Chapter 159: Black wind empire

"Right, this is good, but I don't want such a fat grandson, you, go and accept this grandson."

Still waiting for his voice to fall, Zhao Pan suddenly looked up and glared at him.

Just say good, as long as you make a bang, then this is all right.

However, now the other party has suddenly changed, and added a condition called Grandpa, which is clearly in the lead.

"Hey, dare to marry me? Believe it or not, I immediately told people to return to the Black Wind Empire to inform me, to destroy the Xuanyang Empire?" Huafu youth suddenly angered.

噗通!

Whenever this Chinese youth refers to the Xuanyang Empire, Zhao Pan's heart is a slap in the face.

This world is a strong world, the weak and the strong, the weak often often become a strong play of things, even an empire is no exception.

"Okay, I am calling." Zhao Panyi gritted his teeth.

"Wait, all have a first come, come first, then swear, then grandfather, do you know the rules?" Huafu youth cold and cold.

Zhao Pan clenched his fists and his body was shaking.

This time, he did not refute, directly open his hands and press it on the floor, then squatted.

"puff!"

Zhao Pan's forehead was on one thing, but the sound was wrong and the hardness was not right.

This is not the floor!

He looked up and found himself lying on the palm of one's hand.

"Ye Xuan?" Zhao Pan looked at the owner of the hand and looked at it.

That's right, this is just Ye Xuan's hand, he arrived in time.

Ye Xuan, who was late, didn't come too late. He directly helped Zhao Pan and said: "Fat brother, what are you doing?"

"Let's let me get up?"

Not waiting for the opening of Zhao Pan, there was a scream of anger, and there was a gust of wind.

The Chinese costume youth was furious and went straight to Zhao.

He is a strong man in the middle of the real world. This foot can definitely smash the bones of Zhao Pan.

However, Ye Xuan can not let him go.

"puff!"

Ye Xuan took a hand and flew the foot.

"Let's go, you are so bold, you know who I am?" The young Chinese costumes widened their eyes.

"A dog that can only bite people insanely." Ye Xuan said casually, and helped Zhao Pan.

"what did you say?"

The Chinese costume youth almost violently walked away. He was a son of a high-ranking Imperial Marshal, and he was actually a dog, and he was still in front of so many people. This is going against the sky.

He just wanted to start, and the little eye on the side of the class reminded him: "Don't do it, there are rules."

After such a reminder, the Chinese youth is also a glimpse, he suddenly sounded, here is not the Black Wind Empire, but in the Lingxiao House.

"Dead fat, give me your knees, do you want to be destroyed?"

The young Chinese costumes glanced and continued: "And you are also the Xuanyang Empire. I really don't know how to live and die. I am the Marshal of the Black Wind Empire. Do you know that you have a big disaster?"

Black wind empire?

This name, Ye Xuan really heard that, on the border between the two countries on that day, the real Xuanjing who was disguised as the messenger of Lingxiaofu was not the Black Wind Empire?

"Oh, what about the Black Wind Empire, but it is only a high-level empire. You are now stepping on the mud of Lingxiao House. I want to see how much trouble I have." Ye Xuan did not care.

"Okay, very good, it seems that you are thinking of being destroyed." The young Chinese costume is already angry.

At this time, there were already nearly a hundred onlookers gathered here. He was insulted by a low-ranking empire in this large court, and this shame was thrown home.

"Ha ha."

Ye Xuan smiled a little and said: "I don't think you are still awakened. Here is the Lingxiao House. Unless you cancel the assessment, you can't go back for a while. And the assessment is not difficult, can you live back to black? The wind empire is still a problem."

"And, you are the first to take the shot, the people present are clear, as long as I report the matter, then you will be disqualified..."

Still waiting for the voice to fall, the face of the Chinese youth is a change, and said: "Do you dare?"

"Haha, are you panicked?" Ye Xuan said with a smile: "I certainly don't dare, but don't think that you are afraid of you. If you are disqualified, can you just destroy the Xuanyang Empire as soon as possible?"

This is also to let the young Chinese youth reassured a lot, he really did forget the rules before they took the shot. If it is known to people in Lingxiao, he will definitely be disqualified.

After all, the Black Wind Empire is only a high-ranking empire. He is not an emperor, but the son of the Marshal.

Even if the emperor came, he must respectfully follow the rules, let alone him?

"Well, I am leaving with my friend, is there anything else? If nothing happens, go away!"

Ye Xuan took Zhao Pan, after saying a word, he went straight out.

Everyone dares to stop them!

Because their courage is not as big as Ye Xuan.

Even the people of the middle empire did not dare to say anything in front of the Chinese youth, and Ye Xuan not only did it, but also stunned.

"Okay, very good, I remember you, if Lin Zhirong does not kill you, I will follow your surname!"

.....

After leaving the right and wrong place, Ye Xuan returned to their residence directly with Zhao Pan and Jiang Xian.

"Ye Xuan, you this time..." Zhao Pan finally couldn't help but ask.

Ye Xuan sat down with his ass. "Do you think that I am irrational and make things big?"

Zhao Pan nodded.

Originally, he thought that after gimmicks, he would be fine if he shouted a grandfather. Although he was humiliated, he was killed more than his parents and his whole country was destroyed.

"You are too naive, they are obviously having fun. Even if you are a grandfather, they will not let you go, and they will continue to take advantage of it. Then they will treat you like a dog, or even call you *shoe."

After Ye Xuan finished, it was a pause, and continued: "Now, although things are big, but it is still good, here is the Lingxiao House, so he is not afraid to treat us for the time being. As long as we pass through Lingxiaofu The assessment, even if only the Yellow House, they do not dare to start with the Xuanyang Empire."

After Ye Xuan said this, Zhao Pan also felt that there is some truth.

"But, the assessment of Lingxiaofu, there are no ones, and there are many people around them who are really imaginary. I am afraid..." Zhao Pan said with some worries.

"You are not breaking through, there are still three days away from the assessment, and strive to break through to the real world in these three days. Rest assured, there is me, I will try my best to keep you, as long as I enter Lingxiaofu, then I will swear." , can report it." Ye Xuan said very confidently.

"Okay, I am practicing now!" Zhao Pan also made a decision.

Since things have already happened, then worry is useless, and we can only make breakthroughs. As long as we can enter Lingxiao, all crises will be lifted.
