Chapter 16: The first of Chen's four masters

"You don't know me, I am Xue Qingqing..." the girl said with surprise.

Xue Qingqing!

This name fell into Ye Xuan's ear, and it made his body tremble. Suddenly, there was a person in his mind.

When his father Ye Chong went out to travel, he happened to run into a caravan, and it was still when the caravan was robbed by a mountain thief.

At that time, Ye Chong was the shot, which solved the crisis of this caravan and met with the owner of the caravan.

The owner of this caravan is called Xue Hai. He is very grateful to Ye Chong. After learning that Ye Chong is the person of Ye Family in Yuncheng, he also visited the house many times to express his gratitude.

And this businessman named Xue Hai is the father of this girl in front of Ye Xuan.

"Is it you?" Ye Xuan also responded, dare, he also knows this girl.

"Of course it is me, hey, I haven't seen you in a few years, you didn't even know me." Girl Xue Qingqing said with some anger.

However, she suddenly remembered that the last time she went to the Ye Family in Yuncheng, it was already four years ago, when she was only ten years old.

"This Xue Qingqing's jealousy and unlucky jealousy are friends and the only one who can be trusted. It seems that this busy must help." Ye Xuan made up his mind.

Before he left Lianyun City, he used a reason to lie to Liu, who said that he would go out to find his father's friend. At that time, Xue Hai was the one who appeared in his mind. After all, this is his only one. A friend who can trust.

"It turned out to be your gimmick, come over." Ye Xuan said quickly, and at the same time took a look at the distance, the figure that was chasing after was already in the middle of the road, it is estimated that in less than half a minute, it will be able to catch up.

Xue Qingqing also hurriedly ran to Ye Xuan, but the next moment, she suddenly whispered: "When it is over, how can I meet you?"

"What do you mean by this girl?" Ye Xuan did not understand, but he could hear the tone of Xue Qingqing, apparently abandoning him.

"I heard that you were only in the early stage of the fourth martial arts, and weaker than me. We are afraid that we can't stop him." Xue Qingqing was very helpless, and the slender hand was already on the hilt.

Ye Xuan is also said to be speechless. In his memory, this Xue Qingqing seems to be one year younger than him, but his talent is even higher than him. He only reached the fourth martial arts in only 14 years. In the medium term, it can definitely be called a genius.

"What to do, my spiritual power is not much, we add up, I am afraid it is not the opponent of the other side..." Xue Qingqing said with a worried face.

"You are not so optimistic about me? I am also the first genius of Ye family!" Ye Xuan suddenly turned and asked.

Xue Qingqing ignored him, just shouted: "I'm sorry, let you put this up on the matter, you may have to kill you. The uncle blocked the rescue of our family, and the feelings have not been repaid. Now I will kill you." "

"Cough..." Ye Xuan was almost killed by her own saliva.

He no longer said anything more, just standing next to Xue Qingqing, looking at the figure in front of the figure quickly approaching.

"Xue Qingqing, you ran very fast, stole my things, do you think you can escape my palm?"

The comer is a young man, but he is about three or four years older than Ye Xuan. He looks at Xue Qingqing and is directly exposed to anger.

"steal?"

Ye Xuan brows a look, looking at Xue Qingqing next to him, only to see the latter smile slightly, whispered: "I met him before, I learned that he got a blood test for five hundred years, so I Suddenly shot and took his parcel away..."

It turned out that Xue Qingqing did not encounter someone who killed the treasure, but she took the other's things.

Before the leaves of Ye Xuan took a hundred years of blood, worth 100,000 silver, and this 500-year-old blood ginseng, I am afraid that the value should be turned ten times, at least can sell two million silver.

"You really don't want to kill, grab a thing from the hands of a fifth martial artist in the early stage of martial arts. Are you looking for death?" Ye Xuan is already serving Xue Qingqing. Now he has already remembered that Xue family seems to have a relatively high body. Learning, reached five products.

It is no wonder that Xue Qingqing can open this young man. It is because of this. However, the martial arts of the five-character martial arts consumes a lot. Xue Qingqing's spiritual power is not long enough, so he is caught up by the other party.

"I just want to grab something. This guy is very vigilant against me. I didn't attack him and kill him. It's not bad." Xue Qingqing whispered.

"What are you two secretly talking about?"

The young man sank and fell his eyes on Ye Xuan. The next moment, his eyes also flashed a strange color, exclaimed: "Ye Xuan, how are you?"

Hearing this exclamation, Ye Xuan is also helpless. Ye's first genius and the first waste are really powerful. Everyone knows wherever they go.

He also turned around and looked at the young man in front of him and found that he did have some impressions.

"Chen Jia's first four, Chen Feng?" Ye Xuan said in a strange way.

Before he took Chen's Chen Song to the streets, but caused a sensation in Lianyun City, and Chen Feng is also a Chen family, and is Chen's most outstanding genius, only 18 years old. Reached the fifth heavyweight of the martial arts.

Not only that, Chen Feng is also a disciple of Yun Yunzong, a brother of Ye Xuan.

"Do you know him?" Xue Qingqing turned and asked.

"Yes, this Chen family is one of the four families of Lianyun City, and this Chen Feng is the best one of Chen's younger generation." Ye Xuan nodded and explained in a whisper.

He remembers that Chen Feng broke through to the fourth martial arts at the age of sixteen, and then broke through to the fifth martial arts in the next two years.

Originally, this qualification can definitely be above Ye Xuan, but Chen Jia is trying to get Chen Feng into the cracked Yunzong, and spent millions of two silver and used the medicinal herbs to pile up Chen Feng. This is true for Ye Xuan. Good news.

"I didn't expect it, I can run into your waste here. I heard that your repair is completely lost. How can you enter the Lianyun 18 Mountain Range?" Chen Feng's mouth tilted slightly, in the middle of the speech. The eyes are also flashing from time to time.

Here is the wilderness. If he kills Ye Xuan, no one knows.

"How do I cultivate, this will not bother Chen brothers to miss." Ye Xuan is also a slight smile, he can see that this Chen Feng seems to want to kill him, in order to weaken the strength of Ye family.

"Hey, what are you doing?"

Chen Feng's gaze was collected from Ye Xuan's body. The most urgent task was to chase the blood of the 500-year-old blood. He looked at Xue Qingqing and said coldly: "Xue Qingqing, hand over my things!"

"If I returned the blood for five hundred years to you, then you let us both?" Xue Qingqing asked strangely.
