Chapter 1571: Repair transfer array

This middle-aged man is recognized by Ye Xuan as a master of the soul of the immortal.

He is now six inseparable in the flesh, the old tree, the sneaky emperor, and the Megatron are the eight inseparable, and it is not a problem to add up to a soul.

I just don't know if this transmission array has been destroyed.

Anyway, you still have to do these four talents.

"on!"

After Ye Xuan placed Su Yue and others nearby, he quickly killed the past.

Of course, if you can, Ye Xuan does not want to play against these four people. If you want to fight, you will have to make a quick decision.

The old tree took the lead and swept the past, directly exposing the atmosphere and letting the other party know.

"Sure enough, I want to go to the Beasts, come!"

The master of the soul who was the leader of the soul was the first to discover the old tree. After a low drink, he directly killed it.

When the tree saw them, they quickly turned around and left. This is naturally the use of Ye Xuan to adjust the tiger to the mountains.

And Ye Xuan, it is a hidden atmosphere, and then swept past to see if the transmission array is available.

However, after he entered the transfer palace, his face was a sinking.

Grandma's, the transmission array was really destroyed!

"Hey, the transmission array is damaged by 60%, the repair time is one day, is it starting to repair?"

The system prompts.

Ye Xuan does not care whether or not to use this transmission array anyway. Anyway, repairing the transmission array can not cost the super swallowing crystallization, first fix it.

"Hey, the transmission array is starting to fix!"

The system prompt sound just sounded, and the outside sounded a hearty laugh.

"I knew you were going to use the transmission array, so I was destroyed by me, hahaha."

This voice is the middle-aged man whose soul is immortal.

Unfortunately, he did not know that Ye Xuan could repair the transmission array.

"Since you want to die so fast, then I will fulfill you!" Ye Xuan flashed and killed directly.

Skills such as death killing order, invincible war soul, and Yan Yang cable are still not available. However, it is ok to break down the rock and the unicorn.

However, it will take a day to repair the transmission array, so Ye Xuan naturally will not use these two moves, because there is no need.

The three souls are immortal, and one soul is immortal. This is indeed a problem for Ye Xuan.

The elders of the celestial spiders, whose souls are not destroyed, are handed over to the sinister emperor. As for the remaining three, Ye Xuan, Shu Lao and Wei Zhentian are one person, just four to four.

"Boy, you are only incredible in the flesh. It is incredible."

An old man couldn't help but sneer.

Although the young man in front of him is only physically inseparable, he will not be taken lightly, because he was shocked by the fact that he was separated from the door a few days ago.

A few of the mortal juniors in the district even screamed at the spider's door, and killed a few masters who could not kill. This kind of thing is not something that ordinary people can make.

Therefore, the main spider's door guessed that Ye Xuan should be the elite sent by the beasts.

"Cut, four levels lower than you, how about?"

Ye Xuan is very disdainful, raising his hand is a wave of swords that goes out again and again.

"Then I have to look at it, what qualifications do you have in front of me?"

The old man screamed, the clothes behind him rip open, eight sharp spider legs, stabbed toward Ye Xuan.

The magic spider family, the heads-up ability is not covered, but Ye Xuan is not afraid of the eight spider legs.

“Hey!” “Hey!” “Hey!”

But I have to say that these eight spider legs are indeed difficult, and Ye Xuan’s attack can’t help the old man.

If Ye Xuan has the growth of the killing feast, or break through to the incarnation of the body, this old man is not estimated to be the enemy of Ye Xuan.

It is a pity that he is only physically inseparable.

On the other side, the old tree and the Megatron one pick one, the former slightly prevailed, and the latter tied.

Ghostly Emperor is also a trend that is evenly matched.

Right now, it seems that they are dominant.

However, the battle can not last for too long, because Su Yue and others do not have bodyguards. If they are caught, then they will be abandoned. So Ye Xuan is thinking, should you use the unicorn to drop or break the rock?

"Or keep it first, Su Yue's situation, my insight can be seen, no hurry."

After thinking about it, Ye Xuan decided not to use two cards for the time being.

In this case, you have to rely on skill to win.

If you want to win this battle quickly, you have to let the other side down. At this time, he is playing the same thing as Megatron and Ghostly Emperor. Only the old tree has the upper hand.

Therefore, Ye Xuan’s plan is to let the tree come over and solve his opponent.

If the death chase order cannot be used, then you can only use the eye of the void and the eye of space.

Thinking of this, Ye Xuan is deliberately pulling away from the old tree, and the old man of this day's spiders wins.

While Ye Xuan had a long distance from the tree, but when the tree was just inside his sensory range, Ye Xuan suddenly flashed, and the tree was received in the planting space.

"what?"

The old man of the tree was shocked because the tree was always disappearing under his nose.

But when he looked away, he found that the tree was directly across a large distance and came to the opposite side of Ye Xuan.

At this moment, Ye Xuan's opponent has been surrounded by Ye Xuan and the tree.

The tree suddenly appeared, and he was caught unprepared.

"Hey!"

A fire fist, hit the back of the old man, the spider legs were directly banged three.

This spider leg is part of the old man's body and it is not so easy to recover.

"The Eye of Space!"

At the time of the old shot of the tree, Ye Xuan also raised his hand and sword. This time, he used the eye of space.

The imaginary sword wave directly plunged into the space crack and struck from the right side of the old man.

"Hey!"

The old man's physique was still strong, and his head was not exploding after suffering a virtual flameless sword wave.

Although there is no killing of the other side, with the addition of the old tree, the situation here has turned into a two-to-one.

The old opponent of the tree saw it and immediately rushed to Ye Xuan, but it took at least two seconds.

Two seconds later, Ye Xuan's opponent was already seriously injured. Then, Ye Xuan took the distance and took the same tactics.

However, this time his opponent is very smart and directly joins his companions.

"The old monster that has lived for thousands of years is really not so stupid."

Ye Xuan eyes a glimpse.

At this point, the old man just took out one thing, this is the signal bullet of the spider's door.

"you are too naive!"

Ye Xuan glimmered, his mouth slightly tilted.

This time, this old man will die!

The sneaky emperor who got the order suddenly flew the middle-aged man whose soul was immortal, and then turned around and caught the veteran.

Chapter 1572: Hidden enemy

The grip of the Hades!

A powerful tearing force wraps the seriously injured old man.

"what?"

The old man was shocked and did not understand where this power came from. He did not wait for him to react. His figure was involuntarily flying toward the ghostly emperor.

not good!

The old man's face changed greatly, but it was too late, and the old tree had already swept between him and the ghostly emperor, and then punched.

"Hey!"

On this day, the head of the elders of the spiders finally burst open, and the soul was separated from the body, which was wiped out by Ye Xuan's imaginary sword.

"Hey, the host's killing value is improved!"

Finally, someone has fallen!

If the situation is not tense, Ye Xuan does not want the Ghost Emperor to use the grip of the Hades. After all, this consumes a little increase in the elegy of the soul, and it is necessary to kill many people to make up.

However, with the death of this old man, then it is simple, Ye Xuan and the old tree are once again united to kill the old opponent of the tree.

Not only that, but the old man who was only degraded, also gave Ye Xuan a lot of strength, and more comfortable.

"The situation is not good..."

The middle-aged man whose soul is immortal is a sinking face. He thought that it was enough to deal with Ye Xuan. He did not expect his own person to die first. It seems that he had to withdraw first.

"Want to go?"

Ye Xuan's eye was swept away and found that the middle-aged man had a tendency to escape, and immediately smiled.

Taking advantage of this opportunity, the Ghost Emperor once again reached out and was a hand of the Hades!

The old opponent of the tree changed his face, and his body was pulled to the ghostly emperor. Taking advantage of the opportunity that the other side was restricted, Ye Xuan and the old tree attacked.

"Hey!"

"Hey!"

Two muffled sounds spread, and the man's head exploded.

Upon seeing it, Megatron's opponent also lost his mind in an instant. If he was only dead, he was not afraid, because he still had a soul in the main gate.

However, the thought of condensing a soul species requires a large amount of heaven and earth treasures, and it may take a thousand years to resurrect, and he will be paralyzed.

Not worth the candle!

Unfortunately, Ye Xuan does not intend to let go of any one, directly let the ghosts of the Emperor catch up with the middle-aged, and himself, is to join hands with the old tree, Megatron, besieging this third person.

Under the siege of the three men, the man was defeated in ten rounds and then killed.

At this time, Ye Xuan has already got three Qiankun Rings. Although there are not many things in it, it has also improved the strength of him and the old three.

"Chasing, the last one!"

Ye Xuan said to the old tree and Megatron.

As for himself, it is to break open the void and bring Su Yue and others to the side to prevent accidents.

These cats are related to the rewards of his random random missions. If they are all killed, they will be tragedy.

This last middle-aged man is the soul of the immortal, and the strength in the spider's door is not bad, but unfortunately he met Ye Xuan.

The old tree, the sneaky emperor, and the Megatron three teamed up, and he couldn't resist it for a long time.

"Damn!"

This middle-aged man is gloomy and looking for an opportunity to escape.

It is a pity that the siege of the old three of the trees is so airtight that he has no ability to leave.

"You wait, the doorkeeper will take revenge for me!" The middle-aged man shouted.

He also spent a lot of time condensing a soul species. Even today, if it is fallen, the soul will burst, and the soul can begin to grow and then resurrect.

Ye Xuan is just a sneer, what a spider, is nothing more than a big expansion of the development of believers, and then to cultivate people, but also want to be a god, make a joke.

As long as he gives him some time, he can wander through the entire five poisonous places, and what the heavens, the snakes, and the evil gods will be destroyed.

The middle-aged man only insisted for a while, and soon he was defeated by the three men and then was killed.

"Hey, the host's killing value is improved!"

When the system prompts the sound, Ye Xuan quickly swept over and took it away.

Sure enough, people with souls generally don't put everything on their body because they can be resurrected. But it doesn't matter, after all, it can also improve the strength of Ye Xuan and others.

At the moment, the watchers of several transmission arrays are killed, but the transmission array is destroyed by them in advance, so it will take a day to repair.

"I am honestly waiting to be sent to the palace. The old tree, the ghostly Emperor, and Megatron, you three go outside to guard."

Ye Xuan said to the three.

With the special positioning of the void, if it is discovered, Ye Xuan can take them in the void and bring them away, and then break away from the void. Unless the coming strong exceeds his estimate, there is usually nothing wrong with it.

However, Su Yue has a mark left by the poisonous spider. They are still standing for a day, and no one can come.

"Do you find it over there?"

Half a day later, Ye Xuan gave a voice to the three people.

"No, nothing moves."

The old three of the trees answered this.

However, Ye Xuan always felt that something was wrong. He left the transfer palace and felt a little vibration.

"not good!"

Ye Xuan suddenly reacted.

The Snake Shadow Temple, the Jinzong Temple, the Tiancai Gate, the Clarity Church and the Thousand Foot School are also known as the Five Poisonous Gods. Among them, the Qianzu School is good at the land.

Enemy, below!

"come back!"

Ye Xuan broke through the three empty doors in succession, brought Megatron and Ghost Emperor back, and then took Su Yue and others into the third door of the void to come to the tree.

"Huh!"

After being safe, Ye Xuan couldn't help but breathe a sigh of relief, because it was only after the transfer of the palace that it was probably already a large number of thousands of masters.

When they came out, it was a very tricky thing. After all, Su Yue and others were still there.

Fortunately, he has a perception of the eye, killer instinct and spiritual knowledge, and found clues.

At this time, next to the transfer palace.

"Puff puff!"

More than a dozen figures have broken through the ground, these people are all masters of the thousand feet, but there is a soul that does not destroy the two worlds.

"Damn, I originally wanted to wait for the elders to arrive and shoot again. I didn't expect to run."

This soul does not destroy the two kings of the two kings to drink a low drink.

He already knew that there was a master of the genius of the genius, and he did not dare to think about it. He wanted to wait for another soul to die and the masters of the two worlds arrived and did not expect to be late.

Fortunately, he did not find the problem of the transmission array.

"They must be nearby, look for it!"

The thousand-footed master snorted and re-drilled into the land.

What he didn't know was that Ye Xuan had been hiding in a few days away.

"The five poison gods are really chasing after, or wait a long time, I will go back and see..."

Ye Xuan sighed and thought.

Chapter 1573: ambush

At this point, Ye Xuan only hopes that the other party will not find the problem of the transmission array, so that after half a day he can return to the transfer palace and then directly transmit it.

Soon, it took another half day.

"Hey, the transmission array is fixed!"

In Ye Xuan's mind, a system sound was heard.

It seems that the other party did not find the problem of the transmission array.

Or, it has been discovered, but not destroyed, but ready to ambush there.

"The tree is old, you go back and see if there is an ambush!" Ye Xuan broke open a door of the void, let the tree first look at it.

The tree is always a magic weapon to burn the sky, not dead, plus the skills of the residual flame, the most suitable for exploring the road.

He went back to the transfer palace to check it out, and looked around the ground and found nothing.

"Young Master, I will send the past to see."

After the tree was separated from Ye Xuan, it was the direct launch of the transmission array. After a few seconds, he landed successfully.

Then he looked around and found that there was no strange place.

"It seems that the five poison gods did not find that the transmission array is being repaired automatically, that's good, let's go!"

Ye Xuan was relieved, then took Su Yue and others through the door of the void and then sent it.

"Hey!"

The transmission array rose and after a few seconds, the group successfully completed the transmission.

However, after landing, Ye Xuan discovered that something was wrong.

The map shows that this is a two-way transmission array, how can there be no transmission array?

Is it difficult to change, the transmission array has been changed?

"No, it's impossible. I will come over once the transfer array is repaired. It can't be changed. So, the transmission matrix at the foot is now destroyed."

Ye Xuan suddenly reacted because it is also a transfer palace, not a place to stay.

Thinking of this Ye Xuan, his face changed greatly, he may have fallen into the enemy's trap.

There may be a lot of ambushes around, and only the old tree is just searching for it.

"Go, split up!"

Ye Xuan's light flashed, letting the tree old and the ghostly emperor separate, and he stayed with Megatron.

Although he said that he was in an ambush, how about it, this time, maybe he can make a breakthrough.

"Who is the prey?"

Ye Xuan's mouth tilted slightly and went straight to the north with Megatron.

Sure enough, they haven't been away for a long time. The old tree is the master of two days of spiders. One of them is the soul of the two.

It seems that they did go into ambush!

"Let's get it, hand over the golden cat, we will leave you a whole body!"

This soul is immortal, and the elders of the sacred door are talking to the old tree.

The old tree said that the word was not passed down to Ye Xuan, and then said: "Is it by you?"

"Hey, since you have already sent it, you know that this is a trap. Now that the transmission array has been destroyed, the doorkeeper is adding more people. It is surrounded by a tight air. Even if you have the eye of space, you can't escape today. "This soul does not destroy the two heavens, the elders of the spiders."

"Try it!"

The tree is old and low.

The next moment, his side was to open a door to the void, Ye Xuan directly arrived with the ghosts of the Emperor and Megatron.

Next, he is afraid to fight with Su Yue and others, so this battle must be quick and fast, otherwise it will be difficult to wait until the other side has received reinforcements.

"kill!"

In order to catch up with the time, Ye Xuan did not talk nonsense, and gave orders directly to the old three of the trees.

Today, different skills, such as the eternal battle of the soul, have passed, and it will not take too much time to clean up the two people.

In an instant, the old tree is looted behind the elders of the celestial spiders whose soul is immortal.

In addition, even Ye Xuan also used the eyes of the space, ready to directly kill one person.

However, this person stood with the elders who did not destroy the soul. The latter directly solved the attack of Shu Lao and Ye Xuan.

This time, Ye Xuan will not save skills.

"The grip of the Hades!"

The sneaky emperor directly reached out and grabbed, and the object of the capture was the elder of the soul that never dies.

At the same time, Shu Lao, Megatron and Ye Xuan immediately shifted their targets, and first killed this strength.

"Too naive, eight spider spears!"

This soul is immortal. The elders of the celestial gates are cold, and the eight spider legs behind them are madly pierced. They directly penetrate the hard armor of the sneaky emperor and stabilize themselves.

Then, the eight spider legs suddenly fell in the air, plunging to Ye Xuan.

Ye Xuan is protecting Su Yue and others, can not join the battle, so this time, he is preparing for major bleeding.

"Death gaze!"

At this time, the Ghost Emperor suddenly consumed 5 percent of the soul's elegy, and his eyes fell on the elders of this soul.

This move became very powerful after the change of the Ghost Emperor. This is the first time it has been used.

A five-fifth increase, this consumption is not small, but after seeing this power, Ye Xuan knows the value.

At this point, the eight spider legs have stopped stretching, directly into the fly ash, dissipated between the heavens and the earth.

The soul is immortal, and the elders of the celestial spiders are instantly degraded, and the soul is separated from the body. It is picked up by Ye Xuan, a flameless sword wave.

"Hey, the host's killing value is improved!"

The value of killing has skyrocketed, but the increase in the elegy of the soul has not been able to make up much.

In addition, the elder of the singularity of the soul that is not destroyed by the soul is intimidated. What kind of ghost skill is this, so that the master of the soul is not killed.

At this moment, he seems to have a feeling that he is the body of the body, and Ye Xuan and others are all immortal.

After the elders of the sacred sacred gates of the soulless dynasty, the old tree, the sneaky emperor and Megatron suddenly turned around and attacked this person.

And Ye Xuan, is quickly swept away and will accept the ring.

"There are a lot of things, but they are still a little bit worse."

Ye Xuan's eyes lit up, and all the things inside were swallowed up, enhancing the strength of the four of them.

As long as they can break through again, then this encirclement will not work for them.

When is the time, who will kill who!

Within a second, the other person fell directly, and then the 戒 戒 ring fell into the hands of Ye Xuan.

"It's still a little bit, just a little."

Ye Xuan was slightly helpless, but it didn't matter, because he saw a few figures in the distance.

One of them is a poisonous spider who has had a relationship with him.

It's awesome!

"In addition to the poisonous spider, there are two souls that are immortal, and the two souls are immortal..."

With the eye of insight, Ye Xuan probably guessed the strength of the person.

He did not expect that this poisonous spider is also nearby, it is fun.

I don't know, is the poisonous spider less cohesive?

Chapter 1574: The poisonous spider is the master, dead!

Ye Xuan's mouth can't help but rise slightly. If not, the poisonous spider owner's estimate is really degraded today.

Soon, this poisonous spider owner was swept over with four bodyguards.

The masters of the two souls that are not destroyed are not the people of the celestial gate, one is the evil god, and the other is the thousand.

The five poison gods are good at using poison, and the eight spider spears that pierced the scorpion scorpion armor are actually quenched. The average person recruits, I am afraid that the soul is directly destroyed. Fortunately, there is no blood in the body of the ghost. Only then can you be safe.

"Kid, dare to disturb on my big wedding day, is it too long?" The poisonous spider took a look at Ye Xuan, and finally fell on Su Yue behind Ye Xuan.

"How come, I haven't lived enough yet."

Ye Xuan smiled lightly, he was only in his twenties, how could he live enough?

joke!

"If this is the case, then take the initiative to hand over the person, so that I will let you live." The poisonous spider is a 'I am the most cow', and I feel that Ye Xuan is a bit uncomfortable.

If you survive, I am afraid you have to be forced to believe in the spider. Which ethnic group is it to play with?

"I want to surrender to you, this depends on your strength, up!"

Ye Xuan is no longer nonsense, directly ordered.

When the voice was heard, the old three of the trees had already swept away quickly.

"Since you are looking for death, send you on the road!"

The poisonous spider is also a moment to change his face. At the moment, the four people behind him directly greeted him.

The old tree, the sneaky emperor and the Megatron are three people, and the enemy has five, and there are two strong souls who do not destroy the two worlds. This battle is very tricky.

However, as long as the other party can be reduced, the battle is simple.

Almost instantly, the three old trees and the four guards of the poisonous spiders and masters handed in.

As for Ye Xuan, it is guarded by the cat family, and the poisonous spider is less than the Lord.

In the latter's eyes, Ye Xuan is definitely dead this time, there is no possibility of survival, because this time, the spider's door has also sent a master of the soul of the immortal, and will soon arrive.

Although Ye Xuan does not know this, it does not matter, there is a must-have, this time he is ready to bleed again.

After the old three of the trees received the sound of Ye Xuan's air, they immediately locked their eyes on one person. This person is an elder of the evil spirits. Compared with another elder of the thousand-foot school, it should be better to deal with some.

"The flames!"

The old three of the original trees all had their own opponents. Now, suddenly shifting the target, they directly flashed behind the evil gods elders and punched them.

"Hey!"

This person did not respond well and was hit by a punch, but the injury was not too big.

Then, it was the powerful and powerful dragon-tail attack of Megatron and the big sword attack of the ghost Emperor.

This time, the other party failed to block all of them, only blocking the big sword attack of the ghost Emperor, and then was taken away by the dragon tail of Megatron.

Taking advantage of this opportunity, the Ghost Emperor once again used the big move!

"Death gaze!"

Every time I use this trick, I have to consume a 5 percent increase, which makes Ye Xuan very sad.

In an instant, the growth of Ye Xuan's four people has dropped from 40% to 40%.

However, the cultist of the evil spirits did not have the body of the body at this time. After the trick of the sneaky emperor, the head instantly turned into a fly ash.

Ye Xuan, regardless of the soul of the other party, directly broke through the void and accepted the other party's shackles.

Then, his face was hung with a strange smile.

Good play, finally opened!

"Hey, the host breaks through, and the current is the end of the body!"

"Hey, the spirit of the Ashes breaks through, and the present is the end of the body!"

"Hey, Megatron breaks through, and it's the real thing for the flesh!"

"Hey, the ghosts of the great emperor break through, and the current is the real thing for the flesh!"

A series of four system prompts to sound, which makes everyone's breath soar.

"what?"

The poisonous spider and the other three were shocked. If you kill the soul, the two powerful players will be able to break through.

It's hard to be done. They are practicing by killing?

Not waiting for them to react, the old three of the tree are directly shot, in the blink of an eye, the other two souls are not destroyed, the elders are also being bombarded.

This sudden change, the poisonous spider and the master are caught off guard, others have to spend hundreds of thousands of years, even thousands of years, and Ye Xuan several, even within a few days to break through, this Nima is a reincarnation of the immortal ?

"go!"

At this point, the poisonous spider master finally learned what kind of task he was provoked, and immediately changed his face and then quickly retreated.

"Want to go?"

Ye Xuan brows a pick, directly using the death chase to mark the poisonous spider, and then the assassination of the eye.

As early as before this war, he opened a feast of killing, killing three people at the moment, although the increase has not doubled, but nine have become.

Looking back on the day, Ye Xuan, who is inseparable from the five-fold body, can more than triple the increase in the feast of the killing.

Now that Ye Xuan is in a state of immortality, and the doubling of the killing feast, how can it be four or five times stronger than the day?

"call out!"

In an instant, Ye Xuan is spanning a large distance and flashing behind the poisonous spider.

This distance is already outside the scope of the grip of the Ghost Emperor.

"not good!"

The poisonous spider has a small face, and his brain is reacting, but the body does not.

"Oh!"

A crisp sound spread, and then, a pain was transmitted to the brain of the poisonous spider.

The neck of the poisonous spider is directly cut off by the virtual flameless sword wave.

The reason why Ye Xuan did not directly attack the head of the poisonous spider, but also because he was afraid of accidents, because the key to the invincible strong is the brain, the head will always be harder than the neck, if it is not able to kill the spider, and let him What should I do if I take out the belief crystal?

Now, Ye Xuan is not afraid.

At this point, the head of the poisonous spider is separated from the body, and the ring suddenly falls into the hands of Ye Xuan.

"Less gatekeeper?"

In addition, the master of the thousand-foot school saw the whole person, and the whole person was paralyzed.

The end of the battle, how did Nima evolve into this situation, the script is wrong!

In the next moment, the soul of the soulless sect of the two kingdoms is to see the head of the poisonous spider blasting open.

The skull bursts open and the soul is isolated.

Ye Xuan's mouth swelled slightly and pulled out a sword.

Regardless of whether the poisonous spider owner has condensed the soul, he will die today!

"stop!"

The thousand-footed master shouted, but unfortunately Ye Xuan has already shot.

"Hey!"

The poisonous spider's soul is caught in the soul and instantly dissipates between heaven and earth.

Then, next, this is a thousand masters.

He immediately woke up and then turned around and left, but unfortunately was intercepted by the old tree.

Chapter 1575: End to the beast

"You killed the spider, the lord will not let you go!" The master of the thousand-footed school died and did not forget to threaten.

"If I am afraid of the spider, I will not do it, but it is only a few people with high realm. I also call myself God. I really have no exercise."

Ye Xuan snorted and joined the battle directly.

There are no more than three rounds. This thousand-footed master is a degenerate, and then the Qiang Kun ring also falls into the hands of Ye Xuan.

I have to say that the poisonous spider is the mainstay of the Tiancai Gate. The oil and water are very much. Ye Xuan has just broken through and has already ascended to the mid-term of the incarnation.

It seems that this poisonous spider is less likely to have a cohesive soul. Then now that he is so dead, he can't be resurrected.

I don't know, what would it look like after the spider knows that his most qualified son has fallen?

"It's not far from the Beasts, and we can get there in three days. Let's go."

Ye Xuan said nothing, leaving Su Yue and others directly.

Now the poisonous spider is dead, and the spider may be personally dispatched that day. In Ye Xuan's estimation, the head of the spider's door is estimated to be the master of the soul or the five realms.

If the other party catches up, Ye Xuan can now beat!

Let's go first!

The next road, indeed someone is chasing, but the soul is immortal and the two worlds, Ye Xuan did not see the triple realm.

Soon, it was two and a half days.

In fact, they are already in the field of beasts, but only once. It was swept away by the five poisons some time ago, so it is a site of five poisonous places.

Finally, when Ye Xuan is about to leave the five poisonous scenes and step into the beasts, there is a strong breath that is approaching quickly.

The soul is not destroyed, the triple world!

"I finally got enough to see, but unfortunately, I am about to enter the world of beasts, you can't catch up."

Ye Xuan shook his head helplessly. Since this is the last gift given to him by the five poison gods, he naturally has to accept it.

"Budget, even the poisonous spiders, you dare to kill, today I will kneel down your head and bring it back to the spider's door!"

This soul is immortal and the master of the triple world screams and makes a direct move.

Seeing the situation, Ye Xuan is not nonsense, directly joined the old tree and greeted him.

In this battle, Ye Xuan wants to make quick decisions, that is, to use the cards.

"The flames!"

The old tree quickly swept past, first confronted each other, followed by the Ghost Emperor and Megatron. As for Ye Xuan, after seeing the timing, the space was directly torn.

Kirin drops!

This soul does not destroy the master of the triple world, was instantly stepped on by the Kirin hoof, and then sneaked into the ground.

"Look at how you have just appeared like a cow. How do you become like this now? I thought it was very powerful. It turned out to be only the mouth. How do you feel different winds and lift it up to 90,000 miles?"

Ye Xuan saw his miserable form and couldn't help but ridiculed himself. As for the meaning of flying up to 90,000 miles, it is 'you can't go to heaven'.

Still not waiting for the other party to vomit blood, the tree old and the sneaky emperor followed up one after another, instantly exploding the other's head.

The second record of the unicorn is down, but it is abolished!

In fact, this battle does not need to use Qilin to drop, but Ye Xuan is purely celebrating.

This soul does not destroy the three-dimensional warrior, and the death is very miserable. Even the soul is obliterated by Ye Xuan.

This person should also have a soul, so there are not many things in the ring, but it is better than nothing.

"go!"

After Ye Xuan swallowed up the things in the Qiankun ring, he took Su Yue and others directly into the field of the beasts.

During this period, Su Qin, Su Yue and others have already voted for Ye Xuan Pei.

When I first saw Ye Xuan, Ye Xuan was just a triple-flooded body, but now it has broken through to the incarnation.

Some people, even if he can not do it for ten thousand years, and Ye Xuan spent less than ten days.

Between the two, but there are hundreds of thousands of times the gap!

Both Su Qin and Su Yue are full of worship for Ye Xuan, and the rest are the same.

Their age is actually too small in the tribes, because they are closed for centuries and millennia. This group of people is equivalent to human beings, and it is ten or twenty years old.

If Ye Xuan looks very cold, they will definitely be around Ye Xuan, even if they are all married to Ye Xuan, it may not be impossible.

However, a strong person like Ye Xuan who may even touch the threshold of the heavens is never lacking a woman.

Now, Ye Xuan has successfully escorted Su Yue and others to the Beasts. Now, he is taking a look at the mission.

The first ring of serial random missions was to save Su Qin and others, the second ring was to save Su Yue, and the third ring was to send them to the beasts.

Now that the beast domain is here, how can the mission not be completed?

At this time, Ye Xuan suddenly found that the third ring mission has changed, that is, there is a specific place - the city of beasts.

It seems that Su Yue and others must be sent to the city of the beasts.

"I came to the Beasts for the first time, but there is no map of the beasts..."

Ye Xuan brows a pick, he does not know where the city of beasts is, it seems to have to find a place to get.

Suddenly, he thought of a point.

Su Yue and others, isn't it the people of the beasts?

"You, who has a map of the beasts?" Ye Xuan turned and asked.

"Adult, I have it here."

Su Qin took one and handed it to Ye Xuan.

Ye Xuan immediately transcribed it into the super swallow system and looked at it.

If it is smooth, you can go to the city of the beasts several times. However, this beast domain is the same as the five poisonous places.

Ye Xuan, the human identity here, may also be like the five poisonous places, such as street mice.

"Where is this city of beasts?" Ye Xuan pointed to a city on the map.

"The city of beasts is the center of our beasts. There are five city owners, the patriarchs of cats, foxes, leopards, bears, and cows." Su Qin replied.

After listening to it, Ye Xuan's eyes stunned and asked again: "That is to say, is Foxzu there?"

"Yes, Foxzu is a city owner of the City of Beasts, but I heard that she and the Leopard Emperor disappeared together. It is rumored that they have been concealed and have fallen..."

After Su Qin finished, Ye Xuan's figure could not help but tremble, and said: "What do you say, the ancestors may have fallen?"

He came to the Beasted Field to find the ancestors and see if the ancestors of the fox family in the Shuguang Holy Land had the ability to suppress the blood of the fallen fox.

During this time, the fall has actually broken through to the indestructible, but the blood of Tianhuo is still unable to suppress.

Now, Su Qin said that the fox ancestor may have fallen, isn't it a tragedy?

Su Qin saw Ye Xuan's nervous look. Guess that Ye Xuan might have something to do with Fox, so he hurriedly added: "Well, but the ancestors should have souls, and maybe they may be resurrected."

Chapter 1576: City of Beasts

After Su Qin's reminder, Ye Xuan suddenly realized that he came over.

Fox ancestor is a strong soul who does not destroy the soul. It is possible to condense the soul species. If she is degraded, as long as there is a soul, she can be revived again.

Just, the problem is coming again!

"I don't want to say if there is any kind of soul. Even if there is a kind of soul, it will take time for the resurrection. It can't wait for her to be resurrected..."

Ye Xuan brows tightly locked.

It seems that this luck is not very good, and the fall may have to be directly reincarnation.

However, as long as the reincarnation, then Ye Xuan has 18 years, to Ye Xuan eighteen years, he will certainly grow to a stronger point than the day.

At that time, I am afraid that I can't restrain the falling blood.

"Next, I will send you to the city of the beasts, and the cat ancestors will see the golden cat blood, which will be cultivated vigorously."

After Ye Xuan finished speaking to Su Yue, he took them directly to the north.

The city of beasts, in the center of the beasts, they have to travel a long way.

This serial random task is one of the most troublesome tasks that Ye Xuan has taken.

However, the rewards must be very rich.

Thinking of this, Ye Xuan could not help but speed up the pace.

There is a transmission array nearby, but because the distance is close to the edge of the five poisonous, I don't know if it was destroyed.

On the way, because he was hiding in the belly of Megatron, plus the two bodies of the old and the sneaky emperor, no one came to fight his idea.

One day later, Ye Xuan arrived at the transmission array.

"It's finally here, let's go!"

After Ye Xuan finished, he entered the transfer palace and prepared to transfer.

At this moment, the transmission array in the palace was transmitted and suddenly it was running.

Ye Xuan is still useless, this transmission array will automatically run, which means someone has sent it.

"Hey!"

The transmission array stopped, and then three figures reflected in Ye Xuan's eyes.

After seeing these three people, Ye Xuan's look can't help but condense, because these three people are actually the masters of the soul's immortality.

how is this possible?

In such a remote area, how can there be a master of the soul immortality?

And, one is still three!

It's hard to be able to enter the five poisonous places and find the troubles of the five poison gods.

Ye Xuan also can't understand, but as long as he is careful.

These three people are all people of the cat family. They also saw Ye Xuan after landing.

The flesh does not destroy the sevenfold, the flesh does not destroy the ninefold, the flesh does not destroy the nine realms.

In an instant, the breath of Ye Xuan's three is captured by the other party.

It was only the level of physical indestruction, so the three did not put Ye Xuan in the heart, but when they expanded their knowledge, they discovered Su Yue and others who were hiding in Megatron.

"This breath..."

Suddenly, a head of a cat-like master trembled and said: "Golden cat blood?"

"Ok?"

Ye Xuan was prepared to give way to the three people, but after he heard this sentence, his figure suddenly trembled.

Was discovered!

However, these three are masters of the cat family and should be from the city of beasts.

At the moment, Ye Xuan is to let Megatron open his mouth and release Su Yue and others.

"Sure enough, it is the blood of the golden cat, I have seen His Royal Highness!" After the first man saw Su Yue, he immediately kneeled down on one knee, even the two people behind him.

Upon seeing it, Ye Xuan immediately responded, and as he thought, the three should have got the news, they are going to enter the five poisonous areas to find Su Yue.

However, this message is also too slow.

"You are....."

Su Yue said with some sorrow.

However, she knows that her next door is her, because she has the golden cat blood.

"We went to the five poisonous places to find the Highness under the command of the cat ancestors, but did not expect that the Highness appeared here." The head man said.

"I was originally caught by the poisonous spider of the spider's door, and was later rescued by these adults."

Su Yue finished, turned his head and fell on Ye Xuan.

"they?"

The first man was a little unbelievable. After all, these three people are still only physically insulted. How to save Su Yue from the Tiancao Gate?

In any case, the golden cat blood will not have any problems, and the Ye Xuan three people seem to have no threat to them, so this is the first man.

"His Royal Highness, and we will return to the City of the Beasts!"

Said the first man.

Next, Ye Xuan is the cat family who follow these three souls and does not destroy the triple world.

After the transfer to the point, the first man said: "There is a hidden transmission array for my cat family nearby, we can directly reach the city of the beasts from here!"

Hearing this, Ye Xuan's brows are picking up. This is a good way to save a lot of time.

However, this kind of transmission array that is directly transmitted to the city of the beasts generally has a limit of the realm. Ye Xuan estimates that this is the strongest who transmits the soul of the triple.

About half a day later, they passed the transmission and came to the city of the beasts.

"Where is it..."

Ye Xuan eyes a glimpse.

Just before he arrived, he sensed a strong breath, and the city of the beasts in the center of the beasts was really different.

"follow me!"

Said the first man.

When Ye Xuan walked out of the transfer palace, he saw a solemn palace. However, there are statues of different statues at the entrance of these palaces, such as cats, leopards and bears.

However, Ye Xuan finally followed the head of the man into a palace with hundreds of beast sculptures.

Beast Hall!

"His Royal Highness, please wait here for a while!"

When the first man finished speaking, he left, while the other two were guarded at the door.

Everyone waited for a while, and then there was a strong breath that shocked everyone's mind.

"It's so strong, is it that the soul is not dead?"

Ye Xuan couldn't help but swallow, this level of power is not what he can currently cope with.

However, at this time, the system prompts to sound.

"Hey, the third ring of the random task is completed!"

At the same time, there are also two figures appearing in the eyes of Ye Xuan and others.

One is the head of the man who left, and the other is a cat woman with golden hair.

When Ye Xuan and others looked at their bodies, they were shocked.

Golden cat blood!

This cat woman is a city owner of the City of Beasts, the ancestor of the cat family.

"Sure enough, it is the blood of the golden cat."

Since the appearance of the cat ancestors, the eyes are gathered in Su Yue, after all, the two are the same blood.

"I have seen the city owner!"

Su Qin, Su Yue and others greeted each other in unison. Although Ye Xuan was not an orc person, he also followed the ceremony.

"I heard that a golden cat blood was born, but it was caught by the five poison gods. After I learned the news, I immediately sent them to investigate, but I did not expect that you were out of trouble. The cat ancestors said something strange.

Chapter 1577: Fox family

"The city owner, these adults took the shot and saved me from the hands of the spider."

Su Yue said directly.

At this time, the cat ancestors fell on Ye Xuan and others.

Ye Xuan, the body is not dead, the seven worlds, the human race.

The tree is old, the body is invincible, and the demon.

Ghostly Emperor, the flesh is not destroyed, the rare animal.

In the eyes of the cat ancestors, only the sinister emperor can enter her eyes. As for Ye Xuan and the old tree, she did not have the qualification to see her.

"The spider's door is divided, although there is no strong soul who does not destroy the environment, but I heard that you are saved on the day of the poisoned spider's big wedding, strength and timidity are worthy of praise, but neither of you Where did the faith come from?" The cat ancestors said to Ye Xuan and the old tree.

"It came from a remote place south of the five poisonous areas. I happened to encounter this, so I helped." Ye Xuan replied.

This sentence, but it is a bit strange to the cat ancestors, because she thought that the head is the old tree, after all, the tree is always invisible, and Ye Xuan is only the body of the seven-fold situation, how is it going to open?

"In the South, is it not possible to give birth to your level of warrior?"

The cat family had a glimpse of their eyes, but he did not care. He said, "But you can save people. I can give you a chance to become my followers. This will speed up your cultivation and break through to the soul."

Like the five poisonous places, the Beasts are all the sites of the Orcs, so they all want to develop their faith.

After Ye Xuan listened, there was some helplessness. His most worrying thing happened.

"Sorry, the master of the city, I am here to find the ancestors." Ye Xuan clenched his fist.

"Fox ancestors?"

When I heard this, the cat ancestors suddenly burst out two brilliant sensations. A kind of speculation rose from her heart, but she is also a person who has lived for tens of thousands of years. This kind of emotional change will not manifest itself in the face. on.

"It is estimated that you have already heard that Foxzu has disappeared, not in the city of beasts!" said the cat ancestors.

"The younger generation also heard that the younger generation was a fox friend who activated the blood of Tianhuo. Now he is seventeen years old, so he wants to find the ancestor to see if he can suppress the blood of this day." Truthfully.

"Oh? God is tired of blood?"

The cat ancestors are slightly different. She has also heard of the blood of the fox, but this is only the legend of the orc.

But she is not prepared to ask too much. Anyway, this is not something for her cat family, so she just nodded slightly and said: "This is a reward for you, and if it is really bloody, you Just ask the Fox family."

After that, she threw the Qiankun ring to Ye Xuan, and there were not many things inside, but it was enough for one person to break through to the soul.

This reward is already very good.

"Thank you for your predecessors, the younger generation is leaving!"

Ye Xuan took over the Qiankun ring and thanked him with a fist.

"I will send you out!"

The soul of the three ancestors next to the cat ancestors said.

Ye Xuan nodded and then left with the tree old, the ghostly Emperor and Megatron.

His mission has been completed and there is no need to stay here again.

Under the leadership of someone, Ye Xuan quickly left the Beast Square.

"Fox, in the northwest direction of the Beast City, you can find it by asking." This is the first man who said that he left Ye Xuan Square with Ye Xuan.

"Thank you!"

Ye Xuan thanked the sentence and left the tree with the old three.

And this is the first man looking at the direction he left, the light flashing, and finally followed.

Fang Caizu secretly handed him a task, that is to follow Ye Xuan and others, and when the timing is certain, Ye Xuan will be turned into a believer.

Because the cat ancestors are speculating, Ye Xuan may be the person of the five poison gods, save Su Yue, it is likely to be mixed into the city of the beast, get trust, and then get secret.

After leaving the Beast Square, Ye Xuan and others went straight to the northwest of the city of the beast. He met various orc people along the way. These people also looked at Ye Xuan with strange eyes.

It's a bit strange to come to the human and demons of the City of Beasts, but not just the flesh.

After all, here is the center of the beasts, and it is hard to get to the sky without the soul not going to die.

Ye Xuan also ignored the eyes of these people and walked on his own. However, he found the first man who followed him.

"Follow me, is the believer who wants me to be transformed into a cat ancestor, or..."

Ye Xuan eyes a glimpse.

Now, although he is not as strong as the cat ancestors, if the other party wants to kill him, he will not be willing to give up.

The soul does not destroy the triple world. It kills one before he leaves the beast field. It is nothing.

What's more, just got a ring of 乾,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,  
'''

Soon, he found the fox family.

"who?"

The two fox masters in front of the Fox family stopped Ye Xuan.

"In the next Ye Xuan, today's Fox family, there is something to do with the nobles." Ye Xuan said with a fist.

“It’s rare to have a human being without faith.” A guard murmured and said, “What are you doing?”

"This is the case. There is a friend who has a very rare fox-like blood in the fox family. Now she is seventeen years old and has been reincarnation several times. Therefore, she went to the nobility to find a restrained fox. The way of blood." Ye Xuan said truthfully.

After listening to these two guards, they were shocked.

"What, the sky is tired of blood, what are you talking about?" A guard asked strangely.

"Really."

Ye Xuan solemnly nodded.

The two souls who did not destroy a heavy-duty guard looked at each other. They saw that Ye Xuan was just a matter of immortality, and they did not pose a threat to them, so they were somewhat surprised.

On the way to the fox family, Ye Xuan and Shu Lao, Ghost Emperor and Megatron were pretending to separate, but they actually received the planting space, so there was only one person.

"This, I have to report it, you are here."

When a guard finished, he ran into the Fox Community.

This fox community is not big, but the Fox family is in a station in the city of the beasts.

After a while, the rushing guard came out with a fox man.

"Fox adult, it is him." The guard pointed at Ye Xuan.

This fox-class man is a three-folded realm of soul, and its strength is not weak. It is estimated that there is no low status among the foxes.

"Kid, do you say that you have a friend who is tired of blood?" The fox man also asked in a strange tone.

"Yes!" Ye Xuan nodded.

The fox man continued: "Where is that man?"

Chapter 1578: a sword flying

"Her is in a lower realm, but the body is not dead, and it is impossible to cross the five poisonous places to the beasts." Ye Xuan replied honestly.

When the fox man heard it, he couldn't help but pick it up and said, "Through the five poisonous places?"

"Yes, I just passed through the five poisonous places and came to the beasts." Ye Xuan nodded.

The voice just fell, and some people exclaimed: "Impossible, but you are not dead, and how can you cross the five poisonous places to the beasts?"

The one who opened the door was the one who came in with the fox man.

Not only him, but even another guard does not believe it.

Even if the soul is not strong, it is dangerous to cross the five poisonous places, not to mention the fact that Ye Xuan is invincible.

"The realm does not represent strength." Ye Xuan just replied coldly.

Indeed, the realm does not represent strength, but this sentence is to describe genius, only genius can be challenged.

Ye Xuan looks very ordinary, even if the challenge is one or two levels, it is only the combat power of the invincible class.

"A big tone, an old family, I am sorry, I am negligent."

The guard said, and then showed a fierce look to Ye Xuan: "Come, let me know you, see if your strength is so powerful."

Ye Xuan did not talk nonsense, directly sacrificed weapons, and then swept out a sword.

"Virtual Flame Sword!"

This sword shot quickly, but did not use the killings, because Ye Xuan was afraid to kill this guard, and then avenged the Fox.

The guard did not want to take out the weapon at all, but after he saw Ye Xuan's attack, the whole person was shocked and hurriedly took out a long sword from the Qiankun ring.

"Hey!"

A brittle sound spread, the guard was flying out under the strange eyes of everyone.

"Even if I can't get a sword, your mouth is better than me." Ye Xuan couldn't help but sneer.

The whole audience was silent.

How can a human being, who is in immortal and inconsistency, even fly a master who is not immortal?

However, the power of the imaginary sword wave is indeed powerful.

Is this really an attack that can be made by human beings?

Too fake!

Ye Xuan, the sword, even the fox man was also scared, apparently he did not expect this scene.

"The power of this sword, if it is not guarded, is enough to kill a soul that is not invincible. This kid is not simple!"

The fox men's eyes glanced and the eyes of Ye Xuan changed.

"Bad boy, I killed you!"

At this time, the \*\*\*\* guard was suddenly stabilized, and then screamed and rushed toward Ye Xuan.

Since the other party still wants to play, Ye Xuan is naturally accompanying.

"The killings broke out!"

"Virtual Flame Sword!"

This time, Ye Xuan did not keep his hands and attacked directly.

Of course, he is not aiming at the other person's head, just the body. If he is recruited, he will not kill each other.

"Hey!"

It was a crisp sound, and the guard was once again shaken, and the weapons in his hands were removed.

This kind of behavior can only be described by the involuntary force. I really thought that the sword of Ye Xuan was only successful because of the sneak attack.

"enough!"

The fox man snorted and his words were very useful. After the \*\*\*\* was stable, he no longer attacked.

"Your strength is very good, and it is indeed qualified to cross the five poisonous places."

When the fox man finished, the eyes suddenly turned pink.

This is, charm!

At the moment, Ye Xuan quickly closed his eyes and sneered: "If this is the way for your Fox family to treat you, then I will leave!"

This fox man, obviously wants to charm Ye Xuan, and then ask the truth.

However, Ye Xuan does not eat this set.

"Good boy, although he immediately closed his eyes, but there is still a little air gap between them, in my realm, can not instantly charm him?" The Fox man was shocked.

He is the triple world of soul immortality, and Ye Xuan is only the immortality of the physical body. There is a difference between the five realms, which can't be instantly charmed. This is enough to see that Ye Xuan is not an ordinary person.

"Sorry."

The fox man smiled and said: "I just want to verify the authenticity of the matter."

Ye Xuan did not speak, just looked at him silently.

"My name is Hu Song, the elder of the Fox family. Come in with me." The Fox man said to Ye Xuan.

The guard who was repeatedly smashed twice by Ye Xuan, although very angry, but Hu Song said, he still did not dare to defy.

Ye Xuan went in with his gaze and followed Hu Song.

"I can't verify the authenticity of the matter, you don't want to be charmed by me, how can I believe in you?" Hu Song said to Ye Xuan.

This problem, Ye Xuan had long thought of it, he took a blood bottle directly from the Qiankun ring.

"This blood bottle contains the blood of my friend. You can see if there is such a fox blood in your family."

After Ye Xuan finished, he directly threw the blood bottle to Hu Song. The latter received a blood bottle and looked at it.

"This kind of blood is indeed my fox, but I never seem to have seen it..."

Hu Song was shocked. It's hard to be true. What Ye Xuan said is true?

In fact, from the beginning, he did not believe in the days of the fox, because the probability is too small, and never appeared, has always been just the legend of the orc.

But now, there is a bloodline of the Fox family that has not appeared yet?

"There are a total of one hundred and twenty-three branches of my family. There are currently one hundred and twenty blood vessels still in existence, and the other three have appeared..."

Hu Song thought about it.

He can be sure that this blood is a bloodline of the Fox family, but he has not seen it, so it may be the blood of the Fox family that has not appeared.

Even if it is not a day-old fox, this is enough to cause the fox family to pay attention to it. As long as the person is picked up and then multiplied, it may appear.

Now, Hu Song is a little bit convinced of Ye Xuan's words.

"You come with me."

Hu Song frowned and said to Ye Xuan, directly into a palace in the distance.

Ye Xuan went to see it and found that it was a transfer palace. It was difficult to send it to the Fox family.

Soon, the transmission array is starting to run, and the foothold is in front of a cliff.

Sure enough, it is the Fox family!

The city of the beasts is so big that it can hold no more than 100 orcs, so the family is built in other places.

After landing, Hu Song did not say anything, and took Ye Xuan to a palace.

"You go in and wait, I will report it!"

When Hu Song finished, he left.

Ye Xuan looked at the back of Hu Song, then entered the palace and waited quietly.

Chapter 1579: Enemy!

At this time, Ye Xuan couldn't help but recall one thing. The reincarnation of Hu Hu, also named Hu, may have something to do with this Fox.

It is only after he has passed the air to the fall, only to know that the reincarnation fox himself is not sure whether he has a relationship with this fox.

There are foxes in the holy land of the Twilight and the holy land of Penglai. The fox of the reincarnation Hu may be born to the fox people of the holy land of Penglai.

The ancestors of the Fox family do not represent the ancestors of all the foxes, but the ancestors of most of the foxes in the Twilight Holy Land.

After a while, Ye Xuan felt a huge breath close.

However, this time is not the soul of the five immortal circumstances, this breath is much weaker than the cat ancestors, it is estimated that the soul is immortal.

Soon, the Hu Song walked into the palace with a fox youth. The young man's hand was holding the blood bottle of Hu Xuan, which was the blood of the fall.

The young man walked in quickly, and said: "The sky is full of blood, really exists?"

"If you change it!"

Ye Xuan did not know who this young man was and answered one sentence directly.

"I am Hu Yingbo, another fox ancestor!" said the young man.

"Another fox ancestor?"

Ye Xuan stunned, and did not respond for a while.

Fox ances, how come there are two?

"The ancestor of your mouth, in general, refers to my wife Hu Lingqing. When we were with our children and grandchildren, we came to the Shuguang Holy Land." Hu Yingbo said.

This time, Ye Xuan understands.

It turned out to be the husband of Foxzu. After all, can't the ancestors be born alone?

"I have seen seniors!"

Ye Xuan hurriedly said hello.

Although Foxzu is missing, but this Hu Yingbo is also a fox ancestor, but the soul is immortal, and it is possible to solve the problem of falling.

"Your friend, where are you now?"

Hu Yingbo asked curiously.

The blood of the day is the best blood in the fox family. Once you can avoid the robbery of the day, then the foxes will make a big fuss.

Now that the fall has not fully opened the blood of the sky, the repair is much faster than others, not to mention the other, the ability to automatically absorb the heavens and the earth is strong.

If the land is born in the field of the beasts at the beginning, even if you don't need any natural treasures, if you absorb the heavens and the earth, it is estimated that you can break through to the indestructible situation in a hundred years.

"She is in the south of the five poisonous places, and I also came from there." Ye Xuan replied.

"If this is the case, then I will send someone to pick her up in the past, but now I can see the situation of the five poisonous scenes. It is estimated that I can only circumvent the five poisonous situations." Hu Yingbo said.

It may take many years to get around the five poisonous places, but this time is nothing to them for the old monsters who have lived for tens of thousands of years.

"No, she is already seventeen years old this year. In a few months, she will experience a day of robbery." Ye Xuan suddenly reminded.

When the voice fell, Hu Yingbo also reacted. He passed on the memory of the day-old fox, and he had to experience a catastrophe when he was 18 years old.

"If you send an elite, you can go back and forth in a few months, but now the five poison gods seem to have any big moves, it is too dangerous." Hu Yingbo shook his head and was thinking of a solution.

At this time, Ye Xuan suddenly said: "In fact, I have a way..."

"Oh?"

Hu Yingbo's eyes lit up and asked: "What is the solution?"

This method of Ye Xuan is to plant space, let his second avatar out, put the fall into the planting space, and then summoned by the deity.

He also forgot about it before, but now I think about it.

As long as he thinks, he can reach the reincarnation in one day.

However, at this time, suddenly a loud noise fell into the ears of Ye Xuan.

"Booming!"

In the distance, suddenly there was a loud bang, and then there was a voice in other directions.

This movement has successfully attracted the attention of Ye Xuan.

"what happened?"

Hu Yingbo said with a frown.

Hu Song immediately left the palace and looked outside. Then he shouted: "Home, not good, there are strong people attacking my family!"

"what?"

Hu Yingbo was shocked and immediately left the palace with a step.

Ye Xuan, who heard this, couldn't help but wrinkle and follow up.

At this time, the foxes heard the sound of battle in all directions, and there were a lot of figures in the air fighting.

Upon seeing it, Hu Yingbo suddenly thought of something, hurriedly transported the infuriating, and snarled in the sky: "There are foreign enemies attacking, the whole family is on alert, and inform the city of the beast!"

He saw that the people who attacked the foxes turned out to be five poisonous gods, and the realm was not low, at least the soul was not destroyed.

This is obviously premeditated!

How can the masters of so many five poison gods be mixed into the center of the beasts?

"Husong, protect this little brother!"

After Hu Yingbo finished, he also plundered directly.

But before he even ran a few steps, some people shouted: "Not good, the homeowner, the transmission to the city of the beasts was destroyed, even the hidden one."

"what?"

Hu Yingbo was shocked.

Even if the transmission array was destroyed, how could the discovered transmission array, which was hidden?

This means that their Fox family is isolated and helpless!

"It's really prepared, kill!" Hu Yingbo's face changed and he killed in one direction.

And Ye Xuan, who took advantage of the insightful eye, found a lot of masters of the five poison gods, such as Tiancaomen and Qianzupai.

It is no wonder that he can escape the five poisonous scenes so quickly. It turns out that these masters have already mixed into the beasts, and today they are attacking the foxes.

"I heard that the Fox ancestor has fallen, and now these people are still attacking. Is it suspected that the ancestors were resurrected with the soul?"

Ye Xuan's mind suddenly thought of this.

Fox ancestors, but the soul of the five immortal masters of the soul, if she is successfully resurrected, then the strength of the beasts will rise again.

That's it!

Thinking of this, Ye Xuan also suddenly responded, just right, he also went to the peak of the physical and immortal, and almost broke through things, this time is a good opportunity.

"You can go and help, don't worry about me." Ye Xuan suddenly said to Hu Song next to him.

"No, my family will let me protect you."

Hu Song shook his head, but from his expression, he also wanted to join the battle. After all, he was the soul of the immortal, and he could kill many enemies.

"If that's the case, then let's go together!"

Ye Xuan's light suddenly flashed a bit and directly sacrificed weapons and killed them.

"what are you doing?"

Hu Song was shocked, but Nyima Yexuan was not physically insulted. The attacking foxes were at least masters of the soul, and dare to participate in this level of fighting, looking for death?

It is just right that there are four masters of five poison gods who have been killed in the vicinity. They are both immortal and soulless. After they feel the breath of Hu Song, they are killed.

Chapter 1580: break out

"not good!"

Hu Song's face has changed dramatically. If it is in other circumstances, he is not afraid of the four poisonous gods who are inseparable from the four souls, but now Ye Xuan is around, what if it is affected?

At this time, he can only pray in his heart, Ye Xuan has condensed a drop of blood, so that he can be resurrected after death.

It is a pity that when Ye Xuan broke through to the indestructible, he did not condense the inexhaustible blood, because he has more insurance, that is the second avatar.

It takes a lot of time to condense the blood, and it also needs a lot of heaven and earth treasures, plus his realm is improved quickly. Once upgraded, the old immortal blood can't be used, so, the condensed essence is not extinguished. What does blood do?

When Hu Song mentioned the spirit of 120,000 points, Ye Xuan's mouth suddenly rose, and then, three figures appeared suddenly beside him.

"It's good to come, seeing these ugly bugs and killing innocents!"

Ye Xuan screamed and rushed straight out.

I dare to fight in this level of battle, and I am really looking for death.

Of course, this is the thought in Hu Song's heart.

At the moment, he can't control so much. If the action is not done well, the fox will be hit hard. In his heart, the life of the tribe is more important than Ye Xuan.

The four souls are not destroyed, and nothing is in his eyes!

But the next moment, he was shocked.

He saw that the bald old man who suddenly came out, and the rare alien sorcerer and the green dragon, each of them had blocked a master of the soul.

Lying in the trough!

what's going on!

Hu Song's figure was paused, so that he could deal with the last person. With his realm, he could solve his opponent in ten rounds and then kill the remaining three.

However, his idea is too naive.

There were only five rounds in his confrontation with the opponent, and not far from there was a figure falling from the air.

This figure is the master of Jin Zongzong in the five poison gods, but at this time his head burst open and is dead.

"how is this possible?"

Hu Song was shocked again.

Even he has not solved his opponent, and Ye Xuan, who is immortal, has killed one. In the end, who is the soul of immortality?

But the next moment, he knows why Ye Xuan can kill the opponent so quickly, in addition to the eyes of the space, there is that perfect match.

Although the old trees, the ghosts, and the Megatron are one-on-one, they suddenly shift their targets. Under the fire, the second person is also degraded.

Then, it is the third person!

This is not the point. The point is that after Ye Xuan received the third person's Qiankun ring, the atmosphere of Ye Xuan, Shu Lao and Ghost Emperor suddenly skyrocketed.

Breaked through!

Moreover, there are three special!

"Hey, the host breaks through, and the current is the real thing!"

"Hey, the spirit of the ashes breaks through, and the current soul is not dead!"

"Hey, Megatron breaks through, and now the soul is immortal!"

"Hey, the ghosts and the great emperor break through, and the current soul is immortal!"

In an instant, the atmosphere of the old tree and the sneaky emperor has skyrocketed several times. After all, this has crossed a big rank.

If they have not broken through, they can easily kill the elders of the five poison gods who have never lost their souls. Now they have broken through to the soul and will not kill the soul.

Not waiting for Hu Song to react, the old tree is a remnant of flames, and then a punch to Hu Song's opponent.

Then, it was Ye Xuan's imaginary sword wave, which killed the soul.

Until this time, Hu Song did not respond.

Who said that Ye Xuan did not have the strength to cross the five poisonous areas, plus the Beasts domain is no problem.

The masters of these four five poison gods all died in the hands of Ye Xuan and others, and the Qiankun ring was also taken away by Ye Xuan, while Hu Song did not kill one.

It seems that Hu Song has played a role in delaying one person.

Not waiting for Hu Song to react, Ye Xuan was directly killed by the tree and others.

This time for him, but a good opportunity to upgrade, as long as Ye Xuan once again break through, Shu Lao and others are estimated to be able to fight against the five poison gods.

Due to the realm of the realm, there is generally no strong soul who will not destroy the triple world to find Ye Xuan trouble, Ye Xuan will not take the initiative to find this level of master.

Although the old tree, the sneaky emperor and the Megatron have all broken through to the soul, they kill the souls of the soulless and more powerful. It is better to kill a soul without destroying the three souls. Destroy the two worlds.

At the same time, the Fox family suddenly had this strange team support, which attracted the attention of many people. Most people did not know Ye Xuan, but a few people have seen Ye Xuan and Hu Song stay together. In addition, Ye Xuan and others are killing the masters of the five poison gods. Naturally, they are determined to support the Fox family.

At this time, the sky suddenly sounded a thick voice.

"Hu Yingbo, I know that the ancestors were resurrected in the use of the soul, and they said the whereabouts of the fox ancestors. Otherwise, today is the day when your foxes are destroyed."

Ye Xuan, who heard this, turned his head and found that Hu Yingbo and a master of the Snake Shadow Temple were on the opposite side. This master of the Snake Shadow Temple is also the soul of the immortal.

Among the foxes, in addition to the ancestors of the ancestors, there are three souls that are immortal, and Hu Yingbo is one.

However, the other two are not in the ancestors today. If Hu Yingbo is killed, then the ancestors will be finished.

As for the destruction of the transmission array, it must be the inner ghost of the ancestors. Although most people in the Fox family believe in the ancestors, they are only beliefs. Once their loved ones are caught, they are vulnerable. .

Only the ancestors can order them.

At this time, Ye Xuan's mind suddenly sounded a system sound.

"Hey, the host triggers the fourth ring of the serial random task to resolve the fox crisis!"

Hearing this, Ye Xuan's eyes glimpsed, and the heart said: "It seems that we must hurry up. If the foxes are gone, what should I do?"

Then he made a decision.

"Megatron, ribs, outbreaks!"

Both Megatron and Ghostly Emperor, who received Ye Xuan's voice, flashed a bit.

Bladestorm!

Do not destroy the soul!

Megatron, who has broken through to the soul, has used the two tricks and the power is already strong.

Do not destroy the soul, and double the full attribute.

Coupled with Ye Xuan's killing feast, let alone single-handedly a soul is immortal, even if it is bombing, it is definitely not a problem.

However, Ye Xuan did not let Megatron go to support Hu Yingbo, but sent the tree to go old.

As long as Hu Yingbo is dragging the man, then the remaining enemies are not afraid.

Ye Xuan does not believe that some people can stop the sweep of the earthquake.

After seeing the masters of the five poison gods, they couldn't help but be shocked. No one who was stared at by the Shen Tianjian group could survive.

Among them, it is the strongest who includes the soul of the immortality!
