

## Super D. S 1441

### Chapter 1441: Red Flame Mountains

"Yes, that's good!"

Nalan Xinghui heard this good news and nodded slightly.

Nalan Bing and Nalanjie are the most outstanding geniuses of the Shadow Fox family. They have broken through to the reincarnation in the past thousand years. In the future, they will be the pillars of the Nalan family.

Twenty years ago, Xuan Ming's eyes and Mo Xueyi competed for something called a life and death disk, both of which were both hurt and then reincarnation.

This life and death disk does not know who left it. There is a bone next to it, but it has been decaying for years.

However, the life and death disk can also reincarnate three people, just happened to be met by Nalan Bing, Nalanjie and Mo Xueyi, and the two sides accidentally triggered the life and death disk after the war.

In the end, Mo Xueyi first reincarnation, and Xuan Ming's eyes were delayed after a few days.

This kind of reincarnation is very wonderful. Even if the strong people who want to reincarnate want to reincarnate, they will not be able to be born immediately. They will usually be between heaven and earth. It may be a day, or a decade, a hundred years or even a millennium or a thousand years.

Therefore, the blood-stained door of the main blood coat and the talented female Nalan Bing and Nalanjie of Bei Cang Academy have an age difference.

Before the reincarnation, Nalan Bing and Nalanjie both hid the life and death, and by the way laid down the body of the body.

This time, Nalan Bing and Nalanjie are going to find this life and death disk and to take over the body more than 20 years ago.

Twenty years ago, they were seriously injured, but the injury actually recovered before the reincarnation. After all, the body has a genius.

However, they triggered the life and death disk and had to reincarnate!

"but....."

At this time, Nalan Yongjia suddenly frowned.

Hearing this, Nalan Xinghui also raised an unpredictable hunch, but this word, but the turning point, what happened in the head?

"But what?" Nalan Xinghui could not help but ask.

"However, the news from the ancestors said that when they found the location of Binger and Ajie's reincarnation, the life and death disk disappeared!" Nalan Yongjia said.

"what?"

Nalan Xinghui raised her eyes and suspected that she had got it wrong.

Nalan Bing and Nalanjie have already regained their bodies more than 20 years ago, but why did the life and death disk disappear?

"Is there someone in the place where they are reincarnation?" Nalan Xinghui was a stranger.

"No, there should be no, because the things in their ring are still..." Nalan Yongjia shook his head.

If someone enters the reincarnation of Nalan Bing and Naranj and takes away the life and death disk, Nalan Bing and Nalanjie's Qiankun Ring cannot be worn on the body and will be taken away.

So, this is a bit strange!

Could it be that the life and death disk is running on its long legs, or someone came in and took the life and death disk, forgetting to take Nalan Bing and Nalanjie's ring?

I am afraid, only these two possibilities!

"Then they still can't come out?" Nalan Xinghui asked.

"The ancestors are carrying them to kill the Mo family. As long as they kill the Mo family ancestors of these reincarnations, then the Mo family is also dead!" Nalan Yongjia replied.

Both the Mojia and Nalan families are supported by the reincarnation. The original two forces are similar, but with the fall of Mo Xueyi, Nalan Bing and Nalanjie's recovery, Nalan's family Winning the Mo family.

As long as there are several reincarnations in Mojia, the Mo family has nothing to make Nalan home jealous.

"Then I will go in and help."

Thinking of this, Nalan Xinghui said.

Since the clan outside the reincarnation has been destroyed, it is useless to go back. It is better to enter the Chiyen Mountains to help.

"Well, then you are careful!"

Nalan Yongjia nodded.

Every reincarnation is the top pillar of the Nalan family, and it is impossible to break any one.

At the moment, Nalan Xinghui turned around, left the branch, and then directly entered the Chiyan Mountains.

And Ye Xuan, looking at the back of his departure, the light flashed.

Right now, he has two plans.

First, enter this branch to confuse, relying on his strength, but do not have to worry about this is the same as the natural environment of Nalan Yongjia.

Second, that is to continue to follow Nalan Xinghui into the Chiyan Mountains.

After thinking about it, Ye Xuan decided to follow Nalan Xinghui.

Although he can directly enter this branch, and then upgrade to the long-lived nine, so that the strength will be qualitatively improved.

However, this is only his estimate. The level is not that he wants to rise, but after every breakthrough, the experience is greatly improved.

Moreover, there are several reincarnations in the Nalan family in the Chiyan Mountains. Ye Xuan naturally wants to smash them when they fight with Mo.

The Nalan family's reincarnation is more than Nalan's family. If it is slow, he may not have much chance to start!

Therefore, Ye Xuan directly followed Nalan Xinghui into the Red Flame Mountains.

In this red flame mountain range, the infuriating body in the body will continue to be consumed. Fortunately, Ye Xuan has no blood and a high flame resistance, so there is not much difference.

There seems to be no such thing as Nalan Xinghui in front, but over time, he will definitely have some trouble.

"This Nalan Xinghui is the ancestor of the Shadow Fox family. He has \*\*\*\* feelings for his own people. He should be able to quickly find Nalan Bing and Nalanjie..."

Ye Xuan thought in his heart, his brow was locked.

For Nalan Xinghui, he is not afraid, nor is he afraid of other Nalan family returning strong.

Even if these people unite, he can't beat it. Can't you still run?

What makes him jealous is a strong man named Nalanxiong, who is the ancestor of the Shadow Fox family. He is not only the highest in his generation, but also the strongest in strength. He has reached the double level of life.

It was him who realized the charm of the will, and let people \*\*\*\* Nalan Bing and Nalanjie back to the clan.

This charm will be very difficult, this Nalan Xiong can hold the charm of the will on the weapons and even the body, as long as someone sees, it will be affected by the charm.

Fighting with him, I am afraid I can't blink!

There is him, Ye Xuan estimates that Mojia's several rounds of returning masters are doing the Nalan family.

This reincarnation is very dangerous. The Red Flame Mountains are even more dangerous. The speed of the Nalan Xinghui in front is also reduced to half. Be careful.

Ye Xuan followed his back and ran for a long time. Then he heard a loud noise.

"Booming!"

This loud noise came from the horizon and seemed to be very far from here.

After hearing this loud noise, Nalan Xinghui's footsteps could not help but speed up, as did Ye Xuan behind him.

It seems that it should be found!

In a short while, Nalan Xinghui saw a battlefield ahead, but on the battlefield, in addition to a few humans, there was a group of flame creatures.

"It's the heart of the fire!"

Nalan Xinghui recognized it at a glance.

Chapter 1442: Killing Nalan Xinghui

The Earth's Demon, Ye Xuan has also seen it once, when he killed an enchanted monarch and then robbed the eternal heart.

However, those geocentric fires at that time could not be compared with the current geocentric fire.

At this time, Ye Xuan's eyes were all a hundred meters high, and they were all in the realm of eight-nine heavy habitats.

It doesn't matter. What matters is that the number of these demons is huge, at least there are thousands.

Among them, there are several reincarnation-level flaming monarchs, as well as a huge sorcerer emperor.

Ye Xuan estimates that this enchanted emperor, I am afraid to reach the triple of life.

After seeing this enchanted emperor, Ye Xuan's heart was also trembled. The blood of the undead in the body and the blood of the celestial unicorn could not help but boil.

Whether it is the blood of the dead \*\*\*\* or the blood of the fairy unicorn, it is the blood of the fire attribute, so they start to boil at this time, it seems that I want to let Ye Xuan and this flaming emperor fight a battle.

"Just kidding, I only have a long life, and I don't even have a return. How do I fight this wicked emperor?"

Ye Xuan shuddered and directly focused his attention on the human beings surrounded by countless geocentric fires.

These five people are all Shadow Foxes, including one woman.

Four students are born in a mysterious environment, and one is born in a double environment!

As for the other side, there are also five figures, all of which are human beings, but only three of them are born and one is born.

I want to come, it should be the Mo family.

"Nalan Bing and Naranger are not..."

Ye Xuan's eyes stunned and suddenly responded: "It seems that they have found their own body and then regained their homes and have returned to the peak."

This is only his guess. After he saw the tricks of the woman and another man, it was immediately determined.

Ice and fire double dragon sword array!

Sure enough, it is Xuan Ming!

"I finally found you, although I have recovered to the reincarnation, but what about it?"

Ye Xuan's twilight flashes.

At this moment, both Nalan and Mojia were surrounded by countless geocentric fires, and they are trying to kill a \*\*\*\* way.

However, a white-haired old man in the ranks, that is, Nalanxiong, who is a double-minded student, is very prestige.

The clothing on his body, Ye Xuan just glanced at it, and the head felt a sting.

Charm will!

"This charm will be powerful, I don't know when it will be able to comprehend..."

Ye Xuan secretly thought in his heart and continued to observe.

The wicked emperor did not move, so the Nalan family and the Mo family could survive to this day. Only a few sectarian monarchs attacked them.

At this time, Nalan Xinghui suddenly burst out, ready to go to support, help Nalan Bing and others to kill a \*\*\*\* way.

"Want to support, have you asked me?"

Ye Xuan's light flashed.

The next moment, the killing machine emerged.

The long-lived nine-fold Megatron, the long-lived nine-fold tree, and the long-lived eight-fold fall, appear instantly.

"The flames!"

"The eye of assassination!"

Ye Xuan and the tree were the first to go straight to the back of Nalan Xinghui.

what?

Nalan Xinghui was shocked. He did not find anyone along the way. But now, why are there four in the scope of spiritual knowledge?

However, he did not have time to consider it, because the wind behind him appeared.

"Yangyang cable!"

A flame chain tied Nalan Xinghui's feet, the burning breath, almost burned his feet, but fortunately his body has a mysterious gas, is constantly recovering, otherwise it has long been broken.

However, this chain of flames is only used to limit the actions of Nalan Xinghui.

"Since you have found someone, then you can go!"

Ye Xuan doubles his eyes and shoots directly.

"The killings broke out!"

"The real fire dragon is unparalleled!"

This move has also gained 30% of the assassination of the attack power, the power is huge.

Although Ye Xuan's realm at this time is only a long-lived eight-fold, he has burned his life span for twenty years, which is enough to threaten the strong man who is born.

Under the gaze of Nalan Xinghui, the huge golden dragon swallowed his body shape, and the burning scent instantly melted his muscles and flesh, even if the body's vitality can only slow down some speed.

Finally, he still can't escape!

"Hey, the host's killing value is improved!"

This system sounds, representing the fall of Nalan Xinghui, Ye Xuan's killing value has increased a lot.

A blow, spike a strong round, even if the same level of power is probably not so easy to do.

However, Ye Xuan is attacking Nalan Xinghui.

Since Nalan Xinghui was previously marked, with his death, the cooling of the death killing order was restored again, and Ye Xuan could still be used twice.

At the moment, Ye Xuan is once again marked Nalan Bing.

"father?"

After seeing Nalan Xinghui's emptiness, Nalan Bing was stunned, and his eyes were so big that he was obviously not convinced.

Nalan Xinghui, but a veteran of the Nalan family, how could it be killed at once?

Nalan Bing quickly fell on the murderer's body, and the next moment, she was shocked.

This murderer is very familiar with her and Naranger.

"It's you?"

Nalan ice immediately recognized Ye Xuan.

She couldn't think of it. Ye Xuan, who killed his father, is Ye Xuan, who has been searching for people!

How can this be?

You must know that when she got the news of Ye Xuan for the last time, it was that Ye Xuan appeared in Broken City, which was the news of the main leaf of the Xuantian Gate.

Later, she won a long-lived nine-fold body, and then followed Narangjie and several Nalan family ancestors, entered the reincarnation, and then the Red Flame Mountains, regained the body of the last life.

Therefore, she did not know that Ye Xuan had already extinguished the Shadow Fox branch, and she did not know that the Shadow Fox clan was almost annihilated.

The speed of this Ye Xuan's strength has shocked her!

Ye Xuan felt the gaze of Nalan Bing, and also looked at the situation. After observing the latter, he couldn't help but reveal a sinister smile. He said: "Nalan Bing, don't come innocent?"

No matter the sound or the tone, there is no killing!

Nalan was so chilly, a man who had just killed her father, even greeted her?

"Still, I dare to kill my father!"

Naranger also recognized Ye Xuanlai and roared.

If the road ahead is blocked by a large number of geocentric fire, then he will burst into the air and fight with Ye Xuan.

In addition to Nai Xinghui's hatred, he has to report to others because they have died in Ye Xuan several times.

Similarly, Ye Xuan is also looking for this Nalan Bing and Nalanjie revenge!

Chapter 1443: Emperor

"Hey, the host triggers a random mission, kills the mysterious eyes, completes the reward - the special positioning of the void!"

A system prompt sounded in Ye Xuan's mind.

Killing the mysterious doubles and triggering a random mission is really good.

Just, what is the special positioning of this void?

Ye Xuan quickly checked and found that this special positioning of the void is a good skill.

The special positioning of the void is positioned on the person.

No, to be precise, it is positioned on the pet!

In the future, even if Megatron and Ye Xuanyuan are in the sky, Ye Xuan can break open the void and come to Megatron.

Only the signing of the contract with Ye Xuan, Megatron, and the old three trees, Ye Xuan can use the special positioning of the void.

In this way, Megatron will be able to make a trip for Ye Xuan in the future.

Although this skill can't improve Ye Xuan's strength, but the practicality is still relatively strong, but then, if you want to get this skill, you have to kill Nalan Bing and Nalanjie.

Time limit, one day!

"Hey, with my current strength, killing Nalan Bing and Nalanjie, why one day?"

Ye Xuan's light flashes.

Nalan Xiong, who understands the will of charm, may be jealous, but for others, he is not afraid.

The people at Nalan's family want to break through, but it's not that easy!

"No, Nalan Bing and Nalanjie are now surrounded. If I am stalking from them, they may not be able to come out. But if I don't let them out, they will die in the hands of the heart," My random task has failed!"

Thinking of this, Ye Xuan decided not to mess up.

However, next time, he may not be able to do it.

After he appeared, the wicked emperor in the distance suddenly turned around, and a pair of eyeballs condensed by flames fell on Ye Xuan's body.

"Ok?"

Ye Xuan brows a pick, could not help but hit a beggar.

What is the situation, why did the Emperor of the Emperor notice him, is it difficult, is he the reason to kill Nalan Xinghui?

Not waiting for him to react, this enchanted emperor quickly flew over to him, and the devils on the way were directly absorbed into the body by the wicked emperor.

"I am going, what is the situation?"

Ye Xuan was shocked and quickly retreated.

The three-year-old sorcerer emperor, why not attack the masters of Nalan and Mo's family, but choose the farthest from him?

"Is it because of the two blood vessels in my body?"

In Ye Xuan's mind, suddenly the flash of light flashed.

Undead phoenix blood, celestial unicorn blood, are the sage blood of the fire attribute, so this flaming emperor stared at him.

So what's next?

Is the Enchanted Emperor going to swallow him?

"Hey, it's not so easy to see you are not good, you want to kill me!"

Ye Xuan's heart was cold and quickly retreated.

However, the route he retreated was not on the same line as the path of the Emperor.

He, even led the emperor emperor to the team of Mojia!

"Damn, that kid is actually a disaster!"

The reincarnation of Mo's family changed his face.

Originally, this wicked emperor disdained them, but now, the attention of the Emperor of the Fire is attracted by Ye Xuan, and Ye Xuan evades in this direction, they must collide with the Emperor.

"Fast, get away!"

Mo's ancestors, who were born in the Xuanjing, angered and tried to make their debut, let the emperor emperor pass.

At the moment, they are all burning life, and the attack power is more than doubled.

Unfortunately, their speed is still slower.

"Calling!"

A gust of wind whistling, the temperature rose instantly.

Mo's first ancestor was gloomy and decided to fight.

"kill!"

Everyone in the Mo family attacked the wicked emperor, and all of them burned for a hundred years.

"Boom!" "Boom!" "Boom!"

A series of attacks, falling on the body of the evil emperor, although the attack power is strong, but the emperor emperor is here is the king, this group of people's combined attack can only make him barely injured.

However, the Mo family master attacked a round, then the next is the counterattack of the Emperor.

"Huh!"

The emperor's emperor punched out and directly squatted on the body of the first ancestor of the Mo family. Suddenly, the latter was turned into a fly ash.

Mo Shimin, a master of the realm of Xuanjing, died!

A punch, second killer Xuanjing two masters, this strength is at least ten times stronger than Ye Xuan.

"Old ancestors!"

The Mo family could not help but exclaimed.

The first ancestor is the pillar of the Mo family, and it is also the only master of the Mo family.

Now, the first ancestor is dead, then Mo Jia is estimated to be finished!

Fortunately, after the murderous emperor killed Mo Shimin, he did not intend to shoot again. He directly crossed the remaining three of the Mo family and rushed to Ye Xuan.

The three of Mo's family breathed a sigh of relief, and they were glad that they had escaped. If the emperor's emperor shot them, they would have to fall.

However, they hated Ye Xuan, if not Ye Xuan, then their first ancestor will not die.

However, Ye Xuan has been stared at by the Emperor of the Fire at this time. I am afraid that this \*\*\*\* enemy can not report it by hand.

"The attack power of just a punch is at least ten times that of mine. If it is a full-strike attack, let alone the double-mindedness of life, even if it is a three-strong powerhouse, I am afraid to hide. Even if I break through The long-lived environment is nine-fold, and it is not an opponent of the emperor emperor..."

Ye Xuan thought in his heart, it was to retreat again.

Although he did not have the strength to fight with this flaming emperor, he did not even have the timidity, but he did not want to leave.

"I would like to see if your fire is so powerful, or if the two bloods in my body are more powerful!"

Ye Xuan's mind suddenly flashed, and then tens of thousands of jade bottles were taken from the swallowing space.

In these jade bottles, all of them are filled with his blood!

Then, Ye Xuan's dawn flashed, and all the jade bottles were used to force the emperor to use the power of Vientiane.

"Hey!" "Hey!" "Hey!"

One jade bottle went away.

This kind of attack, Ye Xuan is still the first time to use.

Blood collapse attack!

"Hey!" "Hey!" "Hey!"

These jade bottles with the blood of Ye Xuan, although the material is good, but under the extremely high temperature of the Emperor of the Fire, it is directly broken.

The blood of Ye Xuan is floating all over the sky!

The venerous emperor rushed straight over and swallowed the blood into the body. The next moment, its body became a deep red and began to swell.

At the same time, the breath is also rapidly improving!

"The trough?"

Ye Xuan was shocked. He thought that his blood could suppress this wicked emperor, but he did not expect it, but he gave it to the other side as a tonic.

Chapter 1444: Explosion

"Oh, I don't believe it, see me bursting you!"

Ye Xuan's light flashes, directly throwing out all the survival in the phagocytic space.

Full, more than 100,000 bottles!

This is his hang on the road, idle and nothing to install, this is his hobby to pass the time.

Now, it is actually used!

These more than 100,000 blood bottles smashed to the Emperor of the Fire, and the eyes of the Emperor of the Enchanted Emperor were also bright, and once again met.

The blood bottles of Fang Caixuan have made it a lot better. If you swallow the 100,000 blood bottles, you may be able to upgrade directly to the realm of life!

The mysterious world is four!

The Enchanted Emperor was crazy, engulfed the blood in all the blood bottles, and his body quickly expanded.

"No, if this doesn't kill you, I can only run."

Ye Xuan said helplessly in the heart.

In his eyes, after the emperor emperor merged the blood into the body, he re-expanded, his body shape doubled, and the deep red \*\*\*\* flame of his body violently beat.

"Hey..."

The emperor emperor suddenly gave a strange figure and his body shape.

"what happened?"

On the other hand, the masters of Mo's family and the masters of Nalan's family are shocked.

Mo Jia has hatred against Ye Xuan. After all, if it is not Ye Xuan, the Mo family ancestors will not be bombarded into fly ash, and even the Qiang Kun ring is not left.

As for the Nalan family, it is natural for Ye Xuan to hate it, because Nalan Xinghui died in Ye Xuan's hands.

As for Nalan Bing and Nalanjie, I naturally hope that Ye Xuan will die in the hands of this wicked emperor.

Unfortunately, Ye Xuan is still alive at this time, and the emperor emperor has undergone some changes.

"Boom!"

Under the watchful eye of the three-party camp masters, the flame body of the Emperor of the Fire suddenly burst into flames, turning into countless flames erupting into the air, still following a meteor shower.

"Haha, really!"

Upon seeing it, Ye Xuan immediately laughed.

However, it was the triple-death emperor emperor who was born in Xuanjing. He dared to swallow him so much blood.

You must know that there are two kinds of celestial blood in his body, one is the blood of the undead, and the other is the blood of the unicorn.

These two blood vessels are all fire attributes!

This enchanted emperor must have blasted, this is it's own death!

If it slowly refines the blood of Ye Xuan, it can break through to the four levels of life, but unfortunately, it wants to eat a big fat man at once, and finally is killed by food!

"Hey, the host's killing value is improved!"

A system prompts the sound, and Ye Xuan inexplicably swells a killing value.

However, this is also true, because the core of the heart of the Emperor of the Enchanted is already broken.

This is considered to be killed by Ye Xuan, so the value of killing is added to him.

However, the fire of the sky, even Ye Xuan did not dare to neglect.

"Megatron, the tree is old, please, please!"

When Ye Xuan finished speaking in his mind, he hid the fall into the planting space, and then he broke through a hollow door and drilled it in.

The flame of fire after the emperor's emperor blew himself, falling wildly.

The team of Namo and Nalan's family had to resist the attacks of the surrounding heart and the evil monarchs. It's really worse to hide these flames now.

Both Megatron and the old trees have blood without death, and the fire resistance is not low. Even if they are wiped by this flame, they can recover quickly.

And Ye Xuan, who had already broken through the void, came to a safe place. With the skill of sharing the vision of pets, I looked at the unsatisfactory look of the team of Mo and the team of Nalan.

"I don't know, which treasure was given by which party..."

Ye Xuan thought in his heart.

He did not hear the dialogue between Nalan Xinghui and Nalan Yongjia, so he did not know that the life and death disk had disappeared.

At this time, his face is a change, because the first ancestor of the Mo's family, Mo Shimin, has been smashed into dregs by the emperor, even the Qiang Kun ring.

In case, is the life and death disk in this ring?

"It's terrible. If the treasure is in this ring, now that the ring is damaged, isn't it falling into the crack in the space?"

Ye Xuan looks flustered.

That treasure can make people who have not reached the reincarnation reincarnation. It must be a good thing against the sky. If he gets it, he can at least break through to the realm of life, and even death is not impossible.

Now, if it is gone, is it not a tragedy?

If the Qiankun ring is destroyed, then the things in the ring will fall into a place called a space crack.

It is said that only the strong people who can pass the heavens can tear the space, and their attacks have the effect of breaking the air and have great power.

Even if your body is tough, but a space breaks, it is useless to be tough.

"Hey, treasures have always been known to those who have a chance. If they are gone, it means that I am not a good person."

Ye Xuan shook his head.

For this kind of thing, he is already very calm, anyway, his main goal this time is Nalan Bing and Nalanjie.

I hope that Nalan Bing and Nalanjie will not die under this flame of fire.

Through the vision of Shu Lao and Megatron, Ye Xuan saw that Nalan Bing and others also burned their lives and then smashed a \*\*\*\* road.

The old ancestor of the Nalan family was not dead, so everyone in Nalan's family escaped from birth.

However, Mo's family did not have such a good fate. All three strongmen who were born in Xuanjing died under the flame of fire. Their Qianghuan ring also fell into the lava \*\*\*\* underneath.

Not only that, but even the old tree and Megatron, was killed by the last round of crazy flame rain.

The master of Nalan's family saw that Ye Xuan had left, and he was also quickly retreating.

Then, Ye Xuan returned from the void.

"The few Qiang Kun ring, although fell into the lava hell, but the temperature of the lava \*\*\*\* is not higher than the flame rain, Qian Kun ring may still be!"

Ye Xuan directly turned into a streamer, did not enter the lava hell, as for the old tree and Megatron, it is in the top to kill the heart of the fire.

Soon, Ye Xuan found two Qiankun Rings, and then swallowed up the things inside, and improved a lot.

It's a pity that the third one is not available to him.

After he left the lava hell, an enchanted monarch killed him.

This flaming monarch is a heavyweight of life, but it is not difficult to deal with.

"Megatron, kill it!"

Ye Xuan said to Megatron.

Megatron is a long-lived nine-fold, but has not yet reached the peak, so Ye Xuan wants to take this opportunity to raise him to the peak of Jiuzhong.

Although Nalan Bing and others left, but Ye Xuan has already placed a death killing order on Nalan Bing, Nalan Bing can not run out of his palm.

Chapter 1445: Kirin downgrade

Besides, there is also a young ancestor Nalan Xiong, who is born in the middle of Nalan.

With Ye Xuan's current realm, it is still impossible to work hard with them!

Therefore, we must break through!

"The killings broke out!"

"The real fire dragon is unparalleled!"

Although it is said that this place is a creature of fire nature, but Ye Xuan's unicorn is infuriating, and it has the effect of burning the world, burning fire with fire, nothing.

"Calling!"

A long-lived nine-golden golden demon was killed by Ye Xuan, and the core of the earth fell into the hands of Ye Xuan.

This core of the heart can not only improve the cultivation of Ye Xuan, but also enhance Megatron.

The most important thing is that this can be used to restore the cooling of the Kirin down!

"Sure enough!"

Seeing the shape, Ye Xuan's mouth can't help but tilt up. It seems that his guess is correct.

The reason he stayed this time is to try the effect of the core of the heart.

The cooling of the unicorns requires the recovery of the corpses and beasts of the celestial beasts, and the heart of the sorcerer is a stranger, and its core of the core may be fine.

It seems that Ye Xuan can not only be used to break through, but also can be used to shorten the cooling of the unicorn.

In this lava hell, there are countless powerful geocentric fires. If you kill them all, it is not a problem to break through to the longevity.

At the moment, Ye Xuan is beginning to continue killing.

There was an enchanted emperor in this lava \*\*\*\* before, and now the emperor emperor blew himself up, then there are only a few flaming demon monarchs who are born in Xuanjing.

In Ye Xuan's field of vision, it is also an enchanted monarch, far away from him.

In addition to the sacred monarchs at the level of the Xuanjing, those devotees could not stop Ye Xuan and were directly killed.

The core of the earth's heart was swallowed up by Ye Xuan.

The cultivation of Ye Xuan and Megatron is constantly improving, and the cooling of the Qilin is also shortening.

"Hey, the host's killing value is improved!"

A system prompts the sound, and Ye Xuan glances at it and finds that the killing value has improved a lot.

He stared at it and found that it was Megatron who solved the sinister monarch who was born in Xuanjing.

Megatron is a long-lived nine-strong, able to kill this flaming monarch, but also thanks to the blood and the flame resistance.

At this time, Megatron has turned into a dragon, pinching the core of a heart, and then swallowing the import.

"Good job!"

Ye Xuan is satisfied with the nod.

Megatron devours the core of the heart, and Ye Xuan also has a phagocytic effect, which has improved his cultivation.

"Hey, Megatron's breakthrough, the current life is a heavy one!"

The system prompts.

Megatron is no longer embarrassed, he can take the lead in breaking the shackles of the big realm, but it can only be a level of life and can not be upgraded.

However, this is enough!

"Not bad, the cooling of the Kirin drop is directly reduced by five percent!"

Ye Xuan is very satisfied. If he destroys the geocentric demon and the evil monarch in this area, the cooling of the Qilin drop can be restored.

At the moment, he is speeding up.

"Mei Zhentian, the flaming monarchs who gave birth to Xuanjing will be handed over to you!"

Ye Xuan said to Megatron.

The latter has already broken through to the birth of a metaphysical environment, so it will be more comfortable to deal with the same evil monarch who is also alive.

As for Ye Xuan, the old tree and the three fallen, it is to continue to kill those small earthworms.

Time, a little bit past.

It was a long time after a long time.

After Megatron killed a sinister monarch who was born in Xuanjing, Ye Xuan heard a system prompt.

"Hey, the host breaks through, and it is currently a long-lived nine!"

Finally, the breakthrough to the longevity is nine!

However, there is a long-lived Jiuzhong peak after the long-lived nine-weight. When he did not break through the Jiuzhong peak of Changsheng, Ye Xuan did not know whether there would be a breakthrough requirement.

However, this is all a follow-up. Anyway, he has already broken through to the long-lived nine-fold, and his strength has undergone qualitative changes.

At the same time, Ye Xuan also made a decision.

"Hey, does the host use a life of 1,500 years to convert it into a little swallowing point?"

The system prompts.

Before Ye Xuan had already exchanged two points of phagocytosis with life, five hundred years and one thousand years respectively.

Long Habitat has a life span of 3,000 years. If it is an average person, it is estimated that it will be a fart after the exchange.

However, Ye Xuan now has a life span of more than 1,500 years, because he has taken the best of the old springs before, and there is also a hundred years of the best in the ring.

Even if he exchanged the third point of swallowing, he still has a life span of 100 years, not afraid.

"Hey, the host consumes a life of 1,500 years and exchanges a little bit of swallowing!"

After the system prompts the sound, Ye Xuan is glanced at the panel, and it really has a little more swallowing point.

If it was before, he might have this point of swallowing, but now he does not exist.

"Hey, Kirin has progressed to success!"

Another system prompts to sound.

Qilin dropped the first step and only needed a little swallowing point, so Ye Xuan did not hesitate to choose advanced.

After the advanced, the power of the unicorn is increased, and the cooling can be used twice, but there is a time limit during the period, and it must be used for a second time in a certain period of time, otherwise it will be void.

However, there is still a place for comparison after the advancement, that is, the body needed for cooling, more!

"In my current realm, if I use Qilin, I am afraid I can kill Nalanxi..." Ye Xuan thought.

He glanced at the scarlet killing of the death chase and found that Nalan Bing and others had left the Chiyan Mountains, and it was estimated that they had returned to the branch in the reincarnation.

The smoldering devil in this lava \*\*\*\* has been removed by two-thirds, and the few of them are the ones who are born and ignorant.

"It's almost enough, let's go, let's kill the Quartet!"

Ye Xuan's eyes glimpsed and then directly broke through the void.

"Hey, are you finally going to fight?"

The old flame of the tree flashed over, passed through the door of the void, and came outside the Red Flame Mountains, near the shadow fox branch.

Although he joined later, how could he not know the hatred between Ye Xuan and Xuan Ming, now, finally, he has to make a break.

Among the four people of Ye Xuan, in addition to the fall and almost broke into the long-lived nine-fold, they have already reached the long-lived nine-fold. Among them, Megatron is a heavyweight.

With their current strength, it is not a problem to single out the entire Shadow Fox family!

With his own strong strength to back up, Ye Xuan did not have any concerns, directly swept to the reincarnation of the Shadow Fox family branch.

Chapter 1446: Kill the door!

After the eye of perception is upgraded to the level of the fairy eye, the scope of perception is greatly improved, coupled with the killer instinct and spiritual knowledge, he can sweep to the masters of the Nalan family in the distance.

In the former Red Flame Mountain Range, in addition to Nalan Xiong, who is a double-minded student, as well as Nalan Bing and Nalanjie, there are two masters who are born and raised.

Together with this Nalan Yongjia in the branch, they have a total of six people.

"Oh, I am born with a big eight. It seems that I can't shoot this battle."

The falling face in the planting space said with a crying face.

"No, this time I am alone!"

Ye Xuan smiled slightly, then it was near the shadow fox branch, and then screamed:

"Nalan Bing, Naranger, get out of me!"

The sound was deafening and passed into the elite of the entire branch.

"Who, who is so bold, dare to call the names of the two ancestors?"

"It seems to be a long-lived nine-strong master."

"I really want to die, go up and take him down!"

Immediately, some high-end eight-pointed masters rushed out and prepared to kneel down.

It's a pity that they just came out and they were killed by Megatron and the tree.

"Hey, the host's killing value is improved!"

"Hey, the host's killing value is improved!"

"Hey, the host's killing value is improved!"

Ye Xuan's killing value has increased.

However, in the realm of longevity, he does not raise the value of killing to the upper limit because it is a waste of time.

Even if all these thousands of people are killed, it is estimated that they will not reach it, and it will be much worse.

Seeing the two helpers that Ye Xuan suddenly appeared, the group of people were also shocked. They also thought about relying on people to besiege Ye Xuan, but did not expect to be killed in an instant.

However, the Lord is finally here!

In the distance, several figures swept, all of them were in the reincarnation level, two of which were Nalan Bing and Nalanjie.

As for the first old ancestor of Nalan, Nalanxiong, nature is also among them.

A living environment is twofold, and five students are a mysterious place. This strength is not weak!

However, Ye Xuan is standing here and does not move.

Although there is a superior ability of the unicorn to drop this explosive power, this \*\*\*\* skill does not need to be used, because who knows what will happen next, and keeps the card insurance.

"You actually came from the investment network?"

After Nalan Bing saw Ye Xuan, he couldn't help but say.

"No, you use the wrong word. I am not self-investing in the net, but to destroy you!"

Ye Xuan shook his head.

"What about the little fox?" Nalanjie asked.

Nalan Bing needs a falling body so she can break through quickly.

At that time, Naranger also found a well-qualified body, and they will soon be able to surpass the peak.

"I want to know where the fall is, kill me!"

Ye Xuan replied indifferently.

The other party has the means to search for the soul. If you kill him, you can know.

The previous search was the soul of the long-lived nine-fold soul, because he had the eye of the soul.

Of course, the soul of the soul search is also a level, and now he is a long-lived nine, whether the other party can search his soul is still a problem.

"Oh, big words, today I will avenge my brother!"

A Nalan family strongman who came out of Xuanjing came out. This is an old man, Nalan Yonghui, the younger brother of Nalan Xinghui.

"I want to move the young master, I have to pass this level!"

The tree suddenly flashed between Ye Xuan and Nalan Yonghui.

"A demon in the district, dare to let go in front of me, die!"

Nalan Yonghui swooped down directly.

In the face of a strong and powerful person, the tree is not busy, and after the other party is close, it is suddenly a shattered flame.

Remnant flames!

In an instant, Nalan Yonghui's back is a reflection of the old flame of the tree, and then the tree is quickly shifting.

"what?"

Nalan Yonghui was shocked and hurriedly defended, but it was a pity.

"Hey!"

Nalan Yonghui flew to Ye Xuan.

At this time, the sound of the air broke.

The mysterious world of Megatron, suddenly turned into a giant dragon, it seems to be able to cover the sky's giant claws.

Megatron is just a tool for heaven, and even Nalan Bing, who has seen it several times, thinks it is controlled by Ye Xuan.

But this is not the case!

Megatron has its own consciousness.

Not waiting for Nalan Yonghui to react, it was caught by this huge dragon claw.

"presumptuous!"

Upon seeing it, Nalan Xiong also screamed.

Every strong man who is born in Xuanjing can be the pillar of the Nalan family. It has already been damaged in the Chiyan Mountains. Now it can no longer die.

At the moment, Nalan Xiong is the shot.

At the same time, Ye Xuan is also secretly shot.

"Essence: The Eye of the Soul!"

When he shot from Nalan Yonghui, he was actually attacking with the eyes of the soul.

He is now a long-lived nine-strong, and it is not a problem to control a military who is a heavy-minded person across a big realm.

However, this will take time, because this Nalan Yonghui has lived for more than two thousand years.

Long-lived strong people can live for up to three thousand years without burning life.

Once it breaks through the realm of life, it will skyrocket for five hundred years, that is to say, Nalan Yonghui, who has a heavy life, has a life span of 3,500 years.

Then, the birth of Xuanjing is a double breakthrough to the birth of Xuanjing. It is also based on the life expectancy of five hundred years. It is capable of living for more than 7,000 years.

Nalan Yonghui also consumed a lot of life, but the live time is relatively long, the soul strength is very unusual, so it is more difficult to control.

"Don't come over, it will blow his head!"

At this time, the tree suddenly flashed to the back of Nalan Yonghui, which was pinched by the dragon's claws and only showed one head.

Upon hearing this, Nalan Xiong's figure was immediately.

"What do you want?" Nalan said with a grin.

He did not expect that it was incredible that Ye Xuan could resist his enchanting will.

"I don't want to be."

Ye Xuan smiled lightly and secretly attacked Nalan Yonghui with the eyes of the soul. The latter's mouth was just pinched by the dragon claws.

In the dialogue between the two sides, Ye Xuan has used the eyes of the soul several times.

"Hey, take control of success!"

After the sixth eye of the soul, Ye Xuan successfully controlled this Nalan Yonghui.

Then he started acting.

"Hey!"

Nalan Yonghui suddenly burned his life and shook the claws of Megatron. The old tree was pretending to be unresponsive and was escaped by Nalan Yonghui.

"Kid, I want to kill you!"

Nalan Xiong did not doubt that it was directly blasting.

"Good to come!"

Ye Xuan glimmered and greeted him, raising his hand was a glimpse.

A big fight broke out!

"The killings broke out!"

"The real fire dragon is unparalleled!"

A huge golden dragon screamed out and hit Naranxiong.

Chapter 1447: The last battle!

Under normal circumstances, the strongest person who is born in Xuanjing will not care about the long-lived environment. The latter is the ant-like existence in the eyes of the former.

However, Ye Xuan's strength can not be described as normal, but he has the ability to kill Nalan Xinghui.

"Booming!"

A wave of air swept through.

In the minds of Nalan Bing and others, Nalan Xiong's horse must be hand-to-hand.

However, the picture they guessed did not appear.

Ye Xuan, even with Nalan Xiong fight a close match!

"on!"

When Nalan Yongjia saw it, it was also bursting out.

Nalan Bing, Nalanjie and the rest of the students who lived in the realm of the realm were also directly killed.

Nalan Yongjia and the other one went to kill the old tree and Megatron. As for Nalan Bing and Nalanjie, they went to help the first old ancestor Nalan.

However, it is at this time.

"Hey!"

Suddenly a sound fell into the ears of everyone. They looked at each other and found that Nalan Yongjia's head suddenly burst open and the body fell from the sky.

what happened?

Nalan Yongjia, how was it spiked?

When they saw it, they found out that it was Nalan Yonghui.

Nalan Yonghui, killing Nalan Yongjia, how is this possible!

"Yong Hui, you..."

Another Nalan family strongman who was born in Xuanjing was shocked.

He couldn't think of it, Nalan Yonghui actually shot himself!

However, they also reacted instantly.

Nalan Yonghui is definitely enchanted!

However, Nalan Yonghui is a strong reincarnation. Although it does not grow to six, it is not controlled by Ye Xuan.

If it is the eyes of the general soul, Ye Xuan certainly can't do it, but he has the blood of the fairy unicorn in his body, so he can barely.

"Hey, the host's killing value is improved!"

The death of Nalan Yongjia gave Ye Xuan a large amount of killing value. At the same time, there was a 30% increase in strength, because Ye Xuan had already opened a feast of killing.

"Megatron, the old tree, Nalan Yonghui, kill the last man!"

Ye Xuan immediately gave orders to the three.

When the three people join hands, the other side can be solved in three rounds even if they have a burning life.

"Not good, Binger Ajie, you are going to help!" Nalanxiong changed her face, not taking care of her heart, and hurriedly shouted.

Nalan Bing and Nalanjie heard the sound and immediately turned around and left, but this was useless.

"The flames!"

The old moment of the tree came to the back of the last man, and then a punch.

This trick of remnant flame is really too abnormal, and it is impossible to prevent it.

"Hey!"

The last reincarnation was bombarded and he couldn't help but fly forward. He knew that this time he was desperate.

However, the other party is three dozen, and even if he burns his life, I am afraid it will not last long.

What's more, Nalan Yonghui also burns life!

Without three rounds, this person is directly falling.

"Hey, the host's killing value is improved!"

With his fall, Ye Xuan's killing value has skyrocketed, and at the same time, the killing feast has also skyrocketed by 30%.

However, this is not the most shocking.

"Oh!"

In a crisp sound, Nalan Yonghui broke through his heart.

The three major rounds of the strong, fell within five seconds, which makes Ye Xuan's killing feast increase just doubled.

Double!

"Old guy, you are dead!"

When Nalanxi was shocked, Ye Xuan suddenly launched an attack.

"The killings broke out!"

"The real fire dragon is unparalleled!"

A golden dragon screamed out.

Nalan Lanxiong is obviously a slow shot, but he is also a strong and powerful person, but he can prevent it.

Unfortunately, this blow is an effect!

One hit kill!

"Hey, the host triggered a hit and kill effect!"

Ye Xuan's golden dragon, instantly broke Nalanxiong's protection, did not consume a bit of power, which led to the damage of the Golden Dragon, which was completely accepted by Nalanxiong.

The fiery flame instantly melted Nalanxiong's muscles and flesh. In the blink of an eye, Nalanxiong was burned and burned out.

He couldn't think of it. He burned his life for twenty years, and he couldn't stop Ye Xuan's attack.

Not only that, but Ye Xuan did not think that his own attack actually triggered the effect of a hit.

Although this effect was not imposed on Nalanxiong, it easily broke Nalanxiong's defense, so Nalanxiong was spiked and died very embarrassed.

"Hey, the host's killing value is improved!"

A system prompts to sound, and Ye Xuan's killing value has skyrocketed.

With the fall of Nalanxiong, there are only three leaves left in the battlefield here, and Xuan Ming doubles.

"The first ancestor...this is impossible..."

Nalan Bing and Nalanjie were shocked.

Nalanxiong's strength is the strongest of the Shadow Fox family. Even in the face of five strong players, Nalanxiong can handle it with ease.

But now, even Ye Xuan gave the second kill?

"The only golden dragon is flashing, and the power is probably not something we can afford..."

Nalanjie, who is eye-catching, noticed this, but he didn't have time to think too much.

When Naranxi died, then Nalan's family had only two of them.

They can't compete with Ye Xuan at all!

"Sister, go!"

At the moment, Naranger left with Nalan Bing, but before they turned around, Shu Lao and Megatron had already intercepted it.

Since the beginning of the secluded environment, Ye Xuan has been chasing Nalan Bing and Nalanjie. After that, after passing through the mood, the broken environment, the nirvana, and the long habitat, during the period, Xuan Ming's two people were in danger. Ye Xuan has also encountered many dangers.

Now, finally, I have to do a break!

"Mo blood clothes, you look at Huang Quan, today, is the day I avenge you!"

Ye Xuan's mouth was slightly tilted, and the voice fell in the ears of Xuan Ming's eyes.

Mo blood clothing is their enemy, although it is said that he finally died in Ye Xuan's hand, but Ye Xuan had made a promise before killing Mo Xueyi, that is to kill the mysterious eyes.

After today, Mo blood clothes can finally be noticed.

"go!"

Nalanjie said nothing, and once again took Nalan Bing away. He knew that he had to break through the blockade of Megatron and the old tree. Otherwise, they would die here.

"Want to go, leave me!"

Ye Xuan instantly turned into a streamer and plucked the two.

After Nalan Xiong's death, his growth has doubled from one to six times.

His speed has far surpassed Nalan Bing and Nalanjie. In the blink of an eye, he intercepted Nalan Bing and Nalanjie.

"If you can't get away, give up resistance and say your last words directly!"

Ye Xuan said with confidence.

Chapter 1448: Eyes of reincarnation, three!

However, it is also said that even if it does not trigger the effect of a single blow, Nalan Xiong is at most blocking the blow. At that time, Ye Xuan only used one more death killing order and assassination.

Nalan Xiong, will die sooner or later!

Lina Lanxiong can't hide Ye Xuan's butcher's knife, this Nalan Bing and Nalanjie, even more impossible!

"I just want to know who you are?" Nalan asked with a grin.

In her opinion, Ye Xuan has such qualifications, it is impossible to be a general, and probably a reincarnation.

"This question, I remember you have already asked, I have already answered it once, I am not a reincarnation!"

After Ye Xuan finished, he also slowly raised the red sword in his hand and said: "If this is your last words, then please go down with Mo Xueyi!"

The words, the wind whistling!

A huge golden dragon, engulfed the two at a speed that the two could not hide.

"Hey, the host's killing value is improved!"

"Hey, the host's killing value is improved!"

Two system prompts sounded in the mind of Ye Xuan.

Nalan Bing and Nalanjie were finally killed by Ye Xuan, and the great hatred of Mo Xueyi was finally reported!

"Hey, the host completes the random task, and the host learns the special positioning of the void!"

Hearing this, Ye Xuan's mouth couldn't help but tilt up. It seems that this time, Nalan Bing and Nalanjie are really dead.

At the moment, he used this special position of the void to mark the next Megatron and then use the eye of the void.

The next moment, he came to the back of Megatron.

The special positioning of the void is actually a moving void positioning. In the future, Ye Xuan can be transferred to Megatron, the old tree or the falling side.

Then he just cleaned up the battlefield.

After he collected all the Qianghuan rings and checked them again, they found that there was no such thing as a treasure.

"Strange, Nalan Bing and Nalanjie have succeeded in taking back their own bodies, so the treasure should be got right, why not?"

Ye Xuan was very surprised and continued to check. He estimated that the treasure was an inconspicuous thing and was not discovered by him.

However, it is at this time.

Nalan Bing and Nalanjie's body suddenly raised a strange energy.

"Little Master, look at..."

The tree suddenly reminded me.

Ye Xuan took back his mind and looked up and found that there was a white smoke rising in Nalan Bing and Nalanjie's body.

"This is... reincarnation will?"

His brow was picked and he suddenly remembered something.

When Momo died before, suddenly there was a strange big eye, similar to the eye of death.

It is said that it is called the eye of reincarnation, which is specifically to absorb the will of the reincarnation. The reincarnation will only appear after the return of the reincarnation.

Now this reincarnation will appear, does that mean that the reincarnation of the same day will come again?

Still not waiting for Ye Xuan to react, the sky really appeared a huge eyeball out of thin air, seeing the lines on the eyeball, it really is the eye of the reincarnation of the day.

Sure enough!

Ye Xuan also did not know whether this reincarnation was the reincarnation of the city.

After the reincarnation of the eye, the two reincarnating wills of Nalan Bing and Naranger are floating on it.

However, at this time, another huge eye appeared.

"What, the second reincarnation eye?"

Ye Xuan was shocked.

At this point, his left hand and right hand side each have a reincarnation eye, the two reincarnation eyes suddenly looked at each other, Nalan Bing and Nalanjie's reincarnation will also stop rising, being caught in the middle.

"Does both sides grab the will to return?"

Ye Xuan brows a pick, suddenly reacted.

"Young master, I have to watch." In the planting space, he hurriedly shouted.

Hearing this, Ye Xuan is also saying nothing, it will be released.

However, after the fall appeared, there was a reincarnation in the air.

The third one!

"My God, I heard that the eye of reincarnation is a very rare eye between the heavens and the earth. It absorbs the will of the reincarnation and then feeds it back to the owner. Now it is really terrible to have three reincarnation eyes."

Ye Xuan couldn't help but shudder.

The eyes of the three reincarnations seem to be three-legged and hostile to each other.

Nalan Bing and Naranger's reincarnation will be sandwiched in the middle. The three parties seem to have no action, but in fact they are secretly fighting for the right to compete for the ownership of these two reincarnations.

"Two, there is a first come and go after the crime, you are not in accordance with the rules."

Suddenly, the first appearance of the reincarnation was a glimpse of a man's illusion.

After hearing this sound, Ye Xuan's figure was also trembled.

This voice, he knows!

Reincarnation of the city!

"I can't say that, I need this stuff too, can't let it be for you."

At the moment of the second reincarnation, it is also the illusion of a beautiful woman.

After seeing this woman's appearance, Ye Xuan's body shape is also a tremor.

This woman, who is actually a fox, has a pair of fox ears and nine fox tails.

However, her hair is gray, which is relatively rare among the Fox family.

At the same time, after the appearance of the woman's illusion, the blood in the body turned out to be rare.

"Let's fall, what's wrong?"

Ye Xuan felt the strangeness of the fall and asked quickly.

"No... I don't know, the blood in my body doesn't know why it's boiling up. It seems to be caused by this woman."

Falling also hurriedly shook his head.

She was the first to see the face of this beautiful woman, but she had a familiar familiarity with the woman.

At this time, the third reincarnation is also a cohesive figure, is a white-haired old man.

"Reincarnation of the city, reincarnation of the fox, you two have been in the reincarnation of the land for countless years, has absorbed countless reincarnation will not be enough?" The white-haired old man said.

"Oh, reincarnation, if you change my position today, will you give up?" The reincarnation suddenly smiled.

"If this is the case, then fair competition!"

"Good, fair competition!"

The man and the woman looked at each other.

The next moment, the two reincarnation eyes on their heads suddenly turned around, almost simultaneously concentrating their attention on the reincarnation of the head of the reincarnation.

"what?"

The reincarnation was shocked, and the shadow was shattered, even the eye of the reincarnation on the top of the head.

Being overcast!

"Oh, three people, two reincarnations, this can't be divided. But if one person is missing, that's fine."

The reincarnation of the city owner opened his mouth and smiled and said: "The reincarnation of the fox, we are one person!"

Chapter 1449: Fall, reincarnation!

"it is good!"

The beautiful woman nodded and directly absorbed the reincarnation of Nalan Bing.

And Naranger's reincarnation will be absorbed by the reincarnation of the city.

Just equal!

The reincarnation was originally two of them. The reincarnation was raised in recent years. Now I want to share it with them. How is this possible?

At this time, the reincarnation of the city's Yu Guangyi, after sweeping Ye Xuan four people, a brow: "Young people, we met again, this is how long, I did not expect you to upgrade to such a point, very powerful."

After the death of Mo Xueyi on the same day, the reincarnation of the city owner did not condense the shadow, but was talking.

Ye Xuan still remembers that the reincarnation of the city owner said that he did not have a reincarnation, that is to say, he had only three possibilities.

First, the reincarnation of the city owner has made a mistake.

Second, Ye Xuan's future achievements exceed the reincarnation of the city.

Third, Ye Xuan is extinct, or becomes a ghost.

It seems now that Ye Xuan's achievements are really likely to exceed the reincarnation of the city.

"I have seen seniors!"

Ye Xuan hurriedly held a fist.

"The last reincarnation will, and this reincarnation will have something to do with you. If you have a chance in the future, you can come to me to sit down." The reincarnation smiled.

"Thank you for your predecessors!"

Ye Xuan hurriedly thanked.

He estimated that this reincarnation of the city is at least a strong player in the rotation, which is a super master who has surpassed the dead.

The reincarnation of the city head nodded and fell on the woman, saying: "Apricot, this little fox seems to have something to do with you, I will go first!"

"Ok!"

The woman nodded.

Immediately, the reincarnation of the lord is the eye of the reincarnation of the head, and instantly becomes nothingness.

Now, only this reincarnation fox is left.

In fact, at the beginning, she had already discovered the fall, but she was competing for the will of the reincarnation, so she did not have time.

"You finally came....."

The woman looked down and said slowly.

Falling is very surprised to ask: "Predecessors, do you know me?"

"Not bad."

The woman nodded: "Not only knowing, but also very familiar...that is, I will personally reincarnate you."

When the words came out, whether it was the fall or Ye Xuan, or the old tree and Megatron, they were shocked.

Falling, is it also a reincarnation?

"This....."

It's not too convincing to fall, but after thinking about it, I think it's possible.

The blood in her body is too noble, I am afraid it is the top of the Fox family.

Moreover, her birth is more than a golden tail hair, which is very strange, because she is a white fox.

Before she thought it was the ancestors, it seems that the golden tail hair is probably the woman's, because she helped the reincarnation.

Just, why do you want to reincarnate?

"You may have a lot of doubts in your heart, but you still don't know."

When the woman finished, the hand was a gentle wave. The next moment, the nine tails behind the tail were suddenly unfolded.

This scene, but the shadow fox people in the distance are scared.

Nine tails!

The little girl they were trying to grasp, has grown into nine tails.

However, if this is a comparison with the woman in front of the eyes of the reincarnation, it is nothing.

"Hey!"

At this time, the golden tail hair hidden in the tail of the fall suddenly appeared, and then directly fell into the falling body.

"what?"

Ye Xuan was shocked. This golden tail hair was plunged into the falling body. What wouldn't happen?

However, he is more concerned.

I saw that after the golden tail hair broke into the falling body, the falling tail was changed.

The last change, the fall grew nine tails, and a tail turned into gold. This time, two of the seven white tails began to turn into gold.

In the end, the fall turned into a fox with three gold tails and six white tails, which looked strange.

"Your realm is not enough, it can only be like this." The woman sighed.

This time, although the fall has changed, but the celestial blood of Ye Xuan has not changed, and I don't know why.

However, the decline has been improved.

"Oh, the breakthrough is broken, and the current is a long-lived nine!"

"Oh, the breakthrough is broken, and the current life is a heavy one!"

Two consecutive systems prompted the sound, and the falling atmosphere suddenly increased tenfold.

This scene, but I was scared by Ye Xuan.

Falling, suddenly jumped two levels?

However, this is not to shock Ye Xuan.

Ye Xuan is now a long-lived Jiuzhong. Apart from Megatron, the realm of falling and old trees cannot exceed the longevity.

But now, the fall is the same as Megatron, breaking through to the realm of life!

At the moment, Ye Xuan glanced at the subconsciously and found that the fall was the same as Megatron, breaking the ranks.

In the future, Ye Xuan will break through to the realm of Xuanjing, and they will be able to break through to death in advance, but it can only be a heavy one.

"Make a profit!"

Ye Xuan's eyes suddenly brightened.

"Yeah, the blood concentration in my body has suddenly increased a lot, and the ability to absorb the heavens and the earth, refining and so on has improved a lot."

The falling eyes are bright.

Suddenly, her hair flashed, and she was turned into a golden fox.

This is, transforming!

"The golden tail hair has been dropped to the fusion. Now, can the fall be free to transform?"

Ye Xuan was shocked and hurriedly asked in his heart.

"Young Master, now I can freely transform, I don't need to use the golden tail hair. However, this has a time limit..." replied Falli.

The previous golden tail hair was a consumable item, and one less one was used. Now, it is equal to the skill, but there is only a cooling time.

The strength of the fall, the disguise has improved!

However, at this time, the woman suddenly said in a strange tone: "Weird, how can we make a living?"

This sentence, but let Ye Xuan and others stunned.

How did you make a living?

Can't it be done, can a woman directly force the fall to the dead?

Or is it a revolving environment?

God!

Ye Xuan wants to smash one by one. If he is now a heavy-minded person, can he not be promoted to the realm of Xuanjing?

Losing big!

"But it's a sneak peek."

The woman shook her head and said: "Your life, you don't know when you come back to the Western Lakes Mountain Villa in the reincarnation. I am waiting for you there."

Baihu Villa!

After Ye Xuan and Fallen heard the name, they couldn't help but look at each other.

This name is very strange.

However, this Baihu Villa is in the west of the reincarnation.

Before they went to find the old fairy, the latter said that if you want to know the blood of the fall, you can go to the West of the reincarnation.

Could it be to find this Baihu Villa?

Chapter 1450: Treasure unearthed

"I wait for you....."

Still waiting for the fall, the woman suddenly fell down with such a sentence and then disappeared.

The eyes of the three reincarnations disappeared, as if they had not appeared in the ordinary, leaving only the four people who were forced by Ye Xuan and the bodies.

Ye Xuan is also helpless. Since I know, why not give something good, just go?

However, he felt that the relationship between the reincarnation fox and the fall was not so simple.

At the same time, he also expressed surprise that the fall is a reincarnation.

"I didn't expect that the little girl was actually a reincarnation. I don't know how powerful the past life is." The old tree is also very strange.

Who would have thought, but the 16-year-old fall is so come?

But think about it too, the blood of the sky is so bad, and there are so many Fox people in the world, how could it be so ordinary?

"No wonder I have a memory of inheritance. It turns out that I am also a reincarnation. But why don't I have memories of past lives?" It was strange to ask.

The general reincarnation, as long as the awakening of the memory, will know the identity of the past life.

But the inherited memory of the past does not have the memory of her previous life, only some martial arts magic, and some memory of knowledge, this is a bit strange.

"Probably the reincarnation fox, seal it when you are reincarnation, don't be afraid, we will know when we arrive at Baihu Villa."

Ye Xuan said as he stroked the falling hair.

After knowing that the fall is the identity of the reincarnation, he also feels that he is a big luck.

Maybe, the past life is the super strong who turned the wheel.

However, when he and the contract were concluded, he was still only the Supreme, and he was separated from the Vientiane by a three-difficult realm.

At that time, how could he think that the fall had such a background, and if he knew it at that time, the heart would be scared to burst.

But then again, this time the change has changed, it is beyond the expectations of everyone, Ye Xuan originally thought that the reincarnation of the eye will disappear after the reincarnation of the will.

"Hundred Fox Mountain Villa, I have never heard of it. The reincarnation of the fox seems to be a master of the rotation, and it is still far away from us..." The old man shook his head.

They are now born in a mysterious environment. Only when they reach the level of the sacred environment can they break through the dead world, and it is the turning point after breaking through the nine-fold death.

Anyway, they are still too weak now!

"Take a step and take a step. I will listen to the past all the way."

Ye Xuan breathed a sigh of relief.

However, it was at this time.

"call out!"

Suddenly a fierce break in the air, fell into the ears of everyone.

"Hey!"

After this empty sound, it was a huge noise.

"what's the situation?"

Ye Xuan and others turned their heads and found a skylight beam. This light column was raised from the Chiyang Mountains and went straight into the sky.

"Young master, it seems that there is something treasure to be born." The falling eyes lit up and said with joy.

Today, I am really happy with it.

Today, Ye Xuan and other people have a qualitative improvement, but also killed Nalan Bing and Nalanjie, revenge for Mo blood, even the fall has changed again.

The most important thing is to determine the route of life.

Now, there is another treasure unearthed, and I am really happy.

"Little Master, you didn't find treasures in these people's shackles, maybe they didn't find the treasure, this treasure was unearthed..."

The old eyes of the tree are slight.

Ye Xuan actually thought of this, and immediately broke the void, saying: "Go, go in and see!"

Treasures unearthed, can you miss this?

Originally, Ye Xuan wanted to search for the soul, but the time to search for the soul was too long, so Ye Xuan decided to go and see it first.

If it is the treasure that can make people reincarnate, then save the time of soul search.

At the moment, Ye Xuan is once again in the Red Flame Mountains.

The beam of light was nearby, so Ye Xuan swept quickly, but was blocked by a milky white film.

"A strong life, if there is a wounded person, the injury may be cured instantly."

Ye Xuan eyes a glimpse.

This layer of light film is the spirit of life, but because it is too strong, so he did not dare to enter, because he is also afraid of being like the emperor emperor, was blasted.

"Young Master, let me go and see."

When the tree was finished, it rushed directly into the white film, but it was not far away. Ye Xuan heard two system prompts.

"Hey, the spirit of the ash is dead!"

"Hey, the spirit of the Ashes is resurrected!"

"Oh, it really was blasted by the exuberant temperament. In this case, how do you get in?" The old man said very helplessly.

The spirit of Sheng Xuan is too strong, not a good thing!

"Not only that, there is a layer of dead and mysterious gas after the birth of the mysterious gas, even if you pass through it can not enter ..." Ye Xuan could not help but say.

The mysterious gas is a cure, then the sin of the dead is the decay.

Ye Xuan can almost certainly confirm that the treasure unearthed this time should be the treasure that can make people reincarnate.

Because, this treasure must contain the spirit of life and death, so that the body can balance the life and death of the body, and then reincarnate.

However, how do you get close to the inside and get the treasure?

Can you wait?

"Right, the super-phagocytic system can be exchanged for collecting the scent of scent and the scent of the dead."

Ye Xuan suddenly remembered a point, directly spent a lot of super swallowing crystals, redeeming a life and death collector.

This life and death collector can collect the scent of the sacred gas and the scent of the dead, and then use it for cultivation.

Then, Ye Xuan took out this life and death collector. This life and death collector is a bit like a vacuum cleaner.

"Wow, so many geniuses, if you give me, my realm will improve rapidly."

After seeing the speed of the collection of the life and death collector, I couldn't help but marvel.

Megatron is the device of the sky, and does not need life and death.

The tree is always the spirit of the ashes, and there is no need for life and death.

Ye Xuan is upgrading by swallowing, and even less. Therefore, this life and death mysterious, only the fall can be used.

This sacred air, pulling each other, was quickly taken in by Ye Xuan's life and death absorber.

Next, it is the air of death.

This deadly mysterious spirit, even if people in the reincarnation are touched, they will turn into fly ash, let alone so much.

"This life is a mysterious spirit and a deadly spirit, but it is enough to fall into practice for a long time..."

Ye Xuan's light flashed.

Soon, the death of Xuanqi is also collected, and immediately Ye Xuan is to collect the life and death collector into the phagocytic space.

"Young master, somebody!"

At this time, the fall suddenly said.
