Chapter 141: Let's go together!

On the plate are the Qiang Kun ring, this is the reward after the book is finished, that is, I don't know how many things are inside.

Originally, Ye Xuan had a ring for camouflage. Now, he finally has a ring. He immediately put it on, urging the real spirit to check it out and found a lot of things inside.

"The eight hundred pieces of the next product spar? The emperor is really rich and rich, even gave me an integer!"

In addition to the next product spar, there is also a township order, the address of a mansion, and a set of golden treasures and swords.

"Unfortunately, unfortunately, if I met these six people on the second level, I would rob them all the time, so I guess there are 2,000 pieces of spar, maybe they can directly break through to the real world."

Ye Xuan's heart is very regrettable, but the contest is over, and he regrets nothing.

After the completion of the book, it was retreating. The scene of the genius was passed through the open-air mirror and passed outside the imperial city.

However, after retreating to the DPRK, Yue Tongling also called Ye Xuan.

The emperor wants to see him!

Not only that, but also to see Jiang Xian six people, it seems that it is for Ling Xiaofu to assess the number of places. Then, Ye Xuan and these six people were under the lead of Yue Tong, and they saw the emperor in a small temple.

Before Zhao Pan disguised as a civilian to participate in the Imperial Capital Competition, so Jiang Xian six people do not know, but now, Jiang Xian six people have already guessed a seven seven eight eight.

Zhao Pan was not booked, and he was wearing a golden embroidered yellow robe standing next to the emperor. Is this not a prince?

They are sighing in their hearts. Fortunately, they did not encounter Zhao Pan in the contest, otherwise they would be miserable.

Xuanyang Emperor Zhao Chongguang sat in the first seat. He took a look at the seven people and then immediately opened the door and said, "I don't talk much about nonsense. I will ask you first, have you heard of Lingxiao?"

"Ling Hao House?"

For this name, Jiang Xian is no stranger to six people.

They are not Ye Xuan, a country boy. They grew up in the Imperial Capital, especially Jiang Xian, the son of the General of the National Defense. He still knows the world pattern.

At the moment, the seven people including Ye Xuan are also slightly nodding, all know.

"The original Lingxiao government only collected disciples in the four major dynasties, but this year it suddenly expanded. All empire is qualified. Of course, it is only qualifications. I want to ask, who do you want to try?" Asked about Sogo.

Jiang Xian, a six-person glimpse, hurriedly nodded and said: "Wei willing!"

"What about you?" Zhao Chongguang glanced at him and looked at Ye Xuan.

"Wei Chen is also willing." Ye Xuan said in their tone.

"it is good!"

Zhao Chongguang nodded and continued: "However, there are only three countries in this quota. We must fight against the fierce empire. Therefore, you seven have to pick two people."

"Two?"

Jiang Xian was a glimpse of six people, but when they saw Zhao Pan standing beside Zhao Chongguang, they immediately understood.

This first person has already set, that is, Zhao Pan.

"It's better to hit the sun than to hit the sun, and hit the sun today. Let's start now." Zhao Chongguang said, with a direct wave of hand, then there is a small mirror.

Under his leadership, everyone has entered it.

Ye Xuan entered the secret mirror for the third time, but this time, it was not the place before, nor the golden palace, but a place similar to the imperial city.

It seems that the members of the Xuanyang royal family lived here.

At this time, Ye Xuan was standing on a platform with a width of 200 meters.

"There are only two places, but you have seven people. Do you think how to compare?" Zhao Chongguang suddenly asked.

Ye Xuan and others are also in the same place, the number is not equal, which is somewhat troublesome.

However, there is one of the seven people, and the realm has reached the middle of the real spirit, that is, Jiang Xian.

"In fact, there have already been candidates in the heart of the mind. Jiang Xian, you have reached the middle of the real spirit, and you will be there for the time being. You six are all in the early days of the real spirit, and they will fight against each other and decide three."

Zhao Chongguang said.

Although the realm cannot represent strength, Jiang Xian was the strongest of the six in the early days of the true spirit. Now that he has broken through to the middle of the real spirit, the strength can definitely regulate the other five.

"Yes!"

Jiang Xian's fists, a look of indifference, retreated to the side.

"You six, just fight two or two, I have six tickets..." Zhao Chongguang suddenly changed out of a sign.

However, at this time, suddenly someone stepped forward and hugged his fist: "The emperor, don't have to be so troublesome, just play one game."

This is exactly what Ye Xuan said.

"Oh? General Ye said..." Zhao Chongguang is a bit strange.

"It's very simple, let them five people together, and Wei Chen alone." Ye Xuan replied.

But his voice has not yet fallen, and there are people violently on the side.

"A big breath!" Li Shaotian, the son of the general of Zhenbei, came out with a dissatisfied expression.

The same is true of the other four.

Jiang Xian is no problem, they have to serve.

But Ye Xuan is just the beginning of the real spiritual world. I dare to threaten to pick one. As a top genius of the Xuanyang Empire, how can they endure it?

In fact, Ye Xuan also understands that Zhao Chongguang had a candidate in his heart. One is Zhao Pan and the other is Jiang Xian. As for the third person, he must be him.

I am afraid that the scene here is already mapped to the open mirror, that is to say, there are many people watching.

Zhao Chongguang did this just to convince others.

Although Li Shaotian was dissatisfied, at this time, Zhao Chongguang suddenly nodded: "I feel that the strength of General Ye is not worse than Jiang Xian, then try it. If General Ye is defeated, then he will lose his qualification."

"Yes!" Ye Xuan nodded.

In the early days of the five true spiritual realms, he really did not look at it, even Jiang Xian.

Five people Li Shaotian heard this, but also a little helpless, after all, the imperial life can not be violated. But this is also good, one less competitor.

At the moment, they all took their weapons from the Qiankun ring.

And Ye Xuan, also retreated to the side.

"The score of this kid is twice as much as mine. It should be a bit of a skill." Jiang Xian thought on the side.

"let's start."

As Zhao Chongguang's voice fell, the six people on the ring were moving.

In the meantime, the genius of the five true spirits is stepping on the deep body of martial arts and plundering toward Ye Xuan. However, the strange thing happened, Ye Xuan, suddenly disappeared.

"What, how is it possible?"

The five people of Li Shaoren were shocked. They did not find out how Ye Xuan disappeared. This means that Ye Xuan's speed is beyond their reaction.

"Hey!"

Suddenly a muffled sound spread, and Lu Yu, a son of prime minister, flew straight out. Then, it was the muffled sounds that followed one after another.

"Hey!"

"Hey!"

"Hey!"

"Hey!"

After five muffled sounds, there were five fewer people in the ring, and five of Li Shaotian, all flew out and fell to the bottom.
