Chapter 15: acquaintance

"who are you?"

The knife man rushed out three words.

This is probably the last question of his life.

"Ye Xuan!"

Ye Xuan spoke a long sword, dried up the blood, and then looked at the knife and fell to the ground and began to twitch.

Soon after, the Knife Man was blocked by the blood from the gushing, unable to breathe again, and finally died!

The other thin man, who was split in two by Ye Xuan, is already dead.

Looking at the two bodies on the ground, Ye Xuan also took a deep breath, and he killed a lot of monsters in these days. He has seen countless bodies, but it is the first time to kill himself.

"This is the feeling after the first killing. It seems that there is nothing." Ye Xuan shook his head and took the long sword back into the scabbard.

Then he solved the two people's parcels.

These two people, one is the fourth middle of the martial arts, one is the fourth peak of the martial arts, I am afraid there are tens of thousands of two silver.

Sure enough, when Ye Xuan concentrated on calculating it, it was still eclipsed, and the things wrapped in the two were worth about 200,000 yuan.

"All swallowed, the higher the strength, the better!"

Ye Xuan once swallowed all these medicinal herbs, monster materials, and Tiandi Dibao, and the strength was once again improved.

"It's no wonder that there are so many people killing people, so the speed of money is really fast, but if you don't have a good eye, you have to pay the price of blood."

After Ye Xuan dropped such a sentence, he was ready to leave, and then his mind suddenly flashed.

The body of the demon, he can swallow, then the human body?

"Although some are not good, but try it."

Ye Xuan thought, just to the knees of the dead knife, and gently put his hand on his body, while silently said: "Devouring!"

"Can't swallow human corpses!"

The system prompts.

"Sure enough."

When he heard the prompt, Ye Xuan was relieved. If he could swallow the body, he was really afraid of becoming a murderer.

Since he can't, he also chose to turn around and leave.

After swallowing up a lot of good things, he is one step closer to the fifth peak of Wudao. He estimates that he can break through with hundreds of thousands of things.

However, he was thinking that Liu Er was still waiting at the home of Lianyun City. In order not to let Liu Er worry, he chose to return, of course, it was all the way back.

Since entering the Lianyun Eighteen Mountains, Ye Xuan did not know how, no humans have been encountered. The two warriors today are the first ones he encountered.

However, when he went to the entrance to the mountains, he met a second group of people.

At this point, after seeing the footsteps behind him, Ye Xuan couldn't help but stop in the middle of the grassland. He turned and looked around, and saw a white figure swiftly rushing toward him.

"I still wear a fight, but it seems to be a woman." Ye Xuan said in a dark voice, so quietly looked at it.

The woman is about a few hundred meters away from him, but what makes Ye Xuan wonder is that the woman is rushing toward him at a very fast speed.

"The speed is fast, I am afraid that I have cultivated four or more body martial arts." Ye Xuan was shocked.

He also has body martial arts, and it is also four products, but he is from one of the four families of Lianyun City.

You must know that the martial arts of the four products may be worth a million dollars, which is not something that ordinary people can have.

Ye Xuan was out of curiosity, did not flash and did not hide, so stood quietly.

The woman in white is very fast. In a half minute, she plucked into the front of Ye Xuan dozens of meters away. After seeing Ye Xuan, the woman also flashed a touch of color and said: "This friend, can you help?" I?"

"Well? Come again?" Ye Xuan is already helpless. Only then has he killed two people who have tried his best. Now he has come again, and there is no end.

But the next moment, he is also a real one, because his estimation error, this white woman's age is estimated to be similar to him, from the sound can be heard.

However, this woman also wore a veil, so that Ye Xuan could not see her face.

"What can I do?" Ye Xuan tightened the whole body, because the woman's body martial arts is extremely clever, and the strength is probably stronger than the knife.

The woman in the fight showed a touch of joy, and looked at Ye Xuan carefully. He said: "There is a person who wants to kill someone to win the treasure. After chasing me for a long time, can you drive him away with me?"

"Killing and winning treasures?"

Wen Yan, Ye Xuan's brow is tighter, and he really encountered this kind of thing. At this time, his eyes were condensed again, and sure enough, there was a shadow outside the kilometer to come to them.

"What strength does this person have?" Ye Xuan slowly asked, and he believed in this fight for the time being.

The fighting girl hesitated for a moment, then replied: "The fifth stage of the martial arts!"

"What? The fifth stage of the martial arts?" Ye Xuan was shocked and asked: "What about you?"

"I am the fourth middle of the martial arts, but not his opponent, and I think you should be from a big family, the strength should be unusual. If we join hands, it should still have a battle." The girl's face is pale. It is a sequel that has just been run a long way with martial arts.

Now Ye Xuan is the fifth medium-term martial art. In the case of one-on-one, it is better than the one in front of the realm. However, he is too young after all, and his combat experience is not enough. If he is a master, then he will be finished.

"Girl, we just meet each other, and we meet for the first time, you let me help you, the opponent is still such a strong, I am afraid..." Ye Xuan frowned, in this wilderness, must always be vigilant You can't take it lightly because the person in front of you is a woman.

In case, is the woman and the man who is chasing after him a group?

When he helped, if the girl suddenly attacked him, it would be a tragedy.

"what?"

Still not waiting for Ye Xuan to finish, the girl in the fight suddenly issued a questioning voice. She ran a little toward the front and stopped at a place ten meters away from Ye Xuan.

"Ye Xuan?" The fighting girl exclaimed.

Ye Xuan was even more surprised and surprised: "Do you know me?"

He is also drunk, and this wilderness can meet an acquaintance, and this luck is good enough. But he can't think of who this girl is, but listening to the voice is quite familiar.

The girl is actually somewhat uncertain, but now that she sees Ye Xuan's expression, she immediately takes off her own fight.

Under the fight, it is a delicate little face, carved with jade, like a porcelain doll.

Ye Xuan looked at her face, feeling familiar, but could not remember who it was.
