

Super D. S 1601

Chapter 1601: Dragon Legion

In the previous Ye Xuan's spoils, there were also many different fires, but they were generally swallowed up directly. The high-ranking fires would cover up the low-ranking fires.

At this time, Ye Xuan's body was just the 41st, and it was too much.

Moreover, the devour of the fire, for Ye Xuan, the income is not much, but for the tree old, the benefits can not be small.

This is the 33rd red lotus industry fire, extremely precious, I did not expect that the soul of the district will not be able to get off the six-dimensional situation, it is rare.

Not waiting for Ye Xuan to open, there is a person who goes forward: "Grandpa, don't you say it to me?"

"Shut up, if these few of you shot, we have to fall today, let alone this red lotus industry fire?" Ke Bowen angered.

Ye Xuan took a look at the unwilling young man and then nodded: "Okay, I accept!"

Although this is not a random task, the red lotus industry is indeed good.

Of course, the most important thing is that Ye Xuan guessed that these dragons seemed to be being chased, and there might be a dragon appearing on the way of escort, which also saved him from looking.

Hearing Ye Xuan promised, Ke Bowen's eyes lit up and directly threw the fire lanterns with red lotus fire to Ye Xuan.

After Ye Xuan received it, he said that he would devour the red lotus industry.

This kind of flame is quite large for the old growth of the tree, and the strength has improved a lot.

"Our ethnic group is nearby, and it will take about three days. However, there may be some chasing of dragons on the way." Ke Bowen said.

"Three days, yes."

Ye Xuan nodded a sentence.

At the moment, Ke Bowen is once again turned into a body, let everyone ride on his back, and then hurry.

Ye Xuan and others also plucked his back and sat quietly.

When he was in the battle, he had a lot of gains. If he came again or twice, he estimated that he could break through.

However, he is thinking more, the next road is very flat, without any hindrance.

During the period, Ye Xuan also learned about the situation in the Penglai Center.

The center of Penglai Holy Land was originally based on the Penglai Yaozu, but after the Penglai Yaozu's demon emperor was behind, the Yaozu began to compete for the position of the demon.

During the period, the dragon family rebelled from the Penglai Yaozu, and established itself as the Dragon Magic Palace.

Then, the other holy places were stationed in the holy land of Penglai, ready to compete for the ownership of this Penglai holy land.

Therefore, the Penglai Holy Land Center was divided into two camps at this time.

One party is headed by the Glacier Knights, the Penglai Yaozu, and the Tianji Palace.

The other party is headed by the strong people sent by the three evil sacred places of bloody, evil, and erosive.

Among them, the dragon family is rebellious to the **** holy place.

This time, the Tianlong family explored the strategic distribution of the enemy, so they were chased.

If the news is passed back, the top will send a master to pull out these strongholds and kill many enemies.

Ye Xuan was not interested in the ownership of the Penglai Holy Land. However, after he heard the names of the Glacier Knights and the Heavenly Palace, he could not help but tremble.

He suddenly recalled the glaze of the day, the mini-Dragon was out of the glaze of the glaze. Is the owner of the glazed glazed glazed fairy, related to the glazed knight?

After all, the glaze of the glaze is also in the holy land of Penglai.

As for the Heavenly Palace, is it related to the gods?

Thinking of this, Ye Xuan couldn't help but swallow his mouth. I didn't expect that I had contacted this level of master. It was incredible.

"I don't know if the seniors have heard of the holy land of life?" At this time, Ye Xuan suddenly asked Ke Bowen.

"The Holy Land of Life? That is one of the four most holy places in this world, and its ownership is in the hands of the Emperor of Life." Ke Bowen replied.

"One of the four most holy places?" Ye Xuan brows a pick.

The previous mini-Dragon was to return to the life of the Holy Land.

Unexpectedly, the mini Tianlong actually had such a head.

Then, the glass fairy who brought him back to the original shape naturally has a background, so Ye Xuan guessed that this glass fairy is 80% related to the glass knight.

At the moment, he asked some things about the Knights of the Glass and the Palace of Heaven. However, although Ke Bowen lived for a thousand years, he did not know much about these two forces. He only heard about the name.

These forces can not be underestimated, they are all forces of the heavens, and he can't reach the truth.

Soon, it was three days.

Three days later, Ye Xuan succeeded in escorting the Tianlong family to his ethnic group.

In this way, Ye Xuan's **** mission was completed. He thought he would meet the dragon family, so he could kill the ring, but he did not expect it to be calm.

In this case, Ye Xuan is also ready to leave, to find the dragon family.

"Predecessors, since you have already returned, then I will leave first." Ye Xuan said to Ke Bowen.

"This....."

Ke Bowenton paused, but after seeing the solemn expression of Ye Xuan, he could only hold a fist:
"Thank you on this road."

"Farewell!"

After Ye Xuan finished, he left with the old three trees.

During the escort, he also took a map of the dragon's stagnation point to Ke Bowen, ready to personally enter the other side's site upgrade.

Although this distribution map is hard to get by Ke Bowen and others, it does not matter if it is spread. After all, they are spreading the distribution map along the way, so that other demon people are careful.

However, shortly after Ye Xuan left, suddenly a dragon army, close to Ke Bowen's Tianlong ethnic group.

There is not a large number of this dragon dragon army. Although there are only a thousand people, all of them are masters. At least the souls are inseparable. The one headed by them is the soul of the seven souls.

Ke Bowen's Tianlong ethnic group is the strongest but the soul is not dead. In addition to Ke Bowen, there are two masters of the same class.

After learning the news, Ke Bowen turned his face and quickly distributed the distribution map.

"It is a good way to get our strategic stronghold map, but then how can you not get away today!"

"Kill, one can't let go!"

The one that was headed by the dragon was finished, directly turned into a body, and rushed to the Tianlong ethnic group.

Faced with such a strong opponent, the people of the Tianlong ethnic group all showed a desperate look.

Although there are more than 100,000 dragons in this ethnic group, there are only five hundred in the soul that are not destroyed. The soul does not destroy the seven heavens, and none of them.

Today, it's finished!

"Go, be sure to spread the map!" Ke Bowen sipped, and together with two other masters of the same class, killed each other.

"Hey, if you let them spread, my dragon family is afraid to die a lot of people, can't let you succeed!"

The flame dragon is a big mouth, and a direct breath burst out.

At the same time, the same group of dragons behind him.

Chapter 1602: Dragon list

"Block!"

Ke Bowen sipped, and he had already turned into a body. In the face of this powerful dragon's breath, he also whipped up his whole body and spit out a bitter breath.

The dragon and the dragon are the two top branches of the dragon, and their strengths are comparable.

It is a pity that at this time, the Tianlong ethnic group has insufficient fighting power. After a wave of breath, there are groups of dragons falling.

The movement here is great, as if the end of the world is normal.

Ye Xuan, who had just left, heard a loud rumble.

"Little Master, it seems that the Tianlong ethnic group has an accident." Tree reminded.

"Ok."

Ye Xuan nodded and thought about it.

Although his **** mission was completed, the big move from the rear is likely to be caused by the dragon attacking the Tianlong ethnic group.

Perhaps, he does not need to go to the dragon himself.

"go!"

At the moment, Ye Xuan is directly carrying the tree three to the Tianlong ethnic group.

When they arrived, they found that there were already a lot of bodies on the ground, almost all of them were from the Tianlong group.

"Thousands of dragons, enough for me to kill, on!"

Ye Xuan said nothing, he estimated that this time at least the first ring of the title task can be completed.

At the same time, we can certainly break through to the three realms of soul immortality!

"Do not destroy the soul!"

"Sharp storm!"

"Killing feast!"

Ye Xuan and others fired completely and directly entered the enemy's abdomen.

The sneaky emperor and Megatron, which opened the invincible battle, doubled up in all attributes, plus the blade storm and the sneak attack. When the blood sword swept the past, they took away thousands of souls in an instant. Destroy the life of the Four Dragons.

The killing value instantly skyrocketed, and at the same time, the increase in the killing feast also directly increased to nearly double.

You must know that the increase in the killing feast has an effect on the blade storm.

The power of the Bladestorm has doubled up in an instant.

"Calling!"

In the air, the wind whistling.

The blade storm just plundered into the dragon group and killed the enemy.

If these demons are not changed to the body, once they become the ontology, then the attack of Ye Xuan will double their damage.

"what?"

The dragon headed by the head was shocked. What the **** is this fucking, how can he kill him so much?

Not only that, but this blood sword group also poses a threat to him.

"go!"

He didn't dare but slow, and turned around and left, but there were two figures in the back that intercepted him.

These two figures are Shu Lao and Ghost Emperor.

"Playing the group, I like it the most, die!"

Ye Xuan's mouth was slightly tilted. The next moment, the blood sword group was gathered for the first dragon.

Numerous blood swords flew, and this was the first dragon and the powerful dragons beside them.

Countless souls are floating in the air.

This battle ended too quickly, and the people of the Tianlong ethnic group did not react.

However, thousands of dragons are enough to destroy the Tianlong group of nearly 100,000 people. But now, these thousands of dragons are completely destroyed in less than ten seconds. This change is too big, all People opened their mouths and looked at the bodies of the dragons.

At this time, the sky suddenly condensed a Vientiane eye, and then, the dragons and bells in the bodies of the dragons all gathered toward Ye Xuan.

"Hey, the host breaks through, and the current is the soul of the immortality!"

"Hey, the spirit of the Ashes breaks through, and the current soul is immortal!"

"Hey, Megatron breaks through, and now the soul is immortal!"

"Hey, the ghosts of the great emperor break through, the current is the soul of the five realm!"

A series of four system prompts to sound, Ye Xuan and other people directly break through the realm.

At this time, the increase in Ye Xuan's feasting feast has more than quadrupled.

With their current realm, it is already possible to kill the powerful souls of the soul and the eternal world. Together with the blade storm, it can even fight the strong souls of the soul.

It is a pity that the duration of the invincible battle, the blade storm, and the killing feast will soon pass, and their power is only a moment.

"I really hope to have more times!"

Ye Xuan's mouth tilted slightly, and he couldn't help but glanced at it. He found that the increase in the elegy of the soul had just increased to one hundred. This battle made a big profit.

At the same time, the first ring of the title of the Dragon Slayer has also been completed, and it has greatly exceeded.

Fang Cai's mind is filled with the prompting tone of the killing value, and the prompt tone of the first ring of the title task is naturally overshadowed.

However, the second ring of the Dragon Slayer title has not yet appeared.

After seeing the crisis, the group of Tianlong people gathered all their eyes on Ye Xuan.

This time, if not a few shots of Ye Xuan, they are afraid that the whole family will be destroyed.

Even so, the patriarch of the six souls of the soul is also degraded, leaving only Ke Bowen and another master of the same class.

At this point, they were shocked to say no words, and did not know what words to use to repay Ye Xuan.

"Hello, Da En does not say thank you, I am worshipped by the old man!" After Ke Bowenton paused, he slammed his knees on the ground.

Although many people in this Tianlong ethnic group have soul species, they can die all of a sudden, then their Tianlong ethnic group is also extinct, even if it is resurrected, it has to be hundreds of thousands of years.

What's more, there are still many people who have not condensed souls, or have resurrected once, and are still condensing.

"Predecessors, you seem to have caused a major disaster, or quickly move away from the whole family." Ye Xuan said to Ke Bowen, while using the power of Vientiane to help the latter.

"Well, we are going to move to the nearby city, so the dragons will not come easily." Ke Bowen nodded.

However, when his voice fell, the sky suddenly had a black figure.

Then, it was a screaming voice.

"Migration? You can't get away today!"

The sound fell into the ears of Ye Xuan and others, and they couldn't help but turn their heads and found a young black man standing in the air.

When the sound came over, Ye Xuan also sensed the breath of the young man in black, and the soul was immortal.

joke!

The dragon that is the leader of the party is also the soul of the immortal seven heavens, is not also bombarded by Ye Xuan?

However, Ye Xuan feels that this young man is not the only one who can compare.

"A strong death, this person is not simple..."

Ye Xuan's brow was picked.

At this time, the time of skills such as the Bladestorm has passed, and the same is true for the four-fold increase in the killing feast. Otherwise, Ye Xuan directly let Megatron do the youth.

However, it is at this time.

"Die Hui, he is the one hundred and ninth in the dragon list!"

Suddenly someone recognized the young man in black and shouted.

Chapter 1603: Death dragon

Dragons list?

When these three words fell into the ears of other people, their body shape suddenly trembled.

The Dragon Devil List records the rankings of the killing dragons under the heavens. Everyone on the list is a dragon, and they are all fierce. Although this is only one hundred and nine, it is not allowed. Xiao Yan.

This Di Hui once slaughtered countless Tianlong ethnic groups and other demon tribes. The means are fierce. Although the realm is the soul of the seven immortals, but the strength is comparable to the soul is immortal, very difficult.

Most importantly, he also has a pair of eyes that have been practicing for many years.

"Hey, the Dragon Slayer's title task triggered the second ring, killing Di Hui!"

In Ye Xuan's mind, a system sound suddenly sounded.

The mission is finally here!

"I didn't expect to be recognized."

The black man's mouth is slightly tilted, even if the master of the same level is not worth mentioning before his eyes, let alone the two souls that are not destroyed by the six souls.

When his voice fell, the sky suddenly condensed a huge eye.

This is the eye of death!

"Ok?"

Ye Xuan's brow was picked, and he did not wait for him to react. The dragons on the ground all got up, and some were dragons, most of them were Tianlong.

The patriarch of the Tianlong ethnic group got up, and even the soul did not destroy the seven heavens. The dragons that were sifted into blood by the blood swords all rose.

Lying in the trough!

Ye Xuan was shocked and hurried to let the ghostly Emperor use the will to die.

The sneaky emperor is now the soul of the five immortals, but it is the dragons and the dragons whose souls are not destroyed below five.

As for the soul that does not destroy the five realms and above, there is no way!

"Oh? Death will?"

The young man in black clothes, Di Hui, was a little unbelievable. In his realm, someone could take control of the war dead in his hands, but he was somewhat capable.

At the same time, he also knows that this is what the Ghost Emperor did.

"Tear them!"

Di Hui directly gave orders to the dragons whose souls were not destroyed.

Although he did not know how this dragon army was killed, it does not matter, anyway, these people will die in his hands.

"Damn, kill again!"

Ye Xuan immediately gave orders to the tree and others.

Although the killing feast, the invincible soul and the blade storm can no longer be used, fortunately, several of them have already broken through.

At the moment, the soul of the five souls of the soul is not directly destroyed into the dragon corpse. As for the ghostly Emperor and Megatron, it is directly killed toward Di Hui.

"Want to play against me, your realm is not enough!"

Di Hui snorted, took a keel directly from the Qiankun ring, and then awakened with the will of death.

This keel is also the soul of the immortal seven heavens, but because of the dragon that the soul is immortal, it has an amazing defense.

In an instant, Ghostly Emperor and Megatron played against this keel.

As for Di Hui, he stood in the air and looked down at the battle under his feet.

No, he did not take the shot, but controlled the eye of death and stared at the Tianlong people.

The bodies of these Tianlong people began to decay directly, and thousands of people died in an instant.

"Mix things, see if I don't kill you."

Ye Xuan's eyes widened and marked the death with the death killing order, and then the eyes of the assassination came to the other side.

"The killings broke out!"

"Virtual Flame Sword!"

Ye Xuan personally dispatched and attacked Di Hui.

"Ok?"

Di Hui was slightly different. After sensing the crisis behind it, the body did not turn. Directly transporting the infuriating air condensed a true shield on the back.

"Hey!"

The imaginary sword wave blasted on this real shield, but it was not able to break open.

The soul does not destroy the triple world, the soul does not destroy the seven realms, but the difference between the four realms in the middle, plus this Di Hui is not a general generation, so Ye Xuan this rare and unsuccessful.

Di Hui's mouth tilted slightly, although he did not know how Ye Xuan did silently flash behind him, but he did not agree, after all, Ye Xuan is just the soul of immortality.

Even the soul is immortal, he is not afraid, afraid that Ye Xuan, this soul does not destroy the triple environment?

joke!

"I see how you block!"

Just as Ding Hui was disdainful, Ye Xuan's dawn suddenly flashed, and a space crack rips obliquely from Di Hui's head.

After feeling the breath, Di Hui's figure suddenly trembled and scared back quickly.

"Oh!"

Unfortunately, he was a slower step. In a crisp sound, his shoulders and arms were torn by space cracks, and black blood rushed out.

This time, Di Hui knows how Ye Xuan came to his back, it must be the eye of space.

"It turned out to be the eye of space, but it was a small one, you are the first person who has hurt me in this millennium."

Di Hui's face became dignified and became iron-like like eating poison, because Ye Xuan is only the soul of immortality, this is the realm he had thousands of years ago.

"I can not only hurt you but also kill you."

Ye Xuan's light flashed, and several virtual flameless sword waves were instantly ejected. At the same time, the eyes of the space were launched, and four space cracks were torn.

However, this Di Hui is not a general generation. If the soul does not destroy the seven important circumstances, he can challenge the master of the soul and the eight kingdoms. Will he die here?

"There is no trace of the magic!"

Di Hui's figure instantly turned into a black flash, and escaped a series of attacks by Ye Xuan.

However, he did not escape the tricks of the ghostly emperor.

"The grip of the Hades!"

When Di Hui's figure was stabilized, the sneaky emperor suddenly emptied of nothing, and an energy would firmly lock Di Hui.

"what?"

Di Hui was shocked again. He felt that this tearing force was extremely strong and he could not seem to break free.

We must know that the Ghost Emperor is already a five-fold realm of soul, and only two realms are different from Di Hui.

At this time, Di Hui was already being held by the Hades to the sneaky emperor. As for his keel, it was intercepted by Megatron and the old tree, and those resurrected corpses were naturally assisted by Ke Bowen. .

"Sure enough, there is something to be able to resist. It is no wonder that a dragon dragon regiment can be destroyed. It seems that if you don't take out some real skills today, you will be flattened."

Di Hui said coldly, his body suddenly expanded rapidly, and finally turned into a black dragon.

He is the death dragon of the dragon family. He is born with a pair of eyes of death and his fighting power is very strong.

At the same time, this is the first time in his millennium that he has been forced into a body.

After the death of the demon dragon appeared, there was a breath of death spreading, and the corpses and bone dragons suddenly became more powerful.

"This will to death, not only can resurrect the body, but there is still an increase in the effect, see I will not do you?"

Ye Xuan is slightly different, and his eyes are twinkling. This pair of eyes of death is bound to gain.

Chapter 1604: White-haired teenager

Originally, Ye Xuan was ready to use the cards. Now the death dragon appears, and the huge body is a big target.

Moreover, Di Hui, who has lost his cost, can no longer use infuriating.

And Ye Xuan and Qi Lin Wei Wei, his attack has doubled the increase of Di Hui.

Although Di Hui broke away from the tearing force of the Hand of the Hades, the next thing to greet him is Ye Xuan's card.

Kirin drops!

"Kirin three feet, see you still not dead?"

Ye Xuan directly used the cards.

In an instant, a flame hoof is condensed in the air, and it is not waiting for the death dragon to react. It is a foot slamming on the back of the death dragon.

"Hey!"

I only heard a huge muffled sound. The body of the death dragon directly fell from the sky. At the same time, his back was already there. It was the flame of the unicorn's infuriating, and it had the effect of burning the world.

"Hey..."

The death dragon was hit hard, and the sound of the heart was falling into the ears of everyone.

Taking advantage of this opportunity, Ye Xuan once again showed the second record of Qilin.

Now that Kirin has advanced two times, each step can increase the power, and can use three feet in a short time.

The first hit unicorn to reduce the death of the dragon, after the second unicorn fell, this death dragon will not die and will be disabled.

"Hey!"

The flame hoof fell in the same position, this time, directly stepped into the body of the death dragon, the body of the death dragon also caught fire.

Next, it is the third foot of Kirin!

"Dead!"

Ye Xuan's light flashes.

In the air, the third flame hoof has been condensed, and then fell toward the head of the death dragon.

"Hey!"

"Hey!"

The head of the death dragon directly bursts open, and the unicorn fire instantly wraps the entire head.

Fortunately, Ye Xuan wrapped the eyes of death with the power of Vientiane.

"Hey, the host's killing value is improved!"

When the system prompts the sound, the death dragon is killed by Ye Xuan's three feet.

The man who was so arrogant, at this time for a chilly body, this is retribution.

After the death of Devil Dragon, his soul flew out, and Ye Xuan stepped forward and directly killed the soul.

If Di Hui does not have a soul, then it is really dead at this time. Even if there is a soul, it is estimated that it will take a hundred years to resurrect.

Then, Ye Xuan is ready to dig out his pair of eyes of death.

However, when he was ready to start, the eyes of death suddenly turned into two deaths and will be lifted.

"what's the situation?"

Ye Xuan did not respond to the time. He originally wanted to take off the eye of death and try to devour it. After all, this death dragon Dawn is a Yaozu.

Unexpectedly, these two eyes of death turned out to be self-destructive will.

Although it is a pity, Ye Xuan also has the eye of death, he can also absorb this will to death.

However, it is at this time.

A huge eye suddenly appeared in the sky, the eye of death.

However, it is not the result of Ye Xuan.

"what?"

Ye Xuan was shocked, and before he could react, the two wills of death were taken off.

"Grass, dare to move my things, find death!"

Ye Xuan's flash of light flashes directly to the eyes of death and draws the two wills of death.

This eye of death is not small, and directly forcibly absorbed these two wills of death.

Ye Xuan can only see that these two death wills are absorbed, but there is powerlessness. He feels that he has a big event. This death eye may not be so easy to deal with.

After the eye of death absorbed the will of death, it was to fall on Ye Xuan's body, and then flashed.

"Day, it really is to shoot me, it depends on you?"

Ye Xuan was furious, although he felt that this eye of death was not easy to provoke, but he was not so easy to plant.

The last time, he was almost killed by the eye of death. This time he also has the eye of death, and there is still blood of the undead, and it is not so easy to kill him.

"Ok?"

This eye of death saw that it was ineffective against Ye Xuan, and there were some accidents. Even if it was in the eyes of death, it condensed a virtual shadow.

This is a long-haired young man with a blind face. I don't know if it is a human being or a dead dragon like Dihui.

"The soul of the district is not dead, and it is not dead. You are also the number one. But you dare to grab my will to die, and the courage is not small."

The long-haired youth snorted and dropped his attention on the keel.

Originally, this keel was controlled by the Ghost Emperor after the death of Devil Dragon, but now, he was directly taken away by the long-haired youth.

Moreover, this long-haired youth, like Di Hui, has the strength to improve the controlled dead objects.

The strength of this keel is directly raised to the soul of the immortal, if it is really to compare, then it is stronger than before.

"With this bone dragon, I want to kill me?"

Ye Xuan swallowed all the things he got from Di Hui, and the breath suddenly surged. The next three old trees were flashing and began to besiege the bone dragon.

However, Ye Xuan is afraid that Ke Bowen, a Tianlong ethnic group, will be killed by the long-haired youth.

What should I do?

Ye Xuan's eyes glimpsed. It seems that only the eye of death will be defeated.

As long as the eye of death is defeated, this long-haired youth cannot be located here.

However, at this time, a white light suddenly plunged from a distance.

The breath of Hee Hee suddenly spread and enveloped everyone.

In an instant, the bone dragon fell directly from the air and lost control.

Upon seeing it, Ye Xuan immediately put the keel back in the past and may use it in the future.

At this time, the white light just arrived.

Everyone stared and saw that it was a white-haired boy.

"Death breath, the most annoying, give me away!"

The white-haired boy snorted and his white light suddenly burst into the sky.

In an instant, the shadow of the long-haired youth is directly collapsing with the eye of death.

Today's event, it is really one ring after another, Ye Xuan just came across the Dragon Legion to attack the Tianlong ethnic group, and then the death of the dragon Ding Hui appeared.

After the death of Devil Dragon Dehui, there was another long-haired youth with the eye of death, robbing the will of death.

Finally, this white-haired boy, after the white light, the eyes of death collapsed.

Ye Xuan did not understand who this long-haired youth is, but he has a strange feeling about this white-haired boy.

At this time, the white-haired boy suddenly fell on Ye Xuan's body, flashing a touch of surprise color in his eyes.

"There is a fate, I didn't expect to be able to meet you here." The white-haired boy squinted and smiled at Ye Xuan.

Chapter 1605: Platinum Sheng Guanglong

"you are....."

Ye Xuan frowned, he can be sure that this is the first time to see this white-haired boy, and the white-haired teenager seems to be very high, it is estimated that the soul is not dead.

This level, Ye Xuan is the first time I met!

"You don't even remember me? We used to transfer from the Penglai Holy Land to the Twilight Holy Land." The white-haired boy smiled.

As soon as this was said, Ye Xuan immediately responded!

Before he was transferred with a person, no, a dragon.

"It's you?"

Ye Xuan suddenly recognized it.

The white-haired boy in front of him is the mini dragon that once saved him several times.

Ye Xuan was very embarrassed. I didn't expect even my own benefactor to recognize it, but this can't blame him. After all, the white-haired boy is now a human form.

Even if the eye of insight has been promoted to the level of the fairy eye, it is impossible to see whether the other person is a human or a demon, so it is understandable that it is not recognized.

"Haha, I didn't expect this to be a few years later, you have grown to this point, come and come, let's talk about the old." The white-haired teenager laughed and said, and turned around and left.

Ye Xuan took a look at Ke Bowen and quickly followed.

There are many people here, not the place to talk.

Anyway, things have been solved, so Ye Xuan is not worried, just leave.

On the way, the white-haired boy said to Ye Xuan: "The boy, I am willful, and the body is the Platinum Holy Light Dragon."

"Right way? It's a good name..." Ye Xuan brows a pick, a secret in his heart.

However, he always thought that he was willful, but he did not expect to be a demon.

"Now I have a mission here, you don't want to tell me about it." He said to Ye Xuan.

"Is it related to the glass fairy?"

Ye Xuan suddenly remembered this matter. Before the Platinum Sheng Guanglong was not returned to the original shape by the glass fairy, and then placed in the glare of the glass?

"The girl had some background. Later, I should have known my identity, so I put my egg in that broken place, so that I was saved by you."

He was arrogant and sighed, and said: "I am returning to the holy land of Penglai, and it really has something to do with this girl..."

When he finished, he suddenly thought of one thing and turned his head to look at Ye Xuan.

"Do you do it?"

Ye Xuan brows a pick, he feels arrogant at this time the eyes are very wretched, there must be no good things.

"I saved you several times before, do you want to repay it now?" The willful mouth evokes an evil smile.

"Yes, you saved me a few times. As long as you open your mouth, I will try my best to help you." Ye Xuan's face suddenly dignified.

He, he must report, but also knows the report.

The first time I met the eye of death, I saved him.

After Mo Xueyi slaughtered Zhao, he was almost killed by Mo blood, and then he saved him.

So he owes two times, and now they meet again, it is time to return.

"Well, I will wait for you."

The wayward smile: "You can break through to the immortality of the soul in such a short period of time. It is a miracle. Even the elite of my life is better than you. Next, I want you to help me complete one. task."

"What mission?" Ye Xuan brows a pick.

"The first step is to join the Knights of the Glass first."

"Glass Knights?"

Ye Xuan, who heard the name, suddenly responded and said: "This glass knight, is related to the glass fairy?"

"Yes, this glass knight is built by the girl. I am going to disguise it now, and then approach her." Nodded and nodded.

"What is the mission?" Ye Xuan asked again.

"I got the news and said that she has a map on her body, so I will investigate. She has only seen my body, so I am going to disguise this time and join the Knights of the Glass."

"Map, treasure map?" Ye Xuan asked curiously.

"Well, it should be counted, I am not sure, after all, it is just a gossip." Willful shrugs his shoulders.

Ye Xuan thought about it. Since he was open-minded, he was going to help.

"Well, but how can I join the Glazier Knights? I am just a weak scum of the soul of the three souls!" Ye Xuan said with some self-deprecation.

"As long as the age is less than one thousand years old, you can sign up, as long as you pass the assessment, nothing, grandfather takes you." The wayward suddenly plunged to Ye Xuan's side, and then patted his shoulder, a big brother's look.

However, what makes Ye Xuan wonder is that this Platinum Sheng Guanglong is not more than a thousand years old, and this qualification is enough.

After all, Platinum Shengguanglong was able to fight the glass fairy before the glass fairy was returned to its original shape.

"Right, what is the realm of the glass fairy?" Ye Xuan asked again.

"She has surpassed the heavens and is a scent." He replied casually.

"散仙?"

After hearing this strange word, Ye Xuan was slightly surprised. In his memory, Tongtianjing is the last realm of Tongtianjiujing.

"After the peak of the heavens, you can fly to the fairy world as long as you pass through the fairy robes. However, the fairy passages here are closed. No one can fly to heaven and succeed, so only the soldiers can solve the sacred." Ye Xuan explained.

"Flying, fairyland? Fairy?" Ye Xuan's eyes widened and he couldn't believe it.

"Well, the fairy world is a fairy. The fairy we are talking about now generally refers to the scattered fairy, and the glazed maidens are a smashing fairy."

Habitually nodded: "After the military dismantling and dispersing the immortals, every thousand years of robbery, if the robbery fails, then it must be scattered by the immortal."

"The soul is flying!"

Hearing this, Ye Xuan could not help but swallow.

The invincible strong, although it can be resurrected with the soul, but it seems that it will not work when it comes to heaven.

Not to mention, the celestial being above the heavens.

There was also a fairy in the name of the old fairy that day. It seems to be a fairy.

Before, he thought that the old man was a strong man, and he seemed to guess wrong.

"Then you can fight with the glass fairy before, you are also the level of the scattered fairy?" Ye Xuan suddenly asked.

"Well, but at that time I just broke through, it was weak, and I was stunned by the glazed maidens. This time I went back to the holy place of life, I wanted to find revenge for this glazed maiden, but I didn't expect her to have a buddha. The background of the Holy Land, so I compensated for the matter." The wayward is slightly helpless.

"Then you are still joining the glass knights that she established, what should I do if I am found?"

Ye Xuan was somewhat worried. After all, he had a hand in hand with the glass fairy.

"Do not worry, she has only seen my body, and there are masters to help me disguise, 90% of the grasp can cross the sea. Besides, the immortal can not be shot in the low-level holy place, even if she saw it, she did not dare Move me!"

Chapter 1606: Six-level planting space

The wayward face is confident and he looks at Ye Xuandao: "However, he may recognize you, but it doesn't matter. Anyway, you don't have a camp, you might get her trust."

Before Ye Xuan and the glass fairy have had a side, but it has only been a few years now, so Ye Xuan also thinks that the glass fairy should remember him.

"Then we are going next?" asked Ye Xuan.

"Go to a branch of the Glazier Knights and take part in the assessment, probably one day away."

After the waywardness, he asked: "Right, where did you get them?"

"Do you mean three ghosts? I have an independent space. They signed a master-servant contract with me, so I can accept it." Ye Xuan answered.

"Can you accept people in?" The waywardness asked somewhat strangely.

Ye Xuan shook his head and said: "For the time being, you can't pass the heavens, but you can't exceed my five realms."

He is now the triple world of soul immortality, and the planting space has been upgraded to five levels, so it can accommodate the heavenly beasts whose souls are immortal.

As for humans, it still doesn't work!

"For the time being, what do you need?" asked again.

"Some of the treasures of heaven and earth that enhance the concentration of the heavens and the earth..." Ye Xuan said what he needed.

"This little thing."

To be willful, he took out a seedling directly from the Qiankun Ring and said: "This is the flower of life of the Holy Family of my life, but it is still a seedling."

"give me?"

Ye Xuan is a bit stunned. He feels that this flower of life is not an ordinary thing. If he is swallowed up, he may be able to break through once or twice, or even break through.

"Take it, it's just a material for refining medicine. I originally wanted to find a place to plant cultivation. If your space is good, then I will wait for you to practice, and the task will be easier in the future." The flower was thrown to Ye Xuan.

"Thank you."

Ye Xuan's eyes lit up and directly caught the flower of life, and threw it into the planting space, and then planted it next to the Tongtianbao tree.

When he planted it, he heard a system sound.

"Hey, the planting space level has increased, currently it is six!"

This flower of life is worth a lot, directly increasing the level of planting space.

Now, Ye Xuan can take in the soul of the soul that never dies.

No, not only that!

After the planting space has been upgraded to level 6, it can accommodate humans.

"Haha, it really is!"

Ye Xuan couldn't help but laugh out loud. He remembered that when the planting space was upgraded to the third level, he could receive the beasts. Now he can upgrade to the sixth level and finally can accommodate humans.

In this way, he is much more convenient.

"You can collect people, you can do it under the heavens." Ye Xuan said to the wayward.

"Oh? Let me go in and see."

The wayward eyes are bright, he is still only the soul of the immortal, just at the point of Ye Xuan.

"it is good!"

Ye Xuan did not say anything, he took the wayward into it, the latter did not resist, and then directly came to the planting space.

"The strength of the heavens and the earth is too scarce, but the place is not small. Some of the powerful people with the eyes of the space can also open up such a small space, but only heard of it, no one has done it."

The waywardness in the planting space is said.

After seeing the waywardness, the Ghost Emperor couldn't help but be farther away, because the breath on the latter made him feel scared.

The waywardness is the Platinum Holy Light Dragon. Naturally, I don't like the breath of death, but the ghostly Emperor is Ye Xuan's pet, so he will naturally not take it.

"Oh, your Tongtianbao tree is withered."

Suddenly, I said a wayward way.

Ye Xuan sank into the planting space, only to find that the Tongtianbao tree and those Tiancai treasures all withered, one did not stay, and the nutrients were all absorbed by the flower of life.

After absorbing so much nutrients, the flower of life has grown a bit.

"The trough, these are the treasures for the father..."

Ye Xuan has some tears.

However, this flower of life is obviously not so simple. As long as it is there, the strength of the heavens and the earth is expected to increase several grades. At that time, the growth rate of Tianbaodibao will be several times faster, and it will be better.

At this time, the flower of life suddenly burst into a white light, shining the entire planting space.

It should be known that the size of the planting space has exceeded the reincarnation before the upgrade, and now it has nearly doubled after the upgrade.

This light sprinkled on the Tongtianbao tree and the Tiancai treasure, and suddenly let them regain their vitality and actually recovered.

"The flower of life is the main refining material of my life Shengdan. It has a strong healing ability. Although the strength of the heavens and the earth is not comparable to the outside world, it is estimated that it will be possible after a while. You are responsible for the road. I will not practice until now. Ending the peak and saying..."

When you are willful, you will sit down next to the flower of life and begin to practice.

Their destination is the city of Liege, where there is a branch of the Gladiator, but at the speed of Ye Xuan, it is estimated to be one or two days.

On this day, Ye Xuan's avatar is not idle, and now the planting space can accommodate humans, so he opened up an area directly in the eastern part of the planting space, and then opened up a road to planting in Lianyuncheng. The portal of the space.

In the future, people from the Eastern Continent can go to the planting space to practice at any time.

The planting space is the independent space opened by Ye Xuan. He is the owner of the planting space. Even if the strong people come in, it is estimated that he will die.

Therefore, Ye Xuan's second avatar went to catch a large number of Tongtian beasts, and placed various dangerous places in the east for the cultivation of Yeja's children.

We must know that there are thousands of times the gap between the **** rock continent and the reincarnation.

Anyway, the planting space is not small, so I simply let Ye Chong and others call other forces, such as the Sun Yan Dynasty, the rioting Xinghai Pirates and so on.

Although these places are arranged by Ye Xuan personally, the realm of Tongtian beasts in the head is not high, and they are all below the border.

Two days later, Ye Xuan successfully came to the Liege City.

This hot sun city is not bad, the city owner is a strong man who is through the heavens, which is very powerful for Ye Xuan.

That Kebowen's Tianlong ethnic group is actually preparing to move to the Liege City. Although it is not going to the city, it is nearby, so the dragon family will not dare to act rashly.

Since the Tianlong ethnic group has been saved, Ye Xuan has become a good man and brought them all outside the city of Liege.

Ye Xuan repeatedly helped each other, Ke Bowen was grateful to him, and he did not rush to kiss.

Chapter 1607: Participate in the assessment

"Okay, let's go to town!"

The waywardness that has come out of the planting space urges him to be a Tianlong family, but it is not a holy place in Penglai, but a subordinate to life.

This holy place of life is much stronger than the holy land of Penglai.

Ke Bowen just happened to enter the city and handed over the strategic information they had explored before to the city of the sun. So they went together.

After entering the city, he and Ye Xuan parted ways, he went to the city's main government, and Ye Xuan was with the wayward to the glass knights branch.

"This glass knights recruit a group of potential people every once in a while, no more than a thousand years old, your luck is good, just met."

On the road, the wayward emphasis once again.

"Is there a strong person who can pass through the heavens?"

Ye Xuan could not help but ask.

"There may be, but this city of the sun is so small, it is estimated that there are talents to go to the big city, here should not be touched, at most the soul is not dead, and the nine-fold is enough." The wayward shakes his head.

Soon, they both came to the distribution of the Knights of the Glass and went straight in.

The man in silver armor felt the wayward breath and immediately got together.

Ye Xuan was shocked because the silver man's realm was higher than the cultivation of the soul to the eternal peak of the soul.

"Registration assessment!"

He gave him a glance and said directly.

"There is a genius like you here, but it is rare, first check if it meets the requirements." The silver armor did not say anything, took out a purple crystal.

I put my hand on the purple crystal directly, but nothing happens.

"No response, the age is up to standard, after three days, gather outside the city and send it to the assessment point." After the silver man finished, he handed a token directly to the wayward, then turned and left.

"Oh, wait, he hasn't tested yet." The wayward suddenly stopped each other.

Hearing this, this silver armor brows a pick and stunned: "The soul does not destroy the triple world?"

"If you accept people, you can't ask for realm. If you pass the assessment, you can't do it?"

"The words are like this, but if this kind of realm is to be taken to the assessment, it will kill you for a lifetime. If you want to die, then I don't have to say anything." The silver man once again took out the purple crystal and tested it for Ye Xuan.

Not to mention a thousand years old, Ye Xuan is not even a hundred years old, naturally meets the requirements.

Later, he also got an assessment token and then left with willfulness.

"The glass knights need elites. If you want to pass the assessment, at least three realms must kill one soul that does not destroy the six heavens, so that you can get the bronze badge. If you kill the soul, the seven souls will be destroyed. The Tongtian beast will be able to obtain the silver badge, the soul is immortal and the eight-fold is the gold badge, and the soul is immortal.

He said to Ye Xuan: "In short, the third level of challenge is bronze, the fourth level is silver, the fifth level is gold, and the sixth level is platinum. The qualification test will be linked to the training of the future glass knights. ""

Hearing this, Ye Xuan's look changed and he said: "Then you want to pass the assessment, isn't it necessary to challenge the heavenly beasts?"

"No, a big realm is equivalent to two small realms. I just need to kill a Tongtian beast that is full of heaven and earth."

"That's not easy."

Ye Xuan lamented.

The leapfrog challenge is extremely easy for him, but for others, it is not easy.

However, the waywardness comes from the sacred place of life. It used to be a master of the scent level. It should not be difficult to pass this assessment.

"If you want to get close to the glazed little girls, I guess you have to get at least the gold badge, that is, killing a soul that is immortal and eternal. Can you do it?" The wayward suddenly turned and asked.

"If it is a heavenly beast, it is not a problem."

Ye Xuan nodded.

If you want to get the gold badge, then at least five battles must be fought. Fortunately, the content of the assessment is the Heavenly Beast, not the human or the Yaozu, and the five realms are still right.

However, when the assessment is over, the old tree is estimated to be unable to play. The ghosts and the Megatron should be able to pass the assessment.

"I originally wanted to get a gold badge or even a platinum badge, but I just saw you. I feel that you are more suitable for me than the little girl, so I will let you go."

When the words came out, Ye Xuan was shocked.

The waywardness is now the peak of the soul. If he wants to win a platinum badge, then the more five realms will challenge the five heavenly beasts.

It's not a mess, it's a bang!

Soon, it was three days, and three days later, Ye Xuan and the wayward came to gather outside the city of Liege.

On that day, the silver armor man was already waiting. In addition, there were more than a dozen people of the Yaozu. Their realm was between the five to six heavy souls.

The soul is immortal and the soul is immortal. The two realms to participate in the evaluation of the Glacier Knights are very good, because this can learn the top-notch magical power, the success rate of the leap-level challenge will be higher.

Like Ye Xuan, there is very little to participate in the assessment with the soul of immortality, so the silver armor only looked at Ye Xuan with a different look.

However, under normal circumstances, the soul will come together again, because once the assessment begins, there is no third possibility except to kill the Tongtian beast or be killed by the Tongtian beast.

After the other thirteen people saw Ye Xuan two, they couldn't help but feel a little surprised. Ye Xuan would be fine, and the wayward way would be a bit unexpected.

If the soul does not die, then you have to kill the Heavenly Bounds of the Heavenly Kingdom to pass the assessment. This is not a joke.

"Well, all fifteen people have arrived, go!"

The silver armor man saw Ye Xuan two people coming, directly took out a token, and then a right hand waved, directly tearing a space crack.

Ye Xuan, the fifteen people walked in, went directly to another city, and then handed them over to another knight.

"These knights are just the reserve knights of the Glacier Knights. Only when they reach the six heavens, or upgrade to the gold badge, they may turn into regular knights."

The waywardly condenses into a silk thread with true gas, and the sound directly sounds in Ye Xuan's ear.

"Tongtiantian six heavy, this glass knights group is really powerful." Ye Xuan could not help but sigh.

At this point, he looked around in a circle, only they had only fifteen people, but there are already hundreds of people standing here, so he estimated that the Glazier Knights would gather all the appraisers together and then conduct a unified assessment.

Chapter 1608: Gold assessment

About half a day later, a total of 167 appraisers were gathered here, including three super geniuses.

Then, the knight, who was headed, once again tore the space, bringing the 167 people to a new place and handing them over.

I don't know, when the final location is reached, the highest level of assessors will reach.

This transfer procedure, Ye Xuan experienced a total of six times, six times, he was taken to a city called preparation.

At this time, more than 100,000 appraisers were gathered here, and the scene was extremely magnificent.

"Oh? The preliminary assessment of this session is a bit powerful." The brow can not help but pick one.

The 100,000 people gathered in a square, and everyone's spiritual knowledge could cover the square, and the realm could not hold back.

"How powerful?" Ye Xuan could not help but curiously ask.

"The lowest one has a soul that is immortal, and the highest one has even reached the triple of heaven." The wayward replied.

"Through the heavens and the three times, it means that you can kill the heavenly beasts of the six heavens." Ye Xuan eyes a glimpse.

Most people in this world are better than him, but this has nothing to do with him.

However, so many appraisers, you have to prepare the corresponding Tongtian beast, the glass knights are really rich and wealthy, after all, this is a free assessment.

Soon, the assessment is about to begin.

There is no order for this assessment. There is a small transmission array around the square. As long as it is ready, you can start the assessment directly.

"Go."

No way to talk about it, take Ye Xuan directly to a transmission array, and then queue up.

This transmission stands next to a regular knight. His breath is stronger than all the appraisers present. He has reached the six-point realm of heaven and earth. At the same time, he has a bronze badge in front of his breastplate.

This regular knight said to a genius: "What level do you challenge?"

This genius is the five-fold realm of the soul. In the face of this problem, he directly replied: "Bronze!"

"Okay, go in!"

The regular knight runs the small transmission array and sends the genius to a specific place.

The average person is to challenge the bronze badge, and the one who challenges the silver badge is not even one percent. As for the gold badge, I am afraid that even one in ten thousand is not.

Among the more than 100,000 people, the estimated number of gold badges is less than 20, and this is just a preparation challenge. If you can really win the gold badge, you don't know how much.

As for the super genius who won the Platinum badge, there will not be one in the tenth session.

The appraisers were sent one by one, and the people in the square were reduced a little.

At this moment, the front suddenly burst into a groan.

"Silver badge, he has to challenge the silver badge!"

"Great, this is the challenge of four realms. If it fails, it will fall."

"How about the fall, anyway, there are soul species, big deal, try again after the resurrection, once you succeed, it will be amazing."

It turned out that there was a genius who challenged the silver badge in front, and it was no wonder that there was a wave of discussion.

"Cut, silver in the district, is it so fuss?"

The wayward is very disdainful.

When he spoke, he couldn't help but look at Ye Xuan. After all, he wanted Ye Xuan to challenge the gold badge. This is a super genius with no one.

Soon, it was the turn of Ye Xuan.

"What level do you want to challenge?"

Asked the regular knight who is full of heaven and earth.

"gold!"

Ye Xuan paused and replied.

"what?"

When the words came out, the people around them were shocked.

"God, there are people who dare to challenge gold. This kid has strength."

"The soul does not destroy the triple world, then it is necessary to challenge the soul of the soul that does not destroy the eight heavens. Does he really have such a strong fighting power?"

"People can't be seen, maybe they are the children of a big force."

"If you succeed, you can be trained by the core of the Glacier Knights. There is no future in the future."

The people around them all showed an envious look. Some people even regretted not talking to Ye Xuan.

Once Ye Xuan succeeded, it was a smashing, and even if it failed, they did not lose.

Losing big!

Not only passers-by, but even this regular knight can't believe it.

"The soul does not destroy the triple world. The challenge is that the soul does not destroy the eight heavens." Well, let's go in."

The regular knight is also a person who has seen the big winds and waves, and soon returned to the gods. After nodding, he began to run the transmission array.

He has seen a lot of people who have challenged the gold badge, but there are very few who can succeed in the end.

Soon, Ye Xuan was sent away.

Then, next, it is wayward.

"I also challenge gold!"

Not waiting for the regular knight opening, he will say it directly.

"what?"

This regular knight was shocked again. He felt the realm of willfulness, and it turned out that the soul was immortal.

Ye Xuan challenges the gold badge, which is to cross five realms. The waywardness also challenges the gold badge. Because of the cross-border realm, only four more realms are needed.

However, the wayward nature is that the soul does not destroy the nine realms, which has to challenge the heavenly beasts.

"I didn't expect to come up with two challenging gold badges in succession. Ok, let's go in." This regular knight no longer said more, directly running the transmission array.

Originally, he was willing to challenge the silver, but he suddenly changed his mind. He is also a singer of the peak, can he be compared with Ye Xuan?

.....

After the landing, Ye Xuan found himself in a strange place.

"Welcome to the assessment of the secret, your eyes are a flame of the Ming dynasty, killing him, you can pass the assessment!"

"In addition, this assessment must not rely on external forces. You have already sealed you during the transfer. If you are ready, just break the mask in front of you. Until you kill the flame lion, or you are lion lion Kill, the assessment is over."

A sweet voice sounded.

"Is it sealed? I don't know if this external force refers to the power of other people who seal in the body, or what..."

Ye Xuan's eyes screamed and directly summoned Ghostly Emperor and Megatron from the planting space.

The seal has already been sealed, and if it can be used, it is reasonable.

However, when he summoned the tree, he was restricted. After all, the tree is now a demon.

"Only Ghostly Emperor and Megatron, enough!"

Ye Xuan's eyes are awkward, and even if there is no Ghost Emperor and Megatron to help, he can also complete the assessment separately.

In the mask of the eye, it should be the flame of the eternal flame. The assessment is not to kill it, or torn it into pieces.

Chapter 1609: platinum!

"let's go!"

Ye Xuan quietly stayed in place, and then issued an order.

The next moment, the Ghost Emperor and Megatron were killed and smashed, and the mask was easily broken.

When the mask was broken, there was a burning scent that spread immediately. A majestic and mighty flame lion was reflected in Ye Xuan's eyes.

This flame Ming lion also has intelligence. It knows that only killing Ye Xuan can survive, so after it roared, the red hair of the whole body instantly burned. Suddenly, the entire assessment space was wrapped in flames.

It is a pity that Ye Xuan has the blood of the immortal unicorn and the blood of the undead god. These two blood vessels are extremely resistant to the flame. This level of flame does not hurt Ye Xuan.

At the same time, Ghostly Emperor and Megatron have swept away from the flames and lions. The auxiliary blood vessels have been shared, so they are also unaffected by the flames.

This flame Ming lion can't believe that his flame is still burning and not killing Ye Xuan three, it is too fake.

In an instant, the sneaky emperor and Megatron who lived in the five spheres of the soul did not come to the side of the flame lion, and then launched an attack.

Not only that, but Ye Xuan is constantly launching attacks in the same place.

"Hey!"

The flame lion was stunned by the attack of the sneaky emperor and Megatron.

Compared with races such as humans and demons, Tongtian beast is too well solved, and it is impossible to use infuriating, and the means is too simple.

Less than ten rounds, this flame lion was solved by the sneaky emperor, and even the soul was slain by Ye Xuan to several swords.

"Congratulations on passing the assessment!"

After the death of this flame lion, this assessment room is the sound of the sound.

In this way, Ye Xuan is to win the gold badge, and can successfully enter the Glazier Knights.

However, the assessment has been passed and he has not been transmitted.

At this moment, suddenly an old voice sounded.

"Young people, you are very talented, and even the superiors have conquered the ghosts."

When Ye Xuan heard this, the brow couldn't help but pick it up. It should be a specific procedure, but now, it should be a big man in the Knights of the Glass.

"Thank you for your compliments!"

Ye Xuan said quickly.

"You have passed the gold badge assessment, your rewards will be given to you, but I would like to ask here, are you willing to challenge the Platinum badge?"

The old voice sounded again.

Platinum badge?

"This....."

Ye Xuan's brows were chosen, and his task of giving way to him was to challenge the gold badge, so that he could get the attention of the Knights of the Glass.

To challenge the Platinum badge with his realm, then you have to challenge the soul of the soul that never dies.

The flame lion that he encountered was just a fire attribute, and he did not have much threat to him. But if he promised to challenge, then the challenge is the higher level of the beast.

If you accidentally encounter the Tongtian beast that the soul does not destroy the top of the earth, it is a tragedy.

Although the bottom card is out of the situation, he still has the possibility of winning, but now the blade storm and the unicorn drop are cooling, the chance of winning is not large.

"You can rest assured that you have passed the gold assessment. If you are in danger, I will stop the assessment immediately. Your reward will not change. I will only give you a chance. Just see if you are willing to try."

The mysterious master saw Ye Xuan hesitating and said immediately.

"In this case, what am I afraid of?"

Ye Xuan's eyes are bright, and since the other party will intervene, it will be much simpler.

Big failure, anyway, he has passed the gold assessment, even if it fails, it will be fine.

"Okay, I will arrange it for you right away!"

The old voice was finished, and the next moment, there was a mask.

"In this place, it is still a flame Ming lion, but it is the king of the flame lion. The strength reaches the soul of the immortal. If you can kill him, then you will pass the Platinum assessment and get the platinum badge!"

Hearing this, Ye Xuan's eyes couldn't help but light up. This master seems to be giving him a small stove.

Flame Ming Shi Wang, isn't it also a fire attribute?

Then for him, the difficulty is small!

"it is good!"

At the moment, Ye Xuan's mouth is slightly tilted, and then directly let the ghost Emperor break open the mask.

Suddenly, a more beautiful flame lion king appeared.

"Hey!"

This flame Ming Wang roared, and immediately ignited the sky, covering the entire assessment space.

This time, the power of the flame is five times stronger than before. Even Ye Xuan feels a pressure. If it is not the blood of the unicorn and the blood of the undead, he may have melted.

"Do not destroy the soul, do it!"

Ye Xuan directly gave orders to the ghost Emperor and Megatron. In an instant, the full property of the two is skyrocketing twice.

Although the Qilin can not be used, but the ghost of the Emperor has a trick to break the rock, as for the blade storm, Ye Xuan does not want to use.

This flame lion is not weak, much stronger than the flame lion before. The sneaky emperor and Megatron genius just approached, and they were shot by two paws.

However, when the Emperor Ghosts flew out, they used the broken rock.

A dark gray sword smashed out and rushed toward the flame lion king.

However, the speed of this flame Ming lion is very fast, and the ruined rock shovel is circumvented in an instant, and the mouth is wide open, ready to bite the scorpion to the dregs.

This broken sky stream rock seems to have fallen, but don't forget, Ye Xuan has the eye of space.

"Oh!"

The space suddenly rips open, and the broken rock swells into it, and then smashes out from the back of the flame lion.

"Hey!"

The broken sky rock hit the flame lion king and gave the other party a heavy blow. The strange petrochemical ability also spread instantly.

The flame of the Ming lion screamed, and the flame suddenly exploded, and the petrochemical part shattered directly.

Although the broken sky flow rock is in the middle, but it does not have much effect, this flame Ming lion, it really is not so easy to solve.

As for the eye of space, I am afraid that it is not so easy to hurt this flame lion king. After all, Ye Xuan's realm is too low.

In this way, use the consumption war!

Although the power of the sneaky emperor and the Megatron that opened the invincible soul is amazing, but the flame of the lion is a soul, the soul is immortal, and both speed and strength are above the two.

Fortunately, both the Ghost Emperor and Megatron have blood and blood, and the injuries they receive will be automatically restored.

"Boom!" "Boom!" "Boom!"

In the assessment space, the sound is constant and the battle is very intense.

This flame Ming Shi Wang also completely ignored Ye Xuan, because Ye Xuan's attack could not beat him.

In this regard, Ye Xuan is also very helpless, but this is also good, anyway, there is no time limit for this assessment.

Chapter 1610: Platinum Knight

There is no time limit for the assessment, and this Flame Lion King can't recover from the injury. When the duration of the invincible war is over, it is scarred and bloody.

Its blood is also very strange, it will ignite when it flows to the ground, and the entire assessment space has directly turned into a sea of fire.

"Hey!"

This flame Ming lion has roared countless sounds since its inception, because its attack can seriously damage the Ghost Emperor and Megatron, but both of them can recover quickly, hit the present, Ghost Emperor and Megatron The sky is the same as nothing.

With the wise flame of the Lion King, suddenly there was an idea, and the big eyes suddenly turned, and the eyes fell on Ye Xuan.

"Hey!"

After a roar, it suddenly rushed toward Ye Xuan.

"I finally found out that I am an appraisal person. As long as I kill me, then this assessment is over."

Ye Xuan's mouth was slightly tilted, and it must be said that this flame Ming Shi reaction was too slow, and it took so long to remember.

In the face of this fierce beast that was thrown at himself, Ye Xuan unscrupulously broke through the door of a void and then went directly to Megatron.

Although the speed of the Flame Lion King is fast, but Ye Xuan can still react, the former sees Ye Xuan disappear, immediately angered, and turned back to Ye Xuan again.

Unfortunately, he was intercepted by the Ghost Emperor and Megatron.

In case, just in case, Ye Xuan left a void position in the corner of the assessment space, and then continuously issued a virtual flameless sword wave attack.

After the flames of the Lion King and the entanglement of the Ghost Emperor and Megatron, they once again flew toward Ye Xuan.

"The Eye of Void!"

Ye Xuan once again broke open the void, left the place, and returned to the place where he was.

Flame Ming Shi Wang lost Ye Xuan's whereabouts again, and he was so angry that he roared.

At this time, the effect of not destroying the soul of the war is about to pass, as long as the effect of the invincible soul is gone, then this is difficult to fight.

However, this Flame Lion King has also suffered a lot of injuries. With its actions, the injury will become heavier and heavier and the combat effectiveness will become weaker.

For the Platinum badge, how about even ten days and ten nights?

However, ten days and ten nights is impossible. Ye Xuan estimates that in less than an hour, the flame lion will die in his hands.

Although the way of fighting is a bit of a third-rate, but in the battle between life and death, the ability to kill each other, no matter what sinister tricks are used to say.

Time is passing a little.

After all, the Heavenly Beasts can't reach the top of the food chain. They won't be infuriating, and they can't use the medicinal herbs. After all, they will be stepped under the feet of the strong.

Although the duration of the invincible soul has passed, but after ten minutes, the injury of the Flame Lion King has increased a lot, and the combat power is only eight in the peak period.

In these ten minutes, Ghost Emperor and Megatron could not hurt it, but after ten minutes, Ghost Emperor and Megatron could do it.

Five minutes later, the fighting power of the Flame Lion King fell again by 10%.

Two minutes later, the fighting power of the Flame Lion King fell to 60%.

Now, Ghost Emperor and Megatron have been able to confront him.

Standing in the corner of Ye Xuan looking at the battle, the corner of his mouth could not help but slightly tilted up, it seems that after a while, this flame Ming Shi Wang will be fart.

At this time, the entire assessment space has ignited a flame. If it is an ordinary person, I am afraid that it will be torn into pieces or burned to the ashes by the flame lion king, but Ye Xuan's soul is not dead. It's down.

Of course, if there is no limit to this battle, if the tree can play, the flame of the Lion King may not last for five minutes.

"Hey!"

This flame Ming lion roared again, and the voice echoed in the air. At this moment, it was no longer the brilliance of the peak period, a dying look.

It is a shame to be a king of a group of people who have been killed by this third-rate method.

Soon, this flame lion was seriously injured and could no longer stand up.

Then, the Ghost Emperor swooped down directly from the air, and a sword stabbed in from the eyes of the Flame Lion King and pierced his head.

"Hey, the host's killing value is improved!"

A system prompts the sound, and Ye Xuan's killing value and the increase of the soul's elegy have improved a lot.

The soul is not destroyed by the nine heavens, but it is not so good to deal with, Ye Xuan even if it has the unicorn deterrence can not hurt it, can only use this method to win.

After the death of the Flame Lion King, an old man wearing a black armor suddenly appeared in the air.

Before Ye Xuan saw the bronze badge on the regular knight outside, but the old man in front of him was a platinum badge.

Platinum Knight!

The old man in front of him is actually a platinum knight!

Ye Xuan was shocked, and the heart said: "There is a big gold trough, it is a Platinum Knight!"

In the Glazier Knights, the big division is the reserve knight and the regular knight.

The regular knight also has a grade, which is divided according to the badge, bronze knight, silver knight, golden knight, platinum knight.

Platinum Knight, on behalf of this old man, can have more than six realm challenges!

too terrifying!

"Young people, don't be surprised, there are a lot of Platinum Knights like me in the Glazier Knights. I can't even get into the top 30."

The old man smiled and then fell to the ground.

Ye Xuan is very upset. Because of the gap in the realm, he can't see what the old man is.

Seven heavens?

Eight heavens?

Or, the sky is nine?

Anyway, the strength will definitely smash his 18,000 streets.

"I have seen seniors!"

Ye Xuan hurriedly hugged his fist and said hello.

"Excuse me."

The old man waved and said: "You are in this battle, I see it in your eyes. Although you used the tactics of consumption to kill the flame lion, I know that you should have a card that is not used, right?"

"Yes!"

Ye Xuan nodded back, he did have a hole card, that is the blade storm, but this blade storm has three days of cooling time, nothing to do or not to use.

"In this assessment mystery, what you can use, it means that it can be used, it will not violate the rules. Since you can defeat the flame-clearing lion who lives in the soul, then it means that your Platinum assessment has succeeded."

After the old man finished, he took out a platinum badge directly from the Qiankun ring and handed it to Ye Xuan: "This platinum badge is not necessarily available to anyone in the millennium. I also rose up after becoming a golden knight."

Ye Xuan took the platinum badge and was a little excited. I don't know what kind of reward will it be after the Platinum assessment is passed.

Although I don't know how many, but at least let him upgrade?

"This platinum badge, you can carry out the blood to recognize the Lord, into the body, so that you can identify the identity of other knights, but also can pass the voice to your Cavaliers. If you are in danger, the Cavaliers can directly locate. As long as the distance is not too far, he can break the air to save you."

The old man said to Ye Xuan with a smile.
