

Super D. S 1521

Chapter 1521: Death abyss

Qi Xuanyue has a death killing order, so Ye Xuan will not lose her whereabouts. As long as the skills are restored, then the grasp of Qi Xuanyue will be great.

As Ye Xuan expected, Qi Xuanyue is going back to the abyss of death, and all the masters will be transferred. It is necessary to find Ye Xuan.

The death abyss is the most dangerous place in the dead battlefield, no one, and this is not the reason why Qi Xuanyue lived here.

In the abyss of death, there are some dead creatures, such as walking corpses, cockroaches, etc., all living creatures entering the abyss of death will automatically resurrect after death.

At the same time, the inside is still full of dead spirits. If there is no means, if you stay in the house for a long time, even if you are a strong player, there is a possibility of degeneration.

However, this is an excellent place for cultivation for Qi Xuanyue, who has the eye of death.

Here, she can continue to condense the will of death and become stronger. If there is no master coming, her position as the first master of this dead battlefield is stable.

In the previous battle, Qi Xuanyue consumed a lot of death will, so she had to make up this time. As for how to supplement, it is to absorb those dead creatures.

However, shortly after she returned, Ye Xuan and others also rushed to.

"This is really a good place. If you kill it all the way, the value of killing will definitely improve a lot..."

Ye Xuan's eyes lit up.

The abyss of death seems to be desolate, and the air is filled with white mist, but once someone enters, there will be dead bodies and white bones crawling out of the ground to attack people passing by.

These dead bodies and white bones are the martial artists who did not want to enter the abyss of death. After the death of the average person, only the skeleton is left in the body, and then the sacred spirits are rendered all the year round. The strength of these cockroaches is not weak.

Some powerful people die slowly after the death of the body, that is, those walking dead, these bodies are generally weaker than the white bones, but in the end they are all turned into white bones.

At this time, Ye Xuan discovered nearly ten cockroaches, and the realm was not low, and three of them reached the level of revolving.

"Spare ribs, before you become a skeleton king, is it a bone?" Ye Xuan could not help but ask.

After hearing the sacral king, he nodded slightly, but he did not fully agree with this sentence.

"It turns out that you were a monkey when you were alive. After death, you turned into a white bone. You stayed near a strange ore all year round, so the difference became a skeleton king..."

Ye Xuan suddenly understood.

The sacral king was a sacred beast before his death, and it was because of this that he was able to surrender to the sacral king.

"No one said before, as long as you get the white bones of gold jade, can the king of the bones change again and become the ghosts of the emperor?" The old tree could not help but say.

Ye Xuan knew the old meaning of the tree and nodded and said: "Well, this white bone gold jade is not the material for forging the eighth-order heaven, and it is not the general eighth-order device, it is very rare, this death abyss is estimated No."

Hearing this, the skeleton king is a little discouraged, after all, who does not want to become stronger?

If he is allowed to change again and become a ghost, the strength will definitely have a qualitative leap.

Ye Xuan patted the rocky shoulder of the sacral king, saying: "Don't worry, I will find you a piece later, now I will help you to report it!"

At the time of the Penglai Holy Land, Ye Xuan was almost killed by Qi Xuanyue's eyes of death. This is a feud!

In the Xuanyue tomb, Song Qingxing and others were killed by Qi Xuanyue, this is the second enemy!

Qi Xuanyue suppressed the king of the skull for thousands of years, this is three hatred!

These three hatreds have made Ye Xuan have the determination to kill Qi Xuanyue.

At the moment, he is entering the abyss of death with the old tree and the skeleton of the skeleton.

They just entered, the dead bodies and white bones were discovered, and then broke out.

"The fish also dare to block our way, find death!"

When the old man said nothing, he flashed out and burned the dead creatures one by one. The king of the bones also hammered one by one, and the dead creatures that blocked the road were smashed into meat sauce or a pile of bone powder.

There are two of them, Ye Xuan almost does not need to do it.

In the depths of the death abyss, there is a scarlet killing word floating, that is the goal of Ye Xuan - Qi Xuanyue.

"The Qi Xuan month did not move, it is estimated that it is still recovering, it must be resolved as soon as possible, can not let her recover." Ye Xuan thought.

At this moment, the time has passed since the last battle in the city, so the skills of the Hades, the invincible soul have been restored. This time, Ye Xuan is going to kill Qi Xuanyue to report the enmity.

They quickly went deeper, and the dead creatures along the way could not stop them.

However, in addition to these dead creatures, there are many Qi Xuanyue's men in this death abyss.

These people, respectively, guarded the road of a dead abyss. At this time, Ye Xuan stepped into the first level and was a three-wheeled warrior.

However, the strong man holding the bone knife on that day died under the sacral king, this person is naturally not the opponent of the skeleton, and was instantly spiked. And his Qiang Kun ring naturally fell into the hands of Ye Xuan.

"Now the repair of the old bones of Kings and Megatron can no longer be improved. Once they are swallowed up, they will break through to the four-wheeled environment, beyond the upper limit of the dead battlefield, when they can't do it..."

Thinking of this, Ye Xuan is holding back, throwing things into the swallowing space. If there is such a rule in the dead battlefield, Ye Xuan will probably rise directly to the second round to kill Qi Xuanyue.

Qi Xuanyue is the strongest player in the dead battlefield. He has strong strength, but she has not many masters. Only a few of the three strong players are directly killed by the old and the bones.

Soon, Ye Xuan three people came to the depths of the death abyss.

Here, there is a gloomy white bone mountain, and Qi Xuanyue is inside.

"The cooling skills of several skills have been restored, see how you live today!"

Ye Xuan thought in his heart and sent the King of the Bone and Megatron directly.

Megatron immediately changed its shape and turned it into a large hammer of several kilometers, while the king of the skull was holding it, facing the mountain.

"Hey!"

This hammer, like a meteorite falling, instantly collapsed the entire mountain of bones.

However, Qi Xuanyue also knew that Ye Xuan had come, and naturally would not be hit by this hammer.

There are countless white bones in the Bone Mountain, which are crushed by this hammer. The bone powder spreads out and shrouds Ye Xuan.

"I didn't expect you to dare to catch the abyss of death. If so, then you will sleep forever."

Qi Xuanyue's voice sounded, and then she turned into a streamer, directly killing Ye Xuan.

Chapter 1522: The death of Qi Xuanyue

Even if there is no insight, Ye Xuan can capture Qi Xuanyue with the death killing order. At that time, he directly broke the void and flashed to the middle of the death abyss.

The old tree and the skeleton king are also directly attacking.

Ye Xuan feels that this Qi Xuanyue is waiting for him, he must be dependent, so he must be careful.

In the air, a dead eye came out, but before that, Ye Xuan had used the night sky, and his body shape had long been hidden. He could not find him in the eyes of death.

In the blink of an eye, the old tree and the skeleton king have already played against Qi Xuan.

This time, Qi Xuanyue did not want to drag on, directly consuming a huge will to death.

The eye of death suddenly turned and fell on a clearing.

Then, the abyss of the death abruptly trembled, and a canyon was broken.

"what's the situation?"

Ye Xuan is amazed.

Then, he felt a strong breath of breath, which was strong enough to make him feel guilty.

"The five rounds of the round? No, the six rounds!"

Ye Xuan was scared.

On that day in the city, Qi Xuanyue's death will resurrected a five-wheeled war dead, but it was quickly resolved. Now, there are actually six corps of warriors.

Most importantly, there is more than one.

"It's too abnormal. Is this in line with the rules of the dead battlefield?"

Ye Xuan can't believe it.

In the dead battlefield, it is not allowed to have strong players who have four or more rounds, but these are dead people, so the three managers default to the rules.

"Ha ha ha, the abyss of death has been constantly resurrecting the dead. It took me a lot of work to seal them to the ground. Today, I see how you can escape!"

Qi Xuanyue's incomparably confident voice echoed in the abyss of death, and also fell into the ears of Ye Xuan and others.

"cut."

Ye Xuan shook his head helplessly. It seems that Qi Xuanyue still does not know his means.

"The Eye of Void!"

At the moment, Ye Xuan broke through the void and went directly to the entrance to the death abyss.

Qi Xuanyue resurrected such a powerful corpse and scorpion, just to find Ye Xuanlai, she thought that Ye Xuan's means is similar to her death through the flyover, only a short distance move.

But I don't know, the distance of the eye of the void is much beyond her imagination.

As for the old tree and the skeleton king, they stayed in the abyss of death and continued to fight with the resurrected war dead and white bones.

"This stinky girl really doesn't know where to be confident. This kind of means also wants to catch the young master. It really laughs at me."

The old sarcasm of the tree fell into the ears of Qi Xuanyue.

Qi Xuanyue did not believe that he directly controlled those war corpses in the death abyss to find Ye Xuan's whereabouts, but after looking for a long time, there was no news.

Instead, many old warriors and bones were killed by the old and the bones of the tree.

"What about people?"

Qi Xuanyue was shocked.

She naturally didn't know that Ye Xuan looked outside the abyss of death. Although Ye Xuan's eyes could not see the inside, he could use the vision of the pet to share and give orders to the old and the bones.

However, under so many powerful combat sieges, the old and the bones of the king can not help but be bombarded once.

"Hey, the spirit of the Ashes is resurrected!"

"Hey, the king of the bones is resurrected!"

"Hey, Megatron is resurrected!"

Upon hearing this, Ye Xuan quickly broke through the void and let the old three of the trees get in.

This time, Qi Xuanyue understands his own means and can't deal with Ye Xuan and others.

"What should I do?"

Qi Xuanyue gritted his teeth, and the gas was about to blow up. The old tree killed her brother Qi Tianrui. How can this hate not be reported?

She is already a poor man, and even the six-wheeled corpse of the round is summoned. So much combat power is enough to sweep the entire dead battlefield, but it can't help Ye Xuan.

"Damn, he must be outside the abyss of death..."

Qi Xuanyue roared in his heart.

These corpses and bones can only be summoned in the abyss of death. Otherwise, she has already unified the battlefield.

However, this time, Qi Xuanyue is miscalculated.

But she is not the Ye Xuan, but another thing.

"Booming!"

Just as the old man and the skeleton of the skeleton were besieged, the earth of the death abyss suddenly violently trembled.

what happened?

Qi Xuanyue was shocked. She could not resurrect her death will now, and there should be nothing underneath. Why did it tremble fiercely?

Not only that, but Ye Xuan outside the abyss of the dead felt that the ground was shaking. With the vision of the old tree and the skeleton of the skeleton, he saw a huge figure rising from the rapidly cracking canyon.

Bone Dragon!

This is a bone dragon!

This bone dragon has a huge body shape, and the body length may have exceeded 10,000 meters. However, since there is only one skeleton left, I don't know what dragon it was before.

Mainly, what is this bone dragon?

Qi Xuanyue looked at this big and terrible bone dragon, and I don't know why there is a feeling of heart in my body.

This bone dragon, the realm may be more than the six-wheeled, or even the seven- or eight-fold.

Or, it's the turn of the wheel!

After the emergence of this bone dragon, some changes have taken place around the same. The original corpses and white bones were controlled by Qi Xuanyue, but now they are all out of control.

"What happened, I can't control it?"

Qi Xuanyue's eyes widened, and she, who had the will to die, could not control these dead bodies.

It's hard to be...

Qi Xuanyue suddenly thought of a point.

When she found the abyss of death, it was very strange here. Every living thing that died in the abyss of death will be resurrected and then smashed in the abyss of death.

This vision is hard to achieve because of this bone dragon?

Just as she was surprised, this huge bone dragon suddenly turned into a shape, and two pairs of ghosts came out in the pair of empty eyes. Then, it had a long tail with numerous spikes. Hey.

"Hey!"

Qi Xuanyue's body was drawn by the tail of the bone dragon, and the body suddenly burst open, and the heart exploded at this moment.

dead!

This scene, but the old tree and the bones of the king to see stupid, even Qi Xian Yue, they can not help but was spiked.

The heart is bursting, even if it is a mysterious gas can not recover!

However, Qi Xuanyue's head is still there.

"Hey, the revenge mission failed!"

A system prompt sounded in Ye Xuan's mind. In the meantime, Ye Xuan responded and hurriedly shouted: "The tree is old, go and take away the eyes of death, and the ribs attract the attention of this bone dragon. "

Qi Xuanyue is the target of his revenge mission, but now Qi Xuanyue died under the bone dragon, his task is not finished.

However, this is already a fact, and it is useless to be surprised.

Chapter 1523: Turning the wheel to the top of the nine peaks!

"Hey!"

After hearing the words of Ye Xuan, the king of the cheekbones immediately screamed and then plundered directly, and a sword smashed on the bone dragon.

This sword, although not breaking the defense of the bone dragon, has attracted the attention of the bone dragon.

"Calling!"

The tail of the bone dragon was smashed, and it was pumped on the body of the sacral king. The next moment, the whole king of the sacrum was also blown up. Fortunately, he had the blood of the undead phoenix in his body, and the upper body was not destroyed too much. restore.

Taking advantage of this opportunity, the old tree quickly flashed past and took Qi Xuanyue's eye of death. It is a pity that Qi Xuanyue's Qiankun Ring was blown up by the dragon tail, and everything went into the space crack.

Qi Xuanyue, as the strongest player in the dead battlefield, has once again suppressed the realm of the realm, and her wealth is probably unmatched.

Unfortunately, it was destroyed in the hands of this bone dragon!

The tree old quickly got the eye of death, but at this time, the bone dragon suddenly turned his head and looked at it, then the dragon claws explored.

Its goal is also the eye of death!

The speed of the dragon claws is very fast. It is almost in the blink of an eye that the tree is old. Before that, Ye Xuan has already opened the door of the void.

"I accept!"

Ye Xuan's light flashed. The next moment, the tree was received in the planting space, together with the two eyes of death.

"go!"

At the moment, he is quickly leaving.

"Hey!"

The door of the void was closed, and the bone dragon reacted at this time.

Qi Xuanyue was also miserable. Not only did he not succeed in revenge, but he also awakened the bone dragon that was sleeping under the abyss of death, and then was killed by a dragon tail.

The key point is that after her death, the eye of death also fell into the hands of Ye Xuan!

At this time, Ye Xuan has returned to the entrance of the death abyss. He looked at the huge bone dragon in front and couldn't help but hit a beggar.

He estimated that the realm of this bone dragon has reached the nine-fold situation.

He actually grabbed things under the eyes of the nine-fold fighting force, and he was really tired.

After all, he only turned around in a round!

Fortunately, the eye of death has already been obtained.

"The eye of death is extremely rare, I didn't expect it to be given to me."

Ye Xuan brows a pick, not to mention, is to swallow these two eyes of death.

"Hey, the host has swallowed a dead eye, and the strength of the dead is increased!"

"Hey, the host has swallowed a dead eye, and the strength of the dead is increased!"

"Hey, the host has swallowed a pair of eyes of death, and the fairy eye is advanced!"

Immortal, the first advanced route of the celestial bloodline of Xianmu, was advanced before Ye Xuan swallowed two Vientiane eyes, so Ye Xuan did not have much accident.

However, this is not over yet.

"Hey, the eye of death is shared with the skeleton king!"

"Hey, the bones of the bones understand the death gaze!"

"Hey, the host has opened the eyelids catalogue, and now it has been copied two kinds, the eyes of Vientiane and the eye of death."

Unexpectedly, this time I swallowed the eye of death and shared it with the king of the skeleton. Not only that, but the king of the bones also realized a skill.

Death gaze!

This trick was used before Qi Xuanyue, but the power is not bad.

Ye Xuan glanced at him. If he used this eye of death, he consumed the power.

The king of the bones uses the eyes of death and the gaze of death, which consumes the water of the soul in the pool of souls.

In addition, the army of the dead under the elegy skills of the soul disappeared, and the skill of death will be more, and the body that is lower than its own realm can be resurrected without consumption.

This skill, but Ye Xuan gave music to break.

Can you resurrect your body infinitely in the future?

This is too abnormal, right?

The former army of the dead consumes the water of the soul in the soul pool, but the current will to die is no consumption.

Of course, if you want to be resurrected higher than your own realm, you can consume the water of the soul, just like the army of the dead.

"It's so powerful, it's such a change."

Ye Xuanle is broken.

Then, he just gaze at the eyelid catalogue and find that the eyes of Vientiane and the eye of death are recorded.

This is the two kinds of eyelids he is currently swallowing. If you devour one more, then there will be special rewards.

Although I don't know what rewards will be, as long as it is a reward, Ye Xuan likes it.

This time, the skull king has undergone some minor changes, but Ye Xuan also has the eye of death.

At the moment, he can't wait to use it once.

Suddenly, on the top of his head there was an eye of death that was condensed by the power of infuriating and Vientiane and the power of death.

However, this death eye does not store the will to death, and Ye Xuan does not have any skills, can only be used to play.

But he forgot a bit, now, it is not the time to play.

"No, it was discovered by the bone dragon!"

Ye Xuan's eyes were swept away and he found that the bone dragon was turning his head and looking at him. The hollow eyes were so stunned.

"go!"

Although no matter what this bone dragon is, Ye Xuan is too lazy to manage so much, directly breaking the void, ready to leave this right and wrong.

But when Ye Xuan was preparing to cross the door of the void, he suddenly found a distant sky, and gathered a huge eye with familiar lines.

This time, it is the eye of Vientiane!

Then came the second Vientiane eye and the third Vientiane eye.

"Three eyes of Vientiane, three managers?"

Ye Xuan was shocked. For the first time, he saw three eyes of Vientiane coming across the sky.

It seems that these three managers are coming to clean up this bone dragon!

This bone dragon is suspected of turning around the wheel, not to mention the dead battlefield, even if the runner battlefield will be disrupted, it must be solved first, in order to avoid the aftermath.

Not waiting for Ye Xuan to react, these three Vientiane eyes launched an attack against this bone dragon.

Although the deity did not arrive, the strength of the three managers was very amazing. The three eyes of Vientiane did not have any movement, but there was an energy that was bombing the bone dragon.

"Is this the strength of the three managers? I am afraid I can destroy a city by just a single blow..."

Ye Xuan could not help but swallow.

Fortunately, such an attack is not a siege, but a bone dragon that poses a threat to this deadly battlefield.

The defense of this bone dragon is also very amazing. It was bombarded by three managers, but it was constantly oscillating. There was no crack on the keel.

It plunged into the eyes of a Vientiane, then smashed and smashed a dragon's tail.

"Hey!"

A Vientiane eye collapsed, but in the blink of an eye, it condensed again.

At this time, the three managers, like the agreement reached, attacked the bones of the bone dragon at the same time.

Chapter 1524: Baihu Villa

“Hey!” “Hey!” “Hey!”

Three energy attacks, attacked in three directions, stunned the bones of the bones.

After a few rounds, the bones of the bone dragon were cracked.

Surprisingly, this bone dragon is not stupid, but also knows how to escape.

However, there are three managers on the scene who are running away and where can they go?

These three managers are mainly wandering around the battlefield, and occasionally come to the dead battlefield, but the battlefield battlefield is a hundred times bigger than the dead battlefield, so the big ones can turn over, how can the bone dragon run? Lost?

Soon, under the violent bombing of the three managers, the bones of the bone dragon were blasted and then fell from the air and lingered in the abyss of death.

In fact, Ye Xuan now wants to rob the body of this bone dragon in the past. As long as he swallows this keel, he is afraid to jump several levels.

However, two of the three managers are not reincarnation fox camps. If he is in the past, what should he do if he is spiked?

After the bone dragon fell, the sky once again opened three eyes.

This time, it is the eye of reincarnation!

It seems that the three managers have notified the three giants.

Then, there are six figure formations.

"Although I don't know what this bone dragon was before, I guess it has been dead for at least 30,000 years." It is the reincarnation of the city owner.

"After death, it is still the peak of the turn of the wheel. So I am afraid that it will not be exterminated. I will die here. You two don't know?"

The reincarnation of the reincarnation turned around.

"If you know, this keel we have already divided up." The reincarnation replied.

"Then, how do we deal with this keel?"

This is an immortal keel. If he gets it, he may break through.

At this time, the reincarnation fox that had been silent suddenly looked at the reincarnation.

The two of them have been friends for thousands of years, and this round of returning people has appeared for decades, so they naturally cannot assign this body to the reincarnation.

"You, you have to..."

The reincarnation responded and was shocked.

The next moment, the reincarnation of the fox and the reincarnation of the city have already begun.

"Hey!"

The eye of reincarnation was bombarded, not only that, but the same was true of the Vientiane Eye of the Reincarnation camp.

After all, they have just emerged soon, and they have the weakest strength. I am afraid that they will not be able to overcome one person, let alone the two, and they will be directly defeated.

Just as the eyes of the reincarnation of the reincarnation and the eyes of Vientiane disappeared, the air broke open again.

This time, it was a different eye. Then, a young man came out of his eyes.

"I want the dragon tail part!"

The reincarnation said.

"No need to!"

The reincarnation fox shook his head and looked at the young man. Suddenly, the young man should do what he did.

The young man plunged directly onto the keel, and then poured out a piece of infuriating, directly cutting the hard keel into two halves.

Of course, it is impossible to use infuriating, and youth uses another method.

Tearing space!

Ye Xuan, who has broken the void and came to the battlefield, just saw this scene.

"This is...the eye of space?"

Ye Xuan's eyes widened.

This young man is a fox, and has the eye of the space in the rare eyes, which is the ability to make the gap in advance.

Only then, he used this ability to directly break through the air, and then use the power of space to divide the whole keel into two.

"Okay, then I will go first!"

The reincarnation of the city owner was satisfied with the nod, and when he finished, he let the eyes of Vientiane leave with half of the keel.

The reincarnation of the fox is much simpler. There is a young man with the eye of the space. They just need to directly receive the keel from the sacred ring and then go back to it.

However, the reincarnation fox is not ready to leave now.

After the incident here, the middle-aged man who has the eyes of the cross is also told the reincarnation fox, so the reincarnation fox knows the situation here.

She did not expect that there would be a keel that was still alive after the death.

"Your strength is really fast, and there is no place for you to stay in the dead battlefield. Come to Baihu Villa."

The reincarnation fox said to Ye Xuan.

"Okay, this is the younger generation!" Ye Xuan said.

"No, Zhuang Fei, bring him."

When the reincarnation fox finishes, it is dissipated between heaven and earth.

And the fox youth also received the keel in the ring, and then smiled to fall next to Ye Xuan, a hand, there is a cross-empty door appeared in front of Ye Xuan.

"This means..."

Ye Xuan has a strange feeling in his heart. After all, he also has a hollow eye, but this is not the ability to control the eye.

This is called the fox youth of Zhuang Fei who has the eye of space. The eye of this space is much better than the eye of the void.

"Young people, go in."

Zhuang Fei said to Ye Xuan.

"Yes, seniors!"

Ye Xuan nodded and then passed through the door of the air.

This Zhuangfei seems to be a youthful appearance, but the age estimate is not much smaller, and the strength is estimated to be at least eight-wheeled, or even nine-wheeled.

Anyway, it is much stronger than him!

At the time of Ye Xuan and the reincarnation of the reincarnation, the reincarnation of the reincarnation of the eyes of the reincarnation was tempered at his own residence.

"Damn, if I have the keel, I can break through to the end!"

The reincarnation gnawed his teeth and whispered: "The reincarnation of the fox, the reincarnation of the lord, you have crowded me twice, this hatred, I must report!"

When he finished, he took out a thumb-sized thing from the ring.

This little thing, it seems to be a purple spider, but has a pair of wings.

The reincarnation of the Regent has flashed a few times, throwing the purple spider into the sky and letting it go.

"Wait!"

.....

Ye Xuan in the abyss of death, after passing through the door of the empty space, came to a continuous mountain range. He just passed through and felt the huge heaven and earth.

Baihu Mountain Villa is built in this mountain range.

"Here is the Baihu Villa..."

Ye Xuan couldn't help but swallow the swallow, and directly put the fallen and other people out.

Although the strength of the old tree and the skeleton king is strong, it is not enough to look at this Baihu Villa.

"You come in!"

Zhuang Fei's voice suddenly sounded.

Ye Xuan and others turned around and found Zhuang Fei opened a door across the air and drilled in.

Ye Xuan and others rushed to keep up. The next moment, they appeared in front of a solemn hall.

Chapter 1525: Falling life

There are only three words on the main entrance of the main hall.

"Reincarnation!"

Then, Zhuang Fei said again: "The owner is inside, let's go in."

After that, he flew directly from here.

Ye Xuan estimates that this place should be the depths of Baihu Mountain Villa. After all, the Baihu Villa is here.

"Let's fall, let's open the door."

Ye Xuan said to the fall.

"Ok!"

Hearing the words, he nodded and nodded, then went forward and pushed the door of the reincarnation.

But her little hand has not touched the door, the door is open, Ye Xuan and others look around and find that there is only a white figure in the hall.

This is a nine-tailed fox with gray hair.

Not waiting for her to turn around, the blood falling in the body suddenly boiled up.

"My blood..."

Falling eyes widened.

The blood suddenly boils, the reason is not the other, but because of the gray nine-tailed fox in front of you.

This is, blood pulse induction!

Ye Xuan and others are also surprised.

Falling into the Silver Wing City of the Sun Yan Dynasty in the main continent of the blood rock continent, how can it be **** with this person?

At this time, Ye Xuan has also guessed that this gray nine-tailed fox is the owner of the Baihu Villa - the reincarnation fox.

"You are here."

The reincarnation of the fox turned around, her face Ye Xuan and others have already seen it, so everyone recognized it.

"I have seen seniors!"

Ye Xuan and others hurriedly hugged their fists and said hello.

"I think you have a lot of problems. Let's sit down first. I will tell you slowly."

The reincarnation fox sat on the first seat of the main hall.

Ye Xuan and others also sat down and waited quietly.

After the reincarnation of the fox, he looked at it and said, "I am Hu Xinger, the owner of Baihu Villa. What about you?"

"My name is Fall."

The answer directly answered.

"You must really want to open the inheritance memory completely?" Hu Xinger said to the fall.

"Ok."

Falling down and cleverly nodding, she is also guessing what kind of person is in her past life.

At this time, Hu Xinger suddenly shook his head: "I am sorry, I can't help you to open the memory of the inheritance."

Hearing this, it's awkward: "Why?"

Ye Xuan and others are also very puzzled, inheriting memories, why can't they help to open completely?

Is there any problem?

"The body is the blood of the sky, this blood is very special. Once the memory is completely turned on, it will completely activate the blood of the body in the body. You know, how many times has the fall been repeated?" Hu Xinger suddenly asked.

"How many times have you been reincarnation?"

This question, but I asked Ye Xuan and others.

Is it not only that the fall is repeated once?

"Is this the second time?"

Fall and try to guess.

"No, you have been reincarnation eight times, you are now the ninth." Hu Xinger shook his head. ,

As soon as this was said, Ye Xuan and others were surprised again.

Eight or eight times?

Falling, it has been repeated eight times, now is the ninth?

This is a bit too shocking.

Eight times of reincarnation, IX is a person, even if it is a strong player, I am afraid I can't do it.

After all, the first reincarnation is relatively simple, but the second is harder than the first, and so on.

The average person, at most three times of reincarnation, may fail in the fourth time, and then disappear between the heavens and the earth, let alone the eight reincarnations.

And the most important thing is that after the reincarnation, it is not immediately born, but will be between the heavens and the earth, and will not be born again until the time is right. This process may be one day, or ten days, one month, one year, or even several Ten years are possible.

"I, have you been reincarnation eight times?"

Fall can't believe it.

She was only seventeen years old, but she learned that she was already a ninth person. This is not acceptable to the average person.

"The blood in your body is so **** that you have to reincarnate before the age of eighteen, because when you are 18 years old, you will have a strong robbery." Hu Xinger nodded.

"The sky is tired of the blood, the day robbery?"

Falling down and listening to it.

However, Ye Xuan immediately responded: "No wonder it is called the blood of the sky, is it not allowed by God?"

"Yes, this blood is the most powerful one in my Baihu Villa. Even I am not as good as myself. And every time I reincarnate, she also keeps the blood of the gods, even if she is born on humans, then she will Autonomous change and then reactivate." Hu Xinger replied.

Listening to her saying this, it seems that this day robbery is extremely powerful, at least it is unbearable.

"That said, every time you fall, you have to bear the robbery of the day, then you are beaten and reincarnation?" Ye Xuan frowned.

"When she was in her first reincarnation, I was seriously injured once to save her, causing the card to be stuck in the reincarnation and unable to step into the indestructible. Later, I was before her 18 years old. That is, when the blood of Tianshuhu is completely turned on, it will be reincarnation, so that the robbery will not come."

Hu Xinger said, but also revealed a hint of helplessness, if not because of this, she has already broken through to the end.

"Zhuangzhu..."

When she fell to hear Hu Xinger for her, she actually fell into an inability to break through, and her eyes immediately wet.

Ye Xuan heard this, but also looked at the old tree.

Hu Xing'er is willing to keep the fall when he is seriously injured. It seems that the fall has a high status in her heart, maybe...

Not waiting for Ye Xuan to continue thinking about it, Hu Xinger said: "This is the most basic responsibility of being a mother."

really!

As soon as this was said, many doubts were solved.

Ye Xuan had guessed before that the fall may be the bloodline of Hu Xing's sputum, so there will be blood pulse induction.

Now it seems that this is the case!

Hu Xinger, the owner of Baihu Villa, turned out to be the birth mother.

Falling is also a shock, she also thought that she was a descendant of Hu Xinger, she did not expect to be a daughter.

"The memory of your previous VIII is not open, so you don't know it is normal." Hu Xinger said.

After falling in the pause, I couldn't help but cry out and directly plunged into Hu Xin's arms. He whispered: "Mother..."

Hu Xinger is the real mother who has fallen, and she is in danger of being robbed by the sky. It is also okay to be seriously injured.

However, how to solve the problem of the blood of the day?

Ye Xuan is also somewhat worried about falling. After all, it is already seventeen years old. It is only one year away from the age of eighteen. He knows that even if he does not fall with him, Hu Xinger will go to find the land and then reincarnate it.

Just, the ninth reincarnation, I am afraid it is not so easy!

"Predecessors, can you suppress the blood of this day, can you suppress?" Ye Xuan asked.

"I have thought about the way to suppress, but I have never succeeded. Her father left for the Baihu Villa to find the ancestors of the Fox family. After all, the foxes in our twilight holy land are almost all fox ancestors. Later generations. As an ancestor, there may be ways to suppress the blood of the sky, but the fallen father has not found it yet. Even he has no news of himself. I don't know if it is..." Hu Xinger sighed a few times.

"Then, is there only a round of reincarnation?"

Ye Xuan frowned.

"There is only less than a year left, I am afraid that this is the only way, but the cycle is harder than once. I have invited the reincarnation of the city a few times ago, and spent a lot of effort to succeed in the cycle after a hundred years between heaven and earth. This time, my grasp is estimated to be only 20%..."

Hu Xinger sighed again.

Two-fold grasp, that is, one-fifth chance of success, which is too small.

In the event of a failure, the fall will be the same as that of the robbers in the sky.

Chapter 1526: Heavenly robbery

"The younger generation has an independent space. If you let it fall, you don't know if you can escape this day..."

Ye Xuan suddenly said.

The independent space in his mouth is the planting space, and the fall is generally cultivated in his planting space.

"I guessed it, but I used to let Zhuang Fei open up a space, but the day is still coming, I can't gamble..."
Hu Xinger shook his head.

Zhuang Fei is the nine-tailed fox with the eye of space, but the space he opened up may not be the same as the system space of Ye Xuan.

However, Ye Xuan does not dare to gamble.

What if there is a catastrophe in the system space, is it a tragedy?

"How powerful is the robbery of this day? If it breaks through to the end, can you kneel down?"

Ye Xuan asked again.

"The power of the first day of robbery is equivalent to the full attack of the nine-fold peak of the turn of the wheel. Then I have seen two days of robbery. These two days have not yet come, and the robbery cloud has already come out. The horror is even my heart, I guess that even the strongest people can't take it..." Hu Xinger replied.

"So, the power of the robbery will increase with the number of reincarnations..."

The people present couldn't help but swallow.

The invincible strong can't take it, it can be troublesome.

Ye Xuan also thought about quickly improving the cultivation, letting the fall break through the immortality, so that you can hold back the robbery.

Now it seems that I am afraid it will not work!

"One year's time is too short. If you give me one year, it will be possible to break through to the immortality. But this day the power of robbery is getting stronger and stronger. Who knows where this will be strong..."

Ye Xuan thought about it, and at the same time looked for something in the super swallowing system that could suppress the blood of the sky, but did not find it.

Hu Xinger tried to suppress the blood, but the fallen father went out to find the ancestor. Not only did he have no news, he could even fall.

The second is reincarnation, but the difficulty of reincarnation can be improved again and again. This time, the help of the reincarnation, Hu Xing'er has only 20% of the grasp, too low.

The third way is to let the fall hide in the planting space, but this system space Ye Xuan is also not allowed, in case there is a day of robbery, then it is troublesome.

As for the fourth method, it is to let the land grow up, at least beyond the immortality, that is, to reach the level of heaven.

I am afraid that one year is not enough!

At this time, Ye Xuan's Lingguang suddenly flashed and said: "Yes, my predecessors, last time you and the reincarnation of the city team joined forces to help the reincarnation, then if you add a reincarnation treasure this time?"

Reincarnation treasure!

Hearing this, the fall also suddenly thought of it, said: "Mother, before the young master got a base of life and death disk, and then the reincarnation of the two descended, this life and death disk base was unearthed once, a fierce vibration, so we estimate..."

Ye Xuan listened, and his heart was very helpless. He told him that he had become accustomed to it, but now he knows that it is the daughter of the owner of Baihu Villa. This is also called the young master. What if Hu Xin is not happy?

"Life and death disk?"

Hu Xinger was a little surprised. She was the first to hear the name, but the reincarnation was no stranger to her.

She paused and said: "Do you think that the reincarnation who suddenly came out is the body of life and death? Is it a materialized demon?"

The materialization of the demon, this is a previous example, in addition to this, Megatron is also the case, but can not be turned into a human form.

"If this round of returning people is really a life-and-death, as long as it is returned to its original shape, then the success rate of falling again and again should be improved." Ye Xuan said.

"If this is the case, the success rate can indeed be improved, and it is not small, this is a slow plan." Hu Xiner nodded slightly.

It's almost eighteen years old, and less than a year left, the first priority is to slow down.

As long as the success of the reincarnation is repeated, then Ye Xuan has a lot of time to grow, as long as he grows to a certain level, it should not be a problem to solve the blood of this day.

Let's not say that the fall will be between the heavens and the earth, and there are still eighteen years after the birth. If you give Ye Xuan eighteen years, it is absolutely no problem to reach Tongtian, give him an estimate of three or five years.

However, the problem is coming again!

"This round of returning people has already been the peak of the reincarnation. If he is willing to assist, the success rate is not small. But I and the reincarnation of the city to suppress him, this time grabbed an indestructible keel, he is sure There is resentment, it seems that only a tough method can be used."

Hu Xinger's eyes sighed and said slowly.

Before Hu Xinger and the reincarnation of the city owner did not pay attention, let this round of returnees rise to the point, and developed to the point where they can compete with them, it is simply speed.

Of course, if the Baihu Mountain Villa and the city of reincarnation are put out, it is not a problem to destroy this round of returning people.

After thinking for a moment, Hu Xinger said again: "However, this round of returning people is extremely careful, it should be somewhere in the battlefield, and in the revolving battlefield, the eyes of

Vientiane, which I and the reincarnation of the reincarnation, cannot enter. It's not that easy to find this round of returning people."

"This life and death disk base, you may be able to find a reincarnation."

After Ye Xuan finished, he took out the base of the life and death disk.

"If it's really imaginary, it's ok, but it's also a distance limit."

Hu Xinger said: "The battlefield is not so simple. There are no managers here. The three managers of the dead battlefield are also on the site of their own territory. Once an enemy appears, they will directly kill it."

Hearing this, Ye Xuan and others were shocked.

In the dead battlefield, the three managers are maintaining order, and it is not allowed to turn around at the four-level level.

In the battlefield, they only wandered around their own territory, and once they found the enemy, they did not hesitate.

In this case, it is difficult to enter the territory of the reincarnation.

"If I and the reincarnation of the city are directly shot, the reincarnation will know immediately. After all, the stronger the breath, the more the eyes of Vientiane can be sensed. On the contrary, the lower the realm, the less likely it is." Hu Xinger said.

Ye Xuan did not want to say: "In this case, the task is best for us. I just turn the wheel. Once I find the reincarnation, I can use my independent space directly to transport you. Give the reincarnation a heavy blow."

"This method is indeed ok, but it is very dangerous. If you don't say that the reincarnation of the lord has the eyes of Vientiane, the forces in the site alone will give you a lot of resistance." Hu Xiner reminded me.

Chapter 1527: Continuous breakthrough

"Well, but let me break through to the tricycle of the three rounds is almost the same, this realm is not easy to be detected, my strength is also guaranteed ..." Ye Xuan nodded.

The tricycle is trivial, then the old tree and so on are almost five-wheeled or six-wheeled, so that they can fight more and more, and survive in the runner battlefield.

"Mother, the young master's fighting power is very strong. The highest level is over the four-level battle. As long as he cultivates resources, he can break through quickly."

The fall of the side suddenly said.

"Actually, I found her shortly after the birth. Only when she met you, I saw that you and the land were also good, so I closed my eyes with one eye." Hu Xiner said to Ye Xuan. .

Wen Yan, Ye Xuan's heart suddenly trembled.

Sure enough, Hu Xinger had a master to protect the fall, but at that time his realm was low and he could not find it.

"Your realm is the fastest improvement I have ever seen. In just three years, you have grown to this point. I am also very optimistic about you. It is not impossible for you to break through to the end of the year, but you want to I have to find a solution, I am afraid it is not so easy." Hu Xinger continued.

Ye Xuan is now twenty-seven years old. When he was in the fall, he was twenty-four years old. He spent three years and climbed from the Supreme Way to the reincarnation. This qualification is absolutely unprecedented.

It is a pity that the problem of falling blood is not so simple.

"Right, I know a predecessor. At that time, he said that let me come to the West in the reincarnation. Maybe this predecessor can..."

At this time, Ye Xuan suddenly remembered one thing.

Hearing this, the fall is also a bright eye, said: "Mother, there is a predecessor in the blood rock mainland, the name is the gods, maybe he can help me."

"The barren continent, there is such a strong person?" Hu Xinger felt incredible.

Before the **** rocky continent, there were no warriors in the Vientiane, and it was incredible to have such a strong person.

Ye Xuan estimates that this day, the old immortal must be indestructible.

No, at least it is not strong!

Last time, Ye Xuan gave a piece of heavenly treasure to the gods, and the old fairy received it, and the mood fluctuated.

This time Ye Xuan asked him for help, maybe!

"This is the younger generation!"

Ye Xuan immediately said.

The voice has not yet fallen, and his second avatar in the East Chinadom is directly dispatched to the Great Wilderness.

With his realm, he arrived very quickly.

"come in!"

The gods know the same thing, and they have a word.

Ye Xuan swept his eyes with insight, and found that he still couldn't see through the array.

"There is a drop in the fall."

Ye Xuan's eyes lit up and passed through the light column and came to the cabin.

The old fairy has come out and is looking at him.

"senior....."

Ye Xuan holds a fist and is ready to tell the story of the fall.

However, before he could speak, the old man said: "Your intention, I already know, you are coming for the little fox."

This sentence made Ye Xuan shocked.

This day is absolutely immortal, is there any ability to predict the future?

Otherwise, how can I know about this, after all, he and Hu Xinger are still talking.

"The blood of the little fox, I am afraid I can do nothing." The old man shook his head.

"Predecessors, your means to the sky, can't you do it?" Ye Xuan could not help but feel surprised.

In his speculation, this day, the eternal immortal is at least the invincible, and more likely to be through the heavens.

Why not?

The old man sighed: "The little girl is the blood of the sky, this is the blood of the sky that is not allowed by the heavens. Even I am seeing it for the first time. My realm is indeed much higher than you, but still not I am against the sky, so I can't do anything to stop the blood."

Hearing this, Ye Xuan can only helpless.

"However, if the reincarnation problem can't be solved, you can come to me and let her re-return me to do it." The old man suddenly added.

Ye Xuan's eyes lit up and hurriedly held a fist: "Thank you for your predecessors"

At the moment, he conveyed the words of the gods through the deity.

After hearing this good news, Hu Xing's cold face also showed a smile, saying: "In this case, the problem of falling this round is also solved, but this makes you owe a senior to a senior. ""

As long as the fall can be successfully reincarnation, Ye Xuan has been at least 18 years.

In the 18 years, it is absolutely no problem to break through to the heavens!

The problem of reincarnation is solved, then the next step is to reincarnate the Savior.

"Predecessors, the whereabouts of the returning sages are unknown, and the younger generation will investigate."

Ye Xuan suddenly said.

"can."

Hu Xinger nodded: "Your realm breaks through, what do you want, even though I said."

Ye Xuan is also very polite, directly said what he needs, that is, ore, fire properties, heaven and earth treasures and so on.

"These things will be for you."

Hu Xing'er is also extremely generous, and soon people are ready, and then thrown to Ye Xuan a ring.

The things here are worthless.

Ye Xuan took the Qiang Kun ring with excitement and checked it.

The next moment, his eyes widened and his heart almost couldn't stand it.

This thing in the ring is beyond his imagination.

"The cultivation resources in this Qiankun ring are enough for a person to break through to the top of the eight-wheeled peak." Hu Xinger said.

Ye Xuan did not expect that there would be so many!

However, with so many resources, he estimates that he can only make him break through to six or seven heavy wheels. After all, his experience is much more than the average person.

“Thank you for your predecessors!”

Ye Xuan hurriedly thanked a sentence, and then began to devour the Tiandi treasure.

"Hey, the host breaks through, and the current is the second round!"

"Hey, the host breaks through, and the current is a tricycle!"

"Hey, the spirit of the Ashes breaks through, and the current round is fourfold!"

"Hey, the spirit of the Ashes breaks through, and the current round is fivefold!"

"Hey, the king of the bones breaks through, and the current round is four!"

"Hey, the king of the bones breaks through, and the current round is five!"

“Hey, Megatron’s breakthrough, the current round is four!”

"Hey, Megatron breaks through, and is currently a five-wheeler!"

Although he got a lot of heaven and earth treasures, Ye Xuan resisted, because there is still a task waiting for him.

Hu Xiner felt the change of Ye Xuan's breath, and could not help but reveal a strange look.

This kid, it really has a different ability.

Between that, it was really a horror to break through from the revolving wheel to the triple turn.

Ordinary people, some of them are difficult to break through for thousands of years, Ye Xuan only used it.

Is that human being?

Chapter 1528: Enter the runner battlefield

"Now I am a three-wheeler, and the three old trees are all five-wheeled. It should be no problem to deal with the six-wheeled and seven-folder. And there is a lot of heaven and earth in my devouring space. If you are in danger, you will break through once and resolve the crisis."

Ye Xuan thought in his heart.

This time, the lower his realm, the safer it will be.

After all, this time he is looking for the position of the reincarnation, not to kill.

Of course, if he breaks through in one go, he can be rampant in the runner battlefield, but I am afraid it is not so easy to lead the reincarnation.

Listening to Hu Xing'er, this round of returning people is very careful, that is, they are afraid of the reincarnation of the city and her team.

"When are you ready to leave?" Hu Xiner asked.

Ye Xuan thought about it and replied: "If you don't want to be late, let's go now!"

"My Baihu Villa also sent a lot of talents to enter the runner battlefield investigation. I have a map of the reincarnation of the revered people. You can take it."

After Hu Xiner finished, he directly threw a sheepskin roll to Ye Xuan.

Ye Xuan opened it directly and then transcribed it into the phagocytic space.

On this map, there are three places, the hiding place of the suspected reincarnation.

One is called the Death Valley, one is called the reincarnation, and the other is called the Invincible Mountain.

Ye Xuan looked at it and found that this life and death valley was closest to his own camp. It seems that he can go to this place first.

These three locations are all summed up by the strongest people of Baihu Villa, but no one has ever been there. After all, once a master is close, they will be amazed.

There is no doubt that Ye Xuan has a three-wheeled turn, and most people will not notice it unless the eyebrows of the eyebrows are discovered.

Since it has been decided, then Ye Xuan is also ready to leave.

At this time, the reincarnation suddenly entered a young man in the temple. It was Zhuangfei who had the eye of space.

"Take him to the edge of the battlefield."

Hu Xinger said to Zhuang Fei.

"Yes, the owner!"

Zhuang Fei nodded, then broke open the void directly, and opened a door to the flash.

"Young master, be careful."

Reminder reminded.

She is still only the peak of the dead Xuanjing, although she can break through to the turn, but her strength is not expected to help, so Ye Xuan let her stay in the Baihu Villa, accompany Hu Xinger.

"it is good."

Ye Xuan nodded, and immediately took the tree and the bones of the king and the Megatron through the door of the air.

In the Baihu Villa, he also left a void mark, waiting for him to cross the door of the air, only to find that he is far from the fall, beyond the transmission distance of the eye of the void.

"This is a cross-empty order. If you want to come back, you can crush it directly, you can open a door back to the Baihu Villa." Zhuang Fei took a token to Ye Xuan.

Fang Caixuan is still worried about how to leave the runner battlefield, and the problem is solved now.

"Thank you for your predecessors!"

Ye Xuan thanked a sentence.

"be careful."

After leaving such a sentence, Zhuang Fei is wearing the door to the air.

At this moment, Ye Xuan is in the battlefield of the runner, and is the border of the western camp near the northern camp.

Next, he has to go to the life and death canyon first, and then use the base of the life and death disk to sense if the reel is in the head.

This time, the relationship is still significant. After all, the reincarnation is as timid as a rat, afraid of being besieged by the reincarnation fox and the reincarnation.

Can't beat the grass and start a snake, be sure to hit a deadly!

After Zhuang Fei left, Ye Xuan also immediately acted and plundered directly toward the northern camp of the runner battlefield.

In the Xuan battlefield and the dead battlefield, the border has always been very popular, but this runner battlefield is different, because the three camps of the runner battlefield have the eyes of Vientiane, and once the enemy is found, it will be directly obliterated.

So this time, Ye Xuan easily entered the territory of the northern camp.

"The life and death gorge is in the southeast of the northern camp. It is close to the Eastern camp of the reincarnation. If it is at my speed, it is estimated that it will take more than a month to arrive. It is too slow."

Ye Xuan thought in his mind that he carefully looked at the map and found that there was a transmission array that could be transmitted in the past, which could save half a month.

However, this transmission array is also two or three days away from Ye Xuan, so it is still necessary to hurry.

Although there are a lot of natural treasures in the swallowing space, it is enough for him to break through several times, but he has no habit of wasting time. He is responsible for the road, the old tree and the skeleton king and Megatron are acting separately, harvesting the enemy along the way, giving him the value of killing.

The old tree and the sacral king are now five-wheeled, and the atmosphere will be much stronger than Ye Xuan. However, in the battlefield, there are countless strong players who are turning five rounds. They will not cause Vientiane. Eyes to watch, unless luck is really bad to explode.

Three days later, Ye Xuan arrived at the transmission array.

However, this transmission array is built behind a family and it is not so easy to use it.

"Little Master, if it causes a big movement, will it attract the attention of the eyes of Vientiane..."

The old tree reminded.

"The strongest person in this family is the seven-wheeler. It is simple to kill."

Ye Xuan murmured.

Although this is the case, it is not a trivial matter to destroy a family of seven-wheeled people. I am afraid that it will attract the attention of the eyes of Vientiane.

However, even if it attracts attention, it is fine. After all, Ye Xuan is not a fuel-efficient lamp.

Moreover, the old gods also said, if they can not go back, you can ask him for help, so the problem of falling is considered a temporary solution.

In this case, Ye Xuan is not afraid.

Of course, if you can avoid the eyes of Vientiane, it is best to avoid it.

"Go, use the transmission array directly."

Ye Xuan said to the old tree and the bones of the king.

"understand!"

Seeing that Ye Xuan decided to make a decision, the old tree and the skeleton king are no longer hidden and directly killed.

As for Ye Xuan himself, it is hidden by the assassination state.

The old tree and the skeleton king are now five-wheeled, and although the realm is not high, the strength is not weak.

They just rushed in, and they were seen by the people of this family as being caught in the fire.

At the same time, Ye Xuan is going around and going to the transmission array.

"There was an enemy invasion, it was really looking for death, killing them!"

"There is also a five-legged king of the bones. This time it is a great luck, grab him!"

"They are very strong and they don't mess up!"

There was a buzz in the family. Because the old tree and the skeleton king suddenly smashed out, they were a little helpless and were directly defeated.

However, soon, the six-strong powerhouse has emerged.

Chapter 1529: Pseudo manager

"Still, dare to scatter here, find death!"

Three of the six strong players in the reincarnation were killed, but this is nothing for the old tree and the skeleton king.

At this time, Ye Xuan has already sneaked into the transmission array.

"The old tree and the ribs are almost the same."

Ye Xuan said in his mind.

"understand!"

The old tree immediately responded.

This battle is still fierce, but Ye Xuan is now focusing on the task, not to destroy the family.

When they hit half of the time, the old tree and the skeleton king suddenly disappeared. They were received by Ye Xuan in the planting space.

"What about people?"

"Impossible, they must have been hidden, look for!"

"The bone king is a rare animal, you must seize it."

"They have killed so many people and must not let go."

The family is already out of the way, only after fighting for five seconds, it is not very long, but in these five seconds, the old tree and the bones of the king joined forces to kill a lot of people, including a runner. Six major players.

Then, Ye Xuan is secretly entering the transmission array and then starting.

"Hey!"

The transmission array began to operate and the light rose.

"What happened, how did the transmission array suddenly run?"

"It must be the two sneakers, go see!"

"Do these two enemies just sneak into our family in order to use the transmission array?"

Everyone has been rushing to the transmission. At this time, Ye Xuan has already begun to transmit.

After a few seconds, the transfer will succeed!

This transmission, in fact, only Ye Xuan, the tree and the bones of the king and Megatron is actually covering.

As long as Ye Xuan successfully sends away, they can commit suicide and resurrect to Ye Xuan.

"The **** thing, I want to leave!"

A violent sizzling sounded, and the master of the seven-wheeled turn in this family finally appeared.

The next moment, Ye Xuan's transmission array stopped working. He didn't expect the other party to have remote control.

"I rub!"

Ye Xuan screamed in his heart, it seems that this time is a big fight.

Since you can't leave quickly, come on!

"kill!"

At the moment, Ye Xuan is directly giving orders to the old and the bones of the king.

He only hopes that the eyes of Vientiane will not be detected here, or else it will be a surprise.

Since you want to kill, you have to make a quick decision.

"Do not destroy the soul!"

The sacral king directly opened the skill, and the next moment, he and Megatron's full attributes doubled.

The turn of the wheel is seven, what is it?

The old tree is now five-wheeled, but it is not a problem to deal with a few rounds. As for the rest, it is directly handed over to Ye Xuan.

"Killing feast!"

Ye Xuan also said nothing, using a killing feast to cool once a day. At the same time, he is still using his soul to control his opponent.

If this battle is fully fired, it will not last long.

The master of the seven-wheeled turn of the wheel, after seeing the mighty king of the cheekbones, his face was extremely gloomy.

Suddenly, he had an unpredictable hunch.

"Hey, I want to use the transmission array, no way!"

This turn of the seven-year-old ancestors flashed a glimmer of light, took the opportunity to smash several seals, and then, the transmission array was a squeaking sound.

"I am going to destroy the transmission array?"

Ye Xuan suddenly reacted.

If the transmission array is destroyed, then he has to run for half a month, which is not enough.

"The grip of the Hades!"

The king of the bones launched another trick, and the ancestors who had turned the wheel were brought over.

"Calling!"

The great sword of the earthquake was waved by the skeleton of the cheekbones, and it was directly cut into the ancestors of the seven-wheeled squad, and instantly separated them.

dead!

"Hey, the host's killing value is improved!"

After the death of this person, Ye Xuan received a large amount of killing value, but unfortunately, the skeleton king is still a little slower.

The transmission array was destroyed!

However, the damage is not big, Ye Xuan can still repair it with the super swallow system.

At this point, the strongest of the family is dead, then the rest of the people are a group of people.

The Ye Xuan trio, together with the warriors who were resurrected by the passive death will, was easily solved by everyone.

The trick of death will not be consumed as long as the realm of resurrection is low. But if you want to resurrect the same level or the high level, you need the soul of the soul pool, which will reduce the increase of the soul of the elegy.

Soon, the top of the family died in the hands of Ye Xuan.

"The tree is old, the ribs are the same, the old look."

Ye Xuan said to the old tree and the bones of the king.

The old look is to start looting. After all, this transmission array has been ruined a bit, not to accept it.

"Hey, start repairing the transmission array!"

Fortunately, this transmission array is not damaged to a large extent, only 10%. But even so, it takes a long time to repair, after all, this transmission array is a bit far away.

This family has to say that it is killing, Ye Xuan originally wanted to borrow it, and did not want to make too much trouble. However, they saw the old enemy of the tree and the king of the skeleton, all like crazy.

Ye Xuan was the only one to make a decision if he had to, otherwise he was really ready to let go of the family.

The transmission array began to slowly repair.

The people in this family have all left, leaving only Ye Xuan three people, Ye Xuan estimated that they are going to rescue the soldiers.

If you contact the manager of the reincarnation camp, you can be in trouble.

Ye Xuan only hopes that he can leave here before the manager discovers it.

Nothing, things are not as easy as they are supposed to be.

Just as Ye Xuan repaired the transmission array, suddenly there was a huge eye in the sky.

The eye of Vientiane!

"I rub, I am really afraid of what comes."

Ye Xuan screamed and immediately raised the spirit of 120,000 points. This Vientiane eye has heard that it is a strong player who has turned the wheel, even if it is an attack across the air, it is enough to kill Ye Xuan.

At this time, Ye Xuan is ready to devour the treasures of the heavens, but in this case, the realm of the old and the bones of the king will also increase, not a good sign.

However, after the appearance of this Vientiane eye, it did not immediately attack, but directly condensed a virtual shadow.

For this illusion, Ye Xuan is very strange, not even the day to help the other two to kill the bone dragon.

"Strange, is there a Vientiane eye in the reincarnation?"

Ye Xuan suddenly reacted. This Vientiane eye is not the one that was encountered that day.

The breath of this person is not so strong.

"Hello, you have the courage to dare to scatter in the land of the Sayādaw." The shadow of this young man said coldly.

"Is it impossible to kill the enemy?"

Ye Xuan's eyes replied directly.

Chapter 1530: Instant break

This is a world dominated by the strong, who has not done anything to kill and win the treasure, let alone the battlefield of the camp.

"I would like to see if your strength is as powerful as your mouth!"

When the young man finished, suddenly the light flashed. The next moment, the air in front of Ye Xuan was twisted and then exploded.

"Hey!"

However, Ye Xuan left before this.

This attack is ten times different from that of the same day.

If the eye of the Vientiane, who was the singer of the reincarnation of the day, Ye Xuan's body is probably already blown up, it is impossible to survive.

Unfortunately, this person is not!

"It turns out that there are more than three managers in the battlefield, but there are many eyes of Vientiane. I will say it."

Ye Xuan suddenly understood.

Because, he was already giving a voice to the fall, and then got a reply from Hu Xinger.

There are also many Vientiane eyes in the Baihu Villa. Although they can be used across the air, they occasionally inspect the battlefield. Some of them only have six rounds of rotation, and there are also eight-wheeled ones, as long as they are found on their own sites. Enemies, then they will be reported immediately and shot by stronger people.

There are also many such pseudo-managers in the territory of this round of returnees. This youth is one of them.

Ye Xuan estimates that this young man is only a seven-wheeler.

Of course, the ability to be a pseudo-manager, the ability is not ordinary, the youth's combat power and the family's ancestors should not be a level.

Even so, Ye Xuan did not put him in the eye.

"The tree is old, ribs, and break him!"

Ye Xuan immediately gave instructions to the two.

"Roger that!"

The old tree heard the words and quickly flashed out.

"court death!"

The young people saw the two hands and immediately attacked.

It is a pity that the old tree and the skeleton king are not fuel-efficient lights, and they easily avoided his attack.

No matter the attack power or the attack speed, it is too much difference with the person on the day.
What is the use of such a Vientiane eye?

"Damn!"

The young man screamed.

At this point, the tree just flashed to the top of his head, and then a fire fist hit, hit the eyes of Vientiane.

"Hey!"

The eyes of Vientiane were attacked and they trembled.

Then, it is the attack of the skeleton king.

"Oh!"

A crisp sound spread, the eyes of Vientiane were cut, and the distance was shaking.

"Damn, you have a different kind of go, fight with my deity." The young roared.

"Oh? Deity?"

Hearing this, Ye Xuan's brow picked and said: "How long will it take?"

"I will be there soon. You are a group of people. When my deity arrives, I must kill you!"

The young man said with some anger.

Originally, Ye Xuan wanted to leave first, and then sent it back after the repair of the array. But now when I heard the words of the youth, I suddenly changed my mind.

This young man has a pair of Vientiane eyes, but also cultivated to the point of use across the air, if Ye Xuan can swallow, it can not only enhance the power of Vientiane, but also have the ability to cross the air.

This young man must kill!

"Well, I am waiting here."

Ye Xuan directly responded.

"Humph!"

The young man snorted.

Immediately, the old punch of the tree blew the eyes of Vientiane, and the virtual shadow of the youth disappeared.

The district turned to be seven-fold, and dared to be in front of him, really looking for death!

Sure enough, in the third minute after the eyes of Vientiane were broken up, the deity of this young man really came.

It seems that he should be nearby, just in time for the family to be destroyed.

"The tree is old, ribs, you go to pack him."

Ye Xuan said to the two people, at the same time, added a sentence: "Allow the use of broken days, rock, you must kill!"

The old tree and the skeleton king who got the order immediately killed.

"I really didn't go, look for death!"

The youth is not nonsense, once again condensing a Vientiane eye, and then the deity and the eyes of Vientiane launch an attack.

Ye Xuan stood on the side of the transmission array to watch the battle.

His attention is not in this battle, he is still watching around to see if there are other managers coming.

If it is not right, he will immediately break through and break through if necessary.

"This kid doesn't know if he has notified other people, or he is careful."

Ye Xuan thought about it.

At this time, the three old trees and the skeleton king have already played against this young man.

The strength of this young man is indeed stronger, and he is much stronger than the ancestors who died in the family. Together with the advent of the deity, the power of Vientiane is not small, even with the old three of the tree.

If it is not because of the blood of the undead, the old tree, the skeleton king and the Megatron may have lost.

At this time, Ye Xuan's heart suddenly had an unpredictable hunch, which made him look worried.

"But, break through again!"

At this time, Ye Xuan suddenly made a decision.

Then, the king of the skeleton was suddenly a glimpse of a dark gray sword.

Broken sky flow rock!

The power of this attack is second only to the unicorn, but it is not so good.

"A good attack can not hit me, how strong is it?"

The young man flashed and his body shape did not move.

"Huh!"

The broken sky and rock smashed the young man's head and did not hurt him.

At the sight of insight, Ye Xuan saw the force of Vientiane, which was condensed by young people, to be bounced off.

This kid is indeed a bit tolerant!

But what about this?

"Devouring!"

"Hey, the host breaks through, and the current round is four!"

"Hey, the spirit of the Ashes breaks through, and the current round is six!"

"Hey, Megatron's breakthrough, the current round is six!"

"Hey, the king of the bones breaks through, and the current round is six!"

"Hey, the broken rock and the rock are cooled and restored!"

At the moment when the broken rock was falling, Ye Xuan directly swallowed a large amount of Tiandi Dibao, breaking through to the four-wheeled environment.

The crushed rock that was originally used has also been restored due to the engulfed ore.

Now, the old tree, the skeleton king and the old tree are only one level apart from this young man. When they join hands, it is estimated that the young man can be easily crushed.

"what?"

The youth was shocked by the feeling of the sky of the old and the sacred kings.

Breaking through the battle, and still two, how is this possible?

This is absolutely tricky!

Because the tree is always from the top of the five-wheeled peak, and broke through to the six peaks of the turn of the wheel, it is not the first six rounds.

But for now, the youth can have no time to think about this, because the offensive of the old tree and the skeleton king is instantly powerful several times.

In fact, as long as Ye Xuan thinks, he can break through once or twice again, and it is absolutely enough to devour the heavenly treasures in the space.
