Chapter 153: Quota battle

Looking at the real strong man fell in the pool of blood, Ye Xuan scorned, turned his head and found that Zhao Chongwen and Zhao Pan they both had the upper hand.

"Chinese spirits? Impossible, how can you have a good spirit?" The old man shouted.

"This fat man is also in the hands!" Another real powerhouse is also exclaimed.

"The message is wrong, go!"

The old man shouted.

Zhao Chongwen blinked and shouted: "When you want to come, you want to go and leave, when Zhao Chongwen is who, leave me!"

A cold mangling flashed, and the old man's broken arm flew into the sky.

On the one hand, it is the spirit of the lower class, and on the other hand, it is the spirit of the Chinese product. The gap is very big. The old man is not the opponent of Zhao Chongwen.

It was the opponent of Zhao Pan's four people. The reaction was very timely. In the blink of an eye, it was plundered dozens of meters away, ready to fall into the forest.

"I am there, you still want to go?"

At this time, Ye Xuan suddenly raised his hand and directed his back to shoot a hundred steps to wear Yang.

"puff!"

The arrow went through his head and he fell to the ground.

"No, impossible!"

The old man saw that he only had his own, and immediately shouted.

However, Zhao Chongwen did not have the slightest mercy.

The swordsman swept, and the other arm of the old man also flew up, leaving only two legs.

Fortunately, his body martial arts is quite comparable, and he immediately opened a distance with Zhao Chongwen.

Ye Xuan raised his hand and prepared to kill him, but at this time, Zhao Chongwen suddenly said: "Don't kill him, stay alive!"

Hearing this, Ye Xuan's left hand moved to the next.

"call out!"

The old man's left knee in the middle of the arrow, instantly lost balance and fell to the ground.

The arms were cut off and a leg was scrapped. The old man was considered abolished.

Zhao Chongwen went up one step and instantly took him down.

"Are you a fiery empire?" asked Zhao Chongwen.

"Kill me, I won't tell you anything." The old man bit his teeth, a pair of lambs to be slaughtered.

"I didn't expect the Fire Empire to infiltrate three realities. It's a small look at you. Your goal for this time should be three of them." Zhao Chongwen guessed.

Sure enough, when the words fell, the old man's face was also a pump.

"Hey!"

Zhao Chongwen took a slap in the cover of the old man's celestial spirit, and the powerful real element instantly smashed the old man's brain.

He was not prepared to ask any news, but this time, it was obvious that the other party's news was wrong. I did not expect that Ye Xuan's strength was so strong.

"Put up the battlefield, it seems that we have to modify the route back." Zhao Chongwen also has some concerns.

Since there are spies, then maybe more than that.

This time, only three realities are coming. They can still deal with it. If the next time comes in the middle of the three realities?

Ye Xuan and others also cleaned up the battlefield. These people have a ring in their hands. Ye Xuan also got a lot of gains, but these people are specializing in diving into the Xuanyang Empire to do the task, so there will not be too many things.

There was such an episode, and Zhao Chongwen did not dare to care about it, deliberately wrapped around a large circle. They were fast, and they returned to the capital only in seven days.

When Zhao Chongguang heard about this, he was also shocked and asked Ye Xuan not to leave the Imperial Capital these days.

Ye Xuan also did it.

More than a month later, it competed with the fierce empire for the three places of the Lingxiao government. Therefore, the three of them still have to hide their strength, so as to avoid any accidents.

Before Zhao Pan took advantage of the intermediate true Ling Dan, he broke through to the peak of the true spiritual realm, and now he has a spiritual beast inside the peak of the true spirit, there is a great chance to break through.

However, he and Jiang Xian were disappointed by Ye Xuan. After they took down the beast, they did not break through, so they are only the peak of true spirit.

However, this is all right. There is a sword in the middle of the sword, and they should not be a problem.

More than a month, it soon passed.

Today, Ye Xuan is going to the border, where the battle is actually a land of nowhere between the two countries. It is said that there is also the strongman of Lingxiao House as a referee, so don't worry about fairness.

Moreover, in order to prevent accidents, Zhao Chongguang also personally escorted.

Not only that, even the 100-year-old ancestors of Zhao's family came out.

Before the **** wolf, Ye Xuan, who was brought back by Ye Xuan, was swallowed by the ancestor of the true Yuanjing. The original ancestor was stuck in the true Yuanjing peak. Now add this blood wolf inside Dan, directly Breaking the shackles and achieving the true state.

With his escort, absolutely safe!

This time, Ye Xuan is still riding a spirit beast Dapeng. This beast Dapeng is bigger than Zhao Chongwen's one. It is said to be the middle of the real spirit.

Within two days, you will be able to reach the battle site.

Of course, before leaving, Ye Xuan also let Hua Ying to help build Lianyun City. He estimated that when he came back, even Yuncheng would be different from before.

.....

On the back of the spirit beast Dapeng.

"Pan Er, Ye Xuan, Jiang Xian, the three geniuses of the fierce empire have reached the peak of the true spiritual realm. Although you all have the spirit of the middle, but you can't care."

Zhao Chongguang, wearing a white robe, said.

"Yes." Ye Xuan nodded.

Ling Xiaofu, but can determine the key to the rise and fall of an empire, if it can enter the Lingxiao House, then the empire can at least develop into a high empire in the future.

Therefore, the quota must be obtained, and all must be obtained.

For Ye Xuan's strength, although Zhao Chongguang did not see it with his own eyes, he heard it, so he is not worried about Ye Xuan.

What he worried about was Zhao Pan and Jiang Xian.

They can get the Chinese spirit, and the fire empire can be, and there may be other changes.

"You should not give them pressure."

At this time, suddenly came a white-haired old man, he is the emperor of the Xuanyang Empire, Zhao Mubai.

"I have seen the Emperor." Ye Xuan hurriedly clenched his fist.

The person in front of him, but the strong man of the real Xuanjing, is a higher realm than him. He is a man who can slap him to death.

"Imperial, this time we have sent half of the strong, it is also to prevent this fierce empire from playing tricks, I am afraid that they hide the master side, so there may be a big fight to fight, if it is true, you do not shoot." Zhao Mubai said to Ye Xuan.

"This..." Ye Xuan looked at Zhao Pan.

If it is really a fight to play, let him stand by and watch it, it is too uncomfortable.

"Grandpa, why can't you shoot?" Zhao Pan asked differently.

"If all three places are taken away by you, then the fierce empire will definitely make trouble for us. If it is really fighting, the messenger of Lingxiaofu will not let you take risks, so you will stay. And I have broken through now. There is also a Chinese spirit, and it is still not a problem to solve the empire of the fierce empire." Zhao Mubai explained.
