

Super D. S 14

Chapter 14: kill!

"Mom, this kid is very vigilant. The package behind him is obviously loaded with clothes. It must be used to hide people's ears." The skinny man said carefully.

"Yes, but his sword, I am afraid it is worth a lot of money, it should be the next product." The knives of the knives are also very sinister, and they are seen at a glance.

"Then we..." The skinny man was flashing.

The next product, but the value of 100,000 silver, and they enter the Lianyun 18 mountains once, it is only two silver. Killing a person, getting a million dollars, even if there is no ring, it is a big profit.

"Sneak up, when he finds out, he will quickly kill him and give him no chance!" Knife Man tightened his big knife.

"it is good!"

The skinny man nodded and then lowered his footsteps.

They estimate that Ye Xuan is only about fifteen years old. Even if the latter is a child of a certain family, it is generally the third most important martial art.

The two of them, one is the fourth middle of the martial arts, and the other is the fourth peak of the martial arts. It is easy to kill Ye Xuan, but because of caution, they are fully committed to every battle.

Turning away, Ye Xuan also ran for a while, then felt that something was wrong, and immediately turned back.

I saw that the skinny man and the knife man burst out of speed and rushed toward themselves.

"Good guy, really wants to kill someone to win the treasure, grandma's, don't think that I am bully, since you want to die, then I don't mind taking the knife for you!"

Ye Xuan is so angry that although he has not killed himself, the unlucky one has killed a lot of bandits, and this is still a world of weak meat. If you don't kill, you will be killed by others.

Immediately, Ye Xuan is pulling out the sword and preparing to fight.

He can see that both of them should be the fourth most important martial arts, and he should be able to cope.

The martial arts are tenfold, and every major breakthrough is a great improvement. But each weight has three small realms. This gap is not very obvious, so there are often some geniuses who are challenged to overcome difficulties.

Now, although Ye Xuan has a disadvantage in terms of the number of people, his strength is much higher than that of the two. When the two are not close, he is directly attacking.

A few ordinary swords screamed at the two men, and the power of these swords was not strong, so they were scattered by two men.

However, the faces of the two men also became pale and pale.

They, look at Ye Xuan!

"If you don't do it, you can kill him!"

He felt that the strength of Ye Xuan was very unusual. Just a few of them were so angry that neither of them could afford to release such an attack.

"The unlucky ghost is also a genius. There are some opinions about the battle. Although my realm is higher than the other, the number is not dominant. Therefore, it is the best way to let the other party reduce the situation instantly!"

Ye Xuan looked at the two of them flying fast, and muttered in his heart. Immediately, he fell his eyes on the skinny man, because he was the relatively weak one among the two.

"Try this trick!"

When the skinny man is only ten meters away from Ye Xuan, the latter also rushes out instantly, picking up the right hand, and a powerful spiritual force instantly breaks through the air and smashes toward the skinny man.

The wind is raging!

"What? Be careful!" The knife man shouted with wide eyes, and he could see that this move was no different.

call out!

I saw a cold flash, the wind blew directly past the skinny man's body, the skinny man's legs are also a conditional reflex, then he felt a sense of shady.

"Hey!"

The skinny man's body was slanted into two halves by the wind, and then fell to the ground. Although he did not die in an instant, it is not far from it.

"Second brother!"

The man's eyes were red, and he turned his head and attacked Ye Xuan. He waved a few knives in his hand and slammed it out, ready to tear Ye Xuan.

However, this is simply to hit the stone!

"The insects are small, the wind is raging!" Ye Xuan's foot was the next moment, and two blasts came out in an instant, and all the snipers of the knives were defeated.

You must know that he is the fifth middle of the martial arts, and he is still using five martial arts. Even if the knives and men smash ten scorpions in an instant, I am afraid that they will not be able to stop a blast.

"not good!"

The man in the heart of the knife screamed, hurriedly twisting his body, ready to flash through the cracks of the two blasts. However, the angles of the two blasts were extremely smashed, and his right shoulder was also wiped. Fortunately, it was only small. Injury does not affect the next battle.

However, when the man who saw the knife slammed into a figure that suddenly flashed in front of him, there was no trace of blood on his face. He only looked at the sneak peek, but forgot Ye Xuan who could move.

At this point, Ye Xuan had already plucked him in front of him, and suddenly came out with a sword.

"The blast is three consecutive thorns!"

"puff!"

"puff!"

"puff!"

Three muffled sounds spread, the knife of the man's green shirt has been dyed red, and Ye Xuan instantly gave the stab in the thorn, but he also experienced many life and death battles, successfully avoided the key.

"Bad boy, I want to kill you!" The knife man yelled, and the big knife waved, and seemed to want to smash the head of Ye Xuan.

"Humph!"

Faced with this knife, Ye Xuan also snorted, his right foot suddenly moved backwards, and the whole person sank.

"Huh!"

Ye Xuan could hear the wind whistling on the top of his head. The knife of the knife was swept over his head. At this time, his spiritual power had once again condensed on his right hand.

The blast has three consecutive stabs!

"puff!"

"puff!"

"puff!"

The knife man was injured again, and this time, the injury is still the thigh. In order to maximize the damage, Ye Xuan is also the same part of the three swords. Although the wound is not deep, it is to cut the male thigh artery. It is.

"not good!"

The face of the knife is already sinking to the bottom of the valley. The thigh artery is a key place. If it is not handled well, it will be life-threatening.

Moreover, at this time, still in the battle, if he does not solve Ye Xuan as soon as possible, I am afraid that he will lose too much blood and die.

"dead!"

The knife man no longer manages, raises the big knife, and aligns with Ye Xuan's head.

Why his movements are not fast, and easy Ye Xuan flashed agilely.

"Come once again, give me death!" Ye Xuan's right hand flashed quickly, this time, he was eyeing the knife's throat.

"Puff puff!"

The three swords are all in the middle.

After the three swords, the knife man also directly discarded his own big knife, his hands squatting back and forth with the throat that is constantly pouring out blood.

He probably wouldn't have thought that he would die in the hands of a teenager, and he would also be with his brother.
