Chapter 149: crisis

As for the demon animal Nei Dan, Ye Xuan did not swallow it, because he knew that he could not break through temporarily. It is better to keep it first. Zhao Pan may need this Nedan more than him.

However, he estimates that the value of this true spirit, the peak of the beast, should be between 20,000 engulfing points and 40,000 engulfing points.

"Go."

For Ye Xuan to collect the body of this monster, Zhao Chongwen and others did not have any objection.

Zhao Chongwen's hand is the cold sword that Ye Xuan created. This has improved his strength. He will not compare with Ye Xuan.

However, there is a monster in the real spirits here, it seems that they are on the right track.

Next, you may encounter other beasts.

A group of people began to be careful.

Although they have true spiritual guards, they can't be eaten if there are some sneak peeks that suddenly attack them.

At this point, they have already ran into a valley. According to Ye Xuan's feelings, the breath that made him feel guilty, in this small valley.

Just then, there was a laugh in the valley echoing.

"Welcome welcome, welcome to your place of burial!"

This voice is very strange, and it sounds very neutral, I don't know if it is a man or a woman.

"Sure enough, it's the right place."

Ye Xuan and others thought.

"The embers of the beast gods, you actually made waves in my Xuanyang Empire, and soon came out to die!" Zhao Pan shouted.

"Little fat man has a big tone, don't worry, you guys, you will die here, I will dedicate your flesh and blood to the demon wolf, as long as you swallow your flesh and blood, the demon wolf can return to the real world."

This voice echoed in the valley.

Everyone present was shocked after listening to it.

Really Xuanjing!

It seems that they are still a step late.

"Sure enough, it is to swallow the flesh and blood of human beings to recover, but I have to look at it, what can you do to keep us all here." Zhao Chongwen also said.

"Well, since you want to die so fast, then I will fulfill you!"

When the sound fell, all the sounds were heard in all directions. Then, the indecent figures came out of the dark forest.

It was actually a beast!

"Sure enough, some of them are capable, and suddenly there are so many beasts. Tian Jinxi, Red Flame Lion, Purple War Bear..." Zhao Chongwen saw a lot of knowledge and read a series of names.

At this time, there are more than a dozen spirit beasts, and they all look very powerful. I am afraid that it is not the middle of the real spirit, but the peak of the true spirit.

Moreover, the purple-streaked bear is particularly strong, and may be a real thing.

Ye Xuan quickly looked around in a circle, among the more than ten spirit beasts around, there was no demon wolf, that is to say, the demon wolf did not appear.

"The intelligence is wrong, there have been so many beasts, the strength of the demon wolf is not the beginning of the real thing." Zhao Chongwen said a little dignified.

The real Xuanjing that the voice mentioned in the voice, but scared him, because they have no strong people in the Xuanyang Empire.

"Ha ha ha, do you really think that you got the information, that is what I deliberately let go, the purpose is to let you die!"

After the voice laughed a few times, he said: "Wolf wolf, come out, your food is here."

After Ye Xuan and others heard it, his face was also a condensate, and the Lord was coming out.

"Tread."

A footstep passed into everyone's ears, and they turned their heads and saw that there was a **** figure in the forest.

This is a wolf with scarlet hair, huge in size and comparable to a tank. Moreover, it was actually injured, the whole body continued to drop blood, and it was faint to see the forest bones from those wounds.

This is the demon wolf resurrected by the beast gods?

"Everyone is careful, this beast is not simple. I am afraid it is the peak of the real world. Fortunately, it has not recovered to its peak. When I am dragged by, you can quickly kill other beasts."

Zhao Chongwen's face is a bit gloomy, because he is only the beginning of the real thing, even if there is a Chinese spirit, I am afraid it is difficult to fight with this blood wolf for a long time, only to hold for a while.

Now, Ye Xuan is also aware of the seriousness of this matter.

The beast of the true Yuan dynasty is not what he can currently cope with. If it breaks through, then it is another matter.

However, the things in his ring are not enough for him to break through, and the Chinese spirit is built by him, so he can't swallow himself.

Then there is only one way!

Let Zhao Chongwen delay a little time, he went to kill other beasts, and then broke through to help.

The beasts that surround them are not low in rank. As long as they kill a few, he can break through.

However, he was afraid that Zhao Pan and others could not stand the first wave of attacks, and Zhao Chongwen was killed by the blood wolf.

"Okay, demon wolf, please enjoy!"

When the sound came from the sound, the dozen or so beasts around him were roaring, and then they rushed toward Ye Xuan.

"Booming!"

These are large beasts, and the footsteps are deafening.

"Up, quick battle!"

Zhao Chongwen shouted, and he rushed toward the **** giant wolf with a cold sword.

Ye Xuan also took out the chasing star bow in an instant, but the first thing he did was not to kill the purple-winged war bear in the real world, but to attack other spirit beasts.

Because the number of spirit beasts exceeds their expectations, it must be reduced.

"shoot with great precision!"

Ye Xuan's flash of light flashed, and it was an arrow to raise the hand of the nearest Red Flame Lion.

Under the various superimpositions, the arrow burst out like a lightning bolt, and instantly penetrated the head of the Red Flame Lion.

Spike!

However, when Ye Xuan was preparing to shoot the second arrow, suddenly a broken voice fell into his ear.

"what?"

Ye Xuan turned his head and saw that there was a petite voice rushing toward him. He fixed his eyes and found that it was a small sparrow full of electric current.

"This is also a beast?"

Ye Xuan was shocked because the little sparrow was extremely fast and almost caught up with his speed.

However, he did not flash and did not hide, directly transported the true spirit, and condensed a lotus flower in vitro.

Lotus treasure!

"call out!"

An arrow shoots through a rhinoceros beast and kills it.

But at this moment, the little sparrow had already plucked in front of him and then slammed into it.

Let him be surprised, the little sparrow hit the lotus treasure, and then suddenly gave off the dazzling light, and actually broke the lotus treasure, the small mouth directly on the shoulder of Ye Xuan.

"What? Breaking open?"

Ye Xuan was shocked. He was the peak of the true spirit and the spirit of martial arts. It was not something that ordinary people could break.

But this little sparrow can easily break open. Obviously, this little sparrow is more difficult to deal with than other beasts.
