

Super D. S 1431

Chapter 1431: armistice

The Mojia people were shocked, and Ye Xuan was still helping them. How can they start killing them?

"Kill, kill this kid first!"

Suddenly, it attracted three highly-acquainted Mo family masters.

Fang Caixuan helped them, so they vacated a few masters, and now, just to deal with Ye Xuan.

"Three-on-one, what about it?"

Ye Xuan is not afraid of the other side, crazy attack.

From beginning to end, he has not burned his life, so come now!

"The killings broke out!"

"The real fire dragon is unparalleled!"

Another golden dragon, this time, Ye Xuan has burned for 20 years.

His goal was simply not able to block it, and it was burned in an instant.

At the same time, Ye Xuan was also swept by the swordsman of the other two.

"Hey!" "Hey!"

A sword manhole pierced his head, and another sword manhole pierced his heart.

It should be said that he is dead, but he is not!

Moreover, an evil smile was revealed.

"How could it not die?"

These two people are very surprised.

A normal person, who was pierced through his head and heart, how could he not die?

Hard to beat, Ye Xuan is a ghost?

However, how can the ghosts be infuriating?

Between the two people, Ye Xuan suddenly shot.

"The killings broke out!"

"The real fire dragon is unparalleled!"

One person was swallowed, and the other escaped the robbery, and he was relieved. Fortunately, Ye Xuan's goal was not him.

He glanced at the burned-out companion and quickly exploded.

But at this moment, suddenly there was a burning scent that rose behind him.

"what?"

This long-lived eight-eight master turned his head and saw a tree that had become the body of the ashes.

"Hey!"

The long-lived five-fruit tree is old and still can't hurt him, but then there is Megatron's raid.

"Hey!"

Megatron was also shocked.

However, this eight-year-old master of the Habitat is not the fifth flash of the reincarnation.

"Oh!"

A crisp sound spread, the head of the long-lived eight-eight masters flew up, his expression was very stunned, he did not expect that he was not killed by the master of the Shadow Fox family, but died in an unidentified person on.

Who is this person?

He didn't know where Ye Xuan came from the beginning to the end. And this problem, he probably can only ask the death of the world.

"Young Master, give it to you!"

The fall quickly took the person's Qiang Kun ring, and then threw it to Ye Xuan.

After Ye Xuan received this Qiankun ring, his breath was skyrocketing.

"Hey, the host breaks through, and it's currently six in the longevity!"

"Hey, the spirit of the Ashes breaks through, and the current is a long-lived six!"

"Hey, Megatron breaks through, and is currently a long-lived seven!"

Because Ye Xuan and Shu Lao signed a guarantee level contract, the old realm of the tree will not be lower than Ye Xuan, so they have also broken through to the six longevity.

At this time, Ye Xuan's strength is probably invincible under the reincarnation.

Of course, this invincible state lasted only one second. Because the effect of the killing feast has passed.

Even so, he can still fight with the long-lived nine-strong powerhouse.

He turned his head and looked at the battlefield on the top, and found that the two sides played evenly, no matter which side he joined, it would make this side an overwhelming trend, and the other side could not breathe.

However, he did not do this!

"Land, Megatron, old trees, we continue to kill!"

Ye Xuan was too lazy to pay attention to them and continue to find troubles for the warriors under the eight-year-old habitat.

At this moment, the masters of Mo Jia and Nalan's family add up, leaving only three hundred people.

From nearly a thousand to three hundred, a lot of deaths.

Because it is a life-and-death battle, both sides are taking out cards and constantly burning life attacks.

Even if they are alive after this war, I am afraid that life will not be much.

In this case, then Ye Xuan will send them down in advance!

The two reincarnations who fought in the air, and the twelve long-lived nine-powered masters did not think that such a big battle would have been made by Ye Xuan.

At first, Mo Jia thought that Ye Xuan and Mo Jia had some contact, so they only took out, but later, Ye Xuan even killed the Mo family, what is going on?

Up to now, they have finally understood that Ye Xuan is completely a passer-by, not belonging to any camp, it is to robbery!

If we continue this way, they have not yet won the game. The three hundred people below are afraid to die in the hands of Ye Xuan.

How to do?

"Damn, let's withdraw!"

Mo's reincarnation is not arrogant, and then quickly retreats. At the same time, the six long-lived nine-strong people who belonged to Mo's family also quickly retreated.

This battle ended early, and was given by Ye Xuan.

Originally, this was a big battle between life and death. It was not that Nalan's family was completely destroyed, or that Mo's family was completely destroyed. But now, even a tie was made.

However, Nalan Xinghui of the Nalan family's reincarnation is recognized.

"The little fox, is it Binger..."

In the heart of Nalan Xinghui, Nalan Bing and Nalanjie are his children.

Before Nalan Bing left the Shadow Fox Clan and went to the reincarnation, he asked him to find the land.

The five-year-old long-lived environment, even in the Shadow Fox clan, has not appeared, and Nalan Bing said that the fall was grown within a year. When Nalan Bing encounters the fall, the realm of falling is true. The low is OK.

This qualification, let alone the Shadow Fox clan, even if you look at the reincarnation, you can rank it!

Since the two sides ceased fighting, then Ye Xuan could not kill any more, and immediately collected the spoils and plundered into the distance.

Nalan House, Mo Jia, Ye Xuan!

Three camps!

"Kid, who are you?"

Mo's reincarnation strongman asked Tian Tianran.

"On the passers-by, don't care about me."

Ye Xuan replied casually.

When the words came out, they all smashed the people around them.

In the hands of Ye Xuan's four people, in addition to the Nalan family, there are people from Mo's family. How can they not care?

"This person, give it to me!"

At this time, Nalan Xinghui's dawn flashed, and suddenly took a palm.

This is not the life of Ye Xuan, but the Ye Xuan.

"stop!"

Mo Wentian also directly shot, defeating Nalan Xinghui's attack.

Ye Xuan, he also wants!

why?

the reason is simple.

Others may only think that Ye Xuan is stealing the Mo's Yanlong Wushuang, but Mo Tiantian knows that Ye Xuan Fang is using Zhenyanlong Wushuang.

This magical power, but the trick of Mo blood.

Ye Xuan, actually related to the Mo blood clothes that disappeared more than 20 years ago, must be seized!

Chapter 1432: Reincarnation treasure

But the next moment, Mo Wentian and Nalan Xinghui were shocked.

I saw that Megatron, the old tree, and the falling body shape flashed, and it disappeared out of thin air.

In the end, only Ye Xuan is left!

"Goodbye!"

After Ye Xuan's fall of such a sentence, he directly broke through the void and quickly drilled in.

The hand of the reincarnation of the strongman Nalan Xinghui, rushed out!

"Space magic?"

Mo asked the day to be shocked, this magical power, but very rare.

Unexpectedly, after killing both sides, Ye Xuan unexpectedly left without hesitation.

In addition, they let the three people disappear from the air, they are also unheard of.

The atmosphere, suddenly smashed up!

The two sides originally stopped fighting because of Ye Xuan, but now Ye Xuan has escaped, then, do they continue?

"Old ancestors, we still can't fight..."

A Mo family's long-lived nine-strong man whispered.

"This war, we are both flat, lost a lot of people do not say, the life expectancy of these people also consume a lot, if you fight again, I am afraid to lose both!" Mo asked the brows, wrinkled, thinking in mind.

This time, he came with the idea of destroying the Nalan family, but he and the Nalan family struggled to lose both sides. This is beyond his expectations.

The remaining reincarnations of Mo's family also entered the reincarnation and competed with Nalan's family for the treasures.

For a time, Mo Wentian did not know what to do!

"let's go!"

After thinking for a moment, Mo Wentian made a decision.

A group of people in Mo, so they face the Nalan family back, do not give the other side a chance to attack.

Nalan Xinghui, after seeing Mo's family leave, immediately ordered: "Look, find me the few people just!"

"Yes!"

A few long-lived nine-strong strongmen should have a sentence, and then told him to go.

They also know that the fall is the person Nalan Bing is looking for.

Now Nalan Bing and Nalanjie have already won a long-lived nine-fold body, but because the realm is too high, they are not very comfortable.

When you are looking for it, you need to find a younger one, so you can adapt quickly.

It is the most suitable for young people, high qualifications, and foxes.

Before Nalan Xinghui listened to Nalan Bing, it was said that the fall had already grown six tails. This qualification is even better than the genius of the Shadow Fox family.

"I am afraid that only the West's Baihu Villa in the reincarnation will be able to create such a genius!"

Nalan Xinghui thought in her heart.

.....

At this time, Ye Xuan, who used the eye of the void to escape the Shadow Fox clan, did not go far, but was near the Shadow Fox clan.

He saw the Mo family team leave and the Nalan family sent a master search.

This time his purpose has actually been reached!

Although Nalan's family and Mo's family didn't fight for you, there was a fateful ending, but what he wanted was already available!

This thing is the body of the master of Nalan!

"Although there are no long-lived nine-body corpses, but the long-lived eight-weight has a certain status, they should know where Nalan Bing and Nalanjie are going?"

Ye Xuan thought in his heart, that is, once again broke through the void, away from the Shadow Fox clan, directly to the vicinity of the Broken City.

There are still a lot of killers in the land, but if someone dares to approach, Megatron and Shu will solve them.

Then, Ye Xuan took out the body of an eight-year master of Nalan's parents' habitat.

"Essence: The Eye of the Soul!"

Ye Xuan began to search for souls.

The power of this soul search is very powerful, and the higher the realm of the body, the more difficult it is to search.

This search, he spent a whole half of the time.

After that, he finally mastered Nalan Bing and Nalanjie.

"Nalan Bing and Nalanjie, both of them have each won a body. This is the two people who died before the Nalan family. The realm has reached a long-lived nine-fold..."

"Next, this Nalan Bing and Naranger, who followed the reincarnation directly into the reincarnation, seemed to be looking for something!"

This is Ye Xuan's half-day harvest, but he did not know where Nalan Bing and Nalanjie went after entering the reincarnation.

"Right, Mo's body can also try..."

At the moment, Ye Xuan took out the body of a master of Mo.

After half a day, he is the soul of the search.

Mo blood clothes, is a generation of genius of the Mo family, can be regarded as an ancestor of the Mo family, but after fighting with Xuan Ming, they have died.

Mojia had eyeliner at Nalan's house, so he also learned the news of the treasure and sent a master to the reincarnation.

However, what shocked Ye Xuan was that the reincarnation was not what he had imagined.

The reincarnation is divided into three realms, the realm of the reign, the reign of the dead, and the environment of the revolving.

From the longevity of the environment to the people who live in the realm of life, the body will be born with the mysterious gas, this life of mysterious gas, can quickly cure the injury.

The death of Xuanjing, it will give birth to the spirit of death, this deadly spirit can be used to fight, deprive each other's vitality.

Once you reach the dead nine-dimensional, then the body's vitality and death will be balanced. At that time, you can try to break through the wheel.

Only when the breakthrough has reached the revolving environment, can we reincarnate autonomously!

Before Ye Xuan thought that the strong players in the reincarnation can reincarnate. It turns out that only when they reach the revolving environment can they do it.

If the person who is born or dead is wanting to reincarnate, then you have to ask the strongman who turns the wheel to help reincarnation.

Now the problem is coming!

Xuan Ming Shuangyu and Mo Xueyi, the peak period is only a strong Xuanjing strong, and the distance from the revolving wheel is far away.

So how do they reincarnate?

You must know that even if you are a strong man in the dead, you will not be able to know the masters of the rotation. How can you know the situation?

Thinking of this, Ye Xuan couldn't help but have a guess.

This Xuan Ming double 煞 and Mo blood clothes, is it to find a treasure that can reincarnate in advance, and then hit a big fight, the last two loses, then both reincarnation?

This is really possible!

Although I don't know if this is the case, he knows the grievances of Nalan's family and Mo's family. They all sent masters into the reincarnation. Anyway, they are looking for a treasure!

"Hey, this treasure, if I get it and swallow it, my realm will definitely break through to the reincarnation!"

Ye Xuan's eyes can't help but shine.

However, he did not know whether this treasure was related to the reincarnation of Xuan Ming and Mo Xueyi, even the name did not know.

I am afraid it is not so easy to find it!

"The arrival of Nalan Bing and Naranger, I am afraid that only the two rounds of Nalan and Mo's reincarnation know, but I can do them now..."

Chapter 1433: Mo parents

"The arrival of Nalan Bing and Naranger, I am afraid that only the two rounds of Nalan and Mo's reincarnation know, but I can do them now..."

Ye Xuan is very helpless.

However, he has to try it. Who knows that the long-lived nine people know it?

"The people at Nalan's house, I don't control well, but the people in Mo's family can..."

At this time, Ye Xuan suddenly thought of this.

Although the Mojia people have accepted the charm training, the success rate will always be higher than that of the Shadow Fox family.

Therefore, Ye Xuan's goal is Mo Jia!

Moreover, it is still the long-lived nine strong people of Mo's family!

Thinking of this, Ye Xuan is quickly rushing toward Mo.

The Mo family team has been away for a day, so Ye Xuan may not be able to catch up.

Ye Xuan spent a day and arrived at this Mo family.

During the period, the old tree passed through a large number of different fires, and broke through to the long-lived seven.

Nalan Bing and Nalanjie got a treasure in the past, so the Mo family's strong and powerful people went to the reincarnation place like Nalan's, so only Mo asked Tian to sit in the town.

"This Mo family is better than the Nalan family to sneak into some..."

Ye Xuan looked at the city in front of him, thinking in his heart.

Mo Jia is a human being, so he can control one person and enter the city.

Mo Qiaotian went to Nalan's home with his master, but he has already returned.

Ye Xuan waited for a while here, and then used his eyes to control the soul of the long-lived five-strong powerhouse. Then he directly let him come and pretend to be the other party's appearance into the city.

Mojia is also a big family. It has been inherited for thousands of years and its population has reached 100,000.

Ye Xuan disguised as a model called Mo Hua, and entered the pool of Mojiacheng.

Although this Mohua is only a long-lived five-fold, and Ye Xuan is a long-lived six-fold, but Ye Xuan can hide the breath, even the seven-year-old master who guards the gates of the city has not found.

Although this Mojiacheng is a surname, but the city is actually similar to other cities, there are weapons, restaurants, etc., after all, the population is too much.

And Mo Wentian is sitting in the city government.

Before they went to Nalan's house for a fight, the loss was heavy, so Mo's family is now a little nervous, afraid that Nalan's family will counterattack, and the guards outside Mojiacheng and the street can't help but increase.

Ye Xuan came to the front of the city's main government and looked at it with the eye of insight.

There are many masters in the city's main government, but Ye Xuan can't dare to approach, after all, there is a Mo Xuantian in the living.

Once Ye Xuan is close, I am afraid it will be discovered, so he can only stay outside.

Time, a little bit past.

Ye Xuan stayed outside the main government house. However, many people came in and out, but none of the eight or more people in the longevity area saw it.

"It seems to be a big injury, in the cultivation."

Ye Xuan thought in his heart.

But at this moment, suddenly there was a figure coming out of the city government.

Ye Xuan glimmered and found that this person had seen him before, and also participated in the battle with Nalan, is a long-lived nine-level master.

After he left the city government, he quickly left.

"good chance!"

Upon seeing it, Ye Xuan's eyes lit up and immediately followed. But he did not dare to follow too tightly. In addition to the other's spiritual knowledge, he observed with an insightful eye.

"Sure enough, out of town, good!"

After seeing this long-lived nine-strong man out of the city, Twilight suddenly flashed twice.

It seems that the opportunity is here!

It is a pity that this long-lived nine-strong powerhouse is not going north, but going south. It may be to rescue the soldiers.

Nalan and Mojia are both on the edge of the reincarnation, and the north is the reincarnation, so this person is not the place to reincarnate.

However, it does not matter, as long as Ye Xuan killed him, then perhaps you can know where the Mo family's reincarnation went to the reincarnation.

Ye Xuan used the eye of insight to keep the distance. Although the other party was cautious, the field of vision was much smaller than that of Ye Xuan, so it was not found.

Although this person's speed is fast, but because of vigilance, it is not a full speed, so Ye Xuan can still barely catch up.

About half an hour later.

"Almost, do it!"

In the heart of Ye Xuan's heart, he immediately chased it up.

"Ok?"

The long-lived nine-strong powerhouse in front of him felt that something was wrong. When he turned around, he found Ye Xuan.

However, Ye Xuan is a stranger at this time. The realm is only six in the longevity, so he is not in his eyes.

"No, this speed, so fast!"

The old man was shuddering.

How long is it possible to have a six-year long Habitat and even have a faster speed than a long-lived eight?

"Chong me, look for death!"

This long-lived nine-strong old man suddenly reacted, raising his hand is a sword.

"The killings broke out!"

"The real fire dragon is unparalleled!"

Ye Xuan also attacked with all his strength.

"Booming!"

Two real gas hits, the air waves swept open and spelled a close match.

Before Ye Xuan was the growth of the killing feast, so the strength is called the invincible existence of the reincarnation, but today he did not increase, a blow can be tied with the long-lived nine strong, it is not bad.

However, the true dragon is unparalleled but it is exposed Ye Xuan.

"This attack is you!"

The old man suddenly recognized Ye Xuanlai, it was Ye Xuan, who killed many masters of Nalan's family on that day, and many masters of his Mo family.

But what about recognizing it?

At this time, the long-lived seven-day Megatron and the old tree were already left and right. In addition, the fall was also prepared outside.

"The flames!"

The old tree is faster, and in the end, the eight-year-old man with a long-lived condensed a remnant of the flame, and then instantly shifts the position.

"what?"

The old man did not expect that the old tree could move to his back in an instant, and when he turned to defend, there would be some time left.

"Hey!"

The oldest fire of the tree slammed behind the old man, who immediately flew out.

However, due to the high level of the realm and the integration of a different kind of fire in the body, it was prevented from being attacked. It was only affected by the impact and immediately stabilized its figure.

Only, at this time Ye Xuan has once again shot.

"The killings broke out!"

"The real fire dragon is unparalleled!"

Another huge golden dragon rushed out, this time, swallowed the other side in an instant.

This time, the old man had to burn his life.

In the last battle, when he and Nalan's master opponents, he burned the life of nearly a thousand years, and now life is not much.

"Boom!"

The golden dragon was instantly shaken.

This time, the old man has gathered a set of flame armor to avoid being attacked again.

But at this time, the fall suddenly turned into a streamer.

"The cycle is nine flashes, the fifth flash!"

Jin Mang rubbed the old man's body and passed. The old man knew that he was likely to finish the egg this time, so he no longer lived his life and blocked the fall.

Chapter 1434: Cooperation

This time, it was also the first time that the fifth flash was used, and it was blocked.

However, she also broke the flame defense of the other side.

Taking advantage of this opportunity, the old man will shoot again.

"Yangyang cable!"

A chain of flames suddenly appeared, and the old man's legs were tied and could not move.

Moreover, this flame chain is held in the hands of the tree, and a strong flame force is passing through the flame chain.

"Calling!"

The power of the flame instantly burned the old feet of the old man, and the flame spread quickly. In the blink of an eye, he reached the knee.

"Damn!"

The old man was shocked and quickly extinguished the flame, but he tried it once and found that the flame was extremely overbearing and burned most of his infuriating.

In desperation, he had to burn his life again.

"Hey!"

The flame was finally extinguished, but the old man's legs were burned out, and later, the lower body was gone.

Fortunately, the warrior will fly in the air when he is in a dilemma. Even if his legs are gone, he can move.

However, the speed is definitely not as fast as it is on the ground.

"This round of attacks will kill you!"

Ye Xuan's glory is shining again.

"The killings broke out!"

"The real fire dragon is unparalleled!"

In an instant, the old man was once again swallowed up.

This time, he still used a lot of life, in exchange for a lifeline.

However, he has no chance to use it again, because his life has been used up, only less than ten years.

"I am not willing..."

The old man was very helpless. In just a few seconds, he consumed more than two hundred years of life.

But this is not the point. The point is that after consumption, you still have to die!

"The flames!"

The long-lived seven-tree tree is old, and once again condenses the flames.

"boom!"

This time, the old man was not able to resist, and was instantly blasted through his chest.

The flame instantly burned the entire chest out of a big hole, and the heart was turned into ashes.

Then, the old hand of the tree was another wave, and the flames were taken away.

What was left was a body with no legs and empty chest.

"Hey, the host's killing value is improved!"

After the death of the long-lived nine-year-old man, Ye Xuan quickly swept past and closed his body and Qiang Kun.

It is too easy for the four to join forces and kill the long-lived nine-strong powerhouse.

I don't know if this long-lived and powerful man knows the whereabouts of Nalan Bing and Nalanjie.

At the moment, Ye Xuan is breaking through the void, coming to a quiet place, and then searching for the soul.

It is very difficult to search for the soul of the long-lived nine-strong strongman. Ye Xuan tried a full day.

It is a pity that this long-lived nine-strong powerhouse does not know where the reincarnation of the family has gone, only knowing that it is in the reincarnation.

"Tragedy, the clue is broken. It seems that only the two major rounds of the Nalan family and Mo's family are known."

Ye Xuan is slightly helpless.

However, the killing of a long-lived nine-strong powerhouse has yielded a lot.

A fire list ranked 63rd, and there are several different fires that are not low.

Ye Xuan left one, and then the rest was given to the old and falling trees.

The old tree is now upgrading very fast, and it has already surpassed Megatron. After refining these fires, the cultivation has also improved a lot, and it will soon break through to the longevity.

It is a pity that the tree is old and the bottom is the realm of Ye Xuan. The upper limit must not be higher than Ye Xuan.

Fortunately, Ye Xuan is now a long-lived six-fold, and the old tree can only be a long-lived nine.

On this day, the fall also broke through to the six longevity, the same as Ye Xuan.

Then, next, Ye Xuan has to re-plan.

"Little Master, is it better to go to Mojia to cooperate?"

At this time, the tree suddenly proposed.

"Looking for a home, cooperation?"

When Ye Xuan heard this, he couldn't help himself. He had cooperated with Mo Xueyi several times before. Of course, more of them were fighting.

It is not impossible to find a cooperation with Mojia now!

"Tree grandfather this method is very good, first collect some treasures from the Mo family, and then you help them to destroy the Shadow Fox family." Fall also felt that this proposal is good.

"Well, this method is good. I have to pay a lot of compensation to Mo's family, so that I can break through to the long-lived seven, so that I am the real reincarnation invincible!"

Ye Xuan eyes a glimpse.

Only when he broke through to the long-lived seven, he dared to face the reincarnation. Now he has a long life, but he dare not!

"Yes, Mo's family will not disagree. If they don't agree, we will help the Shadow Fox family." The tree said with a smile.

Nalan's family and Mo's family struggled. As a third party, Ye Xuan not only killed the two parties, but also went to help. This is the first time that this happened.

However, at this moment, Mo Jia and Nalan's family will always have a promise, even though Ye Xuan has killed many of them.

But how can those people compare to a family?

If you can kill a reincarnation, then earn it!

"Good way, well, I will go to Mojia!" Ye Xuan nodded.

"Let the old man go, anyway, the old man can't die, if Mo Jiaru dare to kill me, you will go directly to Nalan's home."

The tree is old and volunteers.

"Row!"

At the moment, Ye Xuan directly broke through the void and came to the pool outside Mojiacheng.

Because the realm is not enough, Ye Xuan can only send the old messenger to cooperate with Mo.

The old-fashioned image of the bald old man, directly lifted his foot and plunged toward the gate of Mojiacheng.

"Stand up, who are you?"

The Mo family, a long-lived seven-shoulder general, stopped drinking. He saw that the tree was not an ordinary person, and it was obviously a problem.

"Where is so much nonsense!"

The tree is a little impatient, and a direct remnant of the flames, a slap in the face of the defending generals fan, if not this time is to find Mojia cooperation, this defending general may have turned into fly ash.

The tree is now the seventh peak of Changsheng, and soon it can break through to the longevity. With his strength, even if he is a long-lived nine-strong powerhouse, he can't help him. What's more, he still has the blood of the dead, the most The important thing is not to die.

When the fan flew the general, he also took the other's Qiang Kun ring and then cast a remnant flame into the city.

This skill of remnant flame can also be upgraded with swallowing points. Each upgrade can increase the number of residual flames and increase the distance. In the future, even after the assassination, the first attack power can be used after the use of the residual flame. Will improve.

However, Ye Xuan can now use the devour point for advanced, and random tasks may be possible in the future.

This skill is equivalent to a teleport!

Soon, the old tree came to the front of the Mojiacheng City.

Through the sharing of pets, Ye Xuan can also see the picture.

Chapter 1435: Float

"Do not ask the sky, come out, have something to do business!"

The sound of the old vicissitudes of the tree fell into the ears of everyone in the city government.

At the moment, there are a lot of strong people who jumped into the sky.

Who has such a great courage, and even calls the name of the Mo family ancestors?

The reincarnation of the town, Mo Wentian, opened his eyes and then swept it out.

When he came to the city of the city, he discovered that he had known him. It was the day that destroyed the two old wars.

"It's you?"

Mo asked Tianzhu to have a big eye, a little can't believe it.

Old tree, actually cast a net?

"My young master wants to cooperate with your Mo family and destroy the Nalan family together!" The old tree said openly.

Cooperation!

When these two words fell into the ears of Mo, they also surprised him.

For the young master of the old mouth of the tree, Mo Wentian also guessed, that is, Ye Xuan.

However, before Ye Xuan killed many of them, so dare to come to cooperate?

However, the content of the cooperation, Mo Wentian is very interested.

"Hey, you killed my Mo family, and I want to cooperate?" Mo asked Tian could not help.

"Since you don't want to, then forget it. My young master went to Nalan's house to ask."

The old tree shrugged a little helplessly and turned and prepared to leave.

However, his way of going is blocked by several long-lived and powerful players.

"Hey, since the old man dares to come alone, you are not afraid of killing. The old man and the young master signed a contract. As long as the young master is still alive, I will not die, or else, do you try?"

The old man caressed his beard, and his face had no fear.

The average long-lived environment is seven heavy, not to mention the strong people who have encountered the reincarnation, and they are afraid of death when they encounter the longevity.

It's a bit ridiculous that the tree is so calm.

"contract?"

Do not ask the sky brow wrinkled, he has not heard of such a powerful contract, but also able to resurrection.

"My young master could have sent a weak person casually. It is me who can come to see the sincerity of my young master. Mo Jia, give you three seconds to consider the time. After three seconds, my young master will enter the Shadow Fox. Family, find them to cooperate!" Tree continued to say.

Three seconds!

Such an important cooperation has only given three seconds to consider the time, which makes Mo Wentian feel a little oppressive.

However, it is not impossible to let go of the previous hate cooperation, as long as it can destroy the Nalan family.

Before he had sent people to contact other forces for help, but if he refused to be old, Ye Xuan would go to Nalan to cooperate.

At that time, Nalan's family killed directly, and Mo's family was in danger!

not enough time!

Moreover, Mo Wentian also has some things, want to ask Ye Xuan, such as why Ye Xuan will use Zhenyan Long Wushuang.

"What do you need?"

Mo asked Tian could not help but say.

"This is what my young master wants!"

The tree did not say anything, lost a piece of paper to Mo Wentian, which recorded what Ye Xuan needed.

These things are enough for him to break through to the longevity. At the same time, both the old tree and the Megatron can break through to the longevity.

"so much?"

Mo asked a day of surprise.

The first thing here is enough to create a long-lived nine-strong powerhouse.

Ye Xuan, really a big opening for the lion!

"Don't be too much, as long as you can kill Nalan, even five times, I guess you can also get it out, right?"

The old corner of the tree tilted slightly and said: "And, you don't want to know why my young master will use Zhenyan Long Wushuang?"

"This trick, but the trick of Mo blood!"

When this sentence fell into Mo's ear, it also made him tremble.

Mo blood clothes!

This name is not a secret. Many people know that an ancestor of the Mo family disappeared after going to the reincarnation, and he was suspected of being degraded.

However, few people know that Mo Xueyi has created Yanlong Wushuang, and few people have seen Mo Xueyi's display of Zhenyan Long Wushuang. This name is only known to several ancestors of Mo's family.

But now, some people even said it, this must be related to Mo Xueyi!

"Do you know where the blood coat is?" Mo asked the day and asked.

"Of course I know, but I will tell you about the Nalan family, how?" The tree laughed.

Mo asked the day to hesitate.

Now, when Mo Jiasheng died, Mo Jiaruo destroyed the Nalan family, then the Nalan family only left those who moved to the reincarnation.

Moreover, Ye Xuan also knows the location of Mo Xueyi!

However, Mo Wentian thought of it a bit.

"Oh, the life jade card of Mo Xueyi has already been broken. You should have gotten his inheritance. Would you like to use this to lie to me?" Mo asked Tian coldly.

Mo Xueyi has been missing for more than 20 years. It has been determined by many people to be dead. Mo Wentian, as the ancestor of Mo, naturally knows that the life jade card of Mo Xueyi has been broken, but it has not been announced.

"That may not be, Mo blood clothing is just a reincarnation. You see, that Xuan Ming's eyes are not reincarnation, they are only born Xuanjing!"

The old tree explained.

When I heard this, Mo Wentian also felt that there was some truth.

However, how is the resurgence of the reincarnation of Xuan Ming?

He also guessed that he had found a treasure of reincarnation, so he said that Mo Xueyi also reincarnation, but it also makes sense.

"Well, I hope you didn't lie to me, otherwise..." Mo asked the sky to flash.

"Ha ha."

The old tree just opened his mouth and smiled and said: "If you don't want to be late, please organize your hands and gather outside the city!"

"What, let's get off now?" Mo asked the day and shocked.

"Don't forget, my young master has space magical powers that will allow you to arrive at Nalan home instantly!" answered the old tree.

After such a reminder, Mo asked the day to react suddenly, and Ye Xuan left the space with the magical power.

"it is good!"

At the moment, Mo Wentian is the organization of people.

At the same time, the old tree also left directly and flew outside the city.

In less than half a minute, Mo's family once again organized the manpower, or the original person. Although there was one who had a long-lived nine-strong powerhouse, there was another one to make up, or six long-lived nine.

Soon, they came outside the city.

Outside Mojiacheng, only the tree is old, but beside the old tree, there is a door to the void.

"Through this empty door, you can directly reach the Shadow Fox family." The old tree said to Mo Wentian.

Mo Wentian felt incredible. He had two days between Mo and Nalan. However, it was terrible that a door could directly cross the distance between the two.

"go!"

After Mo Tiantian's pause, he immediately rushed into the door of the void, and the group of masters behind him also entered.

Chapter 1436: Fight again

After the door of the void, it is indeed near the Shadow Fox family. From afar, you can see the city of Nalan.

"What about the kid?"

Do not ask the sky to look old to the tree.

"Reassure, when you are fighting, the young master will come out, you just have to drag the strong back to the line, you can end the battle in ten seconds!" The tree continued.

"it is good!"

Mo asked the eyes to shine.

They played for a long time before, and they consumed a lot of life. Now their task is not to kill, but to drag the other side, which is a lot simpler.

Ye Xuan dared to promise ten seconds, then there are some means, it seems that Nalan's family is dead this time!

"I hope you didn't lie to me, otherwise I will let you pay the price!"

Mo asked the sky to flash, and directly took the big troops to kill the Nalan family.

The trees are always mixed in their ranks and enter the Shadow Fox family together.

"Do you ask, is it you?"

A familiar voice came from afar, and Nalan Xinghui, the reincarnation of the Nalan family, once again swept into the sky.

The last time, Mo's attack on Nalan's family, the two sides lost a lot of money. Except for the fallen people, most people lost the life of the millennium.

If you play another game this time, I am afraid I will die here!

"What about me? Today, your Nalan family will be destroyed!" Mo asked a cold voice.

Looking at Mo Zhentian's vowed appearance, Nalan Xinghui's heart trembled. He looked at the other camp and found the old figure of the tree.

"It's him?"

Nalan Xinghui was shocked, and her heart suddenly raised an unpredictable hunch.

The tree is always a group with Ye Xuan. Now it's in the camp of Mo's family. Is it difficult to do it, and Mo Jia and Ye Xuan have cooperated together?

Oops!

Thinking of this, Nalan Xinghui's face is a big change, and this is troublesome.

"It seems that you have already guessed it. If you know each other, you will surrender yourself. I will not kill it!" Mo asked the day to continue.

"Hugh think!"

Nalan Xinghui bites the tooth.

Nalan's family, even if it is all killed, will not surrender!

At this time, he can only pray in his heart. Nalan Bing and others who have gone to the reincarnation have already found the treasures, and will kill the Mojia's reincarnation.

In this way, even if they die, they die without regrets!

"What about your young master?" Mo asked the day and whispered.

"It's already here, as soon as he starts the war, he will appear immediately!"

When the tree is finished, the sky is suddenly darkened, just like the last time.

When I heard this sentence, Mo Wentian finally realized that it was a ghost who suddenly became a god.

It should be known that the land government was jointly established by the Mo family and the Nalan family. The people in their family are also proficient in assassination and concealment. The perception is very sharp. However, even the strong players in his return have not found it. Ye Xuan's hidden means of this kid is very superb.

"Well, all Mo family listens and kills!"

Mo Wentian did not intend to talk nonsense, directly ordered.

"on!"

Nalan Xinghui is also a violent drink.

The second battle can be broken!

At the beginning of the war, the old tree immediately used the residual flame, flashed to the side of Ye Xuan, and handed the Qiankun ring to Ye Xuan.

Fang Cai, Ye Xuan has already sneaked in behind the Mo family team. He saw the two forces that have been opened in front of him, and the corner of his mouth could not help but look forward.

Today is his show!

"Hey, the host breaks through, and the current is a long-lived seven!"

"Hey, Megatron breaks through, and is currently a long-lived eight!"

"Hey, the spirit of the Ashes breaks through, and the current is a long-lived eight!"

A series of three system prompts to sound, Ye Xuan directly devours all the Tiancai treasures that Mo Jia gave.

"Land, Megatron, you specialize in killing the longest habitat below nine, and the old tree and you join me to deal with the longevity of the nine!"

Ye Xuan immediately gave orders to the three.

If they intervene, the duration of this battle will not exceed ten seconds, and they can be divided.

Maybe, not even five seconds!

"it is good!"

The old tree immediately responded.

Breaking into the eight-heavy longevity, he is almost invincible in the longevity, and then, in conjunction with Ye Xuan, it is not difficult to easily kill a long-lived nine.

The two sides are still the same as the first battle, first consume the infuriating, this time Mo Jia played very conservative, because they also have foreign aid.

When the two sides fought, Ye Xuan finally appeared.

"Residual flames!"

Ye Xuan and the old goal of the tree are the same person. In the blink of an eye, the latter appears behind a nine-powered strong fox family.

"The killings broke out!"

"Yanlong is unparalleled!"

Ye Xuan and the old tree teamed up and attacked at the same time.

This long-lived nine-strong powerhouse has no time to react. It is the first fire of the tree, and the direction of flying is exactly the true fire dragon of Ye Xuan.

"Calling!"

In the blink of an eye, this long-lived nine-strong powerhouse is spiked.

And his opponent is shocked.

"Good, strong..."

The master of this Mo family swallowed.

Ye Xuan is not a long-lived seven-heavy, even two more realms can kill the nine-heavy master of the longevity, this Nima is still a human.

This scene fell into the eyes of Mo Wentian, which made him both.

It seems that this time, the Nalan family is really gone!

"Hey, the host's killing value is improved!"

When this system prompted the sound to come, Ye Xuan was a glimpse of Yu Guang, and finally his eyes fell on the second long-lived nine-strong powerhouse.

"Residual flames!"

The old tree once again attacked, firstly condensing the avatar, and then shifting the shape to the past.

This long-lived nine-strong strongman saw his companion fall, so he was prepared.

"Hey!"

The old punch of the tree was blocked by the other side.

However, Ye Xuan's attack also came.

"Fight!"

This long-lived nine-fold shadow fox master, a glimpse of his heart, directly bite his teeth.

This blow, he burned for a hundred years of life.

His life span is only a few hundred years, and he burns for a hundred years at a time. He is naturally heartbroken. However, this time, if he does not burn so much life, he will probably be killed on the spot. What is the use of life for hundreds of years?

"Booming!"

His swords and Ye Xuan's golden dragons collided together. This time the collision was extremely fierce. Fortunately, this time his attack was stronger than Ye Xuan.

However, Ye Xuan's attack has almost no burning life, and the infuriating loss has almost recovered in the blink of an eye.

"I see how many years of life you can burn!"

Ye Xuan's light flashed and he once again pulled out a sword.

"what?"

The other side was shocked. He was not the attack of Ye Xuan, but the old tree.

This time, the old tree was smashed by his side with a residual flame, and then hugged him.

It's around, you have to go with him!

"Do not....."

This long-lived nine-strong powerhouse was swallowed up by the Golden Dragon in the roaring voice.

Chapter 1437: The overall situation has been set!

"Hey, the host's killing value is improved!"

"Hey, the spirit of the ash is dead!"

"Hey, the spirit of the Ashes is resurrected!"

A series of three system prompts to sound.

The second long-lived nine-strong powerhouse was killed by Ye Xuan. At this moment, he appeared only three seconds.

Three seconds, killing two long-lived nine, then this battle, it is really possible to end in ten seconds!

"That kid, good heart!"

Mo Qiaotian, who was responsible for dragging the shadow fox family's reincarnation, Nalan Xinghui, trembled, and he did not expect Ye Xuan to even kill himself.

However, the next moment, he was shocked!

I saw that after Ye Xuan took away the deceased's Qiang Kun ring, there was another figure beside him.

This figure is the old tree that was only killed by Ye Xuan.

How can this be?

How can someone who has become a fly ash be resurrected?

Until this time, Mo asked the genius to suddenly think of a thing, before the old man said that he is not dead.

As long as Ye Xuan is not dead, then he will not die!

This is actually true!

"Hey, young master, your attack power is too strong, even I have been bombarded." Tree old could not help but praise.

You must know that he is the spirit of the ashes, and he has the resistance of fire attribute, plus the blood of the undead, he is not so easy to die.

However, he was killed by Ye Xuan!

It is too horrible to use the sacred unicorns and the unicorns to burn the world.

"Haha, the tree is old, let's continue!"

Ye Xuan laughed and then succumbed to another person.

As long as the remaining four long-lived nine-armed warriors are killed, the battle will be won.

Do not ask the six longevity of Tianlian's own side to be nine-fold, and killing Nalan Xinghui should be no problem.

Nalan Xinghui saw two long-lived Shadow Fox masters being slain and his face was already sinking to the bottom. He knew that this battle was probably lost, so he immediately made a decision!

"This pulse, I am afraid it is gone, go!"

When Nalan Xinghui took the initiative, it was a distance from Mo Wentian, but he did not want to return empty-handed before he left.

His goal is to fall!

"Just kidding, just because you want to catch the fall?"

Ye Xuan sneered in his heart, and he could always act within his perception. He thought that he would send the fall into the planting space.

Disappeared!

"Damn!"

Nalan Xinghui angered a word, he knew that this must be the ghost of Ye Xuan, so he immediately focused on Ye Xuan.

"Kid, die!"

Nalan Xinghui was so lucky that she launched an attack against Ye Xuan.

This palm is enough to kill any of the long-lived nine-strong powerhouses, let alone Ye Xuan, the seven-year-old kid.

Just, Mo asked Tian could not just watch Ye Xuan being arrested.

"Nalan Xinghui, your opponent is me!"

Mo asked Tian Da to drink, punched out, and smashed the giant palm of Nalan Xinghui.

The air wave directly sent Ye Xuan to the earthquake!

"Old guy, want to catch me, you are not qualified enough!"

Ye Xuan squirted a blood, but the injury in the body instantly recovered. He knew that Mo would be able to take the shot, so he was too lazy to hide.

At the moment, he is plundering toward another long-lived, nine-fold Shadow Fox.

"Residual flames!"

The old tree immediately flashed to the back of the other side, and slammed a punch.

A second later, the third strongest player with a longevity and nine lives has fallen!

As a result, there are more than three people in the Mo family. The three men did not expand their advantages, but instead attacked Nalan Xinghui with Mo Wentian.

Others, there are Ye Xuan to solve.

As long as you can kill Nalan Xinghui, you will earn more than you can kill ten long-lived nine-skilled masters!

As for the rest of the people, it is cheaper.

"Damn, withdraw!"

Nalan Xinghui saw the situation, and he could not catch Ye Xuan. He immediately turned around and fled.

Mo Wentian's attention has always been on him, and he immediately chased him with three people.

At the same time, in order to prevent accidents, Ye Xuan couldn't help but turn his head and put a death killing order on Nalan Xinghui.

Soon, in less than three seconds, the last three long-lived nine-strong men of Nalan's family died in Ye Xuan's hands.

"Hey, the host's killing value is improved!"

"Hey, the host's killing value is improved!"

"Hey, the host's killing value is improved!"

A series of three system prompts, so that Ye Xuan's killing value soared.

The situation has been fixed!

In three seconds, the two major rounds of returning strong have already left Ye Xuan's vision, but with the death killing order, Ye Xuan can still feel the position of Nalan Xinghui.

"The rest of the people have been solved, and there is still a big fight!"

Ye Xuan said to the three people who fell.

"Young master, we have to fight with Mo Jia next?" asked some strangely.

"Well, they will start to work for us!"

Ye Xuan nodded and glanced at the fast-moving figure in the distance.

This figure is the pursuit of Nalan Xinghui's Mo Wentian. However, at this time, Mo Wentian suddenly fell back. Obviously, he did not catch up with Nalan Xinghui.

"Old ancestors, did not catch up?"

Asked a long-lived nine-strong Mo family expert.

The reincarnation is too fast. If Nalan Xinghui does not run, they can help. If Nalan Xinghui runs away, they will not be able to catch up with these long habitats.

"The old guy has more life than I have for hundreds of years. I can't catch up with it if I run out of life."

Mo asked the sky to shake his head.

In two battles, his lifespan consumption is similar to that of Nalan Xinghui, but Nalan Xinghui is younger than him. He will chase it down, not only can not catch up, but also may be killed by Nalan Xinghui.

So, can't chase!

Although it is a pity, it is good to destroy the Shadow Fox clan.

At the moment, Mo Wentian is ordering: "Stop all the hospice people of the long-lived level, one can't stay!"

When I heard this, the hearts of the people around me couldn't help but tremble. This Mo family was too cruel.

In the Shadow Fox Clan, there are more than 20,000 long-lived strongmen, all of them killed...

"Still, I am fighting with you!"

A strong man of Mo's family screamed.

But the next moment, he was killed by Mo Wentian with a sword.

Nalan Xinghui, who has returned to the whole country, has been beaten, and the climate of a long-lived seven-story can be achieved.

Less than three seconds later, the last masters of Nalan's family were all killed.

The Shadow Fox people underneath are also scattered.

And the Mo family's six- and seven-heavy masters are responsible for killing.

The screams are continuous, as if the end of the world is normal.

Chapter 1438: Battle Mojia

For this kind of scene, Ye Xuan is already strange, this is the world of the strong, the weak must be the first to be eliminated.

At this time, Mo Wentian suddenly focused his attention on Ye Xuan and said: "Jiao Zi, this time you can kill Nalan, you also have credit, but you and I are only cooperating, I have already paid you in advance. Then pick up Should you fulfill your promise?"

Before Ye Xuan said that as long as the Nalan family was destroyed, then he told Mo to ask for the location of Namomo.

Ye Xuan naturally wants to fulfill this promise, and immediately laughed: "Mo blood clothes have indeed been reincarnation, and I have seen it several times. On the way, I met Xuan Ming's awakening, so he was chased. Finally, he will be really inflammatory. Dragon Wushuang gave me a gift, let me avenge him!"

He made a long story short and said things out.

"what?"

After Mo Tiantian listened, he couldn't help but scream: "So, is the blood coat still dead?"

"Yes, awakening did not take long to die, so far more than a year." Ye Xuan nodded.

When the words came out, Mo asked the day to be furious. "Do you lie to me?"

He had thought that after the reincarnation of Mo blood, he was retreating somewhere, and Ye Xuan was given the inheritance of Mo Xueyi, or a disciple of Mo Xueyi.

Unexpectedly, Mo blood clothes are still dead!

"I didn't lie to you. This place is the burial place of Mo Blood Clothes. You can dig him out and bring it back to Mo's house for funeral!" Ye Xuan said, suddenly throwing a piece of paper.

Mo asked the day to glance at it, and it was directly shot.

"Still, die!"

Ye Xuan had already expected this, and when he saw the hysterical appearance of Mo Wentian, his mouth could not help but cock, cold and cold: "Do you really think, I am afraid of you?"

Before, he was only a long-lived six-heavy, and he could not easily pinch him when he was in the process of returning to the country. However, he now broke through to the seven-year-old longevity, and Mo Tiantian is only three of his realms.

What are the three realms?

"call out!"

Ye Xuan, who had been prepared for a long time, directly escaped this deadly punch and then broke through the void and drilled in.

"Want to go?"

Mo asked that Tianshi must seize Ye Xuan, so he also entered the door of the void.

This void door can actually be closed after Ye Xuan enters, but he does not.

The purpose is to ask the sky to go in!

"Hey!"

The door of the void was closed after Mo asked the day.

This one is a measure of the tiger's departure from the mountains. Mo Zhentian, who has lived for thousands of years, even counted it. Even Ye Xuan did not think of it.

When he reacted, his face changed dramatically.

"Do not ask, don't worry, I don't mean to go back."

Ye Xuan opened his mouth and smiled.

At this time, if he suddenly broke through the void and killed him, then the team of Mo's family might be gone, not only that, but also in Mojiacheng.

But Ye Xuan did not!

Because he doesn't need it!

Megatron and the tree are old enough to clean up the rest of the people. After all, the long-lived Megatron, after the use of the Bladestorm, no one can stop!

"Today, I will come and kill a reincarnation look!"

Ye Xuan's dawn is big.

"Killing feast!"

On the other side, Megatron, over the shadow fox clan, also used the blade storm directly.

The tree is also beginning to kill crazy.

"Hey, the host's killing value is improved!"

"Hey, the host's killing value is improved!"

"Hey, the host's killing value is improved!"

Along the system prompts the sound, Ye Xuan's strength increase, instantly increased to 50%.

"How can this be?"

Mo asked the sky to be very violent, he did not expect, Ye Xuan actually hidden the strength.

However, can you fight against him like this?

"dead!"

Mo Wentian can't take care of this much. This time, he must kill Ye Xuan, otherwise the team of Mojia and Mojiacheng will be destroyed!

Ye Xuan, definitely can't let go!

"This time, I will play with you."

Ye Xuan exposed a cold smile and burned his life in rare places for 20 years.

Shadow step!

"call out!"

In an instant, he plundered into the distance and escaped the second attack of Mo Wentian.

"I don't want to leave!"

Mo asked the sky to flash, and immediately chased it up.

I have to say that Ye Xuan is very fast, and there is no enemy in the longevity.

However, Mo Wentian can still catch up, as long as he can kill Ye Xuan, how about the consumption life?

However, the increase in the feast of the killings is still rising, 60%, 70%, 80%...

Mo asked why the strength of Tian Yi Xuan Xuan is rapidly improving, but he would never have thought that the Mo's team in the Shadow Fox Clan was already half killed by Megatron and the tree.

"The killings broke out!"

"The real fire dragon is unparalleled!"

Ye Xuan has doubled the increase, and raising his hand is the strongest attack of a sword.

The two-powerful real-life dragons are unparalleled, and they are whistling toward Mo.

"The district chief is born in a seven-fold environment, and dares to show off in front of me, give me away!"

Mo Wentian raised his hand and it was a fist shot.

This boxing is the last product of the longevity, which is considered to be a half-round return to the magical power, enough to kill any long-lived warrior.

"Boom!"

In a burst of thunder, the huge golden dragon was blasted, and the fist shadow hit Ye Xuan.

At this time, Ye Xuan suddenly flashed.

"The Gate of Void!"

"Hey!"

This door of the void unfolds, and Mo's boxing shadows are broken into it, but it appears from the back of Mo Wentian.

"what?"

Mo asked the day to be different and to eat his own fruit.

"Hey!"

My own attack, accidentally hurt myself, this situation is the first time I met.

"Haha, try this trick again!"

Ye Xuan's light flashed, and he was so angry that he slammed a punch.

"Broken Star Boxing!"

This move is what Mo Tiantian used, which makes Mo Wentian wonder.

Ye Xuan, how can he even have his tricks, is this impossible?

However, the power of this move is much worse than that of the real fire dragon. After all, the increase in the number of flame attributes is reduced, and it is easily defeated by Mo Wentian.

Ye Xuan, in fact, is just asking for nothing.

Double, double, and triple

In just a short fight, the increase in the killing feast has been increased by a factor of three.

Ye Xuan calculated a bit in his heart, his face could not help but condense, and then broke open the void.

"Calling!"

Countless blood swords, from the door of the void, attacked Mo Wentian.

At the same time, behind Mo Zhentian is also a moment of condensed a remnant of flames, the tree directly across the door of the void, came to the back of Mo Wentian.

At this time, Mo Wentian, the back of the enemy!

Mo asked the day, and only able to resist it.

"Puff puff!"

"Hey!"

Although he resisted with all his strength, he was pierced by several blood holes by the blood sword, and his back was beaten by the old trees.

However, the old tree was also bombarded by Mo Tiantian.

Chapter 1439: Unicorn

"Hey, the spirit of the ash is dead!"

"Hey, the spirit of the Ashes is resurrected!"

Anyway, the old man can be resurrected indefinitely. It's not a bad thing to die, but he hurt Mo Qiantian before he died, and he earned it.

However, the reincarnation is divided into three realms. The first realm is a metaphysical environment, and there will be a mysterious atmosphere in the body. This is the energy that can be quickly healed.

In the blink of an eye, Mo's blood holes and the back injury were all restored.

"This is the temperament of life..."

Ye Xuan's eyes glimpsed. He saw a milky white energy and quickly repaired Mo's injury. Even the scars were not left. This is a fight with the blood of the undead.

The strong Xuanjing stronger has a more lively spirit than the long-lived strong, and the combat power is actually not much improved.

But between the metaphysical and the dead, there is a big difference, because the dead spirit can be used to fight, with a lethal effect, once contaminated, even the mysterious gas is difficult to resolve.

Therefore, in general, when you reach the peak of the dead Xuanjing, you must use the Tiancaibao to enhance the vitality of the life, so that you can reach the balance and step into the rotation.

anyway.

Mo asked the day to recover from the injury, but it only consumed some of the genius of life, and the fighting power remained.

If you want to kill him, then you can only focus on the key.

"I see how much life you have!"

Ye Xuan flashed a light, once again ordered Megatron and the tree to attack, and at the same time he was also in this Mo Wentian, and a death killing order.

In dealing with the goal of the death killing order, Ye Xuan's attack power will increase. The most important thing is that Ye Xuan can use the assassination eye.

"Sharp storm!"

The **** sword of Megatron's incarnation once again broke through the air.

"First kill you this thing!"

Mo asked the day to drink, and a palm banged.

This palm is terrible and much larger than the entire blade storm. Moreover, this hit is still burning the infuriating, it should be able to kill Megatron.

However, things unexpectedly exceeded his expectations, even out of Ye Xuan's expectations.

This thousand swords of blood, suddenly sent a white light, and this giant palm hit.

"This is... crit?"

Ye Xuan was shocked.

Before he completed a specific upgrade mission, he received a bottle of blessing oil. This bottle of blessing oil was added to Megatron, so Megatron had a little luck.

This crit is the first time Megatron has had a lucky value!

"Hey!"

Megatron, who had the crit special effects, instantly smashed the giant palm of Mo Wentian. Although there were many blood swords damaged, the blood of the dead phoenix immediately exerted its effect and repaired these damaged blood swords.

"Damn!"

Mo asked the sky to roar, and was once again swept by the blade.

At the same time, Ye Xuan and Shu Lao also flashed to the back of Mo Wentian.

"Yangyang cable!"

"The eye of assassination!"

"The killings broke out!"

"The real fire dragon is unparalleled!"

The two of them shot together.

Mo Wentian fell into a crisis.

In desperation, he had to burn life again, and it was still a hundred years!

This trick, Ye Xuan has seen several times, is the big bang attack of Mo Xueyi!

However, the use of this move is not the strongest of the reincarnation, but also burned a hundred years of life, the power is almost destroyed.

"not good!"

Ye Xuan's face changed greatly. At this time, it was too late to leave and rushed to defend.

"Fire cover!"

"Brilliant gold armor!"

"Northern Heaven and Earth Battle Armor!"

Ye Xuan quickly defended and even burned his life for fifty years.

Just when his defensive layer condensed, Mo Wentian's body suddenly burst into a strong breath.

"The flames burn the sky!"

The name of this trick is the same as the meaning of the fire attribute in the virtual world. However, the power is a lot different.

"Booming!"

A flame of heat, spread out with Mo Wentian as the center, Ye Xuan only heard the sound of the broken armor on his body.

If it is an ordinary person, I am afraid it is dead under this attack, but don't forget who Ye Xuan is.

The fire hood is the old skill of the tree. The cooling time is one day. It can absorb a large number of attacks and then explode. Among them, it is able to absorb a large number of flame attacks.

In addition, the North Mingtian Water Battle Armor is a water property that can resist some shocks.

Although the brilliant gold armor has no attributes, it is hard to win, even if it is already broken.

Of course, the most important thing is the two bloods of Ye Xuan.

The eyes of the unicorns and the blood of the undead phoenix, both of which have added a lot of flame resistance to Ye Xuan, and it is precisely because of this that Ye Xuan survived this big bang.

However, the Zhentian sword group was instantly burned by the flames of the flames, and there was no leftover.

"Hey, Megatron died!"

"Hey, the spirit of the ash is dead!"

"Hey, Megatron is resurrected!"

"Hey, the spirit of the Ashes is resurrected!"

A series of four system prompts to sound.

Ye Xuan, who was swept away by the raging waves, couldn't help but reveal his amazed look. In his heart, he said: "The real Nima horror, fortunately, I have so many layers of defense, or I will die!"

Originally, he did not want to burn the life to solve this problem, but this attack broke out, he had to burn for 50 years, which made him very sad.

This Mo-Tian's behavior succeeded in angering him!

"Try this trick!"

Ye Xuan in the distance, not waiting for the recovery of his own injuries, is the sudden use of a card that has never been used.

"Fairy unicorn blood: Kirin down!"

The raging flames of the flames have not yet swept through, and Mo's head is suddenly condensed with a flame hoof. Not waiting for Mo's reaction, this flame hoof is suddenly stepped on.

"what?"

Mo asked Tianzhu to open his eyes and look at the flame hoof.

At this moment, he is like a cockroach, and this flaming hoof is like a human foot.

It's so easy to step on the dead!

"Hey!"

Mo Wentian was stepped on by this flaming hoof. The whole person's figure was bursting open, and there was no ash left.

This is the skill that Ye Xuan has combined with the blood of the fairy unicorn - Qilin.

Currently only advanced once, so only one can be launched.

However, this power is already enough.

A powerful reincarnation was actually killed by a foot, which made Ye Xuan shocked.

"It's so strong, it's horrible to kill Mo Wentian!"

Ye Xuan couldn't help but swallow.

This unicorn can't be reduced to a level, it has such power, if it is upgraded to the second, third or fourth level, the fifth level, the power will be strong to what extent?

You know, as long as you progress to five times, you can summon a unicorn to fight!

However, there is no cooling time for Qilin to drop this skill. It is necessary to recover by consuming the body of Tongtian beast.

Chapter 1440: Entering the reincarnation

Ye Xuan swiftly swept past, and then he was able to use the power of Vientiane to save the ring.

"Devouring!"

There are many bodies of Tongtian beasts in Qiankun Ring. These are the bodies that Ye Xuan saved before. Ye Xuan is used to swallow.

"The trough, so many bodies, only recovered 2% of the cooling, when did Nima get back?"

Ye Xuan was frightened.

Fortunately, the bodies of these Tongtian beasts are long-lived, there is no reincarnation, and there are not many beasts.

If you devour the body of the returning round, the cooling recovery should be a lot faster!

But then again, this is the first time that Ye Xuan has killed the reincarnation, which is enough.

The only group of Mojia masters, there are not many things on the body, plus the relics of this Mo Tiantian, can not let Ye Xuan break through to the longevity of eight.

"Go, go to Mojiacheng!"

Ye Xuan directly broke the void again and went to a home.

Mo's family, there are two long-lived strong players, but this can not stop Ye Xuan.

After Ye Xuan robbed Mojiacheng with the eye of perception, he finally heard the system prompt.

"Hey, the host breaks through, and it's currently a long-lived eight!"

"Hey, Megatron breaks through, and is currently a long-lived nine!"

"Hey, the spirit of the Ashes breaks through, and the current is a long-lived nine!"

The three men broke through continuously.

"Oh, my realm is the lowest."

In the planting space, he said with a small mouth and a dissatisfaction.

How strong is the blood of Tianshuhu, which can compare the blood of Tianshuhu with the super-phagocytic system, which is simply slag.

"Don't worry, I have left a lot of good things."

Ye Xuan gave the rest of the heavens and earth treasures.

He was thinking, if it was before the fall and his signing of the guarantee level contract, then the fall is now a long-lived eight.

If it is the same level, the strength of the fall can be a fight with the old tree, Megatron does not use the blade storm, it is not what they are.

"You can only slowly cultivate, but the young master, then you are going to the reincarnation?"

Asked by the big eyes.

"Well, Nalan Xinghui escaped, but I left a death killing order on him. The direction of his escape is the reincarnation, so I can use him to find the mysterious eyes."

Ye Xuan nodded.

In addition to going to report the hatred of the **** coat, he has to go to the West of the reincarnation, which is a reminder of the eternal fairy.

"I have a hunch, this time I will get a big chance!" The fall suddenly laughed.

Ye Xuanyi opened his mouth and smiled. Without speaking, he broke open the void and returned to the Shadow Fox Clan.

This shadow Fox family is extinct, but there is still a branch in the reincarnation, and many of the masters in the clan have gone.

The Mo family is the same.

The Nalan family and the Mo family in the reincarnation, although not many people, are all elites.

Ye Xuan estimated that the escaped Nalan Xinghui was preparing to go to the Nalan family in the reincarnation to rescue the soldiers.

With the death killing order, Ye Xuan immediately chased it up, and the long-lived eight-fold realm combined with the shadow step, the speed is no slower than Nalan Xinghui.

Although both Nalan and Mojia were built on the edge of the reincarnation, it took a full two days to travel from Nalan to the reincarnation.

Two days later, Nalan Xinghui entered the reincarnation, and Ye Xuan, who was behind Nalan Xinghui, also entered the reincarnation.

The place of reincarnation is very dangerous, because the realm is high, so there are all kinds of long-lived high-end Tongtian beasts, and even the level of reincarnation.

In these two days, Ye Xuan continued to kill those Tongtian beasts along the way, to restore the cooling of the Qilin.

This unicorn is easy to use, but unfortunately the cooling time is too difficult to recover. Ye Xuan spent two days before recovering to 20%.

"There are long-lived high-level Tongtian beasts in this reincarnation. Even the reincarnation is there. If I encounter it, I can quickly restore the cooling of the Qilin drop..."

Ye Xuan thought in his heart.

Of course, with his current realm, I am afraid that I can only deal with the one-of-a-kind beast that is born in the realm of Xuanjing.

But for now, it's still important to do it first.

It was a coincidence that Nalan Xinghui was just going west after entering the reincarnation.

Although this Nalan Xinghui is a strong reincarnation, after entering the reincarnation, he can't help but mention the spirit of 120,000 points.

On the way, he encountered some Tongtian beasts. Fortunately, they were all of the long-lived level. They were easily killed by him and then collected.

Ye Xuan is behind him, keeping his distance with the eye of insight.

Another day passed.

The speed of this Nalan Xinghui has finally slowed down and seems to be coming to the destination.

"Before Binger and Ajie were the treasures found in the Red Flame Mountains. Now they have been in the Red Flame Mountains for half a month. I don't know if I found them."

Nalan Xinghui stopped in front of a mountain range.

This Red Flame Mountain Range is a dangerous place. From time to time, there will be a hot and hot fire. When the warrior is inadvertent, it will be burned out.

Not only that, but there is still a burning scent in the air, and this road in the air will not work.

All in all, it's very dangerous!

The Shadow Fox clan escorted some elites to come in and take root in the reincarnation.

Nalan Xinghui is not entering the Chiyan Mountains, but a shadow fox branch near the Red Flame Mountains.

Without further ado, he must act now!

Two hours later.

He finally arrived at the shadow fox branch. The population here is not many, not even five thousand, but at least it is a long-lived six-strong warrior.

"Hey, it's the ancestor of Xinghui!"

A shadow fox at the door recognized Nalan Xinghui.

"Are the ancestors who went to the Chiyan Mountains come back?" Nalan Xinghui asked directly.

"No, the Yongjia ancestors are here!"

The guard shook his head.

When Nalan Xinghui heard this, she immediately rushed in.

The ancestor of the reincarnation of the Yongjia ancestor in the branch, after feeling this familiar atmosphere, was also surprised to go out, surprised: "Xinghui, how come you?"

Nalan Xinghui's face was gloomy and said: "The clan was destroyed by Mo's family, and I survived!"

"what?"

When this was said, Nalan Yongjia widened his eyes and said, "How is this possible? Doesn't Mojia only leave a reincarnation? How could it be possible to destroy the clan?"

"Mo family can't do it naturally, but he has a helper. This kid is the person Binger is looking for." Nalan Xinghui said with a grin, and when he thought of Ye Xuan, he could not wait to smash the leaves. Xuan's meat.

"Is that little fox?"

Nalan Yongjia frowned and said: "There have been a lot of Japanese beasts recently. I have to sit here. But the ancestors have heard the news that Binger and Ajie have found their bodies and returned to the peak!"
