

Super D. S 146

Chapter 146: Instant break

"No, alchemy as long as there is a tripod."

Ye Xuan shook his head and returned to his room.

He swallowed the four hundred of the next spar, and then bought the Danfang, and directly refined the two real spirits, and spent a total of 50,000 devouring points.

Although he lost 10,000 points, his cultivation has been improved a lot, and there are four alchemy materials, so there will be no loss.

After more than ten minutes, Ye Xuan came out.

"Fat brother, take it, just swallow it." Ye Xuan handed over the two remedies in his hand.

Zhao Panxin took it ecstatically and swallowed one directly. Within three seconds, his breath was an instant expansion, and the true spirit was at its peak!

"Good things, it really is a good thing, Ye Xuan, you are so amazing, even this kind of remedy can be refining." Zhao Pan was too excited, almost all the medicinal herbs in his hand were crushed.

"If there is a need in the future, I am always waiting." Ye Xuan said with a smile.

"Haha, no problem, but I have to wait for a while. The Tiandi treasure in the hollow mirror has been picked a lot, and I have to wait for a while. Hey, I am holding a real spirit and selling Jiang Xian." Zhao As the saying goes, it is rushing away.

In his view, the instant breaks from the middle of the real spirit to the peak of the true spiritual world, and only spent five hundred **** of the spar, which is really too profitable.

Although the treasury is tense, it can still operate. It can only enter Lingxiao House. In the future, it is afraid that there will be no spar?

"Oh, earned again."

Ye Xuan also came because he made another profit, and he showed a happy smile. He found that he had the potential to be a profiteer.

These two intermediate real spirits, he earned four hundred spar, four refining materials, and 20,000 points to swallow points, because the cost of alchemy is only 20,000.

In general, he has two materials in the middle of the instrument, as well as four medium-level real Ling Dan materials, as well as 140,000 engulfing points.

Originally, he wanted to directly refine the high-level real spirit. This high-level true spirit, can make the true spiritual peak directly break through to the real world, called Shen Dan.

Unfortunately, this Danfang is too expensive, one needs hundreds of thousands, and the refining materials do not seem to be able to be completed by the Xuanyang Empire. Even the alchemy cost makes Ye Xuan discouraged.

The most important thing is that he didn't have any effect in eating these medicinal herbs, so he was lazy to refine it, and he will talk about it in the future.

However, not long after Zhao Pan left, he folded back and brought back a message, which was said to have discovered the embers of the beast. Therefore, the emperor may send them out as an experience.

After Zhao Pan left, another person came to visit. If it was an ordinary person, Hua Ying would definitely find an excuse to defer, but this person, Hua Ying knows that Ye Xuan will definitely meet.

"Master, Ouyang inspection visits." Hua Ying said.

When Ye Xuan heard the name, he quickly said: "Oh? Since it is Ouyang, then please come soon."

Ouyang inspection, naturally is Ouyang Ming, if not because of him, Ye Xuan may not have today's achievements.

Therefore, Ye Xuan is very grateful to Ouyang Ming.

At the same time, Ye Xuan also understands that the inspection is only a second-class official position, that is, he is now bigger than Ouyang Ming.

After a while, Hua Ying came in with Ouyang Ming.

"I have seen General Ye." Ouyang Ming holds a fist.

Ye Xuan hurriedly walked over. "Ouyang is not like this. Just call me a name. If it is not Ouyang, the boy is not today."

"Don't dare to dare." Ouyang Ming is still somewhat restrained, and he never thought that Ye Xuan actually got the first prize.

"In this way, we have a common understanding, I call you Ouyang big brother, you call my name just fine." Ye Xuan said.

After listening to it, Ouyang Ming also hesitated, then nodded slightly.

"Right, Ouyang Brother, you and Tian Zhen's gambling battle..." Ye Xuan suddenly remembered such a thing.

It's been a few days since the Imperial Capital, and he forgot about it.

"I have already compared with Tian Zhen. He was cut off by me, and he abolished the meridians and resigned from the position of the inspector. But I was also injured in the battle, so I didn't have time to visit." Ouyang Ming is a bit relieved. Said.

After listening to Ye Xuan, she was shocked.

Ouyang Ming was only the beginning of the real spiritual world, and he was able to defeat Tian Zhen in the middle of the real spiritual environment. This is powerful enough.

and many more.....

"Congratulations to Ouyang Big Brother, successfully removed the demons." Ye Xuan congratulated.

At this time, Ouyang Ming is already a strong man in the middle of the real spirit.

"Competing with Hetian Zhen, it is difficult to win. Although he was seriously injured, but he also succeeded in breaking through the blessings, it was a matter of my heart." Ouyang Ming nodded.

For the grievances of Ouyang Ming and Tian Zhen, Ye Xuan did not ask, anyway, it is over now?

"Right, Ouyang big brother, this medicinal medicine is given to you." Ye Xuan said, suddenly took out a medicinal medicine from his arms, it is the intermediate true spirit Dan.

"this is?"

Ouyang Ming looked at the medicinal herbs in Ye Xuan's hands and showed a strange look. He had never seen this kind of remedy.

"It is a kind of medicinal medicine that can enhance its strength. If Ouyang Big Brother is willing to pay me this friend, he will accept it." Ye Xuan said with a smile.

This medicinal medicine costs about 100 stones, plus one hundred phagocytosis points, which is not very expensive.

Ye Xuan said that this part, Ouyang Ming can only accept, he swallowed on the spot, but two seconds later, his eyes quickly smashed out, his realm, actually broke through.

"This....."

Ouyang Ming was shocked. He did not expect that this medicinal medicine would directly let his realm break through. He must know that he had just broken through to the middle of the real spirit.

What he didn't even think about was that in less than four months, Ye Xuan grew from a martial artist who was the ninth peak of the martial arts to a point where he could not see through.

"Haha, Ouyang big brother does not have to thank me, if it is not you, I will not come to the Imperial Capital, and there will be no such achievements today." Ye Xuan sincerely thanked.

"Ugh."

Ouyang Ming sighed, if he knew that this drug was so expensive, it would not be accepted anyway.

However, he swallowed it and would never spit it out.

Then, the two also chatted a few words, and then Ouyang Ming left.

After another day, the person who had sent Huaying to the cracked Yunzong was back. At the moment, Hua Ying found Ye Xuan and reported the matter to him.

Ye Xuan is also a bit weird, could not help but ask: "Isn't this a few days yet, how come back so soon?"

Before he rushed to the capital from Nanlin City, it took ten days.

"Master, we have a ten-step Dapeng in the General's House, and it takes only two days to reach the Li Yunzong." Hua Ying replied truthfully.
