

Super D. S 1421

Chapter 1421: Nalan ice is dead?

"Go, seduce him!"

Ye Xuan said to Megatron.

"Hey!"

Megatron reluctantly sent a shocking sword and then left.

And he, he plunged into the distance, observed with the eyes of insight, and at the same time, the fall has already appeared beside him.

"Boom!"

Megatron turned into a green dragon, and the dragon's tail was pumped, which created a huge movement.

The shadow fox strong man in front of him heard the movement, but also turned his head and found Megatron in the distance.

"This is the sword that will change!"

He suddenly reacted and then chased the past.

The other one.

"Calling!"

The fall has begun to turn into a golden flash, using the reincarnation of the nine flashes to accelerate.

Megatron was near the void positioning point. After the bait was hooked, he swooped down and looked like a pair of holes to drill into the ground.

"Want to go?"

The master of the Shadow Fox family flashed, quickly landed, and then chased the past.

It is at this time.

"Hey!"

Suddenly behind him, he opened a door to the void, and then there was a petite figure from it.

"Oh!"

A head is thrown up, and the success is successful.

"Hey, the host's killing value is improved!"

Another system prompts to sound, this time the battle, the end is too fast.

"Young Master, your eye of the void is really perfect with me."

Falling can not help but shouted, directly put the spoils away, and once again passed through the door of the void back to Ye Xuan.

"It's good, but I also want to do it with my hands..."

Ye Xuan took over the Yunkun ring that was handed over, and laughed.

As a result, the four long-lived six-skilled masters died two.

Then, next, Ye Xuan is looking for the trouble of the remaining two.

The perfect combination of the eye of the void and the nine flashes of the reincarnation made them invincible, and the two masters of the six long-lived creatures were also degraded, and they died under the same tactics.

On the way, Ye Xuan also killed a lot of killers from the local government, and the entire Tianyuan Mountain Range suddenly calmed down.

"I can already break through to the longest habitat, but the value of killing is quite a lot, or I will reach the upper limit before breaking through."

Ye Xuan looked at the natural treasures in the space, thinking in my heart.

It seems that it is time to go to the shadow fox branch and turn around.

At the same time, in the distant Shadow Fox branch.

"The patriarch, not good!"

The former Shadow Fox hurriedly rushed to the residence of the Shadow Fox branch patriarch.

"What's the matter?"

The shadow fox branch patriarch came out of the house with some irritability.

"The jade cards of the young and the patriarchs are broken, not only that, but also the life jade cards of the four elders..." The shadow fox strongman reported.

"what?"

Hearing this, the shadow fox branch patriarch can not help but shake the body.

His little son and the four elders are dead?

How can this be!

"The jade of the life of the young and the patriarchs has been broken for some days, but the life jade watchers are lazy, so they have only discovered it until now. As for the life of the four elders, the jade card is just broken, not more than before. Ten minutes..." The strong figure of the Shadow Fox said a little trembling.

"boom!"

Suddenly, the infuriating body of the shadow fox branch genius can not help but rush out, and lively to give this long-lived five-fold shadow fox strong to the earthquake.

Has his son been dead for several days?

Before that, the long-lived strongman in the shadow fox branch rarely died, so the ancestral hall of life jade card was not guarded. Unexpectedly, now that I have killed so many masters, even the young patriarchs have died outside, even the bodies do not know where.

Not to mention his son, the four elders are all six masters of longevity, how can they fall down one after another.

It's hard to be a strong man with a long Habitat?

In addition, his son is a person who was hand-picked by Nalanjie, but he was sent to the clan. Now he is dead. How can he explain to the clan?

The trouble is that the two things are actually one, he is going to find the body of his son, or to find the bodies of the four elders?

His youngest son sneaked out of the family. He only knew that he had gone to the south. Now he is dead. The body may have been received by the people, and it may be eaten by the Tongtian beast. The four elders were sent to the Tianyuan Mountains by him. They should have died in the Tianyuan Mountains.

After thinking for a moment, the shadow fox branch patriarch made the decision.

The younger son is dead, then he will catch the fall, or Nalanjie will blame it, he can't afford it!

"call out!"

At the moment, the shadow fox branch patriarch is leaving the family.

.....

At the same time, Ye Xuan also left the Tianyuan Mountains and headed north.

However, when he just left the Tianyuan Mountains, he suddenly heard a system sound.

"Hey, the goal of the death killing order is dead!"

This system prompts the sound and makes Ye Xuan shocked.

The goal of the death killing order is dead?

Be aware that the person who marked him with the death killing order, except for Nalan Bing, was killed by him.

Now, the system is so prompted, isn't it representative...

He hurriedly looked to the north and found that the killing of the death killing order disappeared!

Nalan Bing, dead?

"I am going, what is the situation, Nalan ice is dead?"

Ye Xuan suddenly reacted.

Who is Nalan Bing?

One of the mysterious eyes!

The past life is a reincarnation, but the strongman of the reincarnation, but now, how can he die?

"Impossible, how could she die?"

Ye Xuan can't believe it, but the system can't always lie to him.

The system says that Nalan Bing is dead, and that is really dead!

It's hard to be done, is Nalan Bing on the way to the clan, and was killed by the strong?

If this is the case, then Naranger is also estimated to be spared.

The hatred of Mo **** clothes, is this the end?

Ye Xuan has some helplessness, but he promised to take care of him. He wants to kill him. This promise is constantly motivating him to grow up. But now, Xuan Ming's eyes are both dead, is this an adventure?

However, at this moment, he suddenly thought of a point.

Nalan Bing, not necessarily really dead!

"Yes, Nalan Bing must catch the fall before, just want to win the fallen body. Before she stayed there for a while, maybe she found the right body and she has won the success. Once she succeeds, Bei Cang Academy The body of the dean's daughter is naturally dead!"

Ye Xuan's eyes suddenly lit up.

Nalan Bing, who should have succeeded, has become another person.

Of course, the name may still be Nalan Bing.

It is possible to think of it like this.

"It turned out to be a body. In this case, the death killing order did not work."

Chapter 1422: Take the lead!

"It turned out to be a body. In this case, the death killing order did not work."

Ye Xuan's eyes picked up slightly, the death chase was marked by people, and Nalan Bing changed his body now, so the system died when Nalan Bing.

Of course, this Nalan Bing and Nalanjie may also be really dead, because they seem to have enemies. Otherwise, why should they be escorted with charm?

anyway.

Now Ye Xuan already knows the final destination of Nalan Bing and Nalanjie. It doesn't matter if the other party is dead. Ye Xuan is alive when Nalan Bing is still alive.

"The place where Nalan Bing stayed, perhaps the clan of the Shadow Fox, which was built on the edge of the reincarnation, it seems that I am very close."

Ye Xuan thought in mind, it was to speed up the pace.

Although Nalan Bing has won a body, it does not mean that she can't continue to win. Ye Xuan speculates that she should only get rid of the human body first. If she catches the fall, she will probably win the fallen body again.

Of course, it is also possible that the clan has a Shadow Fox girl who is better than the fallen, so that she does not need to fall.

Ye Xuan cast a shadow step and rushed toward the Shadow Fox branch. In any case, he had to raise the kill value to the upper limit.

However, on his way to the Shadow Fox branch, he encountered an extremely powerful atmosphere.

"Long live seven?"

Ye Xuan's brow is a pick. With the eye of insight, he can see the figure in front of him. At the same time, this figure also has six tails, which seems to be the patriarch of the Shadow Fox branch.

"I found that the life jade card was broken, and then I personally dispatched it..."

Ye Xuan suddenly reacted, and then left the scene without breaking the void.

The shadow fox patriarch in front of him also noticed Ye Xuan. He was suspected at the moment, but now I can see that Ye Xuan has suddenly left.

"Damn, he ran away!"

The Shadow Fox branch chief roared.

He knows that Ye Xuan killed the four elders of the long-lived six-six, although he did not know how Ye Xuan did it, but his intuition is generally not wrong.

Now, Ye Xuan ran away. Which direction does he want to chase?

Finally, he decided to go to the Tianyuan Mountain Range and then go to the nearest land to let more killers.

However, five minutes after he left.

The door of the void was opened again, and then Megatron was drilled from the door of the void. After looking around for four weeks, Ye Xuan came out from the door of the void.

He has a long life and he has no strength to deal with now, but he can go to the Shadow Fox branch to make a noise.

At the moment, he is continuing on his way.

On the other hand, when the shadow fox branch patriarch was about to arrive at the Tianyuan Mountain Range, he suddenly thought of it.

Ye Xuan has the ability to leave the air, maybe, and the ability to return from the air.

Now the shadow fox branch patriarch has no long-lived six-fight combat power. If Ye Xuan kills the whole, the whole branch is dangerous.

"not good!"

The shadow fox branch patriarch secretly stupidly stupid, and immediately turned around and left.

Although his speed is fast, but Ye Xuan left earlier than him, whether he can catch up with Ye Xuan is still a problem.

Ye Xuan cast a shadow step, the speed is fast to burst table, and soon, he arrived at the Shadow Fox branch family.

"A lot of long-lived strongmen..."

Ye Xuan a glimpse.

There are at least two thousand people in the long-lived strong, and there is a big family cover.

However, the four elders who died before were searched by Ye Xuan one by one.

And the shadow fox branch chief has only seen it himself, so in this shadow fox branch, at most, it is a long-lived five-level master.

Simply put, no one can stop Ye Xuan!

"Land, Megatron, old trees, go!"

Ye Xuan summoned the three, and then lifted his foot toward the shadow fox branch.

They are not close yet, and someone has found them.

"The four..."

After the guards of a shadow fox branch saw Ye Xuan four, the figure could not help but tremble.

Ye Xuan's portraits have been spread throughout the branch, and even other forces may have it. How could he not know?

"Fast, please inform the elders, the two adults looking for someone to take the initiative to come to the door ..."

The guard suddenly shouted.

The sound passed into the shadow fox branch, which suddenly caught the attention of the five long-lived elders.

There are a total of six elders in the long-lived six-story. Two escorts have left the sacred scorpion, and the remaining four are killed by Ye Xuan.

However, there are several long-lived five-year-old elders sitting in the branch.

After they heard the sound, they also directly plucked out. In addition, there are a large number of long-lived Shadow Fox people.

"A lot, there are hundreds..."

Ye Xuan used the eye of insight to sweep away. These hundreds of figures are all three or more long-lived. When so many people add up, they will get one or two long-lived six.

But what about this?

"Let's fall, be careful of their charm!" Ye Xuan reminded.

"Young master, rest assured, even if they use the eyes of the collective, they have no effect on me."

It is also said that she has undergone three transformations, and now it is a nine-tail state.

Although this Shadow Fox is a good fox blood, but compared with the Tianhu fox, it is much worse.

I am afraid that when the golden tail hair that has not been used for a long time has come out, many people have been suppressed by the suppression.

However, this golden tail hair thing, nothing to do or not to expose.

"It's really an innocent place to break through the iron shoes. It's all that you don't have to work hard. You are actually investing in the net!"

A long-lived five-strong old man came out, flashing in the light, and eating a pair of you.

"Is it?"

Ye Xuan's mouth tilted slightly, clenched the red-sword in his hand, and closed his eyes again. He was ready for a big fight!

He is a long-lived triple, and the fall is a long-lived four-fold. The old tree and the Megatron are not breathable. The former is a four-year-old long-lived, and the latter is a long-lived five-fold.

Such a team is nothing at all in the Shadow Fox camp.

However, their strength can not be calculated normally!

"Go, grab the little girl, as for others, kill innocent!"

This long-lived five-fold old man gave orders to several long-lived four masters behind him.

The patriarch is not there, so now this branch is listening to him, and even if the patriarch is still in the branch, he also has a great voice.

Because, he is the father of the shadow fox branch patriarch!

At the moment, there are four long-lived four-level masters rushing to Ye Xuan, just one person.

Chapter 1423: Kill the branch!

The people in these shadow fox branches, I am afraid I still don't know that Ye Xuan has killed four long-lived six-year-old elders.

Otherwise, the entire tribe will be in a panic, instead of sending a long-lived scum to find Ye Xuan.

Looking at the 'four masters' who rushed toward him, Ye Xuan's mouth tilted slightly, whispering: "One person, kill!"

When the words of killing words fell, they rushed out.

"The killings broke out!"

"The real fire dragon is unparalleled!"

Even if you can easily kill each other, Ye Xuan still uses a powerful attack.

On the other side, it is not necessary to use the reincarnation of the nine flashes.

As for the old tree and Megatron, it is against the rest of the two.

In the same level of circumstances, both the old tree and the Megatron are stronger than the other side, let alone the realm of Megatron, which is higher than the other.

"Oh!"

A crisp sound spread, the long-lived five-fold Megatron directly pierced the enemy's heart.

The tree is not weak, and when the right fist is blown out, the entire right arm is turned into a thick branch, and the enemy's chest is passed through.

What Shadow Fox family, weak one!

Four long-lived four-strong players were killed by Ye Xuan!

This scene fell into the eyes of everyone in the Shadow Fox branch, which made them shocked.

Not waiting for them to react, Ye Xuan is violent: "kill!"

At the rear, the long-lived seven-segment branch patriarch is rushing back, so Ye Xuan must speed up the pace, as long as the killing value reaches the upper limit, then he will be directly converted into a swallowing point, and then instantly break through to the long-lived four.

At that time, the four men plundered the entire Shadow Fox branch family.

Four people, single out the entire ethnic group?

crazy!

"Kill, kill the three, grab the little fox!" The headed elder yelled.

A big fight broke out!

Because these people's realm is not high, Ye Xuan is not prepared to use the killing feast, just need to use ordinary attacks.

"The killings broke out!"

"The real fire dragon is unparalleled!"

A golden dragon swept out and instantly took away the lives of more than a dozen people.

His attack, no one in the field can be safely taken, unless the burning life strengthens the infuriating.

On the other side, the fall is also turned into a streamer, constantly moving through the crowd, wherever there is, there will be a head flying.

As for Megatron, it is also a tough one. He has no blood of death, no one can kill him, even those who are long-lived five-strong.

Although the old strength of the tree is a little worse, it is still handy to deal with those who are weak.

In just a few seconds, the Shadow Fox branch camp is dead and injured.

Those few long-lived five-strong powerhouses have no choice but to take them.

"Damn, the patriarch is not there, the two remaining elders escorted the two adults to go..."

A long-lived five-strong strong man frowned.

Unexpectedly, a shadow fox family, even by four people...

No, there is only one person, Ye Xuan four, only Ye Xuan is human.

Humans, foxes, and demon people also have a weapon. A family has been smothered by four, and a pair is about to be destroyed.

However, just as the group of people showed a desperate look, the sky suddenly plucked two figures.

"It is the elder Nalanyang and the elder Nalanyao!"

When the words came out, everyone's eyes were bright.

This Nalanyang and Nalan Yao are the two long-lived six-age elders who escorted the mysterious eyes.

They are back, then Ye Xuan is sure to die.

At this point, Ye Xuan has already noticed them, and the corners of his mouth can't help but lift.

He is also afraid that these killings are not enough. I did not expect to have two long-lived six-sex benefits.

This is just right!

"Megatron, Bladestorm!"

At the moment, Ye Xuan gave orders to Megatron, and at the same time, he also opened a feast of killing.

A hurricane and **** rain suddenly burst!

The long-lived five-fold Megatron, even after the blade storm, even the strongest six-strong powerhouse can kill, plus the killing feast to increase it, even if the shadow fox branch patriarch returns, I am afraid The battle is not.

The killing feast opened, and with the increase in the number of people killed, Ye Xuan's increase was also increasing.

The killing feast can not increase the strength of Megatron, but it can enhance the strength of the blade storm.

In the blink of an eye, the feast of killing is up to 50%, and the power of the blade storm is also increased by 50%.

At this point, the two figures have already been swept.

"presumptuous!"

"stop!"

These two long-lived six-strong powerhouses have violently drunk, but at this time, Ye Xuan has already killed the old man who is headed, that is, the father of the shadow fox branch patriarch.

Not only that, but several elders with long-lived five-fold elders did not die under the blade storm, but were killed by the fall.

The increase in the killing feast has doubled!

"Go, kill the two!"

Ye Xuan once again gave orders to Megatron.

It's no problem to increase the power of the blade storm and deal with the two long-lived six-strong powerhouses.

After all, Megatron is a long-lived five-fold, and there is another bloodline that is not dead. Now the blade storm is not so easy to be shaken.

In addition, there are Ye Xuan and Falling Support, these two people, I am afraid that they can live for three seconds.

"A strong attack, Beishui Tianshui!"

Nalan Yang blinked and condensed black water directly. His younger brother, Nalan Yao, stood behind him and gathered a glamorous eye on his head.

However, this enchanting eye is useless to Ye Xuan with his eyes closed, and it is useless for falling. Megatron does not even have eyes, and it is useless.

As for the old tree, it is only four times long, the strength is too weak, and there is no charm.

Therefore, this fascinating eye is white.

"Northern Heavenly Water!"

Nalan Yao was gloomy and used the same trick.

"Hey!" "Hey!" "Hey!"

These black water droplets blast like a cannonball, and the blade storms against the storm.

The power of this move is indeed very strong, but after the blood sword is pierced by black water, it is a quick fix.

Don't forget, Megatron has blood without death.

"what?"

The two brothers were shocked and had to raise their hands to attack.

But at this time, a huge golden dragon took the lead.

"The killings broke out!"

"The real fire dragon is unparalleled!"

The two brothers felt the extraordinary and passive defense of this move, but in the next moment, they suddenly discovered that there was a lot more water around the North.

"not good!"

Nalanyang was gloomy and swooped down quickly, but his younger brother was embarrassed.

"Puff puff!"

This time, Ye Xuan even did not use the frozen Tiandan. The black water droplets of Beishui Tianshui alone shot Nalan Yao into a sieve. The head was even dozens of them, and it was difficult to die.

Chapter 1424: Return of the patriarch

"Hey, the host's killing value is improved!"

After hearing the prompt of this system, Ye Xuan glanced subconsciously and found that the killing value was still a little worse before it could be raised to the upper limit.

Although Nalan Lanyang escaped, she escaped the heart of Megatron.

The blood sword group whizzed past, and this Nalanyang was also killed by countless blood swords.

"Hey, the host's killing value is improved!"

"Hey, the host's killing value reaches the upper limit, is it converted into a little swallowing point?"

Hearing this, Ye Xuan's double-bang bursting shot two brilliant mans.

The killing value is finally raised to the upper limit!

Needless to say, this is naturally to be exchanged, otherwise he is still doing three things in the longevity?

"Hey, the kill value is cleared, the host gets a little swallow!"

Another system sound, Ye Xuan took a look at the panel and found that the swallowing point has reached four points.

Two more points, you can integrate the physical blood!

"Hey, the host breaks through, and the current is a long-lived four!"

"Hey, Megatron breaks through, and is currently a long-lived six!"

At the moment, Ye Xuan is swallowing up the accumulated treasures of heaven and earth, breaking through to the four habitats of Changsheng.

At this moment, in the Shadow Fox branch, there are only a few dozen long-lived strongmen.

The rest are all nirvana levels, and they are vulnerable.

Ye Xuan did not order that Megatron stop killing.

This is a strong world, the strong is respected, since this shadow fox branch is dead, then Ye Xuan does not have to be merciful.

Soon, the rest of the long-lived strong, that is, all were harvested by Ye Xuan, one left.

As for the rest of the people, Ye Xuan is too lazy to pay attention.

"Devil, he is a devil, and killed us so many people!"

"God, there is no one who has a long-lived power, and all die!"

"Is he really just a long-lived triple?"

"No, his breath has soared and it should have broken through!"

The Shadow Fox of the group's niche level looked at Ye Xuan four people with a look of jealousy.

As soon as the time came, Megatron's blade storm also stopped. Not only that, but the increase in the killing feast also disappeared.

Now, Ye Xuan is here, quietly waiting for the patriarch of the Shadow Fox branch to return.

Seeing that Ye Xuan is no longer hands-on, those who are in the nirvana are also relieved.

If Ye Xuan is mad, this group is probably going to be destroyed. You know, there are nearly 100,000 people here.

However, Ye Xuan has not been brutally to such an extent.

"This demon is still not going, is he waiting for the patriarch to come back?"

"Hey, the patriarch is a long-lived seven-heavy, and he can kill him with a slap!"

"Hey, whisper, don't be heard, or when the patriarch returns, we all become cold bodies."

After the group of Shadow Foxes retired a long way, they whispered there.

Soon, ten minutes later, it was a figure that swept from the sky.

This person is the shadow fox branch leader Naland, long-lived seven.

He had already reacted before, but he still took a slow step. When he returned, he saw the blood flowing into the river.

Although there was no body, the **** smell came out, proving that many people had died before.

I am afraid, it is the master of the Shadow Fox branch!

"噗通!"

Thinking of this, the heart of Naland is a slap in the face.

"You killed them?"

Naland is not close, it is a violent road.

"You are late."

Ye Xuan's voice fell into the ears of Nalande. At this time, Nalande just came back and stood opposite Ye Xuan.

"The patriarch, you are finally back!"

"The patriarch, revenge for the tribes, all the people of the longevity level were killed by him!"

"The two elders, Nalan Yang and Nalan Yao, who just returned, are also dead."

"The patriarchs are careful that they are ambushing, and three don't know where to go."

The people of the Shadow Fox family shouted.

"噗通!"

Hearing this, Naland's heart twitched again.

One of the long-lived people, one is not left?

Nalanyang and Nalan Yao are also the strongest players in Changsheng, how can they die?

This kind of record, even if he is afraid, can't do it.

Ye Xuan, what is it?

"There is no more nonsense. Since you are arrested by the lives of Lan Lan and Nalanjie, you must be prepared for death!"

Ye Xuan came out with a red sword.

At the same time, there is a breakthrough in the long-lived six-day Megatron.

"I Naland swears that today I will run out of life if I run out of life!"

Nalander said with a grin.

"With you, I will not tell you, your youngest son is also in my hands." Ye Xuan casually replied.

"what?"

This sentence shocked Naland.

He was only a son that day, was actually killed by Ye Xuan?

"You, **** it!"

Nalander was so angry that he took a sword and rushed toward Ye Xuan.

"Good to come!"

Ye Xuan's light flashes, and raising his hand is a blow.

"The killings broke out!"

"The real fire dragon is unparalleled!"

"Booming!"

Two different real gas collisions suddenly provoked 10,000 layers of air waves.

Although Ye Xuan is only a long-lived four-folder, his strength is beyond ordinary people, so Naland did not care about it. He began to burn for 20 years.

However, his attack actually only tied with Ye Xuan.

How can this be?

"Oh, it seems that your patriarch is not very good." Ye Xuan's mouth slightly tilted.

"Charm!"

Nalander's eyes widened, but before he turned pink, Ye Xuan suddenly closed his eyes.

Even without eyes, Ye Xuan can fight as well, and Megatron can still share his vision. He has no influence at all.

However, Naland did not know, he felt that Ye Xuan, who relied solely on spiritual battles, would definitely lose a lot of combat power.

"Northern Heavenly Water!"

Nalande used the power of infuriating and Vientiane to condense, and in front of it gathered a myriad of black water droplets, and then blasted to Ye Xuan.

This move, Ye Xuan saw more, also used the North Ming Tianshui to fight back.

"He will!"

This is the same as the expression of other people, and it is very weird.

Under normal circumstances, as long as Ye Xuan uses this trick, the other party will habitually use the North Ming Tianshui armor.

However, this Naland did not.

"Give me there!"

Nalande used the infuriating shock, and the black water droplets formed by Ye Xuan suddenly shot at Ye Xuan.

Seeing the situation, Ye Xuan can not help but sigh, "a little can bear!"

It is a pity that he had already laid a trap before Nalander came.

"Hey!"

Suddenly, Ye Xuan opened a door to the void and protected Ye Xuan.

Most of these black water droplets have entered the door of this void. The other end of the Nether Gate is behind Naland.

Chapter 1425: Fairy unicorn blood!

"what?"

Hearing the whistling sound from behind him, Naland's body trembled, and he did not turn around, directly burning his life to strengthen the infuriating, and then condensed a set of Beiming Tianshui battle armor.

This wave of black water drops attacks, some are his own, and some are Ye Xuan condensed.

You know, Ye Xuan is taking the frozen Tiandan.

"Puff puff!"

Naland's own black water droplets were easily resolved by himself, but the black water droplets condensed by Ye Xuan were not ordinary.

"Hey!" "Hey!" "Hey!"

A series of crisp sounds spread, and this set of Beiming Tianshui armor on Naland was instantly frozen. Fortunately, he himself did not suffer any harm.

Only, the action is sealed, like a smash!

Upon seeing it, Ye Xuan quickly summoned the fall.

"Return nine flashes!"

The fall began to accelerate.

At the same time, Ye Xuan is also relying on the eyes of Vientiane, and has gathered numerous black water droplets around Naland.

"Hey!"

"Hey!"

"Hey!"

It was another set of attacks, and the ice crystal armor of Nalander was even thicker.

"The cycle is nine flashes, the fourth flash!"

The fall turned into a golden stream, passing through the door of the void.

Naland was trapped in the Battle of the North, and was trying to shatter the shackles. At this time, Ye Xuan suddenly used the power of Vientiane to dismantle his armor.

Just as Nalander was shocked, the fifth flash of the fall came!

"Oh!"

Nalander has not reacted, his head has been thrown away, but the brain's consciousness has not dissipated, he saw his group of people.

At the same time, the group of people also looked at him dumbly!

In the mind of the Shadow Fox branch, the most powerful Nalande was killed by people?

"Hey, the host's killing value is improved!"

There was no wave on Ye Xuan's face, and he took advantage of Naland's body and spoils.

Although Nalander escaped a catastrophe, he could not escape the second robbery. In the end, he could not escape.

If you don't use Beishui Tianshui Battlegear, he may still have a chance to live with Ye Xuan.

It's a pity that they are all dead!

After the death of Naland, Ye Xuan also searched the body of Naland on the spot.

Then, I took this Shadow Fox family to visit again to see if there is a hidden ring.

Then, he left, leaving behind a group of Shadow Fox people who did not even have a habitat.

Next, Ye Xuan is going to the Shadow Fox Clan, that is, Nalan Bing and Nalanjie's family.

Finally, he is now confronting Xuan Ming's eyes. I don't know, what is the realm of Xuan Ming's eyes?

From the shadow fox branch to the clan, there is still a distance, even if Ye Xuan is on the road, it takes three days.

In these three days, Ye Xuan kept planning in his heart.

"Now I have four points to swallow. If there are two more points, the two physiques can be fused. At that time, there will be a metamorphosis of blood, and my combat power will be greatly improved..."

Ye Xuan thought in her heart.

However, the two-point swallowing point is not a small number, but if you recycle your skills, you can get it together.

However, these skills are more practical, and Ye Xuan is reluctant.

"The blade storm can just be exchanged for two points of swallowing, but Megatron now rises very fast, plus the blood of the undead, the power of the blade storm is not small. Moreover, there is room for improvement in the blade storm. Recycling..."

Ye Xuan thought in his heart, if you really want to recycle the skills, the old breeding skills of Shenmu Yinshu can be converted into a swallowing point.

However, it is still a little swallowing point!

"But, take a look first, maybe you have a swallowing beast on the road?"

Ye Xuan decided to let go first, anyway, he is not in a hurry now, after all, the Song Dynasty and the Song ruling have been rescued, he can slow down the rhythm.

But the next moment, he suddenly remembered a question.

Life, can not be used to exchange the swallowing point?

Before the system broke through to the long-lived triple, it was prompted once.

But at that time, Ye Xuan felt that if he exchanged his life, he would not be insured, so he would let it go.

It was not until this time that he remembered this matter.

He has a long life and has a life span of more than 1,700 years. Even if he exchanged 500 years ago, he still has a life span of more than 1,200 years. The second exchange of swallowing points requires a thousand years. Life expectancy, so he can still live for more than two hundred years.

"Haha, six points to swallow, enough!"

Ye Xuan suddenly laughed.

At the moment, he is redeeming.

"Hey, the host has spent a thousand years of life and got a little swallowing point!"

"Hey, the skill breeds and recycles successfully, and the host gets a little swallowing point!"

Two consecutive system prompts to sound, Ye Xuan subconsciously glanced at the panel.

The swallowing point has reached six points.

enough!

"Let me see, what kind of powerful blood will be born when the blood of the gods and the blood of the beasts are merged?"

Ye Xuan is very curious in his heart.

"Hey, the blood of the gods of the gods and the blood of the beasts are fused. It takes six points to swallow. Is it confirmed?"

The system prompts.

Hearing this, Ye Xuan did not want to answer: "Confirm!"

"Hey, the blood begins to merge..."

"Hey, the progress of blood fusion is 10%!"

"Hey, the progress of blood fusion is 20%!"

.....

"Hey, the progress of blood fusion is 80%!"

"Hey, the progress of blood fusion is 90%!"

Soon, the progress of blood fusion has increased to 90%.

"Hey, the progress of blood fusion is 100%!"

"Hey, blood is successful!"

"Does the host acquire the blood of the fairy unicorn, is it immediately integrated?"

Fairy unicorn?

When Ye Xuan heard the name, the blood in the body suddenly boiled up.

Kirin!

It turned out to be the blood of Kirin!

"Kirin, but the traditional Chinese beast, the unicorn is inhabited, there must be auspicious. The general unicorn is the mount of the gods, it seems that this time, got a good blood!"

Ye Xuan's eyes were beaming, and immediately replied in his mind: "Yes!"

"Hey, the celestial kylin blood is successful!"

When the system prompts to sound, Ye Xuan feels that his body is different.

At the same time, the back still had some burning sensation. He quickly let the fall and Megatron come out and saw that the clothes on his back were burned and there was a tattoo.

"Wow, what is this heavenly beast, so handsome..."

Falling can't help but open his mouth.

Through the shared vision of Megatron, Ye Xuan also saw the look of this tattoo.

"Kirin tattoo?"

Chapter 1426: Ember spirit

"Kirin tattoo?"

Ye Xuan brows a pick.

This time, the bulls are making a big deal!

Blood, there will still be a tattoo, which he saw for the first time.

At the moment, he is beginning to view the blood of this fairy unicorn.

The celestial blood of the fairy eye is the new blood of the blood of the gods and the blood of the beasts. This blood contains the vast majority of the skills of the two blood vessels.

The eyes of the gods of the eye are slightly changed, the names have changed, but the effect is still the same, but the power is stronger than before.

Ye Xuan frowned and changed these names back to the original, the eye of insight, the eye of perception, the eye of the soul, the eye of eternal, the eye of the void.

However, the eye of ruin and the eye of glory disappeared, and the fusion became a unicorn.

The unicorn is the combination of the eye of glory and the eye of the ruin. This unicorn is incomparably overbearing, and it can burn the world's effects.

This is actually the decomposition effect of the eye of the burst.

In addition, this unicorn infuriating also enhances the power of Ye Xuan's flame resistance and flame attack, and is the same as the rebirth of the blood of the undead.

In addition to this Qilin Zhenqi advanced and immortal advanced, there are three advanced routes, one is Qilin body, one is Qilin Weiwei, and the last one is Qilin.

The Qilin body is the strength and agility of the blood of the beast god. It was originally eleven advanced, and it was upgraded to twelve times with the integration of blood.

Qilin Weiwei, which includes the pet's full attribute, pet growth rate, pet expansion, and the attack effect on the beast and the engulfing income of the animal corpse, the initial ten times advanced.

As for the last unicorn drop, it is an active skill. Once it is displayed, it will summon a unicorn to fight. This is a super powerful move.

However, this unicorn has no cooling time, and cannot be recovered over time after each use. It must be swallowed by the body of the beast and the beast to recover.

Moreover, as far as the advanced unicorn falls, it seems that only one unicorn hoof can be summoned, and the entire unicorn can be summoned in the future.

There are five advances in the blood of the fairy eye unicorn, namely, the fairy eye, the unicorn, the unicorn, the unicorn, and the unicorn.

After reading it, Ye Xuan also felt that the six-point swallowing point was worth it.

Let's not say that all the ability of the eye is improved. The unicorn is so powerful that it makes the fire attack and resistance rise again. It also has a stronger burning than the eye of ruin and the eye of glory. The world effect.

In addition, strength and agility have increased by 10%, pet properties, growth rate, pet expansion, beast attacks and engulfing gains have also increased by 20%, and most importantly, a new card is also added - Kirin.

In short, Ye Xuan is very satisfied with the blood of the fairy kylin obtained after the blood fusion.

This is just a fusion of physical and blood. I don't know how powerful it is after the blood of the sword **** and the blood of the gods are merged.

"My current strength, even if I don't need a trick, I am afraid I can easily kill the seven-strong powerhouse."

Ye Xuan's confidence is overwhelming.

The infuriating in his body has also changed, it is stronger than before, and it also has its own effect.

Undead phoenix blood, celestial kylin blood, true inflammatory dragons, and burning Tiandan, which let Ye Xuan's flame attack, reached a very terrible point.

There is also the unicorn drop, although now only one shovel can be summoned, but it is the hoof of Kirin, and one foot is sure to kill the strong seven-heavy strongman.

"Little Master, I feel that the blood in your body has changed, come to the blood, let me taste it."

The tree is full of eyes and said.

"no problem....."

Ye Xuan said nothing, that is, to store some of his new blood, and then gave the tree old.

However, after the tree is old, drink it.

"What is the situation, ah ah..."

In the planting space, the tree is directly burned by the violent unicorn blood, and instantly turned into nothingness.

"Hey, the Demon Warrior is dead!"

"Hey, the Demon Warrior is resurrected!"

"Hey, the magic tree warrior has changed, and the difference has become the spirit of the ashes!"

A system prompt tone, so that Ye Xuan was shocked.

The old tree, even after drinking the unicorn blood, changed?

In the planting space, the old body of the tree is re-aggregating. Originally his body was a tree. However, after drinking the unicorn blood, the body was burned out.

In the end, the difference became a creature called the spirit of the ashes.

Ye Xuan immediately put his heart into the planting space. I saw that the tree was already transformed into a humanoid flame.

Kirin blood is too overbearing, and the old tree is burned to death. However, after the tree was robbed, it was reborn and changed.

There is also a fire attribute in the blood of the undead phoenix, but the tree is all right to drink, and now drinking unicorn blood, it has changed.

I am afraid, this is the effect of the combination of the blood of the undead and the blood of the celestial unicorn.

"Grandpa, how do you feel?" I couldn't help but ask.

"I feel stronger than before. My flame is composed of the blood of the undead phoenix and the flame of this fairy unicorn. It is very powerful." The old tree couldn't help but say.

At the same time, he is also transformed into a human form.

The original Demon Warrior turned into a human form, under the skin is still dead wood, but now, under the skin is an endless flame, in essence, there is a difference.

Before he was afraid of fire, and now he is a fire, then he is afraid of water.

"Hey, the magical treasure of the wood is changed into a magic weapon to burn the sky!"

Hearing this, Ye Xuan subconsciously swept the old attributes of the tree.

"Yangyang cable, fire hood, residual flame..."

Ye Xuan meditation in his heart, these three skills, is new after the tree has changed.

The first reaction after seeing these three skills is to earn!

Before the old skills of the tree were recycled by him, and now there are three more after the change, earning white!

This Yanyang cable is a control skill that uses the flame to lock the opponent and restrict movement.

The fire hood is a layer of flame barriers outside the body that can absorb the attack and then erupt.

As for the remnant flame, it is possible to create a flame avatar in the distance, and then the tree can be replaced with this flame in an instant, and then attack the enemy.

This flame is inherently difficult to destroy, and it is almost perfect with the blood of the undead.

Most importantly, the remnants of these three skills turned out to be a cooling-free skill.

That is to say, the tree can use this remnant flame in the future, and the metamorphosis-like attack will horrify into the sky.

As for the Yanyang cable and the fire hood, the cooling is one day.

“Well? How did the old tree and I signed a joint growth contract?”

At this time, Ye Xuan discovered this.

Before Megatron signed a joint growth contract with him, but now, the tree has been signed after the change, which is a good thing.

Chapter 1427: Entering the clan

"The herb is a treasure of heaven, a fire property, a treasure, or even a corpse..."

Ye Xuan was shocked.

Megatron can only rely on engulfing ore and weapons. This is easier for Ye Xuan, but it is really good for the old tree to break through so many channels.

However, Ye Xuan saw a restriction in the back, and the old realm of the tree could not be higher than his third level.

Ye Xuan is now a long-lived four-fold person. That is to say, the old top of the tree is a long-lived seven-fold. In addition to the previous guarantee-level contract, the old realm of the tree will only be four to seven heavy habitats.

"Although it is limited, it is still good!"

Ye Xuan said that he was very satisfied, because Megatron did not seem to exceed his third level.

In general, this time is making a big profit!

Since Qilin blood will have such an effect, Ye Xuan can also produce some, let Megatron try it.

Unfortunately, Megatron has no effect.

The same is true of falling.

Even after falling in the blood of the unicorn, the blood of the frog in the body was suppressed. Fortunately, she promptly excluded the unicorn blood, otherwise it would be a tragedy.

"Come on, Megatron, come and play with the old."

The old war of the tree was awe-inspiring. This time he changed his mind, and his realm has also been raised once. He has reached the five-fold long-lived environment, but he is not afraid of the long-lived six-day Megatron.

In the planting space, a big battle broke out.

However, both of them have the blood of the undead, and the Megatron is not dead, the old tree can not kill Megatron.

"This is cool, and the two super-powers help each other..."

Ye Xuan is already happy with his mouth. This fairy unicorn blood has a fire attribute, plus the blood of the undead, and brought him a lot of benefits.

If the blood of the sword **** and the blood of the gods are merged, it is also the blood of a fire attribute, then it will be a big hit.

.....

Soon, it was three days.

In these three days, the fall has also broken through to the five longevity, and the strength has made a qualitative leap.

In addition to Ye Xuan, the fall and the tree are all long-lived five-fold, Megatron is a long-lived six-fold, such strength to the Shadow Fox clan, enough to watch!

At this time, Ye Xuan has arrived at the destination, on the edge of his vision, is the Shadow Fox clan where the Xuan Ming Shuangyu is located.

"This Shadow Fox clan, it seems that there is no strongman in the reincarnation. The strongman of the reincarnation seems to have gone to the reincarnation and is ready to move the entire clan into it..."

Ye Xuan thought in his heart.

That is to say, at most, there are at the top of the nine-heavy masters.

With his current strength, it is not a problem to deal with the long-lived seven, but it is estimated that it will be very reluctant to deal with the long-lived eight, so he has to upgrade one level.

"I have a long life, and after I have the blood of the fairy kylin blood, the effect of the eye of the soul is greatly enhanced. It should be possible to control a long-lived Shadow Fox genie..."

Thinking of this, Ye Xuan's dawn is a bright light, because he just saw a shadow fox team moving towards the clan.

"call out!"

At the moment, he quickly swept past.

There are only three people in this team, one with a long life and four with a long life.

Ye Xuan went straight to their front and then used the eyes of the soul from a distance.

"Hey, take control of success!"

"Hey, take control of success!"

"Hey, control failed!"

The two succeeded and one failed, which was expected by Ye Xuan.

"Who?"

The four-year-old Shadow Fox has a trembling shape, but he can't see Ye Xuan, he can only be careful.

At this time, Ye Xuan's attack has arrived.

"The Eye of the Soul!"

After three full steps, I finally heard the system prompt.

"Hey, take control of success!"

In the case of the same level, Ye Xuan still needs several eyes of the soul to be able to control, which is why the charm is crystal.

Whether it is the Shadow Fox branch or this clan, almost everyone has condensed the charm and crystal, so it is more difficult to control.

Fortunately, this long-lived Shadow Fox group is only three tails, otherwise Ye Xuan can't control it.

"What is your name?"

Ye Xuan was approaching directly and asked about the Changsheng Quadruple Shadow Fox named first.

"Nalanding."

The Shadow Fox youth replied.

"Your clan, can you bring outsiders in?" Ye Xuan continued to ask.

"Yes, but the realm must not exceed the five longevity." Nalan Ming nodded.

"Nanalan ice and Nalanjie, is it still in the clan?" Ye Xuan asked again.

"This....."

Nalan Mindton paused and shook his head: "The whereabouts of the two old people are not something I can know."

"Family old?"

Hearing this title, Ye Xuan's eyes glanced.

This Nalan Bing and Nalanjie lived for a few years in the past. The peak period is the reincarnation of the strongest, and it is considered to be the top fighting power of the Shadow Fox family.

"Well, take me in and see."

Ye Xuan nodded and then mixed in this team.

There are some human beings in this Shadow Fox clan, but many men are charmed by the Shadow Fox woman, and then brought in, and will live in the future.

As long as the realm is not high, then there is nothing to bring people into.

Now that the goal of the death killing order is dead, Ye Xuan does not know where Nalan Bing is, but he can confirm that Nalan Bing should still be alive and succeed.

Soon, he was close to the Shadow Fox Clan.

"The clan is really much stronger than the branch, a lot of strong..."

Ye Xuan's heart trembled. He was just approaching and found a strong and long-lived seven-strong powerhouse. This is just a guardian clan entrance. Here, there are also the strongest eight-heavy and long-lived nine-strong.

"Nalan Ming, who is he?"

This long-lived seven-strong strongman asked that he was responsible for guarding the clan entrance. Because of the high level, it is not a problem to write down the person's face and name.

However, this is also very powerful. After all, the clan entrance has tens of thousands of people per day, and sometimes it is tens of thousands.

"It's my good friend."

Nalanmin replied.

The strongman looked at it and found that Ye Xuan was extremely strange, and the realm of the realm was four-fold, and the threat was not big.

"Okay, just go."

The strong man dispelled doubts and let go.

The clan of the Shadow Fox is a huge city with more than 100,000 Shadow Foxes. Under normal circumstances, they are all married in the family and then continue to grow.

Of course, this must have the strength to do it. There are so many people, and the natural treasures consumed are not decimals. Fortunately, there are strong players in the shadow fox that are enough to support the whole family.

Nalan Ming took Ye Xuan into the Shadow Fox clan and then took him back to his place of residence.

Don't look at Nalan Ming's appearance at the age of thirty. He is actually over six hundred years old, and even the great grandchildren have broken through to the longevity.

Chapter 1428: Mo Jia killed

Ye Xuan entered the residence of Nalanming. Then, Nalan Ming left. He was investigating Nalan Bing and Nalanjie in the order of Feng Yexuan.

Ye Xuan waited at his house to see if this Nalan Ming could ask questions.

However, not long after, there was a riot in the distance.

"Booming!"

This seems to be the voice of the battle.

"what's the situation?"

Ye Xuan is a bit strange.

This Shadow Fox clan is not allowed to fight, and if you want to do it, you must go to the military field.

However, it is not that people are fighting, but they are destroying.

However, he was too lazy to look at it, and he did not care about himself. He was investigating Nalan Bing.

This movement is not small, but it quickly stopped.

About half an hour later, Nalanming also quickly returned, but behind him, he was followed by several masters of the Shadow Fox family, both of whom were long-lived.

"I just discovered the spies from Mo's family, Nalan Ming, let your whole family come out!"

A long-lived six-strong powerhouse said to Nalan Ming.

"This....."

Nalan Ming was hesitant. There were two human women in his own family, but he was worried about Ye Xuan.

At this time, Ye Xuan inside also heard the sound, and my heart could not help but tremble.

"What is the beauty of Mo's family?"

Ye Xuan suddenly reacted.

This Mo family, is it the family of Mo blood clothes?

I heard that the land is built by two families, one is the Nalan family, and the other is the Mo family.

When Nalan Bing and Nalanjie returned to the Shadow Fox clan, they were afraid of being known by Mo's family and then being killed in the cradle. After all, this is two reincarnations.

It seems that the movement is supposed to be caused by the Mo family who lurked in.

However, because the clan did not let the strong five-strong strongman enter, he was quickly suppressed.

Now, the people of the Shadow Fox Clan have begun to investigate the outsiders.

"It seems that I have to withdraw first!"

Ye Xuan thought in his heart, that is, let Megatron turn into a cup on the table, and then break away from the void.

With the pet's shared vision, he can know the situation here and come back after the person leaves.

After receiving the instructions from Ye Xuan remotely, Nalan Ming began to let all the family members come out.

In the end, the two human women were directly enchanted, so that they could find out whether they were the spies sent by Mojia.

These two human women are not strong enough, and they are only nine-fold. It is unlikely.

However, just after the three long-lived six strong people searched the Nalanding family, suddenly one person asked: "Weird, I heard that you brought a human man in, others?"

Upon hearing this, Nalan Ming's figure trembled and said: "He just came in with me to get something, and he has left."

"If that's the case, then let's take a trip with me. Only confirm that he left me before I can let you go!"

The long-lived six-strong powerhouse said.

"it is good!"

Nalan Ming nodded, he could only do this.

Fortunately, Ye Xuan also has the skill of the eye of the void, otherwise it will be troublesome.

If he is still in the Shadow Fox clan, if he meets these three people, he will definitely accept the charm. At that time, the nature of his inability to be charmed will attract attention.

In desperation, Ye Xuan had to change his identity.

"There is a factor in Mo's family. I don't think it's so easy to go in. How can I find out where Nalan Bing and Nalanjie are?"

Ye Xuan is a headache. If this is an ordinary human family, things will be much easier.

Unfortunately, it is a Shadow Fox family!

At this moment, he is already outside the Shadow Fox clan and is planning.

At this time, he suddenly saw a large group of figures in the sky, their atmosphere, let Ye Xuan heart.

"It's so powerful, is it difficult to be a long-lived eight-eighth and nine-fold?"

Ye Xuan brows a pick, very stunned.

There are three or four hundred people in this large group. The weakest ones seem to have six long-lived habitats, while the strong ones have reached eight or even nine heavy habitats.

The one headed by is even the eye of Ye Xuan's fairy eye!

Reincarnation!

Actually, there is a strong returning force!

Oh my God!

Ye Xuan was frightened.

Are these people the masters of Mo's family?

Now that they are gathering here, is it necessary to destroy the Shadow Fox family?

Thinking of this, Ye Xuan felt very likely!

This Mo family originally had a gap with Naranger. Perhaps it was the news of Nalan Bing and Nalanjie's return, so I was prepared to start with strength.

Nalan Bing and Nalanjie are two reincarnations, and the same is the reincarnation of the blood, but it has fallen.

If Nalan Bing and Nalanjie return to the peak, Mo's family will have to bear tremendous pressure.

As a result, it is better to tear the face directly.

dry!

"If it is really killing, then this is my chance!"

Ye Xuan's light flashed, and he was still unable to find Nalan Bing and Nalanjie. Now that the team of Mo's family is coming, Nalanjie may be killed directly.

I don't know if the Shadow Fox family has left a strong reincarnation, or they have all entered the reincarnation.

At the moment, Ye Xuan is quickly following up.

At this time, the guards of the Shadow Fox clan have already seen the comers, but when he just wanted to speak, he was put on the head of a human strongman who had been killed from the side.

A big fight broke out!

"Kill, all fox people, all kill!"

Among the Mo's team, the burly middle-aged man headed for the loud roar.

"Leader!"

This large group of Mojia masters, all swooping down, ready to take advantage of the Nalan family has not responded, first slaughter some masters.

When such a large army was killed, the masters of Nalan's family could not sit still, quickly assembled and then rushed out.

At the same time, there is also a shadow fox old man plunging into the sky.

"Mo family, you finally can't sit still!"

This old man is also a reincarnation, named Nalan Xinghui.

Moreover, he also knows the reincarnation leader headed by Mo's family. The other party is called Mo Wentian and ranks sixth among Mo's ancestors.

"Sure enough, there is a person sitting in the Nalan family!"

Then Mo asked what the day saw, and said coldly: "Nalan Xinghui, you should have expected that we are coming?"

"This is nature, we are two, it is time to fight." Nalan Xinghui nodded.

"You Nalanjie has moved a lot of people into the reincarnation. Today, just because of you, I want to block us?" Mo asked Tian Tianyan.

"I can't do it, I know it when I hit it!"

Nalan Xinghui said, but also took a look at the bottom.

Below, Nalanjie's master has already gathered hundreds of people, they have long expected that Mojia will start, so these masters have been on standby.

Chapter 1429: Two wars

"Okay, then I have to look at it, your charm, how many people can charm!"

Mo asked the day to finish, but also ready to shoot.

Over the years, the children of Mo's family have been doing fascination training, and they are not resistant to the charms of the fox family.

Now, the masters of the Nalan family have entered the reincarnation to search for a thing, so Mo Jiazheng can take advantage of this opportunity to remove the Nalan family.

The two families did not want to say more, and they started playing directly. As for the Shadow Fox people who are not strong enough, they can only quickly retreat.

"Hit it, hit it, fight for two loses..."

Ye Xuan said in his heart.

This war, he naturally wants to join.

Megatron, long-lived six.

The tree is old, and the longevity is fivefold.

Falling, long-lived five.

The four of them add up, and it should not be a problem to single out a long-lived eight-strong.

This battle will be an important springboard for Ye Xuan.

"boom!"

The two major reincarnations in the air finally played against each other and made a loud noise.

This is a signal.

The people in their two camps also took action after this.

This type of battle is generally the first group attack, fight the firepower, and then gradually close the distance before starting the group battle.

Therefore, Ye Xuan can not join the battle, but he can collect the loot.

The people of Mojia are prepared, and there will not be too many things in the Qiankun ring, but the Nalan family of Shadow Fox is different.

"Booming!"

"Booming!"

"Booming!"

In the air, there are constant sounds, and the connection is not airtight. After all, this is nearly a thousand people fighting, and the world is like the end of the day.

Ye Xuan also took the opportunity to enter the Shadow Fox family, but he hid his breath and hid it.

At this time, it was a big day, so Ye Xuan couldn't help but use the night sky.

Suddenly, the sky began to darken and the sun was instantly covered.

"what happened?"

"Good end, how is the sky dark?"

"Is it a magical power for someone?"

Magical powers are unlikely to create such an environment, but it is impossible to change the sky at once.

However, this does not affect the fighting between the two sides. After all, the figure of the group of people in the air has never disappeared, and the sound of the infuriating collision will illuminate them.

At this time, some people have fallen, the body has fallen from the sky, there are people from the Shadow Fox family, and there are also people from Mo.

Ye Xuan was hidden in the darkness and quickly passed the body.

If you dare to collect the corpse below, I am afraid that only one of them will be there. After all, the people in the air are fighting too fiercely. If they are careless, they will be attacked by their attacks.

However, Ye Xuan is not afraid!

One...two...three...

Ye Xuan began collecting the body. He still suspected that his speed was not fast enough. He put the three people out and helped him collect it.

Soon, it was the collection of 20 bodies, which made Ye Xuan's repairs soar.

"The dregs of Mo's family, die!"

At this time, suddenly a five-year-old master of the Habitat attacked Ye Xuan.

He saw Ye Xuan collecting the body and it looked like the realm was not high, so he directly killed the past.

But how could he think that he couldn't even get close to Ye Xuan's body.

"Hey!"

Suddenly a fire ignited, and the tree of the incarnation of the ashes suddenly shook the flames in front of him, and then punched it out and directly pierced his chest.

The old remnant skill of the tree is really too abnormal. At the current level, he can only separate one residual flame, but this is enough.

The same is a long-lived five-fold, but the master of the Shadow Fox family is so vulnerable.

"Hey!"

In the blink of an eye, the body of the Shadow Fox family master was burned and burned, leaving only a ring and a weapon.

It is no wonder that the tree after the change can be tied with Megatron, which is so powerful.

"Haha, the old age has never been so cool!"

This is the first time that the tree has changed from the enemy, and it is still a spike. This makes him feel good, and his war is as strong as his flame.

In this way, Ye Xuan is also relieved!

"Megatron and the tree will not die, you must be careful when you fall!"

Ye Xuan said to the fall.

"Good young master." Falling down deliberately should be a sentence, the streamer of the transformation is constantly moving.

The people present, except for the group of people on the top, no one can capture her figure, unless there is a long-lived seven-eighth, eight-powered master, she will not be threatened.

The number of corpses is constantly improving. Soon, Ye Xuan collected nearly 100 bodies and also heard a system sound.

"Hey, the host breaks through, and the current is a long-lived five-fold!"

Ye Xuan broke through and the strength skyrocketed!

Now he is eligible to participate in the top battle.

"The old tree, Megatron, and the fall, the three of you teamed up to fight." Ye Xuan said to the three.

"It is good!"

The three men sang in one sentence and then jumped into the sky.

They are now joining the Mo family and attacking the Shadow Fox family.

Ye Xuan also swallowed a long-lived five-burning Tiandan on the spot, letting the flame attack increase.

He stared at a Shadow Fox master who was attacking in the distance and then launched an attack.

"The killings broke out!"

"The real fire dragon is unparalleled!"

This move is enough to threaten the long-lived eight-strong, and don't forget, Ye Xuan now has a skill called Qilin Wei.

The predecessor of this unicorn deterrent is called Beastmaster Wei, which can enhance Ye Xuan's attack on the beast, but it can only be useful to the Yao and Tongtian beasts.

However, after upgrading to Kirin Wei, Ye Xuan found that this also has a role for the Orcs.

You must know that Kirin Weiwei has advanced 10 times, which means that Ye Xuan's damage to the Orcs is doubled!

A long-lived Seven Shadow Fox sniper was attacked by Ye Xuan and was swallowed up by Yan Long. The next moment, Ye Xuan heard a system prompt.

"Hey, the host's killing value is improved!"

Spike!

In this scene, the opponent of the deceased saw it and suddenly shocked him.

Where did this kid come from?

He is a Mo family, and he naturally knows about the Mo family's move.

However, he does not know Ye Xuan.

There are more people who don't know, but now Ye Xuan appears at this time, and it has also killed a long-lived seven-strong man. What is the situation?

Moreover, he feels that Ye Xuan is not a long-lived five-fold!

Is it a good genius who passed by, helping the Mo family?

"No, it's just that the trick is that my dragon's Yanlong is unparalleled, but the power is much stronger than the Yanlong Musou. What is this person?"

The heart of the man was full of fire, watching Ye Xuan to take over the shackles, and Ye Xuan glanced at him and plucked to the nearest Shadow Fox master.

Chapter 1430: Third camp

It seems that Ye Xuan is standing on the Mojia side.

However, the long-lived seven-strong combat power has little effect on this battle.

After the master of this Mo family paused, he killed other people.

For this kind of melee, Ye Xuan likes it the most. After all, he sneaked on someone and stole one.

If the sneak attack is successful, then it is the spike!

One of the seven strongest creatures in the habitat, died in his hands, and sometimes he will kill one or two unopened Mojia masters.

If it is to the camp, he is a third-party camp that does not belong to Nalan and Mo.

On the other hand, the long-lived six-week Megatron extraterrestrial long-lived five-fold tree old and fallen, and it is very easy to kill the seven-heavy people.

The Mo family is also very surprised, because the fall is a fox, although the hair is a bit mixed, but she and the other two are helping Mo.

If it is more than the number of murders, the combination of the three is more than Ye Xuan.

Of course, their goal is to have a long-lived six-fold, and Ye Xuan is the trouble of picking up a long-lived seven.

Their appearance has fallen into the eyes of those who are in love.

"court death!"

A long-lived occupant of the Shadow Fox family, after seeing Ye Xuan so mad, he swooped down.

"Good!"

Ye Xuan noticed him and immediately turned a sword.

"The killings broke out!"

"The real fire dragon is unparalleled!"

Since the integration of the eye of the sacred unicorn, Ye Xuan's attack has not been able to block it. I don't know if this long-lived occupant can do it.

This person faced Ye Xuan's attack and slammed a punch.

"Boom!"

Two real gas hits.

But what is amazing is that this long-lived eight-strong attacker is even better than Ye Xuan.

"Calling!"

The huge golden dragon whistling, instantly engulfed the long-lived eight-strong, but was quickly shaken by the latter.

Fang Cai, this long-lived eight-strong powerhouse has already made a full effort. He did not expect his attack to be weaker than the other side. However, he estimated that the other party should burn the life.

Undead phoenix blood, celestial kylin blood, burning Tiandan, Zhenyanlong Wushuang, sword **** blood, killing outbreak, unicorn infuriating, assassination state, etc., let Ye Xuan's attack overbearing.

"This blow, want your life!"

This long-lived eight-strong power quickly adjusted his mentality. This time, he burned his life for ten years. It is necessary to kill Ye Xuan.

But what he didn't know was that Ye Xuan was also preparing to kill him.

"It's time, it broke out!"

Ye Xuan's light flashes and the murder is complete.

"Death chase!"

"The eye of assassination!"

Facing the other's powerful boxing shadow, Ye Xuan suddenly disappeared and appeared behind the other side.

"Killing feast!"

"The killings broke out!"

"The real fire dragon is unparalleled!"

Ye Xuan suddenly shot, this shot, although he has no burning life, but enough to kill this seemingly unprepared long-lived eight-eight master.

"what?"

This long-lived eight-point master was shocked. He clearly saw Ye Xuan in front of him, but now, how suddenly appeared behind him?

But he didn't have time to think so much, and rushed to call the infuriating defense.

Unfortunately, he just put a big move out, and he can't connect up.

"It's over..."

This long-lived eight-strong powerhouse showed a desperate look, was swallowed up by the golden dragon, and was burnt to the end of the world to burn out, nothing left, even his weapons were burned.

Prior to this, Ye Xuan had already used the power of Vientiane to protect the Qiankun ring.

"Hey, the host's killing value is improved!"

The long-lived eight-strong powerhouse gave Ye Xuan a huge killing value. At the same time, there is also a 40% increase in the feast of feasting.

But in the next moment, the amplitude suddenly rose to 60%!

"Booming!"

Not far away, suddenly the fire is shining.

It turned out that the old tree used a fire hood to absorb a large number of attacks, and then broke out.

In an instant, there are six or seven strong men who have fallen!

"Dry beautiful!"

Ye Xuan could not help but praise.

The 60% increase in the killing feast has improved his strength. Now he is no worse than any one with a long-lived eight-strong power.

The only regret is that Megatron can't use the Bladestorm, otherwise it will be cool.

In this battle, Mo's family was also sent out, not only to a reincarnation, but also six long-lived nine-skilled masters.

On the other hand, the Nalan family also has six long-lived nine.

In other words, Ye Xuan's current strength is only ranked in the two rounds of strong, and twelve long-lived nine strong.

The most important thing is that his strength is still improving!

"Kill it!"

Ye Xuan is crazy all over the world.

60%, 60%, 70%, 75%...

In less than five seconds, the increase in the killing feast has doubled.

At this time, Ye Xuan's combat power is twice that before!

He is almost invincible under the longevity of nine, and no one can stop him, unless he burns for more than 50 years.

Burning life is also standard, at least for ten years, then twenty years, fifty years, and one hundred years.

However, very few people will burn their lives for 50 years.

If you burn for 50 years each time, even if you are a strong man with a long-lived environment, the life expectancy of three thousand years will probably be consumed in one minute, so it is generally used for ten or twenty years.

As a result, they could not stop Ye Xuan's attack and were killed by a single shot.

"There are five seconds left in the killing feast, killing five more!"

Ye Xuan calculated the time and killed another person.

In these five seconds, he is invincible, because Mo Jia and Nalan's parents are nine-fold and two reincarnations are fighting, no one can distract him.

"The killings broke out!"

"The real fire dragon is unparalleled!"

Ye Xuan continues to kill.

He didn't know how many people he killed, but he felt that his realm had broken through.

However, the long-lived nature of the Shadow Fox clan side is not much, only three.

"If that's the case, then it's good to kill the family."

Ye Xuan's glimmer of light flashed to the nearest one of Mo's long-lived eight-eight masters.

He does not belong to any camp, he is a camp himself.

I used to find the troubles of Nalan's family. It was because he wanted to lead Nalan Bing and Nalanjie. Now it seems that Nalan Bing and Nalanjie do not seem to be in the clan.

"The killings broke out!"

"The real fire dragon is unparalleled!"

Another huge golden dragon attacked and engulfed a long-lived, eight-strong Mo family master.

"Hey, the host's killing value is improved!"

At the time when the system prompt sound had not yet sounded, Ye Xuan quickly swept the past and put the Qiankun ring away.

Self-cultivation has also increased by a spurt. After the promotion of the killing feast, the fighting power that he volatilized has improved a lot.
