Chapter 1481: Sneak into the city government

"A familiar atmosphere is him!"

After thinking about it for a while, Yin Tianjian pointed out Ye Xuan.

The face may change, but the breath and the eyes will not, so he recognized Ye Xuan.

"The trough, really found out!"

Ye Xuan was so scared that he had a strong spirit. This Yin Tianjian's ability was too strong. Not only was he powerful, but he was able to recognize him. It was a hell.

"Night Sky!"

"withdraw!"

At this time, it was a big day, but Ye Xuan quickly used the night sky screen skills to make the figure into the darkness.

"The sky suddenly darkened, it must have been done by the kid, blocking the gate, no one can go out, search!"

Yin Tianjian, the master of Tianfeng City, immediately commanded, and several strongmen who died in Xuanjing rushed toward Ye Xuan.

Fortunately, Ye Xuan has a state of assassination. When he breaks into the darkness, he moves a lot faster. With the shadow step, he easily escapes these people and then escapes.

Tianfeng City is already dark, but soon it is a light that illuminates the entire Tianfeng City.

Tianfeng City has a large array of guards, and now Ye Xuan is nowhere to be seen.

"That Yin Tianjian has a way from me, hey, look at me to copy your home."

Ye Xuan thought in his heart, that is, he quickly went to the main city of Tianfeng City.

If you say that you have money, who can compare the Tianfeng City City Government?

Although the strong man in this city is like a cloud, he has already been tolerated, and the old trees, the fallen and the Megatron are in the planting space. Except Yin Tianjian, no one can recognize him.

At the same time, Yin Tianjian will certainly not think that Ye Xuan actually went deep into the Longtan Tiger Cave, which is simply looking for death.

Soon, Ye Xuan came to the main city of Tianfeng City.

Tianfeng City is also a tyrant in this life's mysterious battlefield. Generally, the strongmen who die in Xuanjing will choose to enter the dead battlefield, but this Tianfeng City does not, but stays in the sacred battlefield.

This city is very large, and the land of the city alone is comparable to other cities. However, because of the formation of the law, it isolates Ye Xuan's perception of the eye, so Ye Xuan does not know how many masters there are in the city.

However, he still has one inside.

"Yin Liu, come out and pick me up!"

Ye Xuan directly passed the air to Yin Yun, and soon the old man who was controlled was out.

Tianfeng City was originally a family. At the beginning, they focused on cultivating genius and the population was under control. With the establishment of Tianfeng City, when they began to dominate this area, they did not limit the surplus.

It can be known from Yinliukou that there are a lot of masters in the Yin House of the city, and there are more than two thousand in the eight-fold and eight-fold life. At the same time, there are dozens of dead and powerful people. The city owner Yin Tianfeng is already dead many years ago. The mysterious environment is triple and very powerful.

"There are three deaths in the Xuanjing, and they are not entering the dead battlefield. In this life, the battlefield dominates, but it is free and easy!"

After Ye Xuan's heart despised, he followed Yin's flow.

This time, he is going to control the eight-heavy and nine-strong powers, and then pick up the spoils.

"Hey, take control of success!"

"Hey, take control of success!"

"Hey, take control of success!"

Ye Xuan began to control one by one, and then transferred these people to the landing.

Although there are not many people practicing resources, but if they are piled up, they will not be less.

And don't forget, there is also a warfare thing, Ye Xuan not only got the Qiang Kun ring, but also a lot of combat power.

"Hey, Megatron breaks through, and is currently alive and well!"

Soon, Ye Xuan heard a system prompt.

However, Megatron and the tree can all break the shackles and break through to the dead.

This is also the purpose of Ye Xuan diving into the city's main government!

"A lot of battles have been won, Yin Liu, to convert all these battles into a natural treasure or ore of fire."

After Ye Xuan finished, the eyebrows also flashed a bit, and all the battles were handed over to Yin Liu.

"Yes, master!"

Yin Liu nodded, even if he took these battles and left.

There is a forge in the city's main house, and Yin Liu directly converts all the battles and then returns to his own residence.

After Ye Xuan swallowed up all these treasures, he heard the system prompt.

"Hey, the host breaks through, and the current is a natural environment!"

"Hey, the spirit of the Ashes breaks through, and the current is a deadly environment!"

"Hey, Megatron breaks through, and is currently alive and well!"

A series of three system prompts, so that Ye Xuan's warfare suddenly soared, now, he is not afraid of the Tianfeng City less city owners.

"After the breakthrough, although I did not die, I feel that my flame power is even stronger. Once I get contaminated, it is estimated that it is not worse than the dead."

The old tree couldn't help but say.

"well!"

Ye Xuan nodded.

He estimated that the old tree can already be singled out with Tianfeng City.

He is now a nine-pointer, and it is estimated that there will be no big problems.

However, he is still not satisfied and continues to use the eye of the soul to control.

However, at this time, the Lord of the Lesser City suddenly returned, and he came back to rescue the soldiers.

Coincidentally, when he came back, he went directly to find Yin Liu. He wanted Yin Liu to work together. Because Yin Liu had fought with Ye Xuan, he would call someone to search the whole city.

And Ye Xuan, just in Yinliu here!

"No, how did Yin Tianjian come?"

Ye Xuan Yu Guangyi, after seeing the scarlet killing, his face changed immediately, but he quickly calmed down.

Yin Tianjian is a peak of death and Xuanjing, the strength is not the same, but the tree is not bad, come, how?

Since it is here, you must be ready to die!

At the moment, Ye Xuan is preparing the old trees and Megatron in the planting space. When Yin Tianjian comes in, they immediately attack.

"Ok?"

Yin Tianjian, who was originally looking for Yin Liu, suddenly had a meal at his feet. In the scope of his knowledge, he suddenly felt a wrong place.

However, he thought that the foot of the Tianfeng City, the main government, was to dispel doubts, and the residence of Yinliu relied on the past.

"Six uncles."

Yin Tianjian shouted outside the door.

"Dangdang!"

When the door of the residence opened, Yin Liu walked out from inside and pretended to know nothing:
"What?"

"Six uncle, the kid who killed and even worshipped, has been mixed into the city, I want you to go with me to pick him up." Yin Tianjian said.

"This, I am afraid not..."

Yin flow shook his head.

"why?"

Yin Tianjian is very surprised, but only Yin Liu was killed by Ye Xuan. Could it be that this hatred is not reported?

Just as he was about to continue to ask, there was a figure behind him, and a whistling wind rang.

"what?"

Yin Tianjian was shocked and did not turn around. He directly defended with the infuriating and dead spirits, but it was not the same as the sneak attack on his tree.

Chapter 1482: Random task

The old tree is now a deadly Xuanjing, and Yin Tianjian is in the same realm. The power of this attack is enough to break the defense of Yin Tianjian.

"Hey!"

Yin Tianjian was hit **** the back, and the whole man slanted forward and flew forward, just hitting Yin's fist.

"Hey!"

Yin Tianjian's front chest was also hit hard, and he couldn't help but spurt a blood.

However, the real killings are still behind.

"The eye of assassination!"

"burning the sword!"

Ye Xuan followed the tree and then flashed to the back of this Yin Tianjian, a sword fell.

"Hey!"

Kirin's infuriating moment broke away the meager defense of Yin Tianjian, and opened a deep visible bone scar on the back of Yin Tianjian.

However, this Yin Tianjian is also the first genius of Tianfeng City. He has already taken out a signal bullet and directly ignited it.

"call out!"

A golden mans lifted off.

"not good!"

Ye Xuan's face changed greatly. He didn't expect this Yin Tianjian's reaction to be so rapid. He immediately took out a signal bullet to inform other people. He knew it and killed it.

"Hey, I'm thinking about it!"

The tree was cold and slammed, and a scourge went up and smashed the signal.

Unfortunately, as long as the signal flare is destroyed, it will burst directly.

"Hey!"

Over the city government, there was a distress signal from Yin's disciples, and all of them reacted.

How can there be a distress signal in the city government?

At the moment, there are quite a few nearby masters.

"Failed to kill him!"

Ye Xuan's flash of light flashed and murdered.

In fact, he originally wanted to control this Yin Tianjian, but since it failed, it can only use the backup plan.

"Transformed!"

"The Eye of Charm!"

The fall suddenly turned into a nine-tailed golden fox, which quickly condensed a glamorous eye.

She is born in a metaphysical environment. After she uses her body, she is born with a nine-fold life, and then with the eyes of the charm, Yin Tianjian, who has a heavy control of the dead, should not be a problem.

This Yin Tianjian ate what root of death, the power of death is very powerful, but he is still a realm of death.

Unfortunately, Ye Xuan again failed.

Even the eyes of the fallen charm have failed!

However, this is to give time to the old tree and Ye Xuan.

"dead!"

Ye Xuan and Shu Lao quickly sneaked into Yin Tian fitness and then attacked together.

"Hey!"

"Oh!"

Yin Tianjian's head was smashed and his chest was pierced, even if he had two lives to die.

"Hey, the host's killing value is improved!"

Ye Xuan heard a system prompt, and then he quickly accepted Yin Tianjian's ring.

The main city of Tianfeng City, the first day of Tianfeng City, there must be a lot of things in Qiankun.

"Hey, Megatron breaks through, and it's a dead end!"

Megatron finally broke through, but Ye Xuan is still a nine-level class.

"Hey, the host has reached the top of the nine seasons!"

This time, as with the long-lived breakthrough to the time of the birthplace, what is needed is a lot of deadness.

Just in time, there is a lot of deadness in the planting space.

"Hey, the host breaks through, and the current is a deadly environment!"

Ye Xuan, finally broke through to death, his strength instantly skyrocketed several times. In his body, there is also a new kind of energy, that is, the spirit of death, and now his attack power has increased by at least five times.

Who can fight with one?

"Not good, less city owners were killed by people!"

"Fast, inform the city!"

"The master of the city is mixed with the master of death!"

Yin Tianjian's death was met by many people, and the city's main government suddenly opened.

Ye Xuan is also a moment in the middle of the embarrassment, in order to prevent accidents, Ye Xuan will be hidden in the planting space, let her continue to practice.

The next fight, still give them!

"I don't think it is one of the overlords of the sacred battlefield. When the signal flares come out, there are more than a dozen deadly metaphysical strongmen..."

Ye Xuan couldn't help but shudder, but with his current realm, even if he is dead, he is not afraid of it, but more than a dozen deadly Xuanjing strong, what is it?

"He killed the little city owner and killed!"

Suddenly, the strongest of these more than ten dead people are swooping down.

Faced with the siege of so many powerful people, Ye Xuan did not panic and opened up a skill.

"Killing feast!"

The next moment, there is a system to prompt the sound.

"Hey, the host's killing value is improved!"

The first person to die was Yin Liu. He committed suicide directly and directly gave Ye Xuan a one-and-a-half increase.

Then there is one more.

"Hey, the host triggers a random mission, killing the Tianfeng City City's main government to kill the Xuanjing strong, killing interval is one minute!"

Ye Xuan was shocked and even triggered a random mission, which is not bad.

This random task does not explain how many dead powers are killed, and there is no indication of rewards, which means that the rewards vary with the number of kills and the level of killing enemies.

As for the killing interval, after killing the first dead Xuanjing strong, you must kill the second dead metaphysical strong in one minute, otherwise the mission ends.

If you don't kill a dead-minded person in a minute, the task will fail, and no one will reward him.

This Tianfeng City established the Tianfeng prison, which was originally a matter of inhumanity. Coupled with the practice of the caretaker and Yin Tianjian, it was reasonable for Ye Xuan to kill Yin Tianjian.

Now that Yin Tianjian is dead, these people will definitely not let go of Ye Xuan. Then, Ye Xuan also found the reason for the killing.

"kill!"

Suddenly, Ye Xuan joined forces with the old tree and Megatron to kill them. In the blink of an eye, they played against the more than ten dead and powerful.

Ye Xuan held the Chiyan sword and displayed the burning of the sword from the super swallowing system, and began an endless killing.

The tree is even more exaggerated. When being attacked by five people, the fire is directly used to absorb the damage, and then burst open.

"Booming!"

There was a big bang in the sky, and the blaze of the fire was like a sun, shining brightly.

Some of the warriors in the city's main government, some of them are directly stunned by dazzling light.

This move directly hit the five people who besieged the old tree, and they did not wait for the other party to use the treatment of raw scent. The old tree quickly flashed behind them.

Remnant flame!

"Hey!"

In the blink of an eye, there are two people falling, and Ye Xuan's increase is 30%.

Unfortunately, Megatron's blade storm is cooling down. Otherwise, these people will probably be killed by Ye Xuan in an instant.

However, this does not matter, because in the first confrontation, Ye Xuan himself even smashed two people, and the old tree also killed two, plus one of Megatron's knives and the suicide Yinliu, that is six dead mysteries. Stronger.

Six people gave Ye Xuan nearly doubled the increase!

Ye Xuan's strength is invincible in the same class. Even if it is more advanced, there is no problem. Now it has doubled its strength. Who else can stop him?

Chapter 1483: Qilin Jiangwei

"Kid, stop!"

A violent drink spread, followed by five figures in the sky.

These five people are all two levels of dead Xuanjing, and one of them is the double peak of the dead.

"It's just right!"

Ye Xuan's eyes lit up, but he did not immediately greet him, but continued to kill these deadly warriors.

"Hey, the spirit of the Ashes breaks through, and the current is a deadly environment!"

"Hey, Megatron breaks through, and is currently dead for two!"

Before the arrival of the five dead and powerful two strong men, the more than a dozen deadly ruins were almost dead, and in this area, only the leaves of the three people were left.

At the same time, Ye Xuan's killing feast has also increased by a factor of two!

In the city's main government, there is such a killing god. The land continues to have masters. Even the three city owners who have died in the dead have noticed it, so Ye Xuan must first solve the five people in front of him. If he is besieged, there are still some dangers. .

"kill!"

At the moment, Ye Xuan is directly killing the past.

The same has been broken into the death of Xuanjing, the same as Megatron and the old tree. In the case of heads-up, they are not weaker than any one who is dead and strong. Among them, the old tree can be singled out. The situation is the second highest.

In addition, Ye Xuan's cultivation is also constantly improving, coupled with the increase in the killing feast, even if it is a dead three-dimensional, Ye Xuan has a battle.

Just when Ye Xuan and the five dead and powerful two strong players played against each other, there were suddenly a few huge figures in the distance.

This is the two-level flame double-headed dog of the dead side, and the parent of the flame double-headed dog killed by Ye Xuan.

On that day, the Lord of the City of Fengcheng has also arrived, a total of three dead three-dimensional battle.

Tianfeng City City did not figure out the situation, he did not understand where Ye Xuan came from, even killing so many dead Xuanjing strong, even the dead Xuanjing two, at this time Already dead two.

Today, is it the disaster of Tianfeng City?

Tianfeng City, in fact, is not the establishment of Tianfeng City, but only changed its name. However, the owner of Tianfeng City spent a lot of effort on this city.

In any case, it can't be destroyed in his hands!

"Two dead double-headed flame double-headed dogs..."

Ye Xuan's eyes are a glimpse, and the heart is already making a decision.

Today, it may be possible to raise the killing value to the upper limit once.

Thinking of this, his attack is also fierce, this is his burning life, and once is a hundred years.

The long-lived nine-heavy has a life span of three thousand years. After breaking through the life of Xuanjing, each time it is raised for five hundred years, the same is true.

Ye Xuan's current life, but it has a full five thousand years, once burned for a hundred years, what is it?

"The killings broke out!"

"burning the sword!"

Ye Xuan fell down with a sword, and the flames of the sword broke through and directly killed a dead strong man.

At this point, the only five strong and deadly strong people have already lost three, leaving only two.

Ye Xuan's increase has also increased to 2.5 times.

"Accept the sanctions of Kirin!"

Ye Xuan's dawn suddenly flashed, leaving the remaining two directly.

The requirement of this random mission is to kill the strongmen who kill the Xuanjing. The more the number, the better. The higher the realm, the better. So this time, Ye Xuan decided to use a hole card.

Kirin drops!

The two flamed double-headed dogs and the Tianfeng City City Lord were killed in one direction, just in time, they could be wiped out.

"Kirin down!"

Ye Xuan does not say anything, use the cards directly.

Suddenly, on the top of the head of the two flamed double-headed dogs and Tianfeng, there was a flame hoof, and before they could react, the flame hoof was falling.

"Hey!"

One of the flame double-headed dogs was stepped on by the huge flame hoof. The power of this move is huge, because Ye Xuan has a skill called Qilin Deterrence, which doubles the attack power.

Coupled with Ye Xuan's combat power increase, this move is enough to kill this flame double-headed dog.

"Hey, the host's killing value is improved!"

A system prompts to sound, Ye Xuan's killing value has skyrocketed, and the increase has also skyrocketed to three times.

"Again!"

"Kirin down!"

After the first flame hoof disappeared, another flame hoof appeared and stepped on another flame double-headed dog.

"Calling!"

Burning the effect of the world, the flame double-headed dog was burned out.

"Hey, the host's killing value is improved!"

I have to say that the power of Qilin's descending is too strong, and the flamed double-headed dog is burned. After all, the flame double-headed dog is also the nature of the fire, and it is still a deadly metaphysical triple.

Of course, this is due to the triple increase in the killing feast and the unicorn deterrence skill.

Otherwise, it is not always possible to kill a flamed double-headed dog twice.

On that day, the Lord of the City of Fengcheng saw the flame double-headed dog that guarded the Yin family for thousands of years, and suddenly fell mad.

"I'm going to kill you!"

The Tianfeng City City was murderous and killed directly toward Ye Xuan.

"Death chase!"

"The eye of assassination!"

Ye Xuan, who has tripled the increase, went straight to the back of Tianfeng City.

"A hundred years of life!"

"The killings broke out!"

"burning the sword!"

A fierce flame of swords, directly into the back of the Tianfeng City, and instantly burned all the organs in the body to ash.

The main character of the Tianfeng City, who died in the dead, was killed by Ye Xuan!

"Hey, the host's killing value is improved!"

This scene has already shocked the people around me to say nothing.

Tianfeng City is a tyrant in the battlefield of Sheng Xuan. Now the strongest city owner has been killed by people?

So, who can still stop Ye Xuan?

"The city owners are all dead, seeing what big waves you can afford."

Ye Xuan's light flashes, and he has already made the decision to kill all the dead and powerful people in the entire city.

However, just when he is ready to shoot again.

"Let's be merciful!"

A shout, fell into the ears of Ye Xuan, followed by a strong breath to the explosion appeared out of thin air.

"Good!"

Ye Xuan, who felt this breath, trembled.

This breath is much stronger than Tianfeng City, at least the master of the five-year-old!

Even higher!

How can such a strong person appear here?

Shouldn't it be in the dead battlefield?

Ye Xuan couldn't help but swallow and swallowed his head and saw a white robe man standing in the sky. What makes Ye Xuan one of them is that behind the white robe man, there are actually nine white fox tails.

Fox people!

The Yin family who were shocked by Ye Xuan couldn't speak. After seeing this white robe man, it was like seeing the dawn. Someone immediately said: "Special envoy, please take revenge for us!"

Chapter 1484: Dead and dead

Not long after this battle, the Yin family was degraded by more than 20 dead and powerful Xuanjing strongmen, including two dead double-headed flame double-headed dogs, even the Tianfeng City City owners were fallen.

Although Ye Xuan's strength is strong, but it is stronger than this special envoy?

"To shut up!"

Just as Ye Xuan was preparing to break away from the void, the white robe man suddenly sighed and shook the people around him.

"Hello, please also show your mercy."

The white robe man took a look at the tree old and Megatron, and he clashed with Ye Xuan.

This action is also shocking Ye Xuan and others.

what's going on?

At least the master of the five-year-old dead, even so respectfully salute, why?

"who are you?"

Ye Xuan asked subconsciously.

At the same time, his mind is also speculating, if the other party just shot, how many chances will he escape?

I am afraid, not even half of Chengdu?

"Inspecting the special envoy Bai Yang in the next hundred fox villas, I have seen adults!" the white robe man replied.

Baihu Villa!

When these four words fell into the ears of Ye Xuan, they also surprised them. They suddenly understood the reason.

Baihu Mountain Villa is the hegemon of the West in the reincarnation. The owner is the reincarnation fox, the woman who saw the reincarnation that she saw on the same day.

Not waiting for Ye Xuan to open, the white robe man continued: "Tianfeng City is an important position in the battlefield of our camp. If the strong are all fallen, the other two camps will probably enter our territory... .."

"It turned out to be."

Ye Xuan immediately understood.

If a hegemon of the sacred battlefield is destroyed, this land will be destroyed, and the forces under the reincarnation of the city and the reincarnation will be pressed.

In this case, then Ye Xuan is even, he is the face of the reincarnation.

Seeing that Ye Xuan had collected the weapons, the white robe man also thanked him: "Thank you, adults!"

The group of Yin family was shocked. This white robe man is their hope of revenge. Now how to respect Ye Xuan, what is going on?

"Special envoy, you want..."

A Yin Jiaqiang who was not open-minded suddenly stepped forward, but he was interrupted for the second time by the white robe man.

"Shut up, otherwise the Yin family will not exist after today!"

The white robe man screamed.

As soon as this was said, all the Yin family had shrunk their necks. Obviously, the man was angered by the special envoy. If he did not open the house, the Yin family would probably have died.

"Today's loss, Baihu Villa will compensate you. As for the dead city owner, choose it again!"

The white robe man said one sentence and said: "Adult, your current strength, no one can compete in the real battlefield, but you can enter the dead battlefield. Or, go to the other two camps..."

Sheng Xuan battlefield is the battlefield of the level of life and Xuanjing, but there are still some dead Xuanjing in this hegemony, but there are provisions, people who are higher than the dead three-dimensional can not be here.

Otherwise, there will be a mighty coming to kill it.

Ye Xuan is here again, it is estimated that there will not be much gain, but it is possible to enter the dead battlefield.

"Well, where is the entrance?"

Ye Xuan nodded.

"Tianfeng City goes north, there is a entrance to the dead battlefield, but it has to go through a small test." The white robe man replied.

"understood!"

Ye Xuan nodded, and then directly left with the tree old and Megatron.

This means directly made the white robe man look silly, but he thought of Ye Xuan and others, but the guest of the owner, it was calm down.

In fact, he did not expect that he would meet Ye Xuan here.

.....

After leaving Tianfeng City, Ye Xuan returned directly to the entrance of Tianfeng Prison, and the growth was still there. He directly attacked and broke the formation.

Then he left again.

The death of Tianfeng City Lord, the past minute.

After a minute.

"Hey, the host completes the random task and can choose two of the following three rewards!"

"Reward 1: Kirin is really advanced!"

"Reward 2: Don't die and advance step by step!"

"Reward 3: A chance to draw!"

These three rewards are not bad.

But what makes Ye Xuan regret is that this time he unexpectedly expected that if the white robe man did not appear, all the dead and powerful people in the main city of Tianfeng City would die in his hands, then this random task The rewards will also increase.

"The lottery, don't know what will be drawn, or forget it."

Ye Xuan shook his head and chose reward one and reward two.

"Hey, Kirin is really advanced!"

"Hey, don't die and advance!"

The unicorn is so good, the power of the world and the fire attack and resistance can be improved. It is a good reward.

As for the undead avatar, it is directly to enhance the fighting power of Ye Xuan Yicheng, reaching 70%. If you advance twice, you can condense a detachment.

However, what Ye Xuan lacks now is the swallowing point. He is still waiting to merge the two fighting blood, and naturally he will not waste the swallowing point on it.

After experiencing the battle of the genius, in fact, Ye Xuan is enough to break through to death, but he still hasn't, because he wants to get the limit of the killing value and exchange the swallowing point.

If this is a success, then he has three points to swallow.

"Young Master, are we going to die now?"

Asked about the fall in the planting space.

"Ok."

Ye Xuan nodded.

At this moment, he is already heading north.

However, he encountered a problem on the way.

"Well? There is a strong!"

Ye Xuan's brow was picked, and at the sight of the insight, he saw a figure swiftly rushing toward him.

Realm, I am afraid it is dead and dead!

In this sacred battlefield, the four powerful strongmen of the dead are not allowed to shoot.

Offenders will be killed!

Ye Xuan stared at it and found that the four powerful strongmen of the deadly realm were still hostile to the camp. The eyebrows were red, which was the reincarnation of the people.

How can the four strong players in the enemy camp die here?

"Cut, luck is really bad, just a dead kid."

This four-powered strong man is a bald-headed man. After he saw Ye Xuan, he couldn't help but spit.

"robbery?"

Ye Xuan brows a pick, some surprised.

"Less nonsense, surrender the Qiankun ring, spare you a life!" This bald-headed man sang low.

If it was before, he would probably directly kill Ye Xuan, but he accidentally broke into the dead four-dimensional, because of the rules here, so he did not shoot.

"I remember that if the four elements of death are in the real battlefield, will they be obliterated?"

Ye Xuan frowned.

He died four times, and he was three higher than him, but he was not grown up.

This battle may not be beaten!

Chapter 1485: Obliterate

"So, you are not giving?"

The bald-headed bunny burst into two killings.

"What about not giving?"

Ye Xuan's mouth was slightly tilted, but he wanted to see if the bald man had the courage to shoot.

I also want to see if there is any ability in this sacred battlefield to obliterate a strong and deadly four-strong powerhouse.

Still, just an alarmist!

"Hey, Lao Tzu robbed along the way, you are still the first to resist. Or, I will look at it, what will happen when I am shot?"

After the brawny finished speaking, it was a direct blow to Ye Xuan.

The infuriating fist that contains the power of the dead and mysterious, directly toward Ye Xuan.

In the face of a deadly child, this brave man does not need to use magic power, so Ye Xuan can easily defeat.

However, before Ye Xuan shot.

Suddenly a strange breath spread, and then, this infuriating fist disappeared and disappeared between heaven and earth.

"what happened?"

Ye Xuan and the brawny were shocked and did not understand the situation.

Ye Xuan did not do it at all. How did this attack spread?

At this time.

The strong man Yu Guangyi, suddenly looked up and found a huge eye is staring at himself.

Ye Xuan followed his gaze and found this huge eye.

"This is the eye of Vientiane!"

Ye Xuan suddenly recognized that the lines on this huge eye were the same as the eyes of the Vientiane that he had previously obtained.

However, this Vientiane eye is terrible.

"Well....."

Ye Xuan's dead man in front of him suddenly made a strange voice. Ye Xuan stared at it and found that the neck of the strong man was entangled in the power of Vientiane.

"Hey!"

In a crisp sound, the head of the strong man was directly taken off by the power of Vientiane, and the body was separated!

Seeing Ye Xuan in this scene, there was a cold rise in the body.

The eyes of Vientiane, killing this dead and powerful four-strong brawny?

It's hard to be true. This huge Vientiane eye is the manager of this life's battlefield. If someone violates it, it will be obliterated.

When Ye Xuan reacted, this huge Vientiane eye disappeared without a trace.

If it weren't for the headless body, Ye Xuan thought he was dreaming.

In the blink of an eye, a strong and deadly four-strong powerhouse has fallen, and Ye Xuan has slowed down for a few seconds before he has taken away the body and the Qiang Kun.

Is this the fall of the pie?

welfare?

There are quite a few things in this Qiankun ring, but they can't let Ye Xuan break through. After all, they are used by the brawny.

"Before I said that there are many mysterious and powerful eyelids in the world, such as the eyes of Vientiane, the eye of death, the eye of reincarnation, etc., as long as they are cultivated to a certain extent, they can be used across the sky..."

Ye Xuan thought while he was on the road.

He suddenly remembered that the day he almost killed his eyes of death. If he was known by his master who was the eye of death in the future, he must die. After all, he was almost killed by the eye of death that day, if not the mini-Dragon. ,The consequences could be disastrous.

After experiencing this welfare episode, Ye Xuan continued to hurry.

The entrance to the dead battlefield was in the north of Tianfeng City. With the speed of the shadow step, Ye Xuan also took two days to arrive at the transfer palace of this dead battlefield.

This transfer palace is extremely desolate, and there is only one transporter. This transfer is different from before, and must be assessed.

The transmitter found Ye Xuan and asked: "Kid, are you going to die?"

"Yes!" Ye Xuan nodded.

"Well, I want to send it to the dead battlefield. There is a requirement, that is, pick me up and send it for free if it succeeds." The transmitter said.

He is a triple-strong man in the dead, and his punch is not something that ordinary people can take.

However, Ye Xuan is still not afraid, after all, he even smashed the city of Tianfeng.

"come on!"

Ye Xuan came out with a red sword.

The transmitter is not nonsense, and punches directly.

This punch is enough to fly the strong two of the dead Xuanjing, but Ye Xuan is a sword that is easy to kill.

"Boom!"

The two infuriating collisions provoked a wave of turmoil.

A punch, take it!

"Sure enough, a little strength, good, go in!" The transmitter was nodded with satisfaction.

Only those who take his punch will be eligible to die in the battlefield, otherwise they will die.

The dead battlefield is more cruel than the Sheng Xuan battlefield, and the daily killing is almost three times that of the original battlefield.

Ye Xuan entered the transmission array, and the transmitter began to transmit. Soon, Ye Xuan's vision changed, and after a few seconds, it was transmitted to the dead battlefield.

The landing point of this transmission array is a mountain. At this time, the sky is flashing and thundering, it seems to be raining.

Ye Xuan was just landing, feeling an unpleasant smell.

"In this dead battlefield, the air is full of dead spirits, practicing here, doing more with less!"

Ye Xuan's eyes are bright, but he is not relying on cultivation to break through, so this deadly spirit is not abundant enough, and has nothing to do with him.

"Let's fall, how long will it take for you to break through?" Ye Xuan asked.

"long time!"

Fall and answer.

During this time, she retired and rehabilitated, and in a half-day period, she could break through to the dead.

This speed is slower than Ye Xuan, but for others, it is simply speedy. After all, she broke through to Xuanjing but only two or three months.

Some people, for a thousand years, may not be able to break through once, and the fall can enter the dead world from the longevity in two or three months, which is enough to show how abnormal the blood in her body is.

Of course, there are also the merits of the base of the life and death disk, this life and death disk base is helping to fall into the refining and chemical life.

"This deadly mysterious battlefield is full of dead spirits, and the spirit of Sheng Xuan is at least 50% suppressed. However, my body is not the blood of the gods, plus the temperament of life, the injury can be recovered almost in an instant. ""

Ye Xuan thought in his heart, that is, looking around for a circle, ready to leave.

However, just as he was vacated, the sky suddenly came with a roar of heaven.

This is, Dragonfly!

"What is the eternal battlefield of the dead battlefield? Look at the first..."

Ye Xuan's eyes swept away and swiftly passed.

In order to deal with the two flames of the double-headed flame double-headed dog, he used the card to unicorn, and now the unicorn is cooling, so he has to find some of the body of the beast to restore cooling.

When Ye Xuan rushed over, he found a green dragon that was fighting a huge black bear.

At this point, the battle just ended, and the green dragon had a paw to blast the black bear's head and then began to eat.

Seeing the shape, Ye Xuan's brow can not help but pick one, this green dragon, seems to be a relatively rare Tongtian beast - Azure Dragon.

Chapter 1486: Controversy

Ye Xuan estimates that this Tianqing Dragon is a triple level of death, and that **** bear is a double level of death.

It is normal to kill the Xuanjing triple hunting in the dead.

Tongtian beast wants to grow, that is, to constantly eat and absorb the energy in the food.

Ye Xuan is now missing the body, so he directly sacrificed the red sword.

"kill!"

After a low drink, the three figures quickly popped out.

The Tianqing Dragon discovered Ye Xuan three. After roaring, he stopped eating and then flew over to Ye Xuan.

Megatron likes to become a dragon, and it has also changed into another green dragon. However, it is obvious that this green dragon is not handsome in this azure dragon.

In the blink of an eye, Ye Xuan and the three azure dragons played against each other.

"The killings broke out!"

"burning the sword!"

"The flames!"

After the confrontation, Ye Xuan three made this Tianlong dragon red, and the attack of the three people caused great damage to it.

Although Ye Xuan's realm is not too heavy, he has a unicorn deterrent and doubles the damage of this azure dragon.

Although this Tianqing Dragon is strong, but can not withstand such awkward, Megatron's two claws of Tianlong directly penetrated into the body of Tianqinglong, and the dragon's blood erupted like a spring.

In the blink of an eye, this azure dragon was dying and then harvested by Ye Xuan.

"Hey, the host's killing value is improved!"

A system prompt sounded in Ye Xuan's mind, and the killing value skyrocketed a lot.

"The killing value is almost halfway. If you come back, you can almost reach the upper limit and then redeem the swallowing point!"

Ye Xuan thought in his heart, that is, plundering and collecting the body of this azure dragon.

The corpse gives the tree to the old, the beast is stored, and when the killing value reaches the upper limit and is converted into a swallowing point, it will be said that if it is swallowed, it will break through.

"Well, Megatron, the tree is old, we are on the road."

After the death of this azure dragon, Ye Xuan gave instructions to the two and then went in three directions.

When he entered the dead battlefield, his battles were cleared. His battle for the battlefield was already exhausted, and it was fine.

The first step in Ye Xuan's plan is to find a map of the dead battlefield.

Soon, the fall in the planting space was to make a happy laughter. After this period of submersible, it finally broke through to the dead.

"Young master, my tail has been golded with two shackles." Falling down.

Before she had three gold tails, now there are two more, that is five, and the remaining four tails have not turned into gold.

Ye Xuan also guessed in his heart that when the nine tails of gold were lost, would the blood of the body be turned on?

However, at this time, Megatron suddenly heard a message.

He met a powerful Tongtian beast and was chasing him.

"It's really rare, Megatron was actually chased..."

Ye Xuan couldn't help but smile, and did not ask carefully, he broke the void directly and came to Megatron.

But the next moment, he was shocked.

This one is chasing Megatron's Tongtian beast, and it is actually an azure dragon, but the shape of the azure dragon is several times larger than the azure dragon that they killed before.

"Five deaths are five?"

Ye Xuan brows a pick.

This Megatron is really a big disaster. This Tianqing Dragon is at least five dead, which is not what he can now deal with.

"Hey!"

After seeing Ye Xuan, this Tianqing Dragon couldn't help but roar.

"What, is the blood in your body attracting it?"

After Ye Xuan heard the words of Megatron, he stunned.

He recalled that Megatron had indeed caught the Dragon Blood of the Azure Dragon half a day ago, so this big Tianqing Dragon only chased Megatron.

It turned out to be the case!

Ye Xuan suddenly understood.

However, it is still the first time to solve this trouble.

If Ye Xuan wants to leave, he can go straight and leave. However, this is a deadly sacred five-day Tongtian beast. If it is killed, it has a lot of killing value, and gives the tree aging. At least, let him break through to the dead three-dimensional.

go?

Of course not go!

Just as Ye Xuan was ready to shoot, the sky suddenly swept a fire.

"Hey!"

Ye Xuan turned his head and stared at it and found it to be a flame eagle.

"It's a **** Dapeng..."

Ye Xuan recognized it.

This blood flame Dapeng is estimated to be the realm of the dead five-dimensional, if it is to help this Tianqing dragon, then Ye Xuan is estimated to have to run.

However, if not...

The Heavenly Beast generally has its own territory. This Tianqing Long Fang just roared and was heard by this **** flame, so this blood flame Dapeng came, because this is its territory.

"Hey!"

After seeing the blood-flaming Dapeng, Azure Dragon was directly opening a **** mouth, which was a bit of a dragon.

"Hey!"

Blood Flame Dapeng is not to be outdone, the flames are beating wildly, and a strong flame greets the dragon.

"Boom!"

Two different flames collided, and the air waves rolled, and even Ye Xuan in the distance was affected.

Fortunately, his flame resistance is high, otherwise he will have to be burned.

"Good guys, the two dead sacred five-day Tongtian beasts are playing, it's not bad, we can take advantage of the fishermen."

Ye Xuan is satisfied with the nod.

This azure dragon and blood flame Dapeng, originally a dead enemy, now Tianqinglong invaded the territory of the blood flame Dapeng, the two naturally fought.

"Hey!"

Megatron suddenly trembled.

"Don't go, once you run, Qinglong will definitely continue to chase you, I want to lose both."

Ye Xuan said to Megatron.

This is a once-in-a-lifetime opportunity. He did not expect to encounter such a good thing when he entered the dead battlefield.

Two dead heavens with five dead souls, but can improve a lot of killing value, as long as they are killed, even if the limit is not reached, it is estimated to be almost.

Moreover, the corpse of the five deadly sacred sacred sacred beasts can also be used for the cooling recovery of the unicorns, and the old trees can also break through, and the things that are more than one thing, Ye Xuan will not let go.

The battle between these two heavenly beasts is extremely fierce. If Ye Xuan is not an ordinary person, I am afraid I will die long ago.

Because of their similar strength, both sides have experienced injuries. Over time, the breath will start to be weak, and the strength may be less than 70% of the peak period.

This is good for Ye Xuan!

Azure Dragon's hatred against this **** Dapeng is also very high, because it has several children who have died in the hands of Blood Yan Dapeng, so this battle, it is also ready to do the same.

Soon, the sacred gas in the body of Qinglong and Blood Yan Dapeng is exhausted. Next, it is life and death.

Chapter 1487: Convolution

"Hey!"

"Hey!"

The two sides are getting more and more fierce, and Ye Xuan wants to shoot, but he is still looking for opportunities.

In the end, Azure Dragon bite the body of the blood flame Dapeng, blood flame Dapeng is also a wing, the birth of the azure dragon to cut off.

Both lose!

At this time, it is the best chance for Ye Xuan to shoot!

"Megatron, Bladestorm!"

Ye Xuan's eyes lit up and immediately gave orders to Megatron, and at the same time he himself and the tree directly killed the past.

Before Megatron, he was sprayed with a dragon's breath by the Azure Dragon, but there was a recovery speed and flame resistance of the blood of the undead, so he survived.

Now, it is going to take revenge!

Thousands of **** swords swept down, directly from the broken part of Tianqinglong.

"boil!"

Azure dragons are sore and roaring, but they are powerless.

On the other side, the tree flashed to the back of the **** Dapeng, and punched the wound bite by the Azure Dragon.

"Hey!"

In a muffled sound, the blood of Dapeng's fur was burned out, the wounds expanded, and blood spattered.

Taking advantage of this opportunity, Ye Xuan raised his hand and went down.

"The killings broke out!"

"burning the sword!"

"call out!"

After the break of the air, the half of the blood flame Dapeng was directly cut.

"Hey!"

Blood Flame Dapeng made a miserable humming sound, and his body flame shook. A flame bird flew over Ye Xuan. Fortunately, Ye Xuan was fast and avoided the past.

At the same time, the two dead sacred five-day Tongtian beast shot, Ye Xuan courage is also very large.

But there is no way. After all, he seems to have someone coming in the distance and must solve it quickly.

Fortunately, he let Megatron use the blade storm.

"Hey, the host's killing value is improved!"

A system prompt sounded suddenly, and the Azure Dragon was in a roar, unable to soften.

died!

Then, the blood sword group directly from the mouth of the Tianqing Dragon's blood basin, and then attacked the blood flame Dapeng.

Thousands of blood swords, this power is not something that ordinary people can resist.

Blood Yan Dapeng is not reconciled, but also a flame raid, but Megatron's flame resistance is not low, hard to smash the past.

"Oh!" "Oh!" "Oh!"

A series of crisp sounds spread, blood swords all fell into the body of Blood Yan Dapeng.

"Hey, the host's killing value is improved!"

Ye Xuan's killing value has increased a lot.

However, it is still not enough.

Ye Xuan, no matter how much, directly collected the two bodies and looked at the front.

Just right, at this time, three figures fell and entered the eyes of Ye Xuan.

These three figures are all human beings, but the one who is headed seems to be dead and dead, and both of them are also dead.

Since the killing value has not yet reached the upper limit, Ye Xuan did not choose to break through. Otherwise, killing them is as easy as killing chickens.

"The kid, the two bodies were taken over by you?" The middle-aged man headed the ground and stunned the blood on the ground and said to Ye Xuan.

"What about it?"

Ye Xuan should have a sentence.

He speculated that the three men should be attracted by the sound of the Tianqing Dragon and the Blood Flame Dapeng battle, and they just saw that the two dead heavens and the five heavens and beasts were both defeated.

Two dead heavens with five dead heavens, the bodies are very precious, how can they not come?

"If this is the case, then hand it over, I will spare you a life!"

The middle-aged man looked like a tall man, and said to Ye Xuan in the tone of the command.

really!

After listening to Ye Xuan, the corner of his mouth tilted slightly, saying: "The murder is a treasure, but if you dare to grab the things of Ye Xuan, you must be ready to die!"

In other words, the blood swords in the air are swept out.

If there is no blade storm, this battle is estimated to take a while, but with a blade storm, these three are cocks.

"The flames!"

The old tree is also directly attacking, and instantly flashes behind a deadly three-dimensional powerhouse.

"Hey!"

When the other party has not reacted, the old tree is already a punch.

This punch was directly hit on the head of this person, and suddenly flesh and blood flew, and then burned out.

Spike!

These three people, seeing Ye Xuan is only a heavy deadland, the old tree does not look very powerful, so they did not put them in the eye.

Now, pay a heavy price!

"what?"

The first middle-aged man and the other one were shocked, and a person who was still living well, how did the head burst now?

At this time, the blood sword group has swept through, they rushed to fight back, although they flew a lot of blood swords, but there are blood vessels in the death, these blood swords are immediately repaired, and then attacked.

The two men changed their faces and finally realized that they had caused a big disaster and hurriedly turned around and left.

But they have been surrounded by blood swords, where can they escape?

"Stop, I don't want the body, let's go!"

At the moment, the middle-aged man is screaming.

"If you want to come, just leave, do you want to be a public toilet?"

Ye Xuan snorted and saw a sword.

A flame of swords broke through the air, and the blood swords along the way shunned and hit another person.

Oh!

Another dead warrior with three dead bodies was directly cut off his head.

"No, spare me a life..."

The middle-aged man wanted to ask for mercy, but he was passed by with a **** sword and died on the spot.

"Hey, the host's killing value is improved!"

"Hey, the host's killing value reaches the upper limit, is it converted into a little swallowing point?"

"Yes!"

Ye Xuan answered directly in his mind.

"Hey, killing the value is successful!"

Upon hearing this, Ye Xuan glanced subconsciously and found that he had already had three points to swallow.

Since the killing value has reached the upper limit and is converted into a swallowing point, then Ye Xuan can break through.

"Hey, the host breaks through, and the current is deadly!"

"Hey, the spirit of the Ashes breaks through, and the current is dead three-way!"

"Hey, the spirit of the Ashes breaks through, and the current is dead."

"Hey, Megatron breaks through, and is currently dead for three!"

The sound of the system reminder sounded one after another, and the strength of Ye Xuan's team directly increased by ten times.

Now they are even at the same time encountering Azure Dragon and Blood Flame Dapeng, it is estimated that they can also fight and kill.

However, just as Ye Xuan was about to leave, he suddenly found a secret volume in the Qiang Kun ring of the first man.

This secret volume, even Ye Xuan's eye can't see it, I don't know what it is.

"The Eye of the Soul, Soul!"

At the moment, Ye Xuan is searching for the soul of the first man, and finally learned about this secret volume.

This secret volume is actually a treasure map, a total of four.

The first man heard that the city of Tianluocheng was spending a big price purchase, so he wanted to sell this secret volume. He met Tianqinglong and Xueyan Dapeng in the middle of the battle, thinking that he had a big bargain, but he was buried here. .

Chapter 1488: Xuanyue Tomb

"The value of this secret volume is so high?"

Ye Xuan was shocked.

From the memory of the first man, he can know that this secret volume is worth a thousand dollars. Moreover, it is still the battle of the 100,000 dead battlefield.

With these, the first man has been able to break through all the way to death.

"I didn't expect the value to be so high. It seems that I can go to Tianluo City. If I sell this thing, I can at least die in the dead, and even die in the dead."

Ye Xuan's eyes slid directly toward the northwest. This is the direction of Tianluo City.

One day later, he arrived in the city of Tianluo.

On this day, Luocheng was not bad in the dead battlefield. The strength was quite strong. There were many strong people on the street.

However, Ye Xuan of the old fritters will not take the secret volume to the main city of Tianluocheng City. When the other party is greedy, he will dispel the doubts after he inquired about it.

In this Tianluo City, there is an auction house established by Baihu Villa, and Ye Xuanda can go inside to trade.

Ye Xuan asked the passers-by about the location of the auction house. After a while, he came to the auction house.

"Guest, what do you need?"

An auction house waiter greeted him.

"Call your boss or supervisor." Ye Xuan said directly.

Upon hearing this, the eye of the waiter of the auction house was bright. In general, there was a big list.

"Guests please come with me!"

The waiter took Ye Xuan and entered a box, and the waiter left.

After a while, he returned with an old man.

After seeing this breath, Ye Xuan was shocked because the old man turned out to be dead.

"Hello, you need..."

The old man has not finished, his body shape is a tremor, and he said: "I have seen adults!"

Sure enough, Ye Xuan's guess is correct!

The reincarnation fox has already passed on his news, and it is estimated that many people know him.

"Do you know me?" Ye Xuan pretended to be surprised.

"The owner has orders to fully support the adults, but can not directly cultivate resources for adults..." the old man replied.

The portraits of Ye Xuan are already spread throughout all the industries under the Baihu Villa. Of course, only the top management of the industry knows.

"I don't want to ask for something. There is a secret volume here. You can help me."

Ye Xuan said nothing, directly took the secret volume out.

In this reincarnation, who dares to move the fox's guests?

After seeing this secret volume, the old man was also shocked and said: "It turned out to be the office drawings of the Xuanyue tomb!"

"What is this?" Ye Xuan asked.

"The owner of Tianluocheng City is acquiring this secret volume. There have been three previous ones. Now it is the fourth one. It is all right."

The old man said with some excitement: "Only after collecting four drawings, you can enter the Xuanyue tomb, and then crack the first heavy organs of the Xuanyue tomb."

"What's in this Xuanyue tomb?" Ye Xuan asked again.

"It is said that it is a tomb of a suspected reincarnation. The tomb is open, but there are many organs. If there is no way to crack the organs, it is a dead end." The old man replied.

"Oh, then let me help you out first." Ye Xuan did not care so much.

The old man paused and replied: "The Lord of the City of Tianluo is the last secret volume of 100,000 wars. So, I will accept 150,000."

Although the owner of Baihu Zhuang ordered that he should not directly give Ye Xuan assistance, but this secret volume he really needs, just added a little price, and used 50,000 martial arts in exchange for Ye Xuan's goodwill, absolute value.

"Well, directly change all the combat power into the treasure of the ore and fire properties." Ye Xuan nodded.

"Okay, I will do it!"

The old man is resolute and vigorous, and he walks away.

Although he did not know what Ye Xuan did, he did not ask, just go to prepare.

Soon, he is back.

"Adult, please accept the test." The old man respectfully handed Ye Xuan a ring.

The old man will also be too expensive for 50,000. It is already very polite to Ye Xuan, so Ye Xuan is not counted and directly swallowed.

"Hey, the host breaks through, and the current is dead triple!"

"Hey, Megatron breaks through, and is currently dead for four!"

"Hey, the spirit of the ashes breaks through, and the current is dead five times!"

Because of the refining of the bodies of several Japanese beasts, the old breakthrough speed of the tree is much faster than that of Megatron.

At the same time, Ye Xuan himself is about to break through to death.

"The Xuanyue tomb is open, then you have got the method of cracking now, isn't someone following in?" Ye Xuan suddenly asked.

The owner of this Xuanyue tomb, but suspected of being a strong runner, is naturally interested.

"Well, now these four volumes are in me, the city of Tianluo, the landlord and the mysterious master. They have already discussed it. Anyone who holds a secret can divide the treasure inside." Nod.

"Then you will discuss when to go in." Ye Xuan nodded.

The last veteran of the veteran has just been obtained, and the other three parties do not know, so they have to discuss.

"If adults are interested, they can join our team at the time." The old man said respectfully.

"Let's take a look at it." Ye Xuan did not want this question for the time being. He decided to go to the Xuanyue tomb to see it again. Then he decided to act alone or join the team of the auction house.

"Okay, please take care of yourself."

When the old man finished, he left the auction house directly.

Ye Xuan, who also left directly, left only Wei Zhentian to be guarded here. If the old man returned, it would report to Ye Xuan for the first time.

As for Ye Xuan and Shu Lao, they left Tianluo City directly and went to a dangerous place passing by on the way to kill the Tongtian beast.

One can upgrade, and the second can restore the cooling of the Kirin.

.....

Xuan Yue's tomb was discussed by the Quartet, but it was discussed for two days.

In these two days, Ye Xuan killed a lot of people who did not know how to pass the sky, and raised the realm to the dead four-dimensional. The extra thing was sold to the auction house, and the Megatron was upgraded to the dead five.

"Adult, time has been set, just tomorrow."

The owner of the auction house said to Ye Xuan.

"What is the strength of the other three parties?"

Ye Xuan asked, knowing oneself and knowing each other can not fight, although it is said that it is a joint effort, but we must first understand the forces of the other three parties, and if there is any change, it will be better.

"The Lord of the City of Tianluo is a deadly Xuanjing seven, with three dead Xuanjing six, and ten dead Xuanjing five. The demon house is one less dead than the Tianluo City, as for the mysterious master, at least It's six heavy dead, and it's probably seven dead..." The auctioneer's boss reported to Ye Xuanhui.

Chapter 1489: set

As for the auction house, Ye Xuan has already learned about it, similar to the Devil's House.

However, what he does not understand is why the reincarnation fox does not directly send people to the Baihu Villa.

Just let it fall and wander outside, what should I do if it falls?

The reason for this, Ye Xuan did not know, and perhaps the reincarnation of the fox has sent a super master to protect in the dark, or may want to let the fall and experience, grow up.

However, Ye Xuan has a wonderful premonition for this trip to the Xuan Yue tomb.

He feels that he will have a big adventure this time!

This Xuanyue tomb is very important to him!

"Well, I will go see it with your team tomorrow."

Ye Xuan nodded.

"Yes, adults!"

The auction house owner nodded, even if he left directly.

Taking advantage of this day, Ye Xuan continued to go out to kill the strange upgrade. Now that the Song Dynasty and the Song ruling have been rescued, he does not have to be so hurry.

If it was before, he would certainly use the eyes of the soul to control the auction house or other forces, and scrape the whole force, but if you use more, you will feel bored, or you will kill yourself better.

Of course, this depends on his mood.

One day later, he returned on time.

"I have seen adults!"

Seeing the return of Ye Xuan, the boss of the auction house, Song Qingxing, respectfully said that there are already many masters beside him.

At the same time, there is also a fox master who is more powerful than Song Xingqing.

Dead Xuanjing seven heavy!

"I have seen adults!"

This fox master is also holding a fist against Ye Xuan, and his look is extremely respectful.

"Hundred Fox Mountain Villa?" Ye Xuan brows a pick.

"Bai Ming, the forty-sixth generation of Baijia Mountain Villa, the next sixteenth generation." The fox master replied respectfully.

Ye Xuan does not know how many years this white family has been, but it looks like the age of the fox master.

Seeing the silence of Ye Xuan, this Bai Ming continued: "I am responsible for the management of this area, just in the vicinity, so I also want to see the Xuanyue tomb."

Ye Xuan nodded slightly, this Bai Ming is a master of the dead seven-dimensional, with him leading, but it has improved a lot of protection, and is not inferior to other strengths.

The auction house is assembled and then meets with the other three parties outside the city.

When Ye Xuan followed the team and left the city, he found that many people were waiting outside. Most of them were scattered people. They heard the news and prepared to go to the Xuanyue tomb.

The Xuanyue burial chamber is open and accessible to all. The four secret volumes are just the first to be cracked. There may be other crises after entering, so you need some cannon fodder.

At this time, in another place outside the city, there are already three other forces gathered.

"The city owner, the government owner, our people are here." Song Qingxing said to two people.

The owner of the city of Tianluo is a middle-aged man, as is the owner of the Devil's House.

As for the mysterious master who had the third secret volume, it was wearing a fight, and the whole body was hidden under the black robe. The breath was well hidden. He stood by, but no one dared to approach.

"Who is this....."

The city of Tianluo City stunned Bai Ming, Bai Ming, but the Fox family.

In the reincarnation, the Fox family at the level of death is almost related to the Baihu Villa. This is not a good sign.

"Bai Ming, responsible for the surrounding three city auction houses!" Bai Ming directly replied.

"It seems to be the manager of Baihu Villa here..."

The Lord of the Devil's Mansion frowned.

This trip to the cemetery of the Xuanyue, they have reached an agreement with the owner of the city of Tianluo, and they can join hands to clear the auction house and others.

However, there is now a person from the Baihu Villa, which is a bit difficult to do.

If you want to do it, then you have to do it thoroughly. Otherwise, you will get to the Baihu Villa.

Baihu Mountain Villa is one of the three hegemons of the reincarnation. Even if the strength of Tianluo City is magnified 100 times, thousands of times or even 10,000 times, it is definitely not the opponent of Baihu Villa, even more than any Fox in Baihu Villa. Branch.

It seems that the agreement between the two parties has to become a tripartite agreement!

The Lord of the City of Tianluo City and the Lord of the Landlord are thinking in their hearts. Even if they want to tear their skin, they cannot compete with the auction house.

"If that's the case, then let's go!"

The city of Tianluo City is not nonsense, and travels directly with the team.

Other forces quickly caught up.

Four secret volumes have appeared, but they have not been cracked. They decided to go to the Xuanyue tomb.

Ye Xuan mixed in the team at the auction house, swept the eye with insight, and found that the mysterious master with the third secret volume, he could not see through.

It seems that at least the dead world is seven!

It's no wonder that dare to come alone, it turns out to be strong.

At this time, that Bai Ming suddenly got to the side of Ye Xuan and asked: "Adult, don't know less... Don't know where other adults are?"

Although this white Ming did not finish, but Ye Xuan has captured a word.

less?

"When they need help, it will appear." Ye Xuan does not intend to answer this question.

Bai Ming did not ask much. He almost said that he had missed his mouth and quickly silenced.

It took about a day from Tianluo City to go to the Xuanyue Tomb. When the forces of the Quartet arrived, they found that there were more people outside the Xuanyue Tomb.

"Hey, I want to mix a foot, the tomb of the strong wheel, is this waste can go in?" The demon house is cold and cold.

Relative to him, these dead and three-dimensional, four-fold, is indeed waste.

In this case, Ye Xuan does not like to listen to it. After all, he also died in the same way.

However, he is too lazy to care about the land of the local government.

The Xuanyue tomb has been dug up and the entrance to the tomb is exposed to the air.

A large group of people fell in front of the Xuanyue tomb.

The four forces did not say anything, they took out four secret volumes and then added them together.

At this time, it is just the night.

Under the moonlight, these four superimposed volumes have a map.

"Sure enough, it depends on the moonlight."

"This is the picture of the first heavy organ of the Xuanyue tomb..." The main corner of the land of the demon house was slightly tilted.

This Xuan Yue tomb is the first heavy organ, but it has plagued many people for thousands of years. Even the Devil's House has many people who die under this level.

"Since it has been cracked, go in and try it." Bai Ming said.

However, the Quartet forces copied the cracked maps and entered the Xuanyue tomb.

In order to verify the map of this crack, Tianluo City, the Devil's House, and the auction house each tried one by one.

Ye Xuan is also fortunate to have seen this institution. I have to say that it is really dangerous here.

Chapter 1490: Doll bowl

These organs are very clever, with dead spirits, transparent arrows, ground stab attacks, etc. Even if they are dead and heavy, the eight strong players are hard-pressed, I am afraid they can't get in.

"I only died in a three-dimensional environment, and I will break through to the dead four-dimensional. This Xuanyue tomb is more dangerous for me..."

Ye Xuan thought in his heart.

However, the old tree is already dead and dead, and its strength is not weak. If it is dangerous, he can also leave the air, but it is safer than others.

If you don't enter the tiger's hole, you will get a tiger. Maybe after this time, his strength will rise.

"The method of cracking is correct. Everyone will pass it like this." The eyes of the city of Tianluo City shined brightly and said to the people around them.

But the next moment, there is a figure that crossed him and rushed directly into the first institution.

Everyone stared at it and found that it was the mysterious master. After three seconds, he arrived at the other end and successfully passed.

"This guy doesn't know what the origins are, but the strength is not under me..."

The heart of the city of Tianluo City snorted.

This mysterious master's breath is well hidden, and it looks like a dead six-dimensional, but in fact it is dead.

However, he also said in advance that once he cracked, he would act on his own.

Others did not pay much attention to this mysterious master, and began to enter the agency layer.

However, Ye Xuan felt that the mysterious master was a bit strange, because his insightful eyes could not transcribe the magical master of the mysterious master.

"Adult, you go ahead, I am behind." Bai Ming said to Ye Xuan.

"okay!"

Ye Xuan also took out the crack map, and then easily passed this heavy institution.

There is a way to crack, and soon everyone is coming.

The scenes of the scattered warriors looking at the forces of the four parties also carefully pondered and then began to try.

However, the success rate is not 100%, some people are dead, and some people are alive.

Those who live through customs clearance are one step ahead.

The Tianluo City, the Devil House and the auction house did not stop it, let them pass.

These people are playing the role of cannon fodder.

They actually know it in their hearts, but still want to try it, in case something is good?

"This is the first time, and there are exactly four roads. It is better for us to part ways." Tianluocheng said.

"I also have this intention, let's just choose a road." The Lord of the Magi House answered the words.

"Okay, that's it!"

Bai Ming and Song Qingxing also have no opinions, and one party's own actions are also more convenient.

At the moment, the three parties have chosen one of their own roads, and the auction house has chosen the rightmost one.

The mysterious master walked early, did not know which one to enter, the three forces are now separated, there is a great chance that they will meet them.

However, this problem is nothing, because after the road, there is still a road.

Ye Xuan followed this team and walked cautiously. In this case, he had to summon Megatron and Shu Lao.

"The adult approach is really extraordinary!"

When Bai Ming saw this suddenly, Megatron and the old tree, could not help but marvel.

"Since it is my own person, let me explore the road." The old man volunteered.

Although he is a dead-hearted man, he has the ability to be immortal. It is best for him and Megatron to explore the road.

Bai Ming and others frowned, but did not speak after seeing Ye Xuan did not refuse.

Shu Lao and Wei Zhentian took the lead and rushed forward without dying. No danger was found along the way.

five minutes later.

"Little Master, I have encountered a ghost thing..." The old tree came to the news.

"What?" Ye Xuan asked differently.

"It's a humanoid warfare. The strength is probably five dead, but I can't kill it with Megatron. There is a lot of temperament in the body..." Tree answered.

Hearing this, Ye Xuan is speeding up the pace and rushing over.

When Bai Ming and others saw it, they quickly followed.

Soon, the two sides will meet again.

"Hey!" "Hey!" "Hey!"

In front, there was a voice of battle.

Ye Xuan saw that Shu Lao and Megatron are fighting a war corpse. Their attack can indeed hurt the corpse, but there is a huge sacred gas in the corpse, and the injury can be restored in the blink of an eye.

"A high defense, what is this?"

Song Qingxing couldn't help but say.

The old attack of the tree is probably not lower than that of him, but the old tree can only barely break the defense of this war.

Can't cause a lot of damage, then it's hard to kill!

It is at this time.

"Calling!"

Suddenly, the breath of this war corpse suddenly skyrocketed, and the birthplace was promoted to death.

"what?"

Everyone was shocked, what is going on?

Fang Cai is still only five dead, and now how suddenly has skyrocketed two realms?

“Hey!” “Hey!”

This one change, but also killed the tree old and Megatron, a surprise, and instantly hit the two.

Fortunately, both the old tree and the Megatron have blood and blood, and the injury is restored in the blink of an eye.

"Roar!"

The humanoid warfare snorted and suddenly killed Ye Xuan and others.

"on!"

Bai Ming is not nonsense, killing it directly.

A deadly Xuanjing is seven heavy, three dead Xuanjing six heavy, ten dead Xuanjing five heavy, Qi Qi attack.

This time, the attack was also the injury of this humanoid warfare, but the injury was restored in the blink of an eye, very difficult.

Ye Xuan did not move, but observed with the eye of insight, he found that this humanoid warfare he could not see through.

However, he found a strange place behind the humanoid warfare.

"There is an abnormality behind his left shoulder!"

Ye Xuan suddenly reminded.

When I heard this, everyone's eyes were bright, and the old tree flashed directly behind the humanoid warfare.

This time, the humanoid warfare, which was never defended, unexpectedly shot out.

Sure enough, there is a trick!

At the moment, everyone is attacking.

Although this humanoid warfare was strong, but there were trees and old whites dragging, and soon it was defeated. Finally, the tree was old and punched in the back of the left shoulder of the humanoid warfare, only to hear a crackling sound, it seems It is a thing that has shattered.

Then, this humanoid warfare is no longer able to recover the injury, and then was killed.

"The only thing that is broken is that it is a raw sacred bead. It can store a lot of raw scent. If the martial art is refining, it can greatly enhance the temperament of the sacred..."

Bai Ming recognized it, but unfortunately, this life Xuanzhu has been shattered.

It turns out that this is why the humanoid warfare is constantly recovering!

However, why this humanoid warfare suddenly surged in strength and has not yet figured out.

"Adult, this corpse will be collected by you." Bai Ming said.

This war corpse was not a human being before life, but a humanoid beast. It is like a monkey, so Ye Xuan can swallow it.
