Chapter 1451: Xuanjing

Ye Xuan turned his head and saw a few figures in the eyes of insight.

"At least it is a triple of life!"

Ye Xuan's brow was picked.

A total of three people come, at least the two strong people who are born in Xuanjing, the one who is the first is suspected to be a three-dimensional.

Where did these people come from?

"It should be a certain force in the reincarnation..."

Ye Xuan thought in his heart.

These three people should be attracted by the beams of light unearthed by Fang Caibao.

No matter what, even if the next season is four-fold, Ye Xuan will get this treasure.

"go!"

At the moment, Ye Xuan is plundering directly toward the light column with three falling ones.

At the same time, the same person in the distance, they also noticed Ye Xuan.

"Kill them!"

The long-haired man headed for the shout.

The sound fell, and the two masters who were behind him were plundering toward Ye Xuan.

"The light of rice grains, but also dare to fight for the moon?"

Ye Xuan sneered.

Although he has not yet reached the realm of life, but in his eyes, the double metaphysics is nothing.

Not only can Megatron be singled out, but it can also be dropped. Even if it is a long-lived nine-year-old tree, it is not a problem.

These two people will be handed over to the fallen three!

Ye Xuan directly marked the long-haired man headed by the death killing order, and then directly crossed a large distance to the back of the long-haired man.

In this world, killing people and winning treasures, not to mention the wild treasures that have just been unearthed?

"The eye of assassination!"

"The killings broke out!"

"The real fire dragon is unparalleled!"

The death killing order plus the assassination eye has improved Ye Xuan's attack power.

However, this long-haired man is indeed a triple of life, and it is not too small, it is not so easy to be killed.

When Ye Xuan's figure flashed to his back, he was already reacting.

"Hey!"

The long-haired man defended in the midst of sorrow, and hardened the record of this true dragon.

The power of this attack is almost as strong as his attack. Is this really a long-lived nine-person who can issue it?

The long-haired man expressed surprise.

"No matter who you are, these treasures are mine!"

The long-haired man blinked and suddenly shot.

"I want you to see, my true strength of Ye Xuan!" Ye Xuan also played the heart of killing, directly launched the strongest move.

Kirin drops!

At that time, a long-haired man's head appeared a flame hoof and crashed down.

"what?"

The long-haired man was once again shocked. The power of Ye Xuan's magical powers has exceeded his imagination.

"boom!"

Before he could react, Kirin's flame hoof was stepping on him, and his defense was instantly broken.

Kirin lowered this skill. After an advanced level, the power has improved a lot, and it can be used twice in a certain period of time.

Long-haired men smell the breath of death, so they burned a hundred years of life and resisted this blow.

Even so, he was severely injured by the Kirin hoof, and he could not help but spurt a blood.

"Again!"

Ye Xuan's light flashed and it was a unicorn hoist.

"boom!"

This time, the long-haired man was directly killed by one foot, leaving only one ring.

Qilin descended, not a gods skill, but Ye Xuan's biggest card.

In order to get the treasure, Ye Xuan had to use the card because he was afraid that a stronger person would arrive next.

"Zhang Shixiong?"

After the other two felt the two strong breaths, they couldn't help but stunned. Both of them were shocked.

The three-year-old Zhang brother, who was born in Xuanjing, was killed by the spike. How is this possible?

"Hey, two kids, don't be distracted when fighting!"

The old voice of the tree suddenly sounded behind one person.

The figure of this person trembled because he heard that the source of the sound was less than half a meter away from him.

"Hey!"

The old tree slammed a punch and slammed it on the other's head. The burning flame suddenly burned the other's head.

"Hey, the host's killing value is improved!"

In the distance, Ye Xuan heard three system prompts in succession. The original Xuanjing was heavily dropped. It was already solved by the reincarnation of the third person.

These three people, the death is really too embarrassing, and the strength of the play is not even three-tenths. Because of the general idea, it was solved by Ye Xuan.

In this battle, Megatron didn't even have a chance to shoot, which made it a pity.

In the previous battle, Ye Xuan's spoils could not allow him to break through to the realm, but it was enough after getting the three-person ring.

"Hey, the host has reached the peak of the longevity!"

Another system prompts the sound, Ye Xuan knows that he has broken through the necessities of the living environment.

The mysterious gas!

"It is actually the need to be alive, it is a great luck!"

Ye Xuan Shuangyu couldn't help but burst out two brilliant geniuses. The qi of the sacredness needed here cannot be refining by others. It must be naturally produced by the heavens and the earth.

And he, only to collect a lot of raw spirits, is this not a big luck?

From the long-lived nine-heavy breakthrough to the birth of a mysterious environment, what is needed is a 10,000-valued imaginary gas. This value is set by the super-phagocytic system. Ye Xuan does not know much, but he knows that in the life-and-death collector. The mysterious gas is enough.

At the moment, he is using the raw materials in the life and death collector to break through.

"Hey, the host breaks through, and the current is a real life!"

"Hey, the spirit of the Ashes breaks through, and the current is a place of life."

Finally, the breakthrough has reached the realm of life!

Now, Ye Xuan is also a strong reincarnation, and his life has increased by five hundred years.

As for the scent of life, the value of 10,000 points consumed and what he has collected is simply a small witch, like the tip of the iceberg.

"Hey, does the host use a life of 1,500 years to convert it into a little swallowing point?"

"Yes!"

Ye Xuan said nothing, that is, made this decision.

Before, he had already exchanged his life for two points of phagocytosis, which consumed five hundred years and a thousand years of life.

This third time, it consumes a life of 1,500 years.

Long Habitat has a life span of one thousand years, and each breakthrough can increase by two hundred and fifty years. It is just three thousand years for the longevity to be nine.

The birth of Xuanjing can be upgraded for five hundred years at a time, so it is said that Ye Xuan's total life expectancy has reached 3,500 years, and it is enough to consume three thousand years for three-point swallowing points.

"Hey, the host consumes a life of 1,500 years and exchanges a little bit of swallowing!"

The system prompts.

Now, Ye Xuan has only a few hundred years of life, but this is enough for him.

"Can you change your life with a life-changing point? Can you only change it three times?"

Chapter 1452: Life and death disk base

"Can you change your life with a life-changing point? Can you only change it three times?"

Ye Xuan has some regrets. If the reincarnation can also use lifespan to change the point, then he can quickly collect the swallowing points, and then let the two battles merge.

But then again, now that the three benefits have been delivered, then he is going to find the treasure.

He quickly turned around and plunged into the beam of light.

After he approaches, he can sweep the treasure with the eye of insight.

This treasure is round, a bit like a compass, but it is engraved with strange lines, I don't know what it is.

Ye Xuan, no matter how much, directly put the treasure in the past, and as the treasure entered the devour space, this skylight column disappeared.

"The treasures are getting, it's time to withdraw!"

Ye Xuan directly sent Megatron three to the planting space, and then broke away from the void.

He didn't know if there were any masters in the Red Flame Mountains. To be safe, it was wonderful to leave the place where the treasures were unearthed.

What he didn't know was that the place where the treasure was unearthed was the place where Nalan Bing and Nalanjie reincarnation.

.....

Ye Xuan passed through the door of the void and came to the place of reincarnation.

"Young master, what is that treasure?"

I couldn't help but ask.

"I don't know, look at it."

Ye Xuan sent the treasure to the planting space and threw it to the three people.

However, with the legacy of the legacy, I don't know what this treasure is.

"Young master, there seems to be one less thing in the middle..." Looking down at the middle of the disc.

"Well, I don't know if Nalan Bing and Nalanjie found it. I will first search for the soul."

Ye Xuan nodded and then took out the body of Nalan Yonghui.

Now he is a realm of life and Xuanjing. Nalan Yonghui was also a realm of life and life. It didn't take much time to search for the soul.

When Ye Xuan's soul was finished, he knew that this treasure was indeed the reincarnation treasure that Nalan Bing and Nalanjie had found in the past, but it was not complete.

Before Nalan Bing and Nalanjie returned to the Shadow Fox Clan, they used their memories to draw pictures of treasures.

Nalan Yonghui also saw the complete treasure, so Ye Xuan also saw it indirectly.

The complete treasure is called the life and death disk, which is more than the center of the disc obtained by Ye Xuan. The missing part is the black and white half area, which is similar to the gossip.

Ye Xuan estimates that the black and white half of the area should represent the spirit of death and the spirit of life.

However, when Nalan Bing and Nalanjie and others re-find the life and death disk, the piece in the middle of the life and death disk was missing, which made Ye Xuan puzzled.

Nalan Bing and Nalanjie's reincarnation in the flesh are still there, and it can be proved that no one has ever entered the cave house that they reinvented.

Moreover, even if someone enters, why did you take the center piece and take the base away?

Or is it that this central part has run on its long legs?

"Oh, anyway, the life and death disk is gone, only the base is left."

Ye Xuan said helplessly.

Dare, he only got the base of the treasure.

However, this base is also valuable, so Ye Xuan tried to swallow it.

"Oh, this thing can't be swallowed!"

The system prompts.

"I can't swallow it. Maybe it's my realm is low, maybe the treasure is special, I can't swallow it..."

When Ye Xuan thought about it, he threw the base of this life and death disk into the swallowing space.

Although the treasure is gone, he has collected a lot of scent and death. This is definitely the credit of the base of life and death, and it is very important for the fall.

In general, it is earned!

Then, the next step is to make the following plans.

"Young Master, what do we do next, go directly to the west?"

Asked about the fall.

"No hurry, wait for me to search for the soul."

After Ye Xuan finished, he took out the body of a second-born strongman who was killed.

Souling the soul, it only takes a few hours. Soon he read the memory of the person like a computer, just like a lantern.

The three men came from the Tiger Leopard Pavilion at the other end of the Red Flame Mountains.

This Tiger Leopard Pavilion can be built in the reincarnation, and the millennium does not fall, it is a bit tolerant.

However, Ye Xuan killed the three, and the Tiger Leopard Court did not know.

After the map of the three people in the ring, Ye Xuan and others also know the pattern in the reincarnation.

In the reincarnation, three points in the world.

One is the reincarnation of the East, the second is the reincarnation of the West, and the third is the reincarnation of the North.

If the entire reincarnation is divided into twelve regions according to the clock, the reincarnation occupies the area from one o'clock to six o'clock, the reincarnation fox is from six o'clock to nine o'clock, and the reincarnation is nine. Clock to one o'clock.

The reincarnation of the city's land is the largest, the reincarnation of the fox is second, and finally the reincarnation.

but.

Ye Xuan also found a map of the reincarnation of decades. On this map, the reincarnation fox and the reincarnation of the lord are equally divided, and the reincarnation of the fox is only a small piece smaller than the reincarnation.

That is to say, this reincarnation is the strongest party in the past few years. The students have taken away the reincarnation of the city and the reincarnation of the fox and become a third-party force.

From the memory of the three people, the reincarnation was probably twenty years ago.

The reincarnation has a history of tens of thousands of years, and the reincarnation can steal the territory of the two giants within 20 years. This means and strength are not something that ordinary people can have.

"This round of returning people is so powerful, it is no wonder that the reincarnation of the lord and the reincarnation of the fox have joined forces to besiege..."

The fall suddenly remembered the scene of the genius, and the reincarnation of the reincarnation was instantly defeated.

However, this is also true. The reincarnation has taken away so many sites from both of them. The two of them must have resentment against him. What are the two reincarnations in the district?

"It's really amazing, but why doesn't the reincarnation fox and the reincarnation slay him in the cradle?"

Ye Xuan could not help but say.

"It may not be too late..." Shake his head and shake his head. This kind of problem is not something she can know.

For twenty years, this is enough.

Perhaps, the reincarnation of the previous retreat was too deep, and then the blockbuster, in a short period of time to grow to the point of rebellion with the reincarnation of the fox and the reincarnation of the city, so that can stabilize the forces.

Anyway, it's amazing!

However, what Ye Xuan does not know is that the rise of this round of revered people is very similar to the time when Nalan Bing and Nalanjie are reincarnation.

"Little Master, what is this big blank on this map?"

At this time, the tree suddenly pointed to the big area in the middle of the reincarnation.

Chapter 1453: Reincarnation battlefield

"This is called the reincarnation battlefield. It was established by the three giants. The entrants belonged to the camp in the region, and then the people who killed the other two camps could get reincarnation."

Ye Xuan explained.

"What can this war work do?" asked Luo.

"This reincarnation can be exchanged for the Tongtian, the medicinal herbs, the magical powers, etc. If it reaches a certain level, even the three giants can help reincarnation..." Ye Xuan answered again.

"Helping the reincarnation?"

The old tree is a glimpse.

"Well, as long as the combat power is achieved, whether it is a sacred or a deadly environment, you can let the giants of your own camp help reincarnation. Moreover, you can also specify in a specific area, or you can wake up early, etc..." Ye Xuan nodded.

After the reincarnation, the memory will be temporarily sealed, but if the master helps the reincarnation, it will awaken the memory in advance.

In this way, you don't have to worry about being in danger before you pass the memory.

It is even more powerful. It can help two or three people to reincarnate at the same time and return to the same area.

"Reincarnation is of no use to us. However, this round of battlefield is a good place to experience. You are right, Master?" He smiled and fell on Ye Xuan.

Ye Xuan, but this place is the most favorite, but this is a good place for him to break through quickly.

"The Baihu Villa is in the extreme west of the reincarnation, almost on the edge. I don't think it is so easy to want to go in the past. It is better to go into the reincarnation and experience it."

Ye Xuan nodded and said: "The other end of the Red Flame Mountain has a one-way transmission array to the reincarnation. Just near the Tiger Leopard Pavilion, we will transfer it directly from there."

"it is good!"

At the moment, Ye Xuan four people directly broke through the void and returned to the Red Flame Mountains.

Since Ye Xuan's unicorn has been used, they are all killing the Red Flame Mountains.

In three days, they crossed the Chiyan Mountains. At the same time, Ye Xuan's unicorn cooling has recovered to 60%, and then restored to 40%, so you can use the Kirin again.

Last time, he used the Qilin drop in the realm of the long-lived nine-strong, powerful, and killed the three-strong powerhouse of the Tiger Leopard Court.

Now, he is a mysterious place. If you use Qilin, then the power will be even more horrible?

Thinking of this, Ye Xuan could not help but speed up the pace and move toward the battlefield.

In these three days, the fall, the Megatron, and the old tree have also broken through to the two sides of life, and the strength has improved qualitatively.

Ye Xuan alone is enough to compete with the entire Tiger Leopard Club.

Soon, Ye Xuan arrived at the battlefield transmission array. There is a small town on the battlefield to allow the walkers to rest.

"This transmission array is built by the masters of the Baihu Villa. It does not belong to any party. As long as there is a spar, you can transfer it to the reincarnation battlefield."

Ye Xuan thought in his heart, that is, directly across the town, to the door of the transfer palace.

However, he did not enter, he was stopped by a person outside.

"To send to the reincarnation battlefield?"

A man who was born in Xuanjing stopped Ye Xuan.

"Yes, is there something?"

Ye Xuan looked at the man with cold eyes. He felt that the situation was wrong.

"This transmission array was wrapped by my Tiger Leopard Pavilion. If you want to transfer back to the battlefield from this, you have to pay ten raw dandelions first."

The man said to Ye Xuan.

Ten raw Xuan Dan, Ye Xuan is there.

However, this battlefield transmission array is built by the Baihu Villa and belongs to the ownerless object, which can be transmitted by everyone.

But now, even taken by this Tiger Leopard Court?

"Your courage is really not small, and the flag of the Baihu Villa is charged?" Ye Xuan eyes stunned and smiled coldly.

"Don't take me from the Baihu Villa. We have been here for several years. If you don't want to, go elsewhere." The man was too lazy to pay attention to Ye Xuan.

The transmission cost of this transmission array is defined according to the circumstances of the warrior. Ye Xuan is a long-lived, heavy-sending transmission spar, which is also the price of ten raw Xuan Dan, and this admission fee is also ten Sheng Xuan Dan. That is, the price has doubled.

Sheng Xuan Dan, Ye Xuan has.

But why is he giving?

"If I want to use it?" Ye Xuan brows a pick, the corner of his mouth can not help but provoke a smile.

He likes such a hegemonic sect, and it is best for these people to provoke him, so that he has reason to destroy it!

"On the basis of your life, you dare to transfer the palace?"

The man was amused by Ye Xuan and raised his finger to the distance. He said, "There are no people who have no eyesight. They want to transfer the palace and then be the master of my tiger leopard." Killing, there are no shortage of three-level and four-fold masters, the fortieth and forty-one are my spoils."

When he finished, he also set his sights on Ye Xuan's Qiang Kun ring. He said: "You have annoyed me, and you have to surrender your own ring, and I can spare you a life. Otherwise, I will put Your head hangs up and you have to urinate in your mouth."

Ye Xuan looked at the direction of his fingers. It turned out that he saw several rows of heads. These were used to shock other people and let them pay.

"Oh, if that's the case, then I will hang up your head!"

Ye Xuan brows a pick, the body shape does not move, there is a crisp spread.

"Oh!"

The man who was blocking the road was smashed his head, and the one who slammed his head was not a human being, but a Megatron who was born in a double-state.

Then, Ye Xuan used the power of Vientiane to hang the head of the person in the last row of the head.

This is the town on the edge of the palace. At this time, some people in the town noticed this and suddenly got into trouble.

"There is a reversal. Someone even shot the people at the Tiger Leopard Court and killed him!"

"What, someone who killed the Tiger Leopard Court had a good show."

"Haha, who is so courageous, dare to provoke the Tiger Leopard Pavilion?"

Ye Xuan killed the transfer of the palace watchers, one pass ten, ten pass hundred, immediately a large number of people ran out, ready to watch the show.

In the transfer palace, there are still some masters of the Tiger Leopard Pavilion. Now, they are bursting out.

"Who would dare to kill my Tiger Panthers disciple?"

A strong man, with a few men, swept out of the palace.

This strong man is much higher than the person killed by Ye Xuan. It is a four-dimensional life. As for the few behind him, there are also three existences.

In the eyes of the people around, Ye Xuan is like a dead person.

The brawny, but the elders of the Tiger and Leopard Club who sent the palace to the palace, there are many people in the row of heads at the entrance to the town who were killed by him, and there is also a master of the four seasons.

Chapter 1454: kill!

If this is a four-time master of the realm, Ye Xuan is really no way to live!

What makes others surprised is that Ye Xuan has not only escaped but has not escaped. Instead, he stood in front of the transfer palace. Is this going to kill himself?

After the strong man came out, he saw the headless body on the ground, and gnashed his teeth: "Mom, is it easy for Laozi to accept an apprentice and be killed?"

When he finished, he set his sights on Ye Xuan, and the latter's sigh of breath gave him a glimpse.

"How is it possible, how can we kill a mysterious environment?"

Some people do not believe in the strong man, after all, the person who died is his apprentice.

Ye Xuan looked at this brawny man, and he had no sense of crisis. He said: "The great prestige of your Tiger Leopard Club not only dominates the battlefield, but also kills people."

"Hello, you are a courage, I know that I am a disciple of the Tiger Leopard Court. I even dare to kill?"

Suddenly an old man stepped forward and shouted.

At the same time, the disciples of the Tiger and Leopard Club, who were lazy around the palace, were also surrounded by more than a dozen, all of them.

"Don't talk nonsense, it's all together, or one by one, I took it!"

Ye Xuan said with some impatientness.

Originally killed, he can be sent directly to the reincarnation battlefield, but he did not, because he is waiting for the other party.

In this way, he can upgrade!

"I really don't know where the silly boy came. I came to a few people and smashed his limbs. I want to hang him on the wall of the head and bleed to death." The strong man shouted.

"Yes!"

At the moment, there are three disciples who are born in Xuanjing and come out.

Although Ye Xuan killed the two disciples who were born in Xuanjing, no one saw it. Others thought that Ye Xuan was a successful attack.

Now, there are three disciples who are both born and secluded, and it is difficult to pick up Ye Xuan.

But what they can't think of is that it really can't be cleaned up.

"Hey, young master, these three miscellaneous fish and those weak scum disciples will be handed over to the old man..."

Suddenly, the old figure of the tree appeared beside Ye Xuan and surprised everyone.

Where did this person come from?

Not only did the people around him not find it, but even the strong and strong people who lived in the same way.

It's weird, it's amazing!

"Hands!"

The three Tiger Leopard disciples immediately shot.

But before that, the old tree was already one step ahead of them, and it flashed behind the three.

"The flames!"

"The flames!"

"The flames!"

Three fires, which were lit up behind the three people, immediately, these three disciples of the Tiger and Leopard Court, who were born in the second place, were turned into ash in front of the crowd, leaving only three Qiankun Rings and three handles. The device of the sky.

Spike!

In an instant, kill three disciples of the Tiger Leopard Court, who are both born and enthralled. This strength is at least a triple of life.

"I said that the courage to dare to provoke my Tiger Leopard Court, it turned out that there is a triple helper."

"How is the triple of the birthplace, the three elders beside the bear elders are also three-folded, not to mention the elders of the bears."

"Hey, there are two more heads on the wall of the head..."

"But the flame is very powerful. Even in the blink of an eye, people are burned into fly ash. Even the mysterious gas is estimated to be restored."

The onlookers in the town are whispering.

At the same time, the tree is also shot again after killing three people.

"Still, stop!"

An elder of the Tiger Leopard Club swiftly rushed out and rushed toward the tree.

But at this time, Megatron suddenly turned into a dragon and intercepted the elder of the Tiger Leopard.

"What the hell?"

The elder of the Tiger Leopard Club browed and slammed into Megatron.

"Hey!"

Megatron was hit, but the crack was instantly repaired by the blood of the undead, and it was unharmed.

"A weapon can also change its appearance, and it can automatically recover, good things!"

After seeing the strong man, he immediately rushed out and prepared to surrender Megatron.

"too naive!"

Ye Xuan saw through his intentions, but did not stop the other side, but went straight to kill.

"The killings broke out!"

"The real fire dragon is unparalleled!"

A golden dragon screamed out, but the goal was to be the elder of the Tiger Leopard who was flying to Megatron.

"what?"

The elder of the Tiger Leopard Club was shocked. He did not expect that Ye Xuan, who was born in a mysterious environment, could issue such an attack. It was incredible.

"Humph!"

He snorted and raised his hand to prepare to defeat the Golden Dragon.

Available at this time.

"The cycle is nine flashes, the fifth flash!"

Suddenly a shadow plucked out and directly rubbed the body of the elder of the Tiger Leopard.

Then, the head of the Tiger Leopard elders slanted and flew up. His eyes were so big that he flew far away like a football.

"Hey, the host's killing value is improved!"

A system prompts the sound, and Ye Xuan's killing value has skyrocketed.

But then, there is another huge increase in the value of killing.

"The cycle is nine flashes, the sixth flash!"

The fall directly crossed the middle distance and plunged to the side of the two elders who passed the palace entrance. Immediately, the heads of the two men were also thrown up.

Double kill!

Since the change, the nine rounds of the reincarnation of the reincarnation have been upgraded to the sixth flash, and now it is the second place of life, it is really easy to use the reincarnation to kill people.

The most important thing is that the resurgence of the nine flashes consumes a lot of infuriating, and the blood of the undead can be recovered.

"Hey, the host's killing value is improved!"

"Hey, the host's killing value is improved!"

At the same time, on the other side, the tree is already killing the disciples of the Tiger Leopard Court.

Now, the palace is here, and there are only the people of the Tiger Panthers.

The rest of the people, all destroyed!

"What, how is this possible?"

The brawny man has widened his eyes and can't believe it.

The three elders who are born in the three-dimensional realm are weaker than him, but if the three are united, they can fight with him.

However, during the period when he rushed out, the three elders were killed in succession, which really scared him.

Not only that, but the onlookers on the edge of the town have stopped discussing and have been unable to speak for a long time.

Originally they thought that Ye Xuan would be bombarded. Now it seems that the Tiger Leopard Club is in a disadvantage.

The bear elder, can you cope with the joint efforts of these people?

"How dare you dare to kill the elders of the Tiger Leopard Court?"

This bear elder is also a bit imaginary at this time, and directly moved out of the Tiger Leopard Court.

"Oh, we dare to shoot, then you are not afraid of your Tiger Leopard Court."

Ye Xuan sneered.

"It seems that this kid is the leader!"

The elder bear's eyes slammed and suddenly shot, preparing to leave Ye Xuan down, and then squatting the old tree and falling.

However, his wishful thinking is wrong!

Ye Xuan's strength is among the four, but second only to the two.

Chapter 1455: Float

"The killings broke out!"

"The real fire dragon is unparalleled!"

A huge golden dragon screamed away.

"Golden insects, give me away!"

The brawny hands became fists and smashed out.

"The tiger and the leopard are breaking!"

A flame tiger head and a flame leopard head are condensed together, and immediately merge into one, condensing into a terrible flame head, like a tiger and a leopard.

But before he shot, the old tree was able to take the opportunity to use the remnant flame to flash behind the brawny.

"Hey!"

The strong man attacked Ye Xuan, but he was attacked by the old tree. Fortunately, his realm is high, otherwise the strike will kill him.

However, he was attacked by the old tree, which led to the condensed, and the real gas that had not been released.

"Calling!"

The golden dragon screamed and engulfed the strong man.

However, Ye Xuan's expected system sound did not sound. In the eyes of the insight, Ye Xuan saw that the brawny had a layer of water-grain defense.

"This seems to be the 57th-ranked Haihuang Flame on the list of different fires..."

Ye Xuan Shuguang condensed and recognized it.

Haihuangyan is a change from Haixinyan, but the ranking is much higher than Haixinyan.

After the transformation of this sea emperor into a nirvana fire, it also has some water properties. It is specifically designed to restrain the fire attribute attack. With this sea emperor's flame, the strong man was not bombarded.

But what about that?

"The cycle is nine flashes, the sixth flash!"

The fall outside is ready, flashing in an instant, and the head of the brawny is cut.

Life is full of four, dead!

Now, all the Tiger Leopard Pavilions are stationed in the masters of the transfer palace, all fallen, one is not left!

"Oh, it's a big harvest!"

The old man used the remnant flame to collect the spoils, and then threw the Qiankun ring to Ye Xuan.

"Yes, there are a lot of things, but I still can't let me break through..."

Ye Xuan satisfactorily nodded and swallowed the ore, weapons and other things like fire.

The strength of Ye Xuan, Megatron and Shu Lao has improved.

"The long-lived strong have life jade cards, and now they are all degenerate. The Tiger Leopard Club should send a large number of masters to check out..."

Ye Xuan thought in his heart.

Originally, he wanted to enter the reincarnation battlefield directly, but whoever let this Tiger Leopard Club open his eyes and even provoke him, this is good, and several elders have died.

The realm of the four heavens is also very important in the Tiger Leopard Court, because there are five.

Ye Xuan estimates that the next owner may come.

"You, the Tiger Leopard Court, Zhang Wei, I have solved it. If there is a friend who wants to use the transmission array, I will use it."

Ye Xuan used the power of Vientiane to hang these bodies on the wall of the man and said.

After the onlookers looked at each other, a few people rushed to the palace.

Anyway, this battlefield transmission array is one-way. It can only be transmitted to the battlefield, but it cannot be transmitted from the battlefield. What are you afraid of?

When someone saw it, many people immediately followed and then sent away one by one.

As for the rest of the people, I want to see how Ye Xuan competes with the Tiger Leopard.

The Tiger Leopard Court is not far from the transfer palace. Two hours later, a group of people came to the wind.

The head of the Tiger Leopard Court is the head of the Tiger Leopard Court.

In addition, there are three masters who are four-year-old and more than a dozen students.

They also thought that the transfer of the palace was occupied by other people. It seems that this is not the case now.

At first glance, there seems to be no master, and there are no ones who are born and ignorant.

"what happened?"

The Tiger Leopard Court owner said with a sigh.

"The owner, look over there..." Suddenly an elder reminded me.

The crowd followed his gaze and found the people on the wall outside the town where they were familiar.

"Bear Elder?"

Everyone was shocked.

The four-year-old bear elders, whose heads were shackled and hung on the wall of the head?

"Who did it?"

The Tiger Leopard Pavilion chief shouted.

The warriors in the small towns heard the violent drink, and immediately the neck shrank, backwards backwards, and looked forward to the palace.

"Oh, finally!"

At this moment, suddenly a lazy voice was sent to the palace to float out, and then, a few figures came out.

"Who?"

The main character of the Tiger Leopard Court was a pick. He said that he was very strange to the face of Ye Xuan.

"It must be the Tiger Leopard Pavilion, don't look at it, you have no one left in the town to transfer the palace."

Ye Xuan said straight to the door.

Even if he didn't say it, the Tiger Leopard Pavilion owner already knew it, because the life jade cards were all broken.

"People, are you killing?" The Tiger Leopard Pavilion chief said.

"Not bad!"

Ye Xuan nodded.

This answer is to shock everyone in the Tiger Leopard Court.

They come to one person at random, and the realm has reached the triple level of life, and Ye Xuan is not alive, and the old and fallen trees around him seem to be two.

However, this does not have the ability to kill the bear elders!

"If the owner does not believe, he can send an elder to test. Of course, if you die, don't blame me."

Ye Xuan slowly opened.

It's a good idea to let people test.

After all, who is going to jump out and say that they killed the Tiger Leopard?

"The owner, I am coming!"

An elder of the Tiger Leopard Club, who is born in a three-dimensional environment, volunteered to go out and rushed to Ye Xuan.

However, his play is not even a second.

"The flames!"

It is only the combination of Megatron and the old tree that will easily kill each other.

Although it is said that two hits, but Megatron and the tree are old, they are all two, and what about the second fight?

"It's them, I want to live!"

The Tiger Leopard Club owner can be sure, and immediately drink a low sentence.

Well, more than a dozen Tiger Leopard elders are rushing out, and at this moment, they don't care what they are.

Killing people, you have to pay for it!

"Come on, fight one game!"

Ye Xuan also sacrificed a long sword.

After this war, he can at least break through to the doubles of life and then enter the reincarnation battlefield.

In an instant, the two sides are fighting!

"The killings broke out!"

"The real fire dragon is unparalleled!"

"Return nine flashes!"

"The flames!"

Ye Xuan four people are also crazy shots.

In dealing with this level of weak scum, there is no need to use group attack skills such as blade storm.

Only the first confrontation, the other party is to break four people.

"Hey, the host's killing value is improved!"

"Hey, the host's killing value is improved!"

"Hey, the host's killing value is improved!"

"Hey, the host's killing value is improved!"

Ye Xuan's killing value, skyrocketing!

This time, Ye Xuan also made a decision, that is, in the realm of a mysterious environment, the killing value is piled up to the upper limit, and then exchanged for the swallowing point.

On the other hand, the three elders who were born in the four seasons, after seeing their own people almost died in an instant, immediately changed their face and then rushed out.

Chapter 1456: War

"What are these people?"

The main face of the Tiger Leopard Court is equally ugly. He originally wanted to shoot, to avoid too much damage to the elders, but after seeing the three core elders, they just resisted.

But then, I am afraid he will regret to take his face.

"Good to come!"

Looking down at the three figures, the eyes suddenly flashed a bit, her hair, instantly turned into gold.

"The cycle is nine flashes, the fifth flash!"

"The cycle is nine flashes, the sixth flash!"

"Oh!" "Oh!" "Oh!"

Three consecutive sounds spread, and Ye Xuan's mind also sounded three system prompts, all of which were tips for the surge in killing value.

Falling down, living in a double-enhanced environment, one shot kills three people.

This strength is already nothing to say!

After the change, even if Ye Xuan and her peers, in the absence of the use of Qilin, I am afraid they are not sure to win.

The reincarnation is really terrible!

After the death of the four elders who were born in the four seasons, there was another wave of confrontation. Then, there were only two elders who had a triple life.

"The owner, save me..."

Not waiting for the reaction of the Tiger Leopard Pavilion, the last two elders are successively fallen.

"Hey, the host's killing value is improved!"

"Hey, the host's killing value is improved!"

More than a dozen people were killed by Ye Xuan in three seconds. This strength has already shocked the Tiger Leopard Pavilion.

The strength of the Tiger Leopard Court is not bad in this area, but the elders of the Majesty are so unscrupulous, what is going on?

It's hard to be done, everything in front of you is a fantasy?

The Tiger Leopard Club owner subconsciously used the instinct to draw a small mouth on his index finger, and the pain was transmitted to the brain.

This is real!

Not a fantasy!

However, what makes people laugh is that the Tiger Panthers, the creator of the five-year-old Xuanjing, suspected that he had illusion.

The Tiger Leopard Pavilion looked at the body of this place, his heart pounding, his face fluttering, and he asked: "Who are you..."

"You don't care who we are, you just need to know that this is the disciple of your Tiger Leopard Court. But only someone has said that I have to screw my head down, then hang it on the wall of the head, and at me. Sprinkle urine in the mouth..."

Ye Xuan's face was gloomy and said.

"boom!"

The Tiger Leopard Court owner, this time only knows where it was destroyed.

Unexpectedly, the other party just opened the killing ring because of one sentence!

"Today, it is a disaster in my Tiger Leopard Court. If I am dead, then the Tiger Leopard Pavilion will be destroyed..." The Tiger Leopard Pavilion thought.

The Tiger Leopard Club was built by him. He managed to stand in the reincarnation, but he did not expect to be killed by Ye Xuan.

He did not know whether he could fight these enchanting scorpions, but looking at the bodies on the ground, he knew that he could not fight!

"come on!"

The Tiger Leopard Club owner is no longer nonsense, directly offering a seven-step device of the heavens, and the body shape instantly turns into a residual image, plundering Ye Xuan.

This battle is inevitable!

In fact, Ye Xuan has been able to break through to the two sides of the birthplace, and Megatron and the old tree can all be upgraded to the triple.

However, if Ye Xuan devours it again, it will not be able to kill the meaning.

So in this battle, they have a huge level gap!

But what about that?

"Night Sky!"

"Death chase!"

At the moment, Ye Xuan is the bottom card.

The sky suddenly darkened, and he also successfully broke into the darkness, passively increasing the speed of movement and attack.

If the opponent is only a four-pointer, he can be singled out, but the opponent is a five-pointer, so he still has to be cautious. Anyway, the death can be used twice a day.

On the other hand, Megatron and the tree are both two-folded. The former is probably not playing a big role this time. As for the old tree, it can be restrained by the residual flame and the Yanyang cable.

As for the fall, it is still changing, and it is not a problem for her to single out the Tiger Leopard.

"war!"

Ye Xuan is warlike.

What they don't know, however, is that there is a big team in the distant sky that is rushing towards them.

"Booming!"

Before the transfer of the palace, the five figures constantly played against each other and played hard.

The strength of the Tiger Leopard Pavilion is also very strong. I am afraid that it will break through to the six levels of life. Otherwise, at most three seconds, he will die in the hands of Ye Xuan and others.

On the other hand, the warriors in the town have been unable to express their feelings at this time with words.

Ye Xuan's realm of disparity in the realm of the people, even able to tie with the other side, is a miracle!

Has this world changed?

There are many people who challenge the first level. The second level is the super genius. The third level is already the enchanting.

As for the more four levels of challenges...

Ye Xuan is still the first!

Fortunately, Ye Xuan is not a leapfrog.

However, although Ye Xuan is now four dozens, but three of them are Ye Xuan's pets, they are a whole.

Just like someone who told the beasts of the beasts that they were not allowed to go to pets, they would definitely be laughed at.

The battle is still going on.

The Tiger Leopard Pavilion owner can start to deal with it easily. He only needs to concentrate on dealing with the fall and the old tree. However, until Ye Xuan used the assassination eye for the first time, he had to burn his life.

Fortunately, the establishment of the Tiger Leopard Court is relatively smooth, so the life expectancy of the Tiger Leopard Pavilion is quite a lot.

However, he still can't resist the onlookers of Ye Xuan.

"The eye of assassination!"

"The killings broke out!"

"The real fire dragon is unparalleled!"

Ye Xuan once again flashed behind the Huying Pavilion, and then stunned.

The power of this attack is huge, but the Tiger Leopard Pavilion is not a vegetarian. The backhand punch is to blow this shot.

However, this time it lost 20 years of life!

"Yangyang cable!"

At this time, the tree old directly pulled out a chain of flames, entangled the right foot of the Tiger Leopard Pavilion.

Suddenly, the high temperature is to burn the right foot of the Tiger Leopard's main body, revealing the bones of the forest.

"Humph!"

The main face of the Tiger Leopard Pavilion was so heavy that he used his own gas to break the right leg bone, and then he recovered with the sacred gas. In the blink of an eye, new bones and flesh were born.

The five strong people who lived in Xuanjing, the recovery ability is really not covered.

However, Ye Xuan is now over.

"The Tiger Leopard Pavilion, the next shot, die!"

Ye Xuan's light flashed. This time, he was not a sword but a punch.

"The mysterious gods, the tigers and leopards break the sky!"

This trick, only the bear elders have exhibited, and it is also the nature of fire, but the power is much stronger than the real fire dragon.

Although the true dragon is unmistakable, it is also a growth magical power, but after all, Mo Xueyi is only a heavy life. Compared with this tiger leopard, it is still a lot worse.

Chapter 1457: Mysterious team

The use of boxing, although there is no strong sword, but fortunately, this tiger and leopard is also a fire attribute, but also the attack power of the blood of the undead and the blood of the fairy unicorn.

When the flame tiger head and the flame leopard head are combined into one, the power of this blow is at least twice that of the true dragon.

"boom!"

This punch fell straight on the back of the Tiger Leopard Pavilion, and despite the full resistance of the Tiger Leopard Pavilion, it was not able to block the attack.

"puff!"

The Tiger Leopard Court owner couldn't help but spurt a blood, and the back was already burnt by the heat. He quickly healed with the scent of life.

However, after all, he only has double fists and is hard to beat four hands.

"The cycle is nine flashes, the sixth flash!"

When he fell to his treatment, he suddenly passed by him. The power of this attack was no worse than the tiger leopard.

"Oh!"

Another crisp sound spread, the right hand of the Tiger Leopard Pavilion was cut.

From the beginning to the present, he did not know how many hands were cut, but if he did not resist it, he would have died long ago.

However, although the scent of life is used for treatment, there is always a limit.

As long as the destructive power of Ye Xuan's four people exceeds this limit, then the Tiger Leopard Pavilion is dead.

However, it is at this time.

The big team in the sky has already looted over the palace and reflected everyone's eyes.

"Who?"

After the emergence of this brigade, all the warriors in the town were shocked, because everyone in this brigade had a much stronger atmosphere than them, and everyone's breath was no better than the Hubao Pavilion. How weak is the Lord, that is to say, everyone is at least five people!

Where did these people come from?

Ye Xuan and the owner of the Tiger Leopard Court are also Yu Guangyi, who fell on this team. After the Tiger Leopard Court owner saw the clearer, the pupil was sharply contracted!

He, know the coming!

"how come....."

The Tiger Leopard Pavilion's main eyes widened.

At this time, the leader of the mysterious team, after smashing Ye Xuan's direction, said, "One does not stay, kill!"

Suddenly, the master behind him is the nest, these people, the weakest one is stronger than the Tiger Leopard Pavilion, killing these people is really easy.

Upon seeing it, the face of the Tiger Leopard's lord was already sinking into the bottom of the valley. He suddenly thought of something.

Ye Xuan is also frowning, he feels that the leader is very strong, strong and terrible.

However, he is not worried, but can take the opportunity to take advantage of this opportunity!

"The eye of assassination!"

"The killings broke out!"

"The tiger and the leopard are breaking!"

This blow is the last blow of Ye Xuan, and he has to burn his life, and it is still fifty years.

"Hey!"

The flame fist shadow broke through the defense of the Tiger Leopard Pavilion, and instantly pierced its chest. With the effect of burning the world, the wound of the chest was also burned and expanded rapidly.

In the blink of an eye, the main body of the Tiger Leopard Club is turned into fly ash.

If it is not for this team to come suddenly, the Tiger Leopard Pavilion owner will be scared, otherwise Ye Xuan estimates that it will take several seconds to kill the Tiger Leopard Pavilion, the top of the five-year-old peak.

However, it is not the time to celebrate, because there are still two students who are born in Xuanjing, and they are killed by Ye Xuan.

"let's go!"

Ye Xuan's flash of light flashed, and after the leader's death and killing order, he immediately hid the fallen three people into the planting space, and then left the plane directly.

"Hey!"

The door of the void was closed, and the two masters who came from the yin yin gaze at it. It was very stunned.

However, this time, Ye Xuan did not leave with Megatron. Megatron was turned into a fine needle and broke into the ground, and then moved away from the palace.

Then, with the special positioning of the void, Ye Xuan once again broke the void and came to the side of Megatron.

In the distance, there was a sprawling palace. Apart from them, the people in the whole town were killed and extremely ferocious.

"Who are those people, how can they kill when they meet?"

The fall was very incomprehensible.

With the insight of the eye, Ye Xuan can see the movements of the group of people in the distance.

When the town's owners were killed, the leader suddenly entered the transfer palace.

Then, it turned out to be transforming the transmission array!

"They seem to be changing the foothold of this battlefield!" Ye Xuan said.

"Change the foothold of the battlefield transmission?"

The old tree and the falling face looked at each other and changed what to do?

But the next moment, they understand!

"It's hard to say that these people are not people in this area. They are from the Eastern camp. Then, they changed the foothold of the battlefield to the Eastern camp, so that after this battlefield transmission array was transmitted to the reincarnation battlefield, it became The people in the Eastern camp," said the old tree.

"We are not far from the border between East and West. Although it is considered to be the West, it is not far from the East. Therefore, people from the Eastern camp come directly to the cross-border borders and change their delivery points!" The fall was also clearly understood.

Ye Xuan nodded: "It is estimated that this is the case. As long as the people are all killed, they are disguised. Because it is a one-way transmission array, it is difficult to find that this transmission array has been touched by people unless the masters of the Western camp..."

"Young master, then this transmission array was changed to the Eastern camp, what should we do?" asked, could not help but fall.

When hearing this question, Ye Xuan could not help but be silent.

This team is too powerful, more than a dozen students are five-dimensional, and several students are six-dimensional. The team leader is suspected to be a seven-dimensional.

Look at them here, one is a mysterious environment, three are two different environments, how can I do the opposite?

Unless you can break through!

I have already made enough of the cultivation resources that have broken through to the secondary environment. As long as I swallow, then Megatron and the old tree will break through, and the team strength will be improved a lot.

At that time, it is easy to kill the strong five people who have been born in Xuanjing. As long as you kill some people, you can break through to the three levels of life.

Therefore, the four of them and the other team have a hard time, but it is not without a chance!

However, Ye Xuan's current plan is to reach the upper limit of the killing value in the realm of Xuanjing, so that you can get a little swallowing point.

If we break through now, then the previous efforts will be abandoned.

Just now if they directly broke through, the Tiger Leopard Pavilion owner might not be able to support the arrival of this team.

"Young master, how long does it take to change the delivery point?"

At this time, the fall suddenly asked.

"It may take a day or two," Ye Xuan replied.

For a day or two, it is not a problem to rely on so many sacred temperament to break through to the triple of life.

After all, the fall can use the base of the life and death disk to quickly refine the scent of life.

Chapter 1458: action

"It would be better to wait for me to break through to the triple of life, and then burn the life and battle..." The fall suddenly proposed.

Megatron and the old tree are already magic weapons. As long as Ye Xuan's three avatars are not dead, then they will not die. And she fell and was illegal, so she still has a long life.

Before Ye Xuan was a major limitation to the use of burning life in the way of fighting, at most only for 20 years, so the double fall of the birth of the realm now has a life of three thousand years.

Ye Xuan thought about it, in fact, there is no need to limit it, as long as it is not free to use.

"Well, you will be allowed to burn without limit in the future, but you have to report it to me." Ye Xuan nodded.

At the level of Shengjing, each breakthrough can increase the life expectancy of 500 years, and it is only a teenager when it falls. It is enough to keep the bottom for hundreds of years.

The rest can be used to fight!

As long as this battle can be won, the road ahead will be flatter.

What's more, if you rely on those who are born with sinfulness, you can break through to the ninth place of life, and even die in the dead. You don't have to worry about life.

"it is good!"

Falling a smile, directly back to the planting space, continue to refine the scent of life.

"Megatron, you are here, I will call you if they are gone."

Ye Xuan said to Megatron.

As for him and the old tree, he left directly, because there is a place nearby for the experience, and there are more people.

Before the transfer array is changed, he can't just sit here, and he must cherish the time.

Ye Xuan and the tree are old to kill the blame, fall and practice, and Megatron whistle, and each of them has their own duties.

Time passed a little, and it was soon a day passed.

It's not that simple to change the delivery point, so the team has not changed.

However, it is fast!

During the period, Ye Xuan occasionally came back to visit the class to see if Megatron was lazy.

He found that the team was also dispersed into several teams and then went out to patrol.

If there are passers-by, then kill directly!

"A small team is generally five students, five tops, at most three. If you break through this time, you can start with these teams!"

Ye Xuan looked at the squad that came back from time to time to report, and then went out to wander, the eyes are killing.

As long as you kill these people, then his killing value can reach the upper limit!

I have to say that it is getting harder and harder to reach the upper limit after redeeming the killing points several times.

However, as long as there is a way to get the point of swallowing, Ye Xuan still has to fight for it. After all, he needs to swallow the point too much, and needs to swallow the point to fuse the two fighting blood.

"Oh, the breakthrough is broken, and the current is a triple of life!"

Suddenly a system prompt sound interrupted Ye Xuan's thoughts.

Falling, finally broke through!

"Young master, I broke through!"

The voice of joy that fell and fell in Ye Xuan's mind.

"If you break through, then start acting!"

Ye Xuan could not help but lick his lips and directly summoned the fall.

The three-level fall of the birthplace of Xuanjing, the five strong players in the battlefield, and then by the transformation, it is not a problem to erase a small team.

"action!"

At the moment, Ye Xuan is directly out.

Yesterday, he let Megatron stay here, and by the way recorded the patrol time of those teams.

It's just that it's time for a small team to come back to report, so Ye Xuan's plan is to intercept them halfway.

Sure enough, after he rushed for ten minutes with the landing, he met this three-person squad.

"The three of us can drag one, drop your direct burning life and quickly kill the other two."

Ye Xuan said to the fall.

"it is good!"

At the moment, they are rushing directly toward the three-person squad.

These three people, all of them are the masters of the five-year-old, and they are four levels higher than Ye Xuan.

In the absence of a breakthrough, Ye Xuan can only join forces with Shu Lao and Megatron genius to fight against it.

"There are more passers-by, the realm does not look high, you two go first, I will catch up after killing them."

A middle-aged man shook his head helplessly.

"Hey, obviously this is my turn, how come you are?" A long-haired man on the side is not happy.

"On the line, it's just a triple of life, you can also put it in your heart..." The middle-aged shrugged.

But soon, he was glad that he made this decision for himself.

Of course, fortunately, it only lasted for a few seconds.

"If you want to blame, blame you for your bad luck!"

The long-haired man did not intend to talk nonsense. He raised his hand and attacked Ye Xuan and fell.

However at this time.

"call out!"

The fall suddenly turned into a stream of light to avoid, and at the same time, was plundering toward the other side at a speed beyond the imagination of long-haired men.

"So fast!"

The long-haired man's face changed.

In the blink of an eye, the fall is in front of him.

"dead!"

No matter how much the long-haired man did, he immediately rushed out of the infuriating and tried to make the landing.

Why...

"The cycle is nine flashes, the sixth flash!"

This sixth flash speed is much faster than the fifth flash, and coupled with the life of the fall and burning for 20 years, the speed is faster.

Therefore, this long-haired man was killed in an instant!

"Hey, the host's killing value is improved!"

Ye Xuan heard a system prompt.

Originally, he thought that the other party would go together. I didn't expect to take turns to die. This is really good.

However, this long-haired man was originally the strength of the battle, but because of too much care, it was killed.

But this can't blame him, because which one of the five people who lived in Xuanjing, who dealt with a little girl who was born in a three-dimensional situation, began to burn life and fight?

The three major students are five-fold, and now they are dead, so there are only two left.

Then, the pressure of falling is much smaller!

"How is it possible that he was killed by the second?" The middle-aged man widened his eyes and couldn't believe it.

If the party is going out, I am afraid that he is flying his head!

"Impossible, the three-dimensional killing of the mysterious realm is five-fold. Is this little fox a genius cultivated by Baihu Villa?"

The other person is also deeply doubtful.

However, they have no time to think about it, because Fall and Ye Xuan have already hit.

"The killings broke out!"

"The tiger and the leopard are breaking!"

Ye Xuan double-banged.

At the same time, Megatron and the tree are also appearing one after another. The latter is even in the middle of the middle-aged people, condensing the residual flames and then shifting the position.

"Hey!"

Although the middle-aged person is very careful, he does not think that someone can move in an instant, so he ate a meal.

Fortunately, the old tree at this time is only a double metaphysical situation, which is different from the three realms, so it is only a minor injury, and the injury is quickly cured by the scent of life.

Chapter 1459: Re-limit

"Booming!"

In the middle-aged people, a strong infuriating spirit emerged, and the tree was suddenly shaken to death, and then raised his hand to defeat Ye Xuan's attack.

But the next moment, the old tree appeared again, and then appeared again behind the middle-aged.

"What is this ghost thing?"

The middle-aged man's face is blue, and he obviously killed the tree, and now he's suddenly resurrected?

Moreover, he did not know how the tree always appeared!

It's a hell!

On the other hand, the third person has already played against the fall. Although the latter used a reincarnation of nine flashes, the body actually consumed a lot of energy, but soon it was restored to the peak with the blood of the undead, and then used again.

But before that.

"Hundreds of monsters and foxes!"

One hundred and eight fall, seeing each other's eyes spent, this is not the point, the point is that this hundred and eight falls are actually moving fast.

Falling in the deity uses nine turns of reincarnation, while other infuriating avatars are confusing with the demon fox.

"The cycle is nine flashes, the sixth flash!"

"Oh!"

In a crisp sound, the man's head was dropped and dropped, and it fell.

"Hey, the host's killing value is improved!"

Ye Xuan's mind sounded a prompt tone. Now, there is only one strong man who has a five-fold life.

"He is also dead!"

The middle-aged man who was dragged by Ye Xuan, his face was already sinking into the bottom of the valley, as if he had eaten the rotten durian. After he had been through the battlefield, he had experienced countless times of life and death, and he was panicked.

"who are you?"

The middle-aged man finally couldn't help but asked.

Unfortunately, Ye Xuan and others did not intend to answer this question. Soon, this middle-aged person was also separated.

"Hey, the host's killing value is improved!"

The three masters of the three majors, Xuanjing, fell in ten seconds!

Ye Xuan got a lot of killing value, but there are still some distance limits, it is estimated that another team will be destroyed.

"Let's fall, this time it's done well."

Ye Xuan will collect the three 乾 戒 戒, and petting the falling hair.

"Young master, let's hurry up. If the battlefield transmission is changed, are we looking for it again?"

"Yes, when the battlefield transmission array has not been changed, you must interrupt them!"

Ye Xuan also suddenly realized that he immediately broke through the void and returned to the previous post.

Then, observe with the eye of insight.

About half an hour later, there was a two-person team returning, and then two people went out to patrol.

This squad is the goal of Ye Xuan!

"As long as they kill them, my killing value can reach the upper limit..."

Ye Xuan's eyes glimpsed and after a few minutes of follow-up, he decided to shoot.

Anyway, the hands-on time will not exceed ten seconds, so there is no need to run too far.

Even if the leader in the palace was heard, what happened?

"Hands!"

Under Ye Xuan's order, the fall burst out.

As before, they showed weakness first and then suddenly broke out.

"Hey, I came to a little fox. It's not bad. I've been arresting slaves recently. I've collected 46 races. The foxes don't have it yet. This girl looks really tender and must have a sense of play. I want it!"

In the two men's team, a man's eyes lit up, and he did not wait for his companion to react and directly back up.

"This guy....."

His companions are somewhat unhappy.

However, it is estimated that there will be no good things in Ye Xuan, who has a triple fall and a heavy life, so he is too lazy.

Only, the next moment he was shocked.

I saw that his companion was separated from the body after the contact with the fall!

"Hey, the host's killing value is improved!"

In the distance, Ye Xuan did not have the motivation to do it, so he looked at it quietly.

One!

Still one!

As long as the remaining person is dead, then his killing value can reach the upper limit, and you can redeem a little bit of swallowing point.

In the distance, the companion was shocked and knew that he had met a person who was playing pigs and eating tigers. Although it seems that it is only a triple of life, it must be hidden in strength, reaching the six levels of life and even more. high.

If you are close, you must be dead and dead!

"There is an enemy attack!"

At the moment, this person is using a lot of infuriating, roaring in the sky, only hope that there are his teammates nearby, so that he can join hands with him.

Unfortunately, there is no nearby!

"Oh!"

Falling and his fight time, but two seconds, two seconds later, the man's head also flew up.

"Hey, the host's killing value is improved!"

"Hey, the host's killing value reaches the upper limit, is it converted into a little swallowing point?"

Hearing this, Ye Xuan's mouth couldn't help but **** and finally waited until this time.

"Yes!"

At the moment, he quickly answered one sentence.

"Hey, the host's killing value is cleared, the host gets a little swallowing point!"

Now, he has two points to swallow, and he can advance to the unicorn.

However, he does not need it for the time being!

"Hey, the host breaks through, and the current life is double!"

"Hey, Megatron breaks through, and is currently a triple of life!"

"Hey, the spirit of the Ashes breaks through, and the current is a triple of life!"

"Hey, the spirit of the Ashes breaks through, and the current is a four-folder!"

"Hey, Kirin is cooling down!"

A series of five system prompts to sound, Ye Xuan's strength instantly skyrocketed, because the fire attribute of the heavens and earth treasures more, so the old spirit tree of the ash is the first to break through to the four.

Ye Xuan swiftly swept the past, took the two people's shackles and then swallowed them again.

"Hey, Megatron's breakthrough, the current life is four!"

After Ye Xuan swallowed up all the weapons, Megatron also immediately broke through.

"If you are still a little bit, you can break through to the triple of life..."

Ye Xuan's flash of light flashed, but he saved a lot of heavenly treasures, and thought that he could break through to the triple of life.

However, this does not matter.

However, just as they were ready to go back and look for a small team again, the sky suddenly swept a figure.

With the eye of insight, Ye Xuan can recognize that this person is also a master in the team that day, and he is still alive.

"What do you really want, since the realm has broken through, then take your knife!"

Ye Xuan's body suddenly burst into a killing intention.

Sheng Xuanjing is six heavy, and his family is sure to be worth a few of his five talents. He killed him and Ye Xuan may break through again.

He is born with a double metaphysics, and the fall is a triple of life. And Megatron and the old tree are already fourfold.

In fact, against the six-strong warrior of this life, Megatron and the tree can kill them, two immortal metamorphosis, but very annoying, unlimited rebirth, which can give the other side a great pressure on the spirit .

Chapter 1460: The warrior is seven heavens!

"There is only a three-person team that has not come back. It is estimated that it will be killed by you."

The man said far and wide.

"Not bad!"

Ye Xuan nodded.

He estimated that the scene of the two men being killed and killed was already seen by him.

After hearing Ye Xuan's answer, the man did not talk nonsense and shot directly.

"Tian Yan burns the sea palm!"

A huge flame palm, condensed on the top of Ye Xuan's head, and then suddenly covered.

This move has the power to destroy the land, even if it is a strong five-year-old powerhouse is not so easy to pick up.

However, the tree is just a good move to resist.

"Handed over to the old man!"

The tree is old and low.

Ye Xuan instantly understood, and then the three nearby were recovered, and then quickly hit a piece.

"Fire cover!"

The tree used a skill.

The fire hood has been able to absorb the damage of the fire, plus the blood of the undead phoenix and the blood of the fairy unicorn, it is not a problem to block this attack.

"Boom!"

Tianyan burned the palm of the sea and fell.

What makes a man surprised is that his most proud move is that even the defense of the other party cannot be broken. How is this possible?

However, his power is actually enough. If there is no flame resistance of two blood vessels, the fire hood must be broken.

At the same time, in addition to absorbing the attack, the fire hood has another feature.

"The killings broke out!"

"The real fire dragon is unparalleled!"

When the other side was surprised, Ye Xuan launched an attack.

"Hey, what about blocking it."

The man snorted and shot again.

However, at this time.

"The flames!"

The tree suddenly disappeared and came to the back of the man, then punched out.

"what?"

The man did not respond, but he still had a layer of protection on his body, so he blocked the old fist.

However, the fire hood was used on the old tree. At this time, the tree was old and there was a layer of fire that completely absorbed the fire of Tianyan.

"Come on this trick, the fire hood, the explosion!"

The old light of the tree flashed, and the fire cover outside the body suddenly burst open. A horrible flame of violent waves swept through and instantly broke the man's defense, and then slammed into him.

"Hey!"

The whole body of the man's bones seems to be broken, and the whole person flies out like a sandbag.

The direction of this flight is exactly opposite to the direction of the fall!

"The cycle is nine flashes, the sixth flash!"

"Oh!"

In a crisp sound, this man, who is a six-pointed man, has his head separated from his body and flies out.

He couldn't think of it, he actually suffered a spike!

Moreover, it is not the seven strong players who kill him, but a few juniors who are weak in his realm.

Death is not eye-catching!

"Hey, the host's killing value is improved!"

After hearing the system prompt, Ye Xuan also swiftly swept past and took the body and the sacred.

"Hey, the host breaks through, and the current is a triple of life!"

It is also a system prompt tone.

However, this time, although it has broken through twice in a row, Ye Xuan still feels a little powerless. After all, he is born in a three-fold environment, just like falling.

However, fortunately, their strength has improved qualitatively.

"Now I am improving my realm. I have the strength to compete with the leader. Go, go back quickly, or you will have to waste a lot of time waiting for them to change the battlefield."

Ye Xuan quickly broke through the void, returned to the sentry post that day, and then swiftly swept toward the transfer palace.

From the beginning to the present, this team has already died five high-level masters, and a six-year-old.

And there are still many people going out to patrol, so in this palace, there is only one leader, and four students are five-fold.

"Young master, the leader seems to be a seven-pointer, let me stop." Asked and turned around.

"No, let Megatron use the sword to return to the ancestors, you can pack up the remaining four, and then come back and help."

"it is good!"

Nodded.

With her realm, it is not too difficult to solve the five geniuses.

After the plan was over, the two men rushed out.

"who?"

The two guards who sent the palace to the palace Xuanjing five found Ye Xuan and fell.

However, two are not enough!

Just the two people inside, after hearing the sound, also rushed out.

The four strongest people who are born in Xuanjing are here!

"The leader is changing the transmission array, the tree is old, to interrupt him!"

Ye Xuan immediately said.

"no problem!"

The tree appeared in an instant, and then used the remnant flame to flash in the past. After three remnants of the flame, he entered the transfer palace.

"boom!"

The tree was banged out, and the leader took a trip. Raising his hand was to blast it.

He couldn't understand how the tree always broke through the four major masters of the four majors.

"Miscellaneous fish, dare to bother me?"

The leader snorted and his body burst out.

At this time, a pink sun suddenly rose outside the palace.

Eye of charm!

The fall is now nine tails, and the three tails are also turned into gold, the strength is extraordinary.

These four masters of the five-year-old Xuanjing, although both are higher than the two realms of falling, but this eye of charm is enough to control them all.

Everything is ready, then the next step is to fight this team!

"Go together!"

After falling into the charm of these four people, it is to let them pick up the Qiang Kun ring, and then rushed in together.

These four Qiang Kun ring naturally fell into the hands of Ye Xuan, but it was a lot worse than his breakthrough.

"Megatron, Bladestorm!"

Ye Xuan hurriedly shouted.

In an instant, the earthquake sword is a thousand, and it is swept into the palace.

Falling and Ye Xuan also rushed in, and the leader suddenly became the shackle of the squad, and was launched into a group attack.

"The eye of charm... a little bit resistant..."

The leader's eyes glimpse, the body is condensed, and the power of Vientiane is combined to create a dazzling little sun on the top of the head.

"Net Ming Sheng!"

The dazzling white light fell on the four martial artists who were born in Xuanjing. Suddenly, two people were relieved of charm.

"what?"

Ye Xuan and others were shocked and immediately gave orders to the old tree. At the same time, they also took out a sword.

"The killings broke out!"

"burning the sword!"

Not far away, the old figure of the tree flashed.

"The flames!"

In the blink of an eye, these two five-year masters who have just rid themselves of the charms are killed.

"Hey, the host's killing value is improved!"

"Hey, the host's killing value is improved!"

The original four people, now only two people left.

In order to prevent the remaining two from recovering, Megatron hurriedly blocked the two men and prevented them from being shined.

"Tian Yan burns the sea palm!"

After seeing his two companions die, the leader is too lazy to take care of the other, directly and fully.
