song ruling could not help but spit.

However, the voice has not yet fallen, Ye Xuan is turning around and stepping away from here.

As for the Song ruling, I also decided to stay and see if I took a look at Ye Xuan.

Who is the taste?

However, Lu Wenxing and Lu Wenyue, but the Song ruling and the Song dynasty have been trapped for nearly three years. Every day, in addition to cultivation or cultivation, and then indoctrination, if they do not beat each other, Song ruling wants to cut an axe.

Now, but there is a good chance of revenge, can he let go?

After a few seconds, Lu Wenxing and Lu Wenyue couldn't stand it anymore, and began to carry out some kind of exercise that is not suitable for children.

"Snapped!"

"Snapped!"

"Snapped!"

A series of crisp sounds spread, Song ruling is also a neck shrink, turned to follow Ye Xuan.

However, after five seconds.

"The trough, five seconds is gone?"

The Song ruling, which had just turned around and did not take a few steps, was shocked. How fast is this Nima?

Five seconds!

This is only five seconds!

But it is also true that the two brothers and sisters have been fit together for a long time, eight hundred years.

Don't say it, once there is that kind of thought in your mind, there is a crisis of disintegration, so this is normal.

At this time, Ye Xuan, who walked a dozen steps, also heard the movement. After two flashes of light in the light, he gave the two men some sort of order.

"Hey!"

"Hey!"

It was two crisp sounds, Lu Wenxing and Lu Wenyue's neck were twisted, and they still understood each other's lives.

"Hey, the host's killing value is improved!"

"Hey, the host's killing value is improved!"

The two-way system prompted the sound to sound, proving that Lu Wenxing and Lu Wenyue had fallen, and Ye Xuantou did not return to the Nirvana industry.

"Calling!"

The body of the yin and yang ancestors began to burn, and soon it was turned into ashes.

Now, the yin and yang ancestors have been resolved, and the vengeance of Ye Xuan's three is also reported.

However, Ye Xuan is still stuck in the Nirvana, so he must find a different fire that breaks through the nirvana of Nirvana.

Fortunately, the yin and yang ancestors spit out, and there is a nine-fashioned wind in the Lu family.

However, this Lu family can have more than one long-lived strongman. This is a huge family that has been passed down for thousands of years, so Ye Xuan still needs to plan.

"Young Master, what do we do now, return to the Penglai Holy Land?" asked Luo.

"Well, it's just that the Lu family has nine singular winds, I have to get it, and then go through the cross-border transmission of the Lu family and go back to the Penglai Holy Land." Ye Xuan nodded.

"Now the yin and yang ancestors are dead and can finally go home."

Chapter 1395: Lujia

"Now the yin and yang ancestors are dead and can finally go home."

The Song ruling opened his mouth and smiled. He was also robbed on the day of the wedding. This time he went back and he had to re-do a wedding.

"Well, you will stay here first, I will go on the road!"

Ye Xuan nodded.

The Song Dynasty and the Song ruling are all seven-fold in the Nirvana, but they will soon be able to break through to the nirvana. The old tree is also a breakthrough in the eight-fold nirvana, plus the Niu Zhentian, the nirvana of Nirvana. As long as they do not come to the strong people of the longevity, they will not be in danger.

They were four people, and they just found a place to stay, and then Ye Xuan began to hurry.

As for the fall, it is to be cultivated in the planting space. With the cultivation resources of the yin and yang ancestors, she estimates that it can break through to Ninet in the last three days.

However, when Ye Xuan rushed to Lu, there were some changes in Lu Jiazhong.

"Old ancestors, ancestors, not good!"

A strong man from Lu's family hurriedly rushed to a house in the depths of Lu's family.

"What, so in a hurry?"

The gate of the yard was opened, but no one came out, only an old voice came out.

"Lu Wenxing and Lu Wenyue's life jade cards are broken!"

This Lu Jiaqiang is reported by the real person.

"what?"

The old voice suddenly shook. The next moment, there was a figure that plucked from the mansion and disappeared in the blink of an eye.

The strongest person in the longevity can condense a life jade card. If the life jade card is broken, it means that I am dead.

Now, the lives of Lu Wenxing and Lu Wenyue are broken, which means they have fallen.

After the ancestors of the Lu family rushed out, they rushed to the ancestral hall of Lu's family. After he took a closer look, it was true that Lu Wenxing and Lu Wenyue's two life jade cards had already been broken.

"Star, Moon..."

This Lu family ancestor is an old man named Lu Bingzhen.

Lu Wenxing and Lu Wenyue, whose life jade are fragmented, are her son and daughter.

Lu Wenxing and Lu Wenyue cultivated together and were disgusted by the Lu family. Therefore, the two of them were separated from the Lu family. Even so, they are the children of the Lu family ancestors, so the life jade card is still in the ancestral hall.

In Lu's ancestral hall, there are a total of six life jade cards. Lu Wenxing and Lu Wenyue are two of them. In addition to Lu Bingzhen's words, Lu's family also has three long-lived powerhouses.

Now, two long habitats have died, which is a heavy blow to the Lu family.

"The yin and yang temple was first destroyed, and the stars and the moon let me investigate the incident and it fell. It seems to have provoked a strong enemy..."

Lu Bingzhen thought in his heart, that is, his body shape flashed and came to a house.

"Grandma, how come you?"

A middle-aged man walked out of the mansion and looked at Lu Bingzhen.

"Your uncle and aunt are dead!" Lu Bingzhen said with some sorrow.

"died?"

The middle-aged man was shocked.

Lu Bingzhen has three children, the eldest son Lu Wenyang, the second son Lu Wenxing, and the third daughter Lu Wenyue.

The eldest son, Lu Wenyang, is a son of Lu Bingzhen and his husband who was adopted in his early years. It is not a biological one.

This middle-aged man is Lu Lin's son Lu Lin, who is also an ancestor of the Lu family. Lu Wenxing and Lu Wenyue are his uncles and aunts.

"Yes, their life jade card has been broken, I want you to investigate." Lu Bingzhen said.

"The yin and yang temple has just been destroyed, and my uncle and aunt have fallen down..." Lulin thought for a moment and nodded: "Well, I will go!"

"Be careful, I can't afford to lose my family." Lu Bingzhen reminded.

"Yes, Grandma!"

After Lulin responded with a sentence, it was turned into a stream of light and plunged out of the Lu family.

Lu Jia, in fact, has no blood relationship with Lu Bingzhen because Lu Wenyang was adopted by her.

However, this Lu family was built by him. She has been in the Lujia for a thousand years. Now the limit is near. If the Lu family breaks down the long-lived master, it will definitely go downhill in the future, and it will even be given by the surrounding forces. Killed.

.....

At this time, Ye Xuan is rushing to Lu Jiazhong.

He first broke into the valley and then went to the north. At his speed, it took about three days to get to the Lu family.

Three days later, the estimate of the fall can be broken into the niche of the Nirvana. At that time, even if he is the enemy of the entire Lu family, he is also emboldened.

However, just after he rushed for a day, suddenly a strong breath quickly swept into his perception.

"call out!"

The figure stopped in front of Ye Xuan and said in a questioning voice: "Where are you from?"

Ye Xuan gave him a look and said: "Predecessors, is there something?"

The long-lived strong can refine the life jade card, Lu Wenxing said before, their life jade card is in Lujia. However, there are not many forces with long habitats here. Now there is a long habitat, which is likely to be investigated by the Lu family.

"I ask you, where are you from?"

Lu Lin's eyes widened. He could see that Ye Xuan was only seven in his mind. This kind of realm was an ant in his eyes. He did not bother to do it.

"Are you a Lu family?"

At this time, Ye Xuan's eyes suddenly looked awkward.

"Ok?"

Upon hearing this, Lulin's figure was also trembled. He did not expect Ye Xuan to guess his identity at once.

"Lu Wenxing, Lu Wenyue, was killed by me!"

Just when Lulin was surprised, Ye Xuan told the truth.

This sentence, but Lulin was scared.

He came to investigate the death of Lu Wenxing and Lu Wenyue. However, now, there is suddenly a seven-footed boy who tells him that he has killed the long-lived powerhouse. Isn't this a dream?

"Jokes, just want to kill a long-lived strong?" Lu Lin coldly shouted.

If it is to say the strength, the strength of the yin and yang ancestors is stronger than him, and Ye Xuan is only a seven-fold nirvana, the strength difference is 100,000 miles, killing a wool!

However, Ye Xuan knew the names of Lu Wenxing and Lu Wenyue and knew that the two were dead. It seems that they know something.

"People are killing me. You love or believe it. If you are fine, I will leave first!"

After Ye Xuan finished, he circumvented Lulin and plunged into the distance.

"Let's let me go, are you leaving?"

Lulin gave a low drink and raised his hand to prepare Ye Xuan to kneel down.

"That is you are looking for death!"

Ye Xuan suddenly turned and raised his hand to be a sword.

"The killings broke out!"

"Yanlong is unparalleled!"

This golden dragon, and Lu Lin's infuriating giant palm, but the strange thing is that Lulin's attack was suddenly blasted.

This scene fell into the eyes of Lulin, making Lulin very surprised.

How can a long-lived strong man be defeated by a seven-footed boy?

Chapter 1396: start to act!

You must know that even if you are a warrior of the top of the Nine Kingdoms, you are only a cockroach in the eyes of Lulin.

A breakthrough in the big realm, one step to the sky, the gap is very big!

Not to mention, Ye Xuan is only a seven-fold nirvana, which is a difference between the three realms!

"This kid is weird, maybe I know what happened!"

Lu Lin's eyes lit up and he shot again.

Ye Xuan raised his hand and retaliated, but his body exploded and let the other side think he was going to flee.

"Haha, boy, aren't you very arrogant, just rely on you, still want to escape my palm?"

Lu Lin laughed and attacked with both hands.

Ye Xuan has some helplessness. A long-lived strong man can give him a sense of superiority. He really doesn't know where to come.

"This man's strength is weaker than the yin and yang ancestors. If you are singled out, I am not his opponent..."

In thinking of Ye Xuan, he informed the fall of cultivation in the planting space. The latter stopped practicing immediately after listening, and then appeared on the left side of Lulin.

"Return nine flashes!"

After the fall, it is a direct attack.

"what?"

Lu Lin has some unclear status. It is clear that they are both of them. How come a little fox girl now?

Moreover, the speed is still so fast.

"go away!"

Lu Lin took a shot, but was evasively removed.

"The cycle is nine flashes, the second flash!"

"The cycle is nine flashes, the third flash!"

In the blink of an eye, the fall is in front of Lu Lin.

"The cycle is nine flashes, the fourth flash!"

"call out!"

Lu Lin's face was gloomy and his heart trembled: "Fast speed!"

The reversal of the nine flashes used the fourth flash, the speed is no longer slower than the long-lived strong.

Lu Lin was shocked and raised his hand.

"Oh!"

Lu Lin's **** were cut and the pain transmitted to the brain proved that this was not a dream.

But at this time, Ye Xuan suddenly made his big move.

"burning Tiandan!"

"The killings broke out!"

"The real fire dragon is unparalleled!"

A huge golden dragon, like a prehistoric beast, rushed out and instantly engulfed Lulin.

Lulin felt that his life was threatened. This was the first time in nearly a hundred years, and it was the first time after he broke into the longevity.

A combination of the eight-fold Gagesian environment of the Nirvana, which forced him to burn the life-stopping attack, which made his old face bang.

"Give me a roll!"

Lu Lin was furious and condensed the instinct to directly collapse the golden dragon, along with the shattered eye hidden in it.

But at this time.

"The cycle is nine flashes, the fifth flash!"

"Oh!"

The fall accelerated again, and the figure was drawn from the side of Lulin. In a crisp sound, Lulin's head and body separated, and the infuriating body in the body instantly lost its dominance, and then was burned by the golden dragon.

"Hey, the host's killing value is improved!"

A system prompts to sound, and is a long-lived strong man.

"Good match!"

Ye Xuan smiled at the falling.

"This is not so bad, the blood of the phoenix is really amazing, and the infuriating moment is restored." Falling can not help but praise.

Undead phoenix blood, blood has a strong resilience and detoxification ability, in addition to flame attack and fire resistance, it is indeed very good.

"You go back to practice first, I will send things in."

Ye Xuan said to him.

"Ok!"

The nodding nodded, and immediately was sent to the planting space by Ye Xuan, and then continued to practice.

Then, Ye Xuan quickly swept past and took Lulin's shackles.

This Lulin actually refining a different kind of fire, but he was scorned by Ye Xuan, causing him to be killed and killed, and even three of the fighting powers were not played out. Some of the dead were unclear.

After Ye Xuan got Lulin's Qiang Kun ring, he sent those cultivation resources into the planting space to drop.

After the death of the yin and yang ancestors, Megatron was already the pinnacle of Nirvana, but since Ye Xuan's realm has not improved, it is also stuck here.

Then, these ores and the cultivation resources that are not used are accumulated.

"There is still a body of a long-lived beast, and returning to the old tree, it is estimated that it can almost break through to Ninet." Ye Xuan brows a pick.

The tree is generally absorbed by his blood. Of course, it is also possible to swallow the body. The higher the level, the better.

The body of the long-lived Tongtian beast is naturally better than the blood of Ye Xuan, who is seven-fold in Nirvana.

It is a pity that this beast of the long-lived beast is no longer there.

"The Lu family has a total of six long-lived ancestors. Apart from Lu Wenxing and Lu Wenyue, they have died one more. Then there are three others left. One of them, one of them is a long-lived duo, the mother of Lu Wenyue and Lu Wenxing."

Ye Xuan thought in his heart.

Before the yin and yang ancestors, but the secrets of the Lu family were all revealed, one does not fall.

Coupled with some things in the Qiankun ring, Ye Xuan knew that Lu Lin, who was killed by his own, was the son of Lu Wenxing and Lu Wenye's brother, who was their nephew.

As for the two remaining longevity of the Lu family, one is called Lu Wenyang and the other is Lu Feng.

Lu Wenyang is Lu Lin's father, and Ye Xuan's goal this time, because the key to Ye Xuan's breakthrough - nine singularity, is in his hands.

As for the Lu Feng, it was the first genius of the Lu family. It took only two hundred years to break through to the longevity.

After arriving in Nirvana, each realm can increase a lot of life, so many people have delayed birth and concentrate on cultivation.

Some people are only a hundred years old to have children, but some are only a few hundred years old, so they will not be distracted.

The Lu family has been passed down for thousands of years. If it is like a common person in the 20th generation, then the population in the millennium will be too horrible, and this is not easy to manage. The cultivation resources are too scattered, so it is better to concentrate.

Therefore, the population of Lujia is about one thousand people, and all of them are elites.

If it is before, Ye Xuan only wants to rob this Lu family, it is estimated that it can break through to Nirvana. It is a pity that he has taken a specific upgrade task, does not get the specified things, and has more natural materials. Bao is useless.

After killing Lu Lin, Ye Xuan rushed for two days and finally came to this Lu family. However, he did not go in, but stayed outside the Lu family, because the fall has not yet broken.

Not to mention Lu Bingzhen, the long-lived dude ancestor, he can't cope with the two long-lived ones, so he will wait until the break-through breaks, just in case.

Soon, two hours later.

"Oh, the breakthrough is broken, and the current nirvana is nine!"

The system sounds, and finally it sounds.

The fall broke through to the nirvana of Nirvana, and now she is not afraid of anyone in this Lu family.

"Okay, start acting!"

Chapter 1397: Break the upper limit!

"Okay, start acting!"

After hearing the system prompt, Ye Xuan finally made a big stride toward Lu.

"Hello, is there something?"

He was not close to the Lu family and was stopped by a guard.

Lu Jia is much stronger than the Yin and Yang Temple. A single guard is the seven realm of Nirvana. However, this guardian voice has not yet fallen, and it is controlled by Ye Xuan's eyes of the soul.

"Take me to find Lu Wenyang." Ye Xuan directly gave the guard an order.

"Master, I don't have this power!" The guard went to Ye Xuan and whispered.

"Take me to find this power!" Ye Xuan said.

Lu's family, now also the three long-lived strongmen, respectively, Lu Bingzhen, who has a long-lived environment, followed by Lu Wenyang and Lu Feng.

Other than that, there are no other long-lived powerhouses!

Therefore, Ye Xuan's soul eye can control everyone except the three of them.

The guard nodded and immediately entered the Lu family with Ye Xuan.

This time, Ye Xuan's goal is that Lu Wenyang, as long as he gets the nine singular winds, then he can break through to the nirvana, and one can also kill the long-lived strong.

Soon, this guard was to find a person with Ye Xuan, but a general manager of the Lu family.

"The Eye of the Soul!"

"Hey, take control of success!"

The nine-member general manager of Nirvana was directly controlled by Ye Xuan, and then Ye Xuan gave him orders.

Unexpectedly, this general manager did not touch Lu Wenyang's power, so he took Ye Xuan to find someone.

This time, he took Ye Xuan to find Lu Wenyang's grandson.

In desperation, Ye Xuan gave Lu Wenyang's grandson control. Finally, he was finally able to find Lu Wenyang.

With a strong perception of the eye, Ye Xuan can sense that he is approaching a strong man.

"Grandpa, are you there?"

Lu Wenyang's grandson shouted outside the house.

This area, not everyone can come in, there are only a handful of people who can come in.

"Dangdang!"

When the voice fell, the courtyard door was open, and a thick voice came from inside.

"what's up?"

The grandson replied: "One of my friends got the news of the nine singularity."

"Oh?"

After listening to Lu Wenyang inside, he opened his eyes and directly swept it out.

"Nine secluded?"

Lu Wenyang came to the outside and looked at his grandson and Ye Xuan, who is seven in the world.

But the next moment, he suddenly found a figure around him.

Fall!

"The Eye of Charm!"

It's so easy for Nirvana to fall in the ninefold, and to show the eyes of the enchanting eye to control a person who is higher than her.

In the blink of an eye, Lu Wenyang was controlled.

Nine secluded, I am at hand!

At the moment, Ye Xuan is plundering the past and picking up his shackles. However, letting Ye Xuan helplessly, there is no imaginary nine singularity inside.

"Where is the nine secluded winds?"

Ye Xuan asked differently.

"Nine secluded, I have been unable to succeed in refining for decades, so I gave Lu Feng!" Lu Wenyang replied.

Lu Feng!

It is the first genius of Lu's present, but after two hundred years of cultivation, it has already broken through to the longevity.

After Ye Xuan heard this, his heart trembled and said: "When did you give it?"

"Six months ago!" Lu Wenyang replied.

Half a year, but a lot of changes can happen, in case the nine singular winds are refining, then it is a tragedy!

"Take me to him immediately!"

Ye Xuan drinks a low sentence.

But at this moment, the sky suddenly swept a figure.

"Who is in my family?"

An old voice came, and Ye Xuan turned his head and stared at it. In the eyes of his perception, there was a figure swiftly swept away.

"This speed is a long-lived environment, and it should be Lu Bingzhen, the ancestors of the Lu family!"

Ye Xuanyuan's eyes widened. He estimated that it should be the atmosphere of the eyes of the charm, which was captured by Lu Bingzhen.

In this case, there is no need to hide it!

We must know that the current fall has already broken through to the nirvana of Nirvana, and also controlled a long-lived Lu Wenyang.

Long live habitat is two, what?

"Young master, I am blocking him!"

The fall suddenly plunged into the sky.

"Okay, you are careful!"

Ye Xuan nodded, then to this Lu Wenyang Road: "Take me to find Lu Feng!"

"Yes!"

Lu Wenyang nodded respectfully.

Fortunately, this Lu Feng is practicing in Lujiazhong, otherwise it will have to be found.

In the distance, Lu Bingzhen looked at Lu Wenyang and was taken away by Ye Xuan. It was also very strange.

It is simply unbelievable that a nirvana is sevenfold, and a nirvana is ninefold, and it actually controls a long habitat.

"Little girl, get out!"

Lu Bingzhen was furious and slapped toward the falling fan.

"Hundreds of demon foxes are separated, net lotus demon!"

Falling into the body, directly condensing a fire lotus, kneel down.

"Booming!"

The turbulence swept through, but fortunately the people living in this neighborhood were not weak, but they were also vomited by this powerful wave.

Niche is nine-fold, and even has the strength to compete with the long-lived environment, it is terrible!

far away.

After Lu Feng, who refines and smelt in his home, heard Lu Bingzhen's roar, he also went out to see, just to see Lu Wenyang and Ye Xuan who swiftly rushed toward themselves.

"Old ancestors, what happened?"

Lu Feng asked strangely.

The entire Lu family, in addition to Lu Bingzhen and Lu Wenxing, Lu Wenyue three, are Lu Wenyang's son, so Lu Feng called Lu Wenyang as his ancestors is normal.

"Lu Feng, give me the speed of nine secluded speeds, right away!"

Lu Wenyang said anxiously.

This nine singular winds, originally Lu Wenyang gave Lu Feng, so Lu Feng saw the former, and also took out the nine secluded winds in the Qiankun ring, and lost it to Lu Wenyang.

However, the next moment, Lu Feng was shocked.

He saw that after Lu Wenyang received the nine singular winds, he was directly handed over to the seven-strong warrior in Nirvana.

Give away?

Lu Feng's eyes widened.

Then, he felt that the scent of Ye Xuan suddenly rose.

"Hey, the host has swallowed up nine sings!"

"Hey, the host breaks through, and the current is a nirvana!"

"Hey, the host completes a specific upgrade mission, and Megatron breaks the upper limit!"

This system sounds, but I am shocked by Ye Xuan.

Megatron, not subject to his level?

This means that Megatron can break through to the sixth-order heavenly device, which is the longevity.

However, Ye Xuan suddenly saw that there was a long-lived mark on the back of Megatron. This means that Megatron can now break through to a long habitat.

"Haha!"

Ye Xuan's heart couldn't help but laugh aloud, and then swallowed the ore that had accumulated before.

"Hey, the host has reached the peak of the eight-fold nirvana!"

"Hey, Megatron breaks through, and it is a long-lived one!"

Chapter 1398: Come back home!

"Hey, the host has reached the peak of the eight-fold nirvana!"

"Hey, Megatron breaks through, and it is a long-lived one!"

Another two system prompts to sound.

Ye Xuan took a look at the next fire, and then it was flashing.

"The Eye of the Soul!"

This trick was used by Lu Feng.

This Lu Feng has just broken through to Changsheng, and the strength is much worse than Lu Wenyang, but he is also better than Ye Xuan in two realms. Ye Xuan's eyes of this soul have failed.

However, while Ye Xuan used the eyes of the soul, Lu Wenyang suddenly shot.

"boom!"

Lu Wenyang slammed into the chest of Lu Feng, who squirted a blood and his eyes widened.

He couldn't understand why his ancestors would give the nine secluded winds to other people, but he didn't understand why he shot him.

But the next moment, he will understand!

"The Eye of the Soul!"

"Hey, take control of success!"

This Lu Feng was also controlled by Ye Xuan.

Then Lu Jia, there is only one Lu Jizhen, who has a long living environment.

Now, what Lu Bingzhen has to face is the fighting power of the four longevity.

If Megatron is here, then there are five, but Megatron is still far away from the horizon, and is protecting the Song Dynasty and the Song ruling.

In the distance, Lu Bingzhen saw Lu Wenyang's hands and then took Lu Feng to kill him behind Ye Xuan. His heart was also cool.

It seems that Lu Feng is also under control!

"Who are you?"

Lu Bingzhen asked inexplicably.

If it is a long-lived strong, it will be considered, but Ye Xuan and the fall are only the level of Nirvana, which is too surprising.

Is it difficult to change, the world has changed?

Nirvana is difficult to survive after a long habitat?

"Submit to me, to protect your Lu family and nothing, otherwise, they will fall immediately!"

Ye Xuan's cold voice fell into the ear of Lu Bingzhen.

Lu Bingzhen's mind suddenly flashed in the air, and he said: "Is it you, destroy the yin and yang temple?"

"Yin and Yang Temple is destroyed by two reincarnations, not me!" Ye Xuan calmly answered.

"The reincarnation..."

Lu Bingzhen shuddered and couldn't help but stop. After thinking for a while, he asked: "If I surrender to you, what if you are going to go back?"

"I want to kill you, you can't live ten seconds, destroy your Lu family, but only ten seconds!" Ye Xuan did not answer this question, just said the truth.

The fall of a person dragged this Lu Bingzhen, now Ye Xuan broke through to the nirvana eight, the strength is not worse than the fall, plus Lu Wenyang and Lu Feng, if it really kills, Lu Bingzhen will fall within ten seconds.

Seeing that Lu Bingzhen hesitated, Ye Xuan continued: "Give you three seconds to consider, after three seconds, you will see the Lu family destroyed!"

Three seconds is very fast for the average person, but for the long-lived strong, it is very long.

In three seconds, they can think of a lot of things!

Finally, Lu Bingzhen still compromised and nodded: "Well, I am surrendering to you, I hope you will keep your promise!"

"Reassured, I will not promise easily, once promised, it will do it!"

After Ye Xuan finished, he directly showed his eyes to Lu Bingzhen.

At the beginning, the millennial ancestor Lu Bingzhen will still resist, this is normal, after all, the human body has an unwillingness to yield.

In Ye Xuan's third eye of the soul, there is a system to prompt the sound.

"Hey, take control of success!"

Lu Bingzhen, who is born in a long-lived environment, became the hitter of Ye Xuan!

If this Lu Bingzhen resists, even if it is the eye of the soul, it is estimated that it is difficult to conquer, but this Lu Bingzhen was threatened by Ye Xuan and could only promise.

As Ye Xuan said, one person can drag her down, so Ye Xuan and Lu Wenyang and Lu Feng can easily destroy the Lu family.

"well!"

After hearing the system prompt, Ye Xuan satisfactorily nodded.

The talented Lu Bingzhen's drink has also attracted the attention of many people. Now that he has seen Lu Bingzhen's surrender, he is already shocked and can't speak.

The first strongest of the Lu family, who surrendered to a nirvana, could not believe it, but this is the truth.

The people have already received the service, and the Lu family is also in control. Then, it is time to collect the spoils.

This Lu Bingzhen is also surrendered to him, so he does not do too much. After all, this Lu family still has to work.

After the scraping is finished, then the next thing is business.

"Where is the cross-border transmission array?"

Ye Xuan turned to ask Lu Bingzhen.

"It's just under my family!" Lu Bingzhen replied.

"Well, open, I want to transfer to the holy land of Penglai!"

When Ye Xuan finished, it was to break the void and directly accept the Song Dynasty and the Song ruling.

Finally, I have to go home!

This cross-border transmission array is much more advanced than the eight major families of the Penglai Holy Land. One person can be transported at a time, but Ye Xuan has only three people and does not spend much.

Before leaving, Ye Xuan also told Lu Bingzhen to find something he needed.

For example, red blood!

This red blood fire, ranked 84th in the fire list, is generally born in the body of the big killer.

The so-called big killer is to kill people without blinking. If something is okay, they will destroy the people and kill the music. The number of lives in their hands is tens of thousands and 100,000.

This is the key fire that Ye Xuan broke through to the nirvana of Nirvana.

In addition, Ye Xuan still wants Lu Bingzhen to find something to devour the beast and so on.

"Hey!"

The cross-border transmission array began to turn, and after a dazzling radiance, the careers of Ye Xuan, Song Congjing, and Song ruling were changed.

The holy land of Penglai, is here!

"are you back?"

The Song ruling touched his head somewhat strangely.

"Well, it is here!"

Ye Xuan nodded.

This map of the foothold, the yin and yang ancestors have also been here, so Ye Xuan knows where this is.

However, before they were sent back, Ye Xuan's second avatar in the Eastern Continent was dispatched and first arrived in the vicinity.

"Tread on step!"

A footstep sounded through.

The Song Dynasty and the Song ruling both trembled and were very vigilant.

"it's me!"

Ye Xuan's second avatar came out.

Three avatars, get together!

"Go, go home!"

Before the second avatar, there was a lot of void positioning along the way, so they only need to go through the door of the void and they can come to the vicinity of Xueyan.

After a few empty doors, they finally came to the entrance of the Blood Rock continent, and then they passed through the entrance to this secret.

Blood Rock Continental, back!

"The strength of the heavens and the earth here is too thin."

After passing through the entrance to the secret, and returning to the Song ruling of the **** rock continent, after feeling the strength of this heaven and earth, I could not help but frown.

It was like a big shark. It was as uncomfortable as being raised in a bathtub. There was a feeling of suffocation.

Chapter 1399: marry

"Yeah, it is much worse than the Holy Land." Ye Xuan nodded slightly.

The average person needs to absorb the strength of the heavens and the earth, but he does not need it, so how the power of heaven and earth does not affect him.

However, it is really worth comparing, the blood and the earth's heaven and earth vitality is one, then the heaven and earth vitality in the yin and yang temple is one million!

Don't worry!

"go!"

After returning to the Blood Rock Continent, Ye Xuan's dawn was once again flashing twice, breaking a door of the void.

Next stop, even Yuncheng!

After the Song Dynasty and the Song ruling passed through the door of the void, it came to a large hall.

Here, there are already hundreds of people gathered. They all got the news and gathered here to meet the Song Dynasty and the Song ruling.

"ruling!"

After seeing the Song ruling, the daughter-in-law of the Lan Yue and Song rulings rushed straight past and the three embraced.

Three years!

At that time, Ye Xuan, Ye Chong, and Song ruling jointly held the wedding together, but they did not expect to slay a long-lived yin and yang ancestor, and robbed the Song Dynasty and the Song ruling.

Fortunately, no one died that day.

The only successful marriage was Ye Chong and Lin Wenyue. Ye Xuan's wife, Song Congjing, was robbed. The blue moon's husband Song ruling was robbed, which made Ye Xuan embark on the road of seeking a wife.

Now, I finally got it back!

"Father, grandfather..."

After Song Zhengjing saw Song Zheng and Song Cheng who walked quickly toward themselves, their eyes were also moist.

"Well, just come back." Song Zheng stunned his daughter who had been separated for three years, showing a gratifying smile.

One, finally reunited!

In the past three years, there have been many people in Lianyuncheng, and the Song family who have retired from the Song Dynasty have come.

Ye Xuan is thinking that in the future, the level of planting space will be raised, and a continent will be opened directly in the planting space to allow them to live and develop.

After all, the strength of the heavens and the earth in the planting space is no worse than the yin and yang temple.

Each of these people can live forever.

In the future, when Ye Xuan achieves long-lived habitats and even reincarnation, they can also shine into the long-lived environment and become a strong party.

This time, Ye Xuan did not intend to leave in the near future, and his deity was still sitting in the Lu family to investigate some things.

After the break is over, the first avatar will go to the Twilight Holy Land and the deity to meet, and then begin to experience.

But for now, there is still a big deal to do!

The wedding three years ago was interrupted by the yin and yang ancestors, so Ye Xuan and Song ruling will have to do it again.

It took only one day to prepare for the wedding. Even Yuncheng sent a strong person to pick up representatives from various parties.

Come to the wedding, do not need gifts, but also have a variety of precious drugs.

The guests have come to tens of thousands!

Ye Xuan remembers that the last wedding to pick up the bride is the Supreme Holy Beast.

Now, of course, you can't use such a low sacred beast. This time, it is a nine-color phoenix of a niche level.

The last time was six brides. This time, there were two fewer, only four. After all, Lin Wenyue and Jiang Xinyu had already married Ye Chong.

The wedding was much smoother than I expected, and no one dared to disturb this time.

Soon, Ye Xuan and Song ruling each greeted the bride and returned to their home.

Next, it is the bridal link.

In Ye Xuan's floating island, there are no extra people at this time, only Song Dynasty, Guan Lan and Ye Xuan.

One person, while marrying two brides, this body is generally not enough, but Ye Xuan is different.

"Oh, the ruling is one person, and I, there are two!"

Ye Xuan looked like a thief, suddenly separated from the door, and then walked into the wedding room.

Not long after, the sound of the sound of the sky was heard.

Gemini blood, no, undead phoenix blood is not dead, it is simply a magic!

On this day, the two girls, Song Dianjing and Guan Yulan, also succeeded and became women.

.....

It was originally possible to build a house three years ago, but it was dragged by the yin and yang ancestors for three years.

In the past three years, Ye Xuan has been restraining, and now he is finally able to vent and become a real man.

Although the wedding is worth a thousand dollars, although Ye Xuan is not a long-term realm, it is also a temperament that has been tempered by different fires.

Last night, Ye Xuan and his two wives stayed up all night, not knowing how many rounds the war had, until the sky was lit, the two sides stopped fighting.

The Song Dynasty was a seven-fold nirvana, and it was about to break through to Nirvana. Guanlan was a little bit worse, and he also relied on the drug to reach the five-fold nirvana.

It is precisely because of this that they can withstand the toss of Ye Xuan, otherwise they can't afford it.

Ye Xuan has the blood of the undead, but the Song Dynasty and Guan Lan did not, so the two women were physically weak and tired.

Then, Ye Xuan left the floating island and came to Lianyun City.

"Bad guy, bully two sisters for one night?"

After seeing Ye Xuan, he also rushed to get together.

"how do you know?"

Ye Xuan is a bit strange.

"Of course it is guessing, I am not stupid." The spit spit out a small tongue, then grabbed a chicken leg and ate it there.

"I am going to meet a senior, are you going?" Ye Xuan suddenly said.

"Predecessors, there are predecessors here?" It was a little unexpected to hear this.

Ye Xuan is now an eight-fold nirvana, and the estimation of the realm is not possible. Therefore, it is estimated that the predecessors in Ye Xuankou should be an elder.

"Yeah, a master who is not hidden, I don't know what the realm is." Ye Xuan nodded slightly.

The predecessors in his mouth are the eternal gods of the great wilderness.

Three years ago, after the Song Dynasty and the Song ruling were taken away, Ye Xuan went to see the celestial celestial being. If the celestial celestial being told him the yin and yang temple, he would not find the sacred place. At most, the place is in the holy place of Penglai.

Therefore, Ye Xuan owes a singer to the old fairy, a big human feeling!

This time, he is going to thank the gods.

"It's hidden, it seems to be at least a long-lived place."

Falling is also a bit curious, even if it is followed by Ye Xuan.

Now that Ye Xuan has broken through to the nirvana, even if there is no killer instinct and the eye of perception, his spiritual knowledge is enough to cover the entire blood rock continent.

However, he is unable to penetrate the great wilderness.

In the blink of an eye, he came to the depths of the wild with his fall.

"senior....."

Ye Xuan opened, but he has not finished, there is an old voice.

"Come in along the light column!"

The sound is naturally the eternal fairy.

Even Ye Xuan can cover the whole blood rock continent. This mysterious strong man knows that he is coming, it is nothing.

Ye Xuan came down through the light column and came to a wooden house.

The old man is sitting in the yard in front of the wooden house, writing calligraphy and self-cultivation.

Chapter 1400: Reincarnation

"The younger generation came here, I want to thank my predecessors, and the wife of the younger generation has already recovered!"

Ye Xuan clenched his fist and thanked him.

"Little things!"

The gods in the hands of the gods are drawn in one stroke, and the last stroke is written. This is a day word.

"The younger generation is in a low state and does not know how to reward the seniors."

Ye Xuan said, suddenly took a piece of parchment from the ring of Qiankun, and then handed it to the gods.

The old fairy glanced at the next moment, and the brush in his hand suddenly shook.

"Tong Tian Bao map?"

In the heart of the old fairy, he drank a big sentence. He widened his eyes and his face was extremely shocking. After the meal, he was also surprised: "This thing, where did you get it?"

His tone made Ye Xuan somewhat wrong. It seems that this thing is causing the interest of the gods.

"This is what the younger generation got after killing the yin and yang ancestors, but the younger generation did not understand..." Ye Xuan answered the truth.

"Yin and Yang ancestors..."

The old man almost turned his eyes, which he naturally knew, but he did not expect that he almost missed these treasures.

The yin and yang ancestors once came to the blood rock continent, but did not expect that this thing was actually in the yin and yang ancestors.

"This thing, you want to use it to return my feelings?" The eyes of the old fairy fell on Ye Xuan.

"Yes!"

Ye Xuan Zheng focused.

returning a Favour many times more!

The value of this Tongtianbao map may have exceeded his expectations, and the celestial beings are also interested in it.

But if it is not the eternal fairy, Ye Xuan is simply a fog, do not know where to find the Song Dynasty, will be blindly in the Holy Land of Penglai, do not know whether this life can see again.

Although it is long in three years, if there is no such thing as a fairy, Ye Xuan may not find the Song Dynasty in a hundred years. After all, who knows the future?

As before, the yin and yang temple suddenly provoked a strong enemy, and then was destroyed, and the Song Dynasty and the Song ruling may also die.

This Tongtian treasure map is no more precious than the Song Dynasty, so Ye Xuan feels worth it!

"Okay, I have received it."

The gods nodded and the Tongtianbao map was collected.

Hearing this, Ye Xuan is also relieved, he is afraid that this Tongbao map is worthless, in that case, he will always remember this personal feeling.

"If there is any difficulty in the future, you can come to me, I will do my best." Tiandeng Laoxian added.

"Thank you for your predecessors!"

Ye Xuan clenched his fist and thanked him.

In the future, he will know what the best of the world is doing and what it means.

"When you bring this little girl, you should want to ask about the blood of this little girl."

The old fairy stunned and said: "Her blood is rare, even I am the first time. However, I know what is related to this little girl. If you want to figure it out, go to the reincarnation. The West."

Hearing this, Ye Xuan is also a bit worried: "The place of reincarnation, the West?"

This name is obviously related to the reincarnation. Now Ye Xuan's lieutenant has not arrived, it is estimated that it is not so fast.

However, Ye Xuan did not expect that the blood of the fall was so strong, even related to the reincarnation, it is difficult to fall into the reincarnation?

"Thank you for your predecessors!"

After Ye Xuan once again thanked him, he left with the fall.

After the two of them left, the gods couldn't help but come up with the one-of-a-kind map.

Then he took another one and put it on.

"Tong Tian Bao map, I was actually got two..."

The old man muttered, and he did not dare to believe this fact.

.....

After leaving the Great Wilderness, Ye Xuan also returned to Lianyun City.

"Young master, the predecessor is so powerful, what do you guess is the realm?" asked in a curious way.

"At least it's a roundabout." Ye Xuan replied.

"I can't stop..." Shake his head and shook his head.

"It is much higher than us anyway."

Ye Xuan finished the meal, and then said in a voice: "And, I feel that this predecessor is not an ontology, only what we see is just a real avatar..."

"No way?"

When he fell, he turned his head and said: "Where is his deity?"

"I don't know, I don't know how he will appear on the **** rock..." Ye Xuan also shook his head.

However, he only knows that there is some connection between the old man and the demon of the great wilderness, otherwise he will not stop him before.

At that time, Ye Xuan was going to kill the Great Wilderness, and now I feel a little creepy when I want to come.

Next, Ye Xuan also stayed in the East China for a full month. This month, Song Dianjing and Guan Yulan are rarely seen, because they have to toss with Ye Xuan at night, and then make up during the day.

A month later, Ye Xuan is also about to leave, and once again travel to the streamer holy land.

As for the East China side, as before, leaving the second avatar to accompany relatives.

Soon, the first avatar is to meet with the deity in the Lu family, and then fit.

In the past month, the Lu family has already heard about the red blood fire.

"There is a Broken City in the north of Lujia. There is a longevity event held in the north. Anyone who has lived in a long life can come to participate. This red blood fire is one of the rewards."

Ye Xuan's light flashed, and then he left Lu's home directly.

This long-lived event was held just three days later, so Ye Xuan must feel the city empty within three days.

Fortunately, if he is in the top of the world, he will use the shadow step to hurry, and the speed is already far beyond the long-lived strong.

Three days later, Ye Xuan arrived at the Broken City, and tomorrow is the day of the Longevity Festival.

"This long-lived event is mainly to dig genius, one is to test the realm, the other is to test the age, and then to rate each person. One hundred people are judged, and then the assessment is carried out, and the red blood fire is the first prize. ""

Ye Xuan thought in his heart, that is, he went to the registration point of the longevity event.

This registration test, only qualified and unqualified, qualified people will be able to re-test at the longevity event tomorrow, when the score will be judged, if there is power to see it, you can extend the olive branch.

If the registration test is not qualified, it means that the qualification is extremely bad.

Ye Xuan entered the longevity event, and then handed over the registration of Nie Pandan. The test is very simple, that is, the special spar is used.

"Hey!"

The spar shines, which means that Ye Xuan has passed the test.

"This is the qualification for the longevity event, you are the sixth hundred and sixty-six!"

A waiter handed a block token to Ye Xuan.

"Good number!"

Ye Xuan's eyes sighed and then asked in his mind: "Let's fall, do you want to try?"

He is twenty-six years old this year, and he is at the top of the world.
