

Super D. S 147

Chapter 147: Guan Lan left

"It turns out, well, let's go."

Ye Xuan nodded slightly, if there is a bird mount, then there is no need to bypass those mountains, and the efficiency is of course fast.

However, Hua Ying was hesitant, and said: "Master, the girl named Guan Lan is no longer in the cracked cloud."

"No, what do you mean?" Ye Xuan did not respond, is it difficult to go down the mountain to do the task?

"This is the case. It is said that the lord of the ruined Yunzong came back, and then the girl was followed and he went to experience it." Hua Ying replied.

metropolitan?

Ye Xuan looks condensed and then reacts instantly.

The lord in Huayingkou should not be Zhou Cang, because Zhou Cang was already killed by him.

Therefore, this lord is the authentic master of the Li Yunzong, a true spiritual powerhouse.

"Do you know where to go?" Ye Xuan asked again.

"I don't know, but Guan Guan left a letter to you." After Hua Ying took out a letter from her arms, she retired.

Ye Xuan opened the letter, and the one that caught the eye was a line of beautiful words. There were only four lines in this line.

Goodbye!

"What does this mean? Have you been away for a long time?" Ye Xuan frowned. He couldn't understand the meaning of these four words.

He asked Hua Ying to call the martial artist who had gone to crack the cloud sect. However, the warrior did not know the reason.

In desperation, Ye Xuan had to give up.

"Hey, I finally met a girl who likes me. I haven't confessed it. I was taken away. The cicada Zhou Cang knows to whip your body."

Ye Xuan regrets very much, that is, she does not know where the lord of the Li Yunzong took Guan Lan.

On the same day, Zhao Pan was looking for it again, and still with the imperial edict.

"Fengtian carrier, the emperor stunned, forget it, don't read it."

Zhao Pan somewhat reluctantly took the sacred purpose and said directly: "The embers of the beast **** appeared in Yulin County, and the father sent you to annihilate."

"I am one?" Ye Xuan asked strangely, thinking that he finally came, he was about to wait for mold.

"Of course not, there are me, Jiang Xian, and some masters of the royal family."

Zhao Pan shook his head.

"A branch of a beast god, don't need to go so much?"

Ye Xuan frowned and said, he still remembers the scene in the corpse gorge that day, the black man, wasn't the Ouyang Ming in the early days of the true spirits rushed away?

"Oh, the embers of this beast **** have only appeared in recent days, but he seems to have resurrected a spirit beast in the early days of the real world. Therefore, it cannot be taken lightly. Fortunately, this beast is still weak and slowly recovering its strength. Send us in the past and quickly kill it." Zhao Pan replied.

"The beast of the early Yuan Dynasty?"

Hearing this, Ye Xuan's eyes immediately burst into two fine mans.

Before he swallowed the body of a real beast in the middle of the real spirit, and gained 3,000 engulfing points, how many points can he give him?

But what he can be sure of is that he can at least help him break through to the realm!

"Fat brother, when will you leave?" Ye Xuan asked again.

Zhao Pan immediately replied: "Other people are ready, they will see you, but it is best to change in these two days."

"If that's the case, let's go now."

Ye Xuan is also a free bird in these days, and he gets up straight.

"Haha, I know that the big troops have been waiting outside the Imperial City." Zhao Pan haha smiled, and he left with Ye Xuan.

"Master, please be careful!" Hua Ying walked.

.....

The Xuanyang Empire, in addition to the Imperial Capital, has sixteen counties. If you are rushing to Yulin County from the emperor, you must have at least ten days and a half.

However, the royal family has a special mount.

When Ye Xuan came to the outside of the Imperial City, he was shocked. From afar, he saw a super Dapeng that was comparable in size to the plane, and he was similar to the one he saw in the corpse gorge that day.

"This is specially raised by my royal family. It is a spiritual beast. It only takes two days to get to Yulin County."

Zhao Pan approached and said to Ye Xuan: "Don't look at it so big, it is actually the beginning of the real spirit. I can kill it with a slap."

Ye Xuan is also extremely envious, he thought, after waiting for this incident, he borrowed one to return to Yuncheng.

At this time, on this Dapeng back, there are already several figures. In addition to Jiang Xian, there are three others.

"The middle-aged man is one of my uncles, a real strong man, but he will not take it this time, just to protect our security."

After Zhao Pan finished, he pointed to the two people behind the middle-aged man: "The two are my royal family, and they are all true spiritual peaks."

Ye Xuan silently nodded, even if he ruled out, there are four true spiritual peaks, and Zhao Pan also has a Chinese spirit, enough to solve the spirit of the early Yuan Yuan.

"I have seen General Ye!"

The two enshrines saw Ye Xuan, and they also hurriedly held fists.

Zhao Ban's uncle is also smiling: "It's really a hero who is a teenager, not only qualified, but also a refiner and alchemy. It's really the pillar of my Xuanyang Empire."

"Predecessors have won the prize." Ye Xuan modestly said.

Although the Xuanyang Empire was founded only a thousand years ago, the Zhao family has been standing still, so the Zhao family is the largest family in the entire empire.

"Not arrogant, good, my name is Zhao Chongwen, this time I protect your safety." The middle-aged man nodded.

Although it is not enough to say that the beast is not afraid, but Ye Xuan is the future of the Xuanyang Empire, can not make a mistake.

As for Jiang Xian, now it is also served by Ye Xuan. The last true Ling Dan of Zhao Pan was also taken by him.

At this time, he has already broken through to the peak of the true spirit.

"Okay, go early and go back early, come on." Zhao Chongwen said.

Both Ye Xuan and Zhao Pan jumped on the back of the spirit beast Dapeng. Then, the beast Dapeng fanned out huge wings and flew up.

Since the integration of the mid-level beast blood, Ye Xuan has a wonderful feeling for the spirit beast.

He remembers that if the blood of the beast is raised to the top, then it is the blood of the beastmaster, and then the beast will surrender.

However, now he is only the intermediate blood, at most, there are some feelings for the monster, and the distance is not too far.

This is the hidden property of the blood of the beast.

The spirit beast Dapeng began to go to Yulin County, I believe that it will take long to arrive.

.....

Two days later, this beast Dapeng appeared in the sky above Yulin County. At this time, it was heading for a dangerous place in Yulin County.

In less than two hours, the spirit beast Dapeng came to the sky above the Black Wind Mountain.

"Everyone is careful, the embers of this beast and the demon * flow, and there are some special ways to enhance the strength of the beast and beast, but can not be taken lightly." Zhao Chongwen said.

Ye Xuan several people silently nodded.
