

Super D. S 1531

Chapter 1531: Cross-empty

However, in this case, the atmosphere of the old and the bones of the bones is too strong, and it is easy to be captured by the managers. In this case, they will be unable to move.

Although it is said that all the things are swallowed up, the old tree and the skeleton king are not afraid of the strongest Vientiane eye, but once they have a strong strength, then the reincarnation will probably be jealous and then hide, this is also Why did Ye Xuan not immediately devour everything? Who made the reincarnation so timid?

After the breakthrough of the old tree and the skeleton of the skeleton, the young man did not even support the three rounds, and then he was directly smashed by the skeleton of the skeleton, and even the last words were not left.

Taking advantage of this opportunity, Ye Xuan quickly let the tree old take off the eyes of this young man.

At this moment, the sky suddenly opened another eye, or the eyes of Vientiane.

However, this time the eyes of Vientiane are very familiar to Ye Xuan.

"No, go!"

Ye Xuan said nothing, directly hiding the old tree and Megatron to the planting space, and then left the air.

The eyes of Vientiane, that day, and the other two managers joined forces to kill the one that turned the wheel of the nine-pointed dragon, belonging to the reincarnation.

If Ye Xuan is stared at him, I am afraid I have to break through.

Fortunately, he reacted quickly and directly into the door of the void.

But before that, this Vientiane eye has already seen Ye Xuan.

"Is this kid?"

This strong person recognized Ye Xuanlai, but he felt that Ye Xuan was only four-wheeled, but not afraid.

However, at that time, Ye Xuan was only one of the most important in the turn of the wheel. How long did it take to see it, and even broke through to the four-wheeled situation? How could it be?

Moreover, he also murdered a pseudo-manager under his command, and his strength is not weak.

However, this person did not intend to report this trivial matter to the reincarnation, but began to wander around, but did not find Ye Xuan.

What he didn't know was that Ye Xuan had broken the void and moved away from that place.

"Where, scare me."

Ye Xuan breathed a sigh of relief, but fortunately he responded quickly, otherwise this thing would be troublesome.

At the same time, he also estimated that the most powerful Vientiane eye of this reincarnation should be the one who knows the reincarnation. If you grasp him and search for the soul, you may know the position of the reincarnation.

However, this matter will be discussed later.

"Little Master, this is the eyes of that person."

The tree veteran handed two eyes of Vientiane to Ye Xuan, and he also took the Qiankun ring off, but now this thing, Ye Xuan still can not see.

"well!"

Ye Xuan satisfactorily nodded. When he took over the eyes of these two Vientiane, he directly swallowed it.

"Oh, the host has swallowed a Vientiane eye, and the power of Vientiane has improved!"

"Oh, the host has swallowed a Vientiane eye, and the power of Vientiane has improved!"

"Hey, the host comprehends the immortal: the crossover!"

A systematic reminder of the sound, let Ye Xuan know that this exposure is worth it.

There are only five original immortals, namely the Eye of Insight, the Eye of Perception, the Eye of Void, the Eye of Soul and the Eye of Eternity. Now, there is an extravagance.

This crossover is the use of Vientiane's Eye and Eye of Death, as well as the Eye of Insight, the Eye of Perception, and the Eye of Soul.

With the power of the young man, his eyes of Vientiane were also obtained from a Tongtian beast, and it took a lot of time to train it to the extent that it could be used across the air.

Now, this ability has been obtained by Ye Xuan, not only that, Ye Xuan can also be used with a variety of fairy, the effect is good.

At the moment, Ye Xuan is directly using the cross-empty shackles, and then condenses a Vientiane eye.

This huge Vientiane eye is condensed out of the day away from Ye Xuan.

Just right, there is a small force under the eyes of Vientiane.

Then, Ye Xuan used the eye of insight, and with the eyes of Vientiane, he clearly saw the inner environment of the people in this small force.

After the match between the sky and the eyes of Vientiane, you can also use the fairy eye, which is simply powerful.

In the future, even if the enemy is in Ye Xuan's field of vision, he can also use the eye of Vientiane and then use the eye of the soul.

This time, there are gains and losses. Although the means has been increased by one, it has been discovered by the strongest Vientiane eye.

Fortunately, his realm is only four-wheeled, and the old and the sacred kings are only six-wheeled and should not attract the attention of the reincarnation.

But unfortunately, the formation is still being repaired, but Ye Xuan people have no shadow.

"I don't know if the strongest Vientiane eye is still there. If he investigates, he knows that I want to use this transmission array. When he stays there, I can't use it..."

Ye Xuan thought in his heart.

He is the third-round. It takes more than a month to get to the life and death valley. However, after breaking through the four-wheeled situation, the time has been shortened a lot.

Ye Xuan estimates that if you break through again, it is estimated that you can reach the life and death canyon within seven days.

However, he felt that he would wait a little longer to say, maybe the strongest Vientiane eye is gone?

He waited here for a long time until he heard the system prompt.

"Hey, the transmission array is fixed!"

Hearing this, he could not help but break the void and return to the family.

The family is still desolate, and there is no one. After passing through the door of the void, Ye Xuan first explored it with the eye of perception and the eye of insight, and found that there were no masters around.

At the moment, he just flashed into the transmission array.

"Hey!"

The transmission array lights up and begins to transmit.

After a few seconds, the transfer was successful.

When the surrounding vision is clear, Ye Xuan finds himself in a cave, which is the foothold of the transmission array.

"It seems that the eyes of Vientiane have not yet caught up, let me go first."

Ye Xuan thought in his mind that he quickly left the transmission line.

It seems that this time there is no danger, but he does not know whether the owner of the Vientiane Eye reported this matter to the reincarnation, so it is better to go first.

At the moment, Ye Xuan is quickly leaving the place and then heading towards the life and death canyon.

Now he is the four-wheeler, the old tree, the skeleton and the Megatron are all six-wheeled, and they are sure to deal with the eight-strong players.

However, after he had rushed for a day, he was discovered by the eyes of Vientiane.

No, it should be said that he found a Vientiane eye.

"Booming!"

At this point, there is a group of people in front, fighting with a Vientiane eye.

The realm of this group of people is between the five and six, but their strength is good, it is estimated that they can be challenged.

And the eye of Vientiane is also not the one that Ye Xuan once saw to deal with the bone dragon.

Ye Xuan estimates that he is only eight-wheeled.

Chapter 1532: Reincarnation of the death of the city owner

However, at this time Ye Xuan's attention is not on this, but on that team.

This team is not a local person, but from the Baihu Villa camp, because Ye Xuan saw that they have nine tails behind them.

"Own people?"

Ye Xuan stared at it and found that the eyes of these people were all white, which represented the same camp.

If this is the case, then you can't stand by!

"Tree old, ribs, little heaven, up!"

Ye Xuan did not say anything and made a decision directly.

help!

The six-fold tree in the turn of the wheel is old, the speed is fast, and the continuous use of the residual flames is passed over and the battle is instantly added.

"what?"

The fox geniuses saw it and they stunned. After they saw the white light of the tree's old eyebrows, they immediately responded and came to help.

The old man of the tree rushed to the front and directly attacked the eye of Vientiane. Then, the king of the skull hit, and the two joined forces to attack, directly causing a lot of damage to the eyes of Vientiane.

"Oh, there is another death."

The eyes of Vientiane snorted and the eyes fell on the tree.

A Vientiane force will wrap the tree, but the old tree will immediately cast a remnant flame and detach from it.

"Hey!"

There was a big bang at the place where Fang Caishu was old, and the power was enough to hit the six-strong powerhouse.

"It's just a cross-over-the-sky, even if your deity is there, the old man is not afraid of you!"

The tree was old and drunk, and once again joined forces with the skeleton king.

This time, this Vientiane eye was directly defeated.

The fox geniuses were shocked. Several of them couldn't help but see the eyes of Vientiane, and the old tree and the scorpion kings joined forces to kill it directly. This strength is a bit strong.

"This is not the place to talk, come in with me!"

Ye Xuan has also swept over and quickly broke through the void and drilled in.

Although the eye of Vientiane was defeated, there will be a second Vientiane eye coming, and it must be far from here, otherwise it will not escape.

After seeing these fox youths, they believed Ye Xuan for a while and then got into the door of the void.

"Hey!"

When the door of the void was closed, the eyes of the Vientiane appeared in the sky, that is, the direction in which the direction was defeated.

"Damn, actually ran!"

This person can't believe that there is no gain in starting to investigate all around.

At this time, Ye Xuan has been transmitted to a hidden place, which is a void mark left on his way.

"Thank you for the help of the seniors!"

Several fox youths came out of one person and held fists at the tree.

"You are from Baihu Villa?" Ye Xuan suddenly asked.

"Yes!"

The young man nodded.

"Then you can recognize this?"

Ye Xuan suddenly took out a token from the devour space, which was given to him by Hu Xinger, the owner of Baihu Villa, before he left.

"This is... hundred fox orders!"

Several young people have big eyes.

This hundred foxes, only the top level of the Baihu Villa can be owned, Ye Xuan is only four rounds of rotation, and still human, how can you have this kind of thing?

"This is what your landlord gave me. She sent me to help investigate the whereabouts of the reincarnation. Can you have any news?" asked Ye Xuan.

"This....."

A few people looked at each other and finally led the Fox Youth: "We just investigated the life and death canyon, and there is no reincarnation, but we have heard another thing..."

"what's up?"

Ye Xuan asked curiously.

The head of the fox youth, after carefully scrutinizing the foxes, replied: "Reincarnation, dead!"

boom!

This news is like a blue sky beaten on the head of Ye Xuan.

Reincarnation, dead?

"No, the reincarnation of the city master, but the master of the same level as your owner, how can you die?"

Ye Xuan can't believe it.

"We don't dare to guarantee it, but at least 80% of it is."

The head of the fox youth was flashing. When he heard the news, he was also very confused, but they controlled one person and then learned the news before they learned the news.

The man who was controlled by him also saw the keel that was indestructible.

"Even the keel was taken away..."

Ye Xuan swallowed the swallow, he felt that this thing was big, and hurriedly passed the sound to the land, and then told the Baihu Villa owner Hu Xinger.

After a few seconds.

Falling down the air and echoing back: "Young master, mother let you come back first."

Upon hearing this, Ye Xuan also guessed that he had taken out the cross-air order that Zhuang Fei gave him that day, and opened a door to the space of the Baihu Villa.

Ye Xuan did not talk nonsense, took the lead and went in, and returned to the reincarnation hall.

At this time, the reincarnation of the temple is already sitting on a lot of fox masters, at least the strong eight-wheeled strong, full of hundreds.

"This....."

Several fox youths saw this shackle and almost didn't scare the urine.

These hundreds of fox masters are the patriarchs of hundreds of fox families in Baihu Mountain Villa. Each fox has different blood types, including Shadow Fox, Frost fox and Moonlight Fox.

Even Ye Xuan did not expect to have gathered so many masters. It seems that the reincarnation of the city owner was indeed an accident and it is likely to have fallen.

"He Yuhong, I have seen the owner and the patriarchs!"

The young man said hurriedly.

"How did you know the news of the death of the reincarnation?" Hu Xinger asked directly at the door.

"Is such that....."

He Yuhong began to explain.

On the same day, he was ordered to go to the Death Valley investigation. Afterwards, he did not investigate anything, so he went to the reincarnation. However, on the way, several of them were fascinated, but they saw a terrible battle.

The two sides of this war are the masters of the reincarnation of the masters and the masters of the reincarnation.

It turned out that this is the half of the keel that the reincarnation sent people to rob the reincarnation of the city, and then reincarnation of the city and sent a master to snatch.

At that time, the first master of the reincarnation, Gao Yunlong, used the eyes of Vientiane to control the keel battle, killing the other party and throwing away the armor. The master of the reincarnation of the lord was not defeated and surrounded by the regiment.

Then, Gao Yunlong began to solicit, and said the message that the reincarnation of the city owner has died.

After the reincarnation of the master of the city, he heard the news and immediately tried to send it back, but did not get the echo of the reincarnation.

Although He Yuhong and others did not see the big battle with their own eyes, the one who searched for the soul was the seven-wheeled person. This person had seen it with his own eyes and could not have a fake.

After hearing the words of He Yuhong, the eyes of the Baizu patriarchs also gathered on Hu Xing'er.

"After I learned the news, I immediately contacted the reincarnation, but I didn't get any feedback!"

Hu Xiner shook her head.

Chapter 1533: Wait and see

Hu Xinger and the reincarnation of the city are friends for many years. Before the reincarnation appeared, the two managed the reincarnation. Under normal circumstances, the reincarnation will almost immediately return, but now...

When the patriarchs heard the words, their hearts trembled fiercely. It seems that this round of returning to the city has indeed happened.

"The strength of the reincarnation of the city is not as good as the owner, but it should be stronger than the reincarnation, how can it suddenly fall?"

A patriarch couldn't help but ask.

"Yes, the reincarnation of the lord also has a nine-folded Vientiane eye. He has inspected his territory. If a master comes, he will find it right the first time."

"The reincarnation of the city may not have fallen. There may be other reasons, but it is a fact that the keel is not robbed."

"If the reincarnation of the city is really dead, then this round of returning people will probably start with us."

"Zhuangzhu, what do we do?"

Everyone's eyes gathered on Hu Xing'er.

After thinking about it for a while, Hu Xinger said: "We wait and see what happens!"

Despite this, she still told me to strengthen the defense.

And Ye Xuan, who is standing in the corner listening to the meeting of Baihu Villa, is also planning.

The death of this reincarnation, or the disappearance, must be related to the reincarnation.

Reincarnated to do this, I am afraid that a large part of it is related to the indestructible keel, because with this corpse, they may break the shackles of the reincarnation and break through to the end.

If you can't break the ground, there is no place for the whole reincarnation. If you can break through to the indestructible, then the reincarnation will not be afraid of the reincarnation.

Soon, the meeting was over, and then the patriarchs left.

For the next period of time, they try to reduce their going out to prevent accidents.

"Ye Xuan, how is your harvest this time?"

After everyone left, Hu Xinger turned to look at Ye Xuan.

"On a harvest, I realized the eyes of Vientiane, but I didn't dare to use it at the local site, afraid of being discovered."

Ye Xuan said slowly.

The eye across the sky is indeed very practical, but the only regret is that the eye of the sky cannot use the positioning of the void. Otherwise, his speed will be unprecedented and superimposed, which is comparable to the eye of space.

"I have caught a lot of enemies that I helped you catch before, and I will send it to you now."

Hu Xinger said.

Before leaving, Ye Xuan asked Hu Xinger to catch some enemies. Why not, just to kill the value of the value and the elegy of the soul.

After so many days, it is estimated that many enemies can be caught. After all, the eyes of the Vientiane and the eyes of the space are joined together. They even entered other territories.

The other territories here refer to the battlefield. After all, the imprint of the battle will only be activated when it reaches the battlefield. If it is outside, there is no enemy camp and the same camp.

Ye Xuan also had some expectations. I don't know how many enemies Hu Xianger had given him.

After a while, these people were listed as several teams and were sent over.

After Ye Xuan saw it, the whole person was shocked. The masters who were arrested were all over six rounds, and several of them were eight-wheeled.

"The time is tight, just grab this, is it enough?"

Hu Xiner looked at Ye Xuan.

"Enough is enough!"

Ye Xuan nodded quickly.

So many people are enough to reach the limit of his killing value.

"King of the bones, let's go!"

Ye Xuan is also nonsense, directly to the sacral king to order.

The king of the bones heard the words, a pair of ghost fire eyes flashed twice, even if it was killed with a big sword.

"Hey, the host's killing value is improved!"

"Hey, the host's killing value is improved!"

"Hey, the host's killing value is improved!"

The sound of the system system sounded up and the killing value of Ye Xuan skyrocketed.

These people are all captive, and they have all been charmed. They can only wait quietly for the butcher's knife of the Skeleton King.

Everyone is degraded, and the elegy skills of the sacred king's soul will rise. After he has smashed hundreds of people, Ye Xuan heard the system prompt.

"Hey, the host's killing value reaches the upper limit!"

"Hey, the host can use the kill value to exchange the swallowing point, is it going?"

"Yes!"

Ye Xuan agreed without saying anything.

"Oh, the kill value is cleared, the host gets a little swallow!"

With the prompting of this system, Ye Xuan's killing value has increased a bit. Now, he has six points to swallow. After three more swallowing points, he can combine the two battle bloods into a more powerful sage.

After the bones king killed everyone, Ye Xuan could not help but smash the increase of the soul of the elegy, and found that it has risen to 30%.

No way, the skeleton king is a six-wheeler after all, and the enemy's gains are not big, but it is better than nothing.

For a long time, the increase of the soul's elegy can be doubled, and there is no upper limit. What is the magic?

At this time, Hu Xiner looked at the bodies on the ground and slowly said: "What are you going to do next?"

After hearing this question, Ye Xuan also paused, and then replied: "Now this round of returnees may have got the undamaged keel, perhaps already began to enlighten, so I have to find him as soon as possible. "

"Then you have to be careful, because if the reincarnation wants to retreat, it must be an additional person." Hu Xiner reminded him.

"it is good!"

Ye Xuan nodded a sentence.

Then, Zhuang Fei, who had the eye of space, gave him another cross-empty order, and then Ye Xuan sent Ye Xuan to the northern site.

This time, he not only got the news, but also got a little swallowing point, which is not bad.

In the next plan, he just wanted to see if he could grab the keel, so that the reincarnation would not be able to understand the corpse.

Hu Xinger also began to act, accepting the masters from the Eastern Territory, and began to pressure the reincarnation and occupy his territory.

"Little Master, do you want to break through directly? In this case, we will not be afraid of anyone other than the returning sage."

The tree suddenly proposed.

This issue, Ye Xuan also considered.

He is now a four-wheeler. As long as he devours everything, he can break through to the six-wheeled, and the old and the sacred kings can at least get to the top.

In this way, they can almost run in the runner battlefield or even the entire reincarnation.

"Okay, but after the breakthrough, the number of times you appear will be reduced." Ye Xuan said to the old tree and the bones of the king.

"know."

The tree nodded old.

"If that's the case, then come on!"

Ye Xuan did not hide it, and directly hid the old tree and the bone king to the planting space, and then swallowed it wildly.

Chapter 1534: The eyes of Vientiane

"Hey, the host breaks through, and it's currently five times!"

"Hey, the host breaks through, and it's currently six-wheeled!"

"Hey, the spirit of the Ashes breaks through, and the current turn is sevenfold!"

"Hey, the spirit of the Ashes breaks through, and the current round is eight!"

"Hey, Megatron's breakthrough, the current round is seven!"

"Hey, Megatron's breakthrough, the current round is eight!"

"Hey, the king of the bones breaks through, and the current round is seven!"

"Hey, the king of the bones breaks through, and the current round is eight!"

After a series of eight system sounds, Ye Xuan's realm skyrocketed to the six-wheeled environment. Now, he is afraid that even the strong players who are turning round will not be afraid.

As long as he finds the reincarnation, he will directly release the old tree and the skeleton king, and then use the big move to kill him.

However, before this, the old tree and the skeleton king could not come out to fight, because their realm is too high, and it is easy to be discovered by the eyes of Vientiane.

As for Megatron, it is only a weapon, there is no breath, but it can come out to fight.

"That life and death canyon has been explored, but it is far from the big battle, and the other side is to send the keel to the life and death canyon..."

Thinking of this, Ye Xuan is a direct action, directly breaking the void back to the place where he met several people in the day, and then rushed to the death valley.

With his speed, it is estimated that the life and death canyon can be reached in one day.

However, the road is not so smooth.

"Ok?"

Ye Xuan's footsteps suddenly jumped in the footsteps, and he felt a strange energy on his head.

He looked up and found that there was a cosmic eye that was condensed and staring at himself.

"Ha ha ha, it is you, look for death!"

The eyes of Vientiane came out with a hearty laugh, and Ye Xuan listened and immediately enjoyed it.

It turned out that it was the eyes of Vientiane who attacked He Yuhong and others on the same day, but it was only eightfold.

Not waiting for Ye Xuan to open, he is using the power of Vientiane to attack Ye Xuan.

"Is the area round and round, and dare to come to me?"

Ye Xuan does not say anything, raising his hand directly is a sword.

"call out!"

The flames of the sword broke through and hit the eye of Vientiane. After the violent tremor in the eyes of Vientiane, it collapsed directly.

Spike!

Not to mention the eyes of Vientiane coming across the air, even if this person's deity comes, I am afraid I can't stop this trick.

Before Ye Xuan was passively encountering the eyes of Vientiane, then he had to take the initiative.

"Now I also have a cross-over space, maybe I can trace this person!"

Ye Xuan's eyes lit up and immediately observed with the eyes of the insight, and found that there have been some changes in the surrounding world.

"north!"

After observation, Ye Xuan found some clues.

This cross-space Vientiane is actually using the power of Vientiane to spur the surrounding heaven and earth to condense into the eyes of Vientiane.

The eyes of Vientiane are actually related to the deity. The average person can't find it, but Ye Xuan has an insightful eye and is directly aware of it.

Not waiting for Ye Xuan to leave, this Vientiane eye will appear again.

"Miscellaneous things, I..."

Ye Xuan did not wait for him to finish, he shot directly and defeated the eyes of Vientiane.

Then, he ran a few more steps, and it was a Vientiane eye. But before he opened it, he was directly defeated by Ye Xuan.

After these several times of Vientiane, Ye Xuan can determine the position of the other party.

"Let me see, where are you!"

Ye Xuan's flash of light flashes directly to the skills he has just learned.

The eye of Vientiane!

In his place more than an hour away, suddenly there was a Vientiane eye.

In the eyes of this Vientiane, it is a mountain range. Ye Xuan, through the eyes of Vientiane, saw that there was a breath coming out of the mountains.

"Got you!"

Ye Xuan's eyes lit up and attacked directly.

"Hey!" "Hey!" "Hey!"

The eyes of Vientiane began to bomb the mountains.

When the person in the mountain heard the movement, he no longer condensed the eyes of Vientiane to pursue Ye Xuan, but went out to see it.

The next moment, he was shocked.

The eye of Vientiane?

He has a cross-altitude in his own camp, but he knows it. However, this Vientiane eye is extremely strange, apparently an enemy.

Not waiting for him to open, Ye Xuan is a direct attack.

"Hey, look for death!"

The man snorted and directly defeated Ye Xuan's Vientiane Eye.

However, Ye Xuan did not reunite the eyes of Vientiane, because his purpose has been achieved.

Death killing order!

This man has already been ordered to kill him by death. At the same time, Ye Xuan is also coming to this side.

"This man is a reincarnation, perhaps knowing where the reincarnation is..."

Ye Xuan thought in his heart.

He is ready to kill the man, then capture the other's eyes of Vientiane, and then search the soul.

The wheel is eightfold and has the eyes of Vientiane, so it is also a high-rise, so Ye Xuan feels that he is very likely to succeed.

At this point, the man still does not know that the eye of Vientiane is Ye Xuan, he is investigating the environment around him, but it seems that only Ye Xuan is nearby.

"Is this kid?"

The man's heart trembled.

There was only Ye Xuan around, and Ye Xuan was rushing towards him at this time, and it was easy to be suspected.

"This kid can actually defeat my eyes of Vientiane many times, but it is somewhat resistant..."

After thinking about it, the man greeted Ye Xuan.

The two men walked opposite each other, and Ye Xuan made a death killing order on the other side. In less than half an hour, the two met.

"Kid, what are you coming to?"

After seeing Ye Xuan so calm, the man could not help but ask.

"Do not talk nonsense, fight!"

Ye Xuan is also nonsense, directly shot.

"call out!"

The flames of the sword are gone, and if this attack is on the man, it can definitely make him hit hard.

However, this man's strength is not simple, but also has the eyes of Vientiane, even if he does not escape this sword, he has the ability to defeat it.

It is a pity that Ye Xuan is now adopting a quick-fix strategy. After the man escaped his burning sword, the old tree and the skeleton king suddenly appeared on his left and right sides.

"what?"

The man's eyes widened, and he did not realize how the tree and the skeleton king appeared. Before he could react, the tree had already flashed a remnant flame behind him.

The old tree is already eight-wheeled and has a strong attacking power. His attack is probably stronger than Ye Xuan.

"Hey!"

The man's back was hit hard and the whole person flew forward, but it quickly stabilized.

Only, the king of the bones has been killed.

The man's face was gloomy and quickly retreated, but at this time the skeleton king suddenly extended his left hand.

Chapter 1535: Destroy the door

The grip of the Hades!

A strange force wrapped the man's body, forcing him to quickly lean toward the skeleton king.

"not good!"

The man's heart trembled and hurriedly used the power of Vientiane to attack the Skeleton King, and it exploded through the hard armor of the Skeleton King.

"Hey!"

The sacral king gave a muffled sound, but this attack was really pediatric for him.

As long as the physical injury does not exceed four-fifths, the system will not judge him as a death. He who has the blood of the undead can immediately recover his injury.

The man who was pulled to the king of the cheekbones was attacked by Ye Xuan, Shu Lao and the bone king, and instantly fell.

Of course, Ye Xuan deliberately saved the man's eyes of Vientiane.

Eight rounds of strong players, were killed by three people!

After the death of this man, Ye Xuan quickly put away the eyes of Vientiane and the Qiang Kun ring, and then hid the old three trees into the planting space, and then left empty.

Both the old tree and the sacral king are all eight-wheeled, and suddenly appear, I am afraid that it will attract attention.

Sure enough, shortly after Ye Xuan left, there was a Vientiane eye in the sky. This time, what Ye Xuan had seen was the Gao Yunlong who was revered by His Holiness.

It is also him who controls the half-bone dragon and kills the filming team of the reincarnation to kill the film.

"Is it wrong?"

This Gao Yunlong patrolled the circle with Vientiane, but did not find anything, and immediately left again.

At this point, Ye Xuan has moved away from this area and is hidden.

"Oh, the host has swallowed a Vientiane eye, and the power of Vientiane has increased!"

"Oh, the host has swallowed a Vientiane eye, and the power of Vientiane has increased!"

After the eyes of the two Vientiane were swallowed up, Ye Xuan felt that his strength had improved, and the distance across the sky had increased. It was not bad.

The man's body was also collected by him, just as he could use the eyes of the soul to search for this person's memory.

However, in the realm of the six-wheeled environment, it may take a lot of time to search for this eight-wheeled corpse, but this is also a no-brainer. After all, Zhuang Fei's cross-space order is rather rare, and it is not easy to do so. use.

This memory search took a full two days.

Two days later, although Ye Xuan did not find what he wanted, that is, the position of the reincarnation, he found another point.

"The first master of the reincarnation, Gao Yunlong, is usually near the reincarnation. Unless something strange happens, he will not leave..."

Ye Xuan thought in his heart.

It seems that the cycle of reincarnation is likely to be the retreat of the reincarnation.

However, this reincarnation is a long way from him, it takes about ten days, and there is no transmission in the middle. It is not so easy to want to go.

"The landlord gave me a lot of cultivation resources. I also broke through to the six-wheeled environment. Together with the spoils two days ago, I am almost ready to break through. It's better to wait until I break through to the next round. go with....."

Ye Xuan is planning.

The old tree and the sacral king are also about to break through at this time. As long as they break through to the nine-fold situation, then what reincarnation will break through the immortality, it is estimated that they can not afford the big waves.

At the moment, Ye Xuan carefully planned it and made an upgrade route. This route is the road to reincarnation. There are many forces on the way that can be used to break through.

Then he started directly.

Since he was able to pass the air over the air, he reported the progress to Hu Xinger and also learned some news.

The reincarnation of the city owner was really degraded. This news was brought by the eye of the Vientiane who was reincarnation of the Lord. It was said that the reincarnation of the city was an unknown toxin, and he died after half a day of retreat.

After Hu Xinger heard the news, he couldn't help but shudder.

What kind of poison is it that can poison the reincarnation of the reincarnation?

You must know that the reincarnation of the city owner has already entered the immortality with half of his feet. The body is full of vitality, and the general poison can not kill him.

However, the body of this reincarnation was also taken away. The eyes of the reincarnation were also estimated to fall into the hands of the reincarnation, and naturally it is impossible to know what happened.

"Although I have only had a few relationships with the reincarnation of the city, he has a good relationship with the owner, and he has helped the reincarnation. This hatred, I reported it for him!"

Ye Xuan thought in mind, is to leave directly.

This time, he knows where the reincarnation is, but before the battle with the reincarnation, it is best to solve the most powerful Vientiane Eye Gao Yunlong.

It is also simple to want to lead this high cloud dragon, that is, to directly expose the whereabouts, let this Gao Yunlong find it himself, and at that time, Ye Xuan can open the killing.

Ye Xuan, who has already made a decision, quickly went to a nearby power. This time he did not hide it. He directly called out the old tree and the skeleton king.

"kill!"

This power is a sect. There are many disciples in the door. After seeing the red light flashing from Ye Xuan and the tree's old eyebrows, they immediately greeted them in groups.

"It is the enemy, kill!"

"The old man is a bit of a turn, and inform the Lord quickly!"

"Four elders, join me!"

This sect has been relocated in recent years. Although there are not many people, there are also eight strong players in the door.

It's a pity that the current Ye Xuan's turn to the wheel is not afraid of the nine-fold situation.

Although the words are like this, but Ye Xuan still has to be quick and quick, after all, there may be a vicious eye to come to disturb his good deeds.

If it is in other places, Ye Xuan will not do the sectarian sects, but this is in the battlefield, and after seeing them in this sect, all of them are as crazy as they are, and they come together to die.

Just right, Ye Xuan likes to fight in groups and directly open the feast of killing.

In his realm, even if he is a ninth-strong player, it is not so easy to take up his attack. As for the eight-pointer, he will only be killed.

"Hey, the host's killing value is improved!"

"Hey, the host's killing value is improved!"

"Hey, the host's killing value is improved!"

The system reminds you of the sound, and at the same time, the increase in the killing feast is also increasing.

10%...20%...30%...double...

Within ten seconds, the sectarians who have turned the wheel to the top five are all degraded, and there is no one left.

Ye Xuan, also fully received a sectarian inheritance, harvesting Shuofeng.

It is a pity that he is still a little bit worse before he can break through to the seven rounds.

However, there are still three weak strengths between this sect and reincarnation. It seems that his breakthrough is a matter of course.

Chapter 1536: Eye of space

"go!"

After destroying this sect, Ye Xuan quickly hid the old tree and the sacral king into the planting space, and then let himself and Megatron begin to separate.

Soon after they left, there was a Vientiane eye in the sky.

"what happened?"

At the eyes of Vientiane, a virtual shadow was condensed. It was the Gao Yunlong that Ye Xuan had seen. He couldn't help but feel surprised when he saw the blood of this sect.

"It's a manager!"

When the sectarian disciples saw it, they immediately saw the savior and told the story directly.

"In ten seconds, did you destroy a sect?"

Gao Yunlong felt incredible.

If he is allowed to come, the sect can be destroyed within ten seconds, but the group of disciples are talking about the enemy camp.

How could it be that some masters have mixed into their territory and have not been discovered by him and other managers?

"Is it just after I left..."

Gao Yunlong's eyes glimpsed, and then the phantom and the eyes of Vientiane dissipated between heaven and earth.

At this time, Ye Xuan is heading north, he has not yet gone, Gao Yunlong is catching up.

"This breath... is Gao Yunlong."

Ye Xuan immediately responded and stepped in.

On that day, there were three managers in the abyss of death. The three managers came from three camps, and then they joined forces to kill the bone dragons who had turned to the top of the mountain.

This Gao Yunlong is one of them.

Ye Xuan saw his attacking power at that time, but at that time he only turned his wheel. He was very shocked at the time, but now he is already a six-wheeler, and the old and the bones of the king and the Megatron are also It is a round of eight-wheeled, enough to deal with this high Yunlong.

Of course, here is the deity.

It's just that Gao Yunlong's eyes across the sky are not afraid.

"who are you?"

The shadow of Gao Yunlong is condensed, and his eyes fall on Ye Xuan's body.

Because Ye Xuan was killed when the bone dragon was killed and the eyes of Gao Yunlong and the reincarnation of the reincarnation were defeated, Gao Yunlong did not know Ye Xuan.

"and who are you?"

Asked about Ye Xuan pretending not to know.

"Even I don't even know, I dare to enter my site and find death!"

Gao Yunlong did not say anything, attacking Ye Xuan.

"Hey!"

Ye Xuan had a violent explosion at the place where he was, but before that, he had left the place and returned.

In the sky, another Vientiane eye was again condensed, and Gao Yunlong's Vientiane Eye was confronted.

"Hey!"

Gao Yunlong's Vientiane's eye was attacked, which made him a little surprised.

Ye Xuan, there is even the eye of Vientiane.

However, due to the close distance, he did not know that Ye Xuan also has the ability to cross the air.

"A little bit resistant!"

Gao Yunlong did not agree, continued to attack, directly defeated Ye Xuan's eyes of Vientiane, using only one hit.

The first person in the reincarnation of the Supreme Master is really extraordinary, just the eyes of Vientiane, I am afraid that it has the ability to kill the eight-strong powerhouse.

However, Ye Xuan is not so easy to deal with.

"The killings broke out!"

"burning the sword!"

Ye Xuan was holding a red sword and personally shot.

At the same time, Megatron has already killed it. Even if this Gao Yunlong is powerful, it is estimated that it is impossible to kill Megatron, who has the blood of the undead.

Starting Gao Yunlong also underestimated the strength of Ye Xuan, but as time went by, he couldn't help but feel unbelievable after he found out that he couldn't help Ye Xuan.

Recently, he has gotten a lot of good things. He has already cultivated to the top of the nine-fold peak of the revolving round. Even if it is a cross-over, it will be enough to kill the eight-strong powerhouse.

However, now, even Ye Xuan's six-wheeled turn can't cope.

"I remember, you should be the first manager of this northern camp, but the strength does not look good."

Ye Xuan couldn't help but start to ridicule.

Although only three seconds from the battle to the present, but in three seconds, his attack was all defeated by Gao Yunlong, and Gao Yunlong's attack did not hurt him, so he hit a close match.

"If you say this in front of me, you are already a dead body!"

Gao Yunlong's cold voice fell in Ye Xuan's ear, and the latter couldn't help but continue to laugh at him: "But your deity is not here, isn't it? There is the ability to come in person!"

"as you wish!"

After Ye Xuan heard this, his body trembled slightly.

Gao Yunlong was able to say such a thing. What is the situation?

It's hard to be done, Gao Yunlong is nearby?

"Come on, how is the deity coming, as soon as you appear, I will kill you!"

Ye Xuan's eyes can't help but blast two brilliant men. His purpose is to kill the Gao Yunlong first, then break through to the seven-wheeled environment, and then search the soul to find out the reincarnation to kill him.

In this way, the place of reincarnation is the world of Hu Xinger.

However, the next moment, Ye Xuan was shocked.

I saw that Gao Yunlong's eyes of Vientiane suddenly had another eye.

This time, it is not the eye of Vientiane, but the eye of space that Ye Xuan once saw.

how is this possible?

Not waiting for Ye Xuan to react, the eye of this space suddenly splits a gap, and then a young man emerges from it.

The reincarnation of His Holiness, there is still a master with the eyes of space.

This person is a nine-wheeler!

"Qiu Feng, grab him, I want to live!" Gao Yunlong said to this person.

Ye Xuan looked at the young man named Qiu Feng and felt incredible. He rushed to the sound of the fall and reported it to the reincarnation fox Hu Xinger.

In the information Hu Xianger gave him, there is no explanation for the master of the eyes of the reincarnation.

Although Zhuangfei also has the eye of space, he is the blood of the fox that has changed. The average person must be able to get it in the eyes of the heavenly beast.

However, after Ye Xuan saw this person, the corner of his mouth was hung with a strange smile.

Now he has the eyes of Vientiane and the eye of death. If you swallow the eyes of this space, there are three kinds of eyelids, and by then, he will get a reward.

Moreover, the eyes of this space have their own advantages compared to the eyes of the void. If Ye Xuan can get it, it may be convenient.

But for now, let's talk about Qiu Feng, who has the eye of space.

This Gao Yunlong is also very confident. After dropping such a sentence, it disappears directly.

Next, only Ye Xuan and Qiu Feng are left.

This Qiu Feng did not know what Ye Xuan did, but Gao Yunlong asked him to give birth to Ye Xuan, and he still had to complete this order.

He is also nonsense, directly rushing to Ye Xuan, ready to take Ye Xuan down, directly to the gap to hand over to Gao Yunlong.

Ye Xuan originally wanted to find Gao Yunlong's place. Now, as long as he kills Qiu Feng, it is estimated that he can find it.

Chapter 1537: Desire

"The tree is old, ribs, there is a fight!"

Ye Xuan said nothing, directly summoned the old tree and the bone king.

In an instant, it turned into a four-on-one!

After Qiu Feng felt the other two breaths, his figure suddenly trembled.

Remnant flame!

The old man took the lead and flashed behind the back of Qiu Feng, then punched.

"Huh!"

The old fist of the tree did not hit Qiu Feng. To be precise, he did not hit anything.

Through the sharing of vision, Ye Xuan saw the old tree punch in the black hole space.

The eye of space, with the ability to control space, not only can tear space to fight, but also defense.

When the tree was still shocked, the crack in the space suddenly closed.

"Hey!"

The space crack is closed, and half of the old hand of the tree remains in the space crack.

Space cracks are almost the strongest attack.

The strongest of the heavens can tear the space, even if there is no space for the eyes, so it is very powerful.

It seems that this Qiu Feng is probably not so easy to solve.

However, Ye Xuan is overestimating this Qiu Feng, and the ability to tear the space is only a few times.

The old attack of the tree is not weak. If Qiu Feng does not use the card, I am afraid that it will be at least seriously injured, and then the next battle will be passive and directly killed.

It has been two days since the last battle with the eyes of Vientiane, so the grip of the sacral king can be used.

In the old attack of the tree, he straightened his hand, grabbed Qiu Feng, and then pulled it.

After Qiu Feng felt this irresistible force, the light flashed, and the door of space was opened directly in front.

The other end of the door to this space is behind the king of the skull.

"Flash punch!"

Qiu Feng slammed his right hand and hit the back of the skeleton of the cheekbones. In an instant, the hard rock armor of the skeleton king was broken.

This punch, combined with the ability of the eye of the space, although there is no tearing space, but the power is not small, directly to the body of the skeleton of the bones.

Unfortunately, this damage can reach less than four-fifths, which means that the skeleton king can not die.

At the moment, the blood of his undead phoenix is playing the role and quickly repairing the injury.

Torn the space, Qiu Feng can only use a few times, the first time across the air, the second time to block the old attack of the tree, the third attack on the skeleton king.

Right now, he can only use it twice, and after two times, he will catch Ye Xuan. It is estimated that he can only use his feet to travel. After all, the use of space is a matter of effort.

Philip became his fatal wound.

Not waiting for him to shoot again, Ye Xuan and the tree have already launched an attack.

When he had to, he used the eye of space again, but this time there was no room for tearing, but another way to defend.

Twist the space!

Ye Xuan's burning sword smashed away, and when he was about to hit Qiu Feng, he was suddenly bounced off by a strange energy.

The angle of burning the sword is directly offset by thirty degrees.

The same is true of the old tree. A fire fist has passed and the arms have been impeached. It is really a **** of a hit on his left shoulder.

"The eye of space is really amazing!"

Ye Xuan eyes a glimpse.

This Qiu Feng is the ability to use the eye of space to distort the space around him. The general attack cannot be broken.

As early as before, he had already marked this Qiu Feng with the death killing order. That Gao Yunlong could not be marked because it was not the deity.

However, he now sees that the assassination of the eye is not available.

This means that the eye of the assassination cannot pass through this layer of distorted space and come to the back of Qiu Feng, even the old flame of the tree.

At this time, Ye Xuan suddenly felt that the space around him began to distort. This is the eye that Qiu Feng used for his space and trapped Ye Xuan.

"Oh, do you trap me first?"

Ye Xuan suddenly understood.

Just now, Qiu Feng once again used the ability of the eye of space, and then broke open the space and came to Ye Xuan.

He also had the ability to break open the void, just to go back with Ye Xuan.

Originally, Ye Xuan wanted to put the old tree and the skeleton of the bones together, but he thought about it.

Gao Yunlong is not trying to catch him. Now Qiu Feng can just catch him in the past. Isn't it right?

"go!"

Qiu Feng still doesn't understand Ye Xuan's plan, directly locks Ye Xuan's throat, and then quickly breaks open a door to the air and drills in.

At the same time, the tree old and the bone king and Megatron have been included in the planting space by Ye Xuan.

Although the assassination of the eye and the remnant flame can not be used, but the income still does not affect.

In addition, the special positioning of the void can also be used. If Ye Xuan Fang wants to leave, he can also break open the void directly, send it to the tree old and the bone king, or leave directly.

At this time, Ye Xuan had been forced by this Qiu Feng to cross the door of the air. At this moment, he came to a cave house.

Just passing through the door of the air, Ye Xuan felt a strong breath.

The turn of the wheel is nine!

Moreover, it is still the peak of the nine rounds!

"Gao Yunlong, finally found you!"

Ye Xuan flashed, looking at the figure in front, directly using the death killing order.

After Qiu Feng seized him, he really took him to Gao Yunlong and handed it over to Gao Yunlong.

Not waiting for Gao Yunlong and Qiu Feng to react, Ye Xuan summoned the old tree and the bones of the bones, and then, with a wave of hands, there were ten bodies.

"Death will!"

"Death gaze!"

The next moment, Qiu Feng's body began to decay quickly. At the same time, the ten bodies on the ground suddenly turned up.

These ten bodies are at least the seven realms of the reincarnation. There are also a few rounds of the eight-wheeled squad. Among them are the enemies that Ye Xuanyuan killed, and the enemies that Hu Xinger sent before.

These ten bodies were affected by the will of death and became the corpse.

This skill of death will appear after Ye Xuan has swallowed the eye of death. The skeleton of the skeleton can be rehabilitated and unrestricted to resurrect the body lower than his realm. If the corpse of the same level is resurrected, it will consume the water of the soul.

The death gaze is Qi Xuanyue's trick. This single stroke consumes a lot of soul water, which causes the increase of the soul's elegy to drop by 5 percent.

Coupled with the resurrection of the will of death, the increase in the elegy of the soul is only 20%.

However, this move was unexpected, and Qiu Feng had not reacted yet, and his head was first turned into a fly ash, and he died in an instant.

In this way, there is another body with a nine-wheeled body!

"Hey, the host's killing value is improved!"

A system prompts to sound, which means that Qiu Feng is really degraded.

Chapter 1538: Eye of devour space

Fortunately, Ye Xuan saved the eye of his space before this. At the moment, Ye Xuan quickly took the eyes of the space and the other party's shackles.

"Hey, the host breaks through, and the current turn is sevenfold!"

"Hey, the spirit of the Ashes breaks through, and the current round is nine!"

"Hey, Megatron's breakthrough, the current round is nine!"

"Hey, the king of the bones breaks through, and the current round is nine!"

This is just a reminder of the upgrade, not yet finished.

"Hey, the host has swallowed the eye of a space!"

"Hey, the host has swallowed the eye of a space!"

"Oh, the eye of space has been copied into the catalogue of eyelids. There are currently three types, the eyes of Vientiane, the eye of death, the eye of space!"

"Hey, the system rewards the host celebrity advanced!"

Sure enough, the reward for this eyelid catalogue is an advanced fairy, which Ye Xuan had already speculated before.

At this time, he swallowed a pair of space eyes, but also mastered some space means.

For example, twisting space and tearing space.

The twisted space is the same as Qiu Feng. It can be used for defense or for trapping people.

As for the tearing space, the distance is much smaller than the door of the void, but it is very practical when used in battle.

Before Ye Xuan also used the void positioning to place traps on the enemy, and then he sneaked with the eye of the void. Now that he has the eye of this space, he no longer needs to do this. As long as he is nearby, he can directly tear the space and attack the enemy. The back.

Of course, this tearing space consumes a lot of power. Ye Xuan estimates that it can only be used two or three times, but this is enough.

At this time, Qiu Feng has died, and the appearance of Ye Xuan three people, so that this high Yunlong scared one.

"Qiu Feng was spiked?"

Gao Yunlong's eyes widened and he did not believe it.

Before he let Qiu Feng seize Ye Xuan, and then sent him here, Qiu Feng also did it, but at first glance, Ye Xuan used the trick of wanting to swear, not only succeeded in finding him, but also took the opportunity to kill Qiu Feng.

"What the **** are you?" Gao Yunlong asked subconsciously.

"Kill you!"

As before, Ye Xuan did not intend to use this Gao Yunlong nonsense to directly issue an order attack.

Suddenly, the old tree, the skeleton king, Megatron and eleven bodies directly attacked.

The reason why Ye Xuan does not let the sacral king attack Gao Yunlong with death gaze, is also because this Gao Yunlong may have reached the peak of the turn of the wheel, and that Qiu Feng is only the beginning of the nine-fold turn, it is better to kill.

The success rate of killing Qiu Feng is much higher than the success rate of killing Gao Yunlong. After killing Qiu Feng, Ye Xuan and others have successively broken through. In the face of this Gao Yunlong deity is not afraid.

Has broken through to the nine-fold scorpion king and tree old, and left and right to the Gao Yunlong plunder.

In addition, Qiu Feng's headless body and ten other bodies were also directly attacked.

"I just want you to kill me?"

Gao Yunlong screamed, and the body rushed out of the body, directly condensing an invisible protection around the body.

This layer of defense's defensive ability is no worse than Qiu Feng's distorted space. After all, Gao Yunlong is the pinnacle of the turn of the wheel, and has the eyes of Vientiane, the strength is not the same.

It is a pity that at this time, the old tree and the bones of the skeleton have broken through to the nine-fold situation.

"Hey!"

A muffled sound spread, Gao Yunlong's defense was directly attacked by the skeleton king, followed by the old flame attack.

"boom!"

The old fist of the tree lie behind Gao Yunlong, so that the latter can not help but lean forward.

At this time, the sacral king can actually use the death gaze directly, but the use of a dead gaze consumes too much water in the soul, and once it loses 5 percent, so Ye Xuan did not let him use it.

To deal with a Gao Yunlong, you must use the card, then what about dealing with the reincarnation?

Hold the card, keep it!

The attack of the old tree and the skeleton king has been completed. Next, it is the eleven warriors of Qiu Feng.

"Take me all!"

At this time, Gao Yunlong's glimmer of light flashed, and the pair of eyes suddenly spread all over the blood, and then, a powerful force of Vientiane emerged from his body.

"boom!"

This Vientiane force spread rapidly and slammed into the old tree and the bones of the bones. Qiu Feng and other war corpses were not spared.

"Hey!" "Hey!" "Hey!"

A muffled sound spread, Ye Xuan rushed to use the twisted space, blocking this impact.

As for the war corpses that he had resurrected the sacral king, all but Qiu Feng exploded.

A strong attack!

This move, even Ye Xuan, who has an eye for insight, has not been able to see through. It does not seem to be a supernatural power, but a certain application of the eyes of Vientiane.

In the heart of Ye Xuan's heart, in order to prevent it, he resurrected a lot of high-level war corpses. The increase in the elegy of the soul has dropped from 30% to 20%. 10% increase.

Now, it was ruined by this Gao Yunlong.

At this time, Gao Yunlong's face was gloomy, knowing that he was hard to win over Ye Xuan and others. After the earthquake flew the old tree and the skeleton king, he immediately vacated and prepared to forcibly break through and leave here.

This time, Ye Xuan does not intend to show mercy.

"ribbons, come on!"

Ye Xuan suddenly gave an order to the king of the bones. Then, the king of the cheekbones directly waved the sword of the sky, and a dark gray sword was thrown at Ye Xuan.

Broken sky flow rock!

This trick is the combination skill of the Scorpio King and Megatron. Although the power is not strong, the effect is terrible.

In the face of this move, Ye Xuan's eyes suddenly flashed a bit, and then directly consumed a lot of force to tear a large space crack.

"call out!"

The broken sky flow rock smashed into the crack of this space, and finally pulled out from the back of Gao Yunlong.

"Hey!"

Gao Yunlong's back is in the middle of the game. In the blink of an eye, he is like a heavy turtle shell, and he is petrified in an instant.

"How....."

Gao Yunlong's eyes widened, and he's not paying attention to the twisted space of Ye Xuan. But now, he actually saw Ye Xuan also has the eye of space. How is this possible?

However, he has no time to think about it.

No, to be precise, he has no ability to think about it, because the degree of petrification has climbed to his brain, and although he has a huge scent of life, he cannot resolve the petrochemical power.

If the king of the bones is only eight-wheeled, he may still have a glimmer of life, but the king of the skeleton is a nine-folder, so he cannot survive.

"Hey, the host's killing value is improved!"

When a system prompts the sound, Ye Xuan is quickly swept away, and the Gao Yunlong's Qiankun Ring and Vientiane Eye are put away.

Chapter 1539: Reincarnation

"Oh, the host has swallowed a Vientiane eye, and the power of Vientiane has increased!"

"Oh, the host has swallowed a Vientiane eye, and the power of Vientiane has increased!"

This Gao Yunlong's Vientiane Eye has been in existence for thousands of years. After thousands of years, he has a deep understanding of the eyes of Vientiane, so his power is very strong.

After Ye Xuan swallowed the eyes of Vientiane, he felt that his power of Vientiane had improved a lot, and even the distance has increased. It is probably a distance of three days.

This is already very unbelievable for him who is the runner-up. Because the young man who was first killed by him on the same day, the distance between him and his distance is simply a small witch.

However, there is one more important thing at the moment.

"The eyes of Vientiane's Vientiane are near the reincarnation, and it is hard to be here..."

Ye Xuan's light suddenly flashed, and the base of the life and death disk was taken directly from the swallowing space.

"Hey!"

The base of the life and death disk just appeared, which is a fierce tremor. This means that the reincarnation is nearby.

found it!

"Finally found you, reincarnation!"

Ye Xuan and his sister, quickly left the cave, and when he went out, he found himself at the foot of a mountain.

Sure enough, here is the reincarnation!

The reincarnation is very high, and with the perception of Ye Xuan, it is still impossible to sense the peak.

And this life and death disk base, but there is a tendency to fly upwards, if it is not Ye Xuan holding it, it is probably going to heaven.

Reincarnation, just after the reincarnation!

"go!"

Ye Xuan said nothing, directly vacated and plunged into the reincarnation.

At the same time, an old man in the reincarnation suddenly opened his eyes, this person is the reincarnation.

At this time, in his heart, suddenly there was a strange feeling, like a deja vu. When he was surprised, there was just one person who entered his spiritual range.

"There are seven runners, who?"

Reincarnation of the eyes of the Lord.

He clearly told Gao Yunlong that no one is close to the reincarnation, but now, how can there be a seven-wheeled boy who appears here?

Fortunately, he has already cleared the border. Otherwise, he will attack directly and kill the person.

Soon, there was a figure in his eyes. After he saw the things in his hands, he suddenly realized.

"Base?"

The reincarnation responded, and the young man found him by the base of the life and death disk.

However, why would anyone do this?

He remembered that the base of the life and death disk was abandoned by him in the Chiyan Mountains.

He set his sights on the young man and found that he had seen the young man and was outside the Red Flame Mountains.

At that time, he was robbing the reincarnation of the reincarnation with the reincarnation and the reincarnation fox, and then was defeated by the reincarnation of the lord and the reincarnation fox.

At this time, this kid was also there, but he was only a long-lived place at the time, but now, it has reached the top of the turn!

"how is this possible?"

The reincarnation of the revered eyes widened and looked at the young man in front of him. In just a few months, he broke through from the long habitat to the seven-wheeled, and even the reincarnation could not.

The young man in front of him is the Ye Xuan who came across the base of the life and death disk.

After seeing the reincarnation, Ye Xuan's mouth was slightly tilted, but his eyes were not so confident at this time, because the reincarnation in front of him was much stronger than Gao Yunlong.

I am afraid that this round of returning people has already broken the shackles of the reincarnation and achieved the immortality!

But what about that?

Ye Xuan's eyes sighed and asked: "Are you a reincarnation?"

Although he can be sure, he still can't help but ask.

"who are you?"

The reincarnation asked the frown.

At this moment, he did not put Ye Xuan in his eyes. After all, Ye Xuan was only a seven-wheeler.

Don't say that the turn of the wheel is seven heavy, even if it is in front of him, it is like a cockroach.

But what he didn't know was that Ye Xuan had just smashed him to the next general at the foot of the mountain.

What is strange about him is why Ye Xuan has a base of life and death, and he can find it.

"Who am I, it doesn't matter."

Ye Xuan shook his head and said: "I didn't expect you to break through to the invincible situation. It seems that it is the reason why the semi-destructive keel."

"Do you know?"

The reincarnation listened to it and was very stunned.

How can Ye Xuan know that he has gotten the undead keel, is it difficult, is it the rest of the Baihu Villa or the reincarnation city?

However, now he has broken through, no one can threaten him in the entire reincarnation, even the strongest reincarnation fox does not work.

"Yes, I extracted an inexhaustible blood in the semi-unscientific keel. After successful refining, I broke through to the indestructible."

The reincarnation of the Supreme does not evade, directly telling the truth.

He relied on this drop of inseparable blood to successfully break through the indestruction.

The invincible strong man has an immortal body, although his physical fitness is extremely powerful, it is extremely difficult to repair.

However, the invincible strong can condense the inexhaustible blood, even if the whole body is turned into nothingness, it can also be revived by this indestructible blood, which is a strong place for the invincible strong.

However, this drop of blood is extremely difficult to condense, not everyone can condense it.

"Sure enough, it has not been destroyed..."

After hearing the words of the reincarnation, Ye Xuan could not help but tremble.

There is a big gap between the revolving and the indestructible. It is not so easy to kill an invincible.

Moreover, this round of returning people still has a drop of indestructible blood, which means that even if the reincarnation is degraded, he can resurrect himself.

At the moment, Ye Xuan is sweeping through the eyes of insight, but can't see through the reincarnation.

It seems that this time the bottom card is out!

"Kid, how do you know that you can find me with this?"

At this time, the reincarnation can't help but ask.

"On the day you appeared outside the Red Flame Mountain Range, and the reincarnation of the lord, the reincarnation of the fox robbed the reincarnation of the will, and was jointly defeated by the two afterwards. After you left, the base of this life and death disk was unearthed and was obtained by me."

"Next, when you were in the cemetery of the Xuanyue, you appeared again, letting the base of this life and death tremble, so I guessed that this thing should be related to you."

"I guess, you should be the body of life and death?"

Ye Xuan said slowly.

After listening to it, the reincarnation of the reverent can not help but reveal a look of horror, I did not expect, Ye Xuan actually guessed so accurately.

"Yes, I am coming from the birth and death of the body, you can guess, it is a bit of a skill."

The reincarnation of the Lord nodded and admitted.

Chapter 1540: war!

"If this is the case, then I will return you to the original shape today!"

Ye Xuan said, it is to take the base of the life and death disk, the eyes of the murder.

"kill me?"

Reincarnation is a bit unclear about the situation. A reincarnation of the seven strong players, it is a miracle to break through the investigations of those managers, and even dare to threaten to bring him back to the original shape, it is really a newborn calf not afraid of tigers, looking for death!

Just right, after he broke through to the undead, he learned a trick and could try Ye Xuan.

At the moment, he has gathered a reincarnation eye on his head.

The reincarnation of the reincarnation also has the eye of reincarnation, but the two of the reincarnation of the city may have been refining, so his reincarnation ability is very strong.

Ye Xuan's eyes glimpsed, looking up at the eye of the reincarnation. The next moment, he saw the eye of the reincarnation suddenly flashed.

"A look at the cycle!"

This trick is the trick to comprehend after the reincarnation of the revered, who is reincarnation.

"Hey, the reincarnation tries to reincarnate you, do you agree?"

A system prompts to sound, but I am scared of Ye Xuan.

He was only stunned by the eyes of the reincarnation, but he was able to reincarnate?

"Refuse!"

Ye Xuan shuddered and hurriedly answered.

What kind of joke, he finally climbed to the realm of the present, can you reincarnate?

What's more, after the reincarnation, is there a super swallowing system?

Reincarnation saw Ye Xuan's calm appearance, could not help but frown, and sighed in his heart: "Don't this trick have been practiced?"

What he didn't know was that if the average person had this trick, I am afraid that it has turned into an unconscious body, and the soul has reincarnation.

Ye Xuan also scared a sweat, but fortunately the super swallowing system prompted him, otherwise he would be in trouble.

This round of returning, the means of the yin is really not bad!

This time, Ye Xuan is no longer nonsense, and directly shot.

"The killings broke out!"

"burning the sword!"

A flame of swords broke through the air, and this blow was enough to seriously hurt him if he was bombarded in the nine-strong powerhouse.

However, the reincarnation in front of him is already in an indestructible level. In the face of this blow, he just lifts his hand and defeats it.

The return to the border is not extinguished, it really has a huge gap!

"Good boy, even dare to shoot at me, or today, I will teach you to teach you this high-ranking junior."

The reincarnation of the reigning person is cold, although he is talking about the lesson, but the pair of old scorpions are flashing and killing, obviously want to set Ye Xuan to die.

"I want to see if you die today or if I die!"

Ye Xuan has a spirit of 120,000 points. After all, he has to face the invincible.

If he is a reincarnation, he is not afraid of this reincarnation, but he is only turning around in this round, which is a difference between the three realms. There is also a big realm that has to be cautious.

The two looked at each other for a second. Then, the reincarnation was directly shot.

"call out!"

The reincarnation of the reverent slammed into the air, but Ye Xuan did not flash and did not hide, and shot back.

"The killings broke out!"

"burning the sword!"

When the flames of the flames and the revered sages collided with each other, there were two figures on the back of the reincarnation.

"Ok?"

The reincarnation of the blessed person suddenly picked up and suddenly felt something, but at this time, the old tree had already used the remnant flame to flash behind the reincarnation, and then slammed it out.

This punch was accurately blasted on the back of the reincarnation, but it was awkward that it only broke the defense of the reincarnation, and slightly burned the reincarnation.

The invincible strong has an invincible body, and the physical strength has a qualitative leap, coupled with the reincarnation of the revered infuriating defense, this fist did not hurt him much.

However, the invincible body of the invincible strong is extremely difficult to repair, and the temperament of the sacred is no longer recoverable, so this burn is still left.

The reincarnation of the revered did not take it for granted. He said coldly: "The power is good, but it is not so easy to kill me."

If he was before, I am afraid that he will be seriously injured by this punch, but now he is not extinct, his physical strength is at least three times stronger than before, and the old man can break his infuriating defense, which is already good.

However, the old attack of the tree is not over yet.

"Yangyang cable!"

The old left hand of the tree, a flame chain tied to the neck of the reincarnation, and then he pulled hard.

This move is also very insidious, and it is difficult for most people to defend. If it is placed before, the old tree is enough to tear the person's head down, but now, it is impossible to make the body of the reincarnation tremble.

Not only that, but when the old tree could not pull the flame chain, the incarnation of the body of the reincarnation rushed out, and the chain of flames was instantly shaken.

At the same time, the king of the bones has already arrived with a big sword, and then smashed.

"Hey!"

A crisp sound rang.

Ye Xuan stared at it and suddenly shocked.

Reincarnation, even with one hand, caught the big sword, one hand blocked the full strength of the skeleton king.

Is it really so powerful?

In fact, when the old tree hurts the reincarnation, the latter can quickly kill the tree or escape, but he does not, in order to test to what extent the immortal body is strong.

Now, he finally understands!

The attack of the sacral king has already surpassed the old punch of the tree, enough to kill the nine-strong powerhouse, but the reincarnation of the sect is one-handed. This physique is already powerful to the point of horrible.

However, the attack of the skeleton king is not over yet.

"Death gaze!"

I don't know when the air suddenly condenses a blind eye, and I sigh directly at the reincarnation.

However, this gaze of death, which consumes 5 percent of the elegy of the soul, is of no use to the reincarnation.

"Impossible, even if it is a strong person who does not perish, it is impossible to be unscathed. What is this reincarnation?"

Ye Xuan was shocked, but he thought of the next moment. The reincarnation is not a human being, but a materialized demon, so it may be immune to death gaze.

"Kid, I admit that you are a little bit tolerant, but now I am not what you can provoke, die!"

Suddenly a cold voice fell into Ye Xuan's ear, and then Ye Xuan saw a figure swiftly rushing toward himself.

This speed is coming to an explosion!

The reincarnation of the revered person is turned into a remnant shadow attacking Ye Xuan. The former realm is against Ye Xuan, and there is no need to use any magical power.

"call out!"

The right hand of the reincarnation of the right hand and the five fingers together, after plunging into the face of Ye Xuan, directly stabbed to the heart of Ye Xuan.

For the invincible strong, the heart is not the key, the only thing is the brain. Moreover, even if the brain is damaged, the invincible strong can also use the inviolable blood to resurrect.

However, the heart is still the key to those who turn the wheel!
