

Super D. S 1491

Chapter 1491: Trigger authority

"it is good!"

Ye Xuan is also nonsense, thrown directly into the planting space, and then directly refining.

"Hey, the host breaks through, and the current is dead four!"

"Hey, the spirit of the Ashes breaks through, and the current is dead six!"

A system prompt tone, let Ye Xuan stunned.

When the tree is old, how can it break through?

"Little Master, this war corpse is so advanced, I actually let me break through!" The tree can't believe it.

Ye Xuan is the same. He did not expect that the income of this humanoid war corpse is so high. This is just a simple corpse, no beast.

It seems that this Xuanyue tomb, did not come wrong!

"Congratulations to adults to break through!" Bai Ming said directly after feeling the breath of Ye Xuan.

"Continue to hurry!"

Ye Xuan's eyes lit up and continued to let the old trees and the Megatron of the Dead Xuanjing go to explore the road.

After a while, the old tree came again with news.

"Little Master, I met another one, this time is a dead six-dimensional!" The old tree passed through the air.

With the induction of pets, Ye Xuan quickly found the past.

However, when they approached, the breath of this humanoid warfare suddenly rose.

Dead Xuanjing seven heavy!

It is also a surge in strength. Although it is only a realm, it is also very strange.

"kill!"

Bai Ming did not care so much, and once again took the crowd to kill the past.

Ye Xuan observed it with an insightful eye, and finally found the birth of Xuanzhu, at the waist of this humanoid warfare.

"Hey!"

The raw Xuanzhu was smashed by the old tree. This humanoid warfare lost the cure of the sacred air and was then killed.

As for the body, naturally it is in the hands of Ye Xuan.

This time, although it was not able to let Ye Xuan break through, the current income is not small, and I don't know what level the humanoid warhead was before.

"Is this humanoid warfare corpse, is it based on factors such as the number of people encountered, and then enhance the strength?"

Ye Xuan suddenly said.

"Next time you slow down, I will go first." Bai Ming said to other people.

Then they continued on their way and soon met a humanoid warfare.

This time, it was still six dead, but when Bai Ming used to support it, the war corpse suddenly rose to the dead.

It seems that the reason why these war corpses suddenly raise the realm is not the number of people, but the highest level of the people they meet.

Bai Ming is dead and dead, so it has also been promoted to death.

Soon, this third humanoid warfare was killed.

When he was treated to the fourth humanoid warfare, Bai Ming did not go any further, but looked at it all the time.

Sure enough, this humanoid warfare has only six levels of death.

Among the teams in the auction house, the three people of Shuo Lao and Song Qingxing are six dead.

This also verified the conjecture of Ye Xuan and others, the level of this corpse is really the same as the strongest team.

When the tree is dead five times, the battle corpse is also dead five-fold. After he broke into the dead six-fold, he did not encounter the dead five-year-old war dead.

For the sake of convenience, Bai Ming went to the back of the team. As for the front, it was the old path of the tree.

"If you kill like this, the realm of my old tree and the tree will be raised again..."

Ye Xuan thought in his heart.

At this time, he is dead and dead, and the tree is always dead. He has killed nearly ten humanoid warfare bodies, and the realm has been raised to half. It is estimated that after encountering some humanoid warfare, you can break through. It is.

However, just after they solved the twelfth humanoid warfare, they suddenly heard some movements.

"This seems to be the voice of the battle..."

Ye Xuan brows a pick and quickly makes the tree attack. With the sharing of vision, he saw a figure fighting the humanoid war.

The old man has just appeared. This person is killing the deadly humanoid warfare, and then the body is collected in an instant.

"It is the mysterious master..."

Ye Xuan's brow was picked.

After seeing the cracking method, this mysterious master rushed to the past and then disappeared into the eyes of everyone.

Unexpectedly, the team actually met him.

This mysterious master is also smashing the old look of the tree, and then directly turn around and leave, this speed, I am afraid that even the old tree can not catch up.

"Little Master, this person is hidden..." The old tree couldn't help but say.

"Well, I saw that he accurately found the position of Sheng Xuanzhu..."

Ye Xuan replied.

He is able to accurately find the position of Sheng Xuanzhu with his insight, but this mysterious master can find out, but it has some strength.

I don't know why, he always has a strange feeling about this mysterious master.

At the moment, Ye Xuan is directly breaking the void, appearing beside the tree, and then looking at the back of the mysterious master, the light flashed.

Death killing order!

Now, Ye Xuan can easily grasp the position of this mysterious master.

"Don't follow him, he is fast, and he can accurately find the raw sacred beads on the corpse, and there is no meat to eat behind him..."

Ye Xuan said, let the old tree and Megatron change a road.

Soon, the tree old found another war corpse, and then Ye Xuan directly broke through the void, with Song Qingxing's three dead masters.

However, when the four talents had just brought them, the Xuanyue tomb suddenly began to tremble fiercely.

"Booming!"

what happened?

Ye Xuan and others were shocked and hurriedly guarded against the surroundings. At this time, the humanoid warrior suddenly stopped attacking and then entered the wall.

"Boom!"

The wall opened and closed, so that Ye Xuan and others could not understand the situation.

This man-shaped battle corpse, how come away?

Before they could react, there was a pressure on their shoulders, and everyone could not fly.

"Who started the ban?"

Song Qingxing exclaimed.

Originally they were able to fly, but now everyone can not fly, even Megatron was suppressed to the land, turned into a duck in the squatting to the feet of Ye Xuan.

Not waiting for them to be surprised, the whole ground was suddenly opened, and everyone did not react, all fell.

"The trough!"

Ye Xuan was also shocked.

Not only that, but even Bai Ming and others at the other end of the Nether Gate fell directly.

Fortunately, these people are not universal, and each has the means to destroy the land, even if it is hundreds of thousands of miles high, they will not be hurt.

"Hey!" "Hey!" "Hey!"

A muffled sound spread, everyone is safe to land.

Ye Xuan also successfully fell, quickly looked around and found a lot of people around. There are many scattered people in Tianluo City and Devil's House. All of them are here, and there are hundreds of them.

Bai Ming was not far from Ye Xuan. He immediately leaned over and then stunned: "This is, is everyone concentrated?"

Chapter 1492: Then encounter suffocation

"What happened, who triggered the agency?"

In the distance, the city of Tianluocheng asked strangely.

"Everyone is down, there is a ban, this is how to leave?"

The Lord of the Devil's House frowned and looked around.

It was found that all around it was closed, and the ceiling that was opened on the top was closed and there was no way out!

This is a huge palace. There are not many things in the palace. There are only two strange and huge white bone statues.

Other than that, nothing else!

Upon seeing it, the Lord of the City of Tianluo and the Lord of the Landlord also came over.

"Bai Ming, have you found anything?" asked the owner of Tianluocheng.

"No, we are still fighting, and suddenly fell." Bai Ming shook his head.

"I went to see the two statues..."

After the Lord of the Devil's House finished speaking, he directly took people toward the two statues.

It is obviously strange to have two statues in such a large palace.

Not only is he so, even Tian Luocheng and Bai Ming are also ready to look at the past.

Available at this time.

"Well? The two statues..."

Ye Xuan's brow picked up and suddenly found a strange place.

The two statues are not completely closed, with some small holes on them. With an eye for insight, Ye Xuan saw some strange energy in these small holes.

This kind of energy is not the temperament of life, nor the air of death, but Ye Xuan feels that he has seen it before.

He thought about it carefully, and his mind flashed in his mind. He immediately shouted and said: "Bai Ming, come back quickly!"

"Ok?"

When Bai Ming saw it, he didn't think much, and quickly brought people back.

The Lord of the City of Tianluo and the Lord of the Landlord also heard the shouting, and the brow was slightly wrinkled.

Ye Xuan is dead and dead, and he dares to call Bai Ming's name.

Before Ye Xuan mixed in the auction team's team, they did not feel relieved, thinking that it was Song Qingxing's people, but only brought insights to the next world.

It seems that this is not the case now!

But the next moment, they have no time to think, because in these two statues, suddenly a strange energy is erupted.

This is, helium!

Yes, this is suffocating, Ye Xuan once saw it on the island of Dihao.

Two statues, each with thousands of small holes, burst into flames, and suddenly there were people in the middle.

But this time, Ye Xuan did not see the scene in the imagination.

On the day of the island, the outburst was a mad madness, which would make people feel emotional and militant. This time, it is not madness, but the other two, anger and hate.

This calm lasted only a few seconds, and after a few seconds, the change happened.

"Hey!"

"Boom!"

Fight, break out!

The two statues, the one inside is the anger of anger, and the one inside is hateful.

Although these two kinds of suffocating are weaker than the madness, they are also very horrible, second only to the madness.

Once it broke out, it was just out of control!

"Wow, ah, Lord Luo, you killed my brother, I am fighting with you!"

"The last mission, you are not evenly distributed, I want to kill you!"

"It was just because of your mistake that caused my brother to die and die!"

The whole game, the moment is messed up!

Although the people with high realm have resisted the first wave of arrogance, there are still second and third waves. In addition, as the suffocation spreads, many people continue to recruit.

"Damn, it turned out to be suffocating, and all those who remained awake retreated to the corner!"

The main face of Tianluocheng City changed greatly and quickly led people towards the wall.

However, the Lord of the Land and the team of the Majesty are all recruited.

The land that the Devil House and Ye Xuan once encountered, although only one word, but the land is a killing gesture, and the Devil House, in fact, is a magical force.

This suffocating, most like this magical power, the killing, the ferocious people are more likely to be recruited, so the demon house almost completely annihilated, directly began to face the people around.

At this time, everyone in the Tianluo City auction team was chilled. Fortunately, Ye Xuan reminded him early, otherwise they would be miserable.

"Retreat to the corner!"

Ye Xuan's flash of light flashed, and after a low drink, he continued to retreat.

"Wow, ah, don't want to go, you are a blackhearted auction house. Last time I pitged five thousand battles, I killed you!"

A master of the Devil's House angered and smashed the past.

"court death!"

Ye Xuan and the tree old shot together, instantly killing the six masters of this deadly Xuanjing, then, the old tree is directly rushed into the riot crowd, killing.

At this time, the suffocating gas is still spreading. If it is not suppressed, I am afraid that even the corner is not safe.

"Megatron, to block the statue on the left!"

Ye Xuan immediately gave orders to Megatron.

Although Megatron is unable to fly now, it can be deformed, and no one notices that it easily plucks to the statue on the left, and then suddenly enlarges it, wrapping the wrathful statue on the left like a cloth.

The anger of anger, stop spreading!

"What is this, there is such a power."

Bai Ming and others are stunned, but fortunately, they have prevented a spread of suffocation.

Fortunately, here is just the anger and hate of anger, these two kinds of suffocating are targeted.

Like the madness of the Bursa Island, anyone who is contaminated will become violent and brutal and will attack everyone nearby. And the anger and hate of anger is not the case.

However, once the battle continues, the effect is no different from the madness.

After all, the battle will always affect the people around you. In this case, all but the enemy are enemies. This is no different from the madness.

On that day, the Luocheng City's main team lost only a few low realms, but it was relatively good. They also retreated to the corner at this time. Anyone who did not open their eyes came over and set fire to kill, but it did not come out. what is the problem.

"Bai Ming, what is going on?" Tian Luocheng City asked loudly.

"What else can happen, who must have triggered the agency!" Bai Ming responded.

"But, why is that mysterious master not?"

The city of Tianluo City said strangely.

After such a reminder, all the talents reacted.

The forces of the four parties, now there are only three parties, where is the mysterious master who is alone?

Thinking of this, Ye Xuan immediately looked around for a circle, before he just marked the other with the death killing order, but now I can find it.

However, when he looked at it, he saw the mysterious master, and stayed behind a tens of meters of walls in the north of the palace. If there was no scarlet killing mark of death killing, Ye Xuan could not find him. .

"This organ is triggered by the mysterious master!"

Ye Xuan suddenly understood.

Chapter 1493: Angry, double eyes!

Everyone fell, but why didn't the mysterious master?

And still standing behind the wall, is waiting for the people here to kill each other and come out again?

However, at this time, Ye Xuan did not care so much, because the hateful anger has already filled the corner.

"Block this hateful anger!"

Bai Ming shouted.

Everyone urges the infuriating and Vientiane powers in the body to condense into a barrier that prevents the hate of anger from spreading in. Otherwise, they will also be enchanted.

In the battle, it has been nearly ten seconds. The people in front of the two statues have already died a lot, and only thirty of them are still fighting.

However, when I thought about how to deal with it in Ye Xuan's mind, it suddenly burst into a shock and spread to everyone's ears.

Ye Xuan stared at it and found that the white bone statue that constantly angered the anger, suddenly burst open!

Then, the anger of the anger in the palace was gathered toward it, and then condensed into a cellar.

"The wrath of anger?"

Ye Xuan brows a pick and recognizes it.

At this moment, the anger of the anger in the palace has been absorbed by the wrath of the wrath. After the absorption is completed, the wrath of this wrath is more than 20 meters high, and the breath is not weak. I am afraid that at least the deadness is seven. level.

But this is not over yet.

In the body of those who died, suddenly there was a burst of anger, and it was very abundant.

"Not good, there are also people on the dead, don't let it absorb it again..."

Bai Ming's eyes widened and he immediately screamed.

The anger of the previous anger was absorbed by many people. Now these people are dead, and then the anger is provoked by the anger and leaves the body.

This way, the anger of the anger in the human body is a lot stronger than before.

To this level, most of them are people who have lived for thousands of years, and there are many more than 5,000 years.

After so many years, who is not angry?

After these angry angers absorbed the anger of the deceased, they grew a lot.

If the anger of these anger is absorbed by this wrath, it will probably grow to death, and even the dead.

If you don't stop it, everyone is expected to die here!

The city of Tianluochengcheng also reacted.

If you are dead, you can solve it, but if you grow up to death, you will be in trouble.

Don't forget, there is a lot of hate around you.

"Fast, solve this anger first, or you will be in trouble!"

The Lord of the City of Tianluo said nothing, but took all the people down to the road and attacked the wrath of the anger that had grown to death.

Ye Xuan is also the same.

"The killings broke out!"

"burning the sword!"

Ye Xuan has launched an attack.

Although there is something in the super swallowing system that can absorb the anger and hate of anger, how can it compare with the speed of anger?

Megatron is still wrapping the hate of hate, and can't take it.

If you let people absorb it now, you may have to wait for the anger to grow up to death. The suffocation has not been absorbed, or wait until the anger is solved!

The wrath of this wrath is already actionable, but it is now only a dead end, with limited strength. Coupled with the fact that there are many people on the human side, the attack has almost fallen on him.

"Hey!" "Hey!" "Hey!"

The body of the wrath is devastated and suffocating.

The creatures in the cellar are better killed. They are like the ghosts, and the whole body is weak.

As long as they continue to attack, their strength will continue to weaken, but as long as they give them time, they can continue to absorb the recovery. Therefore, it is necessary to kill this wrath in a short time, and then absorb the anger of anger.

But don't forget that the cellar can control those who have not died, including the demon lord who is enchanted by the anger.

However, it is at this time.

"Boom!"

Suddenly there was a booming sound on the side, and Ye Xuan stared at it and found that Megatron was directly shocked.

Another statue of a white bone, which has been broken at this time, is a mantle that sees the sky again.

With the advent of it, the hate of the entire palace was also spurred, and those bodies also rushed out of the huge hatred.

"First solve this hate!"

The city of Tianluo City suddenly drank.

Compared with the anger of the seven-year-old anger that has grown into a dead end, this young hate that has just emerged is better solved.

Under the attack of all, this hateful slayer was directly killed by a single blow, and the whole body was bombarded and turned into countless hate.

"Don't let it re-agglomerate, all the dead and dead, and use this to absorb the suffocation!"

Ye Xuan said, suddenly thrown out a helium absorption bottle.

Those people couldn't understand what it was, but they used a sigh of anger to find out that the surrounding suffocation was absorbed into this thing, which was amazing.

As for the six-level warrior of the dead Xuanjing, it is constantly attacking the seven-fold anger of the dead, but the speed of this anger is so fast that it absorbs suffocation.

Under the attack of all people, the speed of absorption and the speed of breaking up can be flat. It is a ghost!

The human side only feels a lot of pressure, because they not only have to resist the suffocation, but also attack the wrath of the anger. In addition, the demons and other people are still helping the wrath, the situation is not so good!

"The tree is old, killing all the instigators!"

Ye Xuan said to the old tree.

"it is good!"

The tree that is attacking the wrath of the wrath is old, and it flashes to the back of a warrior who has been confused by the sorrow. He punches his head with a punch.

As long as you solve these inconveniences, the pressure will be much smaller!

Just, things are not that simple!

"Wow, ah..."

Suddenly, the people at the auction house had several tricks, and then they were controlled by the anger to attack the people around them.

"court death!"

Ye Xuan smashed the machine and flashed it. He raised his hand and killed him.

Although it is said that these people can be used in the eyes of the soul, but Ye Xuan is now dead and dead. The people are controlled by the suffocating, and it is not so easy to grab them with the eyes of the soul.

So, can only kill!

In fact, Ye Xuan is very helpless in the heart, if the land is enough, you can directly use the eyes of the charm, but it can be a lot more helpers.

It's a pity that the fall is now dead and the two are very difficult. It's too dangerous, so Ye Xuan let her continue to practice.

As for Bai Ming, although he is a fox, he is a moonlight fox, and he can improve his combat power in the moonlight. He is not the eye of the enchanting eye, the only one of the foxes who can't learn the eye of charm.

Otherwise, things can be a lot easier.

Chapter 1494: Set fire

"Wei Zhentian, I collected the Qiankun Ring for me."

Ye Xuan said to Megatron.

There are a large number of corpses on the ground, and there are many war corpses in the head. As long as Ye Xuan can break through, or the old tree breaks through again, the crisis will be solved.

Megatron led the death and quickly collected the Qiang Kun ring.

At this time, Ye Xuan gathered his eyes on the Lord of the Devil's House. The strength of the Demon House is not weak, and there may be many war corpses.

"The tree is old, solve him!"

Ye Xuan gave instructions to the old tree.

"no problem!"

The tree should be old, and it flashed directly to the back of the demon house.

Although the Lord of the Devil's House has been enchanted by the mind, the sense of fighting is still there. In the moment before being attacked, the infuriating spirit is poured out. Unfortunately, the tree at this time is always dead.

"Hey!"

In a muffled sound, the Lord of the Devil's House flew forward, just hitting the attack of Ye Xuan.

"Hey!"

Another muffled sound spread.

It is a pity that the Lord of the Devils seems to have used the cards, and the eyes of the whole person have turned black and the breath has soared.

When the tree saw that he was not dead, it flashed again and it was another punch.

Unexpectedly, the Lord of the Landlord turned and slammed, and directly killed the tree.

"Hey, the spirit of the ash is dead!"

"Hey, the spirit of the Ashes is resurrected!"

The two systems prompted to sound, and Ye Xuan heard some stunned, but the next moment, he was shocked.

I saw that the wrath of the anger suddenly burst open, and then turned into countless suffocating and gathered toward the Lord of the Magi.

The atmosphere of the Lord of the Magi House has skyrocketed again!

Dead and deadly eight!

"Not good, the cellar is attached!"

Ye Xuan's face changed greatly. This scene is beyond his reaction. He has no time to stop it. Even the Bai Ming who is dead and dead is the same.

"The cycle is nine flashes, the fifth flash!"

Bai Ming's light flashed and quickly flashed to the main body of the Devil's Mansion. However, the use of the card and the body of the Devil's House, which was angered by the anger, was powerful and bursting. The direct punch was to pierce the chest of Bai Ming. .

"Hey!"

Bai Ming's eyes widened and he couldn't believe that he was seriously injured. Fortunately, he did not hurt his heart, and he saved his life.

But now, things have become more troublesome!

The deadly Xuanjing eight-dimensional demon house owner, the strength is super strong, and now only the main realm of Tianluocheng is similar to him.

Tianluocheng City Lord saw Bai Ming seriously injured, immediately shot, to prevent the Lord of the Devil's House to win the pursuit, will kill Bai Ming.

If Bai Ming is dead, their chances of winning will at least drop by 30%!

Taking advantage of this opportunity, Bai Ming quickly took a medicinal herb and treated his injury with the scent of life.

Next, it really is going to be desperate!

It's just that Megatron has returned with a lot of Qiang Kun, and Ye Xuan directly devours these things in the ring.

"Hey, the host breaks through, and it's currently five dead!"

"Hey, Megatron breaks through, and is currently dead for six!"

"Hey, the spirit of the Ashes breaks through, and the current is dead."

A series of three system prompts to sound, Ye Xuan three strengths soared several times, and now, they have the strength to deal with the next battle.

"Megatron solves other people, and the old tree and I have done the landlord!"

Ye Xuan immediately issued an order.

In fact, he can use the cards at the beginning, such as the blade storm and the unicorn, but he feels that the threat of these two cellars is not big, the real boss, I am afraid it has not appeared.

The mysterious master who was marked by the death killing order, did not watch them kill each other behind the wall?

"The killings broke out!"

"burning the sword!"

Ye Xuan and the old tree, the city of Tianluo City, joined forces to attack the landlord of the land.

As for the others, instead of cleaning up the remaining martial artists who are confusing the mind, they are cleaning up their anger and making room for Ye Xuan.

That day, Luocheng City Master never imagined that there were several masters hidden in the team of the auction house, such as Ye Xuan and Shu Lao. If they were missing this time, everyone would probably die.

I have to say that the landlord of this place is now powerful and explosive, and in the case of World War I, it still has the upper hand.

This also blames Ye Xuan Fang was scared by the suffocating, in order to protect other people, and did not directly open the killing feast, otherwise under the multi-fold increase, he will certainly be able to kill the anger and hate in a short time.

This is the end of the matter, and regret is useless. Now I will kill the landlord of the land and say it.

"Wow, I am going to kill you!"

The Lord of the Devil's House has gone mad, and even if there is no madness to confuse the mind, he is already enchanted.

Everyone else is his enemy!

Fortunately, the advantages of Ye Xuan and others are a little magnified, because Bai Ming and others have already solved those who have been confused, and now only one of the landlords is left.

Of course, they are also suffering a lot.

The auction house has a strong and deadly six-strong strongman, and there are only four left in the dead, and the Tianluo City is almost the same.

However, at this time, the hate of the hate suddenly formed.

"Give me away!"

Upon seeing it, Bai Ming immediately stepped up and took a handful of hateful scorpions that had just been condensed.

Then he quickly joined the battle of Ye Xuan.

The four masters, and the landlord of this place, the situation finally stabilized.

Ye Xuan estimates that after three seconds, the landlord will be killed by him.

Of course, as long as there is no change during the period.

"Boom!" "Boom!" "Boom!"

In the palace, the sound of the battle continued.

Soon, the Lord of the Devil's House was defeated, and the madness attached to him was quickly seen.

"Oh!"

Just when the madness was separated, the head of the demon house was directly cut off by Ye Xuan.

"Want to go? Give me away!"

The old man looked at the huge madness and quickly flashed over, and a fire fist hit.

"Hey!"

The madness of the madness was beaten up a lot, and the breath was weak for a moment.

When it was not yet formed, the crowd won the battle and directly turned it into a thousand small suffocates.

"The two cellars have been broken up, but the palace is sealed and must be absorbed."

Ye Xuan said nothing, once again throwing some helium gas absorption bottles, ready to take all these helium.

Helium can be used to refine a higher-level mandarin than before. When it is time to take it, her realm may be able to catch up quickly.

Although I don't know why Ye Xuan had such a thing, everyone did not ask much, and collected the suffocation in the entire palace directly.

The thing is Ye Xuan, so they also gave Ye Xuan, after all, if there is no Ye Xuan party, they are estimated to be dead.

Chapter 1495: Goodbye reincarnation

At this moment, in addition to Ye Xuan three people, there are only five people left in Tianluo City. They are Tianluo City Masters and a dead six-strong person. As for the dead five-dimensional, there are only three. .

On one side of the auction house, there is one more dead six people than the Tianluo City Government, and a five-strong warrior.

"While, it's terrible. Who touched the agency?"

The main city of Tianluo City has been hit with sweat, and the infuriating body in the body has also consumed a lot. If it is played for a while, his vitality will be exhausted, and it will be easy to fall.

Bai Ming glanced at the bodies on the ground and shook his head helplessly.

This Xuanyue tomb is really terrible. If people come a little more, the consequences are really unimaginable.

Moreover, there are strange war corpses, and if there are a few suddenly appearing now, it will be terrible. After all, the corpse will be upgraded at will, at least to the dead.

Bai Ming hurriedly dismissed this idea. What if it was realized?

"Who triggered the agency, I probably know!"

At this time, Ye Xuan suddenly opened.

All the people gathered their eyes on Ye Xuan, and the Lord of the City of Tianluo said: "Who? Is that mysterious person?"

"Not bad!"

Ye Xuan should have a sentence, and immediately gave instructions to the tree.

Remnant flames!

The old tree flashed in the past, came to the wall, and then slammed it out.

"Hey!"

The wall defense is very high, and the old punch of the tree has not broken the wall.

"Hello, should you come out?"

Ye Xuan said to the front.

With the death killing order, Ye Xuan can accurately sense that the mysterious person is behind the wall. In addition, the scarlet killing of the word also exposed him.

"What, the mysterious man is present?"

The city of Tianluocheng and Bai Ming and others were shocked and their eyes widened.

"Hey!"

At this time, the wall suddenly opened a door, and a figure came out of it. This person is the mysterious martyr who held the third secret volume before.

"How do you know that I am?"

The mysterious man glanced at the tree next to him.

If it is guessing, nothing is wrong.

However, it is somewhat strange that Shu Lao and Ye Xuan know his position accurately.

The wall is hard and breathable, and it can't be opened without special techniques.

Ye Xuan and the tree old, how did you know?

"You don't need to know this."

Ye Xuan did not intend to answer this question. Looking at the bodies on the ground, he asked: "These are your masterpieces?"

"Yes, it is the organ that I triggered!" The mysterious martyr nodded.

"Mixed things, who are you, and haven't revealed your face yet?"

The city of Tianluo City was furious. After all, the main city of Tianluo City also died a lot of masters, and even he almost died here.

"It's worth it."

Upon hearing this, the mysterious martial artist directly took off the fight and faded the black robe, revealing the true face.

Everyone was shocked because the face of this mysterious man was actually a teenager.

So young?

"who are you?"

Bai Ming thought for a moment and found that there was no memory related to this boy, and asked directly.

"Qi Tianrui!"

The mysterious man replied.

Qi Tianrui, this name is very strange to everyone.

"I know you haven't heard of this name, but you should have heard of my sister's name..."

After the mysterious man finished speaking, it was a pause, and then he said a name: "Qi Xuanyue!"

As soon as this was said, everyone's body trembled.

Qi Xuanyue!

Xuanyue tomb?

Everyone, suddenly reacted.

This Qi Tianrui is the brother of Qi Xuanyue, the owner of the Xuanyue Tomb?

"Yes, this tomb was built by my sister, but it was after my reincarnation." Qi Tianrui said.

This time, things are almost out of the blue.

This tomb was built by Qi Tianrui's sister. Although it was built after Qi Tianrui's reincarnation, Qi Tianrui is Qi Xiaoyue's brother. After all, he will have some means and habits, but it is justified.

Ye Xuan and others did not expect that this Qi Tianrui turned out to be a reincarnation, which means that Qi Tianrui's past life is at least the strongest who turned the wheel!

"Hey, what about the reincarnation, since this Xuanyue burial chamber is open, it means that the treasure has the ability to get it. How is your brother?" Tianluocheng City is cold and cold.

"My sister built this burial chamber after me. I don't know if she is dead or reincarnation, but since I am here, no one can take it away!"

Qi Tianrui blinks and kills.

"Just by you?"

The city of Tianluo City is also a source of killing.

If this is not Qi Qirui, how can his city government damage so many people?

"Hey, the district is dead and dead. It's just a cockroach in front of me. If it's me in the past, you don't even have the qualification to give me tea. Now I dare to yell in front of me. You are tired! Qi Tianrui said coldly.

The revolving environment is indeed very powerful, at least a hundred times stronger than the Tianluo City, which is seven times heavy.

However, that is also the past life.

Now Qi Tianrui, isn't it dead?

"Since it is so powerful, how do you reincarnate, you need to use this method? What reincarnation is a shit!"

"what did you say?"

Qi Tianrui was furious and looked like he was going to do it.

Although he is only dead and dead, he is the same as the Tianluo City, but he has already awakened after all. Is the combat power comparable to that of ordinary people?

"Oh, I will come to see it, the reincarnation is amazing!"

The Lord of the City of Tianluo snorted and said to Ye Xuan and others: "You still don't want to shoot!"

Originally, Ye Xuan wanted to besiege this Qi Tianrui, but when he heard that the city of Tianluo City said so, then let him go.

In the case of the same level, challenge the reincarnation, this is not a general arrogance.

"It's a newborn calf that is not afraid of tigers!"

Qi Tianrui screamed coldly and jumped straight down, rushing to the main city of Luocheng.

In fact, the Lord of the City of Tianluo also inhaled some anger and hate, but it has not yet reached the point of being confused, so he is hateful to this Qi Tianrui.

In the blink of an eye, the two are fighting.

The Tianluocheng City had originally played a game. Both the infuriating and the life and death of Xuanqi consumed a lot. In addition, the opponent was a reincarnation, and only one face-to-face, the Tianluo City Lord was shot by a fist.

"Xuanyue Yuehui back!"

Qi Tianrui does not intend to spend the long time with Luocheng City on this day, and directly exerts his tricks.

A sword smashed away, and the main face of Tianluocheng City escaped with dignity. At this time, this sword gas suddenly turned back and directly cut the head of the city of Tianluocheng.

Chapter 1496: Spike!

Spike!

Fighting, from the beginning to the present, is only a second.

This reincarnation Qi Tianrui is so powerful?

"City Lord!"

On that day, the six strong men of the dead side of Luocheng City's main government saw the Tianluo City's main squatting behind, and could not help but widen their eyes and exclaimed.

The same is the dead seven-dimensional, the gap is really so big?

Ye Xuan, who has played against the reincarnation many times, knows that the reincarnation is not so easy to deal with. This day, the city of Luocheng is simply looking for death.

He was killed by Qi Tianrui and was also expected by Ye Xuan.

"I saw it, this is the end of his ignorance." Qi Tianrui will take away the Qiankun ring of the Tianluocheng City Lord and turn his head and say to Ye Xuan and others.

"What do you want?"

Bai Ming glimmered and asked.

"You should be the Baihu Villa Bai family, let's go." Qi Tianrui said to Bai Ming.

Although his past life is a strong player in the reincarnation, it is not worth mentioning that the revolving wheel is in the eyes of Baihu Mountain Villa. He does not need to provoke such a super strong enemy.

"Ha ha."

Bai Ming just smiled indifferently. He said: "I haven't seen it since I've been in the wheel. What's more, you are just dead and dead."

"Don't know how to lift, dead, and you can't deal with it, give you three seconds to roll." Qi Tianrui said with an impatient look.

"If that's the case, then I will teach you!"

Bai Ming said.

But his voice has not yet fallen, Qi Tianrui is taking the message: "No, let's go together!"

Hearing this, Ye Xuan is also unpretentious, directly to the tree to the old:

"kill!"

This reincarnation Qi Tianrui is really too mad, but his strength is not expected to be strong, because he has to rely on others to remove the two mantles.

This war, in fact, there is no suspense!

The tree is now dead and dead. The same as the reincarnation Qi Tianrui, the old one alone can be singled out, let alone Ye Xuan and others.

Before the Tianluocheng City heads-up Qi Tianrui was dead, and now Qi Tianrui is more than one enemy, but also dead!

"The flames!"

After the tree was given the instructions of Ye Xuan, he immediately separated the two remnants of flames, respectively on the left and behind of Qi Tianrui.

Then, he quickly moved to the past and punched it out!

Although Qi Qirui was behind the wall, he did not see the old tree, so he was shocked.

However, he is also a true reincarnation and is unlikely to be spiked.

"Hey!"

Qi Tianrui turned a punch and slammed into the old fist of the tree. Suddenly, the sin of the dead and the old spirit of the tree collided with each other, and the air wave rolled.

What makes Qi Tianrui incredible is that he even made a close match with the tree.

Who is he?

Even the Lord of Heaven and City, who is dead in the dead, can't stop him from punching. Can this bald old man actually be able to?

At this point, he faintly felt that he might be somewhat careless.

"Moonlight!"

Bai Ming, who is also dead and dead, has already rushed to him. He has a long sword in his hand and a white half-moon sniper.

Bai Ming is a white house in Baihu Villa. Although he is not a top genius, he is also very good. After all, he is only a thousand years old this year, and his strength cannot be calculated according to normal.

"Xuanyue Yuehui back!"

Qi Tianrui once again issued a sword, but the accident is that this move did not meet the moonlight of Bai Ming, but wiped the moonlight.

Only then, he used this trick to kill the city of Tianluocheng.

Bai Ming is not stupid. He has already seen it once. It is impossible to use the same trick and rush to avoid it.

However, this move is not as simple as he imagined.

After returning to be shunned by Bai Ming, this mysterious moon turned back and changed his position and tracked Bai Ming.

This is completely a tracking missile!

"Good magical..."

In the distance, Ye Xuan looked enviously, but unfortunately, this trick he could not transcribe with insight.

Both Shuo and Bai Ming have already shot, and he naturally can't hide it. Although the realm is two levels lower than this Qi Tianrui, he can assist remotely.

"The killings broke out!"

"burning the sword!"

His attack is no worse than other people.

At the same time, Song Qingxing's three dead military sects also launched an offensive.

"Humph!"

The reincarnation and Qi Tianrui snorted and didn't know what it meant. But he did see Xiaoxuan and others, and he regretted it.

Bai Ming and others are actually okay, but the old tree is a bit difficult, the attack power is not weak, and it is also too disgusting to change the position.

"This is what you forced me, give me to die!"

Qi Tianrui suddenly felt a little bit different, and directly used the strongest one that can be used now.

"Reincarnation!"

Qi Tianrui's body is surging.

In the next moment, with his body as the center, a horrible attack was erupted, and all of them were returned by the Xuanyue, controlled by him.

In an instant, there are more than a dozen snipers attacking and plundering everyone.

"Looking in the trough, what about the enlargement?"

Ye Xuan was shocked. Fortunately, his attack power was not weak, and he was not put in the heart by Qi Tianrui, so only a mysterious moon came back to him.

"The killings broke out!"

"burning the sword!"

"Boom!"

This mysterious moon was defeated, but other people were not so lucky.

The boss of the auction house, Song Qingxing, teamed up with two other strong six-year-old strongmen who were able to survive.

As for the five warriors who died in the dead, all fallen!

"not good!"

Bai Ming's brows were picked. Those who had smashed the other moons after they killed other people, they went to Ye Xuan's four volumes, and the number was more than ten.

How does Ye Xuan block it?

"Don't be too young to see me!"

Ye Xuan was not in a hurry and quickly shot.

At the same time, the tree is also flashing back, directly using the fire hood to rescue the three people of Song Qingxing.

"Hey!" "Hey!" "Hey!"

After the fire hood was absorbed by the three-pointed moon, it was unbearable and burst open.

The power of the explosion was not weak, and the remaining Xuanyue round was returned to the earthquake, and the three people of Song Qingxing survived.

"It's a bit tolerant, I think you can stick to a few rounds!"

Qi Tianrui said coldly, ready to cast another round of resurgence.

"I didn't want to use it, this is your own death!"

At this time, Ye Xuan's light suddenly flashed and decided to use the strongest card.

Kirin drops!

Not waiting for Qi Tianrui to shoot, there is a huge flame hoof falling down.

"what?"

Qi Tianrui has not reacted yet, and he was stepped on by this flame hoof. Suddenly, the powerful impact of the slamming down, shocked his internal organs and wounded, and was seriously injured.

Chapter 1497: Mysterious stone!

Originally, Qi Tianrui was about to issue a second round of attacks. Now he is attacked like this, and the body is insane and disordered.

The second record of the unicorns, still did not wait for him to react, and then re-aggregated, and then ruthlessly fell.

Qi Tianrui, who was seriously injured, looked up at the flame hoof and suddenly showed a desperate look.

He did not understand who was the target of this move.

Bai Ming?

However, Bai Ming is still in a wrong state at this time, obviously not!

His strength is very strong, but he has not fully played out. After all, Ye Xuan has never lost this trick.

"boom!"

The second flame hoof fell and instantly killed the Qi Tianrui.

"Hey, the host's killing value is improved!"

A system prompts the sound to prove that Qi Tianrui has died.

Originally, Ye Xuan didn't want to use it because he felt a bit strange, maybe it was not that simple, and he wanted to keep it.

However, if you don't use it again, I am afraid it is difficult to deal with this Qi Tianrui.

Before the fall of Ye Xuan encountered Mo Mo Yi, Na Lan Bing and Nalan Jie, in fact, that can not be regarded as a reincarnation, they are just a realm.

This Qi Tianrui is the real reincarnation, he is his own reincarnation. If it is a ratio, the three people in the blood coat are ants.

"died?"

Bai Ming and others looked at the body of Qi Tianrui who had been burned into fly ash, and all of them were stunned.

They didn't react until the tree veteran brought back their ring to Ye Xuan.

Ye Xuan received these two Qiang Kun ring, but there are not many good things in the inside, but also let Megatron break through to the dead seven.

"This Qi Tianrui's own reincarnation may have given his sister Qi Xuanyue, and this Xuanyue tomb may have been established by Qi Xuanyue, then their things may be here..."

Ye Xuan thought in his heart.

However, if a reincarnation dies, there will be some visions.

For example, the eyes of reincarnation!

He just thought of this, and the fruit over the palace really condensed the eyes of a reincarnation.

I don't know, who is this reincarnation eye, is it a reincarnation fox or a reincarnation, or is it a reincarnation?

After the reincarnation of the eye appeared, the reincarnation of the will was directly absorbed, and then the other two reincarnation eyes appeared one after another.

"Reincarnation, this time is very fast."

The voice of the reincarnation of the city was heard. This time, they did not condense the illusion.

"Humph!"

The fastest eye of the reincarnation came out with a cold sigh and immediately disappeared.

It turned out that this time it was the reincarnation who arrived first.

"It is you, young man, we are quite good."

After the reincarnation left, the reincarnation of the city owner could not help but say.

"I have seen two seniors!"

Ye Xuan hurriedly said hello.

"Well, I still have some things to deal with, I will take a step first." The reincarnation of the city is not nonsense, leaving directly.

In the end, only the reincarnation of the reincarnation fox is left.

At this time, Ye Xuan also called out the fall from the planting space and let her meet with the reincarnation fox.

In advance, Ye Xuan did not communicate with the landing, causing some sorrow. She did not respond, but said directly: "Young master, what happened just now, the base of the life and death disk has been shaking..."

"what?"

Ye Xuan brows a pick.

The base of the life and death disk has always been good, and the landing is also using this life and death disk base to refine the scent of life and the sin of the dead, how now suddenly changed?

But let's talk about it later.

"See the owner!"

Bai Ming suddenly shouted reverently.

At this point, the eyes of the reincarnation are already condensing a shadow, it is the woman that day.

"The realm of upgrading is quite fast..." the woman said with a bit of amazement.

She remembers that when she saw Ye Xuan and the last time, Ye Xuan seemed to be a long-lived place, and it was only a long-lived place.

Now, it's incredible that the two have changed to the level of death.

After all, how long has it been!

If you follow this speed, it is estimated that it will take a long time to get to the turn.

terrible!

This speed, even the reincarnation of the fox can not be done when practicing.

"Thank you for your compliments!" Ye Xuan said respectfully.

The woman nodded slightly, and her eyes were about to fall on the body. "Do you want to go with me directly, or continue to stay with him, relying on your own strength to come to Baihu Villa?"

"I....."

Hearing this, the fall is also awkward, she is hesitant.

After knowing that she is a reincarnation, she is very curious about her past life. However, the reincarnation fox seems to only want to take her away, and she does not want to leave Ye Xuan, so she hesitated.

Ye Xuan does not know how to choose the fall, but in fact it does not matter, even if it falls now with the reincarnation of the fox to the Baihu Villa is nothing, after all, he will not be able to go to Baihu Villa.

After thinking for a moment, he replied: "My brother and I will go to Baihu Villa."

"Okay, then I am waiting for you. In addition, this tomb is not as simple as you think, be careful."

The woman did not force it and disappeared directly.

"Congratulation to the owner!" Bai Ming said respectfully.

Song Qingxing is already aware of Ye Xuan's identity. It is unclear that the other two dead warriors are dead. When they saw Ye Xuan and fell to know the reincarnation fox, they almost did not scare the urine.

Who is the reincarnation fox?

One of the three hegemony of the reincarnation!

However, the last sentence before the reincarnation of the fox left was to make Ye Xuan somewhat surprised.

The tomb, not so simple?

Is there any other danger?

"The reincarnation of the fox predecessors said so, it must be, be careful!"

In thinking of Ye Xuan, she sent the fall to the planting space and let her continue to practice.

"Adult, we are..."

After the reincarnation of the fox left, Bai Ming also flashed to Ye Xuan, waiting for instructions.

"There should be a place to go out, but..."

Ye Xuan took a look at the door that Qi Tianrui came out, and then suddenly there was a real gas, and the ground was cleared out.

Under the two broken white bone statues, there are still two organs, only to fight, so did not notice, after the reincarnation of the fox reminded, Ye Xuan was discovered.

These two agencies do not know what will be opened.

"If you want to leave, let's go now."

Ye Xuan said to Bai Ming and Song Qingxing.

"This....."

Bai Ming and Song Qingxing and the other two dead Wu Jingjing six warriors looked at each other.

It was only in the two cellars that they almost had their lives, and then there was a reincarnation, killing only those of them.

It's all about this. How can I go now?

"I stayed!"

The owner of the auction house, Song Qingxing, said directly.

"me too!"

"I am leaving too!"

The other two also made a decision.

Chapter 1498: War dead, forty!

"I also leave the protection of adults safe!"

Bai Ming is firm.

Although there are one of the remaining few people, there is one in the city of Tianluocheng, but now the city of Tianluocheng is dead, and his stay is of no use.

However, after knowing that Ye Xuan and the reincarnation fox have a relationship, he is determined to stay.

If you have a good relationship, the future is bright!

"Well, since you don't leave, then I will open the institution!"

Ye Xuan no longer persuaded them. Anyway, if it is really dangerous, he can break away from the void.

Opening the organs, there may be danger, so they directly retreated to the corner, opened by Megatron and the tree.

The two stood in a good position and waited for Ye Xuan's instructions.

"open it!"

After Ye Xuan is ready, he said.

"Hey!"

"Hey!"

Both organs were pressed almost simultaneously.

Then, the whole palace was rumbling with a rumbling sound, and the center of the palace suddenly broke open, raising a huge stone sarcophagus.

"Is this the coffin of Qi Xuanyue who is a strong runner?" Bai Ming said differently.

If so, then there is a good chance that there will be something before Qi Xuanyue!

Of course, Qi Xuanyue may also be a reincarnation, but after her reincarnation, the flesh is dead.

However, Ye Xuan always feels that something is wrong.

"Little Master, there is no other movement, do you want to open this stone?" The tree is also curious to ask.

Ye Xuan waited for a while, and finally nodded slightly: "Open it!"

"it is good!"

Shu Lao and Wei Zhentian listened to them, and immediately picked up the cover of the stone shovel.

At this time, the coffin suddenly spewed a strong dead spirit.

Megatron and the tree were accidentally contaminated and burned in an instant.

"Hey, Megatron died!"

"Hey, the spirit of the ash is dead!"

"Hey, Megatron is resurrected!"

"Hey, the spirit of the Ashes is resurrected!"

A series of four system prompts to sound, Ye Xuan the whole person is paralyzed.

Megatron and the tree are just a little contaminated, and they are killed!

How strong is this dead spirit?

"What is the head here?"

Ye Xuan asked slyly.

"No, didn't see..." The old man shook his head.

Also, his vision and Ye Xuan shared, Ye Xuan did not see the things inside.

However, he already knows the power of the things inside, and can instantly wipe out the Megatron and the old trees with the blood of the undead, and it must be terrible!

Just when Ye Xuan was ready to let the old tree use the attack directly, when it was shaken, the stone cover was covered.

Suddenly a crisp sound fell into their ears.

"Hey!"

The coffin turned on itself, but there was only a small mouth, probably the length of the index finger.

The tree was old and ready to look at it, but at this time, the whole palace changed again.

"Boom!"

The four walls of the palace suddenly opened countless doors, and then, a war corpse came out from inside.

one two Three.....

Ye Xuan and others subconsciously began to count, and after they counted, it was also a shock to the tiger.

Nima, full twenty!

Moreover, all of them are dead corpses.

This is not the point. The point is that after the twenty war deads came out, there was still.

Twenty one time, four times is forty, but also let people not play?

Bai Ming and others were scared pale, but Ye Xuan was wide-eyed.

This is his chance!

So many war corpses, enough for him to break through to the dead Xuanjing six heavy, the old tree can also break through to the death of the eightfold, it is simply welfare!

However, the thing in the coffin still doesn't know what it is, this is what makes Ye Xuan jealous.

"No matter what you are, when I break through, even if it is dead, I will marry you!"

Ye Xuan's eyes widened and he went straight out.

Killing feast, open!

Shu Lao and Megatron immediately took the lead and directly started. The latter opened the blade storm.

Hey!

When they started killing the corpse, the cover of the coffin moved down a bit.

Ye Xuan estimates that this coffin should not be Qi Xuanyue, it should be sealed with something.

Now, this thing is breaking through the seal!

So, he still has time!

"Full strength, kill!"

Ye Xuan said nothing, directly used the night sky, the palace suddenly darkened.

At the sight of insight, he can instantly find the mysterious beads in the body of the war.

With the five realms of his death, if you attack with all your strength, you can almost instantly crush the raw pearls.

"Hey!"

"Oh!"

After Ye Xuan plucked to the nearest war corpse, a sword stabbed into the shoulder of the corpse and shattered the raw sacred beads. Then he pulled out again and cut the head of the corpse.

This corpse is dead, first cut off his head, he can also recover with raw beads, so it is best to destroy the original Xuanzhu.

A war corpse gave Ye Xuan Yicheng an increase, not bad!

When he himself killed the corpse, he also gave the old tree and Megatron the position to find the sacred beads. Their cooperation was perfect, and the number of corpses was quickly reduced.

"Hey, the host's killing value is improved!"

"Hey, the host's killing value is improved!"

"Hey, the host's killing value is improved!"

Ye Xuan's killing value has been continuously improved, and the increase in the killing feast has also been increasing. At the same time, his cultivation has been continuously improved by swallowing these war dead bodies.

50%... double... five times... twice...

The increase in the killing feast has increased rapidly.

When Ye Xuan killed the 23rd war corpse, he finally heard a system sound.

"Hey, the host breaks through, and it's six dead now!"

At this time, the increase in his killing feast has reached 5.2, and it is 2.5 times the strength of the breakthrough.

However, that stone sarcophagus has already been opened up by half.

"Resolve quickly!"

Ye Xuan heart low to drink a sentence, at this time, he did not have time to see what is in the stone, and it is important to improve the strength as soon as possible.

The corpses that came out this time were full of forty, and they were all seven levels of dead.

Fortunately, it is only the death of Xuanjing seven heavy, if the dead Xuanjing eight, it is estimated to be finished.

"Hey, the host's killing value is improved!"

When the last war was killed, Ye Xuan's increase was already three times higher.

At this time, Ye Xuan was all swallowed up by the war dead that he had just collected.

"Hey, the spirit of the Ashes breaks through, and it is currently dead for eight!"

Now Ye Xuan has just let the old breakthrough of the tree, otherwise those war corpses will probably be upgraded to the eight levels of death, it will be difficult to kill.

After all, their experience has nothing to do with their rank.

"Hey!"

It was just that the cover of the stone sarcophagus was all opened, and the smoldering smoldering gas directly from the inside was shocked.

Everyone breathes and looks at it.

Chapter 1499: Skeleton king

At this time, an armored arm suddenly appeared in the stone sarcophagus, and then a man wearing a dark gray armor slowly stood up from the sarcophagus.

The surrounding area of Shijie is full of huge dead spirits. Even if the tree is now rushing in, I am afraid that it will die instantly.

The armor was very tall, reaching two meters, and the whole body was wrapped in dark gray armor, and the face could not be seen.

When he stood up, the sigh of sorrow was suddenly absorbed by him, and then his breath suddenly rose.

Dead Xuanjing seven heavy!

Dead and deadly eight!

Dead Xuanjing Jiuzhong!

In the blink of an eye, it is to reach the end of the dead Xuanjing, and it is still the peak of the dead Xuanjing!

"I am going, this is what a ghost thing..."

Ye Xuan was frightened. In the eyes of the insight, he saw that the armor was not a flesh but a skeleton.

what is this?

"Skull King!"

Just as Ye Xuan was different, Bai Ming exclaimed.

The sacral king is also considered to be a strange animal, but it is very special. It is a combination of white bone and rock. It is very rare and very difficult to solve.

Now, I have encountered a skeleton of the deadly Xuanjing Jiufeng peak, according to the king, do not know whether it is a blessing or a curse.

Ye Xuan also did not know **** this skeleton king. If there is a unicorn drop, it should be fine.

Unfortunately, his unicorn was used in Qi Tianrui, if it was good to stay.

At this time, the old tree was killed by the scorpion king once, and could not wait to start.

"The flames!"

"Hey!"

The old man's fist hit the helmet of this skeleton, but it only made his head slightly lower, and there was no break.

"Huh!"

Suddenly, there was a dead body in the helmet, and the old tree was once again embarrassed. However, this time the tree is always dead and dead, and the deadness is fast, but the old body of the tree has the blood of the dead. Instead, put it out.

It seems that this skeleton king is not so easy to solve!

Fortunately, however, Ye Xuan now has a three-fold increase, and this increase, there is also a blade storm.

"Dry him!"

Ye Xuan immediately gave orders to Megatron.

But the next moment, Megatron is stunned.

"What, do you let me convince it?"

Ye Xuan a glimpse.

This cheekbone king looks quite powerful, and Ye Xuan's pet plaid is a lot, and it's fine.

However, the key is how to collect?

This is the pet of the deadly Xuanjing Jiufeng peak, even if the best contract is not possible!

Ye Xuan subconsciously swept a bit and found that it was not impossible!

"Is there still a master servant contract exchanged with swallowing points?"

Ye Xuan was shocked.

Before he was exchanged with phagocytic crystals, now I did not expect that there will be exchanges with swallowing points.

Moreover, this master-servant contract is extremely overbearing and can be forced to conclude a contract with the other party. The upper limit is the third level of the host.

In other words, Ye Xuan can just tame this skeleton king!

"Well, Megatron, this time I will give you a younger brother!"

Ye Xuan's light flashed, and he spent a little bit of swallowing points and exchanged the master servant contract.

At this time, the body of the sacral king trembled slightly, and then a strange scene took place.

So many bodies on the ground, they started to move, and then climbed up.

"Heaven, this sacral king has a will to die!" Bai Ming exclaimed again.

Death will!

Once, Ye Xuan also encountered once, that is, when he was in the land of the dead, he was born in the Undead.

Ye Xuan still remembers that after killing the Undead King, there is an eye of death that absorbs the will of death.

Not only that, but he almost killed his life. If it wasn't for the mini-Dragon, he estimated that he would lose two avatars.

"Sure enough, it's a good pet, good, see I have received you!"

When Fang Weiwei said it, Ye Xuan was still a bit reluctant, after all, it was a bit of swallowing point, but now, he directly made up his mind!

A good pet, but can bring him a lot of convenience, as long as there are a few skills, just recycle it, there are also swallowing points.

A little swallowing point, no loss!

"Hey!"

At the foot of Ye Xuan, a red array was raised. At the same time, there was also a formation under the soles of the skeleton.

"Starting to conclude a contract!"

This master servant contract is a little compulsory, so this skeleton king is very resistant, and directly let those who are resurrected rush toward Ye Xuan.

Ye Xuan can't move now, but fortunately there are people guarding him.

"Give me death!"

The tree shoots directly and burns all the people near Ye Xuan to ash.

The process of concluding the contract was somewhat slow and lasted for ten seconds.

In these ten seconds, Bai Ming and others have been shocked.

Ye Xuan, actually in the service of the bones of the king, but it has crossed three realms!

Not waiting for them to be surprised, the formation is disappearing, and immediately, Ye Xuan's mind sounded a system sound.

"Hey, the bones of the bones are successful!"

The fourth pet, the skeleton king!

Not waiting for Ye Xuan, I heard the second system prompt.

"Hey, the skeleton king can become the associated magic weapon of Megatron. After becoming a companion magic weapon, he can share the level and blood with the magic weapon, and has the characteristics of a magic weapon. When the battle is combined, the strength of the skeleton king and Megatron is doubled!"

Hearing this, Ye Xuan was a bit stunned.

This skeleton king can be the associated magic weapon of Megatron, isn't that the younger brother?

The younger brother, even able to share the level and blood with the older brother, when the two fight, the strength of both sides can be doubled.

I am rubbing it!

It is no wonder that Megatron wants Ye Xuan to tame this skeleton king. It turns out to be such a cow!

This time, it's really a big luck!

At the moment, Ye Xuan is agreeing to make this skeleton king become the associated magic weapon of Megatron.

The property of the magic weapon alone saves Ye Xuan a little swallowing point, so that in the future, the king of the skull will be as immortal as Megatron and the old tree.

"Hey, the king of the bones has become the associated magic weapon of Megatron!"

The system prompts again.

However, this is not all good, because Ye Xuan saw that the realm of this skeleton king was directly reduced to the dead seven-dimensional, the same as Megatron.

After all, Megatron is a big brother, how can the younger brother's realm surpass Big Brother?

But Ye Xuan did not care so much, said in his mind: "The bones of the king, after the nickname is called ribs, followed by Megatron."

The skeleton king could not speak, and the two ghostly eyes flashed twice.

"Come, look at the fit!"

Ye Xuan said to Megatron and the skeleton king.

The next moment, Megatron suddenly became a one-meter-wide, three-meter-long sword.

The skeleton of the sacral king grasped and grasped the giant sword of Megatron, which is a fit.

Chapter 1500: Against the sky

Although the fit is simple, but the armor of the skeleton has also undergone some changes, the dark gray armor suddenly has a fascinating luster, and its breath suddenly doubled up.

Sure enough, the combat effectiveness is improved!

Moreover, Ye Xuan has the unicorn deterrent skills, which enhances the pet's double attribute. It is a god.

"Come, the tree is old and they fight one!"

Ye Xuan said to the old tree.

"Hey, Xiaotian actually has a younger brother, let me come to meet you!"

The old tree slammed and flashed to the back of the skeleton.

Only then did he sneak up on the sacral king once. At that time, the sacral king was the peak of the dead Xuanjing. He did not take advantage of it, but he was smothered with death.

This time, the realm of the bones of the bones fell to the dead sevenths, I don't know what kind of scene would be.

"Hey!"

The old fist of the tree slammed behind the king of the cheekbones. He punched with all his strength and still could not break the defense of the skeleton king.

The shape of the skeleton of the cheekbones was only a slight tremor, and the right foot suddenly stepped forward, then quickly turned and swept straight out with a sword.

"puff!"

The great sword of the earthquake is very powerful, and the tree is cut into two directly. This speed has exceeded the response of the old tree.

With the skill of Kirin Deterrence, Megatron and the Skull King can both play twice the combat power, and with the effect of the associated magic weapon, the two combat powers are tripled.

The king of the bones was originally known for its defense. Now the whole attribute has been upgraded, and the defense has reached an astonishing level. Together with the blood of the undead, it is completely a small force that cannot be killed.

Even the trees that are taller in their realm have not benefited, and they have been cut off.

That sword looks ordinary, but in fact it has the power of destroying the earth and destroying the land. Ye Xuan estimates that even if it is a strong man who is dead, he can hardly pick up. Fortunately, the old tree also has the blood of the undead, and quickly recovered.

Earn, it's really big!

Ye Xuan was overjoyed and forgot to look at the skills of this skeleton king. He quickly recovered his mind and looked at it.

There are four skills of the Skeleton King: the elegy of the soul, the invincible soul, the grip of the Hades, and the evil.

The elegy of the soul is a passive skill. As long as Ye Xuan and the sacral king kill one person, the soul of the soul elegy will be superimposed, and the combat power of the sacral king will be increased according to the percentage.

Under the elegy of this soul, there is also an active skill called the army of the dead, which consumes a large number of souls, that is, the effect of the will of death, and the resurrection of the body for its battle.

The higher the number of souls, the higher the attribute of the skeleton king. Once the army of the dead is used, the attribute increase of the elegy of the soul will decrease.

The immortal warfare description is simple, so that the skeleton king can double the full attribute and use it once a day.

The Hand of the Hades is a powerful control skill that can be used to bring people to the front and use them once a day.

The advent of evil is a halo skill. As long as the king of the skull is present, Ye Xuan, Megatron and Shu Lao can improve speed and recovery.

This is the four skills of the Skeleton King, in addition, there is a fit with the Megatron.

Broken sky flow rock!

Needless to say, this skill is a powerful attacking skill, and there is no cooling time. It is a kind of nature with the unicorn. It needs Ye Xuan to swallow the ore or weapon to recover.

At the same time, in the state of fit, the full attribute of the immortal war soul is improved, and it also has an effect on Megatron.

If it is turned on, the Skeleton King and Megatron can play four times the combat power and can only be described with horror.

"Haha, this time I really didn't accept the wrong pet, it's too abnormal."

Ye Xuan couldn't help but laugh a few times.

Only rare and precious pets will have skills after receiving them, and this skeleton king has not only skills, but also many, very practical.

If the dirge of the soul is superimposed, the fighting power of the skeleton king will be strong enough to explode.

These corpses suddenly swindled, which is the effect of the army of the dead. However, after the king of the skull was conquered, the army of the dead can still be used, which is not bad.

"Death are dead, let them rest in peace."

Ye Xuan gave an order to the ribs.

“噗通!” “噗通!” “噗通!”

A walking dead has no lead and is directly planted on the ground.

This trip to Xuanyue's tomb room did not come wrong. Not only did the strength improve a lot, but it also conquered such a sturdy pet. When you go shopping in the future, you can have a handsome pet behind you. Don't mention the wind. .

"Little Master, you made a big profit this time. I guess if we fight, I am afraid I can't beat them..." The old man couldn't help but laugh.

He is dead and dead, and he even beats the seven-legged king of the bones.

However, now that the Skeleton King and Megatron are in a state of fit, the two full attributes have doubled, but it is normal.

If they are disintegrated, the old tree will be singled out with the skeleton king. It is hard to say who wins and who wins.

"The ribs, how come you are in this sarcophagus, the owner of this burial chamber?"

Ye Xuan asked.

The king of the bones will not speak, but he can give Ye Xuan the same voice as Megatron. Of course, only the main talents of Ye Xuan can understand.

"Oh, you mean that you are overstepped and the scorpion is singled out, but you are caught by the scorpion. If you want to conquer you, you are not willing to give in, and then seal it here?" Ye Xuan immediately understood.

The scorpion in the mouth of the king of the skull is Qi Xuanyue, the master of the tomb of the Xuanyue, which is the sister of the reincarnation Qi Tianrui.

Before Ye Xuan thought that this was the inheritance of Qi Xuanyue, and there was nothing.

When ordinary people come in, they will not only have no benefits, but will be murdered and will fall to this point.

However, this is a huge welfare for Ye Xuan.

"Well, I will see you in the future, I will help you, and take revenge for you!"

Ye Xuan nodded to the king of the bones, and the latter now hates the bones of Qi Xuan, after all, it has been sealed here for thousands of years.

"Congratulations to adults!"

That Bai Ming and others immediately greeted them, and looked like a face.

They only thought that they had died. I didn't expect such a powerful scorpion king to be conquered by Ye Xuan. It was a miracle.

The skeleton of the sacred bones of the deadly Xuanjing Jiufeng is estimated to be no worse than the stronger of the revolving circle. Ye Xuan can conquer, which is a big force.

"Haha, thank you..."

Ye Xuan is in a good mood.

At this time, suddenly a powerful death scent spread and let people in the place tremble.

They all looked up and found a huge eye in the sky above the palace.
