Chapter 1511: Transfer away

"Let's continue to look for it!"

Then, Ye Xuan and the three quickly left, and after killing another runner, Lingxi City was calm.

There is no warfare to kill the people in the camp. However, Ye Xuan has killed four strong runners, and one of them has a double rotation. This battle is not a small fortune.

However, these battles are not expected to be exchanged in Lingxi City, and Ye Xuan will immediately rush to the northern site, so it can only be stored first.

Fortunately, the people in Lingxi City were killed by the Ximen family. Otherwise, the two ancestors of the Ximen family would not be able to stop these people.

After half a day.

"Hey, the transmission array is fixed!"

The system prompts.

Hearing this system prompt tone, Ye Xuan did not say anything, and directly entered the transmission array.

"Hey!"

The transmission array began to operate, and the business around Ye Xuan began to change.

He destroyed the Simon's house, but it does not mean that he wants to be the city owner. This is the owner of the city of Lingxi, who wants to go.

Soon, Ye Xuan was transferred, and the foothold was in a cave.

He walked out with the skeleton king and the tree, and looked into the distance.

"As long as you cross the mountain range, it is the northern camp. Whenever there are enemies, we will become the target of everyone..."

Ye Xuan said slowly.

"This is good, you can kill a happy!" The tree is old and geared.

Of course, their goal is the abyss lord of the death abyss, that is, Qi Xuanyue.

On that day, Qi Xuanyue was just a virtual shadow, and the death will still hurt Ye Xuan. I don't know if the real strong man in this battlefield is as powerful as the rumors.

"go!"

Ye Xuan is also nonsense, and will directly rush into the mountains with the three majors.

This mountain range is the junction of the northern camp and the western camp. It can be said that 'people come and go', and Ye Xuan's road has encountered some people in the same camp, which are all going to enter the other side to kill the enemy.

Of course, there are still some people who have come down from the northern camp.

Along the way, Ye Xuan smashed the three major runners, and more than a dozen dead Xuanjing Jiuzhong.

"This death abyss is the most dangerous place in the northern camp. Qi Xuanyue lives in it, and there are a lot of masters under his armpit..."

Ye Xuan held a map from the circle of the two masters of the round, and said, he murmured.

"Little Master, then are we going directly or killing along the way?"

The old tree asked.

"Since it is here, then don't worry, kill all the way!" Ye Xuan did not want to answer.

Although he is very strong now, Qi Xuanyue is a triple-turner, plus the eye of death and his master, I am afraid it is not so easy to deal with.

Therefore, Ye Xuan wants to break through at least once when he goes to the abyss of death, and then kills the abyss of death to break through the wheel.

If you are on a normal road, you can reach the death abyss in as many as seven days. There are many city forces along the way. As soon as they appear, they are expected to be besieged.

Ye Xuan carefully looked at the map and then made three routes of travel. This time, he was going to sweep the entire northern camp.

At the moment, the three of them are split-headed. Anyway, there is a special position in the void, and they can break open to the other side at any time.

Because the upper limit of the dead battlefield is tripled, the forces along the way are not strong. The strongest ones are at the same time. This is not a big deal for Ye Xuan.

At this time, Ye Xuan was thinking, whether or not to reach the limit of the killing value.

With so many forces, it should be enough!

Thinking of this, Ye Xuan's speed is speeding up. After half a day, he came to the first city.

"Death enemies with eight heavy enemies, kill!"

Ye Xuan has not yet entered the city, and some people have taken the initiative to die.

These people saw that Ye Xuan was just a dead-hearted eight-fold, that is, they all surrounded them. Among them, there were eight dead and dead, and there were nine dead.

In the realm of Ye Xuan, even if the runners are strong, they can kill them. These warriors are not a threat to him.

After solving the people outside the city, Ye Xuan broke through the void and positioned them on both sides of the tree and the bones, and then took them over.

"Go, butchery!"

Ye Xuan sipped a low sentence, directly carrying the old tree and the bones of the king and the Megatron into the city.

The people in the hostile camp are very well identifiable, so they can be inducted when they are close. Even in the distance, they can be identified by the mark of the eyebrows.

The imprint of one's own battle is white light. If it is a hostile camp, it is red light, and it can be distinguished at a glance as an enemy or a friend.

"It's really rare to be a king of the bones."

"This man is really courageous, and he died in the dead."

"That is, the strength of the bald old man and the skeleton king is stronger, but the city owner is a double master of the rotation, it is estimated that they can easily kill them."

"No matter, we are so many people, kill!"

Suddenly, there are countless masters leaping into the sky, directly attacking Ye Xuan.

With so many powerful attackers, even the two players who are turning to the wheel can't stop it.

However, Ye Xuan did not intend to block.

"Where there is a threat, kill!"

Ye Xuan drinks a low sentence in his mind.

The old three of the trees were ordered to quickly kill.

Although there are two strong players in the city, but this level of people, they have been killed, not anything, so Ye Xuan even kills the feast does not need to use.

Suddenly, there was a gust of wind and rain over the city. All those who dared to sneak into the sky were bombarded and killed by a single blow.

The old tree, the Megatron, and the skeleton of the skeleton are all one-wheeled. To deal with these people, the skeleton king and Megatron do not need to fit together.

In just a few seconds, dozens of people have fallen, and Ye Xuan is mainly responsible for collecting Qiankun Ring.

Because he wants to achieve a killing value in the realm of dead octopus, Ye Xuan does not intend to devour these things. He has already died and died. If he devours it again, he will break through, which means that he has to give up.

Ten seconds later, there is no other person in the air in this area except Ye Xuan.

At the same time, there are a few figures in the distance, all of which are at the level of the rotation.

"Do not mix things, dare to wild, look for death!"

"Great courage, I have been in the Winter Wind City for ten years, no one dared to kill the city."

"I want to smash you all!"

These people came from the forces in this winter wind city. After they appeared, they directly killed Ye Xuan.

In the same situation, the old tree and others are still invincible, but in order to solve the battle quickly, the skeleton king and Megatron once again fit together, and suddenly the two attributes have doubled.

Chapter 1512: Slaughter city

"kill!"

Ye Xuan looked at them and drank a low sentence.

There are a total of four masters who turn around the wheel. Ye Xuan deals with one, and the old tree deals with one. As for the skeleton king and Megatron, it solves two.

The strength of these people is not bad, Ye Xuan does not want to waste skills, so just dragging one person.

As for the old tree, it was directly killing one person in three seconds, and then quickly supported Ye Xuan.

"Hey!"

The old sneak attack of the tree is not enough to prevent it. Suddenly, Ye Xuan's opponent died directly.

The four major runners immediately degraded the two, but they did not wait for the tree to support the skeleton king. He killed one.

As for the last person who saw the other three people falling behind, his face changed greatly and he immediately turned around and left.

It is a pity that the old tree has already flashed one step behind him. He just turned around and ate a fire fist after the remnant.

"Hey!"

The chest was melted in an instant, and the tree punched his heart into a fly ash.

"Hey, the host's killing value is improved!"

It was also a system that prompted the sound to sound, and all the four runners were all degraded.

Ye Xuan took the last person's Qiang Kun ring and then looked around and found that there were not many people around. Those who have not yet left are only those who have low realm. They are not afraid of Ye Xuan. After all, there are three managers in the dead battlefield who are constantly inspecting.

If Ye Xuan dares to shoot them, it will be directly obliterated by the manager.

"Go, continue!"

At the moment, Ye Xuan is continuing to search along with the old three trees. Anyone who is dead and above eight is above their goal.

Killing an enemy with a deadly metaphysical eight-eighths, there are 100,000 battles, and the death of Xuanjing is a battle of 300,000. As for the master of the round, it is one million.

At this time, Ye Xuan and others have combined their combat powers to more than 30 million. If they return to their own camps, they will be able to redeem the cultivation resources that have broken through to the top of the dead.

However, now that Ye Xuan is in the realm of cards, even if there are so many resources, it is useless.

"The killing value is now less than one-fifth, and it seems to kill a lot..."

Ye Xuan thought in mind, directly before the main house of the Dongfeng City, not waiting for him to come, he found a large number of dead Xuanjing strong and several masters of the rotation of the city to stay in the city.

"on!"

The owner of the Winter Wind City is not nonsense, and orders are issued directly.

Ye Xuan is an enemy, and other camps come over, so it is useless to ask the origin, because in the eyes of the winter wind city, Ye Xuan is already a dead person.

This battle, I am afraid it is not so simple, so Ye Xuan had to start the feast of killing.

"Spare ribs, not destroying the soul!"

At the same time as the killing feast was opened, Ye Xuan also gave an order to the King of the Skull.

It does not destroy the soul of the war, and enhances the full property of the skeleton king and Megatron, but this does not mean that their combat power is only doubled, because they have doubled the full attribute, killing the same level of warriors like killing chicken is easy .

A big fight broke out!

In the eyes of this group of masters, the threat of the skeleton king is the biggest, so the ribs are directly under siege, but the full attribute has tripled him, the defense has reached the limit, even if the runner is not so easy to break. Open his defense.

What's more, the king of the bones has the blood of the undead, even if it causes damage, he can recover in the first time.

After the combination of the Skeleton King and Megatron, only two words are used to describe it, invincible!

The first confrontation, the king of the bones directly used the grip of the Hades, and gave birth to a left and right half.

Ye Xuan's increase has also increased by 20% in this moment.

"The flames!"

"The flames!"

Taking advantage of this opportunity, the old tree quickly killed those who were dead and ruthless. These people's growth rate to Ye Xuan was not as good as that of the runners.

In the blink of an eye, it has also increased by 20%.

Coupled with Ye Xuan's own killing, the increase has been increased to 50%.

The strength of Ye Xuan and others has already made this group of people stunned, but the three people have actually chosen this group of people. Has this world changed?

"Fast, go and ask your ancestors to go out!"

The owner of the Winter Wind City yelled.

At the moment, there is a dead Xuanjing Jiuwu warrior turned around and left.

This time, Ye Xuan did not stop, but let him leave.

The ancestors in their mouths should be the two strongest players in the rotation. This level of people Ye Xuan has also been killed, even if it comes, it will be fine.

This battle is completely crushed, and soon Ye Xuan's increase has doubled, and the other side is already half the warrior.

"stop!"

A roar came from afar, and Ye Xuan turned around and saw an old man rushing quickly.

"The tree is old to stop him!"

Ye Xuan said in his mind.

"it is good!"

The old tree heard the words and quickly rushed toward the old man.

At this moment, there is only two people left in the battleship of the city's main government. As for the dead-level people, they don't even get ten, and the death and injury are heavy.

"The killings broke out!"

"burning the sword!"

Before this ancestor came over, Ye Xuan was hoping to kill everyone, so it was more convenient.

"roll!"

When the old man saw the old tree, he immediately screamed, and a deadly black air spewed out and shrouded toward the tree.

"The flames!"

The old flexibility of the tree is not comparable to that of the average person. It avoids the attack of the other party in an instant and flashes to the back of the old man to raise a fist.

"Hey!"

The strength of the old man is not weak, blocking this punch.

His mood at this time can be described as anxious, because his son died in succession one by one, but he was unable to rush to support, only to be mad at the beard.

On the other hand, the king of the bones, with its powerful strength, killed a reincarnation. Now, there is only one person left.

"ribbons, the rest of the people I will solve, you go to help the tree old!" Ye Xuan said directly.

When the king of the bones heard this, the two ghosts flashed twice, rushing toward the old man who was turning round.

With one of the remaining strong players, Ye Xuan can deal with it.

"Kid, you are looking for death!"

The last person also heard this because Ye Xuan was shouting, which made this person very angry.

Even if the strength of the skeleton king is strong, you are a deadly stupid bastard, and dare to speak out?

court death!

At the moment, this person is killing Ye Xuan.

"Cut, kill you!"

Ye Xuan's heart snorted and marked the other party directly with the death killing order. When the opponent attacked him, he suddenly showed his assassination.

His figure disappeared directly and appeared behind the other side.

Of course, before that, he caught Ye Xuan's eyes, which was a sarcasm.

Chapter 1513: Big troubled northern camp

When this person still laughed at Ye Xuan's self-sufficiency, Ye Xuan directly flashed behind him.

"The eye of assassination!"

"The killings broke out!"

"burning the sword!"

Ye Xuan waited for him to react and went straight out.

"Oh!"

A head flew up.

Spike!

Now, the masters of the city's mainstays have all died. As for the rest of the people, there is no threat to Ye Xuan. All of them are killed by Ye Xuan in a few seconds.

In the battlefield in the distance, the old man and the sacral king joined forces to suppress the other side.

On the same day in Lingxi City, the reason why the second-round powerhouse was killed by the spike was also because of the general idea. And today the old man, the strength is much stronger than the other side, actually insisted for five seconds.

However, he can't hold on for a long time, because Ye Xuan has already killed.

"Death chase!"

"The eye of assassination!"

After Ye Xuan was behind the tree, a flash of body swept to the back of the other side, and then a sword fell.

"Hey!"

The old man saw the tree in the front, but ignored Ye Xuan, and was directly hit by a sword in the back, suddenly spewing a blood.

His face was gloomy. He estimated that he had to be accounted for here today, but he was not willing, so he took out a black bird directly from the Qiankun ring and put the risk of being strangled into the sky.

"The lord of the abyss will take revenge for me!"

The old man screamed in the sky and was killed by a sword of the skeleton.

"Hey, the host's killing value is improved!"

Ye Xuan's killing value has increased, and the increase in the elegy of the skeleton of the bones has also improved a lot. After this battle, it has risen to 2%.

If it is a few more times, raising it to 10% is not a problem.

Seeing that even the old city owner was dead, the warriors in the distance were all scared away.

Ye Xuan is now not interested in chasing them, and directly began to collect the city.

Although he is now in the realm of the card, but still need the heavens and earth treasures, as long as the killing value reaches an upper limit, then he may be able to directly cross the dead and return to the environment.

Then, Ye Xuan quickly left.

"It's just a death ostrich, it's estimated to be venting to the lords of the death abyss..."

Ye Xuan thought in his heart.

However, this is not useful at all, because after Qi Xuanyue knew the news, other cities were estimated to have been looted.

After leaving the winter wind city, Ye Xuan directly broke through the void and once again divided into three groups.

One day later, the tree rushed to another city. The strength of this city and the winter wind city was similar, so Ye Xuan broke open and came here.

Slaughter city!

The entire operation did not even take ten minutes.

After the masters of the city have solved it, the combination of Ye Xuan and Shu's old battles has surpassed 60 million.

Half a day later, the king of the bones also rushed to a city, and there is no need to say anything about the next thing.

At the same time, the attacks on these cities by the strong have also spread rapidly.

On the fourth day of Ye Xuan's entry into the northern camp, in the distant abyss of death, a black bird swept in and finally landed on the shoulder of a woman in the depths of the death abyss.

This woman is the Qi Xuanyue that Ye Xuan saw on the same day, and also the lord of this death abyss, the strongest of the dead battlefields.

At this time, she was sitting on a white bone throne, and her feet were all white bones. It looked very horrified.

After the black bird fell, a projection was suddenly released. The projection was a picture of the battle. After Qi Xuanyue saw the picture of the battle, his body trembled.

"Good boy, even dare to step into my site, really looking for death!" Qi Xuanyue eyes wide open, both eyes are killing.

On the same day, her eyes of death were defeated by the manager's eyes of Vientiane, and she immediately sent a master to the Xuanyue tomb, but at that time, people had gone to the building.

Unexpectedly, Ye Xuan now came from the cast network!

At this time, Qi Xuanyue again looked at another figure.

"It's incredible that this sacred king has risen to the point of turning around."

Qi Xuanyue muttered.

She remembers that after the seal of the skeleton of the bones for thousands of years, only the death of the king was seven. How long has it been now, she has grown to a revolving environment, which makes her very surprised.

Not only that, but even the tree that is dead and rejuvenated is also upgraded to a round.

"This kid has broken through six hexagrams from the dead to the dead, and the advancement is too fast. Is the realm of the bald head and the skeleton king related to him?"

Qi Xuanyue couldn't help but think so, but she didn't think much about it.

She waved her hand and a white bone suddenly combined and quickly left.

After a while, a strong man with a bone knife came out. He saw Qi Xuanyue kneeling down one knee and said: "What is the commander?"

"Go, send someone to bring these pieces to me."

Qi Xuanyue lost the death of the ostrich.

"Follow!"

After a glance at the bone knife, he nodded directly and then prepared to leave.

"Wait, the person I asked you to investigate, is there any news?"

Qi Xuanyue suddenly cried, the person she was going to investigate was the brother of her reincarnation, Qi Tianrui.

"not yet!"

The bone knife strong man shook his head.

"You retreat!"

Qi Xuanyue has already used this answer, but it seems calm.

Thousands of years ago, her brother Qi Tianrui was dissatisfied with the status quo and reincarnation.

Then she suddenly got the eye of death, and the realm was upgraded to the triple of the revolving wheel, and became the hegemon of the dead battlefield.

It is a pity that Qi Tianrui's realm at that time was only a matter of turning the wheel. He could not specify the reincarnation. He is now alive and dead, and Qi Xuanyue does not know.

.....

Soon, it took another few days.

Today, it is the seventh day that Ye Xuan entered the northern camp. In the past seven days, he has slaughtered six cities and killed all the masters in the six cities. His battles have exceeded 100 million.

Unfortunately, the killing value is still a little bit to reach the upper limit.

At this point, he came to the seventh city, as long as he came again, then his killing value could reach the upper limit, and then exchanged for the swallowing point.

Because of the high-profile massacre before, this city has already opened the defensive array, however, this can not stop him.

"The old tree, the Megatron, the ribs, the falling, we broke!"

Ye Xuan said to the four people beside him.

After the cultivation of this period of time, it was finally upgraded to the dead and nine times, and finally joined the battle.

Suddenly, the five people are all ready to break through the formation and into the city.

Chapter 1514: One word, kill!

"The killings broke out!"

"burning the sword!"

"Hundreds of demon foxes are separated, net lotus demon!"

"The flames!"

The sound caused by the attack of five people was deafening, but the method was reinforced, and they failed to break open once, but it was a bit tolerant.

At the same time, the city owner of the city also heard the movement, and immediately began to start from the chair.

These days, he heard that there were several abnormalities that were twirling on their sites. They slaughtered six cities in seven days and were extremely murderous. The city that was recently slaughtered is only one day away from him. It seems that this is the turn of them.

"City Lord, what do we do?"

"What to do, keep it, I have already sent a letter, and the Lord will soon send someone to support!"

However, the voice of the city owner has just fallen, that is, one person quickly came in and reported:
"The city owner, not good, the big city is broken!"

what?

This news, but the city owner was frightened.

The moat was broken, was it broken?

What a joke!

It's only three seconds since he heard the movement until now. How could the moat of the city be broken?

It seems that this time, it is going to be a tragedy!

Fortunately, their family has already concentrated their wealth and escorted away by family genius. If it is destroyed, he can make a comeback.

At the moment, he informed all the masters of the city's government, and even the ancestors who had turned to the wheel were waiting.

Soon, the figure of Ye Xuan and others appeared in front of them.

"It's just gathered together, just in time, you can get it all done."

Ye Xuan's eyes twitched and his mouth couldn't help but tilt slightly, which saved him.

The two revolving rounds are twofold, and the eight revolving rounds are one heavy. The dead Xuanjing is eight heavy and the nine heavy ones are nearly one hundred people. This is a big killing value.

In addition, the elegy of the sacred king's soul has also increased to 9%, after the war, it is estimated that it can be increased to 10%.

"Hello, can you open the net?"

After seeing Ye Xuan, a strong man who turned around the wheel could not help but say.

This sentence, but aloof Ye Xuan.

He and the other party were hostile camps. After seeing him, the other party took the initiative to show weakness.

"You open the mountain town, is also the lord of the death abyss?" Ye Xuan asked curiously.

"Not bad!"

Hearing this, the strong man also nodded and answered one sentence. He hoped that Ye Xuan would look at the face of the death abyss lord and let them go.

Who is the lord of death abyss, that is the strongest person in the dead battlefield, even if the other two hegemons do not dare to challenge her, this name, there is still a lot of weight in the dead battlefield.

Unfortunately, he does not understand the hatred between Ye Xuan and Qi Xuanyue.

"If you want to use the death abyss lord to press me, I am afraid that you are using the wrong tricks. Unfortunately, I and this Qiuyue have a deep hatred, and today's battle is inevitable!" Ye Xuan said coldly.

"Qi Xuanyue?"

When everyone listened, they couldn't help but scream.

Is this the name of the lord of death abyss?

For thousands of years, they first heard the name of the death abyss lord, but why did Ye Xuan know?

But now is not the time to think about it, because Ye Xuan said, he and Qi Xuanyue have deep hatred, this battle seems to really avoid.

"If that's the case, then fight!"

A strong second-rounder gave a low drink.

In those cities that were previously slaughtered, there were also two revolving rounds, but it was a pity that they were killed by Ye Xuan.

Although the broken bones of the Scorpio King and the unicorn cooling have not recovered, but Ye Xuan's strength is amazing, as long as he does not come to turn the three strong players, he is not afraid.

"kill!"

Ye Xuan also did not intend to talk nonsense, and directly rushed out.

"Killing feast!"

"Do not destroy the soul!"

A big fight broke out!

It is closer to the abyss of death, so Ye Xuan must be quick and quick.

This time the enemy is the one he has ever encountered the most, and their attack, even if it is the turn of the three sides can not block.

However, Ye Xuan does not need to block.

"Death chase!"

"The eye of assassination!"

Ye Xuan directly received the sacral king and the fall into the planting space, and then flashed to the back of a runner, and then released the three.

"Oh!"

After the appearance of the fall, the seventh flash of the reincarnation was instantly applied, and the person's head was squatted.

The increase in Ye Xuan's feasting feast has also skyrocketed by 20%.

On the other hand, the old tree used a fire cover to absorb a large number of attacks, and then the flames flashed into the crowd, directly exploding the fire cover.

"Boom!"

This big bang, although not the bomber of the strong, has caused the death of more than 20 dead Xuanwu warriors.

These people also gave Ye Xuan an increase of 40%.

At the beginning of the battle, the city's main government had lost so many people and it was beyond everyone's expectations.

"Give me to die!"

The two ancestors who had turned to the second place, the dawn of the dawn, one to kill the king of the bones, one is to kill the old tree.

As for Ye Xuan and Luo Lan, it was the siege of seven strong players.

If it was before, Ye Xuan might not dare to fight, but this sunset has broken through to the dead and nine times, with her help, why not?

In the face of these seven opponents who are high in their own realm, their eyes suddenly flashed, and the body was surging, and a charming eye was condensed on the top of the head.

"Hey!"

The enchanting eye shines.

In an instant, two people were left to be charmed.

"not good!"

Seeing the situation, the remaining five people changed their faces, and they did not wait for them to react. The two masters who were controlled by the fall were attacked.

"call out!"

"call out!"

After two broken sounds, a head was thrown up.

The two masters who are controlled are attacking the same target.

Now, there are only four masters left, four to four, just right!

No, not four to four!

"The army of the dead!"

Ye Xuan secretly gave orders to the king of the bones. The next two moments, the two runners who died only suddenly resurrected.

It is six to four!

In addition, there are more than 20 masters who are dead and dead.

At this time, Ye Xuan's growth rate has doubled, and it is more than enough to deal with a strong player.

"I really want to die for me!"

A ancestral ancestor who turns to the wheel is as if he has seen his fallen picture, and his heart is helpless. But this is also an inevitable thing. When they moved to the dead battlefield, they actually expected this day.

What they didn't think of was that the people who destroyed the family were lower than them, and the number was only four, which is unbelievable.

At this moment, the family can only pray in the heart, hope that the abyss lords can come and save them!

Chapter 1515: Goodbye Qi Xuanyue

It is a pity that the eye of death is not the eye of Vientiane, and the lord of the abyss does not have this ability. Moreover, even if the eye of death reappears, Ye Xuan is not afraid, unless the Qi Xuanyue deity comes.

In the case of six-on-four, the Hejia side soon died again. Then, the king of the bones used the soul to resurrect one person.

Next, it is seven to three!

There is no suspense in this battle.

"As long as you have married a few of them, then my killing value can be raised to the upper limit. At that time, I should be able to jump directly to the revolving..."

Ye Xuan is very excited, because he has been waiting for a long time in the dead, and has been suppressing the realm.

Today, you can finally break it!

However, when he died on the other side of the family, there were only two runners who were strong in the wheel.

"stop!"

Ye Xuan, who heard the violent scream, turned his head and saw that a strong man with a big bone knife swept quickly.

This speed even surpassed those two ancestors who were two-wheeled.

The three rounds of the turn!

"There was finally a decent person..."

Ye Xuan's mouth is slightly tilted.

What is the triple turnaround? It's not the time to come!

At the moment, he is the command to give everyone a quick fix. After the tree and the skeleton king heard it, both eyes were flashing.

They only have hidden skills, now, they have to be used!

"The grip of the Hades!"

The king of the cheekbones is deep in one hand, and the void is caught.

A strange energy shrouded his opponent, and then the man swiftly swept toward the king of the skeleton.

"what?"

This turn of the second ancestors was shocked, but fortunately his strength is not weak, but it can slow down the attraction of the grip of the Hades. He understands that the skeleton of the skeleton is the invincible existence of melee. Once it is close, it is a tragedy.

But while he resisted the grip of the Hades, the tree suddenly had two remnants of flames and flashed behind him.

"not good!"

This person's face has changed greatly, and the same is true of another ancestor.

The party is two-on-two, but now it has become two-on-one.

"Yangyang cable!"

The tree flashed to the back of the other side and banged out.

At the same time, the other hand is also licking, and a flame chain locks the other's neck.

Suddenly, the burning flame will burn the other's neck.

There is a hand of the Hades before, and there is a yang-yang after the death. This person is not dead.

"puff!"

In a muffled sound, the ancestor of the second round of the turn was broken by Yan Yangsuo, and his head was instantly burned to fly ash.

dead!

"Hey, the host's killing value is improved!"

After his death, Ye Xuan in the distance has once again increased. At this time, his growth has already doubled. The last two runners have also died under their siege.

"Hey, the host's killing value reaches the upper limit!"

"Hey, does the host clear the kill value and redeem it?"

"Yes!"

Ye Xuan quickly answered in his mind.

"Hey, the kill value is cleared, the host gets a little swallowing point!"

Now, Ye Xuan has four points to swallow.

But this is not the point, the point is that he can break through.

"Hey, the host breaks through, and the current is dead."

"Hey, the host has reached the peak of the deadly horizon!"

Another two system prompts to sound.

From the long-lived breakthrough to the living environment, what is needed is the spirit of life.

From the breakthrough of the birthplace to the death of the Xuanjing, what is needed is the spirit of death.

And Ye Xuan wants to break through to the turn of the wheel this time, then he has to balance the spirit of life and the spirit of death.

At this time, in his body, there was more temperament, so he swallowed and refining some of the deadness, and then he heard the system prompt.

"Hey, the host breaks through, and it's a bit of a turn!"

This is not over yet.

"Hey, Megatron's breakthrough, the current round is two!"

"Hey, the spirit of the Ashes breaks through, and the current turn is two!"

"Hey, the king of the bones breaks through, and the current is the second round!"

"Hey, Megatron's breakthrough, the current round is triple!"

"Hey, the spirit of the Ashes breaks through, and the current is a tricycle!"

"Hey, the king of the bones breaks through, and the current is a tricycle!"

"Hey, the broken rock and the rock are cooled and restored!"

"Hey, Kirin cools down!"

The heavens and earth treasures that have accumulated in the mountains have been swallowed up today.

The breath of Ye Xuan, the old tree, and the skeleton of the cheekbones suddenly rose tenfold. If Megatron is only a weapon, I am afraid that their breath will be more terrifying.

This scene, let the ancestors who are still alive, squatting.

Turning the wheel is a heavy one, suddenly bursting two realms, reaching the triple turn?

Moreover, there is more than one.

"I am dreaming?"

This old ancestor's eyes widened, but the next moment, he saw a big sword swept.

"Oh!"

The strength instantly surged ten times more than the sacral king, and a sword cut his head.

Now, all the family members are dead, so there is only the brawny man with the big bones rushing here.

However, this brave man with a big bone knife is not yet close, his body shape is a meal, and then quickly take out a white bone token from the Qiankun ring and quickly crush it.

Ye Xuan saw this scene, and did not rush to let the old tree and Megatron go to kill the strong man, but looked with great interest.

The next thing to happen, Ye Xuan has already guessed it, so he hid the fall into the planting space.

Sure enough, just after the fall disappeared, a huge eyeball was condensed in the sky.

Eye of death!

Then, there was a woman's illusion, the lord of the death abyss, Qi Xuanyue.

"You really appeared!"

Ye Xuan looked at the shadow of Qi Xuanyue, said coldly.

Qi Xuanyue hasn't figured out the situation yet. This is the amulet she gave to the bones. If she encounters a problem that cannot be solved, she will be crushed. At that time, her eye of death will get the coordinates and then come.

"Bone knife, what is going on?"

Qi Xuanyue couldn't help but ask after seeing Ye Xuan and others.

"They, killing all the strong."

The bone knife replied, this is what he saw with his own eyes.

Then, Qi Xuanyue regained his gaze on Ye Xuan and others. At this time, she discovered that both the old tree and the skeleton king had broken through to the tricycle.

is it possible?

A few days ago, she saw that the King of the Skeleton was just a wheeled one. It took only a long time to break through to the tricycle and be at the same level as her.

impossible!

"You, in the end, what method was used to break through?" Qi Xuanyue could not help but ask.

"you guess!"

Ye Xuan is still a harmless look of humans and animals.

"On that day, there are managers who will help you. Today I see how you get out!"

Qi Xuanyue's eyes widened.

Chapter 1516: The real army of the dead

"Why should I escape?"

Ye Xuan brows a pick.

"Hey, don't you think that these two revolving rounds can be against me?" Qi Xuanyue suddenly showed a confident look.

Although she is also a tricycle, she has absorbed a lot of will to death for thousands of years.

Her strength is in the triple of the revolving wheel, and it is also the invincible existence!

"Just rely on your virtual shadow?" Ye Xuan blinked.

"Who said, I am just a shadow?"

Qi Xuanyue suddenly showed a sly smile. The next moment, her figure began to solidify.

"what?"

Ye Xuan was shocked.

How did Qi Xuanyue's body suddenly become an entity?

At the moment, he swept it with the eye of insight and found that Qi Xuanyue was not a flesh at this time, but was formed by the will of death. How much death will it absorb?

Ye Xuan was shocked. It seems that Qi Xuanyue is not so well solved.

"My body is still in the abyss of death, but since it is here, you can't let you leave!"

Qi Xuanyue's face is a stiff face.

Then, the whole city began to tremble, and a dangerous atmosphere permeated from the ground.

This kind of scene Ye Xuan once seen, in the land of the dead, that is, when the Undying King awakened.

At that time, but a lot of dead bodies were resurrected!

"You, this is sending me welfare!"

Upon seeing it, Ye Xuan's eyes could not help but shine.

Death will resurrect the corpse, and you can use the broken limb to form a corpse.

Then, Ye Xuan killed these bodies, can you get the increase in killing value?

When he was still thinking about it, the people who were killed by him were all resurrected, and even the two ancestors who had turned around were standing up.

However, this is not the point.

The point is that under this city, there are countless people's bones. Now Qi Xuanyue will wake these people in a stroke, and the people in this city are dead!

"The most poisonous woman's heart, this Qi Xuanyue is really poisonous, a trick to wake up the dead for thousands of years..."

Ye Xuan felt a cold, and Qi Xuanyue's death will be split at this time. He did not look at it, but there were many people who could be resurrected at the foot. What if there were four strong players in the turn?

The key is to kill these resurrected walking dead, I don't know if there will be killing value!

If there is, it is welfare for him. If not, he is too lazy to do it.

"Let's enjoy it!"

Qi Xuanyue's mouth slightly tilted up, directly controlling the two strong players who turned the wheel, killing Ye Xuan.

Before the tree and the scorpion king killed both of them, they used the skills, but now the old and the scorpion kings broke through to the tricycle, and it was very easy to clean up.

In an instant, the old tree and the skeleton of the skeleton were quickly smashed. Then, the two corpses of the two rounds were once again killed, and one of them was burned and burned.

"Hey, the host's killing value is improved!"

"Hey, the host's killing value is improved!"

When the two systems prompted the sound, Ye Xuan's mouth could not help but rise slightly. This time, for him, it is indeed a welfare!

made money!

"Smelly scorpion, you will be able to rush to me, even the city of your own camp, you are also slaughtered, my heart is really embarrassing."

Ye Xuan suddenly shouted pretendingly.

"Okay, just come to you!"

Qi Xuanyue did not want to drop a deed of his own city, so he directly controlled those resurrected bodies and rushed toward Ye Xuan and others.

"Haha, come well!"

Ye Xuan laughed a few times and killed him directly.

Although the duration of the killing feast is about to pass, he is now a reincarnation, and the resurrection is not his enemy.

However, this will to death is extremely powerful. If they do not burn people to ashes like the old trees, they will continue to reorganize.

After Ye Xuan only killed once, the second time there was no increase in the value of killing.

Fortunately, Ye Xuan also has unicorn infuriating, but it has a damage increase for the dead creatures. As long as it is contaminated, it can almost burn them to ashes.

In the air, a huge flame rain broke out directly, and all the corpses that rushed up were burned to death by Ye Xuan and the tree.

The Skull King and Megatron did not have a fire attack, but Megatron turned directly into a sledgehammer, which can be used to smash the walking dead into a meat sauce, so that they can't recover.

"Hey, the host's killing value is improved!"

"Hey, the host's killing value is improved!"

"Hey, the host's killing value is improved!"

The sounds of Ye Xuan's mind are one by one, like opening a plug-in. Not only is the killing value rising, but the soul pool of the elegy of the skeleton of the skeleton is also growing.

Eleven percent... twelve percent... thirteen percent...

In just one minute, Ye Xuan was killing thousands of war corpses, and the increase in the value of killing and the elegy of the soul skyrocketed.

Seeing that so many war corpses are not a threat to Ye Xuan, Qi Xuanyue flashed a glimmer of light, directly condensing the death will to form a self-destructive.

A horrible energy swept through and awakened the more distant bodies.

Qi Xuanyue's illusion and the eye of death disappeared, and the deity must have been here.

As for the brawny, it has not left yet.

"ribbons, go and marry him!"

Ye Xuan said to the king of the bones.

The king of the bones heard the words, and the ghosts and scorpions flashed twice, then quickly turned around and rushed toward the strong man.

"Humph!"

The brawny snorted and clenched the big bone knife in his hand and greeted him.

What about the skeleton king?

He is the general of the death abyss lord, the strength to catch up with the other two major hegemonies in the battlefield of the dead, what will it be?

However, he underestimated the strength of the skeleton king.

After all, the skeleton of the sacrum is a rare and exotic animal. When the peak of the dead Xuanjing is at the peak of the nine times, it has been smashed through several rounds. Now it is the triple turn of the wheel, and it is also invincible in the dead.

This strong man is also super strong, and when the king of the skull is swept, it is cut.

The king of the bones was immediately taken up by the great sword.

Two super strong forces are applied to the two weapons.

"Hey!"

In a crisp sound, the white bone knife that was not forged by any material was directly shaken by the great sword.

"what?"

The brawny was shocked. His white bone knife followed him for thousands of years. It was made from the keel of the heavenly dragon of the heavenly beast. In the past battle, almost no one can stay on this keel. The next trace, but now a sword has been cut off.

This is not the point. The point is that he obviously feels that the power of the skeleton king is stronger than him and is much stronger.

"call out!"

The flexibility of the strong man is not bad. After the big bone knife was cut off, he quickly avoided the big sword, and the whistling wind rang in his ear, making his face dignified.

Now, he has no weapons, how to fight the king of the skeleton?

Chapter 1517: Maximum kill value

"go!"

The brawny took the initiative and turned around and left.

At this time, the great sword in the hands of the King of the Skull was suddenly enlarged, and turned into a large and long sledgehammer.

When the brawny was shocked, the skeleton king was a hammer.

"Hey!"

The sledgehammer easily broke the white bone armor that the strong man condensed, and the front was squatting on the strong man. This blow, he got his nose and nose spurting blood, the sternum was broken, and his heart almost stopped.

"Don't die..."

The strong man swallowed his mouth, as if he saw the black light of despair. After seeing the king of the bones pluck again, the whole person gave up the resistance and let the great sword cut his head.

dead!

"Hey, the host's killing value is improved!"

In the distance, Ye Xuan got a lot of killing value, and the increase of the soul elegy has also improved a lot.

This strong man is the strongest under the lord of the death abyss, and his strength is comparable to the two overlords of the other two camps.

However, this strength is not enough to play in front of the king of the bones. After all, the king of the bones at this time, but the use of the invincible soul, has to be taken down, the full attribute has increased more than three times.

After seeing the fall of this strong man, Ye Xuan couldn't help but reveal a smile. When the incident passed, he would directly kill the abyss of death and find Qi Xuanyue to avenge.

But before that, he may still be able to reach the upper limit of the killing value again. If he redeems once again, he will have five points to swallow.

At four more points, you can combine the two battles, and by then, his strength will skyrocket.

At this moment, it has been two minutes since the resurrection of the deceased.

In these two minutes, Ye Xuan and others madly killed, and it's more than 10,000 to die under their hands. Moreover, there are still a steady stream of dead or broken limbs broken out of the ground.

As for the people in this city, they almost ran away, and all flew into the sky.

Fortunately, Qi Xuanyue's will to death only ordered attack on Ye Xuan and others, otherwise the entire city would be in chaos.

However, in the third minute, there were finally some powerful corpses.

The three rounds of the turn!

After feeling these breaths, Ye Xuan's entire blood burned.

There are five rounds of three rounds, cool!

At this time, his killing feast has long passed, but with the reincarnation of a realm of realm and unicorn, he can easily kill the three-wheeled war dead.

If the average person consumes the infuriating gas, I am afraid that it has already bottomed out, but Ye Xuan has the blood of the undead, and the infuriating is almost limitless.

Qi Xuanyue is a big deal!

However, if Qi Xuanyue stayed here, it would be of no use, because Ye Xuan was only dead at the level of the day, she could also be shocked across the air, but now Ye Xuan has broken through to the environment, although she is not close, she is not shocking. Live in Ye Xuan.

At this time, Qi Xuanyue has already left the abyss of death and swept toward the city.

Unfortunately, her speed is not fast, and it will take at least half a day to catch up.

For a long time, I am afraid that people have gone to the sky!

.....

"Hey, the host's killing value is improved!"

"Hey, the host's killing value is improved!"

"Hey, the host's killing value is improved!"

All the system sounds and sounds continued, and the five warriors of the three-wheeled environment have all been solved.

At this time, the increase in the elegy of the Skull King has increased to 15%.

In the fourth minute, suddenly a huge earthquake, caused the attention of Ye Xuan, followed by an unprecedented atmosphere of spread.

The turn of the wheel is four!

And, still three!

"This is cool..."

Ye Xuan couldn't help but lick his lips. This dead battlefield was only established in recent decades. Before that, there were naturally masters.

However, these three revolving rounds are not enough to make Ye Xuan fear.

"The tree is old, the ribs, we are one!"

Ye Xuan said to the two.

As for those with low realms, they are handed over to the fall.

The four-wheeled environment is a higher level than the old one, but this is only a four-wheeled warfare.

Not to mention the corpse, even if it is a four-wheeled warrior, the tree is not afraid.

At that time, Ye Xuan and the three were fighting with the three warriors.

These corpses have low IQs, only killing nature, and they don't know how to avoid attacks.

The tree is directly a remnant of the flames, and the chest of a war corpse is pierced in a punch, and the blazing flame suddenly spreads.

"too weak....."

The old tree shook his head and thought that he had found a fighting power that could fight the battle. I didn't expect it to be so bad.

On the other side, Ye Xuan, who has the unicorn innocence, also hurts, killing a battle corpse in the blink of an eye.

As for the sacral king, it is even more ferocious, and the opponent will be smashed into meat residue, which can no longer be combined.

"Hey, the host's killing value is improved!"

"Hey, the host's killing value is improved!"

"Hey, the host's killing value is improved!"

Ye Xuan's killing value has skyrocketed, and at the same time, the increase in the soul's elegy has directly increased.

At this time, Ye Xuan, I really hope that this level of warfare will come a little more, even if he throws up one hundred, he is not afraid.

In the sky, the group of people has been shocked to say nothing.

They estimate that Ye Xuan has already killed tens of thousands of war corpses. Ordinary people, how can there be so much infuriating?

If Ye Xuan is still only a deadweight, I am afraid that the value of killing has reached the upper limit, but this time there is no, because the maximum value of the killing value will increase with the number of exchanges and the realm, so Ye Xuan is still worse.

The four-wheeled war corpse has appeared, and then, the next round is the five-wheeled.

Because of the high realm, the will of death wants to wake up and takes some time. In the fifth minute, a five-wheeled warfare was finally unearthed.

"No interest, the tree is old to solve!"

Ye Xuan said very calmly.

"Get it!"

The tree should be old, and the continuous flames passed, and the five-year-old war dead.

If it is a five-wheeled warrior, the old tree will be jealous of three points, but it is only a walking dead, not afraid.

But the realm is there, it takes five seconds for the tree to solve it.

"Hey, the host's killing value is improved!"

Ye Xuan's killing value has once again skyrocketed, but this time, there are other prompts.

"Hey, the host's killing value reaches the upper limit, is it converted into a little swallowing point?"

"Yes!"

The killing value finally reached the upper limit. At the moment, Ye Xuan directly chose to agree.

"Oh, the kill value is cleared, the host gets a little swallow!"

Another system prompts to sound.

Now, Ye Xuan has a five-point swallowing point, which is the most in his history.

Chapter 1518: Qi Xuanyue Deity

"Now, if I recycle some of the skills, it is enough to fuse the two battles..."

Ye Xuan killed while thinking.

The single soul of the elegy this skill, it is worth three points to swallow, but Ye Xuan is not willing to recycle, because this skill is a magical skill, superimposed to the back, even five times, ten times, but this can make the bones of the king The magic of several levels of challenge.

Although the two battles are fused, the blood of the sacred battles after the fusion must be very powerful. However, he does not seem to need to do this at present, because the skills are still useful, and he is not in a hurry now, so he slowly swallows points.

Soon, it took another five minutes.

Five minutes later, the will to die was finally completely consumed. At this time, there were already tens of thousands of walking deads killed by Ye Xuan and others.

The increase in the elegy of the sacred king's soul has directly increased to 20%.

You must know that before the emergence of Qi Xuanyue, the increase of the soul of the elegy is only 10%, and the double the life is simply welfare.

If you let Qi Xuanyue know, you will be mad.

Not only did not hurt Ye Xuan, but also sent a few benefits to Ye Xuan, renamed Lei Feng.

Ye Xuan looked at the scene underneath, and he couldn't help but swallow the mouth. The hill underneath was hammered by the skeleton king.

"Is it finally gone..."

Ye Xuan breathed a sigh of relief.

The killing of ten minutes in a row made him a little asthmatic. You must know that the blood of the undead can not only restore the infuriating and injury, but also restore strength.

Maybe this is the pressure from my heart.

It took ten minutes to fight in a battle, which is very rare for his current state.

"Shuang, playing too cool, I really hope to come again." Tree old could not help but say.

"Don't worry, maybe there is still."

Ye Xuan smiled lightly.

This time, it is only Qi Xuanyue's death will come to the body, if not the death will be exhausted, I am afraid there will be war dead.

Next time, it is estimated that it is a direct battle with Qi Xuanyue's deity. At that time, Ye Xuan let this Qi Xuanyue come again, maybe it is a little swallowing point.

"Hey!"

The skeleton of the skeleton suddenly snarled.

"The Qi Xuanyue should be on the way, we will also go!"

Ye Xuan said, plundering directly toward the north.

The north is the abyss of death, so Ye Xuan wants to intercept Qi Xuanyue in the middle of the road.

After all, the bodies near the land were bombarded. Even if Qi Xuanyue's death will come again, I am afraid that there will be no effect.

Qi Xuanyue has come out of the abyss of death, and Ye Xuan is just rushing toward the abyss of death, and they are very likely to run into it.

Sure enough, after Ye Xuan rushed for a long time, it really hit.

"I didn't expect you to take the initiative to meet. Today, I see where you are going to run!" Qi Xuanyue looked at Ye Xuan three people, cold and cold.

"The resentment between us is also a time to understand."

Ye Xuan said a cloud-like light wind.

Qi Xuanyue had seen Ye Xuan a long time ago. At that time, she happened to go to the Penglai Holy Land. She accidentally encountered a will to death and then collected the will to death.

The kid that day will naturally not be put in her eyes, so she does not recognize Ye Xuan at all.

However, Ye Xuan recognized her.

In addition, Qi Xuanyue had erased Song Qingxing and others some time ago, adding Ye Xuan's hatred to her, so after today, only one person can survive.

That person is Ye Xuan!

The death will only be Qi Xuanyue.

"Not much nonsense, die!"

Qi Xuanyue is still on the head, and the light flashes, and the top of his head condenses an eye of death.

The eyes of death across the sky will change with the size of the distance, but now the deity of Qi Xuanyue is here, and the power of this eye of death is the peak state.

As soon as this eye of death appeared, there was a breath of death spreading. Then, Ye Xuan's body began to decay and then turned into nothingness.

"Your death will be useless to me that day, do you think it will work today?"

After Ye Xuan finished, there was a unicorn in the body, and his whole body was protected. The next moment, the death will of Qi Xuanyue had no effect on him.

"You really have some ability, so if you do, then I will kill you!"

When Qi Xuanyue saw that the eye of death had no effect, he directly sacrificed a white long sword and turned it into a white light to scatter Ye Xuan.

This speed is far more than the three strong players in the turn of the wheel, and even the four rounds of the wheel can not match her, comparable to the five-wheeled.

"This Qi Xuan month has lived for so many years, absorbed countless death wills and then condensed, but has been suppressed in the tricycle of the three rounds of rotation, so I am very strong in my own cultivation, I am afraid that at least two realms can be fought..."

Ye Xuan thought about it, and gave orders to the three generals.

kill!

It's only half a day since the battle of the squad, the sacred king's grip, the invincible soul, and Ye Xuan's killing feast are not available. However, Ye Xuan has the determination to kill Qi Xuanyue.

"Old devil, I am too lazy to talk nonsense with you, pick up!"

Ye Xuan's light flashed, marking a death killing order directly on Qi Xuanyue, and then his attack, this Qi Xuanyue has a damage increase.

The following Ye Xuan's work is a shocking card.

"Kirin down!"

Previously, due to the card realm, the cooling of the Kirin and the broken rock could not be restored. After the killing value reached the upper limit, Ye Xuan swallowed up all the treasures stored in the sky, not only directly breaking into the revolving environment, two The big card was also restored.

The strength of Qi Xuanyue is not the same, Ye Xuan does not want to entangle with her, first kill and then say.

However, this Qi Xuanyue really did not solve so well.

"what?"

Just when Qi Xuanyue was about to come into contact with the old tree and the bones of the skeleton, a flame hoof condensed on the top of her head shocked her. She looked up and looked at the flame hoof that quickly stepped on, directly showing the secret. The magical powers.

Death Passover!

"Hey!"

The blazing flame ignited, and the flame hoof stepped on the ground, but did not hurt Qi Xuanyue.

Since Ye Xuan merged with the blood of the fairy unicorn, the unicorn has never lost, and Ye Xuan has not been disappointed.

But this time, the first hit actually fell through!

"That is....."

Ye Xuan, who kept his eye on the eye, found that Qi Xuanyue suddenly disappeared when he was in a thousand, and then appeared from the eye of death.

Sure enough, some can bear!

Qi Xuanyue can't help but feel a cold, only if she is not in a hurry, she will be seriously injured.

Chapter 1519: Infinite rebirth

This death bridge is to be used in conjunction with the eye of death, and she has only recently realized that she can only use it at close range. Otherwise, she can break open the void half a day ago, and it is not the death will. Her deity is coming.

However, this is not over yet.

"Don't worry, there is a blow!"

Ye Xuan quickly recovered, and once again condensed a flame hoof, just on the head of the eye of death.

This time, Qi Xuanyue was prepared, and immediately left after feeling the breath.

"Hey!"

The flame hooves fell, and the eyes of death were destroyed by the death. The death will after the collapse of the eye of death was directly burned by the unicorns, and there was no left.

Qi Xuanyue once again escaped a catastrophe, but Yu Wei's Yu Wei's death was hurting him. Qilin's instinct directly broke her defense. The whole back's clothes and flesh and blood were burned and burned, but in the spirit of life. Under the rapid recovery, Qi Xuanyue is unscathed.

"What is the truth of this kid? The damage to me is beyond imagination..."

Qi Xuanyue looked awkward. From the beginning, she felt that Ye Xuan's infuriating voice was very weird. Now it seems that it is. But she didn't have time to think so much, because the old tree and the skeleton king had already killed.

"If I can't get it, then I will kill you!"

Looking at the sacred king who has broken through to the tricycle of the reincarnation, Qi Xuanyue's smashing shots of two murders, all of which were caused by the sacral king.

Ye Xuan in the distance saw the old tree and the bones of the king and the Qi Xuan month battle together, and the heart could not help but say: "This girl's realm is a triple turn, but the real combat power may have reached the five-fold situation. No wonder you can dominate the dead battlefield..."

The five-wheeled environment is five times higher than him. From his current strength, he is still unable to be an enemy.

Therefore, this war, he does not, just hide it.

"Night Sky!"

At the moment, he uses this trick directly and then breaks into the darkness. With the increase in assassination, his movement speed and combat effectiveness have been improved, and then he is hidden in the distance, using the insight of the eye.

On the other side, the same tree, the old man, the skeleton king and the Megatron, are fighting with Qi Xuanyue.

This Qi Xuanyue's attack is very fierce, it is possible to kill the same level opponents, but the old three of the trees have blood and blood, Qi Xuanyue can not destroy them.

"What about the kid?"

Qi Xuanyue suddenly found something wrong.

Ye Xuan, gone!

However, Ye Xuan, who has a strong turn, is still not in her eyes, even if the sneak attack is not very useful.

However, at this time, Ye Xuan did not intend to attack her. Ye Xuan's plan was to let the three old and the skeleton kings consume each other.

Although they are all at the same level, the strength of Qi Xuanyue is indeed terrible. If the three old trees are not dead, they may have fallen more than a dozen times.

In these dozens of rounds, Qi Xuanyue did not use other cards, but was exhausting the infuriating. She was looking for opportunities and solved all the people with one blow.

"The tree is old, you are careful, she has a condensed eye of death, in the sky..." Ye Xuan reminded.

This eye of death is hidden deep and the atmosphere is weak, so the old three trees in the battle are not found.

However, Ye Xuan is their backing, what are they afraid of?

Qi Xuanyue resisted the attack of the old tree and the sacral king while concentrating the will of death. After a few seconds, her mouth could not help but tilt slightly.

The time is right!

"Death gaze!"

Qi Xuanyue's glory is shining, and at the same time, the eye of death in the sky also exudes a powerful death.

Two strange energies, shrouded in the old tree and the bones of the bones, when they reacted, the body was already decaying half.

"Hey, be right with me, this is your end!"

Qi Xuanyue was full of confidence and was groaning in his heart.

It is a pity that she has always wanted to surrender the king of the bones, but there is no way, so she can only kill the king of the bones.

In the blink of an eye, the old tree and the sacral king are turned into fly ash. Not only that, but even the big sword is the same.

Fight, the end is over!

Qi Xuanyue looked at the two disappeared, but after a pause, he was ready to find Ye Xuan.

However, just as she looked around, suddenly two breaths emerged out of thin air, scaring her.

"Hey, the spirit of the ash is dead!"

"Hey, the skeleton king died!"

"Hey, Megatron died!"

"Hey, the spirit of the Ashes is resurrected!"

"Hey, the king of the bones is resurrected!"

"Hey, Megatron is resurrected!"

In an instant, the three were once again smashed, and Qi Xuanyue was caught off guard.

Seeing that the old three of the tree were intact, they were not far away. Qi Xuanyue was shocked and exclaimed: "How is it possible?"

The eye of death is her trick, even if it is a strong five-wheeler, I am afraid I can't resist this blow.

However, the two old runners, the old tree and the sacral king, are threefold. How can they be unscathed?

"Hahaha, do you think that kind of trick can kill us?"

The old arrogant sound of the tree sounded, and then directly flashed in front of Qi Xuanyue to launch an attack. Then, the king of the skull, armed with the great sword, was killed.

"In this case, then I will kill you again!"

Qi Xuanyue does not believe in evil, and once again consumes a lot of will to death, using the cards.

Death gaze!

Another two deaths shrouded the old tree and the bones of the king. In the blink of an eye, Ye Xuan heard a series of system prompts.

"Hey, the spirit of the ash is dead!"

"Hey, the skeleton king died!"

"Hey, Megatron died!"

"Hey, the spirit of the Ashes is resurrected!"

"Hey, the king of the bones is resurrected!"

"Hey, Megatron is resurrected!"

The old three trees are the same as the hanging ones, and they are once again smashed out.

"Smelly girls, no matter how many times you come, we can't die."

The old tree can't help but yell.

Death is a luxury for him. Since he was made into a magic weapon by Ye Xuan, he is not dead.

It's really good to fight with an undead body.

"Impossible, you can't live still!"

Qi Xuanyue's eyes widened and he could not believe it.

How could someone who was killed and stalked twice by death?

It's hard to be done, is this an illusion?

This is impossible!

"I don't believe you can't kill you!"

Qi Xuanyue once again showed his death gaze.

"Hey, the spirit of the Ashes is resurrected!"

"Hey, the king of the bones is resurrected!"

"Hey, Megatron is resurrected!"

Several system prompts sounded in Ye Xuan's mind, and then the old three trees were resurrected and killed.

"Oh, if I fight this way, her spirit may be broken first..."

Ye Xuan, hiding in the dark, couldn't help but laugh.

Chapter 1520: Retreat

Imagine if he and the immortal people fight, killing each other again and again, but the other party is resurrected again and again, over time, the whole person will be numb, thus revealing flaws.

This Qi Xuanyue is too fast, the skeleton king can not lock her figure, has been waiting for the opportunity to use the broken sky flow rock.

At this time, if you have the grip of the Hades and the Yanyang cable, how good!

Unfortunately, at the time, Ye Xuan did not know that Qi Xuanyue would come, so he used the old tree and the skeleton. Otherwise, he will let the old tree and the skeleton king stay in the skill and clean up Qi Xuanyue.

After killing the tree three times, Qi Xuanyue did not dare to use death to stare again.

The death will is too much to consume using death gaze, but three times it consumes the will to die that she has absorbed in the past millennium. The most important thing is that it has no effect and is wasted.

Therefore, she is thinking about countermeasures at this time.

At this time, Qi Xuanyue's mind suddenly flashed.

"Right, after the death of the old man and the skeleton king, he will never come back from time to time. It is hard to be..."

Qi Xuanyue thought of this.

She estimated that the resurrection of the old and the sacral kings must be related to the disappeared Ye Xuan.

At the moment, she is moving fast, and looking around, ready to find Ye Xuan.

"I found it, it's too naive."

Ye Xuan's mouth, hidden in the dark, tilted slightly and launched an attack directly against Qi Xuanyue.

"Got you!"

Qi Xuanyue caught the breath and quickly smashed the past toward Ye Xuan. At this time, Ye Xuan suddenly broke open the void and came to the other end.

As early as Qi Xuanyue and the old tree and the skeleton king fight, Ye Xuan set up several void positions here, Qi Xuanyue could not find him.

"Damn, give it to me!"

Qi Xuanyue roared and reunited the will to death.

This time, she is not trying to use death gaze, but to resurrect the dead.

The earth began to tremble, and countless corpses and broken limbs broke through the ground and then combined.

"Innocent mothers, thought that this would catch me?"

Ye Xuan still reveals a sarcasm and shot the war dead.

The reason why he used the war of attrition and Qi Xuanyue was to insure, and the second was to give Qi Xuanyue pressure.

Qi Xuan Yue killed the old tree and the bones of the king, and could not find him. The fire in his heart must be very big. At that time, chances are that the dead will be revived to block Ye Xuan.

At that time, Ye Xuan may have reached the upper limit of the killing value. He has not tried to reach twice in the same realm.

Before he even killed for ten minutes, he slaughtered tens of thousands of war corpses. This time the old man and the skeleton king had to drag Qi Xuanyue, so he only had one person to do it.

However, even if it is to kill three days and three nights alone, Ye Xuan feels the value.

What's more, Qi Xuanyue may be under the siege of the old tree and the skeleton of the bones for three days?

After all, Qi Xuanyue can not have no blood of death, even if there is a lot of death willingness, but the infuriating, the mysterious gas, the dead and mysterious gas can not be used.

"Damn, what should I do?"

Qi Xuanyue screamed in his heart, and he couldn't think of a way to solve this battle.

The strongest person in the deadly battlefield, even unable to find a big boy who turns round, is really a shame!

Fortunately, no one else is watching the battle, so no one knows her lost face.

"Miscellaneous things, when I see you next time, I will definitely send you on the road!"

After Qi Xuanyue screamed, he turned away directly, and the speed of the escape was astonishingly fast. Even the old and the skeleton kings could not catch up.

The most powerful person in the dead battlefield, the name is well-deserved!

"Haha, I was beaten."

The old tree couldn't help but laughed loudly. Not waiting for Qi Xuanyue to run away, he hurriedly shouted: "Qi Xuanyue, don't you want to know the whereabouts of your brother?"

In this sentence, Qi Xuanyue, who escaped, stepped forward and said, "What are you talking about?"

brother?

Someone knows that she has a brother?

how is this possible?

Before her brother Qi Tianrui was built in the tomb of Xuan Yue, she had already reincarnation, but her whereabouts are still unknown, and she does not know whether she is still awakened or dead.

This matter, even her confidant, that is, the brawny man with a big bone knife does not know, she just let the brawny go looking for someone.

The brawny did not know that he was looking for Qi Xuanyue's brother. After all, he did not even know the name of Qi Xuanyue. He only knew that Qi Xuanyue was the lord of the death abyss and the strongest of the dead battlefields.

"Haha, you must be thinking, how can I know this secret?" The tree laughed loudly.

"who are you?"

Qi Xuanyue asked subconsciously.

At this point, she is guessing in her heart, since the tree old knows this secret, is it to know her brother?

The tree did not answer this question and continued: "I don't matter who is important. What is important is that your brother Qi Tianrui is dead!"

died?

When these two words fell into the ears of Qi Xuanyue, her body trembled.

She only had some doubts about the authenticity of the old words of the tree. After she heard the name Qi Tianrui, she believed most of it.

"How did he die?"

Qi Xuanyue was angry in the eyes, suddenly felt an unpredictable foreboding.

"Nature is killed by me, and I tell you that he died in the burial chamber of the Xuanyue you built. On the day you came, he was killed by me before the reclamation. The body has been burned by me. Exhausted."

The old tree directly tells the truth.

Xuanyue Tomb!

This fact makes Qi Xuanyue unacceptable.

She looked for Qi Tianrui for thousands of years, and she appeared in the tomb of Xuanyue, and she did not know that day.

on purpose!

The old tree must be intentional!

"I will kill you!"

Qi Xuanyue was furious and suddenly turned around and killed the old man.

"Good to come!"

When the tree saw that he had succeeded in angering Qi Xuanyue, he immediately joined forces with the skeleton king.

At that time, Qi Xuanyue once again played against the two men. This time she was irritated by the success, so her mood was somewhat unstable, which was also in the middle of Ye Xuan's heart.

However, Qi Xuanyue is also a generation of strong, and soon recovered calm.

People can't resurrect, and now she can't help the old and the bones. It's just a waste of time.

"I will definitely find a way to kill you!"

In the end, Qi Xuanyue decided to leave, and with speed, it disappeared directly into the sky.

Looking at the back of her departure, the old tree couldn't help but say in her mind: "Young master, what do we do now?"

"She should go back to the abyss of death, chase it, and kill her when the skills are restored!"

Ye Xuan's figure emerged from the darkness and then chased the sky.
