Chapter 148: Destroy the beast

Ye Xuan and others took this singer, Dapeng, and flew a little inside.

At this time, Zhao Chongguang suddenly felt that something was wrong, and hurriedly patted the head of the beast Dapeng.

In the meantime, this beast, Dapeng, was killed and began to fall.

"Uncle Wen, what do you do?" Zhao Pan shocked.

"It was controlled and was flying up. If we fly to the sky and take us down, we will all die." Zhao Chongwen shouted.

The beast of the beast, Dapeng, is the one he raised, so he is very familiar with it.

Only when he had to, he only started.

"We are not too far from the ground, everyone is doing a good job, and will jump when they land." Zhao Chongguang shouted.

At this time, all of them were falling, and they had to grasp the feathers of the spirit beast and prevent them from being blown away by the wind.

The whole beast, Dapeng, slanted down, and everyone on the back was holding his breath. When they fell to 30 meters, they forced a shot at the spirit beast and used the true spirit to slow down the fall. time.

"Hey!"

"Hey!"

"Hey!"

Six people constantly blasted the true spirit to the ground, and finally landed safely.

Fortunately, this spirit beast Dapeng is also in the air of 100 meters. If it is flying to hundreds of meters, then even if they use the true spirit, I am afraid that they will also fall apart.

"Good risk, the **** beast **** Yu Yu, I have to kill it. It seems that this beast **** Yu Yu already knows that we are coming." Zhao Chongwen looked angry.

This beast, Dapeng, but he cultivated from childhood, spent a lot of money and energy, but now he was killed by his own hands, so he can not wait to tear the beast of the beast.

"Uncle Wen, what do we do now?"

Zhao Pan turned and asked.

"I just want to protect you safely, you ask Ye Xuan." Zhao Chongwen replied.

Although he hates it, he still remembers the purpose of his trip.

Although the beast **** Yu Yu is very dangerous, Zhao Chongguang wants to experience Ye Xuan three people, so he is best not to intervene.

Suddenly, Zhao Pan four people turned their heads and looked at Ye Xuan. Now they found out that Ye Xuan had no dust at all.

They only jumped out of the air, although they slowed down the speed with the real spirit, but they still rolled after landing, so they were dirty.

Can Ye Xuan, still a white coat, which proves that Ye Xuan is stable.

Ye Xuan, who has a mid-level chasing leopard blood, naturally will not fall down because of this height. At this time, he is looking at one direction and frowning.

"From here, the embers should be here." Ye Xuan pointed at a winding road at ten o'clock.

"How do you know?" Zhao Pan is a bit strange.

"Premonition!"

Ye Xuan replied casually.

After the blood of the beast is raised to the intermediate level, there is a hidden attribute, which is the induction of the beast.

In this direction he refers to, there is a breath that makes him feel guilty, so he concludes that the embers of the beast is here.

"Yes, this road is the depth to the Black Wind Mountain. The map in my hand also identifies the place where the beast **** Yu Yu is most likely to hide." Zhao Chongwen took out a map of sheepskin.

Zhao Pan was a little surprised, but didn't ask much. They thought it was just Ye Xuan's intuition.

At the moment, they are rushing in the direction pointed by Ye Xuan.

Now they don't have a bird mount, they can only use their feet to hurry.

Zhao Pan is the peak of the true spirit, but also has a spiritual body martial arts, so the speed is not slow.

As for Ye Xuan, there is no use of martial arts. If he runs all the way, I am afraid that only Zhao Chongwen will be able to keep up with him.

They ran for a while and found a large group of monsters in front, which seemed to have at least forty.

However, before other people approached, Ye Xuan directly took out the chasing star bow. After a few strokes, he killed the monsters.

"Good arrow!"

Zhao Chongwen couldn't help but praise that the group of monsters he saw was at least five hundred meters away from them.

However, Ye Xuan can shoot these monsters one by one across the 500 meters. This is not something that ordinary people can do.

Of course, Ye Xuan can do this, thanks to the intermediate shooter talent.

"Next, everyone follows me!"

Ye Xuan suddenly shouted, his body slanted, and turned to the left forest.

"What is he going to do?"

Zhao Chongwen and others were a little surprised, but they didn't ask much. They followed it directly.

However, it didn't take long for them to discover a little. They even avoided the more than ten sets of monsters.

"Great, even I don't know how to avoid it, how do you know?" Zhao Chongwen finally couldn't help but ask.

"The archer's vision is wider than the average person." Ye Xuan replied casually, this time, he really saw it with his eyes.

Zhao Chongwen instantly understood, but this also saved them a lot of time.

It seems that the beast of the beast is indeed inside, so they can't delay, in case the beast of the beast is running away?

A group of people followed Ye Xuan's footsteps and rushed away, although they said that their strength can easily eliminate these monsters.

But if you shoot, you will be exposed to their position. When the beast of the beast is controlling a large number of monsters, then they will be in trouble.

Human tactics are still a rather horrible thing.

After Ye Xuan took them to avoid dozens of monsters, they finally saw a different monster.

No, not a monster!

But the beast!

"It is a flame lizard. The adult flame lizard can reach the peak of the true spiritual state. Why do I have such a high-level beast in the Xuanyang Empire?" Zhao Chongwen recognized it at a glance.

In the Xuanyang Empire, the spirit beasts are relatively rare, because the heavens and the earth are not very rich. Although it is said that the Black Wind Mountain and the Eighteenth Mountain Range of the Lianyun 18 Mountain Range are almost dangerous, it is impossible to have the spirit of the true spiritual peak.

There is no doubt that this must be the ghost of the beast god.

Ye Xuan looked at the red lizard that was comparable in size to the bus and squirted his mouth. He couldn't help but stop.

"Is it what I feel, is it? No, not this beast, there is still stronger behind it."

Ye Xuan thought in a heart, and then immediately took out the chasing star bow.

"shoot with great precision!"

A true arrow plucked like lightning, and instantly penetrated the body of the red lizard.

Spike!

"Sure enough, the day you shot the violent black bear that is comparable to the middle of the real spirit, use this trick." Zhao Chongwen could not help but ask.

"Yeah." Ye Xuan nodded, directly swept the past, and then took the flame lizard of this true spiritual peak to receive the engulfing space, and then swallowed the body.

"Hey, the host devours a corpse of a sacred beast and gains three thousand engulfing points."

"Hey, because the blood tank of the beast is full, it can't be lifted again without the blood of the beast."
