Chapter 1471: Yan Zhi general, die!

"Land, charm, and control, this rock giant!"

Ye Xuan said in the heart of the fall.

When I heard this, I suddenly understood it.

Ye Xuan, is trying to weaken the soul strength of the meteorite general, and then control!

The attack of this meteorite general is weak among the people in the place, but his defense is strong, but it is very difficult.

Controlling him is a good idea!

"Charm!"

"The Eye of the Soul!"

It has grown to the end of the nine tails, and the charm is not bad.

Ye Xuan's soul eye is also the level of the fairy eye, a soul attack, the effect is also very obvious.

After a few eyes, the soul of the meteorite was wounded, and the movement slowed down noticeably.

"Damn boy!"

The meteorite screamed and suddenly slammed on the ground. Suddenly, he surrounded the stone wall and protected his whole person.

Instead of defending himself, he uses these stone walls to resist the soul attack of the other side.

But it is at this time.

"Calling!"

Suddenly a ball was thrown over.

The meteorite general was just preparing for a punch, but the next moment, his figure was a tremor.

This ball turned out to be a skull!

Moreover, it is still the head of his son!

"Oh, I am going to kill you!"

The meteorite general suddenly responded enough, Ye Xuan is probably killing everyone in his cave.

At the moment, he is angered, and he directly revoked all defenses and rushed toward Ye Xuan.

This method can not only provoke the meteorite general, but also expose the meteorite general to the flaws and even make his soul unstable.

Although a little insidious, but in this world of the strong, who has no life under the hand?

Killing people is already a common practice!

"Charm!"

"The Eye of the Soul!"

When the singer was mad, Ye Xuan and the fall again cooperated. The effect of this time is more obvious than before.

"Land, it is now!"

Ye Xuan immediately angered in his heart.

Hearing the words, the fall immediately met, directly condensed a glamorous eye.

The eye of charm gaze at the meteorite.

"No... no..."

Although the stalwart general is a nine-folder, and he has lived for thousands of years, his soul has been affected by various influences. Now he is facing the eye of charm, but after resisting for a while, he is successfully charmed by the fall.

"Okay, do it beautifully!"

Ye Xuan's eyes lit up and praised him. Then he asked: "Can you still charm one more?"

"These people are old monsters that have lived for thousands of years. I am fascinated by one, and two are stunned..."

Falling and shaking his head.

"In this case, it will be turned into a force of Vientiane in the generals of the Rock, and the generals of the Sun!" said Ye Xuan.

The eye of charm, in addition to charm, can also add to the power of Vientiane.

After the support of this Vientiane power, the meteor general increased the speed a lot, and the combat power even surpassed the general.

At the moment, the meteorite general is to throw the ring in his hand to Ye Xuan, and then the whole person is like a tiger rushing to the general of the sun.

"What, the meteorite will be charmed!"

Both Sun Yat-sen and White Shark King were shocked.

The strength of the meteorite general, second only to the generals of the Sun, how can it be charmed by a small girl with a seven-pointed life?

This is impossible!

However, the degeneration of the meteorite is really true!

After the Ye Xuan four people followed the meteorite general, they rushed toward the Sun.

"Damn, wait until this is over, I must kill you!"

The white shark king was angry in his heart.

He was originally the captain of the trial team who came to grasp the eight-pointed Xuanjing. However, he did not expect that the other party actually broke through to the realm of Xuanjing!

This means that as long as he grabs the captain of the trial team, he can go out!

Only when their three chiefs have already set an agreement, whoever first seizes the captain of the trial team, then who is the quota!

Therefore, the White Shark King has no time to go to Guan Xuan!

"Inflammation, kill them!"

The white shark king yelled.

"Yes!"

General Yan Yan should have a sentence.

Now, he does not care that the meteor general once was his own, and directly released the killing trick!

The White Shark King promised that as long as he left the Tianfeng prison, he was the next leader.

"The sun is bursting!"

The generals of the Sun will directly exert their big moves, and a rock-like fireball will be directed to Ye Xuan and others.

"The killings broke out!"

"burning the sword!"

"Hundreds of demon foxes are separated, net lotus demon!"

Ye Xuan three people Qi Qi shot.

Prior to this, Megatron first greeted him, with his body resisting some of the damage, and then burning the sword and the net lotus fire.

However, this is not the same as the power of the explosion. All attacks have been defeated.

The realm of this singer-day general is actually the mid-term of the nine-heavy world. The strength is second only to the white shark king. He is full of blows. The power is not the average person can follow.

Fortunately, there is still a coping skill in the tree!

"Fire cover!"

When this meteorite-like fireball is about to smash in Ye Xuan and others, the old flame of the tree flashes to the middle, and the fire hood is opened, and this trick is completely absorbed.

The intensity of the fire hood is skyrocketing!

Of course, if the fire hood can't bear it, there is also the defensive power of the stalwart general. Ye Xuan and others will not have anything to do.

"how is this possible?"

The general of the sun was shocked, and his own fireball was absorbed by the tree.

When he was surprised, the old tree was a remnant flame, and it flashed behind the generals of the Sun.

"General Sun, you are finished!"

The sound of the old vicissitudes of the tree fell into the ears of the generals of the sun.

Fire hood, burst!

"boom!"

The power of this attack is no worse than that of the Sun Yat-sen.

Due to the use of big moves, the generals of the Sun Day couldn't connect with the real gas. In a moment, this powerful impact shocked the blood and the head was dizzy. The whole person flew to Ye Xuan and others.

This is a good opportunity!

"kill!"

Ye Xuan's light flashed and he shot again.

The nine-heavy meteorite general of Xuanjing also exerted the most powerful attack.

Crashing gold is broken!

In addition, there are also attacks of Fall and Megatron.

"The cycle is nine flashes, the sixth flash!"

In the face of these attacks, the generals of the sun are already desperate. In just one moment, he actually smelled the breath of death.

Who are these people?

The nine strong people who are born in the hallmarks are actually killed by people, and they are also dull after death!

However, this is the reality!

"Booming!"

In the air, suddenly there was a big explosion.

The body of Yan Day's general was directly shattered by the smashing diamonds of the meteorite general to the bones of the whole body. The violent force tore his whole person and flesh and blood.

Yan Zhi general, die!

"Hey, the host's killing value is improved!"

A system prompts to sound, at this time, Ye Xuan has already swept the past, and will accept the Yanzhan general.

Chapter 1472: Grand Dragon

Although the Major General of the Rocks is not dead, he has already been enchanted by the fall. As long as there is a thought, the Major General will commit suicide.

However, this meteorite is still useful now, so Ye Xuan will not let him commit suicide.

As the most powerful person under the white shark king, Yan Day is the most powerful in his hand. In addition, he has the magical power to cultivate the fire attribute. Therefore, there is a lot of fire property in the Qiankun ring.

"Hey, the spirit of the Ashes breaks through, and the current is a mysterious place!"

Another system prompts to sound.

The tree is old, breaking through!

Then, next, it is the old show of the tree.

"Ha ha ha, the old man wants to kill you a piece of film does not stay!"

The tree boss laughed a few times, and the continuous use of the residual flame flashed to the back of a living Xuanjing Jiuzhong, suddenly attacked.

"Hey!"

This person was not able to respond, was shot by a fist, and the bones were deeply visible, but he was quickly cured by the scent of life.

"Asshole, look for death!"

This person is roaring.

He is the bloodthirsty general of the black poison king. Although the strength is not top, it is not so easy to deal with.

It is a pity that the old tree is now alive and well.

"The flames!"

The old tree is constantly flickering, and each angle is different, making this bloodthirsty general a headache.

At the same time, Ye Xuan and the meteorite generals also rushed to the attack, against this bloodthirsty general.

Originally besieged the captain of the trial team a total of ten people, three chiefs, and six generals.

Now, the Major General of the Rocks has turned down, and the generals of the Sun have fallen, so there are only four generals left.

Ye Xuan's plan is to solve the four generals first. It is possible that Megatron can also break through to the eight-fold life. At that time, a blade storm directly kills these people.

What white shark king, what black poison king, what Jinhuang Wang, all have to lick the floor!

The three chiefs did not know where Ye Xuan came from, and it was rare to have the strength to kill the Xuanjing.

They looked at each other and strengthened their offensive!

They know that if they go on like this, there will be a change!

At this time, not far away.

"Breaking in the sky!"

"burning the sword!"

"Return nine flashes!"

"The flames!"

Under the siege of Ye Xuan's people, this bloodthirsty general was defeated in an instant, and was killed in three seconds.

"Hey, the host's killing value is improved!"

A system prompt sounded, which means that there are only three generals left.

"Damn, bloodthirsty is also killed!"

The black poison king changed his face and immediately shouted: "The three of us suppressed him, and you went to kill the few people!"

His majesty, only one general is left, and the other two generals are the king of Jinhuang.

The two men cast their gaze toward the King of Jinhuang. After seeing Jinhuang Wang nod, they immediately turned around.

Next, what Ye Xuan has to face is the three major players who have lived for thousands of years. They are not so easy to deal with.

"The meteorite will deal with one, the old one, and Megatron and us will deal with one. Wait for my order, then turn to the fire!"

Ye Xuan immediately assigned the task.

The meteorite general is a nine-folder, and it is no problem to deal with one person.

Although the old tree is lower than a realm, he is not dead, and with the skill of remnant flame, it is not a problem to single-handedly one person. Just give him time and kill the other party.

Megatron is also the seventh place in the birthplace, coupled with the seven-fold fall of the birthplace and the six-fold Ye Xuan, and the single-handed general is not a problem.

The battlefield was instantly divided into two.

"on!"

In Ye Xuan's low drink, everyone greeted him.

The black poison king under the white bones general, the two generals under the king of Jin Huang are the generals of the dragon and the knives.

Among them, this dragon is still a demon, but a dragon, is the strongest under the king of Jinhuang.

At the same time, he is also the opponent of Ye Xuan!

General Xiaolong is the strongest of the last three major players, and Ye Xuan and others have to face him, and the pressure is huge.

However, in order to achieve a certain plan, Ye Xuan must be like this.

"Kid, look at me and smash you into meat!"

The burly middle-aged man looks like a screaming screamer and slams.

"flash!"

Ye Xuan immediately cast a shadow step to leave, while counterattacking.

"The killings broke out!"

"burning the sword!"

At the same time, Megatron and the fall are already left and right, and the generals of this dragon have been killed.

"Hey, hey dragon!"

The generals of Xiaolong snorted, and the big mouth suddenly opened. A sound wave attack spread instantly, and the Megatron and the fall were given to the earthquake.

If the general life is nine-fold, Ye Xuan is enough to single-handedly, but these people are old-fashioned masters, and they can fight two or three masters at the same level, so it is very difficult.

However, Ye Xuan is not trying to kill the big dragon, his goal is another person.

Mad knife general!

The opponent of this mad knives is the opponent of the stalwart general, and the big knives have won a little temper.

Ye Xuan, with his insight into the eye, attacked the generals of the dragon, while observing the mad knives, and constantly instructed the tree and others in his mind.

"Booming!"

Another battlefield is also very fierce.

Although there were six fewer people, the pressure on the captain of the trial team did not decrease.

Before the White Shark King and others were afraid of accidentally killing the captain of the trial team, they had reservations, but now only the three of them were besieged. They immediately strengthened the offensive.

However, the White Shark King, the Jinhuang King, and the Black Poison King are all in the same camp, but they are actually giving each other a scorpion. In the true sense, they are not a group.

There is an agreement between them, who will hold the captain of the trial team first, then who will get the place to leave!

Therefore, their side estimates are not ending so soon.

But on the other side, there may be some changes.

"almost....."

Ye Xuan, who is attacking the generals of Xiaolong, is flashing.

The battle here has always been in his range of perception. He also gave instructions to the old man and others through the air, and set a trap.

At this time.

"Kid, let me die, lick the dragon nail!"

General Xiaolong suddenly spoke a big mouth, a fangs erupted from his mouth, the speed is very fast, almost instantly can be worn by Ye Xuan's head.

"I finally waited!"

Ye Xuan squinted and found that the mad knives had already stepped into his trap.

"The Eye of Void!"

Trap, open!

"call out!"

The dragon nail plunged into the door of the void, and then shot from another place, accurately nailed to the back of one person.

The body of this dragon is called the poisonous wind, and its teeth are highly toxic. The person who has made this dragon nail is the knives of the generals of the dragon.

Fang Cai Ye Xuan is constantly commanding the battle, and now it is finally a success!

Chapter 1473: Venomous dragon

"how come?"

General Xiaolong was shocked. He did not expect that his attack did not shoot Ye Xuan. Instead, he accidentally injured his companion.

How can this be?

The mad knife general did not figure out clearly. He did not understand why General Xiaolong attacked him, but he did not have time to think about it.

The venom spreads instantly, and the mad knives only feel that their bodies are paralyzed. Whether it is the speed or speed of the true gas, it has dropped by at least 30%.

He hurriedly picked up the infuriating and sacred gas to remove the toxins.

But at this time.

"Set fire, mad knives!"

Ye Xuan immediately gave important instructions to everyone.

In an instant, the tree that fought with the big bones was always flashing continuously, and came behind the knives.

Not only that, Megatron and Fall are also instantly taken into the planting space by Ye Xuan, and then summoned again.

The point of the call after the summoning is just in the vicinity of the savage general.

"The cycle is nine flashes, the sixth flash!"

It's already a speed of five flashes, and now it's finally broken!

"Hey!"

"Oh!"

Along the sound of the road, the generals of the dragon and the big bones stared at it and found that the body of the knives was pierced and the head was thrown away. Obviously it could not live.

"Hey, the host's killing value is improved!"

Another system prompts to sound.

Now, there are only two generals left.

Three to three, Ye Xuan used the eye of the void to set a trap and instantly killed one person. This means has already shocked the generals of the bones and the generals.

The original three-on-three can still be tied, but now with the fall of the mad knives, it has become a three-on-two.

The situation is wrong!

Now, General Long also knows that he can no longer hide, and in a sound of dragons, it becomes direct into the body.

Venomous blood dragon!

"Is it finally transformed?"

Ye Xuan listened to the sound of this dragon, and couldn't help but shudder. He quickly passed through the door of the void to the body of the savage general, and accepted it.

"Hey, Megatron breaks through, and is currently alive and well!"

A system prompt tone, so that Ye Xuan's morale is high.

What about being an ontology?

"Megatron, the blade storm, kill him!"

Ye Xuan immediately gave orders to Megatron after the breakthrough.

As for Ye Xuan and others, it is against the big bones. He estimates that at most three seconds, this big bone will be defeated and then killed.

If it is not this big bones, the defense is not bad, I am afraid that even three seconds can not support.

The other side.

The white shark king and other people who heard the sound of this dragon screamed, and did not disable the lingering linger, and then his heart trembled.

The mad knives are dead, and the squadron is also being turned into a body?

what's going on?

The general of Xiaolong is the fourth person in Tianfeng prison. Although he has not yet reached the peak of Jiujiang, but has become a body, he has been able to fight with King Jinhuang.

He is the confidant of King Jinhuang and the good brother of King Jinhuang. The two were arrested together. Otherwise, Tianfeng prisoner is probably a four-point world.

Now, he turned into an ontology, enough to see that Ye Xuan and others are not ordinary.

General Xiaolong is actually the card of Jinhuang Wang. Except for Jinhuang Wang, no one knows that General Long is a Yaozu. Jinhuang Wang originally wanted to let General Xiaolong shoot at a crucial time, but did not expect it to be exposed in advance.

And let the big dragon become the body, or a few juniors, the dragon is being challenged by the leap!

"I want to kill you!"

General Xiaolong turned into a purple-black poisonous blood dragon, mouth spit, and rushed toward Ye Xuan.

Megatron naturally won't let him do it, and he will directly greet him with a thousand **** swords.

"roll!"

The generals of the dragon were flashing, and the tail was smashed. The blood sword was crushed a lot, but with the blood of the undead, these blood swords quickly recovered and continued to fight.

In fact, this dragon is considered to be the heart of the prestige.

After being turned into a body, the giant dragon, with a body length of several hundred meters, is a huge target.

Megatron's blood sword is very scattered, constantly stabbing the poisonous blood dragon, although the defensive power of the dragon is turned into a body after the defense is probably no one can, but don't forget, Megatron has a lucky value, can trigger a storm The effect and one hit will kill.

The crit is okay. If a single blow is triggered, then the poisonous blood dragon will die in an instant, instead of being pierced!

Before fighting with the ice giant, Megatron's blood sword triggered a blow, but only broke the defense of the ice master, and then was worn by the blood sword.

Now, the generals who have become the ontology can not use the infuriating.

Once a strike is triggered, the poisonous blood dragon will fall off instantly!

This is the power of a hit!

On the other hand, Ye Xuan, Shu Lao, the meteorite general, and the fallen people besieged the great bones. The latter has already used the strongest defense, but it has been broken by everyone.

"The leader, save me..."

The big bones changed his face and shouted.

The leader in his mouth was a black poison king, but the black poison king was besieging the captain of the trial team at this time, but he did not have time to take care of him.

"Hey, the host's killing value is improved!"

When a system prompts the sound, the white bones are also killed.

Then, there is only one general left.

Ye Xuan quickly put away the relics of the great bones and then swallowed them.

Although not able to break through, but it is almost!

As long as you kill the generals of the dragon, you may be able to break through to the seven layers of life. At that time, I am afraid that I can't clean these people?

"General Dragon, let's die!"

Ye Xuan screamed and rushed over.

In fact, the generals of Xiaolong have a bit of trouble in dealing with the blade storm. Now, with Ye Xuan and others, he has no chance of winning.

In the distance, the King of Jinhuang sees it, and it is also unmovable!

It is important to leave the Tianfeng prison, but General Long has followed him for so long. It is his life and death brother. How can he see death?

"I give up!"

Jin Huang Wang made a low drink and made a decision directly. Then he turned around and rushed toward the dragon.

"The King of Jin Xuan, who is born in Xuanjing, is too horrible. He must solve the big dragon before he comes over!"

Ye Xuan's flash of light flashed directly to the dragon's general with the death killing order, and then the tree was old and fallen and received the planting space.

"The eye of assassination!"

In the meantime, Ye Xuan has crossed a distance and came to the back of the dragon of the Dragon Dragon. The next moment, the old and the fallen are also reappearing.

The assassination eye has advanced once, and after use, the first attack increases the power of 30%.

In addition, the eye of the unicorn unicorn and the unicorn deterrent skills, if the demon people are humanoid, this unicorn deterrence skills will not have an effect, but this scorpion general into the body, then there will be.

Kirin Deterrence, double the damage caused by creatures such as the Heavenly Beast!

Chapter 1474: For

"A hundred years of life!"

"The killings broke out!"

"burning the sword!"

This time, Ye Xuan also burned a hundred years of life, the attack power is extremely powerful.

"call out!"

The flames of the sword slammed down, and instantly opened the hard defense of the poisonous blood dragon, and then squatted without any hindrance.

"Oh!"

The leader of the poisonous blood dragon is directly smashed!

Spike!

This scene shocked everyone, even the White Shark King and the Black King.

This power is so strong?

Even if they want to kill the poisonous blood dragon, I am afraid it will take a lot of effort, but Ye Xuan, it is so embarrassing.

"Hey, the host's killing value is improved!"

The system prompts to sound, and Ye Xuan's killing value has skyrocketed.

The King of Jinhuang had a footstep, and he could not believe that his brother who had been with him for thousands of years had died, and he was furious.

"Wow, man, I must die!"

Jin Huang Wang Yangtian roared.

The next moment, his body suddenly magnified, bursting out with a dazzling skylight.

In the blink of an eye, the King of Jin Huang has been magnified hundreds of times and turned into a golden giant.

Yaozu!

King Jinhuang, originally not a human being, but a golden giant.

The strength of Jinhuang Wang, who is born in Xuanjing's Jiuzhong Peak, is not weak. Now it is turned into a body, and its defensive power is more than a poisonous blood dragon. It can be called the invincible existence under the dead.

"Mom, scare me!"

Ye Xuan hit a chill, he felt that this Jinhuang Wang is much stronger than the dragon general, after all, in the Xuanjing Jiuzhong peak for thousands of years.

This is trouble!

Fortunately, this Jinhuang Wang is a Yaozu, and after being turned into a body, the Kirin Deterrence has an effect on him.

"Megatron, get him!"

Ye Xuan is in the heart.

There is still some time in the Bladestorm. This battle is not without a chance.

Taking advantage of this opportunity, Ye Xuan quickly put away the body of the poisonous blood dragon, and then swallowed the things in the ring.

General Xiaolong is a good brother of Jinhuang Wang. The wealth is much more than that of the Sun Yat-sen. After swallowing the living Xuan Dan, Ye Xuan finally heard a system prompt.

"Hey, the host breaks through, and the current is the seventh place!"

Breaking through, the birth of the seven heavens!

Now, Ye Xuan is the invincible existence of Sheng Xuan!

"come on!"

Ye Xuan's war was awkward, and the red fire sword in his hand burned directly.

"A hundred years of life!"

"The killings broke out!"

"burning the sword!"

A fierce flame of swords broke through.

After turning into the ontology, the defensive power of King Jinhuang has reached the extreme, even if the White Shark King and the Black King are not so easy to break open.

Jin Huang Wang is very confident in his defense, and with Ye Xuan killing the generals of the dragon, he can't wait to swallow Ye Xuan. Therefore, he does not hide this blow, but directly reaches out to block.

But the next moment, he was shocked!

"Hey!"

The sword of the flames directly penetrated the palm of Jin Huang's hand, and then slammed into the chest of Jin Huang through the palm of his hand.

Jin Huang Wang was hit hard, his body trembled and almost fell to the ground.

He was so stunned that he couldn't think of this violent attack and broke his hand.

Of course, he did not know that Ye Xuan had the unicorn deterrent skills, and the power of this attack doubled in vain when he attacked him.

However, if the attack can hurt him, then it poses a threat to him.

"This kid is not too big, how can he hurt me, is this impossible?"

Jin Huang Wang couldn't believe that when he was surprised, the body's vitality was already repairing the wound, but because of its large size, it consumed a lot of raw scent.

This scene was observed by Ye Xuan.

"It turns out that even if it is turned into a body, you can use the temperament of life, but the bigger the injury, the more the scent of the scent is consumed. I have to look at it. How many times can you fix it?"

Ye Xuan blinked and continued to attack.

He is able to see through the eyes of the Golden Giant with his insightful eyes. In the latter's body, there is a gold core.

Presumably, this is the key to the golden giant!

This gold core is exactly at the heart of the gold giant, so Ye Xuan's attack all attacked his heart.

At the same time, don't forget Megatron's Bladestorm, which attacks the heart of the Golden Giant directly from the back.

The golden giant, the back of the enemy!

In the next attack, Ye Xuan did not burn the life, but continued to use the Burning Sword to attack. Anyway, he has already identified the weaknesses and flaws of the Golden Giant. As long as it is consumed, the Golden Giant will die. Burning life.

Even so, he suppressed the gold giants to retreat.

This scene fell in the eyes of the black poison king and the white shark king, and it was already shocking them to say nothing.

The strength of King Jinhuang, I am afraid it is enough to hang them both, but now it has been suppressed by a kid, very passive.

How can this be?

"What is this kid, what is it?"

The white shark king is very sorrowful.

Available at this time.

"Calling!"

Suddenly a wind slammed behind his back, scaring him to quickly shake out a piece of infuriating.

Unfortunately, it is still a slow step.

"Hey!"

The old flames of the tree came over and punched behind the white shark king.

Fortunately, the White Shark King likes the magical power of water. It is a restrained flame, and the injury is not heavy.

"Two, joined hands to kill this white shark king, my young master will let you go."

The old voice of the tree fell into the ears of the trial team captain and the black poison king, which surprised them.

Because they played too hard, those people were afraid of being affected, so they all escaped far. Therefore, they all reacted at once, and the young master in the old mouth is probably the white youth.

However, they have not responded yet. Why does Ye Xuan only want to kill the White Shark King?

"I'm OK!"

The captain of the trial team nodded and promised.

There is not much air in his body. If he consumes light, his attack power will drop greatly, so he naturally promises. On the other side, the black poison king was already convinced after seeing the strength of Ye Xuan.

He knows that he may not be able to seize the captain of the trial team this time.

Jin Huang Wang seems to be down, and once Jin Huang Wang is degraded, Ye Xuan will join the battle. At that time, he and the White Shark King will die.

Instead of it, it is better to promise!

"Do you mean it?"

The black poison king couldn't help but ask.

"This is naturally true, but there is a request, the last blow must come from me." The tree nodded.

"it is good!"

The black poison king no longer hesitates and agrees directly.

In an instant, this battlefield has become a dozen.

The old tree, the black poison king and the captain of the trial team, besieged the white shark king.

"Why, why are you targeting me?"

The White Shark King shouted loudly.

Chapter 1475: King Jinhuang

The tree did not answer this question because he did not know why Ye Xuan wanted to kill the White Shark King, not the Black King.

Anyway, for Ye Xuan's order, the tree will go to execution.

The captain of the trial team, who was originally besieged, suddenly relaxed a lot, and then joined the old tree and the black poison king to attack the white shark king. In the blink of an eye, the white shark king fell to the disadvantage.

He still can't understand why he was targeted!

"call out!"

The captain of the trial team was extremely strong, and suddenly he stabbed a black sword and went straight through the abdomen of the White Shark.

In an instant, the sin of the dead is the spread of the air. Fortunately, the strength of this deadly black air is better than that of the white shark king, and the wound quickly shrinks.

But when the wound was about to heal, the tree suddenly flew to the front of the white shark king, and then cut into it.

The wound is suppressed!

"White Shark King, die!"

The old tree that reached into the body of the White Shark suddenly smoked.

"Hey!"

The white shark king made a muffled sound, and a flame chain was pulled out by the tree.

This trick is another skill of the old tree, which binds the heart of the White Shark King and has burned it.

The heart of the White Shark King was burned and burned out. The body of the human body and the true spirit suddenly stood without a head and collapsed between the heavens and the earth.

White Shark King, die!

"Hey, the host's killing value is improved!"

Ye Xuan, who was fighting the gold giant in the distance, suddenly heard a system prompt, and the brow was immediately a pick.

However, this task is not over yet.

"Hey!"

The meteorite general in the rear suddenly detonated his heart with the infuriating, and successively fell.

"Hey, the host's killing value is improved!"

"Hey, the random task is completed, the host can choose two of the following three rewards!"

"Reward 1: The spirit of the Remnant of the Ashes is advanced. After the advance, the Remnant of the Remnant increases by one, and the first attack power is increased by 30% after the Remnant."

"Reward 2: One-shot killing skill is advanced, and the chance of triggering a hit will increase after advance."

"Reward 3: Shadow stepping once, and increasing the shadow step speed after advanced."

These three are the rewards after completing this random task. Ye Xuan did not expect that the reward was so rich, it was really big.

Three rewards, choose two.

But is this necessary to consider?

Ye Xuan does not say anything, directly chooses reward one and reward two.

"Hey, the residual flame skill is advanced!"

"Hey, one hit and kill skill is advanced!"

One hit and kill skill advanced, trigger chance increase, plus a little lucky value, sometimes it can bring surprise to Ye Xuan.

As for the advanced skills of the residual flame, it is natural to say nothing.

There is one more residual flame, and you can split two at a time, one of which is used to confuse the enemy, very easy to use.

The most important thing is that after the remnant flame advances, it has the same effect as the assassination of the eye. The first attack increases the attack power by 30%, which is very practical.

Under normal circumstances, the tree is always attacked with a residual flame, which is equivalent to raising his attack power by 30%.

How can I not choose this kind of reward?

After the reward is over, then the next step is to kill the gold giant.

Ye Xuan used the sound of the air to tell the old man the good news. After listening to the latter, his eyes were bright.

It was just that Megatron's blade storm was already on the back of the Golden Giant, opening a big hole and filling it with a blood sword, preventing the Golden Giant's injury from recovering.

At the moment, the tree is always using the residual flame in the past and directly drilling.

The gold giant is so big, the core of the body's vital gold is much larger than the old tree.

At this time, the old tree has already entered the body of the Golden Giant, but he did not immediately find the gold core, because there are many roads inside, you must rely on Ye Xuan's insightful eye guidance.

"not good!"

Jin Huang Wang felt that there was a breath in his body, and his heart screamed badly.

Fortunately, the structure in his body is more complicated, and the old tree wants to find the gold core, but it is not so easy.

Ye Xuan can find it with the eye of insight, but why bother?

"The tree is old, don't go, burn!"

Ye Xuan said directly from the air.

Although the old flame of the tree cannot match him, it is not a problem to melt this gold.

This time, Jin Huang Wang panic.

At this point, the black poison king and the captain of the trial team have already turned around and left without a trace.

Now, here are just a few leaves.

"The killings broke out!"

"burning the sword!"

Ye Xuan continued to attack.

Since the task has been completed, then he does not need to be anxious, continue to consume, and the death must be the gold giant.

The time of the transformation has passed, so she simply went to the planting space to practice.

Soon, Megatron's blade storm time was finished, but when it was about to disappear, it also entered the gold giant's body.

"no no....."

The voice of King Jinhuang continued to ring, and he did not expect that things would get to this point.

Not only is the dragon general killed, but even he is afraid to fall. Why?

Ye Xuan, who is it?

These problems, he probably can only ask the **** of death.

"found it!"

Suddenly violently, it sounded in Ye Xuan's mind. It turned out that the old tree found the gold core.

The battle is finally over!

"No, no, I choose to surrender!"

Jin Huang Wang immediately said.

"Sorry, I don't need it now!"

Ye Xuan shook his head and gave orders directly to the tree.

"Hey!"

The next moment, there was a explosion in the body of the Golden Giant. The gold core was directly bombarded by the old tree and fell.

"Hey, the host's killing value is improved!"

King Jinhuang, die!

In this battle, the three chiefs of Tianfeng prison were killed two, and the generals were all destroyed.

At the same time, it is also let Ye Xuan get a lot of growth.

Ye Xuan quickly put the gold giant's body and Qiang Kun away.

"Young Master, the body of this golden giant gave me, I can refine."

The old tree said.

Ye Xuan nodded and directly dropped the body into the planting space.

The cooling of the Kirin drop can only be done with the body of the Tongtian beast.

However, the old tree can use all the corpses to improve, even if this gold giant can.

Although there are not many natural properties in the Tianfeng prison, the old trees can be upgraded by refining the body.

"Go, chase the two!"

At this time, Ye Xuan suddenly said.

"Little Master, don't you say let them go?" The tree asked a little strangely.

In order to fulfill his commitment to Mo Blood Clothes, Ye Xuan has been chasing all the way to Xuan Ming's eyes. Now it's hard to eat words?

Upon hearing this, Ye Xuan showed a demon smile and replied: "People can go, but things must stay!"

Chapter 1476: go away

Also, the two are all nine-born, and the black king is one of the three chiefs. There is a lot of wealth. Will Ye Xuanzhen let go?

At the moment, Ye Xuan and the tree are old and divided into two ways, chasing the black poison king and the captain of the trial team.

Within half a minute, Ye Xuan is the first to catch up with the black poison king.

"It's you, what are you going to do?" The black poison king saw Ye Xuan catch up and was immediately shocked.

"People can go, things stay!"

Ye Xuan replied remotely.

"No!"

The black poison king answered subconsciously.

Upon hearing this answer, Ye Xuan looked cold and said: "I will give you a way to live, since you don't want it, then..."

The words have not been finished yet, the black poison king is playing a chill, immediately said: "Okay, I will pay, I will pay!"

A dragon ring, lost to Ye Xuan.

With the eye of insight, Ye Xuan saw that there was no other squad in the black poison king, but he gave up the pursuit directly.

If the black poison king does not know how to lift it, he does not mind sending the black poison king to the road, so that the old tree can still have one more body refining.

As one of the three chiefs, the black poison king has a lot of wealth, but he can only improve his cultivation and no one has broken through.

Then, next, it is the captain of the trial team.

"Little Master, chasing it!"

Ye Xuan's mind sounded the old voice of the tree. Then, Ye Xuan broke through the void and came to the old side of the tree.

With a special positioning of the void, he can come to his pet in an instant, very convenient.

"What do you want to do?"

The captain of the trial team looked at Ye Xuan with a look of taboo.

"I just want to stop." Ye Xuan said slowly.

The captain of the trial team thought that Ye Xuan had turned his back and made a shot to him. He did not expect to just stop.

Fortunately, when he entered Tianfeng prison, things were hidden.

"You can give it to you, but I will leave the weapon." The captain of the trial team replied.

"whatever!"

Ye Xuan did not refuse, anyway, just a weapon, what is it?

After he took over the squadron that the captain of the trial team had thrown, he quickly investigated it.

Sure enough, not much.

"But let's go."

After Ye Xuan finished, he turned and prepared to leave.

He is also preparing to transfer the entire Tianfeng prison to it. After all, there are still many generals whose residences have not been scraped.

"and many more."

At this time, the captain of the trial team suddenly called Ye Xuan.

Ye Xuan heard the words and turned and asked: "Is there something?"

"Your qualification is good. If you think about it, I can take you out of Tianfeng prison." The trial team captain replied.

He is also a person with identity. If he thinks, taking away a few people should not be a problem.

"Oh? When will you go?" Ye Xuan's eyes lit up and replied.

"My trial time is one month, and I can leave when I have finished the trial." The trial team captain replied.

"One month, too long, goodbye!"

Ye Xuan shook his head directly, then passed through the door of the void and disappeared instantly.

The captain of the trial team came in only a few days, let Ye Xuan wait for so long, that is still alright.

In half a month, Ye Xuan may be able to break through to death!

After leaving, Ye Xuan was the direct division of the three divisions, allowing Megatron and the tree to rush to the residence of the generals.

In the Tianfeng prison, the three chiefs have four generals.

Now the four great white shark kings are dead, and the black poison king and the king of Jin Huang also died two generals.

In other words, there are four great generals alive!

Even the master of Jin Huangwang died in Ye Xuan's hands, and the remaining four were simply vulnerable.

This time, Ye Xuan spent a full seven days.

Seven days later, in addition to the black poison king and the captain of the trial team, there was no third strong man in the Tianfeng prison.

"Young Master, I caught a seven-year-old trial player!"

At this time, the tree suddenly said.

There is a rule in Tianfeng prison. As long as you grab the same level of trial players, you can exchange for a place to leave.

Ye Xuan is now just seven years old, so he can already leave.

"Well, go to the entrance and leave Tianfeng prison!"

Ye Xuan nodded and rushed directly to the entrance to Tianfeng prison.

It is just that he is now very close to the entrance to the Tianfeng prison and arrived in half a day.

At the same time, in his hands, there is also a seven-year trial team.

Of course, the trial team members have been controlled by him.

"Oh, someone can catch the trial team."

"He is a seven-year-old, good luck, it seems he can leave!"

"Hey, what a joke!"

At the entrance to the Tianfeng prison, many prisoners are waiting.

Ye Xuan was just getting close, and some people surrounded it with ill will.

"Megatron, but if you are close, kill innocent!"

Ye Xuan directly gave orders to Megatron.

"Hey!"

Megatron in the state of Feijian, the sword trembled and expressed understanding.

Ye Xuan, who was born in Xuanjing, became a nail in the eyes of many people. He carried the team of the trial team in his hand and plundered toward the entrance of Tianfeng prison.

"kill!"

In an instant, there are a few figures who have killed him.

"Hey, look for the dead!"

Ye Xuan snorted and raised his hand was a sword.

The district was born in a seven-dimensional environment, and dared to come to him for trouble, really looking for death.

The information transmission of Tianfeng prison is still fast. Since the death of the two chiefs and the generals, Tianfeng prison has become a mess.

The black poison king was jealous of Ye Xuan, so he hid it directly.

No one knows that Ye Xuan is the super strong who killed King Jinhuang.

These people who came to him for trouble, there are more than a dozen, but under the attack of Megatron, these people were quickly pinched their heads, and then Ye Xuan was thrown into the planting space to refine the tree.

This strength has already shocked everyone!

"Anyone else?"

Ye Xuan went to the wall and shouted aloud.

No one answered.

Since no one came, Ye Xuan turned directly and used the power of Vientiane to push the door of this wall.

"Boom!"

The door was wide open, and a hot breath erupted, scaring the group of people back a few steps.

Under the wall passage, there is a huge flame double-headed dog, but it is too lazy to open his eyes at this time, because Ye Xuan is only seven.

"Boom!"

The other side of the wall gate suddenly opened, and then walked into a middle-aged man, it is the caretaker of this Tianfeng prison.

"Your luck is good, even one person has been captured."

The caretaker was a bit surprised. He knew the man in Ye Xuan's hand and was the trial player who had entered the prison in Tianfeng.

Ye Xuan grabbed him and walked over and said, "Can I leave?"

"can!"

The caretaker of the nine-fold peak of this life nodded.

There are two ways to leave on the bright side of Tianfeng prison. One is to obtain the trial team of the same level, and the other is to kill the flame double-headed dog.

Chapter 1477: Battle, flame double-headed dog!

However, the second method can't be done at all, because there is a special array of unknowns in this Tianfeng prison, and the people inside can't cohesively suffocate, that is, they can't break through to the dead.

Therefore, Jin Huangwang, White Shark King and Black Poison King have been stuck in the peak of the birthplace, and they have been unable to break through to the dead.

They actually guessed it, but unfortunately, what happened to it?

Like to reach their realm, they dare not challenge the flame double-headed dog at the level of death, so they are simply waiting for the king.

Ye Xuan took the controlled team and passed the flame double dog.

"If you kill this flamed double-headed dog, let the tree refining his body, you may be able to break through to the realm of life!"

Ye Xuan walked and thought in his heart.

He hesitated in his heart, whether or not to do this flame double-headed dog.

However, after thinking about it carefully, I decided to let it go first, because he still doesn't know how many people there are, and is there a master who has a dead end?

If he sneaked into the flamed double-headed dog, it would be a tragedy if he couldn't solve it and let the outside guards come to support it.

So, wait until the outside position is positioned, and when the positioning is completed, he will still be able to run away.

Ye Xuan went to the caretaker and handed the players to the other side.

The caretaker used the power of Vientiane to hold up the unconscious team member, and then turned around with Ye Xuan.

"Boom!"

The gate at the entrance was closed, and Ye Xuan finally saw the day again.

At the moment, he is directly positioning the void and sweeping it with the eye of insight.

In the distance, there is a small palace, and there seems to be one person practicing.

"Dead Xuanjing master..."

Ye Xuan's eyes are awkward. Here, it's true that there is a dead master who is sitting in the town, but only one.

"Okay, you can go..."

At this moment, suddenly a cold voice fell into Ye Xuan's ear, not waiting for Ye Xuan to turn around, that is, there is a hand that penetrates his chest.

Heart, broken into two halves!

The watchman of the ninth-level peak of the student Xuanjing, shot on Ye Xuan.

"Sorry, the city owner has orders, no one can leave!" The caretaker said slowly.

If Ye Xuan is a master of eight or nine heavy, the caretaker may recruit, if promised, then refer to the city government.

If you don't agree, then he will kill him!

There is a flame double-headed dog at the bottom of the city wall sitting in the town, even if Jin Huang Wang came out, I am afraid I will die here.

However, the caretaker of this Tianfeng prison did not know that Ye Xuan had an eternal eye.

The heart is not his key!

"Dare to move the young master, kill innocent!"

An old voice screamed behind the guards.

"what?"

The Guardian of the nine-fold peak of this ecstasy suddenly trembled. With his realm, he did not find out how people behind him appeared.

How can this be?

Not waiting for him to react, the tree is always a punch, directly through the caretaker's chest.

Ye Xuan's heart was pierced and he would not die.

But the caretaker is dead.

"Hey, the host's killing value is improved!"

Ye Xuan's mind sounded a system sound, which made him somewhat helpless.

He was also playing the idea of the dead Xuanjing flame double-headed dog, and now he can justifiably shot.

After the death of the guardian of the peak of this life, Ye Xuan subconsciously took a look at the small palace in the distance and found that the dead and powerful Xuanjing who was practicing inside was not aware of it.

Since you haven't found it, start acting!

Ye Xuan re-answered the front of the city gate and used the power of Vientiane to open the city gate. What made him amazed was that the dead Xuanjing flame double-headed dog that fell asleep under the city wall opened his eyes and the two contrast washing machines were still Big eyes are falling on Ye Xuan's body.

"Is it discovered?"

Ye Xuan's body trembled and his thoughts flashed through his mind.

He was just killed by the caretaker who was born at the top of the scene. The flame double-headed dog woke up. Could it be that this flame double-headed dog was found?

The next moment, he will understand.

"Roar!"

The flamed double-headed dog snarled, directly with two big mouths, and spit a flame at Ye Xuan.

Sure enough, it was discovered!

This flame double-headed dog is the target of Ye Xuan's killing, so he is not hiding.

"Death chase!"

"The eye of assassination!"

In the blink of an eye, Ye Xuan flashed behind the flamed double-headed dog and then smashed a sword.

"Oh!"

The back of the flamed double-headed dog was cut open with a deep ditch, and the blood was erupted with a flame, like a fountain.

The Heavenly Beast of the Dead Xuanjing is really not so easy to solve!

Ye Xuan saw that his attack was solved by the dead body of the flame double-headed dog. Even with the unicorn deterrence, he could not seriously hurt the flame double-headed dog.

Do not think that the spirit of life and the mysteriousness of the dead are on the human and the demon. There are also many people in the body of the heavens. They can be treated with the sacred gas, and they can also attack and defend with the sin of the dead.

"Megatron, Wanjian is a sect!"

Ye Xuan said nothing, directly took out the bottom of the pressure box skills.

This flame double dog must die.

As long as it is strangled, the old tree can break through to the nine-fold life, and the Qilin drop may also reach the cooling. Ye Xuan can also break through to the eight-fold environment.

In one fell swoop, three!

"Calling!"

Thousands of **** swords appeared in the sky. At the same time, the fall also directly separated hundreds of avatars and flashed rapidly.

"Transformed!"

"The cycle is nine flashes, the sixth flash!"

When Ye Xuan took out the spoils in Tianfeng prison, he fell into the meditation and practiced.

After the transformation, it is a skyrocketing realm, breaking through to the realm of eight!

Their round of group attack, the birth of this dead Xuanjing flame double dog to the heavy hit.

At the same time, the movement here also caught the attention of the people who practiced in the palace.

Not only that, but in the vicinity of the entrance to the Tianfeng prison, people who heard the movement, could not help but lean over, and then use the force of Vientiane to open the gate.

The next moment, they are shocked!

Someone is fighting the flamed double-headed dog in the dead side!

And this person is still the young man who has already left.

How can it be possible to challenge the flame double-headed dog at the level of death?

"God, I am blind, I am a flame-headed dog who is challenged to die in a deadlock. Isn't that looking for death?"

"No, it's only obvious that one person is in, and the other is also a man. How come a veteran and a fox girl?"

"It must be that we are making mistakes. They must be nine strong people, but we are low."

"Rely, I hope they can kill this dead-faced flame double-headed dog, so we may be able to leave this ghost place."

"Yes, Tianfeng City Master must have thought that this flame double dog alone is enough, there may be no other strong people outside, we are saved!"

Chapter 1478: Golden crown youth

The group of onlookers in Tianfeng's prisons all boiled up.

They saw that Ye Xuan's eyes had severely injured this dead-headed-level flamed double-headed dog. If it was not treated with sacred gas, the flamed double-headed dog might have died.

"Dead Xuanjing really is difficult to entangle, dead Xuanjing has a deadly mysterious gas, can be used for defense, and then treated with raw sacred gas, it seems that you must kill a deadly!"

Ye Xuan's light flashed, his heart planned, and then gave orders directly to the old three of the tree.

Full force, attack the two heads of the flame double-headed dog!

"Sharp storm!"

"The flames!"

"Return nine flashes!"

"burning the sword!"

The four men shot together and attacked the head of the left side of the flame double-headed dog.

Even if this flame double-headed dog has the treatment of dead and mysterious defense and the treatment of raw scent, it can't resist the attack of four people.

Under this round of attack, the left head of the flame double-headed dog is bursting open, leaving only the right one.

"Roar!"

The flame on the right spurted a smoldering flame that just slammed into the old tree.

Although the tree has the flame resistance of the blood of the dead, and the spirit of the ashes, but still can not stand this mouth, directly eroded by the sin of the dead.

"Hey, the spirit of the ash is dead!"

"Hey, the spirit of the Ashes is resurrected!"

Fortunately, this flame double-headed dog is attacking the old tree. If it falls, Ye Xuan will hide it in the planting space.

"A second round!"

Ye Xuan's mind shouted.

However, just when their attack fell.

"stop!"

Suddenly there was a violent scream outside the city gate, echoing in the passage of the entire city wall. This violent drink was from the outside world, not the Tianfeng prison.

Ye Xuan can care about who is coming from, and regardless of the realm of the other party, kill and say.

"Booming!"

Under the attack of four people, the right head of the flame double-headed dog was also bombarded. At this time, the left head has not recovered.

The flame double-headed dog is a peculiar creature. As long as the two heads are not destroyed at the same time, they can be cured with the vitality of the body.

Moreover, they have no heart, so the two heads are the key, and they must be destroyed at the same time.

Fortunately, the strength of this flame double-headed dog is not as strong as Ye Xuan imagined. Ye Xuan has been here for thousands of years.

"Hey, the host's killing value is improved!"

After the death of the flame double-headed dog, Ye Xuan heard a system prompt. At the moment, he quickly collected the body.

"Hey, the host breaks through, and the current is a mysterious place!"

"Hey, the spirit of the ashes breaks through, and the current is a mysterious nine!"

Two consecutive system prompts to sound.

It is a pity that the cooling of the unicorn will be restored by 5 percent.

But Ye Xuan is not happy, because there is already a broken sound.

"call out!"

"The flames!"

"burning the sword!"

Ye Xuan and the tree were all out of the way, and they smashed this sword from the outside.

At the same time, Ye Xuan stared at him and set his sights on the young man outside.

This young man has a golden crown and stands in the air. It looks like he is not small.

The breath of his body turned out to be a deadly world.

"Is that the person who cultivated in the palace? I didn't expect it to be a peak of death."

Ye Xuan's light flashed.

Fortunately, he broke through temporarily, otherwise he would not be able to pick up the sword.

Although he only killed the flame double-headed dog, this flame-headed double-headed dog is a beast of the heavenly beast. In addition to possessing the spirit of sacredness and the sin of the dead, the combat power is low.

He estimates that the strength of the flame double-headed dog is probably less than one-third of the people in front of him.

"Good guy, the second child has actually died in your hands, but there are some means to go with the second child!"

The Jinguan youth did not say anything, directly to a sword, the entire wall was split into two, and then killed.

Ye Xuan remembers that the last time he also killed a young man wearing a golden crown, it seems that he was robbing the eternal heart.

This time, try another one!

"What is the peak of a deadly Xuanjing, killing you!" Ye Xuan double-faced, directly in this Golden Crown youth a death killing order.

Although he is only alive and well-being, but the old tree has been born into a nine-fold, coupled with the blade of the sacred environment of the eight-dimensional Megatron, may not have the power of a war.

Only, he is too naive!

"Hey, the sea tactics are useless to me!"

The Golden Crown youths came in. After a low drink, suddenly a powerful and deadly black air erupted, and the blood sword group led by Megatron was instantly eroded by the deadly black air. The recovery rate of the phoenix blood is not comparable.

In the blink of an eye, the blade storm was broken!

"Hey, Megatron died!"

"Hey, Megatron is resurrected!"

Two system prompts, let Ye Xuan's footsteps.

It seems that the captain's death in the previous trial team was too weak.

This is the real dead Xuanjing strong!

However, Ye Xuan is not going to give up.

"The flames!"

The tree suddenly flashed to the back of the Golden Crown youth, punching out.

The residual flame skill has advanced once, and the attack after each use will increase by 30%. In addition, the old tree is already a nine-fold person, and one single one is dead. In Ye Xuan's estimation, he should be able to do it. Arrived.

However, this punch is beyond the expectations of Ye Xuan and the old tree.

"Hey!"

The fire fist slammed behind the golden crown youth, but it was solved by the vigorous death of the mysterious spirit. Not only that, but even the old fists of the trees were smothered by the sin of the dead.

This deadly Xuanjing has a heavy sigh of martial arts. Once it is contaminated, it will spread like a flame.

The tree is always the spirit of the ashes, but it is not spared.

In the blink of an eye, the old tree is covered by this dead and mysterious atmosphere, and then turned into nothingness.

"Hey, the spirit of the ash is dead!"

"Hey, the spirit of the Ashes is resurrected!"

Two systems prompt to sound.

The old sneak attack of the tree was not successful, but it was killed by the earthquake. How is this possible?

"Oh, it's too naive. I took the root of death. The deadness is not worse than the dead, and I committed suicide!"

The Golden Crown youth smiled coldly. Although he did not know how the tree always flashed behind him, but it was already dead, then don't think too much...

However, when this thought was just flashed, the tree was once again in front of him.

"How come not to die?"

The Golden Crown youth was shocked.

Rebirth, this is the ability of the invincible strong!

"Death is not dead, but you can decide!" The old tree is also a sneer.

Although he did not reach the end of the territory, but after the conclusion of the contract with Ye Xuan, it almost reached the end of life.

Resurrection, what is it?

Chapter 1479: wanted

However, the old death of the tree made Ye Xuan's warfare directly reduced by half.

This Golden Crown youth, I am afraid it is not so easy to deal with.

The difference between the long habitat and the living environment is not big. The latter is just more than the former, which can cure the injury.

However, the gap between the birthplace and the deadness is big.

The attack of the dead Xuanjing strong can not be blocked by the birthplace.

Even Lianshu can't break the defense of this Golden Crown youth, Ye Xuan is afraid it is also difficult.

"It seems that today can only go first."

Ye Xuan eyes a glimpse.

It's not that he doesn't want to fight, but there is no way, because he can't break even the defense of the other side.

So, I am afraid this time I have to withdraw!

"Kid, I saw a look of retreat from your eyes, but do you think you can leave?"

The Golden Crown youth suddenly showed a sardonic smile.

The strong man who has a peak of his death is guarding the door. Who can escape?

Ye Xuan also thought of this, but he has already left a void position outside the first step, as long as he wants to leave at any time.

Thinking of this, Ye Xuan hid the fall to the planting space and then quickly retreated.

"Kill the second child, still want to go?"

The golden crown youth brows and picks up quickly, but it has just been chased out. Ye Xuan is directly breaking away from the void.

"Short-empty means?"

The Golden Crown youth was shocked.

The old tree can be reborn, this is a means of not destroying the country, and it is a means of passing through the sky.

Also, the fall suddenly disappeared, what is this means?

What are these people?

"Interesting, when I catch you, all of your skills are mine!"

The Golden Crown youth suddenly showed a sinister smile, and the sly look was a greedy look.

At the moment, he directly shuts down this formation, and no one can get out. No one can get in. Then, he was ready to go back to Tianfeng City, and a few people came over and found Ye Xuan.

What he didn't know, however, was that he had been ordered by Ye Xuan to kill him.

Ye Xuan can accurately sense his distance.

"Are you gone?"

In Tianfeng prison, Ye Xuan's mouth was slightly tilted. After the Golden Crown youth left, he broke open the void again and came to the entrance of the array.

Fortunately, he is the first to come out and then start, if it is directly on the wall, then I am afraid it will be difficult.

At the moment, he is quickly leaving, while also searching for the soul of the dead guardian.

"It turned out to be Tian Tiancheng Shaocheng master Yin Tianjian, wait, kill you sooner or later!"

Ye Xuan looked at the scarlet 'kill' word in the sky, and made a plan in his heart. Just right, he still had no place to upgrade. This Tianfeng City is a good place to go.

At the moment, he is chasing Yin Tianjian, but this Yin Tianjian's speed is extremely fast, directly opened Ye Xuan.

Fortunately, Ye Xuan has a death killing order, otherwise it will lose the target.

This Yin Tianjian did not know that he had been marked, spent a long time, rushed to Tianfeng City.

Soon, there was a team starting from Tianfeng City and going to Tianfeng prison. And Yin Tianjian, who stayed in Tianfeng City, seems to have something important to do.

However, this team was hit by Ye Xuan.

Ye Xuan has not yet arrived in Tianfeng City, it is this team.

This team has a total of ten people, led by two masters of dead Xuanjing, they are also eclipsed after seeing Ye Xuan.

"Catch him, he is one of the most wanted people in the city!"

A dead Xuan Jing master angered.

Ye Xuan heard this and immediately understood that this is the team that Tianfeng City City sent to Tianfeng prison to arrest him.

"The strength of Tianfeng Shaocheng's master is beyond my expectation, but you guys are still dead, want to stop me?"

Ye Xuan's flash of light flashed and summoned the old three of the trees directly.

The fate of this team is destined to be completely destroyed!

"Four are here, kill!"

Seeing the four figures that suddenly appeared next to Ye Xuan's body, the strong man who died in Xuanjing's glimpse, after angering, immediately took the lead toward Ye Xuan.

"The tree first solves the miscellaneous fish, and the two deaths are dragged by us."

Ye Xuan immediately issued an order.

He is a sacred place, and Megatron is also a sacred place, and it's still a little bit worse.

With their strength to drag the two deadly realm, the problem is not big.

The ability of the old tree to change position is too bad, he went to clean up the eight students, it is estimated that it will not exceed three seconds.

Three seconds!

Ye Xuan three can only hold each other for three seconds.

"The killings broke out!"

"burning the sword!"

"Return nine flashes!"

Ye Xuan directly attacked the two dead and powerful Xuanjing strong and attracted hatred.

Both of them thought about the birth of a few Ye Xuan, and directly escaped the attack and then rushed toward Ye Xuan.

But at this time, the tree suddenly suddenly flashed, and came to the back of a deadly Xuanjing nine strong.

"Hey!"

The effect of the residual flame is increased by 30%, and the tree of the same level is old, and one person will be burned into fly ash in an instant.

"Hey, the host's killing value is improved!"

"Hey, the host's killing value is improved!"

"Hey, the host's killing value is improved!"

Those who are dead and strong are not yet close to Ye Xuan, and the people behind them are dying one by one.

It seems that the strength of the old tree is beyond the expectations of Ye Xuan. At most two seconds, the eight people can be killed.

One second!

Two seconds!

Ye Xuan and others quickly retreated, but it was dragged for two seconds. After two seconds, the eight warriors who were born in Xuanjing were all fallen.

In this regard, the two big dead Xuanjing strong people are slightly surprised, did not expect the first confrontation, they did not take any advantage, but also the other side gave the old end, it is a shame.

When they were dispatched, Tian Tianjian, the master of the Tianfeng City, told them that they should be cautious, but this piece of advice was not used.

"Sure enough, I can bear it!"

A dead Xuanjing strong person thought in his heart.

He does not feel sorry for the dead, because there are a lot of masters in the main city of Tianfeng City, and these people are stuck in the realm of Xuanjing for many years. It is estimated that there is no possibility of breaking through to the dead, and then die. More is fine.

"Boy, you are the ones who are wanted by the Lesser City. The lesser owners appreciate you and let us go."

An old man said to Ye Xuan.

At the same time, his heart is also very confused, because Tianfeng City Shaocheng said that Ye Xuan is in Tianfeng prison, but now, how come near Tianfeng City?

"Appreciate me, shut me down?"

Ye Xuan brows a pick, a casual look.

He estimated that this Tianfeng City Shaocheng master Yin Tianjian is only interested in his means.

"In this case, then we will ruin us ruthlessly!"

The middle-aged man's appearance of the deadly Xuanjing strong person snorted and once again killed Ye Xuan.

Chapter 1480: Recognized

This time, Ye Xuan did not hide again, but directly greeted him.

The tree is always a child of Xuanjing, enough to be singled out with a dead Xuanjing strong, his opponent is the old man.

The strength of Tianfeng City Shaocheng Lord Yin Tianjian is actually comparable to that of the dead Xuanjing. There is such a strong and deadly spirit, and the tree can't help him.

However, this old man is just an ordinary dead-end, can the tree still do?

"The flames!"

The tree directly condenses two remnants of flames and forms on both sides of the old man.

Remnant flame is advanced in skill. It can condense two remnants of flames at a time. Although it can only be shifted to one, it is enough to confuse the enemy.

The old man only saw the old skill of the tree. He could only quickly spread a piece of infuriating and tried to annihilate the residual flame. However, the old tree still took the first step and shifted the position to the left before the opponent started. Then a punch hit.

"Hey!"

This dead man who was a heavy old man was recruited and flew out.

The old flame of the tree hurt the old man. At the same time, the old arm of the tree was also smothered by the sin of the dead, spreading rapidly.

"Humph!"

The old light of the tree flashed, and the gas of this deadness was directly extinguished.

Compared with Tiancheng City, the lord of the old man is too weak.

Although there is no temperament in the old body of the tree, he has the blood of the undead, and it is restored in the blink of an eye.

Of course, the old man is the same.

This blow is considered to be both losers, but the old tree still has a slight advantage, because the blood of the undead is not to be used, and the old man's life is consumed.

"Come back!"

The old tree flashed and rushed again.

The other side.

Ye Xuan, Falling, Megatron, the three men joined forces against another dead strong Xuanjing strong.

"Young Master, it seems to be very close to Tianfeng City. If you fight again, their reinforcements will arrive."

"I know, but the reinforcements are all right, the young master's cards are already available."

Ye Xuan answered.

The card in his mouth was the unicorn.

Half a day ago, if his unicorn was able to use it, then the Tiancheng Shaocheng master Yin Tianjian was probably dead.

When the reinforcements are coming, how about?

However, it is really difficult to challenge the reality of living in a cross-border environment.

This deadly spirit is too difficult to entangle.

If the tree is old, they can easily kill one person, but the old tree is going to single-handedly pick another one, so they can't help the middle-aged, and the middle-aged can't help him.

Can't kill, then, control!

"Let's fall, prepare the eyes of charm!" Ye Xuandao.

"understand!"

Nodded.

From the very beginning, Ye Xuan was using the eye of the soul, but since it has not broken through to the eight-fold life, and then does not use the transformation, her charm has no effect.

At the same time, Ye Xuan is now also laying a trap, which is the positioning of the void.

If you can kill, that's the best!

The two sides played a close match, and the time passed a little bit. Only a few of them were sent to the scene before the death. It is estimated that Tianfeng City may have support.

When the battle lasted for ten seconds, Ye Xuan's opponent suddenly stepped on the point, which was in the trap.

"good chance!"

Ye Xuan faced the attack he had stepped on, and the light flashed.

"Hey!"

A void door opens.

The sword of the middle-aged man passed over the door of the void and struck from behind him.

"puff!"

Jianmang didn't enter the middle of the middle-aged man. What's more, the heart of the middle-aged was directly pierced.

The sacred air can regenerate the broken arm and heal the wound, but the heart and brain cannot repair it.

This middle-aged man is self-restraint and kills himself. This is also beyond the expectations of Ye Xuan.

Originally, Ye Xuan wanted to control the middle-aged person to work for himself, but did not expect the other person to commit suicide.

However, this is the end of the matter, Ye Xuan can only face it calmly, after all, is there still a person?

"Hey, the host's killing value is improved!"

When the system prompts the sound, Ye Xuan is swiftly swept past, accepting his shackles and corpses, and then killing the old man.

The situation here was seen by the old man, suddenly shocked him, and then quickly quit, but there is a tree, he can not escape.

Under the attack of all the people, this person was seriously injured, and the temperament of the genius could not recover.

However, he would rather die than die and be afraid to be controlled by Ye Xuan.

In desperation, the fall had to be transformed and then use the eye of charm to control it.

"The charm is easy to be seen, and he will be handed over to me!"

After Ye Xuan finished, it was the eyes of the soul. The old man's soul was open, and the charm effect was concealed by Ye Xuan's soul and became the servant of Ye Xuan.

The person controlled by the eye of the soul, Ye Xuan can give him a voice through the air, let him execute the command, but the charm is not good, and the charm is easy to see, so the eye of the soul is better to use.

"Leave before you say!"

After the control was completed, Ye Xuan broke open the void and left the area.

Soon after, there was a master of the Tianfeng City City, but no one was found. However, the life jade card in the main city of Tianfeng City has shattered nine.

Ye Xuan left the battlefield, and then took the old man's Qiang Kun to accept it. Unfortunately, there was not much. It seems that he had to go to Tianfeng City to scrape it once.

"When you return to Tianfeng City, you say that you are seriously injured and then escaped."

Ye Xuan said to the old man.

The old man surnamed Yin Mingliu is the Yin family of Tianfeng City, and the eyes of the soul will not be seen, so he will not have any problems when he returns.

Then, this Yinliu is leaving.

As for Ye Xuan, it is a long way around, and then changed into a face into Tianfeng City.

He just entered Tianfeng City, there is a big team to leave, the team is the Tianfeng City Shaocheng master Yin Tianjian, which can scare Ye Xuan.

He estimated that this team is probably going out to catch him.

However, who would have thought that he has easily entered Tianfeng City?

"Although I changed my face, but Yin Tianjian, the capital city of the city, may have remembered my breath, or be careful!"

Ye Xuan thought in his heart, but also could not help but reveal a sardonic smile and watched the team leave. Then, he was going to go to those auctions and the big family to make a fortune.

"stop!"

At this time, the team suddenly stopped.

Ye Xuan's footsteps were also a real one. Turning his head and looking around, he found that Yin Tianjian, the main city of Fengcheng, was looking at him in that direction.

The eagle-eyed scorpion turned and finally fell on Ye Xuan's body.

How can this be?

Ye Xuan was shocked.

He has the status of assassination, and the means of hiding the breath is extremely superb. However, it was discovered by Yin Tianjian, the owner of this Tianfeng City. How is this possible?
