Chapter 1591: Soul array

"Sure enough!"

Ye Xuan's eyes are awkward. If he is not used to it, I'm afraid I will spit it out.

The five poisonous beasts, of course, feed on the body and grow up.

This number has exceeded one hundred.

Of course, these five poisonous beasts have not yet grown up, and they are several times smaller than those seen by Ye Xuan. It is estimated that they are only comparable to the soul.

These five poisonous gods were so ferocious, even the disciples in the door could not be spared and were treated as sacrifices.

However, at this time, Ye Xuan's insight into the eye, found that there are five figures under the black light column.

"The five leaders of the five poison gods?"

Ye Xuan brows a pick.

These five people, exactly the five races corresponding to the five poison gods, plus the realm of the soul is immortal, and the five teachers who should be the five poison gods are undoubted.

At this time, the five people stood in the black light column, and a matrix outside the light column was absorbing the soul energy of the black light column and fed back to the five people.

Their breath is growing.

"The original sacrifice was mainly to enhance their strength, and the five poisonous beasts were only second."

Ye Xuan suddenly reacted. He estimated that the five teachers of the five poison gods wanted to break through to the six spheres of souls.

If only five souls do not destroy the five-fold situation, Ye Xuan is not afraid, but if they break through to the six levels of the soul, it will be a little tricky.

After all, these five people are the lords of the five poison gods, and they are so powerful that they are not so easy to deal with.

Then, you must kill them before they break through.

At least, you have to interrupt it!

"on!"

At the moment, Ye Xuan directly summoned the three old people of the tree and then directly killed the past.

These breaths suddenly appeared, directly causing the attention of the five elders around the gods.

"There must be people in the field of the beasts, killing them, not letting them disturb several leaders."

At the moment, these elders who are immortal and triple-minded, all plunged into Ye Xuan.

It is a pity that today's World War I is vital, so Ye Xuan does not need to hide it any more, and directly let the ghostly Emperor display the invincible soul.

As for him and the old tree, he is responsible for blocking these elders.

"call out!"

The sneaky emperor and Megatron, who did not destroy the soul of the war, swarmed up twice as much as they went up. They directly smashed a **** road and plundered toward the black light.

At the same time, the death will of the Emperor Ghost Emperor was launched, and the hundreds of thousands of bodies underneath were all resurrected.

However, Ye Xuan thought it was too simple, because the Ghost Emperor and Megatron were suddenly blocked by the array on the altar.

"Hey, the unnamed juniors dare to disturb our good deeds, really looking for death!"

The evil spirit of the evil spirits suddenly opened his eyes and glanced at it. After a cold spell, he directly controlled the array on the altar to attack the ghost Emperor.

"Hey!"

The black light column suddenly erupted with a black breath, and directly penetrated the ghostly emperor.

Fortunately, the damage of the Ghost Emperor is no more than four-fifths, and it can be restored.

However, seeing this scene of Ye Xuan, his face can not help but dignified, and hurriedly sent the ghosts of the Emperor and Megatron back to the planting space.

He cares about it. With the eye of insight, he didn't even see a protective array on the altar. I didn't even think that this method was so powerful. Only then, the attack had already smashed the sinister emperor by three-fifths and almost fell.

Once the sneaky emperor dies, the effect of the eternal war will disappear, so he can't die.

In this case, then Ye Xuan changed the plan and first killed these annoying elders.

As for the law, hand over hundreds of thousands of war corpses!

In an instant, the sneaky emperor controlled the corpses and threw them at the altar.

The masters of the five poison gods were sent to the front line to invade the beasts, and Ye Xuan killed two batches, so there are not many masters inside.

However, the Five Poisonous Gods used this ritual method to forcibly elevate the masters of ten souls that never die.

It is a pity that such a realm has not threatened Ye Xuan.

Within ten seconds, the thirteen souls are immortal, and that more than thirty elders of the three souls are not destroyed.

In addition, the hundreds of poisonous beasts that have not yet grown up have also been smashed, and there is no need for bombing.

After Ye Xuan took the shackles of these people, he looked at the altar.

The hundreds of thousands of war corpses could not be close to the altar, and they were directly smashed into black by the breath of black. You know, this black light column is the soul of their souls.

The five masters saw that all of their masters had died, and there were some mistakes.

"A group of waste, even if the realm is raised, it is still waste!"

"Whether these few people come to the head, they can kill my five poison gods. It is definitely not a beast."

"A human being, a demon, a rare alien, and a great emperor, should come from other places!"

"No matter what, they can't break the array of tens of millions of souls, and they can only look at it."

"After this period of soul tempering, our souls are already incomparably strong. As long as the sacrifice is completed, we can certainly break through the six spheres of immortality. In the future, our cultivation speed will be greatly improved. It is impossible to pass the heavens! "

"Don't worry about the juniors outside, as long as this success, don't talk about the five poison gods, even if the people of the five poisons are all dead?"

Under the black light column, the teachers of several five poison gods talked about it, and looked relaxed.

This array of methods is set by the souls of tens of millions of sacrifices. Even if the three great city owners of the beasts are not able to break down with the masters, they are not worried.

At this time, Ye Xuan has killed all the living things around the altar, and the effect of not destroying the soul of the war has passed.

"This method is too strong, even if I use the Kirin drop estimate can not break ..."

Ye Xuan looked at him with dignity.

Then, he directly marked the door of the spider door that day, trying to use an assassination eye.

"Hey, use failed!"

The system prompts.

This, or Ye Xuan's first use failure, it seems that this method is indeed powerful to explode, after all, Ye Xuan did not see the eye with insight.

However, Ye Xuan has a killer, that is the eye of space!

Unfortunately, he is still too naive.

He originally thought of tearing the space directly and wearing it into the array, but he found that the other space of the tear was appearing outside the array.

This array of countless souls has blocked the space cracks. This is at least a heavenly array.

Trouble!

"I didn't expect the five poison gods to have a pass-through method. This is a tragedy..."

Ye Xuan's expression is somewhat helpless.

Chapter 1592: Crazy absorption

The strongest of the heavens can tear the space to fight, and he has the eye of space, the ability to use space in advance.

Now, the eyes of his space have no effect on this formation, which means that the space environment in the formation is very stable and cannot be broken.

This array of methods is equivalent to the internal environment of a strong natural environment, extremely stable, so there will be no space cracks inside.

However, Ye Xuan saw the weakness of this formation, that is the power of the soul.

As long as the power of these souls is constantly consumed, the formation will be weakened. This soul array will consume the power of the soul, whether it is defense or attack, so this is easy to handle.

One word, attack!

"kill!"

Ye Xuan once again gave orders to the old three of the trees. Now, they are mixed in the battle corpses and attack this soul war.

"boom!"

"boom!"

"boom!"

The soul of the array is attacked and constantly consumes the power of the soul, but not many.

"Attacking a big battle, this is just a waste of effort. The bigger the soul base of the big battle, the stronger the defense. Even if the five major cities of the Beast City come, it is estimated that it will take seven days to break open!"

On that day, the spider's heart was cold, and his eyes fell on Ye Xuan. He remembered Ye Xuan because Ye Xuan killed his youngest son.

However, at the moment he is at a critical time, naturally he will not rush out to smash Ye Xuan.

As long as he leaves the customs, then Ye Xuan will die!

The other four teachers also heard the movement, but they did not even have the impulse to open their eyes, so they quietly absorbed the power of the soul.

Ye Xuan's brow outside is locked, looking at this soul.

At this time, the ghosts and other people have joined the battle for three seconds, but in these three seconds, the damage they caused seems to be less than the attack of the five major teachers using the soul to attack the ghosts.

When do you want to fight this time?

At this time, the ghost of the Emperor suddenly heard a message.

"What, you said that you have a way to crack this big array?"

Ye Xuan was shocked.

The next moment, he knew the way the Ghost Emperor.

The elegy of the soul!

The elegy of this soul is not to absorb the soul to enhance the strength of Ghostly Emperor and Ye Xuan.

Now that so many souls are here, this is a golden opportunity!

However, Ye Xuan does not have the corresponding skills, so I can only see the ghosts of the Great.

"Okay, do them!"

Ye Xuan nodded.

Then, the Ghost Emperor began to prepare there. After a while, he began to quickly absorb the power of the soul, and the increase of the soul's elegy began to improve a little.

At first, the speed of absorbing the power of the soul was very slow, so the five five poisonous gods in the inside did not find it.

After being absorbed by Ghost Emperor for a while, they felt that something was wrong.

The order of this soulful array seems to have undergone some changes, and the speed of the power of feedback to them suddenly slowed down.

However, they did not care much.

"Fifty-six...fifty-seven...fifty-eight..."

Ye Xuan allows the Emperor to absorb the power of the soul while observing the property panel.

These values are the increase in the elegy of the soul.

It takes two minutes to get a little better, but when it comes to the back, it becomes a minute. At this time, nearly ten minutes have elapsed. The speed of the power of the ghosts of the Emperor of the Ghosts has skyrocketed, and the increase has quickly increased to 100%. Sixty.

This time, the five major teachers will not find it hard!

"Damn, someone is absorbing the power of the soul outside!"

The celestial spider found a strange, low drink.

"After opening the big array, we can't stop. Now we can't open the body and attack directly with the soul!"

The golden priest taught the Lord to scream and directly distracted to control the soul.

A black breath burst out, directly smashing the corpses of the roads into scum, and then hit the sneaky emperor.

Last time, the body of the Ghost Emperor was penetrated. However, this time, this black breath was directly absorbed by the Ghost Emperor, directly increasing the elegy of the soul of five thousandths.

"Ha ha ha ha, thank you!"

When Ye Xuan saw it, he couldn't help but ridicule it, but the next moment he immediately closed his mouth. What if he annoyed the five great leaders and killed them?

When the five major teachers kill, they can complete his serial random tasks, but the five major leaders will die. Who will run this soul?

This is an increase!

"Damn boy!"

The cult of the evil spirits roared.

The soul attack is ineffective against the ghosts, and they can't open the body. There are no other masters in the five poison gods, so they can only choose one eye and one eye. After all, they have no way.

In this way, the Ghost Emperor also has the time to absorb the power of the soul and continuously increase the increase.

After he started preparing for a while, the speed was getting faster and faster. The soul gathered by this soulful array was quickly absorbed, from a minute to a half minute, then twenty-five seconds...

When the increase in the elegy of the soul increased to 80%, the power of the soul of the big squad was directly reduced to two-thirds.

This time, the five major teachers panic.

They had planned to take half a month to absorb all the power of the soul, so they sent a large number of masters to invade the beasts, so that the masters of the beasts could not take care of this place.

Unexpectedly, halfway through the scene suddenly killed a Ye Xuan, but also absorbed the power of the soul from under their eyes, really met the ghost.

At this moment, let alone half a month, I can't hold on for half an hour.

"You, first of all, feedback the power of all souls to me, let me break through!"

At this time, the spider of the spider said suddenly.

This soulful array has actually been in operation for several days. They have also absorbed the power of the soul for several days, but they have not yet fully refining.

The strength of the spider is the strongest among the people. Before the big battle, it is already the peak of the soul. If you get the power of the soul of four people, you may be able to break through in a short time.

After the other four teachers looked at each other, they immediately made a decision to discharge all the powers of the souls that they had previously obtained and gathered them into the spider.

The spider has got so many soul powers at once, and the eyes are not bright, but the power to refine the soul takes time. Even if he gives time, it will take at least one day to break through.

At the moment, there is not much time for him.

"Forced refining!"

The celestial spider eyes widened and made a decision.

Forcing the power of the soul, it is possible to explode and die, but if you don't do this, the power of the soul will be absorbed by the ghostly emperor, and by then, their hard work will be wasted.

Chapter 1593: The soul is not dead six!

The celestial spider began to force the refining of the soul, which is very hurt for his soul. After all, it is like a thin man, forcing a lot of food into it, wanting to eat into a big fat man.

If you are careless, your soul will be shattered!

However, the celestial spider is originally the peak of the soul of the five immortals. As long as you are careful, it is still not a problem.

Even so, he spent a full ten minutes.

Ten minutes later, the intensity of the soul squad was cut in half, but fortunately, the celestial spider succeeded in breaking through the six spheres of immortality. Since he has broken through, he does not need to absorb the power of the soul. Come out.

In the ten minutes, the Ghost Emperor also absorbed a lot, and the increase of the soul's elegy was directly increased to 90%. Although the invincible soul is no longer usable, the ghosts are not afraid of each other.

However, he still has to continue to absorb the power of the soul, so Ye Xuan will not let him participate in the war.

"The tree is old, Megatron, dragging the spider!"

Ye Xuan immediately gave orders to the two people. As for him, naturally, he also personally shot.

He estimated that as long as the Ghost Emperor absorbs all of this soul, the increase can be doubled at least. This is a rare opportunity that must not be missed.

Although he can let the sneaky emperor stop first, and then join hands to break through the celestial spiders that break through the six spheres of the soul, but the four teachers in that case are not to scare the courage?

The souls of the six souls of the soul are not destroyed, but Ye Xuan, these souls can not play the egg in the five realms!

At that time, the soul array may be removed by them, and it will not be worth the loss.

Therefore, Ye Xuan's plan is to delay the time and drag the spider to let the ghosts continue to absorb the power of the soul.

In the array, after a sneak peek at Ye Xuan, he directly went to the Ghost Emperor to kill the past.

Although Ye Xuan killed the poisonous spider, but among the people killed by Ye Xuan, there are also many of his descendants. It is imperative to solve this ghostly emperor first.

"Eight Spears!"

The spider does not dare to care about it. After all, Ye Xuan and others have even killed dozens of masters, including 13 elders who are immortal. The combat power is at least comparable to the soul.

"call out!"

"call out!"

"call out!"

A series of broken sounds sounded one after another, and the eight spider legs behind the celestial spiders ran toward the sneaky emperor.

These eight spider legs are quenched with poison, and they are poisonous to the soul.

It is a pity that the Ghost Emperor is not vegetarian. He does not take the eight spears hard and does not react, because he has no blood in his body.

It's just that the old man came to the tree and flew directly to the back of the spider, then slammed down.

"too naive!"

The head of the spider's mouth was slightly tilted, and the one that punched the tree in the old tree, his back actually extended eight spider legs, piercing the old body of the tree with lightning speed.

Only, the innocence is not the old tree, but him!

A total of sixteen spider legs pierced the Ghostly Emperor and the Old Tree, but it was amazing that they could not kill two people.

Ye Xuan's mouth rushed to the corner slightly, and used the eye of the space remotely.

"Hey!" "Hey!" "Hey!"

A series of crisp sounds spread, and the eight spider legs that were stabbed on the sneaky emperor were all broken by the cracks in the space.

If the spider is in the battle, Ye Xuan can't help him, but this day the spider actually came out himself, Ye Xuan is afraid that he will not be?

joke!

"call out!"

After cutting off the eight spider legs, Ye Xuan quickly took out a few snipers, and this time the exit of the space crack was in front of the spider.

The spider's face changed greatly and quickly blocked these attacks with spider legs.

Taking advantage of this opportunity, Megatron quickly turned into a giant clock, shrouded the ghosts, and only exposed the side of the soul, protecting the ghosts from being affected.

"Kid, no matter where you are from, you will die today!"

The celestial spider snarls loudly, and at this time he doesn't care so much, kill it first!

The eight spears that stabbed the old tree, suddenly spread like a flower bloom, and the sharp spider legs directly gave the old body of the tree to the five horses.

Then he slammed Ye Xuan.

Unfortunately, the tree is not so easy to die.

"Hey, the spirit of the ash is dead!"

"Hey, the spirit of the Ashes is resurrected!"

In an instant, the old tree appeared in front of Ye Xuan, and then he punched the attack of this spider with full force.

If it was before, he and Ye Xuan had a hard time working together on this spider, but don't forget, the ghosts of the Emperor absorbed a lot of soul power, and the increase of the soul's elegy increased from 55% to 80%. With Ye Xuan's ability, dragging this spider should not be a problem.

Seeing the old resurrection of the tree, this day the spider can not help but glimpse, but did not think too much, kill!

At that time, he and Ye Xuan played against each other.

As early as before, Ye Xuan had already marked the spider with the death killing order, plus the skills of the night sky curtain, even if the difference between the four realms, Ye Xuan is also sure to fight this day, plus the old tree Coordination, what is the difficulty of dragging this spider?

On the other hand, Ghost Emperor is concentrating on absorbing the power of the soul, and Megatron is also concentrating on protecting him.

The four great teachers in the head saw that the spider was dragged, and all of them showed a faint color.

A soul does not destroy the duality, a soul does not destroy the triple realm, even more so many levels can challenge the soul to not destroy the six realities, what is the end?

"Damn, if this continues, the sneaky emperor will break the soul of our hard-to-build soul."

The face of the snake shadow teacher has changed greatly.

"Can't let them destroy the plan, I am coming!"

Suddenly, the big-bellied golden priest taunted a low drink and then rushed out of the line.

"Evil spirit venom!"

After the golden priest left the soul array, he spit directly into the big clock of Megatron and spit a golden venom.

"puff!"

"Zizi!"

The venom was sprayed on Megatron, and suddenly, Megatron began to melt.

The strength of this golden priest is not weak, even his blood is highly toxic, let alone the pure venom he has condensed.

Unfortunately, Megatron has the blood of the undead. Although this golden venom is strong, it has not been able to corrode it out of a hole.

Upon seeing this, the golden priest once again sprayed a golden venom, but this time, it did not have any effect on Megatron.

The blood of the undead is the auxiliary blood, and the auxiliary blood is shared by the master and the servant. The poison in this venom has been immunized, and there is no difference between it and the water.

This time, the leader of the Golden Jubilee can be said to be worth the loss, because once he leaves this soul, he can no longer enter.

Chapter 1594: War god

"Damn, I want to swallow you!"

The golden priest was furious, and the whole man began to swell. In the blink of an eye, he turned into a hundred-meter giant, and then the smattering mouth was ready to swallow the big clock of Megatron.

Seeing this scene of Ye Xuan, can not help but shook his head, secretly said: two goods!

Megatron, but has the ability to transform.

When the golden priest was about to swallow the Megatron, the latter suddenly changed again. The top of the big clock suddenly stretched out numerous spears and went straight into the sky.

"Oh!"

"Oh!"

"Oh!"

These spears easily penetrated the big mouth of the golden priest, and pierced from his face, and some of them were almost inserted into the head of the golden priest.

This is not the point. The point is that after the spears are pierced, they suddenly bend like the spider's eight-spider spear and grow a barb.

It is impossible for the leader of the Golden Jubilee to pull it out.

If it is normal to fight, the soul of the immortal three-dimensional Megatron zenith and Jin Yujiao master, but this gold 蟾 蟾 蟾 太 太 可

However, Megatron's growth is limited, and with so many spears, the thickness of the big clock will be reduced.

When you see it, the eyes of the gods in the soul array are bright and burst out.

"Destroy the thorn!"

The tail of the gods suddenly burst out quickly, and the power even surpassed the eight spiders of the spider. Prepare to wear the Megatron, and stop the ghosts.

As the big brother, Megatron naturally wants to protect the younger brother. At the moment, he is ready to remove the other side of the defense and fully resist this blow.

"Megatron, don't move!"

Ye Xuan's voice suddenly sounded.

Megatron, who originally wanted to turn into a shield, suddenly stopped.

Then, he saw the side of the evil spirits suddenly broke through a space crack, and the swift appendix stabbed in.

"Hey!"

I only heard a crisp sound spread, the tail of this god, stabbed on a friendly army.

This man was the one who was locked by the two countless barbs of Megatron, who pierced his head and pierced it.

Jin Hao teaches the Lord, die!

The evil spirits have accidentally killed their own people, which is funny enough.

Although it is said that the golden priest is not dead at the time of Ye Xuan, but this killing value and the soul of a large array, it is a slap in the face.

The head of the golden priest was pierced, and the soul was instantly separated. At this time, an attack broke through the air and hit the soul of the golden priest.

Although there is no killing value, but there is an increase in the elegy of the soul, but unfortunately this is not because of the gap between the ghostly Emperor and the Golden Circle, the increase is not a lot.

At the moment, Ye Xuan, who is dealing with the celestial spider, is quickly emptied in the past, and the body of the already-reduced Jinxie lord is taken up, including the one-of-a-kind ring.

This golden priest is also one of the top five people in the five poisonous places, and the net worth is not low.

However, he has a kind of soul, so the things in the ring are not all, but also the improvement of Ye Xuan and others.

At the same time, the crack in the space suddenly closed, directly cutting off the long tail of the god.

"Wow, ah, I want to kill you!"

The evil spirits are all crazy.

He and the golden priest and others are friends of tens of thousands of years. They were born and died together, and they went to the Twilight Holy Land to work hard. It was finally developed to the present level, but it was disturbed by Ye Xuan.

At this time his heart has collapsed, even if it is dead, Ye Xuan will be killed.

"Go to death!"

The evil spirits shouted, and no matter what else, they rushed directly to Ye Xuan.

"Just by you?"

Ye Xuan blinked and quickly evacuated.

Although I killed the lord of the Golden Priest, there is no way to do this. If the cult leader is given up, the two inside will be killed.

However, he thought more, and the thousand-footed leader and the snake-shadow leader in the head were behind the golden priests, and naturally they could not sit still and directly killed them.

Although this soul squad is a waste of five poison gods, it has been built up to a total of more than 50 million.

However, now the spider has broken through to the six souls of the soul, they are enough to sweep the entire field of the beasts, then as long as you grab some sacrifices, you can build another one.

Right now, it is still important to kill Ye Xuan!

Sure enough, when the last snake shadow leader left the big battle, the black light column burst open, and the power of the soul spread instantly, and then dissipated between the heavens and the earth.

"Damn!"

Ye Xuan was shocked and couldn't help but scream. Now there is no one in the soul array. Who will support it?

In this case, the sneaky emperor does not need to absorb the power of the soul.

Kill!

After the sneaky emperor and Megatron got the order, they immediately intercepted the thousand-footed master and the snake-shadow master.

Now, it's four to four!

However, in the case of four to four, Ye Xuan is not a virtual opponent.

"Kid, I want to kill you!"

The evil **** shouted, and the body suddenly began to become like the golden priest, but he was different from the golden priest. As he grew bigger, his appearance changed.

In the blink of an eye, the evil spirit is turned into a huge scorpion.

As early as Ye Xuan had dealt with the evil spirits, that is, when he captured the second Vientiane eye, the former wife of Tiangong said that he often dreamed of bowing a black big scorpion.

And this **** scorpion is actually a evil spirit.

Although the evil spirit is a sect, at this moment he used a unique magical power and turned into a huge black scorpion. Not waiting for Ye Xuan to react, the pair of big pliers were clipped toward him.

"How big is it, see if I don't kill you!"

Ye Xuan's eyes widened and rushed straight.

"Hey!"

"Hey!"

A pair of big pliers were clipped twice, but there was no clip in the middle of the leaf.

At this time, Ye Xuan's light suddenly flashed, and instantly passed through a space crack in front of him, and came directly to the evil spirit.

The internal environment of the soul array is very stable, and it is impossible to tear the space at will, but this evil spirit is nothing but the soul of the immortality of the five realms, not to the heavens, can not resist the power of space.

Now that Ye Xuan has gotten into his body, he also realized that he is finished!

Although there are some deadly drug lords in the evil spirits, this is not a threat to Ye Xuan.

"Hey!" "Hey!" "Hey!"

One by one, the flameless sword wave broke out and fell on the body of the evil spirit, and the evil spirits made a terrible shock.

Qilin Zhenqi has the effect of burning the world. These virtual flameless sword waves can leave a flame every time they attack. In an instant, the evil spirits are on fire.

Then, Ye Xuan quickly went in one direction, where the head of the evil spirits was.

But before he could go through the obstacles and came to the brain of the evil spirits, he heard a screaming sound, and the evil spirits used his own big pliers to pinch off his body.

Chapter 1595: Only one poison left!

"Looking down, good."

Ye Xuan roared, the tongs just cut in front of him, if he did not respond quickly, I am afraid it would be caught.

The self-mutilated evil spirit quickly restored the body, but his lower body had been cut by himself, and the tail of the scorpion was gone, leaving only the upper body.

Originally using his own magical powers, his combat power will be upgraded to a higher level, and the carapace is very hard, but he was so angry that he forgot his head.

Fortunately, this time only lost the lower body.

"I will kill you!"

Only half of the body's evil spirits were left, and they again swept past Ye Xuan.

But at this time, the ghosts and the Megatron, who had dragged the thousand-footed master and the snake-shadow in the distance, suddenly disappeared.

Immediately afterwards, it appeared directly beside the evil spirit.

"what?"

The evil spirits were shocked, and the next moment to greet him was the sniper attack of the great Emperor.

"Hey!"

The evil spirits were blocked by the big knife in their hands, but the sword of the sinister emperor was full of power, and the evil spirits were beaten to Megatron.

It's just that Megatron has turned into a green dragon, grabbed it with a paw, and smashed the evil spirit.

"It's over!"

The face of the evil spirit changed greatly, and he was stunned. This is not a good sign.

Sure enough, his thoughts just passed, and the space on the side of his head suddenly rips open.

"Oh!"

The celestial spirit cover of the evil spirit is cut by the space crack and instantly falls.

"Hey, the host's killing value is improved!"

A system prompts to sound.

Then, it is a virtual flameless sword wave that kills the soul of the evil spirit.

Whether or not this evil spirit has a soul, it has nothing to do with Ye Xuan. After all, it is not a matter of time to resurrect the soul. At least the unit is calculated in years.

At the same time, before the fall of the evil spirits, Ye Xuan opened a feast of killing, and the increase directly increased by 30%.

Now, it's four to three!

In the distance, the celestial spiders, which were entangled in the trees, saw the golden priests and the cult gods descending one after another.

"I killed the scorpion and the scorpion, I want to kill you!"

The celestial spider screamed in the sky and directly dropped the tree and plunged toward Ye Xuan.

"Want to go, have you asked the old man?"

The tree was cold and screaming, and it was in front of the spider.

He and the celestial spider are three different realms. The latter's fighting power is superior, and it is very difficult for the old tree to drag for a moment.

This day, the spider also counted the tree will flash in front of him, the eight spider spear instantly pierced, and once again the tree pierced the old body of the tree when the tree appeared, and then ‘嘶啦’, the tree died again.

"Hey, the spirit of the ash is dead!"

"Hey, the spirit of the Ashes is resurrected!"

But what makes the spider helpless is that the tree is resurrected again, and it still appears behind the snake shadow master.

Not only that, but also the ghosts of the Emperor and Megatron, and instantly surrounded the thousand-footed master and the snake-soul master.

"Calling!"

Three hurricanes roared.

The thousand-footed master surrounded himself with his legs and blocked a dragon-tail attack from Megatron.

However, the weakest snake-speaker in the five major sects did not have such good luck. First, they were smashed by the old tree, and they were cut off by the sneaky sword of the sneaky emperor.

Fortunately, he escaped a fatal blow, the part that was cut was the nose, and the brain was still intact.

What is not enough is that a space crack suddenly tears open.

"Hey, the host's killing value is improved!"

The snake-shadow master died after the evil spirits.

Now, it's four to two!

In the case of four teams and four, they were both killed by two people. Now, four to two, how can they win?

"The spider, go fast, anyway, we all have souls, resurrected in the old place!"

The thousand-footed master suddenly shouted.

All four of them are the five spheres of immortality of the soul. They all condense the souls. Their souls are broken, and they can be resurrected with the souls hidden somewhere.

However, the celestial spider has broken through to the six spheres of immortality of the soul, and the soul of the soul that does not destroy the five realms has no effect on him.

If his soul is broken at this time, then he is really dead.

After seeing this sentence, the spider couldn't help but look up and his head turned quickly.

All four have souls, and as long as they can be resurrected in a thousand years, they are not real deaths.

Stay in the green hills, no firewood!

go!

The celestial spider took the initiative to make a decision, and a soulful and invincible six-strong powerhouse was actually scared away by Ye Xuan, a low-ranking junior, and it was really a shack.

It is a pity that Ye Xuan had already placed a death killing order on him. Even if he ran to the ends of the earth, he could not escape the pursuit of Ye Xuan.

"Resolve him first."

Ye Xuan gave the three people an order, as long as they killed the thousand-footed leader, then only the spiders were left.

The serial random task is finally finished!

The defense ability of this thousand-footed master is not bad, but it is a pity that he met Ye Xuan who has the eye of space.

Soon, this thousand-footed leader was also fallen, and his soul was shattered.

"Hey, the host's killing value is improved!"

When Ye Xuan took his ring, the breath would skyrocket.

Next, there is only one spider.

The esoteric spider who fled is fast, but can it be faster to use the tree of the residual flame?

"call out!"

"call out!"

"call out!"

The tree is used directly by the residual flame and chasing the spider.

Ye Xuan also followed, and his mouth was filled with a confident smile, because he knew that the spider could not escape anyway.

Don't forget, before he entered the Five Poisonous Gods, he gave the five entrances to the past, leaving a void position in the five entrances.

This day, the spider still wants to leave?

"The Eye of Void!"

At this time, Ye Xuan suddenly opened up a door to the void, and then instantly appeared from the front of the spider.

Then, the Ghost Emperor and Megatron rushed out.

"what?"

The spider was shocked.

There is a wolf in the back, there is a tiger in front, no matter how he escapes, Ye Xuan can kill him!

Not waiting for the opening of the spider, the ghosts of the Emperor, Megatron and the old tree are the past and the past.

“Hey!” “Hey!” “Hey!”

At that time, the four people started to fight.

And Ye Xuan stood in the distance, while attacking with a virtual flameless sword wave, while looking for opportunities, directly killing the spider with the eyes of space.

As long as the spider is killed, the fifth ring of the random task can be completed. At that time, he can get a good reward.

Although the spider is a six-fold soul, it is three levels higher than the old three of the tree. But before the tree three were not crossed, the spider was quickly suppressed.

"Can't die, I can't die..."

Heaven spider thought in the heart.

He broke through to the six spheres of immortality, and the hidden soul can not be resurrected.

When he died, it was really dead.

Chapter 1596: Off!

Unfortunately, the celestial spider has been poor, and Ye Xuan has a few cards.

Anyway, the victory is imminent, so Ye Xuan is not hiding. He looks at the spider that has become the end of the strong, and then quickly approaches.

Kirin drops!

A flaming hoof condenses directly on the spider's head and then crashes.

"Hey!"

The spider was entangled in the old tree, and could not hide at all. It was in the middle of this foot.

Still not waiting for him to react, the other foot suddenly fell.

Even two kinds of feet, if not a spider to fight defense, I am afraid it has turned into ashes.

At this time, his combat power dropped directly to 60%, even if the tree is old, he can kill him alone.

"who are you?"

When the spider knew that he was finished, he couldn't help but ask again. He must at least know who he was in his hands.

"Since you have asked sincerely, then I will tell you with great mercy, my name is Lu, and my name is Jia."

When Ye Xuan's voice fell, the ghost Emperor had already held the Ghost Emperor and the Sword of Heaven.

"Snapped!"

The head of the spider was photographed by two big swords, which burst open and the soul was separated.

At the moment, he is leaving quickly.

This is his last life-saving straw. If the soul can leave safely, then he can be resurrected.

However, Fang Caixuan has already erased a lot of souls. Can he go away?

"call out!"

A broken sound rang, and the soul of the celestial spider was hit by the imaginary sword wave, and then burned out and dissipated between heaven and earth.

"Hey, the host's killing value is improved!"

"Hey, the host completes the fifth ring of random tasks!"

"Hey, the host can choose four rewards among the five rewards!"

Hearing this, Ye Xuan's eyes could not help but shine.

What he thinks is true, this time there are five rings in the random task, the reward must be very good.

"Reward 1: Kylin descends to the next level!"

"Reward 2: Kirin is really advanced!"

"Reward 3: Rebirth in the fire!"

"Reward 4: Shadow stepping once!"

"Reward 5: Blessing oil two bottles!"

This is the five rewards for this serial random mission. Ye Xuan can choose four of these five rewards.

After Ye Xuan saw the reward list, the whole person was paralyzed. He was simply a big luck, and all of them were practical advanced.

The first is the unicorn drop. This one-stage advance is worth two points of swallowing. As long as the unicorn descends again, the next time you use the unicorn to descend, you can even step on the three feet.

Kirin infuriating can improve the fire attack and resistance, as well as the effect of burning the world, not bad.

Rebirth of the fire is to restore speed and toxin resistance, as well as improve flame attack and fire resistance.

As for the shadow step a little bit, after all, Ye Xuan is not in a hurry.

The last reward is to bless two bottles of oil, plus the previous one, then the earthquake sword can reach three lucky points, and Ye Xuan will have three lucky values.

In some cases, the lucky value is still very useful, such as the last time in the Tianfeng prison to kill the ice giant.

At this point, Ye Xuan had a choice in his heart, but before that, he suddenly remembered one thing.

"Right, Kirin has just used me..."

Thinking of this, Ye Xuan quickly took down the celestial spider's sacred ring and then swallowed things.

"Hey, the host breaks through, and the current is the soul of the immortality!"

"Hey, the spirit of the Ashes breaks through, and the current soul is immortal!"

"Hey, Megatron breaks through, and the current soul is immortal!"

"Hey, the ghosts of the great emperor break through, the current is the soul of the four realities!"

After devouring the sacred ring of the most powerful of the five poison gods, Ye Xuan and others broke through again.

Unfortunately, these people have souls, so good things must be hidden.

If this is not the case, Ye Xuan now estimates that it is already a triple of the soul, or even a four-fold situation.

After swallowing so many things, the cooling of the unicorn fell back to 60%.

Once the Kirin drop is upgraded, the cooling time will definitely be harder to recover, so recover better in advance.

After getting this skill, Ye Xuan has accumulated hoarding materials, which are needed from time to time. Of course, if necessary, you still have to swallow up the upgrade.

Then, Ye Xuan began to choose rewards.

This is his choice for Qilin Jiang, Qilin Zhenqi, bath fire rebirth and blessing oil.

Presumably, if you change to another person, you will not choose a shadow step.

"Hey, Kirin is downgraded!"

"Hey, Kirin is really advanced!"

"Hey, the fire is reborn!"

"Hey, the host gets two bottles of blessing oil!"

A series of four system prompts to sound, Ye Xuan feels that his strength is much stronger.

The next time Kirin drops, you need to consume three points to swallow the point, but you can summon the entire unicorn after the advanced.

Ye Xuan has some expectations, I don't know how powerful the unicorn will be summoned.

But then again, now the five major lords of the five poisonous scenes have died, and the five poisonous gods have almost disappeared, so the threat to the world of the beasts is not a threat.

Even if the cult leader, the golden priest, the thousand-footed lord, and the snake-shadow lord use the resurrection of the soul, it will take at least a hundred years, which has nothing to do with him.

Don't say a hundred years, according to this speed, give him a year's time to estimate that you can break through to the heavens, and then you are afraid of these inexhaustible dross revenge revenge?

"Things are resolved. Go back to the front line and let the people of the five poison gods do all the work. Then let Hu Yingbo continue to crack the blood of Tian Duo..."

Ye Xuan thought in mind, is to wander around the entire five poison gods, find some hidden Qiang Kun ring, and then left.

This time, he has a lot of gains. In addition to the chain of random mission rewards and the improvement of the realm, even the growth of the singer of the ghost of the ghost of the Emperor has increased to 90%, it is a big profit.

Now, he is back to the world of beasts, let Hu Yingbo continue to study the blood of Tianhuo.

Before he came, his body was not dead, but now it is the second world of souls. The speed of the road is fast, and it took him more than a day to reach the border.

Coincidentally, just as the Fox people came over, Ye Xuan met them.

"I have seen adults!"

After seeing Ye Xuan, a few masters of the soul who did not destroy the second world, respectfully said hello.

"Where are your ancestors?" Ye Xuan asked.

"The five poisonous beasts have all been cleaned up, and the ancestors returned to the city of the beasts to prepare for the attack on the five poison gods." A fox master said.

"Oh, the five poison gods have been destroyed by me, you are free."

After Ye Xuan finished, he broke open the void and returned to the hidden transmission array, which was then sent back to the city of the beasts.

As for the poisonous mist, it was also received by a special device.

When Ye Xuan returned to the city of the Beasts to transfer the palace, he felt a strong breath, which came from the Temple of the Beast.

At the moment, he immediately rushed over.

Chapter 1597: Tianhuhu blood

After seeing Ye Xuan at the gate of the Beast Hall, he couldn't help but look at it, but Ye Xuan was an outsider after all, and it was now in a strategic meeting, so he went in to inform him.

As the savior of the beasts, Ye Xuan can naturally enter this temple.

"Hey, that little brother is back!"

"Haha, this time thanks to the detoxification of the little brothers, we can dispel the poisonous fog and destroy those five poisonous beasts."

"The five poisonous beasts must have been cultivated at a great cost by the five poisonous gods. Five five poisonous beasts have died, and the five poisonous gods have converged."

The chief patriarchs said there.

Hu Yingbo also came up and asked: "Ye Xuan, I heard that you went to the five poisonous places, and destroyed a few points?"

He was worried about Ye Xuan before, but now he saw Ye Xuan return, but he was relieved.

"Yes, I have eliminated a lot of five poison gods. Not only that, but I have even destroyed the five poison gods."

After Ye Xuan finished, he took out five bodies directly from the phagocytic space.

"what?"

When everyone heard it, I was shocked.

Five poison gods, destroyed?

"These bodies..."

Hu Yingbo was closest to these bodies. He felt it and found that the bodies of these bodies were not lower than him.

Is it...

"These corpses are the five lords of the five poison gods. Among them, the spiders of this day have broken through to the six souls of the soul!"

Ye Xuan said slowly.

boom!

This sentence made the beast hall a while.

The corpse is the five lords of the five poison gods. Among them, the celestial lord is still the soul of the six kingdoms. How is it possible?

"You, you really killed the five poison gods?"

The cat ancestors immediately flashed over and personally felt it. Sure enough, the realm of these bodies is not lower than her.

This time, Ye Xuan is not ready to answer, and directly took out a piece of floating crystal.

On this floating crystal, the scene of the five poisonous gods was recorded, including the hundreds of thousands of bodies.

"Five poison gods, I will help you out, you can go and annihilate those ones. If you really want to thank me, take something as a reward!"

Ye Xuan's mouth is slightly tilted, and he will not miss a chance to extort.

The five poisonous territory and the beastly domain have been hostile for tens of thousands of years. I did not expect that it was destroyed by Ye Xuan today, which also solved the crisis of the beasts.

In the future, people in the Beasts can also move to the five poisonous places, and these people can also force the five orcs to change their beliefs and become their followers.

Everyone heard this, but it still couldn't be believed for a long time, but it has nothing to do with Ye Xuan.

"Predecessors, things are solved, you can safely study the blood of the sky." Ye Xuan said to Hu Yingbo.

Now that the five poison gods have been destroyed, Hu Yingbo can safely study the blood of the fox in the day and find out whether he can avoid the method of robbing.

However, just as Ye Xuan's voice fell, suddenly there was a cat master who quickly ran into the hall of the beast and then said a word in the ear of the cat.

After the cat ancestors heard it, his face changed greatly, and he immediately showed a happy look.

"Your wife is resurrected!"

It is difficult for the cat ancestors to hide their faces, and said to Hu Yingbo.

"what?"

When this was said, everyone was shocked.

Fox ances, finally resurrected?

"Really?" Hu Yingbo was shocked and couldn't help but ask.

"Yes, she was resurrected first, and she will arrive soon, but Leopard is still in resurrection." The cat ancestors solemnly said.

Today, I am really happy with the joy, not only the five poison gods have been destroyed, but even the ancestors who have fallen for centuries have been resurrected.

Soon, everyone saw a beautiful figure and walked into the beast hall.

This is a white robe woman with nine white fox tails behind her, and the realm of the soul is immortal.

This person is the ancestors who have just resurrected, Hu Lingqing.

After seeing her, Hu Yingbo immediately rushed over. After all, Hu Lingqing was his wife.

Not far from Ye Xuan, after seeing the ancestor, the corner of his mouth could not help but slightly tilted up. He thought that he would rely on Hu Yingbo, and now Hu Lingqing is resurrected, so the success rate is a bit bigger.

The five poison gods were destroyed, and the fox ancestors were resurrected. Therefore, Ye Xuan was not in a hurry. Let the ancestors and Hu Yingbo recount the old ones. After all, they have not seen them for a hundred years.

However, the fallen father came to Fox ancestor before, but Ye Xuan had found the entire fox family, but no one knew it. This is a bit regrettable.

The five poison gods were destroyed by Ye Xuan. He was indirectly saved the beasts. Therefore, the major families directly joined a large number of Tiandi treasures to pay for Ye Xuan.

This time, although Ye Xuan's realm has not improved, the cooling of Qilin's descending has been restored.

As for the ancestors after the resurrection, after a few days with Hu Yingbo, they came to help the fall and study the blood of Tianhuo.

Hu Lingqing is higher than Hu Yingbo, and his blood is more noble than Hu Yingbo. Therefore, her discovery is much more than Hu Yingbo.

Ye Xuan is in the secret room before, as long as he can succeed, even if he waits for half a year, he is not in a hurry.

However, it was on the tenth day of Hu Lingqing's research.

"How about the predecessors?"

Ye Xuan couldn't help but ask, he asked every day for a few days.

"There is a way, I have one, but I am afraid I have to let the little girl re-round once to be able to suppress the blood of the sky."

Hu Lingqing said to Ye Xuan.

"Is there a way? But have you been reincarnation?" Ye Xuan frowned.

"Well, I am the blood of the hidden fox that is second only to the blood of the day, and with the sake of the realm, I have 90% of the control to suppress it. Even if it is not, it is only a reincarnation." Hu Lingqing nodded.

It's only seventeen years old this year. This is a blink of an eye for someone who has lived for tens of thousands of years. Even if it fails, it's nothing, but it's time to grow again.

"What is the grasp of Jiucheng..." Ye Xuan's eyes squinted and looked down.

It's very happy to hear that there is a way to go, but she is also hesitant. After all, she still has half a year to wait.

So, they decided to wait.

Ye Xuan's second avatar is still in the reincarnation. He communicated with Hu Xinger. However, what makes Ye Xuan wonder is that Hu Xinger directly agreed.

Of course, this must be done on the premise of falling and agreeing.

Then, Ye Xuan told Hu Xing's decision to fall.

"Does the mother agree?"

Mumbled.

At this time, Hu Lingqing suddenly said: "You still have half a year, now I can still have 90% of the grasp, but as time goes by, the blood of your body will become more and more awakened, I don't know when I get there. There will be a little bit of confidence."

When the words came out, Ye Xuan and Luo were both surprised.

When you are on the verge of looting, the blood of the fascinating fox in the body is definitely not a grade, and the difficulty will definitely increase.

This is trouble!

Chapter 1598: Adventure

In short, it is best to make a decision early, otherwise the success rate will continue to decrease.

Originally, Ye Xuan wanted to upgrade his realm and help him through the difficulties. But now, it seems that there is no time.

In a few months, he may be able to break through to the heavens, but in case he can't suppress the blood of Tianhuo?

At that time, the fall is not a reincarnation?

However, at that time it was just an ordinary reincarnation.

"Okay, I decided." After thinking about it, he replied directly.

Ye Xuan did not speak, after all, this is the decision to fall.

However, although it has already been decided, the fall is still through the planting space, returning to the reincarnation and Hu Xiner for a few days.

Three days later, she returned and prepared for reincarnation.

The last time she helped her reincarnation was Hu Xinger, who turned to the top of the road.

This time, it is the ancestor Hu Lingqing who has the blood of Lingyin's fox, and the soul is immortal.

As long as this success can be achieved, then there is no need to fear the 18-year-old catastrophe.

And for Ye Xuan's eighteen years, maybe he can fight against the sky, and there must be a way to go.

Fortunately, the fall has always remained in the triple of the flesh, otherwise it will be difficult to reincarnate.

As for the reincarnation ceremony, it is not cumbersome, and the location is in the secret room.

Hu Lingqing, who possesses the blood of Lingyin's fox, first applies his own means to the fallen soul, and then directly assists his reincarnation.

"Hey, Hu Lingqing tried to reincarnate, do you agree?"

As a pet of Ye Xuan, someone wants to start with her and has to pass the consent of Ye Xuan.

Ye Xuan, who heard the sound, couldn't help but paused and then said in his mind: "Agree!"

"Hey!"

Standing in the middle of the secret room suddenly fell soft and fell to the ground, but before that, her head suddenly rose a strange energy.

This energy is not the fallen soul, but the reincarnation will.

"This reincarnation will not need to be paralyzed between heaven and earth, and it can be directly entered into the body of a pregnant person." Hu Lingqing took out a lantern and put the reincarnation into it.

"Thank you for your predecessors!"

Ye Xuan took the lantern and looked at the reincarnation of the will, and sighed slightly.

Things have come to an end.

Then, he has to turn this will into the body of a pregnant person.

As for the position of the reincarnation, Ye Xuan wanted to be in the reincarnation or the fox. However, the realm of the fox family is too high. The body of the fox is too thick, and it is easy to break the seal of Hu Lingqing.

The same is true of the Baihu Villa in the reincarnation, so Ye Xuan immediately had an idea, that is, the Silver Wing City of Blood Rock.

The owner of the Silver Wing, the father who fell to this world, asked him to find a pregnant Fox woman, it should not be difficult.

The environment there is very poor. The **** rock continent was originally not even in Vientiane. The owner of the Silver Wing City was only supreme, and the blood concentration was low. It was very suitable.

At that time, Hu Xinger also took this idea and found the blood rock continent.

At the moment, Ye Xuan sent the lanterns with the will of the reincarnation to the planting space. As for the fallen body, he was ready to bring it back to Hu Xinger.

Then he took it out in the second part of the Baihu Villa in the reincarnation.

"Predecessors, the body of the fallen body will be handed over to you, I will return to the blood rock mainland to help fall."

After Ye Xuan handed the fallen body to Hu Xinger, he immediately set off for the **** rock continent.

The eye of the void that has been promoted to the level of the fairy eye can be positioned more than ten times. With his current realm, he can directly break the void from the reincarnation to the transmission array of Lujia.

However, what surprised him was.

He had just returned to the holy land of Penglai, and there was something that eclipsed him.

.....

"Hey!"

Ye Xuan used the transmission array of Lu Jia to return to the holy land of Penglai.

But just when he just landed, the change happened.

"Hey!"

The lantern placed in the planting space suddenly shattered, and then the reincarnation of the reincarnation appeared out of thin air.

Ye Xuan was shocked, and the incident suddenly occurred, and even he did not respond.

When he was still shocked, the reincarnation of the reincarnation suddenly fell to the ground and then swept toward the north.

"what?"

Ye Xuan's eyes widened and he immediately chased him up.

His deity and avatar share the ranks. Although this second avatar has been sitting in Lianyuncheng, it is already the second place of the soul.

However, his speed is far from catching up with the speed of the reincarnation.

In an instant, this reincarnation will disappear into the sky.

"The trough, what is the situation, how will the reincarnation of the reincarnation suddenly fly away?"

Ye Xuan couldn't imagine what happened to him. After all, the fall has turned into a reincarnation will, she can't control it at all.

This must be an external force to intervene and attract the reincarnation of the reincarnation.

Is it the eye of reincarnation?

"Damn!"

Ye Xuan roared, whoever dare to absorb the reincarnation of the reincarnation, he killed who.

However, the speed of the reincarnation of the will is so fast that he can't catch up, and he has no clue at all. This is troublesome.

"The sky is absolutely old, right, look for the old gods to ask!"

Ye Xuan suddenly remembered that a person came, and immediately broke through the void, and then came to the cross-border portal to the blood rock continent.

After returning to the Blood Rock continent, he flew back to Lianyun City and rushed to the Great Wilderness.

This series of actions, in one go, took less than two seconds.

He is already a frequent visitor to this great wilderness. After entering, he directly unfolds his spiritual knowledge, and before he opens his mouth, the voice of the old fairy will come: "Come in!"

Ye Xuan quickly entered the light column and found the day before the old fairy.

"what's up?"

When the old fairy saw Ye Xuan, he could not help but ask.

Ye Xuan is now the soul of the immortal, but he still can not see the day of the old fairy, it seems that this day is absolutely a fairy.

"Predecessors, this is the case..."

Ye Xuan quickly told the story of what happened just now.

After listening to it, the old man's brow was picked and said: "The reincarnation will leave on its own, the north?"

He is also a little surprised that such things should happen rarely.

He felt it, and in the end the old eyes were stunned.

"This....."

The old man was stunned, and he couldn't believe it. He said in his heart: "How come there?"

"How about the predecessors?"

Ye Xuan found that the look of the old fairy was a bit weird and hurriedly asked.

"You don't have to worry about the reincarnation will be absorbed, she is very safe, just met the adventure." The old replies replied.

"The adventure? There is an adventure in the will of the reincarnation?"

Ye Xuan's expression is a bit exaggerated.

Chapter 1599: Title task

"Specific, I can't tell you, but she went to the center of the Penglai Holy Land and will soon be born. If you want to find her, go to the Penglai Yaozu."

The center of Penglai Holy Land, Penglai Yaozu!

Fall, how come you will be born there?

Ye Xuan couldn't figure it out, but the old man said that it was safe to fall, but he was relieved.

Just, what about the blood of the day?

"You don't have to worry, her blood of the demon family may also overshadow the blood of the Fox."

The old fairy saw the doubts on Ye Xuan's face, added.

In this way, Ye Xuan is completely relieved.

It seems that landing has encountered a good thing, which is much better than the birth of ordinary foxes.

I don't know, what is the adventure in the mouth of the old fairy.

"Thank you for your predecessors, the younger ones will retire!"

Ye Xuan thanked a sentence, and then just left.

And the sky is absolutely old, but after Ye Xuan left, looking into the distance, suddenly two tears flowed down, old tears.

.....

Ye Xuan, who had been rushing into the wilderness, was now out with peace of mind. At the same time, the avatar in the Twilight Holy Land also told Hu Xinger.

Hu Xinger heard that her daughter suddenly flew away, naturally it was shocked, but there is a master guarantee, then it is not a problem.

However, the only old man said that the fall was born in the Penglai Yaozu.

Penglai Holy Land!

Penglai Yaozu!

The relationship between the two is inevitable. Ye Xuan guessed that the Penglai Yaozu is the owner of the Penglai Holy Land.

In Ye Xuan's plan, he will bring the reincarnation of the reincarnation back to the blood rock continent, and then return it to Lianyuncheng or Baihu Villa after being reborn.

Now suddenly there is a change, it seems that he has to find what Penglai Yaozu.

At the moment, his deity and first avatar are quickly returning to the holy land of Penglai, and then heading north. As for the second avatar, it is to continue to stay in Lianyun City.

This time, it took a full seven days. In the past seven days, he also went to investigate the Penglai Yaozu.

This Penglai Yaozu is the main overlord of the Penglai Holy Land. In the center of the Penglai Yaozu, it is the real strong place.

At this time, Ye Xuan had already arrived at the Penglai Center through the transmission array.

In the center of Penglai, there are mainly demon people, and there are not many human beings. However, in general, the Yaozu is a human form, which is convenient.

Ye Xuan had also been in contact with the Yaozu before. It was a very powerful race. The human form could not be beaten. They could also become the ontology, which was much stronger than the Tongtian beast.

Therefore, Ye Xuan should be careful this time.

After thinking for a moment, Ye Xuan quickly entered the center of Penglai Holy Land.

Although she was separated from the flesh, she was a pet of Ye Xuan. The system did not relieve Ye Xuan and her master-servant relationship, so Ye Xuan was able to sense the fall, but it was very weak and could only barely sense the direction. So this distance is probably far away.

However, this is also very good, which can make Ye Xuan feel at ease.

The direction of the fall is in the east of the north of the Penglai Holy Land, so Ye Xuan rushes in that direction.

I have to say that compared to the center of the holy land of Penglai, the Baiyin domain is really very poor. After Ye Xuan stepped into this land, he found a lot of heaven and earth treasures with the help of insight.

He rushed for a long time, and the harvest was worthy of the sequel to the soul of the three souls.

Of course, this is a loss of insight, if it is not easy for ordinary people to find.

The center of the Penglai Holy Land is rich and can be very dangerous. After all, it is not a level with the five poisonous and the beasts.

It is not uncommon for the soul to be inseparable. It is not uncommon to see it here. If you go inside, you can see it.

Ye Xuan now thinks, is to upgrade all the way.

However, just after he entered the Penglai Yaozu Center for a long time, suddenly a rumbling sound caused his attention.

"Someone is fighting..."

Ye Xuan's eyes stunned and he couldn't help but decide to go see it.

If there is battle, there will be death, then it will be awkward for him.

However, after he was close, he found that the realm of the fighting was not weak, at least the strongest of the four souls of the soul, the strongest, and the six souls of the soul.

The center of the Penglai Holy Land, really can not be underestimated.

Looking around, Ye Xuan saw two waves of people in the battle, and there were some huge figures in the sky.

"Is it a dragon and a dragon?"

Ye Xuan is a bit strange. He sees the huge figures of Tianlong and the dragon, but this dragon is playing against the dragon.

It is just right that those who have played against each other suddenly become human beings, some become dragons, and some become dragons.

"What is the situation, are the two ethnic groups in the dry frame?" Ye Xuan brows a pick.

This level of combat can be added to him, but it seems that there is no need for it now.

Moreover, the situation is one-sided, those days* are not the opponents of the dragon, they are directly suppressed.

The bodies on the ground are also the bodies of Denon.

"Dragon Palace, you betrayed me Penglai Yaozu, even if I also assisted those evil sacred places, I will kill you if I die!"

An old man roared in the sky.

"Hey, your Tianlong is a group of old stubborn, just because you want to kill me, it's not so easy!" A young man from the dragon side sneered.

Both of them are the six kingdoms of the soul. Their strengths are not much different, but the others on the Tianlong side can't support it for a long time.

With the death of the personnel, the advantage of the dragon side is getting bigger and bigger. It is estimated that after ten seconds, the Tianlong side will be destroyed.

Ye Xuan in the distance is carefully scrutinizing this battle. Anyway, this matter has nothing to do with him.

However, he can hear from the old man's words that this dragon family seems to be a traitor, and it is also associated with other evil places, which is evil compared to the Tianlong family.

In this way, Ye Xuan also found a chance to shoot.

"Is the holy land called the holy land outside the holy land of Penglai?"

Ye Xuan's heart is a dark passage, but he has only heard of the holy land of Penglai and the twilight holy land, and the life holy place of the mini dragon.

As for those evil places, he has not heard of it.

However, it is at this time.

“Hey, the host triggered the ‘Slayer Dragon’ title mission, the first ring mission, killing 10,000 peers.”

A system prompt sounds and suddenly sounds.

Hearing this, Ye Xuan’s brow can’t help but pick it up.

What is the title task?

This is the first time he has encountered such a task, but after he saw the attributes of the title of the Dragon Slayer, he couldn't help but swallow.

"The title of the Dragon Slayer: Improve the host's 30% full attribute, double the damage to the dragon!"

Chapter 1600: Dragon Slayer

"The title of the Dragon Slayer: Improve the host's 30% full attribute, double the damage to the dragon!"

This effect is very good.

Even if the dragon damage is doubled, there is still a 30% improvement in the front, which is enough for Ye Xuan to do his best.

Just, where are the 10,000 dragons of the same class, where are you going to find them?

However, at this time, he found that it is not necessary to kill 10,000 dragons of the same class. If the senior dragon is killed, the number will be reduced.

He is now the soul of immortality. If you kill the dragon of the soul and the level of the enemy, you need 10,000. If you kill the dragon that the soul does not destroy, then you only need two thousand. .

The soul is immortal, four hundred.

The soul does not destroy the five realms, eighty.

The soul does not destroy the sixfold, sixteen.

Anyway, it is a high level, equivalent to five times the low level.

This is much simpler.

"It doesn't look too difficult."

Ye Xuan thought so in the heart, and then directly sacrificed weapons.

It was more than ten days since the last battle. He has already tickles.

At the same time, the same is true of the old three trees. They have long been gearing up and waiting for Ye Xuan's orders.

"Target all dragons, kill!"

At this time, Ye Xuan suddenly sighed, and then the whole person burst out.

After the old three of the trees got the order, they sneaked out after Ye Xuan.

It is a pity that the soul does not destroy the four realities, which can not attract the attention of many people.

There are hundreds of people participating in this war. If you add the bodies on the ground, the total number can exceed 500.

Their lowest realm is the immortality of the soul, and a few more, what is the difference?

However, the strength of the tree is not to be described as normal.

The people of the dragon family and the people of the Tianlong family have very similar breaths, but they are relatively more violent than the dragons when they become humanoid.

In addition, both sides have differences in clothing, so the old tree will not kill.

"The flames!"

The old tree of the tree rushed into it, and it flashed directly to the back of a dragon, and then slammed it out.

The soul is immortal, and the tree is old, and with the increase of the remnant flame attack, a punch is enough to blast a giant dragon's head.

"Hey!"

The dragon's head burst and died directly.

The Yaozu is not the same as the Heavenly Beast.

After the death of the Heavenly Beast, the soul is directly dissipated, and the soul of the demon is only ex-vivo after death. If there is no means to erase the soul, they can still be transformed into a soul.

However, Ye Xuan's imaginary sword wave is a growth supernatural power, even if he is only the soul of the immortal duality, it is enough to obliterate the soul of the soul of the six realms.

Of course, if the soul is in a higher realm, such as the soul is not destroyed, the current realm of Ye Xuan can not be erased.

"who?"

When I saw the old fist of the tree, I blew the head of the dragon of the same class. One of the nearby Tianlong eyes widened and did not understand the situation.

However, the old tree is killing the dragon, then it should be helping the dragon.

At this time, the ghosts of the Emperor and Megatron have also entered the battlefield, the two cooperated with each other, directly killing a dragon that does not destroy the five realms.

The master of the dragon's soul is not destroyed by the old man of Tianlong, so Ye Xuan and others do not need to support for the time being, first kill the big amount and then say.

At the same time, Ye Xuan also let the Ghost Emperor open the spirit of invincible, double the full attribute.

The old tree, the sneaky emperor and Megatron joined the battle, and the situation changed in an instant. The original pressure was suppressed and the pressure was directly reduced.

Not only that, in just five seconds, there are dozens of dragons fallen, including three dragons whose souls are immortal.

"who?"

On the side of the dragon, the soul of the six souls of the soul is not ruined, and suddenly there is an unpredictable foreboding.

If these mysterious forces are killed by him, he can't stop it.

"go!"

The master took the initiative and immediately turned into a dragon body after roaring in the sky.

"Want to go? Do him!"

Ye Xuan immediately gave a voice to the ghost Emperor.

The sneaky emperor, who has never stopped fighting the soul, can not be underestimated.

What's more, this soul does not destroy the six dragons, but the equivalent of more than 600 souls that do not destroy the two worlds, plus the top to kill, Ye Xuan has completed a quarter of the title task .

"call out!"

Ghostly Emperor and Megatron rushed directly toward the dragon whose soul was immortal, and intercepted him instantly.

"Get out of my way!"

The dragon screamed in the sky and spurted a spurt of the dragon to the Emperor.

This dragon is the dragon in the dragon family. With his realm, the dragon spurt is enough to kill a master who is immortal.

However, the sinister emperor directly slammed the sword to the dragon's breath, and actually split the dragon's breath into two.

"Calling!"

Ghostly Emperor directly rushed into the mouth of the dragon, and then only heard a crisp sound, he smashed from the top of the dragon.

"Hey, the host's killing value is improved!"

Ye Xuan in the distance heard a system prompt, and then he quickly filled up a few swords.

The soul of this dragon was obliterated, and the increase in the elegy of the soul increased.

The leader dragons were all dead, and the rest of the dragons had no heads, and they suddenly disappeared.

Unfortunately, Ye Xuan will let go?

Within a few seconds, all the dragons were killed.

Ye Xuan glanced at it and found that the task of the Dragon Slayer has been completed by a quarter.

As for the bodies of these dragons, because they are all demon, the trees can't be refining, and Ye Xuan can't swallow them, so they are lazy.

However, their Qiankun Ring Ye Xuan will not miss it.

"Thank you all for your help, old man Ke Bowen!"

The soul of the Tianlong family did not destroy the six old people who came together and thanked the old man with a fist.

"It doesn't matter, it's just a passerby."

Ye Xuan just said slowly and continued to collect the Qiang Kun ring.

This Ke Bowen is a bit strange, and suddenly it is not the old tree, but Ye Xuan.

"You have the strength, the old man asked you to **** me and wait for the returning family." Ke Bowen opened the door and said.

"I don't want to do nothing, unless you can take something that makes me feel tempted." Ye Xuan stopped and looked at Ke Bowen.

Ke Bowenton paused and thought of the news he had inquired about this time. He had to inform him as soon as possible, so he took a tooth and took out something from Qiankun.

This thing is a fire lantern that Ye Xuan once owned, and this fire lantern is a red lotus-like flame.

"This is the 33rd red lotus fire on the list of different fires. I wonder if you are satisfied?" Ke Bowen said with a slight pain.
