

## Super D. S 1411

Chapter 1411: Life, swallowing points!

The middle-aged man in black is a killer, so there are not many things in this ring, because once it falls, things can be cheaper, even if you hide it, you can't bring it.

Now, Ye Xuan has completed ten specific upgrade missions and won a total of ten rewards.

I have to say that this specific upgrade task is really too powerful, and even gave Ye Xuan ten rewards.

Unfortunately, Long Habitat did not trigger a specific upgrade task, so Ye Xuan has not upgraded, and no longer need to collect different fire upgrades.

At this time, Ye Xuan took a look at his property panel and found that he had a life span of a thousand years.

When did he think that he could live for thousands of years?

In general, people will have dark diseases in their bodies, but he has no blood in his body. Therefore, this millennium is a real millennium, unless he meets a master and is killed.

At the time of his feelings, the system suddenly prompted.

“Hey, the host can use five hundred years of life, redeem a little swallowing point, is it redeemed?”

After hearing this, Ye Xuan could not help but stunned.

Five hundred years of life, redeem a little swallowing point?

I have cut the grass!

Five hundred years, just change a little?

"I am only twenty-five years old. One year is too long for me. Maybe I will break through the reincarnation after one year. Five hundred years, I can't really think of anything."

Ye Xuan suddenly thought of this problem.

Five hundred years sounds a lot, but for him, it doesn't matter. After all, he has been through for twelve years. In the past 12 years, he has broken through to the long habitat. In the future, he is afraid that life will not be enough.

"exchange!"

At the moment, Ye Xuan has used five hundred years of life to exchange a little swallowing point. Coupled with the previous point of swallowing, he now has two points to swallow.

However, life expectancy is only five hundred years.

"Hey, the next exchange will take a thousand years!"

The system prompts again.

"The first five hundred years of life, the second one thousand years of life, then the third is 1,500 years, or two thousand years?"

Ye Xuan calculated it in my heart.

The long-lived strongman has a life span of about a thousand years. For each heavier one, it can increase the life span of two hundred and fifty years. That is to say, the long-lived nine-strong strong man has a life span of about three thousand years.

If the third exchange is 1,500 years, then it is just three thousand years, that is, Ye Xuan can almost be exchanged for three points.

"In my engulfing space, there are more than a hundred years of the best of the old springs, but in the long habitat, occasionally burning life to fight..."

Ye Xuan was hesitant.

If this is done, he will have a life span of a thousand years when he is in the third place of the longevity, and then he can redeem a little bit of swallowing point again.

"The role of the swallowing point is very big, which can make my blood more powerful. If I break through to the reincarnation in the future, my life will be more. But the long habitat needs a burning life to fight, hey, I feel that life is not enough..."

Ye Xuan was very entangled. In the end, he decided not to want to. Let's take a step and take a step. Anyway, he has a long life.

Since there are two points of swallowing, Ye Xuan is also planning in the heart, where to use the two points of swallowing.

"Forget it, save it first. If it is divided and fallen, you can still use it to resurrect the avatar..."

In the end, Ye Xuan decided not to use these two points to swallow, first to save.

Now that he has got the turtle spirit fire and broke through to the longevity, then next is to investigate some things.

For example, Xuan Ming double eyes!

Before Lu Jia investigated for more than a month, did not find anything, but the white old man is a clue, Ye Xuan estimated that the white old man is estimated to be about three long live habitats.

"Changkong City, Beifeng Mountain, Xuantian Gate, perhaps the ancestors of these three forces..."

Ye Xuan thought about it and decided to check it out from these three recent forces.

At the moment, he took away the body of the mysterious giant tortoise, and then broke open the void and returned to the Broken City.

However, when he just came back and was ready to inquire about the news of the local government, the eye of perception was swept away with a familiar atmosphere.

"It's him!"

Ye Xuan's body trembled and he recognized it all at once.

This familiar atmosphere is the \*\*\*\* of Xuan Ming's eyes, the old man in white and possessing the eyes of Vientiane.

"It's a paradise, there is no way to go, there is no door to hell, you come in..."

Ye Xuan's mouth is slightly tilted.

There are death killing orders on the Nalan ice, far away from the sky, so he doesn't have to worry.

This white old man has only the three realms of long habitat, so Ye Xuan is not afraid of him.

However, this white-haired old man is now a guest in the city's main government, and there is a long-lived triple-strong man in the city's main house, and more than a dozen longevity masters.

"Hey, now I have broken through to the long-lived environment. Falling down, the old tree is also a long-lived place. Megatron is a long-lived environment. As long as the city government is looted again, it is estimated that it can break through to the long-lived environment!"

Ye Xuan's eyes glanced.

After the breakthrough from Nirvana to the longevity, the value of the upgrade experience has been greatly improved. The previously saved Tiandi Dibao cannot allow him to break through to the long-lived environment. However, with the city's main government, it is enough.

In his mind, he thought that he was swaying into the city government.

His unfamiliar long-lived atmosphere suddenly caught the attention of some people in the city's main house. The empty city manager swept in an instant, and he was shocked when he discovered that it was Ye Xuan.

"It's you?"

Broke the city's general manager, suddenly recognized Ye Xuanlai, but the next moment, he was controlled by Ye Xuan's soul eye.

"Hey, take control of success!"

This broken city manager is also a long-lived one. In the same situation, Ye Xuan has not lost his hand.

At this moment, there are five long-lived atmospheres in the city's main house, two in the long-lived environment, and two in the long-lived three-fold.

There were other people who discovered Ye Xuan, but the empty city manager had already rushed over, and nothing happened, so everyone thought it would be fine.

Under the follow-up of the Broken City Master, Ye Xuan controlled all the five masters of Changsheng, and their wealth fell into the pocket of Ye Xuan.

"The owner of the Broken City is a long-lived two-person. Who is the other long-lived two?" Ye Xuan suddenly turned around and asked.

"It's my father!"

The empty city manager answered.

"Okay, take me in the past!"

Ye Xuan nodded.

The father of the empty city manager was the confidant of the father of the city. He had been sitting in the town government since he retired. It has been a long time, and his realm is a long habitat.

Chapter 1412: Broken City City Government

This person has lived for hundreds of years, and the soul strength is not so weak. Ye Xuan may not be so easy to control him once. However, even if you expose Ye Xuan, you are not afraid.

Soon, the city manager was found to have found his father.

"Guo Ming, what are you looking for?"

An old voice came from a mansion.

"Father, I bring a person to see you!" answered the empty city manager.

"Let's come in."

Guo Ming heard this and directly pushed in the door. Just as his father Guo Sheng also opened the door and walked out.

"Who is this....."

Guo Sheng looked at Ye Xuan somewhat strangely, because he had seen the long-lived strongman in the city's main house. Could it be that he was newly recruited to come and know?

Guo Ming's pretense is mysteriously close to Guo Sheng, and then a few words in Guo Sheng's ear, but when Guo Sheng relaxed his vigilance, Guo Ming suddenly shot.

"Hey!"

Guo Mingquan took a shot in the back of his father Guo Sheng, who suddenly flew out.

Guo Sheng wouldn't have thought that his son would attack him. What is the matter?

Just as he was surprised, Ye Xuan's dawn was also a flash.

"The Eye of the Soul!"

Suddenly, Guo Sheng responded and his son was controlled.

"Bold..."

Guo Sheng screamed, but the voice just remembered that his throat was stunned by a powerful and powerful hand. If he was rash, his head would not be guaranteed.

"The Eye of the Soul!"

When the other side was shocked, Ye Xuan continued to use the eyes of the soul.

"Hey, control failed!"

For the stronger of the older generation, it is still somewhat difficult to use the eye of the soul. After all, the other side has lived for hundreds of years, and the soul strength is much stronger than the younger strong.

However, the hard wall is also when it is blown down by the wind.

"Hey, take control of success!"

After Ye Xuan exhibited the third eye of the soul, this Guo Sheng was finally controlled by him.

However, it was only the violent drink that fell into the ears of others.

"Ok?"

The three people who are far away from the other side of the city, the brow can not help but pick.

"Father, let me go and see."

The master of the broken city said to the section.

"Go."

The focus of the paragraph continued to play chess with Ye Wen, the old man in white.

The broken city master recognized the voice, it was Guo Sheng, he wanted to see, who provoked Guo Sheng.

When he arrived, he found that Guo Sheng and Guo Ming were in the yard and there were no other people.

"Weird, it is only clear that there is a long-lived atmosphere. Why is it not now? Is it that I am wrong?"  
The main city of the city collapsed and asked strangely: "Sheng Bo, who is offending you?" "

"Nothing, it's just a man." Guo Sheng pretended to have nothing to do. He said: "The city owner is coming right, there is something to be done here..."

"whats the matter?"

The empty city owner did not have any doubts and fell directly into the yard.

But when he relaxed his vigilance, the ground suddenly took out a sharp blade and gave his entire thigh a hole.

Not only that, but even Guo Sheng and Guo Ming are also suddenly shot.

"Hey!"

The owner of the Broken City was bombarded with one or two fists, and suddenly a blood came out, but when he flew out, he suddenly smashed one person behind him.

Ye Xuan!

He did not expect that there was still a long-lived strong man hidden in the vicinity, even his long-lived two-strong powerhouse did not find it, and the hidden means were somewhat clever.

He is still surprised that he was arrested by Ye Xuan and could not speak.

"The Eye of the Soul!"

"Hey, control failed!"

The age of the empty city owner is already over a hundred years old, but Ye Xuan's first soul eye has failed.

"The Eye of the Soul!"

"Hey, take control of success!"

The owner of the city was also cut off by Ye Xuan. The latter did not say anything, and he took off the shackles of the city.

As the owner of a city, there are many things in the ring of Qiankun. These things, combined with the accumulation of Ye Xuan, are enough to break through.

"Hey, the host breaks through, and it is currently a long-lived two!"

The system prompts to sound.

At the same time, Ye Xuan's life span has increased by two hundred and fifty years, nearly eight hundred years.

Ye Xuan is so troublesome to control people, rather than choose to kill, but also because the long-lived strong can burn the life to fight.

Life is very precious, so Ye Xuan does not want to waste.

The six long-lived ones are heavy and the two long-lived ones are double. This lineup is already good.

"Go and call your father!"

Ye Xuan said to the owner of the Broken City.

The father of the ruined city master Duanzhong is a strong triple of the long-lived environment, but Ye Xuan now has the life of his son and the entire family, and the other 90% will choose to surrender!

"Yes!"

The main city of the Broken City nodded, then drank the blood bottle that Ye Xuan handed over, and then changed a suit, then left.

Soon, he returned to the place where Duan Zhong and Ye Wen played chess.

"What happened to the loud noise?"

When Duan saw his son return, he couldn't help but ask.

"Nothing, it's the victory of Uncle and Guo's test..."

The Broken City Master shook his head and whispered: "Father, Sheng Shu has an urgent need to find you."

"just now?"

The segment weight slightly frowned.

"Yes, now!"

The owner of the Broken City City replied.

"Ok."

Duan Zhong nodded slightly, to the white old man Ye Wendao: "I will come when I go."

After that, the two of them left quickly.

What is playing chess is just to pass the time. Ye Wen is not suspicious. He just thinks that the killer of the local government has caught Ye Xuan?

Because he will not track, the speed is not fast, so he commissioned the killer of the local government to catch, as long as he grabs Ye Xuan, he can get a Chinese product.

But he couldn't think of it, Ye Xuan was near him.

Soon, the master of the city was taken to bring his father.

"Ok?"

After the arrival of the paragraph, it was to see Guo Sheng's yard sitting in a stranger, a strange long-lived environment.

As for Guo Sheng and Guo Ming, they are standing respectfully behind Ye Xuan.

At the moment, he just feels wrong.

However, it is already late.

"Hey!"

A loud noise spread, and then the weight was also under attack, and was controlled by Ye Xuan.

Everything is ready, just owe the wind!

This Guo Sheng, Guo Ming, the owner of the Broken City and Duan Zhong are all their own people, so there will not be much defense.

However, the white-haired old man Ye Wen is an outsider. If he is called, the sneak attack will not succeed. Moreover, he also has a pair of eyes of Vientiane, if it is burning life, it is not so easy to deal with.

In order not to accidentally hurt the people in the city, Ye Xuan decided to lead him out.

"Call him outside the city."

After Ye Xuan finished, he left directly.

Chapter 1413: Eyes of Vientiane

Ye Xuan took the lead to come outside the city and waited quietly.

After a while, Duan Zhong, Guo Sheng, and the owner of the empty city were brought with Ye Wen. However, this Ye Wen was obviously prepared for defense, and he was far away from the group.

If there is an ambush, he can leave immediately.

"Well? Long live habitat?"

Ye Wen suddenly felt the breath of Ye Xuan, he felt that this breath is a bit like the taste of Acacia.

Duan Zhong is a long-lived triple, Guo Sheng, the empty city owner, and Ye Xuan are only two long-lived. Although they have an advantage in the number of people, Ye Wen has the eyes of Vientiane, so he is not afraid of these people.

Although Xuantianmen died a gatekeeper, there are two masters with long-lived duality. If they really fight, the city will still be defeated by Xuantianmen. After all, Xuantianmen is a sect.

"Segment, what do you take me out to do?"

Ye Wen stopped in the distance and asked strangely.

"I asked him to bring you out."

Ye Xuan suddenly opened his mouth. The next moment, his face changed and became the face that fell on the day.

This time, Ye Wen finally recognized it.

"It's you?"

The white old man's eyes widened. He did not expect that this long-lived two-strong powerhouse turned out to be Ye Xuan.

Doesn't it mean that Ye Xuan is only a nirvana?

In this day's time, it has broken through to the long livelihood.

Even if the reincarnation is reincarnation, I am afraid that it is not so abnormal?

"Yes, it's me!"

Ye Xuan nodded and smiled: "On that day, you saved the mysterious eyes, forcing me to blow two avatars. Today, I am coming to take revenge!"

For this white old man, Ye Xuan is already killing.

Although it was said that Lu Tiangong had also saved Xuan Ming's eyes, but Ye Xuan did not have any substantial losses, so he spared the Tian Tiangong. Last time, the old man in white was hurt by the loss of two avatars, wasting two points of phagocytosis to resurrect the avatar.

How can you not report this hatred?

"Two?"

The old man in white was browsed. On the same day, Ye Xuan Mingming lost only one avatar. How could it be two?

Of course, this is because he does not know that Ye Xuan's two avatars are in a fitted state, one corpse and two lives.

"The purpose of my introduction is very simple, that is to play with me, if you can win, I will let you go." Ye Xuan continued.

"Just by you?"

The old man in white is flashing, and his eyes are full of murder.

You know, Ye Xuan killed his grandson and grandson at the longevity event. He still wants to report it himself.

"Do not talk nonsense, come to fight!"

Ye Xuan sacrificed the red-yan sword that cost the super-phagocytic crystal forging into the sixth-order heavenly device.

In addition, Megatron is already suspended in the air, ready to attack.

"Oh, if that's the case, then I will hand you down!"

When the old man in white finished speaking, he was also a little jealous of the Duanzhong and others. He now finally understands that all this is probably a conspiracy to break the empty city capital.

Longevity event, floating crystal...

The purpose is to lead him, or to say, to destroy the Xuantian Gate!

But this is what he wants more. The black hand behind the scenes is not a heavy one, but Ye Xuan.

"Calling!"

In an instant, the white-haired old man Ye Wen and Ye Xuan are both shot. The former wants to leave Ye Xuan, but Ye Xuan is to kill the former.

The goals of the two are different from the beginning, so the attack is naturally different.

"The killings broke out!"

"The real fire dragon is unparalleled!"

Ye Xuan is the strongest attack, this blow is enough to kill any long-lived triple strong.

This Ye Wen originally wanted to squat down Ye Xuan. After he saw the power of this attack, he knew that he was too naive!

This attack, even he can't make it, take an adventure?

"Damn!"

The old man in white screamed in his heart, suddenly burning a lot of life, used to strengthen the infuriating, and then resisted Ye Xuan's attack.

"Booming!"

The two infuriating collisions with each other, the resulting waves seem to tear the space apart.

The white old man's blow, but burned for 20 years of life, otherwise, he is estimated to be dangerous.

In the realm, the old man in white is obviously higher than a level, but in the attack, the old man in white is a hundred thousand miles.

"I can stop me from attacking, I have to look at it, you can block it a few times!"

Ye Xuan attacked again.

"The killings broke out!"

"The real fire dragon is unparalleled!"

The old man in white is gloomy. He knows that he can't fight with Ye Xuan. Otherwise, his life will be exhausted.

However, his idea is too naive.

Although the second hit him blocked, but in this golden dragon, there is still a thing hidden.

Earthquake sword!

"Oh!"

In a crisp sound, the heart of the old man in white was pierced and blood came out.

"This....."

The old man in white was shocked.

At this time, he discovered that Ye Xuan's Vientiane power could also be displayed in an empty space. Obviously, he also had the eyes of Vientiane.

Of course, what makes him even more surprised is that he can't even pick up Ye Xuan's two strokes.

In fact, Ye Xuan is still releasing water. He is afraid that the eyes of Vientiane, the old man in white, will be burned out.

"Hey, the host's killing value is improved!"

A system prompts to sound.

The body of the old man in white did not fall from the air. Ye Xuan used the power of Vientiane to take off the eyes of the two Vientiane.

"Oh, the host has swallowed a Vientiane eye, and the power of Vientiane has increased!"

"Oh, the host has swallowed a Vientiane eye, and the power of Vientiane has increased!"

There are also two system prompts.

Ye Xuan's soul strength has not changed, but the distance between Vientiane and the use of Vientiane in the space has also increased. This is the effect of Vientiane's Eye.

"I heard that there are all kinds of eyelids in the world, the eye of death, the eye of reincarnation, etc. If I can get it, I will have these effects if I have special devouring..."

Ye Xuan has some expectations.

Now, Daqiu reported, Ye Xuan is also a wish.

After he accepted the singularity of the old man in white, he was directly separated.

"The Broken City has been controlled by me. It is better to control Xuantianmen and Beifeng Mountain..."

Ye Xuan thought in his heart, that is, both sides are on the road.

After the long habitat, his experience of upgrading has greatly improved. He estimates that even if the three forces are looted, they will not be able to break through to the longevity triple.

Every time the long habitat is broken, it can increase the life span of 250 years. Now Ye Xuan has a life span of nearly 800 years. Once he breaks through it once again, he can use the life of the millennium to exchange a little bit of swallowing point.

Thinking of this, Ye Xuan's deity and avatar are speeding up.

Soon, Ye Xuan's avatar arrived at Xuantianmen first, then split into empty bodies and smothered the entire selection. Then, he left the air again and robbed the Beifeng Mountain.

Chapter 1414: Shadow fox

Regrettably, these wealths add up, and it is still impossible for Ye Xuan to break through to the longevity triple.

However, just as he just ransacked the Beifeng Mountain, suddenly three strong men came to the Broken City.

The atmosphere of these three strong men is extremely powerful. They directly found the city's main government, but what surprised the people in the city was that after they entered the city's main government, the city's main government was abandoning a hurricane. Then, the entire city government was turned into a ruin, and no one was still alive.

Duanzhong, Broken City Master, Guo Sheng, Guo Ming and others, without exception, all fallen.

Suddenly so many people died, and Ye Xuan, who was far away from the sky, was also inspired because these people were controlled by him.

"What happened, how is it all dead?"

Ye Xuan was shocked.

He sensed that these people died almost at the same time, that is to say, there were super strong ones to kill them.

At least the four habitats are long, even five!

Ye Xuan couldn't help but shudder, immediately broke through the void and returned to the Broken City.

In order to prevent it, he changed his face and concealed his breath.

When he returned, he saw three figures standing above the city hall. The three men, all dressed in black, seemed to be the killers of the land.

"It seems that my whereabouts have been exposed. These three people should be sent by the Xuan Ming Shuangyu to catch me. These three people, at least the five longevity!"

Ye Xuan was hidden in the crowd and couldn't help but shudder.

Fortunately, there are still some long-lived strongmen in the city, so Ye Xuan will not be noticed for the time being.

It seems that he has to leave this area, and he has to go back to Lu Jiayi to lie down and use the eyes of the soul to erase all his memories of him.

However, it is at this time.

"Ok?"

Suddenly a black man turned his head and fell on Ye Xuan's body.

"not good!"

Ye Xuan's face changed greatly.

He has the hidden state of assassination, and he was discovered by the other party!

The other party, perhaps not a long-lived five-fold, but six-fold!

"go!"

At the moment, Ye Xuan immediately broke through the void and then drilled in.

Then, the black man quickly swept down, but he emptied.

"Damn, find!"

The black man made a hoarse voice.

Fortunately, Ye Xuan has a hollow eye, otherwise it will be finished again this time.

This void position is in the Guiling Mountains. This is directly opened by Ye Xuan. After the closure of the Void Door, he broke open again.

This time, he wants to go back to Lu and use the eyes of the soul to erase all the memories about him.

Otherwise, if the black person knows that he has gone to the Penglai Holy Land through the cross-border transmission of the Lu family, then the matter is big.

Although it is said that the cross-border transmission is at a distance from the \*\*\*\* rock continent, but what was found?

In case, the gods are gone out?

Therefore, Ye Xuan must put an end to this possibility and erase all the memories of the Lu family. In addition, there are several forces he has visited before, such as the beasts of the beasts.

In order to prevent it, Ye Xuan spent three days erasing his own traces.

"Now, the sky, the sword, the old tree, and I am afraid that I will be rewarded, try not to let them out..."

Ye Xuan is slightly helpless. Who makes Xuan Ming's eyes so big?

Xuan Ming Shuangyu has always been in the north, so Ye Xuan once again broke the void and came to Guiling Mountain.

"The three black people are probably still looking for me, maybe there are more people coming, I have to leave this area quickly!"

Ye Xuan thought in his mind that he left the Guiling Mountain and then headed north.

The hatred of the main city of the city was also counted in the Xuan Ming Shuangyu. If there is an opportunity in the future, he must make this Xuan Ming look good.

In the three days when he erased his traces, the fall and the old trees all broke through to the long-lived environment. That is to say, all four of them have been born in a double habitat.

With their strength, it is not a problem to deal with the five strong players in the longevity.

However, these strong people from the high-level areas will not be so simple, so he has to be careful not to expose his identity.

Ye Xuan uses the shadow step to hurry.

On the way, he encountered a lot of masters who went to the south. There were three long-lived habitats, four long-lived habitats, and five long-lived habitats. Anyway, these people, like the gold mines, rushed over.

If Ye Xuan has this strength, you can kill all of them.

However, they are all in the south of the group, Ye Xuan is not very good, in case of exposure, then it is troublesome.

Once exposed, perhaps someone will lay the level and he will not be able to continue north.

However, just the second day he left the Guiling Mountains to the north.

"Hey, the Demon Warrior breaks through, and is currently a long-lived triple!"

This time, it is the oldest breakthrough of the tree, after all, the blood of the \*\*\*\* of life has become the blood of the undead.

After hearing the prompt of this system, Ye Xuan had not come to express his congratulations, and the sky was a black figure.

"Long live three?"

Ye Xuan's brows are picking, and at the sight of insight, he can see each other's realm.

However, this time it is not a human being, but a fox. Moreover, it is still a black fox with six tails.

"Let's fall, what is this black fox?"

Ye Xuan quickly painted a portrait to let the planting space fall.

"Young Master, this is the shadow fox in my fox family. They are born with assassination means, very difficult!"

After the fall, I replied.

Shadow Fox?

Ye Xuan's eyes glanced.

Although the Shadow Fox people only have a long-lived triple, but his body has a complete charm and crystal, and there is also a charm, so Ye Xuan's soul of the eye, I am afraid it can not be controlled.

Ye Xuan was afraid that there were other people around, so he decided to circumvent this shadow fox.

However, after seeing Ye Xuan, this Shadow Fox was a flash of light and then swept toward Ye Xuan.

"Catch up?"

Ye Xuan brows a condensate.

Someone had intercepted him halfway before, but he left after checking his Qiang Kun ring.

It seems that this Shadow Fox people also hold the same idea.

The Shadow Fox people were very fast, and they came to Ye Xuan in the blink of an eye. Until then, Ye Xuan discovered that the Shadow Fox people were very young.

It seems that it is only thirteen or four years old, it is a teenager.

However, from the very beginning, you can't take people by appearance. Don't look at this boy who looks like thirteen or four years old. Maybe he is already over a thousand years old.

"Hello, is there anything wrong?"

Ye Xuan asked calmly.

"Where is it from?" the teenager asked directly.

"I am Chen Ping, the elder of Beifeng Mountain. May I ask if you have something?" Ye Xuan replied that he is now a middle-aged person.

Chapter 1415: Showing flaws?

"Do you know these people?"

The teenager took out a few portraits from the Qiankun Ring. These portraits are Ye Xuan and a few of them.

"I haven't seen it. There are a lot of people looking for it along the way, I don't know..."

Ye Xuan shook his head, but he had not finished, his head was a sting.

Charm!

This boy, directly used Ye Xuan charm.

"My day!"

Ye Xuan screamed in his heart.

He didn't use the eye of the soul to control the other side, but the other party actually started to attack him. This is really a dog.

"Ok?"

The teenager is also somewhat surprised.

Ye Xuan is not a long-lived duo. He is a long-lived triple, and he has also become a fascinating sorcerer and a fascinating singer. He used charm for a low-level person, but he did not succeed.

"Some skills..."

The boy's heart whispered a word and said, "Give me your view."

Then, Ye Xuan also took off the ring of the hand and then threw it to the boy.

Under normal circumstances, everyone will not give you the opportunity to check it out, even if the other side is higher than yourself.

However, Ye Xuan has encountered a lot of people who want to see the Qiang Kun ring, so it is very calm.

He only hopes that after the boy has finished viewing, he will leave.

The teenager took over the Qiang Kun ring and took a closer look. He did not find anything strange and immediately returned it to Ye Xuan.

"Why can you resist my charm?" The teenager couldn't help but ask.

"Because I have been more than a thousand years old this year, I have taken a lot of heavenly treasures to enhance my soul strength." Ye Xuan casually replied.

The older the age, the stronger the soul, so this is justified.

After listening to the teenager, he did not ask again, and then directly crossed Ye Xuan to leave.

Ye Xuan quietly breathed a sigh of relief, because at the sight of the insight, he saw that there was still one person passing by in the distance. If the other party started, he would probably be exposed.

However, after he ran for a while, the boy's footsteps suddenly changed.

"Slow!"

When the voice of the boy came, Ye Xuan stopped subconsciously and turned and said, "Is there anything else?"

"You are really the elders of the North Wind Mountain?" The teenager's eyes picked up slightly, and some did not believe it.

"Not bad!"

Ye Xuan's heart was shaken and he nodded on the surface.

"Well, then you will go to Beifeng Mountain with me!" said the boy.

It seems that this boy is discovering something.

Ye Xuan was very surprised. He used this identity to deceive several people along the way, but he was discovered by this boy. He couldn't figure out exactly where the scorpion was.

Perhaps, just a teenager's intuition?

"You want to visit Beifeng Mountain. I am naturally welcome to Beifeng Mountain, but there are still things to do next. I have to take the first step." Ye Xuan has some awkward fists.

"What if I don't want it?"

The dawn of the boy suddenly became cold.

"You may not be able to stop me."

When the voice fell, Ye Xuan had already applied the shadow step to the distance. At the same time, the Shadow Fox boy immediately chased it up.

The speed of the two is almost the same!

"This kid, the speed can catch up with me."

Ye Xuan felt the shadow fox teenager who was chasing behind him, and couldn't help but tremble.

In the case of his full exertion of the shadow step, even the four-strong powerhouse of the long-lived environment can't catch up. However, this long-lived triple-aged teenager can, and seems to be somewhat capable.

Just when they hadn't run a few steps, the boy behind him also shouted: "Beifeng Mountain has only one long-lived triple-armed warrior. Your speed has surpassed the long-lived four-fold. You are not a north wind mountain. People!"

"cut!"

Ye Xuan took care of him and continued to run. If the teenager continued to chase, then he broke open the void and returned to the previous place, and then walked around.

Big deal, a few days late!

"Oh, it seems that I am looking for the right person, you are my mission goal!"

The Shadow Fox boy suddenly snorted, and then sacrificed a dagger to stab the back of Ye Xuan.

"Since you are looking for death yourself, you can't blame me!"

At the front of Ye Xuan's glory, he suddenly turned and made a direct move.

"The killings broke out!"

"Xuan Tianjian!"

This time, Ye Xuan did not display the true fire dragon unparalleled, because he was afraid to burn the body of this shadow fox boy, since it has been exposed, then he used this shadow fox boy to investigate some things.

"Sure enough, you!"

Shadow fox teenager brows a face, facing Ye Xuan this is not weaker than his attack, his body turned into a black streamer, successfully avoided Ye Xuan's swordsman.

At the same time, Ye Xuan also flashed the attack of the other side.

"What about me, since you are looking for death, then I will fulfill you!"

Ye Xuan angered a word and shot again.

"Hey, you are the goal that the two adults are looking for. Just grab you, and the two adults may be able to accept me as a disciple. Today you want to leave!"

After the Shadow Fox boy finished speaking, he immediately raised his hand and responded.

For the two adults in his mouth, Ye Xuan is naturally no stranger, that is, Xuan Ming's eyes.

It seems that Ye Xuan is also looking for the right object!

Before the white man Ye Wen was bombarded by him, he did not ask where the other party sent the Xuan Ming Shuangyu to where he was. Now, after hearing the words of the Shadow Fox boy, he immediately realized that he had encountered a clue.

"Hey!" "Hey!" "Hey!"

The two began to move, in order to prevent the shadow fox juvenile intolerance, was burned into ashes by the real fire dragon, and even the body did not stay, so Ye Xuan used the Xuantian sword of Xuantianmen.

However, he also knows that this is a quick fix, because he has also passed a long-lived triple master.

The movement here is so big that it might lead him!

This shadow fox teenager, while avoiding the attack, while attacking, at the same time the eyes have already turned into pink, is using the charm to attack Ye Xuan.

But the next moment he understood, not only he would attack the soul.

"The Eye of the Soul!"

Ye Xuan's light flashed, and the shadow fox's head was a sting.

If it is more than the power of the soul, Ye Xuan can not be weaker than the long-lived triple shadow fox teenager, plus the soul of the eye several times advanced, in the soul attack is more than the Shadow Fox boy.

"Good guy, if that's the case, then I will kill you first."

The Shadow Fox boy suddenly moved to kill the heart. He suddenly remembered that the two adults could search for the supernatural powers of the soul, whether they are living or dead.

"Northern Heavenly Water!"

The shadow fox boy thought of a move, and suddenly there were some black water droplets coming around. These black water droplets, all of them like the arrow of the string, rushed toward Ye Xuan.

Intuition tells Ye Xuan that these black water droplets are not simple.

Under the eyes of insight, these black water droplets contain enormous energy. If they are smashed by thousands of water droplets, they must be riddled with holes.

However, this trick is not only the Shadow Fox Junior Club!

Chapter 1416: Shadow imprint!

"Hey, Northern Ming Tianshui has been successfully copied!"

"Hey, the host learns that the product is long-lived and magical!"

"You will, I will!"

Ye Xuan's mouth tilted slightly, using the power of Vientiane's eye, he directly gathered water droplets around the shadow fox boy.

"what?"

The Shadow Fox teenager was shocked. He just gathered black water droplets in front of Ye Xuan, and Ye Xuan actually formed a condensation around him. This means that Ye Xuan has the eyes of Vientiane.

However, what surprised him the most is that this Zhao Ye Xuan will also be?

But for now, you can't care so much!

"Hey!" "Hey!" "Hey!"

The water droplets on both sides are rushing away. These water droplets look smaller than the fingernails, but each one contains great power. A drop can pierce the turtle shell of the long-lived double mysterious giant tortoise.

It's terrible to add up so much!

However, in the midst of this millennium, Ye Xuan directly went away and escaped.

However, the Shadow Fox Junior is not so easy.

"Puff puff!"

The Shadow Fox Junior is self-defeating. Although he has escaped a lot of black water droplets, he has not escaped all of it, so he has to protect the key, but the rest is suffering.

When Ye Xuan returned from the air again, he saw the shadow fox juvenile body riddled with blood and blood, which was simply terrible.

Taking advantage of this opportunity, Ye Xuan quickly filled the knife.

"The killings broke out!"

"Xuan Tianjian!"

"call out!"

The swordsman smashed away, and the shadow fox boy who had just suffered a huge blow had a hard time.

But I have escaped the first day, but I can't hide fifteen!

"The cycle is nine flashes, the fourth flash!"

"Oh!"

In a crisp sound, the shadow fox boy's head was thrown away and separated from the body.

"Hey, the host's killing value is improved!"

A system prompts to sound, which proves that this Shadow Fox boy has fallen.

However, there is one person in the distance who will give this battle a panoramic view.

This is the long-lived triple-strong who passed by. He was very stunned after seeing the death of the Shadow Fox.

That is the Shadow Fox, the three realms of the long habitat, how is it so dead?

Although he is also a long-lived triple, if he wants to play against the Shadow Fox Junior, he will die within ten strokes.

This is the gap!

"go!"

This person took the initiative to make a direct turn and leave, although Ye Xuan only has a long habitat.

"Now want to go, it's too late, blame, you blame you bad luck!"

Ye Xuan's light suddenly flickered. The next moment, there was a scarlet killing on the other's head.

"The eye of assassination!"

"Xuan Tianjian!"

"call out!"

Ye Xuan came to the other side of the moment and then stabbed it out.

"puff!"

The heart of this unlucky passerby was pierced, and the violent infuriating gas smashed its heart and died in an instant!

"Hey, the host's killing value is improved!"

If Ye Xuan pursues it, he will be able to catch up with this unlucky passer-by, but here the battle has already started, and if it comes again, then it will be troublesome.

In case, just in case, Ye Xuan used a death killing order.

The death killing order is advanced once, and two people can be marked. One is Nalan Bing, so Ye Xuan can still use it once.

Now another time to mark this unlucky passerby, then it will be a cool day.

Ye Xuan took the unfortunate passerby's body and Qiang Kun to retreat, and then took the lead to put away the body of the Shadow Fox boy.

At this moment, he suddenly sent a mark on your own body.

"Not good, when was a shadow mark left?"

Ye Xuan's face is gloomy.

Needless to say, this shadow mark must have been left by the Shadow Fox Boy, but he was surprised that he did not find it.

The imprint is imprinted, right now, let's leave here and say.

Ye Xuan quickly turned around and changed direction in one direction. After a long journey, he found a place to hide.

Then, he is searching for the soul of the Shadow Fox Boy.

The power of searching for the soul of the soul is very expensive, and Ye Xuan constantly searches for the memory of this Shadow Fox boy.

He saw that the Shadow Fox Boy and Xuan Ming had contacted each other. The latter had been to the Shadow Fox branch and then left.

"Shadow Fox Branch!"

"The shadow of the reincarnation of the fox family!"

"Branch patriarchs!"

"Fourteen?"

After the search, Ye Xuan was shocked.

This shadow fox boy is the youngest son of the shadow fox branch patriarch. This year, he was only fourteen years old.

This qualification is too enchanting!

After all, it has only been a long-term habitat since it fell, but she is already sixteen this year.

This Shadow Fox boy is two years younger than the fallen. This is his true face, not the ones that keep young.

However, it is not a big deal to break through to the longevity before the age of 100. If you can't open your head, you will be in the longevity triple card for thousands of years.

No one dares to make a 10% ticket when practicing.

Of course, except Ye Xuan!

Now, Ye Xuan has learned a lot through this Shadow Fox boy.

It turns out that Xuan Ming's past lives are the people of this shadow fox family, and they have a great position in the clan.

In other words, Ye Xuan is a family that has found Xuan Ming's eyes. In the future, there is no need to pursue the mysterious doubles, but to start planning \*\*\*\* this mysterious pair.

"Let's fall, I have a shadow mark now, can this thing be eliminated?"

Ye Xuan could not help but ask, although he searched the memory of the Shadow Fox boy, but did not find relevant content on the elimination of the shadow mark.

"Shadow imprint?"

The fall was a bit strange. After thinking about it, he replied: "This thing is more difficult to eliminate. It is a more troublesome means for the Shadow Fox family. I estimate that the young master estimates that at least four or five heavy habitats can be eliminated."

"So trouble..."

Ye Xuan sighed.

This Shadow Fox family is really a natural killer, but also a hidden breath and a mark, a bit powerful.

Since it can't be eliminated now, then Ye Xuan does not care.

However, he suddenly remembered that this Shadow Fox boy is the young patriarch of the Shadow Fox branch. He is the most talented person in this branch. He sneaked out this time.

Therefore, someone will definitely come to him to go back. If Ye Xuan encounters these masters, I am afraid I have to run.

Luck is so good that you will save money when you go out.

You can get bad luck, even if you sleep at home.

Ye Xuan has not yet set foot on his way, but he has sensed a breath of plundering toward himself.

Long Habitat Five!

"I am coming to me, not good, it is the master of the Shadow Fox family!"

Ye Xuan suddenly reacted. This long-lived five-strong master, the breath and the shadow fox juvenile are somewhat similar, should be the same blood, so Ye Xuan decided that they are from the shadow fox branch.

Chapter 1417: Random task

At this moment, Ye Xuan is hesitating in his heart.

If it is an ordinary person, he can fight with one, but the five-strong powerhouse of the long-lived environment is not an ordinary person, but a branch of Shadow Fox.

Fighting power, can not be calculated!

You must know that the shadow fox boy, the strength is probably also reached the longevity of the four.

However, Ye Xuan decided to take a look first.

Soon, this long-lived five-fold Shadow Fox master appeared in his eyes.

This is a shadow fox middle-aged man with three purple-black tails, tall and tall.

Three tails!

It seems that the strength of this person is not as strong as Ye Xuan imagined.

"With only three tails, the soul strength is not high. If it can kill, then I should be able to break through to the longevity triple!"

When Ye Xuan thought about it, he made a decision.

Exposure, it will be exposed, big deal, he will detour!

Soon, this shadow fox middle-aged man was rushed to the front of Ye Xuan, he just passed by this place, with the impression of the shadow imprint, only found Ye Xuan.

"In your body, why is there a shadow mark of my Shadow Fox family?" The middle-aged man asked strangely.

"Because I used to be a mission goal!"

Ye Xuan holds the red sword in his hand and replies slowly.

When his voice fell, there was also a system that sounded loud.

"Hey, the host triggers a random mission, killing the Shadow Fox people in a hundred strokes, and completing the reward of the Magic Tree Warrior and the host to share the level!"

This system prompts the sound, but also makes Ye Xuan a surprise.

Old tree, share the level with him?

He quickly checked it and found that the reward was really good.

As long as the level is shared, then the old tree will be in the same state as him, and the tree may still be taller than him.

For example, Ye Xuan breaks into the eight-fold longevity. If it is converted into a percentage, it is a zero percent experience.

After sharing the level, the old tree will also be a zero percent experience of the long-lived eight.

If Ye Xuan does not continue to engulf, the experience will not be improved. However, this does not mean that the old tree will limit the improvement of experience. As long as he continues to refine the blood or body of Ye Xuan, the experience will still be improved, and even break through to the long. Habitat is nine.

To put it simply, after the completion of this random task, Ye Xuan's realm is the old realm of the tree. The future of the tree is not the same as Ye Xuan, which is higher than Ye Xuan.

This is a really good reward!

Thinking of this, Ye Xuan couldn't help but smile, and the look of this middle-aged man became a bit weird.

This middle-aged man is already dead in his heart!

However, this random task requires him to kill middle-aged people within a hundred strokes, and it is counted as the number of shots and the old man.

Therefore, Ye Xuan must be quick and fast!

When the middle-aged man saw Ye Xuan, he suddenly smiled. Suddenly he felt a cold and couldn't help but ask: "What are you laughing at?"

"Nothing, are you still having something?"

Ye Xuan put away a smile and asked.

"You have a shadow mark in your body. Perhaps, you have killed my Shadow Fox family. Today, I will take revenge for them!"

This middle-aged person also does not intend to talk nonsense, directly shot.

"Just waiting for you!"

Ye Xuan's glory is in full swing.

"The killings broke out!"

"The real fire dragon is unparalleled!"

A huge golden dragon swept out and hit the middle-aged.

He was afraid that the real body of the Shadow Fox boy would be burnt out, so he didn't use this trick.

Now, the task requirements are only to kill the middle-aged man within a hundred strokes, but it is much simpler.

Before he was shot, he had already taken the long-lived double-level Burning Tan, and his fire attack ability was greatly improved.

Coupled with the effects of blood, swords and blood, brilliant eyes, and passiveness, this attack is enough to threaten the middle-aged people who have a long life.

"A strong attack!"

The middle-aged man was shocked.

He was careless, so the attack at the beginning was very weak, and it was swallowed up by the golden dragon in an instant, which led him to fight hard.

"Northern Tianshui, protect!"

Fortunately, the middle-aged person is not an ordinary person. He quickly condenses a pair of black water droplets and then protects the whole body.

"Calling!"

The golden dragons engulfed the middle-aged people, but the water was ignited, and the middle-aged man directly draped the black drip armor and rushed out from the golden dragon.

However, he was also injured.

It's a shame that a long-lived five-fold, a face is actually hurt by a long-lived kid.

"Not finished yet!"

Ye Xuan took advantage of this opportunity to display the longevity of Chinese products.

"Northern Heavenly Water!"

Suddenly, the middle-aged people suddenly gathered a lot of black water droplets to attack directly!

"what?"

The middle-aged man was shocked. He didn't expect Ye Xuan to have this trick, but he didn't have time to think about it. He reunited a set of Beiming Tianshui Battle Armor.

This set of armor has amazing defense, but the thousands of black water droplets formed by Ye Xuan, but sacrificed Ye Xuan's 20-year life.

Moreover, Ye Xuan also lifted the effect of burning Tiandan and took the frozen Tiandan.

This attack power is extraordinary!

"Hey!"

"Hey!"

"Hey!"

A drop of Beishui Tianshui, squatting on the middle-aged person, although there is no visible wound in the middle-aged person, but the huge impact is to make it seriously injured.

Moreover, these North Heavenly Waters, as well as the frozen effect!

"Hey!"

"Hey!"

"Hey!"

In the blink of an eye, the middle-aged man was frozen into an ice sculpture, together with the set of Beiming Tianshui Battle Armor in vitro.

I have to say that he is dead himself.

Although the two instincts are different, the properties of the North Mingtian Water are the same, and with the effect of the frozen Tiandan, the middle-aged people are also self-contained, and they are sealed by their own armor.

In this way, he became a living target!

"The cycle is nine flashes, the fourth flash!"

When I fell, I didn't know when it appeared. When she plunged to the middle-aged person, it was already accelerating to the fourth flash.

"The cycle is nine flashes, the fifth flash!"

"Hey!"

The ice sculpture was cut into a corner. This position, this size, is the head of the middle-aged.

A long-lived five-time master has been beaten to fight back, which is beyond the expectations of Ye Xuan.

Of course, this is much more detrimental to the North China Tianshui, the product of the longevity, with the frozen Tiandan, it is really easy to use.

If Ye Xuan and the middle-aged people fight hard, I am afraid that at least dozens of tricks will be hit, and the other party will burn life, which is not worth the candle.

Therefore, Ye Xuan began to burn for 20 years, and achieved a one-shot kill effect.

This middle-aged man of the Shadow Fox family would not have thought that he would have died in the hands of Ye Xuan, a long-lived junior.

Chapter 1418: Sharing level

"Hey, the host's killing value is improved!"

A system prompts to sound.

Ye Xuan swiftly swept past and took over the body of this middle-aged man and the Qiang Kun.

He estimated that this middle-aged man should come to the Shadow Fox Junior, but unfortunately, the Shadow Fox Junior was also killed by him. The shadow mark in his body is left by the Shadow Fox Junior.

"Hey, the host completes the random task, and the host shares the level with the Demon Warrior!"

"Hey, the host breaks through, and it is currently a long-lived triple!"

"Hey, Megatron breaks through, and is currently a long-lived four!"

The three system prompts sounded one after another.

The tree is actually a long-lived triple, so after sharing the level, he is still a long-lived triple, and the experience is more than Ye Xuan.

This mission reward is not bad!

Although the specific upgrade task did not trigger again, but after receiving ten specific upgrade mission rewards, Ye Xuan's strength rose, otherwise he could not kill the opponent so easily.

This middle-aged man is indeed from the Shadow Fox family, and is to find the patriarch who sneaked out.

The two of them are indeed reunited, but not in the world!

"Hey, does the host convert a thousand years of life into a little swallowing point?"

Just then, the system suddenly prompted.

Now Ye Xuan is a long-lived triple, life expectancy has been upgraded to a thousand years, even if it is exchanged for a thousand years, there are still more than 20 years to live.

Moreover, there is still a hundred years of the best in his engulfing space, he is temporarily unable to die.

However, he is not in a hurry to exchange for this point of devouring. He just used the life of twenty years to kill the middle-aged people of the Shadow Fox family.

Sometimes, it still has a burning life!

Therefore, he feels that it is not too late to wait for the four-fold habitat, or to redeem the swallowing point at a critical moment.

"The shadow mark in my body, because my realm is too weak to be erased, it seems that it can only be like this..."

Ye Xuan thought in his heart, that is, continue to hurry.

This shadow mark is not necessarily a bad thing. If the strength is not strong, then it is to give him welfare.

If it is extremely powerful, Ye Xuan will directly break away from the void.

So this time, he still has to use himself as a bait to lure the Shadow Fox family.

"The shadow fox family is not strong, and the strongest is said to be a long-lived seven-fold. In my current realm, it is impossible to deal with the long-lived seven, but it should be no problem to deal with the long-lived six. After all, not everyone. Can put me in my heart."

Ye Xuan is on the road while planning in his heart.

Since he has already been exposed, it is no longer hidden. He will tell Xuan Ming's eyes now.

he came!

Soon, he was the second person to see the Shadow Fox family. This person is a four-dimensional realm of longevity and his strength is not strong.

After this person felt the shadow imprint of Ye Xuan's body, he also wanted to shoot it. Unfortunately, it was not left by Ye Xuan, a real fire dragon.

With the help of the death killing order, Ye Xuan knew that Nalan was still on the road, so he did not return to the clan.

Since there is no return to the clan, there should not be too many masters coming, so Ye Xuan must make a quick breakthrough before the master arrives!

At the moment, he is flying directly with Megatron, and his face is no longer changed, so he will remain rewarded.

Who is coming, who is dead!

Where did he go, where did he go, and he was frightened.

Soon, this news came into the shadow fox branch.

"The patriarch, I have something to report!"

A Shadow Fox man hurried to the front of the Shadow Fox branch.

"what's up?"

Shadow Fox patriarch is a burly man, but don't look at him like this. In fact, he has lived for more than a thousand years, and there are countless knees, but only the youngest son is the best. Only 14 years old has broken through to the longevity triple. It is expected to hit the round.

"Someone came the news that the two adults who asked for the arrest appeared in the vicinity of the Tianyuan Mountain Range. No one who entered the Tianyuan Mountain Range left alive..."

This Shadow Fox report.

"What is the man doing?" The shadow fox branch chief asked strangely.

The arrest of Ye Xuan is not only their shadow fox branch, but also the killers of the local government.

However, the government is the power established by the Shadow Fox family.

"I heard that only the long-lived triple, there is a long-lived four-faced demon and a long-lived four-strong sword, oh, there are two white foxes named by the adults." The master of the Shadow Fox family continued to report.

Xuan Ming's eyes are not Ye Xuan, but falling.

"Well, you immediately let the four elders out, and you must take down the white fox. As for others, it doesn't matter."

Said the shadow fox branch patriarch.

The four elders in this branch are all six strong people with longevity. They must be no problem.

"Yes!"

This shadow fox master should have a sentence, it is turned and left.

But he has not gone far, and the shadow fox branch patriarch stopped him again.

"Is there any news for the patriarchs?" asked the shadow fox branch chief frowning.

"No."

Shadow fox master shook his head.

"This mixed kid, where did you go?" The Shadow Fox branch chief yelled in his heart.

He gave his young son a great boost, and even gave his little son the treasure of heaven for his cultivation. However, this kid turned away from home and made him very angry.

You must know that the younger son is the one who is handed over to the clan by Mr. Nalanjie.

Of course, this is what he only knew in the morning.

He thought, as long as his younger son became an apprentice of Nalanjie, then he might break through to the reincarnation or even surpass Nalanjie in the future.

But what he wouldn't have thought was that Nalanjie wanted his younger son not to accept the apprentice, but to prepare to take the body.

Nalan Bing also took a fancy to the fallen body and wanted to win.

At that time, the two juvenile girls of the qualifications began to double-education. Within a hundred years, they could recover to the peak.

Even Ye Xuan did not know that he had mistakenly hit the person who had to take Nalanjie to win, and the body had long been used as a fertilizer for Tongtianbao.

At this time, Ye Xuan was ambushing others in the Yuanshan Mountains.

"Hey, it's a good idea to use yourself as a bait."

Ye Xuan was hidden at the entrance of the Tianyuan Mountain Range. With the assassination of the blood of the gods, no one was aware of his whereabouts.

These people who entered the Tianyuan Mountain Range are at least three long-lived, and the higher ones have reached the five-fold long habitat. If they are exhausted, his realm will fall.

Ye Xuan is waiting here.

In the distance, Megatron and the tree are making noises and bringing these people together.

Chapter 1419: Night black wind high killing night!

After a while, Ye Xuan was attacked.

At this moment, it is just the night.

Black night is high, killing night!

"kill!"

Ye Xuan's light flashed and burst into the air.

The heads-up has not been any challenge to him, so he is now picking a group.

"The killings broke out!"

"The real fire dragon is unparalleled!"

Ye Xuan quietly plundered behind a long-lived triple-strong, and then directly launched a sneak attack.

"what?"

The hapless sneak attacked by him, turned his head in a strange way, was swallowed up by the golden dragon, burning only a weapon and a ring.

"Receive!"

Ye Xuan quickly took the spoils into the bag and immediately broke into the shadows.

"He appeared!"

The local killers who arrested Ye Xuan also shouted after hearing the movement.

Unfortunately, they do not have the trace of Ye Xuan!

After a few seconds, Ye Xuan has already looted behind the other person.

"The killings broke out!"

"The real fire dragon is unparalleled!"

Another golden dragon appeared, accompanied by the fall of a strong man. This time, a strong man with a long habitat was burned.

Still the same, Ye Xuan put the spoils away and then hide them again.

"Damn it, others do?"

"This kid's stealth technology is even more climax than us!"

"Even people in the Shadow Fox family are not as good as they are."

These killers were so angry that they had to gnash their teeth. Because the mission was to live, they could not dare to attack and fear to kill Ye Xuan.

These people are all taking over the mission of the local government, so there are not many things in the Qiankun ring, but Ye Xuan has already expected this, so he is thinking, whether or not to kill the value in the longevity triple The upper limit is reached.

This is a little swallowing point!

Now that he has a three-point swallowing point, if he gets another point, it is four.

Just get six, then it can be two physical integration of the blood, this is the purpose of Xuan Ye!

In less than ten seconds, three more were fallen, but they were all four-heavy warriors with long habitats and even longevity.

As for the long-lived five-fold, there is no such good attack!

Although the number of these people is large, they can't stand the consumption of Ye Xuan. In one minute, Ye Xuan directly killed more than ten people, leaving the rest of the people with some heart.

After a few minutes, there are only a few long-lived five-strong people in the surrounding area.

"A few still can upgrade, killing these four long-lived five-fold, I don't know if I can rise..."

Hidden in the darkness leaves Villa, thought.

However, there should be a lot of people coming next, and upgrading is a hard thing.

"One World War I, I haven't tried it yet, come on!"

Ye Xuan's light flashes, and finally he is about to start shooting for the five-strong warriors of the long-lived environment.

Although a dozen Fourth, but do not forget, yo, who the strength is not weak.

Longevity territory quadruple Megatron old tree two together can be a total war longevity throughout the Five.

Yo has also been a breakthrough in longevity territory to quadruple, easy to deal with two no problem.

As for the last one, it is handed over to Ye Xuan!

"Resolve four people in five seconds, should there be no problem?" Ye Xuan said in his heart.

"no problem!"

Falling down.

At the moment, Ye Xuan four people are rushing out.

"Appeared!"

The four long-lived five-strong warriors suddenly reacted.

Although Ye Xuan has the assassination status of killing the blood of the gods, but there are three fallen, they were discovered as soon as they appeared.

Falling into the lead, directly turned into a golden stream to the nearest person.

"The cycle is nine flashes, the third flash!"

"The cycle is nine flashes, the fourth flash!"

In the blink of an eye, the fall is to rush to the front of a person, then the golden light flashes, his head throws up.

Spike!

Then, the fall quickly plunged into another person.

Only one face is killed, which also makes people not play?

"Centralized deal!"

One of the remaining three people screamed.

If it is a single one, I am afraid it will be broken one by one.

However, even if it is gathered, it is useless.

"Can't let the fall preempt..."

Ye Xuan's light flashes.

"The killings broke out!"

"The real fire dragon is unparalleled!"

A huge golden dragon is condensed to illuminate the entire night sky. In the night environment, the assassination state will also have an increase in attack power and movement speed. This blow is also enough to kill.

However, these three long-lived five-level masters, but they joined forces to launch an attack against the Golden Dragon.

"Booming!"

Although Ye Xuan's attack is strong, the other three people are not weak together, and the golden dragon is broken.

On the other side, Megatron and the old tree of Megatron's transformation have already looted in front of them.

"call out!"

Megatron made a stream of light hitting three people, while the old tree was a punch, and his attack could not be weaker than the long-lived five.

The three talents have just blocked the attack of Ye Xuan, which is under siege by two magic weapons. Some of them are in a hurry, but they can still cope.

However, Ye Xuan and the new round of attacks have arrived.

"The cycle is nine flashes, the fourth flash!"

The fall is again accelerated by the first four flashes, and then harvested with a fifth flash.

"Oh!" "Oh!"

In the two crisp sounds, two long-lived five-strong powerhouses were cut off their heads.

As for the last person, it was handed over to Ye Xuan.

"The killings broke out!"

"The real fire dragon is unparalleled!"

"Calling!"

Golden Dragon, engulfing the last person.

"Hey, the host's killing value is improved!"

The more the two realms kill, the amount of killing is not much, just do not know, this time there will be a long-lived six-strong strongman to arrest him.

"Hey, the young master and the little girl are too strong, and the two of us are not working at all..."

The tree is somewhat helpless.

Megatron also trembled his sword and protested.

"No hurry, come again!"

At this time, Ye Xuan's dawn flashed, and he saw four more people entering the Tianyuan Mountains.

Moreover, the realm is not low!

Long habitat six!

"It's finally awesome, and it's still four. It's a breakthrough in the longevity."

Ye Xuan's light flashed, and the three fallen in the moment were hidden in the planting space, and then quickly concealed.

He saw that the four people had already heard the movement and were rushing toward them quickly.

As for the shadow mark, he has already controlled a strong man and erased the mark, so these masters of the Shadow Fox family can't find him.

"Slow down, he should be nearby, find!"

An old man shouted.

Four long-lived six-strong powerhouses, split their actions, and use the spirit to search for Ye Xuan's whereabouts.

But what they don't know is that Ye Xuan is staying under them.

"The masters of the four Shadow Foxes are all six-heavy and a bit tricky."

Ye Xuan brow wrinkles.

Chapter 1420: kill!

Fang Caixuan thought that only four ordinary people who were born in the four habitats, but did not expect to be a shadow fox family, this means that his eyes of the soul will not hurt much.

It seems that I have to kill the scalp!

Of course, he still has a chance in the case of one-on-one, but a pair of four words is impossible.

Therefore, these four people must be led.

These four people are unscrupulous because of their strength, and even if they are scattered, there will be no problem.

Ye Xuan is behind a middle-aged man.

"Almost, even if the nearest person wants to come, it will take a minute or two. In these two minutes, I am enough to kill him!"

After thinking about it, Ye Xuan decided to take the shot.

The strongest of the Shadow Fox family is born to be a killer. Not only is the hidden means amazing, but even the intuition is very powerful.

Ye Xuan was just approached and was discovered by the other party.

"Got you!"

The middle-aged man flashed his eyes and his eyes glanced.

Charm!

However, Ye Xuan has already closed his eyes, and he has long expected that the other party will use the charm directly.

The six strong people in the long-lived environment use the charm of the three-year-old juniors in the long-lived environment. Under normal circumstances, they are immediately fascinating and successful.

Unfortunately, Ye Xuan can't be charmed, but this charm will turn into a soul attack, so Ye Xuan has to close his eyes.

"The killings broke out!"

"Yanlong is unparalleled!"

Ye Xuan directly took out a sword, but the power of this sword is not the strongest.

In addition, Megatron and Tree Old have already been killed from both sides.

The battle has already begun, so it is necessary to make a quick decision. If it is dragged to the other three, there will be no chance.

After swallowing a large amount of ore, Megatron has already broken through to the five longevity habitats, and the hardness is not comparable to that of ordinary weapons.

After he plucked out, he turned into a huge shield and directly blocked Ye Xuan's body shape.

"Give me a roll!"

The shadow fox middle-aged man screamed and punched.

He also refining a different kind of fire, the flame is very powerful, but the vibration resistance of Megatron is extremely high. This punch is only to scatter the golden dragon, when it is hit on Megatron, it is Megatron was disintegrated.

At the same time, Ye Xuan has once again disappeared into the darkness.

"I want to hide, it's not that easy!"

The shadow fox middle-aged man sipped a low voice, and suddenly his head was condensed with a pink eyeball.

Eye of charm!

After the appearance of this pink eyeball, the surrounding area is rendered pink, and no crisis is in any shape.

Ye Xuan, is also exposed!

"It's amazing, even the eyes of the charm have learned."

Ye Xuan couldn't help but admire, but he was ready to kill this person at this time, and he quickly retreated after his body was exposed.

"Now, you still want to run?"

Shadow fox middle-aged man instantly found the position of Ye Xuan, then swooped down, ready to make Ye Xuan oyster.

Although the goal of Nalan Bing is to fall, Ye Xuan's life and death does not matter, but the eye drop does not know where it is, so Ye Xuan must live.

However, what this middle-aged fox does not know is that Ye Xuan has already laid a trap and waited for him to come up.

"Tread!"

The shadow fox middle-aged man fell to the ground and chased away toward Ye Xuan. When he passed through a place, Ye Xuan's dawn suddenly flashed.

"Come on, kill!"

Ye Xuan's flash of light flashed directly to the door of a flash of emptiness.

"The killings broke out!"

"The real fire dragon is unparalleled!"

A golden dragon, close to the door of the void, and then plucked from the back of the shadow fox middle-aged.

"what?"

The shadow fox middle-aged man was shocked. Ye Xuan Ming Ming was shot in front of him. Why did the attack suddenly change to his back?

"Northern Heaven and Earth Battle Armor!"

The shadow fox middle-aged man immediately condensed infuriating, and gathered a set of armor outside the body.

The golden dragon bombarded the battle on the north of the sky, and was suddenly shocked and collapsed. Even the Megatron days hidden in it were shaken.

This scene, Ye Xuan has long been expected.

"You are dead!"

Ye Xuan's mouth is slightly tilted. With the eyes of Vientiane, he is already condensing countless black water droplets around the shadow fox middle-aged.

"This is impossible!"

The shadow fox middle-aged man was shocked, and before he could react, the countless black water droplets were like a comet.

"Hey!"

"Hey!"

"Hey!"

The impact of black water droplets is extremely strong, directly hurting the shadow fox middle-aged.

In addition, the effect of frozen Tiandan also played a role.

"Hey!"

"Hey!"

"Hey!"

This shadow fox middle-aged man, like the one who was killed by Ye Xuan, died of death.

The North Mingtian Water Warfare was frozen, and the Shadow Fox middle-aged man was sealed among them. He tried to use the real gas to shake away, but he was powerless.

It seems that only life can be burned.

"Give me a burst!"

The shadow fox middle-aged man burned for many years and will be bombarded with the frozen North Mingtian water armor.

But at this moment.

"The cycle is nine flashes, the fifth flash!"

Oh!

A crisp sound spread, the shadow fox middle-aged man's head was smashed and fell, and died on the spot.

"Hey, the host's killing value is improved!"

Ye Xuan's killing value has improved a lot.

However, the killing value has reached the upper limit three times, but it is not so easy to reach.

Ye Xuan estimates that even if the remaining three people are killed, I am afraid it is not enough.

At the moment, he just collected the body and the spoils and immediately looked at it.

The movement here, I am afraid that people in the distance have already heard it. He wants to hide and wait for the next opportunity.

Sure enough, in less than a minute, another high-heavy six-handed master came over to see, but did not find anything. His face was extremely gloomy and there was an unpredictable feeling in his heart.

There are other people in the Tianyuan Mountain Range who arrested Ye Xuan. He hopes that he will not be his own companion.

This thought is just a flash of light. After all, his companion is a long-lived six, how can it be so easy to fall?

Ye Xuan in the distance, looking at this person to leave, my heart is also thinking.

"Young master, it is better to let the eye of the void match my reincarnation."

At this time, the fall suddenly said.

"The eye of the void, the nine turns of the reincarnation?"

Hearing this, Ye Xuan's eyes could not help but shine.

correct!

Why didn't he think of it?

As long as the niche is positioned in a special place, and then the other side is seduce, when the other party enters the trap, Ye Xuan directly breaks the void and let the fall rush in.

Who can prevent such a sneak attack?

"Well, it seems that the harvesting speed has to be improved!"

Ye Xuan is satisfied with the nod.

He quietly followed the shadow fox strongman above, and then chose the place to ambush.

"Void positioning!"

After moving away from the battlefield, Ye Xuan directly positioned the void on the land and sent a shocking sword.
