Chapter 1501: Eye of death

However, this time, it is not the eye of reincarnation, but the eye of death!

"The Eye of Death?"

Upon seeing it, Bai Ming immediately exclaimed.

This eye of death is also a rare eye in the world. It is said that the whole reincarnation is one, and I did not expect it to appear here.

why?

The most shocking thing is that it is Ye Xuan.

The three reincarnation eyes of the reincarnation of the city, the reincarnation, and the reincarnation of the fox are the same, and this eye of death is estimated to be the same.

However, he felt this eye of death, I have seen it!

That's right, that is the one I saw in the land of the dead, Ye Xuan can be sure!

A sudden killing, from the heart of Ye Xuan.

Ye Xuan recalled that the scene that was almost wiped out by the eyes of death on that day, if not the mini-Dragon, he would probably hang.

However, the last eye of death was only after the death of the Undying King. Now this eye of death has appeared again. What is it for?

When he was shocked, the figure of death suddenly condensed a figure, this is a woman wearing a milky white shirt.

"I didn't expect that someone would help you to unblock the seal."

The woman slowly opened her mouth and her eyes fell on the body of the skeleton.

After seeing this white woman, the skeleton king could not help but scream loudly.

This woman is Sealing Qi Qiuyue for thousands of years!

Ye Xuan also suddenly responded, but it is really narrow road, the enemy of the bones of the king, even like him, this is right.

Kill one person and understand two grudges!

"I have given you thousands of years to consider time. After thousands of years, your strength has gone backwards, but your temper is even bigger."

Qi Xuanyue couldn't help but scream, "Now I have the eye of death. As long as you follow me, you will not die, and reach the realm you can't think of."

"Hey!"

The king of the bones can not eat this set, and once again roared.

Although Qi Xuanyue did not know what he was saying, he knew that he was rejecting and continued: "Ignorance, if that is the case, then you will stay for thousands of years!"

After all, the stone slab cover suddenly flew up, and the sacral king was also forced to suppress back into the sarcophagus.

Upon seeing it, Ye Xuan immediately thought of a move and directly received the sacral king in the planting space.

joke!

The ribs are now his men, can you be sealed again?

The disappearance of the skeleton king made Qi Xuanyue shocked. The next moment, there was a strong pressure, which was imposed on Ye Xuan and others, so that they could not move!

Strong!

too strong!

Ye Xuan bit his teeth, this feeling he has experienced several times.

The last time, it was suppressed by the Ye Wen, causing him to blow his eyes and destroy two avatars.

It's hard to be done, this time you have to repeat the same mistakes?

However, even if you lose two avatars, it is worthwhile to save the scorpion king!

"Whose is the means? Who can make the bones of the skeleton disappear under my eyes?"

Qi Xuanyue's eyes glanced around and looked at Ye Xuan and others.

These people are just dead level, and in her eyes are all ants.

Bai Ming knows that Qi Xuanyue is not irritating, and hurriedly said: "The younger Bai Ming, the Baihu Villa Baijia people, do not know what the predecessors said."

The disappearance of the skeleton king, he knows that there is a relationship with Ye Xuan, but Ye Xuan is related to the reincarnation of the fox.

This Qi Xuanyue is stronger, but it is also stronger than the reincarnation fox?

"Hundred Fox Mountain Villa, hey, I have not violated the rules of the dead battlefield, even if they kill you, they can't manage me."

Qi Xuanyue dissatisfied with Bai Ming took out the Baihu Villa to suppress her. After a cold cry, Bai Ming's body began to decay, leaving only half of the body in the blink of an eye.

Although Bai Ming is a deadly Xuanjing seven, but in front of Qi Xuanyue is a slag, the body of the mysterious gas is suppressed, can not be restored.

However, Qi Xuanyue does not seem to want to provoke the White House, but does not want to provoke the Baihu Villa, so it is his mercy, otherwise Bai Ming may have turned into nothingness.

"Say, who was it?"

Qi Xuanyue sighed.

The king of the bones is what she always wanted to tame. She will come once every 100 years, but every time she fails.

The construction of this burial chamber is actually just a plaything for the sacral king. Anyone who comes in will be killed by the scorpion king.

Once the skull king breaks the seal, she will also know, and then re-seal it, cutting the arrogance of the skeleton king.

Now, the king of the bones has disappeared under the eyes of her master, which is the first time in thousands of years.

Although Ye Xuan hates Qi Xuanyue, he knows that he may not have the strength now. If he is rashly swaying, he must bear the risk of being destroyed.

"Hey, if you don't say it, then die one by one."

Qi Xuanyue was cold.

Then, the body of Ye Xuan and others began to decay.

"Predecessors are spared, I don't know..."

Song Qingxing hurriedly shouted.

However, Qi Xuanyue can not eat this set, since I don't know, then take them out.

"it's me!"

At this moment, suddenly one person shouted.

Qi Xuanyue turned his head and saw that he was talking about a bald old man, that is, the old tree.

"Is it you? Where did he get him?" Qi Xuanyue said in a tone of question.

"I have a space magical power, but I don't want to tell you, there is a kind of killing me!"

The old tree replied.

He is taking the trouble to himself, after all, he is not dead.

Although this eye of death can kill people, it is estimated that he can't hold him. Ye Xuan is here now, but he is not afraid.

"you wanna die!"

Qi Xuanyue was so angry that he directly made the tree old and only had half of his body left.

However, the next moment, she was shocked, because he saw that the old body of the tree actually recovered while decaying.

How can this be?

She obviously suppressed the scent of the human body in the human body in the place. How could it be restored?

The next moment, she discovered, the tree is not restored with the sacred gas, but other strange energy.

However, she only knows that the tree is not restored with the temperament of life, and does not know what the energy is.

"It's a bit tolerant, since you don't say it, then..."

Qi Xuanyue just said half of it, and suddenly saw that Ye Xuan's body was actually complete.

Seeing that Qi Xuanyue had his eyes on his body, Ye Xuan's body could not help but tremble.

It seems that this is troublesome.

However, it is not a problem, because Ye Xuan's body of undead phoenix blood recovery speed, comparable to the speed of decay.

"How can you resist my will to die?" Qi Xuanyue asked curiously.

"none of your business!"

Ye Xuan said nothing, directly open.

Chapter 1502: Revenge mission

"what did you say?"

Qi Xuanyue's eyes widened, as if he had misunderstood the general, a small dead Xuanjing six, even dare to marry her, this is looking for death!

However, in her current state, with the death will can not kill Ye Xuan.

"Ha ha ha, can't kill me, you are a stinky scorpion, the skeleton king is hidden by me, you bite me!"

After Ye Xuan discovered this, he immediately screamed.

Bai Ming and others behind him were shocked. It is worthy of being a fox who knows the reincarnation fox!

"Still!"

Qi Xuanyue was flashing, but she saw that she still couldn't help Ye Xuan. The hands and fingers just disappeared. The next moment, she recovered.

What is the speed of recovery?

The old tree has the blood of the dead, and Ye Xuan also has the blood of the undead. Moreover, Ye Xuan also has the blood of the unicorn and the unicorn.

Don't forget, Qilin's infuriating is the combination of the eye of glory and the eye of the ruin, and the eye of glory has a damage increase to the death creature, so the speed of Ye Xuan's body decay is much slower than the tree.

The tree is always fine, how can he have something?

"who are you?"

Qi Xuanyue could not help but ask.

"You guess, if you guessed it, I will call out the king of the skeleton."

Ye Xuan brows a pick, a small person is ambition.

The other party can't help him, what is he afraid of?

joke!

"A good kid with a sharp tooth, do you know who I am?" Qi Xuanyue said.

"You guess again!"

Ye Xuan smiled.

The voice fell, not waiting for Qi Xuanyue to open, Bai Ming behind Ye Xuan is to explain: "one of the three hegemonies of the dead battlefield, the death of the abyss lord!"

"I didn't expect you to know me, but you said it was wrong. I am the strongest player in the dead battlefield. The other two people can't fight with me at all."

Qi Xuanyue is proud of the world, saying: "As long as I don't break the rules of the dead battlefield, you can't manage me."

"This is the case, but I am a white family after all. Do you really think that you are invincible in the same class? Don't say Baihu Villa, just a white man who comes out alone can easily kill you. You This is the three-fold realm of the round, if it is to the runner battlefield, it is a waste!" Bai Ming suddenly sneered.

Baihu Mountain Villa is built by hundreds of foxes. Not to mention the strong and dead people, there are also many people who have turned the wheel.

This Qi Xuanyue is only a tricycle of rotation, and can only be dominated by the deadly battlefield where the upper limit is the triple of death. To the runner battlefield, there is a pedestrian on the road, which has the power to erase her.

Of course, this is not the point. The point is that there are also a lot of geniuses in the white house. They face Qi Xuanyue, who has the eye of death, and they are not afraid at all.

Besides, there are also many people who have a strong turn to the White House. They randomly send out ten hundred revolving rounds, and Qi Xuanyue will die.

"you....."

After Qi Xuanyue heard Bai Ming's words, she was so angry that she had been biting her teeth. She lived in recent years, and for the first time, some people said that she was waste.

"What are you, although there are regulations in the dead battlefield, but I can still send ten revolving three strong players, not to mention ten, one you may not beat, how do you say waste?" Bai Ming continued Irony.

Ye Xuan in front is also a tongue, there is a strong background is good, even the strong can be embarrassed, really envious.

"Okay, very good, although I can't move you, but these ants can't always be your Baihu Villa!"

After Qi Xuanyue finished, the dawn was once again flashing, and both of them were killing.

Upon hearing this, Ye Xuan and Bai Ming's face changed greatly. Under the exploration of the spirit, they felt that the body of Song Qingxing and others quickly disintegrated.

"Predecessors, forgive..."

Song Qingxing hurriedly begged for mercy.

"stop!"

Bai Ming and Ye Xuan almost stopped at the same time.

It's a pity that Qi Xuanyue is now angry.

Ye Xuan and the tree are old, but he can't help but the projection.

Bai Ming has a deep background and she can't move.

As for the three people of Song Qingxing, can she still not move?

In an instant, the three people of Song Qingxing were disintegrated by her will to death, and they disappeared into a void.

This is the result of angering her!

Although she is afraid of Baihu Villa, she is not without temper. If she does not kill a few people to vent her anger, this gas will always be in her heart.

Ye Xuan felt that the breath of the three people of Song Qingxing disappeared, and immediately yelled: "Budget, skunk, you have a kind of rushing me!"

"Humph!"

Qi Xuanyue snorted and said: "Well, I will suppress you here. When you are caught in front of me, I hope that my mouth will be as hard as it is now."

When the voice fell, her deity had already sent people here, ready to take back Ye Xuan and others.

"not good!"

Ye Xuan's face changed greatly. It seems that this time is really troublesome. He thought that Qi Xuanyue would give up after knowing why he couldn't help them.

"Since you want to do this, be prepared to be destroyed!" Bai Ming said in a threatening tone.

"This matter, you will not bother to worry about it!"

Qi Xuanyue continued to be cold.

Although she is only three-wheeled, it is also an ant in the eyes of those who are strong. However, no one can threaten her in this dead battlefield.

However, at this time, suddenly a breath spread.

Ye Xuan and others looked at the eyes and found that there was another huge eyeball, and this one eye of Qi Xuanyue's death was on.

"This is the eye of Vientiane!"

Ye Xuan recognized it at a glance.

This huge eye is the one of the eyes of Vientiane that he saw on the same day.

On the same day, there was a strong three-man who died in Xuanjing's battlefield and then killed him by the eyes of Vientiane. I don't know if it is the same one.

With the appearance of the eyes of Vientiane, Qi Xuanyue's figure can't help but tremble. How did this ghost thing appear?

"Is it you? What are you doing? I have not violated the rules of the dead battlefield!" Qi Xuanyue yelled.

Then, at the sight of Vientiane, there is a phantom of a middle-aged man.

"You really didn't violate it, but you want to start with the people at my Baihu Villa. Can't I make such a blind look?"

The middle-aged man looked disdainful and said: "Even the other two managers are afraid, where are you brave?"

"roll!"

The voice of the middle-aged man has not yet fallen, and the eye of death is an instant disappearing, dissipating between heaven and earth.

overbearing!

However, this middle-aged man has a hegemonic strength, and the district is also daring to scream in front of him, and he is really looking for death.

Ye Xuan was shocked, and he was still suppressing Qi Xuanyue, who was about to breathe. He was instantly wiped out by middle-aged people. This scene suddenly came, they have not returned to God.

With the disappearance of the eye of death, the pressure on Ye Xuan's three people disappeared and the action resumed.

"Thank you for your predecessors!"

Ye Xuan and Bai Ming said quickly.

"No problem."

This middle-aged man just dropped these two words, and then disappeared along with the eyes of Vientiane.

This Xuanyue tomb, only three people left.

"Hey, the host triggers the revenge mission - kill Qi Xuanyue, accept?"

Chapter 1503: guess

"Hey, the host triggers the revenge mission - kill Qi Xuanyue, accept?"

This system prompts the sound, but it makes Ye Xuan surprised. He remembers that the last revenge mission was to kill Mo Xueyi. I didn't expect it to be so long.

"accept!"

Ye Xuan said nothing, took the revenge mission.

The reward for this revenge mission is not shown, and the description will change with certain factors, such as the speed at which the task is completed.

In fact, Ye Xuan Fang is trying to tell Qi Xuanyue a fact, that is Qi Xuan's brother Qi Tianrui.

That Qi Xuanyue would not have thought that her brother had found this tomb, and would not have thought that her brother was dead.

The corpse that was burned to ashes in the north of the palace is actually Qi Tianrui.

It's a pity that Qi Xuanyue's eyes of death were instantly defeated. Ye Xuan had no time to say it. So, Ye Xuan decided to wait until next time to see Qi Xuanyue.

I don't know, what kind of expression will Qi Xuanyue show at the time?

"Go ahead and talk!"

After taking the revenge mission, Ye Xuan said nothing, directly broke through the void, leaving the old moon and the white Ming to leave the Xuanyue tomb.

Although the Eye of Death and Qi Xuanyue have been defeated by mysterious middle-aged people, in order to prevent it, Ye Xuan still leaves first.

That Qi Xuanyue is so powerful that it is impossible to catch up again. After all, she appeared because the seal of the skeleton king was released.

After security, Ye Xuan could not help but ask: "Who was the predecessor?"

Bai Ming replied: "The predecessor was the manager of the Baihu Villa who was appointed to manage the dead battlefield. He monitored the entire dead battlefield through the eyes of Vientiane. If someone violated the rules, it would be directly obliterated!"

"It turns out that there are still two managers, who are the reincarnation and the reincarnation of the city?" Ye Xuan asked again.

"Yes, the other two also have the eyes of Vientiane. This Vientiane eye is a relatively common eyelid." Bai Ming nodded.

Indeed, this Vientiane eye is really common, Ye Xuan encountered two pairs on the way to chase the Xuan Ming double sister.

"The eye of death is also rare. It is said that the lord of the death abyss is obtained from a dead beast. As for the eye of reincarnation, it seems that the reincarnation of the lord was obtained after killing the celestial beast..." Interested in Ye Xuan, and continued.

Hearing this, Ye Xuan was a little surprised: "What, then reincarnation to the city owner? Then your owner and the reincarnation?"

"Our master is a reincarnation fox, and the eye of reincarnation is self-contained. As for the reincarnation of the rise of nearly two decades, I don't know where his reincarnation is coming, but the world rumors say reincarnation. The Sayādaw is also self-contained, so he has the ability of reincarnation of Superman." Bai Ming replied.

The eye of reincarnation obtained by hunting the beasts of nature is naturally inferior to the eye of the reincarnation that it condenses. This is not difficult to understand.

Therefore, the reincarnation of the reincarnation and the reincarnation of the fox is the same level, and the reincarnation is mainly a little worse.

"Reincarnation?"

Ye Xuan's eyes are slightly stunned.

When the first reincarnation of the eye appeared, the base of the life and death disk in the planting space suddenly trembled fiercely.

In the reincarnation, when Ye Xuan was only a long-lived place, and after the reincarnation appeared, the base of the life-and-dead plate in the Red Flame Mountain was suddenly unearthed.

It's hard to be...

"Right, the time when this round of returning people appeared, and the time when Xuan Ming's eyes were reincarnation with life and death... almost!"

Ye Xuan's eyes suddenly lit up.

It's hard to be done, this reincarnation is the life and death disk?

So, he appeared twice, and the base of the life and death disk has changed.

However, the life and death disk is just a tool of the sky.

"Some of the heavenly devices seem to be born with spirits. This reincarnation may be a life-and-death. After the reincarnation of Xuan Ming, it is a physical body, and then left..."

Ye Xuan followed the idea and found that it was really possible.

However, this round of returning people is one of the three giants in the reincarnation. It is not something he can now reach, and he has no enmity with him. This matter will be discussed after seeing the reincarnation in the future.

At the moment, you still have to go to revenge first!

Eye of death, Qi Xuanyue!

"Bai Ming, this time, I will report it myself, I will leave first!"

Ye Xuan said to Bai Ming next to him.

"Okay, please be careful!" Bai Ming did not ask much, just respectfully hold the fist.

The boss of the auction house also wants to report, but Qi Xuanyue is not the one he can now fight, so he can only put it first.

Then, Ye Xuan left directly.

Since you want to take revenge, you have to go to the north, because Qi Xuanyue is in the reincarnation of the site.

This time, Ye Xuan is going to enter the hostile camp to kill!

Among the trophies of Fangcai, he got a map and there was a transmission array in the north of Tianluo City, which could be sent to the edge of the camp.

This place is called Lingxi City, and the transmission array is near Lingxi. However, it is costly to use this transmission array.

At the moment, Ye Xuan is starting to hurry.

Now that he has conquered the King of the Skull, he directly let the Skull King and Megatron go out to hunt the Tongtian beast, which is used to improve the strength and restore the skills of the unicorn, and increase the increase of the elegy of the soul by the way.

In order to conclude a contract with this skeleton king, he spent a little bit of swallowing, and now there are only two points to swallow.

Therefore, he is hoping not to find another chance to raise the value of killing to the upper limit.

Otherwise, it is only in the Year of the Monkey that you can get together to the nine-point swallowing point, and then merge the two fighting blood?

This Lingxi City, there is a distance from Tianluo City, but Ye Xuan is now six dead, using shadow steps and agile bonus, he only took a day to arrive.

On this day, Megatron, ribs and trees smashed a lot of Tongtian beasts, and Ye Xuan's killing value increased a lot. However, the soul-song skills of the sacral king's soul only increased by one in ten thousand. The increase.

One in ten thousand a day, ten days before a thousandth, one hundred days can increase by one percent.

Although the elegy of this soul is a magical skill, it still has little effect at the beginning.

Moreover, the elegy of this soul will change with the changes of the level of the sacral king and Ye Xuan. If the sacral king is promoted to the seven levels of death, then one day's harvest may be only one in 100,000.

To put it simply, the realm has improved, and it is necessary to kill even stronger ones.

Fortunately, they only kill the beasts this day. If they encounter a family force that is not open-minded, then the soul of the soul will rise rapidly.

The soul of this soul can be superimposed indefinitely, and can grow to 100%, 200% or even 1% in the future.

Chapter 1504: Eye-catching

The sacral king is simply a pet against the sky. Ye Xuan thinks that even if the contract costs three points to swallow, it is definitely worth it!

Having said that, Ye Xuan has arrived at Lingxi City, then the next step is to find the transmission array and then transfer it to the edge of the camp.

"Go, ribs followed me up the street and forced to go..."

When Ye Xuan entered the Lingxi City, he used the eye of the void to summon the skeleton king and Megatron.

The two-meter-high armor is armed with a three-meter-long stalwart sword. This style is on the street, and the rate of return is very high.

Of course, Ye Xuan, who walked in front of the King of the Skeleton, is the eye-catching.

There were a few sharp-eyed warriors who recognized it and exclaimed: "The trough is actually a rare king of the beast and the king of the bones. Who is that person, even tamed a skeleton king!"

When the words came out, everyone around them was shocked.

"The sacral king, this is a rare and rare beast that has been difficult for thousands of years. The combat power is extremely powerful. I have not heard of which sacral king was surrendered in history."

"The youth is just six dead, and what is the ability to tame a dead king?"

"Hey, look at his swaying look, maybe there is a big deal, it should be the family elders to help him surrender, or sent to protect him."

"Guarding? Isn't that bald old man a guard?"

"This sacral king seems to be able to advance, as long as he gets the white bones, it is said that he can be promoted to the sinister emperor..."

"Just kidding, what is the bones of gold jade, this is something to create the eighth-order device."

"Yes, how is this skeletal king different from the rumor, its rocky armor has such a luster, has it changed once?"

"It is said that a king of sacral bones appeared thousands of years ago. It is the peak of the deadly Xuanjing. It was so big that many forces wanted to surrender it, and even the strongest who had turned the wheel had come, but No one succeeded. The sacral king can be said to be where to go, and mentioning the name is frightening, and finally I don't know why it disappeared..."

The people around me are really knowledgeable. On the way, Ye Xuan heard a lot of interesting things.

"I didn't expect the king of the bones to be able to advance, it is really good..."

Ye Xuan eyes a glimpse.

If you want to advance into a ghostly emperor, you can refine the white bones and gold jade. By then, the skeleton king will become more powerful.

At the same time, the one of the bones of the road that was thousands of years ago was actually the ribs that Ye Xuan had just surrendered.

However, because the ribs became the younger brother of Megatron, the realm fell to the dead sevenths, so no one linked it to the savage king of the bones thousands of years ago.

Ye Xuan came to the front of the main city of Lingxi City City under the eyes of everyone.

After the guards of the several city government officials saw it, they almost did not scare the urine.

Nima, turned out to be the king of the bones.

"Gate, sir, is there something?"

The seven-strong **** captain of the dead Xuanjing greeted him, and some asked in a blank way. At the same time, his gaze could not help but rush to the sacred king. The scorpion king's eyes looked like a ghostly fire, and the guard captain hurriedly regained his gaze. I dare not look again.

"I want to use the transmission array, please also let me know!" Ye Xuan directly replied.

"Good, good, I am going to ask the general manager!"

The captain of the **** nodded, and after swallowing the swallow, he turned around and entered the city government.

He is dead and Xuanjing is seven heavy, Ye Xuan is a deadly Xuanjing six, but with a dead Xuanjing seven heavy bones king and a dead Xuanjing eight old man protection Ye Xuan, certainly a big come.

This kind of battle, he can't shake!

Behind Ye Xuan, there are many people who come to see the play and worship the bones of the bones. When I hear that Ye Xuan wants to borrow the transmission array, I immediately understand that he is going to the North to practice.

"It's not a coincidence. It's been ruined a few days before the transmission. I'm afraid I have to wait for some time."

"Yeah, some time ago, the strong man who died at the peak of the Xuanjing sneaked in, ruined the transmission array, and then drifted away, so that the city owner would blow the beard."

"There must be people from the north."

The crowd was whispering.

However, Ye Xuan was heard.

"What, the transmission array was destroyed and still being repaired?"

Ye Xuan was slightly helpless, and all these good things were hit by him. Could it be that he had to hurry?

Although his speed is fast, it takes at least half a month to get to the edge of the camp, which is too wasteful.

Soon, there was a dead old man who came out of the dead.

He heard about the sacrificial king, and some did not believe it. He had to believe it after he saw it with his own eyes.

"Hello, the old man is the head of the city government. I heard that you want to borrow a transmission array?" asked the old man.

"Yes, but I also heard that the transmission array was destroyed. How long does it take to fix it?" Ye Xuan nodded.

The old man paused and continued: "The master of the battle in the main city of our city is already being repaired. It is estimated that it will take two days. If you want to use the transmission array, you can live in the city government..."

"Thank you for your kindness, but I will come back in two days."

Ye Xuan directly refused.

Let him stay in it for two days, it is too wasteful, but he will use it in these two days.

The old man did not retain, so he watched Ye Xuan leave, but his eyes were more on the bones of the king.

At this time, his brow was picking up. He seemed to think of something, and quickly turned around and entered the city government.

"This is a skeleton king, is it..."

The old man thought of a terrible possibility, directly found the city of Lingxicheng.

"General manager, why is it so rushed?"

The owner of Lingxi City was in the process of handling the affairs. After seeing the anxious expression on the face of the head of the city government, he could not help but ask.

"The city owner, only one person came outside, want to borrow a transmission array..." said the head of the city government.

"The transmission array is not being repaired. How can I report it to me?"

The owner of Lingxi City is very surprised. He has to deal with many things every day. If such a small matter is to report his words, he will be annoyed.

"No, the city owner, the most important thing is that behind the man, followed by a deadly king of the bones of the seven kings of the bones..." The head of the city government truthfully said the things of the talent.

"What, the king of the bones?"

The owner of Lingxi City was shocked.

The sacral king, this is a rare heavenly beast, with superior combat power.

Thousands of years ago, there was a king of the bones, and even the superpower who turned the wheel couldn't help it. Not only that, but the king of the bones was the strongest to kill the wheel.

The most important thing is that the ancestors of the Ximen family of the city government tried to surrender the king of the bones thousands of years ago, but later died under the sword of the king of the skull.

Chapter 1505: stalker

You must know that the Ximen family ancestors are turning the wheel, and such a strong man is dead in the hands of the sacred king of the nine-fold peak of the dead Xuanjing. It can be seen how powerful the sacral king is.

Moreover, there are more than one person who died under the hands of the King of the Skull!

"Where did the man come from, did the king of the bones be surrendered?" asked the Lord of the West.

"That man is just dead six-dimensional, but there is a guardian who has a deadly environment. I don't know what it is. As for the king of the bones, in my opinion, it should have been surrendered by that person." The chief of the city government replied.

"Whether or not you are surrendered, send someone to follow and give me the identity of the other party."

When the owner of Lingxi City is finished, he is ready to let the master track.

At this time, the head of the city government suddenly took out a portrait from the Qiankun ring and handed it to the owner of the city of Lingxi. He said: "The city owner, I found that the king of the skull, and this one on the portrait, is a bit like !"

The owner of Lingxichengcheng squatted down. He subconsciously glanced at the portrait and found that it was the one who killed the Ximen family ancestor, the one that was thousands of years ago.

Now, the head of the city government said that the one he saw was very similar to the portrait. How is this possible?

"Would you see it wrong? That sacred king was the peak of the dead, and now it is only seven dead." Lingxicheng City suspected.

The skeleton of the skeleton is not another creature. It is impossible for the strength to retreat for thousands of years. It is possible to say that it is the level of the rotation.

Dead sevenths?

impossible!

"This, I may be wrong." The head of the city government took over the portrait.

"You are busy."

When the Lord of the West of the City was finished, he left.

Then, he directly sent three masters to follow Ye Xuan, first investigate the background of Ye Xuan.

If Ye Xuan has a background, then plan again.

If Ye Xuan has no background, just a wild cloud crane, then he will kill Ye Xuan, and then grab the skeleton king back.

These three factions went out to follow Ye Xuan's masters of the city's government, but they all belonged to the nine-level level of death. In their view, let's not track it. It's not a problem to catch Ye Xuan.

At this time, Ye Xuan is in the West of Lingxi with a few lounging, although he wants to go out to kill the monster upgrade, but it is not so urgent.

However, after he had been shopping for a while, he found that there was something wrong with him. There were three strong and dead people who were dead and he was following him.

"What about the rushing bones king..."

Ye Xuan's eyes stunned and suddenly reacted.

There are not many forces in this Lingxi city that can send three dead and nine talented masters. It is most likely to be the city government.

In this case, Ye Xuan ends the leisure time ahead of time, directly returns the fall to the planting space, and then goes out with the tree old and Megatron and ribs together.

The reason why he wanders around with the skeleton king is not mainly to force, but to implement the fishing plan!

What is a fishing plan?

It is to use the sacrificial king as a bait, and let those who have inconsistencies be hooked.

The king of the bones is only seven dead, and there must be an eight-heavy and nine-strong powerhouse to fight his ideas. And Ye Xuan happens to like this kind of person who beats him. These people often come to give him welfare. It is a living Lei Feng.

Therefore, when he left the city, he was tempting each other.

"I still have to borrow the transmission line of the city government. It is not very good to kill the ring. However, if the other party really gets me, it will kill you."

Ye Xuan thought in his heart.

It doesn't matter what the transmission array is, because as long as he is loyal to those who are masters of the tactics.

Besides, as long as he breaks through, the time of the journey will be greatly shortened, and it will take only three days in half a month.

The three masters who followed Ye Xuan's three dead Xuanjing saw Ye Xuan out of the city, and they also went back to the air again. After they ran with Ye Xuan for half an hour, Ye Xuan's footsteps suddenly stopped.

"Three, have you been with me for so long, are you still not showing up?"

Ye Xuan stopped and couldn't turn around.

His voice was loud and fell into the ears of three followers.

The three men were shocked, because Ye Xuan did not turn around and look around from the city to the present, and they followed the eight-point spirituality of the dead.

Ye Xuan, how did they find them?

"Sure enough, I can bear it!"

A middle-aged person headed can't help but say.

At this time, Ye Xuan turned around and faced them, pretending to know nothing like it: "Three, is there something?"

"We are from the main city of Lingxichengcheng, the city owner wants to invite you to gather together!" said the middle-aged man.

Still not waiting for his voice to fall, Ye Xuan directly replied: "Oh, if I don't go?"

"If you don't go, then we can only offend." The middle-aged deliberately cast a pressure on him. He estimated that Ye Xuan would compromise after seeing their realm.

After all, they are three dead and powerful nine strong!

However, Ye Xuan is still six dead, and there is only one guardian who is dead and dead, and a king of the dead bones.

If the sacral king is strong again, can't it be against the dead and powerful Xuanjing strong?

"If this is the case, then I will say it first. If you dare to do it to me, there will be danger of corruption." Ye Xuan reminded me of a good old man.

When this words came out, I couldn't help but provoke the three masters to laugh.

The danger of falling?

Really humorous!

"I have heard about the deeds of the bones of the king. I will come to see you today, is the king of the bones as powerful as the rumors."

After finishing the first middle-aged man, he walked out alone, and seemed to be preparing to single out Ye Xuan three.

"Oh, ignorant people!"

Upon seeing it, Ye Xuan shook his head subconsciously. Since the other party wanted to single out three of them, he would naturally not be tempted.

"If that's the case, then let's go!"

Ye Xuan said coldly.

When the voice fell, the first middle-aged man was also a pair of feet. The whole person was like a cheetah rushing to Ye Xuan.

Almost at the same time, the scorpion king's breath suddenly skyrocketed, and then strode out in a big step, the shaking of the big sword in his hand, a sniper containing the sin of the dead.

The unicorn deterrence, double the full attribute, and the Megatron, and doubled the full attribute.

At this time, the skeleton king can play three times the fighting power!

Originally, he was able to challenge the leapfrog. Although the realm has fallen, the relative strength is actually enhanced, because when he died in the same period, he was too weak compared to the present.

This swordy spirit made the first middle-aged man shocked.

At this time, he knew that he was underestimating the strength of the skeleton king, hurriedly sacrificed the sword and then bowed.

Chapter 1506: The strength of the skeleton king!

"Boom!"

The two energy collisions, the air waves swept away.

This time, the two men did not even get up and down.

The middle-aged man and the two behind him were shocked. After all, this is the second level of challenge.

"Come back!"

For the middle-aged people, they are unwilling to take out a sword again.

But this time, the king of the bones suddenly speeded up to escape the sword, and quickly approached the middle-aged.

The most powerful place of the skeleton king is not an attack, but a defense.

At that time, his armor was hard to break even if he was a strong player. Now he has doubled the full attribute. Even if he is a strong man who is dead, he will not be able to break it.

Therefore, what he is best at is close combat!

When the middle-aged man was at the wrong time, he was approached by the skeleton king. He knew that he could not fight with the skeleton king, quickly took out a sword and then jumped away.

Available at this time.

"Hey!"

The king of the bones did not block or hide, and directly smashed the sword, and it was unharmed.

Of course, this blow is only a sword for the first middle-aged man. The power is weaker than it is. It is a matter of course that the defense of the skeleton king cannot be broken.

"Let you see, the ribs are amazing!"

Ye Xuan's light flashes.

The next moment, the big hand of the skeleton of the bones suddenly protruded into a claw.

"The grip of the Hades!"

A strong attraction shrouded the middle-aged man, and his heart trembled. Before he could react, the whole person flew toward the king of the skeleton.

"It's so strong, I can't get out of it..."

Shocked by the middle-aged man, he saw himself getting closer and closer to the skeleton king.

"not good!"

The other two face changed greatly and attacked directly toward the king of the skull.

However, they are a step later.

"cut!"

The big sword of the right hand of the skeleton king suddenly swept out and directly cut to the middle-aged man who flew toward himself.

I only heard the sound of ‘锵’, and the device of the middle-aged man’s heaven was cut off.

Then there is a crisp sound.

"Oh!"

The head of the middle-aged man was thrown up and looked blank.

He couldn't think of it, the battle had not been two seconds, and he was killed by the skeleton king.

Is this the strength of the skeleton king?

If he knew it early, he would certainly not be so careless, and he would be singled out with the skeleton king.

Unfortunately, it is already late!

"Hey, the host's killing value is improved!"

Ye Xuan, who was watching the battle in the distance, sounded a system prompt in his mind, and the killing value soared.

At the same time, the increase of the skill of the soul of the elegy is also improved a lot, although not many, but this is a permanent superposition of magic.

Seeing the King of the Skull King kills the strong man who died in Xuanjing, the more satisfied Ye Xuan looks, the younger brother of Megatron seems to be much stronger than Megatron.

"Oh, it's terrible, it's not as good as it's old."

The old tree watching the battle is also sighed.

The most shocked, it is the two dead warriors who have died in the dead. The middle-aged people are stronger than them, but now they have been killed by a spike. They all suspect that they are dreaming.

"Damn, you go to hold the kid!"

A warrior finished talking to his companion and then rushed toward the king of the skeleton.

However, he thought it was too naive. He thought that the old tree was just a general dead.

"Haha, look at the old horse!"

The tree boss laughed a few times and directly cast a remnant flame out.

"Hey!"

His opponent did not respond, and he was shot in a punch. Fortunately, his vitality was strong and he recovered his injury instantly.

On the other hand, the other person has already played against the sacral king, but this person is extremely good, and the grip of the sacral king has been used, but he can't help him.

Ye Xuan stood in the same place and looked at the four-person war. His heart has already raised an unprecedented confidence.

Megatron, the old tree, and the ribs, there are three major immortals, and he has no chance to even take the shot.

However, this is not the true strength of the skeleton king.

"Come on, the army of the dead!"

Ye Xuan's heart gave an order to the king of the bones.

The next moment, the ghost eyes of the skeleton king flashed twice, and the increase of the soul's elegy was also reduced.

"puff!"

The headless body on the ground suddenly trembled.

Is the scam?

This was a shock to the opponent of the skeleton king. Before he could react, the headless body suddenly climbed up and then killed him with a sword.

Lying in the trough, really scams!

This person is scared to death, a person without a head, how can he still get up and fight?

If it is a flame double-headed dog, the flame double-headed dog can live even if it loses a head, but this is a human being!

The most important thing is that the strength of this dead person has not decreased at all!

Now, it has become a two-to-one situation.

"The army of the dead is really big..."

Ye Xuan shook his head helplessly.

Fang Cai's death as the middle-aged man made the increase of the soul's elegy a lot, but now he is resurrected, and the soul consumed has surpassed what he got, and he has surpassed it.

Ye Xuan estimates that at least two or three people of the same class must be killed before a corpse can be resurrected. Moreover, there are time limits for the resurrection of the dead. It is really a bottomless pit.

Fortunately, this skill can be used without restrictions as long as there is a soul. There is no cooling time, and it will be a blockbuster at a critical time.

As the head of the middle-aged man joined the battle, the opponent of the skeleton king immediately lost, and only three rounds were killed by the skeleton king.

On the other hand, the dead tree is dead, and the opponent is solved in the next two seconds.

Now, the three masters of the nine deadly ruins are all fallen!

From the beginning to the present, the battle is only five seconds, this is the strength of Ye Xuan!

Now the strength of Ye Xuan can only be described as horror!

"Hey, the host's killing value is improved!"

"Hey, the host's killing value is improved!"

Ye Xuan's killing value and the soul pool of the soul's elegy have improved a lot. At the moment, he used the power of Vientiane to pick up three

At this time, Ye Xuan's eyes lit up, and the distant tree caught his eyes. Through his understanding of Ye Xuan, he suddenly understood what Ye Xuan was going to do next.

"Little Master, do you want to do a big job?"

The old brow of the tree picked it up and said with a smile.

Don't look at what he looks like now, but in reality the warfare in the body is already at its limit.

"Well, since this Lingxi City is mainly for us to be a guest, then we will go."

Ye Xuan nodded, and then the light flashed a bit, broke open the void, and returned to Lingxi City. Moreover, it is still directly in front of the main city of Lingxi City.

Chapter 1507: Turn the wheel!

Seeing that Ye Xuan came out from the door of the void, the guard captain was shocked. What is this means, how did it suddenly pop up?

Ye Xuan is also nonsense, directly throwing away the three bodies of Fang Cai, and said: "Call out your city owners!"

After the **** captain and others saw the three bodies, the urine almost scared.

These three bodies are not enshrined in the city government?

Three people, all of them are dead and Xuanjing Jiuzhong!

"This this....."

The **** captain was frightened and rushed straight into the city government.

Presumably, the entire city government will soon be in turmoil.

This time, Ye Xuan also took advantage of this opportunity to raise the killing value to the upper limit again.

Sure enough, half a minute after the **** captain rushed into the city's main government, many people jumped out. The vast majority were the strong ones who died eightfold and died.

One of the nine strongest people who died in Xuanjing was the one who sent the trio to follow Ye Xuan's main west of Xi'an.

"Three offerings..."

Ximenyi stunned the three bodies at the gate of the city's main government, and his heart trembled.

Each of the deadly Xuanjing nine-piece offerings can be the foundation of the Ximen family. Now that three of them have died, Ximenyi is very sad.

"You, you killed them?" Simon easily turned to look at Ye Xuan, angered.

"Not bad!"

Ye Xuan nodded directly: "Ximen City Lord, are you not asking me to come? I just refused. The three people will take me to your city seat. Of course, I reminded them beforehand. If it is for me, There is a danger of corruption!"

Hearing this, Ximen was so angry that he had to gnash his teeth. Now that the other party has come to the door, he will let Ye Xuan pay the price.

"Up, grab him!"

Ximen Yi directly angered.

In an instant, there are many masters who dive down.

The three major deaths of the Xuanjing are all dead, so no one else dares to make a big effort. Fifteen dead Xuanjing eight heavy, six dead Xuanjing nine heavy, this is enough to deal with the rotation of the strong.

Faced with the siege of so many masters, Ye Xuan's face is still calm and calm, he stretched his muscles and took out the red sword.

"Killing feast!"

"kill!"

In an instant, the King of the Skull was killed with a big sword, and also opened a skill.

Do not destroy the soul!

The invincible battle spirit is opened, and the full-strength increase of the Skeleton King and Megatron is doubled.

The old tree is also directly flashing out. His mission is to quickly kill the eight-strong warrior.

As for Ye Xuan, I can't be idle anymore.

He is dead six people, it is easy to deal with the death of the Eight Diagrams, as long as the increase in the killing feast increases, then he will kill the Xuanjing Jiuzhong warrior, it will be as easy as killing chicken.

It was only the first wave of charge. The king of the bones was the use of the explosion of the invincible soul, and quickly killed a deadly Xuanjing nine strong.

The increase in the killing feast has skyrocketed by 20%!

"Night Sky!"

The sky is dark, breaking into the darkness.

Ye Xuan has the effect of assassination, the speed of movement and the increase of attack power, coupled with the passive effect of the evil king of the cheekbones, his movement is once again improved.

"The killings broke out!"

"burning the sword!"

Ye Xuan broke into the darkness, no one found him, he flashed to the back of a deadly metaphysical eight-strong, a sword out.

"Oh!"

A head is abandoned, and it is instantly burned into a fly ash by an endless flame.

When the first city of Naling City saw that the first wave of confrontation had broken the master of the deadly Xuanjing, he couldn't help but swallow his mouth, and then quickly used a special method to send a letter to the ancestors of Ximen.

"Is it a letter..."

Ye Xuan noticed his movements, and immediately placed a death killing order on his body, and then quietly flashed behind the other side.

"The eye of assassination!"

"The killings broke out!"

"burning the sword!"

This sword is like a broken bamboo.

Lingxi Chengcheng is in the rear, and I don't think that Ye Xuan will suddenly appear behind him and launch a sneak attack.

In an instant, the head of the city of Lingxi City was shackled.

As for the Qiankun Ring, it also fell into the hands of Ye Xuan.

A city owner, there must be a lot of good things in the ring.

Ye Xuan looked at it and showed a satisfied smile.

This thing in the Qiankun ring is enough for him to break through to death. However, he did not directly swallow it, but selectively swallowed it because he planned to reach the upper limit of the killing value and exchange it for the swallowing point.

"Hey, Megatron breaks through, and is currently dead for eight!"

"Hey, the king of the bones breaks through, and the current is dead and eight!"

The two systems will prompt the sound, and the two major battles will break through.

And Ye Xuan, just happen to break through the edge, just right!

After the breakthrough, the combined combat power of the Skeleton King and Megatron skyrocketed several times. No one can stop them from being a sword. This group of masters was killed in the blink of an eye.

The increase in the killing feast has also been continuously improved, directly breaking through the double mark, reaching 1.5 times!

The greatness of the movement here has already spread throughout the city's main government. The two ancestors of the Ximen family heard the movement and quickly swept out.

"stop!"

A Ximen family ancestors roared in the sky, trying to stop Ye Xuan.

"What about the strong players?"

Ye Xuan looked at the figure that swept the sky, and the corner of his mouth could not help but cock.

Thousands of years ago, the Ximen family tried to surrender the king of the bones. Not only did they degrade a large number of masters, but even the only one of the Ximen's homes was killed by the skeleton king.

Unexpectedly, for thousands of years, Ximen's family did not decline because of this. Instead, there were two runners who turned around and it was not bad.

Unfortunately, they are afraid to fall today!

Before the two men plundered, the breakthrough king of the bones had joined hands to build the tree and solved everyone.

After the two ancestors of the reincarnation saw the king of the skeleton, they subconsciously stunned the tiger.

"King of the bones?"

Both ancestors have widened their eyes.

In that year's war, they naturally knew it, and it was precisely because the ancestors of the reincarnation were killed by the bones of the king, they got a lot of cultivation resources.

Fortunately, they were fortunate not to be insulted. Both of them broke through to the turn of the wheel, and the Ximen family did not decline, but it was even more prosperous.

"Hey!"

At this time, the king of the bones suddenly screamed and the roar was strong and powerful.

One of the runners heard it and was shocked again.

"It's you?"

He recognized it, he recognized the skeleton king, because he also participated in the battle that year.

However, at that time, he was just dead and dead!

The other person heard this and couldn't help but slammed down and suddenly reacted.

"Impossible, the skeleton king has been missing for thousands of years, and it was the peak of the dead."

Another ancestor questioned.

Chapter 1508: The king of the bones

At that time, the skeleton of the skeleton was the peak of the deadly Xuanjing. With the strength of the powerful, killing a large number of dead Xuanjing masters and several runners, it disappeared.

In front of this sacral king, but the death of the mysterious eight is only how, how could it be thousands of years ago?

"No, I won't admit my mistake. I watched him kill his father. This is a cry, I will never forget it!" The young man who looks like a strong wheel is determined.

If this is the case, then this time, the king of the bones is coming to seek revenge?

Not waiting for another person to open, Ye Xuan said with a smile: "You didn't guess wrong. He was the king of the bones thousands of years ago, but he just took a nap."

When I heard Ye Xuan's words, the two men were stunned.

"Oh, no matter if you are, you dare to kill so many masters in the city's main government, you have to bury them today!"

The young man snorted and flew directly toward Ye Xuan.

The other middle-aged man is also directly shooting.

At that time, the sacral king who killed a few reincarnations was the culmination of the deadly Xuanjing, but now it is nothing but dead.

After all, they are now joining forces!

Today, he will avenge his ancestors!

However, they underestimated the strength of Ye Xuan.

"Small days, ribs, you deal with one, the old tree and me join hands!"

Ye Xuan immediately gave instructions.

Although the growth rate of the killing feast has been doubled, he is only six dead. If he does not break through, he will not be able to fight with the runners.

Therefore, he still needs help!

"The army of the dead!"

With the soul collected by the party, Ye Xuan revived the two martial artists who had died and joined the battle.

"what?"

The youth was shocked.

How have people who have died, resurrected?

But he can't manage that much, kill!

On the other hand, the sacral king who opened the invincible battle spirit has already played against the middle-aged.

"Hey!" "Hey!" "Hey!"

Under the triple increase, both the Skull King and Megatron can play four times the combat power.

The first confrontation was not in a disadvantage.

This middle-aged man is gloomy, although he wants to kill this skeleton king and avenge his ancestors.

But I have to say that this skeleton king is terrible.

Although this strength is weaker than it was thousands of years ago, the strength of the skeleton king has improved.

After all, it is just a dead end!

The key point is that this skeleton king fights very violently and is completely undefended.

His attack can indeed break the defense of the skeleton king, but in a blink of an eye, the injury of the skeleton king recovered.

The armor of the sacral king is also considered part of the body, plus the blood of the undead phoenix, you can recover in the blink of an eye.

This is completely a small force that can't die!

This middle-aged man estimated that he could not deal with the skeleton king, so he could only hope that the other side of the youth would quickly solve the problem of Ye Xuan and others, and then join him to kill the skeleton king.

However, what he did not know is that Ye Xuan is also playing the same idea.

"The ribs, you are allowed to use that trick!"

Ye Xuan gave the bones to the king of the bones, and the trick in his mouth was the combination of the bones of the king and Megatron - the broken sky and rock!

It's a bit unbearable to hear this, but it's not the best time. After all, this is only one time. If it's a fight, it's a tragedy.

Ye Xuan himself is joining forces with the old tree and two other corpses to attack the young ancestors.

In the case of four dozens, it is evenly matched!

Before Ye Xuan had just used the blade storm and the unicorn, the former was still cooling, and the latter cooled to 30%, so they could not be used.

At this moment, you can only see the king of the bones and the side of Megatron.

The increase in the feast of the killing is about to pass. If there is a loss there, then Ye Xuan estimates that he can only leave temporarily.

Anyway, Ye Xuan is waiting.

The sacral king is now dead and dead. He has killed countless masters thousands of years ago, and it is still possible to represent his fighting consciousness.

He is waiting now!

Suddenly, his two groups of ghosts and scorpions flashed and caught a flaw in the middle-aged.

"Sports Skills: Broken Sky Flows!"

As the cheekbones swayed with both hands, a dark gray sword broke out.

what?

After feeling this powerful sniper, the middle-aged man subconsciously swallowed, but he did not have the ability to escape the sword.

"Oh!"

The middle-aged man was caught in an instant and was stopped by the waist.

In the blink of an eye, he was petrified and then fell from the sky.

"Hey, the host's killing value is improved!"

In the distance, Ye Xuan heard a system prompt, and the killing value skyrocketed.

A runner who is in a strong position is actually killed by the second!

Moreover, the wound is not the key, it is just the waist.

It is a pity that this broken rock is not dependent on cutting, but on petrochemicals.

The organs in this middle-aged person are all petrified, and the scent of life can't be recovered, so it is natural to die.

This scene shocked everyone.

"Sure enough, kill the runners, give power!"

Ye Xuan praised one sentence.

Then, the king of the skeleton was brought to the ring with the dead man, and the ring was thrown to Ye Xuan.

Now, it's five dozen!

Even if the king of the bones does not use the broken rock, you can also kill the who is the strong player. Now he joins the battle of Ye Xuan. It is estimated that there will be ten rounds and the other party will be killed.

"Damn, how is this possible?"

The young man still can't believe his eyes until now.

The middle-aged man who is stronger than him is actually killed by the spike. This is too fake!

That is a strong runner!

However, the death of Xuanjing and the revolving environment, in fact, the gap is not as big as Xuanjing and dead Xuanjing.

After all, the birth of Xuanjing to the dead Xuanjing, is a new energy, that is, the spirit of death.

The death of Xuanjing to the revolving environment is only the ability to have autonomous reincarnation. The benefits brought by the realm of the realm are not as much as imagined.

The youth face became more and more gloomy, and he was thinking about how to escape. Under the siege of five people, he did not have the power to fight back. He just turned and the tree was flashed to give him a punch.

escape?

impossible!

"Wow, ah, I am fighting with you!"

The young man suddenly ran away, and he snarled a few times in the sky. The body of the body and the spirit of the deadly spirits surged, and then he was condensed in his hands.

This is a light ball, half black and half white.

Then, the young man turned the black and white ball in his hand to Ye Xuan.

"This is, reincarnation attack?"

Ye Xuan brows a pick.

The so-called reincarnation attack is the energy mixed by the scent of life and the sin of the dead. Only when it reaches the runner can it condense.

Those who turn the wheel are strong, relying on this independent reincarnation, or helping people to reincarnate.

Chapter 1509: Enemy

To put it simply, this young man wants to go with Ye Xuan. As long as this round of attack hurts Ye Xuan, then Ye Xuan is estimated to have a reincarnation.

Although Ye Xuan still has a body on the blood rock continent, but he does not want to be hurt by this round of attack, or be careful.

"Death chase!"

"The eye of assassination!"

In an instant, Ye Xuan flashed to the back of the youth, and then fell into a sword.

"The killings broke out!"

"burning the sword!"

The youth reincarnation attack fell through, not only that, but also lost the trace of Ye Xuan, which gave him a glimpse.

The next moment, there was a hot feeling on his back.

Then, the old tree and the skeleton king quickly followed.

"The flames!"

The old tree and the sacral king jointly attacked. Although the young man blocked the old fire fist of the tree, he was smashed by the skull and the sword.

Another runner who has become a turntable has fallen!

"Hey, the host's killing value is improved!"

Ye Xuan once again raised the value of killing, and the increase in the elegy of the bones of the king of the bones has also increased a lot. Now it is almost one percent.

Now, the two ancestors of the Ximen family have fallen, so others are not afraid.

"Follow the plan!"

Ye Xuan said to Megatron and the old tree.

The plan to act is to kill all the deadmen of the Ximen family who have died more than eight times.

Although some people are innocent, who makes them at Ximen?

If Ye Xuan's strength is not enough, it is definitely a place of death. Once it falls into their hands, Ye Xuan's end is probably not just a death, it may not even be dead.

If the two ancestors of the genius appear, these people will certainly be surrounded, so one can not let go.

Natural selection is so cruel!

The rest of the people saw that even the two ancestors of the reincarnation were dead, and they immediately frightened their daring and smashed.

Ye Xuan, Shu Lao, Megatron, the Skull King and two war corpses were intercepted and then killed.

The strength of this Ximen family is really not weak. After the fall of the two great ancestors, there are nearly ten dead and nine strong people who have fallen, and the death of Xuanjing has died more than forty. .

Their wealth adds up, very large, but Ye Xuan resists not to swallow, because he also needs to raise the value of the kill to the upper limit, and then exchange the swallow point.

The strongmen who died in the eight-point and above are all degenerate. Then, Ye Xuan is paying attention to those who are dead and strong.

But this time, they only robbed and did not kill, unless someone did not open their eyes to resist, or utterly inferior.

Soon, the entire Ximen home was looted, but unfortunately, Ye Xuan's killing value was not enough.

"It's still a little..."

Ye Xuan is very helpless, is it hard to go out and kill some of the beasts?

At this time, his aura flashed.

The city's main government has finished the harvest, and there is also the industry under the Ximen family.

At the moment, he is quickly leaving the city government and splitting his actions.

When the people at Ximen's family saw this killing, they immediately breathed a sigh of relief and then quickly left the city's capital.

Thousands of years ago, the Simon family made a failed decision, that is, trying to surrender to the skeleton king.

If not because of this, how can the skeleton king kill?

Soon, Ye Xuan was visiting the industry of Ximen's family.

"Hey, the host's killing value reaches the upper limit, is it converted into a swallowing point?"

"Yes!"

Ye Xuan answered directly in his mind.

"Hey, the kill value is cleared, the host gets a little swallowing point!"

Now, Ye Xuan has three more points to swallow.

After the killing value is redeemed, then the next step is to break through.

"Hey, the host breaks through, and the current is dead seven!"

"Hey, the host breaks through, and it's currently dead for eight!"

"Hey, Megatron breaks through, and is currently dead for nine!"

"Hey, Megatron's breakthrough, the current turn is a heavy one!"

"Hey, the king of the bones breaks through, and the current is dead."

"Hey, the king of the bones breaks through, and the current round is a heavy one!"

"Hey, the spirit of the Ashes breaks through, and the current is dead."

"Hey, the spirit of the Ashes breaks through, and the current turn is a heavy one!"

This breakthrough is really a big leap.

Ye Xuan broke through to the dead eight-dimensional, the three old trees directly broke the shackles and reached the turning environment.

Before the sacral king was just the peak of the dead Xuanjing, after a few days after the Ye Xuan, it turned out to be a break, and reached the level of the rotation.

At this point, the king of the bones can not help but sigh in the heart, this master, absolutely no mistake!

Now, Ye Xuan's strength has made a big leap, and he has already qualified to find Qi Xuanyue, the leader of the death abyss.

What is the tricycle of the reincarnation and the hegemony of the dead battlefield?

"Wait, I will find you soon, then you will step on you!"

Ye Xuan thought in his heart.

Although he broke through, the skills of Qilin and the broken rock are not good. The former has reached 60%, and the latter is 70%. Therefore, Ye Xuan wants to put these two first. The skills are restored.

Then he returned to the city government and found the transmission array.

However, there is no one around this transmission array.

"The people who just repaired the transmission array should have died..."

Ye Xuan is slightly helpless.

He is dead six-year-old, he is probably half a month's road to reach the edge of the camp, but he has now broken through to the dead eight-dimensional, estimated to be only two or three days.

Just as he was about to leave, he suddenly heard a system sound.

"Hey, the transmission array is 30% damaged, is it repaired?"

This system prompts the sound, but it makes Ye Xuan shocked.

Unexpectedly, the super swallowing system can also repair the array, which is not bad.

However, he did not immediately agree, but looked at it.

Fixing this transmission array requires the consumption of a super swallow system. This number is acceptable for Ye Xuan.

As for the repair time, as long as half a day!

"Oh? It only takes half a day?"

Ye Xuan's eyes lit up and felt that this sale could be done.

He estimated that if he was on the road, it would take two or three days. If he first arrived at the edge of the camp and entered the northern camp, he could kill the enemy in advance and gain military exploits. This is definitely better than his own.

"Start repair!"

At the moment, Ye Xuan is sure.

Then, this transmission array is automatically repaired. For a long time, Ye Xuan still waits.

However, when he waited for the repair of the transmission array, suddenly several people flashed over.

Before he opened the killing, everyone did not dare to approach, and the people in the city's main house almost left.

Now, suddenly one person plunders, and the courage is not small.

"The city owner, not good, there are enemies sneak into the West City to kill!"

The man shouted loudly that he was just a dead man and he was a sacrifice to the Ximen family.

Chapter 1510: The responsibility of the city owner

"City Lord?"

When I heard this title, Ye Xuan's brow was picked. When did he become the city owner?

He estimated that the other party thought that he was going to occupy the city's main house to clear the Simon's house.

"What enemy?"

Ye Xuan did not care about this title, asked directly.

"It seems that the people who sneaked into the West City a few days ago destroyed the transmission line. The last time they also made a trouble, but this time, it seems that there are people who are turning strong!" said the man.

"Rotating the wheel?"

Ye Xuan's eyes can't help but shine. This is really a slap in the face, because he has just broken through to the dead and eight-pointed, and the three generals are also turning around, even if they are three-wheeled. .

It can be said that in this dead battlefield, he is almost invincible!

"Where is the man?"

Ye Xuan immediately asked.

"I don't know, they seem to want to kill the city!" The man shook his head.

"Tucheng? Isn't it allowed?" Ye Xuanyi.

"Yes, if the runners are killing the average person, there will be managers to stop it. But they only kill those who are eight or more." This is allowed."

Hearing this, Ye Xuan understood.

Originally, this matter has nothing to do with them, but he killed the masters of Ximen's family, so this time he must come out, otherwise the master of Lingxi City will die.

At the moment, he is directly plundering the city's main government, letting the old tree and the skeleton king look for those people.

"Booming!"

In some places in Lingxi City, the voice of the battle came, and Ye Xuan quickly rushed over.

These enemies should come from the northern camp, that is, on the side of Qi Xuanyue.

These two people are two or three teams, some are dead and eightfold, and some are dead and nine.

Anyway, the rule is that it is not allowed to kill three realms lower than yourself.

Ye Xuan is now dead and deadly, and killing these people who have not got the revolving environment is simply as easy as killing chickens and ducks.

"Hey, the host's killing value is improved!"

"Hey, the host's killing value is improved!"

"Hey, the host's killing value is improved!"

Along the system prompts to sound, even if Ye Xuan does not shoot, there is also a killing value.

After all, the old trees are also cleaning up those people.

"Little Master, there is a turn here..."

The tree suddenly sounded through the air.

"Okay, I have been..."

Ye Xuan was only half back, and the old tree was interrupted: "Oh, I was attacked by a spike."

Ye Xuan: "..."

In the case of the same level, the tree is really against the sky, directly killing the opponent, Ye Xuan does not need to support.

On the other hand, the one-wheeled king of the sacral bones also handed over to a strong player who was in a tight position, and killed it directly for three seconds.

On the strength, the combination of the skeleton king and the Megatron is stronger than the old tree, but if it is about the ability to attack, the tree is absolutely first.

How long has it been, there are two runners who have turned around, but it is a pity that only the old man has the mark of warfare, and the king of the bones does not.

At this time, Ye Xuan suddenly felt a strong breath.

"The second round of rotation?"

Ye Xuan brows a pick, but with his current realm, what is the double turn?

At the moment, he is letting the old and the bones of the tree and Megatron come together.

At this time, this two-strong powerhouse is moving towards the main city of Lingxi City. It seems that it is going to fight the Ximen family. Unfortunately, what he does not know is that the master of Ximen has died.

This reincarnation of the two masters, suddenly found the old tree and the bones of the king, the body shape. Among the news he got, there were no two masters of the old and the bones.

Where did it come out?

Taking advantage of this opportunity, the old tree and the skeleton king directly killed the past.

This time, the old tree did not take the lead, but waited for the arrival of the skeleton king and Megatron to launch an attack.

"The flames!"

This two-wheeled strongman directly experienced a back-to-back enemies. He had a strong attack on the front of the skeleton, and there was an old sneak attack.

"what?"

This person is shocked.

He had heard about the sacral king, but thousands of years ago, he was dead, and he did not dare to come over.

Today, he did not expect that he had encountered a sacral king who was stronger than the thousands of thousands of years of killing the runners.

In his mind, he subconsciously gave birth to a retreat, but if he wanted to go, he had to deal with this attack first.

However, the attacking power of the skeleton king is superior, even if he is dead, he can't take it.

"Hey!"

In a crisp sound, the weapon of the two-wheeled strongman broke in the hand, and then the waist was opened by a scorpion king, but this blow was not a broken rock, so he could not die.

At this time, he couldn't take care of recovering the injury with the genius of life, because there is still a tree with weak strength behind it.

"Hey!"

The old fist of the tree slammed behind the two strong players in the reincarnation. The burning flame directly burned his skin and blood.

A round of attack, finished!

It is a pity that during the heyday, he did not escape the attack of the skeleton king and the old tree. Now he is seriously injured and even more impossible.

"Do not....."

This two-wheeled strongman screamed in the sky, and the body's sacred ambition and deadness were running fast, but it was a pity that there was no use at all. The next moment, the head was given to the scorpion king and died in an instant.

Those who are in a better position, although they can reincarnate autonomously, but reincarnation is not something that can be transferred, and must be fully prepared.

Reincarnation in battle is almost impossible!

Ximen's ancestors were actually helping a rehabilitated squad to reincarnate. It's already condensing the reincarnation, but Ye Xuan suddenly killed him. He also used the reincarnation preparation and Ye Xuan to die.

Unfortunately, no success!

"Hey, the host's killing value is improved!"

After the death of the second-best powerhouse, Ye Xuan heard a system prompting sound, and the increase of the elegy of the bones of the king of the bones also improved a lot.

If it continues to improve, the growth of the skeleton king may be doubled, doubled or even ten times.

"The soul of the elegy this skill is too abnormal, and find another time to kill the blame, first increase the increase at a certain level and then say..."

Ye Xuan thought in his heart.

There is no limit to the increase in the elegy of the soul. As long as the king of the bones keeps the realm of the reincarnation, and constantly kills those who pass the heavenly beast, the increase will continue to increase, and even if the king of the skeleton breaks through the second round, the increase will not be the result. reduce.

When Ye Xuan surrendered to the skeleton king, he glanced subconsciously. The soul elegy skill was worth three points to swallow, which is the most valuable skill he has seen so far.
