

Super D. S 1561

Chapter 1561: Cat family

At the moment, Ye Xuan summoned the three old trees, and then said: "Tree old, Megatron, Ghostly Emperor, there are some cats inside, don't kill it."

"understand!"

The tree nodded, although he did not know why Ye Xuan had to keep the cats, but he was not prepared to ask more. As long as Ye Xuan's order, he and the ghost Emperor and Megatron would unconditionally execute.

"kill!"

Under Ye Xuan's order, four people burst into the air.

The old tree, the ghostly emperor, and the Megatron are all invisible. It is not a problem to solve so many people.

At the same time, Ye Xuan also directly opened the feast of killing.

A massacre, start!

"In any case, you have to be a sacrifice. In order not to let you be a disaster, I will help you free!"

Ye Xuan thought about it, pulled out a reason for killing, and then sent a voice to Megatron, and gave Megatron an order.

Bladestorm!

Megatron has also changed, and the sword-level storm of the thousand-sword level has been upgraded to the level of Wanjian. This power is probably going to explode.

In an instant, Megatron is the tens of thousands of people, and the tens of thousands of blood swords are condensed in one second, and then swept away.

It is the immortality of the body, killing the low-ranking people, it is simply abuse.

20%...40%...60%...80%...double...

In just one instant, thousands of people died, and Ye Xuan's killing feast directly doubled, and it is still rising rapidly.

At this time, the escorts of the five poison gods reacted.

"who?"

These escorts yelled.

When they reacted, the number of people died more than 5,000.

Who, dare to rob the sacrifices sent to the five poison gods?

Don't think about it, it must be someone from the Beasts!

However, the next moment, they were shocked.

These were more than 5,000 people who were slaughtered and suddenly resurrected and then joined the battle.

Ghostly Emperor has a death will skill, and if he has a lower body than him, he can resurrect it without consumption and then help himself fight.

Although more than 5,000 people died in his hands, all of them were worn by the Megatron Cave, and the realm was between the body and the body, and it could be resurrected.

It is too horrible to cooperate with the two!

The cats in the crowd were shocked. They did not expect that they had not been sacrificed as sacrifices, and they died in the middle of the road.

But when they were shocked, the tree suddenly jumped into a huge crowd, and then guarded the cats around the area to clear them out.

"this is....."

This group of cats has widened their eyes.

These few people are here to save them?

"Don't move, keep you safe!" The old man sighed and untied the shackles of all the cats.

When the voice fell, the people around him were swept by the blood swords, and then the dead were resurrected and kept by them.

Megatron and Ghost Emperor are responsible for killing, and the old tree is responsible for protection. As for Ye Xuan, it is to use the virtual flameless sword wave to solve those souls who have inexhaustible blood.

"Hey, the host's killing value is improved!"

"Hey, the host's killing value is improved!"

"Hey, the host's killing value is improved!"

The system prompts to sound, and soon, the killing value is full.

"Hey, the host's killing value has reached the upper limit. Is it clearing it to a bit of a swallowing point?"

"Yes!"

"Oh, the kill value is cleared, the host gets a little swallowing point!"

At this time, Ye Xuan is still in the same state of the flesh, and the swallowing point has reached five points.

Not only that, but the increase in the elegy of the soul has also quickly smashed up, reaching 30% in the blink of an eye.

Now the increase of the soul of the elegy, but for Ye Xuan four people have an effect, naturally the higher the better.

"There are not enough people, they are separated!"

At this time, Ye Xuan suddenly summoned the avatars out, and shot them with the imaginary sword wave to kill those souls, and the Vientiane Eye in the air is the collection of those who died.

Although most of these shackles have been swept once, precious things are gone, but they add up to a small amount.

At this time, Ye Xuan and others joined the battle, and it has been a few seconds.

The escorts saw that Ye Xuan and others were strong and immediately gathered together and then killed.

"Hey, the light of the rice grain dares to compete with the moon?"

Ye Xuan snorted and looked very disdainful. Anyway, the targets of these escorts were not him, but the ghosts and the swordsmen.

It is a pity that the Qintianjian group is also enjoying the increase in the feast of killing, and the power is three times that of the talent.

These ten invincible five-level masters and three flesh-destroyed six-level masters, after being swept by the earthquake-stricken swords, are all fallen, one is not left!

Spike!

"Hey, the host's killing value is improved!"

"Hey, the host's killing value is improved!"

"Hey, the host's killing value is improved!"

Ye Xuan has obtained a large amount of killing value, but this is not enough.

When these believers saw that the escorts were dead, they immediately fled, but they simply ran away from the earthquake swords, all of them died under the earthquake, and those who were resurrected, no one could live. go away.

A few seconds later, Ye Xuan heard a system prompt.

"Hey, the host's killing value has reached the upper limit. Is it clearing it to a bit of a swallowing point?"

"Yes!"

"Oh, the kill value is cleared, the host gets a little swallowing point!"

Ye Xuan is really good, this time, directly let him get two points to swallow, it is a big profit.

Just right, people are almost dead.

At this moment, there are more than 20,000 people who are resurrected by the Ghost Emperor. This is a huge death army.

Unfortunately, the dead of the resurrection of death is time-limited, and soon they will become a dead body again.

"Virtual Flame Sword!"

"Virtual Flame Sword!"

Although the battle is over, but Ye Xuan is still fighting, many people have inexhaustible blood, and if their souls leave, they can be resurrected.

Killing is simple, it is much harder to erase the soul, because only Ye Xuan can do it.

A few minutes later, Ye Xuan hurried back, and the resurrection of the death will has died. At the same time, the increase of the soul elegy has also increased to 40%.

I have to say that this time it is really big!

"Little Master, these are the Qiang Kun ring..."

The tree suddenly handed a big parcel over, and Ye Xuan said nothing, and poured all the things inside into the swallowing space.

Anyway, the two-point swallowing point has already been obtained, so Ye Xuan does not have to click again, and directly breaks through.

"Hey, the host breaks through, and the current is the immortality of the flesh!"

"Hey, the spirit of the ashes breaks through, and the current is the immortality of the flesh!"

"Hey, Megatron breaks through, and it is currently the fifth place in the flesh!"

"Hey, the ghosts of the great emperor break through, and the current is the immortality of the flesh!"

Along the system prompts the sound, the strength of Ye Xuan and others has skyrocketed.

Chapter 1562: Golden cat blood

This time, the five poison gods sacrificed a lot of sacrifices, but most of the things were swept away, and they were not on the escorts. They should have been taken away by others, so Ye Xuan got the Not much, only one can be promoted, otherwise, at least it can break through to the four realities of the flesh.

However, this is enough!

Not only has it been upgraded, but it has also gained two points of engulfing. The increase in the elegy of the soul has also increased to 40%. It has also completed the first ring of serial random tasks, which is a multiplier.

Not far from the group of cats, they all looked at Ye Xuan with a stunned look.

Ye Xuan killed a number of more than two thousand poisonous gods. The leapfrog is even better. After the battle, they broke through together. What is going on?

A cat-woman who was headed swallowed and swam, and said, "Thank you for your help!"

When the sound fell into Ye Xuan's ear, he only reacted. There are others here.

Being able to trigger serial random tasks, these cats must be big.

These cats, the only difference is that the flesh does not die, but the strong ones are actually sixfold, which seems to be a bit tolerant.

The flesh does not destroy the sixfold, it is the cat beauty in front of her eyes, Ye Xuan looked at her, frowning asked: "You are all sent to the five poison gods sacrifice?"

"No, we have other reasons, and we are caught by this spider." The cat beauty shook her head.

"other reasons?"

Wen Yan, Ye Xuan brows a pick, it seems that his guess is correct, this group of cats, it really has a background.

This cat girl beauty continued: "My name is Su Qin, originally living in the field of the beasts, but since some of the sites in the Beasts were recently occupied by the five poisonous places, our tribes were annihilated, so they were separated and then caught. Live. Originally we should have been killed, but the person who grabbed us suddenly got an order, so we survived and were taken to the spider's door."

"Why don't they kill you?" Ye Xuan asked in a strange way.

"My sister was separated from us after the tribe was annihilated. Then she met the spider of the spider's door and was taken care of by the poisonous spider. So we did not kill these talents. After a while, My sister is going to marry this poisonous spider." Su Qin replied.

"It turns out!"

Now, Ye Xuan understands the ins and outs, but this is not enough to trigger the serial task.

Still waiting for him to ask, Su Qin continued: "I heard that when my sister was arrested, she seemed to wake up a rare blood of my family - the golden cat, so it was only seen by the poisonous spider. "

"Golden cat?"

Ye Xuan's brows are picking up. It seems that the problem is here.

"My sister was originally an ordinary wind cat. I heard that it suddenly became golden when I was caught, but she did not completely awaken the blood of the golden cat. The person of the spider's door speculated that she was completely awakened. That day, it was just poison. The spider owner greeted her days."

After Su Qin finished, he couldn't help but paused. "According to my understanding, there is a **** spider called the golden spider. I guess the poison spider is trying to activate this blood with my sister. Or, I want to try to give birth to a blood. The descendants of the golden spider blood come."

Not waiting for her voice to fall, Ye Xuan's mind sounded a system sound.

"Hey, the second ring of the random task of the chain triggers to save Su Qin's sister Su Yue!"

The system prompts.

really!

Hearing this, Ye Xuan's mouth couldn't help but tilt slightly. After seeing this smile, Su Qin was a bit inexplicable.

"What is the realm of the poisonous spider?" Ye Xuan turned and asked.

"I heard that it is the peak of the naked body, and it may be that the soul is not destroyed..." Su Qin replied.

"The flesh is not extinguished." After Xu Yin listened, she couldn't help but think about it.

Now it is the triple nature of the flesh, and the old trees, the Megatron and the ghosts are all in the same state of the flesh. It is not a problem to deal with the immortality of the flesh.

If you want to save this Su Yue, this strength is probably not enough. Even if there are broken rocks and unicorns and blade storms, it is not enough to be an enemy.

"Do you want to go to the spider's door, or the spider?" Ye Xuan asked again.

"It is a door!"

Su Qin replied: "If you catch another road, there will be a transmission array. After passing through the road in the past, you can reach the spider."

"Since it is a division, then the strong should not be too much, but it is not unsuccessful." Ye Xuan was silent.

"Big brother, can you help us save Su Yue sister?" At this moment, suddenly a lovely little girl ran to Ye Xuan.

"No mistakes!"

Still not waiting for Ye Xuan to open, Su Qin took the lead to anger a sentence, Ye Xuan has saved them, and now let Ye Xuan go to the spider's door to save people, is not to push Ye Xuan to the road?

Although Ye Xuan is powerful, several people can challenge the next level. However, when the date of the wedding is over, there may be a master of the immortal level who will come to congratulate him. It is impossible to save people.

"Well....."

The little girl was suddenly screamed and snorted.

Ye Xuan looked at the cute little girl who was in a state of immortality and said, "I don't want to talk about saving people, but I have to ask first, how old are you this year?"

"It's still a thousand years old after 50 years..." The cat girl replied honestly.

"I rub..."

After listening to Ye Xuan, the heart subconsciously roared, Nima is almost a thousand years old demon, also called his big brother, is this selling Meng?

However, this world is inherently unfair. People in these five poisonous areas are usually born with longevity levels. Coupled with master guidance, it is not difficult to cultivate to the end.

Once it breaks through the immortality, there will be at least 20,000 life expectancy. Of course, it is very difficult for the average person to survive to death, and there is always an accidental fall.

However, this is also much larger than Ye Xuan, a young man in his twenties. This little girl can be his ancestors, terrible.

"After the life expectancy, the average person will also delay the birth time. This little girl is less than a thousand years old. It is estimated that it is only a child in the tribe..."

Ye Xuan thought in mind, did not care about this problem, continued: "I can help you with the problem of saving people, but you are too dangerous in these five poisonous places, I will send you away from the five poisonous places first. "

In other words, there is a door to the void, and then Ye Xuan directly wears the past.

"The Eye of Space?"

Su Qin and others were shocked, and then followed Ye Xuan.

Then, Ye Xuan once again opened up a door to the void. After a few times, everyone left the five poisonous places and came to the edge of the five poisonous scenes.

Chapter 1563: Cut off the sacrifice

Ye Xuan took the crowd to a remote place, and then slowly said: "The people here are not high. You should not have life and worry because of your strength. You are here."

"Adult, you only said, you have a way to save Su Yue?" Su Qin could not help but ask.

"Yes, so you can wait for my news here." Ye Xuan nodded.

Su Qin felt incredible, because Ye Xuan was only a triple-fledged body. This kind of realm was at Tiancai Gate, and at most it was a foreign disciple.

The bald old man and the sneaky emperor are strong, but they are also stronger than the poisonous spider, but not to mention that there may be people with immortal levels coming, and it is almost impossible to save people.

"I have the eye of space, and I still have a master to help, you are here, don't run around." Ye Xuan brow suddenly locked, his face said dignified.

If these people are not related to his mission rewards, he is too lazy to remind him.

After that, he did not wait for the other party to open, directly breaking the void and returning to the place where the battle was only taking place.

The door of the void is not the same as the door of space, and the power of consumption is very small, so Ye Xuan has no problem for one hundred consecutive uses.

Su Qin and others are looking at the handsome back of Ye Xuan's departure, but he is waiting in this hidden place.

At this point, there are at most two people who are not physically dead, and Su Qin is not dead in the flesh. They really have no worries about their lives.

However, can Ye Xuan really save people?

.....

At this time, Ye Xuan and others have returned to the battlefield of Fang Cai.

"Little Master, this day, although the spider is only a separate door, but the physical strength of the high-ranking strong will be quite a lot, do you have any plans?"

The old tree couldn't help but ask.

"Of course there is a plan, that is to kill!" Ye Xuan replied subconsciously.

But I have to say that this mission is indeed a bit tricky.

Although the spiders are only divided into gates in the day, there are probably a lot of masters who are seven, eight or even nine heavy in the door. The poisonous spiders and the masters are the peaks of the body.

On the day of the wedding, there may be a master of the immortal level, and it is not so easy to do it hard.

Fang Caixuan also asked about some things. This poisonous spider is the youngest son of the celestial door. It is also the most qualified one. After three thousand years of cultivation, it has already broken through to the peak of the naked body.

In the future, it is very likely to inherit the position of the main gate of the celestial door, which is one of the five lords of the five poison gods.

If Ye Xuan is going to make a big wedding, I am afraid I will be wanted all over the country, but this is nothing for him.

In short, let's talk about it first.

After the breakthrough, Ye Xuan's speed increased a lot, and arrived in that transmission array in a few hours.

There are indeed five poison gods at the transfer line who are guarding, but the realm is not high, all are killed by Ye Xuan, and they have successfully passed.

According to Su Qin, after the transfer is completed, go to the northwest for one day, and you can reach the spider.

However, one day is based on Su Qin's footsteps. Of course, Ye Xuan's current speed is estimated to be similar.

Soon, Ye Xuan arrived at the spider door this day, which is where the poison spider is.

Because it is human, Ye Xuan must hide it, and then observe the enemy.

On this day, the power of the spiders is not weak. The worst disciples are the three realities of the physical body. The strong ones reach the six or even seven heavy bodies, and there are still a few days at the moment, so Ye Xuan can use this time. upgrade.

"The recent five poison gods need a lot of sacrifices, but the sacrifices are five poison gods, so it should have nothing to do with this spider. But these sacrifices will be sent to the door and then sent to The total door..."

Ye Xuan thought in his heart.

In this case, there will definitely be a large number of sacrifices sent to the door, so his plan is to wander around the door to see if they can meet these squadrons and then kill them.

This time, maybe you can reach the upper limit of the killing value. In this case, the blood of his battle will fall.

"Tree old, Megatron, Ghostly Emperor, you go to the southeastern West separately, I go to the north, but I have to cover it, and report it to me as soon as I find it."

Ye Xuan said to the three.

"it is good!"

The tree should be old, then turn around and leave.

This time, as long as it is smooth, his strength will skyrocket, and it is really exciting.

It took about a day to hurry. Soon, the old three trees were in place, and they were waiting for a half-day from the Tianjiao Gate.

On this day, Ye Xuan is also secretly assassinating the disciple of the spider's door. With his strength, he will not kill the five levels of the body.

In two days, it is the day when the poisonous spiders are less married, and there will be a master coming. Considering that someone may arrive in advance, Ye Xuan is afraid that there will be only one day left.

"Why don't you come, is it the last batch of Su Qin?"

In a hidden place, Ye Xuan hides it in the assassination state.

Just then, there was a sudden news from Megatron.

Megatron was in the south, that is, the direction of Ye Xuanlai. After hearing the news, Ye Xuan quickly broke through the void and came to Megatron.

Because Megatron was a weapon, there was no breath, and it was well hidden, so it was not discovered.

After Ye Xuan arrived, he quickly observed it with the eye of insight. The number of this squad was also tens of thousands. It is estimated that there are also 20,000 people, which is similar to the previous squad.

However, the strength of the **** is stronger than before.

"The eight flesh are not dead, the three flesh are not dead, and there is one body that is not dead."

Ye Xuan's eyes glanced.

If it was before, he would be afraid of it, but now they have all broken through, do not need to be so jealous.

"The person who had seized Su Qin before was a physical and immortal. The good things were estimated to have been scraped away by him, but then he left, otherwise I was not so easy to destroy the sacrifice team." Ye Xuan heart I thought.

In his view, good things are estimated to be in the hands of the invincible body, as long as they are killed, then they can certainly break through again.

However, this time I want to reach the ceiling of the killing value, I am afraid it is not enough.

"do not care."

Ye Xuan is no longer looking for troubles, and let this team catch up with the road for a day, it is estimated that it will arrive at the Tianjiao Gate, so he must start as soon as possible.

At the moment, he just pulled the old tree and the sneaky emperor, and then directly shot.

It was only two and a half days before the last blade storm, so this time it is no longer useful.

However, this time they have a qualitative improvement in their strengths. As long as they kill the few escorts, the rest are not afraid.

Chapter 1564: A quick breakthrough!

"kill!"

Under Ye Xuan's order, the old three trees rushed out.

"There are enemies!"

The escorist who was incarcerated in the flesh was quick to respond, and immediately screamed. Then, the masters scattered throughout the sacrificial brigade immediately raised the spirit of 120,000 points.

The place where Ye Xuan was charged is the master of the seven-folded body. Ye Xuan's plan is to solve him in the first wave of charge.

It is very close to the Tiancai Gate, and there may be a passing passer. Be sure to make a quick decision!

"Be bold, die!"

This savvy seven-skilled master gave a low drink and killed Ye Xuan.

"cut!"

Ye Xuan did not agree, and gave the Ghost Emperor an order.

Then, the Emperor Ghosts suddenly extended his left hand and grabbed the master of the vulgar body.

The grip of the Hades!

After the scorpion king became a sneaky emperor, there is no cooling time for this sacred grip, and only one percent increase is required for each use.

Although it is a waste, it still has to be used in order not to be amazed.

The sneaky emperor is already in a state of immortality. The effect of the grip of the Hades is very strong. The master of the incarnation of the incarnate has not yet reacted, and he has been pulled a long distance.

When he reacted, the old tree was already flashing behind him, and then he raised his hand.

"Hey!"

The strong man who did not destroy the seven-folded body was hit hard, unable to withstand the tear of the grip of the Hades, and was instantly pulled to the front of the ghostly emperor.

"cut!"

Ghostly Emperor's eyes on the ghosts, the big swords in the hands and the sneaky swords swept out.

The master of the seven-folded body of the flesh can only block one side, but it is cut off by the other side and the sky is covered.

The brain is destroyed and the soul is isolated.

Then, a broken sound rang.

"call out!"

Ye Xuan's memory of the flameless sword wave hits the soul.

"Hey, the host's killing value is improved!"

A system prompts to sound, and Ye Xuan quickly swept over and took away the Qiankun ring.

"Hey, the host breaks through, and the current is the immortality of the flesh!"

"Hey, the spirit of the Ashes breaks through, and the current is the sixfolds of the flesh!"

"Hey, Megatron breaks through, and it is currently the sixfolds of the flesh!"

"Hey, the ghosts and the great emperor break through, and the current is the six realities of the flesh!"

There are a lot of good things in this Qiankun ring. Even if you only use the broken rock in the sky, you can instantly restore the cooling time.

Now, even if there is an indefinite nature, even the nine strong players will not be able to save these sacrifices.

"Kill, one does not stay!"

Ye Xuan swept a circle and found that all were believers of the five poison gods, they were directly ordered.

A hurricane, rain again, set off again!

Even the strongest escorts who are in the same state of the dead are dead, and they are still spiked, not to mention other escorts.

However, some people want to send a signal to the spider's door, but unfortunately Ye Xuan directly hit the eyes of the assassination to his back.

"The killings broke out!"

"Virtual Flame Sword!"

"Hey!"

The man's head burst open and fell instantly.

Then, he was affected by the death will of the Emperor, and after leaving a ring, he turned into a headless body and killed others.

The death will of the sneaky emperor can summon the corpses that are lower than their own realm to fight for themselves. If they summon the same level, they will consume the water of the soul.

In order not to leak the wind, Ye Xuan must be careful!

This battle did not last long, and after half a minute, everyone died.

After all, once someone dies, they will be resurrected by the sneaky emperor and then attack other people.

As for those who are traveling, they can only be handed over to Ye Xuan!

After this war, the increase in the elegy of the soul has not increased much, only reaching 45 percent, but it is not bad.

Then, Ye Xuan quickly sorted out the scene, and even a drop of blood did not stay, and then quickly left.

God does not know, ghosts do not know!

"The tree is old, the three of you keep on staring, let me know if there is any movement!"

Ye Xuan immediately broke the void and let the old three trees go to the tail.

This time, he has gained a lot. He estimates that if he comes again or twice, he will almost be able to break through to the fivefold.

At that time, it is enough to hit the door!

Moreover, his task is not to destroy the spider's door, but to rescue the Su Yue, as long as he is close to Su Yue, he can leave with Su Yue.

After all, he has the eye of space and the eye of the void, and you can easily leave it here.

He waited for a while, then, the old man also heard the news, and then he quickly broke through the void.

This squad of squadrons also has a savvy savvy savvy, and now the old tree, Megatron and the sneaky emperor are already six inseparable, and he is tidy and hard. .

Soon, this squadron was also annihilated by Ye Xuan, and then Ye Xuan continued to stalk. At this time, he has already reached the edge of the breakthrough. It is estimated that another squad will be able to break through to the body. Nine places are gone.

Just as the cooling time of the Bladestorm was about to pass, there was news from the Ghost Emperor. At the moment, Ye Xuan quickly broke through the void and brought the old tree and Megatron to the past.

Although this time the squad of the squad is less than before, but the **** of the head is also a physical and immortal seven.

When Ye Xuan saw him, it was as if he had seen the experience. As long as he destroyed the sacrifice team, he estimated that he could break through.

"Old plan, kill!"

Ye Xuan did not say anything, and rushed straight out.

The old tree, Megatron and the Ghostly Emperor quickly passed the three-way package.

"who?"

The head of the incarnate, the seven-dimensional warrior, after hearing the movement, could not help but swear.

Unfortunately, the old tree has already killed him.

"The flames!"

"Hey!"

The old tree of the tree slammed into the head of this person. Suddenly, this head burst like a smudge, and the soul floated away directly.

Then, it is Ye Xuan's virtual flameless sword wave!

"Hey!"

The soul was burned and burned, and it quickly dissipated between heaven and earth.

At the same time, the increase in the elegy of the Ghost Emperor's soul has also increased.

Because the realm of the Ghost Emperor is high, so many sacrifices have made the increase of the soul's elegy not much. After several times, the increase has only reached 50%.

However, this is not bad. After all, the previous increase was only effective for the Ghost Emperor. Ye Xuan could not enjoy the 20% increase, but now he can enjoy a 50% increase, which is very good.

However, when he was about to clear the squad of this sacrifice, there was suddenly a violent drink that fell into his ears.

Chapter 1565: The soul is not destroyed!

"presumptuous!"

Ye Xuan heard the sound, turned his head and glanced at it, and saw a figure rushing toward himself.

This master is not the person of Tiancaomen, but from Jinzongzong. The whole face is swollen and ugly. The pair of big eyes can make the scalp numb.

"This speed is the fate of the body. No, it is the soul that does not perish!"

Ye Xuan was shocked by this person, but did not expect to accidentally hit a master of the soul.

If the flesh is not dead, he can handle it, but now he has a soul that is not destroyed. Such a strong man can't deal with it.

However, the moment he broke through immediately, he could not give up.

"Up, Ghost Emperor and Megatron to stop him!"

Ye Xuan immediately gave instructions to the two.

Megatron and the Ghost Emperor heard the words and quickly turned around and rushed over.

They are all invisible and the other is the soul that is not destroyed, and the difference is four realms. Therefore, some means must be used.

"Do not destroy the soul!"

In an instant, the full attributes of Ghostly Emperor and Megatron skyrocketed twice, plus twice the unicorn deterrence and fit, they were able to play five times more combat power.

As for Ye Xuan, Shu Lao and those resurrected war corpses, they began to quickly clean up the battlefield.

"Devouring!"

"Devouring!"

"Devouring!"

Ye Xuan began to swallow the spoils quickly, and the cultivation of the people quickly increased.

At the same time, the Ghost Emperor and Megatron have already played against the master of the soul, but they have been beaten by the other side.

The master of the immortal level of the soul, really worthy of the name, even if the ghosts of the Emperor used the immortal war soul, improved twice the full attribute can not compete, fortunately used the immortal war soul, otherwise this punch is enough to play them Fallen.

"Hey, come on!"

Ye Xuan's eyes widened, and the next moment, the system prompt sounded suddenly.

"Hey, the host breaks through, and the current is the fifth place in the flesh!"

"Hey, the spirit of the Ashes breaks through, and the current is the end of the body!"

"Hey, Megatron breaks through, and the current is the end of the body!"

"Hey, the ghosts of the great emperor break through, and the current is the end of the body!"

A series of four system prompts to sound, which makes the sneaky Emperor's breath suddenly skyrocketed several times.

The sneaky emperor and Megatron, who had never died in the six-fold world, couldn't even pick up the other side of the game. Now it's time to break through to the incarnation of the body. It should be fine.

Just before the Ghosts and Megatron broke through, the other side blew two punches.

This time, in addition to Megatron was hit, the Ghost Emperor was hard to pick up.

In the case of the same level, the power of the Ghost Emperor is the strongest, followed by the old tree, and finally the Megatron.

This scene, Ye Xuan also guessed, so after Megatron was bombarded, it was directly turned into a big sword, and then swept to the side of the ghostly emperor, caught by it.

At the same time, the bodies of the resurrection of the Ghost Emperor were all plundered toward the mighty souls, including the escorts who were immortal.

"The eye of death..."

This master immediately responded, but in his realm, even the incompetent master can not break his defense, these low-level war dead, can not break the defense.

His goal is to see this sneaky emperor!

At this time, Ye Xuan was thinking about it in the distance.

If it is only the inconsistency of the six heavy and the inconsistency of the body, with the invincible soul, the ghosts of the Emperor will inevitably be able to fight each other as a sandbag.

It is a pity that this time is the gap between the indecent body and the soul. There is a difference between the two realms and a big realm.

Although the Ghost Emperor can now make a move with the other party, it is estimated that the duration of the invincible battle soul will be slammed.

Thinking of this, Ye Xuan is also hesitant, and the old tree is already helping in the past, but it seems to have no effect.

The broken sky and the rock and the unicorn are strong, but if it is not the enemy, it is the display.

The blade storm cooling is just fine, but after the cooling is completed, the effect of the invincible soul has been going on for a long time.

"It is not advisable to stay for a long time, go!"

Ye Xuan did not say anything, it was to break the void, and then the old three trees were received in the planting space.

"Hey!"

The door of the void is closed directly, leaving the wrong master.

"The eye of space..."

This master of Jinzong's eyes glanced at him, although he said that he was not a person of Tiancaomen, but the four forces of Tianzhumen and Jinzongzong were also called the five poisonous gods. These sacrifices were needed by the five poison gods. Xuan actually dared to kill these sacrifices, who is it?

However, what he does not know is that Ye Xuan's empty door is not the eye of space, but the eye of nothing.

At this time, Ye Xuan is already far from there.

"This day, the poisonous spider of the spider's door is a big marriage. It really is a master with a soul-invincible level, but now I have broken through to the body, and the three old trees have all gone to the body." If you are married, you will be qualified..."

Ye Xuan thought in his heart.

Right now, there is more than a day, so he thought of another way.

Megatron can be turned into a weapon and then brought in by a disciple.

However, 99% of these five poisonous people have faith, and it is not so easy to control.

Therefore, Ye Xuan turned around in the Tiancai Gate, and selected one person. This person is a disciple of Tiancao, and the body is not dead, and it is lower than Ye Xuan.

Ye Xuan insisted on holding this person and then directly used the eye of the soul.

"Hey, control failed!"

"Hey, control failed!"

"Hey, control failed!"

Even if you have a fairy eye, Ye Xuan can hardly control this person. After all, there is a belief crystal in the other's head. It is not so easy to control.

Ye Xuan has used it dozens of times. The soul of this person is about to collapse. However, when his soul is about to burst, Ye Xuan finally heard a system sound.

"Hey, take control of success!"

It's not easy. I used dozens of soul eyes in succession and finally controlled each other.

However, the belief crystal in the other's mind is already cracked and will soon be broken.

"It's finally easy to control, it's not easy..."

Ye Xuan sighed with relief, and the eye of the soul of the fairy eye was extremely powerful, but the person who believed in the other party was much stronger than him, so it was so difficult to control.

"I have seen this person!"

The long-haired disciple of this day's spiders said respectfully.

"Megatron, turned into a blind man, and entered the spider's door with him." Ye Xuan said to Megatron.

When Megatron heard this, he immediately turned into a green scorpion, and then teamed up with the long-haired disciple to sneak toward the scorpion.

Chapter 1566: Good play opening

There is a shared vision between Ye Xuan and Megatron, and there is a special positioning of the void. As long as Megatron does not die, he can arrive at the inside of the spider's door in an instant.

On the day of the wedding, as long as Megatron sees Su Yue, Ye Xuan can directly break through the past, and then mark Su Yue with the death killing order, instantly flashing behind Su Yue, forcibly taking him away.

This is Ye Xuan's plan. As long as the speed is faster, let the old tree and the ghostly singer make a little noise, it should be successful.

Of course, if you see this Su Yue before, then things are simple.

Soon, this long-haired disciple arrived at the Tiancai Gate and then successfully mixed into it.

With the sharing of vision, Ye Xuan can see what Megatron sees.

It is a pity that the long-haired disciple he controls is too low, just an ordinary disciple. It is estimated that the big wedding day can only be seen from afar.

However, Ye Xuan also successfully mixed into it, and he will not have to directly enter it until the day after tomorrow.

As for how many masters have come, Ye Xuan is not clear. Anyway, he has seen a lot of flesh and blood, and there are several masters who are not invincible from the other four forces.

Soon, it was the day of the wedding.

The spiders of the spiders are naturally married, and naturally they are going to be busy. The wedding is still going on, and the bride and groom are not there, but some elders of the Tianjiamen are presiding.

However, it is at noon.

Suddenly a breath spread and shrouded the entire spider's door. Then, in the depths of the spider's door, a golden beam of light suddenly rose up and went straight into the sky.

"This is, the golden cat blood is completely awakened!"

"Haha, the door speculation is really good, the golden cat blood is really awakened today."

"Although it is a person in the field of the beasts, but the realm of the body is not dead, it is absolutely impossible to escape. The poisonous spider may decide to use her to open the golden spider blood."

"Because of caution, the belief crystal of the catwoman did not forcibly peel off. Now she has awakened. When she is over, she is estimated to believe in the spider."

The people in the spider's door all showed a smile.

Today is the day of the poisonous spider's marriage, I don't know, will the spider's doorkeeper come, will it come?

That is one of the five great teachers of the Five Poisonous Gods. All the gods that the demon spiders believe in are not sure whether they are honored to see it today.

At this time, outside the spider's door, Ye Xuan saw this golden light column.

"It seems that Su Yue has completely awakened, then, next, she and the poison spider are married."

Ye Xuan's heart is a dark sentence.

When the poisonous spiders and Su Yue appeared, it was when he shot, of course, before this, some movements must be made, and the sound is always hitting the west.

To complete the second loop of this serial random task, it is estimated that there are some costs, such as using a hole card.

With the vision of Megatron, Ye Xuan finally saw the face of the poisonous spider.

This poisonous spider is a youthful appearance, wearing a purple-black shirt, and there is always a smile on his face. It seems that there is no other difference from the general magical spider.

Because Ye Xuan is not here, he can't tell whether the poisonous spider is the body of the naked body, or the soul is not destroyed.

However, the people he controlled, but heard the voice of the surrounding guests.

In this Tiancai Gate, there are at least five souls who are invincible, including the one that played against Ye Xuan on the same day.

This means that Tiancaimen already knows that some people are robbing those sacrifices, and then naturally suspect that there is a beast.

Today, Tiancaomen seems to be very happy. In fact, there are many experts in the dark who are on alert. Maybe someone will come to make trouble.

Ye Xuan, who thought of this, decided to delay the time of his own shot. Of course, the old tree and the ghostly Emperor did not need it. Their task was to infinitely make trouble.

After a while, Su Yue, who awakened the blood of the golden cat, finally appeared in front of everyone.

Cat family women, among the orcs, are as popular as fox women.

This Su Yue is also very cute and cute, wearing a white dress, and under this white dress, she is covered with two armbands, which make her unable to use the infuriating .

Of course, even if it can be used infuriating, she is just a matter of indefiniteness. Even the disciples of Tiancai are better than how to escape from birth.

The poison spider has two restrictions on her, and she doesn't want her to do anything today, let everyone see jokes.

"I finally saw it..."

At this time, Ye Xuan shared the vision of Megatron and saw this Su Yue.

However, this is not the time for him to start, because even if he breaks through the void and then marks Su Yue with the death killing order, he also needs to break through the encirclement, because the distance of the assassination is not enough.

Although he did not arrive at the time, but the old tree and the ghostly emperor, it is ok.

At the moment, Ye Xuan is directly using the special positioning of the void, and then breaks the void, letting the tree old and the ghostly empire rush in.

Not waiting for everyone with a smile to react, the two started killing.

"The flames!"

The tree is the first to lead, and the owner of the poisonous spider flickers away.

Su Yue is not a master of the side, and the masters of the soul are not far from the poisonous spiders. If the spiders are the masters, then Ye Xuan can directly break the void and take the Soviet Union. Yue.

However, the old tree is only the body of the incarnate, and has not yet reached half, and it has been stopped by two elders of the celestial body.

"Sure enough, someone is making trouble, looking for death!"

An elder screamed and went to the tree with another elder.

The old tree knows that it is unbreakable defense, so it is directly shot to one of them.

"The flames!"

The next moment, the tree came to the back of one person and then punched.

At the same time, the tree was once again broken open a door to the void, and then an invisible sword gas out of it.

Virtual Flameless Sword!

Although Ye Xuan is not in Tiancai, but the door of the void consumes less power, he can use this method to support.

"Hey!"

"Hey!"

Two muffled sounds spread, the celestial body of the cockroach was not destroyed, and the elders were directly bombarded, and the soul was instantly separated.

Then, Ye Xuan will take his place to receive the void in the door.

"Hey!"

The door of Void was closed, Ye Xuan remotely supported, and got the spoils.

This scene suddenly occurred, even the poisonous spider and the five strong souls who did not destroy the environment did not respond.

what's going on?

"Someone uses the eye of space!"

Someone reacted immediately, but it was too late and the door to the void was closed.

Chapter 1567: Big trouble

On the other end, the Ghost Emperor is also easy to kill a few of the nearby Esplanade elders, all of which are invisible to the seven or eight.

The wedding will soon be a funeral!

"In the five poisonous places, I dare to shoot at the spider's door, absolutely sent by the beasts, grab them!"

A celestial door elder violently shouted.

Although the words are like this, but the speed of the old tree, even the invincible body can not keep up with the strong, the casualties spread instantly.

Now the sneaky emperor is invisible, and the realm is lower than this. All the corpses will be turned into battles and then attacked by others.

See you, the strong souls who are not in the soul, know that they can't look at it again this time.

"There is something to be able to do, start!"

The master of the invincible soul of Jin Zongzong discovered that the tree old and the ghostly emperor were the two who fought with him that day and suddenly went out.

"Is finally unable to sit still..."

Ye Xuan outside the spider's door sneered aloud, and gave the order to the ghost lord.

Do not destroy the soul!

In an instant, the full property of the Ghost Emperor is skyrocketing twice, and the nearby Megatron is the same.

Ye Xuan's plan is to let the old tree and the sneaky emperor attract the attention of the masters, and then Megatron uses the blade storm to sweep the past.

In this way, no one can stop Megatron!

However, things are not that simple, because there are only two shots, and three are staying with the spider.

In desperation, only Megatron can be exposed in advance.

"Megatron, Bladestorm!"

Hearing this, Megatron instantly took out from the disciple's hair and then turned it into a million.

Bladestorm!

volume!

The change here, and the killing of the spider's door is unprepared, no one would have thought of it, in addition to the two enemies who used the eyes of space to kill, there are hidden enemies.

The disciples of Tianjiamen gathered together, and this blade storm caused a direct fall of thousands of people.

Then, these deceased were resurrected by the death will of the Ghost Emperor and become a war dead.

Seeing this scene of the poisonous spider, I know that this estimate is going to be big, and the other three masters of the immortal level look at each other and directly greet them.

However, the Qintian sword group is extremely scattered, and it is directly divided into ten shares to go to the main hall. The three people can't cope.

"Hey, come to me, look for death!"

The poisonous spider was suddenly reacted. He thought that the target of these sneak attackers was him and wanted to kill him.

After all, he is the son of the spider, and his future achievements may exceed his father.

However, he is wrong.

When he killed, he knew he was wrong.

When the earthquake-stricken swords swept away, Ye Xuan had broken through the void and came to the Zhentian sword group. He first marked the wrong Su Yue with the death killing order, and then quickly used the assassination eye.

"call out!"

Behind Su Yue, suddenly there was a figure.

Ye Xuan!

"I am Su Qin sent to save you, go!"

Ye Xuan will be condensed in the air, and after whispering and Su Yue said it is forcibly dragging it into the door of the void.

"Hey!"

When the poisonous spider responded, the door of the void was closed.

It turned out that the goal of this group of people is not him, but Su Yue!

Unfortunately, he reacted slowly!

If he is a man of unrelenting flesh, Ye Xuan may not leave, but when Ye Xuan uses the assassination to pluck behind Su Yue, he senses that the poisonous spider is not the body, but the body. The soul does not perish.

At this point, the person has been rescued, but this time Ye Xuan firepower is fully open, but can't just leave.

"Let your hands go and kill!"

Ye Xuan gave the order to the old three trees.

"Hello, you are really sent by my sister..."

Su Yue, who was hard-drawn into the void by Ye Xuan, has not finished, but was interrupted by a new empty door in front of her eyes.

"Don't talk nonsense, come in!"

Ye Xuan said nothing, dragging her directly into it, this time is a transmission array.

"Hey!"

The transmission array began to operate, and Ye Xuan was transferred to the vicinity of Blackwater City, and then broke through the void continuously, leaving the five poisonous areas directly.

The last place to stay is the hiding place of Su Qin and others.

"sister?"

After seeing Su Qin and other ethnic groups, Su Yue's eyes came out quickly.

"younger sister?"

Su Qin saw that Su Yue was rescued and was scared.

Ye Xuan, actually, from the hands of the poisonous spider, the Su Yue was saved, how is it possible?

"Hey, the second task of the serial task is completed!"

"Hey, the chain of the task immediately triggered by the third ring mission, **** Su Qin, Su Yue and his party, return to the Beasts!"

Two consecutive system prompts to sound.

This third ring mission, Ye Xuan actually guessed, he looked at the reunion of the cat family two sisters, said: "You are here to stay, wait for me to come back to take you to the beasts!"

"Thank you big..."

Not waiting for the two sisters to finish, Ye Xuan left again, and then sent back to the transmission array.

From the rescue of Su Yue to the present, but only ten seconds. In the ten seconds, the spider's door also entered the heat.

Megatron, the Ghost Emperor, the old three of the trees, and the corpses of the resurrection of His Majesty, actually went to war with the entire division.

Five souls are invincible, and then add one to the poisonous spider, that is six.

However, these six people can hardly help the three demons.

During the time when Ye Xuan left, there were systematic prompts in his mind, all of which were reminders of the increase in killing value.

At this time, there are countless souls in the spider's door.

Ye Xuan, also took advantage of this opportunity to harvest a sum.

"Hey!"

The door of the void was opened again, and Ye Xuan rushed in.

"Virtual Flame Sword!"

"Virtual Flame Sword!"

"Virtual Flame Sword!"

Each soul is killed by Ye Xuan, and the increase of the soul's elegy is also rapidly increasing.

Not only that, but he also directly used the poison of the soul obtained from the elders of Tiancai.

The poison spreads, the soul is not powerful, and the experience value of these people naturally falls to Ye Xuan. After all, the poison is his spread.

And Ye Xuan himself, has been immune to this toxin, the ghosts of the Emperor and the tree are also have the blood of the undead, and naturally immune.

In ten seconds, the master of the spider's door is dead most of the time, and the rest of the people have to deal with the dead and resurrected war dead.

Taking advantage of this opportunity, Ye Xuan directly brought together a Vientiane eye and began collecting loot.

These dead people, but the elite of the spider's door, there are many elders of the spider's door.

These things add up enough to make Ye Xuan break through.

As long as the breakthrough, then the next few people are not afraid.

This war, if only the old tree and the ghostly emperor, can not win.

Chapter 1568: war!

Fortunately, Megatron can use the Bladestorm, and after killing so many people, the increase in the killing feast has tripled.

The skill of killing feasts is very abnormal and can increase the skills of pets. That is to say, in addition to the blade storm, Yan Yangsuo, Lihuo hood, and the grip of the Hades can also increase.

And the time of the sinister emperor's invincible soul is about to pass, so Ye Xuan must break through before this.

Success or failure is here, otherwise you can only retreat first!

However, it is impossible for Ye Xuan to let go of the five souls who are not immortal!

There is the eye of Vientiane, and the phoenixes rush to Ye Xuan directly. Although Ye Xuan has long used the dark night sky, his body shape is also hidden in the darkness, but so many 戒 戒 ring, directly pointed out his position.

The old tree, the sneaky emperor can drag three people, the blade storm can block two people, but the poison spider is the master, but it is empty.

At this point, this poisonous spider has already killed Ye Xuan.

"Don't dare to disturb my good deeds, find death!"

The eight spider legs behind the poisonous spider are sticking out and stinging toward Ye Xuan.

"How about the soul not destroying the ground!"

Ye Xuan snorted, directly tearing the space and coming to the other end.

If it was before, he would not dare to work hard with the poisonous spider, but after having a three-fold increase in the killing feast, he may not have the power to fight.

"The killings broke out!"

"Virtual Flame Sword!"

The power of this trick is not weaker than the attack made by the martial arts.

This blow is enough to hit any one who is invincible. Even if the strong player of the soul is not hit, I am afraid I will be injured.

The poisonous spider has long known that Ye Xuan has the eye of the space, and naturally will not be hurt. He directly blocks the virtual flameless sword wave with a few spider legs behind him.

But the next moment, Ye Xuan's body shape suddenly disappeared.

"Death chase!"

"The eye of assassination!"

Ye Xuan quickly marked the opponent of the Ghost Emperor and then flashed behind the other side.

The opponent of the Ghost Emperor was the master of the battle of Kim Jong-song on the same day. He was originally suppressed by the other party. After seeing Ye Xuan appear, the ghosts of the Ghost Emperor suddenly flashed.

"The killings broke out!"

"Virtual Flame Sword!"

Ye Xuan once again sneak attack, the power of this attack is only 30% stronger against the poisonous spider, after all, there is an increase in the eye of the assassination.

This master of Jinzong Zong, the strength is not as good as the poisonous spider, but his defense is very strong, the virtual flameless sword wave behind his back, even the black water exuded by the skin of Jin Zongzong has solved most of the problem. .

However, this is just an appetizer, and Ye Xuan did not want to use this imaginary sword wave to kill him.

Next, it is the main dish!

"Kirin down!"

A flame hoof fell and fell.

After the three-fold increase in the killing feast, the power of the unicorn has been strong, and the master of the Jinzong sect is not immortal, but it cannot stop this teaching.

"Hey!"

Jin Yuzong master was stepped on, the whole person quickly fell from the air, the black water outside his skin, although it solved a lot of power, but still made him seriously injured.

Still waiting for him to react, it is the second unicorn to fall!

"Boom!"

When the unicorn hooves fell, the master of Jin Zongzong was seriously injured. If he was not proficient in defense, he would have died.

Only, the real killing is at the end.

At the time of the first move of the unicorns, the sneaky emperor was shaking his sword and screaming.

“Sports Skills: Broken Sky Flows!”

Although Megatron now uses the Bladestorm, after the Ghost Emperor changed, the two were judged to be in a fit state as long as they were within a certain range.

In this case, even if you use a sneaky sword, you can also cast a broken rock!

This broken sky flow rock 斩, seamlessly connected with the unicorn, the second record of the unicorn is only stepped on, this broken sky flow rock 斩 fell on the master of Jin Zongzong.

Ye Xuan is only a five-fold incarnation of the flesh, and the sinister emperor is the body of the incarnate, and this piece of broken rock is enough to kill the master of the Jinzong.

"Hey!"

A series of crisp sounds spread, the master of the Jinzongzong began petrification, and finally the whole person turned into a sculpture.

"Hey, the host's killing value is improved!"

The system prompts to sound, Ye Xuan has swelled a lot of killing value, and then he saw the soul floating in the body of the Jinzong master.

Virtual Flameless Sword!

Ye Xuan took out a sword and wiped out the soul of the master of the golden ancestor. The increase of the soul elegy has also improved a lot.

However, what is important is not this, but the Qiang Kun ring of the master of Jin Zongzong.

When Ye Xuan got this ring, he found that there was not much in the inside and he was somewhat disappointed.

This master of Jin Zongzong is already a master of the immortal level of the soul. Even if he uses a lot of heavenly treasures, he has to condense a soul.

The soul is equivalent to the second life. Even if the soul is wiped out, as long as the hidden soul is safe and sound, the soul can grow and then resurrect when the soul is broken.

Obviously, this master of Jinzong should have a soul, so his net worth has been hidden. Now he is killed by Ye Xuan, and the soul should start to grow.

However, the soul species also have good quality, the good resurrection of the good soul species is fast, the poor resurrection is slow, and even a thousand years, in short, it is not so fast.

The original six souls are not strong, and now there are only five left. Ye Xuan estimates that as long as one person is killed, then you can break through to the six realities of the flesh.

No, no need to kill, relying on the scorpion disciples of the gods and the elders, it is enough.

But now, the poisonous spider will not let Ye Xuan succeed, and he quickly rushed toward Ye Xuan.

"Eight Spears!"

The poisonous spider had a flash of light, and used the strongest attack with anger and anger. Suddenly, the eight spider legs behind him directly turned into eight streamers to Ye Xuan.

"good chance!"

Ye Xuan's eyes widened and his mouth rose slightly, because he knew that this poisonous spider was the one who forgot to have the eye of space.

"The Eye of Space!"

At the moment, Ye Xuan is the ability to use the eye of space again, tearing a space crack in front of him.

These eight spider legs, if nothing unexpected, should penetrate into the cracks in this space and then puncture them from behind the poisonous spider.

It is possible to commit suicide!

However, Ye Xuan is too idiot to think of this poisonous spider. When the eight spider legs are about to penetrate into the cracks in the space, they suddenly fold in the air, and they have bypassed the space crack and stabbed Ye Xuan.

"I rub?"

Ye Xuan was shocked. This Nima is still a spider's leg, which is obviously a snake.

Fortunately, he has a solution!

Chapter 1569: Escape

"The eye of assassination!"

Ye Xuan's figure disappeared instantly.

"call out!"

"call out!"

"call out!"

"call out!"

A road broke through the air and sounded in Ye Xuan's position. If Ye Xuan did not leave, his head was estimated to have been shot.

At this moment, Ye Xuan came to the back of the poisonous spider.

"Hey, just wait for you!"

The poisonous spider has a glimmer of light, and suddenly turns to make a punch. This punch is enough to kill any warrior who is invincible, let alone the scum of Ye Xuan.

To tell the truth, the poisonous spider is also very surprised by the strength of Ye Xuan. It is an incredible elder who can fight him with a fierce battle.

However, Ye Xuan is not vegetarian, and once again tears the space, and the export of space is still behind the poisonous spider.

But this time, the poisonous spider has changed the attack method again, and the punch that suddenly slammed into a palm suddenly covered the crack in this space. Although it hit the back of the body, it also used the real gas shock. Fly Ye Xuan.

"Hey!"

Ye Xuan was really lived by the poisonous spider, and his head almost burst into shock. Fortunately, his heavenly cover is hard, otherwise it will be miserable.

I have to say that this spider is a bit resistant, but what about it?

At the time of the poisonous spider's master, there are already two figures beside him, one is the old tree, and the other is the ghostly emperor.

Tree Old and Ghostly Emperor have always fought in Ye Xuan's perception range. As long as Ye Xuan has a thought, they can return to the planting space and then reappear in any corner of the perception.

This poisonous spider is the master, apparently did not think of this.

"Huh!"

"Huh!"

Two broken sounds sounded, this time, the poisonous spider can only be hard-wired.

"Hey!"

"Hey!"

The poisonous spiders used the hard spider legs to block the attack of the sneaky emperor. In his opinion, the sneaky emperor was stronger than the old tree.

However, he has suffered a heavy punch from the old tree.

However, this is not over yet.

"Yangyang cable!"

The old left hand of the tree is pulled, and a chain of flames will take the throat of the poisonous spider.

The old body of the tree is the burning of the sky, this Yangyang cable is the same as the storm blade of Megatron. It is a skill, so there is also an increase in the killing feast.

Although the killing feast has increased the power of Yan Yangsuo, but the old tree also knows that it is impossible to kill the soulless king of the soul, he just wants to trap the other side, and give Ye Xuan a little time.

At this time, Ye Xuan has already left quickly, and will consume a lot of things in the ring to engulf the space.

"kill him!"

The poisonous spider has a loud voice.

At the moment, the opponents of Shu Lao and Ghost Emperor are plundering toward Ye Xuan.

However, it is late.

"Hey, the host breaks through, and the current situation is that the flesh is not dead!"

"Hey, the spirit of the Ashes breaks through, and the present is the immortality of the flesh!"

"Hey, Megatron breaks through, and it's the current state of the flesh!"

"Hey, the ghosts of the great emperor break through, and the current is the immortality of the flesh!"

A series of four system prompts to sound.

This time, Ye Xuan is not afraid of this poisonous spider and the few others.

"Kill it!"

Ye Xuan's mouth tilted slightly, breaking through to the six-fold situation of the flesh, and adding 3.5 times the increase in killing, enough to fight a strong soul who is not dead.

Right now, there is still three seconds left in the battle of the soul, but this is enough.

Because, Megatron has also broken through to the indecent body, and the power of Wanjian's return to the sect has skyrocketed several times.

Within two seconds, the two souls that Megatron had dragged on were the masters of the earthquake. They were swept by the earthquake-stricken swords. There were hundreds of blood holes in the whole body, and there were dozens of heads in their heads. .

"Hey, the host's killing value is improved!"

"Hey, the host's killing value is improved!"

Ye Xuan's killing value has soared. When he quickly smashed two snipers and wiped out the souls of the two men, he heard a muffled sound in the distance.

He turned his head and saw that the old tree and the sneaky emperor were all bombarded. What happened?

Breaking into the tree and the ghosts of the incarnate, how can you suddenly beat this spider?

Ye Xuan stared at it and found that this poisonous spider had a piece of faith crystal in his hand.

It turned out that the power of faith was called!

However, not waiting for Ye Xuan to react, behind the poisonous spider, there is a virtual shadow of a huge spider.

This is a white spider, a bit like the white bone emperor spider that Ye Xuan once saw.

After the appearance of this spider's phantom, the other two souls who are invincible can't help but say:
"Teacher!"

These two people, one is a thousand feet, one is a snake shadow temple, but the teacher in their mouth is not a popular family and a snake charm, but a spider of the spider.

"My baby, what happened?" After the appearance of this white spider phantom, he immediately asked.

"Father, someone made a big noise for my wedding, and I robbed the golden cat. I almost killed the door, and even I almost died in their hands." The poisonous spider said immediately.

Fang Cai, the old tree and the sneaky emperor suddenly rose up, the strength increased, almost gave him a spike.

Fortunately, he took out the life-savings that his father gave him, or he died.

You must know that he has just broken through to the soul, and he has not come to rush to condense the soul. And Ye Xuan has the means to kill the soul. If he is killed, I am afraid he will die.

"Great courage..."

On that day, the shadow of the spider was flashing, and his eyes fell on Ye Xuan and others.

Ye Xuan looked at him and knew that he was the last to kill the poisonous spider. However, his mission has been completed and the realm has broken through.

Therefore, he made a direct decision and went!

Not to wait for the voice of the spider to fall, Ye Xuan directly into the broken door of a void, together with the old three trees.

"Hey!"

The door of the void is closed, leaving a wrong group of people.

This time, the Tiancaomen door was really a heavy loss. Not only did four-fifths of the disciples and elders die, but even the masters who came to Hexi were almost dead, including Jin Zongzong, the evil gods and their own spiders. The chief gate of the elder.

"Damn, they were actually escaped by them!"

The poisonous spider and the Lord could not help but roar.

This day, the master of the spider door is actually not transferred from the Zongmen, but he personally cultivated it.

It's so dead now, and his years of hard work are in vain!

Most importantly, he also wants to use the golden cat blood to activate the golden spider blood, which is now a bubble.

"My shadow can only protect your life. I can't stop them if they want to go. However, I will send people to investigate immediately today. The strength of those people is not something you can fight against."

The celestial spider said to the poisonous spider.

Chapter 1570: Being chased

Although I don't want to, I don't want to know that the spiders know that they really can't beat each other, so they can only agree silently.

At this time, Ye Xuan was already passed through the door of the void, transmitted to the front of the transmission array, then transmitted, broken, and finally returned to Su Qin Su Yue and others.

This group of cats of Su Qin and Su Yue, after seeing Ye Xuan returning, was very happy.

However, the faces of Su Qin and Su Yue are more shocked, and the most awkward is Su Qin.

When they first saw Ye Xuan, Ye Xuan was a triple-flooded body. When she rescued Su Yue, Ye Xuan broke through to the incarceration of the flesh, and now she has returned to the body. The situation is the same as her.

In such a short period of time, even continuous breakthrough, is this still human?

However, the most shocking thing is that Ye Xuan actually saved Su Yue and was safe and sound.

"You, follow me quickly, or the spider's door will block all the transmissions. It is not so easy to go."

Ye Xuan said directly.

Since the spider knew about the division, he would definitely send a more powerful master. Ye Xuan was not afraid of this, but he was afraid that the transmission array would be destroyed. When he wanted to leave the beast, he had to run with his legs.

"Yes, adults!"

Su Qin nodded and then passed directly through the door of the void.

After several twists and turns, Ye Xuan returned to the vicinity of the Tiancai Gate, but this time, he was going to circumvent this door.

Su Qin and others are slow to die. Fortunately, Megatron is already in a state of incompetence. His speed is not slow.

In addition, the old tree and the sneaky emperor are also separated, and if you find the chaser, Ye Xuan can quickly leave.

There is a transmission array in the northeast of Tiancaomen, which can save a lot of time. The destination of Ye Xuan is there.

He only hopes that the transmission array has not been destroyed, otherwise it will be tragedy.

Although he can repair the transmission array, but the spider can send a master, it is not so simple to repair.

Because Ye Xuan acted quickly, the poison spider less estimated that it has not caught up so quickly, it is estimated that successful transmission should not be a problem.

However, Ye Xuan thought too naively. What he didn't know was that there was a transmission array in the door of the Tiancai Gate. The master of the Zongmen came directly to the place after receiving the command from the celestial spider.

Ye Xuancai took Su Qin and others for less than half an hour, and was directly caught up by the master of Tiancaimen.

"A soul does not die."

After Ye Xuan felt this breath, he browsed.

The soul of the district is immortal, and dare to chase him and find death!

"call out!"

"Hey!"

Ye Xuan just wants to summon the sneaky emperor and the old tree. This soul is immortal.

It is estimated that a large number of masters will soon be killed.

At this time, it was not long before the assassination of the Tiancaomen door. The unicorns of Ye Xuan, the broken rock of the Emperor of the Ghosts, and the blade storm of Megatron were all cooling, and they were not extinguished. The soul of war, the sun, the death, etc. can not be used.

So this battle, Ye Xuan is still thinking about not playing!

"Well, the cooling of the unicorns and the broken rocks is more than 90%. If you kill this person, you may be able to get 100%."

Finally, Ye Xuan still made a decision.

kill!

At the moment, he summoned the old tree and the ghostly emperor, and then let them kill.

This person only heard about the strength of Ye Xuan, naturally not to face one person, and quickly retreat.

However, how fast is his speed too old?

Within two seconds, the man was caught up by the tree and then dragged. Then, the Ghost Emperor and Megatron also caught up.

Under the joint efforts of the three men, this soul does not destroy the elders of the heavenly spiders, and they are directly killed, and then Ye Xuan will kill his soul.

Although I don't know if this person has a soul, but Ye Xuan is too lazy to pay attention to it, directly get the other party's Qiang Kun ring, swallowing the things inside.

"It's still a little bit worse. Kirin and the broken rock can be used."

Ye Xuan was somewhat disappointed, and then quickly broke through the void and went to the old route of the old tree. After all, the signal was released before the elders died, and the place where they fought was soon surrounded by people.

However, shortly after Ye Xuan and Su Qin and others came to the old line of the tree, they even encountered one person, or the soul was immortal. This is simply to give Ye Xuan the benefits.

But this time, when Ye Xuan's eyes saw him with an insightful eye, he saw the other person holding a compass-like thing.

"kill him!"

Ye Xuan once again summoned the old three men of the tree. There were not a few rounds. The elders of this day were dead in the hands of Ye Xuan.

At this time, Ye Xuan discovered that there was also such a compass in the trophy ring.

"Ah, the spiders seem to have left a mark on me, they must be tracking me." Su Yue suddenly reacted.

When I heard this, the tree couldn't help but rolled a blank eye and said, "Why don't you say this kind of thing early?"

Fortunately, I found it early, otherwise I will come to a master and it will be miserable.

"Sorry seniors, I forgot..."

Su Yue, a blond-haired man, bowed his head and said slyly.

Seeing her like this, Ye Xuan thought of the fall, because after the fall, it was also a golden hair, and there were fluffy ears and heads.

"We can't erase this mark, but it doesn't matter. Anyway, I have a void door. How can they not catch up? This may be a welfare for me."

Ye Xuan's mouth is slightly tilted.

If there is such a mark, he can slowly harvest the elders who are actively sent to the door, and don't hesitate?

At this moment, the cooling time of the Kirin down and the broken sky stream rock has been completed, so Ye Xuan no longer has to worry about it.

"Continue to hurry!"

Ye Xuan snorted and opened two doors of the void, and then the old tree and the sneaky emperor drilled in.

As for Megatron, the body shape is magnified again, and then Su Qin and others are put into the stomach, and Ye Xuan is on the road.

Su Yue has a mark left by a poisonous spider. Because the poisonous spider is the soul, the Ye Xuan cannot clear this mark.

However, this does not matter.

Next, Ye Xuan came across an elder who was immortal and soulless. Of course, this person was also solved by him.

After that, they never met again.

Half a day later, Ye Xuan successfully arrived at the transmission array, but let Ye Xuan helplessly, there is someone in the transmission array.

"The three souls are not destroyed, and there is one soul that is not dead..."

Ye Xuan swept the eye with insight and finally fell on a middle-aged man.
